

HUERTA AGREES TO JUSTICE WITH STATES

Willing to Suspend Hostilities Until Envoys Have Submitted Proposal. CARRANZA HAS NOT BEEN HEARD FROM YET.

United States Troops Land at Vera Cruz and Army Relieves Naval Force of Duty—American Civil Governor Rules.

Washington, April 30.—General Huerta tonight accepted the proposal that there be no further hostilities between the United States and Mexico pending the efforts of envoys of Argentina, Brazil and Chile to bring about a settlement of the difficulties between the countries.

Liner Carrying Cuban Flag Fired On. Washington, April 30.—Rear Admiral Mayo at Tampico reported to the war department tonight that the Ward line steamer Antilla, flying the Cuban flag, was fired upon and held up in the river there yesterday by Constitutionalists, but later steamed into port under cover of fire upon the rebels from the Mexican federal garrison.

Vera Cruz, April 30.—The task of guarding the city of Vera Cruz and its environs was taken over from the navy today by Brig. General Frederick F. Bond and the Fifth Infantry brigade of the United States army.

While martial law still remains in force the actual municipal government is being conducted by Robert J. Kerr, the American civil engineer, who has assumed the duties of the city.

U. S. Troops Land. The American troops began their disembarkation from the transports at an early hour in the morning. One on shore they were lined up along the docks and in the railroad yards and before noon all had marched to the various parts of the city and its outlying suburbs.

Shortly after the last troops had passed through the central streets of the city Brig. Gen. Funston with several aides drove by in a carriage and was greeted by an outburst of applause by the many American civilians who had been taking their breakfast outdoors.

Washington, April 30.—Restrained but none the less steady preparation for any military eventualities that may become necessary, and the definite progress of the mediation program being worked out behind closed doors—these were the two outstanding features of the Mexican situation here today.

The three mediation envoys of Argentina, Brazil and Chile continued their private sittings through the day and evening. Their first move for an armistice was succeeded by the practical suspension of hostilities between the forces of the United States and the Huerta regime, although there were still ominous sounds of conflict between the Huerta and Carranza forces.

Secretary Bryan formally notified the government that it granted that there would be no hostilities during the mediation proceedings and had intended no further acts of aggression while the conferences were being held. But the attitude of Huerta and Carranza on the cessation of hostilities was still unknown tonight.

It appears that while the attitude of General Huerta was definite in accepting intermediation as between the United States and the Huerta government it has not yet been made clear that his acceptance will apply also to intermediation which includes Carranza.

During the day the intermediaries received word of the encouraging attitude of some of the foremost European powers, notably Great Britain. Should Carranza refuse to accept any armistice with Huerta the work of the diplomats, it is realized, would be confined to settling the differences between the United States and Mexico, though they have by no means given up the idea of solving the whole problem of the pacification of Mexico and its international complications.

Vera Cruz, April 30.—The Ward line steamer Antilla was fired upon by both the federalists and the rebels at Tampico yesterday, according to a despatch received here today by wireless telegraph from that seaport. The steamers of the vessel was struck by one of the shots and killed.

WANTS SINGLE TAX COLONY DISSOLVED

Bill Filed in Court to Break up Fair Hope Colony in Baldwin County, Alabama.

Mobile, Ala., April 30.—A bill was filed here today in Chancery Court seeking dissolution of the Fair Hope colony in Baldwin County, the principal exponent of the single tax theory in the United States.

The bill alleges that the corporation has failed, "because the single tax theory never can be carried out in any jurisdiction where laws deny the essentials of that theory."

It also is charged that the monies of the company are being expended for the benefit of only a portion of the tenants and members.

The single tax colony was established eighteen years ago and then was purchased, the corporation paying all taxes to the state and levying on its members and lessees only a single tax—for land.

One of the leading single taxers interested in the colony was the late Joseph Felix, Philadelphia millionaire.

Hon. Mr. White Explains That New Tariff Changes Will be Benefit to Stone Workers.

Ottawa, April 30.—T-riff matters again engaged the attention of the commons today, the resolutions of the minister of finance covering the changes made in connection with the budget statement being discussed.

The most prolonged debate occurred in connection with the increase of fifteen per cent duty on the more highly finished classes of stone.

Hon. T. W. White said that the result of the changes would be that much more stone would be finished in Canada. This would mean more employment for Canadian stone cutters and a longer season. Many who now walk the streets in the winter months would have employment. He denied that the duty was prohibitive or that a monopoly was likely to be created.

The charge was made by opposition members in connection with the new duties on wire rods that it would give the Dominion Iron and Steel Company and the Steel Corporation of Hamilton a practical monopoly of the nail industry. They would refuse to sell rods to the smaller makers if they cut the price, it was said.

Mr. White did not think that this was going to happen. He said that if any attempt was made by the big concerns to defraud the government would take action.

TEN THOUSAND DOLLAR FIRE AT HALIFAX

Fire in Wright Marble Building—Half Dozen Young Women Escape by Means of Ladders.

Halifax, April 30.—Fire today did \$10,000 damage to the Wright Marble building, on Harrington street today. Most of the damage was done by smoke and water to the contents. On the ground floor was Phinney's piano rooms and on the floor above the Colonial Tea Rooms.

The fire broke out in the basement and so quickly did the smoke fill the building that escape by the stairway was cut off. Half a dozen young women employed in the tea room were taken from the windows by ladders, some of them being almost hysterical.

Several narrowly escaped dropping to the pavement below. Three alarms were sent in and after an hour's work the fire was under control. The Loyal Order of Moose also had quarters in the building.

BOY'S BODY FOUND IN CREEK

Eight Year Old George Main, Missing Since Wednesday, Drowned in Creek Near Home.

Moncton, April 30.—Missing from his home since Wednesday, the body of the eight-year-old son of Nelson Main, was found about half past five this afternoon in a creek near the child's home. The child's hat and discovery of signs where the lad had evidently fallen into the creek gave the police a clue as to the fate of the boy. The child had been playing along the creek and evidently fell in and no one being near at the time, he was swept by his death by the freshet in the stream.

Rescind the Resolution to Prosecute Ulster Gun-Runners

British Cabinet Changes Its Former Decision—Belfast Law Courts Declare Royal Proclamation Against Importation of Arms Was Ultra Vires.

London, April 30.—One result of the lessened political tension is that the government decided at the cabinet meeting yesterday to rescind the decision of the previous meeting to prosecute Ulster gun runners, according to the Morning Post.

The Belfast law courts declared the royal proclamation forbidding the importation of arms ultra vires. It was also known that the Nationalists have been importing arms. Five cabinet meetings dealing with Ulster have been held this week.

There is now a lull in the Home Rule controversy pending the resumption of conversations between the political leaders with a view to overcoming the Ulster difficulty. It is generally admitted that both Mr. Redmond and Sir Edward Carson will be present at all such conversations.

Great difficulties still surround the desired settlement by mutual consent of Nationalist support in parliament. For this reason many ministerialists favor the bill passing the commons unamended deferring until it is before the House of Lords any suggestions which may ultimately be embodied in a new amendment of the bill.

The Times alleges that the Nationalist members are also averse to concessions being made owing to the hostility of their Irish constituents. Judging yesterday, all parties in Ireland were averse to any compromise the Ulster Unionists demanding a minimum of the exclusion of the whole province from the bill without provision for the subsequent inclusion in a federal scheme, declaring that the latter is desired neither by Great Britain nor Ireland. The Nationalist papers declare that they want remittent even temporary exclusion to Ulster under any circumstances.

No fresh important developments are expected until after next week which the commons will occupy with discussions of finance including the budget.

Gov.-General Sixty Four Years Old Today

H. R. H. THE DUKE OF CONNAUGHT

H. R. H. Prince Arthur William Patrick Albert, Duke of Connaught, Governor-General of Canada, was born at Buckingham Palace, the third son of Queen Victoria, sixty-four years ago today. His godfather was the great Duke of Wellington, the hero of Waterloo, who died about two years after officiating at the christening of Canada's future Governor.

It has often been stated that Prince Arthur was the favorite son of the late Queen, and it is certain that she manifested a great and constant solicitude for his welfare and made him the chief beneficiary of her bounty.

When he entered the Royal Military Academy at Woolwich, and at eighteen he was commissioned a lieutenant in the Royal Engineers, and, a year later, in the Royal Artillery. Then he was trained in infantry duties in the Rifle Brigade, attaining the rank of captain at twenty-one. It was as a young officer of infantry that the Duke paid his first visit to the land of the Maple Leaf. He took part in the operations in connection with the Fenian raids. While stationed at Halifax he was invited to attend a grand powwow of the Indians on the reservation west of Montreal, and was there, with vast dignity and much ceremony, invested with the dignity of chief of the Iroquois. After his Canadian duty the Duke returned to Europe and in 1879 married Princess Louise Margaret Alexandra Victoria Agnes of Prussia. On that occasion Parliament voted him an annual sum of \$50,000, in addition to the \$75,000 a year voted to him on attaining his majority.

The Duke's first visit to Canada resulted in the formation of an affection for this country which as increased with the passing years. It was at his own earnest desire that the Duke was sent to Ottawa as Governor-General by King George, who, in making the appointment, violated the policy strictly adhered to by Queen Victoria and King Edward in refusing to appoint princes of the royal blood as governors of Canada, India, Australia or South Africa.

Ontario Homes Bereft by Lake Superior Wreck

Number of Crew on Steamer Noble Lost Few Days Ago Belonged to St. Catharines, Ont.

St. Catharines, Ont., April 30.—Several homes in St. Catharines and vicinity are mourning the loss of the steamer Noble on Lake Superior. Geo. R. Longley, the mate, a short time ago was a resident of St. Catharines, having been born here. He leaves a wife and five children.

William Shaver, aged 22, Chestnut street, St. Catharines, was wheelman on the Noble. From Detroit he wrote home saying the boat was a hard one to handle but he thought he could "hold her down."

Earl Crawford, aged 21, of Port Dalhousie, was cook. A letter was received from him at Detroit since he joined the steamer. It was his second season on the lakes.

John Murray, of St. Catharines, is also believed to have been shipped on this boat.

TRANSFER TO SOUTHEAST ALASKA TO CANADA

Washington, April 30.—Negotiations with Great Britain and Canada for transfer of Southeast Alaska to Canada, by sale or exchange or both with "repeal of the Hay-Pauncefote treaty as one of the conditions of the transfer," was proposed in a resolution introduced today by Representative Smith of Maryland.

BLUCKERS' BRIGADES WEEPING FOR ACTION

A QUIET DAY IN COLORADO STRIKE ZONE

Federal Troops on the Ground, and Strike Leaders Urge Men to Return Peacefully to Their Homes.

Denver, Colo., April 30.—With federal troops on the ground conditions were quiet today in the Colorado strike zone. State troops are being relieved as rapidly as the regulars are sent to points where disturbances have occurred and the strikers are said to be dispersing.

Thus far the strikers have surrendered no arms either to the militia or the federal troops. Leaders are engaged tonight in going among the hills of southern Colorado, urging the men to disperse, and return to their homes.

FORTY EIGHT HOURS IN JAIL FOR EDITOR

Nova Scotia Legislature Asserts Its Authority and Commits W. R. McCurdy to Jail for Contempt.

Halifax, May 1.—For the first time in twenty years it became necessary for the legislature of Nova Scotia to assert its power for contempt in defiance of its authority when by a straight party vote early this morning it committed W. R. McCurdy, news-editor of the Herald to the common jail for forty-eight hours. The prisoner's offense was in refusing to tell who delivered to him an anonymous letter which was published in the Evening Mail, which made grave insinuations of corruption against members of the House of Assembly and which the house adjudged by unanimous vote were libelous and ordered to be investigated by a special committee. Mr. McCurdy was called as a witness and he refused to answer the above question and again refused when brought before the bar of the house.

Government members disclaimed any desire to inflict vindictive punishment on Mr. McCurdy, but declared that this action was necessary to assert the authority of parliament and vindicate its honor and dignity.

The House was in session until 1:45 this morning when it adjourned and Mr. McCurdy was taken to jail.

PREM. BORDEN DENIES REPORT

Amused at Statement in London Standard that He is to Take Post of High Commissioner for Canada.

Special to The Standard. Ottawa, April 30.—"No one has ever heard of it here," said Premier Borden tonight when asked if there was any truth in the statement made by the London Standard that he was going to London as the Canadian High Commissioner. He seemed amused at the suggestion that he would resign the premiership.

"Absolutely absurd," said Hon. Geo. H. Preley, who is probably in closer touch with the Prime Minister than any other member of the cabinet. "My confidence is as strong as my hope that there is no truth in the statement," said Hon. Arthur Meighen the Solicitor General.

John McCullough, of Nanaimo, founded between Duck Island and Long Point on Tuesday night during the gale, when en route from Otago to Nanaimo with coal, and that all on board were lost.

Those on board the vessel were Captain John McCullough and wife, David Hearn, William Hearn and wife, and Jack Johnston, a young negro, all of Nanaimo, and a Toronto man whose name is not known.

LIBERAL CAUCUS DECIDES TO OPPOSE AID TO CANADIAN NORTHERN.

CLOSURE LIKELY WILL HAVE TO BE INVOKED. Majority of Opposition Believe Government Has Made An Excellent Bargain, But Will Fight Over Details.

Special to The Standard. Ottawa, April 30.—That assistance should be given the Canadian Northern to enable it to complete the system, but that the terms of the agreement are unsatisfactory in some particulars, and will be opposed in the House was the decision of the Liberal caucus, which was held today to decide upon the policy which the party should pursue. The decision was fairly unanimous, but there were some members, of course, who expressed doubt as to the wisdom of opposing an agreement which they considered fair. These members were mostly from the west.

The chief objections of the Liberals were that the accounting given by the C. N. R. was insufficient and indefinite; that MacKenzie and Mann are still in control of the situation; and that under the agreement the government has not any real power to compel the C. N. R. to carry out the terms of the arrangement.

It is stated to The Standard tonight that the terms of the agreement will be fought by the Liberal party without compromise, and that closure will have to be resorted to if the bargain is to be passed in its present form this session. There is little doubt that the government will press the agreement. It is well known that the premier satisfied himself several weeks ago that it was in the interests of Canada that the government should come to the assistance of the C. N. R. during the present financial stringency, and having come to the conclusion as to the method which the country should pursue in the matter, he turned the work of framing the agreement over to Hon. Arthur Meighen, the solicitor general, and through all these weeks of opposition on the part of Sir William MacKenzie to the hard terms which he exacted Mr. Borden stood as firm as a rock. In just such a case as the present Mr. Borden excels, so that it may be taken for granted that there will be no weakening on the part of the government.

It is quite freely admitted by Liberals that the government has made an excellent bargain with the C. N. R. If it can be carried out to the letter, and it is remarked that such a bargain could not have been driven except during a time of financial stringency as the present. The surprise is that such a bargain was possible. The battle will simply be over details.

It is certain that only two of the Conservative members will oppose the proposal in the House, Messrs. R. B. Bennett, of Calgary, and W. F. Nickle, of Kingston. However, even they, when they have had time to consider the agreement, will probably support the government.

While there will be a battle over the agreement, it will not be regarded by the Liberal as one of the serious matters of the present parliament, nor will opposition to the action of the government form one of the chief planks of the Liberal platform at the next election. That event is still probably eighteen months away, but unless something unexpected occurs meanwhile the Liberal platform will be the naval proposals and the tariff.

ABANDON HOPE FOR ENTOMBED MINERS

Experts See No Chance of them Being Alive—Fifty Bodies Recovered.

Coles, W. Va., April 30.—Hope that any of the 172 men caught in mine No. 5 of the New River Collieries Company, wrecked by a gas and dust explosion Tuesday, are alive, was abandoned absolutely tonight by government and state experts. At nine o'clock fifty bodies had been located in the mine and it is expected all these will be brought to the surface before daylight.

MONTREAL TO HAVE MARATHON RACE SEPT 9

Montreal, April 30.—Montreal will have the first full distance Marathon race ever run in Canada on Wednesday, September 9, in connection with the Cartier centenary celebration. Most valuable prizes ever offered for an event of this kind will be awarded. It is the intention to bring to this city the best amateur long distance runners in the world.

STEAMERS SAIL.

The C. P. R. liner Montrose steamed for London and Antwerp via Halifax at 3 o'clock yesterday afternoon, in charge of Captain Webster. The liner took away a large general cargo and a few passengers. This is the final trip of the Montrose to St. John this season, and on her next trip she will sail for Montreal.

The steamer Manchester Commerce sailed for Manchester yesterday afternoon.

WILL BE BROKEN UP.

The Liverpool Daily Post announces that the twin-screw steamer Mastic, 10,147 tons, gross register, built for the White Star line in 1889 at Belfast by Harland & Wolff, is said to be sold for \$25,000 to Messrs. Ward, of Sheffield, who will break her up. The hull dimensions of the liner are 365 feet 3 in., by 57 ft. 8 in., by 39 ft. 3 in. She has two sets of cylinders—43 in., 68 in. and 110 in., with 60 in. stroke. She is fitted with all modern appliances, such as refrigerating machinery, electric light, submarine signalling, wireless telegraphy and carries three classes of passengers—saloon, second cabin and third-class.

DANGERS TO NAVIGATION.

MARKET DUE FOR TURN FOR BETTER?

Montreal, April 30.—The popular theory in the street is that when the market has abandoned all hope it must be just about due for a turn in the direction of improvement.

This paradoxical, speculative precept may not bring much cheer at present. There have been degrees of despair to the present movement which we thought well nigh impossible a few months ago. Time alone will prove whether there are any greater depths.

25, lat 40 59 N, lon 59 50 W, passed a spar projecting about 4 feet out of water, apparently attached to submerged wreckage.

Steamer Alden (Nor), reports April 15, lat 24 48 N, lon 48 48 W, passed a black canvas buoy.

AT PORTLAND, MAINE.

The schooner Adonis, coming from Barbados with molasses, is now nearly 20 days out, and her arrival is looked for very soon. The schooner Margaret G., which is bound here with a similar cargo, arrived at Barbados on April 18 and is now probably on her way. There has been considerable activity on board the mystery steamer Curlyba the last few days, and there is reason to believe that "Chief Sam" is about ready to start on his cruise to Galveston or wherever he may be bound. The steamer was trying her boilers on Monday, and considerable quantities of stores and supplies were put on board, being taken down to her in her own boats. Her coal was put on board a week ago, and her departure is evidently near at hand.—Portland Argus.

MONTREAL'S "MOVERS" WILL NUMBER ABOUT HUNDRED THOUSAND

The Rents are Higher generally, and many are going out into the adjoining places.

Montreal, April 30.—Tomorrow is the annual moving day in Montreal, when it is estimated that fully a hundred thousand people change their residences. This year's shifting is hardly so extensive as those of previous years, but all sorts of rigs are being used at the usual high prices. As usual, again, there is the long list of minor accidents owing to the rush of people to get out of the old and into the new residences. Rents once more have been generally increased. One result especially noticeable this year is that more Montrealers are moving across the river and out to the neighboring municipalities. Offices and stores are not at a premium now due to the many new buildings that have gone up and the financial depression. So far this spring storekeepers have complained of backward sales compared to previous spring seasons.

UNION TURNS OVER ENTIRE FUND TO AID COLORADO STRIKERS

WEDDINGS.

Cunningham-Coleman.

A pretty wedding took place Wednesday afternoon when Miss Helen Thompson Coleman, daughter of Mrs. Susan Coleman, was united in marriage to Percy M. Cunningham, son of Mr. and Mrs. Stephen A. Cunningham at St. Mary's church, by the Ven. Archdeacon Raymond. The bride, who was becomingly gowned in a suit of cream serge, with hat to match and carried a shower bouquet, was supported by Miss Florence Cunningham, sister of the groom, and was given away by her brother, W. A. Coleman, while Leonard Coleman acted as groomsmen. After the ceremony the bride party went to the home of the bride's mother, Mrs. Susan Coleman, 25 Carlisle street. The happy couple left on the Montreal train for a trip to Montreal and Toronto, where the groom is employed by the C.P.R. The young couple were the recipients of many beautiful and useful presents.

SHARP CRITICISM BY JUDGE CHARBONNEAU

Comments forcibly on Members of Bench who allow public opinion to influence them.

Montreal, April 30.—The fact that the judgment of the license commission revoking the license of four restaurants where cabaret shows were held was published in the newspapers here before the case was finally decided upon figures as a reason that has caused Judge Charbonneau to quash the decision of the commissioners. The restaurants affected are the Regal, Parisien, Harbour and Arlington, all of which have been denounced in the pulpits in this city.

His Lordship commented rather bitterly on members of the bench who allowed themselves to be influenced by the public opinion of the moment and overruled that such public opinion should play no part in influencing the decisions of a court of law.

Discussing the premature publication of the commission's decision His Lordship recalled that a special enactment had been passed forbidding jurors to have communication with outsiders in the course of trials which were going on before them. He added that it might not be out of place that some similar provision be incorporated into the law to apply in the case of judges.

STEAMER CARRIES AWAY CANAL GATES

St. Catharines, Ont., April 30.—The first mishap on the Welland Canal of the season occurred tonight when the steamer Compton carried away three gates of Lock No. 4, completely tying up traffic. The Compton, which was bound up for Ashby, entered the lock at a rather stiff rate of speed and pushed open the head gates some distance before being completely stopped. The gates, forced back by the pressure of water from the level above, returned unevenly, were torn from their fastenings and were tossed along with the steamer into the level below, one of the two foot gates also being wrenched off by the rush of water. Very little injury to the boat was sustained and the damage to the surrounding land will be light.

CLEVELAND ADAPTS EASTERN TIME SCHEDULE.

Cleveland, April 30.—Clevelanders generally moved their clock forward one hour tonight in compliance with the ordinance recently passed by the City Council adopting Eastern time for the city. Practically every business concern has agreed to abide by the ordinance, and railroad and interurban lines entering the city are arranging their time tables to suit the new schedule.

Youngstown, Ohio, also began to operate under Eastern time tonight.

Every Person Welcomes the Approach of Spring

But every person does not care for that dull, tired, listless, all-down-and-out, don't-care-to-do-any-work feeling that overcomes one at this time of the year.

This feeling is caused by the eating of rich and heavy foods during the winter months, which, along with the indoor life, causes an accumulation of undigested and refuse matter in the system.

What is really needed at this time of the year is

A Good Spring Medicine

One that will clean out all these impurities.

One that will cleanse the blood and get it into shape to withstand the heat of the summer months.

For This Purpose There is Nothing to Equal

BURDOCK BLOOD BITTERS

This grand old remedy has been on the market for nearly forty years and is, without a doubt, the best Spring Medicine.

"I didn't know I needed an Elevator until I saw this Book."

THAT'S what a merchant said in our office recently. We had just sold him an Elevator for use in his small, but growing factory in a little town in Western Ontario. He is enthusiastic over the economy he has been enabled to effect through the installation of a small hand-power Elevator costing but \$70.00. He has discovered the secret of efficiency in handling goods and filling orders. He has learned how to cut out unprofitable methods and reduce the cost of labor by eliminating waste time and needless effort.

Perhaps you may find in this Book the solution of your most difficult problem. Isn't it worth seeing?

Reid at the opening of the house this afternoon in reply to Mr. J. H. Sinclair of Guysboro during the year ending March 31, 1913, said Dr. Reid, the I. C. R. carried 2,302,469 tons of freight, of which 2,182,084 tons was eastbound and 3,021,385 was westbound. Of this traffic 2,893,024 tons originated in Nova Scotia, 99,098 tons being received at seaports. The freight tonnage which originated in New Brunswick was 799,824 and that which originated in Quebec 1,009,406 tons. The gross passenger revenue received in Nova Scotia was \$1,128,640; in New Brunswick \$670,345; in Quebec \$844,782. Dr. Reid told Hon. Geo. P. Graham that the party of men who left the Pas for Port Nelson in January last, reached their destination on April 9th. There were 103 men when they left the Pas. A number of these men left and returned to the Pas. Others left the employment of the department to engage with railway contractors, while men employed on railway construction engaged with the department. In all 148 men went through to Port Nelson and are now employed there. Hon. L. P. Pelletier informed Mr. F. B. Carvell that the post office department purchased a new automobile on December 16th last for use in Ottawa in connection with the department. The price of the car was \$4,860. As the opening of the house a number of Conservative members rose on questions of privilege to complain of an article in the Toronto Globe which stated that they were in oppo-

Members of the Women's Canadian Club were privileged to hear another lecture of high merit last evening in Keith's assembly rooms when the president of the club, Mrs. E. These pictures were taken by Mr. Smith on the trip. Mrs. Smith first told of her trip across the Atlantic and showed pictures of life on shipboard. Scenes at the docks in Liverpool were also shown and then the lecturer took her audience for a four mile jaunt about London. In spite of the hard streets and pavements and the numbness necessary in dodging the heavy traffic of the London thoroughfares none of those who accompanied Mrs. Smith displayed the least signs of fatigue at the end of the journey but all were ready for another walk. Mrs. Smith thought, however, that she had need of rest, and the members of the club reluctantly consented to postponing the hearing of further details until a later date. Mrs. Smith was never heard to better advantage on a public platform than she was last night and she held the close attention of her audience for more than two hours. Few in the large gathering realized that the lecture had been anything like so long. Mrs. Smith has an enviable reputation as a public speaker and last evening her historic references were given with grace and vivaciousity that stamped the events permanently on the minds of all present. As Mrs. Smith was starting her lecture she was presented with a handsome bouquet of flowers from members of the Women's Canadian Club. The tower and the beef eaters, the custom house, London Bridge, the Guild Hall, the Lord Mayor's residence and the other places of historic and modern interest were all shown and their story told in terms that permanently impressed themselves on the mind. The plan for organizing a union among the Street Railway employees is well under way and it is expected that the plans of the promoters will materialize and result in bringing the railway men under a strong international union. Mr. Sinclair, who is registered at the Dufferin Hotel, and has been in the city for the past few weeks, is the organizer and it is understood that arrangements have practically been completed for the formation of a union. Mr. Sinclair, who is from Toronto, has been working in the interests of the organization, and it is probable that some definite action will be taken in the matter at a meeting of the railway employees in Oddfellows Hall this evening. If it is decided to organize the local men will come under the international union. The idea, it is said, is not to work against the employers but rather to co-operate with them and tend to bring about a closer relationship. Leon Worthall, travelling organizer for Canada for the Journeymen Barbers' International Union of America, is also in the city and last evening he addressed a meeting of the barbers held in Oddfellows Hall. The meeting was largely attended and several new members joined the local union. It was an open meeting and Mr. Worthall in addressing those present explained that the purpose of union was to bring about co-operation between employer and one employed. R. BRUCE MALCOM WEDS IN MONTREAL. A wedding of much interest to St. John people was solemnized in St. Paul's church, Montreal, at 4.30 Wednesday afternoon, when R. Bruce Malcom, of this city, led to the altar Miss Lois Theresa Cahon, daughter of Mr. and Mrs. C. H. Cahon, formerly of Halifax, but who for some years has been residing in Montreal. The Rev. Dr. Bruce Taylor officiated. The bride was attended by two bridesmaids, Miss Dorothy Whitman and Miss Katie Drysdale, both of Halifax, N. S. Dr. John Fraser was the best man, and the usher was C. H. Cahon, Jr. and Fred Fisher. Following the ceremony a reception was held at the residence of the bride's parents on University street, Montreal, after which Dr. Malcom and his bride left for the Adirondacks to spend their honeymoon. The guests included Miss Cahon, of New York; Mr. and Mrs. D. M. Hovey and two sons, also of New York; Mrs. Wm. A. Raymond, of St. John, and Mrs. Andrew Malcom, the bridegroom's parents from St. John. CITY CHAMPIONSHIP. The Ramblers and Sweeps roll the second game of a series on Black's alley tonight in the play off for the city championship. The Ramblers won the first game and if victorious tonight capture the championship. Ready For Summer. Among those who came to the city last evening on the Boston train was R. Allan, purser of the steamer Purdy who came from his home to take up the work of the summer. For years Mr. Allan has been sailing on the Purdy and his many years of service do not sell on him and he is considered one of the most popular men connected with the river steamers.

STOCKS ADVANCED AT END OF SESSION

Trading Dull on Wall Street Until Near The Close.

IMPULSE CAME IN LAST HALF HOUR

The report that Missouri Pacific is to change hands gave Market the needed impetus.

New York, April 30.—Quotations moved upward decisively in the late trading today after several hours of uncertain movements. Until the final upturn, which was accompanied by an outburst of activity, trading was dull. Most of the time the level of prices was above yesterday's close, but the market was disturbed by pressure against some of the weaker stocks and speculators were obviously groping about for a definite lead in one direction or the other. The needed impulse came in the last half hour, in the shape of circumstantial reports that control of Missouri Pacific would which previously had reached a new low point at 15 1/4, was bid up nearly four points from the day's low mark and the whole market advanced with it.

Conditions favored the market at the opening. London had established a higher range of prices and bought stocks here. General Carranza's acceptance of mediation gave a more hopeful turn to Mexican affairs. Additional railroad reports for March in most cases made a better exhibit than in recent months. Under these influences there was a general advance in prices during the forenoon. The higher level was utilized for renewed distribution of stocks, which caused several recessions before the market finally swung upward. Another unsettling influence was the weakness of low priced railroad stocks and bonds, especially those of the Gould road.

Rock Island collaterals and debenture issues sold at new low figures, the former dropping to 30 1/8, and the latter to 56 1/2. Steel also yielded under professional pressure. Recent reports of poor trade conditions were emphasized by announcement of further price reductions.

Prospects of a strong bank statement and the improving outlook for peaceful solution of the Mexican problem influenced the money market. Offerings were larger and rates for short per cent. were scaled.

Bonds were irregular. Total sales, par value, \$1,415,500. United States bonds were unchanged on call.

GOOD EVIDENCE OF TRADE IMPROVEMENT

Chartered Bank Returns show business better in Montreal, despite late Spring and Navigation.

Montreal, April 30.—Taking into account the favorable turn shown in the March statement of chartered banks and the growing volume of bank clearings here it is evident that there has been some improvement in business at this centre notwithstanding the delay to the opening of navigation and the backwardness of spring weather, which has unquestionably retarded business in several directions.

Last week's gain in clearings was supplemented by another good increase this week of close to \$6,500,000. The returns for the week are \$57,961,041. Although there has been improvement the returns are still under the total for the first four months of last year. The decline is, however, relatively small and at the rate of increase shown this month it would not take long to overtake it.

The total for four months clearings is \$273,101,033 compared with \$204,579,197, a decrease of \$231,478,169.

CLOSING STOCK LETTER FROM RANDOLPH

New York, April 30.—During the afternoon the market was quiet and without any special feature. Trading seemed to have subsided into almost summer dullness. Business continued small till about midday, when a generally strong tone developed. A telegram which gained circulation and which came from St. Louis, being published by Dow Jones & Co., stated that accountants who were thought to be representing Kuhn, Loeb & Co. and who have been making an examination of the M. O. P. accounts have been away for the past few days making an inspection of the property, and will report their findings to Kuhn, Loeb & Co. on their return to New York. This had more to do than anything else with the sudden turn in M. O. P. which carried the stock up very rapidly and sympathetic buying set in which carried C. P. R. up two points and others relatively. In the last few minutes C. P. R. reached a point, and a fractional recession developed in M. O. P. The final tone was strong. Total sales \$1,709. Bonds \$1,415,000.

A RECORD DAY FOR GRAIN BOOKING

Nearly Two Million Bushels Booked yesterday for Export during next Four and half months.

Montreal, April 30.—The heaviest day ever recorded in making of ocean grain freight engagements was experienced yesterday up to the close of the day. No day's booking of grain for export has ever equalled yesterday's, when there were approximately 225 loads or 1,800,000 bushels of grain, mostly wheat, in all position booked to Montreal during the next four and a half months.

Up to the present time only about one-third of the usual amount of grain had been booked for export in comparison with the same date last year. The reason has been that foreign cables were too low to meet the higher prices here and in Winnipeg or that the foreign countries like Russia were selling below our market level.

WILL GRIND WHEAT ON CANADIAN SOIL

Lake of Woods Milling Company to spend large sums to further development plans in Western Canada.

Montreal, April 30.—That milling interests feel strongly on the question of free wheat is evidenced by the statement of L. O. Melgren of the Lake of Woods, who is quoted as saying: "Now that the free wheat question is settled the Lake of Woods Milling Company is preparing to invest large sums of money in furthering the plans in the West, to buy more wheat from the Western farmers and to grind it into flour on Canadian soil. This company has always believed in the Canadian West, but I say emphatically that if this company thought that free wheat was to be the policy of the government we would not invest another dollar west of Port Wilkes."

PRICES FIRMER ON MONTREAL 'CHANGE

Market Responds to Better Tone in London and New York.

Trading was fairly active yesterday. C.P.R. opened strong at 191, and well supported throughout session—Renewed interest among Traders.

(F. B. McCURDY & CO.) Montreal, April 30.—The local market was moderately active today and the interest general. The improved tone of London and New York made its influence felt here and prices were generally firmer. C. P. R. opened strong at 191 and received good support throughout the day closing at 192 1/2. It is believed here that there is a large short interest in the stock and if the bears can be forced to cover, the market will make a big advance. Brazilian Traction sold ex-div. 1 1/2 per cent. today, but recovered its dividend, selling up to 78 1/2 in the morning. In the afternoon it was slightly easier at 78. This stock generally recovers its dividend promptly. Iron opened one point up at 28, but thereafter the price shaded off somewhat. It is not the intention of the directors to publish a statement for the quarter ended March 31st, but the annual statement will be given out to shareholders within a fortnight, according to an official announcement. Mr. Plummer confirms the report that business for the last quarter was far from satisfactory but he says that conditions are much better now. Canadian Cottons Pfd. is settled at the Lake of Woods. Milling Company is preparing to invest large sums of money in furthering the plans in the West, to buy more wheat from the Western farmers and to grind it into flour on Canadian soil.

This company has always believed in the Canadian West, but I say emphatically that if this company thought that free wheat was to be the policy of the government we would not invest another dollar west of Port Wilkes."

There have been several unaccountable breaks in high grade stocks during the day. Cement Common, one of the directors to publish a statement that a few orders to sell this stock came on the market bare of purchasers. Several brokers recommended purchase of the stock today as an investment. One of the strongest issues of the day was Cement Common, which sold at 29 3/8 in the morning and closed a shade lower. The building industry is said to be better than was anticipated at the beginning of the year.

Toronto Rails was strong and in fair demand, selling up to 154 1/4 in the afternoon, selling up to 154 1/4 at the close yesterday. Shawinigan was half point lower at the opening, but recovered its dividend, selling up to 118 1/2, ex-dividend 2 1/2 per cent. 1 1/2 points higher than yesterday's close. Ottawa Public Utility stocks all did well today. Laurentide opened higher at 175, and in the afternoon strengthened to 175 3/4. In the face of the trying market conditions, Laurentide has held remarkably well.

REPORTS HIGHER REVENUE FOR YEAR

City Central Real Estate Company has increase in gross revenue of about Four Thousand Dollars.

Montreal, Que., April 30.—City Central Real Estate Company which won the Freeman's block reports higher revenue for the year ended February 28. Mr. J. N. Greenholds, the president, reports gross revenues for the year were \$75,130, as against \$73,360 for the preceding year. The advance of \$1,770 representing increased dividends paid on the share held by your company in Freeman's Limited. The general commercial and trade depression during the past year has necessarily had its effect on the business of Freeman's Limited, but notwithstanding a considerable falling off from this cause, the earnings of that company have been such as to justify the directors in paying dividends during the period at the rate of eight per cent. per annum. The gradual improvement which is beginning to make itself felt should be reflected in the future earnings and it is confidently expected that the eight per cent. rate will be maintained during the ensuing year. The rental paid by Freeman's is \$25,000 and dividends received amounted to \$16,120, total \$78,120. The balance of profit for the year was \$17,311.

PORCUPINE VIPOND COMPANY FORMED

Capital of Million and a half—New concern takes over Porcupine Gold Co's property.

Toronto, April 30.—Details of the Porcupine Gold Company the property of which has been idle for some time are announced today. A company has been formed to be known as the Porcupine Vipond with a capital of \$1,500,000 or \$500,000 less than the previous company. The Porcupine Gold sells its property to Porcupine Vipond for \$750,000 shares in the company which will be divided among present Vipond shareholders in the proportion of 2 new for 1 of the old. In addition 300,000 shares treasury stock have been underwritten and will be offered the shareholders at 50 cents a share. The remaining 450,000 shares remain in the treasury. This deal will provide the company with \$800,000 to \$900,000 to add a cyanide attachment to the present Vipond mill and carry the property to a sustaining basis. Vipond has always been looked on as a good property but the mill installed lacked cyanide tanks and forty per cent. of the value were lost.

Professional Investors

Within this class of investors must be included lawyers, doctors, teachers, writers, ministers, scientists and all sorts of professional men. Of these the lawyer—because of his corporation experience—is the one least likely to need investment advice.

But the doctor or minister who makes any sort of a success, must do a large amount of brain work, and after the accomplishment of his duties he has left neither the time for the mental energy for the study of investments. To these men we cordially extend the services of our seasoned organization—either by mail or at our offices.

LONE MILITANT TRIES TO HOLD UP THE KING

Approaches His Majesty's Motor to appeal for Suffragette Cause—Threw Pamphlets at Him, but hit Chauffeur.

Cambridge, England, April 30.—A lone militant suffragette tried to hold up King George and appeal to him in behalf of the votes for women cause today while he was riding along the street in his automobile during a visit to Leys School.

The chauffeur opened up the car's motor to full speed, and it dashed away from the woman. As the car sped by her, she threw a bundle of pamphlets at the King, but her aim was poor and she hit the chauffeur instead.

IN THE COURTS

The jury in the case of Thomas Nagle vs. the Quebec and St. John Construction Company, and the St. John and Quebec Railway Company, after being out about an hour and a half returned about 10 o'clock yesterday with answers to all questions in favor of the plaintiff. A verdict accordingly was entered for the plaintiff for \$12,113.42, which includes interest.

When the court opened at 10 o'clock His Honor Mr. Justice McKeown commenced his charge to the jury and reviewed the evidence, elucidating the questions of law. The jury retired about 11 o'clock. The findings are as follows:

Questions Asked by the Court.

2. If so, what was such fraud or misrepresentation?
3. If so, was Mr. Nagle aware of or had he any suspicion of fraud or misrepresentation in the matter?
4. Did Mr. Nagle acquire the \$12,000 note (in suit) from Mr. Seely in good faith and for value?
5. When Mr. Nagle took the note had he notice of any defect in it?

Answers. No. 1. Yes. No. 2. No. No. 3. No. No. 4. Yes. No. 5. No.

Questions by Defendant's Counsel.

1. Where the circumstances under which the plaintiff acquired the note for \$12,000 such as ought to have led him to suspect that there was something wrong about it?
2. Was there any understanding between A. R. Gould and D. Seely before the note for \$12,000 was given that such note was given as collateral only?
3. If so, was such note negotiated by J. D. Seely to the plaintiff in breach of good faith as to such understanding?
4. Was there any understanding between Mr. Gould and Mr. Seely that the note for \$12,000 was to be paid out of the profits when the railroad was completed and profits declared?

Answers. No. 1. No. No. 2. No. No. 3. No. No. 4. No.

Non-jury Cause.

The civil non-jury cause of the Canadian Bank of Commerce vs. the C.P.R., with Frank McDonald joined as third party, was continued in the Circuit Court before Mr. Justice McKeown yesterday. About \$8,000 is involved in this case. Mr. McDonald was on the stand all day yesterday.

OBITUARY.

Mrs. Robert Nowlin

The death of Mrs. Robert Nowlin took place Wednesday evening in the General Public Hospital after a short illness from pneumonia. Mrs. Nowlin who was before her marriage Miss Ellen O'Connell, daughter of John O'Connell of this city, is survived by her husband, three daughters and one son. The latter are Sister Mary Fabien of St. Xavier's Convent, Bangor, Me.; Misses Gertrude and Mary and Joseph Nowlin of this city. The funeral will be held on Saturday morning at 7:45 o'clock, from P. Fitzpatrick's undertaking rooms for high mass or requiem at eight o'clock.

Miss R. Gertrude Avery.

The death of Miss R. Gertrude Avery took place yesterday morning at the residence of her mother, Mrs. Mary Avery, Lanmaster Heights. Miss Avery was taken ill with typhoid fever about eight weeks ago, and was doing well until two days ago, when she suffered a relapse, and gradually weakened until she passed away. Besides her mother she is survived by a sister, Miss Elizabeth Avery, living at home. She was only 23 years of age.

Miss Avery had been employed in the business office of The Standard for about four years, and was held in the highest regard by all. At the time she was taken ill Miss Avery was in charge of the circulation department of this newspaper. She was a young lady of marked ability, and ever painstaking and obliging. Miss Avery was a member of St. Rose's Church, Fairville, and was active among the societies of young people connected with the church. She was possessed of a very amiable disposition, and had a large circle of friends who will be grieved by her untimely death. In their sad bereavement, her widowed mother and sister, will have the sympathy of all who knew her. The funeral will take place from her late residence, Sunday afternoon at

IMPERIAL DEFENCE CONFERENCE NEXT YEAR

Liverpool Courier says Canadian Government to dissolve early next year and go to Country on Naval Question.

London, April 30.—The Liverpool Courier says the government has definitely decided to summon the Imperial Defence Conference early next year. The date will be fixed to meet the convenience of the Canadian government, who according to this paper, have decided not to incur the delay which the reform of the senate would involve, but to dissolve early next year, and appeal to the electors on the naval question.

2:30 o'clock to the Church of Assumption, Carleton, burial, in Holy Cross Cemetery, Sand Cove.

Mrs. George L. Evans.

The death of Mrs. George L. Evans took place at her residence Martindale, yesterday morning, after a short illness. Up until Sunday last when she was stricken with a paralytic stroke, the deceased had enjoyed the best of health, and her sudden death came as a great shock to a wide circle of friends.

Besides her husband, the deceased is survived by one son, James L., of Martindale, and one daughter, Miss Ethel, at home. Four sisters, Mrs. Sarah Wilson, Mrs. Annie Buchanan and Miss Emma Trearlin, of New York, and Mrs. John Portmore, of Boston also survive.

The late Mrs. Evans was a daughter of the late James Trearlin, of West St. John, and was 55 years of age. Always a staunch member of St. George's Anglican church, Carleton, Mrs. Evans took an active interest in all branches of church work. Of a loving and amiable disposition she won for herself a host of friends and was highly thought of by all who knew her.

The funeral service will be held at the late residence at ten o'clock Saturday morning, and burial will be from the north train at Fairville Station to Cedar Hill cemetery.

ALLEGED JOKE ENDS FATALLY

Brownville lad put in Locomotive Cab and steam turned on—Died from Burns received.

Special to The Standard

Brownville Junction, N.S., April 30.—As a result of what is said to have been an attempt to play a practical joke at the Canadian Pacific round-house here the other, Harry Kelley, seventeen years old of this town is dead. James Christie is held for the grand jury in \$500 bonds, and John Peattie is a fugitive from justice. Warrants were issued for both men by Judge Gerlach of the Pictou municipal court.

Peattie is a Canadian Pacific employe at the round-house and Christie was visiting with him there the other night when Young Kelley entered the building and climbed into the cab of a locomotive where he planned to spend the night. The two men decided to play a joke on the sleeping lad by turning on some steam.

Whether it was due to ignorance or what is not known, but the water gauge in the engine cab was broken and the compartment filled with a pressure of 150 pounds of steam. Young Kelley awoke with cries of agony and before he could make his escape he received terrible scalds from which he died the next morning. Christie was at once arrested and bound over to the grand jury. Peattie made his escape and is thought to be lurking in the woods in the vicinity of Katakadin Iron Works. The affair aroused the utmost indignation among the Canadian Pacific employes and others here and a posse of citizens is aiding the deputy sheriffs in searching for Peattie.

SERVED IN PHILIPPINES.

London, April 30.—A man about sixty years old who described himself as Major Henry C. Fitzgerald, an American, believed to have been formerly paymaster on the staff of General Merritt, in the Philippines, was found shot in the Charing Cross Hotel today. He died from his wound after he had been conveyed to a hospital.

The police authorities are of the opinion that the man committed suicide.

Funerals.

Many attended the funeral of Joseph Clawson yesterday afternoon from his late residence, 25 Wellington row. The body was taken to Centenary church where service was conducted by Rev. W. H. Barreth, assisted by Rev. W. H. Barreth, who offered the opening prayer and by Rev. H. E. Thomas who read the funeral lesson. The choir sang "Forever With Thee" and the hymn "For Thee O Dear, Dear Country" at the close. A selection from Tennyson's Crossing the Bar was also sung. The music for this had been written out for the choir by the late Mr. Clawson. Funeral music was played by Miss Alice Ho. Rev. Mr. Barreth preached from 1 Peter 1-3 and 4 and emphasized the hope in the Easter lesson of the Resurrection. He also referred to the great service rendered by Mr. Clawson in the church of which he had been an active member ever since his boyhood and especially to his great service as choir master which position he held up to the time of his death. Interment was in Fernhill.

The funeral of Mrs. John Rhea took place yesterday morning from her late residence, 18 Mill street, to the Cathedral where high mass of requiem was celebrated by Rev. M. S. Howland with Rev. W. Duke as deacon and Rev. C. J. Laughlin as sub-deacon. Interment was in the new Catholic cemetery.

TWENTY THOUSAND MOTHERS WILL BENEFIT

Increase in Maternity Benefit under Lloyd George's Insurance Act, is predicted in London.

New York, April 30.—A cable from London to the New York American says: "The Chancellor of the Exchequer, the Right Hon. Lloyd George, in his forthcoming statement on the budget, will increase the maternity benefit provided in the Insurance Act from \$2.25 to \$25."

"This comes from a well informed source. Presumably the chancellor hopes the new grant will help to make the Insurance Act popular with the working class."

"It is computed that, in 12 months 200,000 mothers will receive the advantages of the act, entailing an expenditure of this amount alone of \$5,000,000."

YANKEE TWIRLER PITCHING STAR BALL

Ray Caldwell, the Yankee twirler, is pitching the best ball of his career just now. He has been informed by Manager Chance that if he keeps up his great pitching he will be in the same boat with Johnson, Mathewson, Alexander, Wood and other star boxers.

SPORTOGRAPHY BY "GRAVY"

Collins, "Best Ball Player in Business", 27 tomorrow.

Jawn McGraw is generally considered a pretty good judge of baseball players, and when he declared last fall that Eddie Collins, the great second baseman of the Athletics, was the best ball player he ever saw, Eddie had a perfect right to ask Connie Mack for a new shirt and cap big enough to cover his enlarged chest and dome.

Eddie is still a young fellow, with plenty of time to get even better, for he will celebrate his twenty-seventh birthday tomorrow. He was born in Millerton, N. Y., May 2, 1887. In his youth he was ambitious to shine as a legal luminary, and he was sopping up education preliminary to taking a law course at Columbia University when Connie Mack lapped him and said: "Young fellow, come along and play with me."

Collins was second baseman and captain of the Columbia nine, and didn't want to lose his amateur standing, so he made his debut with the Athletics plying under the name of Sullivan.

It is believed, however, that the club will have a strong team ready to play in any senior league that might be formed here this year. Another meeting of the club will be held at an early date when the baseball situation will be in better shape.

that there was a striking resemblance between the Athletic player and himself. Just for that answer any question on the ground that he might infringe himself. Just for that Eddie was debarred and estopped and otherwise impeded and prohibited from playing any more baseball with Columbia, but he stuck around the campus until June, when he got his degree of A. B., meaning able Bachelor, and then rejoined the Athletics.

He played shortstop in 1907, but made a poor job of it, and batted only .100. The next annum he was sent to second base, where he soon became a star. In 1908 he batted .346, and ever since has never failed to swat the pill over the 300 mark.

"Eddie Collins is, in my opinion, the best ball player in the business, and certainly the best I have seen during my career on the diamond," declared McGraw after the conclusion of the last world's series. "He is the most nearly perfect and the most resourceful player in the world. He did more to beat the Giants out of two world's championships than any other member of Connie Mack's team. After that, Eddie certainly has a right to congratulate himself on his birthday tomorrow."

ENGLISH GOLFER A WINNER

Sunningdale, England, April 30.—Harold H. Hilton, the English amateur golf champion, won the golf illustrated gold vase tournament here today. His score for the thirty-six hole medal play was 151. F. Oulmet, the American open champion, who was paired with Hilton, turned in a card of 166, which gave him a tie for fourteenth place.

Of the two other Americans who competed, Harold Webber finished with 171 and G. W. Inslee took 83 for the first round and did not complete the second.

FEDERALS SUE PITCHER

St. Louis, April 30.—Suit for \$10,000 damages was filed today by the Kansas City Federal league club against Fred Blanding, pitcher with the Cleveland Americans, for alleged breach of contract. An injunction to prevent Blanding from playing with any other club than the Kansas City Federals is sought.

The complaint charges that Blanding signed a three-year contract with Kansas City at an annual salary of \$5,833, of which \$2,500 was paid in advance. Blanding is alleged to have jumped the contract and joined the Cleveland Americans.

JOHNSON FAMILY GROWING

New York, April 30.—Pitcher Johnson of Urisius College upheld the family reputation on the mound today in working against Fordham University here, twirling a no-hit, no-run game.

Not the semblance of a hit even was made off the Pennsylvania's delivery and he struck out 14. He gave three passes and one man got on through an error, but no Fordham player got beyond second base and only two reached that station. Urisius won the game, 4 to 0.

Tom Seaton seems to have cast his lot with the Federals. This is not his first experience outside of organized baseball, for he was at one time with the California outlaw league.

It is said that his contract calls for \$7,000 per year, and is for three years. He is to pitch for Brooklyn, and will be their mainstay in the box if he performs as well as he did in Philadelphia.

INTERNATIONAL CHESS TOURNEY

St. Petersburg, April 30.—In the sixth round of the international chess tourney, now in progress in this city, Capablanca today best Alechine, Blackburne best Gunsberg, Tarrasch and Marshall drew, while Bernstein and Rubenstein and Janowski and Nizemzoff adjourned their games.

The scores of the leaders are: Alechine, 4; Lascher, Capablanca and Tarrasch, 3 1/2 each; Bernstein and Marshall, 3 each.

OFFICERS ELECTED

The annual meeting of the Eastern Section of the American Power Boat Association was held last night in the rooms of the R. K. Y. C. on German street when the following officers were elected: S. P. Gerow, president; A. R. Crookshank, vice-president; Harold A. Allison, secretary; Leo J. Gallagher, treasurer.

THRIFTY LOT OF BOXERS

Income tax figures show that Uncle Sam will collect quite a neat little wad of kale from the boxing fraternity. Willie Ritchie has admitted to an annual income of \$20,000, while Leach Cross confesses to having annexed \$28,000 in the last year. Various other boxers will dig up taxes on incomes ranging into five figures. Unlike most of the pugilists of the past, the boxers of the present, as a class, freeze out to their ring earnings, and there are very few of the top-notchers that do not include deeds to valuable real estate among their possessions. The told-timers were in the main a bunch of wild spenders, about the only noteworthy exception to the rule being Tom Sharkey, who never parted with a nickel without giving the matter due serious consideration.

THIS DATE IN RING ANNALS

1908—Jim Barry knocked out Jim Stewart in 4th round at New York. Barry and Stewart were then promising "white hopes," and Barry looked very much like the "makings" of a great fighting man. Jim was born in Minnesota and was a chef in a northern lumber camp before he took to the fighting game. In fact, it was the lickings he administered to those who criticized his cooking that started him on the road to ring fame. Barry fought Sam Langford numerous times, and made the "lar baby" extend himself to the limit. He twice defeated Gunboat Smith and knocked out such good men as Kid Cutler, Tony Ross, Larry Temple, Hank Griffin and Martin Burns, but was defeated by Langford, Al Kauffman, Porky Flynn and others.

1911—Sammy Kellar defeated Young O'Leary in 10 rounds at New York.

1911—Bob Moha and Jack Dillon fought 16-round draw at Indianapolis.

1913—Arthur Pelky knocked out Andy Morris in 8th round at Calgary, Alta.

 Hospital.

Quell Disturbance.
 Last night about 10.30 o'clock Serrt
 Scott and Patrolman Anderson were
 called into Henry Berry's house on
 Union street to quell a disturbance
 that some boarders were creating.

Removal.
 On and after May 1st, Dominion
 Express Company will occupy store
 formerly occupied by C. and E. Ev-
 ert, 11 King street, until their build-
 ing is completed.

Son Strikes Father.
 Last night a father and son had
 some difficulties on Carmarthen street
 which resulted in the son striking his
 father on the nose. There is a pos-
 sibility of the unruly son being taken
 to the police court to answer the
 charge of assault.

Woman Drunk.
 A woman who was under the in-
 fluence of liquor made herself very
 troublesome on Exmouth street yester-
 day afternoon, annoying the resi-
 dents with profane language. By the
 time a police officer reached the street
 she had departed to another section
 of the city.

Inspects Refinery.
 G. M. Cape, contractor for the build-
 ing of the Sugar Refinery, arrived in
 the city yesterday and spent the after-
 noon inspecting the work being done
 on the big building at Lower Cove.
 Mr. Cape expects to complete the
 work this summer and the refinery
 should be in operation this year.

Seaman Refuse Duty.
 Yesterday afternoon about two
 o'clock Serrt. Finley and Patrolman
 Clarke, of the western division, were
 called on board the Elder Dempster
 line steamer Bendu, lying at No. 7
 berth, when Captain J. Williams gave
 in charge four seamen, Harry Gilbert,
 George Proctor, Thomas O'Callaghan
 and Frank Millman for refusing
 duty. The quartette were locked up
 in the cells at central station and will
 be given a hearing in the police court
 this morning.

Halifax Theological College.
 The Halifax Theological College
 held its closing on Wednesday evening
 in St. Matthew's church. The gradu-
 ating class this year numbered fif-
 teen students, two of whom are from
 New Brunswick, George W. Irvine,
 who is to be licensed in St. John church
 this city on the 12th of May. The
 degree of Doctor of Divinity was con-
 ferred upon Rev. A. E. Dickie, father
 of the Rev. Gordon Dickie of St. Ste-
 phen's church and Rev. Anderson
 Rodgers of Halifax. Both these men
 have been Moderators of the Maritime
 Synod and held other responsible po-
 sitions in the church. Dr. Dickie re-
 tired several years ago from the ac-
 tive work of the ministry, after an
 active service of forty-five years.

Co-operative Store.
 Louis Beaulin, organizer of the
 National Railwaymen's Association,
 which is forming co-operative societies
 for supplying their members with the
 necessities of life, has organized a
 committee in St. John and subscrip-
 tions for stock in the new society will
 be solicited among railwaymen and
 trade unionists generally. A consid-
 erable amount has already been sub-
 scribed but railwaymen have not been
 held to the same extent, as in
 Montreal. Mr. Beaulin, who left last
 evening for Montreal, feels confident
 that the committee appointed will se-
 cure enough members and capital to
 start a co-operative grocery in St.
 John before very long.

Assaulted Old Man.
 Last night Arthur Douse, a 72-year-
 old Prince Edward Islander, caused
 considerable trouble on St. James
 street. He had made application at
 the Salvation Army Metropole for a
 night's lodging and was refused. He
 then tried to get in the St. James
 Hotel, on St. James street, and on be-
 ing refused admittance he caught hold
 of Patrick Mahoney an old man and
 dragging him out on the sidewalk
 knocked him down and then kicked
 him. A couple of women who were
 near called for Serrt. Scott and Pa-
 trolman Dykeman, who hastened to
 the scene and placed Douse under ar-
 rest, charging him with assault.
 Mahoney was quite badly injured
 about the face.

**LARGE
 ON FARMS IN
 THE PROVINCE**

**Farm Settlement Board's
 efforts meeting with
 much success — Attract-
 ing attention over World.**

The Farm Settlement Board is doing
 a good deal to place people on the land.
 Its work shows the attractions of New
 Brunswick as a field for settlers are
 becoming better known. Not only
 men from Great Britain and natives of
 the province, but men from western
 Canada and the United States are
 taking up vacant farms.

George Strudwick, an old country-
 man, has taken over the George W.
 Leod farm at Apohaqui, and has
 brought out an Irish family of six
 persons to work the farm for him.
 His main attention will be given to
 stock and sheep raising. Another
 stock and sheep raising. Another
 farm at Apohaqui, that of Sarah Pud-
 dington, which was recently taken
 over by the Farm Settlement Board,
 has been sold to James Holt. Butler,
 one of the members of the board, has
 completed the sale of five farms in
 Charlotte county. One farm, that of
 Mary A. Downer, at Lower Hill, was
 sold by Mr. Butler to Fred E. Johnston,
 from Akley, Minnesota, who
 formerly belonged to Mrs. Mary A.
 Jordan, has been sold to Alex. W.
 Davis, from Winnipeg, a man who
 has decided that the east offers him
 better opportunities than the west.
 Harry M. Cartney's farm near St.
 Stephen has been sold by the Board
 to Mrs. Amy O'Brien.

Geo. Blaney's farm at Little Ridge
 has been sold to James Wetherby,
 a native of Little Ridge.
 George Boyle's farm at Little Ridge
 has been sold to C. C. Wetherby, also
 of Little Ridge.

**DISEASE AT TAYLOR'S
 VILLAGE NOT CHOLERA,
 IS LATEST STATEMENT**

**Dr. B. M. Mullin, of Provincial Board of Health, Fred-
 ericton, believes mysterious disease is severe
 form of Colicitis—Fear another death.**

That the disease which has caused
 three deaths at Taylor's Village, near
 Upper Dorchester, and about which
 alarm reports have been sent out,
 is under control and that there is lit-
 tle danger of further contagion, was
 the statement made by Dr. B. M. Mul-
 lin of the Provincial Board of Health,
 who was sent from Fredericton to look
 into the matter and who was in the
 city yesterday on his way home.

"Eleven persons have taken the dis-
 ease, and three have died of it, and
 I'm afraid there will be another death,
 but the disease has been confined to
 two houses, and Dr. Burke and the
 local Board of Health have the situa-
 tion well in hand," said Dr. Mullin.
 "Great credit is due Dr. Burke and
 the local Board of Health for the vigor-
 ous manner they dealt with the situa-
 tion."

Not Asiatic Cholera.
 "There were reports that the dis-
 ease was the dreaded Asiatic cholera,
 but it certainly does not present a
 clinical picture of Asiatic cholera. We
 will have a report from bacteriologists
 in Ottawa, Montreal and St. John. Be-
 fore we have the report we cannot say
 definitely what the disease is, but my opinion
 is that it is a severe form of colicitis,
 a serious intestinal ailment, very con-
 tagious, and very dangerous to
 children, and it is now under control
 and there is no cause for further
 alarm."

Another farm at Toward Hill, which
 formerly belonged to Mrs. Mary A.
 Jordan, has been sold to Alex. W.
 Davis, from Winnipeg, a man who
 has decided that the east offers him
 better opportunities than the west.
 Harry M. Cartney's farm near St.
 Stephen has been sold by the Board
 to Mrs. Amy O'Brien.

Geo. Blaney's farm at Little Ridge
 has been sold to James Wetherby,
 a native of Little Ridge.
 George Boyle's farm at Little Ridge
 has been sold to C. C. Wetherby, also
 of Little Ridge.

**Minister of Marine and

 Secretary.**

The secretary of the Board of Trade
 sent a telegram to the Hon. Mr. Hazen
 yesterday morning urging him to
 closely watch the interests of St. John
 in connection with the Canadian
 Northern Railway arrangement, which
 is now before parliament, so that there
 would be no unfair discrimination
 against the interests of the province.
 Mr. Hazen was also advised with re-
 spect to the board's views on the
 English mail contract.

Hon. Mr. Hazen replied very promptly
 as follows:

"Arrangement with Canadian Nor-
 thern provides that all freight origi-
 nating in lines of Canadian Northern
 or subsidiary companies shall when
 destined to points in Canada, be car-
 ried on Canadian railways, which
 term shall include the C.P.R. between
 Montreal and St. John, and that all
 inward and outward traffic shall be
 carried to Canadian ocean ports. Am
 sending you copy of bill and agree-
 ment thereunder."

**LITTLE RIVER
 HATCHERY IN
 FINE SHAPE**

**Inspector Finlayson much
 pleased with institution
 — Working to capacity
 and getting results.**

"Everything at the Little River
 hatchery is in first class shape," said
 Alex. Finlayson, inspector of the Fish-
 eries Department at Ottawa, who paid
 a visit to Little River yesterday.

"This season the hatchery has been
 handling 2,400 salmon eggs and
 221,000 speckled trout eggs. This is
 about the capacity of the plant. The
 loss has been very small. The trout
 were hatched about two weeks ago
 and the salmon should be hatched in
 about two weeks, or sooner if the wa-
 ter gets warmer. The trout will be
 distributed in bulk or by order, and
 probably the bulk of the salmon
 fry will go into the St. John river,
 though some will be placed in other
 rivers about the province. Distribu-
 tion of trout is made on a plan deter-
 mined by applications from persons who
 wish to have streams in which they are in-
 terested stocked with speckled trout.
 Mr. Finlayson added that he was
 much pleased with the management
 of the Little River hatchery, and the
 arrangement made for the transport
 and sale of the fish. This hatchery was
 only built about a year ago, and has
 an up-to-date equipment in every re-
 spect.

**Meeting of Farm Settle-
 ment Board, in Frederic-
 ton, yesterday — Discuss
 plans for summer.**

James Gilchrist, secretary of the
 Farm Settlement Board, returned from
 Fredericton yesterday, where he at-
 tended a meeting of the board, at
 which Hon. J. A. Murray, minister of
 agriculture, T. W. Butler, of St.
 Stephen; A. W. Hay, of Woodstock,
 and A. B. Wilmot, of Fredericton, were
 present.

The policy of the board during the
 coming year will be to purchase farms
 for those who need assistance and
 will make desirable settlers. The
 farms will be purchased after appli-
 cation has been made, and after the
 board has become satisfied as to the
 character of the applicant.

The board will make reports to the
 Department of Agriculture monthly,
 as required under the amendment to
 the act passed by the last session of
 the Legislature. The monthly meet-
 ings of the board will be held on the
 last Friday of each month at St. John.

**PRESENTATION

 tion of good work done
 by Missionary.**

At the weekly entertainment given
 by the staff of the Norton Griffiths
 Company last evening, W. T. Forbes,
 the chairman, presented Mr. Knight
 who has been doing missionary work
 in East St. John, with an address and
 a substantial cheque on behalf of the
 residents of East St. John. The ad-
 dress was as follows:

George E. Knight, dear sir: we, the
 residents of East St. John regret very
 much that you are going out from
 amongst us and feel that before your
 departure we should express to you
 our appreciation of the good work you
 have done in this community. Your
 genial manner and your unflinching
 courtesy have endeared you to old and
 young. You have faithfully looked af-
 ter the men at the works and have
 taken a kindly interest in our boys
 and girls as well which we think has
 been greatly to their advantage. In
 parting with you we would express
 the wish that both you and Mrs.
 Knight may, wherever your lot be
 cast, have prosperity and happiness.
 We feel we should express our feeling
 in a tangible way, so we take much
 pleasure in presenting you with the
 enclosed cheque.

An interesting programme of songs,
 musical selections and dances, etc.,
 were carried out, the following taking
 part: Miss Read, D. Arnold, Fox, J. W.
 Gibson, Mr. Brown, Mr. Russell, Mr.
 Carter, Miss Borwin, Mrs. Read, Mr.
 Shuldham, Mr. Robb, Miss Armstrong,
 Mr. Thompson.

**TO EXPEDITE HANDLING
 OF THE LOCAL BAGGAGE
 ON D. A. R. STEAMERS**

**Agent of Company Here Writes Board
 of Trade Secretary That He Will
 Endeavor to Meet the Wishes of
 Public — Information at Board
 Rooms.**

Replying to an enquiry respecting
 a prompter system of handling local
 baggage at the D. A. R. steamers, Mr.
 Currie, the agent of the steamers, has
 written to the secretary of the Board
 of Trade stating that every effort will
 be made to meet the wishes of the
 public in this regard. Mr. Currie
 points out that if there have been de-
 lays in the past they have been due
 chiefly to the fact that the close con-
 nection between the boats and the
 trains rendered it necessary that a
 preference should be given to through
 baggage.

In order that real estate men, bro-
 kers, contractors and other interested
 parties should be fully advised as to
 the enquiries received by the Board
 of Trade with respect to business op-
 portunities, farm prospects and the
 like, it has been decided by the sec-
 retary to post these enquiries on the
 black board at the board rooms, so
 that everybody will see them.

The address of a brick expert has
 been placed in the hands of the sec-
 retary of the Board of Trade. We have
 excellent opportunities here for the

 there may be those who would like to

 A letter of enquiry was received to-
 day from Caslen Sardinia asking for

Street Railway Extension.

A committee of the municipal coun-
 cil was in session yesterday discuss-
 ing details in connection with the
 proposed extension of the street rail-
 way lines toward Goldbrook. The
 meeting was called to decide, which
 side of the road would be the better
 for the tracks. After a lengthy dis-
 cussion it was decided to secure some
 advice, before permanently deciding.
 It is expected that the street car lines
 will be extended as far as the Ash-
 burnham road, which is just beyond
 the Fernhill cemetery. Eventually
 it is expected to extend the lines to
 Rotheray.
