Around Town.

FAT CATTLE—Mr. J. L. Black last week sold 3 7 head beef cattle to Mr. Henry of Halifax. One can go forward Tuesday next, and balance 10 days later.

A FREAK—Mr. J. L. Black has a Jersey calf, dropped a few days ago minus the tail. It is well formed in every other particular and does not appear to miss the rear attachment.

HIGH TIDES—The high tides of last week did some damage to the dykes around Wood Point. In No. 10 body the dyke was broken and the marsh flooded. Repairs will be made next week.

MONUMENTS—Messrs. H. J. McGrath & Co. of Dorchester announce to the public in another column that they have reestablished their marble works in the shire town and ask for a share of the patronage. Messrs. McGrath recently imported a carload of extra fine marble from the famous quarries at Rutland, Vermont.

NEW PLATFORM—The old platform in front of Music Hall Block has been replaced by a new one. A step has been placed along the entire length making the platform more accessible from the roadway. Other portions of the town are badly in need of like attention.

LAWN TENNIS—There was an average attendance of members at the Lawn Tennis club meeting on Friday afternoon. The usual business was transacted. Joseph Wood, Esq., M. P. was elected President, W. B. Dixon, vice-pres., A. V. Smith, Secy-Treas.

The fees were placed for gentlemen, \$2.00 lady 50 cents. The courts have been put in order and are ready for playing.

ACCIDENT—On Sunday of last week while Nelson Lawrence was feeding stock in his barn he fell off a scaffold to the barn floor a distance of about eight feet, and was seriously injured. He went out as usual to do the barn work and not returning, Mrs. Lawrence went to see where he was and found him lying unconscious on the floor. He has been confined to his bed since.

STOCK NOTES—C. B. Herriot recently purchased on the Island a five year-old dappled-grey gelding, by French Lion, out of a Gladstone mare. It shows a stylish and speedy get.

Mr. A. B. Ester, Amherst has two fancy youngsters in his stable. One is a bay colt by Sir Nutwood, 5176 out of Charlotte, and the other a bay filly, Peter Blair, out of Ravella Wood, by Ravella 2233.

CELEBRATION—On Sunday next Rev. Donald M. Bliss will complete forty years service as rector of the parish of Westmorland. A special service will take place at the Westmorland church on that day, at which a number of the neighboring clergy will assist. The Rev. joins Mr. Bliss' congregation and many friends in congratulating him in attaining so patriarchal an age in the church, who are all rejoiced to find Mr. Bliss' health, after his services and prolonged illness of last winter, quite restored and able to attend to his accustomed duties.

THREE OF A KIND—In the issue of the Post last week mention was made of a case in which a man had allowed his cattle to starve to death. There was but one case in mind when the article was penned, but it appears to have fitted the case of two other persons in the vicinity.

During the week a letter has been received asking for particulars, as the writer had been openly accused of being the subject of the article, and two verbal inquiries have been made by persons who have been pointed out as the subjects and who do not relish the distinction. We were not aware that there were three men guilty of starving their cattle or fuller details might have been given.

SOFT ACT—To-morrow two cases of infringement of the Scott Act against Henry L. Robinson of Shemogue comes up before Stipendiary Magistrate. It will be remembered that Robinson who is somewhat deformed and unable to work was convicted on a like charge some time ago, and considerable feeling was worked up out of the alleged ill-treatment he received in his conveyance to the jail by the constable. This case is the outcome of complaints made to the Inspector by persons living near his place. The Baili Verre Vendor case is probably ended. One term of the Supreme court has passed and no order has been issued and it is doubtful if an order will be issued now.

MT. ALLISON NOTES—Miss Landers, Professor of elocution at the Ladies College has been offered the position of examiner in reading at the Normal School, Fredericton, and will probably accept. The duties do not begin until June 1st.

The members of the gymnasium class gave a private exhibition in the gymnasium on Saturday afternoon. A programme of exercises consisting of calisthenics, parallel, high and low bar work, ring feats, club swinging, vaulting and tumbling was gone through in admirable style by the large class. The work in this department is very thorough and the marked efficiency on the part of the members reflects considerable credit upon Mr. H. E. Huestis, instructor.

Rev. Mr. Lugen of Halifax Co., graduate of the Wesleyan Theological College, McGill, Montreal, and member of the Montreal conference, preached in the Methodist church Sunday evening.

The concert in Beethoven Hall on Tuesday was thoroughly appreciated by the audience. Miss Mack's singing as usual was much admired and the instrumental numbers by Misses Crompton, Fawcett and Johnson were rendered in a most favorable manner. The authors interpreted were Weber, Mendelssohn, Shumann and Chopin.

Westmorland Point.

The bay has begun to present a lively appearance, from the number of lumber laden craft that are passing down, showing that the Nova Scotia mills are doing a booming business. We are pleased to understand that lumber is likely to bring a very satisfactory price during the summer.

Rev. D. M. Bliss, who has been confined to his house the most part of the past year, was able to hold services on Sunday last. He hopes to be able to continue his appointments regularly during the warm weather.

The gaspereux fishermen have given up in despair. There has not been a parallel in the scarcity of these greatly sought fishes within the memory of the oldest inhabitant.

Judging from present indications and the whispering of Dorchester, there is likely to be some very interesting events in the close vicinity of "Pleasant street" before the close of the next approaching season.

Martin Lowerson Esq. our genial townsmen and merchant, finds his business the brightest for some years. Mr. Lowerson by his straight-forward and unquestioned dealings has made himself generally popular.

Our school is in the best running order perhaps that it has ever been, with Miss Turner and Miss Fillmore as teachers. We trust the children will appreciate the benefit of a well conducted school, and find the advantage of having such good teachers as the district was so fortunate in securing.

Mrs. D. R. Priddle of Amherst has been spending a few days with her relatives at Point View.

Miss Anna Fillmore who has been teaching at Amherst Point has returned home, her term having expired. We understand she has not as yet decided to teach the coming term.

Pt. de Bute.

At a meeting held in the Methodist church here on Monday last, at which the Rev. Mr. Lucas, field secretary of the N. B. S. Association was the principal speaker, a parish association was formed with the following officers: W. C. Fillmore, president, Edmund Goodwin, secretary-treasurer; Committee: Wm. Tagley, and W. M. Spencer.

The association is to hold its first meeting at Bala Verre in the latter part of June.

The social at Warden Ester's Tuesday evening passed off very pleasantly. The attendance was large. The financial part of the arrangement was very successful.

Mr. James Ester is suffering from an injury to his leg. He is confined to the marsh one day last week and in stepping on the drag, while the horses were moving, his foot went through to the ground and he was badly hurt. The doctor reports it worse than a break.

Bayfield.

Weather has been dry but is dampening now.

We are sorry to report the death of Mrs. John King; she was taken to the Island for interment.

The Bayfield Orchestra held a very successful concert on the 30th.

The farmers are beginning their spring work.

The fishermen are putting out their lobster traps.

We have commenced work at the Breakwater, putting bottoms in bows.

Dorchester.

Hon. Judge Landry is building an addition to his residence, to be used as a dining room.

Rev. C. F. Wiggins, of Sackville, held a service in Trinity church on Sunday evening, the first of Mr. Campbell's departure for Virginia. He will hold service here again on Sunday afternoon next, as Mr. Campbell is not expected to return until after that date.

Services were conducted in the Presbyterian church on Sunday by Rev. Mr. Munro, of Cape Breton.

Judge Hannington returned on Saturday from Fredericton, after his absence for the past three weeks attending Term.

Miss Laura Shreve returned on Saturday from Boston, where she has been successfully studying at the Conservatory of Music.

Judge Landry has also returned from Kent county, where he has been presiding at the session of the county court.

The low ground beside the court house which has always been unpleasantly muddy and sometimes impassable during wet weather, has recently been filled in with stone and earth.

The hotel project has now been definitely abandoned, as every one knew it would be from the first. It furnished an interesting topic for conversation for a time, however, which is the most we ever expect from our Dorchester enterprises.

A meeting of the lot-owners of the Dorchester cemetery was held yesterday to take steps for the improvement of the property, which has lately been largely neglected. Messrs. M. B. Palmer and Walter Dobson were appointed a committee to take charge of the matter.

Warden Foster has had telephones put in his residence and the prison office, connecting with the instruments at the goal, and thence with Moncton, Amherst &c.

The project of establishing an exchange here has already been talked of and it is thought it is a very desirable and progressive community, without doubt, and it ought to be a source of great wonder that the place is going down.

To the Public.

I have had I believe a larger experience in selling fertilizer than any other Sackville man, and during that time different manufacturers of fertilizers—some a large company of St. John—have offered me the handling of their goods. But as I failed to see that the acceptance of any such offer would place me in a position to give any better value to customers for their money, I continue to sell the reliable goods manufactured by Jack & Bell of Halifax. I believe them to be the best in the market.

F. A. DIXON, Sackville.**Sunshine in the House.**

"I'm weary with work!" the good wife sighed;

"But after all," she said, "it's sweet to labor for those we love."

No wonder that maids will wed."

A wise housewife lightens her toil and gladdens the home circle by her cheerful labors. But health is the first requisite for the use of Dr. Pierce's Favorite Prescription, which repairs the ravages caused by the peculiar diseases which afflict womanhood. It enriches the blood, cures the cough, increases the flesh, prevents hysteria, nervousness and low spirits, and is a veritable fountain of health to woman, young and old. Satisfaction, or the price (\$1.00) refunded. Of druggists.
