IRISH MEET

Irishmen's Association of Regina Elect Officers for the Year—"Erin-go-bragh" their Motto—Object of Association

Over fifty members of the Irishmen's Association of Regina attended the annual meeting of the association which was held in the McCarthy hall last evening. John McCarthy, the president occupied the chair and called the meeting to order.

The constitution and bylaws were adopted and this work took up a considerable time. The objects of the association in the words of the constitution are: "The socially bringing together of Irishmen, by birth or descent, and of promoting acquaintance and good fellowship between Irishmen."

"The perpetuating in Canada of Irish sentiment and traditions. "The welcoming of Irish men and women arriving in Canada, and assisting them in establishing their citizenship therein.

"The protection of Irish women. "The assisting in finding employment for the Irish unemployed."

The motto adopted by the association is "Erin-go-bragh" while orange and green sashes together are to be the association colors.

The association has a membership of over 120 members, and according to the treasurer's report is in a sound financial condition.

The officers elected for the year are: Hon. Pres.—Jas. Boie. President—John McCarthy. 1st vice—Geo. S. Houston. 2nd vice—R. J. Westgate. Secretary—A. E. Gorman. Asst. Sec.—J. A. Westman. Treasurer—J. Norton.

Executive / council: Messrs. J. Wheelan, E. Sample, J. S. Donahue, Geo. Westman, W. A. Watson, A. D. Miller, Jas. Drummond, J. Gavin, T. M. Molloy, Jas. Williams, W. A. Adams, and A. J. McEvoy.

The constitution provides for the election of patrons to the association, but these were left over for future consideration.

The question of how to fittingly celebrate the 17th of March, Saint Patrick's Day, was also discussed and suggestions made. However, the meeting left the arrangements in the hands of the executive council.

The association meets on the second Monday in each month, and those desiring of affiliating may secure information from any of the above named officers.

BORDEN CLUB

Conservatives in North Regina Organising—Formal Opening Next Monday.

An organization meeting of Conservatives was held in the old Albert street school last evening when a Conservative Club to be known as the Borden Club was formed.

J. R. C. Honeyman, was chosen as president; Dr. Cowan, vice president; Dr. D. L. Johnstone, secretary, and R. N. Halleran, treasurer.

Several committees were also selected. The club will hold their formal opening next Monday evening in a room in the old Albert street school which they have secured.

Newton News

The first storm of the season struck us on Friday last. Mac Bicum, W. R. McConnell and H. H. Maclean went up to Regina on Monday last. They returned home Tuesday.

Samuel Rollins is visiting his cousin, Miss Ada McConnell of Regina. Miss Florence Rollins arrived home from Regina on Tuesday.

Sec-Treasurers of local improvement districts are taking applications for seed grain, supplied jointly by the provincial and Dominion governments.

Some people, because we are not forever placing their names before the public as prominent grain growers, pure bred stock breeders, or successful agriculturists, get the hull, and sometimes even go so far as to discontinue the subscription to the paper.

We received that letter all O.K. It was not dated; there was no name signed to the bottom of it; neither was there any post office mentioned that would indicate where it came from. The handwriting was so unfamiliar to us that we gave the Devil the credit of being the author. We coupled with that the smoky, grizzly color of the paper and knew

AMENDMENT LOST

R. S. Lake Proposed that Farmers Be Given Three Years to Re-pay—Leach in Evidence.

Ottawa, Feb. 11.—In the House of Commons today while discussing the seed grain regulations, R. S. Lake, Qu'Appelle, moved that the terms of re-payment for the seed grain should be three years instead of one year. He pointed out that the season's crop of 1908 would have to bear the expenses of two seasons. This would be very burdensome especially if the crop of 1908 did not happen to be a very good one. His resolution to extend the time of re-payment to three years, however, was defeated on a vote of 58 to 98.

R. E. A. LEECH DISTRIBUTES

Perhaps some of our readers have heard of R. E. A. Leach, of "The Red Line" fame, well, he has an appointment as inspector of Dominion land agencies. He has also been appointed as chief seed grain distributor for Saskatchewan and Alberta, and has arrived in Regina so late over the work of his latest commission. He has offices in the Dark block where he is getting organization work under way.

It is not expected that the distribution will commence until next month but in the meantime the grain has to be procured and the applications received and arranged.

Nine Killed

Montreal, Feb. 11.—An explosion of dynamite in the Standard Explosive Co.'s works near Vaudeville this afternoon killed nine men. The nitrogen building and two mixing rooms were destroyed and the men blown to pieces; their remains literally having to be collected. While the cause is not definitely known, it is believed that the dynamite was in the process of thawing. The company, which employs 200 men will rebuild immediately.

REGINA Federal Constituency

CONSERVATIVE CONVENTION

Wednesday, Feb. 26, '08 at 10.30 o'clock a. m.

For the purpose of perfecting organization, election of officers and nominating a candidate to contest the Constituency in the Conservative interests in the next Dominion Election.

Every polling sub-division is entitled to representation, the basis of which will be supplied by the Secretary, and a thoroughly representative convention is hoped for.

God Save the King

H. W. LAIRD, President Conservative Association of Saskatchewan. W. S. BALL, Box 966, Regina, Secretary.

Land Deals

That there is unjust manipulation with the public lands in this province is evidenced from time to time. Why did the Dominion government wish to keep control of the lands? Was it for the purpose of helping out their friends? The Bladworth Progress exposes a queer case as follows:

"A very queer case came to our notice where a Strongfield farmer, Mr. Thomas Tindal, claims he was dealt unfairly with by the government in regards to a homestead quarter."

"According to Mr. Tindal the said homestead was at one time held by an Ontario farmer, but he left it and went east again to reside."

"Last June a notice appeared in the Strongfield post office saying that this homestead was 'Open for Cancellation.'"

"In July Mr. Tindal cancelled said homestead and after waiting a long time for some word he wrote to the Dominion government at Ottawa and received the following reply: 'Said homestead deemed to be Saskatchewan Valley Land Company.'"

"Now what we want to know is, where the government gets the right to deed homestead land over to the Saskatchewan Valley Land Co.?"

"Another case is exposed by the Estevan Observer of where land is sold for a sum much less than was offered for it. Here's what that paper says:—

"There is apparently no end to the jobbery of the Liberal government. No matter which way you turn, you see and hear evidence of maladministration. It has just come to our knowledge that what may develop into a first class scandal has been perpetrated in connection with the sale of quarantine lands close to town."

"It will be remembered that some time ago tenders were asked by the Dominion government for the purchase of quarantine lands adjacent to Estevan. The tenders were numerous, offers being as high as \$7.50 per acre. One would naturally suppose that a government priding itself on its work in the interests of the country would accept the highest sum possible for the public lands placed in open sale. Not a bit of it. Tenders at \$7.50 were thrown down in favor of tenders as low as \$3.10. Why? Because Liberal votes were what the government wanted, and some of the higher tenders were considered doubtful where their votes were concerned. And so the Grits who manipulated the alleged sale got the votes they were after, but what of the monetary loss to the country? These lands belonged to the whole country, and to refuse the highest price that could be obtained for them, is in plain English, little short of downright thieving."

"We have evidence to corroborate the statements we have made and have something more to say anon."

Deals such as these should make the people sit up and think. Had the public lands been handed over to the province under the Autonomy Act, the Dominion government would have to look elsewhere for pap for their friends. As it is now the hosts of government friends are being fed at the expense of the people of western Canada. Can no stop be put to this

sort of thing? It rests with the voters at next election.

Editorial Notes

If Mr. Scott is not sick, as Mr. Calder states, the public would like to know if he is still drawing money from the public treasury.

The loan companies doing business in the west have intimated that they are willing to provide funds for farmers of this province who own their lands, whether encumbered or not, to purchase seed grain. Of course they could not, as a business proposition, lend money to those who have neither earned their patents or recommendations for same. The managers of these companies are naturally pretty closely in touch with the situation and they estimate that about \$500,000 would be all the money that the government would have to expend to insure that sufficient seed would be provided to those who cannot through financial stress obtain it.

In the course of an editorial recently, the Grenfell Sun puts forth the theory that the Liberals have placed J. T. Brown in the field in Qu'Appelle for the purpose of killing him politically. Lake looks like a sure winner and that being the case the Liberals will have got Mr. Brown out of provincial politics and will keep him from entering the Dominion. He will not then be a danger to them or a strength to their opponents.

In his speech in parliament stating his refusal to bring down original documents unless ordered by the House to do so, Hon. Frank Oliver said that he felt his responsibility as custodian of departmental files, and he wanted to be "conscientious" in the matter. We recollect on another occasion when Mr. Oliver's "conscientiousness" was bothering him hearing a friend of his say: "Frank may be conscientious, but he has a most perverted way in being conscientious."

Press Comments

(Weekly Sun, Toronto)
 Sad must be the feelings awakened in the breasts of all patriotic Americans and all who feel with them in the result of the Thaw trial. That Thaw was mentally capable of crime and morally responsible for its commission surely was sufficiently proved by his having been allowed by his family and friends to go at large and manage his own affairs. He knew perfectly well what he was doing. About the commission of the crime or its deliberate character there was no dispute. Deranged, and in that sense insane, anyone who commits a murder must be. The pleadings were not like those of ministers of the law presenting a case to a judicial tribunal, but rather like the declamatory

wranglings of a pair of rhetorical gladiators appealing to the passions of a crowd. The rules of evidence were strange. Experts were not disqualified by having received a fee, perhaps a heavy fee, from the party on whose behalf they appear, while only having expressed a cursory opinion on the incident of the day is a disqualification for the jury box. A court of justice is not a suitable place for the discussion of a question of sanity. In England a day, or possibly half a day would have sufficed to complete the trial. The proof of the fact which was perfectly clear, would have been put in. The verdict would have followed it. Sentence would have been passed and reported to the home secretary, who would have communicated with the judge, and if the judge "expressed any doubt on the ground of insanity or any other ground would have suspended execution—and re-viewed the case. Thaw is now sworn by paid experts into the lunatic asylum. By paid experts he will presently be sworn out of it. He will then walk the streets of New York a privileged murderer. Such is the power of wealth.

(Winnipeg Telegram)
 Of more than passing interest to Western Canada are the figures which Senator Casgrain presented to the senate on Wednesday last in advocating the early construction of the Georgian Bay canal. If these figures are to be relied upon, they are the result of skilled engineers and experts in transportation, the cost of transporting wheat from Western Canada by way of the proposed Georgian Bay canal would be two cents per bushel to Montreal, half a cent for handling and four cents per bushel—a total cost of transportation to Liverpool, the world's greatest wheat market, of six and one-half cents, or one-half cent less than it costs to carry wheat to New York from Chicago.

While ocean freights from New York it was pointed out, were lower than from Montreal, still the rate on wheat from New York was two and one-half cents a bushel, still the cost at Liverpool for Chicago wheat via New York would be nine and one-half cents a bushel at least, as against the freight rate of western Canadian wheat via the Georgian Bay Canal of six and a half cents.

(Victoria Colonist)
 During a debate in the commons at Ottawa on Wednesday, Dr. McIntyre made the statement that Christian Science was largely responsible for the dissemination of contagious diseases. As to whether the contagion is accurate or not is not material—the point which such an allegation emphasizes is that the laws of the land framed for the especial purpose of preventing the spread of contagious diseases by providing penalties for the offense of failing to report the existence of the same, ought to be rigorously enforced on all occasions.

CARLOS BURIED
 No Incidents Affected the Funeral Procession—Wreaths Sent from Russia and Norway.

Lisbon, Feb. 8.—The funeral service over the bodies of King Carlos and his son Luis, crown prince of Portugal, who were shot a week ago on the Praça do Commercio, were held in the church of San Vincent early this morning. The ceremonies were simple but impressive, and carried to a close without untoward incident.

The line of the funeral procession from the royal chapel in the palace to the church was guarded by troops. All the governments of Europe and America were represented by special missions.

The day was one in which the Portuguese people united in prayer for their murdered king and prince. Oppression real or fancied, the restriction of liberty, the bitter clash of party, sinister intrigue, merciless vengeance, seemed all to have been abandoned for the moment at least and following the custom of Roman Catholics the people wished to join in some way in the solemn mass which was offered up for the spiritual welfare of Carlos and his son.

The streets were thronged with people. They poured in from the country, from towns of the provinces and from nearby cities, some by trains, some by carriages, or by cart and many on foot. In the crowd were large numbers of simple peas-

ants and trades people from the provinces who knew or cared nothing of political strife but wished only to mourn the dead leaders. Bits of straw, fluttered from the arms of many persons in the city, yet in spite of these general signs of mourning the crowded streets suggested to some observers a general fête day which the talking throngs were all bent on observing; but to other the presence of large bodies of infantry and cavalry at various points of prominence had a sinister significance—a suggestion of the tragic events that had come and those that might fall on the nation in the near future.

The route of march between the palace and the church was densely lined by mourning people. One point, however, was carefully avoided by the superstitious Portuguese, this was the spot on the Praça do Commercio where the cold blooded murderers were committed last Saturday. Had it not been for the presence of a cavalry picket this part of the Praça would have been absolutely deserted.

All the business houses and shops of Lisbon were closed, and the ministerial offices situated in the Praça do Commercio were closed as a measure of precaution. All the windows of these buildings were heavily shuttered.

Yielding to earnest solicitations, King Manuel did not take part in the procession. He and his mother Queen Amelie, and the mother of the late King, Queen Maria Pia, were present at the services in the mortuary chapel, and followed the coffins to the door of the chapel whence they returned to the palace. During the morning King Manuel received the missions sent to Lisbon by the sovereigns and chiefs of state of foreign countries.

The funeral cortege arrived at the church of San Vincent at 2 o'clock. It traversed the scene of the tragedy in the Praça do Commercio in absolute quiet. The sun shone brilliantly and the air was filled with the tolling of many bells. Wreaths and floral pieces were sent by the Emperor of Russia and the King and Queen of Norway.

Grippe is sweeping the country. Stop it with Preventics before it gets deeply seated. To check early colds with these little candy Cold Cure tablets is surely sensible and safe. Preventics contain no quinine, no laxative, nothing harsh or sickening. Pneumonia would never appear if colds were promptly broken. Also good for feverish children. Large box 48 tablets, 25 cents. Vest pocket boxes 5 cents. Sold by Regina Pharmacy Stores.

NIAGARA FALLS
 Burton Law Expires and Arrangements to be made for Future between Canada and U.S.

Washington, Feb. 8.—Persistent efforts are being made in Congress to prevent the re-enactment of what is known as the Burton law, passed in 1906, governing the disposition of the waters of Niagara Falls. The object of that enactment was to conserve the waters of the falls against the encroachment of commercial enterprises. It was designed as a purely temporary measure, to be supplanted by a general convention or treaty on this subject between the United States and Canada, and which is intended to cover also the disposition of other waters forming a boundary line between the two countries. The Burton Law expires in less than a year and a half. Those opposing its re-enactment for ten years, as is proposed in some quarters, declared this is a distinct advantage to the Canadians, who, because such a large portion of the falls are on the Canadian side of the river, are content to let the existing conditions remain in preference to agreeing to a treaty which will restrict the privileges they now enjoy. For this reason it is argued that the law should not be re-enacted, as there will be greater in-

centive for delay on the part of the Canadians. The question of the signing of a treaty covering the disposition of all the waterways between the two countries has been pending between Great Britain and the United States for a long time. Some time this month Ambassador James Bryce is going to Ottawa for a consultation with the Canadian authorities, but whether or not this will develop into active steps towards the formation of a treaty on the general subject is not stated. The international waterways commission, which is made up of members from the United States and Canada, has turned in a mass of information on the whole question, which has been laid before the two governments for their consideration. The United States government is anxious that some decision should be arrived at in the whole matter, and that at an early date. It wants a treaty prepared and ratified at this session of Congress if possible. At the same time it is desirable that this shall be accepted so that the Canadian parliament may act in the matter. All this should be done before June next year, when the present Burton Law expires by limitation. A failure to reach an understanding in the form of a treaty between the two countries at an early date will necessitate the passage of some form of legislation extending the present law, a resort to which is bitterly opposed by some New York interests.

CRUSHED IN BREAD MIXER
 Stratford, Feb. 10.—Fred Seibert, a baker for the Barnsdale Trading Company was terribly crushed by being drawn into a bread mixer. His chest was crushed, his right leg broken at the thigh, and his right arm so mangled as to necessitate amputation at the shoulder. His escape from death was due to the presence of Wm. Plumley, who stopped the machine.

Action is being taken to unseat Mayor Oliver of Toronto. The motion is brought for an order declaring that Joseph Oliver has not been duly elected mayor of the city of Toronto, and has unjustly usurped the office. It is alleged that Oliver, while in Tonawanda, N.Y. took preliminary naturalisation papers.

BOARD OF TRADE REVIEWS WORK

Annual Meeting Adopts Reports -- Want Census Taken--A. E. Whitmore the New President-- By-Laws to be Amended

There was a good attendance at the Board of Trade annual meeting which was held last Thursday evening in the city hall.

The receiving of the annual reports and the election of officers was the chief business done. The president's report was first read after which the secretary presented the following report from the council. We give it in full as it is really a year's civic history.

COUNCIL'S REPORT

In looking back over the year recently closed we consider that 1907 marked a year of most striking development in the city of Regina since the beginning of her history. The activity that has prevailed in municipal affairs, the pavements that have been laid, and the general improvement and beautifying of our streets, the fine hotels that have been built, the opening of wholesale houses, and last, but by no means least the completion of the Canadian Northern Railway into our city, giving promise of genuine railway competition in the near future, all tend to mark the year 1907 as a memorable one in the history of Regina.

We will in the first review in brief some of the work undertaken by the board during the past year. The early months of the year were marked by very serious blockades which not only hampered trade and commerce but at one time threatened to bring about a very critical condition.

The board of trade brought all the influence they possessed to bear upon the railway officials, and the blockade, though it continued until late in the spring, largely owing to the weather conditions, was relieved without any serious loss.

A draft of the general terms and conditions of carriage of the Canadian Pacific railway, the Pere Marquette railway and the Canadian Northern railway company was submitted to the board by the board of railway commissioners for Canada. These terms and conditions were of a very arbitrary nature and provided protection for none but the railway companies only. Your transportation committee, with the assistance of Messrs. W. P. Wells, H. W. Laird and G. Hinckley went very thoroughly into the matter and adopted in the main the amended draft as submitted by the Winnipeg Jobbers and Shippers association. The board of railway commissioners of Canada gave a hearing to the Winnipeg Jobbers and Shippers association in Winnipeg on July 11th and at the invitation of the latter your board was represented by two delegates. To quote from the report presented by the delegates on their return: "Your delegates felt that it was wise on the part of the Regina board of trade to have representatives present at this hearing of the commission, as it emphasized the standing Regina has taken as a shipping point, and gave notice to the west generally that they were a factor in the determination of the transportation question in western Canada."

In April at the request of the Calgary board of trade your board took up the question of the threatened coal strike in the west and forwarded a strong resolution to the minister of labour at Ottawa urging the Dominion government to take steps to avoid such a calamity.

A great injustice was done to Regina by the omission of her name from the list published in the Labour Gazette and copied in most of the leading papers of the Dominion of the building operations of the principle cities of Canada for the year 1906. Your board took this matter up with the department of labour at Ottawa, and after a considerable amount of correspondence are glad to be able to report that Mr. Hugh Peat secretary of the trades and labor council has been appointed correspondent for Regina. A detailed statement of building operations in 1907 has been forwarded to the department of labor.

The convention of the associated boards of trade of western Canada was held in Prince Albert on June 18, 19 and 20, and your board was represented by five delegates. An honor was conferred on the Regina board of trade in the election of Mr. P. McAra, jr., as president of the Associated Boards of Trade.

Your board introduced four resolutions, three of which were passed as follows:

(1) A resolution to amend the joint stock companies act so as to limit the power of companies operating a public franchise in issuing stock to increase their capital. Introduced by Mr. Laird.

(2) A resolution introduced by Mr. P. McAra, jr. urging the provincial government to introduce legislation making more stringent regulations in the chartering of companies.

(3) A resolution introduced by Mr. Whitmore urging the Dominion government to have printed on all important such facts as may be necessary to inform settlers as to the rights to which they are entitled and which they may demand from the railway companies undertaking to transport them.

Your delegates also assisted Calgary in passing a resolution which was introduced by the Regina delegates in Edmonton in 1906 and lost, asking the Dominion government to name in each of the new provinces a point of redemption for the notes of the Canadian chartered banks.

Your board has taken up the question of free mail delivery and there has been a good deal of correspondence on the subject but we are unable to report any very satisfactory progress. While the revenue of the post office is largely in excess of the minimum required we have not figures to prove that our population comes up to the requirements and in this connection we would submit to the city council the advisability of taking a fresh census of the city.

Your president and secretary with his worship the mayor took up the question of establishing a clearing house in Regina with the bank managers, and we are pleased to be able to report that we have been informed by the secretary, Mr. Gray, that a clearing house will be established and will be ready to do business as soon as suitable quarters can be secured in the new city hall.

The president with your transportation committee and some of the prominent shippers in Regina met Mr. F. W. Peters and W. Lanigan by appointment on June 22, and obtained from the same concessions in the matter of freight rates. It is not necessary, however, to speak of these as the whole situation has been changed by the special tariff which came into force on Nov. 25. At this interview, Mr. Peters assured your committee that construction work on the line connecting Regina and Kirkella branch would be undertaken just as soon as material was available. Work was commenced on this line in the fall, and we noticed in Mr. Whyte's report on the construction that it is to be undertaken this year, that this line will be completed early in the spring.

Until last summer the meteorological station was situated at Qu'Appelle. The instruments, however, have all been removed to Regina, so that the name of Regina now appears in all reports sent out by the meteorological department.

It is a difficult matter at this time to take up the burning question of freight rates. The meeting with Mr. Peters and Mr. Lanigan on June 23, already referred to, the representatives of your board, who met those gentlemen, were promised that under the new tariff each wholesale center would be able to control all the territory to which they were entitled geographically. The new tariff came into effect on Nov. 25, and certainly did not fulfill the promise as far as Regina was concerned. On Nov. 19 as we had not been able to secure copies of the new freight tariffs here the secretary was instructed to telegraph to Mr. Lanigan, asking for these, and on the next day we received copies of the tariffs from Winnipeg west and also from Regina, but even then we were unable to obtain copies of the new tariff from eastern Canada.

Immediately upon receipt of the tariffs your board telegraphed a very strongly worded protest to the board of railway commissioners for Canada against the ratification of the new freight tariffs, but the commissioner replied that their approval was not necessary but that the company had the right to adopt new tariffs, subject to disallowance by the commission after objections properly considered.

The board of railway commissioners held sittings in Winnipeg on Jan. 9, and your board was represented by three delegates Messrs. H. W. Laird, D. J. Taylor and H. G. Smith. Your board also asked the city council to co-operate with them, and the city council was represented by Ald. L. T. McDonald.

At this sitting the Winnipeg board of trade did not state their objection and the sitting was practically held for the taking of evidence and was adjourned to Jan. 20, in the city of Ottawa. At this sitting your board was again represented by H. W. Laird and the city council by Ald. L. T. McDonald. Your board's main objections to the new freight rates are briefly as follows:

(1) That Regina has been grossly discriminated against in favor of Winnipeg on carload inward rates of freight from eastern Canada, a discrimination amounting to one cent per 100 pounds per 100 miles for the whole distance of over 1400 miles. We submit that Regina is entitled to the same pro rata rate as Winnipeg.

(2) While we have no objections to offer to outward rates of freight on the ground of discrimination we do strongly protest against their being raised abnormally from those which have hitherto prevailed, on the ground that if the railway companies could operate their business profitably under the rates prevailing prior to Nov. 25, it is unfair to the public to raise them, as we are able to prove an average in some cases of 60 per cent. Your council is keenly alive to the importance of the situation and will leave no stone unturned in their efforts to secure for Regina her just and proper rights.

To take a brief review of some of the events of the past year we would mention first the completion of the Canadian Northern railway from Brandon. The last spike was driven by his worship the Mayor on Dec. 11 and with the completion of this line Regina is provided with railway competition in the real sense of the word. The line will not be operated for passenger traffic until the spring but a through passenger service from Port Arthur and Winnipeg to Edmonton via Regina will probably be installed early in the year, as well as similar services to Prince Albert. Already the line has been a great boon to farmers in hauling out the crop.

A feature of the last year was the opening of the new hotels. Not only are these hotels operated in a manner which is a credit to the city, but also by relieving the undue strain that has been put on the other hotels it enables the management of these to give proper care and attention to their guests and conduct their houses in a manner that is a credit to themselves and a great comfort and convenience to the traveling public. Whereas in the past the commercial men, and men who do business to do in Regina, frequently made a point to arrive in Regina in the morning, transact their business during the day, and leave by the evening train, we find a very different state of things in existence today. During last summer all commercial men who were within reach of Regina used to make it a point to come into the city and spend Sunday and the hotels were all filled for the week ends. Regina is proud of her hotels today.

The building permits for the year numbered 480 and totalled \$1,177,840. Last year 420 permits were taken out and the total was \$1,922,300. While therefore the figures of 1907 show a slight decrease it must be taken into consideration that several large buildings figured among the permits for 1906 although the bulk of the work was done on them in 1907, as for example, the post office costing \$235,000 and the new city hall costing \$168,000. When therefore allowance is made for these and the financial stringency (the weary iteration of which we have endeavored to avoid but cannot help mentioning it in the present instance), we think that the year which has just closed may be considered altogether satisfactory as far as building is concerned. We have now buildings which reflect credit to the city and to the enterprise of the citizens who erected them.

This year again promises to be a busy one for builders and contractors. The parliament buildings which will cost \$1,250,000 will be commenced, in fact have already been commenced, as gravel is being hauled at the present time. There is also the lands title office to be completed, and a provincial jail to be built. The pessimists declare that the Royal Northwest Mounted police headquarters are to be moved from Regina, a fact that we should all deplore, but the fact that \$15,000 was spent last year on the improvement of some of the buildings at the barracks and that a further sum of \$40,000 has been put in the estimates for the erection of new officers quarters and repairs to buildings during the present year hardly go to prove this.

It is a little early in the year to say anything about private undertakings but the Mackenzie, Brown block on Scarth street, the basement of which was built last year will be completed. This will be a three-story building 50x58, built of brick with cut stone trimmings, and will probably be used for stores and offices.

The railway receipts for the year amounted to \$2,300,000 of which \$2,000,000 represents the business done by the Canadian Pacific and the rest the business of the Canadian Northern. In view of the volume of business done at this point we beg to urge upon the Canadian Pacific railway the urgent necessity of new freight sheds. No one acquainted with the facts would ever imagine that a business of over a million dollars annually was done over the corner of the extremely modest office in which the freight department is located. Some improvements might also be made with advantage to the present accommodation at the station.

The increase in the post office business is a sure sign of the steady growth and progress of the city. For the nine months ending March 31, 1907, which comprises the fiscal year the revenue of the general office was \$35,858.75 and in the sub-office \$189,913.75, making a total of \$225,772.50, a slight increase over the corresponding period of the preceding year.

(1) That Regina has been grossly discriminated against in favor of Winnipeg on carload inward rates of freight from eastern Canada, a discrimination amounting to one cent per 100 pounds per 100 miles for the whole distance of over 1400 miles. We submit that Regina is entitled to the same pro rata rate as Winnipeg.

(2) While we have no objections to offer to outward rates of freight on the ground of discrimination we do strongly protest against their being raised abnormally from those which have hitherto prevailed, on the ground that if the railway companies could operate their business profitably under the rates prevailing prior to Nov. 25, it is unfair to the public to raise them, as we are able to prove an average in some cases of 60 per cent. Your council is keenly alive to the importance of the situation and will leave no stone unturned in their efforts to secure for Regina her just and proper rights.

30, 1906. Completing the returns to the end of June 1907 we find the total sum up the number of votes given for and against this By-Law.

BY-LAW NO. 1

A BY-LAW OF THE CITY OF REGINA TO PROVIDE FOR THE RAISING OF THE SUM OF \$60,000.00 TO BE EXPENDED IN THE EXTENSION OF THE SYSTEM OF SEWERAGE FOR THE CITY OF REGINA.

WHEREAS the Council of the City of Regina deemed it expedient that the existing system of sewerage recently constructed by the said City should be extended as a municipal public work under the powers contained in "The Regina Charter" and the "Municipal Public Works Act";

AND WHEREAS it is expedient for the purpose of defraying the cost of the said extension of the system of sewerage that debentures should be issued to the amount of Sixty thousand dollars (\$60,000.00) payable in thirty years from the 1st day of March, 1908, bearing interest at the rate of five per cent per annum payable half yearly, which sum of Thirty thousand dollars (\$30,000.00) is the debt intended to be created by this By-Law;

AND WHEREAS the amount of rateable property in the said City according to the last revised assessment roll (namely assessment roll of the year 1907) is eleven million one hundred and seventy-one dollars (\$11,147,571.00);

AND WHEREAS the total amount of the existing debt of the said City is seven hundred and sixty thousand eight hundred and seventy-one dollars and seventy-one cents (\$760,871.76) of which no part either principal or interest thereof is in arrears;

AND WHEREAS the said City is required by law to make provision for the sinking fund to cover the repayment of the sum of Sixty-five thousand dollars (\$65,000.00) part of the said debt;

AND WHEREAS the Council of the City of Regina on the 15th day of March, 1907, passed their By-Law Number 423 by which they changed the name of the said principal sum of Sixty thousand dollars (\$60,000.00) and repealed the said By-Law Number 397;

AND WHEREAS doubts have arisen as to the regularity of such By-Law No. 423 and it is deemed necessary that this By-Law should be passed;

THEREFORE the Council of the City of Regina in Council assembled enacts as follows:

1. It shall be lawful for the Council of the City of Regina to borrow the sum of Sixty thousand dollars (\$60,000.00) for the purpose of defraying the cost of constructing the said extension of the system of sewerage as aforesaid by the issue of debentures of the said City on the principal sum of Sixty thousand dollars (\$60,000.00) to be payable as hereinafter provided.

2. The said debentures shall bear date on the day of the issue thereof and shall be made payable in such manner that the whole amount of the said sum of Sixty thousand dollars shall be paid at the end of thirty years from the 1st day of March, 1908.

3. The rate of interest shall be five per cent per annum computed from 1st March, 1908, payable semi-annually on the first days of March and September, and coupons shall be attached to each of the said debentures representing the respective payments of interest.

4. The said debentures shall be sealed with the Corporate Seal and shall be signed by the Mayor and City Treasurer and the said Coupons shall be deemed to be properly executed by each one having printed or lithographed thereon the name of the Mayor and by having placed thereon the signature of the Mayor, City Treasurer and the debentures and coupons shall be made payable at the Bank of Montreal in London, England; New York, Montreal, Toronto or Regina, and the debentures may be issued in sterling or currency or partly in the one and partly in the other.

5. In addition to all other amounts there shall be levied and collected in each year, during the currency of the said debentures, the sum of Thirty thousand dollars (\$30,000.00) to be payable as hereinafter provided.

6. The said Debentures shall bear date on the day of the issue thereof and shall be made payable in such manner that the whole amount of the said sum of Sixty thousand dollars shall be paid at the end of thirty years from the 1st day of March, 1908.

7. The rate of interest shall be five per cent per annum computed from 1st March, 1908, payable semi-annually on the first days of March and September, and coupons shall be attached to each of the said debentures representing the respective payments of interest.

8. The said debentures shall be sealed with the Corporate Seal and shall be signed by the Mayor and City Treasurer and the said Coupons shall be deemed to be properly executed by each one having printed or lithographed thereon the name of the Mayor and by having placed thereon the signature of the Mayor, City Treasurer and the debentures and coupons shall be made payable at the Bank of Montreal in London, England; New York, Montreal, Toronto or Regina, and the debentures may be issued in sterling or currency or partly in the one and partly in the other.

9. In addition to all other amounts there shall be levied and collected in each year, during the currency of the said debentures, on all rateable property in the said City, the sum of Thirty thousand dollars (\$30,000.00) for the annual interest and sixty thousand dollars (\$60,000.00) for the principal at maturity, making in the aggregate Forty thousand and sixty-nine dollars and eighty cents (\$40,698.80).

10. This By-Law shall take effect on the day of the final passing thereof.

J. Kelson Hunter is hereby appointed Returning Officer for the purpose of taking the votes of the burgoesses upon the said By-Law.

The following persons shall be sealed with the Corporate Seal and shall be signed by the Mayor and City Treasurer to take the votes of the burgoesses upon the said By-Law:

First Ward--John McCarthy.
Second Ward--F. W. Turnbull.
Third Ward--D. G. Ramage.
Fourth Ward--R. E. Turnbull.
Fifth Ward--T. B. Hooper.

This By-Law shall be submitted to the burgoesses on Thursday the 27th day of February 1908, and for the purpose of taking the votes thereon the polling places shall be open between the hours of nine o'clock a.m. and five o'clock p.m. in each of the following places in the City of Regina:

First Ward--Corporation Weigh House, Osler Park.
Second Ward--City Hall, Scarth Street.
Third Ward--Polling Booth, corner of Scarth St. and Victoria St.
Fourth Ward--Sinton's office, Albert St.
Fifth Ward--Cushing's office, Dewdney St.

On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

12. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

13. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

14. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

15. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

16. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

17. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

18. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

19. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

20. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

21. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

22. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

23. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

24. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

25. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

26. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

27. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

28. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

29. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

30. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and also to attend at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of the same respectively.

31. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

32. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

33. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

34. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

35. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

36. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

37. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

38. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

39. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

40. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

41. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

42. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

43. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

44. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

45. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

46. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

47. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

48. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

49. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

50. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

51. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

52. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

53. On Friday the 28th day of February 1908 in the City Hall in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

54. On Wednesday the 26th day of February 1908, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and at the official summing up of the votes hereinafter referred to on behalf of the persons interested in promoting or opposing the passage of this By-Law.

55. On Friday the 28th day

and September in each year and coupons shall be attached to each of the said debentures representing the respective payments of interest.

5. The said debentures shall be sealed with the corporate seal and shall be signed by the Mayor and City Treasurer and the said Coupons shall be deemed to be properly executed by each one having printed or lithographed thereon the name of the Mayor and by having placed thereon the written signature of the City Treasurer and the debentures may be issued in sterling or currency or partly in the one and partly in the other.

6. In addition to all other amounts there shall be levied and collected in each year, during the currency of the said debentures, on all rateable property in the City of Regina (Sixty-eight dollars and eighty cents) but the sum of Three thousand dollars (\$3,000.00) for the annual interest and the sum of One hundred and sixty-nine dollars and eighty cents (\$169.80) by way of sinking fund to meet the principal at maturity, making in all the sum of Five thousand and six hundred and sixty-eight dollars and sixty cents (\$5,668.80).

7. This By-Law shall take effect on the day of the final passing thereof.

8. J. Kelso Hunter is hereby appointed Returning Officer for the purpose of taking the votes of the burgoesses upon the said By-Law.

9. The following persons shall be the respective Deputy Returning Officers to take the votes of the burgoesses upon the said By-Law:

First Ward—John McCarthy.
Second Ward—F. W. Turnbull.
Third Ward—D. G. Ramage.
Fourth Ward—T. E. Turnbull.
Fifth Ward—T. B. Hooper.

10. This By-Law shall be submitted to the burgoesses on Thursday the 27th day of February 1906 and for the purpose of taking the votes thereon the polling places shall be open between the hours of nine o'clock a.m. and five o'clock p.m. in each of the following places in the City of Regina:

First Ward—Corporation Weigh House, Ouellet Park.
Second Ward—City Hall, Scarth St.
Third Ward—Polling Booth, corner of Scarth St. and Victoria St.
Fourth Ward—City's office, Albert St.
Fifth Ward—Cushing's office, Dewdney St.

11. On Friday the 28th day of February 1906 in the City Hall in the City of Regina at 10 o'clock in the forenoon the Returning Officer shall sum up the number of votes given for and against this By-Law.

12. On Wednesday the 26th day of February 1906, at the hour of four o'clock in the afternoon the Mayor shall attend at his office in the City Hall for the purpose of appointing persons to attend at the various polling places and to attend at the official summing up of the votes hereinafore referred to on behalf of the persons appointed or opposing the passage of the same respectively.

Read a first time this 3rd day of February 1906.
J. KELSO HUNTER, J. W. SMITH
City Clerk Mayor.

Read a second time this 3rd day of February 1906.
J. KELSO HUNTER, J. W. SMITH
City Clerk Mayor.

NOTICE

The above is a true copy of the proposed By-Law which has been introduced by the Council of the City of Regina and which may be finally passed by the said Council in the event of the assent of the burgoesses being obtained thereto) within four weeks of the voting thereon and upon the day and at the place fixed by the said By-Law for taking the votes of the Burgoesses the voting thereon will be held between the hours of nine a.m. and five p.m.

Dated this 4th day of February, 1906.

J. KELSO HUNTER,
Returning Officer.

PATENTS PROMPTLY SECURED

We solicit the business of Manufacturers, Engineers and others who require the expediency of having their Patent Transactions handled by Experts. Patents free. Charges moderate. Our Inventor's Adviser sent upon request. Martin & Martin, Reg'd., New York Life Bldg., Montreal and Chicago, U.S.A.

Special Stock-Taking Sale

Heating Stoves, Range, Fancy Lamps, Crockery, Woodenware, Skates, Shovels, etc. we offer below cost.

A similar reduction on our Grocery Stock in order to reduce same before

The New Year

SEED GRAIN ARRANGEMENTS

Applications Should be in by February 22nd—Instructions How to Make Applications.

Ottawa, Feb. 6.—Two important circular letters having reference to the proposed seed grain advances to western farmers requiring the same, have been issued, signed by the representatives of the Dominion governments of the provinces of Alberta and Saskatchewan. As it is important that they should receive wide publicity in the west the letters have been handed to the press. The circulars are as follows:

SEED GRAIN CIRCULAR

In view of the partial loss of the crop of 1907 in certain sections of Saskatchewan and Alberta, resulting in a scarcity of good seed grain, and in view of the further stringent financial conditions now prevailing, it is believed that exceptional measures are necessary to ensure that sufficient reliable seed grain will be available for the coming spring.

Arrangements are in progress between the federal and provincial governments with a view to financing the purchase and distribution of seed grain in the provinces mentioned.

While arrangements between the respective governments are now in progress, and as the needs must be known before they can be provided for, application forms to be filled in by those needing grain, have been prepared and are being placed with secretaries of local improvement districts, post masters, Dominion land agents, sub-land agents, homestead inspectors, mounted police officers, and others throughout sections of the two provinces where seed is most urgently needed.

In case it is not possible under the arrangements in progress, to secure the amount of seed that will be necessary, every settler who can by any means secure seed for his own sowing should do so.

It is not intended in any case to make advances of seed grain to settlers who, although they may have land under cultivation, have not lost any crop, nor to those whose crop, although unfit for seed, brought or would bring a return at market prices which would enable them to purchase seed. Not more than two hundred bushels will be advanced to any settler. It is contemplated that those who have lost their crop, or whose crop was so badly damaged as to be unmarketable at a price which should enable them to purchase seed, may be assisted as far as possible on the conditions set forth in the application forms.

Repayment of all advances must be secured—in case of homesteaders who have not yet received recommendation for patent, by a lien upon their homesteads, and by those who have received recommendation for patent, or are owners of occupants, by land agreements of sale for purchased land upon the day and at the place fixed by the said By-Law for taking the votes of the Burgoesses the voting thereon will be held between the hours of nine a.m. and five p.m.

Dated this 4th day of February, 1906.

J. KELSO HUNTER,
Returning Officer.

BOARD OF TRADE REVIEWS WORK

(Continued from page 6.)

tal for the year is \$292,011.72 an increase of over 100 per cent. over the previous year.

Regina has always taken a lead in educational matters. Under the act respecting secondary education the Regina high school district has been organized and the attendance and equipment of its school entitle it to rank as a Collegiate Institute. The courses of study pursued in the school are those prescribed by the regulations of the educational department, namely the teachers course, the university course, the general course, the agricultural course and the commercial course. Provision is also made whereby students may proceed with the university course of the second year as prescribed by the department of education. Principal Lang is assisted by a teaching staff of four and the enrollment of pupils number one hundred.

Just one month ago was held the first convocation of the university of Saskatchewan and some of the leading men in educational matters in Canada were present, among whom mention must be made of Professor Peterson of the McGill university; Dr. Hutton of the university college, Toronto and Pro. Bland of Wesley college, Winnipeg. The stirring addresses on educational matters delivered by these gentlemen in the Metropolitan Methodist church were listened to by a large number of citizens, and the great amount of interest taken in the subject by the public generally would lead us to hope that the beautiful Gothic spires spoken of by Prof. Bland, will soon be seen raising their heads in the city of Regina.

The year 1907 saw the completion of yet another school, the Albert school in the Northwest portion of the city, though not so large as the Victoria school, having eight rooms instead of ten. It has the advantage of the most modern system of heating and ventilation. The cost was \$45,000 and the architects gave high praise to the contractors for the manner in which the building was finished. The number of pupils on register and the duplicate, after having been in the public schools in 1907 was

passed upon by the council shall also be sent to the Dominion land agent at Edmonton, and marked "Seed Grain Application" on the outside of the envelope.

All duplicate applications duly certified by the chairman and secretary of the Dominion governments, not later than February 22nd.

When the applicant is not within a local improvement district, application must be made before a Dominion lands agent, sub-land agent, homestead inspector, immigration agent or member of the R.N.W.M.P. for the district within which the applicant resides. Such officer shall amend and subscribe to the certificate "recommendation of council" forwarding original and duplicate copies immediately, according to above instructions.

It is impossible to say now what the price of seed grain will be, but it has been decided that the cost to farmers will be the actual cost of the grain, including the freight, re-clearing and sacking, as near as can be ascertained.

As the time is very short until seeding will begin, it is of the greatest importance that prompt action be taken by all concerned. It is doubtful if applications not received by the 22nd February can receive consideration.

While the governments interested are taking every precaution to secure suitable seed grain at the lowest possible price and the highest grade of excellence, vitality and freedom from weed seeds, still the cost will necessarily be high; and, notwithstanding every care in purchasing and re-clearing seed, it is possible that there may be some lost weed seeds distributed to those who avail themselves of this medium of securing seed. It will, therefore, be advisable for farmers to re-clear seed provided, and thus further minimize the possibility of introducing noxious weeds.

The secretary of every local improvement district who receives applications shall be entitled to a fee of twenty-five cents for each application, and for such fee the secretary treasurer will be expected to take the declaration therein provided and perform such other clerical work as may be required in connection with such application. All such fees shall be paid by Mr. Leach when the work is completed and a proper statement of fees earned is presented in duplicate.

(Sgd.) FRANK OLIVER,
Minister of Interior.
(Sgd.) W. R. MOTHERWELL,
Commissioner of Agriculture, Sask.
(Sgd.) GEO. HARCOURT,
Deputy Minister of Agriculture, Alta.

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the BEST liniment in use. I got my foot badly jammed lately I bathed it well with MINARD'S LINIMENT and it was as well as ever next day."

Yours very truly,
T. G. McMULLEN.

MEAL TIME MISERIES

Indigestion Can be Cured by the Tonic Treatment of Dr. Williams' Pink Pills

There is only one way to cure indigestion and that is to give your system so much good red blood that the stomach will have strength enough to do its natural work in a healthy, vigorous way. Many dyspeptics dose the stomach with tablets, syrups and other things alleged to assist in digesting food, but these things merely give temporary relief—they never cure indigestion—and the trouble grows worse and worse, until the poor dyspeptic is gradually starving. In a case of indigestion a half dozen boxes of Dr. Williams' Pink Pills are worth all the mixtures and so-called pre-digested foods in the country. These pills cure indigestion because they strengthen and tone the stomach, thus enabling it to do the work nature intends it should do.

Mr. Paul Charbonneau, St. Jerome Que., says: "For months I suffered tortures from indigestion. After every meal the misery was intense, so that I finally ate most sparingly. I tried several so-called indigestion cures, but they did me no good. My general health began to run down. I suffered from headaches and dizziness and pains about the heart. Often after the lightest meal I would be afflicted with a smothering sensation. Finally my mother induced me to try Dr. Williams' Pink Pills. Under the use of this medicine the trouble began to disappear, and in less than a couple of months I had completely recovered my health and can now enjoy a hearty meal as well as anyone."

If it is because they make new, rich blood that Dr. Williams' Pink Pills always cure indigestion, anemia, rheumatism, heart palpitation, neuralgia, sciatica, St. Vitus dance, and the headaches, backaches and other indescribable ills of girlhood and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

NEW OFFICERS

In future the officers are to include a president; 1st and 2nd vice president; a secretary-treasurer and a council of fifteen members.

The following were elected:
President: Major A. E. Whitmore.
1st vice pres.: H. W. Laird.
2nd vice pres.: W. McCausland.
Sec.-treas.: H. C. Lawson.
Auditor: Geo. S. Gamble.
Council: D. J. Taylor, P. McArara, Jr., W. P. Wells, J. H. Haslam, C. C. Knight, J. F. Bole, G. H. Smith, C. O. Hodgkins, J. M. Young, A. B. Cook, A. T. Hunter, P. Cooper, L. T. McDonald, E. A. McCausland, and J. A. Allan.

A committee was also appointed to revise the by-laws of the board. The committee named was W. McCausland, P. McArara, J. A. Cross, J. M. Young, and D. J. Taylor.

Before a meeting adjourned Mr. Haslam spoke briefly of the necessity of keeping on in the effort of securing a share of the settlers who are moving into the States to the south. There seemed to be a movement towards Texas and Washington and there was a danger of western Canada getting very few this coming year.

Japs Armed

Tacoma, Wash., Feb. 7.—Employed as bell boys in the hotel Donnelly, two young Japanese have admitted having rifles and equipment used in the war with Russia, through which they served with distinction. The announcement has created a decided sensation locally, as it is stated by many who are well informed on the Japanese conditions on the western coast that the two bell boys are merely representatives of a body of many thousand soldiers equipped with guns and uniforms sent to the Pacific coast by the Japanese government.

It is stated that all discharged Japanese soldiers, with the exception of those sent to the United States and Hawaii, were all compelled to return to the government with their guns and army equipment.

Fearing trouble with the United States the Japanese veterans sent to this country, it is said, were all equipped with weapons.

BOLD HOLD-UP

Robbers Take Goods From Railway Men in St. Paul Yards—Two Men Do The Trick

St. Paul, Feb. 8.—Give that signal and you are a dead man," was the order received by Brakenman Wyland of the Burlington road early this morning in the St. Paul yards as he was about to signal a train to pull out. The order was given by two masked men and it was emphasized by four loaded revolvers. The train was loaded with valuable freight and it appears that it was being looted by two bandits at the time.

It was on the Great Northern track and was headed for Minneapolis where the cars were to be transferred to the Soo line. Wyland was held in check by one of the men while the others calmly loaded the truck with all the freight it could carry and it was carted away under the very nose of the railroad employee, who was powerless to interfere. Both of the robbers then made their escape. The conductor of the train was in the office at the time getting his running orders and was not a witness to the affair.

A delighted he greatly to meet with her of the old days in Ireland. Crooning hymns or old Irish ballads, she displayed great cheerfulness. On the whole, she had remarkable health and never to her daughters' knowledge had she been ill during her whole life.

Mrs. Argue, whose maiden name was Margaret Jameson, was born near the village of Pettit, Pennsylvania, and came to this country at work on the case but

1090 as compared to 630 in 1905, an increase of 73 per cent. and in the Grattan separate school 300 as compared with 200 in 1906. As fast as the schools are built they are crowded, and the call is always for more room. We submit that these figures are a sure indication of the increase of population in the city, and we are of the opinion that 10,000 is a conservative estimate of our population.

Two new banks were opened in 1907 the Nova Scotia and the Royal bank, making in all ten chartered banks now doing business in the city.

Considerable activity was in evidence during 1907 in the wholesale and warehouse district in the north of the city. Many sales have been made by the city council of lots in this district for warehouse sites, and many fine warehouses have been erected including the Michels and Shephard, the International Harvesting Co., Messrs. Stockton & Mallinson and A.H. Thomas Wilkinson's warehouse occupied by Messrs. Cameron & Heap. The Nichols & Shephard Co., and the Reeves Co., have transferred their offices from Winnipeg and are making Regina their headquarters. The opening of the wholesale grocery firm of Messrs. Campbell Bros. & Wilson and Messrs. Cameron & Heap also go to prove that Regina is becoming recognized as a wholesale and distributing centre.

We have left until the last what we consider the most important feature of the progress and development of the city of Regina in 1907 and that is the extensive program of public improvements carried on by the city council. A sum of over \$300,000 has been expended on pavements, concrete curb and gutter, and concrete sidewalks, and visitors to the city, one and all express surprise and admiration at our well paved streets. The waterworks and sewer system has been extended and some 300 residences have been connected. A large compensating basin has been built capable of containing one million gallons of water, and in addition a storage basin at the power house will hold 500,000 so that we have an ample supply of water for any emergency.

The electric light plant shows in a marked degree the growth and improvement of the city. The number of services have increased from 304 in 1905 and 495 in 1906 to 900 in 1907. Although a considerable reduction was made in the rate, and we have a rate of nine cents per kilowatt hour, as compared with 10 cents at Winnipeg and the same rate at Moose Jaw, the plant is being operated at a fair profit and after writing off a sufficient sum for the depreciation of the plant, the electric light service and the city water works are being maintained in a state of great efficiency without costing the taxpayer one single cent.

The city hall is nearing completion and will supply a long felt want in a very handsome manner. We are looking forward to the opening in the very near future.

A splendid auditorium with a seating capacity of two thousand, stabling for thirty-two horses and a fine arena 40 ft x 60 ft for stock judging purposes has been built at the exhibition grounds at a cost of \$12,000 and an additional stable costing over \$2,000. The grand stand was doubled in size and a water works system was installed so that we have now an exhibition grounds compact in every particular.

In addition to the provincial fat stock show, horse show and pure bred cattle sale held under the auspices of the Saskatchewan Stock Breeders' Association and the Saskatchewan department of agriculture in March, and the summer fair held by the Regina Agricultural Association on July 30, 31, Aug. 1 and 2, the buildings were also made use of for the sale of pure bred shorthorns by A. & G. Mutch. We hope that it may be possible to develop this latter business a little more fully, always taking due precaution that the buildings are kept in the best sanitary condition, so that in the near future Regina may come to be looked upon as the recognized headquarters for fat stock in the province or even in the two provinces, and that she may be a great distributing point for all the stock bought and sold west of Winnipeg.

The wise policy of the city council in reserving ample space for parks is commented upon by all visitors to the city. Wascana park and Victoria park have been thoroughly cultivated during the past year and evergreen trees and shrubs this year, and the year 1907 saw considerable improvements in the equipment and general efficiency of the fire brigade. The new central fire hall on Hamilton street was completed, and the brigade moved into their beautiful commodious quarters. During the year thirty calls were turned in, and of these only ten did any considerable damage. The total damage done during the year amounted to only \$3,355. Unfortunately the year 1908 has already been marked by a serious fire which caused the destruction of the flour mill owned by the Regina Flour Mill Co. We have confidence in the company, however, and feel sure that we shall shortly see another roller mill in its place that will be able to handle this large industry in a profitable and progressive manner.

In conclusion we would point out that the future usefulness of the board in so far as the publicity cam-

paid is concerned is largely dependent upon the city council. During the past year our activity in this direction has been somewhat crippled by the fact that the full grant was not voted at the beginning of the year and your council was never in a position to organize a systematic plan of campaign. It has been suggested that the annual fee should be raised in order to provide a larger revenue, but we would point out that practically all the largest taxpayers in the city are members of the board of trade and it would be unfair to tax them for work that is beneficial to the whole community.

We would submit that it is most important that an active policy of advertising be pursued at the present time, when Regina is just beginning to assert herself as a recognized wholesale and distributing centre.

"There is a tide in the affairs of men"

Which taken at the flood,
Leads on to fortune,
Omitted all the voyage of their life"

Is bound in shallows and in miseries.
On such a full sea we are now afloat,
And we must take the current when it serves,
Or lose our ventures.

The recent sale of city debentures was a most satisfactory indication of the high position which Regina holds in the financial world, and compared very favorably with recent sales.

SECRETARY'S REPORT

The secretary's report first dealt with the finances of the board.

There is a membership of 185, forty-one of whom are in arrears for dues.

A detailed statement of work done along publicity lines was also included in the report.

The reports were adopted with an amendment to the council's report to include a reference to the establishing of the business of the Young Thomas Soap Co.

OLD CANADIAN WOMAN DIED IN MANITOBA—LIVED IN THREE CENTURIES

Nesbitt, Feb. 7.—The death took place on Wednesday of Mrs. Argue, known as the oldest woman in Canada. According to family records, she would have been 108 years old next August, although several of her relatives claim that she was in her 111th year. She was peaceful to the last, and it was clearly evident that death was due to advanced age, as there was no evidence whatever of illness.

The late Mrs. Argue had the unique experience of living in three centuries, having been born on August 15th 1800, the last year of the eighteenth century. Though in excellent health with good appetite and spirits her physical powers were not commensurate with these, and she had never left her bed since July 1904. Her eyesight failed in 1898, but her hearing remained good practically up to the time of her death. Though wonderfully clear in mental perception, her years of blindness were no doubt the main reason for an indifference to present day events and a desire to live in the past.

A delighted he greatly to meet with her of the old days in Ireland. Crooning hymns or old Irish ballads, she displayed great cheerfulness. On the whole, she had remarkable health and never to her daughters' knowledge had she been ill during her whole life.

Mrs. Argue, whose maiden name was Margaret Jameson, was born near the village of Pettit, Pennsylvania, and came to this country at work on the case but

While arrangements between the respective governments are now in progress, and as the needs must be known before they can be provided for, application forms to be filled in by those needing grain, have been prepared and are being placed with secretaries of local improvement districts, post masters, Dominion land agents, sub-land agents, homestead inspectors, mounted police officers, and others throughout sections of the two provinces where seed is most urgently needed.

In case it is not possible under the arrangements in progress, to secure the amount of seed that will be necessary, every settler who can by any means secure seed for his own sowing should do so.

It is not intended in any case to make advances of seed grain to settlers who, although they may have land under cultivation, have not lost any crop, nor to those whose crop, although unfit for seed, brought or would bring a return at market prices which would enable them to purchase seed. Not more than two hundred bushels will be advanced to any settler. It is contemplated that those who have lost their crop, or whose crop was so badly damaged as to be unmarketable at a price which should enable them to purchase seed, may be assisted as far as possible on the conditions set forth in the application forms.

Repayment of all advances must be secured—in case of homesteaders who have not yet received recommendation for patent, by a lien upon their homesteads, and by those who have received recommendation for patent, or are owners of occupants, by land agreements of sale for purchased land upon the day and at the place fixed by the said By-Law for taking the votes of the Burgoesses the voting thereon will be held between the hours of nine a.m. and five p.m.

Dated this 4th day of February, 1906.

J. KELSO HUNTER,
Returning Officer.

SEED GRAIN ARRANGEMENTS

Applications Should be in by February 22nd—Instructions How to Make Applications.

Ottawa, Feb. 6.—Two important circular letters having reference to the proposed seed grain advances to western farmers requiring the same, have been issued, signed by the representatives of the Dominion governments of the provinces of Alberta and Saskatchewan. As it is important that they should receive wide publicity in the west the letters have been handed to the press. The circulars are as follows:

SEED GRAIN CIRCULAR

In view of the partial loss of the crop of 1907 in certain sections of Saskatchewan and Alberta, resulting in a scarcity of good seed grain, and in view of the further stringent financial conditions now prevailing, it is believed that exceptional measures are necessary to ensure that sufficient reliable seed grain will be available for the coming spring.

Arrangements are in progress between the federal and provincial governments with a view to financing the purchase and distribution of seed grain in the provinces mentioned.

While arrangements between the respective governments are now in progress, and as the needs must be known before they can be provided for, application forms to be filled in by those needing grain, have been prepared and are being placed with secretaries of local improvement districts, post masters, Dominion land agents, sub-land agents, homestead inspectors, mounted police officers, and others throughout sections of the two provinces where seed is most urgently needed.

In case it is not possible under the arrangements in progress, to secure the amount of seed that will be necessary, every settler who can by any means secure seed for his own sowing should do so.

It is not intended in any case to make advances of seed grain to settlers who, although they may have land under cultivation, have not lost any crop, nor to those whose crop, although unfit for seed, brought or would bring a return at market prices which would enable them to purchase seed. Not more than two hundred bushels will be advanced to any settler. It is contemplated that those who have lost their crop, or whose crop was so badly damaged as to be unmarketable at a price which should enable them to purchase seed, may be assisted as far as possible on the conditions set forth in the application forms.

MEAL TIME MISERIES

Indigestion Can be Cured by the Tonic Treatment of Dr. Williams' Pink Pills

There is only one way to cure indigestion and that is to give your system so much good red blood that the stomach will have strength enough to do its natural work in a healthy, vigorous way. Many dyspeptics dose the stomach with tablets, syrups and other things alleged to assist in digesting food, but these things merely give temporary relief—they never cure indigestion—and the trouble grows worse and worse, until the poor dyspeptic is gradually starving. In a case of indigestion a half dozen boxes of Dr. Williams' Pink Pills are worth all the mixtures and so-called pre-digested foods in the country. These pills cure indigestion because they strengthen and tone the stomach, thus enabling it to do the work nature intends it should do.

Mr. Paul Charbonneau, St. Jerome Que., says: "For months I suffered tortures from indigestion. After every meal the misery was intense, so that I finally ate most sparingly. I tried several so-called indigestion cures, but they did me no good. My general health began to run down. I suffered from headaches and dizziness and pains about the heart. Often after the lightest meal I would be afflicted with a smothering sensation. Finally my mother induced me to try Dr. Williams' Pink Pills. Under the use of this medicine the trouble began to disappear, and in less than a couple of months I had completely recovered my health and can now enjoy a hearty meal as well as anyone."

If it is because they make new, rich blood that Dr. Williams' Pink Pills always cure indigestion, anemia, rheumatism, heart palpitation, neuralgia, sciatica, St. Vitus dance, and the headaches, backaches and other indescribable ills of girlhood and womanhood. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams' Medicine Co., Brockville, Ont.

Ottawa, Feb. 6.—Two important circular letters having reference to the proposed seed grain advances to western farmers requiring the same, have been issued, signed by the representatives of the Dominion governments of the provinces of Alberta and Saskatchewan. As it is important

Local and General

Next Friday is St. Valentine's Day.

Montreal has a five cent restaurant.

Ed. Clark, of Pense, was in the city Monday.

J. F. L. Embury is at present in the east on business.

W. F. Matthews, of Craik, was in the city yesterday on business.

Frank Ford, Deputy Attorney General has returned from the east.

John McMillan has been appointed police magistrate at Prince Albert.

Mr. and Mrs. Herman Golnick have returned from their trip to the coast.

The Gilbert-Shorter Company entertain at the city hall here tonight.

W. B. Willoughby, of Moose Jaw, was in the city yesterday attending court.

Mrs. Jno. A. Kerr and daughter, Miss Nora Kerr have returned from spending several months at the Pacific coast.

C. P. Walker has secured the city hall for the 12th of March and will send a metropolitan production here for that evening.

The Royal Steam Laundry have a good deal of their machinery installed and are now ready for business at 1752 Rose street.

A rink composed of J. P. Brown, R. M. Ross, W. Gregg and Alex. McIvor left on Sunday evening for Winnipeg to take in the bonspiel.

The meeting of the Regina Agricultural and Industrial Exhibition Association, which was announced for Friday next, has been postponed until Friday, Feb. 21st.

Mr. B. McLachlan, editor of the Asquith Empire, was in the city today on business. The first edition of the paper was published on Feb. 6, Saskatchewan Phoenix.

J. R. Symons of Fairville, was in the city on Monday. He is a delegate to the Grain Growers' convention being held at Saskatoon this week.

H. W. Laird returned late on Sunday night from Ottawa where he had been attending a sitting of the railway commission as a representative from the Regina board of trade.

Mayor Rose, and Councillor Spratt left for Regina on Wednesday morning, as a deputation from the town council to interview the Department of Justice.—Yellow Grass Journal.

Mr. and Mrs. Fred Spooner left on Monday morning for Saskatoon where they will make their home. Mr. Spooner is one of the blockmen for the International Harvester Co.

The department of public works is calling for tenders for the construction of a re-inforced concrete bridge and dam over Wascana creek on Albert street. Tenders will be accepted up to 4:30 p.m., on Feb. 24th.

The Regina Philharmonic Association will defer until after the Lenten season the staging of the opera "Patience." The society, however, has decided to commence the practice of "Elijah."

L. Sturdevant, of York, Neb., U. S.A., left for his home yesterday after spending several days in the city the guest of his friend, J. M. Young. He has invested in Regina property and thinks it a good thing.

The death of the eleven months' old daughter of Mr. and Mrs. A. B. Cook took place on Tuesday morning. Interment is taking place at Arocla today, the remains being taken down on today's train.

R. J. Young, sales manager of the Canadian Rubber Company, and C. Holden, Winnipeg manager of the same company, spent yesterday in the city conferring with their local representatives, the H. W. Laird Co.

Ontario has had cold and stormy weather lately. Last week street cars were snowbound in Ottawa and Toronto. On Monday a death was reported from Berlin from exposure when the glass registered 42 below zero.

The marriage takes place today in Ann Arbor, Mich., of Miss Ella Reid to Mr. Andrew C. Alexander. Miss Reid, who is a sister of Mr. G. B. Reid of the Imperial Bank staff, has been living with Mrs. N. Flood Davin at Ann Arbor, where she attended the university of Michigan. Mr. and Mrs. Alexander will take up their residence in Alaska. It is expected that Mrs. Davin will now come west to reside.

The return performance of the Bonnie Brier Bush which was given in the city hall on Monday evening drew a capacity house. The staging was better than on the previous occasion, and the production was excellent in every respect. The only character changed was that of Dr. McClure, and we must confess that the change was not an improvement.

The Grand Lodge of Saskatchewan A. F. & A. M., organized in 1908, has received recognition from the United Grand Lodge of England and Grand Representatives have been appointed. Sheriff Murphy of Mooseomin, past grand master of Manitoba and Sas-

katchewan has been commissioned by the United Grand Lodge of England as the representative near the Grand Lodge of Saskatchewan, and was on the 30th of Jan. at Broadview presented with the jewel of office by H. H. Canplin, Esq., Grand Master of Saskatchewan Grand Lodge.

The cases of the Chinamen against Mayor Smith and the police was up before the court yesterday, the test case being known as Mack Sing vs. J. W. Smith. C. E. D. Wood had charge of the prosecution while Norman Mackenzie, K.C. defended Smith. The case took up most of the afternoon and Justice Prendergast gave his decision this morning to the effect that there was no evidence to show that Mayor Smith was guilty of any misconduct in connection with the raids. The cases against the police is being proceeded with.

Mr. and Mrs. W. S. McKechnie left on Monday for Regina, where they will reside in future. Mr. McKechnie, who has been on the collections branch of the International Harvester Co., has resided in Rosthern for some years. His services in this capacity in this branch have been so well appreciated that he goes to Regina as manager of the company's business for North Saskatchewan. In the past one man has attended to the work of the whole province, but the work has developed so rapidly that it has become necessary to make a division, hence Mr. McKechnie's promotion. During his stay in town Mr. McKechnie has taken a deep interest in various forms of amateur sport, and has held office in several local organizations, particularly winter sports such as curling and hockey. Both he and Mrs. McKechnie will also be greatly missed in social circles. The best wishes of their Rosthern friends accompany them to their new home in the capital.—Rosthern Enterprise.

Stop that tickling cough! Dr. Shoop's Cough Cure will surely stop it, and with perfect safety. It is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else even with very young babies. The wholesome green leaves, and tender stems of a lung healing mountainous shrub furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Regina Pharmacy Stores.

Gunters Fall Mall
Smith's Canadian
Scribner's Rod and Gun
McClure's Bohemian
Munsey's Argosy
Pearson's The London
The Strand Cosmopolitan
Broadway The People

FREE! An Accurate Thermometer

In place of giving calendars to our customers this year we secured a splendid thermometer made with an aluminium base. We are giving these away in the Drug Section. The manufacturers of these thermometers guarantee them to be correct, and are very useful for one to gauge the proper temperature of the house.

They are FREE for the asking in the Drug Section.

Prescriptions Carefully Compounded

Make it a point to bring your prescriptions to our Drug Section. We have only competent chemists in charge of our prescription department. All drugs used are pure and fresh and as such give desired results.

The 20c. Sale of Books Continues

Small neatly bound volumes of Thackeray, Dickens, "Rita" Lytton, Longfellow, Reade, Harte, etc. The typography in these volumes is commendable and the binding is red cloth. These are volumes that would sell in the usual way at twice the price. You can now have good choice at 20c each.

SOME VALUES IN SWEATERS

Which Reveal Good Buying on Our Part—and Good Buying for You

About the tidiest lot of Men's Sweaters in sizes 34 to 44, that it has ever been our pleasure to show you. There are many strong features about this consignment that renders its contents fully worth while. These sweaters were procured greatly under priced from a manufacturer who certainly knows how to make sweaters. It was a ready cash offer, and taking a generous quantity we secured a "rock-bottom price."

In every garment the weave is extra heavy and the colors are plain greys, blues, maroons, black, whites, castors. Every garment was woven for this season's selling.

If You Want a Good Sweater For Very Little Money—Buy NOW.

Men's Sweaters in blue, grey maroon, black, white, and castor, plain colors, heavy weaves, roll collar, double skirt and wrists—if sold in the regular way they would cost from one-quarter to one-half more.

Pure Food Products

What would the world do without tea? How did it exist? I am glad that I was not born before tea.

—Sydney Smith.

It Takes a Little Thought to Get at the Basis of True Tea Value

We have reason to be proud of our large patronage in teas and coffees. We cater to the needs of many of the most particular and careful buyers in the city. We please both in goods and prompt service. And yet only by taking a little thought can we realize fully the value we are offering.

For instance you might be offered two teas; one at 25c a pound and one at 40c. special. The former is cheaper in price, but if it only lasts half as long you are out on the bargain. It is all in how many good strong cups of tea you can make out of a pound that decides the "Tea question" generally in Trading Company favor.

TRY OUR NO. 1 HARD TEA 3 lbs. for \$1.

Many customers tell us it has greater body and finer flavor than any tea they can procure anywhere.

OUR SPECIAL BLENDS

No. 1 at 50c a pound.

No. 2 at 40c a pound.

Also in stock almost all brands of package teas: Salada, Red Rose, Ram Lals, etc.

ANY OF THESE WILL MAKE THAT GOOD CUP OF COFFEE.

The following coffees are good bodied and are supreme as to flavor:

R.T.Co. Mecca Coffee, 50c.

R.T.Co. Mocha Java 40c.

R.T.Co. Mocha, Java and Maricabo 30c.

Choice Breakfast Coffee, 25c.

Our Sales of Furs

Exceeds that of Last Year—in Spite of an Abnormal Season

In buying furs now it is a matter of an investment the interest of which will be quickly compounded year by year. The fact is you can almost buy two garments for the usual price of one in former years.

If you are a judge, fur buying is a keen pleasure. The time spent in inspecting values is at all times both interesting and profitable.

We ask you shop and compare. We are not afraid of comparisons, in fact we rather invite them. In this way we can only be sure that you will appreciate the superior qualities we're offering.

GREATLY REDUCED PRICES ON MEN'S COON COATS, MEN'S FUR-LINED COATS

Men's Fur Caps of Persian Lamb, Otter, South Sea Seal, etc.
