THE EVENING TIMES AND STAR, ST. JOHN, N. B., MONDAY, OCTOBER 20, 1919

### GOOD THINGS COMING TO THEATRES OF ST. JOHN

#### The Wonderful Alla Nazimova Tonight at Imperial Theatre

Replete in Parisian cafe, cabaret and art studio settings of the most elaborate and magnificent character, contrasted by the sweetly peaceful and reverential life inside a monastery, enacted by a truly metropolitan array of players, headed by the noted Russian star Alla Nazimova, Mabel Wagner's French story, "A Rose Bush of a Thousand Years," at the Imperial Theatre tonight and tomorrow, under the screen title "Revelation," will be an entertainment event of special moment.

Nazimova has been accepted by the American and Canadian public as the wonderful actress her native Russia claims her to be and in several super-productions of the last year she has attained heights of artistry as spell-binding as they have been exclusive. "Revelation" is one of these remarkable pictures. It is a seven reel masterpiece, filmed mostly in Europe.

#### AT THE OPERA HOUSE

##### Clever Kiddies in Bill Last Times Tonight—Attractive List For Tomorrow

There are two clever kiddies at the Opera House making a good sized hit at every performance. They are little but as step dancers have most of the big folks excited in every way. Go and see them—you will surely appreciate the finished, professional way in which they present their act.

There are four other good novelties on the bill as well, and a good serial picture. Tonight is the last time for this programme—two complete performances, at 7:30 and 9.

The regular change of bill opening tomorrow afternoon offers "Prosperity," a comedy one-act playlet; Gates and Finley in a lively comedy and musical skit, "School Days"; Hank Brown and company in a comedy variety sketch, "What for Fun, That's All"; King Sisters, novelty musical offering and snappy costume changes; Peltis and Fisher in comedy acrobatic and bar act, and the serial drama, "The Perils of Thunder Mountain." Tomorrow afternoon at 2:30, evening at 7:30 and 9.

#### 'UNPARDONABLE SIN' AT UNIQUE TONIGHT

##### Will Run All Week; Twenty-Four Shows in All; Daylight Time.

Thousands are anticipating the "Unpardonable Sin" engagement at the Unique, this week, and the following items should be remembered. Picture will be shown all week, twenty-four times in all. Matinees will be at 2 and 8:30 and the evening shows at 6:45 and 8:30. (Daylight time).

Although the feature is shown elsewhere at one dollar and more, the Unique prices will be only 15c and 25c in the afternoons and 25c and 15c in the evenings.

### READY ON WEDNESDAY FOR HORNE HEARING

#### One Man Wanted as Witness Declines to Accept Service of Notice

Fredrickton, N. B., Oct. 20.—It was announced today that sufficient evidence for proceeding with the preliminary examination of Major Werner Horn, a German army officer, extradited on the charge of having blown up the international bridge over the St. Lawrence River, on the main line of the C. P. R., has been obtained to have the case commence on Wednesday morning in the police court here.

All the witnesses the attorney-general's department wished to call will be here with one exception. Four subpoenaed were served upon witnesses at St. Croix and Vancouver by Sheriff Hawthorn on Saturday, but one refused to accept service. He is Fred Mills, one of the attendants at the Maine Central Railway water pumping plants near the bridge, and it was said today that the necessary steps would be taken to insure his attendance.

The four witnesses who accepted service were James Riddell, a resident of St. Croix; George W. Ross, deputy sheriff of Washington county, Maine, in whose charge Horn was first placed after being arrested; Aubrey Tagus, who in 1915, conducted a hotel at Vancouver, Maine, where he now carries on a general store business, and George Fletcher, one of the attendants at the Maine Central Railway water pumping plant near the international bridge, and who resides at Vancouver, Maine.

#### '275' ARGUMENT DEC. 8

Baltimore, Md., Oct. 20.—Government appeals from Federal Court decrees imposing indictments brought under the prohibition provision of the Food Control Act, against the Standard Brewing Company, of this city, will be argued before the United States Supreme Court on December 8, it is officially announced. The right of brewers to manufacture and sell 275 per cent beer is involved.

#### AGAINST RAILWAY DEAL

Ottawa, Oct. 20.—Strong opposition to the proposed acquisition of the Grand Trunk Railway was voiced by a delegation representing the Montreal board of trade which waited on the government this morning. The delegation was received by Sir George Foster, acting prime minister, and members of the cabinet. The proceedings were in private.

#### CHECK FOR \$25,000,000

London, Oct. 20.—"I had the pleasure of signing my name to the biggest check I ever signed in connection with any deal," said H. Seymour Berry after he had completed a deal acquiring the control of John Lyasgill Limited, manufacturers of iron and steel. The transaction involved a sum close on to \$25,000,000.

#### It Seems Sometimes As If You Would Fly Out of Your Skin.

Eczema or salt rheum not only itches, but it also burns, oozes, dries and scales over and over again. Sometimes it covers the whole body and causes intense suffering.

You have found that local applications have no lasting effect, and you want permanent relief.

Take Hood's Sarsaparilla, give it a good fair trial, because you must thoroughly purify your blood or the eruption will continue to annoy, perhaps agonize you. This great medicine has been successfully used in thousands of cases.

To make and keep the bowels normally active, take Hood's Pills, they are gentle and thorough.

### WOMEN WHO REGISTERED TO VOTE SOME 5,200

A rough estimate of the number of applications filed by women for registration as voters under the amended provincial act places the total at about 5,200. The names have not been tabulated yet and as there is the possibility of duplications, the total will not be known definitely until the revisors have completed their task.

The revisors court will open this evening for consideration of the applications for registration and to hear any appeals or protests. Owing to the fact that the registration of the women's vote is something new and that there were some opportunities for misunderstandings it is possible that the lists may need considerable revision. The meetings will continue, possibly for ten or twelve days, until every application has been dealt with, and the final lists will be prepared.

### INFIELD PROBLEM FOR JOHN MCGRAW

#### Manager of Giants Must Replace Zimmerman, Dayle, and Chase Next Season

New York, Oct. 18.—While it looks as if Moran could stand pat on his Cincinnati Club for next season, a thorough process of renovation confronts Manager McGraw of the Giants. His greatest problem will be in building an entirely new infield. Because of the falling off in the playing of Zimmerman, Dayle and Chase during the last season, Manager McGraw realizes that he will have to have younger players for these positions.

Fletcher is anxious to do his part, but he is not the only player sure of a place with the regular pitching staff next season. He will be more valuable as second base because he is a phenomenal ground coverer. The third base gap will be a difficult one to fill.

McGraw still believes that George Kelly will be able to play first, although he has not yet been able to show the batting strength against major league pitching that he showed in the International League. During the last western trip, McGraw did a lot of experimenting, with his young players, and some of them showed up well. Among them, the former Holy Cross player, showed encouraging ability as an outfielder, and every one has been impressed with his minor league experience but, like Fletcher, he doesn't need any. He is a fast runner and a good hitter. McGraw expects that Bill Ryan, the former Holy Cross pitcher, will be able to take his place with the regular pitching staff next season. Earl Smith, the catcher, had little to go last season, but he will probably be one of the regular catchers next year.

### Strong In Catchers

McGraw is unusually well off for catchers, and may use some of them in place of Zimmerman. McGraw, Snyder, and Gonzales are all high class men, but McGraw will probably cut this department down in order to strengthen other departments.

It would not be at all surprising to see Rogers Hornsby, the star infielder of the St. Louis Cardinals, with the Giants next season. It is believed that the manager has his eye on for third base. The Hornsby transfer was discussed several times last season, but the sale was never made. The coming winter promises to be a lively trading season for the major leagues, and the New York Club is in a position both in players and money to make a proposition to St. Louis.

Rickey will be persuaded to trade his star infielder.

In the outfield the Giants are well fortified with Burns, Kauff and Young, for it is expected that Ruff and Young will improve in their hitting against right-handed pitchers next season. It was their inability to hit southpaws which caused the Giants' hitting slump at the critical stages last season. Manager McGraw figures that they will have the strongest pitching staff in the league with Toney, the two Barnes, Neft, Benton, Douglas, Winters and several young ones who will be given a trial on the southern training trip.

Manager McGraw has made no plans for spring training. The Florida climate, however, seems to be the best for early spring training, and the training camp will probably be in that state.

### Don't Claim Pennant

Just after the final game of the world's series in Chicago last week, Pat Moran, manager of the champion Reds, was inclined to be modest about the outlook for next season. "I am not claiming a pennant for 1920," said Moran. "I didn't claim any for the season just ended, and I don't intend to do so again."

### FOREST WEALTH OF QUEBEC LEADS ALL DOMINION

The province of Quebec has more forest wealth than any other province of the Dominion. It has almost twice as much as Ontario and nearly thirty per cent more timber than British Columbia, which is commonly believed to be richer in timber than any other province in Canada.

Federal estimates show that there are 414,000,000 acres of forest in Canada. This forest wealth is divided into provinces, as follows:

Provinces	Millions of Acres
Nova Scotia	5
New Brunswick	5
Quebec	130
Ontario	70
British Columbia	100
Manitoba	100
Saskatchewan	100
Alberta	100
Total	414

### CONSERVATION COMMISSION CALLS A CONVENTION OF FOX BREEDERS

Ottawa, Oct. 19.—The commission of conservation is calling a convention of fox breeders and others interested in the business of fox farming. Fox farming, although only in its infancy, is today getting those engaged in the industry over \$1,000,000 per year. The exceedingly high prices obtained at the recent fur sales have enormously stimulated the trapping of fox bearing animals. These animals are undoubtedly decreasing in numbers and the supply of fur can be kept up only by domestication, which not only ensures better pelts, but decreases the losses the animals sustain in the wild state from predatory animals and other enemies.

### DEATHS IN PARIS FROM GERMAN MISSILES DURING W. W.

Paris, Oct. 20.—(By The Associated Press)—The total casualties in Paris resulting from air raids and shells thrown by German long distance guns were 521 persons killed and 1,224 wounded.

### ARAB BAY MARE WINS THE ENDURANCE RACE

Ayr, Mass., Oct. 20.—Hanna, a ten-year-old bay Arab mare, ridden by A. W. Harris, a Chicago banker, fifty-one years of age, was announced last night as the winner of the 300 miles cavalry mount road test from Fort Ethan, Allen, Vt., to Camp Devens. Hanna finished in 14 hours and 45 minutes. The horse is owned by W. R. Brown of Berlin, N. H.

### SALVAGING TRENCH HOSE

London, Eng., Oct. 20.—An interesting side line of war salvaging is being carried out at Hayes, Middlesex, England, where some hundreds of miles of trench hose pipe are being disintegrated and the various products recovered for sale. The hose contains a large amount of wire and canvas, impregnated with rubber. It is treated with a special machine and brings 57s a ton.

### COLONEL BLAINE

To the younger generation Colonel Arbutnot Blaine, whose death occurred yesterday, was but a name, for though he was out and about until the last two or three years of his life his advanced age prevented him from taking an active part in affairs. Few men live so long and retain their vitality in so marked a degree, for Colonel Blaine was in his nineteenth year. More than a quarter of a century has passed since he retired from active military life, and it was an officer of the militia in Canada who was most widely known. Beginning as a private in 1863, he retired with the rank of colonel thirty years later, having been commander of the 62nd Regiment for seventeen of those years; and to the end of his life his keen interest in all that pertained to military affairs was manifest. But his was also a remarkable record of service. Beginning as an apprentice to the firm of J. & A. McMillan in 1845 he remained in that employ until 1916—a period of seventy-one years—during which he enjoyed the confidence and high regard of three generations of the employing firm. Such a record is probably without parallel in the history of the province.

As a citizen Colonel Blaine took an active interest in public affairs. He was thirty-eight years old at the time of confederation, and lived to see Canada develop and expand until the proud moment when at the close of the great war, in which her sons won imperishable glory, her representatives sat down at the peace conference on equal terms with those of other nations of the world. A long, honorable and useful life has come to its earthly end. Colonel Blaine has seen one after another of his early associates go the way of all the earth, until but a handful remain. These men, who know him in later years will join in a tribute to his memory and in sympathy with the few surviving members of his family.

### THE RUSSIAN OUTLOOK

Should Petrograd be captured by the anti-Bolshevik forces, as now seems highly probable, the fall of Moscow would not be long deferred. The Bolsheviks, surrounded on every side, have not the same opportunity to get supplies as have the generals opposing them. No doubt there are great numbers of people who only await a favorable opportunity to rise against the intolerable tyranny of Lenin and Trotsky, than which the rule of the czars was never more bloody and cruel. The stories told of reliable persons who have lately come out of Russia are all in line with the Bolshevik regime as one marked by hideous cruelty and intolerance. Salvation for Russia does not lie in that direction, and by slow degrees the truth is forcing itself upon the consciousness of the ignorant, easily-led and too easily misled peasants of the country. They were deceived by glowing promises of a new social order that would enrich every body, and now they are learning that the same order has been deceived. In due time their vengeance will be wrought upon the leaders who have betrayed them, for Bolshevism is a passing madness whose end seems almost in sight. It is as far removed from the ideal of human brotherhood as darkness is from the light of the noonday sun.

### TODAY IN ONTARIO

News from Ontario will be eagerly awaited tonight, because the fate of the only Conservative provincial government in Canada is at stake, and the voice on the question of prohibition is to be heard. When Quebec decided in favor of light wines and beers there were many who asserted that other provinces would also show a reaction from the rigid regulations of war-time; and Ontario is the first to deal with the matter. For that reason the result of today's voting is awaited with very keen interest. The votes of the women will be a determining factor, and there is also a good deal of curiosity to learn to what extent they will avail themselves of the franchise. Apart from the claims of the stalwarts of each political faction that their side is sure to win, there is an unusual lack of prophesy in regard to the outcome of the elections. Between the Conservatives, the Liberals, the farmers, the labor men and independents the situation is so uncertain that until the votes are counted the outside observer will be in doubt whether the government is to be sustained, the Liberals and farmers have a majority, a condition arise which will tax the resources of the various leaders to form an administration which would have a good working majority in the house. The campaign has been lively, with bitter personal controversy between some of the candidates, and today is probably the most strenuous election day the province has experienced for a long period.

The Standard has discovered that "Liberals of Victoria county are disgusted with the leaders." Will they come down to the busy convention in St. John to get new ones? Several may then be looking for a job.

### LABOR TROUBLES

The steel strike has entered upon its fifth week, with immense loss to employers and employed, and with no sign of a settlement. The companies claim that more men are daily returning to work, but the strikers insist that only unskilled labor is going back or getting employment in the mills. Today comes news from Washington that there is now very little hope of averting a strike by half a million bituminous coal miners, who among other things demand a five-hour day. Negotiations, however, are still in progress. Meanwhile the longshoremen's strike in New York is not satisfactorily settled, the radical wing of the strikers being still averse to a return to work. Should the coal miners really go out a very serious situation will develop, throwing upon congress a burden it will not relish but must accept, for in a very short time a most serious condition with the industries of the country would develop. There is still time to form an agreement, but the opposing interests apparently are not getting together in a spirit that would make for harmony. One of last night's dispatches said that strike-breakers would be used on the New York water front this week.

On the subject of military training the Bangor Commercial says:—"We now have testimony of the Massachusetts branch of the American Legion in favor of universal military training and these young men are best qualified to judge. They speak emphatically and they speak from knowledge. They have the support of the best American thought and the parents of the young men who have been in service. They speak for the best interests of the country and their word should be given weight as we are confident that it ultimately will be when Congress finally decides to act. What better way than this can be found to teach Americanism not only to young American patriots but to the millions of the foreign-born?"

The formation of a Music Society in St. John is an event of more than passing interest. Far too little attention is given to musical culture in this city, and the new movement is a step in the right direction. There is another organization which has been in existence for some years but which has never received adequate support. That is the Art Club. It is capable of being made, with proper support, a great educational factor in the life of the city.

Toronto Globe—"In arranging for the distribution throughout Ontario of prohibition leaflets and other literature by airplane the Referendum Committee not only adopted a method of spreading information about their cause that still possesses the attraction of novelty, but they displayed enterprise and energy that is a tribute to their efficient and business-like methods."

St. John is especially interested in the success of the Navy League. It could not be otherwise in a national port. The navy and the mercantile marine are vital to the success of its trade, and they offer a vocation to those of its young men to whom the life of the sea appeals.

### THREE SENTENCED TO DEATH

Trial of Several Contributors to German Staff Paper During War

Paris, Oct. 20.—The trial of various persons who contributed to the Gazette des Ardennes, published during the war by the German staff in the French language, ended yesterday. Of the defendants charged with giving intelligence to the enemy, Second Lieutenant Roger Herre, Louis Lavergne and Henri Crochet were sentenced to death. The last named has fled the country. Seven of the defendants were given sentences ranging from five to seven years. Yvonne Via, an eighteen-year-old girl, who wrote three articles for the Gazette, was sentenced to five years' imprisonment.

### TWO MORE SOON TO FOLLOW THE "CANADIAN NAVIGATOR"

Montreal, Oct. 20.—The Canadian Navigator, the sixth vessel built by the Canadian Vickers, Limited, for the government merchant marine, was successfully launched at noon on Saturday at Matouane. The ceremony was performed by Mrs. Duggid, wife of Charles Duggid, naval constructor for the department of marine at Ottawa. The Canadian Navigator, which is about 4,300 tons deadweight, was taken down to the fitting basin, where engines and boilers will be installed, and it is expected that the ship will be handed over to the Canadian government merchant marine here within a month. Other ships are also on the stocks and it is expected that two more will be added to this fleet before navigation closes.

### THE DARK DAY

When the day of sickness comes, as it comes to every gent, and you sit, with folded thumb, far too weak to earn a cent, will you have your little roll, to defray the beastly bills, to procure the grub and coal, and to buy the needed pills? Feeling well, men do not think, do not keep that day in view, when their health is on the blink, when they have the itch or flu, and they blow in all they make, blow it with their hearts serene for glad rags and angel cake, blasting gums and gasoline. Each one thinks he is immune, sickness will not come his way, and he blows the round doobloon in his large and princely way. But some morning there's a call for the doctor and the nurse, there's congestion of his gall, and he's hourly growing worse and he lies around in bed just a weak and fatigued wreck, with a poultice on his head, and a plaster on his neck. And his wife has pawed her huds, and she's washing by the day, in a cloud of steam and soap, just to keep the waf'f away, and he looks himself so beautiful. As he sighs, "When I am well I will grip the useful seed till I make the eagle yell."

### CANADA—EAST AND WEST

Dominoes Happenings of Other Days

### SHOOTING THE RAPIDS

Thousands each summer now enjoy the thrill of shooting the St. Lawrence rapids; it is one of the many delightful experiences of the Dominion of Canada. But until October 15, 1910 no large steamer had ever attempted to run the treacherous waters between Kingston and Montreal. The Indians in their little canoes were undaunted by the foaming waters and made frequent trips though the most violent. Timbermen were accustomed to bring their rafts through Lachine rapids in the days when such rafts were common on the river. But with the advent of steam navigation and the disappearance largely of the rafts the rapids were left unvisited.

Up to 1897 the lake steamers did not venture further down from Toronto than Kingston but soon after that date the attractions of the Thousand Islands became so well known that little steamers plied to that part of the river and to Prescott. From that town the "Dolphin" sailed every morning to the head of the Longue Sault Rapids. Passengers reached Montreal the same night by stage to Cornwall, thence through Lake St. Francis by steamer. At Cocheau du Lac they took the stage to the Cascades where a small vessel, the Chieftain, brought them to Lachine. A stage coach ride of six miles completed the trip to Montreal.

It was not until 1846 when the English Lachine canal was opened, that the Upper Canada steamers began to run all the St. Lawrence rapids as they do now. But in 1850 the late Hon. John Hamilton had built a powerful ship, the "Ontario" with the expectation that she would run all the rapids between Montreal and that city but she had to be delivered to the new owners. On October 15 of that year the ship made a safe trip through the first rapids of the river, the first large ship to do so. But there is no record of any other vessel making the attempt to shoot the rapids; that was the Dolphin when she was tossed up by twenty yoke of oxen in 1886.

### ON GROWING OLD

(John Masfield in Atlantic Monthly.)  
Be with me, Beauty, for the fire is dim,  
My dog and I are old, too old for roving;  
Man, whose young passion sets a spinning  
Is soon too lame to march, too cold for  
loving.  
I take the book and gather to the fire,  
Tangle old yellow leaves. Minute by  
minute  
The clock ticks to my heart; a withered  
Move a thin ghost of music in the  
surchin.  
I cannot sail your seas, I cannot wander  
Your mountains, nor your downlands,  
Ever again, nor share the battle yonder  
Where your young knight the broken  
squadron rallies.  
Only stay quiet while my mind remembers  
The beauty of fire from the beauty of  
embers.  
Beauty, have pity; for the young have  
The rich their wealth, the beautiful  
their grace.  
Summer of man is fruit-time and its  
flower.  
Spring-time of man all April in a fecund  
land, with the saucer in his hand,  
Where the mob thrusts, or loiters, or is  
cloud.  
The beauty with the saucer in his hand  
Asks only a penny from the passing  
crowd.  
So, from this glittering world with all  
its fashion,  
Let me have wisdom, Beauty, wisdom  
and passion.  
Bread to the cool, rain where the sun  
may parch.  
Give me but these, and though the  
darkness close,  
Even the night will blossom on the rose.

### TREATY FIGHT IN THE FINAL STAGE

Hope of Progress This Week in Washington in Framing of Ratification Resolution

Washington, Oct. 20.—The long treaty fight in the senate is about to enter its final phase. Leaders hope during the coming week to clear away all proposed amendments and make substantial progress in the framing of a ratification resolution.

Virtually conceding that no amendments will be adopted, the opposition managers are determined to qualify the ratifying resolution with reservations and Senator Lodge, the Republican leader, declared last night that a decisive majority would stand for reservations that would be "unequivocal and effective."

Privately the opposition leaders declared Mr. Lodge's contention was backed by an understanding amounting virtually to a complete agreement among all of the forty-nine Republicans and six Democrats to stand together for a reservation programme evolved after many weeks of conference. It was said all of the details had been agreed upon, though on general principles and in some cases on phrasing itself, the fifty-five senators had been brought very close together.

How far the remaining forty-one senators will go their opposition to reservation is an uncertain question even in the minds of some of the leaders. They have stood unwaveringly through the long fight for President Wilson's programme of a ratification that would not require the re-submission of the treaty to the other powers. But it is for the president himself to decide finally whether he will accept the reservation programme, and his illness has left the administration leaders somewhat in the dark.

There have been intimations that should reservations unacceptable to the administration be put into the ratification resolution, the administration would vote "no" on the ratification roll call, but their leaders are not ready to say they will cross that bridge until it comes to it. It would take only thirty-three votes to prevent ratification.

### THE GOVERNMENT AND THE GRAND TRUNK RAILWAY

(Montreal Herald.)  
A government measure providing for the absorption of the Grand Trunk Railway by the Canadian National Railway System is expected daily by parliament. There is a report that the differences between the government and the company as to price were sufficient to bring negotiations to a halt. The government is expected to have reached the point involving an annual rental of four and a half million dollars.

It is a fact in Canadian history that the construction of the Grand Trunk Railway between Montreal and Hamilton was its inception, joined in the fortunes of the government of the day. At that time, 1849, it was believed that there would be sufficient Canadian traffic to support a railway connecting the principal cities and towns of the old Province of Canada. The government determined to assist the companies and legislation was under consideration in 1851 when a deputation from the maritime provinces, consisting of the Hon. Joseph Howe, then leader of the government of Nova Scotia, and the Hon. F. B. Chandler of New Brunswick, visited Toronto and invited the co-operation of Canada in the construction of the C. P. R., which had already been surveyed by officers of the Royal Engineers on the joint application of the three provinces, and which the Imperial government had offered to aid by a guarantee. An agreement was reached between the three governments to provide for the joint construction of a railway between Halifax and Montreal, each province to bear one-third of the cost.

During the session of 1851 parliament granted charters to companies to construct railroads between Toronto and Kingston, and Kingston and Montreal, which were reserved for the Royal assent in order to keep the control of future action in the hands of the government. The Grand Trunk prospectus was issued in London after the representatives of five different companies, three of which were under government control, had agreed on a scheme of amalgamation, and the construction of the Victoria Bridge. There is the best authority for the statement that the government of Canada was not consulted about the details of the amalgamation scheme. Among the securities described in the London prospectus were Canadian government bonds for \$3,000,000 a mile over the re-organized Grand Trunk road. The president of the Grand Trunk Company, Mr. Potter, afterwards declared that the prospectus was issued under the aus-

RECENT DEATHS

Miss Mary Hasson. The death of Miss Mary Hasson occurred at her home, 14 Clarence street, West St. John, on October 18, after a brief illness. Miss Hasson was the daughter of the late Henry and Josephine Hasson. She leaves to mourn two sisters, Josephine and Katherine, both of this city, one brother, Henry, in California, also three nieces, Mrs. F. L. Keene of 85 Spring street, Mrs. Arthur Ritchie of Main street and Miss Roy Pratt at home.

Miss Sarah Clarkin. The death of Miss Sarah Clarkin occurred at her residence, 28 White street, on October 18. Miss Clarkin was the daughter of the late Philip and Margaret Clarkin. She leaves to mourn three brothers, Philip, William and James, all of this city and three sisters, Mrs. M. Hogan of St. John and Miss Agnes and Miss Catherine at home.

Mrs. T. H. Boggs. Vancouver, Oct. 18.—Mrs. Boggs, wife of F. H. Boggs, professor of economics, University of British Columbia, died yesterday. She was thirty-five years of age and came here from St. John (N. B.). Mrs. Boggs was the eldest daughter of Mr. and Mrs. Rupert Hickey. Besides her husband and two children she is survived by her parents, three brothers and two sisters.

John D. Wilson. A large number of friends will regret to learn of the death of John D. Wilson, which occurred at his mother's residence, 19 1/2 St. Andrew street, last evening. Mr. Wilson was twenty-eight years of age. He leaves to mourn his mother, Mrs. Agnes Wilson, and his son of the late James A. Wilson, and had resided in this city all his life.

Charles Carl, aged seventy-four years, died at his home in Petticoat on Sunday morning. He is survived by one son, two daughters and two brothers.

Mrs. Mary Agnes, widow of Timothy Buckley, passed away in her sixty-seventh year at her home in Anagnag Ridge on Saturday morning. She leaves three sons, three daughters and four sisters.

Detective Biddiscombe received word yesterday of the death of his grandfather, Patrick Farher, at Chipman Queens county, Thursday. Mr. Farher was 108 years of age last April. He was born in Cork, Ireland, and came to New Brunswick the time of the famine in Ireland. He is survived by two sons, Martin and Austin Farher of Chipman, and two daughters, Josephine Biddiscombe and Mrs. Cornelius McNeill of Chipman. Mr. Farher had been in good health up to the time of his death.

It was announced by the comptroller-general of the province that \$2,000,000 in bonds will be issued in December for the purpose of returning this amount of short term bonds due Dec. 1. Premier Foster said last evening that more than this amount was falling due but in what manner the government will place the issue on the market has not yet been decided.

According to H. C. Groulx general superintendent of the New Brunswick division of the C. P. R., who left yesterday for Montreal, a record passenger business both to and from European ports and heavy grain traffic is expected during the coming winter.

Among those expected to reach Halifax on the steamer Celtic today is Major King Hazen. He has been overseas since early in the war, serving with the artillery in France prior to his return to a

MRS. CAMPBELL GAINS 30 POUNDS

Remarkable Results Obtained by Taking Tanlac - Had Suffered Thirty Years.

The public of today is accustomed to strange and unusual occurrences, and the newspapers are filled with sensation after sensation from day to day, but in spite of this the story of Mrs. Wellington Campbell, regarding her remarkable recovery by the use of Tanlac, would hardly be believed were it not for the high character of Mr. and Mrs. Campbell and the further fact that each and every circumstance can be established beyond a reasonable doubt.

Mr. Campbell is a retired farmer and rancher. They came to New Castle, Pa., on a recent Saturday by an enterprising firm, the Harry Gross Company.

In connection with the department store, a grocer, cash-and-carry proposition, is in operation on the second floor.

On Saturday the big plate glass windows of the main window on Washington street were taken out, the window was piled full of groceries and clerks were placed in the window selling the goods direct from the window.

Reduced prices were offered on all being given that it was possible because it was not necessary to have the goods carted to the second floor.

The arrival of the man and the real bargains offered served to clear the supplies from the window in short order.

The plan had been well advertised in the newspapers previously.

Manager H. Lindsey of the company said that the store is to be remodelled and the glass was taken out for the purpose, then the idea of selling direct from the window was hit upon. It worked so well that it may be tried again, he said.

Pushes Bread as An Economical Food. "Eat more bread and cut down the cost of living" has proved a slogan that brought considerable new business to the Kolb Bakery Company of Scranton, Pa., and which C. J. Layfield, owner of the bakery, is pushing through posters, handbills and newspaper space.

He seized upon the suggestion by the government to people to cut out other bread and stick to bread, economical, nourishing and satisfying. His action has proved a money-maker.

Two Ideas That Sold Many Films. Foster's store, of Miami, Fla., specializing in developing and printing film, found there was too much competition—so much, in fact, that there was small profit in handling this line for any one. Drug stores offered services but so did framing houses.

A man in the developing room threw out the original hint that has since been adopted elsewhere. The little yellow boxes in which the films are received were carried until in the aggregate, they filled a window. These were dumped there, without rhyme or reason and the significant announcement made that this shop must have given satisfaction to secure so much trade.

The mountain of empty cartons was in itself a unique eye-catcher. But this led to a still more profitable venture. When set of glasses, just good exercise for me and when my friend returned to visit me again a few days ago he said he had been to the store and I feel that I would be ungrateful not to tell others about Tanlac for I consider it the greatest of all medical discoveries.

Tanlac is sold in St. John by Ross Drug Company and in W. Munro under the personal supervision of a special Tanlac representative—(Advt.)

FAILURES IN UNITED STATES. (J. M. Robinson & Sons, Private Wire.) New York, Oct. 20.—Duns report 113 failures in the United States last week, against ninety-five in the previous week and 143 in the same week of 1918.

Many Amusing Incidents. There were many mistakes made, and the fun had in the excess of the management during the proceeding two or three weeks. Women commenced to demand that they be called by their first names, too.

Why, I heard one of them say to another: "Believe me, I made him come across with a dollar's worth of sugar! He tried to get out of it by saying that it didn't apply to women, that they thought he was getting fresh with them when he called them by their first names. But I told him that didn't go with me."

"When I asked the merchant about this particular case, he winked and smiled. "Sure I gave her the dollar's worth of sugar. It isn't such a bad piece of work more than that if I tried any other method. Look what the fellows around the street are spending and they don't seem to be getting the trade."

By informal hints about his customers, this merchant constantly got closer to his customers. And such a relation as that will weather any business storm that may arise.

Had Fighting Spirit. Most men would have been content to sell out at the first opportunity and set the wine elephant of their heads. But not so with my friend. He had been there for years; he had carried a chance to serve the community; he liked the people, and he was a fighter!

UNION OF THREE PROVINCES FOR MISSION WORK

Woodstock, N. B., Oct. 20—Huge crowds attended the services in the United Baptist church here today. Visiting clergymen in attendance at the convention of the United Baptist ministers officiated. Rev. L. H. Crandall of Hantsport, N. S., preached the convention sermon. Rev. D. J. McPherson conducted the Sunday school rally this afternoon and Rev. A. L. Huddleston assisted. Rev. G. C. Warren of Fredericton spoke on "Teacher Training," and an address was given by Rev. F. O. Erb on issues issued by the American Baptist Publication Society. Rev. D. Hutchinson conducted a devotional service this morning.

The report of the Board of Home Missions for Nova Scotia and P. E. Island was presented by the secretary, Rev. E. S. Mason. This report shows 103 churches served having 167 preaching stations; 8290 preaching services were held and 248 baptisms on the home mission field were reported. The expenditure during the year was \$15,994.64. The trust funds now amount to \$22,000. Special work of the home mission pastor and the call was sounded for a salary of \$1,300 and a house for fully equipped men. A large number of young men have returned from overseas ready for the work of the ministry. Rev. I. H. Wallace and wife, G. L. Knight and M. L. Anderson have served as general missionaries. The outstanding feature of the report was the plan for the union of the Nova Scotia and P. E. Island work and that of New Brunswick under one board. For twenty years separate boards have carried on the work. There has long been a desire to get together in this work. A basis of union was adopted. The report of the Board for New Brunswick shows an expenditure of \$11,108.27 with a large amount of work and many baptisms.

The following officers and committees were elected: Secretary, Rev. A. J. Archibald, assistant secretaries, Rev. H. Y. Payant and Rev. D. H. Maitland; treasurer, J. F. Sanborn. Committee on correspondence, Rev. C. R. Freeman, Rev. F. E. Bishop, Rev. C. R. Hartley, Rev. J. A. Christie and W. C. Cross; committee on resolutions, Wellington Camp, Rev. David Hutchinson, Rev. B. D. Knott, Rev. I. A. Corbett, Rev. W. C. Gonscher, Rev. A. T. Doyeman, High Sheriff A. A. Wilson, K.C., D.C.L., brought in a resolution providing for the creation of a new Board of Home Missions to take over and administer all home mission interests within the constituency of the convention.

A. A. Wilson then reported, as treasurer of the funds held by the eastern section of the Foreign Mission Board. The capital account now stands at \$73,605.92, the income from which was \$4,982.88, which was used as designated. On second ballot Rev. Wellington Camp was elected president of the convention and installed into the office. Rev. I. A. Corbett and J. P. Gordon were elected vice-presidents. The retiring president, Rev. C. R. Freeman, delivered an address in which he suggested a clear understanding between the relation of the church and the Y. M. C. A.

Rev. Dr. Hutchinson brought up the matter of aid for the Baptist people at Ormoco to help them rebuild their church and said that the home mission board would help them.

Dr. H. T. DeWolfe spoke of the work of the five-year programme committee, dealing with social conditions and speaking of study for the ministry. At Wolfville, he said, returned soldiers were the most thoughtful of the students. Rev. S. S. Poole emphasized the need of a field society and reported concerning the funds of the five-year programme committee.

MUSICAL SOCIETY FORMED

The St. John Society of Music became an actual fact on Saturday evening when an enthusiastic meeting was held at the residence of J. L. LeLacheur, and a strong organizing committee was formed to enroll members. It was decided that membership should be limited to 700, the lists to be published this week and certificates of membership to be issued. The club proposes holding five concerts during the winter season and has in view some excellent programmes for the concerts. The membership committee appointed was as follows: W. F. Hatheway, Mortimer Robinson, A. N. McLean, W. H. Golding, F. G. Spencer, J. L. LeLacheur, Miss Louise Anderson, Miss Alice Fairweather, Miss Katie L. Broad, Mrs. A. C. D. Wilson, Miss Louise Knight, Miss Amelia Green, A. J. Payne, Miss Pauline Biederman, Mrs. Ken. J. J. Ford, A. W. Bowdoin, M. C. Ewing, Miss Rita Ritchie, Miss Frances Travers, Thomas Guy, Harry Dunlop, J. Fraser Gregory, A. C. Wilson, Miss Beryl Blanche Murray Long, Mrs. T. J. Gunn, Mrs. J. M. Barnes, Howard Holder and Horace Cole.

City and Farm Equally Benefit

The man in the city and the man on the farm is each concerned with the other's prosperity, and each has equally strong personal reasons for supporting the Victory Loan 1919.

Last year Canada shipped to Great Britain and our European Allies \$496,932,191 worth of the products of our farms.

The future of Canadian Agriculture depends upon holding and extending its export trade in farm products, and the future of city and town prosperity is interwoven with agricultural prosperity.

Great Britain and our European Allies provide a ready market. But as a result of the strain of war, they are short of cash. They must buy on credit for a time.

The British market particularly, we must not—dare not—lose, because we have spent

many long years in cultivating it, and establishing a prestige there for Canadian products. Great Britain asks for a credit to buy our surplus food stuffs, and Britain always pays her debts. Our ability to extend this credit depends upon the success of the Victory Loan 1919.

Just think what it means to all of us to keep Canadian agriculture prosperous.

Canadian farmers form a large proportion of the buyers of Canada's manufactured products, resulting in trade for the manufacturer and retailer, and employment for the man in city and town.

With the money from the sale of his products the farmer buys agricultural implements, gasoline engines, tractors, wagons, seed, wire fences, fertilizers, milk cans, building material, roofing, furniture, carpets, furnishings, stoves, clothing, boots and shoes, groceries, drugs,

pianos, talking machines, automobiles, papers, and scores of other things.

The city and town man makes these goods, and his wages are spent in his local stores, so that starting with the farmer the chain of trade travels through every class of the community.

The city again furnishes a home market for the farmers. Our cities have been built by our farmers—by those farm boys who have developed genius in organization, business and finance, and who do not have to leave Canada to find a field for their activities. The farm and city are interdependent the one upon the other. Canada requires both, and both prosper.

Then upon both the man in the city and the man on the farm there rests a direct responsibility. Both must shoulder it and unite in making an overwhelming success of the

MAN FROM HARDY NORTH WOULD ABOLISH LIQUOR

Dr. Grenfell of the Labrador declares Prohibition Best Remedy for Boozing Evil

(Toronto Globe)

Dr. Wilfrid T. Grenfell of the Labrador speaks no good word for the liquor traffic. This man who for thirty years has ranged the seas with the hardy fishermen threw barbs of sarcasm into the upholders of the trade in strong drink. Prohibition was not a panacea for all the

DR. W. T. GRENFELL

evils of intemperance, he told the students at Convocation Hall yesterday morning. But, so far, there was no surer remedy known, and he was glad

he said, that the evil was being fought now in Canada.

The noted medical missionary touched for a few moments on the liquor question during the course of his sermon. When the great railway strike ended in England, workmen, he said, gathered in Albert Hall, London, and sang "Abide With Me." What a difference there would have been in the nature of the celebration if they had been carousing in alcohol.

"I am glad you are fighting the evil

here," said Dr. Grenfell. "I have lived with the deep-sea fishermen." But what good was it, he asked, to try and head a drunkard from sickness only to send him home to beat and abuse his wife and children? Prohibition, he knew, was not the panacea for all ills. But if it went into effect, the next generation would not want half the alcohol that this generation thinks it wants.

Not Philanthropists

A naval officer had told him only two nights previously, said the speaker, that he could not see why he should deprive himself of pleasures just to suit his wife and of his children," said the speaker ironically. Prohibition should be supported, he told the audience, until they saw something better that would curb the evil of the traffic.

"Dandering" Will Check That Ugly Dandruff and Stop Hair Coming Out.

To stop falling hair at once and rid the scalp of every particle of dandruff get a small bottle of "Dandering" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any strands. Soon every hair in your scalp shows new life, vigor, brightness, thickness and more color.

of the influenza." he observed.

Later in his sermon he touched again on the subject. He was telling about a captain among the fishermen, a big man, wonderfully keen and strong as a horse. One day the captain came to him and said that he was going to follow the teachings of Christ. On the following Sunday, said the doctor, he went aboard to see the captain.

Some of his friends were trying to make him drunk. They were his friends, and no doubt they considered themselves also the friends of his wife and of his children," said the speaker ironically. Prohibition should be supported, he told the audience, until they saw something better that would curb the evil of the traffic.

London, Oct. 19—(Canadian Associated Press)—Saturday's football game resulted as follows:

Scottish League—Hamilton 0, Dundee 1. International Football Game—England 2, Wales 0.

Northern Union Rugby—St. Helen's Recreation 8, Broughton 8; Hull 28, Wakefield 10; Wigan 7, Oldham 10.

Lancashire Cup (first round)—Leigh 4, Huddersfield 9; Bramley 18, Hull Kingston 5; York 10, Hunslet 9; Featherstone 15, Keighley 4.

Saturday's football was marked by several ugly incidents notably at Coventry, where the crowd rushed the field compelling Referee Low of Liverpool to flee.

The first league features are Everton's form away from home, West Bromwich's continued success and Newcastle's wonderful defence. Tottenham played remarkably well and Coventry won their first point after two months of play.

Celtic suffered the first defeat of the

MEAT CAUSE OF KIDNEY TROUBLE

Take a Glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

Lieut.-Col. Blaine, Former O. C. of 62nd Regt., is Dead

COL. BLAINE.

In his ninetieth year, one of St. John's oldest and best known citizens, Lieut.-Colonel Arbutnot Blaine passed away yesterday morning at his home, 74 Duke street following a short illness. He was a familiar figure to very many people about the city for years and bore the goodwill and esteem of all. He had served through four generations of McMillans in the firm of J. & A. McMillan as a printer, being with the firm for seventy-one years, retiring a few years ago.

In politics he was a staunch Liberal and always took a keen interest in every election, dominion, provincial or civic, and for years he was chairman of Duke's ward.

Lieut.-Colonel Blaine was born in Killbeg, County Donegal, Ireland, in 1829, and came to this country, settling in St. John in 1842. In the year 1845 he entered the firm of J. & A. McMillan and had been with it until the time of his retirement in 1916. In 1848 he became foreman of this firm's bindery and at the time of his retirement was in charge of the bindery. When he entered the firm's employment the great-grandfather of Major Alexander McMillan was head, and he rendered faithful service to him and to the three following generations of McMillans. He was highly respected by all in the establishment and took a great interest in the growth of the business, always executing his duties with great efficiency and promptness, and it was with deep regret that the firm parted with his services in 1916. It was in 1863 when the volunteer regiment was at its height and when nearly all the principal citizens were

members of either the militia or volunteers that Arbutnot Blaine joined the Queen's Own Volunteer Company then under the command of Captain Robert W. Crookshank and which soon became No. 1 company of the St. John Volunteer Battalion. When the Canadian Militia act came into force the battalion was numbered as the 62nd and continued as such until 1871 when it was disbanded. Through the efforts of Sergeant-Major Blaine as he then was, and some others, a company known as No. 2 company was raised later in the year with Blaine next climbed to the rank of major and succeeded Colonel Sullivan as commanding officer of the battalion in 1876. In 1882 the battalion was authorized as the 62nd Fusiliers. In 1885 four companies were called out for active service in the Northwest Rebellion as part of the Brunswick battalion and Colonel Blaine was given command of the right half of the battalion. The battalion only got to Sussex where it was held for two days by which time the rebellion had been dealt with.

In 1887 he commanded the city brigade at the celebrations in honor of the Queen's Golden Jubilee and several other times was the senior officer at similar turnouts. He served with distinction through several labor troubles when the militia was called out in aid of the civil authorities and Colonel Blaine lived up to the good report sent in by the D. A. G. at the time of his appointment. The report read as follows: "The corps has secured a worthy successor in Lieut.-Colonel Blaine of whose zeal and energy I have already had occasion to bear testimony. He has served in almost every capacity in the force from private to lieutenant-colonel and while he has shown himself willing to obey he has proved himself fitted to command."

Although Colonel Blaine was unable to accompany his battalion to St. Andrew during the Fenian Raid affair in 1866 he was nevertheless on duty in the city and received the Fenian Raid medal. On June 3, 1893, Colonel Blaine handed in his resignation and retired from active military life after thirty years of service during which time he had won the esteem of all ranks. On his retirement he was presented with a beautiful gold watch and chain by the officers of the regiment. He died yesterday morning at 9 o'clock. He leaves to mourn one daughter, Mrs. Edward Walker, of 74 Duke street, and two grandchildren, Nora and James, the children of his son, the late James Blaine, who also reside in this city. The sympathy of the community goes out to these sorrowing relatives. The funeral will take place on Tuesday from his late residence to Fernhill cemetery for interment and it is understood that while it is not to be a military funeral in the strict sense of the word, nevertheless all the old members of the 62nd Fusiliers will turn out in a body to conduct one of the fathers of their regiment to his last resting place.

Victory Loan Campaign. Montreal, Oct. 20.—The opening shot of the Victory Loan campaign will be fired on Thursday evening at the Rose Room of the Windsor Hotel, when the chair will be taken by E. W. Beatty, president of the C. P. R.

MANY EVENTS OF SPECIAL INTEREST IN THE CHURCHES

In Queen Square Methodist church yesterday the services were most interesting in character, commemorating the 125th anniversary of the church and including the unveiling of a memorial tablet in honor of those from the church who gave their lives in the war. Rev. H. Johnson, now of Moncton, a former pastor, was welcomed at both services by large congregations and preached in the morning and evening, sermons of power and interest. In the afternoon Rev. M. E. Conroy, a returned army chaplain, officiated at the unveiling ceremony, giving a splendid address on service.

The memorial tablet is a pretty mural design in the form of an oak shield, containing silver maple leaves on each side which is written the name of a soldier hero from the church who died in the great conflict. The names contained on the tablet were those of Lieut. Ernest Welch, Lieut. A. Clair Gilmore, Lieut. Gordon Tuffin, Lieut. Ronald S. Machum, Ray Tuffin, A. J. McAlpine, Harry White, George Runelman, Willard Robb and Eugene Clark.

A special service for children was held in St. Mary's church yesterday morning at which awards were made for perfect attendance. H. Usher Miller, lay reader, gave an interesting address. In the evening the annual Thanksgiving service was held and Rev. R. Taylor McKim delivered a helpful sermon. The offering for the day amounted to \$831.05.

The harvest festival was celebrated in St. Paul's (Valley) church yesterday and the church was beautifully decorated with fruit and vegetables. The rector, Archdeacon W. H. Croft, presided at both services, while at the morning service there was a choral celebration of the Holy Communion, the music being sung by the choir.

A special rally service for Sunday school children was held in St. Luke's church yesterday. H. Usher Miller conducted the services. Daily day services were held in Centenary church yesterday and were largely attended. Chief Justice McKeown presided, congratulating the scholars on their attendance and on their excellent programme. He also referred to the various outside work, such as the seats and the Epworth League.

In many of the city pulpits yesterday, exchanges were made and visiting clergymen heard. Rev. E. F. McLaughlin, provincial organizer for the Forward movement was heard in St. Matthew's church in the morning and at the Carleton Methodist church in the evening. Rev. H. A. Goodwin of Centenary church was the preacher in the Carleton Methodist church in the morning. Many of the Baptist ministers being absent attending the convention in Woodstock, special preachers conducted the services in the various churches. In Central church Rev. Bruce D. Knott conducted the services in the absence of Rev. D. J. McPherson. The Wesleyan street church pulpit was occupied by Rev. George Scott; that of the Fairlie Baptist church by Rev. J. C. Berry, Main street Baptist, by Rev. F. E. Boothroy; German street church by Rev. W. D. Wilson, and the Charlotte street church by Rev. T. C. Wilson of Pennfield.

In Fredericton. Fredericton, N. B., Oct. 20.—In St. Paul's Presbyterian church here today a memorial tablet containing the names of twenty-five members of the Sunday school who had sacrificed their lives in the war was unveiled. Rev. C. Sutherland officiated.

ST. JOHN BOYS SUSPECTED OF FIRING THE ACADEMY. Two St. John boys studying at the Academy, Sackville, N. B., and one other are under confinement following an attempt to burn the building on Saturday. They are said to have set two batteries in the basement near the furnace with a coil of wire adjoining wound round an alarm clock so that when the latter went off a spark would fall on some inflammable matter placed nearby. A slight fire occurred, but no damage was done, and they are said to have made a second attempt later.

London, Oct. 20.—(Reuter's)—Major-General Sykes, controller-general of civil aviation, in an article in the Observer on the colonies and aviation dwells on the great opportunities in Canada. He says aircraft can be employed to extend the influence of the railways and will give an impetus to every branch of Canadian commerce. As an instance of their usefulness in developing of virgin land, he suggests an air route linking Quebec with the Lake Superior terminus of the Van-der-Water line. The services might radiate toward Winnipeg and thence to Vancouver and many parts of the north-western provinces. Aerodromes can be planned in every centre of new towns sprung up in Canada instead of outside as in older countries. Aircraft might be used for discovering prairie fires, herding, patrolling, timber location and survey work. Map making by aerial photography should supersede the present costly and slow method of trigonometrical survey. General Sykes concludes by expressing confidence in Canada's very great future in the air.

Advertisement for PROBLEM FOR COURTS. London, Eng., Oct. 20.—The courts have been called upon to unravel a knotty matrimonial tangle. A wealthy gentleman in the early days of the war married a pretty waitress. She died some time ago of influenza. Soon afterwards an invalid soldier claimed her property—the generous gifts of her wealthy admirer—on the ground that he was her legal husband. The unofficial husband has now died, and his executors are faced with as tangled a piece of litigation as ever came before the bench.

## THE STAR THEATRE

MONDAY and TUESDAY

### WILLIAM RUSSEL

In a Story of Romance and Mystery.

#### "A SPORTING CHANCE"

Perilous midnight. A crowded New York hotel. A stage set for deep, dark plots. A hero—Valor's very man. A heroine—dark-eyed, divine. A frame-up involving life and death—mimic murder—disappearing emerald—police, pleadings, has a tany plans. Then—the gallant lie! "My life for yours." And the plot thickens and thickens—before it clears.

Sick of war stuff—western stuff—sob stuff? Tired of death of musy love-making and kissy close-ups? Ready for something different—a real thriller, full of mystery and adventure, with just enough romance to sugar it delicately without making it sticky-sweet? Then go see William Russell in "A Sporting Chance."

#### "THE SILENT MYSTERY"

CHAPTER 2

### FRANCE HONORS BRAVE OF PARIS

**Croix de Guerre Presented to the City at Impressive Ceremony Before Thousands**

Paris, Oct. 20—(By the Associated Press)—The Place de l'Hotel de Ville, where Marshals Joffre, Foch and Pétain received swords of honor during the victory celebration and where many other ceremonies occurred during the war, was yesterday the scene of the greatest demonstration of all when President Poincaré pinned the Croix de Guerre on a cushion-bearing the arms of the city of Paris.

The public was admitted to the open space fronting the city hall, occupying every inch of available room, and took a direct personal interest in the ceremony, as the coveted decoration was conferred on the city in recognition of the gallant manner in which the people of Paris withstood the fire of the long range "Berthas" and the attacks of the enemy's air squadrons.

Delegations from various other cities in France which had already been decorated with the war cross for gallantry under bombardment, filed past the president and were cheered by the children of Paris, after which President Poincaré affixed the war cross on the cushion which was held by the president of the Paris municipal council.

There was an impressive hush, when there had been tumultuous cheering for

the representatives of the other cities, when the little ones from Alsace marched by. A military review, concert and luncheon at the city hall followed the ceremony. Three performances were given in the evening by the principal theatres and a special spectacle at the Chatelet for the children of Alsace.

Persisted in paring his combs with a razor. Foolish when cure is so painless and sure with Putnam's Corn Extractor. Use Putnam's only—it's the best-guaranteed and painless price 25c. at all dealers.

**FREE LANCE BURGLAR.**  
Ossining, N. Y., Oct. 20—Ben Mason, known throughout the United States as the "free lance burglar," because never worked with confederates, has been paroled from Sing Sing prison. "Big Ben" is now seventy-five years old and has served two score years in various prisons.

#### A Simple Way to Reduce Wrinkles

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags. To remedy this condition, there's nothing so effective, so quick-acting, as a simple wash lotion easily made at home. Just get an ounce of pure powdered salicylic acid, a half pint of witch hazel, mix the two and bathe your face in the liquid. This at once tightens the skin and solidifies the underlying tissues—which, of course, get out the lines and draws in the skin. It also stimulates capillary circulation, bringing natural color to faded cheeks.

### SPORT NEWS OF A DAY; HOME AND ABROAD

#### BASEBALL

**Regarding Local Suggestion**  
Perhaps one of the most discussed topics of the day about the city streets, is the proposed entry of St. John in the New England Baseball League. Everywhere fans are talking about the good that would be derived from such a move and the advertising the city would get from it. It is generally conceded that there are grounds available for a suitable ball and athletic park and all are awaiting an announcement of some decisive step.

#### FOOTBALL

**Fredericton High Wins**  
The St. John High School fifteen were defeated by the Fredericton High School team at the capital Saturday afternoon 8 to 0. Neither team scored in the first half, but in the second the Fredericton boys crossed the St. John High line twice and converted once.

The teams lined up as follows:

Fredericton High	St. John High
Forwards	Forwards
Hawkins	McJunkin
Yerxa	E. Ellison
McGinn	Thompson
Blair	Atchinson
Sheldon	Dalton
McNally	Johnson
Trafton	Turner

#### How to Avoid 'Flu'

##### What and What Not to Do

"You have to live with influenza to get it," says the Health Commissioner of New York.

"Outdoor life, sleeping with windows open, taking exercise and using common sense with regard to food are the best preventatives."

"Apparently, the germs of influenza are easily conveyed by the hands more easily than other ways. People should make it a rule to wash the hands and face several times a day with soap and water."

Special attention should be paid to keeping up the general health.

A wise precaution is to take a reliable saline like Abbey's Effervescent Salt, and thus make sure that the system is in the best possible condition to resist the disease.

#### Semi-ready Tailoring:

"Complacent self-satisfaction is the forerunner of a falling off in progress."

"We can land some goods to the skies and the makers fail to uphold their reputation—"

"Some folks can't stand prosperity and prestige; it just intoxicates them and they lose their balance—"

"But of Semi-ready Tailored Clothes we can say that each year shows progress and improvement—"

"A betterment in tailoring and a keen and painstaking study always of the individual garment."

"Since the first Semi-ready garment was made in 1898—well, it would be interesting to place it side by side with the present Semi-ready tailored suit."

The Semi-ready Store,  
King and Germain.

He could have kicked with ease and safety.

#### McGill Trims Queens

McGill's rugby team defeated Queens on Saturday afternoon 22 to 2. The McGill boys broke through their opponents' line several times.

#### TURF

##### Toronto Boy Tops List

New York, Oct. 17—Little Clifford Robinson, a Toronto youngster who has led all the jockeys in the country throughout the summer, still is well to the fore, and there is small chance of his losing his honors unless he meets with an accident. Robinson's services are in great demand and he has ridden more horses than any other jockey this season, which is one of the main reasons why he has ridden more winners.

Robinson was a great disappointment when he came east to ride at the Saratoga meeting. He appeared to be a very ordinary rider, and he met with little success. But down in Kentucky and Maryland he has done exceedingly well. Johnny Loftus, as usual, has the highest percentage of winning mounts. He still is a class or two above the other riders despite the many glaring errors he has committed.

#### Woman "Bookie" Fined

London, Eng., Oct. 15—Ruth Gormley, was fined \$100 or in default 40 days' imprisonment at the Manchester police court for receiving betting slips. William Hughes was fined \$25 for aiding and abetting. The prosecutor said that children, some of them under fifteen years of age, were sent to hand betting slips to the woman. The court, flayed Miss Gormley for encouraging children to bet.

#### End of Grand Circuit

Atlanta, Ga., Oct. 20—Heavy rains on Saturday prevented the carrying out of the last day's programme of the Grand Circuit races here and last night the visiting stables were on their way to winter quarters.

#### BOWLING

##### McAvity Inter-Department Bowling League

The McAvity Bowling League will be opened for the season on the Victoria Alleys this evening at eight o'clock, with the winners of last year and runners up as the competing teams. The alters have

been put in first-class condition under the able management of William Laskey and the members of the league are looking forward to one of the best seasons since the organization was formed.

The following teams: No. 1 King Street Retail; No. 2 Vulcan Foundry; No. 3 Water Street Finishing; No. 4 King Street, Wholesale; No. 5 Water Street Foundry; No. 6 King Street Office; No. 7 Water Street, Non-Pros, will compete as the schedule below designates.

Champions in Tournament New York, Oct. 18—A dream of the world is about to be realized. For years cue enthusiasts have clamored for a titular match between Welker Fran, a youthful prodigy of Manson, and Willie Hoppe, bolshie champion. At different times determined efforts have been made to match them, but have been futile until now. These leading experts are to meet in the night's play in the national balking at the Hotel Astor on Monday night. opening day's schedule of matches them hooked up in what should be one of the most interesting of the other matches on the first day. Schaefer and Ora Morningstar will at one o'clock in the afternoon, and at one o'clock those two veterans, George and George Slosson, will meet. Brennan and Morley will clash at 8:20 in evening. Koli Yamada, the Japanese champion, has drawn a bye and will play alongside while the six other contestants battle in the first matches for the championship which Hoppe has held so long.

FOOTBALL CHALLENGE

The members of the G. W. V. A. football team desire to play the team from the Atlantic Sugar Refineries and challenge them to a match to be arranged on next Saturday afternoon. An answer is desired through the Times.

THE TAG DAY

It was not known up to the time of going to press, how much had been collected on tag day by the King's Daughters on last Saturday. Mrs. W. H. Niswonger was in charge of the campaign, and she expected it would be this evening before the exact figures would be available.

THE NIGHT SCHOOL

Interest in the night schools in the city is being well maintained, but more pupils would be welcomed. A class of more than seventy is attending the King Edward school and of about twenty in Central School. Schools have not yet been opened either in North End or West St. John.

RETURNING TODAY

Four soldiers who returned to Quebec on Saturday aboard the steamer Scandinavian from England are due to reach the city this afternoon. Three of them are from St. John—Sergeant E. Wilson, no street address given; Private J. Dault, 120 Wright street, and R.Q.M.S. H. W. Cunningham. The fourth is Corporal H. W. Bird of Bridgetown, N. B. Major King Hazen is due to reach Halifax today on the steamer Celtic.

AT THE HOSPITAL

Allen Tongue, who was accidentally shot at Little River and brought to the General Public Hospital on Saturday, was reported today to be about the same as when he was admitted.

Frank Andrews and William Eagles, who were injured seriously yesterday afternoon in an explosion in the Newsway Company's mill, and taken to the General Public Hospital, were reported today to be resting as comfortably as could be expected.

HOUSING COMMISSION SELLS FIRST HOUSE

The sale of one of the houses which are to be erected by the city housing commission was announced by Commissioner Bullock this morning. The purchaser is W. W. Frost and the house which he has selected is one of the self-contained type.

The fact that a sale has been made almost before construction has been begun is regarded as assurance that there will be no difficulty in disposing of the entire number before they are ready for occupancy.

THE ST. JOHN ART CLUB

Too few people in St. John are aware of the excellent work which the Art Club has been doing for the last few years. If citizens would step into the studio in Peel street in the afternoon they would see an active class of young people who are endeavoring to make themselves masters of free-hand drawing.

From these students should come the merchant and manufacturer who want something new in advertising.

Those who want also the more artistic picture can find it at the studio. Some of it done by local talent and some of it collected by the energy of the president, W. S. Fisher, and by the unflinching services of C. H. Flewelling and others of the executive. The lectures given last winter were a great treat, and it is hoped they will be continued in an even more artistic form this winter. The very low fees should not prevent any person from being a member of this society.

The benefit from this institution radiates through the province and the citizens should aim to place it on a good financial foundation. In fact it should have a solid brick building with ample room to display their pictures free, where the members could also have their business and social gatherings.

THE MUSIC SOCIETY

The new Music Society, which took definite shape last week, proposes to have a series of concerts during the coming winter. Local talent with some imported talent, both in vocal and instrumental music, will be the attractive features of the programmes. Membership cards will be issued immediately and a score of ladies will canvass the city in an effort to get seven or eight hundred members added to the club. The annual fee will permit the holder of the card to attend all the concerts during the winter and is transferable.

Citizens patronize well almost everything in the way of music that comes from foreign countries and doubtless will do as well by this laudable effort to develop local talent. From this club should come shortly a first-class orchestra, to be followed later on by a choral society. In Bangor and Portland great success is won by choral societies.

COMMISSIONERS LOCK HORNS WITH CHIEF INSPECTOR

Man Arrested Released Without Deposit, Though Mr. Wilson Protested

An incident which has caused considerable discussion happened late Saturday night, when Liquor Inspector Merryfield stepped up to an automobile, which was driven by Edward M. Doody, and asked to make a search. This was not taken kindly by the owner, and as the inspector stepped to the running board the car sped down the street. The inspector finally succeeded in having the engine stopped and as a result of the incident the driver was taken to the police station, and it is understood a charge of having liquor in his possession, and operating a car while under influence of liquor was laid against him. Influenced was at once brought to bear in an endeavor to get the defendant released from jail. The chief inspector, Rev. D. Wilson, was communicated with but he positively refused to let him out unless a deposit of \$200 for his appearance was put up. This was refused and the chief of police was communicated with. He said that a deposit was required. Commissioners Thornton and Jones were then sent for, and Inspector Wilson says that brought the intervention of one or both of them the prisoner was released, in the face of his protest and without making a deposit. He says this is not the first time a commissioner has interfered in this way, and that this is not the end of it.

When the case was called this afternoon the magistrate, Mr. W. D. Wilson, would have to put up a deposit of \$225 and the case would then be adjourned until tomorrow for further evidence.

AGAIN DISCUSS RAISE IN WHARFAGE RATES

(Continued from page 1.) The partnership had assumed a burden of \$32,000 for interest and sinking fund and the chamberlain had advised him that the revenue thereon would be \$8,785. In view of this he thought the increases should be made direct to import and export cargo. He felt that the local rates should remain as they are.

The schedule proposed was as follows: Lumber—Fifteen cents per 1,000 feet; this rate to apply when delivered from barge, scow or vessel directly into vessel or vice versa.

Grain—Three cents per ton through elevator, chutes or conveyors and otherwise.

General cargo—Twenty-five cents per ton; this rate also to apply when delivered from barge, scow or vessel directly into vessel or vice versa.

Horses—Ten cents each.

Cattle—Ten cents each.

Sheep—Two cents each.

Coal—Ten cents per ton.

Coal—Five cents when delivered from barge, scow or vessel directly into vessel or otherwise.

On general cargo the increase would be from twenty to twenty-five cents a ton. He would not put the increase on grain from three to five cents into effect at present. Lumber would be increased from ten to fifteen cents per M.

For next season they would have to provide for new heating apparatus for the west side warehouses. They now are heated by steam from the C. P. R. elevator but the connecting pipes were wearing out and the C. P. R. wished to discontinue the arrangement. It would be necessary to build a brick boiler house and install a new plant for warehouses Nos. 1, 2 and 3, and money must be found for this.

Mr. Thornton asked if some notice should not be given, and Mr. Jones suggested that an opportunity should be given to hear delegations.

Mr. Bullock replied that the matter had been all threshed out last year and the agreement of those affected had been given. He also explained that the by-law could not go into effect until the expiration of twenty days.

Mr. Fisher wanted at least a week's notice.

Mr. Thornton objected to railroading things through; he did not want to see business driven away.

Mr. Bullock—Perhaps we should lower the rates, if that will attract business. The plea that business would be driven away has been made every time an increase is suggested. The city has got to the point where it is necessary to increase the revenue.

As there was no seconder to Mr. Bullock's motion that the increased schedule be recommended to the council for adoption, the matter was dropped.

On motion of Mr. Bullock, the estimate for repairs to the cross wharf, West St. John, performed by R. R. Lee, was increased by \$100 to \$898. This makes the total cost for this work \$2,906.

FUNERAL OF BOY

A large number of friends attended the funeral of Raymond Cunningham, held on Sunday afternoon from the home of his grandmother, Mrs. Bradshaw, Manawagonish road. Services were conducted at the house by Rev. Thomas Marshall, and interment was in Cedar Hill. A Good Bed Davenport is Not Only Charming But Accomplished

—which is to say that simply because a Davenport can "do things" (open out into a luxurious bed, for example) is no reason at all to imagine that it is above feeling a certain amount of vanity about its personal appearance.

So the latest fashion in Bed Davenports combines no small degree of smartness with its practicability—as any of those upon our floors make very clear.

Your new Bed Davenport is important enough to deserve a thoughtful selection from all the styles that might be best for your home—and so we're sure you will be permanently glad if you decide to come here.

Also sliding couches and divanettes naturally.
