Germans Taking Troops From Russian Front; Not All Against Italy

Some Being Shifted to West, But There is Suspicion of Design to Force Decision Elsewhere if Re-inforced Italians Prove Too Strong

IS THE POPE TO GO TO SPAIN?

Rome, Nov. 20.—The question is being asked in various quarters here, especially in Vatican circles, if Pope Benedict will leave Rome. If the Pontiff should take this step, it would be due to the difficulty of taking the attitude he desires to take with regard to the war, so long as he sees a better chance of securing all the effects made by the Italian government to guarantee his complete liberty and independence.

It is asserted that pourparlers have taken place with regard to the Pope going to Spain as a guest of King Alfonso.

SUBMARINE THAT SANK THE MEDI; HERSELF IS LOST

Paris, Nov. 20.—A German submarine was destroyed at the time the French steamer Medi, with a cargo of munitions, was torpedoed in the western Mediterranean on September 23, with a loss of 280 lives, says a despatch from Algiers to the Journal. The liner Biskra was proceeding with a convoy for France and had stopped at the port of Bari, where the Medi, leading the line, The Medi was torpedoed without warning before she was able to bring her guns to bear on the submarine.

After sinking the ship, the crew were not armed, the submarine commander brought his boat slowly to the surface. The Biskra immediately sent a signal at a distance of two miles. The second shot struck the submarine forward and low. An explosion followed and the submarine's stern shot up. The U-boat plunged to destruction before the Medi disappeared.

PACIFISTS IN AMERICAN LABOR FEDERATION BEATEN

Buffalo, N. Y., Nov. 20.—The overwhelming decision of delegates by the supporters of President Samuel Gompers at the annual convention of the American Federation of Labor was followed today by the rapid dispersion of many important resolutions upon which the anti-war party had been expected to vote.

The funeral of Mr. Thomas Moriaty took place this afternoon from her late residence, Silver Falls road, to St. John's church, where burial services were conducted by Rev. A. J. O'Neil. Interment was made in the old Catholic cemetery.

The funeral of David Linton took place this afternoon from the Fairview Methodist church. Services were conducted by Rev. Thomas Marshall and interment was made in Cedar Hill.

C. P. R. BRAKEMAN KILLED.

Sherbrooke, Que., Nov. 20.—C. P. R. Braekeman, a C. P. R. brakeman, was run over by a train this morning at Milan and both legs and an arm were cut off. He died a few hours after reaching Sherbrooke.

Father of Candidate Dead.

Sutton, Nov. 20.—J. C. Draper, father of Lieut.-Colonel Draper, died yesterday afternoon just about the time his son was nominated as Unionist candidate in Brome county.

CANADIAN TROOPS TO ENGLAND EARLY IN NEW YEAR

HAMILTON, Nov. 20.—Major General Mewburn, minister of militia, announced here last night that he was planning to send 10,000 or 12,000 troops to England early in January. He made a stirring speech, and in doing so, emphasized his influence in the recent fighting at Passchendaele, where he said that the important casualties in the recent fighting at Passchendaele were about 11,000, of whom 8,000 were wounded. He said that he would put his duties as minister of militia at Ottawa no matter how the election went and he would leave his election in the hands of his workers.

HEALTH SURVEY OF PROVINCE IS NEARLY COMPLETE

Mr. Hall Finds Much to Justify Decision of the New Brunswick Government

The health survey of the province, conducted by John Hall, of East Orange, N. J., has revealed conditions which seem to provide the fullest justification for the decision of the provincial government that greater attention must be paid to the health of the people in the public interest.

While an alarmist, Mr. Hall, who returned to the city today, after his four of the province, said frankly that health conditions were far from what they should be or what might be expected in a progressive community.

The first to admit this were the health officials themselves, but lack of proper organization to handle health matters, lack of information and a lack of interest in health have made it impossible for them to accomplish much in the past. The government proposals for a more effective organization were well received and Mr. Hall's sounding tactics necessitated frequent reliefs for exhausted German officials.

Some troops are reported to have been sent to the western front, but this is not necessarily significant, as Field Marshal Haig's sounding tactics necessitated frequent reliefs for exhausted German officials.

Some newspapers discuss with suspicion frankness and avidity the prospect of an offensive on the Salomon front, but have never a word to say about the health of the men involved.

As an illustration of what need a medical corps, Mr. Hall mentioned that St. John was the only place where cases of tuberculosis were reported to the board of health and that only the St. John, Fredericton and Moncton boards are still regarding cases of contagious diseases.

With one subscription of \$100,000 to spur them on, the Victory Loan committee is going after some more of the same kind. A special committee which has the matter in hand is compiling a list of likely prospects and soon expects to interview the heads of some of the large business houses and other local capitalists with a view to securing their support. While the aid of every person who can subscribe for a \$50 bond is required, it is also regarded as absolutely necessary to have more of the larger amounts if St. John is to reach the \$2,000,000 mark.

There have been many inquiries from investors who do not wish to wait to make their contribution until the campaign is announced by the government.

In response to this demand for the arrears of paying up the full amount, arrangements have been made by the nation's progressive parties to contribute with their charters.

Under this plan any person will accept at any time before January 2, although there will be no advantage to the subscriber in doing so, the interest payment will be waived.

Up to last night the subscriptions received in St. John totalled \$1,207,300, and for the rest of the province \$1,837,825, making a total for the entire province of \$2,055,125.

FURTHER WORD AS TO THE MEN LIABLE UNDER MILITARY ACT

From time to time there have been reports regarding the action the government may take against men liable under the Military Service Act, who did not register. It is learned that the men who have not reported should make application to the officer commanding the New Brunswick Depot Battalion. They will be examined, put in their class and given leave to do so by applying to the O. C. of the depot, who will file their exemption papers with the provincial registrar.

A military spokesman said this morning that there were no words from Ottawa that the men who did not apply in the allotted time would be dealt with as deserters, but added that those who did not apply before very long were liable for punishment of one kind or another.

The military officials wish to make it plain that the men who did not apply in time, after all, still have a right to register and seek exemption. If they wish to do so, they must first apply to Lieutenant-Colonel D. E. Ballou, and then through him file their exemption papers.

FOR SOLDIER HERO

Very Rev. J. J. Walsh, V.G., this morning in Holy Trinity church celebrated high mass for the repose of the soul of Pte. John Francis Hourihan, whose death in France on Nov. 1, 1916, was announced in the Times on Saturday. Relatives and friends gathered in large numbers and there were many communicants.

BURIED TODAY.

The funeral of Mrs. Gilbert Gray, who died on Sunday after a short illness, took place this afternoon from her late residence, 98 Chestnut street, to Cedar Hill Cemetery. Her son, Private W. H. Gray, had been admitted to a war hospital in Exeter on Nov. 14, suffering from a gunshot wound in the thigh.

THE CORN MARKET

Chicago, Nov. 20.—Corn prices advanced to a moderate extent today in response to developments regarding submarines and owing to firmness of the New York stock market. Buils in corn were steady, though the market was quiet. Moreover, business lacked volume. Opening quotations, which ranged from 9 cent to 1 cent higher, with January at 1.16 cent and May 1.15 cent, were followed by gradual further gains.

NO REPORT.

New York, Nov. 20.—Considerable price-taking was encountered in the first hour, and reactions of 1 cent to 2 cents in prominent rails also checked the rise temporarily. Oil broader buying later, particularly of coppers and coolers, the market showed some life, though not much, and was attacked by sister, Alice, who also was dressed in brown sash with white hat and a red carnation, a mate to her.

PLANS OF LEAGUE FOR A LASTING PEACE FAIL

Peremptory Note To the Allies Was Feature of the Preliminary

arbitration

Beine, Nov. 20.—The project for a so-called league for a lasting peace to hold a conference here with delegates from all countries has utterly failed. The conference was originally called for October 15 and then was postponed to November 12. Meantime what virtually was an ultimatum to the legations and embassies of Great Britain, France, the United States, Italy, Russia, Belgium, Romania and Serbia in Switzerland was issued demanding that passes be granted delegates from all countries.

The remarkable document received by all the legations begins with a polite expression of the aims of the conference. It gives assurance that only questions concerning a general world peace would be discussed, and that the principal means for ending the present war could not be touched upon. Two paragraphs further on in the document say:

"We therefore beg you earnestly to arrange with your government that such persons as wish to participate in the conference at Berne shall receive their passes and permission to pass through the countries en route to Berne. We must repeat that we do not ask all the more because the principal war aims of the Entente Powers will be the principal subject of discussion, and it therefore would be absolutely not understandable if such a step should be placed in the way of the conference."

"We must disclaim all responsibilities if our request should, contrary to expectations, be refused; for in that case the United States would be represented by its own citizens as are staying here in Switzerland."

The note was signed by J. Scherer-Fuellermann, the national councillor for the German delegation.

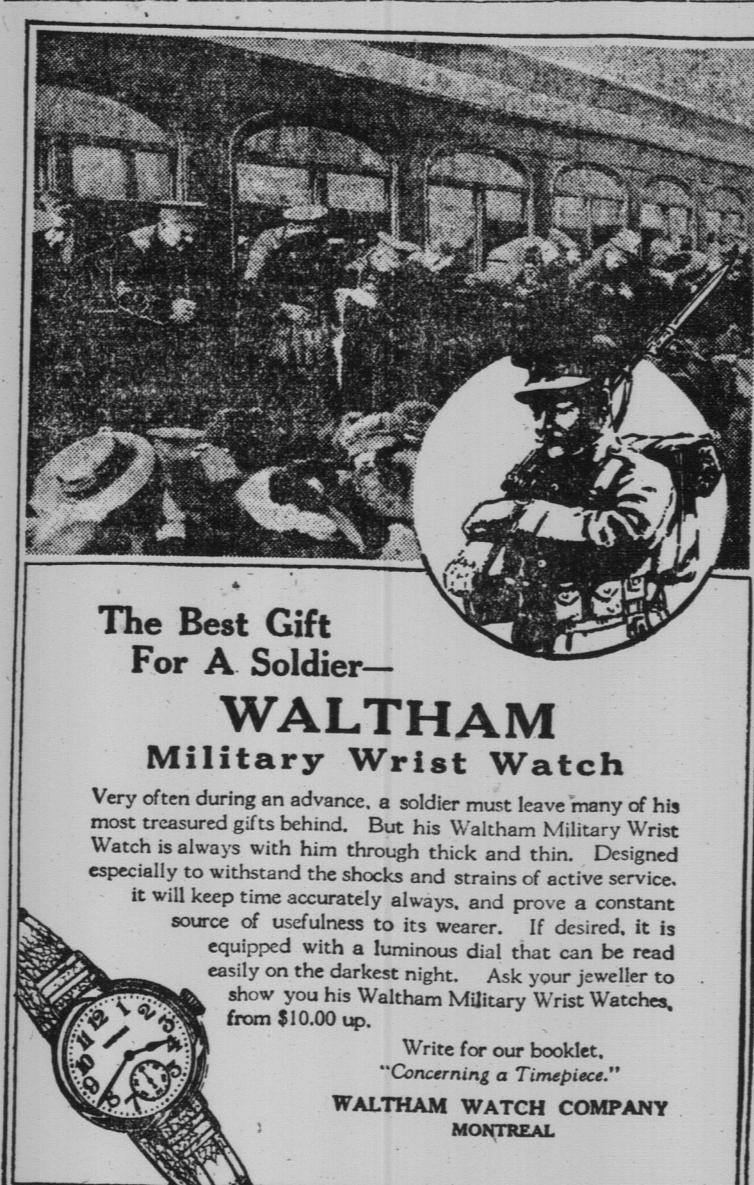

The peremptory tone of the note in some of its paragraphs, especially one demanding an immediate answer, is considered unfavorable. The newspapers in general strongly disapprove of the note because M. Scherer-Fuellermann is a national councillor.

FIVE SUBS IN ONE DAY.

Premier Lloyd George in a speech in the House of Commons yesterday said that on Saturday the British sank five German submarines in one day. He said that he intended to support every scheme that will help on the road to victory.

EIGHTEEN RECRUITS.

Eighteen recruits were secured in the province last week. The count totals follows: St. John, nine; York, three; Restigouche, three; Kings, two, and Victoria, one.

Napoleon Said:

"To carry on war we need three things: First—money; Second—Money; Third and last—MONEY."

If this were true in Napoleon's time it is a hundred times more so in this—the greatest of all wars. It is pre-eminently a war of machinery—the machinery of industry turned into engines of war—the machinery of organization.

While men and the size of armies play an important role, to what purpose are they if not properly trained and equipped? Witness the brave but futile efforts of the Russians who were sent unequipped against the enemy—rifles without bayonets—guns without ammunition and ammunition without guns!

What the heart is to the body, so is the organization back of the army. This military organization needs money to run it just as a business organization needs money to successfully carry on business.

Our valiant fighting men must be properly clothed, fed and equipped with every weapon needed in the fight—and it takes more than a million dollars a day to do this.

All Germany is watching to see how much money Canada will raise. There are others watching. Our men at the front who are fighting for you are looking to see what support you will give them. Don't let them be disappointed. If you can't go across come across,

The road to hades is paved with good intentions—to victory with money.

New Brunswick Men Give Lives

Casualty List Again An Argument For Prompt Reinforcements For Overseas Forces

Mr. and Mrs. Fred. D. Prince, of Hampton, received word recently from Ottawa notifying them that their son Wilfred S. Prince had died of wounds received in action. He left Hampton in the 115th battalion, and was drafted into the famous 26th regiment. He is the second son of Mr. and Mrs. Prince to have made the supreme sacrifice in France. The other son, Edgar, who left New Brunswick with the 6th C. M. R., was killed in action on the Somme in October 1916. Still another brother offered his services for the 36th but was rejected.

Both heroes leave besides a mother and father, five brothers, two sisters, and four half brothers who in respect to health are all another New Brunswick family has been called upon to mourn the loss of two brave sons.

Two Died in Northumberland.

Chatham, N. B., Nov. 19.—(Special)—Another of Chatham's young soldier boys has laid his life down for his king and country, Vincent Flanagan, oldest son of Rev. J. J. Flanagan, of Bowes' house, passed away at his father's home this morning. He went over to England at the outbreak of the war and joined the Royal Horse Artillery and served with them in His Majesty's forces for over two years and passed through some of the worst experiences of the great war. He was severely wounded and gassed and only arrived home last month. He was still in a very critical condition, his spine being injured and was subject to weak spells.

Word was received this morning that Private George Stewart Burchill, son of the late George Burchill, of Nelson had died of wounds. He was twenty-one years of age and went overseas with the

Nova Scotia Highlanders. There survive two brothers, George, overseas and Stirling at Rotchesay and two sisters, Mrs. Frank Robinson, of Boston and Laura, at home.

Killed in Action.

Frank Sanderson Rogers, son of the late Clarence and Mrs. Rogers of Yarmouth, has been killed in action.

More in Saturday's List.

NEW YORK VIEW OF OUR VICTORY LOAN

(New York Commercial)

THE POLITICAL SITUATION IN ENGLAND

(Special Cable to Times by F. A. Mc-

London, Nov. 19.—Hourly it becomes

more evident that the main issue before the statesmen is complete pooling of all

reserves, but such pooling meets consider-able opposition in some official quarters,

where it is feared it may force us into

measures not acceptable to some people here. Lloyd George's speech and

Northcliffe's letter both were dictated by

the desire of the government to give to

the nation the absolute inevitability

of pooling. There is returned to the

General Public Hospital.

Lloyd George over his Paris speech has been followed by a reaction. People say if the situation is so serious why he indicates it is better for him to go so than live in a fool's paradise. For the same reason Northcliffe's letter has been received very favorably.

Toronto's political attitude is arousing enormous interest but the source of the interest has changed. At the begin-

ning it was regarded as the probable act in a culminating duel between Lloyd George and Asquith. This is no longer the case. Mr. Asquith is expected to take a quiet line. This afternoon will

give the premier occasion for declaration of policy which may have some sur-

England last week. Mr. Williams left

Scouts of the province was held

briefly last night in the Portland street

Methodist church schoolroom. The various

scout masters submitted their re-

ports which were interesting and highly

encouraging. The report of the scouts in

the month there were forty-five new mem-

bers and two new troops formed. The

greatest turn out by the scouts during the

month was enumerated. There were

twenty present. Senator W. H. Thorne

has presented a trophy to be given at the

end of the year to the best all around

New December Numbers of

Columbia Records

When Lazaro sings
"Laugh, laugh, Pagliaccio!"

It is more than words or song or acting. His "Vest la Glubba" is the breaking of a heart in music. Scarcely beyond words, hidden beneath a smiling mask to face the call of duty—what one of us has not sometimes laughed with Pagliaccio? Lazaro, Metropolitan Opera tenor, in this appealing record has made his singing live. 49020-\$3.00.

THE records individually mentioned are only a few of the splendid Christmas list of Columbia Records. It includes many other operatic numbers, 22 new popular song hits, 14 whirlwind dance numbers, patriotic songs, fairy stories for the children, and a number of beautiful Christmas carols and hymns.

Stracciari's song of love and hate.

Love struggling with hate in dramatic melody—that is the theme of "Eri tu!" from Verdi's "Masked Ball." A song that requires much of the artist, and in this record Stracciari, leading baritone of the Chicago Opera, has given of his art in full measure. 49221-\$1.50.

Barrientos, crystal clear in Lakme's Bell Song

Scoring joyously through the bell-like notes of Delibes' lyric, Barrientos makes music more musical by the matchless cadence of her voice. A record in which the great soprano of the Metropolitan Opera surpasses herself. 49151-\$3.00.

Patriotic Numbers

The list also includes many striking, popular melodies such as "The Best Things in Life are Free," and "For You a Rose" (A2383) 88c; also typical songs for our boys, but there are no better songs, "We'll Wind Up the Watch on the Rhine," and "The Old Grey Mare" (A2382) 88c.

Second Liquor Charge Against Edward Burke Follows—Disorderly House Case in Police Court

A soldier was brought before Magistrate Ritchie in the police court this morning charged with drunkenness. He was found in Market street yesterday. He was seen to be in an intoxicated state. Mrs. Eileen Belding of 25m Street was charged with keeping a disorderly house, and Patrick Rocca with being an inmate. Edward Burke was given by Detective Briggs and Policeman Gibbs as to the reputation of the house and to a raid which was made on the place last night. The woman is a soldier's wife, and the man says he is a bartender. Between the man and woman were found a .38 revolver and thirteen rounds. Detective Briggs said that this was the third time that Mrs. Belding had been arrested.

John Nickerson was charged with supplying liquor to Miss Esther Henderson of Sheriff street on October 27 and November 2. The chief witness was Mrs. Henderson. Her husband, she said, was present on one of the occasions, and the hearing of the charge was postponed until this afternoon, when his evidence could be heard. Nickerson denied selling the liquor. This is the third man whom Nickerson has been charged with supplying liquor to her, and all have pleaded not guilty. Mrs. Henderson is the chief witness in three cases. Besides Nickerson there are John Ryan and Edward Burke. Since Chief Inspector Wilson is in the city today, His Honor decided to clean up this afternoon the liquor cases which have been pending. Regarding the case of Nickerson, Porter Burke, the case of keeping liquor on the steamer L. C. Camb will be taken up this afternoon.

The case against Burke was concluded early up at 11 o'clock this morning, and the prisoner and his counsel, E. S. Ritchie on arrival demanded that the case go on as arranged. The testimony was all in, and the magistrate's judgment was withheld. His Honor pointed out the reasons for which it had been postponed; but in view of the evident dissatisfaction of the defendant's attorney, he agreed to give judgment.

"All right then," he said, "we'll have it your way."

"Stand up, Mr. Burke. You're fined \$200. Sit down."

The senior Inspector therupon said that there was further information against Burke, and another charge was laid against him. He was placed in jail to await his trial this afternoon.

R. ANDERSON IS GIVEN UP AS DEAD

Gallant Young Soldier Was Severely Wounded and Missing

No Report of Him After Day of Rush at Dressing Station—Court of Inquiry Decides He Doubtless Died of Wounds and Was Buried Unidentified

That Sapper R. Anderson, son of Mrs. Annie Anderson of Acadia street, who was a few months ago reported wounded and missing, is believed now to be dead, is the information from Mrs. Anderson, received yesterday afternoon, in a letter from the captain of the company of which Sapper Anderson was a member. The letter follows:

"To send you some news in connection with your son, Sapper R. Anderson, who was a member of 'D' company, this battalion. Considerable uncertainty has existed as to exactly

SAPPER R. ANDERSON.

what happened to him, but I am now able to give you the following information regarding his fate."

On June 7, Sapper Anderson was one of a party working on railroad construction. Shortly after noon on that day his party was subjected to heavy fire from rebels, killed and wounded several of their number. Sapper Anderson was among the number who were severely wounded. First aid was promptly given to him and he was taken to the nearest dressing station. Other members of the party were Sergeant Hamilton, Sapper King and Sapper Wilson, and all of whom saw Sapper Anderson and knew that he had been seriously wounded.

"There were quite a number of wounded men at the dressing station, notwithstanding the fact that a diligent search had been made, no record can be found of what disposal was made of Sapper Anderson's case."

The captain of the company referred to convened on October 19, when circumstances were fully considered, the opinion of the court being that Sapper Anderson had died in a field hospital as a result of his wounds, and in some mannerable way had been buried without being identified.

He was working with his coat off at the time he was wounded and likely his pay book and letters were in the pocket of his coat."

"This is one of the saddest cases that has fallen to the lot of this battalion. The son was a boy of unknown family, known and was respected by his comrades. Doubtless this furnishes but little consolation to you, but I can only state that your son gave up his life at the call of duty, in the heat of a death struggle, to be more noble than the rest."

"It is greatly regretted that amongst many sons of Canada he has found a general that must, unfortunately, be unnamed, and another service can be rendered to you in connection with his death. I hope you will feel free to express your wishes at your convenience."

"R. H. Barrett, Captain, Adjutant, 7th Battalion."

Sapper Anderson was about twenty years old. He had been employed with J. Davis & Son, bakers, Main street, and for four years had worked with the Western Union Telegraph Company as a messenger boy. He was well known about the city and the news of his death will be learned of with general regret.

MAY GATHER HERE ALL LIQUOR THAT HAS BEEN SEIZED IN PROVINCE
Chief Inspector Is Asked About Matter of Putting It to Use—Several Thousand Gallons

Chief Liquor Inspector Wilson was in the city today and will leave again tomorrow to speak to a Times reporter this morning he said that the wonderful success of the administration of the prohibition act in the upper provinces, which is quoted. Last week 250 people, mostly men, interested in the elections, made a trip from Edmundston to Campbellton for political purposes. A matter worth of note was that in this assembly there was not a drop of intoxicating liquor.

It has been suggested, in view of the great quantity of liquor and alcohol which have been confiscated in the course of enforcing the act and which is now held by the authorities, that some use be made of it. There are now several thousand gallons and it has been suggested that all the liquor confiscated throughout the province be collected into one warehouse in St. John and some use then made of it.

Mr. Wilson said it was a very good idea, and said that it would probably be acted upon. Some of the liquor seized lately from the bootleggers, he said, was absolutely of no use, on account of its being watered down with often half wood alcohol, he said, and the only thing which could be done with it was to destroy it.
