ATTENDED BANQUET AFTER KILLING CHILD, SAY POLICE; FATHER AND SON ARRESTED

Harry Miller, President Miller Manufacturing Co. and His Son Charged With Manslaughter—Deserted Auto After Accident, Then Reported It Stolen, is Alleged—Driver Said to Have Confessed.

When the car was driven to the Miller home, reporting the car which figured in the accident stolen.

The story of the fatality, as told by the police, is to the effect that young Miller was driving the car, and after he ran down the child, along with his father, he abandoned the motor car and ran to their home at 2 Chestnut Park road.

Twenty minutes after the accident, stated Detective McIntosh to the World, "a telephone message was received at headquarters from the Miller home, reporting the car which figured in the accident stolen."

When the car was driven to the Miller house, McIntosh stated, they were told neither Mr. Miller nor his young son were at home. The detectives went before the house and declared they found the son, Benjamin, in hiding. They questioned him and allege the boy made a confession of the crime.

Bolshevik Invasion of Persia Depends on Propagandist Success

London, May 20.—In official circles today there was an inclination to minimize the immediate gravity of the near eastern situation due to the invasion of Persia by the Bolsheviks, but there was undisguised apprehension lest a continuation of the Bolshevik successes in that region might prove that the activities of the Bolshevik propagandists, known to be operating there for some months, had been more effective than was expected.

The Bolshevik forces landed at Enzeli are believed in official quarters not only to be a fact, it was considered, seemed to make any immediate extension of the operations contingent on the acquisition of large numbers of recruits from the pro-Bolshevik elements in the Trans-Caucasian republics. For this reason war office experts deemed it unlikely that any advance toward Teheran would be attempted, as the Persian capital is more than 150 miles distant from Enzeli.

It was stated that the British troops, which would be available for any operations against the Enzeli Bolshevik forces consisted of a few thousand men now distributed among small and widely separated garrisons.

The terms of the Anglo-Persian agreement, the war office informant said, probably would lead the Persian government to consult with the British government before determining the policy to pursue with reference to the new aggression.

40TH YEAR—ISSUE NO. 14,436 TWO CENTS

SIR ADAM SECURES SEVERAL OPTIONS ON RADIAL LINES

Gives Rosy Account of Hydro Affairs to Assembled Conference.

JUSTIFIES CHIPPAWA

Assembled to confer over the troubles of Hydro, especially the strike on the Chippawa development scheme and the power shortage, the members of the Hydro-Electric Association were not called upon to listen to an unbroken song of sorrow yesterday.

Mayor Church introduced a dirge which was a warning to the provincial government to keep "its hands off the Hydro enterprises," but the chairman of the commission, Sir Adam Beck, while not attempting to minimize the seriousness of the interruption of the work at Chippawa, yet conveyed the impression that the afflictions of the Hydro were but temporary, and Hydro was winning out all along the line.

The chairman, in fact, let in quite a ray of sunshine by telling of his negotiations at Queen's Park and at Ottawa in the interests of the radial proposals, which foreshadowed an early arrangement for the transfer of the electric roads in the Niagara district which the Gibson interests to the Hydro Commission. Sir Adam said he had secured a price on the Niagara, St. Catharines & Toronto Railway, which is now owned by the federal government, and also on the line from the village to Hamilton, owned by the Gibson people, as well as an option on the Toronto Suburban Railway from West Toronto to Woodbridge and to Guelph. He also had an undertaking from a sub-committee of the provincial government, that if the federal government would accept Hydro 4% per cent. bonds for the Toronto & Eastern Railway, the Ontario government would guarantee the bonds of this Toronto-Bowmanville line to facilitate its construction. Sir Adam said he believed the federal government was prepared to turn over all of its electric roads in Ontario to the Hydro.

HOUSE WOULD NOT PASS LONDON'S BILL TO RATIFY BYLAW

Took View That It Was Overriding Will of the People.

ADVANCE PENSIONS BILL

The legislature divided yesterday afternoon on the third reading of the city of London's bill. The vote stood 48 for its passage and 44 against, which means that the measure will be held over for another year before any further action may be taken. The Liberals and Conservatives almost to a man voted yes, as did also two cabinet ministers—Hon. Col. Carmichael and Hon. H. C. Nixon.

The minimum wage bill for women and girls, and the government's bill for the superannuation were the other two important subjects under discussion, and both measures passed the committee stage of the house after the Liberal leader's proposal to make the minimum retiring allowance \$1000 was voted down.

Polotsk, one of the most ancient cities in Russia, lies 110 miles northwest of the city of Vitsebsk, on the Duna river. Under the Polish kings, it was a flourishing trade emporium. Lepel is 62 miles south-west of Vitsebsk, on lake Bereshtia.

### BRANCH CENSURES G.W.V.A. COMMAND READY FOR RACING AT THORNCLIFFE

Not Properly Represented by Counsel in Action for Big Four Money. Many Improvements to the Grounds—Some Horses Already Stabled.

President A. W. Marshall of the Rivedale branch, G.W.V.A., tendered his resignation owing to ill-health, by letter read at the regular meeting in Oddfellows Hall, Broadview avenue, by Secretary Hawkins last night. Comrade Marshall's decision was accepted with regret, and a vote of thanks was tendered for his valuable services. It was decided to receive nominations for the vacant office at next meeting.

The litigation concerning the moneys collected in the recent Big Four drive was discussed at considerable length, and the following resolution was unanimously adopted: "That the branch protest against the inaction of the Toronto District Command G.W.V.A. in not being independently legal representation of the Big Four drive shall be the matter of the Big Four funds was heard before Justice Middleton, and he it resolved that a letter be sent to the Toronto District Command through District Secretary J. V. Conroy, calling upon them to engage eminent counsel to represent the branches interested who were again coming before Justice Middleton on 28th inst., when all correspondence in the possession of the command having reference to the Big Four drive shall be laid before the judge, and that all members who assisted in the collection of the moneys be subpoenaed to appear in this case.

Specifically mentioned. The money collected was specifically for the Y.M.C.A., G.W.V.A., Toronto command, Citizens' Separation League and the Community Services.

We strenuously protest against officials of other organizations being elected as trustees of this fund and that an injunction be immediately applied for to set aside all moneys subscribed that were specially earmarked for the G.W.V.A.

It was also decided to pass a vote of censure upon District Secretary J. V. Conroy for his neglect of duty in this most vital concern; also that a special joint executive meeting be held immediately to secure counsel in the interest of the G.W.V.A.

Comrade Percy stated that as one of the prime movers in the drive, the G.W.V.A. was the soldiers' organization represented an excellent number of other people interested themselves in the fund. Comrade Penny understood that a certain proposition was to be made to the G.W.V.A. for the establishment of five club houses, and that all soldiers might avail themselves of the club privilege.

A. C. Dunwell, vice-president, occupied the chair.

### SILVERTHORN WOULD EXTEND HER BOUNDARY

Silverthorn Ratepayers' Association met last night in the G.W.V.A. Hall, a good attendance of ladies being present. It was decided to extend the northern boundary of the district to Beachboro Grange, an appeal coming from residents in that locality asking co-operation for protection in local affairs.

Distress cases caused a request to be sent to the township council for a relief grant. The amount of \$15 was reported having been applied to one last week. A father and mother both in the hospital, with three children depending, received the immediate application of \$15 more. A third case, a mother bereaved and having four children, was also given a similar amount. The treasury reported \$50 on hand.

It was decided to buy red ribbon for the Silverthorn children for field day, the teachers and trustees to be notified accordingly, as confusion of colors had counted against competing schools. President H. Southworth was in the chair.

### SILVERTHORNE G.W.V.A. ACTIVE

G.W.V.A. of Silverthorne met on Wednesday night in their hall on Silverthorne avenue. The meeting was largely preparatory for a membership campaign. A committee in charge of building a terrace in front of the hall reported progress, but not sufficient to warrant setting the date for their picnic. The hall has been used this week as a school for the kindergarten children of this district. This is considered the first step in Silverthorne being separated from S.S. No. 23, of which, along with the two schools of Mount Dennis, it is a part.

## DAYLIGHT SAVING GETS HARD KNOCK

Principal Noble of Bolton School, Says It is Injurious to Children.

Principal Noble of Bolton Avenue School expressed his decided disapproval of the daylight saving scheme in conversation with The World yesterday. Mr. Noble declared in his opinion that the measure was detrimental to the children and also the mothers.

The pupils come to school fagged out thru lack of sufficient sleep, and the best results cannot be obtained as under normal conditions by the teachers. "It was scarcely necessary to disturb the routine of little children's lives, even if the world at the present time is topsy turvy," said Mr. Noble, who added that children will not go to bed in daylight, and if sent to bed cannot be forced into sleep by any civic bylaw.

He also pointed out that the number of accidents had considerably increased by children playing in the streets since the daylight saving plan came into operation. The number is perhaps the greatest, suffering losing two hours of much-needed rest each day, rising one hour earlier in the morning to prepare the children for school, and retiring to rest one hour later at night. "The scheme should be abolished immediately," said Mr. Noble.

### REV. PETER BRYCE DECIDES TO RETIRE

He was responsible for the building of the present church after the members moved from the frame building which is now being used as a temporary public library. Rev. R. C. Crowley, formerly assistant pastor with Mr. Bryce, is now the regular minister of the church, where he is doing excellent work, the membership constantly growing. Great Budget or Great Bungle?

Some of those who are closely concerned with budget affairs profess uncertainty whether Sir Henry Drayton has made a great budget or has fallen into a great bungle.

It is certain that the budget revolutionizes the relations between business and taxation. It is uncertain how much money will raise. Careful reading of the finance minister's speech provokes the question: "Why should he have left so much unsaid about what every taxpayer wants right instantly to know?"

Nothing so revolutionary as making every clothier, costumer, milliner, boot seller, musical instrument merchant and sporting goods retailer in the country a tax collector, with the obligation to report to the crown details of transactions over the counter has ever before been attempted by merely giving notice of a resolution in the house of commons.

The difficulty of inaugurating such a regime is only just beginning to be appreciated. The resentment it may cause is showing itself unmistakably. The outburst of the counsel to the Canadian Manufacturers' Association is ominous.

It's the most abominable budget ever put out in a British legislature. It's frightfully unscientific. In effect it is designed to turn the business men of Canada into an organized body of petty bookkeepers for the Dominion government.

Getting the Dose Back.

There is surely no chance of the Toronto Railway Company's bill, to amend the Ontario railway act coming back to the legislature with the legal committee's endorsement.

The railway company goes to the legislature with a request that the agreement with the city may be broken over the city's head.

One Chance Was Missed.

Commentators like Sir John Willison have called attention to Sir Henry Drayton's omission to estimate the revenue to be derived from the luxury and sales taxes.

Thirty-Million Jettison.

While there is no certainty as to what is coming in from the budget, there is no doubt as to what is going to be lost by it, in one most important particular.

There is room for discussion as to whether any considerable war tax should be withdrawn. The need for money is as inexorable as it was during the war.

He appears to have been largely guided by the desire to get it from those who can find it easiest, without drying up the reservoirs of capital, which are held to be essential to the reconstruction, which is our great need, even while we strive to pay our debts.

Most Novel Army.

Difficulties of interpretation are not all due to the minister's paucity of exposition, as to how his new regiments are to perform their duty, or to ambiguity in the terms of the resolutions.

It is widely assumed that the one per cent. sales tax, as between manufacturer and retailer, is to be levied at every turnover of the goods, and protests are arising everywhere.

It is reported from Ottawa that the finance department is relying on the newspaper information to cause all retailers instantly to impose taxes, and to give and retain invoices, showing what they have collected.

It is an old principle of common law that every citizen is presumed to know every provision of the law and that ignorance is no excuse for wrongdoing.

THE GIRL WHO SMILED THRU

By MARION RUBINCAM

HAPPY LADY

CHAPTER 89.

So once again Alice faced heart-break and a ruined life. Once again she saw the faint chance of happiness slip from her, forever, she thought.

For first there had been the ordeal of seeing the emphysemated Louis away with David. And then there was the necessary definite break with Lawrence—because of her unconquerable grief over the fact that she had gone to college—for the long absence from David, the feeling that he had not cared for her had made her turn to Lawrence and find consolation in his love.

But once again her inborn optimism came to her rescue. As before, she tried to find relief in hard work. She actually had to find work this time.

"Mother insists on doing all the housework," she told Clara, a few mornings after her last interview with Lawrence. "I don't know what to find to occupy my time. The place here is house-cleaned—looks as neat as the proverbial pin. And I can't start a garden this early in the season."

The two girls shared a room, Alice's old room on the second floor. Berenice had been moved into the only other place, the quiet back room which Mrs. Fairbanks had always kept for her.

Clara, sitting out of the covers carefully, pulled a slipper on each foot as it touched the cold air, and covering her shivering self with a warm bathrobe. Then she trotted over and closed the window, and opened the radiator in the floor. A gust of heat came up from the pipe leading to the big stove in the living room below.

"I wish the season were far enough along so you could dig a garden," she remarked. "It wouldn't be so cold in the mornings then. Bless your mother, she has a big fire going, it will soon heat up. She probably has heaps of hot water for baths too."

"That's just it," Alice answered, trying to get into her own bathrobe as soon as she got up from the wicker bed, so the cold air would not touch her and start her shivering. "Mother keeps us so comfortable we haven't any work to do. I can't sew, or I would help you, you have all the work you can handle."

"And more," Clara agreed, doing her hair hastily into a knot. "How do you have you as an assistant. I need one. Can you find me one? There's an idea—get me a good assistant for my work, and for my Kiddie's Shop when I open it."

BOLSHEVIK FLEET BOMBARDED ENZELI

London, May 21.—Thirteen Bolsheviki warships appeared off Enzeli and began to bombard the town on the morning of April 19, says a Teheran despatch of that date, says The London Times. A "parlementaire," who went in an open boat to inquire their object, was fired upon, his white flag possibly escaping notice.

STUNG BY H. H. STEVENS

(Continued From Page 1). ket of the world. He twisted both Sir George Foster and Hon. W. S. Fielding with making overtures to the progressives and advised the latter to drop his protectionist attitude if he hoped to make any progress with the farmers. Victoria Day Motion. The question of whether the house should adjourn on Victoria Day was raised by Col. Peck, V.C., shortly after opening. Sir Robert Borden said it was intended to sit on that day as usual. This course objections were raised by Col. Peck and by the Hon. W. S. Fielding, who thought it more fitting that the house should adjourn on Victoria Day. Sir Robert Borden then submitted a motion to provide for adjournment from Friday evening to Tuesday afternoon.

H. A. Mackie of Edmonton protested that western members were anxious to get thru with the business of the session and return to their homes. H. C. Hocken, Toronto West, suggested that the house might sit on Saturday and holiday on Monday. Mr. Mackie said that he did not wish to be the only dissenting voice and, therefore, withdrew his objection. C. A. Gauvreau, of Timiscouata protested against the Victoria Day adjournment, so the motion was allowed to stand until tomorrow. Mowat Discusses Budget. When the budget debate was resumed, Major H. M. Mowat (Parkdale) said that Sir Henry Drayton had justified all the expectations which the country had had of his conduct of the national finances. The tariff question was chiefly difficult, because business differs in one part of Canada from the other part, and no one man was conversant with all the requirements. Major Mowat heard that it would be dangerous to lift the tariff on agricultural implements because there were many when, owing to fluctuations of business, United States firms could afford to divert an overstock in a western agency to the Canadian prairie and sell at a loss, rather than pay freight charges back to eastern Canada.

Major Mowat said that the opposition had considerably modified its enthusiasm for free trade since last year, and its changed policy was reflected in Mr. McMaister's budget speech. Speaks for Imperialism. Regarding Mr. McMaister's criticism of the militia estimates, Major Mowat said the latter wanted them cut down without any knowledge whatever of the circumstances or what the money was for. Mr. McMaister was trying to assume the leadership of a group which would have behind it all the "sissies" in the country. Mr. McMaister had sneered at imperialism, but Sir Wilfrid Laurier was one of the greatest imperialists that ever lived. More than any other person, he fostered the feeling between the mother country and Canada, which resulted not only in friendship but in the material preference, despite the string protests of protectionists and strong national feeling. D. D. McKenzie Speaks for Poor. D. D. McKenzie (Cape Breton) said that he belonged to the class of people who never forget anything and never learned anything. He would remind Mr. Mowat that on November 29, 1911, or eight years, five months.

CANADIAN DOLLAR HIT BY BREAK IN STOCKS

The Canadian dollar was worth 91 cents in New York two weeks ago, but yesterday it had dropped to 87 1/2 cents. The fall in price is again occasioned by a hurry call sent out by the Wall Street brokers for more margins on New York stock carried by Canadian speculators.

EXPECT FOOD PRICES WILL HAVE SLUMP

(Continued From Page 1). of a "necessary readjustment of values, including commercial and industrial inventories." And while Wall Street was seeking to adjust itself to the new credit conditions, the farmers' movement seemed to be gaining ground among New York retailers, who continued to advertise their wares at reductions. An official of the Merchants' Association said he believed there was a decided tendency to reduce prices here in the retail market, although this was hampered by the freight tie-up, which is causing a shortage of supplies to the distributors. He said this reduction in prices was noticeable over and above the reductions made by both food and department stores incident to cleaning out their spring stocks.

BRANTFORD STORES FEARFUL OF BUDGET

Say Ultimate Consumer Will Pay—Meet to Discuss New Regulations. Brantford, May 20.—(Special.)—The merchants of the city will meet tomorrow morning to discuss the new taxation proposals arrangements. The local merchants are unanimous in declaring that the ultimate consumer will bear the burden. Some stores have already put the tax into effect. Others await word from Ottawa sent for by the local inland merchants as to whether the taxes are articles over the stated maximum tax exemption are taxable for the whole or for the part over the exemption. Local druggists hold that the change of tax collection on proprietary articles means much higher prices than under the present system of stamp taxation. The clothing merchants are fearful of a bill in trade, holding that many who would buy clothing would make their present suits last that much longer. The general opinion is that prices will go higher.

WILSON'S CLOES TODAY

Southpaw Had Bad Round and Leaders Piled Up the Runs.

Buffalo, N.Y., May 20.—(Special).—One of a group of fans in looking over the program of the other day made the remark that when Toronto came along Buffalo would get a game, and so they had today's score being 7-1 in their favor.

Of course, that fan meant the home club would have a battle to win, as it was not until the second inning that Toronto had scored a run before the break came.

Spencer cracked out a two-bagger in the opening frame, but that meant nothing as Dowd and Keating made great stops of hard grounders from the bats of O'Rourke and Onslow, while Riley dribbled to first.

CROWN OF GOLD FOR THE KING'S PLATE

Impressive Trial by the Seagram Candidates at Woodbine Park.

The largest week-day crowd of race-holders that has been seen at Woodbine Park this season witnessed the final trials of a number of King's Plate eligibles yesterday morning.

Following this, a dense fog hovered over the track, and for some little time the clockers were at sea, it being impossible to get any of the work done during the interval.

Trainer Joe Doane worked Silver Dawn and Forward on the straight on Friday. Both are entered, but not highly regarded for the plate; in fact, not likely to start.

Health Bell, half in 49 2-5; Ostara, half in 53 2-5; Miss Galt, Royal Visitor, three-eighths in 37 3-5; Ladder of Light, three-quarters in 1:16 4-5.

Trainer Brinsford brought out Galt Dress, Sweet Bouquet and Royal Red Bird, sending them a good three-quarters in 1:15. The two-year-old Gallinberry and Blarney Boy, shot a half in 30 3-5, Galt Dress going on to the three-quarters in 1:18.

Trainer John Nixon and Willie Wilson have the spectators a nice exhibition in the field with Ammunition, Jim O'Neil and Dr. Warren. The trio went one turn of the course, taking the jumps in grand style. The first named will make his debut in the professional race this afternoon in the Woodbine Steeplechase, and is worth a little looking over.

King's plate selections: A day it looks like Seagram to be first and third, with the other three in between.

### SELF-DENIAL FUND REACHES BIG FIGURE

#### Fifty Thousand Dollars Raised by Salvation Army in Campaign.

More than fifty thousand dollars has been subscribed by Toronto towards the Salvation Army Self-Denial campaign fund to date, and it is expected that the objective of \$150,000 will be reached finally without any trouble. A tag day is to be held on Saturday, and many of the plants and factories are still to report. Several donations of a thousand dollars each were reported at yesterday's luncheon, and more are looked for.

Yesterday was experience day, and antithesis was the order of the day. A grave and gay mingled in the river of narrative, each endeavoring to overwhelm the other. Undoubtedly the gay dogs won the day. One canvasser was asked, whom he represented—which army.

"That of the Lord," was his ready response.

"Ah, well, in that case you are easily ten miles from your barracks, my dear man," quoth the merchant.

"Well, it will cost just a dollar a mile to get back," replied the canvasser.

He got his ten dollars. Another story was of a different calibre. One, a dear old member of the Salvation Army home for incurables, had no coin. He had only twenty-five cents in stamps. He gave it over to the canvasser, and it now belongs to the Salvation Army fund.

Will Close Campaign. The dinner which is to be held at the King Edward Hotel tonight will practically close the campaign, although much will be done after that, as evidence, the tag day which is to be held tomorrow. Many quaint articles will be auctioned tonight. Among these are a pair of gongs which saw service through the war in the fighting area, a silk cord which was presented to Staff Captain Hill by Heng Huo-Hwa Kueun Hong Hang, a Korean dignitary, and last, but not least, a Korean wheelbarrow with a unique and ancient history.

Among those organizations which have done much toward the campaign is the Gyro Club, with its membership of sixty young men under 35. This club has worked in conjunction with the work of the under the leadership of Mr. Austin Evans.

Many Subscriptions. Among the large subscriptions were the following: W. R. Book & Co., \$1,000; Gordon, McKay & Co., \$1,000; Goodyear Tire Co., \$500; Lowndes Co., \$500; Cowan Chocolate Co., \$500; Massey-Harris Co., \$500; Rolph, Clark Co., \$500. Many subscriptions of lesser order were received from firms and individuals.

Jimmy Wilde, the boxer, is understood to attend tonight's banquet, his wife having promised his attendance, and a six-footer of the Salvation Army having undertaken to see to it that he does attend.

### WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

### OWEN SOUND, I.O.D.E., TRY NEW EXPERIMENT

Owen Sound Chapter of the Daughters of the Empire are undertaking an interesting educational experiment. The annual meeting of the Ontario Historical Society is to be held in Owen Sound on June 10 and 11, and as that town is to become a city on July 1, it was thought that this would be a good occasion to hold an exhibition of articles which would illustrate the history and development of social life and action during the seventy years since the first settlers came. The prospects for a fine exhibition are good, as the idea has caught the imagination of the people, and the meeting of the Ontario Historical Society will be a great success. Rev. Father Cadot, S.J., the missionary to the Indians of Cape Croker and the Christian Islands, will give one of the evening addresses. Rev. Canon Spencer of Hamilton, who arrived in 1853 at where Owen Sound now is situated, will give his reminiscences, and Professor J. L. Morrison of Queen's University will speak.

### UNIVERSITY NOTES

In the opinion of Sir Robert Falconer, president of Toronto University, the statement that is said to have been made last Saturday by the Hon. R. H. Grant, minister of education, concerning the abolition of the faculty of education, is rather premature. When interviewed by The World, Sir Robert stated: "As I understand it, Mr. Grant has not yet come to a decision, and the whole matter is under consideration. The announcement came as a complete surprise. In my previous conversation with the minister of education, the matter had been mentioned but not discussed. Naturally we will be very sorry indeed if the statement that is accredited to Mr. Grant is his final decision. We certainly do not want to lose our faculty of education."

Dean Parkman, when interviewed on this matter, was also of the opinion that some mistake had been made, as he was under the impression that the matter will probably be the subject of conferences between the faculty of education and the department of which Mr. Grant is head for the next two or three weeks. "One thing I am certain of," he stated, "and that is that there must be some place where students who desire to become high school teachers in Ontario could be trained." The dean was also of the opinion that as the whole question is one of proper administration, there would not be any drastic changes, were the faculty to be taken over by the department of education.

This week will see the wind-up of all the examinations, that for the past month have been producing a feeling akin to terror in the hearts of the students at the university. The majority of them have all completed the papers and have left for their various homes, where for the next six weeks

### NEW BOULEVARD FALLS TO QUEENSTON

Niagara Park Commission Purchases Right-of-Way—Surveyors at Work.

The Queen Victoria Niagara Falls Park Commission have purchased from the Provincial Hydro-Electric Commission a right-of-way from the Falls to Queenston. A small portion of land just before leaving Brock's monument, and another small portion at the northern boundary of the city of Niagara Falls, will require to be expropriated, but can be taken possession of as soon as appropriation notice is given. This will complete the right-of-way controlled by the commission from Lake Ontario to Lake Erie. The cost of this section of the right-of-way was \$100,000.

Surveyors are now at work making the necessary surveys preparatory to extending the boulevard from Niagara Falls to Queenston Heights. The park commission have had an airplane survey made of the boulevard system from Lake Erie to Lake Ontario. No time will be lost in connecting Queenston Heights with Niagara Falls, so that the public may at the earliest possible moment take advantage of this most picturesque drive. The right-of-way from the Falls to Queenston has been purchased wide enough to avoid a monotonous straight drive.

**TO RAISE SALARIES OF ANGLICAN CLERGY**  
An Important Step in This Direction is Taken by the Synod of Niagara.

Hamilton, May 20.—An important step towards increasing the salaries of the Anglican clergy was taken by the Synod of Niagara at its closing session, this afternoon. On motion of George C. Coppley, the rules of order were suspended to allow the special committee appointed to deal with this question to meet and submit a preliminary report. The committee on its return recommended that immediate action be taken to implement the synod's ruling that the minimum stipends be \$1600 and a free rectory. To this end the committee recommended that church wardens be advised of this ruling, that rural deans convene to consider what steps should be taken to bring the parishes up to the minimum and report before June 31 to the synod office and that the work of increasing the stipends be carried on by laymen appointed by the rural deanal conferences. The committee reported also that it hoped to increase the contribution trust fund from \$1200 to \$1600, but in the meantime recommended that parishes raise

**DR. GORDON RICE CALLED BY DEATH**

Divisional Surgeon of Grand Trunk Railway Succumbs After Month's Illness.

One of Toronto's most prominent surgeons died early last night in the person of Dr. Allan Gordon Rice, divisional surgeon of the Grand Trunk Railway, at his home, 114 South Drive, Rosedale. Deceased who was born in Welland 36 years ago was the only son of Mr. and Mrs. A. B. Rice of West Toronto and had been suffering from serious organic trouble for many months past.

The late Dr. Rice came to Toronto when a small boy and educated at Annette street public school and Humboldt Collegiate Institute. He took his degree in arts at Toronto University in 1906, following this with a degree in medicine in 1908. For one year he was attached to Grace Hospital, Toronto, where he attracted the favorable attention of the dean, the late Dr. Bruce Rordian, with whom he entered into partnership. On Dr. Rordian's death six years ago Dr. Rice succeeded him as divisional surgeon for the G. T. R. Since his illness, Lieut.-Col. Dr. P. G. Brown, his partner, has undertaken the duties. Dr. Rice was married in 1910 to Miss M. A. Dover, of West Toronto who with three children, Allan, 8; Margaret, 5; Isabel, 1 survive him.

**TRADES COUNCIL AGAINST INCREASE**

Insist That Street Railway Matters Be Thoroughly Investigated First.

The finance commissioner was called on to investigate the accounts of the Toronto Street Railway Company, and also to protect to the provincial house against the McCrea bill to increase the fares of street railways. This is the substance of a resolution unanimously passed by the Toronto Trades Council at a large meeting held last night at the Labor Temple, 222 Dundas street.

It was said by James Simpson that the company was this year adopting the tactics followed last year, to show apparently that it was not in a position to pay the increase in wages unless it received an increase in fares. It was shown last year, said Mr. Simpson, that the company was unable to pay the increase in wages and maintain the railway without the help of increased fares.

**MORE U. S. STORES CUTTING PRICES**

Garment Manufacturers Band Themselves to Sell at Lowest Possible Cost.

Chicago, May 20.—While the continued spread of the price-cutting wave was noted in central and far western states today, Chicago bankers expressed satisfaction with the financial situation, one man declaring that the liquidation of stocks by merchants would greatly aid in bringing credit back to normal. The price-lowering movement, while not general in Chicago, was aided today by action of stores in Ottumwa, Iowa, and another San Francisco establishment in announcing cuts of from 20 to 50 per cent. Connection with the reductions, Nebraska women were asked today by that state's fair price commissioner to notify their merchants that they would not pay higher prices for clothing next fall. Action to aid in the campaign against the cost of living was taken at the convention of the International Association of Garment Manufacturers, pledging its members to manufacture and sell garments at the lowest possible price, according to a survey taken by the Cleveland Manufacturers' Association of the Cleveland garment industry, prices of women's wearing apparel will go no higher unless it was stated, labor and material costs are advanced.

**WILL I DRAW PEOPLE TO INVEST MONEY IN SHODDY CLOTHES**

Retail Merchants Say That Will Be the General Effect of New Tax.

There is not a great deal that is new to report in the luxury tax situation, except that retail clothiers and gentlemen's outfitters state that they had plenty of kickers, many of whom refused to purchase articles with the luxury tax added. The great majority of stores were collecting the tax yesterday after they received instructions from the collector concerning the temporary arrangement made for the manner in which they are to remit the sums collected to the authorities. The retailer is to make his return to the finance minister twice a month under heavy penalties for failure to do so. It has been said that there are many ways to beat the tax on clothing, but the inventors of all the schemes count without the preparedness of government.

It seems retail clothiers are compelled to make a return once a month to the board of commerce of all clothing in stock and at the same time the tax authorities will have assistance to check up the number of suits sold by each clothier at prices above the maximum. This will explode the idea of buying a coat one day, the trousers the next, and the waistcoat the third day.

**UP TO CUSTOMS DEPARTMENT.**  
The customs department at Toronto will have quite a part to play in the collection of the new tax, and it will place a lot of additional work upon their shoulders. The chief collector of the port told The World yesterday that he had not yet received any instructions from Ottawa, but that he was taking an agreement from receivers of imported goods subject to the luxury tax, that they would pay any extra demand if he found that his orders called for such collection. The custom authorities collect the luxury tax on motor cars, phonographs and many other such articles of imported goods that they do not collect the tax on made-in-Canada goods.

To show the precautions being taken to make the anti-drawling tax effective a customs officer has been especially placed at the Union Station to examine the luggage of persons coming from the States and if he finds any new clothes or boots the luxury tax of ten per cent will be charged.

**PREMIUM ON SHODDY**  
When The World asked Ed. Mack the well-known clothier of Yonge street, yesterday how he liked the luxury tax from a business point of view he said the government had put a premium on shoddy and a prohibition tax on good clothes. Mack thinks the maximum price should have been \$40 as he contends people cannot purchase good clothes under fifty to fifty-five dollars. Mr. Mack says that people leave his store yesterday rather than pay the new tax, but he thinks that also business may be upset for some three weeks or more. He thinks that the government will pay up smiling. The government must get money somehow, added Mr. Mack.

**SMALL BUYERS GRUMBLING.**  
Mr. Day of Day's Limited, who acknowledged that business was not so good as it might be, said that the purchasers of small articles were the greatest grumblers. He had one man who bought a shirt who kicked on paying 13 cents tax, while a man who paid a \$70 suit didn't utter a murmur. Mack thinks the maximum price should have been \$40 as he contends people cannot purchase good clothes under fifty to fifty-five dollars. Mr. Mack says that people leave his store yesterday rather than pay the new tax, but he thinks that also business may be upset for some three weeks or more. He thinks that the government will pay up smiling. The government must get money somehow, added Mr. Mack.

**MUST CONFORM TO TAX.**  
The tax received by the local Dominion tax office from the finance department at Ottawa, stated that the luxury tax was now in effect, and that merchants must proceed immediately to conform to it. It states that merchants further instructions must keep accurate records of sales and collections, and on the first and 15th of each month must forward to the tax office a sworn statement in detail, accompanied by the remittance of all taxes collected.
