The copy filmed here has been reproduced thanks to the generosity of:

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol ➡ (meaning "CONTINUED"), or the symbol ▼ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole ➡ signifie "A SUIVRE", le symbole ▼ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

Earl Dufferin and Dufferin College.

(From Free Press, Dec. 10th.)

The following autograph communication has just been received from the Earl of Dufferin, late Governor-General of Canada, by the Principal of the above institution. It will be remembered that in the year 1877, in consequence of the movement for the erection of a Western University in this city, this institution, formerly styled Hellmuth College, having passed under the personal control of its present Principal, received, with the hearty sanction of the Earl of Dufferin, its present title; and that, up to the time of His Lordship's retirement from the Governorship of Canada, two medals had been annually presented to the Principal to be bestowed upon those students who should specially distinguish themselves in the different branches of study. Owing to the peculiar relation which this seat of learning continues to hold with regard to His Lordship, he has been pleased to perpetuate in its case these marks of his personal favor and appreciation. The noble Earl's communication was read by the Principal to the assembled students yesterday at the close of the dinner hour, and was received with hearty applause, the occasion being marked by the bestowal of a half-holiday. We heartily congratulate Dufferin College on the high position it holds in the estimation of its distinguished patron:—

London (Eng.), 25th Nov., 1879.

MY DEAR DR. DARNELL,—I beg leave to acknowledge the receipt of your letter of the 25th October, and I hasten to congratulate you on the continued success of your college, which, I trust, is destined to prove one of the most distinguished and useful institutions in Canada.

I shall have great pleasure in complying with your suggestion about the new medals in a slightly modified form. As I am no longer Governor-General of Canada it would not be proper for me to continue to issue any of the medals I formerly held the pleasure of distributing in that capacity, but as you have done me the honor of giving my name to your school, I do not think there will be any impropriety in my making a special exception in your favor. What I propose to do, therefore, is to send you out every year two medals, one silver and one bronze. The obverse of these will be similar to the obverse on the original medals, representing my coat of arms. The reverse, however, shall be left blank in order that the name of the successful competitor, with the date and circumstances of the contest, may be inscribed upon it at your own discretion.

A medal of the kind will be more unique than the one you yourself have suggested. I will not, however, move in the matter until I have had the pleasure of hearing from you.

Believe me, my dear Dr. Darnell,

Yours very sincerely,
DUFFERIN.
