British Parliamentary Committee by Eight to Six Adopted Report Declaring That Ministers Are Not Deserving of Censure For Dealing in Marconi Stocks.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World. LONDON, June 11.—The report of the majority of the parliamentary committee, which has been enquiring into the government contract with the Marconi Wireless Company, has been adopted by eight ministerial votes against six Unionist and will be published tomorrow.

THE NEVER HAD FAITH IN THE BURG.

Jeff: Is that ye, John? Are ye fer peace? Best annexation or oatmeal annexation?
John: 'Tain't that; it's piecemeal annexation.
Jeff: That may be til ye; but when th' ministers an' elders are concludin' yin means speak in brose an' think in haggis!
John: I ain't fur no kind of annexation nor fur haggis or brose either. It'll make a lot o' fat butchers rich. Home Smith'd be richer than me an' Cavithra Mulock put together. Bob Davie'd skim off five mill'ions in all-cream. Bill McKay, th' pig man on th' Plains, is worth half a million now for his snuff. An' Billy'll have some'n' enuff to bid a stork hospice fur children in each ward; Mister Mackenzie's gair to make six millions out o' Lesaid; Th' Restors o' th' English Church's cleanin' up four millions. An' th' Baldwins an' th' Dimicks are to get big profits. Bachurst street an' Dufferin street up the hill is breedin' twenty millionaires! There's scores of them croppin' up on every side line. An' look at Nick Garlan' with his voice smooth as a smoothin' iron turnin' Jessie Ketchin's ole home into a hoghead or gold!

SIX-YEAR-OLD BOY DROWNED

Waded into Lake Beyond His Depth in Attempting to Recover His Toy Sail Boat.

Two-piece Suit Weather

WE are into the season now when Two-piece Suits are all the go. The Norfolk Suit is back with us again after a few years' rest, and is going to be a very popular style for all outdoor sports and street wear. Our showing from \$15.00 to \$25.00 will please every good taste. We have several very nifty lines to show you in blues, among them two fancy weaves at \$18.00 and \$22.00 that are very special. Greys are also very strong this year. We have several very pretty shades to show you—also tans and heather mixes.

Mohair Suits

If there are any gentlemen in Toronto who know the real worth of a good Mohair Suit, then we can truthfully say we have some worth while to show you, and positively guaranteed against shrinkage—\$20.00, \$25.00 and \$30.00.

Outing Trousers That Are Distinctive

The trousers you wear for outdoor events are usually white duck, khaki or flannel. Our showing of them all is the best ever, from \$1.50 to \$6.50. We have no competition for our fine English Serges and Flannels at \$5.00 and \$6.50.

All Sorts of Thin Coats

From one dollar each up to ten, and from the smallest size to 50 inches we have a great showing.

Did you ever stop to consider the advantage to you in buying your clothes from a strictly ALL CLOTHING store? It's well worth your while to talk it over with our salesmen.

TORONTO MIGHT GET THE BUSES

Civic Officials Will Confer With Company Regarding a Franchise.

RESTRICTIONS REMOVED

On North Side of Bloor Street Between Brunswick and Madison.

It begins to look as if the Toronto may have a motor bus service. W. D. McPherson, M.L.A., put it up to the board of control to do something more than just sit tight on the policy of no franchise, nothing but a license.

"We don't insist upon a franchise," Mr. McPherson declared. "We only want assurance that the large amount of money we propose to invest in a bus service will be sufficiently protected. Why not instruct your solicitor and commissioner of works to confer with the company's solicitor and arrange form of agreement to be submitted to the council?" he asked.

"The board has little or no knowledge of your plans," Controller O'Neill said to Mr. McPherson. "Did you submit a plan showing the routes upon which the buses would be operated, we could form some idea of the advantage the service would be to the city."

"You must also recognize that the city is negotiating at present for the purchase of the rapid transit service, at a cost of about \$20,000,000, and that this is not an opportune moment for dealing with the inauguration of a motor bus service," Controller McCarthy reminded. "A commission would be appointed if the Toronto Railway Co. property is purchased, and that commission would have to deal with any proposition to operate a motor bus service."

"We recognize that," Mr. McPherson said, "but we feel that our proposition could be considered in the meantime."

They Oppose It. Reports from the corporation counsel and the commissioner of works were read, recommending that no franchise be given for a motor bus service.

"Other cities are adopting motor bus service as a part of their transit service," Controller Church said, "and Toronto should at least give full consideration to the proposal of the company. We should put thru a resolution that the city solicitor and the commissioner of works confer with the company's counsel, and report to this board."

Such a resolution was carried, and Mr. McPherson promised that a plan of the routes of the proposed motor bus service would be prepared and submitted to the board at once.

Rev. Lawrence Skey of St. Anne's Church, who had asked the privilege of placing a fence at the church property that would encroach on the street, and was refused by the city council, made another appeal to the board. It was sent on to the council again.

North Toronto Poultry Association applied for a grant towards its prize list. The grant was refused and the association will be advised to co-operate with the National Fat Stock Show, to be held in Exhibition Park in November.

Restrictions Removed. The property commissioner recommended the removal of residential restrictions from the north side of Bloor street between Madison avenue and Brunswick avenue. This was approved.

Commissioner Wilson reported that all the drivers in the street cleaning department are now receiving an increase of \$1 per week, and a half-holiday each week.

An account of \$1600 for arbitrating a \$3500 property in connection with St. Clair avenue widening, was ordered to be paid.

Water Pressure. Light water pressure in the northwest section is explained by Commissioner Harris as the result of closing down several valves on feed mains to permit connections being made under the railway tracks, where the Devonport road and Poplar Plains road subway is being constructed. The commissioner has ordered that the work be done on Sundays hereafter, so that the pressure will not be interfered with.

FIRE SWEEP THRU COUNTY BUILDINGS

Interior of Fine Structure at Welland Destroyed With Heavy Loss.

WELLAND, June 11.—(Special.)—Welland's fine old county buildings, the best sample of masonry and architecture in the county, were completely gutted by fire this afternoon, at a loss of fifty or sixty thousand dollars, when those in the court room heard a cracking in the tower above, and a few minutes later, smoke was seen. The firemen made a splendid fight, and checked the flames before they got down to the first floor, but the whole of the second floor, including various offices, the grand jury quarters, judges' chambers, court room and law library, including several thousand dollars' worth of books, were destroyed. The fire is believed to have originated from defective wiring.

The thirteen prisoners in the jail were placed in the jail yard, and later it was necessary to remove them to the town lockup, where they are now incarcerated in two cells.

The insurance on the building and contents amounts to \$40,000. The buildings were built in four years, from 1852 to 1856, in the last year of which Welland County was created from the district of Niagara. The original cost was \$100,000. The stone work stands intact.

TO MAKE MOROS LAY DOWN ARMS

United States Takes Firm Measure to Ensure Peace in Philippines.

WASHINGTON, June 11.—(Can. Press.)—Complete disarmament of the semi-civilized tribes in the Southern Philippines as a final step towards permanent peace in the Archipelago, is the object of the attack upon the Moros which Brig.-Gen. Pershing began today. The American officer carefully laid his plans months ago for his movement.

In the north disarmament has been effected peaceably and it had been hoped that, thru the good offices of the Sultan of Jolo, the savage Mohammedan tribes in the Jolo group and in Mindanao, might likewise be induced to give up their weapons. Negotiations were carried on with the various datus with the active sympathy and support of the Sultan of Jolo, but recent advices made it appear that the disarmament policy could be carried out only by force.

Full Authority Assured. The war department was not advised of this last move by Gen. Pershing, who has been given a free hand in the conduct of his campaign, but the officials have no doubt that his plans will result in the full establishment of the authority of the United States Government in the Southern Philippines. A forward movement of this kind made today was expected some time ago, but the officials are satisfied that Gen. Pershing postponed his advance designedly in order to accumulate a sufficient force of soldiers to overwhelm the opposition and thereby reduce to a minimum the casualties on both sides.

A Degree of Skepticism Prevails in certain quarters in the war department as to the probable efficacy of disarmament as a means of establishing a permanent peace. It was suggested today that thru their pearl fisheries and other valuable resources the natives in the Jolo group are wealthy and would have little difficulty in replacing the weapons they now possess with improved firearms secured from nearby Borneo, thereby making them more formidable than ever.

Eleven candidates for the ministry will be ordained on Sunday morning.

CAMP IS BETTER THAN ANY OTHER

Twice as Good as Last Year, Says Colonel Sam Hughes.

BIG SHAM FIGHT TODAY

To Be Followed by Inspection by General Ian Hamilton.

By a Staff Reporter. NIAGARA-ON-THE-LAKE, June 11.—"This camp is 100 per cent. better than last year," said Col. the Hon. Sam Hughes this afternoon after his tour of inspection with Gen. Sir Ian Hamilton. "Last year the tents were pitched in all sorts of ways and there was no system about it whatever. There is some system about the way camp is being run this year."

While Gen. Hamilton did not express an opinion on the camp as he found it, he appeared to be pleased with its appearance. While going thru the lines he watched particularly for men wearing war medals, speaking a few words with each, recalling incidents that occurred in various battles.

In a later interview he expressed regret that such a small proportion of the city regiments had come to camp, and referring to the difficulty of securing men, he said: "You are too prosperous in this country."

Some Good Now. Col. Sam Hughes was particularly pleased with the energy shown by the Royal Canadian Engineers, who have made many improvements in the present camp. Col. Hughes claimed the credit for having weakened the engineers out of a lethargic condition. In former years he said they sat and did nothing. Now they were paying for their keep.

Major Maddocks, orderly officer to Sir Ian Hamilton, has made a suggestion to utilize Col. Sam Hughes' moving pictures in musketry instruction in the old country. Major Maddocks says, they have moving pictures showing animals and other moving objects so arranged that soldiers may shoot at them. At each shot the explosion of the rifle stops the moving picture machine and the object remains stationary. "It's as good as hunting in Africa," remarked a by-stander. Col. Hughes has promised to bring the matter before Lieut.-Col. Helmer, director of the musketry.

Sleep in the Open. All the troops in camp are sleeping under the stars tonight. They are divided into two forces; one is at St. David's and the other near Thorold, about 12 and 15 miles from here. They marched out of camp early this afternoon and tonight everything here is as quiet as when no camp is in progress.

The fight begins at 5.30 in the morning, when Col. Sir Henry Pellatt will try and force his way across the Welland Canal at Merrittton and Thorold. The canal will be defended by Lieut.-Col. E. E. W. Moore, commanding the 5th Infantry Brigade. Operations will be over by 9 o'clock and the belligerents will return to camp by special train.

The big review and march past will take place tomorrow afternoon and will be witnessed by many visitors. The camp will be defended by Lieut. after the tattoo in the evening.

The camp postoffice officials delivered mail this afternoon to the troops bivouacked on the scene of the sham battle. Lieut. Murray and Pte. Terry carrying the letters out on horseback.

CAMBRAY VILLAGE IN DANGER FROM FIRE

Flames Which Destroyed Cottage Threatened a Wide Sweep.

LINDSAY, June 11.—(Special.)—The Village of Cambray, nine miles from Lindsay, narrowly escaped destruction by fire early this morning. The fire was caused, it is presumed, by a spark in the frame residence of Mrs. McIntyre. Fanned by high wind, the flames quickly consumed the structure, and also spread to an adjoining residence, the property of W. G. Webster, which was partly destroyed.

The work of a bucket brigade prevented the fire from making a clean sweep.

WIRELESS TELEGRAPHY

Is One of the Many Interesting Exhibits Conducted by Boys.

Several hundred cadets, led by a bugle band with Col. Thompson, instructor of city militia, in command, acted as a bodyguard for the official opening of the Boys' Dominion Exhibition at Moss Park last evening.

Quite a number of people, chiefly the parents and relatives of the boys, arrived about 8 o'clock and watched President Falconer of the University of Toronto and several other prominent men review the cadets as they lined up in two lines for a distance of 200 yards.

After the review, J. M. Godfrey, president of the Boys' Dominion; Noel Marshall, honorary president; Commissioner Starr, J. J. Kelso, W. W. Hill and Ald. McCarthy, representing the city council, took the platform in front of the grand stand to perform the opening ceremony.

President Falconer was introduced to the audience by Richard Meach, who acted as the boys' president of the exhibition, and the leading educationist of the University of Toronto started off by praising the great success it had attained, and congratulating the boys on their ingenuity in making the many different exhibits.

After once more congratulating the directors on behalf of the many citizens of Toronto, he pronounced the show officially open.

The crowd of people then joined in an inspection of the many different interesting exhibits which were on display. There are 21 exhibits, with prizes for each, and the boys certainly have about everything one could think of in the "best" class, and some fine exhibits of manual training.

One feature of the exhibition is a wireless telegraph outfit which has been brought to receive messages from the city amateurs, and a few further distant places, and when the operator of the club has engaged a start, the send on the wire report of the electrically causes a great deal of curiosity.

"Will the Women's Home Missionary Society of the Presbyterian Church unite with the Women's Foreign Missionary Society and form a united Women's Presbyterian Missionary Society?"

This is the question which Presbyterian women at the W.H.M.S. convention were asking each other yesterday. The question will be settled at a meeting, when a vote by all the delegates will be taken on the question.

The W.F.M.S. has already voted "yes" to the question, and is anticipated that the W.H.M.S. will follow them.

At the meeting in St. Andrew's Church last night, Rev. Dr. D. G. McQueen of Edmonton, ex-moderator of the annual assembly, who presided, congratulated the society "on having brought to a successful conclusion the negotiations for an amalgamation with the W.F.M.S. Queen's remarks were rather premature, for the vote will not be taken until today, and it is understood that some provision will be made for the amalgamation of the two societies. In many ways the societies are very similar as well as very different. Some women of the one belong to both, but each society has its own officers. The energies of one society are confined to Canada alone, while the energies of the other are confined solely to foreign fields. Some of the officers of both societies consider that the friendly rivalry existing between the two societies has been a great contribution to missionary enterprises, and that if the two were amalgamated this stimulus would be lost. If the motion for amalgamation is carried, the result will be the formation of the biggest and most powerful societies in Canada, with a membership of 60,000.

DR. F. INGLIS' ADDRESS

Revolting Conditions at His Mission Post Were Vividly Described.

"Will the Women's Home Missionary Society of the Presbyterian Church unite with the Women's Foreign Missionary Society and form a united Women's Presbyterian Missionary Society?"

This is the question which Presbyterian women at the W.H.M.S. convention were asking each other yesterday. The question will be settled at a meeting, when a vote by all the delegates will be taken on the question.

The W.F.M.S. has already voted "yes" to the question, and is anticipated that the W.H.M.S. will follow them.

At the meeting in St. Andrew's Church last night, Rev. Dr. D. G. McQueen of Edmonton, ex-moderator of the annual assembly, who presided, congratulated the society "on having brought to a successful conclusion the negotiations for an amalgamation with the W.F.M.S. Queen's remarks were rather premature, for the vote will not be taken until today, and it is understood that some provision will be made for the amalgamation of the two societies. In many ways the societies are very similar as well as very different. Some women of the one belong to both, but each society has its own officers. The energies of one society are confined to Canada alone, while the energies of the other are confined solely to foreign fields. Some of the officers of both societies consider that the friendly rivalry existing between the two societies has been a great contribution to missionary enterprises, and that if the two were amalgamated this stimulus would be lost. If the motion for amalgamation is carried, the result will be the formation of the biggest and most powerful societies in Canada, with a membership of 60,000.

REPORTS TO MISLEAD

Attempts Made to Lure Fugitive Into Lower Michigan Territory.

SAULT STE. MARIE, Ont., June 11.

—(Special.)—While posesses on the Michigan side were hunting for Joe Tovens, the Brimley triple murderer, it is hinted here tonight that the man crossed the river tonight on the ferry and that he is now being eagerly sought by the police on the Canadian side. This is confirmed by Chief of Police Ralph Vincent. Up to a late hour the man had not been apprehended.

It was hinted that press reports in this regard were handed out to dispel suspicion in the minds of the police. This is confirmed by Chief of Police Ralph Vincent. Up to a late hour the man had not been apprehended.

MYSTERY AT SOO NOT YET CLEARED

Evidence Given Against Larue, Whose Wife's Body Was Found in River.

SOO, Ont., June 11.—(Special.)

At the adjourned inquest tonight to inquire into the cause of the death of Josephine Larue, who it is alleged quarreled with her husband, Joe Larue, and whose body was found in the river on the Michigan side on March 11, the proceedings were adjourned until June 13.

The statement was made by Crown Attorney Moses McFadden, that provided the verdict was unfavorable to the husband, he would be in a position to present his case at the assizes, commencing June 24. Larue had been confined in the jail for a long time.

The evidence tonight did not materially affect the case, except that Mrs. Isadore Larue returned to the witness box and added to her damaging testimony against the husband.

\$200,000 PAID FOR REMBRANDT

Record Price for Work of Art at Public Auction.

BROUGHT \$106.53 IN 1734

Figures Reached at Steengracht Sale Surprise Even the Experts.

Special Correspondence.

PARIS, June 11.—\$200,000, the record price paid for a work of art offered at public auction, was paid for Rembrandt's "Bathsheba" at the sale of the Steengracht collection of ancient paintings.

The Duven Brothers who purchased the canvas, said The Works correspondent that they were buying for themselves because it is a rule of their firm never to buy on commission.

"We have been waiting for two years for the Steengracht family for the picture," said the purchasers, "but the artist's widow refused to sell. We did not acquire the picture until such a high figure. We shall exhibit it here, and then in London."

"Today there is only one saloon in the town because of political influence. The saloon was an imposition in the first place. Nearly all the people were Indians and the whites would have had to drink hogshead brandy to get into the town as it is today. Thirty years ago, before the rush to the Yukon began, there were 1000 Indians in the town, but when the gold rush started, the white man, this number was reduced to 200. This summer when he left the town the Indians were estimated at 200. Some of Dr. Inglis' striking sentences were as follows:

"The place is a straight slope one way—straight down to hell."

"When we reached Telegraph Creek, who knew the meaning of the word 'home.' There were three saloons—no hotels. A parable of accommodation was provided for travelers by the saloons."

"Our four children were born in a saloon—not the same saloon, but buildings which at one time or another have been saloons. Nearly every building in the town had been a saloon at one time or another."

"The Hudson Bay Company's run was almost a straight line, and the men drank it straight."

PRETENDER TELS OF MARITAL WOES

Duke of Orleans Recites the Causes Leading to Wife's Legal Action.

SAYS SHE KEPT DOWRY

Companion Reveals Love For Melba and of Later Favorites.

Special Correspondence. PARIS, June 12.—The Duke of Orleans has at last issued an official note denying what he calls the outrageous fables in circulation in regard to the Brussels lawsuit, and giving the facts, as follows:

"The duchess was married under a separate property contract. She now possesses everything belonging to her. Her dowry of \$240,000 was never in the possession of the duke. On the death of her father, the Archduke Joseph, it was placed in a London bank, from which it was withdrawn recently and taken to Austria by an agent of the duchess. She did not receive anything from her father's estate."

"The duchess left Wood Norton two years ago of her own accord to visit her mother. She wishes to remain there. She asks 80,000 francs, or \$18,000 a year, from her husband. The duke is unwilling to live with his mother-in-law, and has therefore refused the demand, which was made through Austrian agents under abnormal conditions."

Companion Tells Prince's Favourites. This aversion to the society of his mother-in-law is not the only point in which the claimant to France's throne has shown himself not to be superior to the frailties of the ordinary man. One of his intimates thus describes him today:

"He is only one horror, that of being bored. Above all, he is a devotee of the fair sex. He is a devoted lover for whom nothing exists but the object loved, so long as he is loved. He is unwilling to live with his mother-in-law, and has therefore refused the demand, which was made through Austrian agents under abnormal conditions."

"When the prince became of age he came to France, and breaking the law drew lots for military service like other Frenchmen of his age. He was arrested and condemned to two years in prison."

Allowed to Escape Prison. "He was confined at Clairvaux, but M. Constable, the minister of the interior, and indulging the prisoner's youth and on midnight evenings the doors of the prison would open sufficiently to allow a phantomlike female form to glide within the dark walls."

"One night the prison guards closed their eyes so tightly that they did not see the prisoner leave with his visitor. The couple fled within the dark walls of the city of St. Petersburg."

"During the St. Petersburg visit the scandal mongers made the most of the friendship of the prince and the singer, especially after they had been seen together openly at the theatres. The engagement of the prince and Princess Marguerite was broken off."

"After the singer's sway over the prince had broken, he was thus described in the catalog of the Steengracht gallery:

"In a garden near a pool which is the scene of the left foreground, a rich Oriental tapestry, the nude save for a white cloth draping her right thigh; her left hand is held upon the other. Near her lies upon a rich vase and a necklace lying upon a tray. On the left crouches a yellow neckerchief about her throat, her head covered with a black hood and spectacles on her nose. At the right a negro comb in the hand of the young woman behind whom she is standing in the shadow. In the foreground on this side a peacock is sitting at the top of the marble steps which descend to the pool. In the background with trees to right and left rises the tower of a castle on the terrace of which King David is to be seen."

"The Steengracht Bathsheba bears the same subject in much the same way in 1664; this later painting hangs in one of the galleries at the Louvre."

The picture was sold in the collection of Willem Van in Amsterdam in 1750 for 265 Dutch florins (\$106.53); in 1831 for 153 guineas, in 1832 for 240 guineas, in 1841 the last time the picture was previously offered for sale for 780 guineas (\$41,370).

The total sum realized from the duke's sale was \$845,130, which greatly surprised the dealers, who had predicted a total of \$600,000.

Adrian Brouwer's "La Tabagie" fetched \$85,200, although it had been valued at \$100,000 only. It shows seated about a table in a smoking room a group of men, representing the artist, who flourished in the early part of the seventeenth century. Frans Hals, the great Dutch artist, is commonly thought to be the man smoking a pipe and laughing, with his face toward the spectator. Brouwer himself is represented smoking a pipe and holding aloft a mug of wine. Others in the group are Adrian van Ostade and Arle de Vois. Kellnerberg bought this canvas.

The Friends of Rembrandt purchased for \$75,000 Jan Steen's "La Joyeuse Compagnie" which had been valued at \$60,000. The picture represents the artist's family at table in a jolly mood. Wine flows freely. The artist himself is shown in the act of giving his long clay pipe to a young boy to smoke.

A canvas of Gerard Ter Borch's entitled "Soins maternels" went for \$61,000 to the Friends of Rembrandt. It represents a woman, representing the artist's family at table in a jolly mood. Wine flows freely. The artist himself is shown in the act of giving his long clay pipe to a young boy to smoke.

THE CHURCH IN JAPAN

Native Clergy Are Being Trained to Take Charge of Work.

The charges made before the Canadian Club of Ottawa, by V. Stefansson, the discoverer of the red-headed Eskimo, to the effect that the Anglican missionaries in the Northwest Territories of Canada, were preaching too much gospel and too little hygiene, were answered last night at the missionary meeting, held by the Synod of the Diocese of Toronto, by Rev. C. E. Whittaker, Anglican missionary, at Fort McPherson, in the Mackenzie district. Mr. Stefansson made his charges while he was in Ottawa arranging for the Canadian expedition, which he is to head into the northward. He did not mention the Anglican missionaries in his charge, but Mr. Whittaker stated that there were no other missionaries in the district, and that he certainly meant the charges for the Anglicans.

With regard to the explorer's charges, Mr. Whittaker stated that it was true that there were no licensed medical missionaries in the district. "This is as far as the charges go, however," he declared, "I am not a medical doctor myself, but I have studied a great deal of medicine, and I have practiced medicine among these people for seventeen years." He then stated that the missionaries did not spend all their time in preaching salvation of the soul. They thought of the bodies of the natives as well, and seized every opportunity afforded to teach hygiene and sanitation.

An interesting address of the progress being made by the Anglican missionaries in Japan was given by Rev. W. E. Jackson, who has just returned from a trip to Japan. The speaker stated that in the public schools in Japan, English was being taught. "Think of it," said Mr. Jackson. "When I was in Tokio, the little boys and girls would stop me on the street and ask me to sign for them. They wanted to practice their English and they asked me for the operation. They guided me and helped me to find my way about. There are opportunities that come to the missionary out there."

Mr. Jackson stated that the policy of the church with regard to the Japanese church was devoting so much energy to the training of a native clergy. Bishop Sweeney presided, and other addresses were given by Canon Marsh of Lindsay, and Dr. Archer, medical missionary, of Kangra, India.

SENATE FORCED HAND EXPLAINS CHURCHILL

But He Cannot Guarantee Building of Warships Will Be Hurried.

LONDON, June 11.—(C.A.P.)

In the house of commons today Mr. Churchill, in response to Lord Charles Bessford, said it was in consequence of the situation created by the rejection by the Canadian senate of the naval bill that the government determined to advance the construction of three contract ships of this year's program. He could not guarantee there would be no delay in their completion, as he was aware that the "Congress" and the "Audacious" were not completed until seven months after the date of the "New Zealand" was not completed until three months after and the "Centurion" and "Australia" not completed until two months after.

SCHOOL TEACHER DROWNED.

Canoe Was Upset in Upper Niagara. NIAGARA FALLS, Ont., June 11.—Viola Swift, 22 years of age, of Third street, Niagara Falls, N. Y., was drowned in the upper river at a late hour last evening.

The victim, in company with her sister, Belle, and Mr. Fred Armstrong, was in a canoe about ten miles up Chippawa Creek, when they were overtaken by a launch occupied by Harry Carter of the Carter Electrical Co. of this city, and his nephew, Cecil Heymour, who asked the canoe party if they wanted to be towed down, to which they consented. As the launch encircled the canoe the craft upset, and the three occupants were thrown out. A life preserver was thrown out from the launch, which assisted Armstrong in rescuing Miss Bella.

Beauty Destroying Hairs Quickly Banished (The Modern Beauty). It is now an easy matter to quickly and permanently rid the skin of ugly hairy growths without resorting to the painful and expensive electric treatment, merely by using a delicate cream, made by mixing enough delatone with water to cover the hairy surface. This paste should remain on the skin two or three minutes, then rubbed off and the skin washed. After using delatone the skin will be entirely free from hair or blemish. Beautiful, lustrous eyebrows will result if pyroxin be rubbed on occasionally, and short, straight eyelashes will come in long, silky and have a beautiful curl by applying pyroxin to the eyelids and rubbing and forefinger. Use care and don't get any pyroxin where no hair is wanted.

SOCIETY SATIRE BY MISS HASWELL

"Sham" Is Chosen For Next Presentation at the Alexandra.

PICTURES' THIRD WEEK

"Her Husband's Wife" Will Be Given by the Bonstelle Players.

"Sham," the comedy which Miss Haswell will present at the Alexandra Theatre, is the story of a girl who was brought up in New York's most fashionable circles, and taught to live without any means, by cheating shop-keepers and tradesmen out of their goods, and who eventually wakes up and becomes disgusted with her mode of living. The comedy is of much more solid elements than the usual farce order of entertainment presented comedy. The dialog is bright and clever, and the situations most amusing. Altogether it is a delightful satire on that portion of society who struggle to keep up appearances. Miss Haswell will enact the role of Katherine Van Ripper, the girl who woke up.

"Quo Vadis" Next week, afternoon and evening, Toronto will be favored by "Quo Vadis" in photo-dramatic form, which will be presented at the Princess

for his New York appearance in another play, Mr. Miller was only able to present "Her Husband's Wife" in very few cities outside of New York. Toronto theatre-goers will therefore have the chance of seeing this delightful comedy for the first time through its presentation by the Bonstelle Players.

The music for the week, so far has been offered at the Princess. The Misses Sisters give a very pretty acrobatic act which is as daring as it is graceful, and the comedy work on the horizontal bars by the Henrys is a big laugh producer. The pictures in the open air are also a prominent attraction for they are shown to us good advantage in the Alexandra, and will be warm weather the comfort of seeing the pictures out of doors is appreciated.

The three great milestones that stand out in the advance of civilization, progress and knowledge are the alphabet, the invention of printing, and, in recent years, the perfection of motion photography. There are those who regard motion photography as presented by Lyman H. Howe, now at the Grand, as the greatest of the three forces mentioned, because it transcends and conquers the limitations of the spoken or printed word. All this applies particularly to the new program which Howe offers next week, as it includes a magnificent series of Alpine scenic glorias which speak far more eloquently than any human pen. The stupendous character of the ranges of peaks baffles description. The journey skyward starts with a ride on the electric railway from Lauterbrunnen to Murren, and in a short space of time spectators find themselves on the summit of the great white cone of the Alps—the Jungfrau—surrounded by a sublime panorama of peaks of endless form and color which seem to spring from unmeasured depths. The closing part of the series takes the audience to the top of the Great St. Bernard, and en route the famous hospice of the Benedictine friars is visited. Another feature of equipment consists of a pictorial automobile trip through the Isere and Grand Chartreuse mountains, France, and ascent to Gulliestre in the French Alps. The resplendent colors of nature are here reproduced in exact tints and hues. A severe gale at Biarritz, France, a bird's eye view of Paris; a spectacular fire, during which thousands of barrels of oil exploded; a visual life-story of a silk-worm depicting its anatomy, movements and metamorphosis; a pictorial review of troops in the Balkan States in camp and on the way to battle; beautiful floral studies; a new natural history series; how ivory is obtained; are only a few of the many other features which will be presented twice daily.

Wonderful character of Chilo, in the famous photo drama, "Quo Vadis," at the Princess next week.

Theatre, and thrills galore are promised when the Kinema-Cines company's much-heralded photo drama is projected here.

This photo play, recording Henry K. Sienkiewicz's powerful romance of society during the time of the last of the Caesars, with in every foot in length, with a thrill in every foot, has been the most popular of the season, furnishes a complete entertainment of two and one-half hours.

Howe Program for Third Week.

Good health and proper development demand adequate breathing space. Nature has arranged channels for the inhalation of air. These channels are well planned with a warm, moist lining to modify the temperature, and tiny, protecting hairs to engage the limitations of the spoken or printed word. All this applies particularly to the new program which Howe offers next week, as it includes a magnificent series of Alpine scenic glorias which speak far more eloquently than any human pen. At the Star. Tony Kennedy, who heads the list of principals with Miss Blanch Baird's English Polly Buttusque Stock Company, has been pronounced a hit by the patrons who visit the Star Theatre, and the bright light comedy that he puts over will drive away the worst case of blues. Two new burlesques and another olio of original vaudeville acts are in order for next week.

"Her Husband's Wife." Goodwood has been known in Toronto for its races, but after next week it will always be associated in the minds of Torontonians with "Her Husband's Wife," the English comedy of smart life which is to be presented by the Bonstelle Players at Shea's Theatre. "Her Husband's Wife" was originally staged by Mr. Bertram Harrison, the noted Canadian actor-producer and director of the Bonstelle Players, for Henry Miller, and ran for over two hundred nights at the Garrick Theatre, New York. WESTERN WELCOME FOR PRESS WOMEN

Delegates to Edmonton Convention Royally Entertained in Winnipeg.

VISITED RIEL'S GRAVE

World Correspondent's Vivid Pen Picture of the Manitoban Capital.

Lake-of-the-Woods, June 7.—We are now passing thru the most delightful country of the Lake-of-the-Woods. Kenora looking picturesque in its setting of green trees and charming water-ways is just left behind. When the train stopped for a few minutes a pretty little episode occurred. Couriers were sent thru the train to tell the members of the Press Club that Mr. Ham would like to see them in car 87. When all had arrived a large bouquet of American beauty roses was presented as a birthday gift to Miss Thornley—"Betty" of the Star—who had the good sense to keep the anniversary of her fatal day during the westward trip; and bouquets of roses and lily of the valley were given to every member of the party. The little grand old of Mrs. Ham made the presentations, assisted by his mother. Exclamations of thanks and delight accompanied the bestowal and reception of nature's floral gifts, and the flower-bedecked recipients are now preparing to make a gay entry into Winnipeg.

Another interesting item was the visit of Mr. Graham, Mayor of Fort William. His worship came aboard the train, and after an interchange of greetings had taken place the members of the Press Club were invited to take the boat on their return trip for a steam thru the beautiful scenery of this northern region. Mr. Ham laughingly stated that there were 12,001 islands, and when challenged as to the accuracy of his statement, explained that some were so small that they were only half an island.

Evening we passed thru White Fish and Schreiber, the "coldest spots in Canada." Wraps, coats and even gloves were donned, and a brisk walk taken up and down the platform station. Today the temperature is considerably changed, the first real warm weather since leaving Toronto.

Winnipeg gave us a loyal welcome. The mayor, city council, Press Club and other women met us at the station and fairly engulfed us in the hospitality of their welcome. Hand went out to hand with genuine spontaneity. A cheer went up in greeting. Introductions were hardly necessary, the many were given. When first greetings had subsided the guests were placed in automobiles, and every machine accompanied by a resident set out for a glorious ride about a glorious city. Spaciousness is the prevailing and all pervading note that strikes one about the big western city. Banks, too, are everywhere. It strikes one that banking must be the chief industry of the people.

Historic Interest. Then, too, the historic interest is intense. As one spins past, and the gates of old Fort Garry are pointed out, the overwhelming and stirring past rushes before the mind, and the contrast between the old fur-trading days and the present cosmopolitan nature of western enterprise is most vivid.

The party of which our correspondent was one, crossed the bridge to picturesque St. Boniface. "Bienvenu" on the wall of a building that faced us immediately as we were in a new world. Old France, or at least a bit of it, was here. The cathedral built on the site where the bells rang out that inspired "The Belle of St. Boniface," the Misericordia Hospital, the great academy of St. Joseph, with the grounds worth many hundreds of thousands and for setting on which a few years ago the community were thought to be somewhat out of their senses, so poor Louis Riel, with its monument of red granite topped by the cross; the bridge spanning the junction of the Red and Assiniboine Rivers—these were a few of the objects of interest. Then

Good health and proper development demand adequate breathing space. Nature has arranged channels for the inhalation of air. These channels are well planned with a warm, moist lining to modify the temperature, and tiny, protecting hairs to engage the limitations of the spoken or printed word. All this applies particularly to the new program which Howe offers next week, as it includes a magnificent series of Alpine scenic glorias which speak far more eloquently than any human pen. The stupendous character of the ranges of peaks baffles description. The journey skyward starts with a ride on the electric railway from Lauterbrunnen to Murren, and in a short space of time spectators find themselves on the summit of the great white cone of the Alps—the Jungfrau—surrounded by a sublime panorama of peaks of endless form and color which seem to spring from unmeasured depths. The closing part of the series takes the audience to the top of the Great St. Bernard, and en route the famous hospice of the Benedictine friars is visited. Another feature of equipment consists of a pictorial automobile trip through the Isere and Grand Chartreuse mountains, France, and ascent to Gulliestre in the French Alps. The resplendent colors of nature are here reproduced in exact tints and hues. A severe gale at Biarritz, France, a bird's eye view of Paris; a spectacular fire, during which thousands of barrels of oil exploded; a visual life-story of a silk-worm depicting its anatomy, movements and metamorphosis; a pictorial review of troops in the Balkan States in camp and on the way to battle; beautiful floral studies; a new natural history series; how ivory is obtained; are only a few of the many other features which will be presented twice daily.

At the Star. Tony Kennedy, who heads the list of principals with Miss Blanch Baird's English Polly Buttusque Stock Company, has been pronounced a hit by the patrons who visit the Star Theatre, and the bright light comedy that he puts over will drive away the worst case of blues. Two new burlesques and another olio of original vaudeville acts are in order for next week.

"Her Husband's Wife." Goodwood has been known in Toronto for its races, but after next week it will always be associated in the minds of Torontonians with "Her Husband's Wife," the English comedy of smart life which is to be presented by the Bonstelle Players at Shea's Theatre. "Her Husband's Wife" was originally staged by Mr. Bertram Harrison, the noted Canadian actor-producer and director of the Bonstelle Players, for Henry Miller, and ran for over two hundred nights at the Garrick Theatre, New York. Owing to contracts calling

THURSDAY MORNING, JUNE 12 THE NEW YANKEE CLOCK.

THE NEW YANKEE CLOCK.

In The World of yesterday we referred to the efforts of the American people to get a new political clock for the United States. Congress is now busy at the old timepiece: taking out some of the unnecessary pinion wheels in connection with the tariff; simplifying the banking and commerce wheels and especially the over-capitalization wheels that have been injected by Wall Street; reorganizing the railway wheels toward lower rates, and otherwise overhauling and cleaning a somewhat ancient piece of furniture.

lion" for him not to oppose free sugar. "Save the mule" will be the slogan of the stand-patters. Free hay, free sugar, anything free from a tariff tax will be found to be injurious to that sagacious quadruped. Perhaps if the mule himself could be consulted he would be found to favor more hay and less protection.

VARSITY REVENUE.

A member of the university has spoken in irrelevant terms of Oxford influences, and alluded slightly to the attainments of Rhodes scholars. He probably does not reside in a glass house and can therefore ignore the misdeeds of the Oxford gentlemen may be disposed to flip at him. They may not even exert themselves to the extent of a flip, but indulge in those superior cultured smiles which penetrate thicker materials than glass. At any rate the Oxford gentlemen can take care of themselves, and the Cambridge men, and the Harvard men, and the Dublin men, et al.

The real question is, what are the Toronto men doing? The answer ought to be very satisfactory. They are going all over the earth, and are picking up the prizes wherever they go. They are staffing the colleges, the hospitals, the institutions of other lands, and they are found on top where the payrolls are fat. They are quite complacent about Oxford men who helped them in "good old Toronto"—helped them to climb to the affluent top.

They would have been very glad to stay in Toronto but for the sad fact that the alma mater is not so fat as her foreign sisters. A government, Liberal in name, but somewhat economical in principle, set an ostentatious standard in Toronto for many years. Sir James Whitney tried to change conditions and arranged an income, based upon the succession duties, which promised generously, and was highly satisfactory at the time to everyone. But the wealthy classes have been taking medical advice of late years, and display a degree of longevity which is as disappointing to President Falconer in his official capacity as it must be gratifying to him as a humanitarian.

Sir James Whitney had not considered that the blessings of health and long life would be multiplied under his premiership, or he would certainly have adopted some other means of determining the university revenue. Perhaps with the conviction that a return to power of the Liberal party would lead to a startling mortality among the wealthy, a movement is on foot in the university to popularize Liberal views, but we feel sure everyone would prefer to increase the revenue otherwise than by raising the death rate.

Sir James must solve the problem created for the university by a shortage of \$75,000 a year at least in the revenue anticipated when the grant was arranged. Meanwhile we must regret that Toronto graduates must be retained at home in face of the competition attracting them elsewhere, and we should be glad that there are capable Oxford men to take their place. No one could seriously suggest that inferior Toronto men should be chosen.

Its Important to know that the Labels OK. When you order O'Keefe's "Pilsener," make sure that you get the genuine. Look for the labels as shown and see that every bottle is sealed with a Crown Stopper bearing the firm name.

ANNOUNCEMENTS.

June 11, 1913. Motions set down for single court for Thursday, 11th inst., at 10 a.m. (Court will sit only from 10 to 11).

Peremptory list for appellate division for Thursday, 12th inst., at 11 a.m.

1. Gowan v. Weddell (to be continued).

2. Holden v. Ryan (to be spoken to).

3. Eadie-Douglas v. Hitch and cross appeal.

4. Dixon v. Dunmore.

5. Carnahan v. Toronto Railway Co.

6. Fineman v. Golden.

7. Bates v. Little.

Master's Chambers. Before J. S. Cartwright, K.C. Master Hicks v. Clarkson—Finberg (Heyd & Co.) obtained order vacating his judgment.

Barclay v. McBride—Bose (F. C. Snider) obtained order adding wife of defendant as defendant.

Canadian H. W. Johns Manville v. Ryece Hydrum—M. Macdonald, for judgment creditors, moved absolute attachment order, S. S. Mills for alleged assignee of judgment debtors, M. J. Folinabee for garnishees. At garnishees' request motion adjourned one week.

Goodyear Tire v. Musgrove Auto Co.—M. Macdonald, for plaintiff, moved for order compelling defendant to cross action between same parties, W. C. Davidson for defendant, reserved.

Douglas v. Fawcett—S. W. Burns, for third party, moved on consent of all parties order dismissing action without costs.

Edwards v. Lawrence—H. E. Chopin (Newmark), for plaintiff, requested order for issue of writ for service out of jurisdiction and for service of same on defendant, judgment reserved for appearance fourteen days.

Pajula v. Phoenix Insurance Co.—F. Aylesworth, for defendant, moved for judgment on notice of trial as irregular and too late. D. C. Ross for plaintiff. Order made setting aside notice. Costs in cause.

Berlin Lbr. & Paper Co. v. Lawless—W. H. Gregory (Berlin), for plaintiffs, moved for judgment under C. R. 103. H. J. Macdonald for defendant. Judgment: This is not a case for summary judgment and the motion is dismissed with costs in the cause.

Judge's Chambers. Before Middleton, J. Widell v. Foley Brothers—G. S. Hodgson for plaintiff, R. McKay, K.C., for defendant. Appeal by plaintiff from order of master in chambers striking out name of plaintiff and all proceedings. Judgment: The name of the Widell Company should be eliminated from the style of cause and it should be added as a party defendant. Leave should be given to serve it out of the jurisdiction and to make all appropriate amendments. Costs before the master and of this appeal should be to the defendants in cause.

Phillips v. Montith—P. Aylesworth, for plaintiff, moved for judgment for the balance of \$3900 alleged to be due on sale of land. Defendant alleged willingness to pay whole price if allowed either to deduct \$37 claimed by township for arrears of taxes or if they receive security. Judgment: I do not think plaintiff can call upon defendant to accept risk of township being sustained in its contention. The proper solution of the matter is to allow the price to be paid to Phillips upon his giving to Montith Bros. an indemnity or a sufficient sum to adequately protect them for the balance of the purchase money and be retained in court pending final adjustment of the dispute.

Single Court. Before Middleton, J. Kenneth Langdon, Alan Gilmore and Hugh Leonard O'Rourke, present their certificates of fitness and were enrolled as solicitors of the supreme court of Ontario.

Tourbin v. Ager—H. L. O'Rourke, for plaintiff, moved for order continuing judgment granted by local master at St. Catharines, restraining defendant from interfering with line fence between the parties. P. Aylesworth, for defendant, contra. At request of plaintiff motion enlarged for one week. Judgment continued meantime.

SHOULD LICENSE LODGING HOUSES

Dr. Hastings Says They Cannot be Properly Inspected Otherwise.

FILTHY LODGING PLACES

Italians Lived in Hayloft Over Stable in Miserable Surroundings.

All lodging houses in the slums should be licensed, is what Dr. Hastings, M.O.H., is demanding of the board of health. He reports that there are 367 of those houses and that there are 474 lodgers in excess of the legal room space. His dictum is that the houses cannot be regulated unless they are licensed.

A modern system of tabulation of vital statistics, to cost \$25 per month, is recommended. The increase of mortality in May is accounted for by climatic conditions.

In the department of public health, nursing, there are three divisions: tuberculosis, child welfare and measles.

Restaurants inspected, 432; bakeries, 422. In the dental clinic, there were 346 extractions, 552 fillings, cases, treatments and 101 emergency cases. There were 246 vaccinations in May. Diphtheria was of the most virulent variety, and scarlet fever was particularly malignant.

WOODS-NORRIS PICNIC. The annual outing of this well-known advertising agency was held on Tuesday at Dundurn Park, Hamilton, the journey being made by boat.

A number of newspaper and other friends accompanied the party, and a most delightful day was spent in ideal weather.

The general president, Mr. C. C. Norrish, who is fully recovered from his recent illness, was able to present. A number of sports and games were indulged in, and the catering left nothing to be desired.

HEAVY BAIL FOR SUFFRAGETTES. LONDON, June 11.—(Can. Press.)—Kitty Marion, wife of an actress, and Clara Elizabeth Given, known militant suffragettes, were arraigned at the Kingston Police Court today on suspicion of having set fire to the stands on Monday and causing damage amounting to \$70,000. The police gave evidence connecting them with the burning, and they were remanded on bail in the sum of \$15,000 each.

MIDLAND OLD BOYS. Midland Old Boys' and Girls' Association has arranged its annual basket picnic for Saturday, June 21, in Exhibition Park.

THE NAVIGATION MERGER.

This last merger of the Richelieu and Ontario Navigation Company means that the whole system of inland river and lake navigation in Canada is largely in the hands of a single corporation; that this merger is connected with the great railways and also in alliance with the combine controlling ocean freights. We do not think this looks good for Canada. In the meantime Mr. Borden has given out that he will appoint a commission to investigate the ocean freight combine.

While Canada is thus still active in mergers and combines there is a great lull in this business in the States. The tendency there is to disintegrate the combines; but we are getting so high in it that we have one merger controlling freight rates from the Rocky Mountains to the British consumer of Canadian products in the English market. How much the Canadian farmer will get out of it depends on how much the Canadian combine will think he is entitled to. Perhaps he will be allowed enough to keep him at the business of raising wheat at the lowest margin of subsistence.

VINDICATES PRESENT "RED CAPS." Editor World: I did not say in parliament that the present red caps were guilty of charges made, but referred to former red caps. Cases of a most serious sort were found against a former lot and fully reported in Toronto papers. J. H. Burnham. Peterboro, June 11.

The Philosopher of Folly

By Sherwood Hart. A WISH.

I fain would fill my pipe and pen and hie me to some shady glen where I may meditate and write on what befalls the lazy wight. There, 'neath the shadow of the trees, I love to stretch myself at ease, and think how all the idle chumps deserve to get their jobs and bumps. I let my thoughts flow full and free, and jot down what occurs to me upon the nobleness of toil—"The humblest tiller of the soil, who humps about his plot of earth, and reaps one hundred dollars' worth of Manitoba Hard a year wherewith to pay for cheese and beer." I write as I pursue my theme, "is higher far in Nature's scheme than all the thousand sons of rest who dot the land from east to west!" Then I reload my jimmy-pipe, and while another thought grows ripe, I practice blowing smoke in rings and cogitate on divers things. The golden moments hasten by as in my cool retreat I lie and listen to the rustling breeze, the songs birds, the hum of bees; in deep reflection I repose while on and off I call down words on dubs who will not shed their coats and rustle for their corn and oats, who laze around the livelong day, when worth-while chaps are making hay. I count a day like this well spent—I hate an idle, loafing gent.

BIG OIL PIPE LINE.

SARNIA, June 11.—(Special.)—The Imperial Oil Co. have completed their Sarnia-Cleveland oil pipe line from here to Froomfield, where the line passes under the river and enters the St. Lawrence. The dredge was used to dig a channel across the bottom, into which the pipe is being placed, after which it will be filled up so that dragging anchors will not catch in it. The whole line will cost several hundred thousand dollars.

K.C. and T. F. Slattery for defendant. Action to recover \$5000 on a fidelity bond, by which defendant agreed, subject to conditions, etc., to make good and reimburse to plaintiffs all and any pecuniary loss sustained by plaintiffs of money, etc. In possession of one John Mattson, chief of police and tax collector of plaintiffs, by any act of fraud or dishonesty on his part in the discharge of his duties. Judgment: I find that defendants were duly notified in writing of Mattson's default, and that the defendants were furnished with proofs of their loss. I find that defendant requested that Mattson be prosecuted for his theft or embezzlement, and that he was prosecuted and found guilty. Judgment for plaintiffs for \$5000, with interest from June 30, 1911, and costs. Twenty days' stay.

Before Latchford, J. Simons v. Mulhall—E. G. Porter, K.C., and A. A. McDonald (Marmor) for plaintiff; F. M. Field, K.C., for defendant. Action for damages in \$1500 for refusal to transfer license of hotel. Judgment: The notice which defendant gave after expiration of his term was not effective to renew lease. Accordingly, plaintiff, as purchaser of the reversion and as assignee of lessor of lease made by defendant became entitled at the end of the term to possession of the leased premises and to benefit of all covenants made by defendant, including a right to transfer of hotel license without any expense or charge, upon demand. Judgment for plaintiff for \$200, with costs on county court scale, and judgment for defendant on his counter claim for \$300 and costs.

Before Middleton, J. Killing v. Lyng—W. Proudfoot, K.C., for plaintiff; R. R. Waddell for defendant. Action for declaration that mortgage for \$1500 forms a first lien on land in priority over defendant's mortgage, etc. Judgment: Upon payment of the costs of the action and of all instalments overdue under the mortgage in question, let the agreement be reformed and the priority of the \$1500 mortgage be declared.

Appellate Division. Before Clute, J.; Riddell, J.; Sutherland, J.; Leitch, J. McQuire v. Scott—G. E. Newman for defendant; A. J. R. Snow, K.C., for plaintiff. Appeal from judgment of Lennox, J., of April 16, 1913. Argument of appeal resumed dismissed with costs.

Re Empire Accident and Surety Co.—R. C. H. Cassels for appellant; Z. O. Dromgole (London) for respondent. Appeal by Alexander Fall from judgment of Meredith, C.J., of March

4, 1913, dismissing Fall's appeal from report of local master setting him on the list of contributories of said company for 200 shares. Appeal dismissed with costs. Application may be made to liquidator to have dividends paid credited the appellant on his stock, and this judgment is not to prejudice him in that regard.

Eagle v. Meade—J. M. Godfrey for plaintiff; G. C. Campbell for defendant. Appeal by plaintiff from the judgment of Britton, J., of March 15, 1913. Action by plaintiff, a stevedore in employment of defendant, for \$1000 damages for injuries received by a horse liberated from stall by son and foreman of defendant and riding backward, knocking defendant down and breaking his leg. At trial the action was dismissed without costs. Appeal argued. Judgment reserved.

Gowan v. Weddell—T. P. Gait, K.C., for defendant; J. A. Hutcheson, K.C., for plaintiff. Appeal by defendant from judgment of Reynolds, J., of March 15, 1913. Action by a firm of contractors against another to recover \$395, being difference between price of contract awarded to plaintiffs and the sum for which defendant's contract was awarded. Judgment: The work, which difference plaintiffs allege defendant promised to pay them when contract was assigned to them. At trial judgment was given for plaintiffs for \$300 and costs, and dismissing defendant's counter claim with costs. Appeal partially argued, but not concluded.

URGENT NEED FOR WORKERS' HOUSES
Twenty Thousand Are Necessary to Relieve Slum Conditions, Says M. O. H.

AS TEMPORARY HOMES
Toronto Housing Company May Establish Unit in Centre of City.

"Toronto requires from ten to twenty thousand houses to relieve congestion in the slums," Dr. Hastings, M.O.H., stated at the meeting of the board of health.

Controller McCarthy put through a motion and Dr. Hastings and Ald. Reynolds conferred with the Toronto Housing Company and report upon ways and means for housing families temporarily when they are turned out of houses that are unsanitary and closed up by the health inspectors.

"When inspectors find a family living in a filthy house and make a demand upon the landlord to clean the house, the landlord puts up the bluff that he does not want the family to move and the inspectors are at liberty to turn the family out on the street," Controller McCarthy stated. "As a matter of fact the landlord does not want the family to move and knows that the inspectors know the family could not find another place to live at the rent they can afford."

"Yet such a family is very likely paying as much rent as is charged for a clean building," Dr. Hastings added, "but all of those clean houses are occupied."

For Temporary Use.
"I am confident that the Toronto Housing Company would arrange to establish one of their units in the centre of the city and enter into an agreement with the city to set apart several of the apartments in that unit for temporary occupancy by families who have to be transferred from filthy to clean houses," Controller McCarthy declared. The controller had been in conference with the officials of the company upon the matter.

"No landlord of a clean house cares to take as a tenant a family that has been living in a filthy house," Controller McCarthy explained. "But were such a family housed for two or three months in one of the apartments of a Toronto Housing Company's building there would be time to seek a new family to live in a home, and landlords of clean buildings would not refuse such a tenant."

Pay Same Rent.
"The city would not bear any expense, for the family would pay the same rent for the clean apartment as for the filthy house. It is not a matter of charity but of providing clean houses for citizens."

It was decided that no milk or restaurant license will be granted hereafter unless recommended by the board.

Because there are eighteen houses on Broadview avenue that are without sewer and water service, the construction of a sewer there will be ordered.

The experiment in West Toronto with the combination of mechanical and slow sand filtration for water supply is a positive success," Dr. Hastings remarked, "and there will be a report upon it soon. It is expected that the report will recommend that the new system be adopted for East Toronto and for additional supply for the central part of the city. This will remove any necessity for duplicating the filtration bed at the island."

EMPEROR ON MAIDEN TRIP.
HAMBURG, June 11.—(Can. Press.)—The giant steamship Emperor of the Hamburg-American Line started from here on her maiden trip to New York at 4 o'clock this afternoon. One of the most severe storms which have occurred this season, and which tore the Emperor's lights from her masts during the night, drove all the ships to the biggest craft to shelter in the harbors along the coast.

THE WEATHER

AVIATOR WILL FLY OVER THE ATLANTIC
Lure of Big Prize Too Much For English Airman.

MONTREAL, June 11.—(Can. Press.)—C. F. Montague-Chambers, an English aviator, arrived in the city today with his business manager, W. F. Hackman, with the view of arranging financial matters in connection with a proposed flight across the Atlantic for the prize of \$50,000 put up by The London Daily Mail.

The aviator spoke in optimistic terms, confident in the belief that it is possible with the present-day machines to cover the journey from land to land in 24 hours, and if he can get the necessary financial backing, he will make the attempt late in August or early in September of the present year.

IMPRESSIONS OF GENERAL ASSEMBLY
Continued From Page 1.

bered how Professor Farmer, McMurtry University, made his church glorious in the eyes of the ecumenical conference of Methodists, which met a few months ago. It was "John McNeill" who yesterday made the communions who are twin in organization, one in spirit. He has humor of the Canadian order, and for a few moments kept the house applauding as if it were the other John. But it was not all wit. On the contrary, here was a shining light from a separate constellation, whose name and message would fit any corner of the kirk. "Men who are together," he said, in eloquence not unlike the marching words of Dr. Herridge, "in all the points on which we agree cannot be very far apart. Moreover, in the fight against evil we have our common hands on the throat of the monster." Professor McCrimmon and Messrs. Brown and Moore did not speak, but their serious and intelligent faces showed to the assembly a type of man which has always been to the front in their great denomination.

The general assembly has an unfortunate resemblance to the British House of Commons, inasmuch as a few are descending from the sublime to the ludicrous. A wrangle over some past-master of a remote village in the Hebrides as a national question is on the same par with a discussion at Massey Hall as to whether a theological student is a "canny" man or a "crank." And after very valuable time was spent by serious men who are more or less guilty themselves of being both, the case is still undecided.

Great Enthusiasm
"Great enthusiasm over next year's Ad Club convention in Toronto," Mayor Hooken has wired from Baltimore. "Boston has already engaged accommodation in the King Edward for 200, and Chicago for 250. Texas promises a large list, and San Francisco will bring a 'trainload.' Our delegation is exceedingly popular with all clubs."

LABORATORY PLAN PLEASES EXPERTS
Outfit in Charge of Sanitary Engineer Dallyn Doing Good Work.

The work of the Ontario Board of Health, acting in conjunction with the joint international commission for the prevention of boundary water pollution, is receiving considerable attention from the Canadian and United States governments. Several of the commissioners journeyed to Niagara Falls this week to examine first-hand the testing of water samples by the traveling laboratory now in that district.

General Streeter of Concord, New Hampshire, and H. A. Powell of St. John, N.B., came to Toronto yesterday to confer with Dr. J. W. S. McCullough, chief health officer, on the extension of the scheme. They commended their approbation of the methods employed and the progress being made.

The laboratory outfit which recently shifted from Kingston to Niagara, is completely equipped for making exhaustive water analyses, and provincial sanitary engineer Dallyn, who is in charge, has five assistants. In addition to taking samples at different depths, a cursory study of the shore contour and currents is reported, and these will be tabulated at the end of the year, to be heard before the commission.

Prior to his departure for Europe Dr. McCullough purposes making a personal trip of investigation to the scene of operation.

Sergeant-Major Under General French
Veteran of Boer War Who Lost Health on the Veldt Tells Experience.

Good Advice for All Who Have Indigestion or Stomach Disorders.

In his home at Waldgrove, N. S., no one is better known than Sergeant-Major Cross, late of the 4th Queen's Own Hussars. Speaking of the ill-effects of a campaign upon a man's constitution, the sergeant-major writes: "I served under Gen. French during the late Boer war. In the capacity of sergeant-major it was perhaps owing to a continued diet of bully beef, hard tack and bad water, but at any rate my stomach entirely gave away. I was in such a state that I could eat nothing without the greatest suffering. The army doctors did not help me much, and since leaving the service I have been very miserable. Some months ago a friend told me he had been a great sufferer from indigestion until he tried Dr. Hamilton's Pills. They cured him. I confess I was without much faith. I bought a box, but the first dose made me feel better than I had been for a long time. Dr. Hamilton's Pills completely cured, and now I can eat everything and anything. I have recommended them to others and in every case the result has been similar to mine."

Quick, sure results attend the use of Dr. Hamilton's Pills. They cure disorders of the stomach, correct indigestion, make you feel uplifted and strengthened. To renew or maintain health, Dr. Hamilton's Pills always prove a great prescription. 25c per box, five boxes for \$1; all dealers, or the Catawba House Co., Buffalo, N. Y., and Kingston, Ont.

Wills Probated

The late John Taylor, founder of the Taylor Safe Works, who died at his residence, 4 Laurier avenue, May 25, left an estate valued at \$61,744. William and Albert Taylor, sons of the late safe expert, have applied for letters probate.

Of this amount \$28,000 is an equity in seven houses on Seaton street and a \$13,500 interest in other Toronto real estate, \$6000 in life insurance, \$6000 secured by mortgage, and \$8718 in cash.

Arthur F. Taylor, a son, is to receive the income for life of \$15,000, and the remainder is to be divided between three sons, David, John and William, each receiving \$16,000.

Real estate valued at \$16,750 comprises the bulk of the \$17,235 estate of James Wood, 117 Barton avenue, retired farmer, who died May 19.

The widow is to receive one-third of the estate, and the residue is to be divided between his four children.

By the terms of the will of the late Mrs. Esther Nesbitt, who died June 1 at Detroit, leaving a \$6900 estate composed of real estate held on Bleecker and George streets, valued at \$5700, the Hospital for Sick Children is to receive \$200, and the balance of the estate is divided between her relatives.

NEW CONSUL HONORED.
J. H. Peters, the recently appointed German consul, was honored by the Liederkranz Club of Toronto yesterday, when he was elected honorary president of the club.

—Miss Polly Norris, a manicurist in a New York barber shop, recently lathered the customers' faces while the boss shaved them, in an effort to break up a strike among the barbers.

—The city council of Youngstown, Ohio, have petitioned by the women of that city to pass a law compelling the trolley car steps to be lowered to within eight inches of the street.

FARM LABORERS COMING IN SHOALS
Provincial Government Bringing Out Men For Ontario Points.

The colonization branch of the Ontario department of agriculture is experiencing a busy season. Practically fortnightly during June and July, steamers leaving England will bring to Ontario points parties of immigrants. A large contingent is booked to arrive during the latter part of the month, and the bulk of these, being farm laborers, will go immediately to places which have already been arranged. The aim of the London agent of the government, J. F. Reid, formerly of Berlin, Ont., is to supply newcomers of a sturdy character rather than increase the number of an indiscriminate class. Thus far every man placed by the government as a farm laborer has given satisfaction.

El. A. Macdonnell, superintendent of the colonization branch, states that the returns from advanced fare passages this year bid fair to outstrip those of the past. Annually between \$20,000 and \$25,000 is returned and the tabulation of the department shows an accurate tally at the close of the season.

HORSE RAN AWAY YOUNG MAN KILLED
George Bryce of North Crosby Victim—Two Women Escape Serious Injury.

BROCKVILLE, June 11.—(Special.)—Returning from a shopping visit to Westport, George Bryce, aged 20 years, and a son of George Bryce, of North Crosby, met with an accident which cost his life.

Bryce had driven Mrs. Harvey Sicker and Mrs. Gordon Myers to the village and was descending a hill between Sand and Wolfe lakes, when a portion of the harness broke, causing the shafts to drop. The horse immediately became frightened and ran away, the three occupants being thrown out of the buggy. Bryce alighted on his back, causing a fracture at the base of the skull. He died in a few hours. Mrs. Sicker and Mrs. Myers sustained several cuts and bruises, but were not seriously injured.

In order that she might be a partner in business with her fiancé, Anne Bernstein, daughter of the premier of Denmark, is learning the trade of a joiner in a carpenter shop where her intended husband is employed.

—Miss Sibel Edelweiss, Longhead of Radcliffe College, who this year won the Baldwin prize for the best essay dealing with municipal topics, is the first woman to yet win the prize.

In Copenhagen the whole municipal politics will this year be dominated by a woman, Fraulein Blom, known as the "Dictator of Copenhagen." (The explanation is that she holds the balance of power in the municipal council.)

CROP OUTLOOK IS BETTER IN WEST
Inspector White Finds Conditions Equal to That of Last Year.

OTTAWA, June 11.—(Can. Press.)—A telegraphic report received by the immigration department today from W. J. White, inspector of agencies, who is making a trip of inspection thru the west, conveys a most encouraging outlook for the farmers of the western provinces, both as to grain conditions and live stock industry. Mr. White reports having just completed a trip along the lines of railway north of the main line of the Canadian Pacific, having driven over a large portion of the country districts.

He finds all crops showing fully as much progress as at this time last year. While much grain was sown late, the stored moisture and frequent showers have given wheat and flax an excellent start, and these crops are now as far advanced as they were at this time last year and showing more uniformly all over the country. The crop reports from southern Alberta and southern Saskatchewan are also exceedingly favorable, and in the opinion of Mr. White there never was a spring when the prospects were as good.

WOMAN'S ARREST MAY END CHEQUE FRAUDS
Answers Description of Person Who Raised Marked Cheques.

BROCKVILLE, June 11.—(Special.)—Brockville police were notified today of the arrest at Spencerville, of a woman answering the description of the woman charged with raising marked cheques, and on them securing \$400 from the Bank of Toronto at Brockville, and \$700 from the Chesterville branch of the Bank of Ottawa. At Smith's Falls, yesterday, a swindler, it is thought, made a deposit of \$25 in the Bank of Commerce, and received a marked cheque for that amount, undoubtedly for the purpose of raising it. The prisoner was taken from Spencerville to Chesterville for a preliminary hearing.

The Brockville authorities will endeavor to have her arrested here and later on a charge preferred by the Bank of Toronto.

ALL-TORONTO CRICKETERS NO MATCH FOR AUSTRALIANS

Fine Crowd See International Match Under Ideal Conditions at Rosedale—Henderson Carries Out His Bat For the Locals' Top Score—Play to Be Resumed at Noon.

The Australian amateurs gave a splendid display of first-class cricket yesterday at Rosedale in ideal weather, before a fine attendance, the incident being a match with the All-Toronto picked team of twelve. The eleven Antipodeans showed a vast superiority in every department of the grand old English game, leading on the completion of the first innings by 343 runs to 91. The visiting captain had the privilege at this juncture of forcing his opponents to follow on, and magnanimously consented to bat again, and when stumps were drawn for the night, six o'clock, two Australian wickets were down for 24 runs.

Thus, the Canadians are in a better position than in the first innings, and a closer contest may ensue today, for the exhibition could hardly be more interesting. Play will re-start at 12 noon, with Malley and Arnott, the not-out, at bat. Australian Attack.

Anticipating the calibre of the local batsmen, Captain Diamond used neither of his fast bowlers, Crawford nor Macartney, and yanked off his tricky trundler when Emery was going in deadily fashion, the Toronto only notting eight runs off his delivery in eight overs, at a cost of two wickets. He used everything in the category, mixing his pace from a demon hall to the twisting googlie, and serving up mediums and slows in between.

Collins was Emery's partner in the initial attack. He is what the ball players call a southpaw, and is medium paced. Malley and Arnott, alternated with the ball before Norman Seagram came out for one swipe, used a medium delivery, Malley is a long, lanky athlete, who gets a nice jump from a high ball.

Macartney hit freely all round the wicket for the top score, three and seven twos, three threes and five fours, five twos and five ones to make up his 40 runs. Crawford put up 27 in stylish form. Henderson hit For Six.

Percy Henderson had the credit of the most useful hit of the day—75. He came from Collins into the grand stand for six. His 23 included two boundaries, a two and seven ones. Baines and Davidson made a promising start, but on being separated there was a regular rattle of the timber, until Henderson came on, and he carried out his bat.

The fielding was sharp on both sides, the visitors being especially smart close in. Emery retired, Captain Saunders at mid-on by a beautiful catch of a low drive, falling down to receive the ball. They had missed however, but not on fly balls, except that once Humphrey skied one over the first slip's head.

The Kangaroo stuns rule like champions, while some of the All-Torontos' attempts on short hits reminded you of the leads on the bases.

The arrangements were splendid, the course and pitch in excellent condition, and the umpires were splendidly equipped, enabled the spectators to read the "telegraph" intelligently. The umpires were Walter Ledger and C. Grace, and scorers Messrs. Dean and Green.

The visitors were entertained by the

ENGLAND HOPES TO TURN TABLES

RIDLEY'S INTER-SCHOOL CRICKET CHAMPIONSHIP

Defeating Trinity College of Port Hope by Over a Hundred Runs.

Ridley played the last game of the inter-school cricket championship yesterday at Varsity lawn, defeating Trinity College School by 128 runs. Ridley batted first and declared with 170 runs for seven wickets. Gordon (48), Irvine (48), Mix (34, not out) and Wood (12), all batted in splendid form. T.C.S. innings netted only 44. Young (22) being responsible for a splendidly-played innings. Mix and Martin both bowled well for Ridley, clearly winning this game Ridley, a clear title to the inter-school championship for the second time in three years. Ridley has this year won both the football and cricket championships, a very rare occurrence in any school.

There undoubtedly was general confidence that England would have a run away victory. It was fostered by the brilliant showing of the Englishmen in the practice game of the Englishmen in London, June 11.—Deep disappointment is felt here over the defeat of the British polo team in the first game at Meadowbrook, but it is being lightened by a growing hope that on Saturday England will be able to turn the tables.

At one large banquet on Tuesday night when the chairman announced that he had the result of the international polo, a delighted "th" broke forth from the second time in three years. Ridley has this year won both the football and cricket championships, a very rare occurrence in any school.

Such brief statements by the English players themselves were called here in the best sporting spirit, accepting the temporary reverse with a tribute to the brilliance of their opponents, but in no way showing loss of confidence in their power to hold their own in the succeeding contests.

Saturday's match is awaited with greater interest than any of the previous games should be played as it is fully expected, it will be the biggest international sporting sensation since the America's Cup races.

In polo circles at Hurlingham and Ramsgate it was believed that there would be at least one change and probably two in the English team Saturday, Lord Woodhouse being almost certain to be substituted.

The Toronto Lawn Tennis Club plays the Buffalo Tennis Club at Toronto on Saturday afternoon. The Toronto team will be selected from the following players: Baird, Sherman, Mercer, Euring, Glasco, Henderson, Parton, Ross, Laird, Hall and Smart.

TO STOP ALL BOXING IN SUMMER MONTHS. NEW YORK, June 11.—A suggestion to stop all boxing exhibitions in New York State during the months of June, July and August was favorably received today by the New York State Athletic Commission. The proposed rule, it was said, will be adopted at the next meeting of the commission to take effect one year from that date so as to give club proprietors time to arrange their leases to conform. Members of the commission pointed out that boxing was the only standard sport that was followed the year round. They believed that the sport would benefit by having its special season, like baseball, football and hockey.

Trim and Staunch 16-Foot Launch Hull

IT IS COMPLETELY FITTED OUT and ready to receive any engine of from 2 to 5 h.p., and is an ideal little family launch for lake or river. It is a beautifully shaped craft, capable of a good turn of speed and with a perfect balance, as these particulars will show. Its over-all length is 16 feet, the extreme beam being 4 feet 3/4 inches; depth of bow, 2 feet 5 inches; stem, 2 feet 6 inches; midships, 22 inches. The length of bow deck is 2 feet 2 inches, and stern deck, 11 inches; width of covering board, 2 3/4 inches, and coaming 2 1/4 inches.

In finish, too, it is all that could be desired, the frame being of best selected oak, as well as the ribs, which are in one piece as far as is practical and spaced 8 inch centres. Deck clamps are of clear, hard pine, in two pieces to side, ship lapped joints. Deck, ceiling and coaming knees of white ash. Floor timbers of best grade oak, spaced one on every other rib, and securely fastened. Coaming is 7-16 x 3 3/4 clear oak, finished naturally and blind fastened. Decking of cedar, with oak cap and finished naturally. It has a good seating capacity, with two end seats and two cross seats, the after cross-seat being fitted with folding back rest. Is supplied with four gallon gasoline tank, fitted with brass deck plate, shoe and rudder, rudder quadrant, steering cable, fair leaders, steering wheel and deck cleats. The covering boards and cleats are in natural finish, while the outside of hull is finished with three coats of best white lead paint, the inside nicely painted. The boat is being shown in Basement, and you may examine it here, and have it shipped to your nearest railroad station in Ontario, freight prepaid. It's an exceptional value, at \$79.00

HINDS GETS PLACE ON ALL-TORONTO TEAM Beat Gardner in Elimination Sprints at Stadium—Other Members in Good Shape.

Last night at Varsity track Bill Cummings had his All-Toronto relay team out for the final selection of runners for the 220 yard position. There were five men on hand to try for the position as follows: Bloodsworth, Gardner, Hinds, Boyle and McGavin. In the first heat, Gardner won from Bloodsworth by two feet, in 23 1-5. The next heat brought Hinds, Boyle and McGavin together, and Hinds won easily in 23 2-5. The final between Hinds and Gardner was a big surprise to the critics, when the former nosed out his opponent by inches, in one of the most hair raising finishes ever seen in Toronto. At the 100 yard mark Hinds had a slight lead, but Jimmy Gardner came in in great style and forced him all the way. The time was 23 1-5, which is the faster by a large margin than any other time yet this year. This puts Jimmy off the team, and Hinds will fill his position. Some of the men felt that it was kind of a hardship on him, but then he has his chance to come back again and beat his successor at some of the other races. Phillips finished second in a handicap 440 yard dash, in 50 2-5, after passing a large field.

BUSH RINK FROM ERIN WINS TROPHY AT GUELPH

Toronto Quartet Eliminated in Royal City Competition by Big Margin.

GUELPH, June 11.—J. P. Bush's rink from Erin were the winners of the Schofield Trophy in the Guelph lawn bowling tournament this evening. They won their final game in easy fashion from W. H. Jones' Guelph rink and carried away the silverware. The Royal City competition is down to the semi-finals, and the Wellington competition is in the fourth round. It will be noon tomorrow before the tournament is concluded. Scores: —Schofield Trophy—Semi-Finals— Erin—J. P. Bush, sk., 13 Thauburn, skip., 13 Guelph—W. H. LACROSSE GOSSIP. The Lansdownes will practise this evening at Trinity College grounds at six o'clock as a final preparation for their game with Brampton on Saturday, and it is absolutely necessary that all players be on hand.

The Young Toronto practise this evening at Scarborough Beach, and they want all players to be out. They play St. Kitts on Saturday, and they expect to win. Riverdale request all players to be on hand not later than 6.30 tonight on the east side of the Don River, when they play Malton in the first league game of the Toronto Lacrosse League. The north end boys have championship aspirations, and think they are going to hand Riverdale a trimming. The latter say "no." It will certainly be some game.

Two More for the Royals, First 6 to 3 and the Second 8 to 5

FOUR STRAIGHT FOR ROYALS LEAFS DROP A DOUBLE-HEADER

Montreal Lands on Three Toronto Pitchers and Win Both Games With Something to Spare—Tompkins' Poor Start.

Well, it is all over and we are thankful it did not seem possible, but it happened nevertheless, and Kiddy Brantford and his crew marched out of town with all four games hanging from their belts. The Royals had the biggest picnic of their career while in our midst and yesterday's double header was only a romp for the boys from down east. The first one went the way of the previous two, 6 to 3, and the second half of the double header was even easier for Montreal. The Royals hammered Toronto Toronto pitchers all over the lot, and captured the fixture, 8 to 5.

"Planed Mover" Smith was stacked up against Johnny Lush in the first battle, and the big fellow outlived and out-pitched Lush in the tight spots. Leaflets made a few costly errors that helped the Royals along, and it was ragged ball by Kiddy's men, and the Royals were entitled to win the play.

McCormell was moved up to the lead-off position in an endeavor to get more out of the batting order, but it was no improvement, for the needed hits were again absent.

The Leafs threw in a couple of boots with two hits and a double steal, and Montreal put the game away on ice in the fourth. This session gave the Royals four runs. One in the third and another in the eighth made up the six netted by the enemy.

Shultz's single drove in the Leafs' first in the fourth, and Kiddy's double and O'Hara's single counted one more in the fifth. The third and last tally came in the sixth on two singles and an infield out.

The second was just a little batting practice for the Royals, and they entered into the spirit of the thing in an earnest fashion. Eighteen times did Brantford's men swing their clubs with good effect, and five of these eighteen times the raps were for extra bases.

Pitcher Tompkins made his first appearance of the season, and it was a short stay he made. Montreal chased him to the club house after one inning, and retired in the fourth, with 13 safeties chalked up against him. Brant finished and the Royals added four runs to those secured while Tompkins worked, and five more hits.

Ray Demmitt had a big time with two home runs, both with two base warmers on the paths, and these six runs were what beat the Kollys in the eighth. The Royals scored eight runs.

The Leafs came across with two in the fourth on some fresh hitting, and a little better base running it might have been more. The sixth was a one run inning, and the eighth netted two. This was the net result of the Leafs' poor day's work.

Matters who was on the mound for Montreal during the second battle, was never very much, and a few base hits would have driven him to cover.

Indeed it was a glorious day's work.

Agnew's Home Run Stopped Athletics

PHILADELPHIA, June 11.—A home run drive by Catcher Agnew, scoring two runners ahead of him in the ninth inning today, checked Philadelphia's winning streak of fifteen consecutive victories, and gave St. Louis the final game of the present series by 6 to 2. Up to the seventh inning St. Louis had not scored, and had made but two hits off Houck. Houck was relieved by Bender in the eighth, after the visitors had scored two runs. Score:

HIT JACK FRILL TO ALL CORNERS

Hustlers Indulged in Swatfast and Ran Up Big Score on Bisons.

GAME WAS A FARCE

Paddock Poled Two Home Runs and Gathered Four Hits—The Details.

ROCHESTER, N.Y., June 11.—By smashing Frill to all corners of the lot, Paddock garnering two home runs in many innings, the Hustlers soon made today's game with Buffalo a farce, winning 14 to 2. Gervais, who relieved Frill in the second, did not have anything either, and the swiftest went on merely.

Dodgers Easy for the Pirates

PITTSBURG, June 11.—Pittsburg hammered St. Louis, 11 to 3, today, and won this afternoon, and with O'Toole pitching magnificent ball, won easily, 11 to 3. Viox, for Pittsburg, started with a home run in the second, a double and a home run in the fourth. Stack was hammered for five hits and three runs in the second. Pittsburg scored more runs off Viox in four innings, and Kent scored by two more in the fifth. O'Toole took things easy, and in the last two innings the visitors scored three runs.

WASHINGTON, June 11.—Detroit was in a batting mood today, and easily shut Washington out, 4 to 0. Deuss pitched his second winning game of the series and toyed with the locals. Crawford hit a home run in the second, and the visitors scored two runs in the second. Deuss pitched more runs off Viox in four innings, and Kent scored by two more in the fifth. O'Toole took things easy, and in the last two innings the visitors scored three runs.

Pitchers Blew Up Then Cockneys Won

LONDON, June 11.—London won today's game, which was transferred from Guelph to allow the Foresters' convention delegates to see a Canadian League game, by the score of 7 to 2. The win was attributed to the wildness of Dorbeck and Schuyler in the seventh, when they gave five bases on balls, a single and a batter five as pitched ball netted the locals. London had only one score in the eighth, Dorbeck and the visitors had the game. Manager Deneau did the best of hurling for the London Club and kept the hits well scattered. The score:

HANDED INDIANS A GOOD BEATING

Roth Twirled Good Ball and Baltimore Won by a Big Margin.

NEWARK, June 11.—Baltimore took sweet revenge on the Indians at Newark today by handing them a 10 to 1 beating. Both sides fielded raggedly and the Orioles had Bell ding-donging with well placed bunts. Roth twirled a masterly game for Baltimore. Score: Baltimore A. B. R. H. O. A. E. F. NEWARK, June 11.—A fifteen-inning contest between Boston and Cleveland ended about sunset with a 9-to-5 victory for the latter team. With the bases full in the final innings, Olson stole home, with what would have proved the winning run had the visitors been content with a one-run lead. With the bases full a minute later, Land drove a single to left, sending Jackson and LaJole over the plate, Grany taking third and later stealing home. The score: Boston A. B. R. H. O. A. E. TINKER AND KNABE HAVE FREE-FOR-ALL

Went at It Tooth and Nail Until Separated—Reds the Victors.
CINCINNATI, June 11.—In a game marked by near rioting, in which Manager Tinker of the Cincinnati team and Knabe were expelled from the field of play, Cincinnati took the first contest of the series here today by a score of 3 to 2. The mix-up between Tinker and Knabe began in the seventh inning. Previous to this the two men had engaged in a wordy war at second base and when the Cincinnati manager slid into this sack in the seventh, both players mixed it up. The fight continued until the umpires finally stood on their feet they attempted to get together and it required the services of several umpires and a number of players to stop the fracas. Neither was injured. Benton pitched superb ball in the second, Philadelphia's two runs. Score:

BEGIN DAY WITH FAMILY WORSHIP

Hon. S. H. Blake's Strong Plea to Delegates at Anglican Synod.

NEW PAMPHLET ISSUED

Bishop's Salary Increased to Six Thousand—Mission Society Reports.

That the Anglican synod of the diocese of Toronto is to prosecute the largest and widest missionary campaign in the next year than it has ever before contemplated was made apparent by the reports that were received at yesterday afternoon's session in St. James' parish house.

The report of the board of management of the M.S.C.C. was presented by Provost Macklem and seconded by Hon. S. H. Blake, K.C., who grasped the opportunity to say a few words with regard to family worship.

Work Among Jews. "The latest census shows that there are 75,000 Jews in Canada," said the speaker.

"I don't know of anything of greater importance than the M.S.C.C. report and the report on the state of the church," said Hon. Sam Blake.

"It is refreshing to get out of the rectory and into the higher atmosphere," he continued in a voice which, although filled with a tremor, was as distinct and strong as the voice that in years past made higher critics tremble.

So anxious was the board of management that family worship should be restored, that they were unable to prepare a collection of morning and evening prayers for family use, some time ago.

Bishop Sweeney stated that the collection that had been made, would satisfy both branches of the church, as there were modern simple prayers in one section of the booklet, and collects from the book of common prayer in another.

Mr. Blake announced that 7000 copies had been printed, and that 3000 of these had already been distributed.

"But it must be upon condition," said Mr. Blake. "It will cheer me very much if it is thrown away. I believe that if in every family the word of God were read every morning and evening, there would be more reverence for the parents."

Family Worship. Mr. Blake then expressed his firm belief that family worship was the question of the theatre, and what is and is not an immoral play.

Mr. Blake defended the generosity of the synod, by declaring that the increasing of the stipend would not tend to lower the stipends of the clergy, but would tend to raise them as there would be a higher standard.

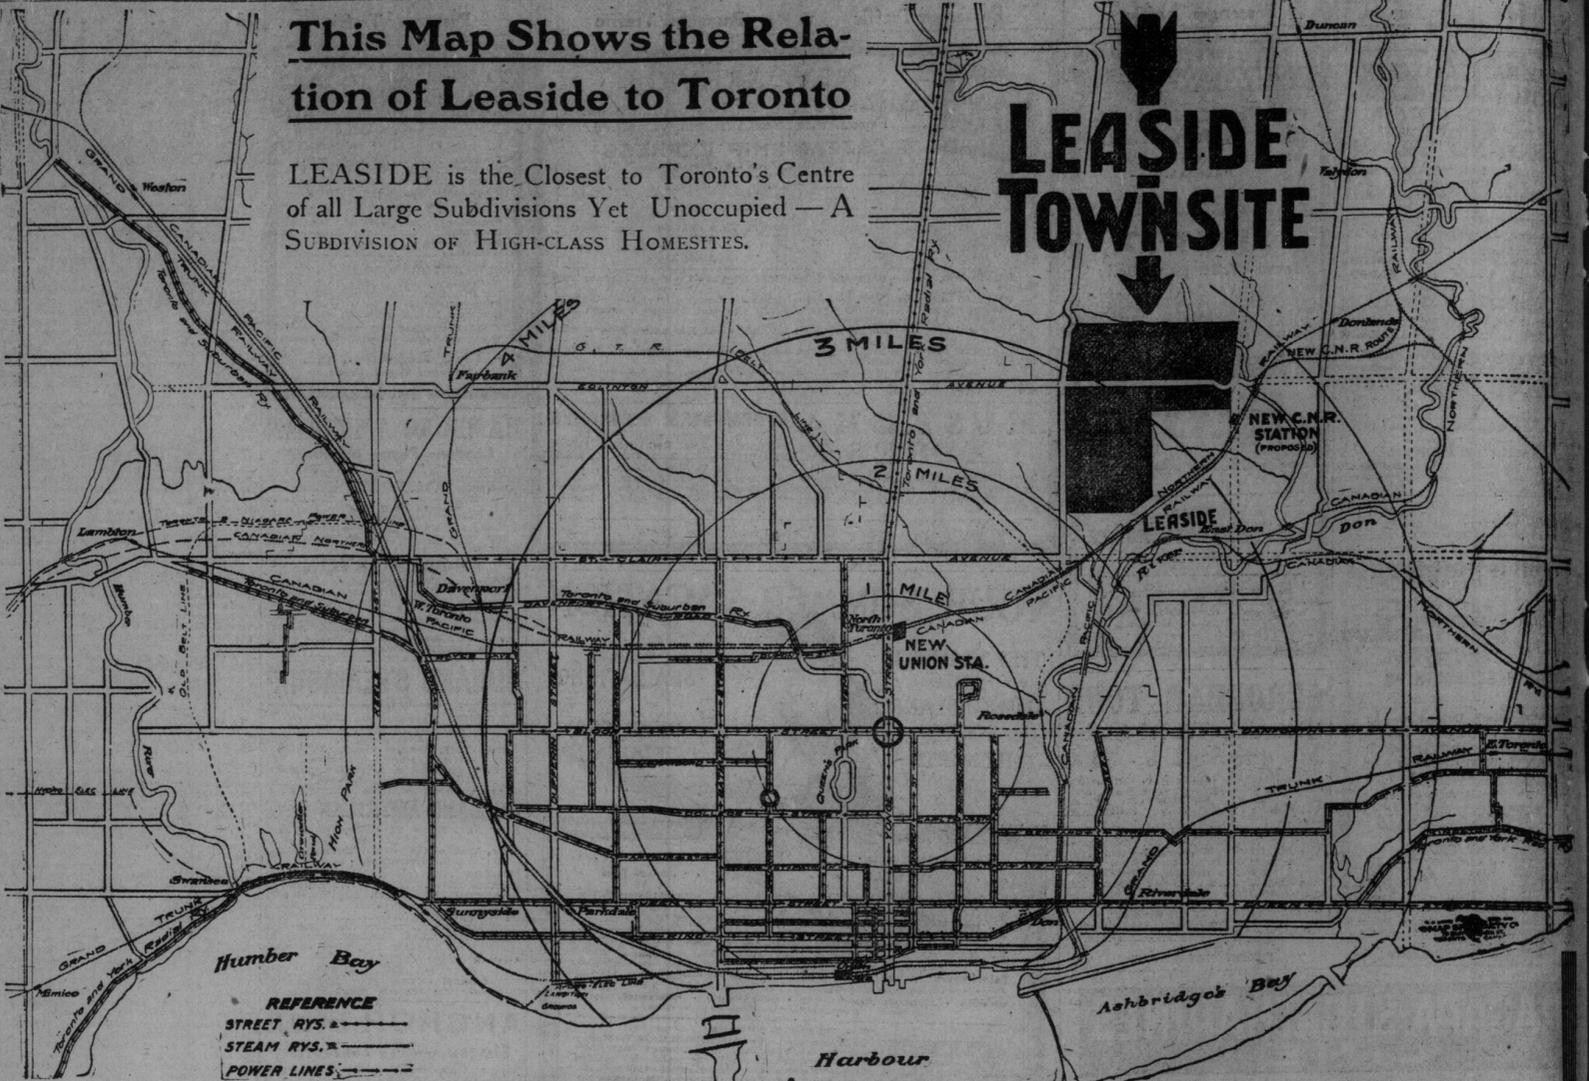

"I have been considering," said Mr. Blake, "in the last few months whether it is not possible to raise the salaries of all the clergy in the city. The cost of living demands some such step and the times have certainly changed."

Most of the furnishings of the Holy Redeemer Church and the convent were saved. Both buildings were of wooden construction.

The loss to the church property will reach \$80,000. Holy Redeemer Convent had about 700 pupils, who were returning to school after the noon recess. Fifteen families are homeless and are being cared for by neighbors.

YORK COUNTY AND SUBURBS SOAP FACTORY WAS ON FIRE

Excitement in Ward Seven Until Blaze Was Got Under Control.

A spark from a passing locomotive set fire to the roof of the Pugsley, Dingham Soap Company's works on Junction road, about 11 o'clock yesterday morning, and the fire detachments from the western district had a lively time in extinguishing the blaze.

The flames gained headway quickly in the wooden buildings and were fanned by a strong breeze, and were not checked until they had burned both sides of James street, across Victoria road and to the open country between Victoria road and Lingan road.

Most of the furnishings of the Holy Redeemer Church and the convent were saved. Both buildings were of wooden construction.

The loss to the church property will reach \$80,000. Holy Redeemer Convent had about 700 pupils, who were returning to school after the noon recess. Fifteen families are homeless and are being cared for by neighbors.

HEAVY LOSS IN FIRE AT SYDNEY

Twenty Buildings Burned and Fifteen Families Are Homeless.

SYDNEY, N. S., June 11.—(Can. Press.)—The Whitney Pier district of Sydney was visited this afternoon by the most disastrous fire since 1901. Twenty buildings were burned and fifteen families were rendered homeless.

CATHOLIC FORESTERS ELECT NEW OFFICERS

L. V. Dusseau Succeeds L. V. McBrady as Provincial Chief Ranger.

CORNWALL, June 11.—(Special.)—The provincial convention of the Catholic Order of Foresters, which has been in session here since yesterday, closed this evening and the visitors were taken to Stanley Island, where a banquet was tendered them.

The reports presented today showed the order to be in a flourishing condition.

The question of separate jurisdiction for the western provinces was discussed and the high court at Chicago will be asked to act thereon.

A long discussion took place this afternoon over an office recently established in Toronto. It was decided that the office should be located in the home town or city of the secretary, and Toronto will retain the office for another term.

The election of officers was the last business of the convention. The result was as follows: Provincial chief ranger, L. V. Dusseau, Toronto; provincial vice-chief ranger, R. J. J. MacDonell, Cornwall; provincial secretary, J. J. Nightingale, Toronto; provincial treasurer, Mr. Archambault, Brockville; L. V. McBrady, K.C. (Toronto); W. J. Daly, Father Patrick (Peterboro).

WON'T FIX DATE FOR CHURCH UNION

General Assembly Sets Its Face Against Rushing Matters. The general assembly of the church union met yesterday afternoon and the union stamped of Tuesday afternoon came to a halt.

"MAKE HASTE SLOWLY"

Delegate Emphasizes That Issue Is Now in Hands of Special Committee. Rev. Dr. Gordon's resolution failed to resolve. Rev. Dr. Grant clogged the wheel. The general assembly was in its normal cautious mood again yesterday afternoon and the union stamped of Tuesday afternoon came to a halt.

Mr. Gordon, the intrepid Winnipeg minister of "Sky Pilot" fame, had the platform at the opening of the afternoon session. He asked the general assembly to express itself regarding the question of a special committee next June. In view of the steps which had been taken during the past few years and the eagerness of many congregations of the church in the west for union, delay was injurious.

Rev. J. M. Cruikshanks, Montreal, considered the proposal precipitate and dangerous. The assembly was sitting near the rocks when the proposal was made for a date for the consummation of the proposed organic union. Rev. Dr. Grant and Rev. Principal Murray took the view that such a recommendation should emanate from the committee on church union and, if acted upon by the general assembly, should first be reported to that committee.

Rev. Dr. Grant pointed out that in great movements the surest way was to make haste slowly, and that having entrusted the issue to a special committee the assembly should not seek to take action in advance of its recommendation.

Principal Murray said that the opponents of church union had not been apprised of any such proposal and it would not be fair to them to go beyond the published recommendations of the majority report of the committee. Playing the Game. Rev. Dr. Gordon said that he only wanted fair play; if to press his motion was not playing the game fairly he was "not that kind of a sport" and would withdraw his motion.

This met with vigorous dissent, but on a show of hands he was allowed to withdraw his motion. A proposal that the whole question should be referred back to the committee on church union for another report at this meeting was sharply criticized by Rev. Dr. J. M. McD. Dunlop. He said that a delay of 24 hours would mean that the voice would not be that of the general assembly, but of a rump or remnant.

The report in favor of continuing negotiations for church union, emphasized by Dr. Christie's amending addition "with the hope that union may be consummated without unnecessary delay" was made the main motion and adopted by a vote of 178 to 54.

NEW MUSKOKA TRAIN.

Now leaves Toronto 10.15 a.m. daily, except Sunday, arriving Muskoka Wharf 1.40 p.m., making direct connections with steamers for all points on Muskoka Lakes. A brand new train, consisting of baggage car, vestibule coaches, and parlor-library-buffet car, is operated and passengers are assured of a comfortable ride along the most interesting route to Muskoka Wharf, which is the original gateway to the far-famed Muskoka Lakes.

The train runs right to side of steamer at Muskoka Wharf, thus saving any inconvenience to passengers. Return connection is made with train leaving Muskoka Wharf at 10.45 a.m. daily, except Sunday, arriving Toronto 2.10 p.m. Tourist tickets at reduced rates are now on sale to Muskoka resorts, good for stop-over at any point and good to return until Nov. 30, 1913.
