On Redmond May Depend Asquith's Fate

He Held a Conference Today With Premier Regarding Overtures.

LONDON, Feb. 2.—John E. Redmond, the Irish Nationalist leader, and Augustine Birrell, chief secretary for Ireland, were closed with Premier Asquith at his official residence in Downing street this afternoon and it was understood that the government had made a determined effort to conciliate Ulster before the heated debates in parliament fan into flame, the admittedly dangerous situation in the northern province of Ireland.

It is generally thought that Mr. Redmond holds the key to the position and it is pointed out in some quarters that if he is willing to go to the same lengths as Premier Asquith and the members of his cabinet are ready to advance in order to placate the north of Ireland, the threats of civil war in that country can be averted.

Unionists say that they would not be surprised to see Premier Asquith riding for a fall before the home rule bill is again reached, in case the Irish leader should refuse to make the concessions considered necessary by them. They say that if Mr. Redmond should agree to seclusion of Ulster even for a specified term of years an agreement might be reached.

Teachers Now On Strike In Old Country

Those in County of Hereford Demand Maximum of \$500

LONDON, Feb. 2.—A strike of elementary school teachers, the first of its kind in the British Isles was in full swing in the County of Hereford to-day. Eighty out of 120 schools under the jurisdiction of the county council were closed and the teachers declare that they will remain closed until they gain their demands, which are for a minimum salary of \$500 per annum, instead of the \$450 they receive now. On the other hand Sir James Rankin, chairman of the County Education Department, has declared a policy of "no surrender."

The national Union of Teachers has guaranteed its members who have gone on strike their full salary for a period of five years, and the determination of the teachers has been greatly strengthened by this action. Many thousands of children stayed away from school to-day with prospects before them of a prolonged vacation.

SUNDAY IN THE LOCAL CHURCHES

Inspiring Services Throughout City—Helpful Sermons.

CONGREGATIONAL CHURCH
The monthly sacrament and reception of members was observed at the morning service, when the pastor delivered a most eloquent sermon from the text, Romans 5:12, The destructive and remedial forces in life.

In the evening Mrs. Hitchcock of Toronto gave a splendid address on the subject of temperance, taking the words of her text from Isaiah, "Take the stumbling blocks out of the way of my people" under the three headings What are the stumbling blocks? Answer—The legalized liquor licensed traffic. What is the cure? Local Option. Why should we do so. Answer, for the sake of our boys—your boy and mine. This Touching appeal was listened to with wrapt interest by the large audience present. The lady is in short, a peer in the realm of temperance speakers and doubtless her remarks will bear good fruit in the near future in our community. The musical numbers for the day were: Anthem, Hark, Hark, My Soul with accompaniment; solo "I heard the voice of Jesus say," Miss Campion; Anthem, choir; duet, O Come to my heart, Lord Jesus, Miss Secord and Mr. Crooker.

ALEXANDRA CHURCH.
Owing to the absence of the pastor, Rev. D. T. McClintock, the Rev. Mr. Little of Mornington conducted both services. Dr. Abram, representative of the Dominion Alliance addressed the congregation at the morning service on Child Life and the care of the child, pointing out the great evil and influence of intemperance. Men and women of high moral character are essential to the growth of a nation. The law of the land should be in harmony with the law of God.

In the evening the Rev. Mr. Little preached an excellent sermon, taking for his theme "What is it to be a Christian." The music for the day included "A solo "Remember me O Mighty One" was splendidly sung by Mr. Wm. Wilson, also a duet "The Victory may depend on you" by Mr. Norris and the choir of Toronto. In the Anthem by the choir "I lay my sins on Jesus," the duet was pleasingly sung by Miss Edna Hazelton and Mr. Cullen.

SYDENHAM ST. METHODIST.
At the Sunday morning service at Sydenham Street Methodist church, the sacrament of the Lord's Supper was observed, and was partaken of by a large number. Six new members were taken into the church. At the evening service the pastor continued his series of sermons on the Ten Commandments, taking for his subject the reverence of the Sabbath. He also explained how it was we now observe Sunday in place of the Jewish Sabbath, the day was good. There were 208 present in the Sunday school. Next Sunday will be observed as Missionary Anniversary Day, when prominent laymen will conduct both services. The Ladies Aid are giving a social and lecture on Tuesday evening.

CALVARY BAPTIST.
Yesterday was a good day in the Calvary Baptist church. Rev. W. E. Bowyer preached in the morning from the text "Persuading them Concerning Christ." Mr. Timbs sang an appropriate solo, he text for the evening was "Repeat ye and believe the gospel." The choir and Mr. Harry Green rendered suitable selections. At the communion service three new members were admitted. Rev. G. N. Simmons of Scotland, Ont., addressed the Sunday school in the afternoon and a number of the scholars took a stand for decision.

The special services every night this week except Saturday. Rev. W. Aird speaks to-night, and Mrs. Harvey Runchy will sing.

WELLINGTON STREET
Quarterly services were held yesterday. Love feast was observed at 11 a.m. Public services were held at 11 and 7 as usual. Sacramental and reception service followed the regular evening service. Mrs. Owen A. Hitchcock, on behalf of the Dominion Temperance Alliance. The pastor, Rev. R. D. Hamilton preached in the evening. Large audiences were the order of the day. Sunday school at 2.45 had a fine session. Miss Corinne Chave was the soloist in the morning anthem, and Miss Alice Bloxham sang very sweetly. "He wipes the tear from every eye" (Lee). At 6.45 p.m. a special song service was held. The audience enjoyed some good hymn singing till 7 when the usual service was held. The choir was assisted by the Darwin String Orchestra. "Gloria" (Mozart) was sung in fine style. Mr. Thomas Darwin conducted, and it seems to have recovered from his recent illness. Miss Ruby Cann added a fine solo to the evening's music.

AT ST. JOHN'S CHURCH
Rev. Rural Dean Saunders conducted the services in St. John's Church Sunday morning and evening. The text in the morning was Job, 27-13, "This is the portion of a wicked man with God." The subject of his discourse in the evening was from St. Matthew, 6-13, "Lead us not into temptation, but deliver us from evil." The part of the Lord's prayer. Spence and Bengough Give Forceful Addresses On Temperance Work

Well Attended Meetings Were Held in This City on Sunday—Comment on Success of Campaign Throughout Ontario.

Under the auspices of the Ontario Branch of the Dominion Alliance yesterday was observed as Temperance Field Day throughout the city and county. In this connection mass meetings were held in the afternoon in the Salvation Army Citadel and the Y. M. C. A. auditorium, the last mentioned being attended by men only.

At the Y. M. C. A. two interesting addresses were delivered by Mr. G. W. Bengough, famous lecturer and cartoonist and by F. S. Spence, a well known advocate of the temperance cause, both speakers being from Toronto. There was a very good attendance and the addresses were listened to with the greatest of interest. The speakers remarks frequently being productive of applause. Both speakers demonstrated much enthusiasm and their audience could not help becoming more interested in the cause.

After preliminary exercises, the chairman, Mr. Fred Mann called upon Ald. Spence to address the meeting.

Mr. Spence.
Mr. Spence in his address dealt quite extensively with what had been accomplished, not neglecting however to impress upon the gathering what was before the temperance workers to accomplish.

Was Phenomenal.
What had been accomplished in the name of temperance was phenomenal but it was simply the working out of probably the greatest movement known, a movement which had awakened men to a realization of their duty. Supporting the temperance cause was carrying out the manward part of religion. Political action regulates man; religion and politics are a part of each other and religion, without politics is no religion, meaning that the exercising of the franchise was a religious duty.

Would Be Restored.
So strong was the speakers faith in the powers of the workers for temperance that he said, should all that has been accomplished for temperance be wiped out, every piece of temperance legislation taken from the statutes, the conditions now existing, through the efforts of the temperance people would again be restored.

Never Such a Reform.
There had never been such a reform as temperance; not even the reform of Christianity. The temperance movement was less than 100 years old and to-day the churches were supporting the movement, the children were being educated to the evils of intemperance and the statutes books were full of legislation regulating the traffic.

Progress Recorded.
There was not the amount being spent for liquor which there formerly was and there were not the places there formerly were where liquor might be secured. In England \$100,000,000 less was being spent for liquor, 10 States in the country to the South were under prohibition, more than 50 per cent of the people and in the Southern States wonderful progress had been made. In Quebec 889 of 1137 parishes were under prohibition law. Largely due to the efforts of the Roman Catholic clergy, in Ontario where there were formerly 6100 licenses there were less than 1500 and in the County of Brant, where there were 250 licenses, there were now less than 50. All this bore evidence that public opinion was against the traffic and demonstrated the early elimination of the licenses at present held.

Much Money Spent.
Last year this country paid out for strong drink \$81,000,000 and to-day the country was \$81,000,000 poorer. There were 12 places in this city selling liquor, 10 bars and 3 shops. Yesterday every man who went into a bar and bought liquor, came out a poorer man and the municipality was poorer. If the man who spent \$3.00 over the bar had purchased a pair of shoes there would have been produced \$10 worth of wealth, the man would have the shoes, the merchant the \$5.00.

A Greater Loss.
While the financial loss was great it was not worth talking about, as compared with the awful moral and spiritual loss. In one year in Toronto 13,000 were arrested for drunkenness. Some would say that some of the number had been arrested on several occasions. He said that the number would be greatly swelled if all who had been drunk had been arrested. Every single downward step has more behind it, the sadness of homes and all that follows intemperance.

Those "Spies."
Mr. Bengough also committed to mocking the arguments of "spies" for the liquor party, who he stated, had been brought to the province from the United States because no one could be secured in this country.

In conclusion, he emphasized the duty of the elector.

Mr. Norris and son again rendered a number, appreciation was expressed for the use of the association and the meeting was closed with prayer by Rev. C. W. Rose.

us all to do our duty in reference to this terrible evil."

Much Enjoyed.
At this juncture Mr. W. H. Norris basso of Toronto, and his young son Master Willie Norris, the boy soprano rendered a number, Mr. Thos. Darwin, the accompanist for the meeting presiding at the piano. They possess excellent voices and sing in a manner highly pleasing.

Mr. Bengough.
The famous lecturer and cartoonist, needs no introduction to Brantford audiences and especially those interested in the temperance movement. The previous speaker had dealt to some extent upon the magnitude of a million. Mr. Bengough prefaced his address with remarks concerning a million, but in a somewhat different strain. Recently a man had died leaving behind him \$50,000.00, and said the speaker was comparatively poor compared with some others. To earn this amount one would have to work pretty zealously and the man who left the money had amassed the fortune in forty years. "How did he get it?" he asked. "How did he get it rotten in the state of Denmark?"

Topic of the Moment.
While some other countries have their evils which the people were wishing to eliminate, the topic of the movement with the meeting was the revoking license.

Down on Licenses.
"Now I am down on licenses," said the speaker. Continuing, he stated that he noticed that the gentleman who put "sample room" across the bar door to make the place seem more respectable, do not put samples in the window. They refer to the business as "the trade." The speaker rebuked the gentleman could not be ranked among commercial enterprises. "To put it in its proper category it is a nuisance."

The Bee and Mosquito.
Taking the crayon, he sketched a bee and a mosquito. The bee was a nuisance. The mosquito was despised because of his way of making a living; he was ranked in the category of the parasite; he gives evil in exchange for good. It was just so with the liquor business.

Mr. Mill.
Again illustrating his remarks he drew a jug. He then said, humorously that all buildings associated with the liquor trade should be as the jug in architecture. Across the jug he wrote "gin mill" and above the earthenware he wrote "liquor traffic and Co." The license voter comprised the company and he went by the name of "easy mark," because he takes half the blame, half the shame and gets nothing in return. The only way to get out of the business was to vote against it. What voting there was this to consider, "What is the moral character of the bar room under all circumstances and what is the inevitable result?"

Ingress and Egress.
He then drew a man, about to enter the gin mill and later he drew the same upon emerging from the mill. The difference was marked. To support these mills running raw material was required and the clean, sweet, hopeful boy or young man, maybe a woman, all the assets were taken from him. The raw material. "The question is said, the speaker "do you want that kind of work?"

By-Products.
From manufacturing there were by-products and from the liquor business the by-products were devastated homes, children robbed of their childhood, misery and woe. The question was, are the by-products from the liquor business wanted? A thundering no! We don't want them and we won't have them."

Second Objection to Licenses.
A young man, probably fresh from college or high school, was sketched. If the young man located in a prohibition district he would be practical, Hamilton or Brantford, or any other place where licenses exist, he would not be. Resorting to the crayon again he placed a wine glass in the young man's hand and later he showed the result of drinking. In this connection he endeavored to explode the argument that the abolishing of the bar would be bad business.

Those "Spies."
Mr. Bengough also committed to mocking the arguments of "spies" for the liquor party, who he stated, had been brought to the province from the United States because no one could be secured in this country.

In conclusion, he emphasized the duty of the elector.

Mr. Norris and son again rendered a number, appreciation was expressed for the use of the association and the meeting was closed with prayer by Rev. C. W. Rose.

THE ORGAN SHOULD EXPLAIN.

The Brantford Expositor these days is of the opinion that the Grit Senators who threw out the Naval Bill were good boys for so doing.

As usual our cotem. is contradicting itself.

If it turns to its issue of April 14th 1913, it will find that during the course of an editorial touching on the rumor of Senatorial interference it said:

"However it may be that the Senate will not interfere. The Expositor hopes that such will prove to be the case. It is not prepared to encourage an irresponsible Upper House in Canada the doing of something which British Liberals would not tolerate if done by an irresponsible Upper Chamber in Great Britain."

A short time ago the Courier proved that the organ had published a strong editorial endorsing the three-fifths clause in connection with Local Option.

It could not deny that statement, but tried to wriggle out by saying that the responsible editor was at the time cavorting about the Orient.

Where was he when the warning to the Senate was penned?

Cruising around the Seychelles Islands?

AN EDITORIAL VERSUS A FINANCIAL PAGE

The Toronto Globe, during the course of one of the blue-rin-and-Canada-going-to-the-dogs editorials which it has adopted since the Laurier Government was turned out neck and crop in 1911, says:

"And so he (Premier Borden) proceeds with his plans for party security and party aggrandizement while discontent in the country grows daily and bitterness follows upon disappointment."

This, he it remarked, is upon the editorial page of the journal in question.

A glance at the financial section of the same issue of the Globe (Monday, Feb. 2) shows that the editor of that section is not jibing in his views with the other gent. Here are some of the headings over most optimistic news items:

"Good Gains Shown in Market Leaders—Old Country Becomes Buyer of Our Stocks."

"London Had Upward Move All Along the Line—Canadian Railways Featured in Strength."

"Most Leaders Scored Gains at Montreal—Market Was Active, Strong and Broad."

"Weg's Business Largest for Months—Substantial Gains All Through the List."

The financial editor of the Globe and other one ought to get together and try to sing a more harmonious tune; really they should.

THE STRAIN OF PUBLIC LIFE

The average man possesses a very lax idea with regard to the actual strain of public life. As a rule he sees a member, whether of the Dominion or Provincial House, under local conditions, when there is little else than the friendly greeting and the prestige which more or less attaches to the letters M.P. or M.P.P. And as for the Ministers, why, they are little short of minor gods when they appear in any community. All this is very well and no doubt exceedingly pleasant, but it does not begin to represent the worry and arduous turmoil of legislative life. Any man who does his duty in such a position, and especially members of a Cabinet, have a very strenuous time indeed.

Take the Dominion House. Attendance there involves a loss of some months in each year. Presence at the parliamentary buildings is continuous. In the mornings, with reference to correspondence and committee meetings and in the afternoon, in session and again at night, usually to a late hour. The discussions are often very dreary, but representatives have to remain in close touch with reference to the sounding of the division bell. The Ministers, of course, have a whole lot more added to these things, and the strain not infrequently tells. For instance, Premier Borden had to recently go away for a rest, but is now better. Hon. Frank Cochrane, Minister of Railways and Canals, has also been unwell, and Hon. Mr. White, Minister of Finance, has just undergone an operation to one of the ear passages, the result of a heavy

cold, no doubt contracted as the result of an overheated and badly-ventilated Commons chamber.

A like state of affairs exists with regard to the Toronto House, and as one result Premier Whitney has recently been at death's door. Long hours, patronage demands, absence from home and business make very heavy levies, and the man who represents a constituency has anything but an easy time of it.

THE QUEBEC SCANDAL

Down in Quebec, and in the corridors at Ottawa, the one topic for some days has been that of the charges brought by the Montreal Daily Mail, with reference to the acceptance of money in connection with legislation in the local legislature.

As before related, the fake measure which pretended to incorporate the "Montreal Fair Association," was a most monstrous document, even apart from the alleged passing of money. The Montreal Weekly Witness (Liberal) thus refers to it:

"This bill enables the incorporators to do practically anything they please. They could run a lottery, a prize fight, a bar, a dive, or a horse race. They could operate a fair, plant a real estate subdivision, build a railway, or dig a subway. They could juggle stock, water bonds, run a bucket shop, or start a bank. Short of running the Government, this bill invested the incorporators with sovereign powers."

The fact remains that a bill that outraged the rights of the public went through. This bill gave the supposed company power to open racetracks and to carry on bars, and in fact to do almost anything. Its passage implies not the fixing of three members of the legislature, but an established system by which majorities could be secured. The ease by which the members are alleged to have been entrapped suggests that habit had done away with all prudence.

It will thus be seen that the enactment possessed just about all possible powers with the exception of dredging the canals on Mars, or running a trolley line to the Yellow Sea. On its face, it was of a thoroughly suspicious nature, and the great marvel is that it could have been considered seriously by even the most ordinary individual. That it should have been, looks like pretty good evidence of lax methods and worse in the conduct of the affairs both of the Legislative Council and the Legislative Assembly.

Differing views have been expressed with regard to the exposure. One Senator at Ottawa expressed the opinion that the men who sought to bribe in order to make revelations, were worse offenders than those who took the bait. Others hold that if the Daily Mail people thought there was frequent wrongdoing, they had a perfect right in the interests of the public to take the course which they adopted. That whisperings have long existed is well known. Meanwhile the paper in a leading editorial says:

"The proceedings before the Legislative Council at Quebec were dramatic. Efforts will be made to distort and misrepresent them. The outstanding fact remains that The Daily Mail is prepared to defend every word that has appeared in its columns with reference to corruption charges."

"The Daily Mail does not withdraw or modify a single word. It asks only for facilities to prove the correctness of its charges."

NOTES AND COMMENTS

Once more February is likely to demonstrate that, as far as Canada is concerned, it is the real winter month.

Ex-President Taft, during his visit to Toronto and Ottawa, had nothing but words of admiration for Canada. No wonder that with the aid of Sir Wilfrid Laurier he tried to make us "an adjunct" of the United States.

The militant suffragettes of the Old Land are angry with Bishop Ingram of London because he has denied that they have been unnecessarily ill-treated in jail by the British authorities. The first thing the Bishop knows, he will have his gaiters decorated with hen fruit and his eye-glasses made to look like stained glass windows.

"The Courier judges the efforts of Brant county's parliamentary representatives, not by what has been achieved by them for the benefit of the country as a whole, but by what they have been able to grab from the public trough."—Expositor.

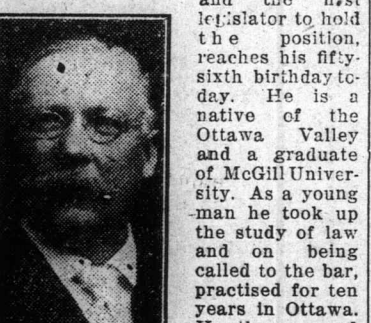

Don't let the green-eyed monster get into your system, sonny. The situation is that while the Conservative members of the four Brants at Ottawa and Toronto have been helping in the work of good government, they have also seen that the just

needs of their constituents have been recognized. These were needs which former Grit members used to ignore, and the editor of the Expositor was one of 'em. Honestly, now, which brand do the people prefer?

MONDAY, FEBRUARY SECOND

The Hon. Alexander Cameron Rutherford, former premier of Alberta and the first legislator of the province, reaches his fifty-sixth birthday today.

He is a native of the Ottawa Valley and a graduate of McGill University. As a young man he took up the study of law and on being called to the bar, practised for ten years in Ottawa. He then moved to Strathcona, Alberta, where he at once became a prominent figure in political circles. He was elected to the Legislature of the North West Territories twelve years ago and acted as deputy speaker for three years. On the formation of the province of Alberta he was selected to lead the Liberal party in the subsequent provincial election and being successful was called on to form a government. He remained in office for five years during which time he acted as provincial treasurer and minister of education.

To The Editor SMALLPOX HOSPITAL SITE.

To the Editor of The Courier: Sir,—Allow me space in your paper to protest against the removal of the above hospital to any other site than the district to which it belongs, and has been situated for quite a long period.

I notice that it has been jocularly suggested to locate it in West Brantford or the district surrounding. To prevent such a palming off, this locality is prepared to spend both money and energy.

Some of the aldermen should take time and come over to this district, and see the rapid growth, the class of house that is being put up, not for sale, but for homes by those who are building them.

It would be a shame to carry out the idea.

Again, we have four growing manufacturing plants and expect to have many more, as we certainly have the accommodation, and we will get them.

We have our share of undesirable institutions, garbage disposal, House of Refuge and Consumption Hospital—undesirable in any rapidly growing district.

If the government officials have al-

ready decided on the site and same has been purchased and the Local Health Officials satisfied as to its suitability, what is the matter? The house has been situated in the same locality for years. Any one who has purchased lots or land for speculation was aware that the house was there, and in all probability will remain there, so no injustice is being done to anyone by keeping the house where it has been for years. At any rate this locality will energetically oppose the removal here.

way means that winter is not over.

It was decided to pay a visit to the

City Relief.

When the conditions prevailing are
considered, it is rather surprising to
note the smallness of the amount
expended for relief by Relief Officer
Eddy during the past month. The
report shows that \$332.50 was ex-
pended as compared with \$134.81 dur-
ing the corresponding month last
year. With call upon call for relief
each day to be dealt with, the
amount expended demonstrates a
proper handling of the department.

WILL GOVERNMENT
BACK SCOTT ACT?

Obstacles to Provincial En-
forcement in Federal
Measure.

TORONTO, Feb. 2.—Whether the
Ontario Government will shoulder
the task of enforcing the Canadian
Temperance, or Scott Act in the
four counties in which, barring ac-
cidents, it is to become operative is a
question that is causing more or less
concern to temperance people in those
districts.

Many people have taken it for
granted that the Government would
use its law enforcement machinery in
Scott Act territory as freely as in local
option municipalities, overlooking
the fact that the Federal Act, it-
self stands in the way, or, rather, sev-
eral of its provisions.

Unless the Scott Act is amended it
will be difficult for provincial officers
to work to advantage even if the gov-
ernment is willing. The Act states
that prosecution may be launched by
any individual in the name of the
chief revenue officer of the county.
Working under this clause, provincial
officers would have to act merely as
private individuals and without the
authority vested in them by the local
option clauses of the Ontario License
Act.

Another bar to provincial enforce-
ment is the fact that under a Federal
order-in-Council, all fines, etc., in
Scott Act counties go to the municip-
alities in which the prosecutions are
launched. This would mean that,
while the Government would be
shouldering the expense of license in-
spectors and special officers, there
would be no accompanying revenue
to offset it.

It is considered likely that since
the Ontario Government is under-
stood to be anxious to help the tem-
perance people in every way, steps
may be taken to have changes made
in the Scott Act that will permit its
enforcement on lines similar to those
of the Ontario Act. By reason of the
90 day period between the proclama-
tion of the act and the closing of the
bars the Act will not come into effect
in Huron, Welland and Peel until the
end of the next license year, April
30th. Until then whether licenses are
granted or not, provincial enforce-
ment will be carried on.

In view of the overwhelming vote
against the bars in Huron county, it
is expected that Hon. W. J. Hann
will see that no licenses are granted
in the county after the close of the
present license year.

MILITANTS INCENSED
AT BISHOP'S DENIAL

LONDON, Feb. 2.—The militant
suffragettes are very angry with the
Bishop of London, the Right Rev.
Arthur Foley Winnington Ingram,
over his report that there was no
truth in the allegations of excruciat-
ing torture being inflicted on their
comrades in Holloway Jail. They
accuse the prelate of being an ally
of the Government, and Mrs. Dacre-
Fox, one of the leaders of the Wom-
en's Social and Political Union,
wrote to him yesterday as follows:
"A whitewash brush has been
placed in your hand, my Lord Bishop,
by the authorities in order that the
public shall remain ignorant of the
diabolical methods used by the Gov-
ernment in its desire to terrorize the
militant women."

The writer adds: "The whole truth
of the matter is you have allowed the
Government and the prison officials to
hoodwink you. We hold letters from
Miss Rachel Peace, now an inmate
of Holloway Jail, describing the
torture she has undergone. She has
on two occasions, to our knowledge,
broken down under the supreme suffer-
ing involved."

On Sunday a band of women cre-
ated a disturbance during the service
conducted by Bishop Ingram at Gold-
er's Green. The women kept chant-
ing "God spare the women who are
suffering in prison for conscience sake,
and make our bishops and clergy see
the justice of their cause." Other
women shouted questions regarding
forcible feeding. As the Bishop left
the church one militant suffragette
tried to break through the line of
police, but was unsuccessful.

GENERAL PURIFIER FOR
THE TILBURY GAS

Official of the Dominion Company
Says It Will Take Three Months
to Build the Plant.

A Galt despatch says that, following
the announcement of the Board of
Health that is prosecuting the Domi-
nion Natural Gas Company for im-
purifying Galt with sulphurated gas,
Frank B. Lomb, an official of the
company, was sent here on Saturday
by Mr. Lowery, general manager and
vice-president of the company, and
at a special meeting of the Town
Council and Board of Health on Sat-
urday afternoon Mr. Lomb presented
the latest proposition, which was to
the effect that the engineers were
working on a plan for a general puri-
fier to purify the Tilbury gas being
supplied the towns with which the
company had contracts, and it would
be completed, and then it would take
three months to build the plant. If
the town did not want to use this gas
which was the only gas the company
could supply, they would shut it off
at the town limits until able to fur-
nish the purified gas.

Mr. Lomb said he could not state
where the general purification plant
would be located. As gas was one
of the greatest commodities the peo-
ple have, the meeting was not in fav-

or of shutting it off, and it was de-
cided to put up with the obnoxious
vapor until the company is able to
purify it. Mr. Lomb assured the
meeting that the company was hurrying
its purification proposition, which
was a large one, as fast as possible.

BOY SENT TO BURFORD
IS MISSING FOUR DAYS

Search is Being Made for Ed. Lefler,
Believed to be Working on
Some Farm.

BURFORD, Feb. 2.—Diligent
search is being made for Ed. Lefler,
a lad of about 10, who for the past
three months had been working for
Jack Farrell, at Burford. The lad
had been sent back to the Children's
Shelter, at Brantford, last week but
on Wednesday last Mr. Farrell phoned
to the home, giving instructions
to send the boy back to Burford.

The boy came to Burford on the
noon train, but on getting off the train
went to the freight room instead of
going up to Mr. Farrell. The latter
naturally thought that the boy would
come on the evening train.

The boy obtained a ride with a man
going to Mount Vernon and early
Thursday morning got a ride towards
Brantford, getting off about a mile
this side of Brantford. This is the
last that has been heard of him.

is expected that the boy has gone to
some farm and secured work.

COUNCIL TONIGHT

A By-Law to Raise \$65,000
for Hydro Purposes Will
be Considered.

The City Council will hold a special
meeting to-night, when a by-law to
raise \$65,000 for Hydro-Electric pur-
poses will be considered in detail.
The Hydro-Electric commission will
shortly complete a contract with the
Water Commission to supply 400
horsepower for the operation of the
plant. It is proposed to secure, all
told, 1000 horsepower for power pur-
poses, and provision must be made
for this, as it was lacking in the origi-
nal by-law. Moreover, it is expected
that there will be 1700 domestic users
of current in a short time, and for
these meters and transformers, as
well as other appliances, must be se-
cured. The original estimates did not
cover such expenditure.
The railway situation at Lorne
Bridge will also be discussed by the
Council.

TWO VACANCIES
ON RAILWAY BOARD

Terms of Office of Messrs.
Mills and Bernier
Expire.

OTTAWA, Feb. 2.—Under the act
creating the Dominion Railway Com-
mission, two vacancies on the board
will be created this week, the terms
of office of Dr. James Mills and Hon.
M. E. Bernier having expired.
The members of the commission are
appointed for ten years, when they
retire, unless otherwise directed by
order-in-council. Messrs. Mills and
Bernier have been on the commission
since it was established ten years ago.
In 1908 when the board was re-organi-
zied, they were re-appointed. Latterly
there has been some question as to
whether or not this re-appointment
entitled them to sit for ten years from
1908, subject only to the seventy-five
year age limit. It has been found that
this is not the case, the 1908 proceed-
ings simply confirming the old mem-
bers of the board in their positions.
The question of selecting succes-
sors to the retiring commissioners has
not been considered by the govern-
ment.

WEEKLY REVIEW OF OLD COUNTRY SOCCER

(Written especially for the Courier by George Aitken.)

The second round of the English Cup games proved to be very close and some exciting tussles must have resulted. Liverpool did not win by a very big margin over the southerners, Gillingham, while Bolton completely doubled the score on Swindon Town. Manchester City got the better of Tottenham by an odd goal, and the same was the result in the Queen's Park Rangers-Swansea game. Aston Villa met a pretty strong team when they came up against Exeter City, and only succeeded in getting ahead by the odd goal.

Huddersfield fell victims to the Birmingham onslaught and the closeness of the score would indicate that these teams were well balanced. Blackburn Rovers easily disposed of Bury and Brighton and Hove Albion put it all over Clapton O. by 3-1. Preston

North End ran up the highest score of the day in the Cup Ties when they netted seven clear goals and did not allow their opponents, Glossop, to score. Sheffield United had it easy with Bradford, as their visitors, and finished two goals to the good. The most surprising result of the day was the defeat of Bradford by Millwall Athletics, and though they only got the game on an odd goal, it shows that the Southerners put up a pretty strong game and I think they deserved to win. West Bromwich Albion beat Leeds City by 2-0, which was almost as anticipated. West Ham United got the long end of the score in their game with Crystal Palace. Burnley and Derby fought it out with Burnley taking the honors and the odd goal.

Scottish League.
Dumbarton played Aberdeen to a finish and even then the Donians only got away with the odd goal. Airdrie, however, ran up a big score against Greenock Morton, and won somewhat easily by 7-1. Ayr United gave Hibernians a big surprise when they put it over them and won handsomely by 5-0. Hamilton pulled off a surprise when they handed Clyde a 2-0 beating. Queen's Park did very well indeed to draw with Hearts who are standing next to Celts, the leaders. Rangers had an easy time in their game with Raith Rovers and won handsomely by 4-0. Falkirk came back and won from Kilmarnock with the long end of a 4-1, and curiously the same was the result in the Dundee-Patrick Thistle game, when Dundee came out winners. Third Lanark got ahead of Motherwell and took the points. Celtic had a somewhat easy win at Paisley when they blanked The Saints and won by three goals.

Sport Notes

Seven hundred million dollars was spent for automobiles in 1913. Some of those Fed. promoters must be in the gasoline gig business.
In the second round of the English soccer cup series Saturday, Millwall and Bradford City drew 30,000 people at double prices. Moral—Treble 'em for the third round.
The boxing bout between Fireman Jim Flynn and Battling Levinsky, set for to-night, has been postponed to February 9th. Flynn is "Bill." He will be sick on Feb. 10th.
Buffalo fans will be given the opportunity of buying stock in the Federal League club of that city. A "small block" has been set aside for that purpose. Betcha it wasn't done with the consent and approval of the manager. If he has a winner, all right. Otherwise—
Rowdism or insubordination will not be tolerated in the O. H. A. The sub-committee tossed one player out of the association at Saturday's meeting, cancelled the certificates of others and warned still others that they must be respectful to referees. The present high plane on which the game is conducted in the O. H. A. will be maintained at any cost.
Chicago fans have organized a Federal Boosters' Club because they believe that the Feds will treat the players better than the other major leagues. About the only way to improve the treatment accorded major league players is to abolish the reserve clause, and that is the rock upon which the Federal League is being built. Ball players get more comforts and privileges at the expense of the owners than any other athletes on earth.

A VEGETABLE CONSTIPATION CURE.
Because they contain mercury and mineral salts, many pills are harsh. The easiest and safest laxative is Dr. Hamilton's Pills of Mandrake and Butternut. They clean the stomach, intestines and bowels—drive out waste matter, tone the kidneys and forever cure constipation. As a general tonic and system cleanser nothing is so mild and efficient as Dr. Hamilton's Pills of Mandrake and Butternut. Sold everywhere in 25-cent boxes.

Rariden Signs to Play With Indianapolis Feds.
BOSTON, Feb. 2.—Another defection from the ranks of organized baseball was reported at the Boston National League Club headquarters Saturday, when word was received that Catcher "Bill" Rariden had signed with the Indianapolis club of the Federal League. His contract was said to be for three years at \$6,000 a year. Rariden's home is at Bedford, Ind.

TOURING BIG LEAGUERS DUE AT ROME FEB. 10.
ROME, Feb. 2.—Baseball players of the American and National leagues who have been on a round-the-world tour, are expected to reach here on Feb. 10. They will be received in audience by the Pope and will play an exhibition game at the Stadium, which seats 100,000 spectators.

HOME AND HOME GAMES FOR BERLIN AND PRESTON.
PRESTON, Feb. 2.—The play off for the group championship between Berlin and Preston intermediates as arranged by the O. H. A. gives both teams a home game. Berlin plays in Preston on Monday, Feb. 2, and returns to Berlin on Wednesday, and goals will count on the round.

WILLIAMS BY KNOCK-OUT.
LOS ANGELES, Feb. 2.—"Kid" Williams of Baltimore knocked out Eddy Campi of San Francisco, in the 12th round of a scheduled 20 round bout at Vernon, Saturday. This is the second time Williams has defeated Campi. Both fought at the bantam limit, 116 pounds.

LEGAL STATUS OF BALL WAR PROBED

Lawyers Declare Reserve Clause Legal and Will be Upheld.

NEW YORK, Feb. 2.—A conference was held at the National League offices in this city Saturday, in which the legal status of the war between organized baseball and the Federal League was thoroughly discussed. The meeting was attended by Attorney-General John C. Bell, of Pennsylvania, personal counsel for Governor John K. Tener, president of the National League; John C. Toole, attorney for the National League; John A. Heydler, secretary of the League, and Leroy Reeves, secretary to President Tener.

The legality of the old and new forms of National League contracts were discussed. Mr. Toole drew up the new form of contracts two years ago, and Mr. Bell expressed his opinion that the clause by which a player is paid 25 per cent. of his salary as an option on his services the following year would hold in any court of law.
Both lawyers declared that the reserve clause was legal and constitutional, and would be upheld by any jurist. In the event that it shall be necessary to take legal action in the matter, the lawyer said the case will be taken to the highest court in the United States and they were positive that the Supreme Court would hold the reserve clause valid and uphold organized baseball.

The Killifer case was thoroughly discussed, and the National League is prepared to go to any length to prevent the Chicago Federals from trying to get the catcher away from the Philadelphia club, it was declared.

Indoor Baseball

A practice of the Dufferin Rifle indoor baseball team has been called for 7 o'clock to-night at the armory when any player in the regiment who would like to try for a place on the team, will be welcomed. Challenges received from London, Toronto and the 13th. regiment champions of Hamilton, will be considered after practice. Mr. Lowes of Hamilton was in the city on Saturday trying to get dates with the team.
Owing to the numerous requests for games from some of the best indoor teams in Ontario, the team would like to meet the sports committee at the practice to-night and secure some of the open dates.
Only recently a member of the team was informed that the Duff team was best team which was played in Hamilton for some time. The way Heatherington has been pitching with a little more practice the team will be "hard to beat. Claude Secord has proved a star at the game and Jimmie Allen has shown up well behind the bat. Billie Smith and Appell have shown themselves fast in the field. The team looks a sure winner. Here's wishing the Duff boys the best.

McNEAL WILL GET TRIAL.
BUFFALO, Feb. 2.—Normal McNeal, a Buffalo boy, last season a catcher for the Peterboro team of the Canadian League, will be given a chance with the Bisons next season. It was announced at the headquarters of the Buffalo international league baseball club yesterday. Manager Clymer, when in town on Tuesday, agreed to give the youngster a try-out and the local lad was signed.
McNeal is a well built lad and has every physical requirement to make a strong man behind the bat. Jimmy Murray boasts him to the skies and predicts that the Buffalo club will not make any mistake by taking him south. In 86 games behind the bat for the Peterboro team last season he batted .256 and fielded .970. He is said to be fast upon the bases and has an arm that will remind the local fans of Hank Bowdy's whip. McNeal played in Buffalo with the Simon Pures, and several South Buffalo semi-pro teams, and is on the Erie club's reserve list.

TOURING BIG LEAGUERS DUE AT ROME FEB. 10.
ROME, Feb. 2.—Baseball players of the American and National leagues who have been on a round-the-world tour, are expected to reach here on Feb. 10. They will be received in audience by the Pope and will play an exhibition game at the Stadium, which seats 100,000 spectators.

HOME AND HOME GAMES FOR BERLIN AND PRESTON.
PRESTON, Feb. 2.—The play off for the group championship between Berlin and Preston intermediates as arranged by the O. H. A. gives both teams a home game. Berlin plays in Preston on Monday, Feb. 2, and returns to Berlin on Wednesday, and goals will count on the round.

WILLIAMS BY KNOCK-OUT.
LOS ANGELES, Feb. 2.—"Kid" Williams of Baltimore knocked out Eddy Campi of San Francisco, in the 12th round of a scheduled 20 round bout at Vernon, Saturday. This is the second time Williams has defeated Campi. Both fought at the bantam limit, 116 pounds.

WITHIN THE LAW

By MARVIN DANA FROM THE PLAY OF BAYARD VEILLER

Copyright, 1911, by the H. K. Fry Company.

"I don't see the use of all this monkey business," she protested. "All I want is the coin."
"Listen, Agnes. The last time you tried to make a man give up part of his money it resulted in your going to prison for two years."
"But that was so exciting."
"And this way is so safe," Mary rejoined sharply. "Besides, my dear, you would not get the money. My gray will your gray, and blackmill. Mine is not. Understand?"
"Oh, sure!" Aggie replied grimly on her way to the door.
"Mr. Griggs," Fannie announced. There was a smile on the face of the maid, which was explained a minute later, when the visitor was shown into the drawing room. For his presence was of an elegance so extraordinary as to attract attention anywhere—and with as well from timid observers. Meantime Garson had explained to Mary.

"It's English Eddie. You met him once. I wonder what he wants? Probably to get a trick for me. We often used to work together."
"Nothing without my consent," Mary warned.
"Oh, no, no, sure not!" Garson agreed.
Further discussion was cut short by the appearance of English Eddie himself, a tall, handsome man in the early thirties, who passed just within the doorway and delivered to Mary a bow that was the perfection of elegance. Mary made no effort to restrain the smile caused by the costume of Mr. Griggs. Yet there was no violation of the canons of good taste, except in the aggregate. From spats to hat, from walking coat to gloves, everything was perfect of its kind. Only there was an overelaboration, so that the ensemble was flaboyant. And the man's manners precisely harmonized with his clothes, whereby the whole effect was emphasized and rendered bizarre. Garson took one amazed look and then rocked with laughter.

Griggs regarded his former associate reproachfully for a moment and then grinned in frank sympathy.
"From your costume," Mary suggested, "one might judge that this is purely a social call. Is it?"
"Well, not exactly," Griggs answered with a smile.
"So I fancied," his hostess replied. "So, sit down, please, and tell us all about it."
English Eddie wasted no time.
"Now, look here," he said rapidly, "I've got the greatest game in the world. Two years ago a set of Gothic tapestries worth \$300,000 and a set of Fragonard panels worth nearly as much more were plucked from a chateau in France and smuggled into this country."
"Are there things really worth that much?" Garson exclaimed.
"Sometimes more," Mary answered. "I know of a set of Gothic tapestries worth half a million dollars."
Griggs went on with his account.
"About a month ago the things I was telling you of were hung in the library of a millionaire in this city." He hitched his chair a little closer to the desk and leaned forward, lowering his voice almost to a whisper as he stated his plan.
"Let's go after them. They were smuggled, mind you, and no matter what happens he can't squeal. What do you say?"
Garson shot a piercing glance at Mary.
"It's up to her," he said. Griggs regarded Mary eagerly as she sat with eyes downcast.
Mary shook her head decisively.
"It's out of our line," she declared.
"I don't see any easier way to get half a million," Griggs said aggressively.
"If it were fifty millions it would make no difference. It's against the law."
"Oh, I know all that, of course," Griggs returned impatiently. "But if you can?"
"My friends and I never do anything that's illegal. Thank you for coming to us, Mr. Griggs, but we can't go in, and there's an end of the matter."
"But wait a minute," English Eddie expostulated. "You see, this chap Gilder?"
"Gilder?" Mary exclaimed questioning.
"Yes. You know who he is—the dry goods man."
Mary, however, had regained her self control, and her voice was tranquil again as she replied:
"I know; but, just the same, it's illegal, and I won't touch it. That's all there is to it."
"But half a million!" Griggs exclaimed disconsolately. "There's a stake worth playing for. Think of it!" He turned pleadingly to Garson. "Half a million, Joe!"
The telephone rang, and Mary excused herself. The instant she was out of the room Griggs turned to Garson anxiously.
"It's a cinch, Joe," he pleaded. "I've got a plan of the house." He drew a paper from his breast pocket and hand-

ed it to the larger, who studied it with intent, avaricious eyes.
"It looks easy," Garson agreed.
"It is easy. What do you say?"
"I promised Mary never to."
"But a chance like this! Anyhow come around to the back room at Bill's key's tonight and we'll have a talk. Will you?"
"What time?"
"Make it early, say 9."
"If you can," Garson replied half guiltily. And in the same moment Mary re-entered.
Griggs rose and spoke with an air of regret.
"It's follow the leader," he said "and shine you are against it that settles it."

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma Kept Her Locks Dark. Geary Thick with a Mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.
Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides, beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair. Agent, George Bowles.

Much Married

Montreal Woman Took Unto Herself Two Husbands

(By Special Wire to The Courier)

MONTREAL, Jan. 31.—A much-married litigant saw one of her marital bonds cast asunder at the hands of Mr. Justice Beaudin in the local courts to-day, on petition of her second husband, Joseph Charles Etienne. The plaintiff represented that, becoming enamored with the charms of Mary Jane Polly Parsons, he married her at Lowell, Mass., June 1, 1908. He and his spouse had evidently come to Montreal and everything went well, until, he says, he found out that the woman had another husband who at the time of her second nuptials was living in England. Inquiries elicited the information that she had married George Spriggs, at Leicester, England. Application to the registry office of that place resulted in a certificate being produced showing that the first marriage had been solemnized in St. Matthew's Established church before the vicar, Rev. Maurice Brown. Dame Parsons admitted the first nuptials and forthwith consented to relieve her husband of any and all responsibility as her consort. Application to the courts soon followed and Mr. Justice Beaudin, after scanning the record and various documents proving plaintiff's claim, found that the second marriage had been non-existent from the beginning.

GOOD SUGGESTION TO BRANTFORD PEOPLE.

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-ika, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Brantford agents for Adler-ika. Robertson, druggist.

OWNER O'NEIL OF ERIE FRANCHISE BUYS FOUR-YEAR LEASE ON PARK

Important Link to New Class "B" Canadian Baseball League is Cinched—Gem City Magnates Swing Around and Get Behind Londoner—Erie Fans Gleeeful at Securing Smith as the 1914 Leader, Who Promises Fast Team and Many Big League Exhibitions.

(London Free Press.)
Another important link in the organization of the new class "B" Canadian League was welded on Saturday in Erie, Pa., when Owner George H. O'Neill, of the Guelph franchise, secured the lease to Perry Field for the coming season, and closed an option on the lease for three years longer on the expiration of the present year.

Mr. O'Neill arrived in the city late on Saturday and his expression is none other than the old saying has it: "He who laughs last laughs best." The baseball situation in Erie had been completely changed and the adverse feeling towards the Canadian League is transplanted with a hearty welcome on the part of the gentlemen interested in the game and the fans.

The four-year lease held by the Erie Exhibition Company, which operated a baseball club in the past, was purchased by the owner of the franchise at a meeting of the former directors on Saturday afternoon, and the result of the negotiations are that Mr. Neill has secured control of a fine ball park at about half the figure he was going to pay for it. The lease to the grounds was only about \$800 per year to the Exhibition Company, and by purchasing the lease at \$2,000 for the remainder of the four

Royalty Sees Ottawa Beat Quebec Champs

Duke of Connaught and Princess 'Pat' Among Rovers When the Leaders Come Back, 4-3.

OTTAWA, Feb. 2.—The Ottawas accomplished a sudden return to form on Saturday evening and downed by 4 to 3 the Quebec team, which had beaten them by 7 to 1 just three nights before. The local match was hotly contested from start to finish and Ottawa had the edge on the visitors, though it was a sharp one. Quebec tied the score at three all shortly after the beginning of the third period, and with only four minutes to play Eddie Gerrard, who made his first professional appearance in professional company, carried the rubber down and flipped it out to Darrah, who made it 4 to 3.

Before the game Gerrard, who proved one of the best men on the ice, was called to the centre of the rink and presented with a silver loving cup by the New Edinburgh Hockey club.

The Duke of Connaught and Princess Patricia were present, witnessing their first professional game. The seats were all sold out when the Duke sent word in the morning that he would attend. The Ottawas feared that they would have to take seats near the back of the rink and the Duke consented, but finally several were secured down near the ice, though the Government House party had to scatter slightly. The Duke applauded enthusiastically when the Ottawas scored the winning goal. Over 6,000 people attended.

Game Was Rough.
Play was rough from start to finish. Hall hit Darrah across the arm in the first period and the Ottawa man cracked him over the head, drawing a major fine. In the second period Gerrard got past the Quebec defence and had a great chance to score, but he was not able to do so.

Wasson of Oklahoma and Fraser of Toronto are to raffle in St. Catharines for all the gate receipts and \$400. The winner will be a rich man. Four hundred and four dollars is a lot of money this winter.

Desperate Struggle Between Milwall and Bradford City—2nd Cup Round.

LONDON, Feb. 2.—Intense excitement prevailed throughout the country Saturday afternoon owing to the second round of the English Cup ties being played, and with the weather conditions perfect large crowds turned up at each of the games to see the fight for entrance to the third round. No league games were set for decision, as the clubs which figured in the first round of the cup kept this date open in the hope that they would appear again, so those who were knocked out arranged friendly games between themselves.

The most attractive tie Saturday was played at Bolton between the Wanderers and Swindon Town. The latter had a wonderful record as cup fighters and always are looked upon to go far into the competition, but they realized Saturday that a big effort was needed to keep up their reputation. A great number of loyal Swindon supporters took the journey north, but was disappointed bitterly to see the sturdy Boltonians knock out their favorites by 4 to 2.

The draw for this round did not favor London clubs, as only two were drawn to play on their own ground. Splendid struggles were seen in each case. Millwall doubled the price of admission for its tie with Bradford City, but an enormous crowd of 20,000 packed into the ground and saw Millwall win a desperate game by the only goal scored. Following were the results of the leading soccer games in the old country on Saturday:—

IRISH-AMERICAN AFTER ATHLETIC UNION NOW

NEW YORK, Feb. 2.—That the Irish-American Athletic Club will do all in its power to prevent the amateur athletic union from disqualifying Hannes Kolchmanien, is shown in the club's action in retaining John T. Mr. Dooling was instructed to appear with Kiviat and Kolchmanien before local registration committee, when they are tried on February 4, and if the runners are suspended by the committee to appear before a Supreme Court justice and argue for an injunction restraining the A.A.U. from keeping the two athletes out of competitions.

McGILL DEFEATS HARVARD

BOSTON, Feb. 2.—McGill University defeated Harvard at hockey Saturday night, 2 to 1. The score was tied at the end of the two twenty minute periods, Hopkins having scored for Harvard in the first and Parsons for McGill in the second. The teams played a third period of ten minutes without scoring, and then an indefinite session was ordered. After two minutes and 27 seconds a play Parsons again drove the puck past Carnochan the crimson striker. Catcher Bill Kiffner refused to have anything to do with a certified check for \$500 sent by President Woodhman of the Chicago Feds. The sender also refused to accept it when it was returned. Kiffner got additional advertising by saying that anybody who wanted the check could have it. Bill was in town to see his manager, Charley Dooin, last week, but he sneaked in and sneaked out.

FEDERALS HOLD ONE MORE QUIET CONFAB

It is Thought' However, That the Schedule Was the Discussion.

CHICAGO, Feb. 2.—Representatives of the Federal League held a long executive session and after it ended none would discuss what business had been considered. President James A. Gilmore would not even give out the names of those in attendance.

The purpose of the meeting was supposed to be the drafting of the schedule, but Gilmore would not admit this. It is not believed that the Federal League will announce the number of games to be played and the dates until the major leagues have published their schedules. The new league will not attempt to go through a season with no regard for counter baseball attractions, it is said.

Local News

The sergeants of the Dufferin Rifles will hold their weekly euchre match on Wednesday evening this week instead of Tuesday.

Bridge Carried Aways. It is now impossible to cross the river from the locks to Bow Park. On Friday night the portion of the bridge spanning the river was carried down, and is now about a mile from where it originally was.

Old Boys' Reunion. Ald. Ward has called a meeting of those interested in promoting an Old Boys' Reunion Week here this year for the Y.M.C.A. to-morrow night. The alderman says he has met many anxious to assist in the movement.

Out of Hospital. Mr. Ralph Whitehead, 8 Campbell street, left the hospital on Saturday following an attack of appendicitis. Mr. Whitehead speaks, most highly of the treatment he received while at the hospital.

Civic Employment. This morning 100 men were given civic employment, substituting those who have been at work. The gangs total 140 men. Numerous applications were made Saturday afternoon and this morning at the city engineer's office for employment.

Board of Health Expenses. What does the Board of Health's want the money for? At the last meeting of the board it was decided to ask the city council for an appropriation of \$700 to carry on the activities of the board during 1914. A detailed statement showing the appropriation has been asked for by the city council finance committee.

Building Permits. In the value and number of building permits issued there is a decided decrease in evidence as compared with the corresponding month of last year. The result was not unexpected for as permits taken out are few and far between during the past month. Only eight permits were issued with a value of \$2,440 and during the corresponding month last year there were 14 permits issued with a value of \$18,375.

Hydro Off Here. Brantford was without the glow from the Hydro ornamental lights on Saturday night. Two cables had been broken by the fierce storm in the Niagara peninsula, and the broken cables wrapped themselves around other cables, putting the Hydro out of business all over the country. When the Hydro went off Engineer Ireland was at the Greenleaf street station. He had pulled two starting switches, and was about to pull the third when the power went off.

Paris Juniors To-night. The hockey fans of Brantford will have their last chance to see the local junior hockey team play in a league game to-night when they meet up with the Paris Juniors at Alfred Street rink. The Paris team will come down with a good bunch of supporters and a good game ought to result. The locals will likely line up as follows: Goal, Wood; defence, Brown and Burgess; centre, Beckett; rover, Tracey; wings, Cassidy and Summerhayes.

Domestic. Although a definite promise had not been made, the Hydro department expected to be able to supply domestic and commercial users and to have the street lights aglow by February 1. When asked for the cause of the delay there was a few days work yet to be done and suggested three or four days of grace. By Wednesday he expected to be able to supply the section east of Market street and north of the canal. The other sections of the city it is expected will be given service a few days later.

A Crowded House. The mass meeting at the S. A. Citadel yesterday afternoon, under the auspices of the Dominion Temperance Alliance, drew a crowded house. The meeting was addressed by Mr. Hitchcock and Rev. D. Abraham, who both gave an interesting account of the work being done in the different counties by the workers of the D. T. A. A couple of duets by Mr. Norris, basso of Toronto, and his son Willie, added greatly to the interest of the meeting. An appeal made in the interest of the work, met with a hearty response. Meeting closed with singing All Hail the Power Jesus name.

Very Sad Death. Mr. and Mrs. Ernest S. Minshall of Mount Pleasant, lost their two year old son Lorn, under pathetic circumstances on Friday afternoon. The little fellow had got hold of a box of laxative pills and swallowed quite a number before his mother found him eating them. She took them from him and also took Lorn out of his mouth. Soon after this the child was seized with convulsions and became seriously ill and died in violent pain. The family have just recently come to reside at Mount Pleasant, and all the house furniture was in a very disorderly state, and it was an easy thing for the child to reach into the medicine chest, which was on the floor, and get the pills. Mr. and Mrs. Minshall, who lived at one time at Ranclough, is a brother of Ex-Ald. J. H. Minshall. The sympathy of a community is extended to the bereaved parents in their sad loss.

SOME RESTRICTION SAYS PRESIDENT

United States is Taking Up Immigration Problem Seriously. [By Special Wire to The Courier] WASHINGTON, Feb. 2.—President Wilson regards it as universally agreed that there should be some restriction to prevent what is known as "assisted immigration." He has not yet announced his position on the literacy test feature of pending immigration bills, and indicated to-day that he would not do so until consulted by leaders in congress. The senate committee on immigration has announced that it will seek the president's advice in the matter.

Secretary Wilson of the department of labor, informed the congress to-day that he was not opposed to the principle to the literacy. He recommended making the immigration bill more drastic in several particulars, especially in regard to "white slavery" and that skilled laborers imported under contract, as well as unskilled laborers, be barred. Provision to bar aliens, who have committed a crime involving moral turpitude, whether convicted or not and to deport aliens committing crimes in this country also was asked. Of 1,017,000 immigrants who came in during 1913, one per cent was Asiatic, he reported, and added that of the total 26 per cent would be barred by a literacy test.

House Democrats will caucus to-morrow night on the party policy toward the Rober bill for the exclusion of Asiatics.

"I see," said Mr. Harley, "that the Hydro-Electric was cut off for about eight hours on Saturday night. That was an accident and could not be foreseen and it is just the same with the Street Railway Co., an accident."

"Yes," responded the chief, "but Hydro-Electric does not run on wheels."

Wm. Path, a young man was charged with obtaining board and lodging at the Belmont Hotel by fraudulent means. He owes the proprietor \$25.25 by his board. Defendant pleaded not guilty to fraudulent intent and said when he obtained his rooms he was in a position to pay, but lost his berth and had to seek another. He looked for Mr. Fraser and could not see him; then he left for Toronto. He returned with the intention of settling his bill, but found Mr. Fraser had left for Montreal. Defendant was still willing to pay his bill and expects to get some cash from friends this afternoon and his case was adjourned till two o'clock to see if the money materializes.

Thomas Kick an Indian from Muncey Reserve, got drunk in the city on Saturday and gave out the same old tale of the genial stranger and his bottle. He knew not the stranger nor the street wherein they met, as he was a complete stranger in Brantford. Kick, however, thought he could find his way back to the stable where he tasted for the first time in his life whiskey. He will endeavor to lean an officer of the law to the place before 2 o'clock to-day, when he will again appear before Magistrate Livingston.

Duke of Connaught is in Queen City Was Officially Welcomed by Mayor Hocken on One Day Visit.

TORONTO, Feb. 2.—H. R. H. the Duke of Connaught and his suite arrived here at 7 o'clock this morning in the royal car, Cornwall, attached to the regular train from Ottawa. He did not leave the car till 8 o'clock and was taken off in Sir Henry Pellett's motor car to the York Club for breakfast. While he was walking over one of the city's famous level crossings, a shunting engine bore down on His Royal Highness, and the uplifted hand of a policeman prevailed on the engineer to stop, though the latter vocally objected till he saw who the visitor was. Mayor Hocken officially welcomed the Governor-General to the city at the York Club. At noon His Royal Highness presents the prizes at St. Andrew's College, took luncheon at the York Club later and then paid a visit to the new General Hospital. He dines at Government House to-night and will attend the first concert of the Mendelssohn choir this evening.

STREET RAILWAY IN COURT AGAIN

Flat Wheels Still in Use According to Police Authorities. In spite of further complaints against them the Brantford Street Railway Co., at the police court this morning declared that all faulty wheels upon their cars had been replaced. Mr. A. M. Harley, representing the company and stated wheels had been placed on Cars 43 on Wednesday, on 46 on Friday, and on 45 yesterday. It was an accident for the company, he claimed; they had ordered the wheels on Dec. 31st, but they did not arrive until Jan. 24th. Then they had to be fixed upon the axles by the Waterous Engine Works, and this had been done at the earliest possible moment.

People had complained, said the chief, as late as Saturday, that Car 43 on Brant Avenue was worse than others, whilst 43 on the Eagle Place route, was still causing a commotion. Citizens on Brant Avenue informed the chief that they were willing to give evidence if he desired them to do so.

Asked as to the life of a wheel, Mr. Verker, superintendent for the company, stated that wheels varied considerably. The heavy winter weather was hard on them and caused sliding which caused the flat edge that raised the noise.

Mr. Harley asked for an adjournment for a week in order that he might go into the matter thoroughly. Magistrate Livingston thought this period much too long. "Some people might be dead if this continues for that time," he said. He estimated that an adjournment until Wednesday would meet the case.

"I see," said Mr. Harley, "that the Hydro-Electric was cut off for about eight hours on Saturday night. That was an accident and could not be foreseen and it is just the same with the Street Railway Co., an accident."

"Yes," responded the chief, "but Hydro-Electric does not run on wheels."
