THE ART OF CHEWING. Your whole system depends for its health and strength on the stomach. The stomach, in turn, depends on the teeth. The very foundation of health is therefore laid at the first step in food conversion—the act of chewing. Food improperly chewed enters the stomach in a wrong condition, and it brings about a wrong fermentation which causes first, indigestion, then kindred ailments. The proper chewing of the food will prevent these things. Chew your food plentifully.

TIRES

HIGH-MILEAGE—DOUBLE-LIFE

- Q Dunlop leadership in Tiredom is most manifest. Mileage records almost unbelievable are piling up all over Canada.
- The Special Mileage-Making Process, which is the basis of our Fabric Tires, has worked wonders
- Q Perfect shape and balance, stronger side walls to resist curb and rut abuse, special wear-resisting anti-skid tread, etc., add the last touch to popularizing to the full a tire that has long stood in high favor.
- Q Dunlop "Cords" made good from their inception.
- These tires taught motorists to expect more resiliency, greater air space, larger amount of material, better carrying capacity—in short, bigger mileage; and that is the standard by which all Cord Tires are judged to-day.

Theatre, ever on the alert for the attraction that will please its numerous patrons, announces the worldfamous "child star," Jackie Coogan in his supreme photoplay effort, namely "Peck's Bad Boy." Young Coogan as the "bad boy" is the adorable little rascal you've ever seen. This is a picture that will delight Pa, Ma, and the youngsters. The story is as follows:

Young Henry Peck and his pal, the grocer's son, start the day by opening the door of the lion's cage at the Cir cus, and rasping the nerves of the en-Henry's father hears of it and informs his son that he can have no circus money in consequence But Henry has his pal write a note and sign it with the name of a mys terious female. The elder Peck gets the note and hurries to the candy store to keep the appointment. The girl in the case is. Henry's pal, dressed up in his sister's clothes. Young master Peck drops into the candy store just as his father is trying to learn why his companion keeps her face hidden and does nothing but weep. Being a wise father he digs up a dollar and asks his son if he hadn't better go to the circus. Henry agrees and is about to escape with the coin when he runs into his mother in front of the store. He tells her tha the older Peck is inside with a girl Mrs. Peck rushes in and the other girl rushes out, leaving her wig i the indignant wife's hands. There are many other funny situations, and most beautiful climax that gives the story the desired finished touch.

The conditions under which the play will be revived this year have shocked the rural simplicity of these peasant play producers and, while determined to prevent the sacred enter-prise from becoming basely commercialized, they are now beginning to realize that the war's aftermath has produced an economic environment with which they are compelled to reckon. The municipality of Oberammergau has premptorily rejected a proposition that it levy a tax on foreign visitors which, it declares, would traditions of the play and also conflict with the purpose of the present revival which is regarded as one way of achieving reconciliation between Germany and the other nations. #### The Peace of Amiens.

The great war between France and England, at the end of the eighteenth century and the beginning of the ineteenth, was really divided into wo parts by the Treaty known as the eace of Amiens. This was signed on March 27, 1802, and was received with equal joy in Paris and in Lon-But to the wise it was evident that it was likely to be short-lived, since the real differences between the contending Powers were not reconciled. The character of Napoleon, trust, and in other respects the ar rangement itself included the seeds of dissension and dislocation. The main provisions are of no interest, since they were to prove of no pernanence, but the stipulation regarding Malta is noteworthy as the point over which the quarrel between the wo countries was soon to break out anew. By that article, the island, reently captured by the English from the French, was to be restored to the Knights of St. John. But the aggressive European policy of Napoleon from the very commencement of the Peace, caused the British ministers first to hesitate and then to defer the evacuation indefinitely. This led eventually to the celebrated scene at the Tuilleries between Lord Whitworth, the British Ambassador, and Napoleon, who, among other remarks, declared that rather would he see the English on the heights of Montmartre than at Malta. In the end English troops were to enter Paris in 1845 as the outcome of the Emperor's determination ,but rivers of blood were to flow and the map of Europe was to altered and re-altered before the curtain fell on the Napoleonic drama. Altogether, the Peace extended over an uneasy interval of fourteen months, marked by continuous threats and bickerings, and was succeeded by practically twelve months of warfare before the end came at Waterloo and Napoleon went to end his days at St. Helena, under the guardianship of Great Britain.

Jackie Coogan EN Æ

## Peck's Bad Boy speaks his piece:--

Bein' bad don't hurt you. It's what comes afterwards that causes all

Generally it's your Ma that comes afterwards; and she sure does wave a wicked wand.

You wouldn't say bein' bad is a gift so much as a habit. It grows on you, like a soft spot in an apple.

So a cop ain't much different from the man who peddles apples on a barrow. They both make money by getting rid of bad habits. But it's the barrow man who gets rid of his first. He seems ashamed of them, and puts them in the bottom of the bag.

Folks say I'm wicked and will go where all bad boys go.

Won't they be pleased when they learn I'm in the movies!

But I'm in good company. Irvin S. Cobb is down here, too. He writes my subtitles. Maybe you've heard of my friend Irv. He sometimes gets pieces in the papers-mostly when the regular editors are away on vacation.

That's all. Gotta smash another window now. PECK'S BAD BOY (also Jackie Coogan).

## Current Business Conditions

By GEORGE E. ROBERTS (From the Monthly Bulletin Issued by The National City Bank of New York for March)

February is of greater significance than any other development that has occurred since these orices broke in the fall of 1920. The dead-lock, which has existed as a result of farm products falling faster and farther than other products, has been broken and the change has brightened the business to normal productivity, and it will case be business occurs ander conditions which unsettle confidence, farm products fell below the normal level and in some instances below the pre-war level.

### What is Your Verdict!

Is it not safe to assume that the Ford Motor Company of Canada, Limited, who manufacture in their own huge perfectly equipped plant practically every part of the Ford car, are the people best qualified to make replacement parts at the lowest price compatible with the high quality which must be maintained?

Manufacturers of spurious parts, operating as they do on a small scale with limited capital and inadequate equipment, cannot possibly make parts of the same quality or accuracy at anywhere near the low price you have to pay for Genuine Ford Parts. Yet you are asked to believe that these spurious parts not only equal Genuine Ford Parts in quality but can be produced to sell for less! We rest oour case here. The verdict we leave to you.

#### Upon His Honor as Minister of the Gospel REV. W. A. THOMPSON WRITES OF DR. F. G. KINSMAN'S HEART TABLETS.

I had heart trouble severely for fifteen years and had many that I could scarcely walk fifty steps. At night I was troubled with fluttering of the heart, and by no means had a night's rest for that length of time. I had pains most excruciating and could not lie on my left side even for a moment. I tried five boxes of your Heart Tablets and can now truthfully say that I I am a Minister of the Gospel and upon my such. I believe I could not have lived had it not been for your remedy. I am not, generally speaking, willing to give testing ials, but I fully owe this or more to you as owner of the Heart
