PUBLIC ACCOUNTS

OF THE

DOMINION OF CANADA,

FOR THE

FISCAL YEAR ENDED 30TH JUNE,

1869.

Printed by Order of Parliament.

Ottawa :
PRINTED BY HUNTER, ROSE & COMPANY,
1870.

To *His Excellency the Right Honorable* SIR JOHN YOUNG, *Baronet,*
Governor General of the Dominion of Canada, &c., &c., &c.

MAY IT PLEASE YOUR EXCELLENCY :—

The undersigned has the honor to present to Your Excellency the Public
Accounts for the Dominion of Canada, for the year ended 30th June, 1869.

All which is respectfully submitted.

F. HINCKS,

Minister of Finance.

OTTAWA, March, 1870.

BOARD OF AUDIT,

March 14th, 1870.

TO THE HONORABLE SIR FRANCIS HINCKS, C. B., K. C. M. G.,
Minister of Finance.

The Board of Audit has the honor to submit the Public Accounts for the financial year, 1868-9. There are some changes in the form in which they are prepared, to which it is desirable to call attention.

Formerly, the practice was only to charge in the expenditure of Consolidated Fund the amounts which had actually been paid during the year in cash, or through some of the Banking Accounts. The interest on the Trust Funds which had accrued during the year was charged in the statement of Consolidated Fund, No. 2. In Statement No. 3, the cash expenditure chargeable on Consolidated Fund was alone given, and the expenditure on account of the Trust Funds was shewn under the heads of the several open accounts. Had the interest been charged under the head "Interest on Public Debt," and credited to the Fund, and had the Fund been then charged with its expenditure, the effect would have been to increase both the nominal receipts and expenditure, which, as long as Statement No. 3 professed only to give the cash transactions, would not have been desirable. Before Confederation the Trust Funds were so numerous, that a contrary practice would have introduced upwards of \$500,000 annually into both sides of the account, which did not represent any actual cash transaction. Since Confederation, however, the Trust Funds have been very much reduced. The Common School Fund, the Upper Canada Building Fund and the two Education Funds, which belong exclusively to Ontario and Quebec, will in future years disappear altogether from our accounts, and will be treated as deductions from the debt of the two Provinces. They are only left in the Statement of Affairs of the present year, because the whole question of that debt and its apportionment between Ontario and Quebec is as yet undecided; but the interest upon these funds is treated this year, as it will be hereafter, as a deduction from the interest payable on the excess of debt. Two other large accounts, those of the Compensation to Seigniors and Seigniorial Indemnity to Townships, which used to be treated as Trust Funds, are now included in the general debt, and are treated like any other liability of the kind. There remain therefore of the Trust Funds only the Indian Fund and the small Fund for Widows' Pensions and Uncommuted Stipends, which remains temporarily in the hands of the Dominion, and the interest on these is charged as interest on Public Debt and credited in the receipts of the Funds.

It has been thought desirable to introduce another change in the method of charging the interest on Public Debt. Instead of charging the interest as paid, the whole interest accrued is entered under that head, any difference between that and the actual payments during the year being entered to the debit or credit, as the case may be, of an open account called Unpaid Dividend Account.

The charge for the Subsidies has required revision, not only on account of the new arrangement with Nova Scotia, which dates back to the commencement of Confederation, but

also on account of the uncertainty which still exists as to the amount of the debt of the late Province of Canada, and consequently of the interest to be deducted from the subsidies of Ontario and Quebec. In the accounts of 1867-68, the amounts actually paid to the Provinces were given under that head, but as this very inadequately represents the sums payable to them on that and other accounts, it was thought desirable to revise the manner of stating the account. Assuming then the debts of the Provinces as they now stand in our books, the amount which would be payable on account of subsidy is charged under that head, and the difference in the case of Nova Scotia is credited to it; and in the case of Ontario and Quebec, as the subsidies appertained to each are not as yet known, an account called Ontario and Quebec Subsidy Account is credited with what cannot be divided, and the two Provinces are credited with the remainder, and they are charged with everything which has been paid to them.

In consequence of these two important changes in the method of stating the account, it has been thought advisable, for the purposes of comparison, to reconstruct Statement 3 of 1867-8, as it would have stood if the present system had then been introduced. We give the statement for the two years in an appendix to this report; but it must be remarked again here (a fact to which we called attention in our report of that year) that as a strictly comparative statement both the receipts and expenditures of 1867-8, and especially the latter, are understated; because some of the accounts will always run over from one year into another, but as the Provinces in 1867-8 were charged with all such arrears, nothing from 1866-7 is included in these accounts, whilst a considerable amount of what properly belonged to 1867-8 appears in the accounts of 1868-9. Taking Canada alone and deducting all those services which now belong to the individual Provinces, the amount of which is now Dominion expenditure, paid in 1867-8, but not included in the accounts of the Dominion, was \$1,052,736.57, and the similar arrears of receipts were \$484,841.15, so that for purposes of comparison the deficit of Consolidated Fund in 1867-8 should be increased by \$567,895.42.

In the year 1867-8 the sum of \$22,819.10, gratuities to officers of the Senate, was charged against the Province. This charge has since been reversed, and the expenditure is now included under the head of Legislation in our amended statement; but there is no Parliamentary authority for the change, and it appears necessary to call the attention of Parliament to the fact.

An unprovided payment has occurred during the year 1868-9 on account of Customs. The warrants as signed were considerably below the appropriation, but when the accounts of the Collectors came to be examined, it appeared that they had expended sundry sums out of receipts and charged them in their accounts. It is evident that, unless the rule is strongly enforced that all receipts are to be paid in to the Receiver General intact, it will be impossible for the Auditor to prevent an expenditure in excess of the Parliamentary authority.

It appears very desirable that there should be a complete revision of the Statement of Affairs, in which there are many obsolete accounts; and many classes of Public Works, which have always been kept as open accounts in the books of the late Province of Canada, whilst in Nova Scotia and New Brunswick they have not been so treated. The assets there-

fore of the Dominion, as they now stand in our books, very inadequately represent the real state of affairs. The Auditor has made a report to you upon this subject, and we would suggest that during the present Session it may be brought under the notice of the Committee on Public Accounts, in order that a complete revision may take place by competent authority. In the meantime, we have made no alteration in the several items as we found them, excepting to reverse the entry of interest charged the Grand Trunk and Northern Railways in 1867-8, so as to leave the accounts as they stood at Confederation.

In consequence of the sudden enlargement of the business of the country since Confederation, and the introduction of many new sub-accountants, considerable delay has occurred in the preparation of the Public Accounts for the last two years; but the Board has established certain rules for the management of the business for the future, which they believe will effectually prevent the recurrence of such an inconvenience.

All of which is respectfully submitted,

JOHN LANGTON

Auditor

NOTE.—Alterations have from time to time been made in the population and consequent distribution to the several Municipalities from amended Returns furnished by the Department of Agriculture and Statistics. As by the O. C. of the 30th April, 1867, the revision of these Returns is to be made final July 1st, 1870, in the Accounts of that year a full statement of these alterations and of the distribution as revised will be given.

JOHN SIMPSON,
Assistant Auditor.
