BRITISH TROOPS RESUME OFFENSIVE PRESS ADVANCE AND MAKE NEW GAINS TO WEST OF CAMBRAI

FOUR MILLIONS SUBSCRIBED BY CITY ON FRIDAY

Workers' Enthusiasm Revived by Splendid Response Yesterday.

HOLIDAY NEXT WEEK Parade Thru Streets Will Be Held in Interests of Loan.

Toronto Totals. Amount subscribed \$4,133,400. Previously reported \$1,358,500.

Total to date \$5,491,900. Number of subscribers 4,045.

The citizens of Toronto certainly heeded the warning of failure given out Thursday night by the central executive that the city would not reach its objective unless they bought Victory bonds in larger amount.

The canvassers reported a sale of \$4,133,400 for the day, and this is a fairly good showing.

Monday will also be a double-up day, and Tuesday, the last day will be known as double-up day.

The canvassers will ask people who have already subscribed to double their subscriptions.

Special sermons will be delivered in all the churches of the city, regardless of creed, and in Massey Hall as well.

Special sermons will be delivered in the churches in the morning; special prayers will be offered, special hymns will be sung, all dealing with the purchase of Victory War Loan bonds.

The big features of the campaign next week will be the arrival of Col. Roosevelt, former president of the United States, in Toronto at noon Monday.

On Wednesday, November 28, the factories of the city and schools and institutions will close down at noon as the result of the mayor's proclamation ordering a "Victory Day" in honor of the city.

Harry Lauder coming. The veteran Scotch comedian, Harry Lauder, has been invited to sell Victory bonds when he is in Toronto on November 29 and 30 and December 1.

DRAFT DEFAULTERS YET HAVE CHANCE

May Come Forward Now and Put in Claim for Exemption.

Men subject to the present military draft call who failed to register within the specified time, but who come forward now, are to be accorded the privilege of applying for exemption from military service. It is also stated the chances of having exemptions granted are good, especially if the applicant, after medical examination, is shown to be in the grades below A. Up to last night a total of 123 draft-defaulters had been apprehended. Fifty-four of them proved to be in grade A, and were all put into uniform as none could advance reasons, which in the opinion of the officials, were sufficiently valid to call for exemption. There were only ten defaulters appearing yesterday. Only one was an A man.

LABOR ADVOCATES AT ST. ANDREW'S HALL

James T. Gunn, W. T. Stephenson and Miss Laura Hughes Speak on Political Issues.

The Labor candidate for South York, James T. Gunn; Miss Laura Hughes, W. T. Stephenson and other well-known advocates of labor, addressed a fair-sized gathering at St. Andrew's Hall, Todmorden, on Thursday, and enunciated the platform of the Independent Labor party, emphasizing the need of labor representation in the house at Ottawa, the need of factory reforms, conscription of the wealth and manhood of the country, government control of industries, nationalization of all banking and credit systems, and direct legislation thru initiative, referendum or recall, as well as the abolition of the senate.

ROYCE SITE UNSUITABLE FOR MILITARY HOSPITAL

Surgeon-General Ryerson and Major McGiffin Report to Gen. Logie. After making an inspection of the Royce property at Lansdowne and St. Clair avenues, Surgeon-General Ryerson and Major McGiffin have reported to Gen. Logie that it is unsuitable as a site for a military hospital, as a site in High Park was granted by the council. The report points out that the property is flanked by a railway, the noises from which would be heard on shell-shocked patients, that a gully divides the property and that it is too close to residential districts. On the other hand, High Park is regarded as an excellent location, free from noises, with available land for tillage.

PRESENTED WITH WATCH FOB.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which catkins the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; Wyeth's Sage and Sulphur Compound imparts color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

FISHERMEN OFFER CATCH.

Bronte and Port Credit Men Want Government Contract.

A deputation of Bronte and Port Credit fishermen waited upon Hon. F. G. Macdormand, minister of public works, yesterday afternoon, and submitted a proposition to sell their season's catch to the provincial government. The fishermen expressed a willingness to co-operate with and deal through the government. Prices were discussed, but the matter of entering into a yearly contract was left in abeyance. Mr. Macdormand stated that there were 18 fishing tugs operating out of Bronte alone, whose annual catch totaled 400 tons.

APPEAL IS ABORTIVE.

The appellate court yesterday held up till noon today for the appeal of a munition worker named Currie was abortive. Currie was convicted of having applied stamp to shells when the inspector was absent. The appellate court on the stated case pointed out that the conviction was not for using the stamp for an improper purpose, but for stamping the shells, which is for the use of the crown exclusively.

CANNOT DIVIDE SERVICE

Inconvenience Would Result if Cars Went Down King Street.

In a communication to the works department, the Toronto railway states in answer to a point raised by Ald. Nesbitt, that it cannot divide the Bathurst street service in rush hours by sending a number of cars along by sending of Front street, to avoid the railway switch on the latter street. The company claims that the Bathurst line is the only thru fast one to the Union station, and the boats, and provides transfer facilities at Bloor, College and King streets. To adopt the suggestion would cause inconvenience to many encumbered with luggage. The works commissioner pointed out that relief from vexatious delays at the railway switch could be obtained thru the Dominion Railway Board.

APPEAL IS DISMISSED.

The appellate division yesterday dismissed the appeal of the Toronto Railway Co. from the decision of the county court which awarded Ziba Gallagher \$208.20 for injuries to his motor car.

STRONG MAN CAN SOON UPSET THE BOLSHEVIKI

Count Tolstoj, Just Back to U. S. From Russia, Predicts Downfall of Maximalists.

San Francisco, Nov. 23.—Reign of the Bolsheviki in Russia will be short when a man strong enough to lead appears, in the opinion of Count Ilya Tolstoj, second son of the late Count Leo Tolstoj, who is on his way to New York. "I have just returned from a tour of Russia," he said. "The Maximalists will not remain in power long. In Moscow the sentiment is against their tactics, and Moscow represents the best thought in Russia. "It is impossible to say whether Russia will again become a factor in the war, but this is sure—the people are weary of fighting. It is only a question of whether they prefer war or German domination."

FIRST OF BIG WAR FLEET

Washington, Nov. 23.—The first ship of the new merchant fleet the shipping board is building will be launched tomorrow on the Pacific coast. It is a steel vessel of 8800 capacity, for which a contract was awarded six months ago. Other vessels, it was said today, will come from the country's ways in rapid succession. It was announced that in December three steel ships of 26,400 tons, and three wooden ships of 10,500 tons would be launched.

AMERICAN GOVERNMENT MAY POOL COAL STOCKS

Washington, Nov. 23.—Eventual government pooling and sale of all the coal mined in the United States was seen as a possibility here today in the fuel administration's approval of a producers' pool just formed at Cleveland, which will handle shipments of mines in Ohio, West Virginia, a part of Pennsylvania and perhaps Tennessee and Kentucky. Creation of other pools will be encouraged. If government pooling is put into effect it will be made operative next spring and will supersede the shippers' pools. Under such an arrangement the government would requisition the entire output of the coal, selling it without profit. Such a plan was suggested by the federal trade commission before the government took control of the coal industry.

GERMAN ATTACKS BEATEN

Paris, Nov. 23.—The evening communication of the French war office is, in part, as follows: "Both artilleries were active in the region of Juvincourt (Aisne region) and in upper Alsace in the sectors of Seppois and Larrizien. Some attempts against our small posts toward Bernis, and to the east of Maison de Champagne, and also at the foot of the Cotes de Meuse failed."

Physicians and eye specialists prescribe Bon-Opto as a safe home remedy in the treatment of eye troubles and to strengthen eyesight. Sold under money refund guaranty by all druggists.

LORD NORTHCLIFFE IS MADE A VISCOUNT

New Honor for British Newspaper Magnate — Baron Reading Becomes an Earl.

London, Nov. 23.—Viscount Reading, lord chief justice, has been created an earl, and Lord Northcliffe a viscount, according to an official statement issued this evening. Earl Reading, because of his long service as a jurist and financier, was appointed chairman of the allied financial commission from Great Britain and France, which negotiated a \$500,000,000 loan in the United States in the fall of 1915. In September, 1917, he returned to the United States on a special mission from the British war cabinet, to convey information, particularly regarding financial affairs to the Washington government. Viscount Northcliffe, who is the owner and editor of several London newspapers, was head of the British mission to the United States, which arrived in this country last June for the purpose of co-ordinating war work. On November 16, he declined the portfolio of the British air ministry and expressed his dissatisfaction with the policies of Premier Lloyd George's government. Northcliffe's letter resulted in the resignation of Viscount Curdrey from the chairmanship of the air ministry, because it contained the first intimation to the incumbent that a change contemplated by the premier.

MONDAY -- ROOSEVELT DAY

HEAR THIS FAMOUS AMERICAN SPEAK ON BEHALF OF VICTORY WAR LOAN

HE HAS A PUNCH IN EITHER HAND AND THEY'RE BOTH FOR THE HUNS

Roosevelt the Diplomat

The Honorable Theodore Roosevelt has had an illustrious career, which embraces the roles of student, cow-puncher, soldier, Governor, Police Commissioner, Vice-President of U.S.A., President of U.S.A., big game hunter, diplomat, writer and orator. He is popular because he is every inch a man, and has shown the world that he has the courage of his convictions. Despite the fact that Col. Roosevelt is the hit-from-the-shoulder type, he is an expert in diplomacy, and he handled the Governmental affairs of the U.S.A. with splendid tact and judgment during his two terms as President.

COL. ROOSEVELT
A FIGHTER

"Teddy" the Fighter

T. R. Roosevelt kicked in the back and front doors of the famous Tammany Hall when President of the U.S.A., by disregarding the wishes of the political bosses, and by cleaning out the White House and other Government Institutions of the political refuse which Tammany had been dumping there for years. He earned the displeasure of the wire-pullers, with the result that the Republicans and Democrats both opposed his third term. He organized a third party, nicknamed the "Bull Moose Party," but the combined votes of the Republicans and Democrats defeated him, and Wilson was elected. From the start of the war he urged that the U.S.A. should be doing something to protect humanity, and at last his wish has been gratified. "Teddy" is a thorough sport, and has become famous as a hunter of wild animals. It is said that among his collection he has Tammany's goat.

PLAYS, PICTURES AND MUSIC

Boston Grand Opera Company. Glad in her dark blue flowered kimono, her gold obi tied in the back, her high smooth black hair pyramided till it looked like Mount Fujiyama itself, Tamaki Miura, in her room at a New York hotel recently, consented to discuss occidental customs. Styles she did not seem at all as any one of the dozens of American beauty queens about her, and her husband, Dr. Miura, looked over her like a sword of the Samurai.

Japanese lady and gentleman do not kiss like you do in America; it is not the custom of Japan," murmured the prima donna of the Boston Grand Opera Company. "My husband he do not like to kiss, but I—oh, I like it, yes very much."

"American ladies like to kiss," she confided. "I am told if honorable American gentleman go way in the morning without kissing his wife she get very angry—very sad. She feel like Madam Butterfly and she want to die. In Japan we do not kiss on every day on going out and coming in."

"Japanese lady—oh love without end. When Japanese gentleman say she is no good, then Japanese lady leave her home—her father give her goshiko (diaper). When she has given her life to a man and he does not like her any more—then she take the goshiko and she kill herself."

Dr. Miura nodded with apparent approval. "Is it not possible," inquired the little songbird seriously, "because you kiss so much you have these divorces and these sufferings?"

Mrs. Miura will again be heard with the Boston Grand Opera Company during their engagement at the Royal Alexandra Theatre beginning Monday. The repertoire selected for this season is: Monday, "Rigoletto," with Navarrette and Bekkendorf in the leading roles; Tuesday, "Madam Butterfly," with Miura and Davis in the leading roles; Wednesday, "Lucia di Lammermoor," with Navarrette, Sara-ya, Davis, Bakouff; Wednesday matinee, "Tales of Hoffman," Soinathino, Le Jazari, Pavlovska, Roznoffs, Sara-ya. Seats are now on sale at the theatre box office.

Harry Luder Coming. The big fur shako, or Scotch bonnet, that Harry Luder, who comes to the Royal Alexandra Theatre for three nights and three matinees beginning Thursday afternoon, Nov. 29, wears for one of his character songs, has an

interesting history. It was presented to him by Pte. Alexander Dow, who is one of the survivors of the famous "Charge of the Light Brigade" at Balaclava. Pte. Dow, who is now past 80 years of age, was one of the "thin red line" of fighters who were distinguished for their bravery. The only mark that made their uniforms different from the other red-coated soldiers was the small blue buckle that adorned their bonnets. The bonnet Luder wears has the buckle still attached, and is one of the most cherished of his possessions.

"Very Good Eddie" is the ultra fashionable of musical comedies. It is a theatrical production what Broadway by to New York or Piccadilly to London. It ran for an entire year at the swaggar Princess Theatre, New York five months at the Garrick Theatre, Chicago, and when it was presented here last season it proved the hit of several years. The new "Eddie" is to appear here for one week beginning Monday, Dec. 3, at the Royal Alexandra.

"Fair and Warmer." At the new Princess Theatre, the week beginning Monday, December 3, one of the most brilliant and wide-ly heralded attractions will be seen by Selwyn and Company's presentation of their farce sensation, "Fair and Warmer." It is the latest farce by Avery Hopwood, whose indisputable gift of making ludicrous situations, built around delightful and humorous people, who have a fund of brilliant lines, has never been better exemplified than in "Fair and Warmer."

Cunning, the Miracle Man. Cunnings, the man of mystery, who has just completed a six months' tour of western Canada, where his performances created a sensation, is coming to the Grand Opera House next week, accompanied by his company of wonder workers. Cunnings' startling feats of magic and mystification exceed those of any other part of his long and engaging program. With uncanny skill Cunnings calls out the names of persons who have written him questions, giving dates and places in the answers and readily making predictions on domestic and general topics.

"Common Clay." Melodrama with a tinge of reality and comedy with the flavor of life among a few of the ingredients of "Common Clay," in which Thomas E. Shea and a selected company will appear at the Grand Opera House week beginning Monday, Dec. 3. It is a play for classes and masses, and is virile, human and intensely dramatic. It is a human story

of a cabaret girl and her struggle for happiness. It is not only an interesting entertainment but a play to afford subject for thought and discussion. It will be played by a brilliant company, headed by Mr. Shea. In the role of Judge Felton.

At Shea's Next Week Five acts, all of headline calibre, come to Shea's Theatre next week. Bostock's Riding School is perhaps the most pretentious novelty ever presented to vaudeville patrons. Magnificent horses, famous circus riders, are shown in an offering entitled "How Circus Riders Are Made." Dolly Connolly returns with her partner and accompanist Percy Weirich, in a novel song selection, "Everett Rusky's pleasing sketch, "Crabberies."

Madge Kennedy—Regent. Today completes the showing of Madge Kennedy's second Goldwyn picture, "Nearly Married." Her popularity during the week has been very pronounced. Next week Douglas Fairbanks in a fun-provoking play will be the chief attraction at the Regent Theatre. He convicts a millionaire who is fit with a grouch and makes him a happy philanthropist. He also wins the millionaire's daughter. For the week of Dec. 3, Rex Beach's famous story, "The Auction Block," will be shown.

Cattle in Picture. Douglas Fairbanks will be seen at the Allen Theatre next week in "The Man From Walnut Post," which is a wild and woolly west picture, photographed on a large ranch with 30,000 head of cattle that play their part in this big production, together with numerous real cow-punchers who, by clever hair-raising stunts, add many thrills to this splendid photoplay.

At the Madison. The film version of Victor Hugo's magnificent "Les Miserables," which has aroused such unparalleled enthusiasm wherever it has been shown, will be the attraction at the Madison Theatre for the first half of next week. The life history of Jean Valjean, the most famous hero in all literature, makes a superb screen story. The presenting cast is a fine one headed by M. Henri Kraus, the noted French actor.

"Joan the Woman." "Joan the Woman," will be shown for the last time today at Massey Hall. This splendid historical play is one that should be seen by every woman in Toronto. It is educational and inspiring and splendidly displays the brilliant and tragic life of Joan of Arc, the immortal heroine of France.

Sacred Music Recital. A recital of sacred music will be given in St. Augustine's Church tomorrow evening at the close of the usual choral even song. The choir will be assisted by the orchestra, which will also contribute Schubert's "Prayer," arranged by Tyth Bonn-sall; a setting of Handel's Largo, and a cello solo by Leo Smith. The service will conclude with Gounod's

may be looked on as a foregone conclusion. For the feature will be the magnificent World film production, "Without a Soul," with Clara Kimball Young, the idol of the screen. He brings his fighter's body back to the leading part. Clara Kimball Young is admittedly the most popular screen actress today. Her part in "Without a Soul" is that of a lovely girl who is killed by an automobile just when her father has perfected an invention for restoring life.

Madge Kennedy—Regent. Today completes the showing of Madge Kennedy's second Goldwyn picture, "Nearly Married." Her popularity during the week has been very pronounced. Next week Douglas Fairbanks in a fun-provoking play will be the chief attraction at the Regent Theatre. He convicts a millionaire who is fit with a grouch and makes him a happy philanthropist. GRAINGER, THE PIANIST
Will Give His Concert in Toronto in the Uniform of a United States Soldier.

The approaching recital by Percy Grainger, the young Australian, is creating a vast amount of interest in musical circles. Grainger, being in New York at the time the United States entered the war, immediately enlisted in the United States army as a private and now occupies the position of bandman in one of the military bands.

Wherever he plays he does so with the consent of the military authorities and in the garb of a private in the United States army. Mr. Grainger desires that all his recitals and public appearances be regarded as work and will not allow any other construction to be placed upon his entire fee, less a small amount for management and traveling expenses to the United States Red Cross in Washington. For his Toronto concert he has received the honor of the Washington Red Cross to donate one-half of his fee to the Toronto branch of the Canadian Red Cross. The recital takes place on Friday, December 7, in Massey Hall.

"MESSIAH," WITH RUSSIAN ORCHESTRA.

The annual "Messiah," to be given by the Oratorio Society on Dec. 13 next, will eclipse all previous performances. Several reasons tend to justify this announcement. The chorus of 250 voices will be by far the largest and most efficient. Dr. Broome has ever had for this work. The Russian Symphony Orchestra in its full strength will supply the accompaniment, and Robert Maillard, who has been engaged for the bass solo, is by many critics said to be the finest living exponent of Handel's oratorio.

Those who heard Dr. Broome's "Elijah" concert last May will not soon forget the thrilling climax he was able to get out of his singers. "Messiah" contains several choruses: "The Lord is God," and "Let Us Break Their Bonds Asunder," for instance, which defy comparison with any choral work ever written for intensity of dramatic expression. Dr. Broome is known to be boiling over with Celtic fire, and it is safe to say that Massey Hall will witness some stirring ovations at this concert. "Messiah" lovers will be glad to know that a trumpet player has at last been found who can play the obligato to that grand bass solo, "The Trumpet Shall Sound," and this will be done for the first time

for many years. Lists are now in the hands of the members of the chorus and at all music stores and at Massey Hall box office.

CHILD STAYS WITH AUNTS.

Appeal of Mrs. L. Taggart for Custody is Dismissed.

The appellate division, being equally divided the appeal of Mrs. L. Taggart for the custody of her child was dismissed. The original judgment was given by Mr. Justice Sutherland, who held that the child should be left in the care of two aunts, to whom the father had entrusted her. The father, who is in St. Michael's Hospital, his widow is a Roman Catholic. The child was baptised in the Roman Catholic church, and attended for some time the Riteau street convent, but the father two years ago filed with the juvenile court a statement that he wished the child to remain in the care of his two aunts. "The father was careful to remove his daughter from the care and influence of her mother," said Mr. Justice Lacombe. "As to his wishes and purposes we are not left in doubt."

WITNESS IN HOSPITAL.

Fentzman v. Gurofsky Case is Transferred Till January Assizes.

On motion of S. Fentzman, who appeared for the defendants, the case of Fentzman v. Gurofsky, which was given for trial in the assizes yesterday, was transferred to the January assizes. The defendants claimed that Mrs. Gurofsky, who is a material witness, is in St. Michael's Hospital, and he could stand for her. The suit was brought by D. Fentzman against Louis Gurofsky and Rabbi Jacob Gordon of the University Synagogue for \$25,000 for alleged fraud in a real estate deal. Gurofsky alleged in his defence that he bought the property at a marriage sale and that Rabbi Gordon had nothing at all to do with it.

Interest is Sustained to Last
In Women's Institute Meetings

Interest was sustained to the very close of the second of the women's institutes which finished at the usual five o'clock afternoon. The morning session, Miss M. V. Adams, of Georgetown, returned nurse, spoke of her experiences in England and also in Flanders. Sgt. Wm. Turley, secretary Grand War Veterans Association, in his address spoke of the fund of \$25,000 raised by Toronto women, which they were putting into Victory bonds instead of a permanent club house.

Dr. Mary McKenzie-Smith, of Gravenhurst, spoke on medical inspection of the schools. The inspector of elementary agricultural classes for Ontario, Dr. J. B. Dandeno, told of the needs of country boys and girls.

Miss Haycraft presided over the closing session. The discussion was general, following the topic of child welfare.

DAMAGE SUIT DISMISSED.

In the assizes yesterday Mr. Justice Hodgins dismissed the case of Mrs. Bessie Coop, who was suing the Robert Simpson Co. for unpaid damages for the death of her husband, who was killed on July 9 in a collision between a motor truck belonging to the Robert Simpson Co. and a motorcycle driven by David Lowrey, in the side-car of which Coop was riding.

New System of Fat Reduction

Here's a new way for all fat people to laugh together at that old bugaboo—Oesity. The saying that "there is nothing new under the sun" does not now apply to fat people any more. Here is something new for them—a new sensation, a new pleasure, a new and graceful figure, easily found by anyone who is passing beyond the limits of slimness.

Everyone has heard of the Marmola Prescription, that harmless combination of fat-defying elements which has become known as the most successful of all reducing treatments. Now there comes another idea—the idea of condensing these same pure, harmless ingredients into a pleasant little tablet. Taken after eating and at bedtime, they help the stomach to dispose of all the fatty foods, converting them into compact, solid flesh muscle and energy, without dieting or exercise. Marmola Prescription Tablets regulate the entire system—do for you what bodily exertion and self-denial can not do, and the fat, once routed, is gone for good. You can prove all this at a trifling cost. Marmola Prescription Tablets are sold by all druggists or sent, post paid, by the Marmola Co., 384 Woodward Ave., Detroit, Mich. A large case sufficient to bring lasting results is \$1.75.

SATURDAY MORNING, NOV. 24

The Selective Draft

Sir Robert Borden has spoken out firmly and clearly on the question of exemptions. There has never been any doubt of the intention and the principle behind the Military Service Act. The selective draft was to be exactly what it says, a draft that would select the men best fitted for military service of any description and place them to the extent they were needed where they could do the most good, while the men who could do better work at home than they could render at the front were to be continued at their work. The present difficulty, as far as there is one, has arisen over the shortage of agricultural hands. It does not appear at any time to have been the intention of the government to rob the country of its farm help, and nothing could be gained by taking men from the farm and sending them to the front if the result would be to leave the country destitute of labor sufficient to provide enough food to prevent us all from starving.

Sir Robert recognized that some of the tribunals had "dealt harshly with men entitled to exemption under the purpose of parliament. If a man can give better service at home," he said, "he ought to be kept at home."

Sir Robert also pointed out that every man had the right of appeal, and even if the three days allowed by statute had passed the case might be taken to the minister of justice.

Another matter, linked with this, he also spoke about in set terms.

"The government has also a remedy," he proceeded, "and proposes to exercise it in the case of a community, district or province where exemptions have been granted indiscriminately or by wholesale. It is the intention of the Unionist government to see to it that the Military Service Act is administered justly, considerably, impartially and firmly."

In Toronto, as far as we can observe, the act appears to be administered impartially. In one case, where four brothers had volunteered from a family, the fifth and last remaining at home has been drafted. This is apparently a case for appeal, but they are comparatively rare. The tribunals are more likely to err on the side of harshness than of leniency, for they know the extreme need, and with this the persons liable for draft do not appear to be familiar. If they had understood they would have volunteered.

There is no reason under the act, affirmed and administered impartially as the premier asserts that it will be, why there should be any complaint or grievance. Every nation in the world requires service from its citizens at present, and Canada is no nation of loafers.

Union Party in Wisconsin

A Union government as we understand it is probably impossible in the United States. Upon the president and upon him alone devolves the responsibility, which under our system is cast upon the government. Our prime minister may seem to have the autocratic powers of the president, but he is, after all, subject to removal from office by a majority of the house of commons. The president is elected for a fixed term, is not answerable to congress except for high crimes and misdemeanors, and the members of his cabinet are responsible to him and not to the house.

Yet in the United States Congress, while there has been no coalition or division of officers, the two great parties have harmoniously co-operated in supporting the president in his conduct of the war. Some Democrats have opposed him, and some Republicans, but the great bulk of the senators and representatives have loyally supported the president not as the head of a party, but as the head of the nation, and party bickerings or political differences have not interfered with the energetic prosecution of the war. The selective draft law has been administered fearlessly, yet with little friction. Elections have gone on as usual in the various states and will go on without interruption at the times fixed by law for their occurrence. Mr. Wilson will not doubt be opposed for re-election should he venture to run for a third term, no matter whether or no the war be then concluded. But in some way our American cousins so far have pretty well succeeded in keeping the war out of politics.

Now, however, something like a crisis threatens to arise in the State of Wisconsin. The death of Hon. Paul O. Husting creates a vacancy in the senatorial representation of that state. Wisconsin's only representative now in the United States Senate is Hon. R. M. LaFollette, who is under something like an investigation by the senate itself for his seditious St. Paul speech. The necessity of electing a successor to the late Senator Husting suddenly transfers the LaFollette controversy from the floor of the senate to the theatre of Wisconsin politics.

Husting and LaFollette were as far apart as the poles on the war issue. They were about as ill-assortedly yoked as would be Borden and Bourassa. The issue is therefore clearly up to the people of Wisconsin, either to repudiate LaFollette by electing another Husting or to approve LaFollette by sending the candidate he may select to the senate. The issue is further complicated by LaFollette's own personal popularity, for many people respect the doughty Progressive who do not at all share his views on the war. Not only is he likely to have considerable influence in the Republican primaries, but he is likely to mobilize in support of his candidate the Socialists, a number of Progressives, and what might be called the anti-Wilson Democrats.

Thoughtful periodicals of great influence like The Outlook are therefore urging a coalition of Republicans and Democrats in Wisconsin who favor winning the war. They say that only by such coalition can the LaFollette candidate be defeated. For LaFollette to be sustained by even a plurality of the voters in a German-American state like Wisconsin would give aid and comfort to the enemy, and might fan the anti-war sentiment in other states. The two old parties

must therefore unite in Wisconsin upon a coalition candidate, pledged only to support the president and the winning of the war.

Married on \$850 a Year

A letter published elsewhere asks advice for a man who is employed in a big corporation in a responsible position where he has to maintain a respectable appearance, while he has a wife and four children to support on \$850 a year. God alone knows how it can be done in these times.

Corporations are not concerned about what their employes do with their money. They are only concerned with the work they get out of them. It is one of the reasons that the problems of labor and capital have grown so acute. When labor had to deal with a man there was always sufficient humanity in the combination to oil the opposing surfaces and make it possible to get along. Man to man capital and labor could understand each other.

Under the corporation method the employe has to deal with a machine. Usually he might as well knock his head against the wall as expect the machine to yield anything to his merely human point of view. There are felicitous and honorable exceptions, but the system cannot be judged by its exceptions. At any rate the exceptions are not under criticism in this case.

Probably the usual stereotyped fable of supply and demand will be trotted out, and we shall be told to advise this man that the law of supply and demand demands that he yield his services to the fat corporation in question for \$16.35 a week, and that this Grand Panjandrum, the law of supply and demand, must be bowed down to and worshipped. In the eighties it became apparent that female labor was about to invade the offices and counting houses. It did. The result in the last forty years has been practically to turn male labor out of this field. This is taken as corroboration of the "law" of supply and demand by some people. It certainly demonstrates the demand for cheap labor, for women unwisely yielded to the temptation of cutting wages, thereby engendering a prejudice in labor ranks that has militated against them ever since, while it reacted upon themselves by lowering the earning power of the husbands, brothers and sons, and complicating thereby the already sufficiently involved domestic problem.

The competition of women must now be reckoned with. Labor has begun to see this and in many instances is doing what should have been done at first, insisting on equal wages for equal work. The "law" of supply and demand that decrees that a woman who does the same amount and quality of work as a man is an insane, a reasonable, and a criminal "law." Fortunately it is not a law, but an opinion that some people found to work to their own advantage, taking advantage of a plausible fallacy to maintain.

The remedy has been exhibited to a certain extent by the war. The granting of the suffrage to women is going to have a greater effect on all these problems than appears at first. Women are far keener and more practical, more maternal even, in the dealing with the problems of society and the family, than are men. When they realize their power to remedy such evils as \$850 a year for a family of six they will remedy them.

Another phase of the remedial process is to be found in the labor unions. Clerical labor, on account of a false sense of respectability, has always been difficult to unionize. But when families have to live on \$16.35 a week, the alternative of a labor union, which would probably require \$25 for the work done, begins to look not merely respectable, but exalted in the social scale.

The corporations do not like unions, it is said. They have the remedy by making them unnecessary. The unions ask nothing unreasonable, and the corporations should not hesitate to grant what is reasonable. They fear the process of adjustment, but they had to adjust themselves to the war, and they have not suffered from it. There is no occasion for a social war; and a reasonable adjustment would result in improved conditions for all, corporations and the public alike.

All this does not help the man on \$850 a year. We can only suggest that his men on the lookout for better jobs usually "get there." But this does not excuse the corporation that pays \$16.35 a week to an adult employe.

Can a Married Man Keep a Wife and Family, and Live on \$850 a Year?

Editor World: In these times of hardship and privation high cost of living and the necessity of sacrifice to the interest of the liberty of men, the honor of a freedom-loving people and the security of the generations that are to come after us, and in these times of unparalleled prosperity in the history of Canada, due to the extraordinary conditions prevailing, it seems almost incredible to believe that any man should be expected to perform the absolutely impossible task set out above. Yet I am only too sorry to report that such is the case. Buy a Victory bond, I presume, sir? To the backbone and help the cause? I asked. His feelings then got the better of his pride and out came his story, which follows:

"I am a married man trying to support a wife and family on a salary of \$850 a year. Food is up, rent is high, clothes are dear and boots almost out of reach for a man of my limited means, not to mention coal and other absolute necessities. I cannot manage now, let alone buy a Victory bond. Failing eyesight at 40 has caused my rejection as a soldier, or my wife and children would undoubtedly have been better off had I been accepted. I was rejected seven or eight times, sir. My largest five insurance companies in Canada, they buy Victory bonds by the hundred thousand, whilst I cannot obtain the bare necessities of life, and if I do not dress in a respectable manner and carry a make-believe air of prosperity, I would, of course, expect to be fired. I am sorry, I would have liked to have bought a Victory bond, but I cannot—I simply can't."

Well, sir, such is his story. I could scarcely believe it true, but making enquiries from further information he had vouchsafed to me, I found that it was only too true, and that he was not the only one working in a similar man in particular. I know perfectly well, and have been personally acquainted with him for many years. His ability and integrity are well known in the neighborhood in which he lives. His financial position has been so well hidden in the background that the secret would not have leaked out now had his strong British patriotism not got the upper hand of his pride. In my sympathy, sir, I am compelled to ask if there is no authority to look into and better the conditions of these secret sufferers, who do by piled thru piles of figures and books, keeping tabs on the business of our country, and of this war? Is nobody in a position to expose these corporations who take advantage of these exceptional times to suck the life-blood out of the bodies of our brothers?

Sir, I felt extremely sorry for this man. I told him so and, altho, for obvious reasons, names cannot be given, I hope that you will find space in your valuable paper to bring about an exposure, and possibly an investigation of the leech-like operations of these mammoth corporations.

DUTY OF CANADA TO MEN AT FRONT

Union Government, Alliance for Winning the War, Says Borden.

PLEDGE OF SUPPORT

Hon. N. W. Rowell Condemns the Laurier Referendum on Five Grounds

Stratford, Ont., Nov. 23.—Some three thousand electors of North Perth heard Sir Robert Borden and Hon. N. W. Rowell in the park here this evening. Both received great ovations. Every reference to the necessity of a Union Government was loudly applauded, especially when Mr. Rowell declared:

"The condition of Canada today is the excuse and the justification of a national government."

A heckler who tried to get Mr. Rowell with interruptions about the aid controller and the war risk, got little sympathy from the audience and ready answers from the speaker. The chair was occupied by a Liberal, Mr. Wm. Preston, the speakers being all returned soldiers.

Mr. H. B. Morphy of Listowel, the Unionist candidate, was well received by the audience, his confined himself to speaking a few words on behalf of the Victory Loan. Dr. M. Steele of South Perth, candidate, also spoke briefly, while Lt.-Col. Young read a resolution of the Great War Veterans' Association pledging them to support the Union government.

It was just, said Hon. N. W. Rowell, that labor was to be given increased representation in the cabinet, as 60 per cent of the men who had gone overseas were classed as man power. When the new government was returned to power, there would be adequate taxation of war profits and income tax.

The steps taken to control food profits, he declared, were more radical than any piece of legislation yet enacted in the States or in England. There had been abolition of the patronage system in appointments to office and in the purchase of supplies. Members of the war purchasing commission were giving their services to the nation gratis.

"What should 'Ministry' queried a man in the hall, said crisis of 'Put him out'."

"Mr. Canada is giving his services without one cent of reward," answered Mr. Rowell, amid loud applause.

"The day of take-off is ended," he continued. "That time in the saving of millions of dollars to the people of Canada."

"The rotten rife, and ammunition," ejaculated a heckler, when Mr. Rowell spoke of the men who had already been sent to the front.

"The mistakes of the men of the past will not be repeated in the present," was his ready comeback. "Speaking of the referendum proposed by Sir Wilfrid Laurier, Mr. Rowell said that the referendum would probably require \$25 for the work done, which would look not merely respectable, but exalted in the social scale."

"I would be a breach of Canada's pledge to support her men at the front to the last man and the last dollar."

"It could not be carried out, he said. Extraordinary powers had been given the executive authorities in every warring country."

"It would be impossible to get a fair and impartial referendum, said Mr. Rowell. The British system of government is not the best of any system."

"Sir Robert Borden outlined the necessity for compulsory military service in much the same terms used at Toronto and London, and repeated his pledge of support to the representation of Liberals and Conservatives in the cabinet."

"The government was not," he said, in alliance with any community, class or creed, as had been charged, but an alliance for winning the war."

He was applauded when he declared that compulsory military service had been the statute books of Canada for 49 years.

"It is the intention of the government to enforce the Military Service Act justly, considerably but firmly, and the Canadian people would not have it otherwise."

"You sent these men forth as volunteers of the country was unanimous that Canada should take her part in this war. The men went forth with your pledge that they should receive adequate support."

Appeal to McBride to Retire and Improve Brentford Chance

Special to The Toronto World. Stratford, Nov. 23.—At the meeting of the Independent Labor party tonight, Capt. J. R. Cornelius made an appeal for Aid MacBride, the Labor-Unionist candidate, to retire in favor of W. P. Cockburn, the Conservative-Unionist endorsed by the Union government, on the ground that with a Laurier-Liberal candidate in the field all energies of Union government supporters might be united.

The matter was discussed in open meeting, the general opinion seeming to be against such action. The executive committee discussed the matter for some time, and finally decided to consider it again for more time to come.

Ald. MacBride, the Labor candidate, made a strong plea for more proportionate payments of soldiers' pay and pensions, and argued that labor be represented in the house of commons.

GETS DAMAGES FOR HURT. Montreal, Nov. 23.—John M. Daille, who was injured by a block falling on his head while working for the St. Lawrence Bridge Company, Limited, in raising the central span of the Quebec Bridge, sued the company for damages, and was today awarded by Mr. Justice Archer, in the superior court, \$1752.50.

UNION WOMEN OPEN COMMITTEE ROOMS

Canvass on Behalf of Government to Be Carried On in Each Ward.

Unionist women in Toronto are setting a pace which for organization and "carefulness on the job" might be followed with success by the men. They have established committee rooms in each ward from one to six, and they are doing educational work. Women who are overlooked by the enumerators on who desire information of any kind may secure it by going to the nearest committee room, where the details will be explained.

It is planned that women will canvass women on behalf of Union government, and in order to carry this out more canvassers are required. There are 750 polling sub-divisions needing three women each, or a total of 2250. There is also need for motor cars, each sub-division requiring two. It is also pointed out for the information of both men and women that the polls will be open from 6 o'clock in the morning until 8 at night, so that factory workers and others may vote on their way to work.

Enquiries suggest the statement that voters must vote in the sub-division in which they sleep, and not the one in which they work. Further, that the canvassing must be finished by Nov. 29, or which four days are allowed to appeal.

MEETING WILL SET RECORD

Electors of Wentworth to Hear Borden at Dundas.

Special to The Toronto World. Hamilton, Saturday, Nov. 24.—Sir Robert Borden, prime minister of Canada, and Hon. C. C. Baillanque, minister of marine in the new union cabinet, will address the electors of Wentworth County this afternoon in Dundas. The meeting will be held in the interests of Gordon C. Wilson, official Unionist candidate for Wentworth County, and is expected to set a record as a political meeting. The proceedings will commence at 2.30 o'clock, and electors of all parties are invited to attend.

In East York Major Cockburn, the soldier candidate, is putting up a stiff fight and holding meetings every night. James Ballantyne, the Labor candidate, and Thomas Fisher, Unionist, have shown no inclination to let any vote slip by either.

Other centres in Toronto report conditions normal, while from the country districts comes the word that Unionism is growing in popularity daily.

Weichel Speaks at Elmira and Gets Rousing Reception

Special to The Toronto World. Elmira, Nov. 23.—Mr. W. G. Weichel here tonight, in the town of his boyhood, was accorded a rousing reception when he spoke to the biggest crowd ever assembled here at a political meeting. He dealt with the war measures, he supported on the floor of the house, and expressed upon his hearers the necessity of North Waterloo, or all ridings in the province standing for a win-the-war policy.

Mr. Honsberger of Kitchener challenged Mr. Euler, the Laurier-Liberal candidate, to point to a single instance where he has expressed himself as favoring the allies winning the war.

Harvey Sims, Kitchener, and B. Grigg of Waterloo also spoke.

STAYS IN FIELD.

Major McCormick Will Not Retire From Parkdale Contest.

It now appears certain that Major C. McCormick has no intention of retiring from the contest in Parkdale, according to those who claim to be in close touch with the situation. Sentiment seems to have changed since the rumor was heard that he might withdraw.

Unionists are strong in their confidence that H. M. Mowat, K.C., will be the successful candidate. At any rate there is keen rivalry in this riding and nothing definite can be predicted for the present at least.

In East York Major Cockburn, the soldier candidate, is putting up a stiff fight and holding meetings every night. James Ballantyne, the Labor candidate, and Thomas Fisher, Unionist, have shown no inclination to let any vote slip by either.

ELECTION DEPOSITS OF CANDIDATES SEIZED

Quebec Unionists Suffer Setbacks in Gaspe and Kamouraski.

Quebec, Nov. 23.—The election deposits of Dr. Lebel, Unionist candidate in Kamouraski, and Dr. Gauthier, Unionist candidate in Gaspe, have been seized.

The seizure in the case of Dr. Lebel is made on the strength of the superior court, for a sum of \$200 obtained by Col. W. A. Ray of Quebec about two years ago.

J. B. B. Letellier, who is selling Major L. P. Gauthier's deposit, is a wholesale grocer in this city, and claims that the candidate is indebted to him for over \$25.

A despatch from Peres, Gaspe, announced that the patron of Hon. Rodolphe Lemieux for the rejection of the present ration bill of Major L. P. Gauthier, Unionist candidate, because he is at the front was dismissed by Judge Tessier. Major Gauthier was represented by W. A. B. Flynn.

LAURIER ENDORSES ANTI-UNIONIST MEN

By Staff Reporter.

Ottawa, Nov. 23.—Sir Wilfrid Laurier has officially endorsed anti-unionist candidates throughout the Dominion. He has placed his stamp of approval upon 168 men who claim to be straight Laurierites; upon 570 men who profess to be Liberal supporters of Union; upon eight men who have announced themselves as Independents; upon eight men who are running as Laborites, and upon one man who is fighting under the red flag of socialism.

In nine constituencies Sir Wilfrid endorses nobody; in ten constituencies he withholds decision, and in 23 acclamations make endorsements unnecessary. He approves opposition to every Liberal in the government, except Hon. S. C. Newburn, who is opposed by a Laborite.

of Liberty bonds in the United States, and his meetings brought into Wall street the biggest crowds that ever gathered there. He has purchased many Liberty bonds, and he is also the holder of a big block of Canadian Victory bonds.

Today and on Monday those who under-subscribed to the Victory Loan will be asked to double, if not more than double, their subscriptions. This appeal to the citizens is part of a new and vigorous plan of campaign approved by the Toronto executive to secure the city's objective of \$75,000,000. This can be done, the executive feel assured, high the Toronto's objective is, if the new scheme is to be followed out wholeheartedly by the people.

That some people at least are not averse to a second appeal from when canvassers was proven yesterday when one of J. O. McCarthy's men turned previous subscriptions for \$900 into \$11,000 in a short time.

At the civic luncheon at which the several commissioners from Massachusetts who are in the city investigating the guests, Mr. Morley, H. E. Williams' right-hand man, put through a good bit of business when he sold bonds to G. M. Worrall, James H. Neal and Albert S. Hickey, three of the commissioners.

Headquarters is also issuing a special card which can be used when making Christmas presents of Victory bonds.

The undersigned Canadian delegates, attending the convention of the American Federation of Labor, now in session in the City of Buffalo after discussing the Victory Loan with the executive council of the American Federation of Labor and the executive officers of a few of the international unions, are pleased to inform your committee that the following labor organizations have decided to buy Victory Loan war bonds to the amount opposite their names, as an investment for \$5,000,000 worth of Victory bonds. This makes the total amount subscribed by this company for war purposes \$13,000,000.

Tells Ward Three Union Advocates of Importance of Getting Voters Interested.

Union government women of Ward 3 held a very interesting meeting last night in their committee rooms, 615 Yonge street. Dr. Charles Sheard addressed the meeting, his theme being the importance of getting the women voters interested in the great issue. He said: "Only women can win this war; unless the women co-operate with us in this work we have undertaken we can never carry it thru."

Mr. Brandon, the president of Ward 3 women, introduced Mrs. L. A. Hamilton, who, in a few earnest words, impressed upon the women the urgent need of sacrifice of time, work and all other things for the sole purpose of getting out the woman vote.

The women of Ward 3 will have a special "canvassers" when every house will be visited. The committee rooms are open from 9 a.m. until 10 p.m. every day. Mrs. Riches is the convenor in charge. Miss M. E. Hassard is the secretary, and Mrs. Brandon, president.

Permission was granted the Police from the Women's Union to hold a meeting in the foot of Sherbourne street, so as to bring in a relay of canvassers in connection with its shipbuilding plant.

No action was taken in regard to the street railway's refusal to send half of the cars on the Bathurst street line along King street during the rush hours. It is expected that the company will go to the railway board to prevent the cars from interfering with the Military Service Act. These being the last cases for trial at this court the petit jurors were dismissed.

PROCLAMATION

VICTORY DAY PARADE CIVIC HALF HOLIDAY

Wednesday Afternoon, Nov. 28th Thomas L. Church, Esq., Mayor of the City of Toronto.

WHEREAS the Committee in charge of the Toronto Victory Loan Campaign has organized a Memorial Victory Day Parade, to take place on Wednesday afternoon next, for the purpose of stimulating the enthusiasm of the citizens and of inducing them to purchase, as far as lies in their power, the Victory Bonds now being offered by the Government of Canada; and the Committee have asked me to issue a Proclamation requesting the closing of that afternoon of all places of business throughout the city (other than those engaged in the manufacture of war munitions and supplies);

In compliance with this requisition, I have pleasure in proclaiming the afternoon of Wednesday next, the 28th inst., a Civic Half-Holiday, and do most respectfully urge that all places of business throughout the city (other than those engaged in the manufacture of war munitions and supplies), be closed from noon on that day, in order that the citizens generally may have an opportunity of viewing the parade and of taking part in the demonstration in connection therewith.

T. L. CHURCH, Mayor. Mayor's Office, City Hall, November 24th, 1917. God Save the King.

MISSION TO LEPERS. Yesterday afternoon the November meeting of the Mission to Lepers was held in the Sherbourne House Club, the president, Mrs. T. Trees, in the chair. At the conclusion of the meeting, reports and correspondence Miss Watt, secretary, gave an address on her deputations work in Canada.

COUNSEL BUSY ON TRIBUNALS. Mr. Justice Hodgins in the assize yesterday traversed the causes of J. Phillips, charged with manslaughter, and C. Phillips, charged with attempted rape, to the January assizes. J. Walker Curry, K.C., is counsel for the two men, and E. Wallace, one of the firm, stated that as Mr. Curry was a member of one of the exemption tribunals he could not appear without interfering with the Military Service Act. These being the last cases for trial at this court the petit jurors were dismissed.

GIVE PERMIT FOR FILL. Permission was granted the Police from the Women's Union to hold a meeting in the foot of Sherbourne street, so as to bring in a relay of canvassers in connection with its shipbuilding plant.

No action was taken in regard to the street railway's refusal to send half of the cars on the Bathurst street line along King street during the rush hours. It is expected that the company will go to the railway board to prevent the cars from interfering with the Military Service Act. These being the last cases for trial at this court the petit jurors were dismissed.

ALL ROADS LEAD TO NEW ORLEANS TRACK Chicago, Nov. 23.—The first flight of racehorse followers started for New Orleans today and other delegates will be following all next week. The meeting is scheduled to open on Thanksgiving Day and run for 65 days. The track is over-run with horses now, and the officials of the club are having a hard time taking care of all of them. New Orleans will have a practical monopoly of winter racing, as La Juana will not open. Havana opens its track on Thanksgiving for a season last into March. Racing has prospered in Cuba but has not reached anything like the development attained at New Orleans. Martin Nathanson is acting as secretary for the Havana meeting. Havana draws considerable following from New York, but Chicagoans stick faithfully to New Orleans. Following New Orleans, Hot Springs will put on a thirty-day season, there being practically 100 days of activity provided for in the thousands during the winter season.

forces of the first army, offering the most effective resistance and making continuous counter-attacks, succeeded in holding all positions firmly and repulsing the enemy with very severe losses, capturing eight officers and 181 men.

"Between the Brenta and the Piave the enemy at dawn renewed his attacks with the most violent artillery fire, followed by an advance of dense waves of infantry. The struggle was most fierce and lasted thru the whole day. Several positions were lost more than once and promptly retaken by our troops of the fourth army, who distinguished themselves by their aggressive spirit and bravery. Towards evening the last counter-attack definitely stopped the enemy, for whom, in this sector also, the day's fighting resulted in heavy losses."

Weekly Sport Letter

BY FRANK G. MENKE.

Something akin to poignant grief is pulsing thru the bosom of the Yale, Harvard and Princeton folks. Its all because of a "sore" which the athletic authorities at these institutions pulled last spring about 1917 football.

Soon after the outbreak of war in the gentle springtime the so-called "Big Three" announced the abandonment of schedules. Perhaps misdirected patriotic sentiment inspired this determination; certainly it was not an action with government approval, because at that time President Wilson and Secretary of War Baker were urging a continuance of sports in war time. In the face of those requests from the government officials of the so-called "Big Three" said "No" on 1917 football, and kicked the schedules

and now they are sorry—very, very sorry. The fact that "Big Three" is not playing variety football this year has killed interest in the game. In fact, the enthusiasm over the gridiron sport is as great as it ever was. And look, Yale, Harvard and Princeton folks have just awakened to the fact that their failure to play variety football this season has taken away much of their prestige, and focused the spotlight within their gates. They have tried for years to get nationwide publicity and have failed until now.

No better thing of the fact that the "Big Three" people have come to realize their blunder can be presented than the fact that they have organized freshmen teams, and, in two instances, "informal" ones. They have tried thru those poor mediums to gain attention. But they have failed miserably. And all the while the football has been realizing more and more that real football events are being turned out by such colleges as Pittsburg, Georgia Tech., Pennsylvania, Williams, Cornell, Washington & Jefferson, Dartmouth and other colleges which for years were ignored because the "Big Three" monopolized football attention.

Yale, Harvard and Princeton undoubtedly will be back with variety eleven in 1918, but evidence of the fact that the gridiron world. They must share prominence with the other colleges; with the institutions which have enough and sportsmanlike enough. In 1917 to go thru their variety schedules despite the fact that arrangements had depleted their ranks of football stars; the fact that Yale, Harvard and Princeton undoubtedly were afraid to attempt because of fear that their weakened eleven might get defeated.

Straight Football Triumphs.
The amazing record compiled by the Georgia Tech. eleven this season is a glowing tribute to old-fashioned football. Those southerners are adept in the use of the forward pass and frequently have flashed a wonderful aerial attack. But accounts of the games in which they have rolled up another score. But that eighty per cent. of their gains have been accomplished by the kind of football that was vocation in another era.

Runs around the end and line plunging have netted tremendous gains for the "Golden Tornadoes." The powerful backfield—Strupper, Guyon, Harlan and Hill—have torn the opposition line to shreds time and again and circled end in a way that made even the best flank guards and their feenan look like novices. The way the Tech. backs have succeeded by the use of open football is striking testimony to the fact that after all, it is a great game. And it is the safest.

Forward passes, successfully made, may net bigger gains on the average than will any run or smash thru the line. But when a team is forward passing there is always the chance that it may lose the ball, in interception, something which cannot happen when a man is carrying the pigskin.

Yest is Back.
One of the outstanding features of the

1917 gridiron season is the "comeback" of "Hurry-Up" Yest.
After something like thirteen years of constant effort to rank Michigan once again among the truly great, the Wolverine coach had succeeded. He is back in 1917 with an eleven that stands out as one of the most powerful that has battled in the west for many seasons, and one that would have a splendid chance for victory if pitted against either Georgia Tech., the southern champions, or Pitt., which holds the eastern title.

The odds of Michigan's showing is that with the dawn of the 1917 season the outlook was gloomier than at any time since the days of Heston, Redden, Weeks, Snow and the others who made football history back in 1902, 1903, 1904 and 1905. But there was real football ability among those youngsters, and aided by the teachings of the veteran coach they have learned the game and play it with remarkable success.

PATRIOTIC FUND IS UNDER CRITICISM

War Veterans Have Strong Remarks to Make of Management.

Feeling ran high against the officials of the patriotic fund at last evening's meeting of C company, G.W.V.A., and in the course of an extended discussion as to the best means of dealing with that organization, Secretary A. Gustar openly accused the officials of the fund of dishonesty, stating that he had it on the best authority that graft was rampant among those in charge of the fund's disbursements. Several members advocated the plan of going up to the office of the fund and having an interview with the thousands of the city for the purpose of drawing public attention to the question at issue. Secretary Gustar told the large gathering that he would publicly extract a promise from Major Cookburn to call the attention of the Canadian Government to the disgraceful mismanagement of the monies entrusted to the patriotic fund, in the event of his election.

Other important matters were dealt with at the meeting, notably the suggestion of making assessments on members coming in for considerable organization be sent to each member of the company with the idea of enabling the members to more thoroughly direct the ideas suggested. The G.W.V.A. now numbers more than 3000 members.

The association has requested a formal declaration of policy from the candidates for the Toronto and York divisions. The following explicit communication was received from W. F. Maclean, candidate in South York:

"Dear Sir: I have always been in favor of fair and more than fair treatment for the soldiers and their dependents in connection with this war, and as I have said on several occasions, both in the house and out of it, and in 'The World' newspaper, I am in favor of and will support any measure for better pensions for soldiers who have been killed or injured, and for an increase in the separation allowance of soldiers' dependents during the war, and for anything that will recognize the full and splendid sacrifices in this war made by the soldiers and their dependents. Yours truly, W. F. Maclean."

TAXI STRIKES MOTOR CAR.

James Brown and Woman Companion Are Placed Under Arrest.

When a taxi he was driving collided with the motor car of T. B. Williamson, 158 Madison avenue, on University avenue last night, James Brown, who gives his address as 64 Shuter street, hastily departed from the scene of the disaster and was apprehended by the police and taken into custody on a charge of being drunk some time after the accident. Irene Meredith, Lambton Mills, who was a passenger in the taxi, was also taken into custody charged with a breach of the Ontario Temperance Act, a bottle of whiskey being found in her possession when she was taken from the car. Mr. Williamson's motor was badly damaged.

ZETLAND'S OFFICERS.

HOURS PASSED BEFORE MEDICAL OFFICER CALLED

Further Evidence Given at Inquest Into Death of Soldier in Base Hospital.
The inquest into the death of Lance-Corporal Joseph Hughes, who, it is alleged, died as the result of injuries received when he was assaulted by Pte. Patrick J. McManus in the base hospital, Gerard street, was opened last night in the morgue by Colonel George W. Graham. Several witnesses were called, the first being Capt. Harold Kinsey, the officer in charge of the ward to which Hughes was brought after the assault. He gave evidence to the effect that Hughes was brought to his ward unconscious on Nov. 13, and remained in that condition until he died on Nov. 16.

UNCIVIL ANSWERS OF MEDICAL BOARD

Officer's Treatment of J. F. Fountain Should Be Investigated by Authorities.

HEALTH BOARD APPLIES

Asks for Exemption of Eighteen Professional Men, With Little Success.

Complaints against the medical examinations at the armories have been numerous, and some applicants have inferred before certain tribunals that they had not been shown the courtesy that might be expected from the officers and gentlemen that compose the medical boards.

A grievous case with the evidence given under oath, not as a complaint but incidentally, came before tribunal 362 at police station number two yesterday morning, and should provide good grounds for a general investigation of the way the medical boards at the armories have been conducting the examination of prospective members of the Canadian expeditionary forces. Such experience the first time the draughtees come in contact with military officers will not tend to promote a proper feeling between the men and their superiors.

John F. Fountain applied for exemption on business and health grounds. After he had taken the oath he said he had been troubled for years with rheumatism in his back. He told Donald MacDonald, when questioned, that he had called this to the attention of one of the officers at the armories, and when asked what the officer had said, he said the officer replied, "I don't give a damn!

That is the category you are in and set to hold out to here."

Lack of Traffic Men. W. H. Farrell, terminal superintendent of the Grand Trunk Railway, appeared for Fountain, and stated that out of 1130 employees in the traffic department he was asking for the exemption of 107 men. Of this number 27 were in category A, 48 had not been examined and 37 were in other classes.

At the first of the war the Grand Trunk had encouraged their men to enlist by giving them six months' full pay and three months' half pay after enlistment. This had so depleted the number of experienced men that they were now operating with inefficient men.

A long list of trains held up last winter waiting for crews was shown the tribunal, and as a result Fountain was granted nine months' conditional exemption, which may possibly be extended at the end of the period.

Board of Health Applies. Before Judge Mors's tribunal in the city hall exemption was asked for six doctors, nine dentists, two veterinarians, and one bacteriologist, all employees of the department of public health.

Henry Roland, secretary of the department, and Dr. Secombe applied on behalf of the men, and after giving consideration to the individual cases, one was disallowed, two obtained conditional exemptions and the others were given temporary exemptions averaging three months.

Aviator J. A. D. McCurdy, one of the first Canadian aviators, was granted exemption on account of the important work he is doing in the manufacture of aeroplanes for the British Government. He was largely responsible for the establishment of training schools at the island and Long Branch, thru which over 600 pilots were trained.

"Milk—the Cheapest Food We Can Buy"

Says Dr. Hastings, M.O.H.

Milk is not merely a beverage. It is a food. It is the food—the staff of life. No other single food material will form such an all-round, suitable diet as milk. It is wholesome. It is safe.

It Is Cheap!

Nothing will give you food-value to equal milk at the price. It is a cheap, economical food. Dr. C. J. Hastings, Medical Officer of Health for Toronto, says in his monthly bulletin: "Milk today is the cheapest food we can buy, that is for a given sum we get more all-round value from milk than from any other single food."

Then why not use more milk? The Farmers' Dairy Milk will benefit every member of the family. Combat high meat prices. Economize. Get the Farmers' Dairy Milk.

LAURIER ENDORSES MANY CANDIDATES

Sir Wilfrid Approves Four Contestants for Toronto Seats.
SOME UNDECIDED

Liberal Leader Hesitates in Acting Concerning Hamilton Constituencies.

Ottawa, Nov. 23.—Sir Wilfrid Laurier this evening gave out the list of candidates he has endorsed, for the purpose of overseas voting. The list does not include all the opposition candidates in the field. In a few constituencies the opposition leader has refrained from endorsing any candidates. These constituencies are as follows:

- Grey North, where W. S. Middlebro, Conservative Unionist, and Dr. Deane, Liberal Unionist, are the candidates; Hastings West, where E. Gus Porter, Conservative Unionist, and E. J. Graham, Independent Conservative Unionist, are opponents; Norfolk, where W. A. Charlton, Unionist Liberal, and J. A. Walkie, an Independent candidate; Oxford North, where E. W. Nesbitt, Liberal Unionist, who is opposed by Lieut.-Col. Sutherland, Unionist, has been endorsed by the prime minister; Toronto South, where D. A. Casey, Labor candidate, is in the field against Dr. Sheard, Unionist; Wellington North, York East, where there is no Liberal candidate; Chateaufort and Joliette, where there are two Liberals in the field.

"FEEL LIKE A NEW BEING"

"Fruit-a-tives" Brought the Joy of Health After Two Years' Suffering.

MADAME LAPLANTE
"35 St. Rose St., Montreal April 4th. For over two years I was sick and miserable. I suffered from constant headaches and had palpitation of the heart so badly that I feared I would die. There seemed to be a lump in my stomach and the constipation was dreadful. I suffered from pain in the back and kidneys. I was treated by a physician for a year and a half and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes I was greatly improved, and twelve boxes made me well. Now I can work all day, and there are no headaches, no palpitation, no pain or kidney trouble, no constipation, no pain or kidney trouble, and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health."

Mrs. Rowell, at St. Thomas, Speaks in Election Campaign

Special to The Toronto World. St. Thomas, Nov. 23.—The largest and most representative audience of women ever assembled in St. Thomas was present in the city hall today to hear Mrs. N. W. Rowell give an address in the interest of the Union government. Mrs. Rowell's address gave a clear explanation as to the formation of the Union government, which was launched entirely for the purpose of having Canada help to win the war.

GUROFSKY DROPS OUT IN WEST TORONTO

Leaves Laurier Standard to Be Carried by C. W. Kerr.

Louis Gurofsky is not a candidate in West Toronto constituency and the Liberal field is now open to Charles W. Kerr, who will receive official recognition as the Liberal candidate immediately. A private meeting was held yesterday at which the situation in West Toronto was discussed. It was decided by several prominent Liberals, some of whom urged Mr. Gurofsky to remain.

After a somewhat lengthy session he reached his decision, and the following is a copy of the letter he sent to the returning officer of West Toronto riding: "Believing that in the interests of Canada the opposition to the Union government should not be divided, I have decided not to contest the divisional riding of West Toronto in the coming election, and would therefore ask you to not print my name on the ballots as I hereby withdraw my nomination."

LAURIER HESITATED TO HELP RECRUITING

Premier Borden at St. Mary's Tells of Sir Wilfrid's Supineness.

St. Mary's, Ont., Nov. 23.—At this afternoon's meeting in the opera house in support of the candidature of Dr. Sheard, Sir Wilfrid Laurier's name was mentioned with the criticism that Sir Wilfrid Laurier of his statement at Sydney that the Liberal leader had twice declined when asked to assist in voluntary recruiting, and the reply of Sir Wilfrid to the effect that he had only been asked once that he could remember. It was very little effort that Sir Wilfrid has made to aid recruiting in the last three years, especially in his own Province of Quebec," declared Sir Robert.

HON. J. A. CALDER GETS IN BY ACCLAMATION
James Somerville, Labor Candidate, Withdraws From Field.

Moore Jaw, Sask., Nov. 23.—The election of Hon. J. A. Calder, minister of colonization and immigration in the Union Government and Union nominee in the federal constituency, became a fact at midnight when James Somerville, Independent Labor candidate, withdrew his name from the contest after the Moore Jaw labor representative league refused to vote him support.

Weichel Campaign Speeding Up; Women to Aid Electioneering

Kitchener, Ont., Nov. 23.—Efforts are being made here by Unionists to organize the women of the riding who have votes to support W. G. Weichel. It is expected that a meeting of women voters supporting Union government will be held at the recently opened Weichel headquarters the first part of the week. At the meeting members of the Union executive will discuss them and explain to them the details of voting. Already prominent win-the-war workers among the women have been approached in connection with inaugurating an active campaign, and they have expressed themselves most enthusiastically over the prospects of electioneering among the women of the riding.

Oshawa Armory and Theatre Secured for Borden Meeting

Special to The Toronto World. Oshawa, Ont., Nov. 23.—Sir Robert Borden and Mr. Rowell will address meetings in Oshawa on Monday night in connection with the campaign in South Ontario, where Mr. William Smith, M.P., is being opposed by Mr. W. R. Sinclair, as Liberal candidate. Martin's Theatre and the armory, the two largest meeting places in Oshawa, have been secured for the meetings. Women have reserved for them in the balconies. On Tuesday night the Great War Veterans and next of kin are holding a meeting to hear the views of both candidates and to decide which of them is entitled to the support of the returned soldiers.

NEW BUREAU CREATED IN OTTAWA MINISTRY

Dominion Immigration and Colonization Department to Have High-Salaried Minister.

Ottawa, Nov. 23.—Formal notice appears in The Canada Gazette of the creation of the department of immigration and colonization. The minister is to receive a salary of \$7000 per annum. The order-in-council also provides that "as the prime minister will no longer receive the salary attached to the office of president of the privy council, a salary should be provided for the secretary of state for external affairs (the position held by Sir Robert Borden), whose office by law belongs to the member of the King's privy council for Canada, who holds the recognized position of minister." The salary of the secretary of state for external affairs is fixed at \$7000 per annum.

Two Enthusiastic Rallies For T. J. Stewart in Hamilton

Special to The Toronto World. Hamilton, Saturday, Nov. 24.—Two enthusiastic rallies of the supporters of T. J. Stewart, the Union government candidate in West Hamilton, were held last evening at Ward 2 headquarters in the new American Hotel, and at Ward 3 headquarters, Twentieth Century Clubrooms. The candidate addressed both gatherings, and organization plans were completed. In the afternoon an organization meeting for the canvass will be held by women supporters was held in the J. W. C. A. lecture hall.

DEATH OF MRS. WALLACE

North Bay, Ont., Nov. 23.—Vellie Jane Wallace, wife of A. Casselman, 62, principal of the Normal School, is dead after a lingering illness. Besides her husband she leaves three children, Mrs. W. H. Argo, wife of Prof. Argo, of California University, Berkeley, Cal., and Margaret and Clarence at home.

SCOTT ACT SUSPENDED

Ottawa, Nov. 23.—Operation of the Canada Temperance Act is to be suspended in the Counties of Northumberland, York and Carleton, N.B. The action is taken in deference to petitions received. The provincial law in New Brunswick, it is pointed out here, imposes as great restrictions on sale and traffic in liquor as does the federal act. Suspension continues as long as the provincial law contains such restrictions.

What Will It Do For Me?

YOU have heard of this great good this food cure is accomplishing for others. You have come to realize that nervous diseases do not right themselves, and therefore feel the necessity of some treatment to help you back to health and strength.

It will cure nervous headaches by removing the cause. It will strengthen the action of the heart. It will correct the weakness and inactivity of the digestive organs. It will restore energy, ambition and confidence. It will prevent the development of nervous prostration, paralysis and locomotor ataxia.

Now comes the all-important question as to what Dr. Chase's Nerve Food will do for you.

Basing our answer on a knowledge of the restorative value of the ingredients contained in this food cure, and on the experience of those who have proven its curative powers under the most trying conditions, we want to tell you that— It will make your blood rich and red. It will nourish the starved nerve cells back to health and vigor.

Mrs. G. French, 494 Lansdowne street, Peterboro', Ont., writes: "I was troubled with nervousness, sleeplessness, frequent headaches and indigestion. For many years I was troubled with a twitching or fidgety feeling about my limbs after retiring, causing me much loss of sleep. I wakened out of my first sleep, even had I been asleep only five minutes. I would lie awake for hours and could not get to sleep again. Any sudden noise or a door slamming would set my nerves going, and I would fear that something dreadful was going to happen. I had tried different remedies for this trouble, but without success. A friend asked me one day why I didn't try Dr. Chase's Nerve Food, so I thought I could at least give it a trial. I secured some and commenced using them, and as they benefited me so much that I have taken fully a dozen boxes. My nervousness or fidgety feeling in the limbs is entirely cured. I can now eat and sleep well. I can recommend Dr. Chase's Nerve Food strongly, and would advise anyone suffering from nervous trouble of any kind to use them according to directions."

Why not put Dr. Chase's Nerve Food to the test? We know that the formula is right: We have proven to you by thousands of reports from cured ones that this treatment positively effects cure, even in the most complicated cases. We cannot do more. It remains for you to make the test. You have everything to gain by using this building-up treatment, for it cannot fail to be of at least some benefit to you.

WOMEN WILL MAKE FEWER CAKES NOW IF KIDNEYS AND BLADDER BOTHER

Controller's Advice to Women's Institutes to Conserve Sugar Responsible.

ASK BAN ON LIQUOR Claim More Sugar Can Be Saved by Stopping its Use for Spirits.

Food Controller Hanna's advice to the delegates to the Ontario Women's Institute Convention to spend some of their time in formulating ways and means for the preservation of the fast-diminishing supply of sugar has been taken up in earnest by some of those who listened to Mr. Hanna's address. As a consequence the institute will recommend to its members the elimination of all unnecessary cakes and confections whose chief ingredient is sugar, and the substitution of other articles in the domestic menu. Some of the women, however, believe that it is within the power of the food controller to accomplish a great deal more by forbidding the use of sugar in the manufacture of spirits than they can accomplish by reducing the consumption of sweetstuffs in their homes. They are taking means to impress this point of view on Mr. Hanna and his department.

According to the inland revenue department returns for the year ending in March last, more than 27,000,000 pounds of raw sugar and molasses coming into Canada during that period were diverted from the manufacture of edible sugar, for the purpose of being converted into distilled spirits, the bulk of which got to the ultimate consumer in the form of whiskey and other beverages. Under an order-in-council passed last month the conversion of any grains or other foodstuffs (including presumably raw sugar and molasses) into alcohol will become unlawful on and after December 1. This will undoubtedly have the effect of increasing the amount of raw material for the manufacture of refined sugar. The food controller, however, is asked to go still farther and to suppress entirely the use of sugar for the manufacture of alcohol for any purpose whatever.

Molasses Also Wasted.

Those now engaged in the manufacture of spirits from sugar and sugar products maintain that sugar, as imported into Canada, contains from six to seven per cent of molasses of low purity, from which it does not pay to extract the sugar. Other manufacturers, however, say that if this so-called "waste material" be properly subjected to purification, the refining process, there becomes available additional quantities of refined sugar, economically extracted from the material in question. Moreover, it is asserted that the resultant molasses obtained after the extraction of this additional quantity of refined sugar, is itself of a refined and purified form, wholesome and attractive as an edible syrup, and at present commanding a substantial price because of an eager demand. There is, therefore, they say, no justification in attaching the term "waste" to any of the legitimate products of a modern sugar refinery, conducted for the bona fide purpose of converting raw cane sugar into the maximum obtainable quantities of refined sugar and a minimum of refined syrup.

The interesting feature of the situation is to be found in the price for commercial alcohol in Canada, and the consequent inducement which that price offers to the sugar refiners, to convert as much of their raw material as possible into spirits, instead of into sugar. Commercial alcohol brings in Canada, today about \$2.75 a gallon for 159 proof in bond. The excise tax adds about \$4, making the price to consumers \$6.75 a gallon. As raw sugar can be converted into alcohol without entering the refinery, the removal of any part of it as a refined sugar product, the temptation is always strong to divert raw sugar towards the distillery and away from the refinery. To just what extent this diversion is being carried out can only be disclosed by a correct statement of raw sugar imports, and melted and refined sugars sold on hand, and it is within the province of the food controller to require such a statement from all sugar refiners in Canada.

Statistics Are Prepared.

Statistics have been prepared showing the total value of products resulting from the manufacture of 96 test raw sugar into granulated sugar and alcohol, when various percentages of the weight of raw sugar are turned out as granulated sugar, and the remainder turned into alcohol. On a basis of eight cents an imperial gallon for alcohol, it is shown that 100 pounds of raw sugar converted into a maximum output of alcohol and a minimum output of sugar, gives the refiner a return of \$18.06 for the output. By using the same quantity of raw material to produce a maximum quantity of granulated sugar and a minimum quantity of alcohol,

SHE DARKENED HER GRAY HAIR

A Kansas City Lady Darkened Her Gray Hair and Made It Soft and Glossy by a Simple Home Process.

She Tells How She Did It.

A well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray or faded hair, and make it soft and glossy with this simple recipe, which they can mix at home. To half a pint of water add 1 oz. of bay rum, 1 small box of Orlex Compound and ¼ oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair every other day until the gray hair is darkened sufficiently. It is not sticky or greasy and does not rub off. It will make a gray-haired person look 10 to 20 years younger."

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness results from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation, and is very profuse, again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and primary organs, which then act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys, and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble. The refinery obtains only \$3.11 for its output, a difference in favor of the alcohol production of considerably over 100 per cent. Considering that there is an abundance of commercial spirit now available for the country's industrial needs—there being over 17,000,000 gallons of spirits now in bond, or enough to meet a two-year normal demand—the advocates of food conservation think they have good grounds for asking the food controller to use the power of his office to prevent the further waste of sugar in the needless and undoubtedly profitable production of alcohol.

LOOK OVER RAILWAY

Massachusetts Commission Investigates Toronto's Transportation System to Get Ideas.

The Massachusetts Street Railway Investigation Commission, which arrived in the city Thursday evening, was occupied yesterday in making a complete survey of the various street railway lines in the city. The commission was appointed by the state legislature of Massachusetts to investigate street railway conditions in various cities for the purpose of securing new ideas in management which might be adopted in order to overcome the financial difficulties of street railways in Massachusetts arising out of the present high cost of living and the increased cost of labor. The following are members of the commission: Honorable W. C. Forbes, G. W. Gordon, J. W. Martin, J. L. Har- rap, C. W. Edridge, John W. Gibbs, George W. Wamsal, George Bunting, Martin Hay, John L. Donovan and Michael J. Fitzgerald.

The commission submitted numerous questions to the Ontario Railway Commission in regard to the laws enacted here affecting street railways, taxation, the number of lines under private ownership, capitalization and the dividends paid on stock. The commission were the guests of the city and provincial government in an informal address, Premier Dunlop, who presided, said: "We have the same ideal of government, business and social life that tend to bring two peoples, one divided by an imaginary line. Eighteen and a half years ago a great bond has been welded between us. So our hearts are warm to you. Mayor Church said that Toronto was proud of its American cousins. Blood shed in the name of peace there would never be any more troubles between the countries, actuated as they were by the same motives and the same ideals. We know when your boys go to France, and the mayor says they will write one of the most glorious pages of American history. Senator Joseph W. Martin, jun., chairman of the commission, said: "We are glad to come here when Canada and the United States are at peace in the great cause, fighting for the liberty and civilization of the world. The United States, like Canada, entered the war, not only to desire for territory, but to see that the world was saved from the domination that desired to reach out and oppress under its relations with Canada. We hope that our relations with Canada will be as friendly as they have been in the past. There are not two peoples in the world like these with not a single solder, not a single fort on either side of an imaginary line."

Last night the party left for Montreal.

HARBORD COLLEGIATE ANNUAL COMMENCEMENT

Auditorium Crowded With Friends of Pupils to Witness Presentation of Scholarships.

The auditorium of Harbord Collegiate Institute yesterday afternoon was bright with many flags and filled with many happy pupils and their friends, in honor of the annual commencement exercises. Principal E. W. Hagarty, in his opening address, dwelt upon the patriotic spirit of the pupils and their splendid work in the school. Among other patriotic acts, the school is taking care of a French orphan, and they have over three hundred names of those who have enlisted for overseas.

Dr. Caroline Brown of the board of education was in attendance and presented the scholarships awarded by the board of education. The valedictorian, Charles E. Phillips, received an ovation from the school, and his address was not only scholarly, but witty. Mr. Phillips is the winner of the Prince of Wales Scholarship, University of Toronto, and of the Elizabeth M. Balmby prize in modern languages, presented by the Harbord Alumnae. Miss Elizabeth H. Chant won first scholarship for modern and science, and Marjorie G. McMaster University (D. G. Thompson) Carter Scholarship for Toronto, Chas. E. Phillips \$100, and Elizabeth Chant \$60. The honor roll of the heroic dead from Harbord Collegiate was unveiled by Rev. C. James. Twenty-nine names were on the roll.

Canada's Victory Bonds

WHY should you subscribe for Canada's Victory Bonds?

BECAUSE our National safety is at stake, and Canada must have money to support our soldiers fighting in France.

This Bank will accept Victory Bonds to the amount of \$1,000 from any one person for safe-keeping for one year without charge.

Loans will be made to wage earners on favourable terms for the purchase of Victory Bonds.

How much will this enable you to subscribe for?

FAIR ACTIVITY IN WAR BONDS

Third Issue Shows Reactionary Tendency—Stocks Almost Entirely Neglected.

Heaviness in the third war loan, which sold at 93 at the close as compared with 93 1/2 on Thursday, was an unexplained incident of yesterday's trading on the Toronto exchange. The quotation of 93 was for a \$100 bond and not fairly representative of the market, but the final bid of 94, with 1/2% asked, indicated a reactionary tendency. The first and second issues held steady around Thursday's quotation, the second with a total of \$10,000,000 supplying the greater part of the activity.

Stocks were almost entirely neglected, as dealings outside of Dome M. was amounted to 98 shares only. Mackay 7 3/4% was up from Thursday in New York's buoyancy, and 7 1/2% in Toronto. The market strength in the advancing of the day by a point. Brazilian is still in demand, but the demand for stocks being on offer at the minimum with bids after sales of 35 shares.

LONDON MARKET FIRM ON GOOD WAR NEWS

London, Nov. 23.—Notwithstanding the treasury bill maturities money was in strong demand today. Discount rates were quiet. A further amount of Italian credit bills was issued in the market.

COTTON'S UPWARD TREND

J. P. Bickell and Co. received the following closing prices for cotton today at the close of the New York cotton market: "We see no immediate change in the present upward trend of prices and believe purchases of cotton can still be profitably made on the increased demand from time to time. In view, however, of the prevailing high rate of exchange, we feel that a degree of caution in transactions would not be amiss."

STEEL LEADS MARKET

J. P. Bickell and Co. received the following wire at the close of the New York steel market: "The market quickly resumed the upward trend today and indicated that reactions for the present are only temporary. Steel is leading the market and should rule strong until the dividend comes off."

C. N. R. EARNINGS

C. N. R. earnings for the week ended November 21, were \$937,700, an increase of \$78,700. From July 1 to date, earnings are \$17,400,800, an increase of \$418,400.

TRADE IN TORONTO

Toronto reports to Bradstreet's show that improvement is being shown in retail trade conditions and that there is a marked gain in buying of gifts for shipment to soldiers overseas. Toys are being bought quite extensively but otherwise purchasing for holiday needs is not of major importance in retail lines. The progress with fall weather has caused a lighter demand for winter commodities, but prices are generally firm with no sign of weakening.

NEW YORK COTTON

J. P. Bickell & Co. report New York Cotton Exchange fluctuations as follows:

HOLLY'S STRENGTH MARKET FEATURE

Stock Sells Above Five Dollar Mark Again—Buoyancy Throughout.

Continuation of the rise in Hollinger and firmness in Dome and McIntyre were features of the trading in the Porcupine stocks on the Standard Exchange yesterday, while Adanac, which reached a high level on the recent movement, McKinley-Darragh and Peterson Lake were outstanding among the Cobalt issues.

With Holly selling again well above the five dollar mark there was reason for believing that the market was being prepared for a new advance. The buying is reported to be of a more definite order, and is based upon definite recognition of the fact that cutting off the dividend has resulted in building up the company's finances so that a declaration of a bonus or the early resumption of dividends is being discussed.

McIntyre was reported to be well bought with satisfaction, and McIntyre at 1 1/2% showed a most gain. It is said that much of the recent selling has been on account of one large holder, and that the use of a new bid at 1 1/2% was an advance sold at 1 1/2% best record in two weeks, and McKinley-Darragh was strong at 61, with 6 1/4 bid at 61 and Peterson Lake at 42, with 4 1/4 bid at 42.

SATISFACTORY PROGRESS ON CHAMBERS-FERLAND

Isbell, Plant & Co., in their weekly letter say: "Much of a contradictory nature has been published with regard to the deal between the West Dome and the Dome Lake companies, but we are in a position to state that the deal is, to all intents and purposes, completed, and it is the expectation of the West Dome management that a part of the mill will be working on West Dome ore by the 15th December. There are some formalities to be gone thru with, but these are purely formalities and are hardly likely to delay the consummation of the deal. Following the use of the West Dome mill the West Dome will be able to proceed with the development of its territory from the Dome Lake workings which will greatly facilitate matters, and eventually the workings of the two properties will be connected. The West Dome is now stopping some ore of excellent grade on the 300-foot level at a distance of 165 feet west of the shaft, and the company has already broken between three and four hundred tons of this rock which will run at about \$18 to the ton."
