"The Beverage of the Old Country"

For you who love good tea

—and who know how delicious a real English-blended tea can be—here is a famous tea just out from England—

DICKESON'S TEA
The Beverage of the Old Country

Dickeson's Tea gives a rich yet delicate infusion, deliciously stimulating and exhilarating, because only choice young leaves from the finest growths of Indian and Ceylon tea are selected. These are then accurately blended in order to give the most perfect results.

PACKED in light, silver pure aluminum packets, air proof and damp proof, preserving all the exquisite qualities of this "favorite beverage of the Old Country." Ask your grocer.

DICKESON'S TEA is the BEST TEA.

POTATO RULES IN FORCE NOW IN MAINE

Regulations Adopted For Inspection of Aroostook Shipments to go into Effect

(Bangor Commercial)

Augusta, Feb. 28.—Hon. John A. Roberts, returned Saturday from Washington where, with Dr. Charles E. Woods, director of the Maine Experiment Station at Orono, and William A. Martin of Houlton, a prominent potato dealer, he conferred with the federal horticultural board in relation to the powdery scab potatoes in Aroostook.

The officials of the agriculture department informed this committee, which was appointed by Governor Haine, that there would be no quarantine for the present and that the state inspection will be aided from Washington.

The horticultural board at Washington will send four plant pathologists into Aroostook county at once to work in conjunction with the state department. Rules adopted by the state department were accepted by the authorities at Washington. These rules are as follows:

RAILROADS

(1) To agree definitely to accept for carriage only potatoes that are certified by the proper authorities of Maine.

(2) To report daily to the commission of agriculture of Maine and the horticultural board of Washington the origin, the car number and the destination of the car, indicating whether the potatoes are for seed or for table purposes.

(3) In case knowledge comes to the railroad later of any diversion as to the

destination of these cars both the commission of Maine and the federal horticultural board shall be notified as soon as that information comes to their knowledge.

(4) The railroads are to load potatoes only from regular houses and not directly to the vehicles.

The state of Maine will inspect all potatoes for shipment at the warehouses. Certification of seed only such as are believed as a result of inspection to be free from powdery scab or from contamination with powdery scab.

All such potatoes to be shipped in sacks with label showing number of certificate to be attached to each sack. All potatoes under any suspicion of contamination will be certified for table stock only and no potatoes infected with powdery scab will be certified for shipment out of the state.

CERTIFICATION

Reasonable effort will be made by the Maine authorities to secure the disposal of "possible contaminated" potatoes at such centres of consumption as will eliminate as far as possible the use of such potatoes for seed stock.

RECENT WEDDINGS

The marriage of F. H. Colpitts of Moncton to Mrs. F. E. Freeman, of Moncton, took place in St. John on February 28. Rev. W. H. Barreclough, B. A., officiating. Mr. and Mrs. Colpitts will reside in Moncton.

ENGAGEMENT ANNOUNCED

The engagement of Archie Shaw, of Woodstock, N. B., to Miss Mary Johnston, Los Angeles, Cal., is announced.

HERPICIDE IS THE "ORIGINAL DANDRUFF GERM DESTROYER"

Just because you happen to see or hear the statement somewhere that another preparation will kill the dandruff germ, stop falling hair and is just as good as Herpicide, don't be fooled and allow yourself to be swindled out of your money.

You want Newbro's Herpicide, the remedy that has been tried, has stood the test of time and now has more satisfied users than all other similar preparations combined. An attempt to sell you something else is merely an effort to profit from the good name established by the only "genuine dandruff germ destroyer."

Herpicide adds gloss and beauty to the hair, keeps the scalp free from dandruff and prevents the hair from falling out. It stops itching of the scalp almost instantly.

It may be claimed that other hair preparations do the same things, but Herpicide really does this. Its years of success prove this.

Sent 10c in postage or silver for sample and booklet to The Herpicide Co., Dept. E., Detroit, Mich.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded.

Application may be obtained at good barber shops.

WHITE SLAVERY A VAST BUSINESS

Commission Reports to Massachusetts Legislature

RESULTS OF INQUIRY

No Other Law Violation so Widespread and Open—Financial Profit, It is Declared, is the Principal Reason For Traffic

Boston, Mass., March 2.—The financial profit of the business of prostitution is the principal reason for its existence and continuance. No other form of criminal offense or violation of law so flagrant and open and so harmful to the community would be tolerated for a day in this state.

These declarations are made in a report submitted to the legislature by a commission appointed by the government and council under a resolve passed by the last legislature, to investigate the white slave traffic, so called in this state.

The members of the commission are Walter E. Fernald, Chas. W. Birtwell, Lucia L. Jacquith and Edwin Mulready. The commission has conducted an investigation in seventy-nine cities and towns including all the large cities and states where segregation and toleration is the accepted policy.

"While the officials in no city in the state have openly adopted the policy of segregation and toleration," says the report, "yet it is a fact that in certain cities there are streets where there are many small houses of ill fame. In these cities the business is conducted in much the same way as in cities in other states where segregation and toleration is the accepted policy."

"In the larger cities the most flagrant and open expression of the commercialized aspect of prostitution is in connection with certain cafes and saloons. These places are known to be enormous profits from a commercial point of view. The police take the position that they have no right to interfere if the letter of the law is observed, but it is difficult to understand why these immoral cafes and saloons are tolerated as the licensing authorities have full power to cancel the licenses. There is an intimate connection between certain phases of the liquor traffic and prostitution. It is probable that the men engaged in legitimate liquor business would co-operate to disassociate this alliance in Massachusetts."

The commission has received no evidence which would show that any vice exists in this state. The trading of women for commercial purposes. Nevertheless the report says millions of dollars are invested in establishments utilized for such purposes and that "prostitution in all its ramifications constitutes a vast business extending all over the state."

"The commission has no knowledge," the report continues, "of the connection of the police with the business of prostitution in most of the larger cities in marked contrast with conditions revealed in recent vice investigations. The report emphasizes the danger in unregulated lodging houses, public dance halls and resort parks."

The commission has found "widespread evidence of a strong public sentiment against the white slave traffic. It has found to exist," and expresses the conviction that "this evil is susceptible of successful attack and eradication."

The fact that one-half the women examined, were actually feeble-minded, the report says, "clears the way for successful treatment of this portion of this class. The mental status of prostitutes under arrest should be determined and such as are found to be feeble-minded or defective delinquents should be placed under custodial treatment. The recognition of feeble-minded girls at an early age in the public schools and proper provision for their protection in the community or custodial care in an institution would prevent much of the observed immorality among young girls and the resulting temptations to boys."

The commission recommends the appointment of "well qualified women to the police systems of the larger cities to reach and to influence the reckless and unprotected young girls."

Diseases resulting from immorality, the commission says, "have been included in the list of contagious diseases of which boards of health take cognizance. The commission submits also embodying its recommendations for the suppression of houses of ill fame, for better supervision of hotels, lodging houses and dance halls, for control of cafes and saloons and for the facilitation of law enforcement."

Magie "Nerviline"

Ends Stiff Neck, Lumbago

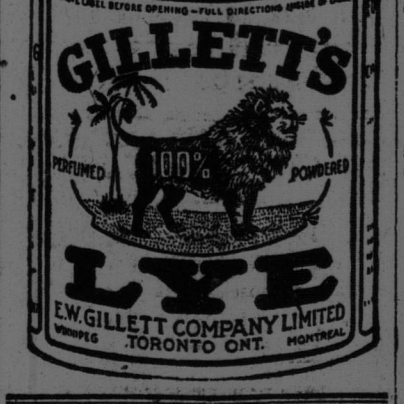

Any Curable Muscular or Joint Pain is Instantly Relieved by Nerviline.

GET TRIAL BOTTLE TODAY.

You don't have to wait all day to get the link out of a stiff neck if you rub on Nerviline. And you don't need to go around complaining about lumbago any more. You can rub such things away very quickly with Nerviline. It's the greatest liniment the quickest to penetrate, the speediest to ease muscular pain of any kind.

One twenty-five cent trial bottle of Nerviline will cure any attack of lumbago or lame back. This has been proved a thousand times, just as it was in the case of Mrs. E. J. Grayden, of California, who writes: "I wouldn't think of going to bed without knowing we had Nerviline in the house. I have used it for twenty odd years and appreciate its value as a family remedy more and more every day. If any of the children gets a stiff neck, Nerviline cures it. If it is earache, toothache, cold on the chest, sore throat, Nerviline is always my standby. My husband once cured himself of a frightful attack of lumbago in ten minutes. I have for a hundred ailments that turn up in a large family Nerviline is by far the best thing to have about you."

It Is of Interest To Every Woman

HOW DODD'S KIDNEY PILLS CURED MRS. LANCE.

Pembroke Woman Suffered for Fifteen Years Before She Found Quick Relief and a Complete Cure.

Pembroke, Ont., March 2.—(Special)—Of peculiar interest to women is the story of the cure of Mrs. Morrie Lance, well known and highly respected here. Let Mrs. Lance tell that story in her own words.

"For about fifteen years I was a very sick woman," she says. "My sleep was broken and unrefreshing and I had a bitter taste in my mouth in the morning. I was often dizzy and flashes of light floated before my eyes. My limbs were heavy and I had a dragging across the loins."

"At last Rheumatism was added to my troubles and I also suffered from lumbago, dropsy and gravel. I felt that my kidneys were the cause of all my troubles and decided to try Dodd's Kidney Pills. Even almost the first they did me good, and after taking twelve boxes I am again a well woman."

Women who suffer should learn that the cause of their troubles is bad kidneys. Having learned that, the rest is easy. Thousands of Canadians will tell you of their own experience that Dodd's Kidney Pills always cure bad kidneys.

MILLIONS SOME DAY FOR THIS LITTLE GIRL

New York, Mar. 2.—Mr. and Mrs. Howard Price Remshaw of 118 East 89th street are receiving congratulations on the arrival of a daughter. Mrs. Remshaw was the beautiful Miss Lilla Gilbert, a \$15,000,000 heiress, and daughter of Mrs. Cyril J. S. Dugmore, who now becomes a grandmother almost before her second honeymoon is over. Mrs. Dugmore formerly was Mrs. Marshall Gillett, and she married Capt. Dugmore in the early winter.

The announcement of the engagement of Miss Gilbert in 1912 created something of a stir in society, because of the fact that she had inherited the title of Duchess of Marlborough and mother of the Duke of Marlborough, who married Constance Vanderbilt.

THE SERVANT GIRL PROBLEM

Here's a Proposal to Have Working Hours Regulated

Philadelphia, Mar. 2.—The passage of a law regulating the hours and working conditions of cooks, nursesmaids and other home servants, in addition to the women workers now protected by legislation, was advocated at a meeting of the State Industrial Commission here. Manufacturers, labor leaders and representatives of various societies interested in child and woman labor legislation were present, and many suggestions were made.

William P. Long of Pittsburgh, president of the State Laundresses' Association, declared that "it is inconsistent for the law to protect the girl in the factory and permit the domestic to be 'worked to death.'"

James Maurer, president of the State Federation of Labor, said it would be better for a girl to work twenty hours in a factory than ten hours in some households "with a nagging mistress and children getting on her nerves."

Mrs. R. P. Bradford, a social worker, denied that girls are "worked to death" in domestic homes, and contended that the house servant has more money at the end of the year than the factory worker who receives twice as much money.

Try This Home-made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix two cups of granulated sugar with 1 cup of warm water, and stir for 3 minutes. Put 24 ounces of Pinex (fifty cents worth) in a 16-ounce bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else ever used. Usually ends a deep-seated cough inside of 24 hours.

Splendid, too, for whooping cough, croup, chest pains, bronchitis, and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$1.50. It keeps perfectly and lasts pleasantly.

PREMIER DECLARES THE MUNICIPALITIES MUST PAY

Fredericton, March 2.—The house met at 8:40 p.m.

Mr. Baxter presented a petition in favor of a bill relating to the fisheries in the harbor of St. John, also a petition of the trustees of school district No. 2 in the parish of Lancaster in favor of a bill authorizing them to issue debentures.

Hon. Mr. Wilson presented the petition of the city of St. John in favor of a bill to consolidate the law relating to sewer and sewage in St. John.

Hon. Mr. Fleming introduced a bill to amend the general mining act.

Hon. Mr. Clarke introduced a bill to regulate certain marriages; also a bill to amend a clerical error in the municipalities act 9 Geo. V., 1912.

Hon. Mr. Fleming said that the government had no intention of changing the law passed at the last session providing that each municipality should pay \$1 a week for each of their patients in the provincial hospital. He said that in Nova Scotia each municipality paid \$2.50 head and he thought that \$1 per head was not an injustice.

The house went into committee with Mr. Woods in the chair, and agreed to the bill to legislate certain marriages and respecting the Jordan Memorial anti-tuberculosis fund.

Hon. Mr. Fleming, in explaining, said the latter bill provided for the payment of \$10,000 additional, for permanent work at the institution. The amount of unpaid bills at the present was only \$4,000 and \$6,000. The amount provided for in the bill would be sufficient for all work now in contemplation. The house adjourned at 9:30 o'clock.

He told the court he walked fifteen miles to catch the train at Hampton and came to St. John with the express purpose of buying some liquor. He said he bought a bottle and lost it again. He was arrested by Policeman Scovell Smith and pleaded guilty but said he had only one drink of alcohol.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I do so recommend it for nervousness and indigestion."—Mrs. HENRY CLARK, Glanford Station, Ont.

Chesterville, Ont.—"I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.

"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.

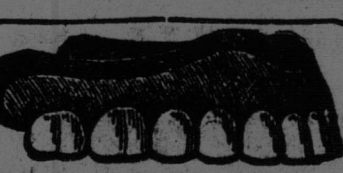

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial."—Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada

INQUEST INTO FATAL FIRE AT GRAND UNION

Witness Tells of Unsuccessful Efforts to Save Lives—Jury Interested in Provisions For Exits and Fire Escapes

The question of providing better equipment for guarding the lives of boarders at hotels in case of fire, was considered last night at the opening of the inquiry into the deaths of Julia Le Blanc and Alfred Johnston, who were suffocated last Tuesday night in the fire in the Grand Union hotel. Several witnesses were examined and an adjournment was made until Wednesday night, when it is probable that the inquest will be completed. Among other things, it is probable that the jury will recommend amendments to the law which provides for hotel equipment of this nature.

W. A. Wetmore questioned Factory Inspector Kenney concerning a plant in the city employing thirty girls, which he said, was not equipped with more than one exit. The inspector said he knew nothing of the case.

The coroner asked Mr. Kenney if he would consider himself responsible if a disaster should occur at that building as a result of its not being properly equipped for fire emergency. The inspector replied that he would consider himself responsible to some extent at least.

Coroner Roberts presided over the inquiry and the jury who heard the testimony of the witnesses was as follows: R. T. Hayes, foreman; W. H. White, Edward Bates, W. A. Wetmore, F. S. Thomas, James Lewis and R. J. Walden. Mr. McQuade proprietor of the hotel told of being summoned to the fire and described the scene. In answer to the coroner he said he had had no person in charge of each floor, but thought it practicable to do so. He could accommodate seventy-five persons in the hotel.

With respect to the means provided for the boarders to escape in case of fire, the witness said that there was a rope in each of the rooms, of sufficient length to reach to the ground. He said that there were no lights or anything else to be in good order, and that there be a law did not require such, he said, but at the same time, he thought it a good idea.

A fire gone in the building to awaken the guests, he also thought a very practicable arrangement.

The witness said that no one had told him that the little Johnston boy was in his room, but he understood that the boy's mother had said so, in the office before he had arrived. Mr. McQuade said that he was quite satisfied that the firemen and all concerned did their very best after the time he arrived. Several of the jury asked questions of the witness.

In answer to one of them Mr. McQuade expressed it as his opinion that Le Blanc died of heart failure.

Attempt to Rescue Lad.

Effiezy Le Blanc, a cook in Wanaamaker's told of the young Johnston boy being at his house, near the hotel on the night of the fire. The boy, he returned to the hotel about 9 o'clock, and about half an hour later the fire started. The witness said that he rushed into the hotel at once, because he knew the lad would be asleep. At the second floor, he said, he found the boy in one of the rooms. The fireman assured him he would do something.

He told another friend that there was about the boy and Lucas had promised to get out about him. The witness said he himself made several efforts to get beyond the first floor to rescue the boy but was held back by the firemen.

He could not remember the names of the firemen he reported the matter to. The witness said that he did not get near enough to act actually to judge whether it was possible or not to rescue the boy.

R. L. Waters, head clerk in the hotel said he thought the firemen did all they could to reach the room upstairs where the boy Johnston was supposed to be. On learning of the fire he rushed all those in their rooms at the time, and told a fireman that there were two people sleeping upstairs.

H. B. Lockhart night porter, corroborated this evidence.

C. T. Brown, district engineer of the fire department, said that the firemen were a little delayed in getting water on the fire but thought that this might have been caused by a hydrant being frozen. No one seemed to know in which room young Johnston was, he said, but he thought all possible effort had been made to save him. Similar evidence was given by James Sterling of No. 1 Sal-

Policeman Gibbs told of being informed by a man that young Johnston was in his room. He rushed to the room, but he said, and the later left him to go to investigate. Detective Lucas

was also notified by the man. He went up himself, he said, to investigate. He got to the third floor, and saw Chief Blake. The matter was placed in his hands, and the latter, he thought, went down to place a ladder to the windows from the outside. The witness then dropped the matter.

John Kenney, factory inspector, said that beyond seeing that fire escapes were in good order, and that the ropes were attached he had no power to act in the matter of hotels. It was about six months ago that he had inspected the Grand Union.

It is expected that the jury in their verdict will include recommendations that there should be a small axe in each room in hotels for a person to break through if necessary, that there be a common hallway leading to fire escapes, and a red light for directions.

THINKS THIS IS WORLD'S RECORD FOR STEAM SHOVEL

Spokane, Wash., Mar. 2.—Moving 288,000 yards of earth and rock in thirty days, a steam shovel operated by the Oregon-Washington Railroad and Navigation company in connection with its Spokane terminal work is credited by J. R. Holman, vice-president and chief engineer of the company, with making a world's record. The material was moved for a big fill being made parallel to the river in the west end of the city.

The company is handling here one of the largest pieces of construction work in the west, including a big steel bridge across the falls in the heart of the city, from a union passenger station to be shared with the Chicago, Milwaukee and St. Paul. Construction of the bridge will be started on March 1, and Mr. Holman believes the entire terminal work will be completed by June.

TO BAR ARROSTOOK POTATOES

Fredericton, N. B., March 2.—The thirty-eighth annual meeting of the Farmers' and Dairymen's Association of New Brunswick opened tonight in the city council chambers with a large attendance. The sessions will continue three times daily, until Friday afternoon when the meeting will close. Demonstrations of various kinds will be given at the exhibition building during mornings and evenings.

A seed fair will be held there on Thursday and Friday.

President W. H. Moore delivered the opening address tonight. Mayor Hooper welcomed the visitors on behalf of the city of Fredericton; H. H. Smith responded on behalf of the association; Hon. J. A. Murray, M. P., minister of agriculture for New Brunswick, delivered the address of the evening in which he reviewed what his department had done and what it proposed to do.

In his address Mr. Murray dealt with the matter of the United States embargo upon Canadian potatoes, and said that the New Brunswick department of agriculture had opened negotiations with the department at Ottawa for an embargo to be placed on potatoes from Arrostook county, Me., by Canada.

When a trolley running into Lowell was stalled in the snow one day recently several of the men passengers stopped a farmer who appeared from the direction of Lowell, driving a long wood sled, and made him drive them to town against his wishes. He later allowed that the 88 they gave him as fares was more than he had expected to earn that day.

RECENT DEATHS

Friends of Mr. and Mrs. Alton L. Mills will sympathize with them in the loss of their daughter, Isabelle, aged four years. The death occurred at the home of Mr. and Mrs. H. A. Chandler, 88 Wright street, and the funeral will be held from there tomorrow afternoon.

Mrs. Elizabeth A. Murray, widow of David Murray, died at her home at Bellefleur Creek last Saturday. She leaves six children, two brothers and two sisters.

John McKenzie died on Saturday at his home at Mascarene near St. George. He was seventy years of age and leaves his wife, one son and two daughters.

The death of Mrs. Matthew Wood occurred at her home in Macaca recently. She was the only surviving member of the family of the late Edward Brownell, of Joliette, and was in the 80th year of her age. She left a husband, two sons, Carlisle, of Macaca, and James in Vancouver, B.C., also a daughter, Miss Lily, of New York.

The death of Albert Boone, aged 73 years, occurred at the home of his son, George Boone, at Joliette, Quebec, on February 21. He was a pensioner of the C. P. R., and had made his home at Macadam Junction for many years. The late Mr. Boone was connected with the C. P. R. since it first opened for traffic 45 years ago. He was a native of Geary, Sunbury county. Besides his wife, eight sons, Walter H., and Byron E., of Macadam Junction; William, of Geary; Dow-S., of Arrostook; Beverly, of Montreal; Charles, of Fredericton; John, of Portage, and George of Joliette, P. Q., and three daughters, Mrs. George Guet and Mrs. Arthur Morecraft, of Macadam Junction, and Mrs. Louie Vail, of Flume Ridge, Charlotte county, survive. One brother, Mr. Alex Boone, of North Lake, York county, also survives.

TOOK SEVERE COLD.

Left A Terrible Hard Cough And A Nasty Tickling Sensation In The Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating.

Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it will stop that tickling in the throat which causes that dry hard cough that keeps you awake at night.

Mr. Sanford Rood, Antrim, N.S., writes:—"Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the next one made a complete cure, and I will recommend it as the best cough medicine on the market."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three plus trees, the trade mark, price, 25c and 50c, and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

THE PAVING BILL

Commissioner Agar was perhaps wise in withdrawing the proposed paving bill, rather than have it go to the legislature to be opposed there by a majority of the members from St. John, and by a petition having three thousand signatures. It would be quite correct to say that these three thousand signatures represent three thousand persons intelligently opposed to the bill, since many of those who signed the petition believed that the proposed paving law would place a greater burden upon them, whereas it would have relieved them of a portion of the burden which they now bear. It would be unfortunate, however, to have the bill go to the legislature and be defeated because of the opposition from this city. It is much better to wait until the people have all come to see the real value of such an act, and then there will be no difficulty in having it enacted. This paper ventures to assert that if a series of public meetings were held in all parts of the city, and the voters could be got to attend them, and the proposed paving law were fully explained, showing exactly how each taxpayer would be affected, and if then a vote of the people were taken on the question, they would declare, by an enormous majority, in favor of the bill. Since such an educational campaign has not been carried out, however, it is perhaps as well to withdraw the bill. Sooner or later St. John will adopt the system that has been adopted by so many cities in Canada, the United States and Europe. For the moment, however, the self-interest of a few and the groundless fears of many has postponed the forward movement.

THE ARTFUL DODGER

The Gutelius agreement has become a famous document. Its elusiveness outside the city of the proverbial dog. The St. John delegation to Ottawa could not catch it. Neither could the St. John city council, nor board of trade, nor the suburbanites. Even Mr. Hasen could not place his hand on it. Hon. H. R. Emmerson took the trail, and summoned Mr. Borden and other members of the government to his aid, but in vain. The mysterious agreement could not be run to earth. Some correspondence relating to it, however, and some heads of the agreement, were discovered and brought down for Mr. Emmerson's benefit. Unfortunately he was not in the house at the time, and when he came back and initiated a search for that which he had been told was available, it had disappeared as completely as the I. C. R. profits on a C. P. R. train between Halifax and St. John. Mr. Emmerson sounded the alarm and there was another wild search, quite as fruitless as that for the original Gutelius agreement. All that could be learned was that the correspondence brought down had been taken away again by a member of the government, and the member of the government is said to have been Mr. Borden himself.

Why is there so much difficulty in gaining access to the Gutelius-Bowworth agreement? What is there to conceal? If the government has made a splendid bargain, why not tell the country all about it? Mr. Borden's agreement with Mr. Hasen is not renewed. Has he seen the agreement, and does he know it to be unfair and unworthy to be renewed? If it is such an agreement as ought not to be renewed, why was it made, and why did not the Hon. J. D. Hasen tender his resignation before consenting to its ratification in the first place?

The government appears to have had great confidence in the judgment of Mr. Gutelius. It has been compelled to reverse his action in the matter of the St. John suburban service. Is it any more likely that he pursued a wise course in the matter of the agreement with the C. P. R.? It is not Mr. Gutelius, however, with whom the people have to do, but the government which made him the general manager of the Intercolonial, and which permitted him, not only to do great injustice to local patrons of the Intercolonial Railway, but to make an agreement with the Canadian Pacific which is most injurious to the interests of the government railway.

SOCIAL SERVICE

The Social Service Council of Canada is in session at Ottawa today, with delegates from many parts of Canada and some from the United States. A letter from the joint secretaries, Rev. J. G. Shearer and Rev. T. Albert Moore, says that they expect over five hundred delegates in attendance. H. R. H. the Duke of Connaught, Premier Borden, Sir Wilfrid Laurier and other distinguished public men will attend some of the meetings of the congress. The summarized social creed of the Social Service Council declares for the following:—

"For the application of Christian principles to the operation of industrial associations, whether of labor or capital, for a more equitable distribution of wealth; for the abolition of poverty; for the protection of childhood; for the safeguarding of the physical and moral

health of women in industrial life; for the adequate protection of working people in case of industrial accidents and occupational diseases; for the Sunday rest for every worker; for conciliation and arbitration in industrial disputes; for proper housing; for the adequate care of dependent and defective persons; for the reformation of criminals; for wholesome recreation; for the protection of society against contagious diseases; for international peace."

It is to be regretted that as yet the Roman Catholic church is not officially identified with the congress, but prominent members of this church are identified with its work. There is a great field of usefulness for a nation-wide organization for social service which would disregard theological differences in the great work of moral and social reform.

The news that Hon. Dr. Pugsley hopes to be in parliament during the latter part of the session is welcomed by Liberals throughout Canada, but especially by the Liberals of New Brunswick.

The matter of the differences between the commissioner of public safety and the chief of police has entered upon a new phase. The provincial government is now called upon to consider a charge made by the commissioner and endorsed by the whole council.

The board of trade will once more endeavor to get more definite information concerning the Gutelius-Bowworth agreement. If it were a profitable agreement for the country Mr. Hasen would have had it published in the Standard a long time ago.

The suburban service has been restored, and it has been fully demonstrated that when people forget their political leanings and go after a measure of justice their chances of success are excellent. If politics had been kept out of the agitation over the Empire steamships St. John might have fared better in that matter as well, but Mr. Hasen's active supporters will do otherwise.

Mr. Sinclair of Guysboro appears to be kept fairly busy correcting statements made by Mr. Hasen. The latter had declared that fish was going forward from the Atlantic ports to the Montreal market at one-third of the charges prevailing when the Laurier government was in power. Mr. Sinclair made some inquiries and found that the only change that had taken place was an increase, wherever Mr. Hasen tried to lay the blame upon the Hon. Laurier. Mr. Sinclair promptly replied that there was no mistake, as he had himself heard the minister make the statement.

Inquiries in the house of commons at Ottawa yesterday brought out the fact that the Dorval militia site, which was bought by Major W. T. Rodden from the original owner for \$65,000, was sold to the government within a year for \$180,000. The major thus made the snug profit of \$115,000 on this deal. The completion of the purchase of the property by the major was made within nine days of the issuance of the check from the government in his favor. If a deal of this sort had been put through by a Liberal and a Liberal government, what would the Tories say?

It is expected that the legislature at Fredericton will amend the Child Protection Act at this session, to provide for the incorporation of Children's Aid Societies, and especially the society which has already been organized and ready for work in St. John for a year past. It is worthy of note that the province of Nova Scotia not only has Children's Aid Societies, but a superintendent of neglected and dependent children, as they have in the province of Ontario. The report of this official was submitted to the Nova Scotia legislature last week. Children's Aid Societies have been organized at Springhill, Windsor, Wolfville, Yarmouth, Amherst and New Glasgow. Each has territorial jurisdiction over a county, except that the Amherst society confines its work to that town. The Nova Scotia Society for the Prevention of Cruelty to Animals has also been approved as a Children's Aid Society, and has done good work in carrying out the act. The example of Nova Scotia should be followed by New Brunswick without further delay.

WHERE IT IS COLD

Where the rivers freeze to the bottom and small trees snap off from the biting force of the cold, stands the coldest inhabited city in the world—Verkhayansk, in North-Eastern Siberia. It is a city of some size, stands 150 feet above sea-level, and in winter boasts of a temperature 55 degrees below zero. Its annual temperature is 3 degrees above zero. The Russian government owns the town, and is interested in having an administrative centre, where clever and industrious Yakuts, fur-trading Jews of Siberia, carry on their operations.

In 1883 there were nearly 2,000 bolt-cutting machines in Finland and France, producing eleven million yards per annum.

Four Winters of Rheumatism

Cured of Sciatica and Muscular Rheumatism By "Fruit-a-Lives"

Ridgetown, Ont., May 21st, 1913.

"Fruit-a-Lives" cured me of Rheumatism. It was the only medicine that made any impression on me. I was a terrible sufferer from Rheumatism. I was laid up for four winters with Sciatica and Muscular Rheumatism, and was completely crippled.

Some neighbor of mine told me that "Fruit-a-Lives" helped him and I started in to take them. I used "Fruit-a-Lives" faithfully for two years, taking them every day as I saw they were doing me good, and the results were marvelous.

For over two years, I have been completely free from any Rheumatic Pains whatever, and I get "Fruit-a-Lives" the credit.

BIRTHDAYS OF NOTABILITIES

TUESDAY MARCH 3

W. S. Calvert, formerly a prominent Liberal member of the House of Commons, celebrates his fifty-fifth birthday today. He hails from Lambton County Ont., and is interested extensively in the oil industry. He represented West Middlesex for several years and for a long time acted as chief Liberal whip in 1909 he was appointed a commissioner of the National Transcontinental Railway, a position he resigned on the accession of the Conservatives to power in 1911. Personally he is a genial, approachable and courteous gentleman.

LIGHTER VEIN

"Young Blivins is very well developed, isn't he?"

"Yes, his father was a photographer."

"We do our best to serve the public," the proprietor of the corner drug store told us, "but we can't please everybody, try as we may."

"A few minutes ago two young women swept into this place and demanded to look at our directory. I showed them where to find it. In a few minutes I heard one of them say: 'Why, her name isn't in this directory.' Did you ever hear the like?"

"Then, the ladies approached me haughtily."

"Can you tell us if there is a first-class drug store in this vicinity?" asked the spokeswoman. "We wish to consult their directory."

Daniel Webster was once sued by his butcher for a bill of long standing. Before the suit was settled he met the butcher in the street and, to the man's great embarrassment, stopped to ask why he had ceased sending around his order.

"Why, Mr. Webster, said the tradesman, 'I did not think you would want to deal with me when I brought suit against you.'"

"Tut, tut," said Webster. "Sue me all you wish, but for heaven's sake don't try to starve me to death."

An old farmer was skeptical as to whether people who were miles apart could really talk to each other over a telephone wire. One day a neighbor boy persuaded the farmer to call up his wife as a little surprise.

He put the receiver to his ear and shouted: "Hello, Jane!"

Just then a flash of lightning, caused by the heat of the summer day, struck the wire, and he fell sprawling to the floor. The neighbor was chagrined that the old man should meet with such an accident on his first trial of a telephone, and assured him that such a thing would not happen again except in case of storms.

But he would not try again. He rose to his feet, and shaking his head knowingly, said:

"It's wonderful! That was Jane all right!"

Acid Stomachs Are Dangerous

Nine-tenths of All Stomach Troubles Said to be Due to Acidity

A Physician's Advice on Cause and Cure

A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach, which in turn was the nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of ordinary bisulphated magnesia, which, by neutralizing the acidity of the food, removes the source of the trouble. He contends that it is as foolish to treat the stomach itself as it would be for a man who slipped on a tack to rub liniment on the foot without first removing the tack. Remove the tack and the foot will heal itself—neutralize the acid and stomach troubles will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and there will be no need for medicine—the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of bisulphated magnesia from their druggist, and take a teaspoonful in a quarter of a glass of hot or cold water after meals, repeating in fifteen minutes, if necessary, this being the dose which the doctor has found most efficacious in all cases.

World's Biggest Scout.

The American Boy Scouts claim to have in their ranks the biggest boy scout in the world. His name is C. C. of Philadelphia, and although he is only fifteen years old, he stands six feet seven inches in his stockings and weighs 185 pounds. His boots are No. 12 and his hats 7-8-4.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weak, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritated acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Epsom Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Epsom Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

AMUSEMENTS

ANOTHER GOOD PLAY BY STOCK COMPANY

Elevating a Husband Provides Amusement and Also Matter For Reflection

When a determined woman sets her mind to accomplish a certain object it is generally taken for granted that she will succeed if given a fair chance. This was seen last night at the Opera House in the presentation of Louis Mann's great starring vehicle, "Elevating a Husband" by the Thompson-Wood Stock Company, given before an audience which appreciated it thoroughly and were generous with hearty applause. But when Mrs. Sample, wife of Charles Sample, owner of a chain of nickel and dime departmental stores, set herself to the task of raising him to what she considered should be their proper social level she little realized what a gigantic work she had outlined for herself. Nor did she think that it would be wrought with such exciting and amusing incidents. But it was, and that was where the enjoyable part of the affair came in. In Mrs. Sample's schemes for her better half he does not take kindly to the lofty idealistic and philosophic discussions of the "fading" professors as he calls them. Then a man whom he had befriended, Herbert Duncan, intrigues against his business and tries to rob him of his wife's love. For two years Sample seems to be out of the running, but he shows his grit by setting himself to the task of self-elevation, and his efforts are crowned with success in every way; his wife has been attending to business for him, and she is his though he thought differently.

Mr. McHenry and Miss Brandt bore the brunt of the piece in the roles of Mr. and Mrs. Sample and brought out the best points in each character and added further honors to the many they have won. Miss Brandt made much of the fun of the evening, which was also shared in by Messrs. St. John, Fleming and Hodge as the professors. Miss Davis was fetching in the part of Florence Elwood, while Miss Derby was lovable as the mother of Mr. Sample. Cecil Drummond played with cleverness in the part of Herbert Duncan while Mr. Weyler as the poet and McCloskey as the butler aided in the success of the play, which abounded in comedy of a wholesome and lively nature, but which also provided food for thought, and gave an interesting study of the frailties of human nature. It was one of the most pleasing plays of the season.

The scenic efforts were particularly deserving of credit, the play being staged and nicely mounted. To Mr. Page as stage director each play brings further honors, and the same is true with regard to Mr. Valerio as scenic artist and Mr. McCloskey as master of properties.

Those who attended the Imperial yesterday certainly got a good deal of British pictures, the real genuine topical ones showing British Jack and the sailor boys of the training ships, Prince Louis of Battenburg, the Lord Mayor's Inaugural Troops at Aldershot, Trafalgar Day Celebration, etc. It was a budget of fine English subjects taken by the Kalem people and Lloyd-George, the little Welsh parliamentarian, was in it too, receiving much applause by the way. The selling people offered a two-reel drama entitled "The Cypher Message," the Vitaphone Co. presented "Dr. Crathern's Experiment," and the comedy was entitled "Only One Shirt."

Luce & Luce, a very showy and spirited musical act, seemed to enjoy the people's fancy and their whirlwind finish in which they put on "A Hunting Scene" with realistic "effects" in view of the audience was a new thing to St. John. The lady threw tin whistles into the audience as the new song "Rover" was being played. Needless to state those capturing the whistles joined in the chorus. Betty Dunn was at her best in a French love song, Just a Little Love, a Little Kiss, which was demanded over again. The Imperial Photo-Newsreel of local subjects again proved a hit and is already a popular item in the regular bills.

Tomorrow the pictures will be changed and the specially good number for that programme is to be a two-part drama of the San Francisco earthquake. When the Earth Trembled. This is by the Lubin Co. and very fine, the critics say. Friday and Saturday "The Power of Print" is to be shown, a Pathe newspaper melodrama. Next week two famous midwinters in musical act, Mary Pickford in "The Bishop's Carriage," and other good things.

THE MASSACRE AT BIG HORN
FEATURE PICTURE AT GEM

Programme Includes Other Interesting Films and Strong Musical Programme

A story which for years has occupied a prominent place in the history of the southwest, "The Massacre at Big Horn," was the picture offered as a feature at the Gem Theatre yesterday by the Kalem Co. and it afforded hearty satisfaction to all who saw it. The subject was rather gruesome, but the manner in which it was worked out was in careful accord with historical annals and the circumstances leading up to the fearful event were in the nature of an appealing love story at the nearest military fort. Three hundred persons were used in the production and two hundred horses, and the battle scene was the most thrilling shown here for some time. The Gem orchestra, under direction of H. W. Burnham, with Kubell reinforcing it, had a fine programme. Comedy was supplied in "Doings at Lonely Ranch,"

and there was a stirring story of a convict's career with Crane Wilbur in the lead, "The Shadow of Crime." Gus Carney will be seen tomorrow in an Es-say fun-special, "The Awakening of Snakerville," and the first of the Chronicles of Cleek, Scotland Yard detective, are to be shown on Friday.

FEATURE AT UNIQUE

Although the wind blew and the rain fell fast, the Unique Theatre held its own against the antics of the weather man yesterday, and those who were attracted by the bill of fare at the cosy house could hardly regret their having braved the elements.

The Power of Light was the feature offering of the programme, a production of the American Co. It is a dramatic story, illustrating in a forcible manner that transgression of the law is frequently not due to the deliberate intention of infringing upon the rights of others but to misapprehension and lack of understanding. The production provides excellent opportunity for portrayal of life and conditions in a moonshiner's camp. Sydney plays the part of the boy, who through a mixed sense of fear and devotion aids his father and the latter accomplishes in operating an illicit still, yet prompted by an alert conscience resolves to seek a remedy other than the aid of the law. His determination enables him to succeed for he brings intellectual light to a people blinded by ignorance. Jack Richardson does good work as the moonshiner and Miss Cook is commendable in her interpretation of his timid wife. Vivian Rich and Charlotte Burton, as rivals for the love of Ayres, lend a realistic touch. The Majestic Co. offer many opportunities to laugh in a pleasing fast playing comedy, Mrs. Brown's Burglers. The bill is a good one.

THE LYRIC BILL

Another one of those enjoyable feature programmes characteristic of the Lyric theatre was presented yesterday to be repeated today and tomorrow. The vaudeville numbers were pleasing. The Crowdens, a lady and gentleman, were not long in finding favor with the audiences yesterday, and their witty conversations, coupled with the latest in Rag and Poppy Song Land, formed a pleasing entertainment. A novelty is introduced in The Kitchen Rag, a non-sensical yet amusing song rendered as a sort of duet as the finale of the act. Miss Della Arlington displays no little ability as an exponent of the art of dancing. Everybody's Doing It at the Seaside—a catchy melody—is Miss Arlington's first offering which is followed by a buck-dance, a feature that proved most enjoyable. A quick change of costume brings the dainty Miss Arlington before the footlights as a highland lassie, and to the strains of different Scotch dances she dances the Highland fling. The Black Sheep, a two-part subject by the Broncho Co. holds first place in the picture programme. It is a melodrama of the west and contains much to interest and excite. The Weekly News brings as usual before the audience many of the more startling incidents of life in sister countries.

An Amazing Experiment

The possibility of withdrawing all the blood from the body of a living creature, purifying it, and returning it to the still living body is stated to have been conclusively demonstrated in Philadelphia by Professor John Jacob Abel, an eminent physiologist of the Johns Hopkins University, Baltimore, assisted by collaborators attached to the staff of the

university. The object of the demonstration was to show that every drop of blood can be withdrawn from the body into tubes through which it will be propelled by the force of the heart beats as though it were still in circulation in the arteries and veins. During the passage of the blood through the tubes, the length of which is varied according to the subject experimented upon, it is possible, according to Professor Abel, to rid it of all the bacilli which may have been threatening the body with disease or death. In this purified state the blood is returned to its proper channels, the heart beating throughout without cessation. For the purpose of the demonstration, it is said, a dog was employed, and the blood was drawn through fifty feet of coiled tubes.

AGREEMENT IS MISSING AGAIN

Premier Took Copy of I. C. R.-C. P. R. Contract?

HAZEN CAUGHT AGAIN

Corrected by Mr. Sinclair, M.P.— Fisheries Treaty — Hon. Wm. Pugsley to Return to Ottawa — C. P. R. After C. N. R.

Ottawa, March 2.—It has been said before that the Guelphus trade agreement with the C. P. R. was an elusive document. It was produced in the house today but mysteriously disappeared after a few moments. Hon. Mr. Pugsley, who had asked for it, was absent when it was brought forth. On his return he asked as to its whereabouts but could learn nothing. Rumor has it that it is now in the possession of Premier Borden.

The order to Mr. Guelphus to produce the agreement does not appear on the file and the agreement was never produced to the railway commission. The file contains the heads of the agreement. The railway commission has a draft of formal agreement drawn in the C. P. R. office at Montreal and forwarded on Oct. 9 by Mr. Borden to Mr. Guelphus for approval and signature. Mr. Guelphus replied approving and asking if the C. P. R. would be satisfied to have any authorized person sign it.

So far as the return shows the agreement was never signed, however, instructions were issued to "intercolonial heads of departments" instructing them that an agreement had been reached for the handling of freight and passenger trains of the C. P. R. between St. John and Halifax at not more than \$300 a train and instructing them to forward C. P. R. cars and trains with the same expedition that intercolonial trains are dispatched.

This order was dated Nov. 7. Whether signed or not the agreement became effective as an interesting exchange of telegrams shows.

Commissioner McLellan moved that the letter from Premier Borden be laid on the table at the last session of the council, be taken from the table and that the following charge be sent to the provincial government: "Mr. Borden wired Mr. Guelphus that the intercolonial employees were not handling C. P. R. freight as agreed upon, and Mr. Guelphus replied that he was running the intercolonial."

The next day Mr. Borden complained that proper provisions were not made at Halifax for landing passengers from the steamers and that they had to walk a long distance to the train. He asked that the next boat be differently berthed to shorten the distance. Mr. Guelphus replied that the next boat would go to the same berth. His reply showed great respect for the intercolonial wished to avoid serious consequences. Mr. Guelphus climbed down by wire, and said that the intercolonial wished to bring on the serious consequences, saying that the C. P. R. railways would be.

It is hoped that the prime minister may return the papers soon. If they are the agreement will be discussed in the house fully.

Hon. Mr. Hazen was caught napping again today. He received another "note" from the United States today that he had said a few days ago that an increased trade had been going on in fish with the United States at lower rates than to the shippers than under the old government. Mr. Sinclair took the matter up with him and told Mr. Hazen today that the rates were the same as under the old government despite the fact that Mr. Hazen had said the charges were lower.

In response to a query by Mr. Willford, Hon. Mr. Hazen said today that the necessary United States legislation to ratify the intercolonial fisheries treaty would probably be passed in a few days. Canada had passed the ratifying legislation in 1910.

Ottawa, March 2.—Word received here today from Hon. Dr. Pugsley, who is now in New York, states that the ex-minister of public works has almost completely recovered from his recent illness and expects to be in the city for the concluding part of the session. Dr. Pugsley will take a short holiday trip to the north before returning. The alumnus reports as to his illness have been very greatly exaggerated.

A letter was received from the secretary-treasurer of the St. John River Hydro Electric Co., stating that the company had completed arrangements for the development of power at Meductic Falls for transmission of power to St. John. Mayor Frink said that Mr. MacCarthy, the secretary-treasurer, had given him the impression that the council's approval was asked only to show its approval of a cheaper power for St. John.

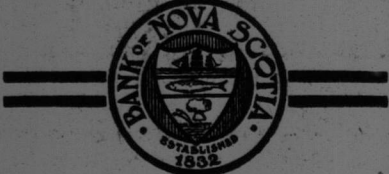

Mr. Borden is worried over the Mackenzie & Mann loan and the visit of Sir Thomas Shaughnessy to meet the C. P. R. influence yesterday did not leave him any more assured. The C. P. R. is opposing the loan. Following the visit of Sir Thomas, Hon. Mr. Rogers gave a private dinner last night at which he was present as well as Hon. W. T. White who is styled the special guardian of the Mackenzie & Mann interests, but who broke bread with a strong C. P. R. combination.

The rumor that one of the biggest deals in the history of Canadian finance is on, in connection with the proposal for the absorption of the C. N. R. interests by the C. P. R. is gaining ground in well-informed circles here.

It was said at the Isolation Hospital this morning that the patient who was taken there on Saturday suffering with smallpox was doing nicely.

FIRE LOSSES NEARLY \$2,000

The loss in the C. H. Ramsay fire in Moore street has been appraised at \$1,980 on the building, and \$900 on the furniture.

FOR THE ORPHANS

The treasurer of the St. John Protestant Orphans' Home thankfully acknowledges the receipt of \$24.07 from Centenary Methodist church, the proceeds of a collection at their watchnight service.

THE ISLAND STEAMERS.

In a wire received at the I. C. R. office this morning it was reported that the steamer East Grey from Pictou yesterday was fast in the ice about six miles east of Cape Bear. The steamer Minto left Pictou today for Georgetown.

FLOUR HIGHER.

The flour market at present is unusually strong and following an advance of fifteen cents in Ontario patents a few days ago, came an increase of twenty cents this morning in Manitoba brands. Scarcity of deliveries is the reason given for firmness. It is thought by some that the farmers in the west are holding back stocks while others say that the purpose of collecting storage. It is possible that there may be an even further advance, but it is not expected immediately.

BURIED TODAY.

Many friends attended the funeral of Miss Mary Brown, which was held this morning from her late residence, 618 Main street. The body was taken to St. Peter's church where solemn high mass of requiem was celebrated by Rev. Simon Grogan, C. S. R., assisted by Rev. J. H. Borgman, C. S. R., as deacon, and Rev. E. J. Walsh, C. S. R., sub-deacon. Six nephews acted as pall-bearers. Interment was in the old Catholic cemetery.

The funeral of Edwin Hornum was held this afternoon from his late residence, 24 Main street. Services were conducted by Rev. J. A. MacKichan and Rev. G. A. Kuhring. Interment was in Fernhill.

The funeral of Mrs. John Dunlavy was held this afternoon from her late residence, 68 Erin street, to the cathedral. The burial service was read by Rev. M. O'Brien. Interment was in the new Catholic cemetery.

GOLF CLUB ANNUAL MEETING

The seventeenth annual meeting of the St. John Golf Club was held last evening at the club house. The report showed that 1913 had been a successful year and that the outlook for an enlarged membership during the present year is good. In the absence of President H. B. Schofield the chair was occupied by the vice-president, James U. Thomas.

The following officers were elected for the present year: President, James U. Thomas; vice-president, J. G. Harrison; treasurer, F. A. P. Luff; secretary, J. T. Hart; managing committee, Andrew Jack, F. W. Fraser, E. W. McCreedy, A. C. Skelton, J. M. Magee.

This is the last year for which the club has a lease of the present grounds. It is expected that the golfers will remove to Riverside in 1915.

At last evening's meeting a strong resolution was passed expressing regret at the retirement of H. B. Schofield from the presidency and expressing the warmest appreciation of his value to the club.

SONS OF ENGLAND SMOKER

An enjoyable smoker was held last evening by the new lodge of the Sons of England, "New Brunswick, No. 858," in their comfortable lodge rooms in Clayton's hall, Brussels street. After business, smoking materials were produced and the gathering of about 100 members and friends proceeded to the enjoyment of the programme which had been prepared.

Worthy President R. H. Irwin presided and congratulated the lodge on the excellent showing made since their organization. Speeches were made also by L. A. Belyea, acting district deputy; Past President Clayton, Vice-President Barker; Worthy President A. E. Logan; R. T. Carlos, past D. D.; Past President A. Webb, Vice-President London, Mr. Scribner and others. The programme also included a glee chorus by several of the members, mandolin solos and a vocal solo by Fred Punter; saxophone solo, Gilbert Waldron; piano, Benjamin Galt; cornet solo, Mr. Gibbs; banjo solo, Mr. Pearson and comic song by Joseph Wilson. Mr. Moore acted as accompanist.

Regrets at inability to attend were received from R. W. Wigmore and Postmaster Sears. Several applications for membership were received. Refreshments were served at the close of the evening.

VALUE OF ENGLISH COINS HERE

A correspondent has written to the Times asking for Canadian valuations of English currency as he says that there are times when British money is presented here and the equivalent in Canadian currency is not always certain. A local bank manager said today that most of the old country coinage which came to St. John found an entrance at the West Side and the bank branches there frequently had large quantities of it on hand.

The halfpennies he said generally passed for a copper, while for six pennies ten cents was usually given. Three-pence would bring about four cents; six-pence 10 cents; a shilling 20 cents; a half-crown, fifty cents; ten shillings, \$2.40, and £1 \$4.82. These were the most common pieces of English coinage which were presented here and this was the average schedule of exchange.

PRENTICE BOYS' FAIR

The King Edward Lodge No. 30, Prentice Boys, opened their fair in their hall, on the West Side last evening. There was a good attendance and all the features were well patronized. The following were the prize winners:—Ladies' bean toss, Miss Blythe; men's bean toss, Mr. Campbell; nine pins, Mr. Campbell; air gun, W. Purdy; excelsior, David Wolfe; floor prize, cut glass pitcher, R. Jones.

SUBURBAN TRAIN IN OPERATION AGAIN

This Morning People Along I. C. R. Reached The City on Time

There was joy in the hearts of suburbanites this morning—they reached the city on time and were not required to ride in passenger cars behind a string of freight cars. The changes promised yesterday in the suburban schedule went into effect today so far as the morning train was concerned, but it is thought that it will be at least a week before the change in the 6:15 express is made operative. It will be necessary to make the announcement of the change of time in the running of the Quebec express twenty minutes earlier.

In yesterday's Times in the report of the suburbanites' meeting it should have been stated that the noon train left at 12:15 instead of 10:15, printed through an error.

McAVITY NEGOTIATIONS ARE DELAYED PENDING SPUR LINE ARRANGEMENT

The agreement between the city commissioners and T. McAvity & Sons, Ltd., regarding the concessions asked for in consideration of their erecting a large modern plant has not yet been completed. The negotiations between the city and the company are at a standstill until the company can complete their arrangements with the I. C. R. for a spur railway line from the main tracks across the Marsh creek and Robbsey avenue. Mr. Gutelius has promised to send an engineer to St. John to report upon the matter and until his report has been submitted and acted upon the negotiations with the city will be held up.

COMPLAIN OF UNWELCOME CALLERS AT HOMES OF WRIGHT STREET PEOPLE

Several people living in Wright street vicinity have been visited frequently of late by men begging from door to door and they complain of the absence of policemen.

About ten o'clock on Sunday morning an able bodied young man knocked at the back door of a house in this locality and asked for a lunch. The housewife took pity on him and put him up an extra good lunch for which he thanked her and walked away. Happening to look out of the window a few moments later, however, she saw him enter a house on the opposite side of the street. Later on in the day this lady was speaking of the occurrence to another neighbor who told her that a man answering to the description of the first mentioned had gone to her house on the same morning and asked for a cup of tea. She said she was willing to do what she could for the man who might be in want but finding that she had no tea on the stove she offered him a hot drink of coffee. The uninvited guest became quite indignant at this and said that he had to be asked for a cup of tea that he would have to go elsewhere for it. He left in a rage, insinuating that the coffee he had been given was not very hospitable.

About six o'clock that Sunday evening another man called at the house of the lady who had given out the lunch in the morning and he was given a good meal. He was clearly worked and said he was seen to cross the street and knock at the door of the same house as his predecessor had done in the morning.

In speaking to a Times reporter yesterday one of the residents of this street said that a policeman had been seen in that district one afternoon last week but only for a few minutes.

ANOTHER PLAN TO SIDETRACK ST. JOHN?

It has been reported for some time past that application will be made to the legislature for a subsidy of \$20,000 or \$25,000 a mile for a railroad from Fredericton to Etnang, and that the C. P. R. is back of the project. The promoters profess to have assurances that the C. P. R. would utilize the road. It is thought the government will hesitate about spending public money on a road that would divert traffic from the Valley railway and the N. E. C. both of which are built by public money. There is already a charter for a Fredericton-Etnang line, but there never has been any sign of money to build it.

HOSPITAL COMPLAINT AND ANSWER

The Times has received a letter from Max L. Levine, complaining that his mother was not well treated in the General Public Hospital. He says she went there on Tuesday of last week and remained some days, at the end of which time he took her away worse than when she went there, on account of treatment she received. He says that things taken there for her would either be kept two or three days or not given to her at all, and that when she asked one of the nurses for a cup of milk, the latter said, "Oh you people are too fussy." Mr. Levine appears to think that race prejudice had something to do with the alleged lack of care, and makes some comparison between St. John and Russia in the matter of civilization.

Dr. D. C. Malcolm, superintendent of the hospital, when asked about this case, said that this was a nervous case. The patient, he said, had told him that she had gone to nearly every doctor in town without getting any relief, and she was admitted to the hospital, and was discharged on her own request. Doctor Malcolm said he had questioned Dr. D. C. Malcolm about the case and they had said that the patient had received every attention. On one occasion only was the food that was brought up for her not given to her immediately, and at what time it was left in without a name, and the patient did not get it until the following morning.

This case was, in a word, the superintendent said, with three other patients. One of these said to him yesterday that she thought Mrs. Levine received good treatment at the hands of the nurses.

\$1.50 Great Bargain Sale of Ladies' Umbrellas \$1.50

Each Sale Commences Today, Tuesday, March 3

Through the recent dull spell in the West many houses were compelled to cancel numerous quantities of their purchases. Consequently the manufacturers got stacked up with large quantities of materials which they have been unable to dispose of; consequently it devolves upon them to turn such into cash rapidly, so to accomplish this they are offering their goods at a great loss. The same has applied to these Umbrellas. The manufacturer had an overstock of this splendid quality, Gloria, which he was compelled to get clear of, and offered a small quantity to us of the made-up article at a clear-up cash price which enables us to remit the bargain to you. There are

25 Dozen Only Ladies' Umbrellas

Made on steel tube and paragon frame with ball runner, and covered with a high-grade Silk and Wool mixture or Gloria, with either deep tape edge or herringbone edge. Every umbrella in this lot being made of the one grade of cloth could not be purchased in the ordinary way for less than \$3.00 each. The handles are most varied, and include natural wood crooks, mission wood, gun metal, silver, horn, gilt, or fancy effects.

WHITESTOKE LINEN MESH UNDERGARMENTS

Dr. A. P. Luff, F.R.C.P., London, physician to St. Mary's Hospital, writes in the London "Lancet" of March 12, 1910: "Woolen garments are a frequent cause of many of the forms of chronic rheumatism."

Dr. H. L. Deimel, in his paper on the "Protective Feature of Underwear," writes: "All those who wear wool next to the skin are very prone to contract colds."

The requirements of the right kind of undergarments are as follows: They should protect the body. Absorb the perspiration and dry quickly. Be agreeable to the skin, causing no irritation whatsoever. Should neither be dyed nor dressed, but be naturally white. Stand washing in boiling water without shrinking, and be durable, and moderate in price.

The Whitestoke garments fulfill these requirements in every respect. The material of which the garments are made is woven in a porous way, though not too open, and is thoroughly protective against sudden changes in the weather. The thread used is of linen and lisle, and possesses great absorbent and drying powers. The garments are very comfortable to wear, giving a feeling of absolute comfort. Instead of weakening the skin, like all flannels do, they tend to invigorate it. They are produced in two weights, light and medium; they are made in all sizes, with no extra charge for larger sizes.
