LLOYD GEORGE INVITES SIR JAS. CRAIG AND DE VALERA TO LONDON MEET

BLUE COW WITH WHITE SPOTS HAS VANISHED

Montreal, June 26.—Alphonse Beausval, a farmer, of La Prairie, complains that someone has taken his cow, which he describes as a "blue colored one with white spots." Mr. Beausval claims that he placed his blue cow in a green pasture on Tuesday afternoon, and that day it had vanished. The gates were securely fastened, and it was, he insists, impossible for the animal to get out without assistance, as he had nothing of the sort. The cow that jumped over the moon.

Question is to be the Possibility of a Settlement of the Irish Problem.

SUPPORTS APPEAL OF HIS MAJESTY

Ulster Premier Likely to Accept and it is Expected "Pres." Will Agree Also.

London, June 26.—Premier Lloyd George has sent a letter to both Edmond De Valera, the Irish Republican leader and Sir James Craig, the Ulster Premier, declaring the British government to be deeply anxious that King George's appeal for reconciliation in Ireland shall not have been made in vain. The letter appeals for a conference between representatives of the government and Southern and Northern Ireland so that the opportunity for a settlement in Ireland shall not be lost.

FORTY SUMMER HOMES BURNED

Hampton Beach, N. H., Practically Wiped Out in Big Sunday Blaze.

Hampton Beach, N. H., June 26.—The business and residential section of Hampton Beach, one of New England's popular summer resorts, was virtually destroyed by fire early today, causing damage variously estimated at from three hundred thousand to five hundred thousand dollars. No one was injured. Defective wiring is believed to have been the cause. The fire burned six hotels, from 25 to 40 cottages, a theatre, garage, several stores, and the post office.

The street cars ran, but one conductor on the Biddeford-Saco line was ordered to explain why the cars were running in defiance of the law. Drug stores did not open. Such lively stables as appear ready for business were promptly closed. So were the garages and gasoline stations. The news dealers, who had a large stock of Sunday papers on hand, disposed of them before they went home, however.

FINED 'SPY' WHEN TOOK AND KILLED HIM

Dublin, June 26.—Detective Inspector Good, stationed at Northwall, was shot dead and section leader White of the auxiliaries quartered at Northwall, was seriously wounded tonight. The shooting occurred while the men were talking with their wives in a hotel in Dublin.

On Saturday night a number of men called at the home of Charles Trainor, outside the town of Monaghan and informed his wife that he had been fined £20 by a Republican court. She said the fine. The men returned two hours later, took Trainor out and shot him dead. They attached the label of "Spy" to the body.

QUEBEC FIREMEN AND POLICE OUT

Regiment Held in Readiness to Act if There is Any Disorder.

Quebec, June 26.—By a joint strike of the employees of the Quebec Police and Fire departments at midnight on Saturday the city has since been without police or fire protection. Thirty-eight men have been sworn in and the Royal 22nd Battalion are ready to act if needed. There were some disorders during the night in which street lights were smashed while boys entered several police stations to break the windows as well as causing other damage.

Since the outbreak of the strike some 200 false fire alarms have been rung in but fortunately there has been no outbreak of fire.

The cause of the strike is the demand of police and firemen for an increase of \$1.50 per week.

It was decided at the meeting of the mayor and aldermen tonight to make no concessions to the strikers and to adhere strictly to decision of the boards of arbitration, which, in the case of the policemen, awarded \$1 a week increase on the scale which varies between \$17 and \$25 a week, and in the case of the firemen an increase of \$1 a week for first year men and 75 cents a week for the others.

LOYD GEORGE IRISH LEADERS TO LONDON MEET

Question is to be the Possibility of a Settlement of the Irish Problem.

SUPPORTS APPEAL OF HIS MAJESTY

Ulster Premier Likely to Accept and it is Expected "Pres." Will Agree Also.

(Continued from Page 1) The Sunday Independent referring to the letter says: The prime minister's letter is a document of the greatest political importance. It is a welcome admission of the fact that we have insisted upon—that an honorable peace in Ireland is achievable only through direct negotiations with the elected representatives. It is for our representatives to gauge the full and real significance of this appeal.

Ulster Decides Tuesday

Belfast, June 26.—A meeting of the Ulster cabinet has been called for Tuesday by Sir James Craig, the premier, to consider the letter of Premier Lloyd George inviting the leaders of north and south Ireland to a conference for the purpose of trying to bring about a reconciliation between the factions in Ireland.

The letter of Mr. Lloyd George reached Sir James Craig by special courier this morning, simultaneously with the Sunday newspapers commenting on the letter. Sir James replying, informed Mr. Lloyd George that he was summoning a meeting of the Ulster cabinet for Tuesday and that he hoped to secure the attendance of all the members.

"You may rest assured no time will be lost in considering the result of our deliberations," the message of Sir James concluded.

Today Sir James was in conference with his chief supporters. The general feeling in Belfast is that the Ulster men will demand that the terms to be discussed at the proposed conference shall be strictly limited, especially excluding the subject of a republic.

SAY CRIMINAL TRAITS WERE INHERITANCE

French Murderer's Grandfather Was Guillotined for Cold-Blooded Deeds.

WAS PLANNING FOR ANOTHER MURDER

Police Believe He is Responsible for Several Unsolved Crime Mysteries.

Paris, June 26.—A remarkable instance of what appears to be inherited criminal tendency was found in the case of Dagubert, the garage keeper at Marquise, near Boulogne, who shot an Englishman named Gourley to luncheon with him and to have shot him in the head while he was signing a receipt for the sale of an automobile. To draw the noise of the shot, Dagubert had kept a phonograph playing "Tipperary" as loudly as possible while time. He kept the body hidden in his garage all day and buried it in the garden at night, in a hole, which, it is stated, he had dug in readiness the day before.

According to the police, Dagubert has been involved in several other crimes, and was at the time of his arrest planning to murder another man with the intention of getting hold of some automobiles without payment.

Grandfather Guillotined. And now the curious fact has been discovered that one of the grandfathers of this particularly cold-blooded murderer was guillotined at Marquise in 1871 after having terrorized the district for many years. This man's name was Ledoux, and according to local tradition he was involved in half a dozen murders which he carried out so skillfully that he was never suspected till an accident betrayed him. As his grandson did in the case of Gourley, he murdered his victims in the simplest way, and then laid a false scent to take suspicion away from himself. Robbery was usually his object, although among his victims were women as well as men. All were murdered in circumstances which pointed to careful premeditation and utter contempt for life.

Dempsey Reached Peak of Training

Will Box Only Four More Times Before Big Fight—Celebrated His 27 Birthday.

Atlantic City, N. J., June 26.—With the passing of his twenty-sixth birthday Jack Dempsey will resume training tomorrow to put the finishing touches on his condition for the defense of his title against Georges Carpentier at Boyle's Thirty Acres, a week from Saturday. The champion has reached the peak of his training in a highly satisfactory manner and will pull on the gloves only four more times before crawling into the ring to face the European title-holder.

Dempsey celebrated his birthday by taking a complete rest as far as routine training is concerned. He slept later than usual, abandoned his road work and loafed around his camp until late in the afternoon, reading five hundred or more telegrams extending birthday greetings and wishing him good luck in his coming championship contest.

Carpentier and his manager, Francois Descamps were among the first to remember the champion on his birthday.

"Many happy returns of the day," was Carpentier's message. Descamps sent a similar greeting. From his mother in Salt Lake City Dempsey received a message to which he had looked forward all day. She wished him good luck with all of a mother's affection.

Dempsey jumped on the scales this morning and it was announced that the scales registered 192 pounds. The champion hopes to scale around the 190 pound mark when he steps for action. He probably will not have any difficulty reducing to this figure as the weather has turned blistering hot, which will enable him to perspire freely in his workouts.

The champion will gradually taper off in his work with the resumption of training tomorrow. He will work with the gloves Saturday and Sunday. A rest Monday will be followed by the final days of boxing Tuesday and Wednesday. Light air will be the programme on Thursday and Friday will be the departure for Jersey City.

Dempsey was entertained tonight by a newspaper correspondent, vaudeville actors and a jazz band. The visitors serenaded at the camp until 9:30 o'clock when the champion drove them out and went to bed.

JEWELERS IN PARIS TAKING PRECAUTIONS

Police Armed Following Series of Daring Robberies and Cold-Blooded Crimes.

ELECTRIC CAGES OVER SHOW CASES

So Many Robberies That Merchants Are Getting Desperate Over Situation.

Paris, June 26.—The Prefect of Police has issued an order that the Paris police must carry revolvers when on duty, by day as well as by night. The order is the reply of the police authorities to last Sunday's robbery of a jeweller's shop on the Boulevard by armed men in broad daylight in the face of the daring and determination shown by the gang, whose members planned and carried out that affair, it has become evident to everyone that unarmed police are quite unable to cope with post war burglars. Even in France such utter callousness in the taking of life has never been known as has been shown in many recent crimes and with such successful attempts the daring of the gangs is becoming greater. Sunday's was the second daylight jewel robbery of its kind in which the perpetrators got away without being recognized; and next time the police intend to make no mistake but shoot at once.

Jewelers Preparing. At the same time jewelers are taking their precautions, and in the Rue de la Paix they are experimenting with fine cages of electrified wire to be placed over their showcases. Another scheme provides for the mechanical displacement of a whole window display by a touch of a button inside the shop. In case of an alarm all that the assistant or watcher would have to do would be to touch a button with the result that the display cases in the window would immediately disappear through the floor.

Sunday's robbery was the fifth of its kind in the last year, and the need for doing something has become pressing.

CAR THIEVES SENTENCED.

Moncton, June 24.—Rowald Steeves, William Campbell and Edward Abraham appeared in the police court here this morning charged with the appropriation of a Chevrolet car, on Wednesday afternoon, the property of Mr. George Balse. All three pleaded guilty and were sentenced to three months in the Dorchester Common goal, with the alternate, that the three make up a fine of \$200. They chose the alternate, serving over the money today.

New Additions To Georges' Camp

Dave Rose, Dave Rosenberg and Chris Arnold Are Latest—Carpentier Likes Trio.

Manhasset, N. Y., June 2.—Driven to rest by the sweltering heat, Georges Carpentier indulged only in a light road session this morning and permitted himself to be entertained in the afternoon.

Trainer Wilson took Georges to the woods immediately after he had finished breakfast and kept him hustling for more than two hours. They returned to the camp at ten-thirty o'clock. Carpentier was perspiring freely and whistling as he hurried the last fence on his way home.

The heat became so intense at noon that trainer Wilson declared an afternoon of idleness for Georges. Then the telephone rang. Willie Lewis, one of the most ardent admirers of Carpentier, said that he was coming out with a bunch of entertainers. Wilson told him to come ahead. The party arrived shortly after two o'clock.

There was a jazz band, some dancers and a number of singers. They turned up and were going at full speed fifteen minutes after their arrival. Carpentier applauded every number and when it was over he said he was delighted.

For an hour in the gymnasium this afternoon, Georges' new sparring partners, Dave Rose, Dave Rosenberg and Chris Arnold, worked hard in preparation for another workout with Georges tomorrow afternoon. Carpentier expressed himself as greatly pleased with these new additions to the camp.

"He likes them because they do not complain when he hits them," said trainer Wilson.

Children Do You Like Ice Cream!

Cut This Out and Show It to Mother

CHILDREN! You all love ice cream. Here's a chance to show your mother and father that you should have ice cream as often as you would like to have it. Just tell them to read this.

Ice cream is the best food for growing children. One dish of ice cream is equal to nutriment to a meal. It contains the concentrated rich food value of cream.

But you should eat only Carbonated Ice Cream, the purest ice cream in the world.

The More You Eat of This Ice Cream the Better!

Carbonated Ice Cream is the invention of a noted scientist, Prof. W. P. Heath, who has discovered a way of manufacturing it without air. Ice Cream manufacturers have been using all precautions to keep their ingredients pure ALL BUT ONE—and that one is the air which is mixed into the ice cream by the paddles in freezing to keep it from getting as hard as ice.

Common air is never perfectly pure. Prof. Heath has found a way to substitute a sterile, germ-free atmosphere for the air, one that is a thousand times purer than air.

Mother Will Like It Best Because It Is Purest

This process of manufacturing a super-pure ice cream is called carbonating because the same atmosphere is used in making this ice cream that is used in making carbonated water. Mother will be glad to know these facts about our ice cream.

It makes an ice cream that is always super-pure and which tastes more delicious because carbonating brings out the flavor of the ice cream and increases its richness. When you order ice cream be sure it's carbonated. Your dealer can get it for you. Insist that he should have it.

It advised an associational Sunday School Board, composed of two members from each county, which shall similarly consider the Sunday School problem and associate itself with the board of religious education to devise ways and means to open and maintain Sunday Schools in needy districts. On motion this matter was referred to the nominating committee to name the above committee.

Rev. A. L. Tedford
The Rev. A. L. Tedford, who spent nearly a year in the Canadian west, gave a very helpful and forceful address on the needs, the opportunities and possibilities of the work in the west. The report of Western Can-

ada missions showed that there is a membership of nearly 20,000, who raised for missions \$133,000. The work among the slavs, Hungarians, is proportionately large.

Education
The devotional exercises of the fifth session was under the guidance of Rev. G. C. Warren. The report of education was presented by Rev. L. A. Fenwick. In the college proper at Acadia, there has been an enrollment of 333, the loss by fire on December 1st last destroying the College Hall has imposed a serious handicap on the varied activities of the college. The total registration in the Seminary has been 407, of which 170 have been in residence. The Academy has had an enrollment of 293, thus making a total registration of 1,033. Dr. H. T. Dewolfe gave the address on education. He showed the relation of education to developed power.

Rev. J. B. Daggett read the report on resolutions. One said: "We heartily endorse the N. B. Prohibitory Act, that we recognize the need of certain amendments being made to the law, and that we pledge our support to the N. B. Temperance Alliance in their efforts to secure such amendments as shall meet present conditions; that we vigorously condemn the non-enforcement of the prohibitory law; that the members of this association call the attention of the members of the legislature for their counties to this fact, and that their members demand an explanation from the government for the inefficiency and inactivity of their officials; that this association condemn in the most positive terms all doctors who are issuing prescriptions where it is self-evident that the same are being used for beverage purposes; that we declare all such doctors common rum-sellers and criminals; that the conscience of the Baptist people of this association is without reservation absolutely against the liquor traffic in all its forms; that we believe its usefulness as a medicine to be over-estimated; that we ask our people to vote at the coming referendum against the importation of liquor into our provinces. The address was grandly signed and delivered by Rev. E. M. Bosworth of Quebec.

Salvation Army Officers Farewell

Reception Tendered Adjutant and Mrs. Ursaki Who Are Promoted to Montreal.

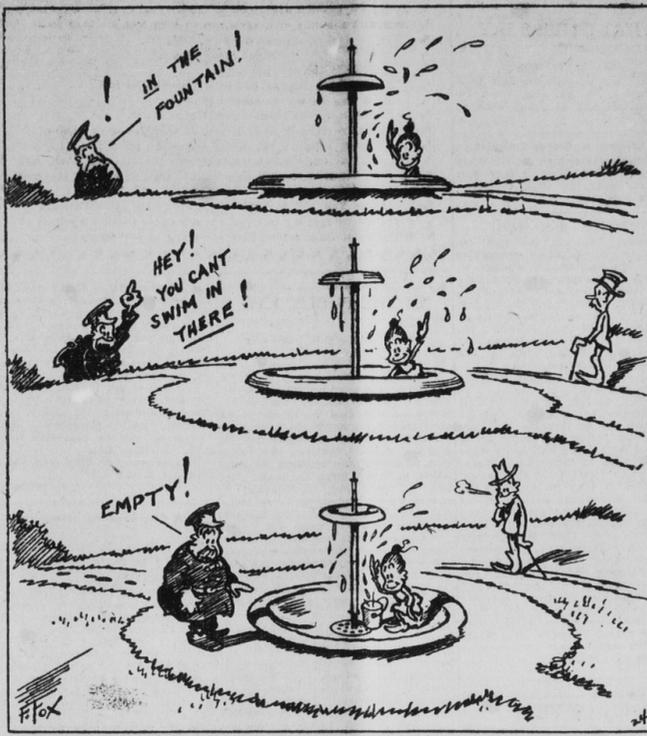

A farewell reception was tendered Adjutant Ursaki, officer in charge of the Salvation Army No. 1 Citadel, Charlotte Street and to Mrs. Ursaki in the Citadel last evening, when in the presence of a large number of friends, the heads of the different departments of the army stationed in the city took occasion to express their regret at the departure of the Ursakis from their midst.

After over two years of zealous effort at the Charlotte Street Citadel, Adjutant Ursaki has been promoted to the command of No. 1 Corps, Montreal. Together with Mrs. Ursaki and their two children they will leave for their new post Wednesday. Those who spoke at last night's meeting were Sergeant-Major Sparks, representing the corps, Mrs. Jespersen, the Home League, Sergeant-Major Curtis, the Young People's Society, Treasurer Iveny, the financial department, Adjutant Moore, assistant matron of the Evangeline Home, on behalf of the Women's Social department, and Commander Sheard of the Mens' Social Work.

Adjutant Ursaki and Mrs. Ursaki, replying feelingly to the tributes paid by their fellow officers.
The adjutant is being promoted to a much larger sphere of action after two years of most efficient work in St. John. During his term of office the membership was largely increased, over \$2,000 was raised, and the Senior Branch furnished with a new outfit of instruments. A permanent dwelling was purchased at No. 128 Charlotte Street to serve as permanent quarters for the male officers, who were formerly obliged to seek billets all over the city. The work of the army in all the branches under his command showed an increase not known for years.
He will be succeeded by Adjutant Ellsworth of Moncton, a capable officer, whose selection to the St. John post has met with much favor by those who will form his command.

MILD EPIDEMIC GOING ROUND
It is due to impurities in the water, causes cramps, diarrhoea, headache. Those who take twenty drops of Nervine in sweetened water usually get quick relief. It is really wonderful how good old Nervine fixes up a sour stomach, how it stops hicoughs, how quickly it puts a stop to those nasty attacks of gas. Every home should keep a bottle or two of trusty old Nervine on hand, 35 cents everywhere.

The funeral of Walter MacKay took place yesterday afternoon at 3 o'clock from the residence of his brother, at 38 Broad street. The Rev. Mr. Clark conducted the funeral service, and in-terment took place at Cedar Hill.

Obituary

Charles Egerton Burpee
A large circle of friends about the city will learn with regret of the death of Charles Egerton Burpee, which occurred at his late residence, Wellington Row, on Saturday Mr. Burpee was a son of the late Hon. Isaac Burpee, minister of customs under the MacKenzie government, who was also the senior partner of the firm of I. & E. R. Burpee. The business was later taken over by his son, the late Charles, and a cousin, George, and was conducted by them for a number of years. George then went to British Columbia, and Charles retired and had been living in retirement ever since.

In his younger days Mr. Burpee was one of the leading society men about town; he numbered a large circle of friends and was noted for his generous disposition. He gave liberally to charity and was a patron and promoter of sport. Mr. Burpee never married. The surviving members of his family are four sisters, Mrs. Caruthers, of Kingston, Ont.; Mrs. G. K. MacLeod, and Mrs. W. L. Busby, of this city, and Mrs. Hansard of Montreal.

Cabman Shot Twice By His Passenger

Montreal, June 26.—Dying in a hospital at Joliette, Que., Joseph Rivet, a cabman, with two bullet wounds in his body, made an ante-mortem statement Saturday and gave the name of the man who he said had shot him. He declared that he had been hired to take a fare from Rawdon to the woods at Chelsea and when 12 miles from Rawdon the passenger fired two shots at Rivet both of which took effect. He fell to the road and was picked up by a passing farmer. Provincial Chief of Detectives Lorrain learned that Rivet was in the habit of carrying considerable money with him.

Police Chief Indicted

Tulsa, Okla., June 25.—Chief of Police John A. Gustafson, of the Tulsa police department and other members of the department were indicted yesterday by a grand jury in connection with the recent riot and on charges of permitting vice.

AUTO PLUNGED INTO RIVER AT PENNIAC BRIDGE BUT DRIVER LEAPED AS CAR TOPPLED OVER

Second Sensational Accident Near Fredericton Where Auto Skidded and Upset—Robert Forbes Has Arteries in Wrist Cut But Other Occupants Escape.

Fredericton, N. B., June 26.—Three thousand cases of gin, valued at almost \$100,000 have arrived here for the New Brunswick Board of Liquor Vendors and is the first lot of bonded goods coming here.
A new motor lorry which has been purchased by the Board and will be used for making their shipments is being used for moving the gin to the bonded warehouse that has been established at the building on Carlton Street that was a guard house when there was a military depot here.

Auto is Wrecked
An automobile driven by Alex. Voyer of this city, a pulpwood buyer, was wrecked at an early hour this morning while he was driving to his home here from Chatham.
The accident took place about 200 feet north of the Penniac Bridge, sand filling that had been made at a narrow place on the road sliding out as the car passed over it. Mr. Voyer was alone in the car and the first

thing he noticed was that the rear wheels commenced to give way.

Fell Twenty-Five Feet
Everything else that happened occurred so quickly that he is not clear as to what he did. Anyway he threw himself clear of the car which was toppling over, struck a tree and then plunged down from twenty to twenty-five feet into the river. The car was a total wreck but Mr. Voyer escaped without a scratch. He left Chatham about 8.30 o'clock last night and had been all night on the road, making several stops and driving slowly.

This afternoon a car driven by Robert Forbes and with five people in it skidded at the turn on the Woodstock Road just above the Military Hospital and turned over. Mr. Forbes was the most seriously injured of any of the party having several arteries in his wrist severed.

Canon Kuhring Is Dragoon Preacher

Church Parades Were Features of Sunday in the Camp at Fredericton.

Fredericton, N. B., June 26.—Fred B. McLean, a well-known resident of Fredericton, died today at his home, 369 Saunders street. He was aged seventy-seven years and is survived by a large number of sons, daughters and grandchildren. A widow also survives. For some time past he has been caretaker of the Brunswick street Baptist church. The funeral will be on Tuesday.
Sunday at the Fredericton camp of instruction, attended by the York Regiment and the New Brunswick Dragoons, was a day of rest for the troops. Church parades on the camp grounds in the morning was the chief feature. This was attended by large numbers of civilian spectators and was very impressive. Lieut.-Col. W. H. Laughlin, of Milltown, who has arrived at camp, was in command of the York regiment. Music for hymns, was furnished by the York regiment band. Rev. Canon Kuhring of St. John, chaplain of the Dragoons, was the preacher.

THE BOARD OF CONCILIATION. The Board of Conciliation has presented its finding in the dispute between the New Brunswick Power Company and its street car employees. It is evident from the presentation of the report that the relations between the New Brunswick Power Company and its employees now stand practically the same as they were before the appointment of the Board. It is scarcely to be believed that the Company will accept any of the recommendations of the Board. It is also reasonable to believe that the Company will stand by its previous decision regarding the arrangements to be made with the individual members of its working force.

PALESTINE PROGRESSING. Great Britain has already made considerable strides in her deputed task of putting new life into old Palestine which, before the war, has been well described as a museum. Except for the activities of a few cultivators, a few shepherds, wandering Arabs, some Jewish merchants, and the grafting of Turkish officials, it was like a country of the dead. There was no enterprise, no progress. The cities and towns were half-deserted, the roads were almost impassable, weeds and ruin were everywhere.

THE AGE LIMIT. Under the advice of the Civil Service Commission at Ottawa, arrangements are being made for the retirement of a large number of officials who are above 65 years of age. Within limitations the move is a good one. But it may easily be carried too far. There is need of much caution in this matter, in justice to officials and in justice to the public.

OVER-CONSERVATION. In ten years the white population of Alaska has diminished by 25 per cent. About two per cent. of Alaska's natural resources are in the hands of private owners, 98 per cent. in the hands of the U. S. government. Alaska formed a virgin territory for the application of those theories of conservation connected with the name of Pinchot, when these theories were most popular.

sent the individual energy, the ultimate end of whose expenditure is the utilization of natural resources for the common good as well as the enrichment of the individual. The individual is not enriched by the exploitation of natural resources, it is true, but the community is impoverished by the inertia of conservation. Alaska is being strangled by red tape wound about in the interests of conservation by a bureaucracy centered many thousands of miles away.

IN THE PUBLIC EYE. ST. JOHN'S MILK SUPPLY. To the Editor of The Standard. Sir,—In a recent issue of the Times newspaper I noticed an article on the above question signed 'Consumer' and I am very glad he or she is so interested in so important a subject, for it is a city's milk supply that to a great extent regulates the death rate of infants and children as milk should be of good flavor, free from dirt, and absolutely free from disease-producing germs.

FAIR VALE SUNDAY SCHOOL OPENING

Yesterday was the opening of the Sunday School for the summer of 1921, in the hall at Fair Vale. The attendance was considerably larger for the opening day than that of last year, and the same officers will have charge.

As this was an organizing meeting, the children and teachers were addressed by H. Coleman, Jr., and Mr. Murky, after which the lesson leaflets and papers were distributed, so that on next Sunday the scholars will gather in their respective classes.

VITAL STATISTICS.

Fifteen deaths were recorded in the city during the week ending June 25 from the following causes: Pneumonia, two; chronic nephritis, two; carcinoma of stomach, two; pulmonary tuberculosis, tubercular meningitis, cardiac angina, cerebral hemorrhage, nasal hemorrhage, dilation of stomach, infection of umbilicus, suppurative sacroiliac, shock following operation for cholecystitis, one each. Seventeen marriages were performed in the city during the week, in the same period there were twenty-six births, twenty boys and six girls.

Southern United Baptist Assn.

Meetings of Interest Will Open Tonight in Ludlow Street Baptist Church.

Meetings of great interest are included in the programme of the Southern United Baptist Association of New Brunswick, which is to be held in the Ludlow street Baptist church, opening tonight. Seventy-five delegates from outside the city are expected today and will be entertained at St. John's homes. The entire Baptist denomination has been divided into three districts, southern, central and western. This is a new departure and today's meeting marks the first gathering of the newly organized district.

Provisional officers are D. C. Clark, moderator; Rev. S. S. Poole, secretary. The entertainment committee has as its efficient convener, Mrs. C. E. Belyea, who is assisted by Mrs. George Gibbon, Mrs. George Prigg, Mrs. Hazen Hamilton, Deacon John F. Ring, R. Hunter, Parsons. The Trail Rangers will be ready on Monday afternoon and Tuesday morning to direct delegates to their places of entertainment. The programme is as follows:

Monday evening—Grande Ligne Mission, Rev. E. Bosworth; Western Missions, Rev. A. L. Tedford. Tuesday morning—Enrollment of delegates, appointment of committees, adoption of constitution, report on Sunday School and Young People's Work. Tuesday afternoon—Address of welcome by pastor and reply, election of officers, digest of letters and discussion, report on education. Tuesday evening—Song service; Our Sunday Schools, Rev. W. C. City Timber Lots Threatened By Fire

Burning of Clearings Endangered Safety of Wooded Tracts.

The burning of some forest clearings by farmers at Little River Saturday came near resulting in serious damage to the city timber tracts on the south. The fires started by the farmers burned briskly. A heavy wind sprang up shortly after the fires were started, and the blaze got beyond the control of the watchers. It spread rapidly and reached the city lands. Fearing it would reach the heavy wooded growth, word was sent to the city for assistance. Commissioner Jones and the superintendent of the lots went to the scene for the purpose of arranging to check the fire's progress on the city property. A fortunate shift in the wind occurred in the early part of the afternoon and this drove the flames back over the territory it had traversed, giving the men there an opportunity to kill it out before another change in the wind could again endanger the city's timber.

CLOSE SEASON FOR FOXES.

Ottawa, June 26.—Fox of whatever color or species may not be hunted, trapped or taken between April 1 and November 30, each year, according to an order in council appearing in the Canada Gazette.

At the conclusion of the ceremony the organ pealed for the wedding march and bride party left the church under an arch of drawn swords, the brother officers of the groom being drawn up in front of the church and forming an escort.

At Windsor Hall a dainty wedding breakfast was served in the parlour, which had cupids and hearts suspended from the chandelier with white ribbons, the mantle, piano and bay window being banked with peonies, roses and other flowers.

Weddings

Mooney-Franklin.

Fredericton, N. B., June 25.—A military wedding took place this morning at St. Anthony's Roman Catholic Church, Devon, when Miss Lea Franklin, daughter of Mr. and Mrs. Arthur W. Franklin, formerly of Halifax, but now of New York, became the bride of Major Edward J. Mooney of St. John, N. B.

The bride, who was given in marriage by her father, wore a wedding gown of white tulle with over drapery of heavy Irish lace and silk, the bodice being embroidered in pearls. She wore a bridal veil with orange blossoms and lilies of the valley and carried a shower bouquet of ophelia roses. She also wore a pearl necklace, the gift of the groom and was attended by her sister, Miss Monica Franklin, who wore a gown of pearls georgette over peach satin with rosettes of pale blue satin ribbon on the skirt and a hat of peach and blue georgette and carried a bouquet of roses. Miss Gerry Warren of New York made a very dainty little flower girl dressed in maize organza and carried a basket of white roses which she strewed up the aisle preceding the bride party. The groom was supported by Major Everett of St. Andrews, a brother officer, who wore both in military uniform. The ceremony was performed by Rev. E. J. Conway, pastor of St. Anthony's church in the presence of a large number of friends and relatives of the bride and groom.

At the conclusion of the ceremony the organ pealed for the wedding march and bride party left the church under an arch of drawn swords, the brother officers of the groom being drawn up in front of the church and forming an escort.

Obituary

Walter McKay. Friends will be sorry to learn of the death of Walter McKay, which occurred at six o'clock Friday evening in the County hospital, East St. John, after illness there of two weeks, which developed from an attack of la grippe. Mr. McKay was in his thirty-eighth year. His trade was that of a cooper, and for six years he had been a popular member of No. 5 fire station, North End. He is survived by his wife and three children, one an infant of two months; also three sisters and four brothers. The sisters are Mrs. Frederick Donovan and Mrs. Thomas Gallagher of St. John and Mrs. Fred H. McKel of Boston and the brothers are Charles, Louis, David and Albert all of this city. His parents are both dead. His father passed away only three months ago. The funeral of Mr. McKay was held on Sunday afternoon at three o'clock from the home of his brother, Charles, 29 Brook street, to Cedar Hill.

MISS CORINNE QUINN. The death of Corinne Quinn, daughter of William J. and the late Christine Quinn, occurred Saturday morning. The funeral will be held from 1 Park avenue, East St. John, this afternoon.

Mrs. Charles Staples. Fredericton, N. B., June 26.—Many friends, not only in Fredericton, but in St. Stephen, will regret to learn of the death of Mrs. Charles Staples, after a lingering illness, at the home of her mother, Mrs. David Colwell, George Street. She resided in St. Stephen for many years and was taken ill about a year ago. Some months ago, when her illness took a serious turn, she was brought to her mother's home here and she passed away there. Mrs. Staples is survived by her husband, two sons, Arthur and Karl her mother and one brother, Prof. Robert Colwell, of Geneva College, Pittsburg, Pa. The funeral took place this afternoon with service by Rev. Dr. Sutherland and interment at the rural cemetery.

Robert Kitchen. Mrs. James Kitchen, Phoenix Sq., on Saturday received a telegram from Calgary announcing the death of her little grandson, Robert Kitchen, son of Mr. and Mrs. Wilbur Kitchen, aged thirteen months from sleeping sickness. The father who is a returned soldier, has been in a sanatorium at Calgary, and Mrs. Kitchen and child were staying here with her mother until two weeks ago, when they left to join Mr. Kitchen.

SATURDAY'S MARKETS. There was a fair supply of produce in the market Saturday morning and prices did not vary much from last week's quotations. Cultivated strawberries were selling at from 35 to 40 cents a box, while wild berries were selling at from 45 to 50 cents. American cucumbers have arrived and are selling at 35 cents each. Other prices were as follows: Pork, 24 to 35

CAN THE DEAF BE MADE TO HEAR?

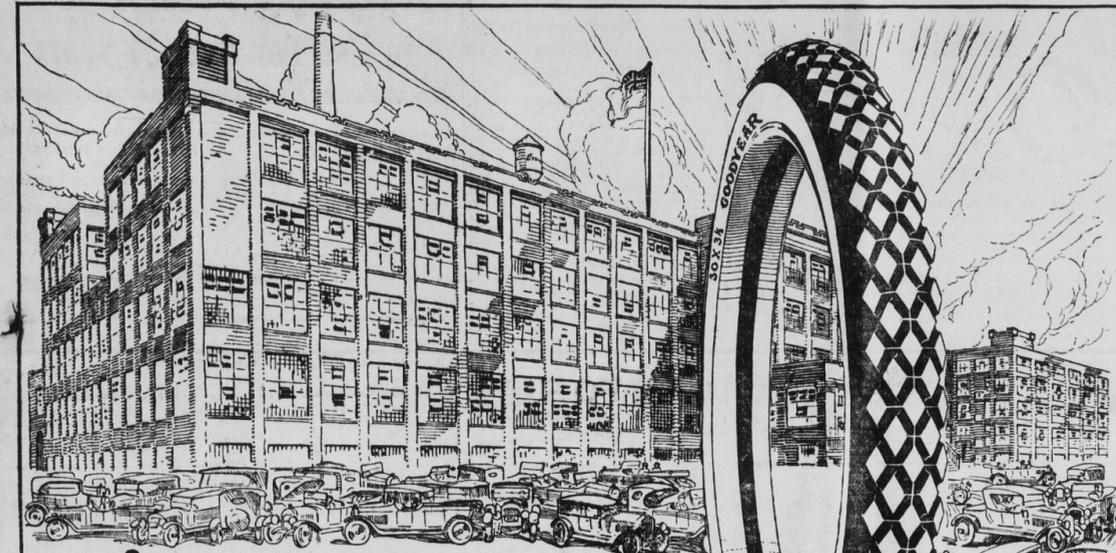

This question can be answered both ways. If the deafness is due to Catarrh, success is general if the sufferer persists in the use of Catarrh-ozone and thereby drives Catarrh out of the system. Penetrating through the passages of the ear, the soothing vapor of Catarrh-ozone relieves the inflammation, destroys the seeds of Catarrh and thereby allows Nature to re-assert herself. For Catarrhal Deafness, pain over the eyes, plugged nostrils and other symptoms associated with Catarrh, use Catarrh-ozone. You'll be more than pleased with the quick improvement in your condition. **An Outstanding Tire Achievement
A New and Better Clincher All-Weather Tread Tire**

Better even than the famous Goodyear All-Weather Tread Clincher which has been used as regular equipment on half the cars built in Canada using this type.

Finer in appearance—double cure process.
Greater air capacity.
Better able to withstand road-shocks and the battle of the miles.

A tougher tread.
Practically eliminates tread separation.
Practically eliminates mold pinching.

This new Goodyear Tire is not an experiment. For over two years the Goodyear Company has been building it in the United States. It has been used on hundreds of thousands of cars.

Reports from motorists, dealers and Goodyear branches give this tire a consistently good record.

"These Clinchers are proving our best tires."

"Mileage received from them is more than satisfactory to the user and complaints are few."

"There seems to be no doubt that they are superior."
Goodyear dealers have this new tire on sale now. It is a cost reducer. It puts motoring on a more economical basis. See it today.

Church Picnics Greatly Enjoyed

St. Matthews to Lorneville; Victoria St. at Crystal Beach; Central Baptist at Grand Bay

The annual picnic of St. Matthews Sabbath School was held on Saturday at Lorneville on the grounds of Walter Wilson. It was one of the best in the history of the school. Ten capacity bus loads, besides a large number of private cars, conveyed the picnicers to the grounds. The ladies of the congregation were in charge of the dinner and the tea tables. The refreshment booth was looked after by the Sabbath School staff. The day being an ideal one and the grounds being suitably adapted for the purpose, it was unanimously agreed that the picnic was an entire success, and the highest appreciation is expressed to Mr. and Mrs. Wilson for their kindness and courtesy in giving the use of their buildings and grounds.

Victoria Street School

A very successful picnic was held on Saturday afternoon by the Victoria Street Baptist church Sunday School at Crystal Beach. The steamer Majestic left at 11 o'clock, bearing large numbers to the picnic grounds. The picnic was well attended, and ball games, swimming and running races were indulged in and everything was carried off successfully.

Central Baptist

And still another picnic was held at Grand Bay by the Central Baptist Sunday School. Attached to the P. R. suburban there were special cars to accommodate the congregation of the Central Baptist church and hear them to their annual picnic. The usual holiday games were held, and the many picnicers voted the day a huge success.

SHORT SKIRTS ARE EMINENTLY SENSIBLE

We believe the short skirt is here to stay. The emancipation of woman's legs from an interfering and troublesome garment is almost if not quite complete, says the Chicago Journal of Commerce. Any man who has had to wear an altering for several weeks while walking, and then with warm weather has thrown it off for a light overcoat that does not fall below his knees, will understand why. Short skirts give feminine underpinning a distinct experience of freedom almost equal to that of the trousers of their brothers. They like it. The sense of exposure which at first embarrassed them, has disappeared. Ankle is no longer sinful. Open opportunity for open walking, from the knees down, has been openly arrived at. It marks genuine progress in feminine liberty of action—as distinct from the dropping of the face veil by Turkish women, or the unbound foot of the Chinese. We hope American women will never go back to the clogging long skirt.

Two Months For Beating His Wife

Archibald Tebo Given in Charge by Wife—Clara Kiser Before Court.

Two months in jail, announced Magistrate Ritchie to Archibald Tebo in the police court Saturday when the latter was brought before him on a warrant charging him with assaulting his wife. Tebo's better half, who preferred the charge, had just completed her evidence. When she heard of the summer vacation which faced her hubby she relented and begged that Tebo be allowed to go. He was remanded.

Clara Kiser was before the court for driving his auto for hire without a license, pleaded guilty but on the promise to procure a license by Tuesday he was allowed to go.

Reports were made by License Inspector Robert Harris against C. W. Stackhouse, Frederick Glyn and Z. Larivier, for driving automobiles without licenses. None appeared and a summons was issued against each.

George Erb was reported by Police-man Lindsay, for alleged exceeding of the speed limit in Main street on June 23.

A charge of speeding on the Rotheray road was brought against George H. V. Belyea before Magistrate H. J. Anderson at Ranforth Friday evening. No evidence was taken, but it is understood that several witnesses will be called and the case will be contested. It was postponed until Tuesday evening.

Today, O Lord, within Thy vineyard wide, And far, how many toilers wrought for Thee!

Some among the crowd; some where no plants are; Some where the hot winds of the world sought to guide

Dear little children in the upward way; Some tracked by wandering feet that went astray; While others, o'er life's tragedies have cried!

And if tonight in loneliness, O Christ, Thy careful tillage little han to Their tired hands fall; vain be the dreams they dreamed; Remind them that a dozen men sufficed

To fill Thy life with toil; that long ago Elijah's day was better than it seemed. —Alexander Louis Fraser.

WOMEN IN CHINA.

Chinese bridesmaids wear black. Women in the factories of China work ten hours a day for a few copers in pay.

Brightenment is bound to find its way into the Chinese home; the universities of France now have many Chinese girl students.

Chinese maidens awaiting husbands wear a scarlet thread entwined in their braided hair.

A Chinese superstition holds that women who wear their hair short will be transformed into men in the future world.

REFLECTIONS OF A BACHELOR GIRL

By HELEN ROWLAND

Copyright, 1921, by The Wheeler Newspaper Syndicate.

In California, life is just a pleasant dream! The weather is so gentle, that there is no fuel problem; housework is so simple, that there is no servant problem; and divorce is so easy, that there is no "marriage problem."

This is the magic season, when a man's conscience goes on strike and his emotions begin working overtime.

Why is it that when a man tells a woman that he is "not worthy of her," he always expects her to be so amazed and incredulous?

Closing the window won't prevent love from flying out by the dumb-water, when the bills begin coming up that way.

The average man seldom tells the whole truth—because in business he doesn't think it's wise; in society, he doesn't think it's polite; and in love, he doesn't think it's necessary.

Verily, a raw onion maketh an ideal chaperone, and a man that shaveth only every OTHER day may be trusted with blondes and with widows.

When it comes to jokes, books, umbrellas and kisses, all men are affected by kleptomania when it comes to debts, love, and wedding-yows, most of them suffer from aphasia.

Heaven is not a mythical place. It can be found right down in the heart of the man who has found the friends he loves, the work he loves and the woman he loves.

When a widow watches a debutante trying to "vamp," she feels somewhat as Houdini would at watching a small-boy trying to imitate his tricks.

A lover on his knees is worth two on a pedestal.

FUR LARGELY USED ON ALL FALL SUITS

Evidence that the cloak and suit trade will make a wider use of fur trimmings on garments this year than ever before is reported by all fur manufacturers catering to that industry.

It is said that practically no Winter coat or suit on the market will lack a fur trimming of some kind. Collars and cuffs and pockets will all call for fur, and in addition to these there will be trimmings on all parts of the garments.

The fur that the cloak and suit men will chiefly use are mink, beaver, Australian opossum, nutria, squirrel, Persian lamb and possibly caracul. Beaverette will also be used in large quantities for cheaper making garments.

It is thought Persian lamb, being more plentiful this year than last, and caracul will meet with larger use.

The factor causing the cloak and suit men to increase the use of furs on garments has been the lowered prices of all furs. All the articles used are cheaper this year than they have been for several years past.

Patriotic Sunday At Quispamsis

Largely Attended Service Yesterday Conducted by H. Coleman, Jr.

Some little time ago in the village of Quispamsis a Sunday School was organized in the home of Mrs. H. A. Ingham and has grown to such proportions that it was found necessary to look for larger quarters; therefore, the old school-house being vacant, and through the kindness of Mrs. Vincent, the present owner, it was loaned for the above purpose, and the work is being successfully carried on. Yesterday in this hall, under the same officers, a church service was held and was largely attended; it being patriotic Sunday, the service was taken by Mr. H. Coleman, Jr., a student of Wycliffe, being home on vacation, and he delivered a splendid address. An anthem was sung by Mrs. Thomas Wifcox, after which several of the Sunday School scholars gave recitations.

In composition of this service, Day of the Sunday School Association, David Allan gave an excellent address, talking for his subject "The Flag." The speaker told of how the different respective countries and the stories of the different patron saints, Saint George, Saint Andrew, and Saint Patrick.

The poem "The Flag" was read and further showed the composition of the banner which denotes all that is good and true. The three colors, red, white and blue were spoken of, and their meanings. "Courage is shown by the red in the flag; Truth by the blue, and Purity by the white. Our opportunity to serve the flag and uphold its ideals is not only in war but our chief chance to do this is to be good, honest and upright citizens, and stand back of our country in all its times of stress.

Mr. Allan's address was very clear and lucidly told, and it explained much to his hearers that formerly had been unknown to them.

Annual Patriotic Service Was Held

David Allen Delivered An Address on "The Flag" in First Presbyterian Church.

The First Presbyterian church, West St. John, held their patriotic service in their church yesterday in pursuance of the policy laid down by the Sunday School Association. WHY A RABBIT'S FOOT IS LUCKY

The superstition a rabbit's foot brings good luck is a very widespread one. Occult authorities say that it must be the left foot of a rabbit, killed by a negro in a country graveyard in the dark of the moon.

In this we have a superstition clearly descending through centuries from the ancient worship of the Egyptians, among whom the hare-headed gods and rabbits are of the same genus—as the guardian of one of the divisions of the underworld.

Here we get the idea of darkness and the graveyard. The Egyptians were a very dark people, and sometimes statues and pictures of their gods were painted almost black. Hence the idea of a negro.

The rabbit-headed god, besides his job in the underworld was powerful for good among the Egyptian deities. The connection between this deity and the idea of a rabbit's foot being a bringer of luck and an amulet against evil is obvious.

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food, giving healthy and natural sleep. Classy Bunch of Horses At Capital

Everything Points to Real Racing When Circuit Opens at Fredericton This Week.

Fredericton, N. B., June 26.—Most of the trainers giving their horses the final preparation for the opening here this week of the Maine and N. B. harness racing circuit, cut loose with lots of speed in their work-outs Saturday.

The fastest mile of the season over the local track was turned in by Roy Volo, 2:11 1/4, the chestnut pacer owned by W. B. Lint, of this city, when several watches caught him in 2:11 1/4. There were a number of miles in 2:15, the trotting record for the track this season being placed at those figures by Border Prince, 2:15 1/4, owned by H. C. Jewett, of this city.

The sensation of the day, however, was provided by the unmarked pacer and trotter. Several of the green pacers worked miles in 2:15, while the last halves in 1:05, and brooded home the last eighth in 15 seconds or better. The best mile by a green trotter was around 2:27.

Another lot of horses arrived at the track last night, Jimmie Boutlier, the well-known Halifax driver, coming from Woodstock with a stable of harness horses headed by Monticosa, 2:36 1/4, owned by S. Vienneau, of Halifax. Other stables are coming on Monday and by Tuesday night it is expected all of the 55 horses that will be starting in the races on June 30th and July 1st will be here.

Rowing Crews Getting Ready for Dominion Day Regatta

Enjoyable Dance Held.

The different boat clubs along the river are expected to participate in the sports which are to be held at Millidgeville on the first of July. The sailing crews at Renforth are working and getting into shape for the opening races of the season. The Renforth Athletic and Outing Association have chartered the steamer Dream to take the members of the club over to the scene of action for the day and bring them back home. A very enjoyable dance was held at the club house in Renforth on Saturday evening and was well attended. The orchestra provided excellent music and a good time was enjoyed by all.

Jockey Club May Be Prosecuted

Drinking by Prominent Toronto Citizens on Course May Lead to Action.

Toronto, June 26.—As a result of several prominent local citizens drinking on the premises of the Woodbine race course during the spring meet in May, contrary to the provisions of the Ontario Temperance Act, the Ontario Jockey Club, under whose jurisdiction the track is operated, are threatened with a prosecution under the O. T. A. According to the interpretation of Attorney General Raney, if any one club member is guilty of an offence under the O. T. A. Accordingly the Ontario Jockey Club has been requested to appear in the local police court on Tuesday next for a hearing.

Opened up Country to Farmer, Lumberman, Miner and Sportsman.

One of the big corporations along the line is the Abitibi and Paper Company on the Laurentian Mountains giving promise of untold wealth to generations yet unborn. The Huronian, the Abitibi and the Abitibi are in the process of development.

Makinit had no existence two years ago. It has today five saw mills, schools, churches, stores, hotels and two banks. Haunted upon the bank of the river, here was a scow, fitted with wheels to travel on land, and propelled by a gasoline engine. It was called an alligator and used to transport supplies up the lakes and rivers.

O'Brien a divisional point has had a rapid growth. It has been put on the map since 1916. It has now 12 saw mills and quite a large industrial population. In 1920, it turned out 18 million feet of lumber and 38,000 cords of pulp-wood. It is the dividing point for traffic; wood products produced West of this place go by the Temiskaming Railway to Toronto.

Many flowing into James Bay, which river derives some importance from possessing chalybeate springs.

Classic Fur Land.

Rev. James Evans, a Methodist missionary serving in this district in a past generation, invented a phonetic language for the use of the Cree, which all Indians understand and use, and is of great service to them. Markings on bark and birch are open books to them. This region is classic ground in the old Fur Hunters Wars. Old Fort Henly at the mouth of the Henly River was built in 1740 and Fort Albany, the scene of many a struggle was built as long ago as 1693. Tashota 190 miles from Hearst is a highly mineralized region. Surface gold operators have been very successful.

The N. T. Railway passes directly North of Lake Nipigon, the C.P.R. and Canadian Northern passing South, while the lake was the resort of rival fur traders, two hundred years ago, and is considered one of the most beautiful sheets of water in North America. Its shores are practically uninhabited by white people. Indians on reserves are the only occupants outside of some small lumbering operations.

We pass Armstrong at breakfast time. We have left the farming lands behind and are in a belt about five hundred miles broad, of wild rocky and broken country, possessing but a scanty soil, and growing jack pines and poplar. Notwithstanding its aridness, the country is highly picturesque. The scenery is bold and striking. The railway pursues its stitious course, amongst the hills, bordering lakes and rivers and still more rivers. This is a sportsman's paradise—a country of the game and of fishing places without number.

Immense Development.

The industrial development of the Quebec section of the N. T. Railway was being prodigious. I am indebted to official figures for the following comparative statement covering a period of four years.

No. Saw Mills	1916	1920
Lumber cut (million feet)	13	48
Pulp wood in cords	18	118
		38,000 65,000

From the same authority I am able to give the estimated quantity of forest products now visible along the line, awaiting shipment, as follows:

Pulp wood, 200,000 cords.

Sawn Lumber, 60 million feet.

Also pulp, minerals and other products, making a total of 25,000 car loads or say 700 trains of 25 cars each. This immense business for 1921 had no existence six years ago except a small fraction near Quebec, and would have none today but for the construction of the N. T. Railway.

The N. T. Railway from Quebec to Winnipeg is 233 miles shorter than any other line. Its low grades give it a substantial advantage in competing for through traffic as well as for quick transit for either passengers or fast freight.

announced that he was a gentleman, the victim an error and willing to make good immediately when his remittance is delivered from abroad. But the detectives joshed him and forced him to laugh, and later said that he admitted being the Gregory named on a record card that shows conviction for larceny and acting under false pretences.

Years ago, according to the police Gregory circulated a story to the effect that he was a son of one of the titled families of Austria. He said his god-father was Prince Rohan of Austria. Men who knew him intimately prior to 1896, when the police say, he was first arrested, said he possessed unusual ability as a fence and that he boxed like a professional fighter. Most of the horse lovers had an opportunity to see that he rode his mounts like a Arab.

Gregory will be arraigned today in the West Side Court on a charge of grand larceny.

Accuser Says He Took Charge After Purchases Made With Worthless Paper.

HEADQUARTERS FINDS HE IS OLD FRIEND

Rode Like An Arab and Exhibited Blue Ribbon Horses, Say Police.

New York, June 27—A man who called himself Francis H. Gregory, but who the police say is no other than "Count Gregory," a middle aged, distinguished looking son of a rich man, who has been writing for some time, was arrested last night at Police Headquarters in connection with an alleged slight larceny involving \$150. Gregory, it was said by Detectives McGann and Flaherty of the West Fifty-seventh street station, who arrested him yesterday afternoon at Broadway and Forty-second street, once was well to do, associated only with persons socially prominent and was known throughout the country as an exhibitor of blue ribbon horses. At times he claimed to have been first whip in the Vanderbilt stables. In those days he restricted his clothing to the best of the Fifth Avenue shops could make, and indulged a weakness for dark red cravats.

Friendly To Cops.

Last night the "Count" smiled a really friendly greeting to the keeper of the cell block at Headquarters. He wore a last season's sailor straw and an old string tie. McGann and Flaherty said he was out of luck.

The complainant against "Count Gregory" is Emil Hansel, manager of an art store at 70 West Forty-eighth street. Hansel claims that Gregory gave him a check for \$150 in exchange for a few art objects on June 4 and took the change. He charges that the alleged larceny was repeated several times and that he woke up soon after he received notice from his bank that the writer of the checks had no funds at the Newport Trust Company, the bank on which they were drawn.

At Headquarters, Gregory showed considerable indignation. He an-

WOMAN KILLED IN CORK STREET FIGHT

Cork, June 24.—Police barracks were bombed and there was general street fighting in this city last night, one woman being killed, and three girls and three men wounded.

The disorders began at about seven o'clock when four Sinn Feiners in a motor threw a bomb at a police station in Tuckey street, and another at a barracks close by. The Shannon street and Douglas Place barracks were also bombed but there was little damage done to them.

The casualties occurred in subsequent fusillades between the police and Sinn Feiners. In consequence of the disturbances, all persons are ordered to remain in their homes after eight o'clock in the evening.

THE WEATHER

Toronto, June 26.—Areas of two pressures are centred over Alberta, the State of Arizona and Northern Ontario and Quebec. A few scattered showers occurred today in British Columbia, the Lake Superior district and the Maritime Provinces. Elsewhere in the Dominion the weather has been fair to fine and warm.

AROUND THE CITY

DAYS GROWING SHORTER. The days are decreasing in length. Just one minute shorter today than one week ago.

TRADE OPPORTUNITY. The secretary of the Board of Trade has received a communication from a firm with head office in London and branches in various continental cities, wanting representatives here to sell glass bead necklaces.

AUTOMOBILE PARTY. A motor party from Cleveland, Ohio, composed of Antonio H. Hawgood and H. R. Hawgood and wife, and Alford Hawgood arrived in the city yesterday and are registered at the Royal.

AUTO SMASH UP. A new McLaughlin car came to grief half a mile past Silver Falls on the Loch Lomond road early last evening. After bucking through a barbed wire fence it plunged into a ditch. Three wheels were broken, wind shield smashed and the tonneau badly dented.

HORSE RUNS AWAY. Some little excitement was caused last evening when a rig, belonging to a local livery stable and carrying three young men ran away on Waterline street. None of the occupants of the carriage were hurt, but the rig was broken up to quite an extent and the horse was quite badly cut.

NEW ASPHALT PLANT HERE. A complete new asphalt plant, valued at \$25,000, has arrived in the city for the Stephen Construction Co. and will be used in connection with their work of surfacing Douglas avenue. The machinery will be unloaded today, but will not be put in operation for several weeks.

BOARD NOT COMPLETED. D. W. Ledingham, vice-president of the William Thomson Co. said Saturday with reference to the dispute with the longshoremen that the third member of the board of arbitration would probably be appointed the first of this week, after which the board would get down to work.

NEW COATS NEEDED. The winter great coats of the city's police force have been turned in for inspection. The older members of the force have been wearing these garments for the past three winters. It is possible that new uniforms will be issued to protect them from the chilly blasts of next winter.

FIVE SATURDAY DRUNKS. Five drunks were arrested Saturday, and one prosecution sought the cool recess of a stone cell for their slumbers. That section of the police register allotted to the Sabbath, retained its virginal purity, not the stain of a single arrest was recorded on the snowy expanse of stationery.

VARIETY OF ARTICLES. Quite a treasure trove in the form of lost articles await their owners at the central police station, amongst others the number plate 37899 with tail light attached; another number plate, No. 958; a brand new tennis racket, size seven, and a box of tobacco.

ANGLICAN CLERGY RETREAT. A retreat for Anglican clergy opens this evening at Robeson College, lasting until Thursday morning. It will consist of a series of addresses to be given by the Very Rev. Dean Owen of Hamilton, Ont. Forty clergymen are expected to be present. While in St. John, Dean Owen was the guest of Sir Douglas and Lady Hazen, Hazen street.

DANCING. Dancing at Sesside Park Monday, Wednesday, Friday and Saturday evenings. If weather is unsettled, call West 480, or West 436.

Speedy Drivers Under Arrest

At about three o'clock Sunday morning a runabout, of the motor car persuasion, turned from Charlotte into King street, at what is alleged was an excessive rate of speed. The driver, a young man, was arrested when he struck the fire hydrant in front of Robert McAfee's barber shop at the head of the street. The front wheels of the car were badly bent and the tires ripped completely off. The car itself was swerved up on to the pavement, and only removed at noon yesterday. Neither of the occupants were injured, but have been placed under arrest.

CONCILIATION BOARD REPORT FAVORS CONTENTIONS OF WORKERS

Recommendations Set Forth Continuance of Present Working Agreement Until 1922—Suggests Slight Reduction in Wages—Not Favorable to One-Man Car As Now Proposed—President Thomson's Comment.

The report of the Conciliation Board, appointed to act in the dispute between the New Brunswick Power Company and Division 663 of the Amalgamated Association of Street Railway and Electric Workers, was received in this city Saturday. The report is unanimous, one being signed by all three members of the board. The preliminary one, being deals with the causes calling for the furnishing of the board and the efforts put forth to bring the parties to the dispute into an amicable agreement. The report states that the board failed to get the parties into accord, and the hearing was started. At the close of the hearing, another attempt was made by the board to get the parties to agree, but after a conference between the representatives of the two factions to the dispute, another failure was recorded. The report sets forth these grounds of dispute between the company and the employees.

First—As to duration of any agreement between the company and its employees, and as to changes in any such agreement. Second—The wages to be paid by the company to its men. Third—The operation of the One Man Car on its railway by the company.

The report then goes into a review of the evidence adduced at the hearing bearing upon the three contentious points. The board, after considering the statements made on either side, and the evidence adduced, and in the absence of any settlement between the parties, made its recommendations. Briefly, they are:

First—That the present working agreement be continued in force and effect until June 15, 1922, without change, except as to the schedule of wages in the said agreement. Second—That, in view of the reduced cost of living, the wages of motormen and conductors be reduced from 52 cents to 42 cents, and motormen be given 5 cents extra on One Man Cars.

Third—If company operates One Man Car, that an electric power device be provided by which the rear emergency door may be opened quickly by the motorman, and that the present hand brakes on the proposed car be replaced by airbrakes. The report then cites legislation showing what power the city has in the matter:

Report in Full. The following is a copy of the report of the Board of Conciliation and Investigation which arrived from Ottawa on Saturday: To the Honorable Gideon D. Robertson, Minister of Labor:

The undersigned members of a board of conciliation and investigation appointed to investigate certain disputes between the New Brunswick Power Company and the Amalgamated Association of Street and Electric Railway Employees of America, Division 663, comprising motormen and conductors, electrical power house employees, gas house employees, car barns, linemen, trackmen and others, beg leave to report as follows:

That the board met at the City of Saint John on the 15th day of June instant, the members having first been sworn to the due performance of their duties; that before entering upon the actual hearing as to the dispute between the employer and the employees an attempt was made by the board to bring about a settlement of the dispute, and an informal conference took place between Mr. Percy Thomson, the representative of the New Brunswick Power Company, and Messrs. Magnus Sinclair and Ira D. Harris, the representatives of the employees. Quite a lengthy discussion followed, but the parties were unable to come to an agreement, and the hearing was accordingly proceeded with. Evidence was adduced on the part of the employees, and the statements of the representatives of the employees were heard. Evidence was adduced by the representative of the company, and statements were submitted by him for consideration of the board, both verbal and written. At the close of the hearing another attempt was made to bring about a settlement, and a meeting took place between Mr. Percy Thomson, the manager of the company on the one hand, and Mr. Sinclair and others, on the other hand, representing the employees, but at this second conference the parties were unable to come to any agreement.

At the close of the hearing the members of the board had an opportunity of examining the operation of a one man car, which the company proposes to operate upon its railway, and they travelled some distance on this car in order to watch the operation of the car and the working of the various appliances with which the car is supplied.

The parties to the dispute having been unable to come to any agreement and no settlement of the dispute having been arrived at during the course of the reference, it now becomes our duty to report on this matter, and to make certain recommendations for the settlement of the dispute between the company and its employees. The principal grounds of dispute and difference between the Company and its employees, as developed at the hearing are as follows:

1. As to the duration of any agreement which might be made between the company and its employees, and as to changes in any such agreement by either party thereto. 2. The wages to be paid by the company to its employees. 3. The operation of the one man car on its railway by the company.

On the 15th day of June, 1920, an agreement was made between the New Brunswick Power Company of the one part, and Division 663, above mentioned, of the other part, which agreement provides that it shall be binding on both parties until June 15th, 1921, and further provides that either party desiring a change in any article of the agreement shall notify the other party in writing thirty days before the expiration of the agreement affecting such article or articles.

It appears that on or about the 15th day of May, 1921, the officers of Division 663, being employees of the Company, received a communication signed by the general manager of the company, which communication stated that on June 15th, 1921, the company would cancel and terminate every agreement of the then present working agreement, and would not again enter into any agreement as between the company and the employees, and the employees were further notified by the company that a reduction in wages was to be put into effect beginning June 15th, 1921. Notice was afterwards given by the company by post, and by bulletins in each department of their properties that a new wage scale would come into force on the 15th day of June, 1921. This new proposed wage scale provided for a

Two Sermons By Dean Owen

Rector of Christ Church Cathedral, Hamilton, Preached in City Yesterday.

Two elegant sermons were preached yesterday by the Very Reverend Dean Owen, Rector of Christ Church Cathedral, Hamilton, Ontario, and vicar of the congregations of St. Paul's and St. John's (Stone) churches, Dean Owen spoke from the text "Blessed are they which do hunger and thirst after righteousness, for they shall be filled." Matthew 5-4.

In the evening, at Trinity Church, the text was "Blessed are the pure in heart; for they shall see God." Matthew 5-8. Rev. A. Gabriel conducted the service. Dean Owen pointed out that purity of heart means to be absolutely straight, to be single-minded. Purity of heart is often narrowly defined. Many, who are pure in heart in a material sense, are in great danger of never seeing God. While not for an instant minimizing the sinfulness and hideousness of impurity in the accepted sense of the word, he emphasized the lesson that our Lord's contempt was against those who are proud, uncharitable, unkind and who are not of that pure in heart which our Lord denounced the attitude of the Pharisees. People may know no horror of these spiritual ills which shut out the presence of God and yet may consider themselves pure in heart.

Purity of Heart. Purity of heart means to set one's whole character toward God—to be in deadly earnest towards the truth, realizing that truth is more than an opinion or prejudice. Want truth more than anything else in the universe, and you will arrive surely. There is no "peradventure" it is "He that seeketh Me with all his heart shall surely find Me."

A certain type of mind dabbles with great truths, reserving life like that. You cannot go through life like that. While thought warms, lives hurried on and give the answers. God gave us minds and decisions.

What It Means. What it means to see God is not explained. Heaven's golden gates keep the secret well. It does not mean perception of Him who is invisible, comprehending Him who is incomprehensible.

It means feeling His presence, hearing His voice, falling in love with His holiness, seeing Him with spiritual eyes. We see Him sometimes in human lives, in nature and above all in the children of God. He is the love, who walked the earth, lived a simple life, was tender with the penitent and weak, a working man who gathered little children to His arms, cheered the downhearted and humbled the hardened men and women to Him. Christ has told us of the vision beatific. His face shone after His resurrection, the light of Peace. His message was consolation to the disciples and quieted the thief on his awful deathbed.

What they break in their hearts, are answered we shall see all riddles in the glorious centre of light, life and freedom. His servants shall serve Him and shall see His face.

COUNTY DISCOUNT DATE. August 26 has been set as the last day of discount for the payment of taxes in St. John county, so J. King Kelly, county secretary, announced Saturday morning. The bills in the hands of Lancaster are now being delivered and the county staff is still working on those for the other parishes.

exercise of any power conferred upon the Company or its Board of Directors by this or any other Act, and to make such order thereupon as the Board shall deem necessary, which order shall be appealable to the Supreme Court, Appeal Division.

Section 6 of the Act above mentioned is as follows:

"6. The Board of Directors shall determine the extent and character of the railway, electric and gas service which the public convenience and necessity may require. An appeal may be had to the Board from any order of the Board of Directors respecting the character of such service, and the Board shall have power to overrule, modify or vary such order of the Board of Directors."

In the opinion of the Board, under the legislation in question, the Common Council of the City of Saint John, representing the City of Saint John, has the right to appeal to the Board of Commissioners of Public Utilities as to any act, order or decision of the Company as to the extent to which the character of the railway, electric and gas service which the Company may supply, and it is therefore within the power of the Common Council of the City of Saint John to take steps to ensure adequate railway, electric and gas service by the Company for the public in the City of Saint John. The Board also calls attention to the provisions of Section 13 of an Act of Assembly of the Province of New Brunswick, bearing 50th Victoria, c. 28—1897. Section 13 provides that the People's Street Railway Company, referred to in the last mentioned Act, might make, or alter, establish, alter and amend, with the sanction of the Common Council of the City of Saint John, rules and regulations for the government of the railways and the cars and trains running thereon. This section it appears has never been repealed, and it may be that under this section the Common Council of the City of Saint John has control over the rules and regulations of the present Company.

All of which is respectfully submitted. Dated this twenty-first day of June, 1921.

Company's View. In talking with The Standard yesterday in reference to the report of the Conciliation Board, President Thomson of the N. B. Power Company said:

"The company is not surprised at any change whatever, and are running successfully. The same reasons are given in the report against the car as have been tried previously on all labor-saving changes, and, if they had been successful, we would be without the reaper and the binder, the mow, the printing press and the steam engine."

The company's decision as to wages and conditions will be determined at a director's meeting on Monday morning and the employees will be notified accordingly.

The Association. Ira Harris, president of the local of the Amalgamated Association of Street Railway and Electric Workers, when asked to comment last evening on the board's finding, said he had not yet received the report and was not in a position to say anything.
