

RED CAMPAIGN OF SINN FEIN MORE SERIOUS

Three Officers and a Lady Are Murdered While Returning from Tennis Game.

ALL OFFICERS OF IRISH LANCERS

Crown Forces Making Great Effort to Round up Arson Gangs.

Dublin, May 16.—Four persons, one of them a woman, were killed in County Galway last night by men in an ambush at Ballyturn, a short distance from Gort.

These killed were District Inspector Blake and Mrs. Blake, Captain Cornwallis, son of Col. Pieness Stanley Cornwallis, in whose automobile the party was riding, and Lieut. McCree. The officers were attached to the 17th Lancers. A Mrs. Gregory, the only other person in the car, was not injured.

The party had been spending Sunday afternoon playing tennis at the residence of Magistrate Blaney of Ballyturn House and were returning to their homes at Gort. Reaching the end of the avenue leading from Ballyturn House and finding the gate closed, Captain Cornwallis got out to open the gate. Shots immediately were fired from the adjacent shrubbery and Cornwallis fell dead. Armed masked men, said to have numbered about forty, then surrounded the car and ordered the women to leave.

Died With Husband
Mrs. Blake refused to do so, saying that she would die by the side of her husband. Mrs. Gregory was led away. Shortly afterwards the four bodies were found lying near the gate. After the shooting a number of men went to Ballyturn House and handed in a notice threatening to burn the house if there were any reprisals. Military and police reinforcements sent to the scene were fired upon and one constable was seriously wounded. Lieutenant McCree was only 19 years old. Mrs. Gregory is a daughter-in-law of Lady Augusta Gregory, an Irish playwright.

Attacks on Police
Attacks on the police and military occurred in several places last night and today. A constable was killed and a sergeant and another constable were wounded, as they were leaving a church in Banahally, County Tipperary, last night. The body of an unknown man was found near the Killiney golf links in Dublin County with five bullet wounds in the head. A bomb was thrown at a military lorry in the vicinity of Frederick street, this city, today, in the shooting which followed, four civilians were wounded.

Punish Parents For Neglecting Family

"Skin for Skin" Would be the Rule of One Ontario Doctor.

Toronto, May 16.—Discussing disease and other causes of death, Dr. H. Ross, Clifford, Ont. administered a severe rebuke at disobedient patients who think they can save money by not keeping their appointments. He explained that in Ontario cases in which Health Officers' Association today that he was speaking of rural practices. Illustrating the falsity of the economy which some heads of households often learned too late, the doctor related a number of actual cases in which lives were lost for want of timely medical attention. He would exact "skin for skin" in the old fashioned way if he had jurisdiction over them, because they were "really and morally criminal." For the sick poor he desires generous attention from the profession.

Attacks Social Habits
Dr. F. T. Green, Stony Creek, devoted his address on home influence on resistance against disease, in a spirited attack upon the present day social habits. To insure a more virile manhood and womanhood, he desired, the people of today would have to return to the idea of regeneration and abandon the new-fangled passion for registration.

Ten Drown When Wharf Collapses

Many Killed When Holiday Crowds Fell Off Trains in the Tyrol.

Innsbruck, Tyrol, May 16.—Ten persons were drowned and many others injured today when the landing stage on Lake Achensee collapsed while thousands of holiday seekers were waiting to take the ferry boat for Spitz. Hundreds of persons were thrown into the lake when the stage gave way.

The brilliant Whitsuntide weather and a universal effort to reach country, lake and mountain despite the curtailed railway service resulted in many accidents throughout Austria. Numerous persons are reported to have been killed by falling off the campers or roofs of railway cars.

HEAVY FROSTS IN THE FRUIT DISTRICT

Hamilton, Ont., May 16.—A heavy frost during the night caused considerable damage in this district. Throughout the Burlington market gardening district, the early potatoes and tomatoes were entirely destroyed. Beans and asparagus also suffered, although in the latter case the damage is only a temporary one. Some fear is also entertained for strawberries, which are all in flower. Throughout the Niagara Valley the damage was not extensive, the tree fruits coming through without any loss. The season has been two weeks ahead of normal planting time.

LOYD GEORGE'S SPEECH HELPED FRENCH PREMIER

Silesian Situation Gave Him Chance to be Very Patriotic.

PRESTIGE WAS LOST AT LONDON MEETING

Supreme Council to Meet Next Week to Consider Entire State.

London, May 16.—The intervention of the Whitsun holiday brought a slight easing of the tension in the Silesian crisis. No new development was reported today and apparently nothing further has been decided upon with reference to the meeting of the Supreme Council which probably will not be held before next week, as the debate in the French Chamber is expected to occupy several days. The view held in London is that the delay will serve a useful purpose in allowing passage on both sides and providing a more favorable atmosphere for calm discussion when the council meets.

Got Patriotic Help.
Moreover, it is believed that the French Premier, M. Briand, was not averse to seeing the opportunity afforded by Premier Lloyd George's speech to assume a strong patriotic attitude, which would assure him a big vote of confidence that otherwise would be somewhat doubtful, since the French press had attributed to the decision of 1920 that there should be a charter commission appointed with a membership of 16 members representing eight public bodies including the Administrative Commission and the city council. This charter commission was to study a system of government and this they did continuously through the year 1920, their deliberations resulting in the plan known as schedule A. It aroused some opposition, especially from Mayor Martin and aldermen and a caucus of the Liberal members representing Montreal met and drew up an alternative plan known as schedule B.

Main Features
The features of the charter commission plan were four: Proportional representation, a city general manager, election of the mayor by the council, and the elimination of wards. Fifteen councillors to be elected in three electoral districts, five for each, for four years.

Schedule B was a council of 35 aldermen elected for three years, for two years and a mayor elected by the people for the same term, with an executive committee of five aldermen and a director of municipal services appointed by the council.

BAN "BIRTH OF A NATION"

oston, May 16.—The municipal licensing board, of which Mayor Peters is a member, late today suspended for an indefinite period the license of the Shubert Theatre. The action was taken on recommendation of the municipal censorship board which had viewed at a private exhibition a motion picture "The Birth of a Nation," which was to have been presented tonight.

POLES VERY BITTER

Warsaw, May 16.—Extraordinary measures have been taken by the Polish Government in an endeavor to clear up Silesian affairs, which have taken a turn for the worse owing to Mr. Lloyd George's recent speech, according to Polish of backing the movement which brought about the uprising.

CHATHAM NOT TO ISSUE ANY STREET BONDS

Motion to Raise \$100,000 to Give Employment Does Not Find Favor.

SMALLER ISSUE ALSO DEFEATED

Ratepayers Give Six Months' Hoist to All Propositions at Meeting.

Special to The Standard.

Chatham, May 16.—A meeting of the rate payers of the town of Chatham was held in the Opera House tonight for the purpose of considering the advisability of issuing bonds to the amount of \$100,000, the proceeds to be used for building permanent streets to provide employment for the unemployed citizens of the town. Mayor Meserouan was elected chairman, and town clerk Molayre was secretary of the meeting.

Discussion Keen.
There was a large attendance of the citizens and the question was fully and freely discussed by the promoters, members of town council, prominent businessmen and other citizens. When it was apparent that such action was, in the opinion of a large majority, not in the best interests of the town the mover and seconder of the resolution asking authority to issue bonds for the amount withdrew their resolution and a greatly modified motion asking the authorization of a \$10,000 bond issue was submitted. This also failed to meet with any great degree of support from the rate payers, and after some further discussion an amendment to give the question a six months hoist was carried almost unanimously.

MEDERIC MARTIN WINS ONCE MORE OVER NEW PLANS

Montreal Goes Back to Ward System by 20,000 Majority at Least.

FRENCH CANADIANS DEFEAT ENGLISH

Polling on Referendum Was Largely Racial With French Speaking Winning.

Montreal, May 16.—The result of the referendum vote here tonight is now known to be a majority of 16,721 for schedule B. Exact figures are not, however, available. It is stated that the English-speaking population polled almost as a unit for schedule A but were swamped by the French Canadian vote. The latter is estimated to be 62,561 to 42,646.

The Two Plans
Two decisions of the Quebec legislatures at the last session and at the 1920 session, were given effect to in the referendum decision today. The decision of 1920 was that there should be a charter commission appointed with a membership of 16 members representing eight public bodies including the Administrative Commission and the city council. This charter commission was to study a system of government and this they did continuously through the year 1920, their deliberations resulting in the plan known as schedule A. It aroused some opposition, especially from Mayor Martin and aldermen and a caucus of the Liberal members representing Montreal met and drew up an alternative plan known as schedule B.

Main Features
The features of the charter commission plan were four: Proportional representation, a city general manager, election of the mayor by the council, and the elimination of wards. Fifteen councillors to be elected in three electoral districts, five for each, for four years.

BRITISH ISLES
Murder and arson campaign in London continues. Many more killed by Sinn Feiners.

Lord Hugh Cecil suggests a member of the Royal family—preferably the Prince of Wales—for the throne of Ireland.

KING'S SON FOR IRISH THRONE IS NEW SUGGESTION

Lord Hugh Cecil Has Novel Scheme to End the Present Situation.

JOHN DILLON IS CRITICAL OF PLAN

Ireland Would Have Army But No Navy Under the Proposal.

Belfast, May 16.—Lord Hugh Cecil, member of the Privy Council of Great Britain, who is the guest of Lord Londonderry's family in Mount Stewart, County Down, has suggested a scheme by which Ireland would be made an independent kingdom, its king to be a member of the Windsor family probably the Prince of Wales, to be appointed by the King.

Under the scheme there would be two small parliaments, one to be located in Belfast and the other in Dublin, and in addition a "house of estates" of 100 members. Complete autonomy would be given to Ireland, but there would be a levy imposed for imperial defense in proportion to the sum contributed to Great Britain for that purpose.

No Navy Allowed.
Ireland under the plan would be allowed to have an army but no navy, and in the event of war the King of Great Britain would suspend the Irish constitution. Irishmen in the colonies would have the right to choose whether they should be subjects of the Irish or English king. If favorably received by the Irish leader the scheme would be submitted to a constituent assembly.

Some of the Southern Irish leaders including John Dillon to whom the scheme was outlined, described it as "preposterous."

Why The Proposal.
Lord Hugh Cecil, in discussing his scheme, said he still favored union, but as that no longer was practical politics and federalism did not satisfy him, he wanted a distinct nation in the direction they wanted, as far as possible. Whatever plan was proposed, he declared, must be one framed and approved by the Irish, but also accepted by the British. Lord Hugh then outlined his plan, adding: "I write this in no spirit of optimism. The significance of Lord Hugh's proposal comes from the fact that he is the greatest member of which was Lord Castlereagh, to whom more than any other else, the breaking up of the Henry Grattan's Irish parliament and the passing of the act of union in 1800 were due.

Sang In Choir But Tells Lies

Scathing Denunciation of Prisoner by Toronto Judge Who Warns Wife Neglector

Toronto, May 16.—"You sing in a church choir and yet come to the court and tell so many lies that I wonder Almighty God does not choke you," said County Magistrate Brunton today to Fred Cameron, who was before him on a charge of not supporting his wife. The accused was allowed to go with a warning that if he did not support his wife he would be sent to jail.

ACCEPT DIVORCE BILLS

Ottawa, May 16.—Second reading was given to five divorce bills at the opening of the House today. The bills were then referred to the standing committee on miscellaneous private bills.

RAILS CANNOT STAND COSTS MUCH LONGER

President of the B. & O. Predicts Collapse of Private Companies.

ENORMOUS BILLS BREAKING FIRMS

New York Central Employees Reject Offer of Reduced Wages.

Washington, May 16.—Private ownership of railroads in the United States cannot continue if railroad operation costs, when fair return on capital is considered, continue to exceed revenues, Daniel Willard, president of the Baltimore and Ohio, testified today before a Senate investigating committee. At the same time Mr. Willard said the railroad situation insofar as depression and lack of earnings were concerned, differed "only in degree" from that now being encountered in other countries.

Cause of Trouble.
General economic conditions and difficulties encountered in federal year time operation of the railroads, he added, were in his opinion largely responsible for present difficulties and he expressed confidence that private ownership would justify itself financially and work out under present law and governmental policy. Chairman Cummins of the Senate committee, had previously expressed the opinion that the railroads cannot last if 1920 returns from operations are to continue, an opinion agreed in by Julius Kruttschnitt, chairman of the Southern Pacific board, the first witness heard.

Reject Wage Reduction.
Buffalo, N. Y., May 16.—Proposals of the New York Central Railroad Company to reduce wages were rejected by representatives of the road's engineers and firemen after four hours of secret conference here today.

Charges Misrepresentation
Ottawa, Ont., May 16.—In a statement issued tonight L. L. Pelletier, Canadian legislative representative of the Order of Railway Conductors, claims that the remuneration given railway employees has been systematically misrepresented by some and much misunderstood by probably the majority of the people at large. The statement says, to show that the railway employees have been paid very high wages, relate to very exceptional cases of overtime, mostly exaggerated, and have no bearing on the daily average as shown by official figures.

Fight a Wage Cut.
Ottawa, May 16.—The organizations representing the employees of the Canadian National Railways will vigorously oppose any attempt toward a general reduction in wages, according to Mr. A. B. Mosher, grand president of the Canadian Brotherhood of Railway Employees. Commenting on a report from Toronto that the railways had notified the different brotherhoods to the effect that a revision of schedules is taken to acknowledge receipt of it and to assure the writer that his contribution has been sent to the Laborer mission in accordance with his wishes.

ST. JOHN CONTRIBUTION

Moncton, N. B., May 16.—An unknown St. John friend of the late Dr. C. J. White, of this city, in a letter of sympathy to Mrs. White enclosed \$10, which he asked to have forwarded to Dr. Padon for the Laborer mission as a tribute to the memory of the Moncton physician, who was deeply interested in the Greenfield mission. As the letter was unsigned, this means it is taken to acknowledge receipt of it and to assure the writer that his contribution has been sent to the Laborer mission in accordance with his wishes.

CABLES MUCH DAMAGED.

New York, May 16.—Damage to the Western Union Telegraph Company's trans-Atlantic cables by the electrical disturbances accompanying the aurora borealis of Saturday and Sunday nights may necessitate raising of the cables for repairs, Newcomb Carlton, its president announced tonight. Traffic on the wires was interrupted from time to time during the disturbances, he said, and damage of a serious nature caused by the stray electrical currents which played havoc with all long distance communication.

GIRL SENT TO TRIAL

Toronto, Ont., May 16.—Norah M. Caldwell, a Toronto customs broker, was today committed for trial by Magistrate Jones on a charge of stealing over \$4,000 from the Swift Canadian Company in connection with customs duties. Miss Caldwell was employed to clear their products coming from the United States into Canada.

ITALIAN COMMUNISTS REVOLT.

London, May 16.—A communist rioting has occurred at Cremona, Italy, according to a Milan despatch to the London Times. Troops have been called out and have employed machine guns against the insurgents. Serious casualties are reported.

UNITED STATES WILL HAVE 175,000 TROOPS

Washington, May 16.—A United States army of 175,000 men was decided on today by the Senate military affairs sub-committee considering the army appropriation bill. The measure as passed by the House provided for an army of 150,000.

HELD UP WOMAN TO SECURE FOOD ROBBER CLAIMS

Out of Work and Family Hungry He Tells Judge When Brought to Court.

ALLEGED OFFICERS ADMITS HIS GUILT

Three Claimed They Were Gas Co. Inspectors to Gain Entrance to House.

Montreal, May 16.—A man giving his name as Major William Gordon, of 494 St. Urbain street, said to have been a former football player and to have been connected with the G. A. U. V. together with George Blundin, of 424 Laurier avenue west, pleaded guilty before Judge Choquet in chambers today on a charge of theft and receiving property stolen in the house of Mrs. McLea Walbank, of 214 Peel street, on May 10th. A third man, Joseph Lavoie, boarding at 596 University street, pleaded not guilty to the charge. Voluntary statement in each case will take place May 19.

Robbed to Get Food.
Mrs. McLea Walbank was the main witness heard by Judge Choquet. She said that on May 10th last two men had come to her home claiming to be Montreal Light, Heat and Power inspectors. She admitted them and one of the men had ordered her at the point of a revolver to give up her money. They had shut her in a cupboard for about twenty minutes while they ransacked the house. She claimed to identify Lavoie and Blundin, but did not know Gordon.

Questioned by the assistant crown prosecutor Blundin admitted the facts as stated by Mrs. Walbank and stated in explanation that he was out of work and that his family needed food which made him desperate.

Alien Rights In America Defined

Chinese Resident Can Not Bring Wife and Children Into the Land.

Washington, May 16.—Alien's resident in the United States has no legal right to demand the admittance of relatives, the Supreme Court ruled in effect today, in upholding decisions of California courts in the appeal of Yee Won, a Chinaman who sought to bring his wife and two minor children with him on his return to this country from a visit to China. The immigration authorities refused to admit them.

OUTBREAK IN VIRGINIA.

Williamson, W. Va., May 16.—Firing on the Crystal Black Coal Company power house at Rawl, West Virginia, broke out early tonight, according to reports received here by Capt. J. R. Brockman at state police headquarters. It was the first disorder reported during the day in the Kentucky-West Virginia border trouble zone. The shots were fired, Captain Brockman said, from the Kentucky mountains. He said that the shooting lasted but a few minutes.

BRITAIN REPAYS LOANS

Washington, May 16.—Receipts of \$17,080,000 from Great Britain as the second installment in payment of the \$12,000,000 incurred through silver purchases during the war, was announced today by the treasury.

Of the amount received today, \$12,200,000 was paid on the principal and \$4,880,000 represented interest. On April 15, Great Britain paid a first installment of \$25,820,000 on the silver debt.

TODAY

IMPERIAL—Martin Harvey, Miss N. de Silva and London Company in "Garrick."

OPERA HOUSE—Milton Pollock and Company and four other acts.

QUEEN SQUARE—Mitchell Lewis and Florence Turner in "Foot's Gold."

STAR—George Arliss, in "The Devil."

EMPRESS—"Mothers' Sins."

LIBERALS IN BATTLE ARRAY OVER BUDGET

Two New Brunswick Members Criticise the Proposals of the Government.

"BIG INTERESTS" BOGEY RECALLED

Gloucester M. P. Favors a Direct Land Tax to Meet Expenses.

Ottawa, May 16.—Although the close of the budget debate is perceptibly nearer as a result of today's proceedings in the House of Commons, contributions to the discussion brought forth little that has not already been said. Opening with a speech by J. E. A. Armstrong, government supporter from Lambton East, the debate was carried on largely by members of the Liberal opposition. J. E. Prevost, Progressive member from Carleton Place, Joseph Deneau, St. Johns and Iberville, and O. Turgeon, Gloucester, joined in criticism of the government, while T. W. Caldwell, Progressive member from Carleton Place, N. B., charged that the taxation measures were designed for the benefit of the Canadian Manufacturers.

H. B. Morphy, North Perth, defended the policy of the government.

Attacks The Premier.
T. W. Caldwell (Victoria-Carleton, N. RED CAMPAIGN OF SINN FEIN MORE SERIOUS

Three Officers and a Lady Are Murdered While Returning from Tennis Game.

ALL OFFICERS OF IRISH LANCERS

Crown Forces Making Great Effort to Round up Arson Gangs.

(Continued from page 1)

Cork, May 16.—An attack was made on the Cork prison at midnight last night. It took the form of attempts to snipe the guard, the effort lasting for more than a hour. The guard replied with machine gun fire and sent up Versey lights, which brought a strong military force from the barracks, and the attacking party was dispersed. This was the third attack on the jail within two months.

Arrests in London

London, May 16.—Three arrests have been made by the police in connection with Saturday night's attacks on residences in London and the suburbs of relatives of members of the Royal Irish Constabulary attributed to a Sinn Fein campaign to terrorize London, in which a number of houses and other buildings were set on fire and three persons were wounded, one probably fatally. The prisoners taken, however, were not brought into court today.

Find Suspicious Papers

Meanwhile experts are busy deciphering the documents seized by the police yesterday in various places in London connected with the Sinn Fein organization, including the headquarters of the Irish Self-Determination League, these places having been raided after incendiary attacks. The documents were mostly in Gaelic.

PARISHIONERS BACK PRIEST IN TROUBLE

Insist That They Will Stand by Father Gorek, Who Took Liberty Bonds.

HE IS READY TO PAY THE PENALTY

Insists That His People Were Out of Work and That He Gave Them Assistance.

Chicago, May 16.—Father Gorek did wrong, but he will stand by him. This was how the parishioners of the Rev. Father Anthony Gorek expressed their feeling today toward the priest who used a portion of a fortune in stolen Liberty bonds which chance had thrown into his hands to alleviate the needs of his flock.

"Priests are human, like every one else," said an old member of the church. "It was a terrible temptation which was given to Father Gorek. He is a good man and he has suffered with us. He has seen that we are out of work. We have been unable to give what we would have liked to to the church. He used the money which he got from these bonds to help those who needed help. We will stand by him."

A movement was on foot in the parish to raise the \$10,000 bond under which the priest is being held charged with conspiracy to defraud the Government. Father Gorek wept when told of his parishioners' efforts.

Ready to Pay Penalty.

"They cannot raise anything like that much money," he said. "There is not \$10,000 in the parish—not half of that. They are poor, terribly poor. There is no work. That is why I stole to help them."

"They are good people. It is for them that I regret my sin more than myself. I fell to temptation and I am ready to pay the penalty. But they—my people—they will say: 'If Father Gorek is not honest, who is?' It is they that they should have such thoughts, very bad."

REMOVAL NOTICE.

The Consumers Coal Co. Ltd. have changed their Executive and Sales office from 231 Charlotte St. to 63 Prince Wm. St., near foot of King.

Y. W. C. A. "GYM" SHOW REPEATED.

The Y. W. C. A. Gymnasium Exhibition was repeated with much success before a large crowd in the Y. M. C. A. "gym" last evening, under the direction of the Physical Instructor, Miss Caroline Littlefield.

MT. A. ACADEMY HAD GOOD YEAR

Enrollment Was 252 in All Courses and Good Work Was Done.

Special to The Standard. Sackville, May 16.—Anniversary exercises of the Mt. Allison Academy were held in Charles Fawcett Memorial Hall this afternoon, the attendance being fully double what is usually in Dr. Palmer's presence. He said: "We today commemorate the 78th anniversary of Mt. Allison Academy. The year which has just closed has been one of the best in history of the Academy, although attendance is somewhat less than that of last year. The total enrollment during the year was 252. Of these 15 were enrolled in the Academy department; 40 were taking course in bookkeeping; 89 were in department of shorthand and typewriting, and 48 were special students spending the summer here."

Academy residence has been full to limit and there is urgent need of increased accommodation. Eighty-one students were living in Academy residence and in addition to this we found it necessary to place some boys in University residences. In the near future the school building will be enlarged and extra dormitory accommodation obtained.

Special Prizes

Scholarships and prizes were awarded as follows: Alumna Scholarship in classics, Olive Wright, Dalnour, P. E. I.; Alumna Scholarship in Mathematics, Cyril Fries, Dalnour, N. B.; Prizes for \$15 and \$10 for highest general standing in Junior classes were won by Charles Crumpton, of Battle Creek, Michigan, and Myers Zwerting, of Halifax. Prize of \$20 for highest standing in English and history was won by Hugh Lewis, Moncton. Nelson Shield for highest average in commercial was won by Raymond Dixon, Sackville, N. B.

FIGHTING FOR \$15,000 ASTOR TICKET

Tyson Co. Resents Ousting by Hotel Despite Jump in Rent from \$6,000 a Year.

HOTEL CHARGES TICKET GOUGING

Company Claim Their Lease Runs Until 1924—Silent on Gouging Charge.

New York, May 16.—So profitable is the sale of these tickets and magazines in the Hotel Astor lobby that even though the rent was raised last summer from \$6,000 to \$10,000 a year, the Tyson Company, Inc., appeared yesterday before Supreme Court Justice Tierney and fought to prevent being ousted from the hotel.

Charge Gouging.

Jabish Holmes, attorney for the hotel, asserted that complaints by patrons of being ousted on the price of theatre tickets by the Tyson Company, Inc., have become so numerous that they are working serious injury to the reputation of the hotel. He alleged specific instances of a charge as high as \$6.50 above the box office rate for certain attractions despite an agreement with the hotel authorities not to charge an advance of more than 50 cents.

Under the agreement the hotel people assert the right to oust the ticket brokers on ninety days' notice if they consider the agency is not being conducted in a proper manner. They gave such notice April 4. The brokers received from Supreme Court Justice McAvoy a temporary injunction preventing the ousting and applied yesterday to have the injunction made permanent.

Claim Leased Till 1924.

Edward J. McGoldrick, former Supreme Court Justice, representing the brokerage concern, insisted that the agreement was for a definite period.

Ready to Pay Penalty.

"They cannot raise anything like that much money," he said. "There is not \$10,000 in the parish—not half of that. They are poor, terribly poor. There is no work. That is why I stole to help them."

REMOVAL NOTICE.

The Consumers Coal Co. Ltd. have changed their Executive and Sales office from 231 Charlotte St. to 63 Prince Wm. St., near foot of King.

Y. W. C. A. "GYM" SHOW REPEATED.

The Y. W. C. A. Gymnasium Exhibition was repeated with much success before a large crowd in the Y. M. C. A. "gym" last evening, under the direction of the Physical Instructor, Miss Caroline Littlefield.

CUTICURA HEALS INTENSE ITCHING

Burning On Hands, Could Not Put Them in Water, Lost Sleep.

"My hands were very sore and I could not put them in water to wash them. There were some pimples on my hands, and the itching and burning were so intense that I was restless and could not sleep at night. I used Cuticura for every-day toilet purposes. Baths with Soap, scotch with Ointment, dust with Talcum. Soap 25c. Ointment 25c. Talcum 25c. Total 75c. Cuticura Soap shares without cost."

agreement amounts to a lease on the lobby stand and has until August 20, 1921, to run. The hotel management on the other hand, contended that the stand was never rented as such, but that the "privilege" of using it was granted ten years ago to Tyson Co. with "without notice" clause, transferred the "privilege" to the Universal Ticket Company, which in turn handed the usage to the Tyson company. Mr. Holmes admitted, though, that the agreement was renewed August 10 last with the Tyson company at the advanced total of \$15,000.

Soccer Leaguers Are In Training

The Y. M. C. A. and Y. M. C. A. gyms are being well patronized by members of the City Soccer League who are putting in the final touches to their training in preparation to the opening of the league by putting bas-reliefs about the gym and finishing off with a splash in the pool. Several of the teams are working out on the East End and the Shamrock Grounds.

ASPIRIN

"Bayer" only is Genuine

Warning! Take no chances with substitutes for genuine "Bayer Tablets of Aspirin." Unless you see the name "Bayer" on packages or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve tablets cost few cents. Drug stores also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada) of Bayer Manufacturing Co. Monocaceticacid of Salicylicacid.

Civil Service Commission Fight

Col. Currie and Hon. W. J. Roche in Lively Scrap at Investigation.

Ottawa, May 16.—A clash between Col. John Currie (North Stooce), and Hon. W. J. Roche, chairman of the Civil Service Commission, in which the former charged Dr. Roche with trying to override parliament and force his own wishes on the committee; a charge which was denied, featured this afternoon's meeting of the special House committee on amendments to the Civil Service Act. William Poran, secretary of the commission, was on the stand when the committee was resumed and was examined on the clauses of the proposed bill.

How it Started.

Dr. Roche, who during the sittings of the committee had occupied a place at the table with the members, asked his opinion. Dr. Roche favored amending section 88 of the present civil service act to provide that certain classes of the act should be taken out of the provisions of the Civil Service Act. These classes he would leave to the discretion of the commission to be decided upon after conference with a deputy minister. Then the changes could be made by order-in-council and the act amended next session to provide for the exemptions being part of the act.

Ending the Trouble.

I. E. Argue (Swift Current), asserted that the trouble lay in the fact that Colonel Currie was trying to speak for the whole committee and make up his mind at once. The chair man, Hon. E. K. Spence, restored order by bringing the committee back to discussion of the bill, putting a new question to the secretary of the commission, who was still on the stand. Mr. Poran and Dr. Roche subsequently stated that they had no objections to such appointments as rural postmasters, manual laborers and light housekeepers being taken out of the hands of the commission if the committee say fit. They did, however, urge that classification be untouched and that the commission be allowed to work it out successfully.

BORN.

PETERS.—On May 16th, 1921 to Mr. and Mrs. S. Peters, 109 Victoria Street, a daughter (stillborn).

DIED.

INNIS.—At Woodfield, Kings County on May 15, William A. Innis aged 77 years, leaving to mourn a loving wife. Funeral from his late residence on Tuesday afternoon, May 17 at 2 o'clock.

FOUND NO DRINKING

Inspector Crawford, in company with Inspectors Journey, Henderson and Thompson, visited the construction plant at Musquoddy, on Saturday, May 14. There was no drinking going on, at all. Everything was quite orderly.

Big Mill Burns

Kingsville, Ont., May 16.—The Brown Wigle woolen mills, main industry of the town, were destroyed by fire yesterday, causing a loss of \$200,000 and throwing 100 persons out of employment.

CHAPERONES WANTED.

Winnipeg, May 16.—The appointment of chaperones and police women on beach trains and river steamers running out of Winnipeg is advocated by the Local Council of Women. A better lighting system in the parks is also suggested. During a recent meeting of the Council it was pointed out that much improper conduct had resulted from the lack of proper chaperone during past summer seasons and that it was now time to take action and thus prevent the continuance of such demoralizing conduct.

Joyce and Smith Held By Police

Alleged They Assaulted Fairville Physician With Attempt to Rob Him.

Joseph Joyce and Robert Smith of Fairville, were arrested by Inspector Calkov of the C.P.R. police department and by City Detective Donahue on a warrant that has been out against them for some time. They are being held for the Fairville police, and it is alleged that action is to be brought against them for assaulting with attempt to rob a Fairville physician.

BRICKLAYERS TAKE OUT

Montreal, May 16.—The Bricklayers and Masons' Union, Local No. 4, at a special meeting the other evening agreed to accept a ten per cent. reduction in wages in order to stimulate the industry and benefit the public. The agreement with the employers expired on May 1, and it is understood a new contract will be drawn up on the above basis.

Why Castoria?

YEARS ago Castor Oil, Paregoric, Drops and Soothing Syrups were the remedies in common use for Infants and Children; Castor Oil so nauseating as to be almost impossible and the others all containing Opium in one form or another, but so disguised as to make them pleasant to the taste, yet really to stupefy the child and give the appearance of relief from pain. It required years of research to find a purely vegetable combination that would take the place of these disagreeable, unpleasant and vicious remedies that from habit had become almost universal. This was the inception of, and the reason for, the introduction of Fletcher's Castoria, and for over 30 years it has proven its worth, received the praise of Physicians everywhere and become a household word among mothers. A remedy ESPECIALLY prepared for Infants and Children and no mother would think of giving to her baby a remedy that she would use for herself without consulting a physician.

Children Cry For Fletcher's CASTORIA

Have You Tried It? Everybody has read the above headline; how many believe it? Have you a little one in the home, and has that dear little mite when its stomach was not just right felt the comforts that come with the use of Fletcher's Castoria? You have heard the cry of pain. Have you heard them cry for Fletcher's Castoria? Try it.

Just help baby out of its trouble tomorrow with a taste of Castoria. Watch the difference in the tone of the cry, the look in the eye, the wiggle in the tiny fingers. The transformation is complete—from pain to pleasure. Try it. You'll find a wonderful lot of information about Baby in the booklet that is wrapped around every bottle of Fletcher's Castoria. GENUINE CASTORIA ALWAYS Bears the Signature of Charles H. Fletcher THE CENTAUR COMPANY, NEW YORK CITY.

Wants N. B. Coal Used On The C. N. R.

Fredericton, N. B., May 16.—Hon. R. W. Wignora, minister of customs and inland revenue, upon his return to Ottawa tonight will press the claims of the coal mines in the Grand Lake coal areas of New Brunswick for contracts for furnishing coal for the use of the Canadian National Railways.

Urging that New Brunswick coal should be used in the operation of the C. N. R. lines in this province, a delegation from the Minto Coal Mines Operators' Association, waited upon Hon. Mr. Wignora here and as a result, John Henderson, president of the association will go to Ottawa this week where Mr. Wignora will arrange for a meeting with President Hanna and officials of the C. N. R. this week.

is offering a \$55.00 bicycle to any boy or girl who between now and Oct. 15th can sell 300 copies of the magazine. This offer is not necessarily confined to a bicycle. If the boy or girl wants a watch, a camera, anything at all, just pick out the article, find what the price is, and the campaign manager for Pictorial will announce how many magazines will win it. Those who have entered for the bicycles to date are:

Albert Punter—City.
Griffith Bishop—City.
Louis McKenna—Sussex.

Anybody may enter, for there is no limit to the number of bikes that may be won.

HOUSE \$S BURNED.

Chatham, N. B., May 16.—The residence of Mr. James McInosh of Tabusintac was totally destroyed by fire. Practically nothing was saved. Included in the loss are two smelt nets and rigging. Even some blankets on the clothes line were burned. There was no insurance.

RESUMPTION OF PASSENGER AND FREIGHT SERVICE BETWEEN ST. JOHN AND BOSTON, MAY 25

With the resumption of service, the International Line will offer great advantages between St. John and Boston for the transportation of both passengers and freight. The passenger service is particularly attractive, and from the outlook at the present time, the tourist travel will be unusually heavy during the coming summer season.

The Steamship Governor Dingley will leave St. John every Wednesday at 8 a.m. and every Saturday at 6 p.m. (Atlantic Time). The Wednesday trips will be via Eastport and Lunenburg while the Saturday night trips will be to Boston direct. The steamship Governor Dingley has been refitted and equipped for the burning of oil for fuel. The staterooms are commodious, well ventilated, and the meals served will be the best the market affords.

For the expeditious transportation and handling of freight, the International Line will render the best possible service in connection with the Metropolitan Line Steamers between Boston and New York via the Cape Cod Canal, which has special facilities for the transportation of automobiles, horses and express freight.

Rains Extinguish N. B. Forest Fires

Fredericton, N. B., May 16.—At the department of lands and mines today, it was said that the rains over the weekend had been most timely, as reports received indicated that any forest fires which had been reported on Friday and Saturday had thus been extinguished.

Hon. D. W. Messer, minister of agriculture, declared this morning that the first warm rain of the season would prove a great benefit to the farmers of the province in giving their crops an early start. He said, "It was more advanced than at this time last year."

TO TALK WAGE CUT

Sydney, N. S., May 16.—With a view to making possible the acceptance by the Dominion Steel Corporation of large rail orders now in sight, the steel workers employed by the company will meet on Wednesday to discuss a proposed reduction of ten per cent. The action in this respect follows that of the steel workers at Agoma, where a ten per cent. cut was instituted to enable the company to close with the government at \$55 per ton. The orders now in sight for the Dominion Iron and Steel Company are said to be sufficient to keep the Sydney plant working on full time until the autumn.

REMOVAL NOTICE.

The Consumers Coal Co., Ltd., have changed their Executive and Sales office from 331 Charlotte St. to 65 Prince Wm. St., near foot of King.

Six Candidates To Be Ordained

Fredericton, N. B., May 16.—Six candidates will be ordained as deacons to take up work in the diocese of Fredericton at the annual Trinity Sunday ordination at the Christ Church Cathedral next Sunday. The six candidates are:

Cecil J. Markham of St. John, a nephew of Ven. Archbishop Forester; Norman P. Fairweather of Norton, Kings County; Percy J. E. Haslam, a native of Nova Scotia, but who has lately graduated from Wycliffe College, Toronto, and R. A. Miller, W. P. Haigh and W. B. Waddington, who have recently come out to this province from England.

SEVEN ARE BAPTIZED

Arfohaqui, May 16.—Sunday was a day of more than usual interest in the religious life of the village and neighboring community of Lower Millstream, when at the latter place, as a satisfactory result of a series of Evangelistic services conducted by the ever zealous pastor, Rev. C. Saunders Young, in the Baptist church, seven candidates for church membership were baptized and received into the church fold.

TROUBLE OVER PHONES.

Fredericton, N. B., May 16.—All long distance telephone lines at all exchanges in New Brunswick except on the North Shore were burned out by the electric disturbances caused by the aurora borealis, officials of the New Brunswick Telephone Co. said today. The necessary repairs have since been made.

BATHURST ASKS FORMER RATE ON INTERCOLONIAL

Board of Trade Declares New Tariff is Injuring Trade in Province.

ASKS FOR C. G. M. M. TO CARRY PULP

Vessel Cannot Pass Canals Loaded is Reply of the Manager.

Special to The Standard
Bathurst, N. B., May 16.—At a meeting of the Bathurst Board of Trade last night the following resolution was unanimously adopted:

"Whereas the rates now in effect over the Canadian Government Railways in general and particularly over that section of the I. C. R. so-called have resulted in making prohibitive the shipment by rail of lumber, pulp and other products of the forests as well as of the fisheries and farms from this section of New Brunswick which products are the principal exports of this section of the province and give employment to the majority of our people; and

Whereas such rates have materially injured our other growing industries; Be it resolved, that the Bathurst Board of Trade demands that the government of Canada re-establish and continue the old differential rates in effect prior to December 1, 1916, and that the old Intercolonial Railway, so-called, be made and be operated as a separate unit from the present Canadian National Railways system in order to conform with the original terms of the confederation.

The following delegates were appointed to back up the resolution at the forthcoming conference between representatives of the Maritime Provinces and the Provincial Government to be held at Ottawa shortly.

Mr. B. C. Mullins, president of the Board of Trade; Angus McLean, Lt. R. G. Duncan, George Gilbert, L. Desroches, C. M. Messer and J. B. H. Storer, secretary of the board.

There were also two delegates appointed by the town council, regarding the proposal to use the Canadian Merchant Marine for shipping products of the Maritime Provinces by way of the St. Lawrence River and Great Lakes to American ports on account of excessive railway freights. Angus McLean reported that he had sent a telegram to R. B. Teakle, manager of the Canadian Merchant Marine, as follows:

"We desire to charter steamer for

Four Fishermen Rescued At Sea

Arrived at Yarmouth After Twenty-Four Hours of Terrible Experiences.

Yarmouth, N. S., May 16.—Four fishermen, two from the Boston fresh fishing schooner Commonwealth, and two from the Yarmouth schooner Cupola, all of whom had strayed from their schooners on the banks on Saturday in dense fog arrived at the Lurche Lightship early yesterday morning. The men were Geo. Dodman, Somerville, Massachusetts; Edward Moulasong, Melrose, and Lawrence Doucet, and Eli Rubin, both of Morris Island, Yarmouth county. That four men from two separate schooners should be picked up by the lightship within an hour is considered unique inasmuch as in her previous twenty years on the station, no other men have been so picked up.

The men from the Commonwealth left their vessel at 5 o'clock Saturday morning on the northeast edge of Brown's Bank and arrived at the Lurche 24 hours later, having had nothing to eat in the meantime. The Cupola men left their schooner on the Seal Island grounds at 2 o'clock Saturday afternoon and made the lightship at 6 o'clock Sunday morning. All four were landed at Yarmouth this morning.

One or more trips to carry dry baled pulp from Bathurst to Toronto, Detroit, Chicago and Milwaukee. Have you suitable vessel you can offer? We can probably give return cargo of coal. Signed, Bathurst Lumber Co.

He received the following reply:— "Our steamer loaded fully cannot use canal, therefore cannot tender for pulp."

The board expressed the opinion that that was not an answer, but an evasion of the question. Mr. McLean intimated his intention to prosecute the matter further.

A CHANGE OF HEART

A writer in the Financial Post draws attention to the particularly significant action of the Washington Government in its policy of delay in handing and revision downwards of the Young tariff bill, which has replaced the much criticized Fordney bill, from which, and from the tone of various speeches at the meeting of the National Chamber of Commerce recently, he deduces the fact that the Republican party is swinging over from a very high tariff policy to one of moderate tariff; and he further thinks that it will eventually become a low tariff party.

Such a change, if it exists, cannot pass without comment. It is obviously the result of a decided reversal of opinion in the United States regarding the world's trade competition. The appalling reduction in America's export trade has had its effect on the internal trade and general business in a bitter manner that has impressed Americans with the fact that they cannot live alone, or unto themselves. The United States has become a creditor nation for the first time in its history. American business men are only now beginning to realize the difference which that state of commerce must inevitably cause in their general attitude to the rest of the world. The "splendid isolation" from European affairs, which was a heritage from Washington's day, is fundamentally unsound in modern commerce. It is absolutely essential for the life of American industry that a reliable export trade be established and maintained. This capacity for producing is temporarily diseased and can only get back to normal through export channels. Herein Canada's position is kin to that of the United States, with the difference that Canada is yet a debtor nation and must for economic reasons remain so for some considerable time to come.

The facts of her changed international position are battling their way into the consciousness of American business men and government officials. Consequently it would seem that this change of view point will undoubtedly result in a change of tariff policy and that rather than a wall of higher protection the United States may offer to the world a much more generous trade policy. It has ever been the history of nations, notably of England, creditor nations were low tariff nations and debtor nations were high tariff nations.

Canada's interests are so closely allied with conditions in the United States that casual observers might argue therefrom that revisions in that country's tariff regulations should be followed in this. It is not by any means possible for Canada to frame her tariff in this way for the reason that the position of the two countries in the world's commerce are fundamentally different. The United States must get its debt paid and can only do so by accepting goods from such debtor nations. Canada being a debtor nation is not receiving, but paying. Consequently she is in a position where she must still build up her industries. She can only do this by a proper tariff policy.

THE BRITISH COAL STRIKE

The Duke of Northumberland, a great British landowner and proprietor of large coal properties, has just made the somewhat startling charge that the British Miners' Executive has intimate relations with the Russian Soviet, and that the present trouble in Britain is promoted with revolutionary intent. In support of this statement he maintains that the British Government has proof that the Bolsheviks have furnished money for the promotion of the strike and that the ulterior purpose is the destruction of British industrial life and the ultimate wrecking of the Empire.

The revelation of the possession of a large sum of money, about \$300,000, by a London Labor newspaper, was a shock to the British public. The Duke of Northumberland, has made his charges in the open, and is liable to court action. It is certainly desirable that the truth be ascertained, because the actions of British Labor extremists have not tended to dissipate the idea that the power behind them has unusual sources. In flush moments a year or two ago, some of the radical leaders urged the formation of a "Cabinet" to consist of leaders of various unions, mainly of the Triple Alliance, this "Cabinet" to sit constantly as a rival power of the King's Government, and exercise its power through the threat of calling a general strike. This was, however, too much Sovietism for the rank and file of the British Labor, which is sound at the core. The difficulty in most British unions has been that the majority of the members are content to let a few aggressive agitators obtain office, and manipulate their affairs. Soviet gold has been offered freely in Britain, and unquestionably Government secret service men have been constantly watching for evidences of its changing hands. The forced departure of M. Krasin's colleague from London was caused by revelations of attempts by him at bribing British radicals.

The determination of the Government to fight the attempt to exclude foreign coal and thus starve out the public, will be immensely strengthened, even if the miners decide that it would be wiser not to take up the Duke of Northumberland's challenge. It is not so much the question of wages, nor of terms of employment that is at stake, but whether British industrial life can be constantly menaced by irresponsible leaders, who seem to have liberty and power to do as much damage as they like.

Another Dominion? A short time ago, some one in the United States made the suggestion that Great Britain should surrender her West India possessions to the American Republic in payment of her debt to that country, and the question was taken up and seriously discussed by several of the leading American newspapers. It seems strange that the newspapers of a democratic country like the United States should have such a strange conception of the spirit of the British Empire. They seemed to regard the West Indies as peopled by so many vassals who could be bought or sold as they pleased. This may be the American idea of dealing with colonies, but if so, they rather overlook the fact that it was the somewhat autocratic manner which the British Government adopted towards the United States that lost the American colonies to Britain. It would no doubt suit American statesmen very nicely to see the British West Indies lost to Britain now, but the latter has no intention of doing anything that would bring such a result about, and Britain most certainly would never think of handing over the Indies to any other country without the consent of the inhabitants of them. However the suggestion has been emphatically answered by the people of the Indies themselves. A movement is on foot for a federation of these islands with a view to forming a new self-governing dominion. A resolution along these lines is now before the Jamaican Legislature asking the British Secretary of State for the Colonies to call a conference. A recent meeting of the West Indian Chamber of Commerce passed a resolution of a similar character. So that it is abundantly clear that these people desire to remain within the Empire.

Rotarian Kelly of Hamilton, Ont., told the Rotary Club yesterday that if Canada is to prosper and develop as she ought to do, it was necessary for the people in all parts of the Dominion to know and appreciate each other better than they do. Mr. Kelly might with advantage do something to bring to the knowledge of the people of Upper Canada some instances of the difficulties and drawbacks that the Maritime Provinces are compelled to labor under, with regard to which other parts of Canada are either lamely ignorant or signally indifferent. Anything does for these lower provinces in the other provinces' estimation.

When the workmen really understand the industrial situation, they will dismiss alike all the foolish promises of politicians and all Utopian theories which suggest that the situation can be remedied by flying to the State. We shall then settle down to the grim fact that the world is poorer and that everybody must suffer in consequence.—Westminster Gazette.

Our Autonomy Silly-Billies. Nobody is more timorous and suspicious than your extreme autonomists. "He objects to every bush an orchard." He objects to having the Prime Minister go to London at all to confer on questions important to Canada, and he is caught in the maelstrom of imperialism. He objects to having Canada independently represented at Washington because somehow he does not know how, but marks somehow that arrangement might be used to promote the cause of imperialism. He regards with dread even the imperial conferences because they may lead to centralization. Extreme autonomism is a sort of nervous ataxia.—Hamilton Herald.

Then if his bill of health is under par, We ship him forthwith to his native land. We've maladies in plenty of our own. Without importing any Eastern brand. But should a clean report be handed him, We say, "Come in, my friend, you're welcome here." No matter if he has a canine snout That'll red with hate beneath its skin veneer.

THE LAUGH LINE None so fond of secrets as those who cannot keep them. Spring. That Spring is here. There is no doubt, The house is now Turned inside out.—Detroit Free Press.

A Good Reason. A little girl of seven or eight years stood one day before a closed gate. A gentleman passed slowly. The little girl turned and said to him, "Will you please open this gate for me?" The gentleman did so. Then he said kindly:—"And why, my child, couldn't you open the gate yourself?" "Because," said the little girl, "the paint's not dry yet."

Mistaken Attention. The pretty girl with the Auburn hair had refused him. "I never dreamed, Mr. Symkins," she said, "that your attentions to me were anything more than those of a friend." "Oh, you didn't?" growled the young man. "You thought that I had been coming here regularly four times a week during the last six months eat a seven shilling box of chocolates each night, did you?"

The Flapper Scored. Miss Oldbird was airing her views on marriage and men to Miss Flapperette, and it was evident that she was a man-hater. "I don't care for men, my dear," she said to her young friend. "In fact, I have already said 'No' to several of them." "Indeed!" said the young thing, with a twinkle in her eye. "What were they selling?"

In Great Britain, and those who are interested in it as a means of livelihood know how to make and state a case so that the multitude may understand it.

WHAT OTHERS SAY

Telephone Trouble in Manitoba. The automatic phone is unpopular with some Winnipeggers because they have to pick out their own wrong numbers, instead of depending on Central to pick them out for them.—Brandon Sun.

Wasted Energy. When the workmen really understand the industrial situation, they will dismiss alike all the foolish promises of politicians and all Utopian theories which suggest that the situation can be remedied by flying to the State. We shall then settle down to the grim fact that the world is poorer and that everybody must suffer in consequence.—Westminster Gazette.

Benny's Note Book BY LEE PAPE I break pops shaving mirror today by accidently pushing it off of the wash stand with my face while I was trying to see how close I could see myself in it. Thinking, G, its supposed to be bad luck to brake a mirror. I wonder if that includes shaving mirrors. And I stuck the mirror in back of the shoe blacking box so pop wouldnt notice it too soon, and after supper he was smoking and thinking in the setting room and I sed, Do you believe in cooperation, pop? Certany not, cooperation is any another word for ignorance and nobody of any education or any sense believes in it, certany I dont believe in cooperation and I hope you dont either, sed pop. Or no sir, G, gosh pop, I dont believe in it, I jest asked you to see whether you did, I sed. Well I dont, sed pop, and wats more Ive got no respect for anybody that does. G, gosh, pop, neither have I, some people believe its bad luck to brake a mirror, I sed. Some people havent got the sents they were born with, sed pop, and I sed, Thats wat I think, pop, I broke a mirror today but that dont say theres any bad luck about it, does it pop? Certany not, sed pop. And he kept on smoking and thinking and all of a suddin he sed, Wats that you sed? Wat mirror did you brake? Sir? Your shaving mirror, I sed, and pop sed, Its a poor rule that has no exception, and this is one time wats bad luck is connected with breaking a mirror. And he started to take off his slipper, me thinking, G, its going to start rite now. Wich it did.

REMOVAL NOTICE. The Consumers Coal Co., Ltd., have changed their Executive and Sales office from 231 Charlotte St. to 63 Prince Wm. St., near foot of King.

MANITOBA AND GOOD ROADS. Winnipeg, May 16.—Manitoba will spend \$2,225,000 on good roads and aids to municipalities this year. Hon. C. D. McPherson, Minister of Public Works, announces. Road building is proceeding at full pace throughout the province, he said, and many contracts are being let by the municipalities.

EXCHANGE RATES FILED. Ottawa, May 16.—In accordance with the judgment and order of the board of railway commissioners dated the 14th January, 1921, the rate of exchange in connection with shipments of freight between points in Canada and the United States from May 15 to May 31, inclusive will be 11 7/8 per cent, and the surcharge on the said traffic will be 7 per cent. The rate of surcharge on international passenger business will be based on 12 per cent. exchange.

"New Crusoe" Wins Position On Island Sixteen Hundred Men Applied for the Job—Intends to Do Some Literary Work. Just what constitutes an ideal job was revealed when sixteen hundred men applied most emphatically for the position offered in the following advertisement:

WANTED—A man to live alone on an island; inland lake; eight miles from shore; transportation, food, shelter, boat, etc., furnished; no work; no compensation. Address: Summertime, 800 Tribune Building, New York. The lucky man in more than a thousand stepped onto his island Arcadia shore yesterday prepared practically to do without the society of his fellow man until September or October. Strangely enough, he is not a subversive or an information clerk, though these professions were well represented in the list of applicants. The man who will play Robinson Crusoe with all modern improvements except moving pictures is a Harvard graduate named Withers, who intends to turn out some literature during his hours of solitude.

Identity Revealed. It was permitted to become known yesterday that Mr. "Summertime" is retired New York merchant, who has been for years prominent in the fight to prevent the pollution of streams and lakes by sewage and mill waste. That description fitted Edward Hatchel, Jr., like an overcoat. When accused of being the proprietor of the modern Crusoe Mr. Hatch admitted as much, and at the same time revealed the reason for the most popular job ever offered in a New York newspaper.

"The island is one of the four bits of land known as Four Brothers Island in Lake Champlain, not more than eight miles from Burlington, Vt.," he said. "The man is needed on it to look out for the gulls, old friends of mine who have been coming back yearly for twenty years to my own knowledge, and to prevent natives around there robbing their nests. "These gulls are great white Arctic

**Sailor Fined For
Selling Liquor**
Augustus Olsen Taxed \$100
—John Stillwell Fined \$200
—Five Drunks Go to Jail.

A fine of \$100 was collected from Augustus Olsen of Parrsboro, N. S., a sailor on the Minas Queen, by Magistrate Ritchie yesterday afternoon. He was charged with unlawfully having liquor in his possession on board the schooner, and also of selling the same.
Liquor Fines.
The captain of the vessel appeared in court and stated he was ignorant of the sailor's store of liquor, whereupon the court exonerated him from all blame. The captain stated that Olsen had \$100 coming to him when he arrived at his home port in Parrsboro. It was arranged that the captain should advance the fine, and collect at the end of the voyage.
A fine of \$200 was levied from John Stillwell for having liquor in his possession, and five prisoners were given eight months for drunkenness. Taking it all in all it was no day for joy juice in the police court and all the courtiers of the mighty king Al Cohol were feeling very grim while the merry jingle of golden coins trickled into the coffers of the provincial government.
James Campbell, a driver of the Royal Mail reported for trespassing on the railway property was fined but the amount was allowed to stand.
A charge of assault was preferred by Nelson Nichols against Manzer Eaton. Both men have been in custody for over a week on the charge of fighting together on Main Street. Nichols claimed in court yesterday that the colored man had hit him over the head with a bottle.
Birds, unlike the smaller ones that fly around New York waters. They deserve protection, for they are despite their beauty really tying sewage disposal plants, for they consume about two pounds of waste daily."

The Alice Barnes Ogden Memorial Prize in Painting, \$20.
Winner—Virginia Roberts, Davenport, Iowa.
There was a great increase in the number of young women this year says the Principal's report. "We had 274 applications for residence—enough for two ordinary colleges. Of these fifty-two were university students, and were provided for at the Allison Hall. We had in residence 222. This was an increase of 70 per cent. in Ladies' College students. The total registration will approximate five hundred

**Greatest Joy
In All Her Life**

Sherbrooke Woman Says
She'll Never Get Through
Praising Tanlac for Re-
storing Her Health.
"I just wish every man, woman and child in Sherbrooke knew what a grand medicine Tanlac is," declared Mrs. Josephine Currier, 12 Academie St., Sherbrooke, Quebec, recently.
"Tanlac has restored my health completely after I had suffered so much I never expected to get well. I hate to think even now of what I went through. Why, at times I had sinking spells and thought I would surely die. I had stomach trouble so bad I didn't know what it was to eat a good meal and I would blot up so with gas I thought sometimes each breath would be my last. My heart palpitated terribly and I suffered a lot from nausea. Nearly every morning I got up with an awful headache, and at last I became so dizzy and faintly everything around me seemed to turn black. I worried and worried and had about resigned myself to my suffering.
"But I thank goodness I tried Tanlac. It has been the greatest of joys of my life, and I never will get through praising it. I am in perfect health and just feel so strong and well I can do my housework with ease. I think it is wonderful what Tanlac has done for me, and I can't help but want to tell everybody who is suffering that it is just the medicine they need."

**Fear Attack On
Welland Canal**

Welland, Ont., May 16.—In the belief that the theft of 28 cases of dynamite, 1,400 pounds, from the Government stores near Allsburg, Ont., last Friday night, was the initial step in a plan by unemployed "Reds" to blow up the Welland Canal, the police of Welland and Niagara Falls, Ont., are cooperating with the federal authorities in an effort to locate the stolen explosive and round up the principals in the supposed plot.

Irishman Executed

Cork, May 16.—Daniel O'Brien, of Knockardane, Liscarrow, county Cork, was tried by drumhead court martial Saturday and executed in the Cork detention barracks at 8 o'clock this morning. He met death bravely.
A few women in the vicinity of the prison offered prayers for the execution which was carried out. O'Brien was attended by a priest yesterday.

**From Away Up In
The Frozen North**

COMES A VOICE THAT SAYS USE
DODD'S KIDNEY PILLS.
Mr. Joseph Williams, who suffered from backache for three or four years, found Dodd's Kidney Pills Just What He Needed.
Glacier Creek, Dawson, Y. T., May 16th (Special).—Away up here in the Yukon, where doctors are few and the rigors of the climate are very trying on the health, Dodd's Kidney Pills have made themselves known by the good work they have done. Listen to what Mr. Joseph Williams, a well-known settler here, has to say of them:
"I had been troubled with backache for three or four years," Mr. Williams states. "I took three boxes of Dodd's Kidney Pills and found them just what I needed. My back has not troubled me since."
Dodd's Kidney Pills are known in all corners of Canada from Halifax to the Yukon. They are a kidney remedy. They are a household remedy in thousands of families.
If your kidneys are troubling you ask your neighbors if Dodd's Kidney Pills are not the remedy you need.

FUNERALS

The funeral of James Thompson took place at 10:45 yesterday morning from the Mater Misericordiae Home to the Cathedral, where requiem high mass was celebrated by Rev. Wm. M. Duke. Interment was in the old Catholic cemetery.
The funeral of Mrs. Elizabeth T. O'Gorman took place yesterday morning at 10:15 o'clock from the Mater Misericordiae Home to the Cathedral, where solemn requiem high mass was celebrated by Rev. A. P. Allen, assisted by Rev. Simon Orum as deacon, Rev. H. Ramage as sub-deacon, and Rev. Wm. M. Duke as master of ceremonies. His Lordship Bishop LeBlanc officiated at final absolution. Interment was made in the old Catholic cemetery.
The funeral of Miss Dorothy Anna McMurray was held yesterday morning from her parents' residence, Main Street, at St. Rose's Church for requiem high Mass by Very Rev. Dean Charles Collins. Relatives were pall-bearers. A large number of floral and spiritual offerings were received. Many friends were present at the funeral. Interment was in Holy Cross cemetery.

**Winter Street To
Have 12-Inch Main**

Sum of \$200 Set Aside for
Annual Clean-up Day—Con-
tractor Gets More Time.
Commissioner Jones was given authority to proceed with the laying of a new water main in Winter street, at the meeting of the Common Council yesterday. Saab and Swanton were granted an extension of time to complete their contract at Newman Brook and \$200 was voted for clean up day.
Commissioner Jones said he was anxious to get at the work of laying the new main in Winter street and that he proposed to undertake the work himself. The cost was estimated at \$7,700, to be paid for out of unexpended bond balances to the credit of his department. He moved that, none of the tenders for this work be accepted, that the deposits of the tenderers be returned, and that the Commissioner of Water and Sewerage be authorized to proceed with the work of replacing the old six-inch main with a twelve-inch main.—Carried.
It was moved by Commissioner Jones that in view of the unusual circumstances which Messrs. Saab and Swanton had had to contend with in their work at Newman Brook, the time for completion be extended until May 31.—Carried.
Commissioner Frink moved that the sum of \$200 from general revenue be set aside for expenses of clean-up day for this year.—Carried.
Commissioner Frink reported that the ornamental light pole on Prince William street which William Soe wanted to remove to Charlotte street, belonged to Waterbury & Rising and until he had some word from that firm no action on the request would be taken.
Commissioner Thornton asked about poles on which letters denoting two owners appeared and was informed by Commissioner Frink that he had given orders to have this done where a joint ownership was claimed.

FROST HURTS VEGETABLES.

Wakefield, Mass., May 16.—Early vegetables were damaged by frosts during the past week but fruit trees almost generally escaped, according to reports from the New England states.
Favorable conditions in Aroostook county, Maine, seem likely to result in an increased acreage of potatoes, notwithstanding present prices for last year's crop are low and the market poor.

REMOVAL NOTICE.

Fifty Dollars a Month
(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man

Age 26—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month.

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension, added to what income is left, brings happiness.

You know of men well up in years who are still "drugging along". They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?
Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan
guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50.00, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life
Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All
Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50.00, \$100, \$200, \$250, a month, as arranged, for the rest of your life.

There are many other benefits.
An average deposit of only a few dollars a month will return you \$50.00 a month later on.

Scottish Team Expected Today

Entertainment and Game Wednesday at Halifax—Sixteen in Party.

Halifax, N. S., May 16.—The Anchor Club team, with the Scottish soccer team on board, is expected to arrive here tomorrow, but no wireless has been received from her yet. The visiting team will be met at the pier by officials of the Nova Scotia Football Association and will be welcomed to the strains of the Scottish pipes. On Wednesday morning the players will be taken on a motor trip around the city and suburbs. They will rest in the afternoon for their first Canadian game, which will be played against the Halifax team at six o'clock. Lieut. Governor Grant will kick off.

After the game the team will be the guest of the North British Society at dinner, where Lieut. Governor Grant, Hon. H. E. Armstrong, leader of the Nova Scotia government, and Mayor J. S. Parker, of Halifax, will welcome the players. It is expected that Judge Patterson, of New Glasgow, captain of the Canadian team, will also be present.

The forthcoming tour is creating considerable interest in Canada and in addition to the matches played in the Dominion the programme will include four games in the chief cities in the United States. Matches in Canada will be played at Halifax on May 18; Ottawa, May 21; Montreal, May 24; Hamilton, May 26; Toronto, May 27; Fort William-Port Arthur, June 1; Winnipeg, June 4; Regina, June 6; Saskatoon, June 8; Calgary, June 11; Edmonton, June 14; Vancouver, June 18. On the return trip they will play at Prince Albert on June 23; Winnipeg, July 1; Toronto, July 5; International Game at Montreal on July 3. The four games in the United States will be played between July 9 and 26.

The officials of the visiting team include Col. J. B. Wilson, chairman of the Third Lanark Club; Andrew Mitchell and Thomas Sloan, two of the directors and Mr. Connell, who is manager of the undertaking. The line up of the team is: Craig Brown—Centre half back of the Motherwell Club, who came into the team when they withdrew. In credit with being a "team in himself" by Old Country experts.

John Marshall—One of the two players from English clubs expected to tour with the Scottish team. Played for Middlesbrough and is credited with "Bodoin" as being the great right back of modern times. Starred in recent international.

James Gordon—Captained Scotland's team on several occasions. Formerly returned to the Motherwell Club, but is performing for Dumbfries Athletic during the current season. Probably the most versatile player in Britain.

Alex. Bennett—Albion Rover, one of the finest and neatest dribblers playing the game in Scotland. Made his reputation while a member of the Glasgow Rangers.

Alex. Troup—Dundee youngster who has been the sensation of the football season. He has been the star performer for the Dens Park outfit, but reached the pinnacle of fame when he featured a recent international game. His "stippery" as an ace.

Addition To Houlton Closing Events

Large Purses Being Offered at All the Harness Racing Events in Maine.

Special to The Standard. Fredericton, N. B., May 16.—Chairman Lee Erwin, on the trotting department of the Houlton Fair, has made an addition to his programme of early closing events, the number being increased to seven each, worth \$500. The list now is as follows:—2:27 trot, 2:29 trot, 2:17 trot, 2:30 pace, 2:20 trot and pace, 2:17 trot and pace, and 2:16 trot and pace. The 2:17 trot and the 2:27 trot was formerly for 2:28 trotters.

Word also has been received that the Fort Fairfield Driving Club, which will sponsor the Maine and New Brunswick circuit meeting at that prosperous Aroostook town, will probably give several early closing events instead of a programme composed entirely of class races as originally intended.

St. John Cricketers Defeated Navy

Local Club Won from H. M. S. Valerian Team by Score of 105 to 69.

The eleven from H. M. S. Valerian tried conclusions with the St. John Cricket Club team on the Barrack Green yesterday afternoon and the match resulted in a win for the local cricketers by a total score of 105 to 69. The match was commenced at four o'clock, the navy going to bat first. The players and individual scores being as follows:

Officers And Team Elected Last Night

Hardware Clerks' Assn. Held Meeting—First Game With Military Friday Evening.

The team that will represent the Hardware Clerks Association in the City Association Football League, and the officers of the Clerks football club, were selected at an enthusiastic meeting held at the Y.M.C.A. last evening. The team will play its first game Friday evening when it meets the military team on the Shamrock Grounds.

The officers of the new club elected last night are, President, H. Masters, Vice-president, C. G. Walton, secretary-treasurer, S. J. Sephenson, training manager, A. J. Kelly, captain, C. J. Walton.

The team selected is as follows: Luck goal, Gibson, right back, Masters, left back, Murray, right half, Stephenson, centre half, Turner, left half, Walton, outside right, Kelly, inside right, Wallace, centre forward, Perry, inside left, Best, outside left, Substaites, Sommerville, Wright, Peterson, Smith.

As it will be seen the "Hardware" as the team is likely to be called are possessed of a very strong line-up and have a string of substitutes of no mean ability. Nine of the team are employed with McAvity's. Master is an old member of the Ashford United, and Walton played for six years on the line up of the Kings Royal Rifles regimental eleven. All of the other players are past masters of the game as well, and much will be expected of this outfit.

Wilson And Chip Signed Articles

Boston, May 16.—The signing of an agreement for a championship match between Johnny Wilson, holder of the middle-weight title, and Joe Chip was announced here today by Martin Killia, Wilson's manager. The bout will be held in Detroit on May 28, Killia said.

Whitney's Colt Broomspun Won

Captured Fourteenth Running of the Preakness—Race Was Worth \$43,000.

Baltimore, Md., May 16.—Probably 25,000 persons at Pimlico race track today saw Harry Payne Whitney's colt, Broomspun, win the fourteenth running of the Preakness, the Pimlico classic. Polly Ann, owned by Spalding Lewis Jenkins, of Baltimore, was second; J. E. Griffith's Jig was third, and the Kalapa Farm's Leonardo II. was fourth. The race was worth \$45,000 to the winner, \$5,000 to the second horse, \$3,000 to the third, and \$2,000 to the fourth. It was the richest American stake of the year, the value to the winner being more than \$4,000 in excess of the amount paid to the winner of the Kentucky derby. The time of the race, for the mile and one furlong was 1:54 1/2.

The winner of the Preakness was coupled with Trystar and the Whitney entry was favorite in the betting. The netuels paid Whitney entry, \$4 straight; \$2.80 place and \$2.40 show; Polly Ann, \$5.70 place, \$4.00 show; Jig, \$6 show.

Notts Defeated Surrey At Cricket

London, May 16.—Assisted largely by Richmond, their googlie bowler, who in two innings took ten wickets for 105 runs, Notts defeated Surrey today by 7 wickets. The scores were: Surrey, 76 and 206; Notts, 201 and 83 for three wickets. Warwickshire beat Derbyshire by eight wickets, the scores being: Derbyshire, 181 and 131; Warwickshire, 41 and 175, for two wickets.

Wilson And Chip Signed Articles

Boston, May 16.—The signing of an agreement for a championship match between Johnny Wilson, holder of the middle-weight title, and Joe Chip was announced here today by Martin Killia, Wilson's manager. The bout will be held in Detroit on May 28, Killia said.

After the match refreshments were served and the afternoon's play was greatly enjoyed by all.

BULLS STOP THE BEAR DRIVE AT FINAL MOMENTS

Few Stocks, However, Were Able to Make Substantial Recoveries.

MONEY RATE IS REMAINING FIRM

Bond Dealings More Active Than for Several Weeks Past.

New York, May 16.—Selling of stocks for both accounts principally the short interest, was resumed in moderate volume today. It continued until the final hour, when a covering movement cancelled many losses and effected a few substantial gains. Early recessions ran from 1 1/2 to 3 points in the prominent motors and their accessories, as well as steel, equipment, shippings, metal and food shares. Low priced oils were under constant fire, due in part to rumors affecting a minor flotation. Miscellaneous issues embracing the mail order, motion picture, leather and less distinctive groups also gave way variably to professional operators, but a few of the utilities, rails and tobacco were inclined to strengthen.

The belated recovery was guided by Mexican Petroleum, International Paper, Sumatra Tobacco and some of the oils, as well as motors and investment rates at actual gains of 1 to 5 points. It occurred in the face of a rise of call money from 6 1/2 to 7 percent. Sales amounted to 700,000 shares.

"The Tobacco of Quality"

Fractional Gain In Nat. Breweries

Laurentide Only Paper Stock to Show Strength at Montreal.

Montreal, May 16.—Breweries again continued the active leader of the local stock exchange today with Laurentide a close second. Both issues finished strong, the former closing 24 points up at 80 and the latter at 82 1/2 representing the gain of the fraction. The remaining papers outside Abitibi and Howard Smith, did not show up well. Abitibi added a small fraction and Howard Smith held its ground at the week end levels. The Spanish issues were weak, the common losing a fraction at 73 and the preferred dropping 1 1/2 points at 79 1/2, though neither was actively traded in. Brompton lost 1/2 point at 36 1/2 and Wayagamack a small fraction at 69 3/4.

Lyall continued the strength shown over the week end and at 71 showed a gain of 3/4 point. Steamship preferred was on the easier side. Stronger stocks were Atlantic Sugar a fraction higher at 31 1/4; Textile a fraction up at 128; Montreal Cottons up 4 points at 80; and Macdonald which gained 1 1/2 at 18 1/2. Weaker stocks in Bridge down 3 points at 79 and Merchants Bank which lost a point at 174. The war loans generally held steady with the exception of the distant municipalities. The industrial bond list was not active. Total sales, listed, 6,951; bonds \$373,900.

May Wheat Future Continues Light

Very Little Change Reported in the Coarse Grain Situation.

Winnipeg, May 16.—The tightness in the May wheat futures was again in evidence today when unexpected strength developed and prices advanced 5/8 cent from the previous close which was followed with a 1/16 cent reaction during the latter part of the session. At the high of the day, May was quoted at 1.86 1/2, and at the close 1.84 1/2, a gain of 1/8 cent from Saturday. July closed 2 1/4 higher and October unchanged.

With the future advancing to 1.86, there were liberal offerings in the cash wheat market and considerable wheat changed hands around 1.90, sufficient to satisfy the immediate demand which eased off.

There was not much change in the cash coarse grain situation. Wheat—Close: May, 1.84 1/2; July, 1.49 1/2; October, 1.23.

Oats—May, 43 bid; July, 41 bid; October, 45 bid.

Ontario flour, 90 per cent patent, 87; bulk seaboard; 90 per cent patent nominal, in June.

GOSSIP AROUND THE MARKETS

At a meeting of directors of the Bell Telephone Company of Canada it was decided to increase the capital stock of the company from \$22,900,000 to \$28,625,000, the new stock to be offered to shareholders of record May 31, at par in the proportion of one share for every four then held by them. The right to subscribe will expire at the close of business on June 15th.

At the annual meeting of shareholders of Canadian Cottons Ltd., business was purely of a routine character, the annual report being approved and the old board of directors being elected without change. Vice-President O. Dawson said that business continues on a hand-to-mouth basis, but that there were signs of improvement in the industry and that the outlook for the company was bright.

New York funds continue steady at 11 1/2-15 per cent premium. Sterling in New York, demand 3.99 1/2; cables 4.00. In Montreal, demand 4.46 3/4; cables 4.47 1/2.

Unlisted quotations reported by the Montreal Stock Exchange: Frontenac 50 at 66 1/2, Hollinger, 136 at 7.20; 200 at 7.20. Car Notes, 341.25 at 77 1/2. RAW SUGAR MARKET. New York, May 16.—The early market for raw sugar was unchanged at 5.02 for Porto Rican centrifugal, while Cuban were quoted at 3 1/2 cents, cost and freight, equal to 4.89 for centrifugal. No fresh business was reported.

Raw sugar futures were easier under selling by trade interests and commission houses with prices at mid-day four to seven points net lower. Refined sugar was quiet at 6.30 to 6.40 for fine granulated, with some refiners still accepting orders below list prices. Refined futures were dull with no transactions up to mid-day.

Montreal and Toronto, Manitoba flour, track Toronto, cash prices: first patents 10.50; second patents, 10.00.

Hot Shot For Civil Service Commission

Dr. Hodgetts Shows up Incompetence of Body to Deal With Professional Things.

Ottawa, May 16.—A bitter attack on the civil service commission is made here by Dr. C. A. Hodgetts, in announcing his resignation from the health department. In a statement made last night, Dr. Hodgetts says: "After ten years of service with the commission of conservation as medical adviser of public health and after four years of service overseas (1914-1918), I was transferred from the commission of conservation to the department of health by order-in-council which gave me the privileges as regards salary which I enjoyed while with the commission, and I fully expected the 'scrap of paper' would be wiped up.

"Subsequently, the civil service commission, which has not on its whole personnel any professional expert competent to pass intelligently on questions relating to public health, classified the position which I have temporarily held since my transfer at a figure below that which I have been receiving with the result that acceptance meant being degraded, and my salary was actually lowered in other words, it was an 'infringement of the commission's promise' to accept services in the department, but a professional man could expect no other treatment from the civil service commission.

"I have resigned for two reasons: (a) The order-in-council has been ignored, and (b) I decline to accept the position offered upon the terms as laid down by that incompetent and autocratic body, the civil service commission, which in my opinion is incompetent, particularly as it relates to the employment of men with professional qualifications."

Tanker Impoco Badly Damaged

Since the stranded ship reached Clark's Harbor, it has been found the damage she sustained while on Etanoko Rock is far more extensive than at first anticipated. The bottom is practically all out of the ship, the engine tipped and boilers spreading making it impossible to use either of them for steaming purposes. Work received Sunday from Captain A. E. Taylor, of the Maritime Wrecking and Salvaging Co., states that the Imperial Oil Company's schooner Impoco would be ready to leave Clark's Harbor for Halifax as soon as the weather cleared, very thick prevailing Sunday.

Another N. S. Vessel Abandoned At Sea

Word comes from Mobile stating that the Nova Scotia three-masted schooner E. A. Sabean, for that port for Vera Cruz with a cargo of lumber, has been abandoned several miles off Galveston. She became waterlogged after having sprung a leak. The crew was taken off by the fishing schooner Escabe and taken to Pensacola. The abandoned schooner did not sink and is a dangerous menace to navigation. When last reported the Sabean was in lat. 27 28 N, lon 93 37 W, lying low in the water.

The E. A. Sabean was a vessel of 245 tons net, built at Liverpool in 1901 by Robie McLeod, and owned by E. G. Scott.

THROUGH RAIL SERVICE TO PACIFIC COAST

Canadian National Railways Offer Most Direct Connections With Fast Through Trains from Montreal.

The finest train service to the Pacific Coast is afforded by the Canadian National-Grand Trunk "Continental Limited" now leaving at 9.00 p. m. daily from Bonaventure Station Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane, and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest road bed.

From Maritime Province points there is connection by Ocean Limited with the Continental Limited daily except Sunday. The Maritime arriving at Montreal at 7.40 p. m. affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levi at 1.30 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5.00 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific Coast by train leaving Toronto daily at 10.30 p. m. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the West will be explained by all C. N. R. Ticket Agents, and folders and illustrated matter may be obtained by application to any of the Railway Ticket Offices or by writing to the General Passenger Department, Montreal, N. B.

THE WEATHER
Toronto, May 16.—Pressure is lowest in the Pacific States and higher over the lower Lake region and the Ohio Valley. Showers have occurred in the Maritime Provinces; elsewhere in the Dominion the weather has been fine and in the Western Provinces a little warmer.

AROUND THE CITY
BAND OFFERS SERVICES.
The committee in charge of sports to be held in aid of the Mayor's fund has been notified by the Mayor's band that the services of the band are at its disposal for that evening.

COACHES MUST HAVE LICENSES
Commissioner Thornton yesterday called attention to the by-law which requires all coaches to carry the same as automobiles, and stated that orders had been given the police to report all offenders.

MET WITH ACCIDENT.
Henry Melanson, 102 Queen street, a city employee, received injuries to his back yesterday morning while working about a city team. He was taken to the General Public Hospital and later to his home.

POWER BOAT CLUB.
The Power Boat Club was a scene of activity yesterday afternoon, many people working on their boats, painting and caulking to make them watertight. Most of the boats are off the blocks and it looks as if the coming season will be a big one in the motor boating world.

RIVER STEAMERS.
The steamers Majestic and Champlain arrived at Indiantown yesterday after their respective runs on the river and ready to start their freight moving, but fairly large passenger lists. There is a certain amount of green stuffs but no potatoes or heavy freight being moved at all.

EXAMINATIONS THIS WEEK.
It was announced yesterday morning that the civil service examinations would be held on Tuesday, Wednesday, Thursday and Friday of this week in the Centennial school under the supervision of M. D. Sweeney. These examinations will be for junior clerks as follows: File, statistical, stores, supplies, account, audit, bookkeepers, stenographers typists, etc.

WONDERFUL PERFORMANCE.
A paper yesterday announced that Commissioner Thornton had placed a silent policeman on the corner of Ludlow and Union streets, West End, to direct traffic. As these streets run parallel, the wooden cop will have his work cut out for him, and it is doubtful if the commissioner will undoubtedly think how he can place a cop on the corner of Duke and Dock.

OBJECT OF INTEREST.
An object of interest yesterday afternoon was the moving of a very large safe into the Consumers Coal Co.'s new offices on Prince William street. The safe was hauled up Church street by four horses, and men from the St. John Iron Works placed the safe through a rear door and into position in the offices. The job was difficult but well handled.

STAFF HAS ARRIVED.
The staff of the Public Works Department of Canada, which was ordered moved to St. John through the amalgamation of the Chatham and St. John offices, has arrived in the city. The personnel consists of Geoffrey Stead, resident engineer, who is now in charge of the office for the province; G. E. Macdonald, A. W. Wilbur, Jr., R. Logie and C. H. Thurber, engineers, and Miss C. M. McLean, stenographer. Mr. Stead and Mr. Logie both disposed of their houses in Chatham before coming to St. John.

CAUSED EXCITEMENT.
Some excitement was caused on Prince William Street yesterday when smoke was seen pouring through the Commercial Club's doorway. At first it was thought the building was on fire, but when an examination was made by a couple of ex-members of the fire department the smoke was found to be coming from the furnace owing to a bad draft. Rear windows were opened and when the furnace fire of wood died down the smoke cleared and no damage was done to the rooms or contents.

ADOPT DAYLIGHT TIME.
The Methodist ministers of the city at their weekly meeting yesterday morning decided to adopt daylight saving time in their churches beginning next Sunday. Rev. J. B. Gough read an interesting paper on "Church Policy" which evoked considerable discussion, participated in by nearly all the ministers present. Rev. Mr. Gough was warmly thanked and congratulated on the excellence of his paper. In the absence of the president, Rev. Neil McLaughlin, Rev. S. Howard occupied the chair. Other ministers present were Reverend Messrs. S. F. Hendrie, H. A. Goudwin, J. Healey, E. E. Styles, J. B. Gough, H. B. Clarke, Henry Ponna, G. F. Dawson.

Wholesale Liquor Men Not Worried

Going About Their Plans and Will Soon Commence Shipping Goods from Here.

Wholesale liquor dealers who contemplate establishing warehouses in St. John for export trade are not very much concerned over the refusal of the Federal Cabinet to establish bonded warehouses here. They are going about their plans and unless something not now anticipated occurs, will be open for business within a couple of days. The Standard is informed that these dealers as a group have not asked for the establishment of bonded warehouses here, but are prepared to pay the full duties on their importations as received at this port and thus to accept delivery of everything they bring in. Nor are they carrying over any action which the provincial inspecting staff may take. Their contention is that neither the provincial nor the federal authorities have, under existing legislation, any right whatever to interfere with inter-provincial trade. Should it so happen that goods consigned to St. John are seized or delayed in any way in delivery to the wholesale dealers here, all plans have been made for the institution of immediate action not merely for the release of such goods, but for damages against the individual officer responsible for the seizure. It is claimed that the Ontario law, which is particularly rigid, is not sufficient to prevent inter-provincial trade, that the Prince Edward Island Act fails to interfere with the export of liquors from that province, that Nova Scotia is in the same box, and that indeed even the Federal Government has not at present any authority to prohibit the export from one province to another. It is also contended, and this point is now awaiting the decision of the Supreme Court, that the Federal Government has no right legally to enforce legislation in a local sense. Any act passed by Parliament must, it is declared, be of a general nature, applying equally to all parts of Canada and cannot be enforced against one province unless it is applied with equal effect toward all. This particular feature, however, is not involved in the present effort to establish warehouses here, but may come up later. For the time being the wholesale houses are merely going ahead with their preparations and will commence shipping goods as soon as their premises are ready for the receipt of consignments from Upper Canada and overseas.

Union Secretary Short In Accounts

Examination of Books Show Secretary of Large Local Short About \$1,400.

An examination of the books of one of the largest and most important of the labor unions in the city shows the secretary to be short \$1,400 in his accounts. There is a disposition on the part of the local officials of the Union to give the secretary a reasonable length of time to make good his shortage. Speaking of the affair Monday, one of the head officers, said he was at a loss to understand why there should be any misappropriation of the Union's funds by the secretary. He was surprised that the secretary should be a very flustering salary for the services performed, and did not appear to be one who was living beyond his income. He has always been a reliable and conscientious official, and every opportunity will be given to make good the shortage and it is believed he will be able to do so. There is no thought of bringing any criminal action in the any time in the future, as such proceedings would accomplish nothing and only bring odium to the man's family, said the official.

Rotary Entertains Some Noted Guests

Rev. Mr. Legate Talked Interestingly on Australian Matters at Luncheon Yesterday.

The members of the Rotary Club had the pleasure of entertaining at lunch yesterday several notable guests, among whom were Rotarian Sir J. Martin Harvey, the well known Ontario actor-knight; Commander Robert Leout Hurst, Sub-Commander Mack, Warrant Engineer Germain and Gunnery officer Rogers, of H. M. Valerian; Rotarian Kelly, of Hamilton Ontario; Lieutenant Governor, the Ontario District; Rotarian H. L. Stewart, of Dalhousie and the Rev. Morehead Legate, of Knox church, who presided at the luncheon. The Rotarian "Ken" MacRae presided, and there was a large attendance of members. Two new members elected were: J. M. Woodman, of the C.P.R., and Roy M. Rogers as an associate member with H. Mont Jones. Rotarian Weyman announced that the Boy Scout council numbered 2,500 Rotarian Kelly, of Hamilton, being called upon expressed his pleasure at being present and brought fraternal greetings from his own club. The more intimate Rotarians got, he said, the better it would be for the community. Rotary is performing a good work, and if the members could be more effective by better acquaintance Australia described. The Rev. Morehead Legate was then called on, and after announcing that he proposed to deal with Australian matters, said it was much to be regretted that Canada and Australia did not know and understand each other better. Canadians really know little or nothing of Australian affairs. The two countries have many things in common and it would be in the interest of both if they could get closer together. Probably a delegation of Rotarian missionaries sent over there might be the most effective way of making the two countries better acquainted. Australia is quite a big country, if it is undeveloped, containing over three million square miles, or about the same size as the United States. The flora and fauna are among the most interesting in the world. The people, with the exception of the rapidly dying out aborigines, are wholly whites. Australia will not stand for any colored races. She has no desire to become a second United States, which is a conglomeration of about every nationality in the world. The people have no desire to be selfish in taking this course; their ideal is a white nation, and they intend to stick to it. Australia is next to the continent and she proved this when the war was on. There was no conscription in the country, but they raised a volunteer army of 300,000 men to fight for king and empire. Australia's little navy made itself pretty conspicuous among its feats being the capture of the notorious Emden. Labor is King. Labor is predominant in Australia, and it is all native. There are no blacks or Chinese in the country. The Australian is not a hard worker, the 48 hour week being the maximum, though in some districts, it is as low as 36 hours. The eight hour day is the limit in all cases. The temperate climate is somewhat trying and is not conducive to very hard work. The chief aim of the Australian is to obtain a competence; this is more than true of any other anything else. About one man in every six is the owner of property, and one in every four has a bank account. Australians are great sportsmen, and in no other country is racing, with its accompanying betting, more firmly established. Horse breeding is carried on extensively which, in the past, has accounted to a large extent for the racing fever. Every community in the country has its race course, and Cup Day is the one great event of the year. There is a great national pastime and the recent matches with the English eleven showed pretty conclusively that Australians were well able to hold their own. In concluding, Legate said that Australia was intensely independent, but this independence was not to be mistaken for disloyalty; for there he said, no more loyal subjects of the British crown than the Australians. The chairman tendered the thanks of the club to Mr. Legate for his very interesting and instructive address. Rotarian Sir J. Martin Harvey, who arrived while Mr. Legate was speaking, was called on for a few words, and in responding thanked the club for his very cordial reception. In a very humorous way he told of how it came about that he did not call at St. John on his previous visit to Canada some years ago, the reason being, he said, that the stage carpenter of their theatre, who happened to be an Englishman, and knew him (the speaker) had expressed the view when asked by the proprietor if he knew Martin Harvey and could he fill the theatre, replied that he could get into it. That's why St. John was left out. However, he was here now, and glad to meet them all. As a Rotarian himself, he expressed his entire concurrence with the remarks of Rotarian Kelly, that the better Rotarians the world over got to know each other, the greater good would they do. After a few timely remarks from Rotarian Stewart, of Dalhousie, the gathering broke up.

This is Fishing Tackle Week At THORNE'S
and your long looked for fishing trip is less than two weeks distant—the 24th. Fishermen Busy Catching Shad

Short Season Opened and Small Number Caught—Gaspereaux Scarce.

The ban on shad fishing was lifted yesterday and the fishermen drifting in the harbor used their shad nets for the first time in very many months. The privilege only lasts until June 30 and all advantage is being taken of the fisheries department's grant. Naturally there was a large demand for the juicy shad yesterday in fact much larger than the dealers were able to cope with. A dealer states that the catch on the opening day was rather small and not sufficient to establish a set price. They were finding ready purchasers for sixty and seventy cents per fish. Fishermen are hoping that the shad will appear in larger numbers owing to the short time they are allowed to catch them. Gaspereaux in the harbor waters continue scarce, this year and are selling from seventy cents to \$1.10 per hundred. This time last year there was a super-abundance and hundreds of barrels were being salted down. A fisherman from down the bay arrived with seven thousand gaspereaux which he had collected from twenty-seven boats in that district. He sold the fish to the public at twenty-five cents per dozen and some fresh cod at four cents a pound.

Power Company Not Opposed To Unions

Claims Right, However, to Conduct Its Own Business—Part Schedule Thursday.

The directors of the New Brunswick Power Company, at an informal meeting held Monday afternoon, decided to meet this afternoon representatives of the Amalgamated Street Railway and Electric Workers' Local and consider with them the causes which led up to the dismissal from the company's services last week of two employees. The local has asked for a hearing on this question and their request is to be granted. At the time the men were dismissed it was given out, unofficially, that they were let go because they were regarded as disturbing elements and detrimental to the welfare of the company. New Schedule Thursday General Manager Thomson informed The Standard last evening that the new wage schedule and working conditions, which the company purposes to inaugurate, will be posted on Thursday. "Do you plan considering the proposed schedule with representatives of the local union of Amalgamated Street Railway and Electric Workers, or with individual employees?" he was asked. "It is our purpose to talk over the schedule with the individual employees. We are not opposed to any sect, religion, society or union. But we do claim the right to run our own business and are of the belief that no union shall dictate to what we shall not do in our service to the public. It is the company's wish to give the public the best possible service, to give that service with safety and convenience to the public. To do that we must follow out our plan and ideas unhampered by a union's dictation."

William H. Sharpe Is Under Arrest

Brought from Sydney by Detective — Charged With Contempt of Court.

William H. Sharpe was brought back to the city yesterday from Sydney in the custody of Detective Biddecombe, and will be charged in the police court this morning with contempt of the supreme court, and disobedience of its orders. Removal of Children. Mr. Sharpe's arrest followed his removal of his two children to Truro where he recently established his home. In doing so he disobeyed the order of the court, which granted him the custody of his two children in preference to their mother, but ordered that they should be kept within the jurisdiction of the court. The case will come up before Magistrate Ritchie this morning. J. K. MacLae will appear for Mr. Sharpe, and will have associated with him Dr. W. B. Wallace, K.C., as counsel. Mrs. Sharp will be represented by Cyrus Inches of Inches, Weyman and Haven. An interesting legal battle is likely to develop involving some nice points of law. Second Arrest. This will mark the second arrest of Mr. Sharpe following his disobedience of the orders of the court regarding the custody of his two children. After his separation from his wife, the court ruled that he might retain charge of the children so that they might be enabled to complete their education in the city schools, pending its decision as to which parent should be awarded the care of the children. Shortly after this Mr. Sharpe took both children to friends in Malton, he was arrested and kept in gaol until he agreed to bring them back to the city and within the jurisdiction of the court. The children were brought back, and after the case had been argued before the court, Mr. Sharpe was appointed custodian of the children, who were however to be kept within the jurisdiction of the court. And J. D. P. Lewin appeared for the plaintiffs in the McIntyre case, while Dr. F. R. Taylor, K. C., and W. G. Pugsley, of Ottawa, appeared for John Bradley.

Quite Large Sum Found Available

\$40,000 in Unexpended Bond Balances May be Used to Keep Down Future Issues.

According to a report submitted by the Mayor it is possible for the city to do a considerable amount of work without issuing new bonds, as there is over \$40,000 of unexpended balances to the credit of various departments. This amount is made up as follows: Water and sewerage, \$33,757.83; Safety, \$650; Public Works, \$5,400.20; Harbor, \$583.59; a total of \$40,193.77. This money, according to the advice of the city solicitor can be used for capital account on similar work for which the original bonds were issued. It is from this fund that Commissioner Jones plans to make several of the water main renewals which he has under way for the coming season.

NEW TURN IN CASE.

Two actions were brought in Chancery, one of Wm. E. McIntyre, Ltd., and other against the chief liquor inspector of the province and the Attorney General and the other by John J. Bradley, in which injunctions were granted by His Honor, Mr. Justice Grimmer, restraining the sale of intoxicating liquors in bond for the purpose of export sale. This will restrain the seizure of the carloads of liquor in bond here and it is understood that it will apply also in the case of any similar carloads of liquor brought into the province while the injunction is in force, that is until the trial of the action. M. G. Teed, K. C.,

Loyalist Day Dance and Bridge, Armories ELECTED OFFICERS. A meeting of the Men's Brotherhood Class of Ludlow Street, Baptist Church was held Sunday afternoon when G. T. Ring was elected President; Hazen Hamilton, Vice-President; J. McLean, secretary, and Miss M. Mullin, treasurer. Rev. I. Brindley, pastor of the church is the teacher.

REMOVAL NOTICE. The Consumers Coal Co., Ltd., have changed their Executive and Sales office from 351 Charlotte St. to 68 Prince Wm. St., near foot of King.

The Call of The Outdoors—A Particular Call To Dykeman's. It's the season when the out of doors beckons itself in glowing green and leafy profusion when the open spaces beckons to sport and play. This Dykeman store with its seasonable needs and accessories, with wide selections and helpful values, makes this shopping season at Dykeman's—one of particular pleasure and great satisfaction. An unusual showing of pretty new summer Dresses of dainty gossamer fabrics in light airy shades, and darker shades of Blue, etc., featuring in today's displays. By the yard too one can at present find just what one wants, at a much lower price. Either ready made, or by the yard which? Or can we show you both?

BANQUET FOR CHAMPIONS A banquet is to be tendered to the Y.M.C.I. Bowling team, champions of the 1921 New Brunswick and Maine Bowling tournament in the Y.M.C.I. next Thursday night. After their fine showing in Fredericton it is probable that a large number of bowling fans will be on hand to honor their team.

MARRIAGE ANNOUNCED. Cards were received in the City yesterday announcing the wedding of Miss Alice Lorella Rowan, of this City and Harry M. Blair, formerly of Fredericton, on Saturday, May 7th. They will be at home, 55 Down Street, Brooklyn, N. Y., after the wedding.

CLIFTON HOUSE, ALL MEALS 60C. There is over twice as much butter fat in Borden's St. Charles or Jersey Milk "with the cream left in" as in ordinary milk. Over half of the water is removed through evaporation.
