

ITALY HAS 1,200,000 MEN READY

On the Italian frontier, April 16—Italy today has 1,200,000 men ready under arms. They are from twenty to twenty-six years of age. They are perfectly armed and equipped.

BRITISH OFFICERS IMPRISONED IN GERMAN BARRACKS

London, April 16—The foreign office was advised today by Ambassador Page that Ambassador Gerard at Berlin had forwarded to Washington confirmation of press reports that Germany had imprisoned thirty-nine British officers in military detention barracks in relation to the decision of the British government to refuse honors of war to the crew of captured German submarines.

PRaise FOR CANADIANS BY GENERAL ALDERSON

Toronto, Ont., April 16—Speaking of the recent Easter visit of the Bishop of London to the trenches, H. R. Gordon, B. A., with the first contingent, says: "His address was short and to the point. He told us in brief that we are fighting for civilization against barbarism, for liberty against tyrannical forces, for Christianity against paganism. He impressed us as a human being, rather than a church dignitary. General Alderson told us briefly that work in the trenches had been satisfactory and that he was sure that the more trying work to come. I think our cheers could have been heard in Berlin. There is no doubt that a better man than General Alderson could not have been found to command a better like our division. He's a human being, not a ramrod with a uniform."

STRIKE TIES UP GREAT AMOUNT OF BUILDING

Chicago, April 16—Work practically tied up on building operations, valued at \$30,000,000 here today, and 100,000 union men were thrown out of employment as a result of a strike of 100,000 union carpenters for increased pay. The men went seventy cents an hour instead of sixty. They were offered an increase of two and one-half cents for the last eighteen months of the three-year agreement.

TUGS MUST HAVE LIFE SAVING APPLIANCES

The owners of tug boats, especially those which do coasting business, have been notified that henceforth they must have life boats swung on davits. They must also have a life buoy for their passenger on board. The life boats must be fitted with air tight tanks.

LOUIS J. McPEAKE

The death of Louis J. McPeake will be learned with regret by many friends in Carleton and in the city in general. He died today at Parry Sound, Ont. He was a son of the late F. C. McPeake of Carleton. There will be deep sympathy for those bereaved. Mr. McPeake was twenty-seven years of age, and was in the office of the C. W. Railway at Parry Sound. He had been in the west for the last five years. Relatives here were unaware of his illness, and the news of his death came as a great shock. He is survived by one brother, Edmund, with the Victoria Hotel, Montreal, and three sisters, Mrs. Walter E. Morris, West St. John, and Misses Florence and Hilda, at home. The body will be brought home for interment.

BURIED TODAY

The funeral of David E. Raynes took place this afternoon from his late residence, Raynes avenue, Fairville. Burial services were conducted by Rev. Gilbert Earle, and interment took place in Cedar Hill.

BIRTHS

BURLEY—On April 14, 1915, to Mr. and Mrs. Roy L. Burley, 36 Guilford street, West— a son.

DEATHS

McPEAKE—At Parry Sound, April 16, Louis J., son of the late Francis J. and Rosa V. McPeake. Funeral notice later.

FIRST STEAMER ON WAY FROM FREDERICTON; REACH ICE IS OUT

According to reports from up river today the ice in the Reach has run out and the steamers will be able to resume their regular sailings. The Majette was expected some time this afternoon from Fredericton and the Oonsee is also due at Indiantown.

REAL ESTATE NEWS

Transfers of real estate have been recorded as follows: St. John County, L. A. Brown, per secretary of municipality, to Codrill Miller, \$400, property in St. Martin's Kings County.

WAR NOTES

The Swedish steamer Polke was sunk off Fetheden Wednesday night by a mine or torpedo. The captain, seven sailors and stewardesses are missing. Canada has responded well to the appeal for the patriotic fund. The total cash received to date by the minister of finance is \$678,848 and the disbursements \$1,284,044.

RECENT WEDDINGS

MacLean-Kinnear. Rev. W. B. MacLean, of Cabotville, N. S., and Miss Edith V. Kinnear, Halifax, a trained nurse, were married on Wednesday in the North Baptist church, Halifax, by Rev. M. L. Green, assisted by Principal MacKinnon.

CLAIMS TO CURE LEPROSY

San Francisco, April 16—Leprosy is curable and there is little danger of contracting the disease, as I have been having none but leprosy scars in my home for years. This statement was made by Dr. Adolph H. Boehmer, who has arrived here from Slam. For five years Dr. Boehmer was surgeon-general of that country and private physician to the late King Chulalongkorn. He has studied leprosy exclusively for several years. "All the house boys I had during many years in Slam," he said, "were afflicted with leprosy and they disappeared in a few days when they came to me. The cure is sure and leprosy could be stamped out in this country in a short time. Dr. Boehmer intends to go to Cuba to study the treatment of tropical diseases.

DEATH IN FAIRVILLE

The death of Albert McGuire, a well known resident of Fairville, took place this morning. He was in the fifty-eighth year of his age and is survived by his wife, two sons, William and Octavius of Chicago, two daughters, Mrs. Roy Langard and Miss Olga, at home, one brother Edward, of St. Augustine, Florida; also one sister in Waterbury, Conn. Many friends will regret to hear of his death.

A CONSERVATIVE PROTEST

The St. Andrew's Beacon, Conservative, agrees with the view that "no election should take place till the way is clear, unless that event should be unduly prolonged." The Beacon says further: "The revelations before the committee inquiring into the purchase of war supplies have been most humiliating to all right-thinking Canadians. Surely the most condign punishment should be meted out to those mercenary scoundrels who have so shamelessly swindled their country and lowered the good name of their countrymen in the estimation of the world."

AT THE RANGE

The best scores at the city rifle range yesterday among the men were: Standing—T. Mechar, 88; A. Harwood, 90.

E-Senator Aldrich Dead

New York, April 16—Nelson W. Aldrich, former United States senator from Rhode Island, died today of heart disease.

Harry Asher, an ex-minister, charged with attempting to murder Rev. John McPherson Scott on December 8 last, was found guilty yesterday in Toronto and remanded for examination as to his sanity.

Mr. Smith again arrived here yesterday from Halifax, where he was attending the annual meeting of the Maritime Ship Owners' Association. Mr. Smith was re-elected president, and F. K. Warren, of Halifax, secretary-treasurer. Important matters pertaining to shipping were discussed.

CEDAR HILL BILL UP AGAIN TODAY

Fredricton, N. B., April 16—The Municipalities committee this morning considered two bills from Moncton. A large delegation from Moncton attended. The bills were agreed to, the only important amendment being that made in a bill regarding a plebiscite on the question of market size. A codicil was added to provide that if the council agreed to build on the old site the plebiscite would not be asked for.

THE WAR

(Continued from page 1.) These places are said to be without anti-aircraft guns.

SWIFT TO DEATH IN RAPIDS AT THE FALLS

So far as could be learned today the identity of a man drowned in the reversing falls yesterday afternoon remained a mystery. His relatives have given his name as Ferris, inquires among families of that name today gave no clue.

ATTACK LONDON?

London, April 16—The "Star" reports that a German aeroplane has been brought down near East Church. The aeroplane which dropped bombs on Faversham was shot at by local marksmen but their aim apparently was poor. Flying over the town, the aeroplane dropped another bomb, but the only result was the digging of a hole in an orchard. Still another bomb was dropped into a chalk quarry. The German machine then started for the sea by way of Deal from which direction it had appeared over Kent.

Good Habits. A good habit is harder to form and easier to give up than a bad habit, and this is evidence to me of the depravity of the human heart.

Teacher-Now, Lucy, who followed Mary? "Lucy-her little lamb."

"Well, John, how did you enjoy the party?" "Oh, we had a rotten time."

"Powler has had a story accepted at length," said a journalist to a colleague. "Yes, he went home at two o'clock this morning with an awful yarn, and his wife believed it."

The editor of the German Lutheran paper protests very vigorously against such utterances as these, and declares that the Germans should value everything "according to its worth or worthlessness, whether it comes from England or from the Established Church or from any other quarter."

The Standard yesterday charged the Liberals with "irresponsible and slandering and slanderous attempts to decry a Canadian industry."

It is easy to believe that the Germans are cruel in their treatment of prisoners, and of non-combatants in the regions where their military operations are being carried on.

AN IMPORTANT CONSIDERATION

The New Housekeeper could not do better than place an Enterprise Magic Range in her kitchen. Cooking is difficult and exacting work, but a reliable, easily operated stove reduces it to the minimum.

Cleaner Rugs IN LESS TIME With Smallest Effort By The Tortoise Way

Dirt hasn't much chance around Rugs and Carpet Squares where a TORRINGTON Model "K" Cleaner is used; the brush gathers in the surface dirt, and at the same time three strong sucking bellows take up the fine, introduced dust and dirt embedded in the nap.

The action quite equals that in a \$30.00 to \$60.00 Electric Vacuum Cleaner—at a fraction of the cost. There are no wires to connect, no bills for current; and a

Torrington Cleaner

Is easier to empty, with its forever tight nozzle that is instantly released. A big wire frame bag with an open throat empties clean at a tap.

The secret of the TORRINGTON'S success lies largely in the big, wide-opening bellows, so arranged that they never cramp (the cloth can't pinch or wear through). Then come its roller bearings and perfect steel driving mechanism, with a brush that fairly "floats" in doing its work, and the result is a perfect high-grade cleaner.

TELLS OF VOYAGE OF KRON PRINZ

Chief Surgeon's Diary Is Interesting

WHY PRIZES WERE RAMMED

This Occurred on Three Occasions When Ammunition Was Scarce — Says Captains Were Very Angry

(Montreal Gazette)

Newport News, Va., April 15—Declaring that everything of interest that had happened on the voyage has been told and published and that what had not happened had been told at well, Commander Thierfelder has issued orders to his men and officers that they are not to give out anything more concerning the ship or her remarkable voyage. However, through the courtesy of Boarding Officer C. The cause, of the customs force, a correspondent spent an hour as the guest of Chief Surgeon Perrenon, who proved a genial host. He explained with a certain degree of satisfaction that the excellence of his wines and the favor of his clerks were due to the generosity of the French, to say nothing of the quantity, of which there seemed no limit. When interrupted by visitors the doctor was busily engaged in answering letters and telegrams. The telegrams were from all places all over the country, from New Orleans to Washington, and from the Atlantic Coast to the Pacific. Some of these were from friends, while others were from German sympathizers, and brought congratulations and well wishes. The letters were principally from relatives in Germany, and were from five to six months old.

With the aid of a diary the surgeon was able to give an interesting account of his 242 days' voyage at sea.

Captain was wrathful.

"One of the most amusing incidents of our voyage," he said, "occurred when we captured and sank the British steamer *Highland*. When hoisting our flag on the *Highland* we found her captain wildly stamping back and forth across the bridge and exclaiming: "Where is our great navy! Where have all our ships gone? We captured the *Highland* in latitude 38° north and longitude 48° west on December 24th."

"Transferring the 5,700 tons of coal from the steamer to the *Kronprinz* was slow work and we did not finish until January 9 that we finished and sent the steamer to the bottom.

"We also took the steamer *Indian* on September 1, our first prize. The captain of that ship became enraged when told that we had captured him. "Why do you take us first? We did not have time to explain and soon also had the *Indian* alongside."

"Some of the ships tried to escape after being ordered by us to stop, and on several occasions we had to chase them. One of these was the *Highland*. The prize was well worth it, and that reminds me, the last beer we got was from the *Highland*. There were only eight or thirty kegs, and it was very good. We still have some of it."

Here the surgeon halted his recital long enough to press a button and allow his guests to themselves pass judgment.

"We also got big quantities of liquor from the *Guadeloupe*, and the best of all about 12,000 bottles of mineral water. We were entirely out of fresh water and we drank this instead.

Denies Bad Matesmanship

"I noticed from the papers that some of the Englishmen we put ashore yesterday said that we fired five shots at the steamer *Tamar* trying to sink her and that two of them went wild, even though we were but three hundred yards away. That is not so. We fired four shots at the water line and all of them were perfect hits. The *Tamar* was supposed to be in the water line and we fired at her. We were short of ammunition and when we got ready to sink them the *Tamar* fired at us. She was one of them. We sank her on a beautiful moonlight night. We backed off our ship out through her hull like a knife through cheese, and we cut her cleanly in halves. We hardly felt the jar. The same procedure was followed in sinking the French steamer *Montcalm* and the British steamer *Whitby* on the 11th. Quoting from the almanac, which described the causes and circumstances dating up to the present great European war, Herr Doctor said the following: "The great powers at first seemed content to let the two powers, Serbia, and Austria, fight it out. Fortunately Russia feared that Austria had designs against her and apparently without provocation ordered an explanation from Russia and when none was forthcoming she declared war August 1.

"That is just what we have been saying all the time and here it is in an English almanac," declared the surgeon. He seemed elated that the contentions of his countrymen had been substantiated by the English in their own words.

It was reported here tonight on good authority that the *Kronprinz* Wilhelm would be placed in drydock at the plant of the Newport News Shipbuilding Company tomorrow, where an examination of her bottom will be made and the extent of the damage to her shell plates, bent and battered as a result of colliding with ships at sea, will be determined. She lies at anchor in the harbor brilliantly lighted with big reflectors placed along her sides at short distances to light up the surrounding waters. The lights are so arranged and cast their glow in such a manner that it is impossible for

Men's Spring Overcoats

We offer this season a most inviting exhibit of Spring Overcoats, garments that reflect the very highest skill in the making, and will give the very smartest appearance and the most enduring service. Among the styles are two, exclusive to this store: "Sir Edward" and "The Hukker," and you'll be surprised at the dressy possibilities of them both.

"THE HUDDER" OVERCOAT—Is practically all vest-round garment, serving the purpose of nearly two coats. It is so light in weight that wearing is hardly perceptible, yet its close knit is almost impenetrable by cold, except the most severe weather. It can be crumpled up in a travelling bag or suit case, or packed in a drawer without becoming mused or wrinkled, so flexible is the fabric. A garment that, despite rough usage, will retain its original, stylish, snappy and "prettied" appearance. Price \$36.50

"THE 'SIR EDWARD' OVERCOAT—Light weight Frieze, in Cambridge grey, broad velvet collar, peaked lapels, full skirt, patch pockets, wide raglan sleeves with cuffs. This is the very latest model in the Balmissoon style and is offered with button through front. Price \$21.00

OTHER BALMISSOON OVERCOATS—With regular set-in sleeves and raglan shoulders, in brown, greys, green, in plain and fancy mixed tweeds. Prices from \$18.50 to \$24.00

WONDERFUL BILIOUS REMEDY

Actually Prevents Attacks

There are two great causes of biliousness—they are constipation and defective liver action.

When Dr. Hamilton's Pills are taken, they are not only correct constipation, but set upon the liver as well. Quite unlike ordinary medicines which purge and give temporary relief, Dr. Hamilton's Pills remove the conditions which cause biliousness, and that permanent cure is effected. No person who occasionally uses Dr. Hamilton's Pills will ever suffer from biliousness, headache and stomach or bilious complaint. Get a 50c. box today.

SEEM TO HAVE KEPT IT FROM MR. LOGGIE

Fredricton, April 15—The correspondence which has been published in the legislature concerning the claim of the Miramichi Lumber Company for a refund of about \$100,000, was laid under protest, was brought down today, and strange to say in all of the letters from Mr. Loggie, there is not a word or a reference to the fact that any such amount had been made.

It is evident by this very correspondence that Mr. Loggie had no knowledge of what was going on, and no doubt now can remain in the public mind that there was a deliberate plan to repay to the Miramichi Lumber Company the amount of a large claim, of which payment had been refused by a previous surveyor general.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick Give "California Syrup of Figs."

Children love this "fruit laxative," and will cheerfully cleanse the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty his bowels; the result is that they become tightly clogged with waste. Liver gets sluggish, stomach sour, then feverish, don't eat, sleep or act naturally. Breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Ask your druggist for a 50-cent bottle of "Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Millions of mothers give "California of Figs" because it is perfectly safe of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with caution.

SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulled coconut oil (which is pure and greaseless), this is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excess of oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulled coconut oil at any pharmacy, and a few ounces will supply every member of the family for months.

Mrs. Frank Perkins, of Midland, N. B., who died on last Sunday, was sixty-eight years old, and left her husband, five sons and four daughters.

Mrs. Sarah Thompson of Cedar Camp, Kings County, who died recently, was 100 years old. She left one daughter, Mrs. Andrew Parise, and one son, Robert Thompson of Apatohi, besides five grandchildren, forty-five great grandchildren and nine great great grandchildren.

boy had passed away. Before losing consciousness, young Mylen told his father he had taken Paris green, and the bottle containing the fatal mixture was found in one of the pockets of his coat.

Young McGarvey told the police that Clyde had the bottle with him on Monday when they went to Eastport, and had it when they were in the woods together on Tuesday afternoon. Evidently the unfortunate child feared that serv-ice punishment would be meted out to him for taking the money and decided to end his life rather than submit to chastisement.

R. C. Weyman has been appointed a justice of the peace, Chief of Police Simpson, a provincial constable, and H. H. Murray, of Sussex, chairman of the board of health of that town.

Raleigh Cycles, Taylor Bros., King Square.

Frederickton, N. B., April 15—The house met at 8 o'clock.

Hon. Mr. Baxter introduced a bill to amend the provisions of the act relating to the town of Bathurst to issue debentures.

The house again went into committee with Mr. White (Victoria) in the chair, and agreed to a bill to incorporate the Public Valley Railway Extension Company, which it was explained was more in the nature of a renewal of the old charter than a new act, there having previously been the company incorporated to carry out the work and it was proposed to do under the present bill, but which had neglected to do so.

The bill to incorporate the Kent Coal & Railway Company was then taken up.

Hon. Dr. Landry asked if the promoters would accept a provision that the route should be approved by the lieutenant governor in council. The amendment was accepted and the bill agreed to.

The house again went into committee with Mr. Murray in the chair, and agreed to a bill to prevent infectious and contagious diseases in bees, a measure which it was explained, was in line with legislation in the other provinces, and had been asked for by the Maritime Bee Keepers' Association.

Hon. Mr. Murray introduced a bill to provide for assistance being given to infant growers.

Mr. Stewart, Northumberland, took up the consideration of the fiscal arrangements of the province. He pointed out that the estimates had not been sufficient to carry the government through and that extra amounts totalling \$7,000 had to be passed from time to time in addition to two special warrants of \$75,000 which have not been foreseen.

He asked for the amount of bonds issued as authorized given in 1914 to interest from 4 to 4 1/2 per cent, and was informed that the amount of bonds so held was \$239,000.

Mr. Stewart said that in March, 1914, the amount of bonds issued at 4 and afterwards increased to 4 1/2 per cent, adding that the claims of the provincial secretary for financial foresight had not been upheld.

Mr. Stewart, continuing, said that estimates as presented to house provided for the payment of \$300,000 as interest this year. He believed that 4 per cent would be a fair average rate of interest for all the various issues of bonds, overdrafts at banks, etc., which the province would have to pay this year, and \$300,000 would provide 4 per cent interest on \$7,500,000. He did not think that any of us realized that the province of New Brunswick has a debt of such tremendous proportion hanging over it, but interest to be paid till the whole story.

There is no use to look up tables of debenture issues or to produce long lists of figures, the facts are that the province is asked to pay in interest to the amount of a per cent on \$7,500,000. It was well known that the province is borrowing \$500,000 every year for permanent bridges, and this \$500,000, as well as various other amounts, are being added to the debt. But there was no information why there should be an increase this year of from \$70,000, which was the amount paid last year for interest, to \$80,000 this year.

This meant increasing the interest charges by the amount of 5 per cent on \$1,000,000. It showed that the province had gone that much further into debt in a year. The interest account showed the amount of interest paid and it was easy to figure from that how much of the amount was being paid on and no manipulation of figures or massing of tables will get over it.

CONAN DOYLE ON RETALIATION

Cannot Sink to German Level But Knowledge of Atrocities Would Inspire British Soldiers to Greater Efforts

London, April 16.—Sir Arthur Conan Doyle writes to the Times: "It is difficult to know how to act in the case of these European Red Indians who torture their prisoners. It is clear we cannot retaliate by spitting on, kicking, beating, starving and freezing Germans who are in our power."

"Appeals to good feeling are unavailing, for the average German has no more understanding of civility than a cow has of mathematics. He is honestly unable to understand our attitude when we speak kindly of von Muller, Weddigen or any of our opponents who have shown some approach to decency. His papers ascribe it partly to sentimentality and partly to hypocrisy."

"I have no doubt that German aéroplanes drove away our boats while we were endeavoring to pick up survivors of the Bluecher they were unable to conceive what it was we were trying to do. It is worth nothing that since they have endeavored to excuse their barbarity by saying it is retaliation for our naval blockades they have acted in exactly the same fashion to our prisoners. Before this maritime policy had been declared the narrative of British Red Cross doctors who were taken in Belgium shows they endured similar inhuman persecutions."

"It there is no retaliation which we as a nation can employ, there is at least one line of action which might be taken, that is, to print Major Vandekerck's account with the American official reports and such documents as the narrative in the Dutch paper, Tyd, of tortures of three wounded British prisoners in a frontier station in October."

"This paper should be officially sent not only to all neutral countries, but should be circulated among our soldiers in France. No man fights worse for having his soul stained with righteous anger, so we should use the weapon which the Germans have put into our hands."

"It will teach our men also, if any of them still need the lesson, that it is far better to die upon the field than trust to the humanity of the German victor. If our enemy is unchivalrous, he is at least intensely practical. If he is unchivalrous, he is gaining any military advantage from his misdeeds he may perhaps reconsider not their morality, but their wisdom."

THE NEW ARROW COLLAR

GERMAN PEOPLE REALIZE BOLT HAS BEEN SHOT

Still Believe Germany Can Not Be Beaten But Realize She Can Not Win

London, April 16.—Wilbur Davison, a New York Rhodes scholar, has returned here after doing hospital work in Serbia. He came via Munich, Frankfurt-on-the-Main and Cologne. Mr. Davison told an interviewer that the common people of Germany were undoubtedly ready for peace. They seemed to realize that Germany had "shot her bolt," and there was no longer any talk of marching on Paris, Petrograd and London. The enthusiasm of the people had cooled, but nevertheless they were neither disconsolate nor hopeless. They were confident Germany could not be defeated, although they believed she could not overthrow her enemies and would be willing to call it a draw.

Mr. Davison said his outstanding impressions of what he saw in Germany were the gigantic efforts that were being made to secure a great harvest, and the large number of able-bodied men in the cities. He said it was evident that every acre of ground in the empire capable of bearing grain was being sown. Old men, women and children were working in the fields. Judging by the numbers of men he saw in the streets of Munich, Frankfurt and Cologne, Germany could easily raise another army.

The American Hospital at Munich, Mr. Davison said, complained of a shortage of bandages, gauze and such articles. He had to rely practically on the American Red Cross for supplies.

Mr. Davison declared that in Germany, England was hated as much as ever and America more than ever.

RECENT WEDDINGS
Morton-McFarlane.
Sussex, April 15.—The home of Mr. and Mrs. King McFarlane, Sussex, was the scene of a very quiet wedding on Wednesday afternoon at 4 o'clock when their eldest daughter, Sadie Louise, was united in marriage to Carry Morton, son of Mr. and Mrs. Samuel Morton, of Penobscot. The ceremony was performed by Rev. Thomas Mitchell in the presence of a few immediate friends and relatives of the contracting parties. The bride entered the room on the arm of her father and was beautifully gowned in white silk with net and pearl trimmings and wore a bridal veil with wreath of orange blossoms and carried a shower bouquet of carnations. Little Miss Evelyn McFarlane, sister of the bride, acted as flower girl and was daintily gowned in white and carried a basket of pink and white carnations and tulips. Miss Grace Robinson, cousin of the bride, presided at the piano and effectively rendered Lohengrin's wedding march.

The house was prettily decorated for the occasion with ferns and cut flowers. The groom's present to the bride was a beautiful pearl pendant; to the flower girl, a gold bracelet, and the pianist a crescent brooch set with pearls.

The bride's traveling suit was a tailored costume of navy serge with military hat of the same shade. Many handsome presents were received, including cut

For the First Time in the History of Our Dominion "MADE-IN-CANADA" Becomes a Hall Mark

Will Canada Accept the Vast Trade Lost By Germany and Austria?

(Prepared by E. A. BAKER, of the Baker Advertising Agency, Limited, 18-20 Wellington Street East, Toronto.)

INEVITABLY the next few months will see vast and far-reaching changes in the commerce of Canada. There will be decided changes in the stocks of Canadian merchants. New accounts will be opened by manufacturers who have heretofore striven in vain against foreign competition.

All this because at a single stroke, literally over-night, the vast trade with Canada of Germany and Austria, to say nothing of other combatants in the European war, is wiped out.

CANADA HAS ALL IN HER FAVOR
SOMEBODY is going to get this business. England is alert for it. The United States wants it. Canada has the first choice. Here we know our people; we know the needs; we have the sales organizations; we have the factories; we have the workers; we have the market.

Also we have in our favor that newborn spirit of patriotism among Canadian purchasers that leads a man or woman to demand "Made-in-Canada" goods. The words "Imported" and "Direct From Europe" have lost their savour. Today "Made-in-Canada" sounds with a new ring—the ring of Necessity as well as of patriotism, and as a consequence, for the first time in the history of our Dominion, "Made-in-Canada" becomes a Hall Mark.

We do not presume to advise any manufacturer technically as to how the new lines are to be made. We believe this part of the proposition presents little difficulty to the manufacturer—certainly no unmountable difficulties. What we do emphasize, is that now is the time to stop theorizing, and A.D.T.

Unless the Canadian manufacturer and merchant accept this opportunity NOW, it will be snatched up by more enterprising concerns who are already training their guns on our market.

READ THE OPINION OF AN AMERICAN TRADE INVESTIGATOR
"TWO months ago I realized that we wanted the Canadian market. Today the Canadian market wants us. True, we must still fight for it, but our greatest problem—German and French competition—was solved almost overnight, and through no effort of our own. . . . Canada imports nearly seven hundred million dollars' worth of goods. . . . Right here is a great field for the American manufacturer. . . . The American manufacturer, once established here, will give all comers, even after the war is over, a stiff fight to take the market away from him."

"There is no reason in the world why an American manufacturer cannot go into Canada now and practically sweep the market in his line." So says an American trade investigator. He investigated the Canadian market, but not the Canadian manufacturer, who furnishes one very substantial reason why the United States cannot grab our trade.

The limitless forces of Initiative and Advertising enter vitally into the situation. Canadian manufacturers must use their initiative NOW and go after the market with greater vigor than they ever before exercised—they must study Canada's import statistics, and make the starkest possible bid to supply the demand.

REACH out for the markets with the mighty force of Advertising. Tell your story far and wide. Canada wants to know which are the right lines to buy, under the new condition. Faced with the necessity of choosing new brands to replace the imported products, and fired with the patriotic impulse to encourage "Made-in-Canada" merchandise, they await your message, eager to respond.

Advertising in the daily newspapers will reach them in their buying mood. Make it plain to them that by purchasing what you have to offer they are not only supporting Canada and the Empire, but they are getting as good quality and better value than the imported articles they heretofore bought. The people won't know these facts unless you tell them—and that is what advertising does.

Advertising in Canada today will "pull" better than ever before. The time is opportune to strike. Strike with a will.

PROMISES REFORM IN WAR PURCHASES

Sir Robert Borden's Reading of Foster and Garland Out of Party—Sir Wilfrid Holds Government Responsible

Ottawa, April 15—Arthur Dewitt Foster, Conservative member for Kings, Nova Scotia, and William Garland, Conservative member for Charlton (Ont.), have been publicly reprimanded for wrongdoing by Sir Robert Borden, the premier, in parliament. The two leading members are expected to tender their resignations and step out of public life.

The course of the premier follows the hastily disclosed matter during the past few weeks by Liberal and Conservative members in relation to government purchases of war supplies. The premier admitted that irregularities and wrongdoing had occurred. He argued that the government should not be held responsible for enormous purchases had to be made in short time. Improperities and fraud which occurred were in the violation of express ministerial orders.

Promises Reform in Future. Sir Robert promised on behalf of the government to do better in future. He agreed with the position taken by Sir Wilfrid Laurier that it was the duty of the justice department to make every endeavor to obtain restitution and punish offenders.

He announced the intention to immediately appoint a commission of from one to three business men to undertake the expenditure of parliament's new \$100,000,000 war vote. An effort being made, he promised, apart from all political considerations, to secure men of the widest experience, highest ability and perfect integrity.

Reads Tory M. P.'s Out of Party. The premier, in slow spoken and emphatic words, formally read Messrs. Foster and Garland out of his party. "I feel it the duty I owe to the government, of which I am the head, the party of which I am the leader in federal politics, and to the house and the country," he stated, "to thus publicly express my most grave disapproval of the conduct of the gentlemen."

Neither Mr. Foster nor Mr. Garland was in the chamber, and the premier's statement was received in impressive silence by both sides, subsequently followed by an outbreak of prolonged cheering from his followers.

Laurier Holds Government Responsible. Sir Wilfrid Laurier followed the premier. There could be no issue as to the action taken, however regrettable it might be. He was afraid that the investigations so far held had merely scratched the surface of what had been going on. He held the government responsible for certain offences. The department of militia, he maintained, must have realized that it was not dealing with the boy clerk Fowler, but with his employer—the man at the bottom who was profiting by the transaction.

Sir Wilfrid approved the premier's resolve to institute further investigation. This investigation should be made with thoroughness, justice, fair play and the full limit of publicity. There should be no closing of the wide open door of publicity. Parliament and the government had a stern and a real duty to perform if the tragedies of the past were to rebound to the well-being of public life in Canada.

With the appointment of the proposed commission, the Liberal leader was also in accord. He preferred three commissioners to one, and he urged that, in every war expenditure made, at least contracts should be let by tender, dealing should be direct with the producer and manufacturer and no favors to anyone should be shown.

Neither political party had proved itself a collection of angels with respect to the patronage evil. Since Confederation the patronage system had entered too largely into all public work. Sir Wilfrid believed it to be an evil. He was ready to do his part to get rid of it forever. It had been shown to have generated a great deal of graft and corruption, and it was doubly criminal when the fate of the gallant Canadian troops was involved.

Not Looking for Party Advantage. "There has been talk of general election," concurred Sir Wilfrid. "I adhere to the position I have taken. I have no opinion or suggestion to offer to the government on that matter. It is their own business. We have endeavored on this side of the house during the present session to forget as much as possible that we are party men. If it had been otherwise we could not have been with in half an hour of prorogation at this moment. There are many subjects which should have been debated, but we did not debate them. We refrain because, though we are party men, we believe that the one thing which should engross our attention at this time is the war in which we are engaged."

No Reason for Any Election Now. Sir Wilfrid referred briefly to the "reason" given by Hon. Mr. Rogers for holding an election, the question of the Senate and its action, and other equally trivial matters of mere partisan difference which had been exploited, he believed, thoughtlessly. "What do these things matter?" he asked. "What do our little difficulties matter in the face of the great issues with which we are confronted in connection with the present war? There are big things to claim our attention and our effort. We are party men, but under the serious circumstances which confront us today what we should make paramount, what we should insist upon, is that the brave troops going out from us to the front to defend as noble a cause as ever engaged the effort of men, as noble a cause as any for which brave men have ever shed their blood, shall be as fully equipped, as Canadian enterprise, Canadian money, and Canadian science can equip them. Thus they shall be in a position ably and efficiently to discharge their duty to their country in a manner worthy of their ancestors. This for the moment is our supreme duty, our greatest obligation."

THE PATRIOTIC FUND

A meeting of the executive committee of the Patriotic Fund was held yesterday, when in connection with the disbursement certificates the chairman, Judge Forbes, and A. P. Barnhill, K. C., were given authority to affix their names thereto. The treasurer, C. B. Allan, submitted a report on the financial condition of the fund in which he stated that

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. The total amount that had been deposited in the St. John fund was \$82,628.25, and of this \$71,499.08 had been remitted to Ottawa. He mentioned that the number of families receiving aid from the fund was increasing. In December the number was 280; in February it had grown to 420; in March to 460, and in April it stood at 490. In March the total of \$7,840.40 had been paid out at the branch, making a round total of \$40,000 since the fund started. There remained about \$80,000 to the credit of the branch at the head office in Ottawa. Mr. Allan pointed out that while it had been estimated that the cost of administering the fund was from two to three per cent of the disbursements for sums between \$5,000 and \$10,000 in St. John, the actual cost worked out at two per cent.

MANY REFUGEES IN HUNGARY

Swarming in Hundreds of Thousands—Austria to Take Them

Budapest, April 15—The Austrian-Hungarian governments, after a few weeks' negotiations, have made arrangements regarding the Galician refugees who are scattered over Hungary in hundreds of thousands and have become such a nuisance that the Hungarian government has deemed it necessary to get rid of them. According to the arrangements made, the Hungarian government will simply expel them from the country as undesirable aliens and the Austrian government will install them in concentration camps erected for that purpose.

Count Tissa recognized this question as of great importance, and went to Vienna a few days ago with this special problem in mind. He said he made the Austrian government understand that they would have to look after the Galician refugees for if no satisfactory arrangements were reached he would expel them from the country. The white and the criminal aristics three hundred per cent in the last half-year. In fact, the behavior of these people cannot be tolerated. They not only practiced extortion and forced the prices of foodstuffs to an artificial height, but they also committed other crimes against property and the Jewish population of Hungary and that the Jewish population of Hungary and the bestest pro-Semites are applauding the government's decision to expel them.

A most curious fact is that they are, almost without exception, well-to-do and even rich, though their exterior would lead one to think them beggars and they accept the beggar's dole. The weekly state allowance for refugees is demanded for all, although their koftans are lined with money. They have formed associations and speculated in everything, pilfered up flour and vegetables when the bread famine was almost unendurable and forged everything that could be forged.

MOST FAMOUS VICTORIES

British sailors have on their uniform a perpetual reminder of the navy's glorious past, though not every one who wears them knows that the three rings of white tape around the clipping of the collar and the black silk scarf knotted in front are links with Nelson. The white spaces commemorate Nelson's most famous victories—Copenhagen, the Nile and Trafalgar—and the bear is a sign of perpetual mourning for the great admiral, adopted spontaneously by the seven themselves, and retained ever since.

RID STOMACH OF GASES, SOURNESS, AND INDIGESTION

"Pape's Diapepsin" Ends All Stomach Distress in Five Minutes.

You don't want a slow remedy when your stomach is bad—or an uncertain one—a harmful one—your stomach is too valuable; you must cure it with drastic drugs. Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them if what they eat lays like lead, ferments and causes and forms gas; causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

BRITAIN'S NAVY; THE CANADIAN RAILWAYS AND THE NEEDED BREAD

The present conflict in Europe has demonstrated beyond the possibility of doubt that the maintenance of Britain's superiority at sea, and the expansion of the wheat areas in British dominions, have been linked together as basic factors in the consideration of plans for imperial offense and defence. The lawmakers in London, as a matter of policy, have allowed nothing to interfere with the building up of an all-powerful navy, and they have steadfastly ignored the protests of Englishmen who have contended that Great Britain would be in a deplorable position if a war should develop with a powerful maritime power. There were numerous men in England who believed that in the event of an important European struggle involving portland cement, the hunger of London would dictate terms of peace.

PEOPLE OFTEN SAY "How Are We To Know When The Kidneys Are Out Of Order?" EASIEST THING IN THE WORLD!

The location of the kidneys, close to the small of the back, renders the detection of kidney trouble a simple matter. The note of warning comes from the back. The kidneys become overtaxed and fail to do their work at nature's call. Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble. The danger lies in delay. Doan's Kidney Pills stimulate the action of the kidneys, and enable them to perform their duty perfectly. Mrs. Greig Murphy, Lower Ship Harbor East, N.S., writes: "I have used Doan's Kidney Pills in my family as a better pill for the kidneys. I was very miserable with my back, and could hardly get about. I got a box, and tried them, and found that they were really good, so I took in all about six boxes, and soon found my back cured, and my kidneys as well as ever."

Doan's Kidney Pills are 50c per box, 3 boxes for \$1.25, for sale at all dealers or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont. When ordering direct specify "Doan's."

BISHOP CONFIRMED SOLDIERS AT FRONT

Service Attended by 500 Officers at One Point in Line. London, April 15—An officer who acted as escort to the Bishop of London on his Easter tour along the British battlefield contributes an account of the journey, in the course of which he says: "The bishop passed along the entire front, often well within range of the German guns, and through places where critics maintain she imposed upon herself by producing but a quarter of the wheat she annually consumes."

TORTURE OF SCIATICA CURED QUICK! "NERVILINE" A SUCCESS EVERY TIME

Stops the Pain Quick—Is Harmless Like Magic—Is Harmless and Pleasant. Sciatica is the most severe pain man can suffer. The great sciatic nerve is deeply placed, and you can reach it only by a pain remedy, as penetrating and powerful as NERVILINE. The glory of NERVILINE is in its strength—in its marvelous power of penetrating deeply. In severe pains, such as sciatica and neuralgia, NERVILINE demonstrates its superiority over every other remedy. Extraordinary pains, such as rheumatism or sciatica, can be overcome only by a remedy as extraordinary as NERVILINE.

Stops the Pain Quick—Is Harmless Like Magic—Is Harmless and Pleasant

It is many lands it has shown itself to be the best for little pains, best for big pains, and best for all pains. When one has acute rheumatic pains, stiff joints or a stiff neck, don't experiment—seek a remedy that cures. Like lightning in rapidity, as sure as fate in its certainty of relief, NERVILINE can never be surpassed for the removal of pain, no matter what advance science may make. It is perfection in its line. Do not trifle with ordinary or oily liniments, use NERVILINE. Prove its efficacy—its one liniment that rubs right into the core of the pain. A large 60 cent bottle will cure the aches and pains of the whole family. Trial size, 25 cents. Sold by all dealers everywhere, or the Catarhoone Co., Kingston, Canada.

May Warm Up.

New York, April 16.—John K. Tener, president of the National League, held a meeting with his official staff of umpires today. The following umpires were in attendance: Robert Egan, William Klein, Charles Rigler, Albert Orth, William Byron, William Hart and George Cockhill. The latter has just been appointed to the staff.

BASEBALL.

A special dispensation will be granted to infielders to use a ball for practice purposes prior to the start of each inning, the rule to be in effect up to May 15. This rule was made for the purpose of allowing men to warm up before the start of each inning during a period that is more or less cold. After May 15, however, President Tener believes the weather will be warm enough to eliminate such practice and the former rule prohibiting the same will be strictly enforced.

WRESTLING.

Prokes Challenges McDonald.
Halifax Recorder.—An Amherst telegram of last night says that Prokes challenges Smart and McDonald to wrestle in Halifax next Monday night. Prokes agrees to throw both men in one hour, winner to take gate receipt. Dan McDonald, who is just recovering from a gripe, called at this office today with Young Hackensmith. He is in no condition at present to meet anybody, but he wished it announced that Hackensmith is ready to meet Prokes at Halifax next Monday on even terms for any reasonable amount.

GOLF.

British Champion
New York, April 15.—Word came from England that Edward Ray, British open champion in 1912, will accompany Harry Vardon when the latter sails for America. Ray, who came with Vardon in 1912, made many friends in this country, and the elegant Englishman, who is in Baltimore, where he tied with Vardon and Francis Ouimet for the national open championship, never will be forgotten by followers of American golf.

JACKSON HAS NERVOUS COLLAPSE.

Columbus, Ohio, April 15.—Joe Jackson, Cleveland's great slugger, has suffered a nervous collapse as the result of his family troubles. Within the last ten days he has lost fifteen or twenty pounds in weight as the result of not eating and brooding over his troubles. In an effort to get in shape after his left field fence to capture his long drives. He got a single and a triple, his other two times up, and stole third base. As soon as the game was over, though, he went to bed, being unable to eat. Jackson recently led a run-in with a sheriff, who tried to arrest him on account of his mortal troubles.

Maritime Championships
Gloucester, N. B.—Application has been made for a permit to hold the amateur boxing championships of the maritime provinces here on May 17, and as it is several years since those championships events have been held in Cape Breton it is more than likely that M. P. B. C. A. U. will give their sanction to holding the tournament here next month.

There will be six classes, as follows: 118, 122, 128, 142, 158 lb., and heavy weight, and each class should be well filled.

Among the local boxers who would take part are Davy Nolan, Charlie Guthrie, Freddy Lewis, Jake Kipling, Frankie Morrison, Dan McDonald, Lauchie McLean, Hughie Murphy, Charlie Campbell, Alex McNoll, John Alex McIntyre (Nicky's brother), Jackson, a colored welterweight from New Aberdeen, Roddie Gillis, Jimmy Nichol, Tommy Allan McDonald, and others. Besides these, there are some clever amateurs at New & Reserve, Bridgeport, Dominion, Waterford, Sydney and North Sydney. Entries would also come from provincial clubs.

Suitable prizes will be hung up for the winners of each class. As the "amateurs" have over a month to get in shape some rattling good bouts should be seen.

Jess Willard Shares Title

Los Angeles, April 15.—Jess Willard undoubtedly has a clear claim to the title of world's champion, but he must share the title with another, for he did not win the battle in Havana alone. He was aided as much as though there was a third fighter in the ring helping him, and when he sent that crashing blow to Jack Johnson's jaw, knocking the big black out, his victory was due as much to the unseen presence as to his own efforts.

Mrs. Jess Willard made her husband champion of the world. In a letter she received from him today he told her that during every minute of that terrific battle he was thinking of her and the plans they made for their children. He gave

her credit for having prepared him for the triumph.

"Jess gives me too much credit for his success, but I am glad to share the championship with him if he wants it that way," said Mrs. Willard. "I am glad that I have been able to help him, but just remember that Jess is a good, clean-living man, and it has not taken any effort on my part to keep him in the right path."

"He says I was with him in his thoughts every minute during the battle; well, I was with him in spirit, too, and I am a mighty happy woman to think that he has worked his way to the championship."

"I do not object to his being a fighter. I have always been confident that he would one day win the championship and he says it was my confidence in him that has helped him attain the object of his ambition. Both Jess and I were sure that he would win. We never made any

plans in the event of his losing. All our plans were made with a view to his winning that fight. We have four children and Jess wanted to win that fight, not only for the championship, but to give our children every advantage."

Very Much in Love
Pete was a colored gentleman, and very much in love. But, greatly as he desired Miss Johnson for his wife, he was so bashful that he dared not ask for her in person, so he had to seek recourse to the telephone to make known his love. He rung her up at the house of her employer, and inquired, "Is dat you, Miss Johnson?" "Yass," was the reply. "Well, Miss Johnson, I've got a most important question to ask you?" "Yass?" "Will you marry me, Miss Johnson?" and the answer came, "Yass; who is it, please?" The foundations of character are laid in the home.

TELLS OF ST. JOHN SOLDIERS IN ENGLAND

A St. John man with the last detachment of the divisional ammunition column left in England, in a recent letter speaks of seeing, among other St. John men, Major Sturges, Major McGowan, Captains Walsh and Morgan, Gunners Harold Finley and Jack Morrison, who are still in England. In a more recent letter he said that only a few of the divisional ammunition column are left, the others having been sent forward as reinforcements and those who remained had been transferred from Tidworth to Shorncliffe.

POLICE COURT

Two men arrested on drunkenness charges were fined \$8 or two months in jail.
The two Austrians who were arrested on Wednesday night for creating a disturbance in Mill street, were remanded as the policeman who made the arrest was not present to prosecute. The case will be taken up tomorrow morning.
A German who was arrested for using threatening language was not brought into court. It is understood that he will be sent to one of the military detention camps.
The case against Marcus Paddelakis, arrested on charges of charging Costin Venetoulis with a knife was amicably settled out of court and the plaintiff withdrew his charges. It is said that some money matters caused the falling out. The defendant and two friends, however, had to go surety for \$200 each that he would keep the peace for six months.
Daniel Duggan, arrested yesterday on a charge of drunkenness and creating a disturbance in Water street, was informed that he was liable to twenty months in jail. Policeman Baxter testified that as he was walking along Water street he noticed the defendant creating a disturbance and he began to shout and sing at the top of his voice. He was informed by the patrolman that if he wished to give such demonstrations he had better hire a hall. He moved along the street and later began to create a disturbance. The policeman again advised him to go on board his ship. When the policeman enquired where the ship was he was informed that she was in the water. As the man refused to move on and began using profane language he was arrested. He resisted violently and the patrol wagon was summoned.
The defendant's policeman several times endeavored to shove him out of the wagon, and falling in this tried to jump out the side of the wagon.
Charles Bagnell, arrested on charge of being drunk and in a vacant lot off North street, testified in his own behalf this morning and was allowed to return to the army.
James Peck, under arrest on charge of keeping a disorderly house in North street, was again remanded until more witnesses can be summoned.
The O'Dell family were again remanded this morning after some witnesses testified.

LANCASTER RED CROSS

A concert held last evening under the auspices of the Lancaster Red Cross Society in the School for the Deaf, was patronized by a crowded house and the excellent programme, carried throughout was masterfully enjoyed.
Dr. J. V. Anglin, on behalf of the society, expressed his thanks to the president of the school, for use of the building. Decorations were in keeping with the patriotic nature of the occasion as ushers. During intermission ice cream and home made cakes were sold and realized quite an amount.
The following was the programme of the concert:
Instrumental quartette, Carleton Cornet Band.
Reading from Drummond—L. A. Conroy.
Piano duett—Misses Long and Bigelow.
Male quartette—Messrs. Shaw, Guy, Laidman and Currie.
Reading—Mrs. Dumfield.
Solo—Miss Amdur.
Cello solo—Miss Ross.
Duet—Margie and Elsie Long.
Solo—Miss Valde Penton.
Male quartette—Messrs. Long, Rippey, Lingley and Langton.
Solo—Mrs. Murray Long.
Mrs. Anglin, president, announced that owing to later clashing with Daughters of the Empire, the Lancaster sock social would be held on Monday evening, instead of Tuesday as planned.

COUPONS ESCAPE WAR TAX

One opportunity which has been overlooked by the government in the new war stamp act was pointed out today by a local bank man. He expressed surprise that no stamps are required for coupons on bonds and said that a tax placed in this way would, in most cases, reach only those who were well able to pay and who could afford the extra amount better than many who were required to contribute in other ways.

WILLIAM BURRILL'S WILL

The will of the late William Burrill of Yarmouth, gives the widow \$50,000, life insurance (about \$10,000), and the family residence and contents, and the remainder of the estate is given to his eight children share and share alike. There are no bequests. The estate for probate purposes is valued at about \$105,000. Blake G. Burrill and his mother are executor and co-executor. The business conducted by the deceased has been purchased by Fred Burrill—one of the heirs.

OTTY LINGLEY HURT IN FRANCE

St. John Soldier Trampled On By Horse
LOCAL WAR NEWS

Some of 23rd and 24th Battery Likely in France—Report That 55th May Be Mobilized at Sussex

Mrs. W. Lingley of 97 High street, has received word that her son, Otty D. Lingley, who went to the front as a member of the ammunition column with the first contingent, has been wounded in the foot in France, and has been taken to the hospital. Mrs. Lingley herself is ill and deeply affected by the news. Her son was injured when a horse trampled on his foot.
The call of Lieut. Col. Armstrong for men for remount duties in England, has been answered by almost the desired number. He desires to take on two more shooting smiths and two others. The understanding is that almost immediately after their being signed on here they will be sent to St. John's, P. Q., and after a short period of training there will be transported to England for the Canadian remount depot. Colonel Armstrong has already received some eighteen applications for places with this unit.
The 55th.
Rev. Lieut. H. E. Thomas, chaplain with the 55th battalion, returned today after a visit to several recruiting depots. He said that a fine class of men was being signed and that recruiting was going steadily forward. He is in charge of more than 100 men of the battalion in training in Fredericton, to which reference was made in the Gleaner yesterday. No knowledge was had today at the headquarters of the unit here. It was not known even where they were to be brought from, although the Gleaner said that arrangements for their recruits were being made.
Nearing Total.
The establishment of the Canadian Railway Construction Corps at West St. John now numbers 422, some seventeen more recruits having arrived today. The complete 500 will be had early next week.
The 26th.
The wet weather today prevented outdoor drill or rifle practice on the ranges by the 26th Battalion and the several companies remained in the armory, having lectures and sub-target practice.
The 23rd and 24th Batteries.
Two hundred members of the 6th Canadian Brigade, of which the 23rd and 24th Batteries are units, are going to France already gone from England. France to fill gaps in the artillery units.
Bombardier Stanley Trites, of the 24th Battery, in a letter to a friend in Fredericton, gives this information and also gives a description of Shorncliffe Camp, where the 23rd and 24th Batteries have been located since their arrival in England. He has received promotion to his present rank since arriving in England. He is a son of Mr. and Mrs. A. E. Trites, of Salisbury.
Of Shorncliffe camp he writes—
"The camp, at least Moore Barracks, is only 500 yards from the beach. The camp is on a hill, which gives us a good view of the channel. We can easily see France. Today it looks to be about five miles across, but they say it is twenty-two miles. This is some camp. The buildings are of brick and the streets paved. The whole camp is bigger than Fredericton."
Fredericton Boy at Front.
"The boys who didn't come over here made a big mistake. I have seen some wonderful sights in France," is the word Gunner C. Allan Boone, son of Mrs. Humphrey Boone, of Fredericton, sent to his mother. Gunner Boone was the only Fredericton boy of the 24th Battery of Field Artillery accepted by the imperial army officers, when they called for volunteers soon after the battery had reached Shorncliffe. He has been in France some weeks and says that he is having a great time with the British Heavy Artillery.
"They tell us here that the war will be over in June," he adds in the letter, "and anyway I expect to be home safe again." The letter was written on March 31.
To Mobilize at Sussex.
Sussex Records—It is expected that as soon as the ground is fit for putting up tents the Sussex military camp will be utilized for the training of troops. Word has been received here to that effect, and no doubt the 60th Battalion will be mobilized here. It is thought in some quarters that the 6th Mounted Rifles will also be brought here but this is doubtful as they will probably be quartered at Aldershot, N. S.
