NOT CHARITY BUT JUSTICE WANTED

Ernest Robinson, M.P. for Kings, Makes Plea for Equable Freight Rates, Wider Markets and Tourist Development

OTTAWA, April 20.—After giving to the House some figures showing the natural wealth of Nova Scotia and the wealth of her products and stating that all was not dark there, Ernest W. Robinson, (King's, N.S.) in the budget debate tonight said that the Maritime Provinces had, however, some needs that should be given prompt and careful consideration. "The first and greatest need of the Maritime Provinces," said Mr. Robinson, "is an improvement in freight rates. We want to be put on an equality with the rest of Canada in this respect. We are suffering from unjust freight rates. It has been proposed that we in the Maritime Provinces should be given a rate that is below cost and that the rest of Canada be taxed to make up the difference. But we in the Maritimes do not want charity; all we want is justice. "There are two commodities, though, that might be given a freight rate below cost and the result would be beneficial to the rest of Canada. One of those is coal and the other is fish. Both of these commodities are urgently needed in central Canada, but on other commodities it would not be advisable. For instance, central Canada farmers do not want any competition in their products. They want the tariff against United States farm products raised so that they can supply the great cities of Canada. They would not be willing to have the freight rates lowered so that Maritime farm products could compete with theirs in Central Canada. That objection seems reasonable. "On the other hand, we in the Maritime Provinces need wider markets. The markets of Great Britain and Europe we have now, but we also would like to see an expansion of our market in the West Indies. Reciprocity would have been a great panacea for our troubles in the Maritimes. In addition we need improved shipping and docking facilities. A supply of the needs I have enumerated would go far toward removing the depression which we are now experiencing. "Turning to the tourist trade, Mr. Robinson said that the importance of this had been greatly overlooked in Canada. As a matter of fact, he pointed out, it was the third item of importance on the list of revenue-producers in the Dominion. It was an infant industry and should receive every encouragement. "It is an attempt," he said, "to capitalize our scenery and points of historic interest, and its encouragement should not injure our industries or harm our natural wealth. We should do more to capitalize our scenery and points of historic interest." He referred to the Rocky Mountains, the British Columbia, the Great Lakes, the historic places of Quebec and the great wealth both of scenery and historic interest in Nova Scotia. Mr. Robinson reviewed the good work done by the various Provincial Governments, the Boards of Trade and local tourist associations of the Maritime Provinces, and then advocated the establishment of a Federal Bureau to be operated for the benefit of the whole of Canada.

LARGE AMOUNT OF GOODS DONATED BY KINGS COUNTY PEOPLE

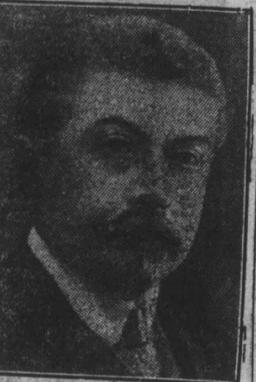

A full car was the result of the canvass made throughout Kings county for supplies for the destitute families of the Cape Breton miners. Leaving Kingston Tuesday, the 14th inst., on the regular freight, it arrived in Avonport every station contributed something. At Port Williams they received 30 bags vegetables, 5 barrels vegetables and clothing, 1 box clothing, 1 parcel clothing. At Wolfville 57 bags vegetables, 5 bbls. vegetables, 3 cases groceries, 1 bag flour, 1 bag sugar, 1 bbl. preserves, 14 cases clothing, 1 bag clothing, 2 bbls boots and shoes. The shipment from Wolfville included what was collected at Greenwick as reported in THE ACADIAN last week, also some from Gaspareau. At Grand Pre, 2 boxes clothing, 13 bags potatoes, 3 bbls. potatoes, 2 bags turnips were collected. At Avonport, 9 bags potatoes, 1 bag turnips, 1 bag flour, 1 parcel clothing. Cash contributions including the first collection made at the Town Hall, the last canvass made including Greenwick, and amounts donated direct to Halifax, probably amounted to about \$500.00.

A NOVEL PLAN IDEED

Here's a Silverware "Buying Club" that's entirely new.

G. R. Palmetter, Kentville, Jeweler, who has just announced the organization of his "Community Plate Club" has a novel idea which we believe will create wide spread interest. "There is definite need of such a club," says Mr. Palmetter. "Not every woman can afford at one time to purchase as much silverware as she would like and the quality she may feel the need of. The "Community Plate Club" makes it possible for the housewife to come into our store, make a small initial payment, and choose whatever she needs to complete her table equipment. She is actually paying no more than she would pay if she bought the silverware in the regular way and she is certain of getting the finest silverware on the market. "This is the first time that it has been possible to obtain such high grade silverware in so convenient a way. Mr. Palmetter extends an invitation to every woman in Kings County to visit his store during the week of May 2nd to 9th.

FRANCE'S NEW PREMIER

Aristide Briand, eight times Premier of France, having been unsuccessful in his latest attempt to form a government, Mr. Painleve, also a former Premier, has been called upon to organize a government by President Doumergue.

OLD METHODIST CHURCH BEING TORN DOWN

The work of demolishing the old Methodist church building on Gaspareau avenue was begun on Tuesday morning. Mr. Gates, the new owner, intended beginning operations on Monday, but was prevented by the storm. This building was erected, so far as we are able to learn, about the year 1860 and has been an interesting landmark that will be much missed by residents of the town. Its erection was a big undertaking for the few who represented the denomination here in those early days, and such men as the late William and James Woodman, James and John Woodworth, Johnson and Elijah Elderkin, William J. Johnson and John Rounsell and their families sacrificed much in order to provide for themselves a place of worship. The influence for good which in the intervening years has resulted from their endeavors is beyond the ability of those of the present day to estimate. The church has served its day and generation, and while no longer necessary since the union, many among our old time residents regret that it no longer will remain a landmark in our town. For many years the church here was included in the Horton circuit, the minister residing in Grand Pre. Afterwards it became a separate charge, since which time it has been ministered to by such men as the Rev. D. W. Johnson, F. H. Wright, R. M. Mellish, Benjamin Hills, J. B. McPherson, J. J. Borden, J. E. B. Moore, J. W. Prestwood, W. H. Rackham, W. H. Watts, F. J. Armitage, Douglas B. Hemmeon.

DEATH OF JUDGE RITCHIE

The news of the death of one of Wolfville's most distinguished and highly esteemed citizens, Hon. James J. Ritchie, Judge of the Supreme Court of Nova Scotia, was heard with sincere sorrow by numerous friends who made here becoming a resident of this town. While it was known by those intimate with him that he was in poor health the tidings of his sudden death, which occurred on Tuesday evening in Bermuda, whence he had gone some weeks ago to recuperate from a severe attack of the grippe, came as a great shock to the province generally. The late Judge Ritchie was born at Annapolis Royal sixty-nine years ago, the oldest son of the late Rev. James Johnston Ritchie. He graduated from the Harvard Law School in 1877 and in the same year was admitted to the Bar of Nova Scotia. He practiced successfully in his home town and later in Halifax, and speedily rose to a prominent place in his profession. He was appointed to the Supreme Court Bench in February, 1912, and subsequently took the place of the late Mr. Justice Graham as judge in equity, when the latter became Chief Justice. He was endowed of a judicial mind, possessed high legal knowledge and ability, and presided over his courts with courtesy and dignity. As an advocate he was fearless, shrewd, honorable and capable, and as a judge was regarded as eminently fair in all his decisions. He is survived by his wife and two daughters, who will have the sincere sympathy of a host of friends, with whom THE ACADIAN joins.

GRAND PRE

Mrs. Fred H. Crane spent the week end in Avonport, guest of her sister, Miss Alice Fuller.

Mr. and Mrs. John W. McClelland arrived last week from Ottawa, where they have been spending the winter. Their many friends are glad to have them back again.

Miss Mary Eaton left last week for Halifax, where she is visiting friends. The Mission Circle held their monthly meeting at the home of Mrs. Rose on Friday evening, April 17th.

Misses Stuart and Magee were welcomed home on Friday by a host of friends. They have spent the winter at Daytona, Florida, and Marblehead, Mass.

Mrs. Sanford, of Summerville, is visiting here, guest of her mother, Mrs. James MacRae.

Miss Doris Eaton is the guest of Miss McGregor, Upper Dyke Village.

The annual Marathon Race at Boston was held on Monday, and was won by Charles L. Mellor, of Chicago, with last year's winner, Clarence DeMar, second, and Frank Zona third. Victor McAlay and Silas McLellan, the two Nova Scotian runners who competed, finished in seventh and eleventh place respectively. There was only a difference of 15 minutes and some seconds between the time of the winner and that of McLellan.

THE JUNIOR SCOUT BASKETBALL LEAGUE

Three more games have been played in the above league. In the first game the Baptist Troop defeated the United by a score of 19 to 9. In the first period the score stood 17 to 5, the United team seeming to be bewildered by their taller opponents. In the second period they braced up and scored 4 points to the Baptists' 2. The teams lined up as follows: Baptist—Boyd Barteaux, Keith Ward, Max Sanford, Neil Sanford, forwards; Vernon Brown, centre; United—Semour Gerard, Lawrence Smith, forwards; Frank Shaw, Harry West, guards; Roy Northover, centre. In the second game the Anglicans defeated the United by the score of 23 to 22. Both sides played well, the score standing half a minute of the finish, when Earl Lynch scored 2 points on a penalty and won the game. The Anglicans lined-up as follows: Max Sanford, Neil Sanford, forwards; Earl Lynch, Dick Caldwell, guards; Vincent Cook, centre. The United team was

TAX RATE HIGH, ASSESSMENT VALUATION LOW

MOST people manifest a decided objection to the payment of taxes and are inclined to regard that particular item of household expenditure with anything but unalloyed satisfaction. Other bills are reasonable and must be promptly negotiated, but the invitation to pay the levy of the civic authorities is very rarely given a cordial welcome. Nevertheless, the money we contribute toward the municipal treasury provides many of the conveniences which we enjoy and is perhaps just as reasonable an investment as many of the expenditures which we freely make. It is often a matter of family recreation or amusement and how heavily the burden falls when an equal or less amount is required to pay our share of what is needed to keep the civic wheels turning.

This year the five per cent. rate which the "city fathers" have found it necessary to impose has come in for considerable criticism. A twentieth part of the actual value of our property for carrying on necessary community activities is regarded as alarming in the extreme. While it goes without saying that the situation is one that merits the careful consideration of citizens generally it must be remembered that the assessment in no way adequately represents the true valuation and in the aggregate is less than it was last year. The high rate, however, operates to the disadvantage of the town, as people are inclined to contrast the rate without taking into consideration the valuation upon which it is based. In one of two ways only, under present conditions, can we hope to lower the rate of taxation in Wolfville, either we must increase our valuation or economize in the running expenses of the town.

As the years go on, however, the burden of taxation may be expected to decrease materially as new residents move in and building operations go on. Wolfville is a most popular place of residence and we should seek to enhance its popularity by every means in our power. We have expended considerable amounts in past years in providing an excellent water supply, an adequate sewerage system, good streets and sidewalks, efficient schools and all the equipment necessary for a town of much greater proportions than ours. The town is growing and as it extends there should be little or no corresponding growth of expenditure. With the increased number of taxpayers taxation will be proportionately increased and the burden upon the citizen that it is now felt to be.

THE SITUATION IN CAPE BRETON

THE recent conference between the heads of the British Empire Steel Corporation and the representatives of the provincial government and U.M.W. may have been a flat failure, yet it furnished ample proof that the claim of the latter that those in charge of the coal mines of Cape Breton are totally unfit for the positions which they hold is well founded. With the president threatening that the company will "do its dirtiest" and the vice-president boasting that the destitute miners are beginning to feel the "gaff"; is it any wonder that this important Nova Scotia industry is in far from a satisfactory condition.

Meanwhile the coal mines of Nova Scotia which belong to the people and are expected to provide one of the largest sources of provincial revenue are idle and in a very precarious condition. It may be necessary for Premier Armstrong and his government to cancel the contract by which the present operators control the mines and we believe such an action would receive the approval of the public generally. When public interests are endangered it is plainly the duty of those in control to take whatever action may be necessary to prevent disaster.

BRITISH PICTURES NEEDED

THE indication that the British public and press are at last beginning to realize the mischief that is being done by permitting movie films made in the United States to monopolize the attention of patrons of moving picture theatres throughout the empire is certainly encouraging as well as interesting. Already too long have the British youth been taught to regard the conditions presented in these pictures as representative of ideals which have to do with proper living.

In very many cases the pictures shown in this country in the average theatre are certainly not such as are calculated to promote a proper patriotism among our people, and the agitation for a better quality of films which will adequately make for the development of the youth of this land, and which will exalt British and not foreign life and customs, should receive every encouragement which our people are able to give. The motion picture is today the most influential factor in the training of the youthful mind, and when it is permitted to stimulate ideals that are unreal and of the baser sort, that influence is most pernicious. The situation provides scope for a profitable and worthy enterprise.

YOU MIGHT MEET A FOOL

ON A road at the foot of the Rockies is a sign that reads: "Danger—Sharp Curve—You Might Meet A Fool". Such a sign is calculated to make a driver sit up and take notice. The latter sees at almost every sharp turn a notice to proceed with caution, or to blow his horn, and comes to be little impressed by them. He has confidence in his ability to avoid running into another car. But if there is a fool in the other car the efforts of the most skillful driver to escape may be futile.

There would be far fewer automobile mishaps if every driver would bear constantly in mind the possibility that there may be a fool ahead, not only on sharp curves, but on stretches of straight road. It is unwise to assume that each car on the highway is in charge of an experienced driver who knows the traffic rules and will obey them. You may think that inasmuch as you are keeping on your side of the road there is no danger of running your car at a high rate of speed. But you might meet a fool who will not stick to his side of the road.

The folks that never get farther than the back row at church are usually the ones who get right down in front at a movie.

LATEST LIGHT ON ANCESTRY OF MAN

The Tuang skull, so named from the place of discovery, belongs to a young creature probably about six years old, and exhibits an extinct race of apes intermediate between the living anthropoid and men. It has been named Australopithecus Africanus. "Australo" here means "South".

PAYING FOR A PAPER

Newspapers have continually to remind subscribers that their subscription is due. Weekly papers have the same problem as their brothers in the daily field. Daily papers are today under a system of inspection through an independent audit of their circulation that makes it compulsory to have their subscription lists clean. A newspaper's power to secure revenue is based on its circulation. If it has a good circulation in its field it can secure business that makes it necessary revenue. The system under which every paper in Canada now operates gives the office no credit for circulation that is not paid in advance. If a paper is carrying a thousand subscribers in arrears it does so at a direct loss. Every newspaper has the unpleasant experience of having subscribers stop their papers because a warning is sent out that their subscription must be paid for or discontinued. There is no paper in existence that does not regret the departure of an old subscriber, no so much from what the connection means to the paper in the way of payment as from the fact that it breaks a long friendship between paper and reader, and the paper is practically powerless to pursue any other course when it insists on payment of the subscription.

There is hardly another business in the country that deals with so many individuals as a newspaper, and for that reason it becomes all the more difficult to depart from the strict and fair practice of prompt collection of subscriptions. The reader who pays promptly is helping make his paper a better paper; he is giving encouragement to the whole organization to which he is a member.

The reading public, if they could get the side of the question that the office of publication has to face, would be quick to realize how necessary the paid-up subscription is to the successful carrying on of the newspaper business.

Are ready waiting for a fitting here.

The New Styles are vastly different and much prettier.

The Light Tans, in Gores, SAILOR-TIES and Step-in Pumps are very attractive, some have Lizard trimming as a touch of decoration.

Patents are very attractive this year also, Sailor Ties and Gores being leaders.

Black Suedes in cut-out patterns are very rich.

See our Exhibition of Spring Shoes in our show windows. It's worth a trip to Wolfville specially! Prices are from \$4.00 to \$8.00 with most of the snappy styles at \$5.00 and \$6.00.

Try an ad. in THE ACADIAN Classified Column. The price is small and possible returns great.

Mr. H. W. Phinney has sold his residence on Acadia street to Major J. A. Macpherson, who will take possession the first of September.

The first baseball games of the season were played on the College campus last Saturday afternoon when the Sophomores defeated the Seniors, and the Engineers lost to the Freshmen.

One of the worst snow storms of the year occurred on Monday, when the wind piled the snow up in some places to a depth of two or three feet. The warm sun of Tuesday, however, soon melted the snow, and now hardly a vestige remains.

As will be seen by a notice elsewhere in the paper the weekly Wednesday half-holiday commences the first week in May. Victoria Day falls on Sunday this year. June 3rd, the King's birthday, comes on Wednesday, as does also Dominion Day.

The following contribution of "spring poetry" was handed in to THE ACADIAN on Monday: "Backward, turn backward, O time in thy flight; Give us some real weather, for this is a fright."

An interesting and pretty sight was witnessed on the lawn of the residence of Mr. and Mrs. W. B. Eaton, Summer street, on Tuesday morning, when an apple-tree, the limbs of which were covered by snow, contained no less than fourteen beautiful robins. These welcome songsters had found their food supply cut off by the severe storm and were endeavoring to make a meal of some of last year's apples which had remained on the tree through the winter.

Announcement is made that the steamer "Prince Albert" will resume the Minas Basin service beginning on May 4th, and until a new and modern boat can be provided. It is to be hoped that this arrangement may be very temporary and that before the season is far advanced the promised change will have been effected. The service is an important one and according to report it is being subsidized by the federal and provincial governments perhaps more heavily than its importance warrants. It is imperative, then, that no unnecessary delay should defer the efficiency which has long been overdue.

NOVA SCOTIANS START BACK HOME

(From the Daytona, Fla., Journal of April 9th.)

Miss Annie M. Stuart and Miss Una M. Magee, of Grand Pre, Nova Scotia, left Tuesday for their northern home. This is their first winter in Florida and they are returning north filled with optimism about business possibilities, the climate and health of the Halifax County.

Miss Stuart, who is a well-known business woman and apple grower in the Annapolis Valley, says the ideal life would be to grow apples in that beautiful valley in the summer and oranges in Florida in the winter.

Their many friends here hope they will return and make as great success growing oranges as they have growing apples.

MRS. THOMAS FORHAN

Mrs. Thomas Forhan, of Halifax, passed away at the home of her brother-in-law, Mr. J. Hayes, on Tuesday evening, April 21st, at twelve o'clock. She would have been 90 years old on November 13th. She came to Wolfville two weeks ago to make her home with her relatives. The body was taken to Halifax on Wednesday afternoon and the funeral took place from her old residence, 87 Inglis street, on this afternoon.

RESUMPTION OF SERVICE

Commencing Monday, May 4th, the S.S. "Prince Albert" will resume service between Parrsboro, Kingsport and Wolfville. An order has been placed for a new steamer to replace the "Prince Albert," and as soon as completed will be placed on this service.

Did it ever occur to you that perhaps it is time to pay your subscription to THE ACADIAN?

Don't miss "The Arrival of Kitty", by the Acadia Academy students, Friday, April 24th, at the Orpheum Theatre.

The Girl Guides of Wolfville and Port Williams are planning to give a demonstration of Guide activities in the Acadia Memorial Gymnasium, on the evening of May 1st.

Be sure to attend the meeting of the Board of Trade at the Town Hall this evening. Talks will be given by a number of our citizens who spent the winter in Florida, who will have suggestions to offer whereby Wolfville can increase its tourist trade. A representative of the Nova Scotia Publicity Bureau will also be present.

Next Wednesday the Wolfville, Public Schools and the I.O.D.E. are combining the operetta "The Dream of the Flowers", under the direction of Mr. Silver, and the play "Where the Whirlwind Blows". The operetta is exceptionally artistic and the dances charming. There are 50 children taking part beside the full school orchestra. Orpheum Theatre, Wed. 29th, at 8.15. Tickets 50 cents.

On Friday evening next at 8 p.m. the Junior Scouts and Wolf Cubs of St. John's church will give you a chance to imagine you are at Sunken Lake. A realistic Camp Fire scene with songs, etc. An amusing Scout play and some new songs that will make you laugh. Messrs. John Eaton and Ron. Smith have consented to give a cockney song similar to "Mrs. Enry Hawkins" that was so well received at the last Scout entertainment. Parish Hall, 8 p.m. Friday.

Pantomime—O. Zion Haste. Special mention must be made of the numbers ever carried out before a young audience, and of the Butterflies chorus, in costume. The flute solo by Miss Mary Payzant was also an unusual feature, which received much applause. Those under whose direction Ward and Mrs. Charles Sinnett, accompanied Mrs. Sinnett.

THANKOFFERING MEETING

The annual Thankoffering meeting of the Women's Missionary Society of the Methodist church was held on Thursday afternoon, April 17, president, Mrs. Anderson Eaton, presiding. The service opened with congregational singing, followed by vocal solos by Mrs. Alice Ellis and violin duets by Mrs. (Dr. F. Chute and Mrs. W. R. Dickie, accompanist Mrs. Charles Sinnett, Mrs. A. W. R. Dickie, Mrs. John Brown, Mrs. William Mullet were enjoyed.

HABITANT

Habitant Women's Institute met at the home of Mrs. William Newcombe Friday afternoon, April 17, president, Mrs. John Ross in the chair. The program committee consisted of Mrs. William Newcombe, Mrs. Ira Cox and Mrs. Lingley, who were also in charge of the refreshments. The subject for study was Public Health and School Sanitation readings being given by Mrs. Byrd Hall, Mrs. Arthur North, Mrs. Harold Kinsman, Mrs. R. A. Porter, Mrs. Ann Melvin, Mrs. William Newcombe, Mrs. Frank Brown, Mrs. Warren Eaton. The response to roll call was Current Events, the Executive Committee reported the cleaning of the school buildings during Easter vacation. A letter was received from Miss Rosamond Arnold, B.A., of Acadia University, requesting the Institute to sign a petition to be sent to Hon. E. H. Armstrong, requesting the Executive Council of N.S. to take such steps as will lead to the King's English Drill being placed in the curriculum of our public schools. The petition was unanimously signed.

The close of the meeting a delightful hour was spent over the tea cups. Mrs. Edward Eaton was the hostess at a delightful social gathering held on Monday evening, April 13, in aid of the Habitant Tennis Club. The evening was spent in games and music, which were followed by refreshments. The committees in charge were: Program and Refreshments, Mrs. John Ross, Mrs. Arthur North, Miss Laura Eaton; candy table, Miss Winnie Ellis, Miss Mabel Hillchie. The sum of \$15.00 was realized. Mrs. John Ross entertained Habitant Basketball Club, which was opened under the direction of Mr. Percy Kempton on Saturday evening, April 18, and greatly enjoyed.

FORMER CANNING GIRL MARRIED

A marriage of interest was solemnized at the home of Mrs. Edward Mullins, Arlington Heights, Mass., on Saturday, April 11th, when Grace A. Irving, daughter of Mr. and Mrs. William Irving, of 56 Newton St., Cambridge, was united in marriage to Mr. Charles A. Smith, of Cambridge. The groomsmen were Mr. Percy Roberts, of Halifax, and the bridesmaid, Miss Florence Irving, sister of the bride, who was lovely in a gown of blue. The ceremony was performed beneath the beautiful arch of pink and white, the organist being William Mullins. The bride was charming in a gown of blue and green and carried a shower bouquet of white roses. Relatives from Marlboro, Cambridge, Springfield, Lynn, Somerville and Waltham were present. At the conclusion of the ceremony a reception was held at which forty relatives and friends were present. The gifts were numerous and beautiful. At the conclusion of their wedding trip Mr. and Mrs. Smith will reside at 55 Prospect street, Cambridge. The groom was a wireless operator during the war. Their many friends in Kings county join in wishing Mr. and Mrs. Smith every happiness.

SHEFFIELD MILLS

Miss Elizabeth A. Webster, daughter of the late Cyrus Webster, of Sheffield Mills, passed away after several weeks' illness on Tuesday, April 14, at the home of her brother, Mr. Frank Webster, Sheffield Mills. Those left are four brothers, James of Canning, Arthur of Pawtucket, Ralph E., Los Angeles, and Frank, with whom she resided, and two sisters, Mrs. Edgar J. Ellis, and Mrs. W. W. Harris, Sheffield Mills. The funeral was held from the residence of her brother, Frank Webster, Thursday afternoon, and was largely attended. The service was conducted by Rev. G. D. Hudson, who paid touching tribute to the life of the deceased. Favorite hymns of the deceased were sung. The pall bearers,

were Messrs. Ernest Harris, John Kinsman, Captain A. W. Bowser, Harry Vaughan. Interment was at the Upper Canard Baptist cemetery. Captain A. W. Bowser returned last week from visiting his brother, Mr. George Bowser, who is a patient at Camp Hill hospital, Halifax. A number of our young people attended the informal but enjoyable Easter dance held in Canning Armory. Mr. and Mrs. C. E. Kinsman entertained at a delightful dance on Tuesday evening, April 14, in honor of their daughter, Miss Doris Kinsman, who returned to Truro Normal College on Wednesday.

KINGSFORT

Kingsfort Bridge Club met at the home of Mr. and Mrs. Fred West on Wednesday evening, April 15, the ladies' prize being won by Mrs. E. Dickie, and the gentlemen's by Roy Loomer. Miss Mary Cox, Annapolis, has returned from visiting her parents in Kingsport.

Mrs. Harry Rafuse is visiting her daughter, Mrs. Regan, Hotel Ambassador. Mrs. Crosby, who has been ill, is improving. The Easter cantata and concert held by the choir and Sabbath School of Kingsport Congregational church was of a very fine order. The devotional exercises were led by the pastor. The church which was decorated with Easter lilies and potted plants was filled to its utmost capacity with an appreciative audience. The program was under the direction of Miss Juanita Loomer and reflected great credit on all who took part. The Sabbath School marched to the front of the auditorium where, with their teachers, they took their places, making a beautiful sight as their young voices raised in Easter thanksgiving to the Great Giver of all. The collection amounting to \$20.00 will be used for choir purposes.

SCOTTS BAY

Bay View Lodge, I.O.F., Scotts Bay, held one of the most successful banquets in their history on Wednesday evening, April 15, more than 50 members, their wives and friends enjoying an evening of much pleasure, Mayford Tupper presiding. The committee consisted of Messrs. Wyman Shaw, Harris Thorpe, Emery Barkhouse, Louis Tupper, George Huntley. The Missionary Society of Scotts Bay held a successful social and ice cream sale at the home of Mr. and Mrs. Marchant Steele on Wednesday afternoon, April 15. Those in charge were Mrs. Marchant Steele, Mrs. Mayford Tupper, Mrs. Clarence Steele, Mrs. Bowman Steele, Mrs. Wyman Shaw. The afternoon was greatly enjoyed by all.

Scotts Bay Women's Institute held a largely attended meeting on Tuesday afternoon, April 14, at the home of Mrs. Marchant Steele, president, Mrs. L. A. Huntley, presiding. The program was in charge of the Home and School Committee and was of much interest. The afternoon being devoted to the study of Temperance Union. Papers were read by Mrs. Clarence Steele and Mrs. Thomas Watson. Mrs. M. F. Corlum read a paper on the work amongst the blind in our province. Miss Ruby Dickie, piano, and Mrs. Mayford Tupper, violin, and others added much to the pleasure of the afternoon.

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

Mrs. David Sutton, Church Street, has returned home from Ottawa, where she has been with her sister, Miss Christine Dewar, who has been seriously ill. Miss Sutton left her sister much improved in health.

Mr. MacMime and Mr. Melvin, of Halifax, (Royal Bank staff) were in Port Williams last week inspecting the work of the branch in this place.

Mrs. G. Cyrus Ellis was at Sheffield Mills on Thursday last, attending the funeral of the late Miss Elizabeth Webster.

The regular monthly class meeting of the "King's Daughters" S. S. class met on Thursday evening of last week at the home of Mrs. A. B. Rand.

Those who attended the service in the United Baptist church here last Sunday evening had the pleasure of listening to a solo, sung by Mr. Arthur Tingley of Wolfville. Mr. Tingley is a Theological student at Acadia University and his fine baritone voice will be a splendid help in the ministry, since he will be able to sing the Gospel as well as preach it. Mr. Tingley will be remembered as one of the Royal Bank staff here when this branch was but a sub-branch of the Royal Bank of Wolfville.

Mr. Elias Curry, of Wolfville, was the week end guest of the Misses Peryle and Susie Lingley, of Belcher Street.

The members of the Women's Institute nursing class met at the Institute room in Citizens' Hall on Tuesday afternoon at 3.30. The speaker for the afternoon was Dr. M. R. Elliott, of Wolfville. His talk was most interesting and helpful. This was the last lesson with the exception of the review which will be held at the home of the president, Mrs. J. A. Magee, Lower Church Street, on Tuesday, May 5th.

Capt. Faulkner, of the steamship "Canadian Marine" arrived home on Tuesday to spend a few days with his family.

Miss Ella Wood, who has been very ill for the last two months, is steadily improving, we are glad to report.

Mr. J. W. Harvey has lately purchased a very fine sedan.

The Rev. Mr. Woodroffe, who was at one time rector of St. John's church, Church Street, was welcomed by his many friends last Sunday morning, when he again occupied the pulpit of St. John's church.

Miss Kathleen MacDonald, of Wolfville, accompanied by a friend from Halifax, spent the week end with Mr. and Mrs. Robert Murphy, Church Street.

Mrs. Elizabeth Chase, of Church Street, went to Halifax on Tuesday for a few days.

Mr. Elias Curry, of Wolfville, spent Monday and Tuesday with his friend, Mr. O. G. Cogswell.

Miss Irene Gates left on Tuesday for Boston, where she will visit relatives and friends for a short time.

Miss Dorothy Hilsley left on Tuesday for Toronto to visit her brother, Mr. Kenneth Hilsley, for a few weeks.

The regular meeting of the Women's Institute was held at their room in Citizens' Hall on Thursday, April 9th. After the usual business was disposed of the Agricultural Committee took charge of the program.

Miss Susie Chase, of Church Street, was convener and gave a very interesting discussion on the subject. Miss Chase is well qualified for such work and those who were not there missed some valuable information. There was also a movement made to fix the grounds of the several schools within the exhibition limits (which will be another step forward for the Institute), also to try and brighten up the Institute grounds.

The correspondent would like to suggest that a flag be purchased, also a flag pole erected, that the flag might be unfurled on holidays, at least, and on our Institute meeting days. This is one thing in which we, as Canadians, are lax. It is not that we are not patriotic, as was shown in the Great War, but we certainly do not preach and teach it to our children as we ought. Let us think it over and see if the "Old Union Jack" floating over Citizens' Hall would not be as much of an adornment as flowers at the door. We need them both.

Mr. and Mrs. Harold Norton went to Halifax on Monday to consult with Dr. MacDougall in reference to Mrs. Norton's health, which has not been satisfactory for some time. Mrs. Norton's many friends are hoping she will return with the verdict "nothing serious". She is expected home in a few days.

Mrs. Watson, of Westville, Pictou county, has been visiting her son, Mr. Wm. Watson, of the Royal Bank staff, Port Williams.

For Sore Throat Use Minard's Liniment.

REPORT ON PORT WILLIAMS WATER

This sample of water was submitted by Dr. Fullerton and Mr. J. W. Harvey, of Port Williams. It was received at the Laboratory on April 3rd. It was not packed in ice. Examination was requested merely as a matter of precaution, as there had been no epidemic in the district, and survey of the water system revealed nothing wrong.

Colour: Slightly brown.

Opacity: Very slight, owing to a little suspended vegetable matter.

Chlorine: 13 parts per million.

Bacteriological Examination: Colonies on agar plates after 48 hours, 80; Gas formation equaled 10% on 5 ccm. On Levine's Eosin-methylene blue medium, no B. Coli was found.

Careful search also failed to reveal the presence of Bacillus typhosus or other disease producing germs.

Conclusions: There is no reason to conclude that this water is contaminated. The tests are satisfactory in all particulars. In my opinion the water is quite safe to use for domestic purposes.

A. G. NICHOLS, Professor of Pathology, Dalhousie University.

"SAVE THE FOREST WEEK"

The Federal and Provincial Governments are again jointly undertaking a special program of Forest Conservation.

A "Save the Forest Week" April 19th to 25th has been set aside by proclamation of the Governor General and every effort is being made to secure the attention of old and young to the urgency of the matter.

Forest fires cause loss of timber wealth and other valuable property. In some cases they have resulted in loss of life. The destruction of the forests interferes with the storage of water and disturbs the flow of streams, causing thereby serious injury to farm lands and water powers.

Forest industries furnish employment to a large proportion of our people, and supply us with many things necessary to our everyday life. Without the forests we could hardly live.

A careless settler, having cut down his trees to clear his land, may try to burn up the brush, during dry weather and neglect to take precautions against the spread of fire into the surrounding bush, or some thoughtless camper or smoker may start a serious fire that will rage for days and cause tremendous destruction. Our wonderfully valuable forests are easily destroyed by acts of thoughtlessness and neglect. Let all help to keep the forests green.

If you build a camp fire, build it on rock or gravel and make it as small as possible. A small fire is the best for cooking purposes. When leaving, extinguish the fire completely with water or a few shovels of earth. If you see anyone toss away a lighted match or lighted tobacco while in the woods warn him that his act is dangerous. "A tree will make a million matches—a match will destroy a million trees."

POTASH AND PERLMUTTER

Played 9 years on Broadway. Ran 9 years in Saturday Evening Post. Nine years on tour in the United States.

Five years in London. Three years in Berlin. Three years in Russia.

Seen by the world. Heard by the world. Samuel Goldwyn, producer of "In Hollywood with Potash and Perlmutter," which is said to be one of the most hilariously funny pictures ever seen on the screen, claims his picture is, in one way, very much like Shakespeare's "Hamlet."

While one is comedy and the other stark strydey, both make use of the "play within a play" idea. Only in "In Hollywood with Potash and Perlmutter" the play is screamingly funny.

The picture will be the attraction at the Orpheum Theatre next Wednesday and Thursday.

FACTS ABOUT TEA SERIES—No. 4

The Two Types of Tea

There are two distinct types of tea, namely Black Tea and Green Tea. Both are made from the same bush and both are equally pure. The difference is in the process of manufacture which gives each a different flavour. Black Tea after it is plucked is withered and partially "fired" or dried, then allowed to oxidize by being exposed to the air. This gives Black Tea its dark reddish colour when drawn. Green tea is immediately steamed after plucking, which prevents oxidation. There are delicious blends of "SALADA" in both of these types and also a unique blend of Black and Green Tea Mixed. All are sold in four qualities.
