VEREGIN SAYS
STORY RIGHT

Would Kill Doukhobor Children and Infirm.

Heavy Taxation Ascribed as a Cause—In Ottawa Officials Do Not Take Matter Seriously, but the Mounted Police are Ready.

(Canadian Press) Vancouver, B. C., Feb. 22.—An article published in yesterday's Canadian newspapers crediting officials of the Doukhobor colony with a statement that Doukhobor children and aged might be killed off and the colony scattered as a wandering tribe, was given out with the knowledge and sanction of Peter Veregin, head of the Canadian Doukhobors. His name was mentioned in the article, which said that Doukhobors were taxed so heavily that the colony probably would find it impossible to support its children and infirm. The Canadian Press asked Mr. Veregin for a statement and received last night the following telegram in reply:

"We received, kindly refer your copy to the Vancouver Daily Sun which has a detailed article regarding the Doukhobor story in which you are interested of Doukhobor life for recent days. Although the article is signed by Mr. Kottloff, yet it has my sanction."

P. VEREGIN, "Brilliant, B. C." Ottawa, Feb. 22.—(Canadian Press)—Government officials here who have had dealings with Peter Veregin, leader of the Doukhobors, in the past few years, apparently place little credence in a report that Veregin contemplates wholesale murders of the children and aged and infirm persons so that his followers may roam about freely. They say that Veregin is well informed as to what would be the consequence of such action and look upon the story as somewhat of a new Doukhobor sensation along the lines of a peculiar form of propaganda.

Commissioner A. B. Ferry, head of the Royal Canadian Mounted Police, said last night that he had received no official information as to such declarations by Veregin, as he would have done if there was anything serious behind them. "In any such case," he contemplates the Mounted Police force would take speedy measures to uphold the law."

OUT IN SOME PAY
STATION RATES

Application of the N. B. Telephone Co. to Public Utilities Commission Allowed—A Sackville Complaint re Electric Light.

A reduction in the pay station telephone charges between St. Stephen and Calais and between St. Leonard's and VanBuren was ordered by the New Brunswick Public Utilities Commission at the request of the New Brunswick Telephone Co. at the commission's monthly meeting here this morning.

O. J. Fraser, superintendent of the telephone company, made the application for the reductions, which will bring the pay station rate down to the same level as the rate to subscribers. An order was made by the board authorizing the reduction.

Don Fisher, representing the Estreperre Foundry Co., Sackville, was heard in regard to the company's complaint with reference to electric light service to their plant, supplied by the Eastern Electric Light and Development Co. The chairman intimated that if the two parties could not come to an agreement, the case should be presented formally and consideration would be given and if necessary an order made for a hearing.

Several matters of routine nature were disposed of. The first printed report of the board's activities for the year 1921-1922 was submitted and will be forwarded for presentation to the legislature.

ST. JOHN MAN WINS
AGAIN PRAISE OF
CHIEF OF THE A. P.

The February Service Bulletin of the New York office, tells, among other things, how the news of the Irish negotiations and settlement was covered. Pictures of men prominent in the handling of this series of news stories are published and, among them, one of Dr. Donat Watson, formerly of St. John and now night cable editor in the New York office of the A. P.

The Bulletin quotes from a letter written by the general manager to the foreign service superintendent as follows: "Our service on the Irish settlement has been of such a notable character that I wish you could express to Robert M. Collins and all members of the London staff, and to Doctor Watson and Mr. Romer and all members of the New York cable staff, my very hearty thanks and congratulations for the notable service which they contributed so much. It has been a fine piece of work all the way through the long and difficult negotiations and it has been handled with all good judgment and impartiality, as well as ability and promptness, which reflects the greatest credit on the service as a whole."

This is by no means the first time that Doctor Watson has come in for high praise for good work done for the Associated Press.

Adjourn Convention of
Sinn Fein Three Months

Agreement Reached by Political Leaders in That Body Today—No Call for Government Resignation and No General Election at Present.

(Canadian Press Cable) Dublin, Feb. 22.—An agreement to adjourn the Ard Fheis, the Sinn Fein national convention, for three months, was reached today among the political leaders in that body.

The agreement provides that no vote in the Dail shall require the resignation of the provisional government and that there shall be no election meanwhile. When the election is held a new constitution under the Anglo-Irish treaty, it is stipulated, shall be submitted to the country.

After Eamonn De Valera and Arthur Griffith had answered several questions respecting the agreement, the Ard Fheis, by a viva voce vote, approved the agreement and adjourned. The result of the agreement was announced by Mr. De Valera, amidst a storm of cheers. He said it provided for the adjournment of the Ard Fheis for three months, that the Dail Eireann continue to function meanwhile, but that no vote in the Dail was to be regarded as a party vote requiring the resignation of the president and the cabinet, and that no parliamentary election should be held in the meantime, also that when such elections were held a constitution for the free state should be submitted to the people as well as the Anglo-Irish treaty.

The Sinn Fein Convention Dublin, Feb. 22.—The first day's debate in the Ard Fheis seems to have cleared the atmosphere to a great extent and the feeling among the delegates is again today was that the Sinn Fein should retain its unity despite the bitter feeling over the Anglo-Irish treaty. The political correspondent of the Freeman's Journal says that late yesterday the feeling among the delegates in favor of an understanding, which had found expression only in whispers during the morning, had become the dominant note of the assembly. Indeed, as the day wore on, it seemed as if the great bulk of the delegates were opposed to division on any subject.

In the event of a division the majority of Sinn Fein is expected to be in favor of an understanding, which had found expression only in whispers during the morning, had become the dominant note of the assembly. Indeed, as the day wore on, it seemed as if the great bulk of the delegates were opposed to division on any subject.

The Irish Independent says the delegates from the county in daily touch with the people and with the recollection of the many cases of disastrous consequences from former dissensions showed true appreciation of the grave dangers involved in the prospect of a split.

They perceived that with the nation divided its power even to insist upon complete fulfillment of the treaty would be impaired. There had been a lot of delay already and portents were not wanting that further extended delay might be attended by political risks. The real need was for co-operation between the leaders and the people.

The Freeman's Journal says editorially that the Sinn Fein should endeavor to give rise to these rumors. At 11:20 a. m. there was still no sign of Eamonn De Valera or of Arthur Griffith and Michael Collins, Sinn Fein leaders, one of the leading republican advocates, who was absent yesterday, appeared today, taking the front seat next to Countess Markievicz.

Dublin, Feb. 22.—Michael Collins, head of the provisional government, is sent to Mr. Churchill, secretary for the colonies, a reply to the Ulster telegram of yesterday, which was in the form of an answer to Collins' complaints regarding the treatment of prisoners in the hands of the Ulsterites.

The line government said it strongly resented "the making of vague charges" against its constabulary, "unsupported by any evidence."

Mr. Collins declares he will cite to Secretary Churchill several specific instances of atrocities in Belfast in the week ended Feb. 18, for which he holds Premier Craig's followers directly responsible.

Dublin, Feb. 22.—The Irish Trade Union Congress, at a special meeting here yesterday, discussed the political situation in its various aspects, especially with reference to the coming elections, and decided to participate actively in the electoral struggle. The decision was reached by a vote of 104 to 40.

RUSSIAN OFFICERS
SENT TO PRISON

Moscow, Feb. 22.—Two officers who served under Admiral Kolchak and General Denikin have been found guilty of counter-revolutionary military activity by the Russian supreme war council. Colonel Granatoff, who was chief of staff of one of General Denikin's divisions, and served also as an officer under Kolchak, was sentenced to five years in prison, and the general amnesty decree his sentence was commuted to five years imprisonment.

Colonel Mamuykine, who in addition to a counter-revolutionary charge was also accused of spying and of shooting communists, was sentenced to five years, but one third of this was commuted.

MONUMENT IN HONOR
OF WAR DOGS OF FRANCE

Paris, Feb. 22.—The war dogs of France are to have a monument erected in their honor if present plans materialize. The idea has met with approval throughout the country because every one recalls the great service these dumb creatures rendered.

As Hiram Sees It

"Look—here!" said Mr. Hiram Hornbean to the "Times" reporter. "Where's all this air-planes that was going to be flying over here? Didn't they say you was going to hev a station for 'em here at St. John?"

"They did," said the reporter. "But we were also to have a big hotel, an arena, a new railway station, wharves for the government steamships, a breakwater to Partridge Island, a municipal building, a vocational high school, and sheep feed and power plants. We are still waiting. I think it must be for our good."

"Blesses them that expects nothin'," said Hiram, "for they won't be disappointed. Any self you fellows could just make up your minds what you do want—all of you go after it—you might get somethin' if someone can be found to see it, as I see it, that somebody's 'always tryin' to give you somethin' you don't want, or tryin' to stop you from gettin' what you do want. It's like here—a pair of horses that won't pull together. You can't plough with that kind of a team—no, sir."

London, Feb. 22.—(Canadian Press) When a supplementary estimate of £200,000 for annuities allowances was moved in the House of Commons yesterday it aroused the strongest criticism in all quarters of the house because it represented a large number of pensioners included in the calculation of the pensions.

E. Hilton Young, financial secretary to the treasury, said that low paid civil servants were mainly concerned in the vote.

It is said that if the matter had gone to a division the government would have been defeated, for the Independent Liberals and a large number of Unionists would have voted against the estimate. An undertaking by Hilton Young to consider the question of making pensions in future variable with the cost of living satisfied the critics.

New York, Feb. 22.—Mary Garden intends to resign as director of the Chicago Opera Co. at the close of the current season if someone can be found to take her place, but she expects to continue with the company as an artist, where she belongs and knows she belongs. This was announced yesterday by her secretary, Howard E. Potter. Mr. Potter said Miss Garden would make no definite announcement until she had conferred with S. Insull, the new president of the Chicago Opera Company, seated in Chicago.

The diva had received a \$250,000 offer from the New York managers for a concert tour and she had many other interests which she had found it impossible to carry out, but the directors of the opera company and the attending responsibilities, annoyances, troubles and harassments of that position.

Miss Garden was out of the city yesterday.

PLANS FLIGHT FROM FRANCE TO STATES
WITH TEN PASSENGERS

New York, Feb. 22.—Louis Gaubert, a French aviator, before sailing for home yesterday said he intended to fly back to the U. S. in a Colibri plane carrying ten passengers, within the next two months. He predicted he would make a non-stop flight across the Atlantic in less than thirty-two hours. He said the plane with four engines, is nearing completion at the Farman works in France.

OTHER GREAT
AIR DISASTERS

Tragedies of Aviation Recalled by Loss of the Dirigible Roma Yesterday.

New York, Feb. 22.—The dirigible Roma, which blew up yesterday over Hampton Roads, was the third airship to be destroyed in spectacular mishap in the last three months.

On August 24, 1921, the ZR-2, built by the British for purchase by the U. S. at a cost of \$2,000,000, exploded over Hull, Eng., killing forty-two, including five Americans.

On Jan. 1, 1921, the R-34, which flew from England to Long Island and back in the summer of 1919, the first airship to cross the Atlantic, was wrecked in a gale while tethered outside her airframe in Howden, Eng.

Before the ZR-2 disaster, the greatest number killed in an airship accident in the history of aviation was the toll of the explosion of the German Zeppelin LZ-2 over the Johannthal aerodrome, on October 13, 1910.

Some of the other airship accidents in which heavy loss of life occurred followed: July 2, 1920, five killed at Atlantic City when balloon Akron, in which Melvin Vanaman hoped to cross the Atlantic, exploded shortly after leaving the ground.

Sept. 8, 1918, fifteen lost in destruction of Zeppelin L-1 off Heligoland.

June 15, 1919, twelve lost when British airship W. S. 11 fell into the North Sea after being struck by lightning.

June 20, 1914, nine lost in collision of airship and airplane at Vienna.

Six of the great peace-time dirigibles built by Count Zeppelin, German aviator, were wrecked in accidents. The German lost sixty-six of the eighty-three dirigibles sent out during the war, thirty-four of them being accounted for by the Allies and the remaining thirty-two were wrecked.

Mr. Comeau, who was only thirty-three years of age, is survived by his wife, who was formerly Mrs. Pierce; one son, Norman; four step-sons, John K. Louis, Gregory and Francis Pierce, at home; mother, one sister and three brothers, in Maine, and one brother in New York. The arrangements for the funeral have not been completed as yet.

While the body was being removed from the site of the operation of the plant was discontinued.

The Maritime Naval Works have been in operation for twenty-seven years and this was the first fatal accident that has occurred there.

NEWMAN BROOK BRIDGE. The city public works department this morning started hauling stone from the quarry which has been opened in the Millville road. The material is being dumped in the fill under the Newman Brook bridge. About one half of one side of the opening is now filled up with the beams of the bridge.

CURLERS TO MONCTON. Three rinks from the Carleton Curling Club left this afternoon for Moncton, where they will play this evening. Some of the members plan on staying to see the provincial skating championships, which are to be held there tomorrow afternoon and evening.

HORSE OVER WHARF. One of the horses employed in hauling snow from the city streets backed over the wharf at the Lower Cove slip this morning while a load was being dumped into the harbor. An alarm was sent in from box 45 and the fire department responded. Before their arrival, however, the horse was released and was able to walk out of his icy bath.

FRIGHTENED BY JURY, DEATH COMES. Berlin, Feb. 22.—When a jury returned a verdict of life imprisonment for a murderer, and then announced it would have to reconsider the verdict on account of an error, Koppe became so frightened over the possibility of a death sentence that he suffered heart failure and died within a few hours.

DEATH ROLL 34
IN AIR DISASTER

Roster of Victims of Roma Horror Complete.

(Canadian Press) Norfolk, Va., Feb. 22.—Completely wrecked by fire and explosion, the Roma, the world's largest semi-rigid dirigible and the pride of the U. S. air service, had yielded up today the last of the dead of the disaster which overtook her yesterday while manoeuvring over Hampton Roads.

Recovery of the last body fixed the toll of the disaster at thirty-four dead, eight injured and three practically unhurt. Of the dead, thirty had been identified, although many of the bodies of those caught in the interior of the ship when the craft burst were burned, blackened and charred almost beyond recognition. These dead included some of the most gallant officers and men of the air service, the list containing the names of Major John Thorneil, commander of the ship at her christening in Washington last December, and Captain Dale Mabey, her commander during yesterday's flight.

Norfolk, Va., Feb. 22.—Investigation of the crash giant air dirigible Roma at the crumpled base here yesterday, will begin today with the arrival here of officers of the army air service from Washington.

The number of dead early today remained at thirty-four, all of whom had been identified. Of the eleven survivors of the crew and passengers, eight were in the public health hospital. One of them, Charles Dworkack, of Dayton, Ohio, a superintendent of aerial construction at McCook Field, was in a critical condition. All of the others were expected to live.

Army officers who survived the disaster declared it was caused by the collapse of the elevating rudder. The Roma, was sailing along smoothly about 300 feet in the air, they said, when the elevating rudder suddenly bucked, proving the stern of the craft upward.

The buckling of the rudder crippled the steering gear and started the Roma on its plunge to the ground. The onward progress of the dirigible was checked by shutting off the engines, but the pilots were powerless to right the craft and it continued on page 2, sixth column.

FATALITY TODAY
IN NAIL WORKS

Charles D. Comeau Meets Death Soon After Starting the Day.

A sad accident occurred in the machine shop of the Maritime Naval Works this morning, when Charles D. Comeau, of 52 Somerset street, was instantly killed, apparently by coming in contact with some part of the machinery. The accident took place about five minutes after the men were at work at eight o'clock this morning. A fellow workman was talking to him, and turned to his machine a few minutes later and another workman found Comeau lying on the floor by his machine. When he was picked up he started to bleed from wounds on the temple and cheek, but he was dead. It is thought that he was caught in the belt of his mill machine, and a flying nut struck him on the temple. Coroner H. A. Porter was called and after viewing the body and the premises, decided that death was purely accidental, and thus no inquest will be held.

Mr. Comeau, who was only thirty-three years of age, is survived by his wife, who was formerly Mrs. Pierce; one son, Norman; four step-sons, John K. Louis, Gregory and Francis Pierce, at home; mother, one sister and three brothers, in Maine, and one brother in New York. The arrangements for the funeral have not been completed as yet.

While the body was being removed from the site of the operation of the plant was discontinued.

FOUR NAMED
FOR PRESIDENT
OF THE FARMERS

Convention Opened in Fredericton—A Farmer's Wife Speaks for the Women.

(Canadian Press) Fredericton, N. B., Feb. 22.—The United Farmers of New Brunswick, the political organization of the agrarians in this province, commenced their annual convention here this morning with some 200 delegates in attendance. The convention will continue until Thursday evening. Thomas W. Caldwell, M. P., for Carleton-Victoria, the president, is confined to his home at Florenceville by an attack of grippe.

There are four candidates for the presidency as a result of nominations by secret ballot this morning. The candidates are: Mr. Caldwell, J. Frank Kelly of Miramichi, C. F. Alward of Havelock and Ashley George of Sackville.

G. Gordon Sharpe, an organizing director for Carleton county for the farmers' party, reported that adversity was one of the tests by which an organization was judged. Although a large number of the old members of the association had not renewed their membership as yet, in view of yesterday's meeting he said he believed the membership would be increased.

A suggestion made by Alex. Brewer of Keswick to the effect that a more efficient scheme of organizing work could be undertaken, was taken up. In view of the financial deficit it was thought a scheme which would also relieve the financial situation somewhat would be advisable.

Mr. Brewer said that at no previous time had there been greater interest exhibited in the organization, but regretted that the women of the province had not taken a greater part in the movement. In ten years time he believed the organization would be as strong as that in the west.

The Farmer's Wife. Mrs. Mulhern, of Grand Falls, as a farmer's wife, placed the blame on the men. "Their husbands were afraid that they would transgress the rules on polite society as laid down by the city women, the little woman, to whom the larger part of the social unrest was attributed by the speaker. "The farmer's wife is not educating her children in a hurried manner and doing her duty in her home," declared the speaker.

Other speakers deplored the lack of education in public matters which placed a natural restraint upon the members of the organization when it became necessary to give public expression to their opinions. The barriers which existed between the country and city districts should be broken down and were being broken down, declared one speaker.

Unless the sentiment of the association and the social nature of the organization were kept up the whole scheme would fail, declared C. F. Alward of Havelock.

PREDICTING DEARER FURS

Statement of Prices for Various Kinds at the New York Auction.

New York, Feb. 22.—(Canadian Press)—Fur dealers here are predicting a continued increase in prices, declaring the general market trend is upward. This was demonstrated at the recent fur auction here when an increase was recorded in many lines of furs by a number of Canadian dealers were present at the sale, and many pelts from the Dominion were disposed of. Prices across the line, they declare, will likely follow the general upward trend noted here.
Fox skins, the best of which come from Canada, showed a considerable advance at the auction. Blue fox selling at from \$165, an average increase of 10 per cent, over the last recorded sales. Red fox advanced 20 per cent, selling at from 25 cents to \$26. No change was noted in silver fox, this fur varying widely in quality and always selling at a wide range in price. Silver fox pelts sold all the way from \$9 to \$600. White fox sold at from 90 cents to \$24, an increase of 25 per cent.
Beaver was very plentifully offered, and as a result was one of the few exceptions to the upward movement. It sold at from \$4.25 to \$6.50, a decrease of five per cent. The fur of the common house cat, on the other hand, was up fifty per cent, selling at from seven to fifty-eight cents.
Other prices recorded were—Skunk, ninety cents to \$3.50, up ten per cent; bear, \$10 to \$18.50, no change; rabbit, thirty cents to \$1.50, up 30 per cent; timber wolf, \$9 to \$36, no change; rabbit, five cents to fifteen cents, no change; ringtail opossum, twenty-five cents to \$4.10, up 30 per cent; brown muskrat, thirty-two cents to \$2.20, up 15 per cent; black muskrat, \$2 to \$2.05, up 15 per cent.

SHOCKED BY ELECTRIC CAT.

Oldest Watchman Along Chelsea Pier Spins a Persian Yarn.
Ben Fidd, one of the oldest watchmen along the Chelsea pier, New York, said that he had been shocked by an electric cat from the Persian Yarn, which he believed escaped from the freighter Mesaba just before he sailed for London. This was confirmed by another watchman who told Superintendent Nevins that he had seen the cat from Mesaba and Fidd chasing Captain Claret's cat and that it was kicked off the top of the Mesaba by the Quartermaster on duty. Fidd said he was positive it was an electric cat because the animal rubbed its feet on the spiky red-green fur against his leg. Fidd said he was shocked by the cat's feet when the animal rubbed its feet on his leg. Fidd said he was shocked by the cat's feet when the animal rubbed its feet on his leg. GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

"PASSION" AGAIN PACKED IMPERIAL
People Realize They Have Opportunity to See Cinema Masterpiece Again Tomorrow.

The second day of the engagement of "Passion" at the Imperial Theatre was equally as successful as the first, the fair fame of the historical photoplay having induced further large patronage. The Imperial patrons, those of Tuesday were outspoken in their admiration of the camera-masterly Fineman, and the truthfulness of the story, which was presented in a manner in which it was presented by European players. "Passion" again is making history for the animated art of this advanced age will find in "Passion" a distinctly new note something very like the works found in the best galleries of leading cities. A story it contains all the dramatic fire and interest and spirit of adventure that history relates of Madame Du Barry, and therefore offers a splendid entertainment for those who stress story value above the artistic. Today's exhibitions of "Passion" will be at 2.00 o'clock, 7 and 8.45 as usual, beginning with historical prologue and overture.

HON. E. LAPOINTE GUEST OF HONOR

Banquet Tendered Minister of Marine at Quebec—Stirring Address by Premier King.

Fellow citizens and cabinet colleagues tendered Hon. Ernest Lapointe, minister of marine, a banquet at the Chateau Frontenac, Quebec, last night. The speakers beside the guest of the evening, were Hon. W. L. Mackenzie King; Hon. Georges Bureau, minister of customs; Hon. Dr. Beland, minister of soldier civil re-establishment, and Premier Taschereau of Quebec.

Premier King declared the occasion was one of exceptional rejoicing to the Liberals of all Canada, for they were celebrating the victory of December 6 and especially the part played by the Liberals of Quebec province in achieving that victory. They were there to affirm their resolve to take up the work of government in Canada, where Laurier left in 1911, forgetting the differences and divisions and remembering only the reasons and the sacrifices of the intervening period, to strive in the spirit of his example, with enmity towards none, and good-will towards all to restore the days of a prosperous contented and united Canada. In Mr. Lapointe Quebec seat has a worthy successor of Sir Wilfrid Laurier. If he accepted a few die-hard and irremediable, that occasion was one for rejoicing for all Canada, for if there was one thing above another of which the people had had enough it was the late administration. It could not be said that the extermination in six out of nine of the provinces the parliamentary following of the late prime minister was obliterated as completely as in the Province of Quebec. This should silence forever the sinister imputation that with Quebec the motive was one of revenge. If revenge was the motive in Quebec so also must it be the actuating motive in Nova Scotia, Prince Edward Island, Alberta, Saskatchewan and Manitoba. It was not revenge, it was the restitution of political rights that was sought at the polls.

"If the problems with which we are confronted," concluded the premier, "are to be successfully solved the government must resolutely refuse to be stampeded or precipitated into any course of action which there has not been an opportunity for mature consideration or deliberation. We are paying the price today for just that kind of behavior the hasty enactment of ill-conceived and ill-digested legislation some of which has placed a burden upon the country which it will have to carry through the years to come. We seek no unnecessary delay. All that we ask is that we be not obliged to take any step which may occasion our having to go too far on a road along which it may be difficult to return. Our aim is a united, a prosperous and a contented Canada, that where there have been differences in the past reconciliation not reconciliation will be our maxim."

Hon. Mr. Lapointe.
Hon. Ernest Lapointe, minister of marine, in his address, referred to the finances as follows:
"I believe firmly that with the help of Providence and by means of a wise and moderate policy, a policy whose primary ideal principal will be to conserve what is good by reforming gradually what is bad, we shall pass victoriously through every crisis and will continue the normal development of our national life and institutions.
"Certain great problems with which western we are faced cannot be definitely and prudently settled before the nations of the world have recovered normalcy in their political, economic and social life. Similarly, a number of enterprises will have to be postponed or put on one side, until order has been restored in our finances and until the national wealth has been less compromised. The government is the caretaker of the national wealth; it has no right to be a spendthrift.
"Today I was asked if the tax on revenue would be decreased. Unfortunately remission of taxes does not come from

Under conditions as they are some one would have to suffer by such action. Any attempt to abolish or change taxation would be an effort to shift the burden on to other shoulders and those shoulders could not be other than Canadian.
"The sole rational policy and only one which can hope to maintain the peace of the country is that in which the east and the west unite their forces.
"I do not believe that the Canadian people will consent to divide itself politically into groups whose existence would be due to particular class interests.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist).
A note from Rev. B. H. Thomas, Wauburn, Me., informs us that he is in the midst of a refreshing revival in which, to the glory of writing, there had been about twenty conversions for Christ.
After resting during the winter, Rev. Gideon Swin feet equal to taking up the work of the ministry again in the early spring.
The last two weeks, Rev. E. H. Cochrane of Highfield street church, Moncton, has been assisting Pastor Bone of Central church, St. John, in evangelistic services.
Rev. Rosé C. Eaton, pastor of the Mattapan Baptist church, Boston, since May, 1920, created considerable surprise among his parishioners recently at one of the regular services when he read his resignation. He announced that he had accepted a call to the Baptist church at Charlestown, P. E. I. His resignation is to take effect in April. Mr. Eaton is a native of Canada, N. S., and attended the schools there. He was graduated from Acadia in 1915 and served as associate pastor at Amherst, N. S., for two years. In the fall of 1919 he entered the Newton Theological Seminary and received his Bachelor of Divinity degree in 1917. He then assumed pastorate of the church in Mattapan and later went to Mattapan. While at the Mattapan church he took several special courses at Harvard. He is married and has two children. Mrs. Eaton was formerly Miss Emma Oxner of Chester Basin, N. S., a graduate of Acadia Seminary, class 1910.
Rev. Austin T. Kempton, D. D., has completed ten years as pastor of the Broadway Baptist church, Cambridge, Mass.

The Evening Times and Star
ST. JOHN, N. B., FEBRUARY 22, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Publishing Co., a company incorporated under the Joint Stock Companies Act.

THE CITY'S OPPORTUNITY.

It has been made abundantly clear that by the installation of a civic distribution plant to handle the hydro-electric current from Musquash the rate for light and power in St. John can be cut in two. The New Brunswick Power Company is silent. What would that silent company be to have no action taken by the city until the current is available and then it would be obliged to pay for it?

BECK IS READY.

The charge has been made in Ontario that the cost of the hydro-electric developments at Chippawa and Nipigon has been excessive, and a legislative enquiry has been suggested. Sir Adam Beck has promptly replied that he will welcome such an enquiry.

WOMAN SUFFRAGE IN QUEBEC.

A movement conducted by women, in opposition to woman suffrage, is making a good deal of headway in Quebec. The Roman Catholic church in that province, as Archbishop Roy, administrator of the diocese of Quebec, has written a letter to the ladies' committee approving very heartily of their action.

THE PROBLEM OF INDIA.

Only one who has lived in India for a long period is in a position to speak intimately and with authority concerning the facts that must be taken into consideration in getting at a true estimate of the various currents that mingle to form the stream of Indian life.

Sunder, whose comprehensive and absorbingly interesting address before the Canadian Club last evening shed much light upon subjects of great importance to the whole British Empire, has had that experience. He was born in India, spent much of his life there, and as an officer in the British medical service had exceptional opportunities to become familiar with the life of the people.

LIGHTER VEIN.

Some toast. A local society gave a banquet to the members of a certain regiment noted for gallant conduct during the war. The president of the society was a bit flustered when called upon to give a toast, and said: "Here's to the gallant 8th—last on the field and first to leave it."

UNUSUAL.

The Squab-Elsie is terribly unorthodox, don't you think? The Flagman—Awfully! Why, she thinks a cocktail is something to trim a hat with.

Stopping the Discussion.

Her husband—Roughly speaking, you speak about it in your own way. Mrs. Janebrier—B-r-r-oo-hoo! I don't want you to speak roughly to me. I won't have it.

Art News.

Flora—Yes, Miss d'Amber is a clever artist, but all her women are left-handed and knock-kneed. Fauna—Poor thing! She can't help that. She can't afford to hire a model and has to use a mirror.

A HOUSING EXPERIMENT.

Conditions have conspired against the success of the government scheme of assisting in the solution of the housing problem. Windsor's latest municipal council to report a serious condition arising from the inability to dispose of houses built with money borrowed from the provincial government, for the municipality is responsible for it.

REORGANIZATION OF CO-OPERATIVE CO.

The afternoon session of the Maritime United Farmers' Co-operative, Limited, held in Fredericton yesterday was very interesting. The meeting was called to order by the president, Mr. H. A. Bragg, at 6.30. As its close it was announced to the press that the shareholders had adopted the resolution for the reorganization of the company by a unanimous vote.

MORE SCOTCH SETTLED.

The settlement of Scottish farmers in Southwestern Ontario by Rev. B. A. MacDonell, M. C., who was chaplain of the Seaforth Highlanders from Vancouver during the war, is proceeding along sound lines. Beginning in a small way at Charing Cross in Kent county, the movement is spreading into Essex. The men already brought to Canada have proved excellent farmers. The principal reason is that they were instructed in the conditions and train to the work required in this country.

THE LOST ROAD.

There is a winding road that runs Through pipes of yesterday; Cool-glimmering in the light of faded suns Soundless and gray.

Across the green and quiet land Tented with topleas sky, All silent, over shadow-checkered sand, The dreams go by.

Go by to dim-remembered lands Beyond the realm of sight, Where dwelt enchantresses with pale, cold hands, And fay, and knight.

Therein a willow-bordered stream Past rivet turrets flows, Where troubadours make rhyme and daisies dream Under the rose.

And there are dolorous cities, smit With war and death and tears, Shall not be enough I seek for it A thousand years.

LOVE LETTER FILED AS SOLDIER'S WILL

Fiancee Seeks \$18,000 Insurance of Brooklyn Man who Died in Prison Camp.

(New York Times.) Miss Lenore Knapp of 2229 Ryer Avenue, the Bronx, yesterday applied to surrogate Wingate in Brooklyn to obtain possession of the estate of her late fiance, Ernest Charlton Mason, an enlisted man in the old Twenty-third Regiment of Brooklyn, afterward the 100th Infantry, who died in a German prison camp on Oct. 18, 1918.

The supporting papers offered in lieu of training camp in Spartanburg, S. C. Miss Knapp, notifying her fiance's estate plans and statements from two of Mason's comrades to whom he said on the eve of engagement that he wished his estate to go to his fiancee. It was valued at about \$18,000, consisting principally of insurance claims against the government. Mason left no relatives other than aunts and uncles.

THE Y. W. C. A. WORK STILL EXPANDING

While waiting with all patience to see the progress of the committee which has in hand the matter of the new building, and is to report in a few days, the Y. W. C. A. has carried on its work with unabated zeal. The regular meeting of the board of directors was held yesterday afternoon in the recreational centre with Mrs. John A. McAvity, the president, in the chair. Satisfactory reports of the work of all departments were heard. The membership committee had a specially gratifying report. Mrs. H. A. Goodwin, who is the new convener for the membership committee, led the opening devotions.

ACHES AND PAINS OF RHEUMATISM

Sometimes They Are Unbearable. There are weather conditions that make rheumatism worse. They are not the same in the cases of all persons. Some rheumatics suffer more in dry, warm weather than in moist, cold weather, but all suffer more or less at the time. The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints, causing aches and pains. Hence the blood must have attention for permanent results in the treatment of this disease. Hood's Sarsaparilla has given entire satisfaction in thousands of cases. Do not fail to try it. For a laxative take Hood's Pills.

DECLARE FOR THE "HOME WOMAN"

A very interesting and instructive debate was conducted on Monday evening at the home of Mr. and Mrs. J. D. McEachern, Main street, when members of Douglas Avenue Christian church "Tens" and members of Thorne Lodge, I. O. G. T., "Tens" debated before a large gathering on "Which is more beneficial to the state—the Home Woman or Woman in Professional Life." Douglas Avenue team had the Home woman, and won the debate. The judges spent much time in coming to a decision as there were very interesting points brought out on both sides. The points stood thirty-three to 24½, and the home woman was declared more beneficial to state, community and home.

MUCH TO BE DONE FOR CHILD WELFARE IN THIS CITY

Baby's Own Soap

There is a right way and a wrong way even to the blowing of noses, so Mrs. R. J. Hooper clearly demonstrated in her admirable address on child welfare given last night under the auspices of the Natural History Society in the society's rooms in Union street. Mrs. Hooper has a wonderful store of knowledge concerning the subject with which she dealt and she presented it in many new lights to a greatly appreciative audience. Rev. Dr. David Hutchinson, president of the society, was in the chair. At the close of her lecture an interesting series of lantern slides was shown, some of which were statistical and some depicted contrasting housing conditions found in St. John while others were "marking" the pictures showing conditions in St. John were exhibited and they were made from photographs taken in a survey Mr. Burditt made of housing conditions in the city.

At the Beginning of Life. Mrs. Hooper spoke of the various stages of child welfare work, commencing with pre-natal care and in this connection she said that this most important branch could not be undertaken properly in St. John while the present maternity ward in the General Public Hospital. She warned of the folly of listening to old wives' tales of "marking" of children and spoke of an intelligent interest in pre-natal care by both parents as essential to the welfare of the child in pre-natal care in St. John, Mrs. Hooper related how the Victorian Order of Nurses encourage expectant mothers to register at the clinic and how they visit the mothers in their homes, giving professional service and advice.

DECLARE FOR THE "HOME WOMAN"

The school period of childhood, Mrs. Hooper said, required care for three things, normal growth, correction of defects and the prevention of infection, and it was in the school period that health habits should be taught. She was delighted that the provincial Real Cross was to petition the government to make health instruction an optional subject in the curriculum and she believed the teachers would find it far easier to teach well children.

PUBLIC HEALTH SUPERVISION

It Now Reaches 1687 Families in Halifax and Dartmouth—An Interesting Report. (Halifax Chronicle) The chief nurse's summary of the clinic services at the health centres conducted by the Massachusetts-Halifax Health Commission during January show a total of six hundred and forty-seven medical and nursing consultations. Of these one hundred and twenty-seven were in the child welfare and pre-natal division; seventy-one in the pre-school eye dental services; four in the eye clinic at Dartmouth; seventy in the tuberculosis clinic; thirty-one of these in the clinic conducted at the Halifax Dispensary; seventy in the venereal disease clinic operated by the provincial department of health at health centre No. 1. One hundred and forty-eight admissions were registered of those seeking medical advice and treatment; twenty-seven of those previously registered for treatment were discharged from the clinic rolls during the month.

Hamburg-American Liner, 17 Days Out, Arrives at Deseated Pier—Reaching for World Trade.

The Hamburg-American liner Wuerntemburg arrived yesterday from Hamburg after a stormy voyage of seventeen days to find that there were no tugs awaiting her at pier 86, foot of West Fort-street, nor any more there to haul the lines. Captain Karl Graffitz was puzzled, because he sent a wireless message Saturday stating that he had passed Nantuxet Lightship at noon in fine weather. The vessel encountered heavy seas and was blown off course, which she was unable to correct.

WAS TROUBLED WITH HER LIVER FOR OVER 4 MONTHS

When the liver becomes sluggish and torpid, it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, contaminating it and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effect and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

"What I did to cure a cough which was Racking my system to pieces."

"One very hot evening last summer, while in the mountains, a cool breeze suddenly came up which left me thoroughly chilled. Next day I felt a slight cold in my head but thought nothing of it. The following day the cold had developed into a cough. This kept up for some weeks but instead of getting better the cough kept getting worse. A tickling sensation developed in my throat, I tried everything I could think of to get rid of it. It was worse when I went to bed. As soon as I laid down the tickling sensation after you only tried it, that I haven't done you any good, return the empty bottle to him as it will refund your money."

Backache

Backache is the outstanding symptom of kidney disease. Women often make the mistake of attributing other causes and overlook the derangement of the kidneys until serious developments have made it difficult to obtain permanent relief.

This letter points to a treatment which has been so thoroughly tried and proven so effective in the great majority of cases that you cannot afford to overlook it when cause arises for it.

"I have used Dr. Chase's Kidney-Liver Pills for the past two months, having been afflicted with kidney trouble. I used two doctors' medicine previous to this, without any good results. A friend told me to use Dr. Chase's Kidney-Liver Pills, and the second box made me feel good deal better. I have now used about six or eight boxes, and am completely relieved."

A Stubborn Cough Loosens Right Up

This home-made syrup is a sure-see for quick results. Really good chest medicine.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very promptly effective. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's rest. Coughs, colds, sore throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ cups of water into a 1½ oz. bottle and fill the bottle with plain granulated sugar syrup. Either way you get 16 ounces—a family supply. You could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated form of Pinex into a very fine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give you prompt satisfaction or money promptly refunded. The Finex Co., Toronto, Ont.

THE BUSINESS COLUMN

"Cash or time—it's all the same to us. We're turned to good account the something-for-nothing idea and it certainly works."

Henry Wolfman, advertising manager for the General Furniture Company in Chicago, looked up from his work-piled desk and smiled the smile of a contented man.

"It's been five years now that we've used the Free Savings Bank Account Plan in connection with installment sales and the result has been that a 'time sale' is looked upon as being just as satisfactory to customers who pay cash."

"Now it has always been our policy to give a ten per cent. discount off floor prices to customers who pay cash. The 'time' customer suffered under this plan. He had to pay for the cost of collectors and correspondents for losses due to people who left without making all their payments, for possible lawsuits."

"So, some five years ago, we took up the problem with the Chicago City Bank and 'Trust Company'—the bank with which we have done business for a good many years."

"We suggested that they needed savings accounts and we needed something to the folks down to making their payments and making them on time. The idea which we worked out has resulted to our mutual benefit. Here's the way it works: John Jones buys \$100 worth of furniture and makes all his payments promptly—that is, within the month when they are due."

"The customer who does not pay on time is left to the mercy of the bank which identifies him and which notifies the bank that he is in arrears to the amount of \$10. The card is signed by our cashier and by the cashier at the bank upon receipt of a letter from them which tells Mr. Jones that they have been informed that his payments have been in arrears."

"The customer may have his ten per cent. in cash or he may have it deducted to his credit in savings account. Of course, and here Wolfman smiled again, it is left to the sales ability of 'trust' banks to get on with the idea of keeping his money in the bank instead of withdrawing it."

"The customer who follows this plan for the last five years and we have found that it does exactly what it is designed to do. It succeeds in making the installment buyer pay up and pay promptly and almost eliminates arrears. The something concrete about \$100 in 1000 months is a plan that has not as his just due at the end of a protracted period during which he has paid \$1000 to furnish his home."

"It is seen from the two tables above that the new plan put into operation in 1911 has resulted in the western provinces, and 66.8 per cent of the total increase has gone into what is known as the 'Grand Trunk Pacific' since 1911. Canada had ten per cent of what he had already paid credited to him every six months."

"The Foreign Mission Board at its last annual meeting, he writes, appointed a committee consisting of Rev. Messrs. W. Camp, C. W. Rose and D. Hutchinson to represent the board in an appeal for funds. He says for most of them it is a perplexing question where they will spend their period of rest from their work."

"The Canadian National Railways as a system dated from the time the management of the Grand Trunk Pacific was placed under the control of the directors of the National System's line which was appointed for the Canadian Northern Railway Company. This was done in September, 1918, after the completion of the arbitration proceedings for the acquisition of the C. N. R.'s capital stock."

"It is, of course, impossible to say what greater progress could have been made since 1911 if the greater part of the had been under one management, since that date. Ignoring this feature, however, we can compare the traffic handled in 1911 by the three railways with that in 1920, which will give some idea of the traffic developments of the lines now included in the National System."

A Decade of Canadian Railway Development

"If mileage is to be taken as a measure of progress in railway development in a country like Canada," says D. B. Hanna, president of Canadian National Railways, in Canadian Machinery, "then an advance of 54 per cent has been made in the last decade."

"The increase in Canadian railway mileage is affected by increases in freight rates and passenger fares; operating expenses by increases in wages and the cost of material. These in turn are all affected in an economic sense by the varying purchasing power of the dollar."

"The increase in Canadian railway mileage is affected by increases in freight rates and passenger fares; operating expenses by increases in wages and the cost of material. These in turn are all affected in an economic sense by the varying purchasing power of the dollar."

SPORT NEWS OF A DAY; HOME AND ABROAD

BOWLING.
Games Last Evening.
In the Wellington League the McMillan quintette took three points from St. George's A. C. The winners totalled 1218 and the losers 1200.
In the City League the Rammers and Sweeps split even, each taking two points. The former totalled 1400 and the latter 1402.
In the Commercial League the C. P. R. and Atlantic Sugar Refinery teams split—each taking two points. The former totalled 1280 and the latter 1267.
The Y. M. C. A. Senior League the Reds took four points from the White Dale team. The winners totalled 1130 and the losers 1121. The Crescents took three points from the Orioles and the Reds totalled 1294 and the losers 1174.
The C. P. R. League the Telegraph team took three points from the Passenger Department. The winners totalled 1280 and the losers 1240.
SEBALL.
The hold-out in baseball is anything but a rarity. The club owner assuming intelligence against several starters is something new to the fans. More is there talk of a strike by the year or any effort to enforce their demands by numbers, yet the fact remains that in no other year have so many ballplayers remained outside the club on the eve of the scheduled departure for the training camp.
There was no flourish by the club owners on the attitude of dealing with rebelling players after either of the recent scheduled meetings, yet there is an announcement of various magnates certain stalling which indicates that they are standing on common ground.
A salary question came in for consideration at a meeting of club owners at the Washington and New York hotels, with the result that the players are not meeting with the success of previous hold-outs have encountered.
In another week the Giants and Yankees, or at least those members of the clubs who are not battling for their salaries, will be on their way to spring training camps. The Yankees will be taking out today at Hot Springs, Ark., at other southern points. Members of the Cardinals and White Sox will be their training camps before another sets, yet one finds more than half of regulars of both Giants and Yankees holding out. Of the McGraw entourage no announcements have been made concerning the signing of contracts. Smith, Snyder, Douglas, Barnes, Ry, Rawlings, Bancroft and Meusel, aside the Yankees club at this date.
In Sussex Tonight.
Fredericton, N. B., Feb. 22.—Charlottetown and Sussex may and probably will have to play after all for the championship of the New Brunswick and P. E. I. Amateur Hockey League. Contrary to general expectations today morning in the home and home game series, which Charlottetown, Sussex and Charlottetown are now playing do not count. In the feature of the afternoon was what was deemed to be the breaking of two weeks' records for backward skating by Valentine Bialls, of Lake Placid. He skated 440 yards in 3:52.5 seconds. In the half mile he elapsed 5:35.5 seconds from the previous mark of 1 minute, 35.5 seconds.
The summaries:
440 yard dash, won by Staff, McLean second, Lamy third. Time, 57 3-5 seconds.
Half mile, won by Staff, Lamy second, McLean third. Time, 1 minute, 35 1-2 seconds.
Three mile, won by McLean, Lamy second, Staff third. Time, 9 minutes, 38 3-5 seconds.

DUKE DONOVAN
POINTS LEADER
IN WINNIPEG
Scores 80 on Opening Night of Western Canada Meet—Patrick in Second Place.

Winnipeg, Feb. 22.—Duke Donovan of St. Paul, by capturing two firsts and a second in the Western Canadian amateur speed skating championships here last night, had eighty points to his credit, with Dave Patrick of Winnipeg in second place, with fifty points. Patrick got a first and a second E. Corcoran, St. Paul, 80; Mike Goodman, Duluth, 40, and B. Stubbs, Winnipeg, 10, followed the order named. No records were broken. The meet will conclude tonight.
The summary:
Senior 200 yards, final—Dare Patrick, Winnipeg, won; Duke Donovan, St. Paul, 2nd; Mike Goodman, Duluth, third. Time 29:4 seconds.
Senior half mile, final—Donovan, 1st; Patrick, 2nd; Corcoran, St. Paul, 3rd. Time 1:00.
Three mile—Donovan, first; Corcoran, 2nd; Stubbs, 3rd. Time 10:24 1-5.

GARNETT WINS ALL AT SUSSEX
Sussex, Feb. 21.—The ice sports held in the rink here tonight in the auspices of the Sussex Ice Club were a splendid success in every particular. The ice was in great shape and attendance good. In the skating races Frank Garnett, of St. John, won everything and gave the spectators a great exhibition of skating.
M. J. Perry, of Moncton, came in for second place and made a good showing. L. Bridges, of St. John, was third, and well up with the bunch. In the boys' race one mile under 18, Walter Gayton, of St. John, carried off the honours, and the boys' race one-half mile under 15 years, open, C. O'Connor, of St. John, won. At the close of the sports Mr. Perry, of Moncton, gave a wonderful exhibition of fancy skating and hurdle jumping. The results of the various events follow:
Moccasins race, ten starters—Quincy Fenwick won first prize; Billy Keith, second; Earl Frisars, third.
One-half mile, freemen only—First, Charlie Smith, Moncton; second, John Leclair, Sussex; third, Harold Radcliffe.
One-half mile, boys' race (Sussex)—First, Joe Wilson; second, Bradford McArthur; third, Leonard O'Donnell.
One mile boys' race under 18—Leo Weller, Charlottetown, won; second, Fred Floyd, St. John; third, Emory LeBlanc, Moncton. Frazar, of Moncton, and Gayton, of St. John, also started.
Ladder race, freemen—First, Harold Radcliffe; second, John Leclair; third, Jack Watson.
One mile, open, ten starters—First, Frank Garnett, St. John; second, M. J. Perry, Moncton; third, L. Bridges, St. John. Time, 8:42.
Combination race, men and women, six couples starting—First, John Leclair and Stella Leclair; second, Harold Radcliffe and Sarah Perkins; third, Richard Dawson and Adrienne Keith.
Hose coupling race—First, Billy Keith and Jack Watson; second, Herby Robinson and John Leclair; third, Smith and Perry, Moncton.
Obstacle race—First, Billy Keith; second, J. Watson; third, Herby Robinson.
One-half mile race, open, ten starters—First, Frank Garnett; second, M. J. Perry, Moncton; third, Bridges, St. John. Time, 1:30.
The stewards were: Clerks of course, Mayor J. D. McKenna, E. H. Vickers; starter, Dr. J. J. Daly; judges, William Hober, Herbert Cripps; timekeepers, W. E. McLeod, J. T. Prescott; scorer, W. E. Sterling, St. John.
The prizes were presented to the winners by Mayor McKenna.

ANTIGONISH DEFEATED.
Antigonish, N. S., Feb. 22.—The Crescents hockey team of Halifax defeated the Antigonish team, recent winners of the 1921 Nova Scotia championship here last night by a score of 3 to 1.
NATIONAL LEAGUE.
Montreal, Feb. 22.—With five games of the season's schedule of the National Hockey League remaining, the Canadiens will participate in their hardest tonight, when they meet Ottawa in Ottawa. St. Patricks will play the Tigers in Hamilton. A victory for the Fenwick club would place the team within two points of the Saints for second place, should the Irish club lose to Hamilton. A victory for St. Pats and a loss for the Canadiens will make it more difficult for the Habitués to overcome the lead of their rival in the race for second place and a chance to play off with Ottawa for the championship. As a great deal depends on tonight's game, the Canadiens will start the same players as started against St. Patricks here on last Saturday.
On Saturday night the Canadiens will have a chance of drawing closer to St. Pats, as they should win from Hamilton on their own ice, after defeating them in Hamilton two weeks ago. While the Canadiens are entertaining Hamilton, Ottawa will play St. Pats in Toronto. Of the remaining five games, the Canadiens are scheduled to play three away from home, the last of which will be with St. Pats in Toronto on March 7.

CENTRAL BOYS AND GIRLS.
Last evening the Tuxis Boys of the Central Baptist church entertained the C. G. L. T. girls. At the conclusion of a splendid programme of games a dainty lunch was served by the pastor's wife, Mrs. Bone, and Miss Myrtle Phippin. Allan Kirkpatrick, the Tuxis mentor, is doing a splendid work with the boys and the girls evidently appreciated his thoughtfulness in arranging the meeting and making it so pleasant. Some thirty were present at the gathering, including the pastor. The meeting was concluded with the C. G. L. T. and Tuxis yells.

Ontario Championships.
Toronto, Feb. 22.—The provincial skating championships will be held at the ice on or about March 26. The tentative programme embraces 220, 440, 880 mile with a possibility of a 1000 ft event. Miss Gladys Robinson, an amateur champion, and other budding female skaters, will compete in the ladies' competitions.
Holiday in Moncton.
Half-holiday has been declared in Moncton for Thursday afternoon when provincial skating championships will start. A large number of visitors expected to be in the railway town for the big event. A special excursion from St. John and return has been organized by the C. N. R. through the efforts of Y. M. C. A. officials. Leonard, Granville McCarver and William Ervin have been entered in order to represent the St. John Amateur Bowling Club of this city.

Hydro and Civic Affairs

THE POWER CO. SITS UP AND TAKES NOTICE

It is rumored that the New Brunswick Co., has unofficially intimated that the current for electric lighting from Musquash development might be distributed by them for an average of less than six cents a kilowatt hour. They have further suggested, it is said, that this might be done under the supervision of an expert appointed by the public utilities commission who would determine if a further reduction was possible after a six-months period, or such period as might be agreed upon. It has been pointed out that a great proportion of the electric light users in the city have been paying 10 1/2 cents a k. w. h. and it is said that under the agreement suggested, these small users or light pay at the rate of about 9 cents a k. w. h., or greatly in excess of what it is contended it would cost under civic distribution.

THIEVING IN TWO SCHOOLS OF CITY

Watch, Money, Pens and Pencils Taken.

In Winter Street School a Stranger Decamps on Being Seen—Victoria the Other One Where Thefts Occurred.

That a sneak thief has been operating in some of the schools of the city was shown a few days ago by the loss of articles left in the rooms of Winter street and Victoria schools during the absence of the teachers and pupils. In Winter street school a gold watch, four fountain pens, an Eversharps pencil and some money were taken from the teachers' desks in some of the rooms, and in Victoria school there was evidence that the thief had ransacked the drawers of desks in an effort to find valuables.

(Contributed by Hardware Clerks' Association)
The report made by Mr. Ross to the city in connection with the Musquash development is practically a thing of the past. Having taken two months to prepare, and two days to discredit, the citizens would like to know the instructions given to Mr. Ross, and if in writing, and why he went to Musquash in theory only, and not in person. Another matter they would like explained is why an engineer was not obtained from the Ontario Hydro Commission.

It hardly seems possible that a man with the reputation of Mr. Ross could make such a report, had he an open mind in the matter. The report has been proved of no value, in the light of facts, even one of the city-commissioners has expressed disappointment with it. It shows errors in figuring, mistatement of facts, and wrong conclusions. Mr. Foster, chief engineer of N. B. Electric Power Commission, and Herbert Phillips, M. P. E. C. G., have between them shattered all the arguments set forth.

The Ross report must be a great blow to those opposed to municipal ownership, as it has not advanced a single reason against public ownership. Rumors and insinuations have been spread, but all have been shown incorrect or misleading. Those favoring the city taking over and distributing electricity have been waiting to hear the Ross report, in order to learn if there exist any good reason against municipal ownership. The report itself, however, when carefully analyzed completes the argument for the city taking over the distribution of the Hydro developed electricity.

POLICE COURT

Two men charged with drunkenness appeared before the police magistrate this morning. One was arrested yesterday morning and allowed out last night on a deposit of \$5 so that he could go to his work on the night shift of one of the big industries of the city. The magistrate promised to look into the matter and see what fine would be necessary.

William Donaldson pleaded not guilty to a charge of acting together with another man in breaking and entering a box car belonging to the C. N. R. and taking a quantity of corn. Constable Ryan testified that he went to the Courtenay Bay branch yesterday afternoon. One of the cars containing corn had been broken open and the seal taken off. Under the car was a bag of corn. He and Constable Bardon hid and waited until about five o'clock when they saw the defendant and another man walking along the tracks from the direction of Erin street. They reached the car which had been broken open, and the man with Donaldson reached under, bringing out the bag of corn. The witness and Constable Bardon chased the two men up Mecklenburg street, where the man with the corn dropped it. Donaldson was caught, but the other man escaped.

Constable Bardon gave similar evidence and the case was postponed. The preliminary hearing of the case against George McCarthy, charged with obtaining money under false pretences by passing a check for which there were no funds in bank, was commenced this morning. E. S. Ritchie appeared for the defence.

E. G. R. Clayton testified that he kept a garage and that the accused owed him \$4.25 for gasoline, that on January 18 McCarthy gave him a check for \$10 and received \$6.77 change, but on presenting the check at the bank he found that there were no funds.

Mr. Ritchie said that it was a matter of the defendant having given the check without knowing that it would not be paid, and that he thought it could be settled satisfactorily with the complainant. He would rather have the matter settled in the police court, he said, than taken before a jury.

The case was postponed for further evidence.

GLENWOOD RANGES
AT NEW LOW PRICES
FURTHER REDUCTIONS in the price of Glenwood Ranges offers a substantial saving to prospective purchasers.
THE GLENWOOD RANGE was never at any time an expensive stove to buy when measured by the actual saving and comfort it brought to the home.
GLENWOOD RANGES, owing to their quality, durability and economy, are the best value of any cooking machine on the market today. Because the Glenwood Range is "made in St. John," it means a saving to the purchaser of the cost of crating which is necessary with all other ranges, the cost of freight, and extra charges. These facts are well worth considering when buying a new range.

FINES IN MARKET AND TRAFFIC CASES.

William Peterson pleaded not guilty to a charge of forestalling in the city market yesterday. Mr. Stephenson, clerk of the market, gave evidence that the man, who was employed by Vanwert Brothers, bought a case of poultry in one of the side aisles of the market yesterday. This poultry had not been posted for sale for three hours, as required by law. The defendant said that a man asked him if he wanted to buy some chickens and he took them. A fine of \$20 was struck.

George Banks pleaded guilty to a charge of allowing his car to stand in Main street for more than thirty minutes. Policeman Gibb told of seeing the car there for more than two hours and said that it was placed in such a way that it obstructed traffic along the street. A fine of \$10 was struck.

GEORGE A. MARR.
The death of George A. Marr occurred this morning at his residence, 22 Rock street, after a short illness. He was 52 years of age and is survived by his wife, four sons and four daughters, who will have the sympathy of friends in their loss. The funeral will be held tomorrow afternoon at 3:30 o'clock from his late residence.

BURIED TODAY.
The funeral of Mrs. Margaret J. Dunham was held this afternoon from her late residence, 277 Carmarthen street, to St. James' church for service by Rev. H. A. Cody. Interment was in Fernhill.
