Factory and Salesroom, No. 1 QUEEN STREET.

Grand Diet of Worms!

DISSOLVED BY

WATSON'S

SCHOLEDION

Which is offered to the public as a perfectly safe, pleasant, and efficacious EXPELLER OF WORMS from the human system.

As this preparation contains no mineral ingredient, the administration of it to young children is not followed by the dangerous, and—in many cases—fatal consequences resulting from the use of many of the Vermifuges at present before the public.

A compliance with the directions accompanying this, will prove that it deserves the character claimed for it above; while the promptness and painless character of its action render it the cheapest and safest remedy for worms hitherto discovered.

DIRECTION.

A child, from 6 months to 1 year may take 1 stick.
 " " 1 year " 2 " "
 " " 2 " " 4 " "
 " " 4 " " 6 " "
 " " 6 " and upwards " 5 to "

To be given at night, on going to bed, and on getting up in the morning, fasting for three hours after. Two or four doses, according to symptoms, will ENTIRELY eradicate every species of worms.

Charlottetown, 21st Sept. 1869.

W. R. Watson, Esq., has informed me of the composition of his "Worm Candy," and I can unhesitatingly recommend it as a safe and efficacious vermifuge.

JAMES N. FRASER, M. D., L. R. C. S. E.

Having prescribed "Watson's Scholedion" in a large number of cases, in which Worms were indicated, we have much pleasure in stating that we consider it a very safe and efficient form of Anthelmintic.

Messrs. JENKINS & BRINE, Physicians and Surgeons.

Charlottetown, Sept. 22, 1869.

Summerside, August 10th, 1869.

DEAR SIR,—I shall feel obliged by your making known, for the benefit of others, my opinion of your "Scholedion." The use of it in the case of my infant child has satisfied me that it not only merits the character claimed for it in your advertisement, but also that the advertisement does not do adequate justice to a most valuable remedy.

Yours truly,
 WM. M. HOWE.

WATSON'S

CONDITION POWDERS,

—THE—

BEST IN THE WORLD

For Preserving good health and prime condition in

Horses, Cattle, Sheep and Pigs.

These Powders purify the blood, loosen the Skin, allay Fever and Inflammation, cure Coughs, affections of the Throat and Founder (if resorted to immediately.) They expel Worms of every description, and in fact are beneficial in all diseases of Horses and Cattle.

For Horse Distemper.—One of these Powders given in the first stage prevents Fever, and hastens the discharge; and after the running begins to subside, one more should be given to carry of all humors and leave the glands of the throat healthy.

DOSE—A Tablespoonful Night and Morning in a Bran Mash, or soaked Oats. To Colts under two years old, half the quantity should be given. In the case of spasms whether caused by Bots, Colic, or Stoppage of Water, repeat the dose every half hour, until relief is obtained. The same dose may be given to Cows after calving.

EXPLANATIONS

AND

Principal Articles of the Calendar for 1879.

EXPLANATIONS.

All the calculations are reduced to the nearest minute, local mean time, for Charlottetown, with the exception of the equation of time, and the Sun's right ascension and declination, which are given for the instant of apparent noon.

If it is required to find either of these latter data for the time of mean noon, multiply the change in the succeeding 24 hours, by the equation of time reduced to seconds, divide by 86400, and add the result, if the sun is fast of clock; subtract, if slow. If the Sun's declination, whether north or south, is decreasing, add when the sun is slow, subtract when fast. Example:

To find Sun's right ascension and declination at mean noon on the first of January.

Equation of Time—Sun slow 3' 50.23" = 230.23

Rt. Ascen., Jan. 2, 18° 52' 0.81"	Decln., S., Jan. 2, 22° 53' 47.0"
1, 18° 47' 36.04"	1, 22° 59' 8.9"
24 hours change, $\frac{4' 24.77'' = 264.77}{230.23}$	$\frac{5' 21.9'' = 321.9}{230.23}$
86400) 60957.9971	add 357
Subtract 705	

Apparent Noon, Jan. 1, R. A., 18° 47' 36.04"	Decln., S, 22° 59' 8.9"
705	857
Mean Noon, $\frac{18° 47' 35.33''}{22° 59' 9.8''}$	

The Sun's apparent semi-diameter for every day throughout the year is given in a table on page 21.

The bearing of the Moon, at the time of its changes, is given for the purpose of assisting or testing weather forecasts.

The days of expected atmospheric disturbance are those on which the moon, in its orbit, crosses the equinoctial line, or attains its greatest north or south declination. When these days fall close upon—within two days—the time of Moon's change or perigee, the disturbing influence on the atmospheric tides is proportionally increased. These cases are marked ** or *** according as two or three of these influences are combined, and the closer these times agree, the stronger and more certain is the disturbance to be expected.

Orders from Prince Edward Island for anything in my line will be punctually attended to.

[1879.]

PLANETS.

MERCURY.—Apparent motion will be alternately retrograde and direct, when he will be stationary to the west or the east of the Sun, January 4, W.; April 4, E.; April 29, W.; August 10, E.; September 2, W.; November 30, E.; December 20, W. The most favourable time for finding this planet is when he is at his greatest elongation from the Sun toward the east, when he may be seen in the western sky shortly after sunset, this will be about March 29, July 26; or low in the east before sunrise about Sept. 22, and December 29. He will be in conjunction with Jupiter on the 20th of February, with Saturn on the 15th of March.

VENUS.—Motion direct till August 31; retrograde till October 12; afterward direct to the end of the year. She will be in conjunction with Jupiter on the 23rd of January, with Saturn on the 1st of March, and occulted by the Moon, 24th of May, 20th of August and 13th of October, the only planetary occultations of the year, but not visible at Charlottetown.

MARS.—Motion direct till October 7; retrograde till December 16; then direct to the year's end. He will be in conjunction with Jupiter on the 9th of May, with Saturn 30th of June, when the two will approach so near as to appear as one star, but the planet will not rise till about midnight, by which time they will have parted a little. He will be in conjunction with Neptune on the 13th of August, Neptune being about a Moon's diameter to the north of Mars.

The cut on the opposite page shows the apparent path of Mars during part of the year, also its three remarkable conjunctions.

The oblique line represents the Ecliptic. The dotted line the path of Mars.

The stars shown on the diagram are the four forming the great Quadrangle of Pegasus, viz.; Almaach, Scheat, Algenib and Markab. To the left (on East) are the first two stars of Aries, below which, towards the South, is Mira (Ceti), remarkable for its variations, appearing during fifteen days, as a star of the 2nd magnitude. For five months it is totally invisible, while six months are occupied by its gradual increase and decrease. The entire period of these changes being 331 days, 15 hours and 7 minutes.

JUPITER.—Motion direct till July 2nd; retrograde till October 29th; afterward direct to the end of the year. In conjunction with the Sun February 8th; in opposition, August 31st. Range of motion, 31° in Aquarius.

SATURN.—Motion direct till July 29; retrograde till December 13th. In conjunction with the Sun, March 26; in opposition, October 5. Range of motion, 17° in Pisces.

URANUS.—Motion retrograde till May 9; then direct to the end of the year. In opposition to the Sun, coming to the meridian

June 21

August 10

at midnight, February 10, when it may be found at the same altitude as Regulus (cor. Leonis) about 4° toward the east. Range of motion 84° in Leo.

NEPTUNE.—Motion retrograde till January 17th; direct till August 15; then retrograde till the end of the year. Range of motion about 5° in Aries.

ECLIPSES.

There will be three Eclipses during the year; two of the Sun and one of the Moon, but all invisible at Charlottetown.

I. An annular Eclipse of the Sun, January 22, Greenwich mean time of conjunction, 11h. 45m. 56sec., a.m., only visible at the southern parts of South America, Africa, Arabia and Persia.

II. An annular Eclipse of the Sun, July 18, Greenwich mean time of conjunction, 9h. 8m. 9sec., a.m., visible to South Europe, Africa and India, the central line passing across from Sierra Leone to entrance of the Red Sea.

III. A partial Eclipse of the Moon, December 28th, Greenwich mean time of Opposition, 6h. 28m. 48.5sec., p.m.

TIDE TABLE.

The time of High Water at Charlottetown is given for once in the 24 hours. By taking the mean of the tides, as marked on two successive days, the time of the intervening tide may be readily found, as for example:—

Afternoon tide, February 1	5h 21m
" " " " 2	6 38
<hr/>	
(2)	11 59
<hr/>	
Morning tide, February 1	6 59

ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME is prepared with the finest Cod Liver Oil,—one of the most esteemed remedies in the catalogue of the "Materia Medica,"—Lacto-Phosphate of Lime, which enters so largely into the formation of bone material and other important tissues of the body,—Phosphorus, the great brain and nerve tonic and invigorator, in a form and combination most desirable to obtain its fullest effects, together with other valuable remedial agents, not the least of which is Iron, the great blood producing element. These are all intimately combined in one demulcent fluid of

in those low states of the system that manifest themselves in so many of the ailments peculiar to their sex. To the aged and infirm its nourishing and invigorating properties will give renewed strength and buoyancy of spirit; and to very young children its continued use will be found of incalculable benefit, as its tonic and nutritive properties supply the blood with strength-giving materials for bone and muscle structure, and thus furnish the foundation for strong and healthy constitutions. It is very pleasant to the taste.

Prepared solely by J. H. ROBINSON, Pharmaceutical Chemist, St. John, N. B. and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

THE VITALIZING NUTRITIVE—TONIC QUALITIES of Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime would indicate its great value as a Restorative and Invigorator, in that low condition of the system prevailing in patients recovering from Diphtheria as well as Fevers, especially those of a Typhoid character; while, if taken when the premonitory signs of lassitude and weakness appear, it would have a tendency to prevent the attack, or lighten and shorten its duration. The cases in which it has been used fully bear out this hypothesis. It stimulates the enfeebled powers, and builds up and gives fresh life and vitality to the whole system. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

IN THIS PRESENT AGE, when the life-battle is so fiercely fought, and when upon even the strongest the tug and stress of it tell so heavily, how necessary it becomes for us to provide for the keeping up of our reserve stock of *mental and physical stamina* by the use of such a *nerve-tonic and vitalizing agent* as ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME! Its gently stimulating and nutritive-tonic properties supply the materials, and assist Nature in her efforts to keep up with the exhaustive demands upon her reserves. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

Mr. George Sewell, of Memramcook, N. B., writing from Moncton, under date of May 7th, 1878, says:—Mr. J. H. Robinson, St. John, N. B.—Dear Sir:—In January last I came to Moncton from Memramcook to consult a physician, as I was in the last stages of Consumption. When I arrived here I had to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case hopeless; that I might live a week or two, but certainly not more. As a last resort he recommended Robinson's Cod Liver Oil with Lacto-Phosphate of Lime.

I purchased a bottle and after taking the first dose I commenced to improve. It seemed, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would have been in my grave to-day. You are at liberty to use this in any way you wish, as I am anxious to let others, who are afflicted in the same way, know, in the hope that they too, may receive the same benefit.

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime, is prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B. For sale by Druggists and General Dealers. Price \$1 per bottle, six bottles for \$5.

A LEADING MEDICAL AUTHORITY says:—Consumption is essentially a disease of degeneration and decay. So it may be inferred that the treatment for the most part should be of a sustaining and invigorating character—nutritious food, pure, dry air, with such varied and moderate exercise in it as the strength will bear, the enlivening influence of bright sunshine and agreeable scenery, and cheerful society and occupation, aided by a judicious use of medicinal tonics and stimulants, are among the means best suited to restore the defective functions and structures of frames prone to decay."

Robinson's Phosphorized Emulsion of Cod Liver Oil and Lacto-Phosphate of Lime by its gently stimulative and nutritive tonic properties is adapted in an eminent degree to this office of restoring the "defective functions and structures," as the number of cases in which it has been so successfully used, together with its short record of a few months that has placed it in the foremost ranks of proprietary remedies will fully testify.

better in every way ; am stronger ; can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person.

The above are facts, and believing that ingratitude is one of the unpardonable sins, I feel it a duty to tell you of what, under a kind Providence, your preparation has done for me. Wishing you every success, &c., &c.

WEAK AND SICKLY CHILDREN, with their pinched features and emaciated forms appeal strongly to the best sympathies of everyone. Yet, our sympathies are of but little benefit unless they take a practical form, and the sufferings from both Mental and Physical Debility be relieved by administering some such strength-giving medicinal and nutritive Blood and Brain food as *Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime*. It aids the process of digestion and assimilation, revitalizes the blood, and, supplying material for bone and muscle structure, furnishes the foundation for *strong and healthy constitutions*. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N.B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00

A CHILD'S OPINION—A FACT.—STANLEY — had recovered from a very serious illness, brought on by too close application to his books, in his earnest endeavors to outstrip his little schoolmates in the race after knowledge.

His little brother, Percy, three summers, as was quite natural, held a very high opinion of the medicine (Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime) that had produced such gratifying results,—but, at the same time had a very warm affection for it on his own private account. After having enjoyed sundry "refreshers" from the nearly empty bottle, which by common consent had descended to him, he critically holds it up between his eye and

the light, and with the air of a Chief Justice, remarks:—"Mamma, I like 'za better 'n lobster."

Little Percy's just appreciation is a very general one among the children who have once taken the Emulsion, and mothers would have less cause for anxiety on account of the ceaseless drains upon the too frail constitutions of their fast-growing little ones did they but fully estimate the marvellous strengthening and vivifying properties of this medicine and its adaptability to the wants of GROWING STRUCTURES. Try it!

THE INVIGORATING, FATTENING AND NUTRITIVE properties of *Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* are such as would indicate its sufficiency to "sustain the body in the performance of its various functions," with the aid of but little solid food. Hence its superior remedial worth in the "*Wasting Diseases of Childhood*,"—the "*Wasting Away*," in those of "*Consumptive tendency*,"—in *Consumption* itself, as well as in *General Debility*, and all cases of *Prostration and Emaciation*. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER OIL WITH LACTO-PHOSPHATE OF LIME is prepared with the finest *Cod Liver Oil*,—one of the most esteemed remedies in the catalogue of the "Materia Medica,"—*Lacto-Phosphate of Lime*, which enters so largely into the formation of bone material and other important tissues of the body,—*Phosphorus*, the great brain and nerve tonic and invigorator, in a form and combination most desirable to obtain its fullest effects, together with other valuable remedial agents, not the least of which is *Iron*, the great blood producing element. These are all intimately combined in one demulcent fluid of homogeneous appearance and delicate flavor, possessing remarkable power in arresting the decay and supplying the waste constantly going on in these abnormal

Conditions of the system affected by such diseases as pervert and impair nutrition, vitiate the blood, and sap the vital forces. It is highly recommended for Consumption, Chronic Bronchitis, Coughs, Scrofula Scrofulous and Syphilitic Ulcers, Tumors, Diseases of the Bones, Joints and Spine, General Debility, Emaciation, and all Impurities of the Blood. It is particularly adapted to Delicate Females in those low states of the system that manifest themselves in so many of the ailments peculiar to their sex. To the aged and infirm its nourishing and invigorating properties will give renewed strength and buoyancy of spirit; and to very

THE VITALIZING NUTRITIVE—TONIC QUALITIES OF *Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime* would indicate its great value as a *Restorative and Invigorator*, in that low condition of the system prevailing in patients recovering from *Diphtheria* as well as *Fevers*, especially those of a *Typhoid* character; while, if taken when the premonitory signs of *lassitude* and *weakness* appear, it would have a tendency to *prevent* the attack, or lighten and shorten its duration. The cases in which it has been used fully bear out this hypothesis. It stimulates the enfeebled powers, and builds up and gives fresh life and vitality to the whole system. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and, for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

IN THIS PRESENT AGE, when the life-battle is so fiercely fought, and when upon even the strongest the tug and stress of it tell so heavily, how necessary it becomes for us to provide for the keeping up of our reserve stock of *mental and physical stamina* by the use of such a *nerve-tonic and vitalizing agent* as ROBINSON'S PHOSPHORIZED EMULSION OF COD LIVER-OIL WITH LACTO-PHOSPHATE OF LIME! Its gently stimulating and nutritive-tonic properties supply the materials, and assist Nature in her efforts to keep up with the exhaustive demands upon her reserves. Prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John, N. B., and for sale by Druggists and General Dealers. Price \$1.00 per bottle; six bottles for \$5.00.

Mr. George Sewell, of Memramcook, N. B., writing from Moncton, under date of May 7th, 1878, says:—Mr. J. H. Robinson, St. John, N. B.—Dear Sir:—In January last I came to Moncton from Memramcook to consult a physician, as I was in the last stages of Consumption. When I arrived here I had to go to my bed, and was so low I never expected to leave it. A physician was called who pronounced my case hopeless; that I might live a week or two, but certainly not more. As a last resort he recommended Robinson's Cod Liver Oil with Lacto-Phosphate of Lime. I purchased a bottle and after taking the first dose I commenced to improve. It

seemed, after taking a dose, as if I had eaten a good, hearty meal. I have continued taking it ever since and am rapidly improving. I am confident that had it not been for your Oil I would have been in my grave to-day. You are at liberty to use this in any way you wish, as I am anxious to let others, who are afflicted in the same way, know, in the hope that they, too, may receive the same benefit.

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-Phosphate of Lime, is prepared solely by J. H. Robinson, Pharmaceutical Chemist, St. John N.B. For sale by Druggists and General Dealers. Price \$1 per bottle, six bottle, for \$5.

Still ahead of Competition!

THE BEST SOFT COAL
COOKING STOVES
EVER MADE.

THREE SIZES.—No. 1, 7 inch Holes; No. 2, 8 inch Holes; No. 3, 9 inch Holes.

To those who want a First-class perfect operating Cook Stove, we would invite special attention to our "PATENT VICTOR," and think on examination it will justify our claim as being the most complete and perfect soft coal Cook Stove ever made. We claim for it:—

1st. It is simple; it has but one damper, used to apply the heat to the oven, which is so arranged that the most ignorant cook cannot mistake its use.

2nd. It is quick in its operation, the plates of the oven being corrugated, and deflecting plates being placed under the oven in such a manner that the heat is thrown under the oven evenly, and the flues around the oven so large that a perfect bake is insured in the shortest possible time.

3rd. Its perfect arrangements for cleaning out the flues and under the oven, being provided with cleaning doors at the front and back of stove; also, holes in top of stove for cleaning flues, thereby giving perfect access to all its parts.

4th. It is provided with an open front, small doors for feeding coal, and large doors below, which when thrown open make it equal to an open Franklin, and a most cheerful stove to sit by.

5th. It is a great saver of fuel, doing its work with one-half the fuel usually required by other stoves.

6th. It has given perfect satisfaction in every case, and we warrant it a perfect baker.

Examine the "VICTOR," and you will buy no other. Many of these Stoves are in use for wood, and are giving every satisfaction.

VALUABLE COOKING RECEIPTS.

BAKED APPLE CUSTARD.

Ingredients.—1 dozen large apples, moist sugar to taste, 1 small teacupful of cold water, the grated rind of one lemon, 1 pint of milk, 4 eggs, 2 ozs. of loaf sugar.

Mode.—Peel, cut, and core the apples; put them into a lined sauce-pan with the cold water, and as they heat, bruise them to a pulp; sweeten with moist sugar, and add the grated lemon rind. When cold, put the fruit at the bottom of a pie-dish, and pour over it a custard, made with the above proportion of milk, eggs and sugar, grate a little nutmeg over the top, place the dish in a moderate oven, and bake from 25 to 35 minutes. The above proportions will make rather a large dish.

APPLE FRITTERS.

Ingredients.—For the batter, $\frac{1}{2}$ lb. of flour, $\frac{1}{2}$ oz. of butter, $\frac{1}{2}$ saltspoonful of salt, 2 eggs, milk, apples, hot lard or clarified beef-dripping.

Mode.—Break the eggs, separate the whites from the yolks, and beat them separately. Put the flour into a basin, stir in the butter, which should be melted to a cream; add the salt, and moisten with sufficient warm milk to make it of a proper consistency, that is to say, a batter that will drop from the spoon. Stir this well, rub down any lumps that may be seen, and add the whites of the eggs, which had been previously well whisked; beat up the batter for a few minutes, and it is ready for use. Now peel and cut the apples into rather thick whole slices, without dividing them, and stamp out the middle of each slice, where the core is, with a cutter. Throw the slices into the batter; having ready a pan of boiling lard or clarified dripping; take out the pieces of apple one by one, put them into the hot lard, and fry a nice brown, turning them when required. When done, lay them on a piece of blotting-paper before the fire, to absorb the greasy moisture; then dish on a white d'oyley, piled one above the other; strew over them some pounded sugar, and serve very hot. The flavor of the fritters would be very much improved by soaking the pieces of apple in a little wine, mixed with sugar and lemon-juice, for 3 or 4 hours before wanted for table; the batter, also, is better for being mixed some hours before the fritters are made.

TO MAKE A PLAIN SWEET OMELET.

Ingredients.—6 eggs, 4 ozs. of butter, 2 ozs. of sifted sugar.

Mode.—Break the eggs into a basin, omitting the whites of 3; whisk them well, adding the sugar and 2 ozs. of the butter, which should be broken into small pieces, and stir all these ingredients well together. Make the remainder of the butter quite hot in a small frying-pan, and when it commences to bubble, pour in the eggs, &c. Keep stirring them until they begin to set; then turn the edges of the omelet over, to make it an oval shape, and finish cooking it. To brown the top, hold the pan before the fire, or use a salamander, and turn it carefully on to a *very hot* dish; sprinkle sifted sugar over, and serve.

SODA-CAKE.

Ingredients.— $\frac{1}{4}$ lb. of butter, 1 lb. of flour, $\frac{1}{2}$ lb. of currants, $\frac{1}{2}$ lb. of moist sugar, 1 teacupful of milk, 3 eggs, 1 teaspoonful of carbonate of soda.

Mode.—Rub the butter into the flour, add the currants and sugar, and mix these ingredients well together. Whisk the eggs well, stir them to the flour, &c., with the milk, in which the soda should be previously dissolved, and beat the whole up together with a wooden spoon or beater. Divide the dough into two pieces, put them into buttered moulds or cake-tins, and bake in a moderate oven for nearly an hour. The mixture must be extremely well beaten up, and not allowed to stand after the soda is added to it, but must be placed in the oven immediately. Great care must also be taken that the cakes are quite done through, which may be ascertained by thrusting a knife into the middle of them: if the blade looks bright when withdrawn, they are done. If the tops acquire too much color before the inside is sufficiently baked, cover them over with a piece of clean white paper, to prevent them from burning.

SALLY LUNN CAKES.

Mix two tablespoonfuls of light yeast into a pint of warm new milk, or cream, if you wish the cakes very good; rub four ounces of butter into two pounds of flour, strew into it a half teaspoonful of salt, then pour in the milk gradually, beating up the batter with a wooden spoon as you proceed; add the yolk of three eggs, well beaten, and when smoothly mixed, let it rise an hour before the fire; then fill your cake tins, and bake fifteen to twenty minutes in a quick oven.

MERSCHTEL'S WEATHER TABLE.

The following Table, constructed upon philosophical considerations of the attractions of the Sun and Moon in their several positions respecting the Earth, and confirmed by experience of many years' actual observation, furnishes the observer, without further trouble, with the knowledge of what kind of weather there is the greatest probability of succeeding, and that so near the truth, that in very few instances will it be found to fail.

PARKS'

COTTON MANUFACTURES.

ESTABLISHED 1861.

COTTON YARNS

Awarded the only medal given at the Centennial Exhibition for Cotton Yarns of Canadian manufacture.

Nos. 5 to 10's,

White, Blue, Red, Orange and Green,

made of good American Cotton with great care, correctly numbered, and warranted full length and weight.

We would ask purchasers of Cotton Warps to remember that our Yarn is spun on Throstle Frames, which makes a stronger Yarn than the Ring Frames used in making the American Yarn.

It is also better twisted and more carefully reeled, each hank being tied up in seven lease of 120 yards each. This makes it much more easy to wind than when put up without lease, as the American Yarn is, and also saves a great deal of waste.

Those acquainted with weaving will understand the great advantage it is to them to use Yarn put up in this manner.

COTTON CARPET WARP

Made of 10's Yarn. 4 Ply Twisted.

White, Red, Brown and Slate,

ALL FAST COLORS.

Each 5lb bundle contains 10,000 yards in length, and will make a length of Carpet in proportion to the number of ends in width.

We put more twist into this Warp than it formerly had, and it will now make a more durable Carpet than can be made with any other material.

Since its introduction by us a few years ago it has come into very general use throughout the country.

BEWARE OF IMITATIONS.

PARKS' Cotton Manufactures.

ESTABLISHED 1861.

GREY COTTONS,

In two qualities marked A. and B., and of two widths, 33 and 36 inch.

This Cotton will be found quite equal to American in appearance, and owing to the Yarn being harder twisted, it will prove much more durable.

It is made with the smallest possible quantity of Sizing, and is consequently very much superior to any English Cotton imported.

Our Grey Cotton has our Stamp upon it.

BEAM WARPS,

FOR WOOLLEN MILLS,

Any width and any number of Yarn. Single or Double and Twisted, White and Coloured, Warranted to weave well.

Our Goods are sold by us to the Wholesale Trade only, from whom Country Merchants and consumers can always obtain them by asking specially for them.

COUNTY COURTS.

JURISDICTION OF COUNTY COURTS.

The County Courts have not power to try any of the following actions, namely :

First—Detinue, replevin, ejectment, or any action where the title of land is brought in question. Or, Second—Actions in which the validity of any devise, bequest, or limitation, is disputed. Or, Third—Criminal conversation or seduction. Or, Fourth—Breach of promise of marriage. Or, Fifth—Actions against an executor or administrator, but executors or administrators may bring actions in the said Courts. Or, Sixth—Actions against any Justice of the Peace for anything done by him in the execution of his office. Or, Seventh—Actions upon a Judgment in the Supreme Court.—(See Section 16, County Courts' Amendment Act.)

e Court

The County Courts have jurisdiction in all civil actions both of debts and contracts, wrongs and damages, where the debt or damages claimed, whether on balance of account or otherwise, do not exceed one hundred and fifty dollars, and on all claims on Bail Bonds or on other Bonds, given under the County Courts' Act, or any Act in amendment thereof, whatever may be the amount sought to be recovered, and in all actions recoverable under any Provincial Statute, where the remedy provided by such statute is by suit before any Court of Commissioners for the recovery of Small Debts.—(See Section 17 County Courts' Amendment Act.)

Where the debt or demand claimed is a balance not exceeding one hundred and fifty dollars, after an admitted payment, or set off of any debt or demand, claimed or recoverable by the defendant from the plaintiff, the Court shall have jurisdiction to try such action. (See section 18 County Courts' Amendment Act.)

The plaintiff, in any County Court, cannot divide any cause or action arising out of a debt or contract, for the purpose of bringing two or more actions; but any plaintiff having cause of action, arising out of a debt or contract, may abandon the excess and can, on proving his case, recover to an amount not exceeding one hundred and fifty dollars; and the judgment of the Court in such cases, shall be in full of all demands in respect of such cause of action. Provided that when any plaintiff shall have cause of action against a defendant for goods sold and delivered, and shall at the same time be the holder of promissory notes, made by such defendant and due and payable to the plaintiff, the plaintiff may sue for the amount of his claim for goods sold and delivered, without being required to sue at the same time upon such promissory notes, or that he may sue for such promissory notes, without being required to sue at the same time for the amount of his account for goods sold and delivered. (See section 20 County Courts' Amendment Act.)

Wilson Higgs, Charlottetown, Charles Stockdale, Royalty; David Mutch, Rustico; Henry Beer, Southport; Alexander Doyle, Township 57; Duncan Taylor, Wood Islands; Francis Kelly, Fort Augustus; William Inman, Crapaud; Michael McGuigan, Hope River, Lot 22; Alexander Robertson, Bonshaw; John Binns New Glasgow; William McKay, Clifton; Donald R. McDonald, Eldon; Henry M. McLeod, Dunstaffnage, Lot 34; Wm. E. Clarke, Mount Stewart; John M. Robertson, Cavendish.
Official Assignee.--B. Wilson Higgs.

BANKRUPTCY JURISDICTION.—The jurisdiction in matters of Insolvency is vested in the County Courts under the Insolvent Act of 1875 and Amending Acts. Under these Acts a Writ of Attachment may be issued out of the County Court against a trader who has committed any of the Acts of Insolvency set forth in the 3rd section of the Insolvent Act of 1875, at the instance of any unsecured creditor whose debt amounts to \$200 and upwards. The Insolvent Act of 1875 also provides that the estate of any trader may be put into Insolvency by means of a written demand made on him at the instance of any one or more of his creditors for unsecured claims of not less than \$100 each, and amounting in the aggregate to \$500, requiring him to make an assignment for the benefit of his creditors. Sec sec. 4 and 9 of Insolvent Act 1875.

MICMAC SOCIETY OF P. E. ISLAND.

Organized in June, 1862, its object being to provide a fund or means to forward the civilization of the resident Indian population (numbering about 250 souls, men, women and children), by assisting them in the cultivation of the soil, as an auxiliary to their ordinary manufacturing pursuits, and thereby facilitating the education of the rising generation. Eighty cents per annum constitutes a person a member, and a donation of \$16 a life member of the Society.

President: Hon. Judge Young; *Vice Presidents:* Rev. D. Fitzgerald and Theoph. DesBrisay; *Secretary and Treasurer:* Theoph. Stewart; *Committee:* Rev. D. B. Parnter, Captain Liebenrood, R. N., J. B. Cooper, Hon. D. Davies, Frederick W. Hales, Admiral Orlebar.

Local Committee appointed for the management of Lennox Island, which has been granted by the "Aborigines Protection Society" and conveyed to them in trust, for the use and benefit of the Mic Mac Indians of P. E. Island, viz: His Honor the Lieutenant Governor, The President of the Executive Council, The President of the Mic Mac Society and the Indian Commissioner—all for the time being.

On a letter weighing not more than $\frac{1}{2}$ an oz	3 Cents.	
On a letter weighing more than $\frac{1}{2}$ an oz., but not more than 1 oz.	6 "	Double the deficient postage.
On a letter weighing more than 1 oz., but not more than $1\frac{1}{2}$ oz.	9 "	

and so on 3 cents being charged for every additional $\frac{1}{2}$ oz., or fraction of a $\frac{1}{2}$ oz.

The rate of postage on a letter posted within the Dominion of Canada, for transmission by Mail to any place in Canada, is 3 cents per half ounce weight; but the Statute provides that this rate must be prepaid by Postage Stamp at the time of posting the letter.

Any such letter posted wholly *unpaid* (or prepaid less than one full rate of *three cents*) cannot be forwarded to its destination, but will be sent to the Dead Letter Office, with the reason plainly written or marked upon it—"postage not prepaid."

Letters as aforesaid posted in Canada, and addressed to places in Canada, when weighing more than half an ounce, and liable therefore to two or more rates of postage, will be transmitted by mail to destination, though not fully prepaid, if as much as one full rate of three cents has been prepaid thereon by postage stamp; and in such cases will be forwarded charged with double the amount of deficient postage not prepaid: Thus, if such a letter weighing more than $\frac{1}{2}$ oz., and not exceeding 1 oz. in weight, be posted prepaid 3 cents only, it will be rated 6 cents unpaid—"more to pay"—and forwarded to its address.

On letters posted at an Office to be delivered from it commonly known as "*drop letters*," the rate is 1 cent per $\frac{1}{2}$ oz.; to be in all cases prepaid by postage stamp affixed to such letters when posted.

The charge for the Registration of a letter is 2 cents, to be prepaid by Registration stamp.

CANADA AND NEWFOUNDLAND.

Letters for Newfoundland are charged at the rate of *five cents* per half ounce, and must in all cases be *prepaid*.

The Registration fee to Newfoundland is the same as to places within the Dominion, viz. 2 cents, to be prepaid by Registration stamp.

CANADA AND THE UNITED STATES.

The rate of postage upon letters passing by mail between Canada and the United States is the same as to places within the Dominion, and must in all cases be prepaid by postage stamp.

The Registration fee to the United States is 5 cents, to be prepaid by Registration stamp.

DESCRIPTION OF MATTER.	Between any two places in Canada and to Newfoundland.	To Great Britain, by Mail Steam Packets sailing from Quebec or Portland and Halifax.
<i>Books</i>	1 cent per 4 oz.	British Pkt. Book Post

CIRC

RATES OF POSTAGE.

Transient Newspapers and Periodicals Addressed to Great Britain must be prepaid by postage stamp *Two* cents per 4 oz. each packet.

Parcel Post to places in Canada, 12½ cents per ½lb. weight.

Parcels intended to pass through the Mails should not exceed 5lbs. in weight, or 24 inches in length, or 12 inches in breadth, and should be marked "by *Parcel Post*." Parcels may be Registered by affixing a 5 cent Registered Letter Stamp thereto, in addition to the Postage.

MISCELLANEOUS POSTAL MATTER.

Books and Pamphlets, Printed Circulars, Prices Current, Handbills, etc.

CANADA AND UNITED STATES.

When posted addressed to any place in Canada or the United States, and not exceeding 5lbs. in weight, 24 inches in length, and 12 inches in breadth or depth, must be prepaid by postage stamp at the rate of one cent per 4 ounces in weight, and must be put up so as to admit of inspection. Such books, papers, returns, etc., must not be accompanied by any instructions or directions. Bank notices, advices of goods in transit, and personal notices are liable to letter rate because intended for the information of a particular person. Post Bands with an impressed one cent stamp for this purpose, may be obtained at the rate of 4 or 5 cents.

PATTERN AND SAMPLE POST.

CANADA.

Patterns and Samples of merchandise, not exceeding 24 ounces in weight, when posted in Canada for places within Canada or Newfoundland, must be prepaid by postage stamp at the rate of *One Cent* per 4 ounces, and put up in such a manner as to admit of inspection. Goods sent in execution of an Order, however small the quantity may be, or articles sent by one private individual to another, which are not actually Trade Patterns or Samples, are not admissible.

UNITED STATES.

Patterns and Samples of Merchandise, posted for places in the United States will continue to be subject to the special rate of 10 cents each, prepaid by postage stamp, and must not exceed 8 ounces in weight.

UNITED KINGDOM.

BOOKS AND PATTERNS OF MERCHANDISE, when addressed to places in the United Kingdom, must be prepaid by postage stamps at the rate of 2 cents per 2 ounces or fraction of 2 ounces. CIRCULARS AND PRICES CURRENT, 2 cents each.

THE ROYAL ARCANUM.

A BENEFICIARY SECRET ORDER.

THE OBJECTS OF THE ORDER ARE:

1. To unite fraternally all men of sound bodily health, and good moral character, who are socially acceptable, and between twenty-one and sixty years of age.
2. To give all moral and material aid in its power to its members and those dependent upon them.
3. To educate its members socially, morally and intellectually; also to assist the widows and orphans of deceased members.
4. To establish a fund for the relief of sick and distressed members.
5. To establish a Widows' and Orphans' Benefit Fund, from which, on the satisfactory evidence of the death of a member of the Order, who has complied with its lawful requirements, a sum not exceeding three thousand dollars shall be paid to his family, or those dependent on him, as he may direct.

The Scientific American.

—o—
THIRTY-FOURTH YEAR.

THE MOST POPULAR SCIENTIFIC PAPER IN THE WORLD.

Only \$3.20 a Year, Including Postage. Weekly. 32
Numbers a Year. 4,000 Book Pages.

—o—
THE SCIENTIFIC AMERICAN is a large First-Class Weekly Newspaper of Sixteen Pages, printed in the most beautiful style,

Profusely Illustrated with Splendid Engravings,

representing the newest inventions and the most recent advances in the Arts and Sciences; including New and Interesting Facts in Agriculture, Horticulture, the Home, Health, Medical Progress, Social Science, Natural History, Geology, Astronomy. The most valuable practical papers, by eminent writers in all departments of Science, will be found in the Scientific American:

Terms \$3.20 per year, \$1.60 half year, which includes postage. Discount to agents. Single copies ten cents. Sold by all Newsdealers. Remit by postal order to MUNN & CO., publishers, 37 Park Row, New York.

PATENTS. In connection with the SCIENTIFIC AMERICAN, Messrs. MUNN and Co. are Solicitors of American and Foreign Patents, have had 34 years experience, and now have the largest establishment in the world. Patents are obtained

ON THE BEST TERMS.

A special notice is made in the SCIENTIFIC AMERICAN of all Inventions patented through this Agency, with the name and residence of the Patentee. By the immense circulation thus given, public attention is directed to the merits of the new patent, and sales or introduction then easily affected.

Any person who has made a new discovery or invention, can ascertain, free of charge, whether a patent can probably be obtained, by writing to the undersigned. We also send *free* our Hand Book about the

Patent Law, Patents, Caveats, Trade Marks,

their costs, and how procured with hints for procuring advances on inventions. Address for the Paper or concerning Patents,

MUNN & CO., 37 PARK ROW, NEW YORK.

THE OTTAWA AGRICULTURAL
Insurance Comp'y.

CAPITAL \$1,000,000.

HEAD OFFICE,
Metcalf Street, Ottawa,

President—Hon. JAS. SKEAD. JAS. BOURNE, Secretary.

\$50,000.00

*Deposited with Government for Protection of
Policy Holders.*

This Company insures nothing more hazardous than Farm Property,
Private Residences, Churches, Convents and Risks
of a similar class, against

LOSS OR DAMAGE BY FIRE AND LIGHTNING.

No Insurance effected on Manufacturing or Commercial Risks, thus
avoiding losses from sweeping fires, to which many
Companies are liable.

Farmers and others owning Private Dwelling Houses will
find it to their advantage to Insure with this
Company.

For Rates and other information, apply at any of the Com-
pany's Agencies, or to

D. W. COWARD, GENERAL AGENT.

OFFICE, BAYARD BUILDING, 132 PRINCE WM. ST., SAINT JOHN, N.B.
