Heard of Capt. Edgett Since First of July—Property Sold

TON, N. B., Oct. 7.—Captain Edgett, a well known resident, was in the city for a few years, has been missing since the first of July, but as he was not expected to return, his relatives are not especially alarmed about it. The finding of a skeleton in the sea near here a couple of days ago has caused some speculation, but the identification of these remains as those of Donohue, set these fears at rest. It is claimed that Donohue was an aged man, and to Richmond, but claimed to be born in Dublin, Ireland. He was a farmer in the vicinity of St. John's, and was capable of doing a good deal of work. He was a healthy man, and was in the best of health when he disappeared. He was believed to have been through the woods here by sick a spell, and lying in the water.

PREMIERS HAVE FINALLY COME TO AN AGREEMENT

Provinces Drop Special Claims and Go In for General Demand for a Per Capita Increase — British Columbia Still Holds Out, But Will Probably Submit

(Special to the Sun.) OTTAWA, Oct. 11.—It is understood that the result of this afternoon's sitting of the Provincial Conference all of the provinces, with the exception of British Columbia, have agreed to drop their claims for special consideration and to go in on the general demand for a per capita increase. Ontario was one of the last to come to this agreement. Premier Whitney maintained that Ontario was the largest contributor in proportion to its population to the revenue of the country, and that it should therefore be entitled to a larger share of the subsidy, but it claimed to be received less help toward railway construction than the other provinces. Therefore Mr. Whitney was willing to accept the increase provided for under the Quebec resolutions provided he was allowed to reserve his right to apply for more. He was charged with wanting both his share of the increase, and to retain his grievance. He has since abandoned this position, though he said that he cannot agree to give up the control of deep water fisheries, as the other provinces are, until he has taken the opinion of his colleagues. The federal government wants the undivided jurisdiction over Lake Erie fisheries along the international boundary.

PREMIER BLAMED FOR TROUBLE IN NEWFOUNDLAND

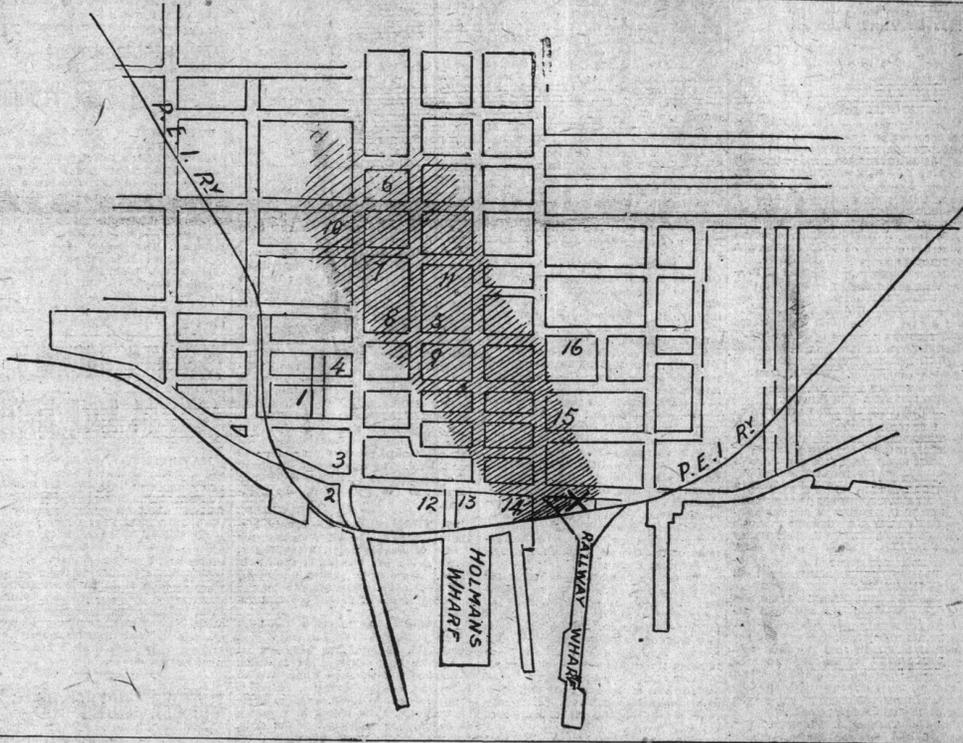

ST. JOHN'S, N. F., Oct. 11.—The cabinet met tonight to consider the advisability of a policy of pronouncement against the modus vivendi between the British and American governments relative to the Newfoundland fishing grounds. Leading fish merchants also met tonight and adopted resolutions in which the modus vivendi is condemned. The organ of the opposition blames the premier for the whole trouble, declaring that the people of this colony do not want to quarrel with Americans, but the premier is forcing the fight, to obtain revenge upon American fishermen because his reciprocity project was blocked. Official critics deny the statements appearing in a London despatch to the effect that Newfoundland will not consent to an equitable compromise on the fishery question. They insist that the modus vivendi is absolutely irrevocable in that it allows American fishermen to fish in the bay, which is a concession exceeding their treaty rights and one wholly unwarranted.

HEAVY SNOWSTORM DOES GREAT DAMAGE

NIAGARA FALLS, Oct. 11.—A heavy snowstorm set in last evening and has continued constantly since, with a light west wind. Fully five inches of snow have fallen. Great destruction has been done in the surrounding country to outstanding fruits and other crops. Telephone and telegraph wires are flat on the ground with the weight of snow and fruit trees are split with the weight of the snow and fruit. Fruit growers of Stamford and Niagara township estimate their loss up in thousands.

SUMMERSIDE, P. E. ISLAND Showing the Principal Parts of the Town—The Shaded Part Indicates Approximately the Path of the Fire.

The above is a plan of the town of Summerside, the shaded portion showing the section over which the fire swept. The numbers refer to the following places: X—The P. E. I. Railway freight sheds in which the fire started. 1—Skating rink. 2—Bank of New Brunswick. 3—Clifton House. 4—Market building and town hall. 5—Russ Hotel. 6—Roman Catholic convent and cathedral. 7—Baptist church. 8—Anglican church. 9—Post office. 10—Court house. 11—Methodist church. 12-13—R. T. Holman's big stores. 14—Railway station. 15—Plaza Hotel. 16—Electric station. The business portion lies in that section to the south of the fire zone and bounded by the railway track, the district wherein the figures 1, 2, 3, 4, 12 and 13 are found, and according to accounts it did not suffer to any great extent. SUMMERSIDE, P. E. I., Oct. 11.—This town is mourning tonight over the destruction of the residential section a mile long and a quarter of a mile wide, by the worst fire in the history of this place. It broke out at ten last night in the railway freight shed at the edge of the town during a fierce

L. G. PRITCHETT AGAIN HEARD

Notorious Election Fakir Bobs up Once More (Special to the Sun.) TORONTO, Oct. 11.—J. C. Pritchett, leader of the gang who made the famous affidavits in the West Elgin election scandals, and who has always been regarded as a leader of the gang which operated in various ridings during the election contests in late years, was the star witness at the London bribery investigation this morning. He said that the headquarters of the election manipulators had been Toronto, where plots to steal elections were for the most part hatched. He described John O'Gorman as the paymaster. Most of the money handled by the machine was "Dominion money," which was received from a man named McDonald and finally paid to voters by Tom Lewis. There were two favorite methods of winning elections, namely, purchasing

TORONTO ENTERS ACTION AGAINST STREET RY. CO.

TORONTO, Oct. 11.—Toronto has just entered against the Street Railway Company for \$12,000, which is held to be payable by the defendants as liquidated damages by reason of neglect of defendants to furnish a reasonable service from the first day of June to the tenth day of October inclusive, 1904, being the sum of \$100 for each of the 122 days.

AUTHORITIES ON SHARP LOOKOUT FOR FLEEING HAVANA BANKER

NEW YORK, Oct. 11.—Cablegrams to all ports in the world were sent out today asking the authorities to keep watch for Manuel Silveira, the Havana banker, who is accused of having absconded with more than \$1,000,000, thereby causing the assignment in this city of the banking and commission house of Juan M. Ceballos & Co., which failed on Wednesday last with liabilities of between \$2,000,000 and \$4,000,000. It was announced here today that Silveira is not on board the steamer Carmelina, in which he and his family sailed from Havana. It was said that the present whereabouts of the Carmelina are known and that the destination of the other steamer, to which it is said Silveira and his family were transferred two days out from Havana, has been ascertained. William V. Rowe, receiver of the wrecked firm, said today that every effort was being made to apprehend Silveira, who, he said, was a close personal friend of President Castro of Venezuela, and had important financial relations with the head of the South American republic. Detectives have already sailed from New York to Havana, from which city they will take up the search for Silveira.

GEO. W. FOWLER IN TROUBLE

Has No Desire to Avoid Giving Evidence

(Special to the Sun.) TORONTO, Oct. 11.—George W. Fowler, M. P., who is wanted in the insurance investigation, arrived from the west at 10.30 tonight. He said he was on a business trip and had no desire to avoid giving evidence. Matthew Wilson, K. C., told the insurance commissioners this morning that he considered Chancellor Boyd's statement regarding transactions relating to information of Great West Land Company was inaccurate, and he accounted for this result of the chancellor's confusing two private discussions with him, one while Wilson, Foster and McGillivray were intending to put their own money into lands, and second after it had been decided to get Union Trust to finance the whole enterprise. Shepley read from the evidence of Sir John Boyd emphatic statements regarding his conception of the transactions, but Wilson still held that Boyd had full understanding of the matter at the time, but when giving his evidence to a commission had got two covers, as he mixed up Wilson also said he did not know that Pope and Fowler had kept 7,000 acres out of the 200,000 for the benefit of their own grantees, nor that 8,640 acres transferred to supplement 128,000 originally handed over from lands ruled by Pope and Fowler. He thought propriety of dealings of directors with their company depended on circumstances, he held that where a man was a director of a bank and also of a trust company the latter could properly borrow money from the bank. Witness admitted this was true, and seen that he had suggested legislation to prevent such relations between directors and their own companies. Shepley pressed Wilson for a real reason why he, Foster and McGillivray did not continue to finance their own half of the enterprise, even though other parties could not finance their share and had to borrow from the Trust Co. Witness said McGillivray would have had to mortgage his lands, and also that no company would undertake to finance half the enterprise but would take "all or none."

Wilson also explained the transaction in connection with the purchase of the Pope-Fowler option, and said he was willing to abide by the decision of Elliott G. Stevenson as to the desirability of returning to the Union Trust Co. \$271.2 shares of stock in the Great West Land Company, which had been surrendered. It transpired that in reorganization of the Union Trust Company in which Wilson was acting for the I. O. F., he had acquired one half interest in block of stock held by E. E. A. Duvernet, upon which he had paid nothing and which he had offered Duvernet an advance of \$25,000 for sale to the gentleman's English friends. Offer has not been accepted. Wilson stated that he had accepted position of president or vice president of reorganized company, salary of \$5,000 a year, and that Duvernet had supplemented proposed salary by cash payment of \$2,500. He had previous to that payment endorsed check drawn by Duvernet for \$5,000, but knew nothing about disposition of money by Duvernet.

FORMER MONTREAL LAD PLACED ON TRIAL FOR MURDER

MONTREAL, Vt., Oct. 11.—Roy Mullin, a young nurse of Barra, formerly of Montreal, was placed on trial in the Washington County court here late today on a charge of murdering Fred. Batchelder of Barra last spring by administering arsenic. Mullin, who had been in the State Insane Asylum at Waterbury for observation as to his mental condition. He was brought to this city today by Sheriff Frank Tracy. When arraigned in court Mullin pleaded not guilty to the indictment. He appeared to be in good spirits and frequently conversed with his counsel while a jury was being selected. Twelve men were sworn in just before the adjournment of the court for the day. The case will be resumed in the morning. Among the evidence which will probably be introduced will be a report of the asylum physicians on their observations. The state claims that Batchelder died as the result of eating chocolate cream and sandwiches containing arsenic, said to have been given him by Mullin, who frequently visited Batchelder's boarding house. No motive has yet been advanced.

CHARLOTTETOWN, Oct. 8.—The exhibition opened today with cold but dry weather, and a fair attendance. Lieut. Governor McKinnon, President F. L. Haszard, Mayor Paton, R. Robertson, Supt. of the Nappan Experimental Farm, and Judge Fitzgerald, were the speakers. The livestock show is the best ever known on the island. The mainland is strongly represented by W. C. Edwards & Co., Rockland, Ont. herd of shorthorn and Archibald, Truro, shorthorns and Ayrshires; Black, of Amherst, Herefords; Logan Bros., Amherst Point, Holsteins; McMonagle, Sussex, Guernseys and Jerseys; Perley, Sussex, Ayrshires; Hume, Memé, Ont., Ayrshires. The cattle entries are so exceptionally large that they are one hundred stalls short. The swine and sheep are the best ever shown. The horses are a strong showing, and fruit and vegetables are up to the average. The dairy products are ahead of last year's.

FREDERICTON, Oct. 8.—Hon. A. G. Blair, the president of the New Brunswick Telephone Co., has been here since the meeting last week and will leave tomorrow for St. John. He spent most of yesterday with Senator Thompson and W. T. Whitehead, M. P. P., directors of the New Brunswick Co., and it is said that they were discussing matters connected with the amalgamation.

Today a story was circulated that fresh trouble in connection with the affairs of the Central Co. had arisen and that the merger of the two companies might be interfered with or delayed. It was also said that a meeting of representatives of the companies would be held at St. John this week.

This afternoon Senator Thompson said he knew nothing of any new trouble. He admitted that construction work, etc., was considerably tangled and that some conference should be held and so on. However, he could give nothing new on the subject.

Senator Thompson said that H. D. Tindin had severed his connection with the company and that H. E. Bennett was now acting as assistant general manager.

MONCTON, N. B., Oct. 8.—The inquest to enquire into the death of Albert J. Gorman opened here tonight and after several witnesses had testified, adjourned for a week. In the meantime an effort will be made to secure A. P. Porter, who went to the wharf with Gorman the day of the drowning, and who is now in Toronto, where he is ill. The evidence tonight was relative to the finding of the body. The nature of the bruises on it and also the testimony of the boy who saw it floating in the river, and the evidence of Dr. White, who examined the body, would indicate that Gorman had fallen over the wharf and lay stunned on the rocks beneath until submerged and suffocated by the incoming tide.

SYDNEY, N. S., Oct. 8.—The worst collision in the history of the Sydney and Louisbourg Railway, which occurred near the town Reservoir, four miles out, about three o'clock this afternoon, and as a result one man is dead, another dying, and nine more injured to a greater or less extent, but none is now believed fatally.

The accident was caused by a collision in the deep cut of the road between No. 6 construction train and No. 8 with a load of coal empties coming from Louisbourg.

The construction train which had several empties and a van containing men, was going along the track picking up railway ties. When near Junction it was obliged to cross engine No. 4 and after the cross was made proceeded again toward Port Morien in charge of Engineer Parker Holmes and fireman E. J. McDonald. The engine was reversed and had all cars ahead of it, farthest in advance being the van in which the workmen were standing.

The injured are Dan McLennan, brother of the dead man. He is unconscious and thought to be dying. Dan, McAskil is very badly hurt and will probably have to undergo an operation before morning.

The others are: Patrick Hamilton, B. Bagnell, Wm. Eusey, Michael Murray, James Cameron, Malcolm McDonald (brakeman on 55) had a leg broken. The injuries include scalp wounds, broken legs and arms, bruises and other minor injuries. Three other men were hurt, but their injuries are not serious, and they have been taken to their homes.

Engine No. 55 was in charge of Driver A. Townsend and Conductor Jack Skinner. Hundreds gathered at the S. and L. Main street crossing, where teams were provided to carry the wounded to the hospital.

The sight was a terrible one. One of the oldest residents of Elgin, N. B., passed away Oct. 3. Martin Malne, and came to this province with his family when 18 years old. He has always been a loyal and devoted citizen, seeking only the highest ideals and good of his fellowmen.

The formation of the funeral procession was under the care of W. J. McKinnon and was most efficiently carried out. The deceased was buried with all honors of the Orange Society, the members of which headed the procession, followed by more than a hundred carriages.

The deceased was an enthusiastic worker in behalf of Orangemen, being a member of the Star of Hope Lodge of Elgin, and an organizer of it. He was also an honorary member of the Grand Lodge and attended over 25 sessions. In his efforts to be of service to the lodge he developed into a historian and lecturer of great ability. His services were always in demand. He leaves a large host of friends, who will feel deeply the loss. His home was always open to visitors, who were most cordially welcomed.

ANDOVER, N. B., Oct. 6.—The Victoria County Teachers' Institute met at the Grammar school on Thursday and Friday. Mr. Magher, the inspector was not able to be present and Mr. McAdam, the teacher in charge of the school, took charge of the sessions. The attendance of teachers was good and all the parishes were represented. Next year the institute is to meet at Grand Falls, Ont. Thursday evening a very successful educational meeting was held in Beveridge's hall, presided over by Mr. McAdam. Addresses were delivered by C. H. Elliott, Rev. Mr. Murphy, G. E. Baxter and Thos. Lawrence. The speakers were interspersed with music's duet by Mrs. S. P. and Berth, a solo by Miss Mary Stewart and a solo by Beverly Murphy. Miss Pearl Waite presided at the organization.

MONCTON, Oct. 9.—A pretty wedding took place at 12:30 o'clock today at the home of Mr. Wm. McHaffie, when her daughter Miss Isabel Roberts was married to G. P. Bolton, of St. John, who is a well known commercial man travelling in the interests of the Sussex Mercantile Co. Only the immediate friends and relatives were present. Rev. D. Macdorm, pastor of St. John's Presbyterian church performed the ceremony. The bride was charmingly attired, and wore a gown of white with hat of pale blue and carried a bouquet. A. H. McHaffie, master mechanic of the I. C. R., and uncle of the bride, gave her away.

Mr. and Mrs. Bolton will go on a hunting trip to the New Brunswick woods, after which they will live in St. John. The bride was one of Moncton's best known and most highly esteemed young ladies and his the best of a large circle of friends here. She was the recipient of many beautiful wedding gifts.

SACKVILLE, N. B., Oct. 6.—A very enjoyable at home was given by Y. W. C. A. and Y. M. C. A. in the Ladies' College parlors last evening for the students of Mount Allison institutions. The guests were received by Dr. and Mrs. Joseph Dixon, Brown, Miss Gussie Knight, Mrs. T. R. Constantine, Mrs. T. Barchard, Alfred Garland, Dennis Daley, Miss Frances Smith.

The Women's Baptist Missionary Aid Society held a very interesting session Friday afternoon and had a reception in honor of the county secretary, Miss Brown, who was staying with Mrs. Brown in the morning during the teachers' institute.

The bean supper held on Thursday evening for the benefit of the hall or fund was a success; \$25 was received. Ex-Governor McClellan expects to visit Elgin the latter part of the week to arrange for the local government experimental orchard to be placed in this parish.

The ladies of the Baptist church will supply dinners and otherwise cater to the physical well-being of the great crowd expected here on fair day, Oct. 10th. Deacon R. A. Smith and Deacon L. Godard were appointed delegates to the Albert district meeting of the Baptist church, which meets at Dawson Settlement, Oct. 30th and 31st. Rev. H. A. Brown preaches the quarterly sermon and delivers an address on What Our Maritime United Baptists Are in Foreign Missions.

The marriage of Arthur Powers and Miss Eva M. Locker of Parkinville was celebrated at the Baptist parsonage Saturday by Rev. H. A. Brown. ST. ANDREWS, N. B., Oct. 3.—Duvet Jack, M. ST. JOHN'S, Nfld., Oct. 8.—Popular anger against the modus vivendi arranged by the United States and British Governments with reference to the Newfoundland herring fishery is growing. There is a general feeling that the compromise arrived at was a backward step on the part of the British Ministry.

Today the Telegram, the premier's organ, accuses the modus vivendi of the craven policy of timid Downing street bureaucrats and expressed the hope that the Newfoundland government will show the same resentment and spirit of resistance to the terms of the modus vivendi, but it had done everything within its power to protect the Colony.

THE AMERICAN VERSION. WASHINGTON, Oct. 8.—The news that the modus vivendi had been signed was conveyed to Secretary Root in a cablegram from Ambassador Reid today, announcing that the British government had accepted the terms of the modus vivendi relating to the Newfoundland fisheries. No information has been received at the State Department concerning the proposed resignation of the officials of the Newfoundland government on account of the new agreement.

Great satisfaction is expressed over the successful result of R. E. Armstrong's mission to Fredericton last week, when he intimated to the government and succeeded in getting the promise of payment of \$20,000 voted years ago for expenditure on a wharf here.

# FOOD IRON

You need iron. Everybody does. The harder you work, the more you worry, the more iron you require. But Crude Iron won't do. Iron Pills, Iron Tinctures, Iron Tonics are useless in nineteen cases out of twenty. You must have pre-digested Iron or your blood will not assimilate it.

# FERROL

furnishes the iron you need in combination with Cod Liver Oil, and so intimately incorporated with the oil that the most delicate digestive organs cannot fail to assimilate it.

The value of the combination cannot be overestimated. It builds up and fortifies the system against Coughs, Colds, Bronchial Affections and kindred troubles. If any of these diseases have already been contracted, or if the lungs are affected or threatened, FERROL cures by enabling nature to throw off the disease, not by "killing the germs," which is a physical impossibility.

FERROL is an absolute specific for Croup and Bronchitis, and no household where there are children can afford to be without it.

FERROL is not a patent medicine. The formula is freely published. It is prescribed by the best physicians. It is endorsed by the most eminent Medical Journals. It is used in Hospitals, Sanitariums, etc.

## SHOT HIS GRANDMOTHER

While Snapping a Revolver Boy Sends Bullet Into an 80 Year Old Woman

NEW YORK, Oct. 9.—Mrs. Pauline Okuner, 80 years old, was shot and probably mortally wounded by her grandson, Harry Okuner, 21 years old, at his home at Hinesdale street and New York street, last evening. The shooting is supposed to have been accidental.

Okuner was cleaning an old revolver which he hoped to shoot horse thieves, said to have been lurking around his father's barns. Mrs. Pauline Okuner and Harry's father and mother were seated in the room. After firing the revolver the young man began snapping the hammer under the impression that there were no cartridges in the chamber. Mrs. Pauline Okuner had just been looking at the bullet when she saw the young man begin snapping the hammer under the impression that there were no cartridges in the chamber.

Mrs. Okuner pleaded with the policeman not to arrest her grandson, corroborating Harry's story of the shooting and declaring that it was entirely an accident. The policeman, however, after hearing the story, took Harry to the Liberty avenue police station, where he was locked up.

# ARCHBISHOP BOYD HEAD

Primate of all Canada Passed Away Yesterday

Stricken With Paralysis in December Last From Which He Never Fully Recovered

MONTREAL, Oct. 9.—Archbishop Boyd, primate of all Canada, died at 8 1/2 p. m. today, after a number of weeks of gradual sinking following a stroke of paralysis.

His grace was stricken with paralysis in December last while preaching in St. James the Apostle church, and since then has never been recovered, though he attended to the business, and though he did not preach again he attended service two weeks ago. Last evening he was not better than he had been for some days and wrote four letters on church business and then retired. Early this morning Col. Frank Boyd entered his room and saw his father-in-law lying in bed, his arm around him and raised him up, but he was unconscious and passed peacefully away without a word to the weeping family by his bedside.

The children of the late Wm. Boyd are the late E. C. Bond, Col. Frank Bond, Mrs. Baggett of Three Rivers and the late Mrs. Alex. Robertson.

CANON RICHARDSON'S TRIBUTE

The Canon Richardson pays the following tribute to the dead primate: The death of the Archbishop of Montreal, the Metropolitan of Canada, removed from the Church of England a most commanding figure and leaves a gap which will be very difficult to fill. So long and closely was he identified with the church's active work that his death is felt as a personal loss from end to end of the Dominion. A man of magnificent physique, of a strong, clear intellect and possessed of a fine and discriminating judgment he was by no means content to be a leader. But his greater power and the real secret of his wonderful influence upon the lives of other men was his intense spirituality and the simplicity of his earnest faith. His was the greatness of true goodness. He made men feel that to be good was to be great and to be great was to be good. Of many men could be truly said that "to him to live was Christ."

...The Rt. Rev. William Bennett Bond, Archbishop of Montreal and Primate of all Canada, belonged to a Cornish family and was born in Truro, Eng., on Sept. 10, 1826. He received his primary education in his native place and in London. Leaving England at an early age he went to Newfoundland where he followed secular pursuits. His inclinations led him to the ministry and in 1849 he proceeded to Quebec where he was ordained and in 1851 was raised to the priesthood by Bishop Mountain. For two years subsequent to his ordination he was in charge of the mission at Lac Beauport, a selling missionary and under instruction from Bishop Mountain he organized several missions in the eastern townships and founded a number of schools. In 1852 he became incumbent of Lac Beauport and remained for six years. Leaving there he was called to St. George's, Montreal, to assist the late Dr. Leacock in the charge of this parish continued without interruption for thirty years, first as assistant and afterwards, from 1860 until his elevation to the episcopate, as rector. While in charge of St. George's he was in charge of the mission at Lac Beauport and in 1860 he was elected Bishop of Montreal in 1873. The resignation of Dr. Oxenden in 1878, making it necessary for the Bishop to resign, he was elected to the see of Montreal in 1879. He was elected to the see of Montreal in 1879. He was elected to the see of Montreal in 1879.

...SACKVILLE, N. B., Oct. 9.—The death of Oscar Allen, son of Priestly Allen of Bayfield, occurred at his home, Bayfield, N. B., on Saturday afternoon, December 23, 1905, at the age of 21 years. He was a very promising young man, twenty-three years of age. He had successfully completed his second year at McGill Medical College and was making ready to enter upon his third year when he was stricken with hasty consumption and after an illness of three weeks, succumbed to the dread disease. His untimely death is regretted by a host of friends. He is survived by a father, one brother, Tupper, in the West, and an only sister, Blanche, who ministered to him faithfully during his illness. His mother died away about three years ago. Funeral took place yesterday afternoon and was very largely attended. Rev. Wm. Lawson conducted an impressive service. Interment at Bayfield cemetery.

...THE WAY TO LOOK AT IT.

Let me whisper in your ear, Do not fret; Fill the earth with light and cheer, Do not fret; Do not fret; Nothing gained looking grim, Brooding deep and feeling bum, Worry makes the wrinkles come— Do not fret.

If misfortune is your fate, Do not fret; If Dame Fortune bids you wait, Do not fret; Smile, whatever luck you meet; Laugh and keep your temper sweet; Be a hero in defeat, Do not fret.

All have ills that must be borne, Do not fret; Little trouble night and morn, Do not fret; In your intercourse with men You'll be jostled now and then; Smile and pass it up, Amen, Do not fret.

...THOUGHTFUL JACK.

...NEIL.—"Jack is so considerate. When he gives me a present he always leaves the price mark on it." Belle.—"How do you figure that that is considerate?" Neil.—"Oh, it saves me a trip downtown."

...A WISE MAN.

# MAYOR OF BUCKINGHAM, EMPLOYERS AND POLICE

Strikers Whose Friends Were Killed Take Dramatic Action.

Town Quiet and in the Possession of Armed Soldiers, But More Trouble Feared — Three Strikers Also Arrested—The Men Will Die in Defence of Their Rights.

BUCKINGHAM, Que., Oct. 9.—The situation has vastly changed. Today three strikers were arrested—Elliot Charette, who was examined before Magistrate Pearson in the afternoon, and Isidore Renaud and Adolphe Hamelin, two wounded men who are still in the hospital. But no sooner was this commotion over than on the other side of the side of the proprietors and the police, seven men were arrested for murder and attempted murder and taken to Hull by Sheriff Wright and Chief Provincial Detective McNeill. They were Albert and Alex. MacLaren, two of the partners of the lumber company, of that name; James Kiernan, brother of the chief of police; J. B. Vallias, mayor of Buckingham; Philomen Fournier of Buckingham; Bert Cameron, a special constable, and J. C. Cummings, the hallif of Buckingham.

The day was wet and miserable and quiet was the order throughout. In the afternoon the ratepayers of the town held a public meeting, at which it was decided to call the Minister of Militia who was responsible for the bringing of the military to Buckingham and who was to foot the bill. Shortly after this in the presence of the militia the arrests began and the court house the evidence of Chief of Police Frank Kiernan, who was wounded, was heard. He swore that the strikers had fired first and declared that if they had not returned the fire they would all have been killed. The examination was postponed.

Afterwards the prisoner Charette was allowed his liberty on his own recognizances, and the same procedure was adopted in the case of all the other prisoners.

...This afternoon warrants were sworn out by Judge St. Julien for the arrest on the charge of attempted murder of James MacLaren and Alexander MacLaren, owners of the mills at Buckingham, Manager E. B. Vallias, the mill, Burke Cameron, hallif of the town, James Kiernan, brother of the chief of Buckingham police, and Phillip Fournier. The warrant was sworn out by Joseph Gagnon of Buckingham, High Constable Elton and Hallif Cousineau drove down to Buckingham to execute the warrants. The men will be brought to Hull to answer the charge.

...A troop of the Royal Canadian Dragoons, the permanent force numbering forty-five of all rank, have been ordered from St. John's, Que., to Buckingham to look after the preservation of order and the protection of property. It is understood that they will relieve the volunteers from Ottawa, who will be sent home.
