EVERYTHING READY FOR REGISTRATION

Sheriff Foster informs The Observer that everything is now in readiness for Registration Day—Saturday, June 22—he having just completed the task of appointing 273 registrars and deputies. The sheriff says that he has to thank not only ministers, teachers, justices and postmasters for volunteer assistance, but he has had great and most willing assistance from all the councillors in both counties.

After today the Sheriff will be at his office in Woodstock continuously until after registration day, and his time will be devoted to this matter exclusively. Any person desiring to consult with him in the work may phone or call on him.

Again it is pointed out that all who can should register before Saturday, particularly in the villages where most people can do so at any time. The operation of registering is extremely simple but it takes five minutes or more time and it will be simply a matter of impossibility for all to register if all wait until Saturday. The registrars inform The Observer that in many cases very good progress has already been made. By tomorrow night every one in the villages should have called at one of the offices and fulfilled the obligations imposed upon them by the government—a very simple obligation, but one that must be looked after.

The registration of Canada's man power is not in its self a war measure, although it has been made necessary by war conditions. It is conducted in no case by the Militia Department. The government knows far better than any individual the country-wide strain upon the man-power resources the war has brought, and that all industries, manufactures, farmers are confronted with ruin if the places of the men they have given to the war are not filled. The government feels upon itself the burden of providing the men or the women to carry on the country's work, to fill the places of the men they have drafted from useful occupations and necessary work.

Military Medal for Bravery

Mrs. Charles Carr of Fort Fairfield a few days ago received a military medal for bravery in the field, which was recently bestowed by King George upon her son, Chester H. Carr, of the 5th Canadian Mounted Rifles. This hero is only 21 years and has been in the service, one year and eight

months of that time having been in the trenches, which of course means the real thing. Surely any young man has a right to be proud of such a medal won in such a manner, and his parents have an equal right to pride in such a distinction. Mr. and Mrs. Carr and family were recently of Hartland.—Fort Fairfield Review

Sleepless Nights With Eczema

Mrs. Link, 12 Walker St., Halifax, N. S., states:—“After three years of miserable torture and sleepless nights with terrible eczema, and after trying over a dozen remedies without obtaining anything but slight temporary relief, I have been perfectly and entirely cured by using Dr. Chase's Ointment. After the third or fourth application of this grand ointment I obtained relief, and a few boxes were sufficient to make a thorough cure.”

The effort of the present government in the line of “Better Roads” is worthy of compliment. Extensive repairs are being made at present on that portion leading to the boundary, and though perhaps it may not vie with their state road it is certainly a step in the right direction. The time is not very remote when the great increase in the automobile traffic will make the establishment of a truck road throughout this section of the province a dire necessity.

A CRIPPLE FOR THREE YEARS

Held in Bed With Rheumatism Until He Took "FRUIT-A-LIVES"

MR. ALEXANDER MUNRO

R.R. No. 1, Lorne, Ont.
"For over three years, I was confined to bed with Rheumatism. During that time, I had treatment from a number of doctors, and tried nearly everything I saw advertised to cure Rheumatism, without receiving any benefit."

Finally, I decided to try "Fruit-a-lives". Before I had used half a box, I noticed an improvement; the pain was not so severe, and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

GIVE 22ND JUNE TO ALLIED CAUSE

Make no engagement for that day save the one with the Nation

Preparations are rapidly nearing completion for the spectacular task which Canada will undertake on Saturday, June 22nd—that of registering in a single day 5,000,000 men and women.

That the task is a stupendous one is best appreciated when one considers the vastness of the country and the wide stretches that are only sparsely settled. But the importance of the work is such that there can be no thought of anything but unqualified success.

In order to facilitate the work you should plan to be at the registration booth at the earliest possible moment on Saturday, 22nd June. There are a number of questions which you will be required to answer and this necessarily means that a considerable time will be required for each registrant. If there is delay it must be borne with patience, strengthened by the knowledge that the information the Government proposes to obtain is essential to a proper prosecution of the war. Make no engagement for Saturday, 22nd June. Contribute the day to the Allied Cause and help to make the

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use.

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attend the making of this great medicine for woman's ills.

Over 300,000 pounds of various herbs are used annually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs. Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

National Registration a success worthy of Canada's great war record.

Jacksonville

The writer has just received a letter from one of our Car. Co. boys at the front and here is something he has to say about the Y.M.C.A.: "We were trailing along towards the base, just leaving the Inferno of the trenches behind to have our wounds dressed. They were slight, but we were sure pitiful objects baked with mud and filth and almost famished. There were eleven beside myself and one poor fellow from Calgary we had to almost carry him. His wounds were in his head and he was dying. But I am getting away from what I wanted to tell you. Just as we were about to give up trying to get on with our comrade we stumbled right into the haven of heaven for the soldier, a 'Y.M.C.A. hut' here we were cared for in a real homey way—hot coffee, bread and clean clothes for nothing. Now that was the first 'clean up' I have had for 25 days and it sure was good, and I don't think you will find a half dozen of the boys that has seen any hard fighting but what will say the Y.M.C.A. are the noblest band of workers under the sun."

An auto party left here last Wednesday on a fishing trip to the north branch of the Guisac. Elmer Burpee, Basil Harper, Fred Mallory and Willie Altherton. They returned Thursday and report a good time and lots of trout.

Keith, the little six-year-old child of Walter Craig, was operated on at Dr. Rankins office for blood poisoning and abscesses. The little fellow is in a critical condition.

Harry Baker, Johnnie Markie, Pearley Hagerman, and Charles Hopkins were some of the boys from the neighborhood who were drafted.

Miss Floie Crane and Miss Price from Houston are the guests of the Misses Annie and Alice Hopkins.

Henry McCain who was burned out a few weeks ago and sold his farm to Everett and Hagerman has bought his own as well as the Hagerman farm.

WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that the Tablets are the very best medicine she can give her baby. They are a gentle laxative; mild but thorough in action and never fail to banish constipation, colic, colds or any other of the many minor ailments of childhood. Concerning them Mrs. J. E. Charest, St. Leon, Que., writes: "My baby cried continually and nothing seemed to help her till I began using Baby's Own Tablets. These Tablets soon set her right and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WHEN WOMEN TAKE A HAND

Many of the noblest chapters of the War are the work of women.

When disintegration began in Russia and all was black with the clouds of impending doom, the women of that sorely tried land organized Battalions of Death, and stepping into the breach, attempted by their example to stem the tide of anarchy that was sweeping over the country. The women of Canada have given abundant proof that they are as devoted to the common cause as were the women of Russia. Happily they will never be called upon to the extent of organizing Battalions of Death, but they are ready to give all that may be measured in terms of sacrifice and service.

On Saturday, 22nd June, the women of Canada, of sixteen years of age and over, will record their names and capabilities for the information of the State. They will thereby provide the Government with the information

necessary to a full use of the enormous store of energy which the women of Canada are capable of throwing into the struggle. The mothers, wives, sisters and sweethearts have already accomplished a prodigious work in the Allied cause. Registration Day will afford them the opportunity of laying the foundation for even greater and more effective effort.

CURING SKIN TROUBLES

These Are Always Due to Bad Blood Which Must Be Enriched and Purified

So many people, both men and women, suffer from skin troubles, such as eczema, blotches, pimples and irritations that a word of advice is necessary. It is a great mistake for those suffering from troubles of this kind to smother themselves with greasy ointments. Often they could not do anything worse for the greasy clogs the pores of the troubled skin and the condition becomes actually worse.

When there are pimples or eruptions, or an irritating or itching rash a soothing boracic solution may help to allay the irritation, but of course that does not cure the trouble. Skin complaints come from an impure condition of the blood and will continue until the blood is thoroughly purified. It is well known that Dr. Williams' Pink Pills have effected the best results in many forms of skin disorders and blemishes. This is due to the fact that these pills make new rich blood, and this new blood attacks the impurities that give rise to skin troubles and disperses them. Dr. Williams' Pink Pills cure skin disorders from within the system—the only sure way. Mrs. W. Ritchie, Park, Sask., says: "Two years ago I was attacked with eczema on my hands. I tried almost everything that was advised, but as the trouble was growing worse, I consulted a doctor and took his treatment for sometime with no better results. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement, and I got a further supply. I used altogether eight boxes by which time every trace of the eczema has disappeared and there has been not a single symptom of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for troubles of this kind."

It should be added that Dr. Williams' Pink Pills have a beneficial effect upon the general health. They increase the appetite and energy and cure all diseases that arise from impure blood. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

On June 23 Rev. N. Franchette will preach a sermon before Carleton Lodge A. F. & A. M. at Centreville.

CONSERVE YOUR HEALTH

LOTS OF DANGER.

GLIDING over the water like a bird in his swift but frail craft, Billy Perkins went with Sue. Sue was rather haughty. He brought the radiant miss For a teeny-weeny kiss. Some young men are just like this. Though, of course, it's naughtiness.

Sue returned him, please take note, struggled, overturned the boat (Dangerous! craft afloat!)—That was some disaster! Sue, remember, couldn't swim. And her chances seemed pretty slim. But she got a hold on him. Like a sticking plaster.

Billy Perkins rescued her. She said, "Thank'ee kindly, sir!" (Still a sticking like a burr.) Billy Perkins married. "Sweetest, sit I over me. You are now my one, best best!" Danger! She has got him yet. Yes, those two are married. —Chicago News.

The Marked Spot.

It was in the Burner Woods park last summer that a man hired a boat. For almost the entire hour that he was allowed he cruised around on the little lake and then suddenly pulled for the shore.

"I lost my watch overboard!" he shouted as he neared the landing stage. "Where?" asked the watchman. "Right here," returned the one in the boat. And, pointing to a deep cut in the side of his craft, "I cut a notch right where she went over." —Cincinnati Commercial Tribune.

Building the Gray-Dort—Putting the motor through the block-test.

A Car of Character

Motor cars have character, just as men—character of appearance, character of performance. Already the Gray-Dort has acquired a reputation for character that is fast becoming the dominant note in the Canadian motor car field.

From the day the first Gray-Dort was finished there was no question of its character of appearance. Harmony of lines and proportion place it in a motor car class hundreds of dollars higher than it is.

On the road, in the hands of owners, the Gray-Dort has backed this up with character of performance. When you buy a Gray-Dort, you buy not alone the reputation of character, but all the mechanical superiority, refinement of comfort, that have made this reputation.

The new Gray-Dort embodies all the good features that won instant success for former models. The 4 cylinder motor is a triumph of smooth, economical speed and power. The chassis is sturdy and quiet. The springs are long. The upholstery is deep. The equipment is absolutely complete from electric starting and lighting to the tools. New lines of beauty have been given this model.

The four-passenger touring car is \$1,195; the three-passenger four-de-lux roadster is \$1,080; the Gray-Dort special, beautifully finished, and with extra details of equipment, is \$1,225 above the list. All prices are f.o.b. Chatham.

THE RELUCTANT SCHOLAR.

O Mr. Willie's teachers all declare since he's getting bigger it's very strange he does not care to read or write or do anything. But Willie's father said that he has said these things through reading things that proved to be extreme exaggerations. And Willie's father said that once his heart was deeply smitten and that he proved himself a true scholar when he had written. And Willie's father further spoke and said he often remembered for hissing words that left him broken when he sought wealth stupendous. To be effectively employed with some reward should be entered and prudent moderation. And that is why his father, kind Willie's father, "The Scholar," observed: "He has a cautious mind. I have great hopes of Willie."—Washington Star.

Out of the Mouths of Babies. Miss discovered a spider web on a small turn. "Oh, mamma," she exclaimed, "here's a big bug in his hammock!" While eating dinner Miss was nearly choked by a spider he encountered in the leg of the children. "Mamma," he said, "look forgot to take the hen's parts off." "Mamma," said little Nellie, "I can always tell when papa has finished his meal." "Why, how can you tell?" asked her mother. "Cause there ain't nothing more left on his plate," was the reply. The Sunday school class was singing "I want to be an angel," and the teacher said to one little fellow who was silent, "Why don't you sing, Willie?" "Cause I don't want to be an angel just now," was the reply.—Kansas City Times.

Something Lacking. "Didn't you say," demanded the young man of the captain, "that this ship was equipped with all appliances for human safety?" "I did." "Then how does it happen that I now find myself engaged to a lady I did not know when the vessel left her pier?"—Chicago Tribune.

Faced the Truth. "George," said the wife to her generally unappreciative husband, "how do you like my new hat?" "Well, my dear," said George, with great candor, "to tell you the truth"—"Stop right here, George. If you're going to tell that war about it I don't want to know."—Pittsburgh Chronicle-Telegraph.

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief—Tells How Complete Cure Was Effected.

There are reported here three cases of chronic piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is about the only real cure for this distressing ailment. Mrs. A. Baker, 34 Guilford street, Rochester, N.Y., writes: "I have used Dr. Chase's Ointment as a household remedy for over 10 years, and am particularly indebted to it for a cure from piles. I had suffered from this annoying trouble for ten years, and tried nearly everything I knew of. After using Dr. Chase's Ointment a short while I was completely cured." Mrs. Wm. Shantz, 115 Albert street, Kitchener, Ont., writes: "After several years I was troubled with bleeding piles. I tried different remedies for relief without success. I read in Dr. Chase's Ointment of the benefits other people were receiving from Dr. Chase's Ointment, so I sent to your office for a sample box. I found it gave me such relief that I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from it than any remedy I have ever used."

Mrs. F. Casson, Victoria street, Inverness, Ont., writes: "About two years and a half ago I was suffering from piles. I had tried many different remedies for this distressing trouble, but nothing helped me. Finally I got a box of Dr. Chase's Ointment, and after using it found that I was completely cured and have not been bothered in this way since. I can cheerfully recommend Dr. Chase's Ointment to anyone suffering as I did." Dr. Chase's Ointment, 60 cents a box, is all dealers or Edmundson, Baker & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for piles.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

'TIS A TALE OF SORDID GRAFT.

Moses Harper, who isn't in on it, in-
veighs against the baleful influence
of the Circus Poster, but He Takes
Back All He's Said.

By M. QUAD.

(Copyright, 1918, by Associated Literary
Press.)

MY Dear Mr. President—As the
town of Jericho elected you
by a majority of seven votes,
and as it will have much to
say whether you get a second term or
not, it will be wise for you to post
yourself a bit about the people.

It was Moses Harper who began it.
Some told him that a circus adver-
tising agent was slowly but surely
approaching the town of Jericho, and
he let it be known that he would
show up at the postoffice in the even-
ing and have something to say to in-
terest the town of Jericho. The
crowd was bolder in its breath when he
showed up. Moses put his spectacles
on and said:

"Citizens of Jericho—The town has
sounded, and we are here tonight to
counsel together in the cause of moral-
ity. Last year, as most of you know,
Jonas Teachout, whose barn faces the
highway a mile outside of this town,
allowed the circus wagon to come by
pictures on three sides of the build-
ing. How many tickets for the circus
he got has nothing to do with the ques-
tion. What I'm saying is that these
pictures, in my solemn belief, shocked
the morals of this community far
more than if ten saloons had been
opened. The circus wagon is again
creeping along its insidious way, leav-
ing in the blight of destruction in its path,
and if something isn't done Jonas Teach-
out's barn will again be swamped in
the slumber of vice and degeneracy."

"It appears to me," said Deacon
Spoon, "that a pint has tin made
I'd like to hear from Elias Latham."

"I ain't blamin' Jonas 't all," said
Elias. "He got twelve deadhead tick-
ets for the use of his barn, and I don't
believe anybody was the wickeder fun
it. Did my wife run away from her
husband because of them pictures?"

"That's a pint, I says; it's a pint!"
exclaims the deacon as he hustles about

"CITIZENS OF JERICHO."

"I ain't sayin' that any families was
busted up," continues Moses, "but I'm
talkin' 'bout the general influence or
general morality. A circus picture
suggests lemonade and peanuts and
whisky and poker and beer out late
nights. They are like pizen ivy. I
hope this meeting and this community
air with me."

"Bless Williams," says the deacon,
"you drive by that barn twice a day all
summer. How did them pictures affect
you?"

"Not much different from a husk-
in' bee," said Moses. "I didn't feel no
feelin' of wickedness stealin' over me.
I'm thinkin' that hard elder has more
general influence than circus pictures."

"It's a pint," shouted the deacon.
"It's a pint," shouted the deacon.
"It's a pint," shouted the deacon.
"It's a pint," shouted the deacon."

"Of what use?" says Moses. "Wasn't
Sodom warned? Did Sodom heed it?
When vice stalks rampant through
every household in Jericho and inno-
cence is driven to the fields to sit un-
der a blackberry bush and weep, then
remember what I have said here to-
night."

"I'd like to hear from Lash Billings
on this matter," says the deacon.
"It's purty late," says Lash.

"How purty late?"

"Jonas has rented his barn ag'in and
got twenty-one tickets, and here's one
he give me."

The meeting stood appalled, and
then Deacon Spooner says:
"Jonas has got twenty tickets left,
and that means he has sixteen more
to give away outside his family. Fel-
low countrymen, do you take it this
meetin' has pleased itself?"

"No, no, no!" shouted the crowd.
"Then I'm offerin' the followin' reso-
lution: Resolved, That circus pictures
on a barn may or may not affect the
moral standard of a community, but
we are willin' to chance it this year.
All in favor or agin will manifest it
in the usual way."

The resolution was carried with a
whoop, and the crowd plied out to
look for Jonas Teachout and beg for
deadhead tickets, and Moses Harper
wasn't one of the last!

Farewell Party and Presentation for Mrs. F. T. Atkinson

At East Florenceville on the evening of May 10 the friends of Mrs. F. T. Atkinson gave her a farewell surprise party and presented her with a club bag and a beautiful silk parasol. The presentation was made by Mrs. Roland Semple and the address read as follows:

Dear Mrs. Atkinson: Knowing that you will soon be leaving East Florenceville, your friends have gathered here this evening to express their regret at your departure.

Since coming into our midst more than seven years ago you have shown a profound interest in all work for the benefit of human good and one and all believe you have ever kept fresh and green in your heart the golden rule, "Do to others as you would have them do to you."

When you leave East Florenceville you will leave behind you a very pleasant memory which is worth more to your friends than gold. Would you, dear Mrs. Atkinson, accept these small tokens from us?

Their value, we know, is not great but we can assure you, you will find them girded with good will and affection. Take them with you and may these simple gifts have their meaning and ever serve to remind you of the appreciation of your friends here.

One of refined mind has said, "I'm not the sphere in which we dwell but living nobly that will tell," and it means something in this life to avoid that which tends to make us hard and cold and live nobly.

In conclusion we wish you a very happy and prosperous life in your new home in the city of Fredericton. While you remain there may your true, womanly honor win for you the love and esteem of all as it has done here.

Mrs. Atkinson made a brief but fitting reply. After the presentation luncheon was served which consisted of sandwiches cake and coffee. The party broke up at 11:30. Mrs. Atkinson and family left by express for Fredericton on May 24 where they will reside in the future.

Heartless Pair Deserts Their Children

About February 21 a man named Armour and his wife, living at Bristol, deserted their three children, whom they left in the house with scarcely anything to eat and no fuel. They were away two days before the authorities were aware of conditions. The children were taken by the poor committee and have been well cared for since. One child is a cripple. The runaway pair were located in Carleton Place, and on Saturday the man ventured over the line and was promptly arrested and is now in the county jail. It was expected that the woman would follow and a sharp lookout was kept for her. Monday she came down on the train from Hartland, which point she reached by auto. Sheriff Foster was on the train and strangely enough rode up town in the same coach with the woman who told him she was looking for Sheriff Foster. The genial Sheriff not knowing the lady, inquired her name and she replied "Armour and I am down to get my husband out of jail." The Sheriff and his fair passenger went directly to the county hostelry where he politely informed her that he would have to place her under arrest and the pair are now county boarders awaiting the next move of the authorities.

(The above parties were sent to Bristol for preliminary hearing before Stipendiary Magistrate Noble, who gave them each a suspended sentence of six months in jail. They are to care for their family and report the first of each month to the Sheriff.)—Sentinel.

One Know Means.
A young lady took down the receiver and discovered that the telephone was in use. "I just put on a pan of beans for dinner," she heard some woman complacently informing another.

She hung on the receiver and waited. Three times she waited, and then, exasperated, she broke into the conversation. "Madam, I smell your beans burning," she announced crisply. A horrified scream greeted the remark, and the young lady was able to put in her call.—Philadelphia Ledger.
