Here is a New Game

for the Children,

AMUSING AND INSTRUCTING.

The Fox Educational Board for good boys and girls. Educate your children while they play.

The Sentence and Wordbuilder consists of 48 letters and pictures from which the groups of words and sentences may be built, separate, and rebuilt, while the child plays until his interest in spelling and in writing, as well as in the meaning of words, is forever rightly fixed.

Introduce the Letters and easy Words slowly. As soon as the child gets acquainted with a few letters and words, and the process of Word Building, he will be able to build his own thoughts into words and sentences.

The board is in the form of a circle, is strongly made, of a bright color and is nicely decorated. A most attractive looking game and one that will stand a lot of hard wear.

The price is \$1.75 each, and there are only ten in stock.

Mr. Hewlett's Story.

DROPPED ON A GERMAN WARSHIP—AIRMAN EVADES ALL ATTACKS BY RAPID MANOEUVRING.

Amsterdam, Jan. 8.—Flight Commander Hewlett, who, as already telegraphed, has been picked up in the North Sea and brought in by a trawler, arrived there at half-past six this evening, very tired after spending six exceedingly rough days at sea on board the trawler Maria van Hatten, Capt. Cornelius Conyu. Commander Hewlett's story in substance is as follows:

His seaplane was the first of the squadron to leave the British ships in the Bight of Heligoland. He ascended to a considerable height, but while pursuing his course along the coast he ran into dense fog, and, missing Cuxhaven altogether, flew some distance into Germany, before discovering his mistake. When he eventually alighted up his bearings he doubled back in a northeasterly direction and passed Cuxhaven on the west.

BOMBS ON THE ZEPPELIN SHEETS AND WARSHIPS.

In so doing, however, he observed the Zeppelin sheds. His seaplane was at a great altitude, but he descended in a sharp vol-plane until he was within 200 metres (217 yards) of the sheds, when he launched his bombs. A heavy fire was directed against him, but he manoeuvred the seaplane with such rapidity that he escaped being hit. He noted exactly the position of the sheds and then flew seaward again.

Commander Hewlett failed to discover the British squadron, but on approaching Heligoland observed a strong squadron of German warships, whereupon he repeated his previous manoeuvres and, coming down to within 300 metres of the vessels, dropped his remaining bombs. One of these fell on one of the largest ships of the squadron, and although it was impossible for him to ascertain the nature of the damage caused, he saw a great cloud of smoke rising from the ship.

DESCENT DUE TO ENGINE TROUBLE.

The anti-aircraft armament of the German squadron was brought into play against him, but again by quick and mounting rapidly he escaped injury. Once more the plucky pilot searched for the British warships, but before he could find them his engine failed, and he was compelled to come down on to the surface of the sea. Having done so, he attempted to repair the engine, but his efforts were unsuccessful, and after

several hours he was picked up by the trawler. The latter towed the disabled seaplane for some time, but smoke was presently observed on the horizon, and as Commander Hewlett thought it likely that it might be that of German ships searching for him, the seaplane was cast off, and the Maria van Hatten proceeded on her fishing expedition.

The trawler, a vessel of some 150 tons, experienced the full force of last Monday's hurricane, and Commander Hewlett's experiences during that terrible period are indescribable. The trawler's crew did every thing possible for his comfort, but, to use his own words, "a trawler isn't exactly a first-class hotel."

During his flight Commander Hewlett steered his machine with his left hand and made full notes of his observations with his right.

AIRSHIPS' VULNERABILITY.

The British official report on the aeroplane raid on Cuxhaven indicated the futility of the employment of Zeppelins against warships. The expertness of Commander Hewlett shows further that these great gasbags are of little use against aeroplanes. Although Commander Hewlett was armed only with a revolver, the Zeppelin which attacked him, as I am informed, was unable to do any damage. He escaped its attacks with ease. Had he been accompanied by a passenger, operating a machine gun, or a special rifle of which nothing need be said at present, the Zeppelin would have been an easy mark and would probably now be drifting wreckage in the North Sea.

Commander Hewlett's notes are of the greatest importance.

CAUGHT WITH HIS OWN PHRASES.

"There is a good story in currency just now which, if it be not true, certainly ought to be," says the Westminster Gazette. "It is of a French Minister visiting a French military hospital in which two Parisians occupied two neighbouring cots."

"The Minister asked Parisian No. 1 how he was. 'We are making slight progress,' was the cheery reply. 'The Minister, with a smile, turned to the second wounded man, whose recovery was slow. 'And how are you?' he asked. 'Situation unchanged,' was the soldier's reply in a feeble voice. 'Nothing new to report?'"

"This time the Minister laughed outright—'The joke is against me,' he said."

Matters for Mothers

NUTMEG AS A MEDICINE.

Nutmegs have many medicinal properties which make them most useful in the treatment of various illnesses. In cases of colic and dysentery, for instance, nutmeg very finely powdered and mixed with a little milk often has a most beneficial effect. For children one-sixth to one-third of a teaspoonful, according to age, should be given, and for older people from one to two teaspoonfuls every two hours. Sleeplessness is often relieved in the same manner, for nutmegs have very powerful soothing qualities.

TREATMENT OF THE EYES.

When the eyes ache close them for five minutes. When they burn bathe them in water as hot as can be borne, with a dash of witch-hazel in it. After weeping, bathe them in rose-water and lay a towel wet in rose-water over them for five minutes. When they are bloodshot, sleep more. When the whites are yellow and the pupils dull, consult the doctor about your diet.

CHILDREN'S QUARRELS.

Quarrels among children should at once be put a stop to. To control the temper is one of the most important lessons which childhood has to learn, and parents should never give way to ill-temper in the presence of little ones.

CUT FLOWERS.

These may be preserved by keeping them in a moist atmosphere. Another method is to dip them carefully, as soon as gathered, in perfectly limpid gun-water, and after allowing them to drain for two or three minutes to set them upright. The gum forms a transparent coating on the surface of the petals and stems and preserves the colour and figures of the flowers long after they have become dry and crisp. Faded flowers may be restored by immersing them half-way up their

stems in very hot water, and allowing them to remain in it until the water cools or the flowers have recovered. The "coddled" portion of the flowers must be cut off, and the remainder placed in cold water.

WHITE HAIR POPULAR.

The elderly ladies of to-day, says a gossip, are not only proud of their white hairs, but they powder their slightly grey hair thickly at the sides and the front. At the opera the number of white-haired dames in the boxes is quite surprising. There are many reasons for the disappearance of the "transformation." In the first place, modern hairdressing does not require a quantity of hair, and, in the second, hair that is well done is so unlike a wig.

A WELL MADE BED.

It is well known that many persons, particularly children, are restless after retiring. In the morning sheets and bed-quilts are askew, and the bed in anything but a comfortable condition. And then, perhaps, the remark is heard: "How I wish the bedclothes were buttoned or nailed down, or fixed some way so that they would stay where they belong." But the bed, if made properly, will always stay right. Turn the lower sheet well under at the head of the bed. Turn under a foot at least. It does not make any difference whether the sheet is tucked in at the bottom or not. The strain on it always comes from the head of the bed downwards, and the strain of clothes over a sleeper comes from the opposite direction. Hence, the need to be well tucked in at the bottom. Tuck in all the clothes, both upper and under, along the sides. But the main point is that the under clothes should be well turned in at the top, and the upper ones at the bottom. This is the secret of making them stay where they belong, no matter how restless the occupants are.

Miracle Mary.

To-day the Crescent Picture Palace presents "Miracle Mary," a big three reel feature produced by the Victor Motion Picture Company. This is a strong drama of the underworld, the story of a man who had to suffer in prison for another's crime; it contains some beautiful scenes and is full of intense realism.

"Slime Last Trick" is a very laughable comedy, the very best of the famous Slim series produced by the Frontier Comedy Company.

J. O'Neil Farrell, baritone, at the request of some of his volunteer friends will sing "It's a Long Way to St. John's City."

The Crescent to-night will give souvenir ballads of the song to patrons.

BEING READY.

"Let preparations never cease—the strongest guaranty of peace is readiness for war." So we've been told by statesmen, great, who navigate the ship of state, that we pay taxes for "if we feel safe we must prepare."

With airships we must fill the air and stock the sea with ships; we ought to blow a billion yen to drill and train a host of men, if we'd avoid "calypse." And even now, while Europe rocks, beneath her armies' mighty shocks, our statesmen talk the same: "We must be building battle boats, if we'd preserve our sacred goats, and sidestep grief and shame." And it was Europe, gentle niece, that guaranteed a lasting peace by loading up for war.

Whenever she acquired some man she blew it for a wet aim gun, till she had guns to spare. And Europe's sons, for countless years, have tolled in agony and tears to pay a brutal tax; to pay for "guarantees of peace" they labored till Death should release the burdens from their backs. The peaceful man won't carry arms he has no use for war's alarms, his quiet way he goes; but once you arm him to the ears, with boomerangs and guns and spears, hell surely twist your nose.

SPURRELL BROS., Gent's Tailoring and Cleaning and Pressing, have now taken over the store at 174 Duckworth St. in connection with their store at 365 Water Street, and are now prepared to cater to the East End trade in High-Class Gent's Tailoring and Cleaning and Pressing, and a share of your patronage is solicited. AND THE CONSEQUENCE WAS—

Young Brown's repast was growing chill. Though he had only just begun it, He glared and said, "The Castle hill— 'That's done it!'"

War hadn't touched him up to date; He'd cheered his pals who went in batches. Yet still paid sixpence at the gate At football matches. But Scarborough—he loved the place. That happy haunt of summer revels. Bombaraded!—Blood rushed to his face— "The Devils!"

Those Yorkshire women lying dead! The news grew blurred—he tried to skim it. Then rose—"This is," he calmly said, "The limit!"

To the recruiting shop down town He strode—he almost seemed to run it. "I want to dot them one," said Brown, "That's done it!" —Jessie Pope.

Our Departed Heroes.

Although Lieut. Commander Harvey was the first of the British sailors hailing from Newfoundland to give up his life for the Empire, the first casualty list of our Naval Reservists who offered their all for King and Country is published to-day. In all 25 Newfoundlanders are reported as going down with H.M.S. Viknor. How the Viknor met her fate is unknown, whether by submarine torpedo, mine or storm is unknown. But there is no doubt of her fate, as bodies with life-belts have been washed ashore at Port Rush, Ballycussle, Larne and elsewhere on the coast of Ireland.

The Viknor was a small steamer of 200 tons, formerly the Viking, used in the Isle of Man packet trade, and taken over by the Admiralty and converted into a cruiser. The Newfoundlanders who perished were among those who went over on the Franconia and the Carthaginian. Many towns and settlements have lost one or more of their residents, but fortunately, if we can use the word in connection with such a severe misfortune, the loss is distributed widely. The 25 victims come from 21 different settlements. Brigus loses three young men. Bay Roberts two and St. John's two. Among the electoral districts, Port de Grave suffers most, as it loses five men out of a small population. The Bonavista district also loses five and Trinity Bay four. The districts of Fogo, Harbor Grace and Placentia Bay lose two each; and Bay de Verde, Harbor Main, St. Barbe and the two divisions of St. John's one each.

Newfoundland has been called upon to pay the price of Admiralty, and the twenty-six men from the Quarter Deck and the Lower Deck have set an example which will be an inspiration to others. They have given their all for their King and Country.

Well Done, St. Anthony

January 30th, 1915.
To His Excellency the Governor,—
Bazaar at Griguet a great success. Five hundred and fifteen dollars. Conche and Englee about four hundred dollars and the French Shore has raised over fifteen hundred dollars and about twelve men already.

A MARK OF RESPECT.—The Law Society did not meet on Saturday, as expected, as a mark of respect to the late Judge Conroy.

RESIGNED.—Constable Scovior, who joined the police force only 3 months ago, left again this morning and leaves by the next outgoing steamer for New York.

The times are momentous, and many are the changes that the future may bring, but don't get down-hearted, when this week gives you a big, big bargain in Laces and Embroideries at Rodger's.—Feb. 11

HAD ROUGH PASSAGE.—The schr. Adriatic, eleven days from Lunenburg, reached port yesterday to load fish for Europe. During the passage boisterous weather was met and the vessel was harried for three days at Gape Broyle.

ENROLLED AS SOLICITOR.—To-day Mr. Cyril J. Fox, son of Mr. John Fox, of H.M. Customs, was enrolled as Solicitor by Mr. M. W. Furlong, K.C., and will enter into partnership with Mr. W. R. Howley, K.C. Mr. Fox is a brilliant ex-pupil of St. Bonaventure's College. To the young solicitor and his parents we extend congratulations.

BRUCE PASSENGERS.—The s.s. Bruce arrived at Port aux Basques at 7.30 a.m. yesterday, but owing to the N.W. gale which raged all day she was unable to get to the pier until 1.30 a.m. to-day. She brought the following passengers in saloon: C. H. Irish, R. P. Rowbotham, L. B. Smith, Mrs. F. V. Chesman and R. Pike.

Prize Distribution.

The annual distribution of prizes to the boys and girls of the Cathedral Sunday School took place yesterday afternoon in the Synod Hall. The children had unanimously relinquished their prizes this year so that the money usually spent for them might be given for the relief of the distressed Belgian children, and simple printed certificates were distributed in lieu of the usual books and medals. Lady Davidson was kind enough to undertake that duty, and after doing so addressed a few words to the children expressing her pleasure at their act of self-denial, and thanking them for the contribution of Seventy Dollars to the Belgian Fund. A feature of the meeting was the presentation to Lady Davidson of Mr. Charles Butler, a teacher in the boys' school, who was present wearing his uniform as a member of the Nfd. Regiment. Lady Davidson wished him God-speed and hoped that he may be spared to return to take up his duties again in the Sunday School. A vote of thanks to Lady Davidson for her kindness in attending the distribution was heartily accorded, and after singing the National Anthem and receiving the Benediction, the gathering dispersed.

Obituary.

MRS. J. F. DOWNEY.
With regret we record the passing of Mrs. Downey, beloved wife of J. F. Downey, M.H.A., whose death occurred at her late residence, Torrington House, yesterday. The deceased lady had been ailing for some time past, and though death was expected, the end came rather suddenly causing a severe blow to her husband. Mrs. Downey was well known in the city, and much sympathy will be felt for Mr. Downey, and the deceased's sisters Mrs. McGrath and Mrs. McRae, who only recently suffered the loss of their mother, the late Mrs. Donovan.

FRANCIS BUSH.
Yesterday afternoon, the grim reaper—Death—claimed as its victim Francis Bush, a bright and promising young man of the East End. Though his illness was protracted, the summons came wholly unexpected and as a shock to his mother and brothers, as the previous day he was out and in the best of spirits. Twelve months ago he was stricken with diabetes and periodically he rallied, but the ailment had reached such an advanced stage that cure was impossible. Deceased was 24 years of age. For 13 years he was a prominent member of the C.C.C., which will greatly lament his passing as he always took a deep interest in cadet undertakings. Possessed of an affable and cheerful disposition he endeared himself to all who came in contact with him. He was known to be a vocalist of exceptional ability. The one thing he sorely regretted recently was the departure of our volunteers among whom there were many associates of his belonging to our city brigades. He wanted to go himself, but was deprived, because of physical infirmities. Saturday night last a change came for the worse and Drs. Macpherson and Fraser and Dr. Kitchin were called to his bedside. Gradually his condition weakened and at 3 o'clock yesterday afternoon he was called to the Great Beyond, fortified by the rites of his church. Besides a mother and two brothers, deceased is survived by a large circle of relatives and friends, and to all we offer sincere sympathy.

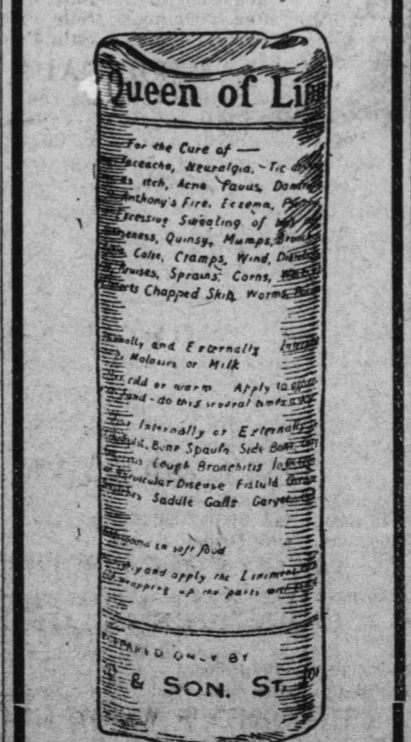

Dropped Dead.

While attending seven o'clock mass in the R. C. Cathedral yesterday morning, Ed. Hanrahan died suddenly. He was kneeling in the lower end of the church when he suddenly fell, without uttering a word. Thinking the man had been seized with a weakness, worshippers nearby lifted him up. Mr. W. McGrath, a volunteer of the second contingent, applied First Aid, without avail. Meanwhile Dr. Macpherson and Dr. Berg, Fr. Nangle were summoned, the latter administered the last rites. Death was due to heart failure. Deceased was 52 years old, and unmarried; he had been engaged as watchman at Harvey's butterine factory.

Agricultural Meeting.
The annual meeting of the Agriculture Society was held on Saturday last. Reports from the various branches showed satisfactory results during the past year, particularly as regards the distribution of live stock, seeds and farm implements. The election of officers resulted as follows:—President, H. Cowan; Vice-President, H. R. Cook; Acting Secretary, A. V. Ross; Executive—J. Holden, R. Rose, P. J. Merner and W. Ireland.
Speeches of a patriotic nature were given, and Messrs. H. R. Cook and Connolly were congratulated on having given their sons to the service of the Empire.
FIRE ALARM.—At 9.45 Saturday night a slight fire, caused by soot igniting in the chimney, occurred at the residence of Mr. J. Hearn on Duckwood Street. The West End brigade responded, owing to the Central and Eastern men being at the MacGregor outbreak, and quenched the blaze. Very little damage was done.

Obituary.
MR. OTTO EMERSON.
We note with feelings of deep regret the passing of Mr. Otto Emerson, which sad event occurred at noon to-day, at his late residence, Bonavista Mill Road, after an illness of some fortnight's duration. Deceased was 49 years of age. Heart trouble was the cause of his death. For a century of a century he held the position of Civil Engineer with the Reid & Co., with which concern he was in high regard as well as by the community generally. He was a son of the late Mr. Louis Emerson, Chief Engineer of the Northern District, and brother of Mr. Justice Emerson of the Supreme Court. He is survived by a widow, two children, five sisters and a large circle of relatives and friends. To the bereaved of the Telegram expresses its condolence.

Here and There.
STOVE EXPLODES.—This morning at 7.30, the Central and Eastern Fire Companies were called by telephone to the residence of a Mr. named Foster, on Bond Street, where a fire was supposed to have occurred. The connections to the range in the kitchen were frozen and when the fire was lit the stove exploded, and the stove was wrecked, but no damage was done.

TROUBLE ON LINTROSE.—As a result of over-indulgence in alcoholic liquors, a row occurred on the Lintrose on Saturday. Two men, did not belong to the ship's crew, and were badly beaten. One of them, Kean, was thrown overboard, and was barely rescued by the other man, Kennedy, near the General Hospital.

Pride and Prejudice.

By RUTH CAMERON.

"I never read serials," a girl said to me the other day. There is nothing startling in that statement. In fact it is so far from startling as to be a "bromidiom." But there was one thing about it which made me thoughtful. And that was the pride with which it was uttered.

Why should one be proud of a prejudice? Especially one that deprives one of pleasures? Yet people almost invariably are. I have heard that statement at least a hundred times and each time it was uttered with an air of great pride. Evidently pride and prejudice go hand in hand to-day just as they did in Jane Austin's time.

The Joys of Reading Serials.

Personally I like to read serials. I am reading three at the present time and they furnish delightful little points of interest in my life. Again and again the people in them come into my mind and I wonder what will happen to them in the next installment. I speculate as to whether the doctor in disguise will go back to being a doctor again, and if the woman who lost her money will learn to make the little home beautiful; and I find a pleasure in these speculations akin to the pleasure which the veiled uncertainties and vast possibilities of life itself (the greatest serial of all) give.

Of course it is trying to be forcibly parted from the heroine at a crucial moment by a cold-blooded "to be continued," but that annoyance soon passes and in the balance we have the anticipatory delight of suddenly discovering that the time for the next in-

stallment is close at hand and the fulfillment of hurrying home with a fair new copy of the longed-for magazine under one's arm to an open fire and a lovely "read."

Why it almost makes my heart ache to think of all that these people miss who "never read serials."

The Old Prejudice Against "Canned Music."

"I don't care for canned music," is another prejudice in which people seem to take infinite pride. I know a girl who adopted this epigram before the music machines were satisfactory to anyone of real musical discrimination. To-day when they have reached a point of perfection at which people of the finest musical taste enjoy them she still clings proudly to her prejudices and refuses to listen to the most beautiful records.

Indiscriminate race prejudice is another fence to keep out happiness. To make up your mind to dislike a whole race and to set yourself firmly against recognizing the claims to friendship or admiration of any member of that race, however worthy, is to steel yourself against many possibilities of breadth and happiness, as well as to do injustice to others.

No one who read the painfully sincere article in a recent magazine written by a woman who had suffered from the injustice inflicted by those who cherish such a wholesale prejudice against a certain race can help feeling this.

Don't cherish our prejudices: distrust them, examine them, and discard them whenever you can. Not only will you thus make sure of being just and reasonable but only so can you open your heart and life to the fullest possibilities of happiness.

THE MONROE DOCTRINE.

By GEORGE FITCH.

Author of "At Good Old Siwash." The Monroe Doctrine, which is keeping the United States in an apprehensive and sleepless condition to-day was invented by President Monroe about a hundred years ago when the United States was so small that it couldn't afford to be afraid of anything on earth.

At that time it was feared that the great powers of Europe might edge in on the American continent in such a manner as to make a good deal of unnecessary crowding. President Monroe realized that a great power with a standing army only two jumps from our devoted frame might be hard to reason with and conciliate and he accordingly announced that while both Americas were excellent grazing territory, Europe was cordially invited to keep off the grass.

This caused a great deal of ill feeling at the time, but the young United States had an excellent navy, plentifully supplied with grape, minus the juice, and the suggestions were unanimously adopted. In the sixties, while Uncle Sam was very busy elsewhere, seized Mexico under the impression that it was picking up a kingdom instead of tarantula. The results were so discouraging that no great power has fooled around in these parts since.

It is now thought by many that the United States has grown so large and prosperous that it would be a shame to imperil any dividends keeping up the Monroe Doctrine or any other doctrine except the art of getting under the bed in time of trouble. It is declared that in the interests of peace and good will we should abandon this doctrine and resort to prayer in case of invasion.

There are many reasons why this is excellent advice. In the first place, the South American countries are big enough to take care of themselves and no one is going to infect itself with Mexico. In the second place, the United States is no longer in danger

from any country because we are a peace-loving people, always ready to fly to arms and pull 42 centimetre howitzers from our pants pocket when necessary. In the third place, the Monroe Doctrine provokes ill-feeling and often interferes seriously with the chautauqua business in the summer time.

For these reasons and many more we should abandon the Monroe Doctrine and fortify our frontiers instead thus giving employment to our citizens and providing larger appropriations for the districts back home.

Intercession.

Mr. Alfred Noyes wrote this poem apropos of Intercession Day, January 3, 1915. Here are two out of nine verses which appeared in the Daily Chronicle:

England, could this awful hour,
Dawning on thy long renown,
Mark the purpose of thy power,
Crown thee with that mightier crown?
Blessing to that purpose climb
All the blood-red wars of time,
Thou alone canst set us free,
Crown with Law our Liberty!

Speed, O speed what every age
Writes with a prophetic hand,
Read the midnight's moving page,
Read the stars and understand.
Out of Chaos ye shall draw
Descending hammer of Law,
Till around the Eternal Sun
All your peoples move in one.
Christ-God, hear,
Both for foe and friend, our prayer.

The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states:

"I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unflinching remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

PERCENTAGE OF WOUNDED MEN.

"The French Government have issued some remarkable figures showing the percentage of wounded men who have recovered, or are recovering and are, or will be, fit again for service. The figures are taken up to December 1—

	Per cent.
Wounded, but fit for almost immediate return to the front	54.50
Wounded, and on leave	24.50
Wounded and still in hospital	17.40
Permanently disabled and unfit for further service	1.46
Wounded, and died from wounds	3.48

The enormous proportion of complete recoveries testifies to the "humaneness" of the modern bullet and to the great skill of the surgeons." *—The Spectator.*

Our Volunteers

Seven volunteers enlisted with the Second Contingent on Saturday last, making a total of 990 enrolled to date. The names of those who enlisted Saturday are:—

- Herb Gullivan, Pouch Cove.
- Michael Shea, Pouch Cove.
- Jas. Jordan, Pouch Cove.
- John Jos. Holden, St. John's.
- Wm. Jos. Phalen, St. John's.
- Ed. Jas. Gardner, British Hr., T.B.
- Peter Power, Cupids.

The men of the first four platoons, No. 1 Company, visited the Seamen's Institute Saturday afternoon where Dr. H. Rendell delivered an interesting lecture on hygiene.

At College Hall.

A very large congregation including one hundred and thirty members of the Second Contingent, attended Divine Service in the College Hall yesterday morning. The Pastor, the Rev. C. A. Whitmarsh, M.A., without taking a text addressed in a friendly way the Volunteers present. The Empire with its origin, magnitude and possibilities a unique combination. Human and personal character building were ably dealt with; in closing his address the speaker pleaded with the Volunteers to never forget their God, and to act as true soldiers of the King of Kings.

The pastor conducted the evening worship, taking as his subject: Personal and National Prosperity and Adversity. At the close of this service the Sacrament of the Lord's Supper was administered by the Pastor, assisted by the Rev. Dr. Curtis. Next Sabbath will be observed as Thanksgiving day when the annual offering will be taken up.

Current Events Club.

The annual meeting of the Current Events Club was held Saturday afternoon and was largely attended. The reports submitted showed that the Club was in good standing, and after the adoption of the same, the election of officers was held which resulted as follows:—

- President—Lady Horwood.
- 1st Vice-President—Mrs. Gosling.
- 2nd Vice-President—Mrs. J. Browning.

Treasurer—Miss Kennedy. Mrs. Gosling resigned the office of Secretary which she has held since the formation of the Club, but will continue to act in that capacity until a successor is appointed. At the close teas were served by Mrs. J. Harvey.

STEAMER SUNK IN IRISH SEA. FLEETWOOD, To-day. The German submarine 21, on Saturday, torpedoed the North Shields steamer Ben Cruachen off this port.

The entire crew numbering twenty, landed here. The same German submarine is reported to have sunk two other vessels in the vicinity where the Ben Cruachen went down.

The captain of the steamer says he was overtaken by the submarine and ordered to leave the ship within ten minutes.

Hardly had the crew got into the boats when the torpedo fired and the steamer went down. The Ben Cruachen which was 1,978 tons, belonged to the Morrison Shipping Company.

Fleetwood, one of the principal fishing shipping ports and watering places on the West Coast. The crew of the British steamer Kilcoan was landed at the Isle of Man, Irish Sea, by the coasting steamer Gladys.

The crew reports the Kilcoan was sunk by a submarine. The Kilcoan was a small steamer of 456 tons. At least one other vessel besides the Ben Cruachen was sunk by the German submarine 21. This fact became known when the trawler brought 11 members of the crew of the steamer

Bianche which was sent to the bottom by the German raider. The Linda Bianche was on the way from Manchester to Belfast when the submarine suddenly appeared alongside.

The officers came aboard and ordered the crew to leave the steamer. As soon as the men of the Linda Bianche were in their boat, the German attacked a mine on the bridge, another forecastle vessel was destroyed. The Germans told the British sailors they could find a trawler by proceeding in a certain direction. The crew were picked up when the fishing boat was reached.

THE GRAPHIC CHASED. LIVERPOOL, To-day. The Ben Cruachen left Cardiff on Tuesday with five thousand tons coal and was on its way to this city, according to the Liverpool Post, when it met a submarine steamer. The Graphic, with passengers from Belfast to Liverpool, the paper says, passed the wreckage soon afterwards and saw the Ben Cruachen sunk. The Graphic was chased but eluded the pursuit and reached the Mersey safely.

THE LEINSTER ESCAPES. DUBLIN, To-day. The steamer Leinster, from Holyhead to Kingston, reports she was chased by a German submarine for 15 minutes off the Kish Light Vessel, but succeeded in escaping. The Kish Light Vessel is opposite the mouth of Dublin Bay.

IRISH SEA TRAFFIC RESUMED. LONDON, To-day. The toll taken by the German submarine in the raid of Saturday stands at three ships. In addition the German submarine also has torpedoed two British steamers in the English Channel near Havre, the Tokamaru and Iacaria. The Irish Sea raider easily made her escape, and shipping interests are confident that she has returned to the base and ordered a resumption of normal traffic.

The Allan Liner Scandinavian, from St. John for Liverpool with 500 passengers, learning of the raid put into Queenstown. After remaining in Queenstown for a short time the steamer proceeded to Liverpool.

AUSTRIA WANTS PEACE. LONDON, To-day. A correspondent of the Daily Mail at Copenhagen asserts that Baron Burian, Austro-Hungarian Foreign Minister, at his recent meeting with the German Emperor, drew a doleful picture of the plight of the Dual Monarchy and urged that the time had arrived for the Germanic powers to consider most seriously the possibilities for a tolerable peace. The Daily Mail attaches great importance to the despatch.

WANT FOOD FOR BELGIUM. LONDON, To-day. The Commission for the relief of Belgium, announces that it has made an offer for the cargo of the American steamer Wilhelmina, which sailed from New York for Hamburg on Jan. 22 with food supplies for Germany.

WAR RIOTS IN ROME. ROME, To-day. Troops had to be called out yesterday to re-establish order at a meeting organized by Senators and Members of the Chamber of Deputies and other prominent persons, with the purpose of forwarding a movement in favor of Italy maintaining neutrality in the war.

A large number of persons, mostly Republicans, who are against the maintenance of neutrality, gathered at the entrance hall and in spite of the efforts of the police, attacked the Neutralists. Deputy Bruno Belmonte, the leader of the Neutralists, had his ears boxed and some one spat in his face. He defended himself with his cane. During the disorder cries of "Shame," "Prince Von Buelow has bought you, you supporters of Austria," rose from the anti-neutralists. Finding that the police could not properly handle the situation, troops were called out and restored order. After from the anti-neutralists. Finding tempted to approach the Austrian Embassy, crying "Down with Austria," "Down with Germany," "Long Live France," and "Long Live the War." Troops again had to be called upon to disperse the crowds.

1.30 P.M. GREECE GETTING READY. PARIS, To-day. A despatch from Athens, says, "Greece, with all her forces, will come to aid Serbia in the event of a fresh invasion of Serbia by the Austro-German armies. The greatest activity prevails in military quarters."

STEAMER DISABLED. HAVRE, To-day. The steamer Iacaria, from Brazil, with a cargo of coffee, sugar and hides, was twenty miles N.W. of Cape Le Havre yesterday, when a violent explosion occurred on her starboard side below the water line. The steamer immediately became unmanageable and began to sink. In reply to signals of distress, two tug boats out and towed her into Havre.

TURKS LOSE HEAVILY. PETROGRAD, To-day. The Russians officially announce the occupation of Tabriz, Persia. In a communication from the Staff of the Army in the Caucasus, an official statement says that in the fighting below Tabriz, the Turks lost four field guns, provisions and munitions and many prisoners, having been cut off from Tabriz and suffered heavy losses. They took to flight. On Jan. 30th we occupied Tabriz.

GERMANS REPULSED EVERYWHERE. PETROGRAD, To-day. A communication issued late last night by the General Staff of the Russian army, reports some further progress in East Prussia, and desperate fighting on the left bank of the Vistula in the region around Borjlmow. The Russians claim to have recaptured a trench lost to the Germans on the preceding day, and declared that counter-attacks of Germans were repulsed everywhere except in one of the Russian Saps which the Germans captured.

Sealing Commission.

Hon. J. Alex. Robinson, sworn, to Dr. Lloyd.—Was Secretary of the Relief Committee connected with the sealing disasters of last year, and have complete records of the losses. Seventy-eight lives were lost from the s.s. Newfoundland on the icefields and one died in hospital. Of the survivors, 11 were permanently injured and would be incapacitated for earning, 10 had permanent injuries of a minor character, 9 were temporarily inconvenienced, but had now recovered, whilst 15 escaped without any apparent injury. There were 174 lives lost with the s.s. Southern Cross. The total death roll for the two steamers was 253. About \$306,000.00 has been received by the Relief Committee.

George Barbour, sworn to Dr. Lloyd—Is master of the S. S. Nascope at the ice. Have been going to the ice 33 years, 21 as master. Remembers Tuesday, March 31st last, was then about 50 miles east of Cape Bonavista. On Monday evening it was fine, but there was some indications of thick weather, he saw sun hounds just before sunset, though it continued fine all night. The barometer was high, without much change up to Tuesday evening. Early on Tuesday morning there was a fair breeze but at 7 o'clock there was no wind, though the air was raw and there were indications of coming weather. He was then about 20 miles north of the Newfoundland.

About noon it got a bit thick, and some men were out on the ice, who were picked up; this took until between 2 and 3 p.m., when the weather was very bad. Afterwards the storm got worse until night, the wind about E. by S., and gradually worked N. On Wednesday there was strong drifting, until the afternoon, when it cleared somewhat, but very cold. Witness thinks there is no greater risk in panning seals than hauling them as killed. Panning seals involves further travel from the ships generally, but is more convenient for men and ship. In sending men out on the ice, the condition of ice and weather would govern the distance which men should go from their ship. Seven miles was a maximum under the most favorable condition of weather and ice. Ordinarily he would regard four miles as a maximum. A legal distance would be unenforceable. He advocated a modification of panning. There should be fewer pans and all pans be picked up the day the seals were killed or the right of property should be lost.

As to food, the men get such as they need when going on the ice, the quantity taken depending upon the men themselves. Most men are well clad, though of course some who may be poor have less suitable apparel. There would be some difficulty in enforcing a legal provision as to clothing, but the men would observe the law as far as possible. Witness had had trouble in wooden ships with choked bilges, but not in steel ships. The ships are inspected by officials of owners before they proceed to the fishery.

To Judge Johnson—Witness judged the Newfoundland to be about 20 miles south of the Nascope on the Tuesday of the storm. The weather would be about the same for both ships. Ships should be thoroughly inspected before coal is put on board for the sealing voyage, and this is a matter that should be carefully attended to. The most thorough inspection of the ships in every particular should be enforced. A load line on the ship is desirable. At times seals are placed on deck to trim the ship. Dories are best suited for life saving. The Toronto weather reports might be useful but would not always be depended upon. Barometers are frequently unreliable, though they are usually watched carefully. The Southern Cross was about the same type of vessel as the other wooden ships. The choosing of crews should be left with the master, who will select the most suitable for the voyage.

The Commission sits again this afternoon.

Farewell Service and Entertainment.

A farewell service for the Church of England members of the Second Contingent of the Newfoundland Regiment has been arranged to take place at St. Thomas's Church to-morrow evening at 7.30. In former days the soldiers always attended St. Thomas's, and the Parish has many connections with those who fought England's battles years ago. All the C. E. Clergy of the city will be present in robes. A short address will be delivered by the Rev. C. H. Barton, of Queen's College. The soldiers will occupy seats in the front of the church. Visitors are welcomed and ushers will provide seats. After the service the soldiers will be entertained in Canon Wood Hall. Organist Sterling has charge of the programme. The ladies of the church are asked to send cakes to the Hall to-morrow.

ASSASSINATION of the King and Crown Prince of Portugal, 1908.
PUNERAL of Queen Victoria, 1901.
BELL ROCK LIGHT HOUSE completed 1811. The Inchope Rock is a dangerous reef in the German Ocean. Tradition says that at one time a bell was hung on the rock to warn seamen and that this bell was cut away by a pirate who was himself drowned afterwards on the reef. After great difficulties, Robert Stephenson succeeded in building a Light House there and on this date its light first shone across the waters.

THE WOMEN WHO WAIT AT HOME.
They sing of the field of battle,
They sing of the god of war,
They sing of the shrapnel's rattle,
They sing of the warrior.
Oh, many the songs of a nation's wrath,
But seldom a word,
Of woman is heard,
I sing of the aftermath.

When the mad King's fire of killing,
And pause for a moment's rest,
Their honor saved by spilling
The blood of a nation's best.
Then over the war-torn meadows,
Searching the crimson lead,
They come with cries
And streaming eyes.

THE WOMEN WHO WAIT AT HOME.
Of those who die in the fighting,
Facing the enemy's host,
And those whose life is blighting,
I ask who suffers the most?
The nations are quick in anger,
The cost they never atone,
For the burden rests,
On the weary breasts.

THE WOMEN WHO WAIT AT HOME.
They sing of the field of battle,
They sing of the shell for blood,
They sing of the shrapnel's rattle,
They sing of the crimson flood,
They sing of the roaring cannon,
That shatter the heaven's dome,
But never a thought
Of what the struggle has brought
The women who wait at home.

Military Mass at Cathedral.

IMPRESSIVE SERVICE FOR R. C. VOLUNTEERS YESTERDAY.
The celebration of last Mass at the R. C. Cathedral yesterday morning was a highly impressive service. The Roman Catholic Volunteers, to the number of fully 150 attended, and a guard of honour, under arms, in charge of Sergt.-Instructor Moore, was present on the altar and presented arms at the consecration, while drums were rolled instead of the usual chimes, the celebrant being Rev. Thos. Nangle. The officer commanding the R. C. Contingent, Lieut. Jas. J. Donnelly, with Sergt.-Instructors Moore, L. C. Murphy and J. J. O'Grady occupied seats at the altar, while the servers were Corporal S. R. Smith and Lance-Corporal Burnham, of the Regiment.
Rev. Dr. Greene preached on the Gospel of the day, drawing a lesson relative to the departure of our lads, and he bade them God speed in the brave work they had undertaken. The congregation were deeply touched at the sermon and the impressive service, which was concluded by the rendition of the National Anthem by Prof. Hutton who also played the British Grenadiers as our soldiers moved out of the Cathedral.

GERMAN CONSERVES FOOD.
Berlin, Jan. 26.—The Federal Council has put into effect sweeping regulations in regard to conservation of food supplies, as follows:
"All stocks of corn, wheat and flour are ordered seized by Feb. 1. All business transacted in these commodities is forbidden from Jan. 26."
"All municipalities are charged with the duty of selling preserved meats."
"The owners of corn are ordered to report their stocks immediately whereupon at confiscation a fixed price will follow."
"A government distributing office for the regulation of consumption will be established, distribution being made according to the number of inhabitants."

Big Blaze Saturday Night

AT THE CITY CLUB BUILDING.
With the thermometer hovering at zero and at the height of a strong N.W. wind, a fire of an unknown origin broke out at the City Club Building on Water Street Saturday at 9.35 p.m., gutting the men's outfitting store of Mr. J. L. MacGregor and damaging considerably the store of Mr. F. B. Wood and the rooms of the City Club. At 9.36 an alarm from box 25 was sent in from the head of Market House Hill, the Central and East End Brigades responding hurriedly. The fire originated in the ground flat of the MacGregor building and about half an hour after business had been discontinued, and the shop closed for the night. When the firemen reached the scene huge flames were issuing through the side of MacGregor's shop, while the interior was a mass of flame. What strengthened the blaze was the inflammable stock in MacGregor's store, and by a strong wind. The fire brigades applied four streams of water and though their efforts were hampered by the cold weather, had the blaze under control inside of a half an hour. At the rear of the building there were piles of lumber, and fearing this would ignite the firefighters gave their attention there, and attempted to confine the blaze as much as possible. Soon the flames reached the City Club rooms and the store of F. B. Wood adjoining. The fire was eating through the ceilings and hard for the firemen to get at it and it was well up to midnight before the fire was extinguished, though some of the firemen had to remain for several hours afterwards to watch the debris. The interior of MacGregor's store was destroyed and is now a heap of ruins. The loss is heavy but it is covered by insurance. Considerable damage was done to the rooms and furniture of the City Club. The building is insured at \$20,000 for the City Club Building Co., and the interests of the City Club are insured at \$10,000. The damage to Wood's store is not very great and was caused principally by smoke and water.

Miss Ayer Bids Farewell

AT THE NICKEL THIS WEEK.
The opening bill at the Nickel Theatre this week has two two-part films. One is "From the Flames," a picture play that contains intense and gripping scenes. It shows how a wayward son comes to grief through an attempt to destroy his father's last will. The fire scenes in this picture are marvelous; do not miss it for anything. The other two-film story is "The Geisha," well known everywhere. It is a love story concerning a naval officer and a Japanese girl. This is a film which every lover of the opera will want to see. "In the Spider's Web" is a strong social drama and "Mack at it again" is the comedy by the Keystone Co. Miss Ayer, the talented vocalist, farewells this week. Be sure and hear her tonight.

Note of Thanks.

On behalf of the Farewell Dance Committee of the First Nfd. Contingent, I have to thank the following for their kindness in coming forward and helping to make the dance so successful. We hope to be able to hand over to the Women's Patriotic Association the sum of \$300 or more which goes to show how patriotic the public are and the manner in which they appreciated our dance. The members of the British Society, Reid Nfd. Co., C.C.C. Band, Messrs. Royal Stores, James Baird, Ltd., Ayre & Sons, Bowring Bros., Ltd., Hon. J. R. Bennett, Imperial Tobacco Co., W. J. Clouston, A. Met With Accident.

While driving to his home on the higher levels on Saturday night an inflated teamster fell off his cart. A deep cut was inflicted on his head. Constable Myers picked up the victim and brought him to the surgery of Dr. O'Connell for treatment, afterwards taking him to the police station. He was put in a straight jacket to keep him from tearing off the bandages yesterday morning. In the afternoon he was taken to his home.
The suit of white broadcloth will be more than ever fashionable.

SENATOR MARCONI.

King Victor Emanuel has signed the decree appointing Signor Marconi, the celebrated inventor, a Senator.
"It is interesting to recall that Signor Marconi was to have been appointed a Senator last year, but when King Victor informed the famous inventor of the fact the latter was obliged to inform His Majesty that he had not yet reached the statutory age of 40 years. It was announced at the time, however, that the honour was only postponed," says the Telegraph.

BUSINESS AS USUAL.

King Victor informed the famous inventor of the fact the latter was obliged to inform His Majesty that he had not yet reached the statutory age of 40 years. It was announced at the time, however, that the honour was only postponed," says the Telegraph.

GERMAN REPORT OFFICIALLY DENIED.

WASHINGTON, Jan. 31.
The published report that British has told the States that any Government purchase of German ships would be considered in neutral, was officially denied to-day.
DIVIDED INTO TWO ARMIES.
BUCHARIST, Jan. 31.
According to advices from Czernowitz, the Austro-Hungarian forces in Bukovina have been divided into two armies; one, four hundred thousand strong, will be sent against the Serbians, and the other army of three hundred thousand men will operate against the Russians.

'BEN CRUCHEN' TORPEDOED.

FLEETWOOD, Jan. 31.
A German submarine yesterday torpedoed the North Shields steamer Ben Cruchen of this port. The crew of twenty landed here. The captain of the steamer says he was overtaken by the submarine, ordered to leave his ship within ten minutes, and had the crew got into the boats when a torpedo was fired and the steamer went down. She belonged to the Morrison Shipping Co., from Orkney Islands to Liverpool, with general cargo. The same submarine is reported to have sunk two other vessels in the vicinity where the Ben Cruchen was torpedoed.

'OURS' IN THE WEST END.

To-day the new pictures that arrived by the s.s. Tabasco, will be shown at the Rosely Theatre, and they are the finest in every sense of the word. Miss Aneta, the clever child vocalist, who has delighted the large audience attending "Our" Theatre, has more than come up to expectations. She has other new songs for this week, and will have many beautiful changes of costumes. Night after night she has the pictures taken off the screen to respond to encores, and Mr. Rosely is having chorus slides made to all her songs, so that the audience may join in if they wish to. Mr. Rosely is having large and select audiences every night, and after the pantomime season will make further improvements. Patrons of the West End don't forget that the pantomime at the East End is a delightful production full of sparkling music, dainty dances, elegant costumes and good pictures, and Mr. A. Crocker at the piano. Nuf Sed.

"Tommy" is Proud of His Khaki

Except in the case of a few privileged regiments, such as the Life Guards, soldiers must not discard their uniforms for private clothes when on leave. In these days the average "Tommy" is too proud of his Khaki to want to hide it in a barrack room locker, more especially if it has recently been Dry Cleaned.

NOTICE.

THE ANGLO-AMERICAN TELEGRAPH COMPANY announces that it is prepared to accept Week-End Messages to Soldiers, Sailors and Nurses serving with the Expeditionary Forces in the United Kingdom or on the Continent, at a special rate of 5c. per word (no minimum charge) subject to the following conditions:

1. All messages must have the prefix WSM written before the address.
2. When the persons are with Expeditionary Forces in France, Belgium, the messages will be sent post from London.

3. The following particulars considered by the British authorities to be essential, must be given as far as practicable:—

(a) Regimental rank and name,
(b) Squadron, Battery, or Company,
(c) Regiment or other unit.
(d) Expeditionary force concerned whether British, Canadian, Australian, etc., or, in case troops not with expeditionary force, name of place where stationed must be given.

The Anglo-American Company will also transmit free messages relating to wounded combatants, subject to the following conditions established by the authorities:—

1. The privilege is restricted to bona fide enquiries made by relatives concerning persons officially reported to have been wounded or killed. Messages of a social nature may not be included in the messages.

2. The messages must be handed to the Hon. Colonial Secretary, at St. John's, who will arrange their transmission over Anglo Cables. The prefix WSM must be written before the address.

3. The number of free messages which may be sent concerning any individual wounded combatant is limited to a maximum of three.

4. Persons offering such messages must present the original official receipt or information about the particular casualty to which the message relates, and each message sent must be checked on such original advice.

5. No free messages are allowed in respect of persons reported as slightly wounded.

6. The particulars specified in A. C. and D. above, must be given as far as possible in every case.
