

Miramichi and the North Shore, etc.

THE SCHOOLS.—We are indebted to the World for some of the reports of the school examinations which appear in the World.

WINTER APPLES.—Mr. Geo. Stothart advertises five winter apples of the several favorite varieties. We understand that the whole car load was specially selected.

FOUR YEARS OLD.—The Advance, ably and vigorously edited and managed, and exceedingly well printed as it always has been, enters upon its fourth year with encouraging prospects.—Transcript.

N. P.—The election petition against the return of Kennedy P. Burns, Esq., M. P. for Gloucester, has been withdrawn—a course in which the parties interested have the approval of the public generally.

LOCOMOTIVE ENGINEERS.—Mr. Wilkinson, from Richmond, organized a lodge of the Brotherhood of Locomotive Engineers in Moncton last evening. Mr. W. D. Martin was selected chief engineer.—Transcript, 4th.

NEW POST OFFICES.—The full returns showing the Municipal Councilors elected in Northumberland are as follows:—

CHATHAM.—R. Flanagan, Peter Leggie, Newcastle.—C. E. Fish, John Morrissey, Yorkton.—A. Saunders, D. Baldwin, Dorval.—Jas. Robinson, R. J. Jardine, Blackville.—John McLaughlin (the only one of the party who was not elected).

It is worth more than their weight in broken iron. It appears to have been \$15,000 worth, and we have been wondering since that the Times editor has not given some prominence to it. Why don't he put on his war paint, and dance around the ruin and seek to scalp some of the railway managers, as he did a few years ago? Why does he not impute the appointment on the point of his pen, and launch his worst epithets at the head of the Minister of Railways? The answer is found in the single word "pap." Pap has so blinded his eyes that he cannot see, so stopped his ears that he cannot hear, so filled his mouth that he cannot bawl. Great is the power of government pap! Transcript.

The pupils of grade 7 were working questions in arithmetic, Laura Morrison and Katie Alton gave some instrumental music. Chorus. The last Rose of Summer in parts was well rendered. The reading of grade 7 and 8 was much admired. While the compositions of grade 6 on plants and grade 5 on the history of New Brunswick were being read Mrs. Nellie Wall and Annie Cassidy played a quickstep on the organ. Grades 5, 6, 7 and 8 were examined in Canadian and British History by Miss Quinlan, Mr. and Mrs. F. Connor examining grade 8 in geometry. The pupils of grade 8 answered readily the different questions in grammar and botany. The recitation "The Spanish Chief," by Minnie McLaughlin and the chorus "The Star of the Evening," closed the examination.

Mr. F. R. Bannan, Messrs. Jas. Townley and Jas. F. Connor congratulated the pupils on the success of the examination. The pupils of this school are of remarkably clever. It is almost impossible to puzzle them in grammar, spelling or history and the reading cannot be surpassed. The pupils of grades 7 and 8 answered the questions in algebra and arithmetic so quickly, that one of the speakers comparing them to a class called the lightning brigade, that name being given them in a Montreal College in which they displayed what to us is a new record.

The following officers were appointed:— Mrs. Cunard, President. Miss Percival, Vice-Presidents. Mrs. Wm. Parker, Treasurer. Mrs. McCurdy, Secretary. Mrs. Aitken, Secretary.

Resolved.—That the Committee for the ensuing year be as follows:— Mrs. Gray, Mrs. Haberly, Mrs. A. A. Davidson, Mrs. J. Davidson, Mrs. C. W. Watt, Mrs. J. B. Snowball, Mrs. C. Watt, Mrs. J. Mitchell, Mrs. J. Mitchell, Mrs. Alex. Loggie, Mrs. J. Johnston, Mrs. T. G. Johnston, Mrs. Quinn, Mrs. Robertson, Mrs. McArthur, Miss Eliza Thompson, Mrs. J. Pitt, Mrs. J. Walls, Mrs. Wm. Ansel, Mrs. J. Ansel, Mrs. Chapman, Mrs. Watt, Miss Maud Davidson.

Resolved.—That the following be Collectors for the ensuing year:— Upper Chatham—Misses Sheriff and Wondy. Lower Chatham—Misses Gammon and Letson.

Newcastle.—Mrs. A. Adams, A. Falconer, Lillie Thompson and Jessie Fish. Douglastown—Misses O'Connell and Murray.

Douglastown.—Miss Nellie Irving. Blackville.—Mrs. T. G. Johnston. Black River.—Mrs. J. Johnston. Point au Lac.—Miss Lizzie Russell. Talumant.—Mrs. Quinn. Redbank.—Mrs. McCarty. Upper Napan.—Miss Edger. Lower Napan.—Miss Leckrook. Black River.—Mrs. Hugh Cameron.

Resolved.—That the services of Mr. James Condon be continued as secretary for the ensuing year, and that the compensation for the services be determined by Mr. John Brown and the Treasurer.

Resolved.—That the Newcastle Depository be removed to the store of Mr. John Brown.

A cordial vote of thanks was also to the collectors of the past year and given to the press for gratuitous advertising, after which the meeting was closed with the benediction.

JENNIE AITKEN, Secretary. Newcastle Mass, Nov. 6th, 1882.

CHATHAM SCHOOL EXAMINATIONS. (Deferred from last week.)

The examination of the primary department of the Convent school took place on Thursday 26th. The school is under the charge of Miss Howard, assisted by Miss Dunn. The exercises consisted of the pupils singing "The Reapers' Song" Solo by Mary Hurley and Katie McEachern. Class D read very nicely and built words from sounds. Class A wrote from memory the minerals of the Province, and stated where they were to be found. Class C constructed the multiplication tables as far as five times. Song, "Open the Gates as High as the Sky," was sung. Class A drew a map of New Brunswick, and was very much admired by the visitors. Recitation by Maud Dick, "Let us speak the best we can," was nicely delivered. Class B was examined in elementary geography by Miss Dunn, and answered the questions very readily. Class B were given some practical questions in Arithmetic, and showed considerable knowledge of that branch. A recitation, "The Beggar Man," by Miss Maud Davidson, was well rendered. Class A were then examined in geography and answered the questions readily and correctly. The primary department, conducted by Miss Creighton, underwent a thorough drilling in word-building, reading, printing on slates, and arithmetic. The Trustees expressed themselves as being well pleased with the progress the children had made during the term, congratulating the teachers on the successful examination the pupils had passed.

The examination of the advanced department of the Convent school, taught by Miss Quinlan and Sister O'Keefe, took place Friday afternoon, 27th. Rev. Father Bannan, Mr. Jas. Townley, Mr. Jas. F. Connor and a large number of lady visitors were present. While the pupils were entering the school room, Miss M. A. Clark and Mary O'Keefe played a very nice march on the organ. The chorus, "There is not in this world a valley so sweet" was followed by the recitation, "The Winds that Blow," by Miss Maud Davidson. While grades 5 and 6 were being examined in reading, grades 7 and 8 were given questions in arithmetic by Miss Mowat. Grades 7 and 8 were examined in geography by Mr. Townley, classes C and D working questions in arithmetic. While the visitors were reading the compositions of grade 7 Mary Curran recited very nicely "Phosphorus and the blackberry." The rapidity with which grade 7 worked the questions in algebra was much admired by the examiners. Jennie Overton delivered, in good style, "He doth his aims to be seen by all men."

Miss Williston's department of the High School was examined Friday afternoon, 4th. Miss Quinlan and Sister O'Keefe, were in geography by Mr. Townley, classes C and D working questions in arithmetic. While the visitors were reading the compositions of grade 7 Mary Curran recited very nicely "Phosphorus and the blackberry." The rapidity with which grade 7 worked the questions in algebra was much admired by the examiners. Jennie Overton delivered, in good style, "He doth his aims to be seen by all men."

While the visitors were reading the compositions of grade 7 Mary Curran recited very nicely "Phosphorus and the blackberry." The rapidity with which grade 7 worked the questions in algebra was much admired by the examiners. Jennie Overton delivered, in good style, "He doth his aims to be seen by all men."

Miss Williston's department of the High School was examined Friday afternoon, 4th. Miss Quinlan and Sister O'Keefe, were in geography by Mr. Townley, classes C and D working questions in arithmetic. While the visitors were reading the compositions of grade 7 Mary Curran recited very nicely "Phosphorus and the blackberry." The rapidity with which grade 7 worked the questions in algebra was much admired by the examiners. Jennie Overton delivered, in good style, "He doth his aims to be seen by all men."
