PHONE COUNCIL STARTS AT ONCE

Members of Special Committee of City Council Endorse World's Campaign for Equal Treatment for All Citizens.

The special civic committee to investigate the inequalities in local telephone rates will be called together within a few days to organize for a thorough investigation. It is expected that representatives of West Park, East Toronto, West Toronto and other annexed territory will be asked to appear before the committee.

That there will be no lack of material has been made evident by the mass of information which has already resulted from the World's enquiries and so high is the feeling that deputations will need little encouragement.

Members of the committee who have been interviewed are very decidedly of opinion that the people who have lately come within the boundaries of Greater Toronto are fully entitled to the regular city rates of \$3 for private and \$4 for business phones, and that they will get them if the city council has any voice in the matter.

Ald. Bredin, who is on the committee, has his home in Deer Park, and is perhaps more than any other alderman in touch with conditions in the recently annexed districts. He is emphatic in declaring that strong dissatisfaction exists.

"There is a feeling that there should be only one rate for all parts of the city," he said. "The people of Deer Park thought that as soon as it was annexed they would get the city telephone rates. I have to pay \$4 for my phone, as against \$3 in the older portions of the city."

Ald. Bredin said he had seen Manager K. J. Dunstan of the Bell company, and that the latter had told him the matter was in the hands of the railway commission.

Three Districts. He said that if the city made an application the company would ask Toronto to be divided into three districts, inner, middle and outside, each with its own phone rates. Mr. Dunstan gave the impression that if this was done Deer Park and other new territory would have to pay more than at present. I don't see why Deer Park, which is not more than half a mile from the northern station of the company, should pay higher rates than High Park and the Woodbine," said Ald. Bredin, who is in the fact of the city making out a strong case before the railway board.

Pleas With The World. "I am much pleased with the World's campaign. It is in the right direction, and I am sure will have results," said Ald. Vaughan, also of the committee.

He pointed out one glaring instance of discrimination whereby the residents of Dunvegan-road who subscribed for phones were made to suffer. Dunvegan-road is in the Baldwin Estate property, extending north from St. Andrew's College. The residents of Hill-road, just one block east, pay \$30 for their phones, while on Dunvegan-road the rate exceeds \$50, or is nearly double. The residents of the company is that the territory it belongs to was annexed later and came in under the terms of another agreement.

"I am in favor of a flat rate for all," he added. "I think every person inside the city limits should have the same privilege."

Two Party Line a Clash. Among the points brought to the attention of the World are in connection with the telephone code in connection with an important one is the party line. By the party line arrangement two or more subscribers can be put on a single wire. Each subscriber has a different signal call, and unless exceptionally curious, will not trouble the phone of the other party's ring is given. Every switchboard in the city is fitted for this party-line service. They take no more space on the switch than a single subscriber line, and occupy no more of the time of the operator. The line, in fact, costs no more than the single line. It would be interesting to know how the party line subscribers' rates compare with others. The World will be glad of any information on this head.

Bad Island Service. The island service, with its ten-cent surcharge, has already been mentioned. The equipment at the island is of an antiquated description, suit able to the old-fashioned Blake instrument of the system in use 15 years ago. The service cannot be considered up to date in any particular, except in respect of the rates, which are up-to-date in every respect, from the company's point of view, and equal to those charged for the best service.

It has been remarked that extensions are highly overcharged. A reader notes that the \$2 extra charge for desk connection is one of the company's hold-ups. The desk set is really cheaper than the wall set to the company, but the subscriber finds it different.

Another complaint comes from quite a different source. It is stated by a reader that married men working in the installing department are paid as high as \$30 to \$35 a month. This is the true the company is really making money both ways, coming and going. Other correspondence is appended:

A Dentist's Kick. A dentist writes: Editor World: In response to The World's invitation re telephone tariff: Dentists pay in some towns of Ontario the same rates as physicians, but in others somewhat higher. In Toronto, for instance, a dentist is charged \$10 a year, while physicians pay \$6. A discrimination which is unjust and

Continued on Page 7.

TELL YOUR TROUBLES TO THE WORLD.

That The World's endeavor to show that gross inequalities exist in the telephone rates in and about Toronto are bringing out the proofs, is becoming more and more evident.

But "the more the merrier," and the stronger the case on which the city can press its demand for a thorough readjustment of rates.

The World, therefore, repeats its invitation to those who feel that they are being improperly charged to send along a written statement. Perhaps Manager Dunstan will, after seeing them in print, realize that an injustice is being done, and make general reparation of his own accord.

ASQUITH WOULDN'T TELL FLEETS TO BE EQUALLED

Attempt to Draw Him Out as to Whether United States Owns One of the Navies.

LONDON, May 26.—The house of commons to-night concluded the general debate on the budget resolutions, which were adopted after an unusually prolonged and heated discussion. David Lloyd-George, chancellor of the exchequer, thereupon introduced the finance bill, dealing at his financial proposals.

Earlier in the evening acrimonious discussion arose over opposition to attempts to compel Premier Asquith to define anew whether in estimating the number of ships necessary to Great Britain to maintain a fleet 10 per cent more powerful than the combined fleets of any other two powers, the government had in mind any specific powers.

Mr. Asquith declined to commit himself, beyond saying that everything would depend on geographical conditions. He said he could not treat powers thousands of miles distant the same as powers only hundreds of miles distant.

As an instance, the premier declared, the United States had more battle-ships now than Germany, but it was impossible to regard them as aggressive powers in the same category as those of France, Germany or Austria.

A. J. Balfour and others of the Unionist members expressed their dissatisfaction over Mr. Asquith's reply, but the house by a large majority adopted a motion of confidence in the premier's statement.

POLITICAL POLICY FOR L.O.L.

Grand Lodge to Consider the Proposition at Peterboro.

PETERBORO, May 26.—(Special.)—A resolution has been introduced at the meeting of the Grand Orange Lodge of B. N. A. here to have a definite political policy for the Orange order. The motion was introduced by delegates from British Columbia, where there has been a strong agitation. It is not likely that the scheme will be worked out completely at this year's convention, but it will be given consideration.

NEW I. C. R. SERVICE

Two Thru Express Trains to Be Run Daily.

MONTREAL, May 26.—(Special.)—It is understood this season there will be two thru-all-year express trains on the I. C. R. from Montreal to Halifax. Commissioners Butler, Pottinger, Brady and Higin leave here tomorrow for Lewis en route to Sydney.

St. Andrew's College. The enthusiasm of a new hat from Dineen's is only equalled by the pleasure of a new cap. Our styles represent the most attractive novelties from New York and London, and are the ones that find quick favor with our class of customers. Exclusive designs in headgear for motoring and golf and for boys we have the St. Andrew's College and Harbord Collegiate School Caps, as well as all other makes.—The W. & D. Dineen Company, 140 Yonge-street, corner Temperance.

OLD HOME PROUD OF SIR JAMES

Non-Political Reception for Premier at Morrisburg—Address on Imperial Topics.

MORRISBURG, May 26.—(Special.)—The James Collinses of Morrisburg, at a reception given to Sir James Whitney. It was the premier's first visit since receiving his knighthood, and men of both parties joined in the reception.

Sir James avoided provincial issues in his address, and turned party topics to imperial affairs, forecasting a scheme of imperial federation within the visible future.

The premier was supported on the platform by leading citizens of Dundas County, including Adam Harkness, Hugh Ross, ex-M.P., Irwin Hilliard, Andrew Broder, M.P., T. W. Ault, Dr. Reddick, James Irvin, Frank McCloskey and James Collinson. Fred H. Brody, president, Messrs. Ross and Broder spoke a few words.

Sir James, who was received with tremendous applause, said that when he was asked to meet the club he stipulated that his visit should be non-political in significance. We often had too much party prejudice. Both political parties desired the good of the country, no doubt, but as they were composed of mortals they go astray sometimes.

The premier did not consider there was any possibility of war between the United States and Great Britain, and the Monroe doctrine of the United States assured Canada protection in the event of European hostilities.

He was glad that parliament had put itself on record that Canada would come to the aid of the mother country in time of need. He was also glad to see those sentiments acted upon unanimously by the other colonies.

Should Have Offered Dreadnought. "But in my humble opinion," said Sir James, "better results would have followed if the government at Ottawa had called that we are prepared to recommend to the house to appropriate the price of a Dreadnought or perhaps two Dreadnoughts if they had done that, I am not sure it would ever have been necessary to send the Dreadnought, but all the crowned heads of Europe, and the navy authorities of the British Empire, would have seen that all around the world the whips of the lion are held and ready at all times to stand by the mother country."

"Canada's only contribution for the benefit of British institutions was \$500,000 in the navy estimates. I have annually, but he was glad that Canada was sending two cabinet representatives to England for the imperial conference.

"We are anxious," the premier went on, "to stand together and discuss this question of imperial reorganization, and I trust that the government will be able to be borne by each component part of the empire. Canada will be proud of the day when we will stand side by side with our brethren of the empire in the great imperial procession, and when we will cheerfully bear our share of the imperial burden."

In conclusion, Sir James spoke feelingly to his constituents, from whose midst circumstances had kept him. He was grateful for the more by less order he had in his engagements in the future as to be with them more frequently. He assured the meeting that he was at home this summer and would spend some time among them.

SIR WILFRID AND SIR LOMER

Federal Premier Said to Be at Oute With Quebec Leader.

MONTREAL, May 26.—(Special.)—Feeling is becoming general in political circles that talk about the coming retirement of Sir Lomer Gougeon, and the possibility of Sir Wilfrid Laurier, it is whispered that Sir Lomer has on more than one occasion absolutely refused to be guided by the Ottawa wing of the party. There will be a big demonstration here in a few days in honor of Sir Lomer Gougeon, and many are wondering if Sir Wilfrid will consent to participate in the Windsor Hotel love feast.

AT LAST.

OTTAWA, May 26.—(Special.)—Arthur Lomer, who commenced to-day on the Laurier Hotel on Major's Hill Park, the commanding site which has been given to the Grand Trunk Railway.

MAY BE PREMIER AGAIN.

MELBOURNE, Australia, May 26.—It is expected that Deakin, leading the united opposition, will challenge the government to overthrow it.

When the Girls Went to London

Now that The World is once more inaugurating a monster popular competition, it was somewhat of a co-incidence when R. H. Lea walked into the office yesterday, recalling the great competition of 1907.

Mr. Lea has been appointed general agent for Canada of the Great Western Railway of England, succeeding E. W. Burch, who has been in the city for two years past. Mr. Lea had the pleasant recollections of The World's party of "Maple Blossoms," the eleven young ladies who travelled to London and Paris at The World's expense. The Great Western route was chosen from London to Liverpool, as traversing the most beautiful and interesting of the scenic counties of England, and Mr. Lea himself travelled on the special train and spared no pains to secure the comfort of the travellers.

Mr. Lea has opened an office in the Traders' Bank Building for the benefit of tourists and others with interests in the south and west of England.

WILL THEY DISQUALIFY JAMES?

JUDGE COCHRANE: We've got to deal with that case yet

EX-BANKER ON TRIAL FOOLS WITH REVOLVER

Some Doubt as to Whether Ex-Speaker Roy Really Wanted to Kill Himself Yesterday.

MONTREAL, May 26.—(Special.)—There are conflicting theories in Montreal and St. John's to-day as to the motive which impelled the Hon. P. H. Roy, ex-Speaker of the legislative assembly and ex-president of the St. John's Bank, now being tried for wrecking that institution, to attempt suicide early to-day. There are those who say that Roy really was advised and that the attempt was only a ruse to delay the finding of the jury. As it was, he shot himself in the foot while in bed, and was taken to the hospital where he came into contact with Justice Monet ordered that he be kept in till the end of the trial.

The act, you perpetrated this morning was an attempt at suicide. You committed a crime against law and society," said the judge. "If it was not an attempt at suicide, it was the most criminal farce ever perpetrated in this part of the country and you deserve punishment."

Roy replied: "I beg the court to excuse me for what I have done or what has happened to me. My case is a very critical and difficult one. I do not have the necessary time to give my attorney all the information that I would like to give him. You know that my faculties, both mental and physical, are becoming very weak on account of the disease I am suffering from. My memory is very bad at the moment when the flames started to shoot up the staircase I jumped from the window, telling the children to follow. Ernest, the eldest, jumped also, but the others remained in the burning room. Two children were with Ernest at the window when she jumped. Mrs. Oldfield said she had used the lamp two years. Just a few days before the accident had filled the lamp about three-quarters full of oil and put in a new wick."

Harry Oldfield and Arthur Southon, the two laborers who were first to the rescue, testified that after catching the baby, Oldfield and Ernest, when they jumped, they had endeavored to get up to the window by means of a ladder, but owing to the flames could not enter.

Mr. Gill, the nearest neighbor, said he was aroused from slumber by noise and looking out saw flames bursting from the windows of the Oldfield home. He also heard cries and advanced as far as his door to investigate, but seeing the house ablaze, and endangered, commenced at once removing his furniture. Replying to a question by a jurymen, Mr. Gill said he did not know that any persons were burning to death in the house at the time.

Dr. Corrigan read a report of the post-mortem, giving the cause of death as suffocation and burning.

CLAIMING FORTUNE, MEETS DEATH.

OTTAWA, May 26.—Having come to Ottawa in order to get some money which he stated, was lying in a local bank for him, Daniel Donovan of Renfrew, aged 76, is dead as the result of a fall down the stairs of Moore's Hotel.

MOTHER JUMPED FIRST TOLD BOYS TO FOLLOW

Mrs. Oldfield Tells Jury Story of Fire Which Destroyed Home and Offspring.

That Charles Oldfield, who with his three little brothers, sons of Ernest Oldfield of Wyckwood, lost his life in the fire which destroyed the Oldfield home on the night of the 20th inst., came to his death by suffocation and burning, was the verdict of Coroner Dr. Gilmour's jury last night. The jury added a rider recommending "that immediate steps be taken by the district to provide some means of protection against fire."

T. L. Monahan, assistant county crown attorney, conducted the examination of witnesses. Mrs. Oldfield was sufficiently recovered from injuries sustained in the fire and from shock, to attend the inquest and give a comprehensive account of the fatality. She entered the room heavily veiled and leaning on the arm of her husband, Ernest Oldfield.

Mrs. Oldfield said she lit the lamp at the stair landing about 9.30, or just before taking her children up to bed. She got the four little ones in bed and lay down herself on the bed beside the baby. When she saw the burner of the lamp blazing she removed the chimney, and in her excitement knocked the lamp off the table and kicked it downstairs. The bowl broke and the oil ignited, the flames shooting up and setting fire to the wall paper and curtains. Finding she could not get out by the way of the stairs Mrs. Oldfield returned to the children and commenced calling for help from the window. When the flames started to shoot up the staircase she jumped from the window, telling the children to follow. Ernest, the eldest, jumped also, but the others remained in the burning room. Two children were with Ernest at the window when she jumped.

Mrs. Oldfield said she had used the lamp two years. Just a few days before the accident had filled the lamp about three-quarters full of oil and put in a new wick.

Harry Oldfield and Arthur Southon, the two laborers who were first to the rescue, testified that after catching the baby, Oldfield and Ernest, when they jumped, they had endeavored to get up to the window by means of a ladder, but owing to the flames could not enter.

Mr. Gill, the nearest neighbor, said he was aroused from slumber by noise and looking out saw flames bursting from the windows of the Oldfield home. He also heard cries and advanced as far as his door to investigate, but seeing the house ablaze, and endangered, commenced at once removing his furniture. Replying to a question by a jurymen, Mr. Gill said he did not know that any persons were burning to death in the house at the time.

Dr. Corrigan read a report of the post-mortem, giving the cause of death as suffocation and burning.

TO LIVE IN WISPEG.

MONTREAL, May 26.—(Special.)—E. J. Chamberlain, G.M. and V.P. of the Grand Trunk Pacific, will take up his headquarters at Winnipeg after the first of next month.

THE TURF IS STILL THE SPORT OF KINGS

London Telegraph Lauds His Majesty's Identification With the British People's Recreations.

LONDON, May 27.—The winning of the Derby by King Edward is a theme of boundless pleasure and enthusiasm, and it is a long time since the morning newspapers have devoted so much space to this popular race.

"We hope," says The Daily Telegraph, "that the royal family of England will continue to identify themselves, as King Edward so long has done, with the national sports and recreations of the English people. The turf is still the sport of kings, and the English turf a splendid, historical institution, well deserving of the patronage and support of the highest in the land."

The other newspapers are similarly loyal in expressions of congratulations and satisfaction over King Edward's victory for King Edward. Sporting Life says: "What would have happened if no mishap had attended Sir Martin can only be a matter of conjecture. But certainly the interest of the exciting finish would have been heightened, for there is no question that the American colt was going wonderfully well up to the time of the disaster."

The Sportsman has this to say: "It was a most unfortunate occurrence, for the competing jockeys, Sir Martin was pulling double and going better than anything; in fact, looking all over a winner."

Jockey Martin in an interview stated in most emphatic terms that it was impossible to blame anybody for Sir Martin going down, declaring that it was purely an accident. He added that King Edward's victory was the brightest thing that could have happened.

GRAND CIRCUIT FOR TORONTO

Exhibition Directors Make Suggestion at Toronto Driving Club's Dinner.

Over a hundred enthusiastic horsemen attended the sixth annual banquet of the Toronto Driving Club last night at the King Edward Hotel. From the tenor of the speeches made there is a long and prosperous future ahead of the harness horses. The Toronto Driving Club is comparatively a young organization, but at each of these banquets the increase in the membership has been plainly shown. The tables were prettily laid out in the club's colors and were placed in a horse shoe shape. The first address was made by ex-Ald. Sam. McBride, the president, he giving a brief history of the organization and telling of its successful meetings.

Dr. Orr and C. A. B. Brown spoke on behalf of the exhibition board. They promised that in the near future there would be a mile track and probably a grand circuit meeting, what the Toronto Driving Club has been waiting for. Mr. L.A. and Ald. McGehe and J. Nixon also spoke while letters of regret were read from Sir James F. Whitney, Mayor Oliver Hon. Adam Beck, Dr. Pyne, Thomas Crawford and A. C. Macdonald, Dr. A. Smith, W. K. George and many others. During the evening a musical program was furnished by Eddie Pigott.

LEAVES SIX MILLIONS.

LONDON, May 26.—(C.A.P.)—Charles Morrison, ex-chairman of the Trust and Loan Company of Canada is dead. His estate is estimated at \$11,000,000.

KING MINDS DERBY ALL ENGLAND CHEERS

His Majesty Shows His Thoro Sportsmanship By Following Tradition in Leading His Horse to the Paddock.

LONDON, May 26.—The news of King Edward's victory at Epsom to-day drew an immense throng to the Victoria Station, and when the King and Queen Alexandra alighted from the train and made their way to their carriages they met with a memorable reception. Huge crowds lined the whole route to Buckingham Palace and repeated and enthusiastic cheers testified to the great popularity of the success of the sovereign.

EPSOM, May 26.—King Edward's brown colt, Minoru, to-day justified his name, which is Japanese for "Success," by winning the Derby, which will be remembered always in the annals of Epsom as one of the finest races ever run on that historic track.

W. Raphael's Louviere, with France's star jockey, Stern, on his back, came under the whip close on the attendant upon Minoru that the spectators were undecided which led until the King's number was displayed on the black-board. The British aristocracy, Princess Victoria, the Prince and Princess of Wales, and other members of the royal family came down by train. **KICK ON WATER RATES**

Govt. Claims Manufacturers' Price—Change in Fire Department.

HAMILTON, May 26.—(Special).—The fire and water committee this evening recommended Captain Robert Althaus for second assistant of the fire department. Fireman Elliott was demoted for being under the influence of liquor. Fireman Nat E. Winham resigned, and F. Hughes, J. Hendry and W. Baker were appointed. A lieutenant, at ten cents a day extra, will be appointed at each of the eight stations. The committee want a by-law prohibiting the location of small theatres or moving picture shows in the district bounded by Barton, Caroline, Hunter, and Wellington streets and one prohibiting standing in the aisles. Ald. Milne suggested a more rigid system of investigating the cause of fires. Chief Tomczak said he often had his suspicions, which were communicated to the police. A. B. Baxter, who had a \$500 coil killed by the fire department, asks for \$250. The provincial secretary announced that the provincial institutions which were now being charged at the rate of 12 1/2 cents a thousand gallons for water would pay only the manufacturers' rate of 7 1/2 cents, according to a new act of the legislature. As the asylum is not in the city, the city solicitor suggested that the new act might not apply to the rate charged by Hamilton, and he will investigate. Buffalo Bill's Wild West Show, which comes here June 29, also kicked about the water rates, but no concession was made.

The body of Jack Jamieson, drowned about a month ago while trying to rescue a hat, was found on the north shore of the bay near Oakdale this evening. Coroner Baugh will enquire.

At a meeting of the civic improvement section of the Greater Hamilton Association this evening, President H. Tasker Steele denied that at the last meeting he had made reflections on the magistrate. A prominent Federalist arranged for prizes for children in various districts for best kept yards and lawns.

A Windsor despatch says V. J. Greenhill, manager of the Hamilton branch of the Merchants' Bank, becomes manager of the Hamilton branch, but W. E. Butler, local manager, has not been notified yet.

Left \$143,000.

William Stephenson, Clinton Township, an inventor, left an estate valued at \$143,329.29. He died intestate.

Henry Bush, 25 Kent-street, fell on Kent-street last night, striking his head against the curb and fracturing his skull.

The Otis-Person Company has decided to remain in Hamilton. A factory for the manufacture of castings of all kinds will be established here. The company has purchased 28 acres of land.

This morning Magistrate Jeffs ruled that the distribution of religious tracts was not a violation of the by-law prohibiting the distribution of handbills. Private Moir, who killed Sergt. Lloyl at London, has made two attempts to escape from the Hamilton Asylum. Recently he tore up the sheets of his bed and had almost succeeded in binding the guard, when two attendants came to the rescue.

J. A. Zimmerman, druggist, was fined \$20 for selling a box of chocolates on Sunday.

A St. Louis despatch says that Geo. Lenox, an old telegrapher, born in Hamilton, is dying in a hospital there. He was a cowboy with Andrew Carnegie and fished the assassination of Lincoln.

**ROME THREATENING BRITAIN'S FREEDOM**

Dr. Sproule, Orange Grand Master, Utters Warning and Calls for Protective Measures.

PETERBORO, May 26.—(Special).—Nearly 200 delegates are attending the annual convention of the Orange Grand Lodge of British America. This afternoon reports were read and committees appointed.

Dr. Sproule, grand master, in his address dwelt on the seeming alarming growth of the influence of the Church of Rome in Canada and in Great Britain.

"In every country," said the grand master, discussing the political activity of Rome, "where she has a foothold is not in the city, but in the greater force every year. Her last notable effort is the bill introduced by John E. Redmond in the imperial house of commons for the removal of Catholic disabilities."

Should Petition be Thousands.

It has been suggested to me that the Orangemen should get up signed petitions to the imperial parliament, as subjects of the king, protesting against any interference with the Coronation Declaration, and when numerous signed—and they ought to be signed by hundreds of thousands to be any value—have them sent over by this grand lodge either to a representative of our brethren in England, or to the Protestant Federation for presentation to the house of commons."

Referring to home matters, he said: "The educational system of our country seems to be particularly defective. It is our duty to be particularly careful to break it down. Not content with securing separate school rights for herself, she is at every session of parliament, thru her emissaries, introducing new bills to add to those rights. In the provincial legislature of Ontario only last session two of those important bills made their appearance. No doubt they will be reintroduced next year. One was known as the 'English Bill' and the other the 'McGarry Bill.'"

The last notable instance of a desire to discredit the public school system was an amendment to the laws of Manitoba, Saskatchewan and Alberta, whereby the proceeds of the sale of school lands, and being conserved and support of public schools, may now be shared by the separate schools by omitting the word 'public.' This was done so adroitly as to escape the notice of those who were watching the bill when in committee of the whole house, and being introduced by clause, the word schools, owing to the way the order paper was kept loaded up with bills before it being never reached during the session."

**Statistical Reports.**

A cash grant will probably be made to the Protestant Federation. The grand secretary reported that members initiated numbered 644; joined by certificate, 233; reinstated, 126; withdrawn by certificate, 254; suspended, 524; expelled, 100; died, 71. The value of real property was \$70,672; other ledge property, \$399,296; inventories carried, \$49,596.

New lodges were reported: Newfoundland, 3; Nova Scotia, 4; New Brunswick, 5; Ontario East, 7; Ontario West, 20; Manitoba, 5; Saskatchewan, 11; Alberta, 4; British Columbia, 6.

The grand treasurer reported a surplus of \$424.24.

The Orange Mutual Benefit Insurance Fund closed its last year with a surplus of \$28,655.38. Over five million dollars of insurance is carried.

**Prince Rupert Lots in Demand.**

VANCOUVER, B.C., May 26.—(Special).—With the sale of over \$300,000 worth of Prince Rupert property today, the total amount of sales at the Grand Trunk Pacific railway terminus were \$81,600. American visitors did heavy buying to-day.

**Ontario's Children's Aid System.**

At the approaching national conference of charities in Buffalo, J. J. Keiser has been invited to address the largest gathering of the conference on Sunday evening, June 13, in explanation of the Ontario law regarding aid to neglected and dependent children.

**OBITUARY.**

James Alford Wylie, aged 34, a C. P. R. engineer, died yesterday of typhoid fever. The body will be taken to Ayr on Friday for interment.

At Woodstock, N.B.—John Graham, aged 109; a prominent Orangeman.

At Belleville—Mrs. Charles Wilkins, aged 90; for many years prominent in society.

**Mount Forest—Hugh Kalls of Norway** Township, aged 102; a native of Ireland, but a resident of Canada for 80 years.

At Dawson City—Thomas Hounie of Regina, who captured Riel, aged 62.

At New Liskeard—Dave Herron, regarded as Dr. Drummond's successor as the poet of "The Habitant," died Tuesday in the New Liskeard hospital from inflammatory rheumatism, after a long illness.

At Chatham—Major J. R. Graham, aged 58 of London, Eng., technical adviser of the East Tibury Canada Oil Fields, Limited, from apoplexy. He was active in the Zulu campaign in 1879, and in India and Egypt and was subsequently an attaché of the British Embassy at Washington.

**Dynamite on Lake Leno.**

BUFFALO, N. Y., May 26.—Four sticks of dynamite were found to-day in the discharge pipe of the steamer Frank T. Herfflinger, at the Erie coal docks. Attached was a capped fuse which had been ignited but was extinguished.

The National Civic Federation are to try to settle the strike.

thought. On the contrary, they have just passed out of the possession of descendants of Brigham Young into the custody of Dr. George T. Tallmage, curator of the Deseret Museum, Salt Lake City, Utah, who will now proceed to issue as many Mormon coins as he pleases, and collectors who have paid as high as \$3000 for a single "gold coin struck from a die thought to have been destroyed long ago, are not the only numismatists to whom the news of the new coinage comes as a shock.

THURSDAY MORNING

THE ROBERT SIMPSON COMPANY LIMITED. Three-piece Suits IN THE REA STORE

STYLES are pronounced and such as the Woodbine witnesses as fashionable without question.

Prices are greatly modified. For example:—

Cream Chiffon Broadcloth 3-piece Suit, Paris model, prettily embroidered with soutache braid; long, hipless coat. Regular \$75.00, for \$50.00.

Imported 3-piece Suit of grey serge, hand-embroidered; coat is 42 inches long, pointed effect. Regular \$135.00, for \$75.00.

3 piece Suit, imported from New York, of black Prunella cloth, yoke of chiffon, embroidered in black; long coat, trimmed with jet buttons. \$175.00, for \$85.00.

FOR SIMPSON ADVERTISEMENT SEE PAGE 13

OF INTEREST TO WOMEN

Society at the Woodbine.

Their excellencies attended the races informally, yesterday afternoon, when the Countess Grey was wearing a rose du barri silk voile gown and hat of the same shade and long black and white strap with accents. Lady Sybil Grey wore a lingerie frock over pink silk, and with deep pink sash hem, Leighorn hat with roses. Lady Evelyn was in a flowered silk and a rose hat. Lady Hanbury Williams, who accompanied the viceregal party, was in a black taffeta dress and hat with a wreath of white flowers. A smaller crowd than usual was present on the lawn, but a number of handsome costumes were worn, notably:—

Mrs. David W. Alexander, who was wearing a smart pink linen tailor-made suit and large pink clip hat with wreath of shaded grapes. Mrs. Boone, in a pale blue dress, over which was worn a lovely coat of blue hand-embroidery and lace; a hat to match. Mrs. McWhinney was all in bright blue and looked extremely well. Mrs. Smith, Montreal, was in a smart black dress, black and mauve hat and a lovely pearl necklace. Mrs. Clinton Williams, a cream dress, long fawn coat and hat with cherries. Mrs. Van Straubensie, blue striped, tailored dress and hat of a darker shade. Mrs. Reynolds, a handsome taupe tailor-made, with amethyst ornaments and hat to match, with hand-embroidered Moore looked charming in a black silk gown with blue and gold scarf, long blue velvet coat and black toque with blue choux. Miss Anthes wore a black dress and hat with a beautiful white lace coat. Mrs. Jack Hendrie, Hamilton, a black and white gown and hat to match. Miss Mortimer Clark was in a blue-grey tailored dress and black hat with blue, and Miss Eliza was in a white cloth suit and simple white hat.

GREEN SICKNESS

A disease of young girls

Interesting and suggestive advice that all should read.

Many mothers will echo the conclusion expressed in a very interesting and suggestive letter written by Mrs. Zacharia Pollard of Grand Bay. "It is one of the illusions of motherhood that once the diseases of childhood have been successfully passed a smooth road lies before their dear ones. Boys bruise themselves, or perhaps break a limb, but the physical history of the young girl is subject to so many dangers it is only when some great one has been successfully overcome that we realize how many dangers there are. My eldest child, a daughter, just as she had entered upon the fifth year, suddenly developed weakness, her color faded, some unpleasant heart symptoms indicated a lowered vitality of that organ, but, strange to say, she appeared plump. The bodily functions were obstructed, and a waxy or pallid, or yellowish skin gave her a ghastly look. The doctor's tonic failed to improve the symptoms, we decided to try Ferreroze, so highly recommended in the newspapers. It was probably three weeks before any manifest change was noticeable, but once that Ferreroze checked the running-down process the upward advance was rapid. I suppose if I had neglected to give her Ferreroze she would have fallen into permanent ill-health; as it is, I am deeply thankful that Ferreroze has completely restored my daughter to vigorous robust health. No tonic so nourishing, as strengthening, as Ferreroze. It gives you a good appetite, brings fine color, a healthy glow to the cheeks. If thin, you gain in weight. Think it over—Ferreroze is just what every person in poor health requires. Sold by all druggists, 50c per box or six boxes for \$2.50. Try Ferreroze to-day.

GET STARTED TO WORK IN EARNEST AT ONCE

We Are Anxious for You to Make a Good Showing at Once and That is the Reason We Are Talking to You Every Day.

If you are ever going to interest yourself in The Toronto World's contest we would like to see some indication of it now. We are willing to do anything within reason to get you started to work. We have proven this by our efforts heretofore, and if you were looking out for yourself as you should be you would long ago have been harder at work. There are those contestants who have a wide circle of sympathy who can go among them and easily secure enough subscriptions to make an admirable showing in the race. Then there are those who will not depend wholly upon their friends, but will approach absolute strangers and ask them for subscriptions. You should remember that, even though the Toronto World is not, and that you are not asking them to subscribe for an unknown paper. Don't be a bit backward about putting your proposition before anyone whom you may chance to meet. And don't let one refusal discourage you. If you allow this you are setting before you a fair starting. It's the man who positively refuses to be discouraged who wins out in anything, and you can learn a lesson now as well as at any other time. And don't work by spasms. Keep at it steadily all the time. If you do this you won't be likely to miss anything that may be picked up by your opponent. This will be watching for an opening during the next few days, and unless you are very vigilant some one is going to get ahead of you. You won't feel half as much like working after you have fallen behind. The proper thing to do is to get ahead and stay ahead. If you do this you are perfectly safe, in that your opponents are. Otherwise you are constantly in danger of being defeated. There is something about a defeated man that always excites one's sympathy. Who doesn't sympathize with any good, save, possibly, to take some of the sting out of the defeat. Better to win the contest by hard work, you will have won, and the harder you have worked in order to win the happier are your feelings. When you have won the contest by hard work, you will feel at peace with all the world, and you will feel so thankful toward yourself that, figuratively speaking, you will be putting your own back for many a day to come. We should be glad to see you at any time in the offices of the Contest Department. You will be able to encourage you by advice and suggestion, which we are always ready to give. Come and see us.

Maybe you don't care for the appearance of your shoes. But if you will see some of our new Queen Quality Oxfords you will care! And more, you'll buy! And more, you'll thank us for telling you of them in time.

THE ROBERT SIMPSON COMPANY LIMITED

NEW PLAN FOR CAR LINE TO EXHIBITION GROUNDS

However, Prospects for New Eastern Entrance This Year Are Not Very Bright.

While the prospect of a new eastern entrance to the exhibition appeared bright a week or ten days ago, the situation has become complicated by the objection raised by the street railway to laying a car line thru the Consumers' Gas Company property to Tecumseh-street. A new proposition which the board of control will consider doesn't appear to solve the difficulty. The idea is to expropriate the gas company's property and to extend the tracks thru to Strachan-avenue, and build a bridge across the tracks at this point. But the consent of the street railway would have to be obtained, and with the opening of the exhibition only three months off, it looks like delay for another year at least. Controller Ward says the trouble might be overcome by the city itself building a line from Yonge-street along Wellington-street to Bathurst-street and thru to the eastern entrance. No Clear Slot Machines. The civic legislation committee decided against allowing an enterprising firm to dispose of slot machines thru the medium of slot machines. The city solicitor reported that the Inland Revenue Act didn't allow tobacco or cigars to be sold except from stamped packages or boxes provided according to the act. The Home for Incubables is asking the city to have the 'per-diem' paid on patients agreed to by the city apply to all patients who have entered since the first of the year instead of April 1. Completion of Garbage Dump. The people of Pickering-street, East Toronto, complain that garbage is being dumped on that thoroughfare. Dr. Sheard says the garbage is handled under contract and is deposited on a vacant lot. He will look into the complaint. Controller Ward doesn't intend to make the sea wall campaign one of

Visitors in Toronto Get a Souvenir

In buying souvenirs buy something worth having, worth keeping, and worthy of the visit to Canada's finest city. In Toronto there is the largest Oriental Rug Store in Canada, and probably the largest exclusively retail Oriental Rug Store in America. Nothing could be a worthier souvenir of your visit here, or a better investment of winnings made at the races, than the purchase of an

Victoria Industrial School. At the meeting of the board of the Victoria Industrial School yesterday Deputy Superintendent Gauld was appointed a delegate to the annual conference of charities and corrections at Buffalo in June. Reports showed 246 boys in the school on June 1 and 20 committed during the month, of whom three were from Toronto. Several girls in the school for the past few weeks were awarded. It is expected that Lieutenant-Governor Gibson and Premier White will be present at the annual inspection of the cadet corps on June 10. There are 67 girls in the Alexandra School.

Drowsy Under Auto in Two Feet of Water. STOCKTON, Cal., May 26.—Mrs. Warren Jones, wife of a wealthy farmer, and the 8-year-old son of his sister Mrs. Isaac Robinson, were drowned when an automobile was overturned in two feet of water. Mrs. Robinson was saved from drowning by her daughter, a child of 8, who held her head above water until she was released.

Dr. Reaume Going Abroad. Hon. Dr. Reaume, minister of public works, will sail from Quebec Friday, June 4, on the Empress of Ireland, for a holiday jaunt to the old country. He will be away two or three months.

Do not delay treatment thinking that you will get all right, for anaemia in its perilous form is often incurable. Get all the sunlight and fresh air you can and add to the richness of the blood by using Dr. Chase's Nerve Food. You will soon note improvement, and his treatment can prove the benefit derived by keeping a record of your increase in weight. 50 cents a box, 6 boxes for \$2.50 at all druggists, or Edman, Bates & Co., Toronto.

What's the Matter With the Blood?

It is thin and watery, the lips and gums are pale, the whole system is weak and run down. The food fails to supply the necessary nutrition and to get well you must use such treatment as Dr. Chase's Nerve Food. Your mirror shows you that the lips and gums are pale and the inner eyelids without color. What can be the matter? You are anemic. There is a deficiency in the quality or quantity of blood in your body. The food you eat fails to make good this shortage. You must use some preparation that will supply in condensed form the elements from which blood is made. Now Dr. Chase's Nerve Food is exactly what is required in ailments of this nature, for it is above all else an enricher and builder of the blood. Women and girls are particularly subject to anaemia. The feminine system demands an immense amount of blood in carrying on its functions and unless the system is strong and well nourished there is likely to follow a bankruptcy in the blood supply. Such symptoms as loss of appetite, lack of interest in the affairs of life, feelings of languor and fatigue, impaired digestion, a shortness of breath, dizziness and fainting, cold hands and feet, heart palpitation and weakness and irregularities are an indication of anaemia or bloodlessness. Do not delay treatment thinking that you will get all right, for anaemia in its perilous form is often incurable. Get all the sunlight and fresh air you can and add to the richness of the blood by using Dr. Chase's Nerve Food. You will soon note improvement, and his treatment can prove the benefit derived by keeping a record of your increase in weight. 50 cents a box, 6 boxes for \$2.50 at all druggists, or Edman, Bates & Co., Toronto.

unreasonable. There is an inclination
to take the matter up in the different
denial associations of Ontario, so as
to get the effect of a wide effort, and
the assistance of your paper will be a
great help.

Pay in Advance.

Editor World: I see you are starting
a campaign against the Bell Telephone
Company, in which you have my sym-
paties. I have a business and house
phone and I object very much to being
requested to pay six months' rates in
advance. I do not know of any other
business that enjoys such a privilege.

Most lines of business are glad to re-
ceive their money when it is due. I
have a good credit in Toronto and have
been using the Bell phones for a
number of years, and owe them nothing.
While taking a few weeks' rest from
days last summer, and the telephone
rent coming due while I was away,
they telephoned my clerk and said a
man would be sent over to remove the
phone unless payment was immediately
made and asking six months' unearned
payment at that. They took no
pains to find out whether a man was
worth anything or not.

It would seem as if the Bell Tele-
phone users had to stay awake nights
to worry over their phones. Such
treatment is a little too arbitrary.

When an objection is made about pay-
ing six months in advance they an-
swer that it would disarrange their
bookkeeping. I suppose it would mean
they would have to employ more book-
keepers, and the profits would not be
so great.

I am sure you will have the hearty
sympathies of the people of Toronto.
It is about time they were brought un-
der the limelight. T. Orford,
66 Church-street.

We Will Try Anyway.

Editor World: I see by your valuable
paper that any private house paying
more than \$25 per year for a phone
will get it for that price by notifying
you, and that the name will be kept
private. We have a phone for which
we pay \$30, and would be greatly ob-
liged to you if you would use your in-
fluence to get it for \$25. Mrs. J. B.

THE WEATHER

METEOROLOGICAL OFFICE, Toronto,
May 26-28 (p.m.)-Pressure is decreasing
generally. Canada and assuming more
the westerly type of distribution. A few
scattered showers have occurred in Sas-
katchewan and Alberta. Elsewhere the
weather has been fine and warm.

Minimum and maximum temperatures:
Toronto, 45-70; Ottawa, 44-70; Montreal,
52-74; Vancouver, 51-58; Edmonton,
42-74; Battleford, 52-74; Calgary, 40-72;
Winnipeg, 48-70; Port Arthur, 38-64;
Perry Sound, 44-74; London, 48-74; To-
ronto, 45-70; Ottawa, 44-70; Montreal,
52-74; Quebec, 40-72; St. John, 38-58;
Halifax, 38-62.

Lower Lakes and Georgian Bay-
Moderate to fresh winds, mostly east
and south. Shows and thunderstorms
more generally towards evening and at
night. Not much change in temperature.

Ottawa and Upper and Lower St.
Lawrence-Fine and warm to-day; show-
ers and local thunderstorms on Friday.

Lake Superior-Moderate to fresh
winds westerly; showers and local
thunderstorms.

Manitoba-Fine and warm; a few scat-
tered showers or thunderstorms on Fri-
day.

Saskatchewan and Alberta-Generally
fair and scattered showers and thun-
derstorms.

FOR WEDDINGS

DIAMOND PENDANTS

New and artistic Diamond ornaments
are daily being sent down from our
factory.

Original creations which when seen
are greatly appreciated.

One new arrival is an exceedingly
brilliant Platinum Sunburst, entirely
set with diamonds; its price is \$375.

Another beautiful ornament comes
in the form of a Diamond Necklace en-
tirely made of Platinum; its price is
\$500.00.

Our Diamond Designs are original
and cannot be purchased elsewhere.

KING WINS DERBY

Continued From Page 1.

of the Princess Royal and the Duke of
Fife.

Reports from all sections tell of en-
thusiastic scenes when the news of
his majesty's good luck was received.

While it is the first time that a King
of England has owned the Derby win-
ner, His Majesty Edward VII, twice,
when Prince of Wales, enjoyed the
distinction, in 1896 with Persimmon
and in 1900 with Diamond Jubilee.

The Derby is run nearly straight-
away, as it has only one turn—Tat-
tenham Corner. That point in the race
marks the beginning of the home-
stretch. It is nearly a half mile from
the finish. The bend in the course
there is very sharp, and it takes a
skilful jockey to pilot his horse around
it, so that no ground will be lost. On
many occasions it has proved the shoal
water, which is found there, has been
overlooked by being carried wide
or being caught in a "pocket" from
which there was no escape, and it was
again a hard race.

After the field had straightened out
it was a very close race. King led the
course until a mile to-day. King
is called the "dip"—a depression in
the earth. In the last quarter the
course is very hilly, and the winner
sprints to the winning post. It is made
all up hill. This undulating track,
with a severe climb at the end, favours
the strong and the sprinter. Only
those who are possessed of good lungs
and stout hearts can endure success-
fully the strain.

The Lord Methilham's William the
Fourth was a good third in the race,
and half a mile behind. The American-
bred colt, Sir Martin, retook
one of Minerva's foremost rivals, was
divided out of two conferences, was
Kingston as a dividing point. It is to
be known as the English Lutheran Synod
of Canada, including from New
York to the east to Manitoba. M.
J. Bieher of Hamilton was appointed
east field missionary. Rev. H. A. Kun-
ze of Hamilton, secretary, and C. H.
Fleischer of Toronto, treasurer.

Buffalo, May 26.—The marine lab-
orers held a conference to-night to
discuss an alleged attempt to dynamite
the ship "Hector" at Toronto. A horror
was expressed at the possibility of such
an act and the opinion was expressed
that members of the striking marine
organizations placed the dynamite on
board the boat. The theory was ad-
vanced that the whole thing was a
"plant" to put the union in disgrace.

Touched by Colored Women.

Ann Williams, colored, was arrested
last night by Policeman Turner
(108) on the complaint of Harry Reisd-
er, 118 McCaul-street, who says the
woman extracted a wallet containing
\$45 from his pocket when he took out
his watch to tell her the time in an
alley off Queen-street. The money was
found in the doorway where the wo-
man had been standing.

Minor is a bay colt by Cylene, out
of Mother Siegel, and is consequently
a high-class animal in the thorough-
bred list. Cylene is the sire of Cylene,
who won the 1906 Derby for Lord Rosebery.

As a 2-year-old Minor was not much
of a success on account of some eye
trouble, but he made a few good at-
tempts, showing that he possessed
speed and stamina. His work as a 2-
year-old continued to show improve-
ment.

Latona Program.

CINCINNATI, May 26.—Entries for to-
morrow at Latona:

WONDERFUL MEDICAL

FEAT IS ACHIEVED

Prominent Physician Has Discov-
ered a Sure Cure for the
Great White Plague.

A discovery which can literally be
called the eighth wonder of the world
has been made recently by Dr. Pelletier.
This wonderful achievement was the
labor of several years of chemi-
cal research, years of elation and dis-
couragement as time without number
he thought he had discovered a sure
cure for tuberculosis, only to find at
the last moment that he had failed.
But being a courageous man he brave-
ly faced those many obstacles that were
strewn about the path to fame and at
last he succeeded in perfecting his
remedy and now he stands the one
physician on the earth who has proce-
dured the greatest enemy in the
world to the world's most deadly disease
that is known to civilization, the White
Plague.

Dr. Pelletier is justly proud of his
great achievement. The treatment is
not only a complete cure, but it
will cure those who are in the last
stages of the disease in less than a
month. In fact he has not failed in
all the numerous cases he has in-
treated, and he has given up the
way from those suffering from this
deadly plague in the first stages to
those who have been given up as
incurable by the world's best known
physicians. One of the most notable
patients he has permanently cured is
President Porfirio Diaz of Mexico,
who was a sufferer of tuberculosis for
over eight years.

Dr. Pelletier, when seen by a World
reporter yesterday at his Toronto of-
fice, 195 Church-street, appeared to be
more of a successful business man
than such a successful physician, as
he has proved himself to be also his
whole appearance and manner showed
that he was a man of extraordinary
ability and intelligence. "Yes," he said
to the reporter, "you are from the
World. Well you were lucky to find
me in at 8 o'clock, for my office hours
are from 10 o'clock in the morning
to 5 in the afternoon and 7 to 9 in
the evening, so you see the small
change you ran of getting me at 8
o'clock is the great cure that had
again ring me up on my phone, Main
841.

"Want to know my history?" said
Dr. Pelletier. "Well, I am a graduate
from France, South America and the
United States." Here the physician
opened a drawer and showed the
reporter a certificate from the
various countries.

The third annual field day exer-
cises of the Technical High School
were held on the Toronto University
Athletic Grounds yesterday. The
department and the girls' trophy by
M. Stewart.

York County and Suburbs

CANDIDATES IN NEW

WARD ALL AIR VIEWS

Big Meeting Endorses Sea Wall
Project—Suburban and York
County Notes.

WEST TORONTO, May 26.—(Special.)
—Dr. Clendenen presided over the
public meeting held in the old
five aldermanic candidates, when the
fine aldermanic candidate outlined
their views on civic matters in gen-
eral, past, present and future.

Probably 200 of the free and independ-
ent electors were present, and while
there was little enthusiasm there was
a manifest desire to learn from Ac-
ting Mayor Ward more about the
project to expend \$700,000 on the wa-
ter-front, than any other topic. All
the candidates were well received, and
the good points generously punctuated
with applause.

Ex-Mayor Jesse Smith reviewed
briefly his career in council, outlined
a number of suggested improvements
and reaffirmed his opposition to the
closing of Jane-street. The ex-mayor
closed a good reception.

"The Telegram has evidently not
grasped the tenor of my remarks when
it charges me with favoring the
closing of Jane-street," said ex-Solici-
tor Anderson. "I say most emphatic-
ally that Jane-street ought to re-
main open, and the cost of a subway
as a minimum figure ought to be borne
one-half by the C.P.R. and the other
half by the city." Mr. Anderson said
the \$500,000 of the \$1,000,000 debt of
the town had been contracted in further-
ing the C.P.R.

Referring again to the Jane-street
matter J. Anderson said: "The rail-
way commission cannot close Jane-
street, not to mention the water-front
of the city, and if they do, it is their
duty to pay for the work carried out in
their regime, among others the paving
of Dunlop-street and the erection of a
new fire hall.

"The Suburban Railway were not
running the Evelyn Crescent line, and
if they had, they would not have paid
the mileage tax for several years,"
said Mayor Baird. The tax was now
paid in full. (The mayor's
reception was cordial and the evening
was a success.)

Mr. Baird spoke effectively,
outlining the strong fight put up by
himself while in the council with
regard to the C.P.R. and the water-front.

"Why should we give to a great
monopoly rights and privileges with-
out adequate return?" said Mr. Bull.
"Pure water, good sewage, and rapid
car service are the three outstanding
needs of Ward 7," said Sam Hyding,
and on these he made a good practical
address, which carried conviction.

Acting Mayor Ward, Ald. Maguire,
and Ald. Crook spoke at some length
on the sea wall and the water-front
matter. Mr. Baird said that he had
done much active work for the city
and would do more. He is a member
of the board of trade and thru that
body has done much active work for
the city. He is a member of the board
of trade and thru that body has done
much active work for the city.

The closing meeting of the season of
the West Toronto Festival Chorus is
to be held in the old Methodist Church,
Annet-street, on Thursday evening
at 7:45 p.m. The committee hope to
see a full attendance of members.

Jesse C. Smith is prosecuting a vi-
gorous campaign for the office of
mayor of the city. He is a member
of the board of trade and thru that
body has done much active work for
the city. He is a member of the board
of trade and thru that body has done
much active work for the city.

Two "wags" were picked up by the
police at the Woodbine yesterday
and two in the streets. John Brady, 270
West 37th-street, New York, was ar-
rested in the track, while Ed Rooney,
alias Ryan, of the same address, was
taken at the same place by Detectives
Dr. Pelletier and G. H. Egan.

St. Stanley Stewart, 44 Arthur-street, by
Detective Armstrong.

Round Up of Wags.

Two "wags" were picked up by the
police at the Woodbine yesterday
and two in the streets. John Brady, 270
West 37th-street, New York, was ar-
rested in the track, while Ed Rooney,
alias Ryan, of the same address, was
taken at the same place by Detectives
Dr. Pelletier and G. H. Egan.

COBALT---Mining Market is Dull, But Shows No Tendency to Weaken

Mining Market is Dull, But Shows No Tendency to Weaken

Teniskaming Lower on Offer—LaRose and Nip Steady—Rest of the List Slightly Lower.

World Office, Wednesday Evening, May 26. Local mining brokers agreeing with the opinion, expressed in these columns yesterday, that until the market was somewhat better, such was certainly the case to-day, many brokers leaving the floor early to go to the train.

Another Shareholder Kicks. Editor World: I read with considerable interest a letter which appeared in your morning paper of 25th inst. regarding the Peterson Lake property.

Shareholders, wake up! Spur yourselves into action. Have your shares transferred into your own names, and work in accordance with the plan.

Standard Stock and Mining Exchange. Sell. Buy. Cobalt Stocks—Amalgamated—12 12. Beaver Consolidated—24 24.

LAKE TEMISKAMING RISES. HAILEYBURY, May 24.—The water in Lake Temiskaming continues to rise and many of the houses situated along the shore are afloat.

DRIFT AT SEA FOR FIVE DAYS. NORTH SYDNEY, N. S., May 26.—(Special).—After five days and nights in an open boat on the Atlantic, Louis, Robert and Guillaume Torquary arrived here to-day.

WANTED. 10 United Empire, 5000 Oil and Coal, 50 Walsworth, 300 Maple, 1000 Shamrock, 5000 Cobalt Majestic.

FOR SALE. 3000 American Silver King, 1000 North Co., 5000 Cobalt Development, 300 Maple, 1000 Shamrock, 5000 Cobalt Majestic.

ST. ANTHONY MINE FOR CHARITY'S SAKE

25 Per Cent. of Dividends Will Go Towards Building a Home For Boys.

COBALT, May 25.—(World's Special Commissioner).—That some of the wealth deposited in and around Cobalt should be used for the benefit of charity's sake seems proper and fitting.

And, furthermore, no shareholder has the right to sell or transfer any share in the company, or to have a transfer recorded, and the directors refuse to accept, record or enter any transfer of shares, unless and until the transferee accepts and agrees to be bound by the terms and provisions in regard to the retention of dividends for the purposes of charity.

The mines will be called the St. Anthony, and is located on Peterson Lake, and consists of 15 acres, splendidly located.

There are three shores and three islands in the acreage, and 100 feet of mining has been done on one of these islands, where there is a deposit of good quality in place.

On the Peterson Lake Little Nip, 1500 feet of drifting has been finished, and 40 men are working steadily.

It is significant of big things when one considers that the Crown Reserve is now on the payroll of the Crown Reserve Mining Co. This means additions and improvements to the plant and increasing shipments.

Another Keewatin Find. On May 24 there was rejoicing in the Farah camp, when a strong vein of calcite and silver, five inches wide, running east and west, was found in the Keewatin.

TOBACCO HABIT. Dr. McTaggart's tobacco remedy removes all habits for good, and only requires touching the tongue with it occasionally.

BOATING VICTIMS

Gasoline Launch Overturns in Canal and Seven Drown.

VIKSBURG, Minn., May 25.—A gasoline boat with ten passengers capsized in the middle of the Yaseo Canal during a storm and seven persons were drowned.

STRIKE IN QUEEN'S PARK. Twenty Teamsters Quit Work, Demanding \$5 a Day.

The public works department of Ontario has a small strike on its hands. About 20 teamsters who were engaged on the excavations for the addition to the parliament buildings, walked out yesterday morning. They ask \$5 a day. The present rate is \$4.50.

THE AGE OF THE EARTH. LONDON, May 25.—The geologists figured some time ago that the age of the earth is at least 250,000,000 years, and the mathematical physicists have computed that the sun itself has not existed more than 115,000,000. Now R. J. Strutt, an eminent scientist, has the result of a recent experiment with a chunk of thorium, it is containing helium, that the latter could have accumulated in less than 240,000,000 years.

EARTHQUAKE IN CHICAGO.

CHICAGO, May 26.—A very slight earthquake shook lasting only a few seconds was felt in this city and in the States of Indiana, Illinois, Wisconsin, Michigan, Iowa and contiguous territory beginning at 4:41.30 o'clock this morning.

Prof. Duxbury Coming. A literary treat is in store for those who are fortunate enough to be present at Prof. John Duxbury's new lecture organized in connection with the Methodist Church Thursday evening next. Prof. Duxbury, who comes from Manchester, England, is not altogether a new personage to Toronto auditors and those who know of his coming will, doubtless, wish to hear him.

Students Make Amends. APPELTON, Wis., May 25.—As a punishment for yachting and dancing, in violation of a specific order of the faculty, 70 students of Lawrence College were ordered to attend a public session of the college year, and to apologize personally to the faculty.

SKIN DISEASES. A diseased or disfigured skin will always leave its stamp on the mind of the individual. Many people suffering from disfiguring skin diseases avoid society and lose all pride in their personal appearance.

Mr. J. J. Magee, Jr., Kinmount, Ont., writes: "In the spring of 1908 I was troubled with a Rash that broke out all over me. It was the worst on my face and head, but I was told by a doctor that it was a case of scabies, and I was told to use a certain ointment, but it did me no good, so I then got one bottle of Burdock Blood Bitters and before it was all used the Rash was entirely gone."

Mr. Harvey Barkhouse, Gold River, N.S., writes: "I was greatly troubled with Sores on my face and finally came to the doctor about it, but he could do nothing to help me. I thought about Burdock Blood Bitters and decided to try a bottle. I cannot recommend B.B.B. enough, as I had not taken all the bottle before my face was cured."

COBALTS ON MARGIN

We carry the listed Cobalt Stocks on margin deposits also New York Stocks, grain, produce, etc., bought and sold. Consult us before investing. We always have the latest news from the mining camps. All stock deliveries made promptly. Write, telephone, or wire us your orders at our expense.

Imperia Bank of Canada

Proceedings of the Thirty-fourth Annual General Meeting of the Shareholders Held at the Banking House of the Institution, in Toronto, on Wednesday, 26th May, 1909.

The Thirty-Fourth Annual General Meeting of the Imperial Bank of Canada was held in pursuance of the terms of the Charter at the Banking House of the Institution, 26th May, 1909.

THE REPORT

The Directors have pleasure in submitting to the Shareholders their Thirty-Fourth Annual Report and Balance Sheet of the affairs of the Bank as on 30th April, 1909, together with the result of the operations of the Bank for the year ended on that day.

The net profits of the year (after making full provision for all bad and doubtful debts, for interest on unmatured bills under discount, for the usual contributions to the Pension and Guarantee Funds, for the payment of all Provincial and other Taxes and for all preliminary expenses incurred in connection with the opening of New Branches) amounted to \$743,524.17, which has been applied as follows:

Table showing financial details: (a) Dividends have been paid at the rate of 11 per cent. per annum amounting to \$549,539.52. (b) Bank Premises and Furniture Account has been credited with 69,921.01 credited with 124,063.64.

LIABILITY FOR DEATH DUES

Satisfaction is expressed in the provincial treasurer's department over the decision in a case concluded at the Windsor on Tuesday, by which the right of the province to collect succession dues on property in the United States is upheld.

RESERVE ACCOUNT

Balance at Credit of Account, 30th April, 1909 \$1,049,357.50 Premium received on new Capital Stock 34,242.50 \$1,083,600.00

ASSETS

Gold and Silver Coin \$1,149,947.82 Dominion Government Notes 7,387,972.00 \$8,537,919.82

LIABILITIES

Notes of the Bank in circulation \$2,115,100.00 Deposits not bearing interest 85,834.11

STATISTICS

We do not claim any pre-eminence for enterprise nor that we have gained more than our share of the expansion in deposits, circulation and business loans which has taken place in Canada during the year.

compared with \$551,871.710, on 30th April, 1908. This condition is in part the result of a fairly good crop in the Northwest in 1908, valued at \$126,000,000, as compared with only \$96,000,000 in 1907; of large expenditures on Public Works; of borrowings abroad on the part of the Dominion, Provincial and Municipal Governments; and by Railway and other Corporations; of a considerable increase in the population of the Dominion and of a steady improvement in general trade.

Our population is now stated to be 7,146,040, as compared with 6,863,500 in 1907.

The estimated acreage under crop in the three Northwest Provinces in 1908 was 10,356,070, yielding in all 238,664,000 bushels of wheat, oats, barley and other grains. This year the estimated acreage under crop is 11,200,000. Wheat seeding, although later than last year, has been finished under good conditions and there are favorable prospects of a average crop.

But our grain industries are not the only ones that are adding to the wealth and prosperity of the Dominion. Our cattle are not only sufficient to meet the requirements of the ever-increasing population but we exported during the year 1908, mainly to Great Britain.

Table showing cattle and other livestock statistics: Cattle 182,963 Value \$10,872,800; Butter 6,589,731 1,875,875; Cheese 165,004,549 20,252,482; Hams Lbs. 3,296,042 422,551; Bacon Lbs. 72,179,189 8,416,247; Flour Bbls. 1,738,048 7,591,517

to which has to be added 70,520,000 bushels of grain valued at \$63,833,559.

I am not one of those who think that the prohibition of the importation into England of live stock is an unmitigated evil. We are making more money, I believe, in feeding our young cattle than we would by their shipment and the exportation of the native grain and fodder which they consume.

The total imports of Canada in 1908 were valued at \$298,128,792, the total exports at \$251,512,159. It is estimated that there were borrowings abroad during the same period of over \$200,000,000, otherwise we could have had a very stringent money market.

NEW BRANCHES. Under our system of Banking it is impossible for an institution, having its own and the country's interests at heart, to stand still. It is our duty not only to endeavor to keep pace with the development of the country, but to foster and encourage it by extending banking facilities to still larger radii, besides affording to points in the inner circles, that have grown in importance, the facilities which they demand and that we are in a position to extend to them.

Bank Premises Account continues to grow notwithstanding the appropriations which we make from year to year, but this is unavoidable. I can only assure you that so far as that item is concerned it is as it stands in our Balance Sheet, one of the most profitable of our investments. We expended during the year in the purchase of property and in the construction and fitting up of buildings the sum of \$169,921.01 and we have, as you have been advised, written off from the account out of the profits of the year the sum of \$69,921.01. Our policy has not been to purchase property open to construction at all, at the same time we must, in a modest way at least, provide for our requirements, but without laying ourselves open to the charge of extravagance.

BORROWINGS ABROAD. The borrowings from or through Great Britain by the Governments, the Municipalities and the Railways of Canada have been enormous—one wonders where all the money comes from—will this easy condition and confidence continue? Some say not. A writer in a recent number of the Fortnightly Review draws a very gloomy picture of trade and finances in Great Britain.

There are those who say that the enormous taxes imposed by the British Government is driving Capital out of the United Kingdom and if so, we are no doubt sharing in its distribution; it behooves us, therefore, to invest that share in enterprises that will yield a substantial return to the investor. We must not enter upon new enterprises that depend entirely upon continuous borrowings from abroad; otherwise, sooner than we expect, perhaps in the not very distant future, the source of supply may dry up and we may be left with unfinished enterprises on our hands.

AMERICAN SILVER. The quantities of American silver in circulation throughout the Dominion, particularly in the Western Provinces, including British Columbia, estimated by some at \$2,000,000, is a blot upon our fiscal system. After all, silver coins are not tokens; the American silver dollar is worth in silver more than 50 cents, but it passes current in Canada for 100 cents and is not its value. If silver coins are to form a part of our Currency let Canada have the benefit of the Seigniorage and let us at the same time give our new citizens an opportunity to become familiar with our national emblem. The gold and silver coinage of every self-respecting nation should form an important part of its national outfit and should be jealously guarded. It is satisfactory to know that we now have in Ottawa one of the best up-to-date and perfect Mints in the world under the management of efficient, scientific controllers and operatives. I should like to see the machinery in more constant use manufacturing coins up to the legitimate demand for gold and silver currency. Under our present Currency Law the silver coin of the country is not redeemable in gold or legal tender notes. This condition should be remedied; more-over the old and worn currency should be withdrawn from circulation and replaced by new coins as necessarily demands. American silver coins should be shipped back to their country of origin.

SHAREHOLDERS. Our Shareholders continue to increase and now number 1,302, not a large increase over last year, it is true, but on the right side.

STAFF. Our Staff, which numbered 555 in 1909, now number 589.

Bargains in the Store of Comfort

GOODNESS knows the nerves of the modern women bear sufficient strain without the unnecessary tension of uncomfortable stores. We have used nearly every resource within the reach of modern architectural science to make this new store of ours comfortable for its customers. The aisles are broad. You have room to turn. The upstairs floors are carpeted—you walk as on a lawn, and there is no noise. The air is fresh and nicely tempered—here you are never too warm nor uncomfortably cool. Rest and toilet rooms are newly complete and models of modern comfort and convenience. New elevators will shortly be running to make shopping on the upper floors still more attractive. This store is comfortable, airy, spacious and convenient. And if you read our Bargain Day lists and accept our Friday invitation you will see that it is also economical.

Linens and Staples
600 yards Heavy English Pillow Cotton, plain bleached, no dressing, 40 inches wide. Per yard, Friday, 10c.
