Historical Sketch.

Acadia College was founded by the Nova Scotia Baptist Education Society in 1838. In the following year application was made to the Nova Scotia House of Assembly for a Charter of Incorporation with the title: "The Trustees, Governors and Fellows of the Queen's College." An Act creating such a corporation with the powers of a University was passed in 1840. At the next meeting of the Legislature, this Act was amended by changing the name to Acadia College.

In 1851 the power of appointing the Governors was transferred from the Education Society to the Baptist Convention of the Maritime Provinces. The developments of succeeding years made it necessary that various amendments to the original Charter should be obtained. In order to avoid confusion and bring the Act of Incorporation into more complete harmony with existing conditions, a general revision and consolidation of the different Acts relating to the College was postponed by the Board of Governors. The Report of the Committee of the Board having been adopted by the Governors was referred to the Convention. That body at its meeting in Yarmouth, in August, 1891, after suggesting some modifications, approved the report and instructed the Governors to apply to the Parliament of Nova Scotia for the necessary legislation. Accordingly a bill embodying the proposed alterations was passed by the two Houses at the Session of 1891, and received the signature of the Lieutenant Governor on the 19th of May in the same year. A copy of the Revised Charter is appended.

An Act Respecting Acadia University.

Passed May 19th, 1891.

Be it enacted by the Governor, Council and Assembly as follows:—

1. The persons now holding the offices of president and governors respectively of Acadia College, and their successors in office, and six additional governors and their successors in office, shall be designated the Board of Governors, and they are hereby constituted a body corporate under the name of the Governors of Acadia University, with perpetual succession and a common seal, with power to break, alter and change the same at pleasure, and by that name may sue and be sued, implead and be impleaded, and be able and capable in law to take, purchase and hold any personal property whatsoever; and shall also be able and capable to take, purchase and hold to them and their successors not only all such lands, buildings, hereditaments and premises as may from time to time be used or occupied for the purposes of the said university, and of Horton Collegiate Academy and Acadia Seminary, and of any other preparatory or academical or other department and for residences of the president, professors, principals, tutors, students and officers of said university, academy and seminary, but also any other lands, buildings, hereditaments and premises, provided such lands, buildings, hereditaments and premises shall not exceed in value eight hundred thousand dollars, any law or statute to the contrary notwithstanding; and to accept on behalf of said university or any departments thereof, and on behalf of said academy and seminary, and of any other preparatory or academical or other department, any gifts, devises or bequests of any property real or personal and to assume and execute any trust which may accompany such devices, gifts or bequests; and they and their successors shall be able and capable in law to grant, demise, alien, lease or otherwise dispose of all or any of the property, real or personal, at any time belonging to said university, and to invest the proceeds thereof upon such securities or in such way as shall seem best to said Board of Governors and also to do all other matters and things incidental or appertaining to such body corporate.

2. All the real and personal property, rights, easements, privileges and immunities of every nature or kind whatsoever, which

are now held, occupied and enjoyed by the trustees, governors and fellows of Acadia College, or by any person in trust for them or in their behalf, are by this act vested in the corporation hereby constituted, subject to all trusts attaching thereto respectively, and all leases and contracts made by or with the trustees, governors and fellows of Acadia College, shall be dealt with in all respects as if the same had been made by and with the corporation hereby created, and all debts, rents, interest and moneys due to the trustees, governors and fellows of Acadia College, shall be henceforth payable to and recoverable by the corporation hereby created, and all covenants, contracts and agreements made with or entered into by the trustees, governors and fellows of Acadia College, shall be deemed and taken in all courts of law and equity to have been made with and entered into by the corporation hereby created; and the president, professors, tutors, teachers, students, officers and agents of Acadia College, shall be deemed and taken to be the president, professors, tutors, teachers, students, officers and graduates of said university, and all tenants of the trustees, governors and fellows of Acadia College, shall be deemed and taken to be the tenants of the corporation hereby created, and the graduates of Acadia College shall be deemed and taken to be graduates of said university and entitled to the rights and privileges as such, and all academical honors and degrees, and all rights, powers, privileges and authorities now had, held or exercised by any person by virtue of the acts hereby repealed except so far as they may be necessarily taken away, altered, abridged or affected by or in consequence of this act, shall be had, held and exercised in relation to the said university as fully as they now are had, held or exercised.

3. The said governors of Acadia University shall be entitled to receive and hold gifts, devises and bequests already made or hereafter coming into effect by any person or persons, to or for the benefit of Acadia College, Horton Collegiate Academy and Acadia Seminary, or any or either of them, or to or for the trustees, governors and fellows of Acadia College as fully and effectually as if the said corporation or university was named in such gifts, devises or bequests instead of Acadia College, Horton Collegiate Academy, Acadia Seminary, trustees, governors and fellows of Acadia College or any or either of them, subject however to all the trusts in such gifts, devises and bequests provided, and shall have power and authority to sue for and recover all damages arising from any cause which the trustees, governors and fellows of Acadia College would have been entitled to recover but for the passing of this act, all debts, damages or demands due or accruing or arising upon any

4. All legal or other proceedings heretofore taken by or against the trustees, governors and fellows of Acadia College, may be continued under the same name or style of cause in which they have been instituted.

5. The Board of Governors may establish and manage professional and technical and other schools, and may support the same out of the funds of the university.

6. The Board of Governors shall have the power to grant degrees in theology and degrees of bachelor, master and doctor in the several arts, sciences and faculties, and any and all degrees which may properly be conferred by a university, and shall have the right to determine the courses of study, and the qualification for degrees and the granting of the same.

7. The Board of Governors shall have full power and authority to fix the number, residence, duties, salary, provision and emolument of the president, professors, principals, teachers, tutors, instructors, officers, agents and servants of said university, academy and seminary, and any other preparatory or academical or other department, and may also appoint the president, professors, principals, teachers, tutors, instructors, officers, agents and servants of said university, academy and seminary, and any other preparatory or academical or other department, and may from time to time remove the said president, professors, principals, teachers, tutors, instructors, officers, agents and servants, including those who at the passing of this act held any of said offices or positions under the acts hereby repealed.

8. The Board of Governors shall have the control and management of the property and funds of the said corporation and shall have power to adopt and carry into effect by-laws, resolutions and regulations touching and concerning the instruction, care, government and discipline of the students of said university, academy and seminary, and any other preparatory or academical or other department, and touching and concerning all other matters and

things of every nature and kind within the scope of this act which to them may seem good, fit and useful for the well ordering and advancement of the said university, academy and seminary, and any other preparatory or academical or other department, provided the same be not repugnant to the provisions of this act or any law in force in this province, and they may from time to time alter, vary or rescind the same.

9. It shall be the duty of the Board of Governors to keep proper records and minutes of all their proceedings and to keep proper books of account of the financial affairs of the said university, academy and seminary, and any other preparatory or academical or other department, and to present a report of the work of the university, academy and seminary, and any other preparatory or academical or other department accompanied by a duly audited financial statement to each annual meeting of the Baptist Convention of the Maritime Provinces.

10. The persons now holding the offices of president and governors, respectively, of Acadia College, and their successors shall exercise the powers and carry into effect the provisions of this act until the appointment by the said convention of the six additional governors of the said university herein provided for, after which the management and administration of said university shall devolve upon the president thereof for the time being, who shall be *ex officio* a governor thereof, the eighteen persons now holding the office of governors of Acadia College and six additional governors. Those now holding the office of governors of Acadia College shall be entitled to continue governors of Acadia University for the respective periods of their appointment, subject to the rules and regulations of said convention, and their successors in office and the said six additional governors and their successors shall be appointed by said convention at such time and for such periods, and subject to such rules and regulations touching their appointment and removal as shall from time to time be adopted by said convention.

11. Seven governors or such larger number as the board may fix shall constitute a quorum of the board, and all questions shall be decided by a majority of the members present at the meeting of the board.

12. The Board of Governors shall appoint a body to be known as the Senate, to consist of the president of the university and of such other persons not being governors as the said board shall appoint, whose duty it shall be to advise the board from time to time upon all matters concerning the system and course of education pursued in said university, academy and seminary, and the examination

The present members of the Senate of Acadia College, except those who are or may be hereafter appointed governors of said university, shall be members of the Senate under this act for the unexpired portion of the time for which they were respectively appointed. The Associated Alumni of said university shall have the right to nominate one-third of the members of such Senate.

13. The Board of Governors may appoint the members of the Senate for such period as they shall deem best and may remove them on account of non-residence within the bounds of said Convention, non-attendance at meetings of the Senate or for any other cause which they shall deem sufficient.

14. The proprietors of scholarships of Acadia College shall henceforth be deemed and taken to be proprietors of scholarships of Acadia University, with the same rights and privileges and subject to the same conditions as were attached thereto previous to the time of the passing of this act.

15. All acts and parts of acts of this Legislature in so far as they are inconsistent with this act are hereby repealed.

Graduates of Horton Collegiate Academy, of the St. Martin's Seminary, and of approved High Schools may be admitted without examination, upon presentation of certificates that they have completed the prescribed studies and passed satisfactory examinations thereon.

The holder of a certificate or license required of teachers of the first class in any of the Provinces of Canada will be exempted from examination in English, History, Geography, and Mathematics.

Students desiring to enter upon the full Course or to take general studies should report themselves to the President for registration on the day before the opening of the College. A fee of one dollar is charged for registration, and an additional fee of one dollar for matriculation.

Applicants for admission must be sixteen years of age and must present a certificate of good moral character.

Courses of Instruction.

Synopsis

Courses of Study for the Degree of Bachelor of Arts.

The subjects of the Undergraduate Course form a system of prescribed and elective study. The subjects of the first two years have been selected mainly for their disciplinary value, and with the exception that a choice is offered between Greek and French, are strictly prescribed. In the last two years the element of personal choice is more freely introduced, the prescribed studies occupying in the Junior year six of the fifteen hours of instruction each week, and in the Senior year four of the thirteen hours.

In addition to the regular class instruction, Honor courses have been arranged for the advantage of students who may be able to do more than the ordinary assignments of their classes. These are open to the election of any undergraduate of first-class standing. The value of the work performed in these studies will be determined by examination, and Honor Certificates of the first or second class will be given according to the results of these examinations.

Students cannot be admitted to the Honor courses if regular examinations are overdue. Any undergraduate, even though not having first-class standing, may, by vote of the Faculty, be permitted to give special attention to a particular study. Such student, and also one whose standing may have required his discontinuance of Honor studies, shall be entitled to a certificate of the work done.

VII Physics and Astronomy.

SOPHOMORE CLASS

General Physics. The instruction includes lectures with experimental demonstrations, oral and written recitations. The first half year is devoted to elementary dynamics, the properties of solid and fluid bodies, sound and heat; the second half year to light, electricity and magnetism. Students are expected to read in connection with the lectures Balfour Stewart's Lessons in Elementary Physics. *Three hours a week.*

JUNIOR CLASS (Elective)

The subjects studied in this class are those prescribed for the first year's class, but they are treated in a less elementary manner. In 1896-97 selections will be made from the following:—The Theory of Heat, Maxwell; Sound and Music, Taylor; Maxwell's Elementary Treatise on Electricity.

SENIOR CLASS, (Elective)

Practical Physics. A series of measurements in the laboratory, together with lectures on the methods and principles involved. The first half year is devoted to the study of general physical processes and the remainder of the year to the determination of such physical constants as specific heat, electromotive force, electrical resistance, etc. The manuals of Sabine and of Stuart and Gee are used. A fee of five dollars is charged for the course. *Six hours a week during the year.*

HONOR COURSE.—This course is open only to those who have taken Junior Mathematics. It will comprise a brief study of Analytic Mechanics and the applications of the Calculus to the Solution of Physical Problems.

ASTRONOMY

JUNIOR OR SENIOR, (Elective)

The course includes lectures, recitations and observatory work. Young's General Astronomy. *Three hours a week, first half year.*

General Students.

The studies of the College are arranged with reference to the wants of students who intend to take the full course. Provision is also made to accommodate all who may wish to study for a short period in any department, if, after examination, they are found to be prepared to work with the regular classes. The studies selected by general students must in respect to number and character be approved by the Faculty. General students, on leaving the College, can have certificates of proficiency according to their attainments.

Examinations and Standing.

1. Candidates for the degree of B. A. must complete their matriculation before they can enter upon the studies of the Sophomore Year.

2. Before a Candidate for the Degree of B. A. can enter upon the studies of the Junior Year he must pass any Supplementary or Special Examinations that may be due from him on the work of the Freshman Year. Also any Examinations due on the Sophomore Year must be passed before such Candidate can enter upon the work of the Senior Year.

3. If a Candidate for the Degree of B. A. fails in any one subject of the Final Examinations of the Senior Year the Senate may, at its discretion, instruct the Faculty to grant the degree to such student whenever he shall have passed the necessary Examination. If in the final Examinations of the Senior Year a student shall fail in two subjects he must take the subjects of the last half of the Senior Year again.

At the end of each Session all the Classes will be examined

on the studies of the Session. These Examinations will be conducted for the most part by written papers ; but oral Examinations will be introduced at the discretion of the Faculty. The results of these Examinations will be combined with the record of the daily exercises to determine the standing of the student. An average of 75 per cent. of the maximum must be made to admit a student to first-class standing. In addition to these regular Examinations the Faculty may, at their discretion, require special Examinations of any class or member of a class upon any subject included in the course of study.

A special Examination in English will be held at the close of the first term of the Freshman Year, the results of which will be averaged with the marks for the other subjects in determining the student's standing for the term.

A similar Examination of a more advanced character will be held at the close of the first term of the Sophomore Year.

The members of the Junior Class will be required to present two essays in each term, the average marks of which shall be entered as representing one subject in the record of the second term.

The members of the Senior Class will be required to present three essays during the year, the average marks of which shall be entered as representing one subject in the record of the second term.

Supplementary Examinations will be held at the opening of each College Year on a day named in the Calendar. Any student who, at the close of the Examinations, shall be deficient in more than one of the subjects of the previous part of his Course will not be permitted to enter upon the studies of the year.

In order to maintain standing a student must make 45 per cent. in each subject taken, both in term work and Examinations. Absence from class appointments will affect the student's standing.

At the close of each Session the standing of each student will be reported to his parent or guardian, if desired.

Course of Study for the Degree of M. A.

The Degree of Master of Arts will be granted according to the following regulations passed by the Senate at its meeting in June, 1892:

1. That the M. A. Degree be given only after the candidate has passed a satisfactory test in a prescribed course of study.
2. That such course of study be equivalent to a full year's course of advanced study; *i. e.*, something more in quantity and higher in quality than the requirements of the Senior year.
3. That the assignments be arranged so as to secure a large acquaintance with some one subject, rather than a slight acquaintance with several.
4. That the manner of testing be, by written examinations, by the presentation of a thesis on some assigned subject, and by the preparation of a critique or review of some author included in the course selected.
5. That the thesis and critique be placed in the hands of the President on or before the first day of April, and the returns from the last examinations be in his hands before the tenth day of May of the year in which the Degree is to be conferred.

A full Course is required for this degree; but the applicant is at liberty to choose any two half Courses.

The times for Examinations on these studies will be determined by the Professor under whose direction the Course is taken.

I.—SCHOLARSHIPS IN THE ENDOWMENT FUND

The Governors hold a few Scholarships, which can be assigned to needy and deserving students subject to the following regulation:—

“The Scholarships owned by the University shall not be granted for a longer period than one year, and only on a written application to the Scholarship Committee, through the President, before the 5th of November in each year.”

A certificate from a Scholarship-holder, accompanied by satisfactory evidence that such Scholarship-holder, is legally qualified to grant the use of the Scholarship, may be presented to the President, to be forwarded to the Committee on Scholarships; and if such certificate is satisfactory, the student presenting the same will be credited with the proper sum on account of the Scholarship. All certificates from Scholarship-holders granting to students the privileges of Scholarships, must be in the hands of the President of the University before the 5th of November of each year.

II.—THE DEWOLFE SCHOLARSHIPS

There are five of these Scholarships,—one of the value of \$25.00 a year, two of \$30.00, one of \$40.00, and one of \$50.00. The nomination to these Scholarships, which by the terms of the bequest can be granted only to male students, will be determined by the Senate, according to the class-standing, needs and general conduct of the applicants.

IV.—MINISTERIAL EDUCATION FUND

Students who have the Christian Ministry in view and are approved by the churches of which they are members may, in case assistance is needed, receive an annual appropriation from the Board of Ministerial Education.

General Remarks.

The financial year of the University dates from the first of August.

The Academic year of the University opens on the Wednesday nearest the first of October and ends on the first Wednesday in June.

In April of each year occurs an Elocutionary Recital, in which all the members of the Sophomore Class take part. A record is kept to indicate the excellence of the respective members of the Class in this exercise.

The Junior Exhibition is held in December, at which time orations prepared by members of the Class are delivered in a public assembly.

On the first Wednesday in June the anniversary of the College is commemorated, at which time the ceremonies connected with the graduation of students and the conferring of degrees are observed by the Authorities of the University.

Societies &c.

ACADIA ATHENÆUM.—The object of this Society is the improvement of the students in debate and public speaking. The laws and regulations of the Society are subject to the approval of the Faculty. Besides its weekly meetings arrangements are made for a course of Public Lectures during each College year. The Society has under its control a Reading Room furnished with a selection of newspapers, provincial, and foreign, and other periodicals.

THE PROPYLÆUM is a Society composed of the young ladies in the Arts course. The meetings are held on Friday afternoon. The exercises consist of studies and discussions on assigned topics. Occasional public entertainments of a social and literary character are given by the Society.

COLLEGE YOUNG MEN'S CHRISTIAN ASSOCIATION.—A branch of this Society has been formed and is in a flourishing condition. At present there are about ninety members. Addresses are delivered monthly before this Society by clergymen invited for the purpose. The Executive Committee of this Association publishes, in the summer vacation of each year, a *College Hand-book*, containing a large amount of information that is useful to the students.

ACADIA MISSIONARY SOCIETY.—This Society holds public monthly meetings. Its aim is to cultivate interest in Missionary work, and especially to gain information respecting Christian Missions in foreign lands.

A large and convenient campus gives abundant opportunities for Athletic Games in the spring and autumn. There is also on the University grounds a large and well-equipped Gymnasium. From the first of November to the first of April, the students have regular gymnastic drill under the director of the Gymnasium. Ex-

perience has shown that this practice is highly conducive to the health of the students. In May of each year a public field day is held under the auspices of the Acadia Amateur Athletic Association.

Prayer Meetings conducted by the students are regularly held on Sunday morning and on Wednesday evening throughout the College year. These religious meetings have been maintained ever since the founding of the College.

All students are required to be present at morning prayers, and also to attend public worship regularly on the Sabbath. Parents and guardians are requested to give instructions as to the place of worship which they wish the students under their care to attend. Religious services are held every Sabbath in the town in connection with the Baptists, Church of England, Methodists and Presbyterians.

Special rules concerning conduct and good order will be announced from time to time as circumstances may require. It is assumed that students are in attendance for the purpose of intellectual and moral improvement, and that they will readily comply with all regulations that, in the judgment of the Faculty, are helpful in the accomplishment of this object. Inattention to study or misbehaviour of any kind will subject the offender to reproof or suspension at the discretion of the Faculty.

OFFICERS FOR 1896-97

President.—REV. G. J. C. WHITE, B. A.*Vice-President.*—HON. H. R. EMERSON*Secretary-Treasurer.*—W. R. PARSONS, B. A.*Directors.*—B. H. EATON, M. A. Q. C.

C. M. GORMLEY, B. A.

REV. W. H. ROBINSON, M. A.

The aim of this Association is not only to bind together in kindly feeling and mutual interest all who have studied at Acadia, but also to render more certain the untiring devotion of all Alumni to the interests of the University. All graduates, former students and persons interested in the University are cordially invited to become members and to aid in promoting the objects of the Association. The membership fee is one dollar per annum.

The deep interest which the members of the Association feel in the welfare of the University has of late assumed practical form in undertaking the support and endowment of a Chair in the University. This Chair, known as the "Alumni Chair of Physics," is filled by Professor F. R. Haley.

To further the purposes of the Association, a branch Society has been formed in New England, with its headquarters at Boston, Mass.

The rapidly increasing number of graduates from Acadia ought to be an ever enlarging source of support and strength to the University. It is growing more and more evident that the future wellbeing of Acadia must largely depend upon the efforts and generosity of her sons. Her ability to meet the growing demands of the times must be very nearly commensurate with the willingness of her sons to place at her disposal the means needed to insure such necessary advancement.

ELIZABETH B. HIGGINS,
FRENCH.

This Academy is under the control of the Governors of the University, and its Courses of Study will be determined by the University Senate. A special committee of the Senate is appointed to aid the Teachers in promoting the efficiency of the School. Provision is made for two courses of Study,—the College Preparatory and the English. The first is designed to give students a thorough preparation for College; the second provides a thorough elementary education for young men intending to enter some department of business. Special attention will be given to students wishing to study for the Grade B. License.

A Commodious building has been erected for instruction in Manual Training. The department is now in successful operation.

Inquiries relating to expenses and times of beginning and closing may be addressed to the Principal, Wolfville, N. S.

STENOGRAPHY AND TYPE-WRITING

The Seminary is under the direction of the Governors of the University. In its administration and classes, it is practically distinct from the other departments. A special committee of the Senate will co-operate with the Teachers in arranging the Courses of Study and determining the conditions of graduation.

Provision is made for three courses of study:—The Classical, the Literary and the Musical. A diploma bearing the seal of the University will be awarded to students completing one of these courses. The Seminary Building is situated on elevated ground and in view of the varied and attractive natural scenery of Grand Pre.

It is the purpose of the Governors to make the educational advantages of the School equal to the best in the Maritime Provinces.

The expenses are moderate.

For more particular information application may be addressed to the Principal, Wolfville, N. S.
