CENTREVILLE HAS SUCCESSFUL FAIR

Attendance Large But Exhibits Not
Up to Average in Numbers

The Centreville Agricultural Fair held the 19th and 20th was a success financially and otherwise. A record number of tickets was sold for the two days and if the last day had been fine the crowd would have been too large for the grounds. The Red Cross Society provided meals in the large dining room at the rear of the exhibition building and anyone could get all they could eat of food of the very best quality for the modest sum of 50 cents. The wisdom of having a yearly show well advertised early in the season was clearly demonstrated as former exhibitors were in doubt about there being a show this year and did not prepare for it. On this account the exhibits in some classes were not nearly as good or as numerous as in former years. Horses showed up well but not so many as usual. The cattle show was good. A fat freak calf owned by W. Crawford of Royalton was quite a curiosity. Poultry were good in numbers and quality and local people this year got the prizes. Roots and vegetables were excellent. Fruits also were very good for this section. The dairy exhibit was also good, some butter testing out 95 percent perfect. But up stairs in the building was the best exhibit ever at any of our shows. Hand made fancy work in all varieties of articles that can be made by the ladies, also paintings, etc. Many visitors who have attended all the big shows for years pronounced this the best exhibit they had ever seen.

The hog and sheep exhibit was very poor. Now that hogs are such a fancy price we expected to see a large entry in this class. Probably scarcity of feed through the summer had an injurious effect.

The managers of the fair are every year learning a little more about running shows and this year the lesson learned will be to have some attraction in addition to the exhibits.

The scarcity of funds has been the draw-back in former years, but now that the Society is out of debt there should be an inclination to branch out and make Centreville Fair an annual occurrence with all the necessary fixings added.

Muriel Sullivan was taken seriously ill Sunday afternoon.

U. R. Hanson and wife of Woodstock visited here over Sunday.

Harry Stevens of Woodstock was here through the Exhibition, visiting his brother.

John McDougall, Woodstock, was here through the Fair.

A. E. Jones & Son had a gramophone show at the Fair. Hugh Savage had a piano display also.

E. O. McDonald of Fredericton, B. H. Kimball and family of Fort Fairfield, H. B. Kilburn and wife motored down to the Fair Thurs-

day in Mr. Kimball's seven-passenger Packard.

Rev. Mr. Wightman of Florenceville occupied the pulpit of the Methodist church Sunday morning.

Mrs. F. D. Tweedie and daughter, Miss Eileen, left for Boston last Thursday.

Burton Clark is visiting in Freeport, Me.

INFANTILE PARALYSIS IN PROVINCE

Two Cases at Grand Falls and
Quarantine Established

Fredericton, Sept. 22.—Infantile paralysis, a dread disease which has caused many deaths among children in the United States within the last few years, again has made its appearance in New Brunswick. Two well defined cases have occurred at Grand Falls. Dr. R. H. McGrath of this city, secretary of the provincial board of health, returned from Grand Falls on Thursday after placing quarantine restrictions on two dwellings in which the cases were.

The provincial authorities are keeping close watch upon Grand Falls and vicinity in case there may be further developments. It is feared that there will be a spread of the disease in that section as children have been exposed to infection. Warm weather gives infantile paralysis its most favorable condition and the fact that cool weather is now at hand gives great encouragement in the fight against the disease. The source of the infection is believed to have been the State of Maine.

This is the first occasion on which infantile paralysis has been reported so far north in the province. Former cases were in Charlotte county, also originating in the United States. None were fatal.

Raymond-London

A quiet wedding took place at the home of Mr. and Mrs. W. N. Raymond of Middle Simonds on Tuesday afternoon when their only daughter, Mabel, was united in marriage with El Roy London, of Nanton, Alberta. The ceremony was performed by Rev. J. D. Wetmore and the happy couple departed on the afternoon express for a honeymoon trip. They will return here before going to Alberta. The bride is a popular young lady and the groom is well known here, being a Woodstock boy.

Tragic Death of Ray Hatfield

Ray Hatfield, son of Wint Hatfield of Mount Pleasant, was struck by an automobile at Caribou on Sunday and received injuries from which he died yesterday morning. He was 20 years of age and was employed as a chauffeur in Caribou. The remains were brought here last evening and the funeral is held today.

ROBERT HENDERSON DIED ON FRIDAY

Well Known Pioneer of Armand
Passes Away After Long Illness

On Friday Robert Henderson, one of the best known residents of the parish, died at his home at Armand after having endured a long illness. He was 75 years of age and had lived at Armand—formerly known as "Henderson's Corner"—for 57 years, going there to settle when he was 18 years of age. Mr. Henderson was born in Queens county and came here with his parents and brothers and sisters in the "fifties." Besides the wife, who was Matilda Spiney, there survives one son, Armand, and one daughter, the wife of Henry Smith of Windsor. There are also two brothers, William S. of Hartland and Albert of South Musquash; also three sisters: Mrs. Alfred Tedford of Windsor, Mrs. Andrew Gault of St. John, and Mrs. John Mann in California. The deceased was an honest man and a good neighbor and bore the respect of a wide circle of friends. In politics he was a Liberal.

The funeral on Sunday was very largely attended.

PRODUCE PRICES

Farmers report yields of good potatoes all the way from 40 to 80 barrels per acre, while 100 barrels is considered a big crop. There are lots of good potatoes in the country. Digging is well under way and weather conditions are such as though the farmers had ordered it. The spuds have been coming to market rather freely and around \$2 has been the prevailing price.

The oat crop is turning out all the way from poor to fair, to very good. Late grain was injured by frost and early-sown grain was hurt by the long wet spell. The acreage was larger than usual and the crop, locally, will total about as last year. Farmers will not name a selling price, and there are as yet no serious attempts to buy. It is believed that oats touched the top price last season.

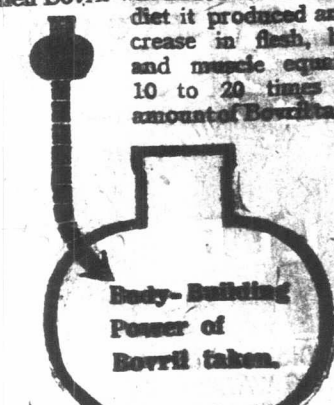

Butter is being hoarded for a wartime profit by many farmers and wage-earners in the village this week paid 50 cents a pound for it. Eggs reached the fancy price of 45 cents.

High as 12 cents has been paid for live pork and beef is correspondingly high. Lambs have been bringing \$8 to \$10 and more.

Wood is being held for \$10 by some and \$15 by others. Of course no one will consider burning up money in this fashion while there is a plentiful supply of coal at much less money for the same amount of heat.

The Body-Building Power of BOVRIL

In feeding experiments on human beings carried out by a well-known independent British Physiologist, when Bovril was added to the normal diet it produced an increase in flesh, bone and muscle equal to 10 to 20 times the amount of Bovril taken.

No increase in price since the War.

PARISH ELECTIONS

Throughout the county there seems to be only the mildest interest in the approaching parish elections. Municipal honors seem not to be coveted by the younger generation of men. It would be desirable if more young voters exhibited an interest in county affairs.

So far as the Observer is able to learn practically all the former councillors will offer for re-election, yet it is stated that C. Morgan of Brighton will not again be a candidate. It is said his aspirations are for the greater honor of a seat in the Legislature, since there is likely to be a contest for the seat made vacant by the death of G. L. White. The names of Frank Hagerman, Woodford Craig, Ransford Birmingham, Henry Teddie and W. D. Keith are mentioned as possible candidates and with this assortment to pick and choose from the electors of Brighton should have no difficulty in selecting a likely representative.

In Wakefield there is likely to be a squared-away fight—two new candidates against the former councillors. Scott Shaw, whose card appears in this issue, will represent Wakefield front, in the contest at least, and declares he is in no sense a party man and does not think politics should figure in municipal affairs. In this he is quite right, and the surest way to prevent party politics from cutting a figure at the municipal board is to elect a representative of both parties in each parish.

GRAND FALLS NEWS

On Wednesday evening, Sept. 19, a number of the friends of Pte. Harry Price met at his home and presented him with a purse of \$100. About 70 were present and the purse was presented by Rev. W. K. Kilpatrick-Ritchie

A very pleasant event took place at the parish church of St. Barnabas, Greenfield, on Wednesday, the nineteenth inst., when Miss Edna J. Ritchie, daughter of and Mr. Mrs. Joseph H. Ritchie,

was united in marriage to J. Harry Kilpatrick of Lower Greenfield. The ceremony was performed by the brother-in-law of the bride, the Rev. Thomas Parker, rector of Norton, in the presence of one hundred guests.

The bride, who entered the church leaning upon the arm of her father, looked charming in a white satin gown, bridal veil and orange blossoms, and carrying a white prayer book.

After the ceremony a wedding dinner was served at the home of the bride's father.

The happy couple left by the C. P. R. express on a tour of the Maritime Provinces, after which they will reside at Lower Greenfield. The bride was the recipient of numerous costly presents, which show the esteem in which the bride is held by her many friends, all of whom wish her and her husband many happy years of married life.

Starch Factory Coming Along

Work on the new starch factory is being rushed along as fast as a crew of fifteen men can work. Two new buildings are being erected. One of these is 45x50 feet, on a concrete wall. This is the main factory. Nearby is another large building, the dry ho use, 30x60 feet. It is expected that the plant will be in operation next month in the manufacture of starch.

When completed and in operation the new buildings together with the woodworking factory will make a stand of busy buildings the village may well be proud of, and which will doubtless begin a new era of industrial activity for Hartland. Each new industry helps to open the way for some other enterprise and in this way the town develops.

Don't Be Dyspeptic

The dyspeptic has thought only of the stomach when the real source of trouble is in the Liver, Kidneys and Bowels. Dr. Chase's Kidney-Liver Pills thoroughly cleanse and purify the digestive and excretory system and in this way put the organs of digestion into splendid working condition. A little patient urging on of these organs when sluggish will restore the habit of healthful digestion.

A Great Hit

The Family Herald and Weekly Star of Montreal certainly made a popular hit when they issued their new war map of the European fighting area. It is said they are overwhelmed with orders. The map is not for sale at any price, but is given free to all who pay a year's subscription to that great paper. The price for the whole year is \$1.25, map included. It is wonderful value, and it is no wonder they are securing thousands of new readers. Renewals also, many months ahead, are being sent in order to get the map now. The map is very complete, and alone well worth the price asked for both paper and map.

To Stop Speculation In Potatoes

Ottawa, Sept. 23.—A check is to be put on the speculator in potatoes. The food controller announces steps to prevent inflation of prices. From information obtained through the fruit and vegetable committee, the controller considers that in Toronto, Ottawa, Montreal and other centres in Ontario and Quebec the price of Ontario and Quebec potatoes to the consumer should be about \$1.25 a bag of 90 pounds. There appears to be an ample supply now assured to meet a largely increased consumption, which will doubtless follow a drop in prices.

Bath Baptist Church Services

Rev. C. O. Howlett, B. A., B. D., pastor of Bath Baptist church announces services for Sunday, Sept. 30 as follows:

Bath Bible school at 10 a.m.; Rally Day exercises in the Wicklow Bible school at 10 a.m.; preaching service in Wicklow Baptist church at 11; Sunday school at Beechwood at 2.30; preaching service at Beechwood at 3 p.m. Regular preaching service at Bath at 7.30. A cordial welcome is extended to all who attend all or any of these services.

A Builder of Health

Nothing can be of greater assistance in building up the system than Dr. Chase's Nerve Food for this food-cure forms new, rich blood, and nourishes and restores the feeble, wasted nerve cells. Gradually and naturally the body and mind regain vigor and energy, and you feel again the joy of living which comes only to people in good health.

The Crushed-Coffee Smile

Is naturally a broad and radiant one, because he who wears it has discovered a fine, rich coffee which has none of that bitter "after taste" so common to ground coffees. That is because the bitter chaff and dust have all been removed from Red Rose Coffee, which is *crushed*—not ground. It is hard to believe that there could be so much difference in coffees until you taste Red Rose Coffee.

The same price as it was three years ago.

CARLETON CO. S. S. ASSOCIATION

Meets in Annual Session at Tracey Mills—Very Successful Year Reported

Afternoon session—Devotional exercises led by Rev. J. B. Champion, after which the president, C. W. Manzer, took the chair. An address was given by the Gen. Sec., Rev. W. A. Ross, on "The Peculiar Needs of Carleton Co." Needs: 1. All the people. 2. Organization. 3. Lesson. Seventy per cent of the Protestant people in the county are outside of the Sunday Schools. He advocated having a "Go to Sunday School Day" and get all the people you can to attend Sunday School on that day. Would like to see three Superintendents for each school—the regular Superintendent, a Superintendent of absentees and a Superintendent of the prospective Sunday School. Graded lessons are demanded in the modern Sunday School. Four great thoughts to centre teaching about: food, light, exercise, atmosphere or environment.

Evening session—Devotional exercises led by Rev. G. S. Helps. Rev. Rev. W. J. Hurlow gave an address of welcome in his usual hearty and inspiring way. He said he was a Christian first and a Baptist afterwards and dwelt on the unity of all denominations in Sunday School work. C. W. Manzer made a reply. Rev. Samuel Howard then gave an address on "Sunday School Evangelism." Rev. W. A. Ross gave an address from the text: "How shall I go up to my father and the lad be not with me?" Three influences on child's life: home, church, community. Children learn more in the first 6 or 7 years of their life than in all the rest. If Godlessness, carelessness and indifference are in the home the child just absorbs these ideas and is not to blame for them. All we have got to do to bring back Prussianism is to fail to teach the boys and girls of Carleton county.

Wednesday a.m.—Rev. G. S. Helps led the devotional exercises. Reports were received from the secretary, treasurer and department of superintendents. The treasurer's report showed a balance from last year of \$99. Receipts \$247.26. Paid to Association \$222.41. Balance due Association \$52.59. Cash on hand \$177.30.

Some schools not having reported the Secretary was not able to give a report for the whole county.

A nominating committee was appointed as follows: Clyde Rideout, S. J. Parsons, John Graham, Mrs. S. S. Miller, C. A. McBride.

Enrollment com.—Mrs. T. A. Jones, Rev. W. J. Hurlow.

Resolution com.—Rev. G. S. Helps, Ernest Carey, Rev. M. H. Manuel.

Press com.—C. A. McBride. The report of the nominating committee was as follows:

President, Ernest Carey; presidents of parishes to be vice-presidents of county.

Secretary, Clark A. McBride. Treasurer, Clyde Rideout.

Recording Sec., Mrs. S. J. Barker.

Teacher Training, C. W. Manzer.

Secondary Dept., Rev. G. S. Helps.

Temperance, Clyde Rideout.

Home Dept., Mrs. S. J. Parsons.

Elem. Dept., Mrs. C. W. Parlee.

Adult Dept., Rev. J. B. Champion.

I. R. R. A., S. J. Parsons.

Missions, Mrs. S. S. Miller.

Delegates to Provincial Convention were Thomas Graham, Mrs. J. R. Kirkpatrick, Mrs. T. A. Jones, Ernest Carey, C. W. Manzer.

Afternoon session—Led by Rev. F. A. Wightman. Installation of officers by Rev. W. A. Ross.

New President takes the chair. Teacher Training Conference led by Rev. W. A. Ross. All denominations have agreed to wipe off

the slate the old Teacher Training courses. The new plan is a 3 years course of 120 lessons with a diploma at the end. Exams every 3 months.

Mrs. S. S. Miller read two papers on Missions; one for parish officers and one on China. S. J. Parsons gave a blackboard lesson to the children of the day school. Rev. M. H. Manuel gave an address on Teacher Training; 4 bees or thoughts which used well will do good, used wrong will sting:

1. Be ready.
2. Be there.
3. Be willing.
4. Be hopeful.

Evening session—Led by Rev. W. J. Hurlow. The report of the Credential Committee showed that 45 delegates had registered; 9 pastors present; 2 Supts.; 13 teachers, 5 secretaries, 24 United Baptists, 6 Union, 4 Adventist, 3 Presbyterians, 2 Reformed Baptists and 4 Methodists.

C. W. Manzer gave a talk on "Hints on Teaching." Addresses by Rev. G. S. Helps and Rev. W. A. Ross. The convention closed by singing National Anthem. Attendance at evening session about 200.

VICTORIA COUNTY S. S. ASSOCIATION

Interesting Business at Annual Convention Held Last Thursday and Friday

The annual convention of the Victoria County Sunday School Association was held in the Baptist church at Arthurette September 13-14. The convention opened with the evening session September 13, Rev. Neil McLean, pastor of the church, conducting the devotional service. The president and first vice-president both being absent, Rev. Mr. MacLean, second vice-president, presided at the meeting.

Rev. C. Flemington of Andover gave an excellent address on the convention idea, taking for his text Deut 31:12. Rev. W. A. Ross, general secretary for N. B. and P. E. I., spoke on the Sunday school program, giving many helpful ideas.

At the morning session, September 14, Rev. C. Flemington had charge of the devotional half-hour. Reports from department

FARM WORK MUST GO ON!

Men and women are needed on the farms of Canada to-day. It is our patriotic privilege to help feed our Allies. But it is hopeless to try to do the heavy work involved if the kidneys require attention.

Gin Pills FOR THE KIDNEYS

are compounded of certain medicines, which have proven their efficacy in healing disorders of the kidneys and in relieving Rheumatism, Pains in the Back, Urinary Troubles, Swollen Joints and Ankles, and Headaches.

Gin Pills are sold at 50c a box or 6 boxes for \$2.50. Free Sample if you write to The National Drug and Chemical Co. of Canada, Limited, Toronto, Ont. 115

These Men Will Help You Decide

Are you liable to be selected for service under the Military Service Act?

The answer to this question is being made readily available for you. Remember that the first class to be called includes only men between the ages of 20 and 34, both inclusive, who are unmarried or widowers without children, those married after July 6, 1917, being deemed single for the purposes of the Act.

Medical Boards are now being established throughout Canada. These Boards will examine, free of charge and obligation, all men who wish to be examined as to their physical fitness for military service. They will tell you in a very short time whether your

physical condition absolves you from the call or makes you liable for selection.

It is important that you obtain this information as soon as possible. A certificate of unfitness from a Medical Board will secure for you freedom from responsibility under the Military Service Act from any Exemption Tribunal. A certificate of fitness will not preclude an appeal for exemption on any ground.

In order that you may be able to plan your future with certainty, visit a Medical Board as soon as possible and find out if you are liable to be selected. Your family and your employer are interested as well as yourself.

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER
Buckingham, Que., May 3rd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well.

SCOTT SIPPRELL LIKES THE WEST

The following letter is from Scott Sipprell who went west on the harvest excursion. It will interest Observer readers:

I will give you an outline of our trip west on the harvest excursion, which was a very pleasant one. We started from Hartland on Aug. 27. Our first stop was at McAdam seven hours; visited our friends, C. Fitzsimmons and wife. Next division, Brownville Jct., had time to do the town and get refreshments. Next stop we were held up five hours by a freight wreck—a locomotive and three freight cars loaded with oats were completely demolished. While there we did the town of Jackman where we had refreshments of all kinds. The boys cleaned the town of tin kettles, cups and automobile caps. Next stop was Lake Megantic—there one hour, then we rattled along through Sherbrooke in the night and awoke in time to see the outskirts of Montreal. Our next stop was Smith's Falls where we had time to get refreshments, then we passed on and got a grand view of Petawawa and the soldiers there. We had a race with an auto and some mounted horsemen which was very exciting. Our next stop

WOMAN COULD HARDLY STAND

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Fulton, N. Y. — "Why will women pay out their money for treatment and receive no benefit, when so many have proved that Lydia E. Pinkham's Vegetable Compound will make them well? For over a year I suffered so from female weakness I could hardly stand and was afraid to go on the street alone. Doctors said medicines would help me, but Lydia E. Pinkham's Vegetable Compound has proved it otherwise. I am now perfectly well and can do any kind of work." — Mrs. NELLIE PHELPS, care of R. A. Rider, R.F.D. No. 6, Fulton, N. Y.
We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound. If you have had symptoms and do not understand the cause, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

was at Chalk River, then at Sudbury which is a town of some importance away back in the woods; it has a population of over 7000, electric lights and street R. R. Our next grand view was along Lake Superior. We had the whole day along the lake and arrived at Fort William 12 o'clock at night. It was raining too hard to see very much; only the large grain Elevators. Next morning we came into the wheat country, Manitoba, arrived in Winnipeg at noon, we spent the rest of the day doing the city which is a grand one. We travelled by the C. N. R. through Brandon and Regina and on to Saskatoon through one of the best wheat belts. Grain not up to the average on account of dry weather. We had some six hours in this city. I called up Arnold McFarland and he came and took us up to tea. There I met Mr. and Mrs. J. B. Bowser and son Harold and Mrs. McFarland. We spent a very pleasant evening; drove all over the city; crossed the Saskatchewan river twice; one new concrete bridge sixty feet wide with two double drive ways. There are four bridges in the city in less than a mile. You can stand on one and see the whole four which are beautifully lighted. After leaving this city we branched off on the Goose Lake line a branch of the C. N. R. through thousands and thousands of acres all prairie country with here and there a fine farm, and various ranches with hundreds of horses and cattle grazing. Arrived at the town of Hanna, Alta., on Sunday morning. There I was met by my brother-in-law, James Hamilton and wife and my son James. We stopped there two days and there Percy Robertson met us with his tin Lizzie. He traded his old one and we hooked on a new one and went south forty miles to his ranch which is beautifully situated on the Red Deer River. We had great sport on our way over the prairie trail trying to run over gophers. You can see as many as five and six in the road at once. They are a small animal which resemble our N. B. squirrel, only a light brown color. You will walk over a field of grain and you can see dozens of holes in the ground where they make their home. The farmers have to poison them off very often or they will destroy their crops.

Next morning we started in the Ford away over the hills (as the prairie is rolling here) and went to a slough to shoot ducks, where you can see hundreds. The first shot I made was on the wing. He dropped in a wheat field. This gave me courage, so next shot I got three and next two shots I picked up twelve ducks. We went back and prepared for another trip. Drove over to a neighbor, five miles, over the hills. The prairie trail is much better than the N. B. roads. You can run a Ford any old place here, around the sloughs and lakes. We hunt duck in it every day. There we found in a little nook a farmer that had over 175 pigs and hogs.

We came back and had duck for dinner. After dinner we hooked an old single wagon behind the car and went down the river, six miles. Put on two empty gas barrels and came flying back home. Some of the inhabitants ran and looked; they thought it was a circus going by. Next we went east to another neighbor about six miles. So we saw a lot of fine country. Beautiful hills here; great ranch country. You can go to the door in the morning and look and see lots of stock all around. We saw three coyotes today. They are a species of the wolf. They have hounds here that catch them and their fur is quite valuable. Also see hundreds of larks, hawks as large as turkey's, and prairie chickens that look like our N. B. partridges. We were out after supper and shot several more. Got one very large mallard duck,

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

They are very plentiful. There is so much stock here that it takes one man or boy most of the time to drive them out of the grain fields.

We brought James Sipprell from Hanna. He does the job—rides a bronco. His job in the morning is to bring in the cayuses and horses. They use eight horses on a double plough. These are turned out on the range every night and rounded up in the morning. Next he drives the cattle down the range three miles and stray horses back down the river. They have all the fields fenced with barbed wire but they jump over and get into the grain.

We are getting a threshing outfit ready and expect to commence to work soon as the grain is ready. We are baching at present. There is five of us and I am doing the cooking until we get moved to the next farmer. Percy is some sport. He said he did not want to put us to work too soon; that we wanted to have a visit first. We are to go out eight miles and see two down east girls that married here lately. I am acquainted with them. This is the place, girls, to come if you want a man. There's lots of young men here that I have met and all well-to-do. One man threshed out here and had a yield of 62 bushels of wheat per acre, and which totalled him 23,000 bushels at a price now \$2 per bushel. This is the place to farm! We have good water here and a fine view of the banks of the Red Deer River. There are antelopes in abundance and wild geese and wild turkey.

Just as soon as we get time we are going on a trip to bag a few. S. T. Sipprell.

Bath News

The funeral service of Jonas Kearney, one of the oldest of Bath's residents took place here at the Baptist church on Thursday last. A very large number of people attended the service to show their respect to the memory of the deceased. Rev. G. A. Giberson was the officiating clergyman, assisted by Rev. C. O. Howlett.

Mrs. A. E. Larlee and daughter, Miss Louise, and Master Donald Larlee went to Montreal Monday to spend a few days with Garfield S. Larlee, formerly C. P. R. agent here.

Miss May, the dressmaker, has opened a dressmaking shop in the rooms recently occupied by Dr. Jewett.

Mr. and Mrs. J. R. H. Simms were called to Windsor on Saturday by the death of Robert Henderson one of the oldest early settlers in that community, where the funeral was held on Sunday

last, Rev. G. A. Giberson of this place being the officiating clergyman, assisted by Rev. J. M. Malory.

Dr. M. E. Commins and George Nixon spent last week on a hunting tour on the Little Miramichi river country.

The farmers are hauling in their potatoes for market but the yield is less than half of an average yield, and the price though fair is about what it was in the same time last year.

Rev. C. O. Howlett is holding special meetings at Beechwood this week.

It's the Same in N. B.

Potato harvesting on a rather enterprising and modern scale can be seen nowadays on the farm of Reed Brothers, Fort Fairfield. More than \$2,500 worth of horseflesh is hitched to one Hoover digger, and the digger is then run low enough into the row so that no potatoes are cut or left in the ground. This does not mean that a dozen horses or so are hitched to the digger, on the contrary only two spans, for one of which \$1,500 was refused last spring and the other of which is worth more than \$1,000. These facts are only straws showing what a big business the raising of potatoes in the right way has now become in Aroostook, when a hundred dollars, more or less, has to be paid for a Hoover digger, then many times that amount for a sufficient team to haul it, and the crew made up of a number of men at \$4.00 a day. The time was when a man at 75 cents a day, with a tined digger costing 75 cents, made a pretty fair crew for harvesting potatoes in the fields that used to be grown here. O time and change!—Review.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freeze-one applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freeze-one, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

Card of Thanks

The family of the late Jonas F. Kearney, formerly of Beechwood, and recently of Bath, desire to express their gratitude and thanks to all those friends who attended, and to those who extended practical sympathy.

The Epworth League will hold its monthly devotional meeting in the Methodist church on Wednesday, October 3, at 7.30, conducted by J. E. McCollum. All are welcome.

Mr. and Mrs. George Foster, Lansdowne, Mrs. George Prosser, Ashland, Robert Morgan, East Cloverdale, and H. D. Clark of Mainstream were among the visitors at The Observer office this week.

George Margison of Presque Isle, formerly of Jacksonville is ill with typhoid in Fisher Memorial Hospital at Woodstock. His wife, who was formerly Miss Georgia Phillips, came from Presque Isle on Tuesday to be with him.

Robert Atkinson, son of the late Dr. Atkinson of Bristol, and who as a school teacher became widely known through the county, was last week united in marriage with Miss Nellie Mae Gulliver of Fort Fairfield. For four years Mr. Atkinson has been bookkeeper for the Stebbins Lumber Co. at Stevensville.

As a whole this has been an off year for weather—a long, cold winter and a summer without parallel for rain; but September has been gloriously fine every day, with a few exceptions, only, and such delightful weather is the more appreciated because of so long a period of inclemency. It has been an ideal harvest season, although early frost did much damage.

What came near being a fatal accident occurred at Coldstream on Saturday when Ralph and Enoch Estabrooks, Rev. I. E. Van Wart, Smith Page and his son were engaged in shingling the roof of the Baptist parsonage. The staging gave way and all fell to the ground. Mr. Van Wart sustained a fractured arm, while Ralph Estabrooks suffered from striking the back of his head. He was in an unconscious state until Monday, and although still rather dazed, appears to be recovering all right. The others were not seriously injured.

F. B. Carvell, M. P., motored through Hartland on a trip upriver today.

Miss Andrews, chief milliner for Keith & Plummer, Ltd., returned from St. John on Saturday.

There never was a time in the history of this province when a given amount of farm produce would purchase so large a quantity of groceries or clothing.

Among the signatures to "a warning to law-breakers" published in The Observer last week the name of Rev. N. Franchette was omitted through a compositor's error.

Rev. and Mrs. N. Franchette will leave next week on a vacation trip to Prince Edward Island. They will visit Mrs. Franchette's sister, Mrs. Percy Graham at Charlottetown.

Service will be held in the Methodist church, Hartland, on Sunday, Sept. 30, at 7.30 p.m., when the pastor, Rev. G. S. Helps, B. A., will preach. A cordial invitation is given to all.

Mrs. S. Hayden Shaw and Mrs. J. F. Murdoch were in attendance at the annual convention of the N. B. & P. E. I. Women's Christian Temperance Union in session at St. Stephen last week, going as delegates from the Hartland Union.

Mrs. Edward Sherwood of Avondale died suddenly of paralysis on Sunday. She had been in ill health for a long time but last week was feeling better than for a long time and was able to be out. She was about 55 years of age. Her husband survives.

At the recent annual convention of the provincial W. C. T. U. held at Stephen, Mrs. L. R. Hetherington, formerly of Hartland, now of Riverside, Albert county, was elected president. Mrs. Hetherington has been visiting her parents, Mr. and Mrs. George C. Watson, this week.

John H. D'Orsay of Fort Fairfield, the young automobilist and hustler, formerly of Lynn, Mass., was quietly married on Saturday, September 8, at the home of his uncle, Rev. John B. Gough of Jacksonville, to Miss Maud E. McClish, daughter of Mrs. William McClish of Caribou. Their future home is Fort Fairfield.

Yesterday afternoon at the home of Mrs. James Lister at Bath, Casper H. Holmes of Wicklow was united in marriage with Miss Ruth Eglantine Brooks, of Foreston, a sister of Mrs. Lister. The ceremony was performed by Rev. C. O. Howlett, after which the reverend gentleman took the happy couple in his car to Newburgh where they will visit a few days.

James Barter, sr., of Moncton, formerly of Avondale, is visiting his sons here. He celebrated his 76th birthday last week and appears rugged and well. He still looks upon life with a pleasant optimism that is good to see. No doubt his vigor and cheer is strengthened by the conscious pride in five stalwart sons who are fighting for his country "Somewhere in France."

Keith & Plummer Ltd. wish to buy a quantity of round dressed pork.

Mr. and Mrs. T. G. Simms motored to Fredericton, on Sunday, returning Tuesday.

Miss Mildred Jewett left on Saturday for two week's vacation in Houlton and vicinity.

We have on hand a quantity of lime and cement, just arrived. Keith & Plummer Ltd.

Miss Nina Blackie of Lowell has been visiting her parents, Mr. and Mrs. Robert Blackie at Upper Brighton.

Mrs. Robert Blackie and Mrs. C. E. Hayward returned last week from a visit with Mrs. John McKendry at Grand Falls.

Miss Grace Everett went to her home at Jacksonville for the week-end and was accompanied by Miss Clara Boyer.

L. E. McFarland left on Monday for St. John, going as a delegate from the Second District to the United Baptist Association in session there this week.

Mrs. B. N. Shaw who has been to Boston on a visit with her son, Dr. Arthur Shaw, returned a few days ago. A little daughter, has recently arrived at the home of Dr. Shaw.

The W. C. T. U. will meet this afternoon at three at the home of Mrs. A. F. Campbell, when reports of the delegates to the annual convention will be received. A full attendance of members is requested.

Miss Agnes Shaw, R. N., who has recently taken a four months course of training under the Victorian Order of Nurses leaves on Thursday for Melfort, Saskatchewan to take a position as superintendent of the hospital there.

C. A. McVey, engineer from the Public Works Department, was here today, and with D. A. Campbell, structural superintendent looked over the river bridge with a view to summing up the repairs needed.

Rev. and Mrs. W. B. Morgan have returned to Vankleek Hill after spending three weeks with his parents, Mr. and Mrs. D. E. Morgan, whose daughter, Mrs. J. Sterling King of Brownsville, Kings county, has also been visiting them.

Arthur McLaughlin of the Aroostook Telephone and Telegraph Co., Houlton, is spending his vacation here. This week he and his mother, Mrs. George McLaughlin, motored to Houlton and to Mars Hill, where they were the guests of Mrs. S. J. Brown, formerly of Hartland.

G. B. Hayward a well known resident of Ashland, Maine, died on Saturday morning. The late Mr. Hayward was about 70 years of age and was born at Ashland, Carleton county, but lived practically all his life in Aroostook Co. W. C. Craig, G. W. Boone, Jarvis Hayward and Mrs. W. D. A. Belyea were nephews and nieces of the deceased.

The W. M. S. of the United Baptist church met at the home of Mrs. John Reid on Thursday evening, and in appreciation of her faithful service to the society she was made a life member. A very pleasant evening was spent and an enjoyable feature was the singing of old-time favorite songs by Miss Mildred Jewett. Afterwards ice cream and wafers were served.

W. B. Harmon, a former prominent resident of Peel, was here last week, on his return from Mars Hill where he has spent several months with his son, Eugene. He was returning to Fredericton to spend the winter with his daughter, Mrs. Morrell. Mr. Harmon, although well over 80, is hale and vigorous as many a younger man.

The Philathea Class of the United Baptist church among other good deeds are determined in their efforts to raise funds for the Red Cross. And this at the sacrifice of much time and what in antebellum days would have been considered menial service. They have taken over the janitorship of the church, doing the whole of a sexton's job by twos, turn-about, and devoting the money so earned, more than a hundred dollars yearly, to the Red Cross. One of the direct benefits to the girls themselves, The Observer predicts, will be that they will live longer and look younger in their old age, for good works comes nearer to being the much-sought "elixir of life" than anything else in the world—and "still their works do follow them."

Weakened by Anaemia Doctors Gave No Hope

Said She Was Threatened With Consumption, and Gave Her Three Weeks to Live.

Anaemia is indicated by thin, watery blood. The gums and eyelids grow pale, there is great weakness and fatigue and digestion fails. Since Dr. Chase's Nerve Food forms new, rich blood, it is naturally most suitable as a treatment for anaemia. This letter proves its efficiency in the most severe cases.

Mrs. J. Adams, Port Hope, Ont., writes: "About six years ago I was taken with very weak spells and though I doctored with the family physician and used other medicines for two years, I got very little relief and, in fact, continued to grow weaker. I was so weak I could not wait on myself or raise my hand to my head and decided to go to my daughter in Toronto. When examined by Toronto doctors they pronounced me to be in a dangerous condition, threatened with consumption and other ailments and said I would not live for three weeks. One day I was

looking through Dr. Chase's Almanac and read about the cure of anaemia by the use of Dr. Chase's Nerve Food. I began the use of this treatment at once and am now well on the way back to health, after having used the Nerve Food for six months. I want my friends to know that my cure was effected by Dr. Chase's Nerve Food alone and after my discouragement from the use of other treatments, I feel it my duty to let everybody know about this remarkable cure."

As a restorative for persons who are pale, weak and run down there is no treatment to be compared to Dr. Chase's Nerve Food. Gradually and naturally the red corpuscles are increased in the blood, the color is restored to the cheeks and the strength comes back to wasted nerves and muscles. Dr. Chase's Nerve Food, 50c a box, 6 for \$2.50, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

David Caughey Dead

The many friends of David W. Caughey, formerly of Caribou, will learn with deep regret of his sudden death in Vancouver, which occurred on Friday, September 7, from heart failure, as result of a fall sustained in Coughlin's shipyard.

Mr. Caughey was born in Kilburn, November 6, 1846, where he lived until about 20 years ago, when he, with his family went to Caribou, at which place he resided until last fall, when he and his wife moved to Vancouver to be near their only child, Mrs. Archie Campbell, who was located there.

He leaves to mourn the loss of a loving husband and father, his widow, formerly Mary M. Blake of Bairdsville, and their only child, Mrs. Archie Campbell, also one brother, James Caughey of Perth, and three sisters, Mrs. John Grant of Aroostook Junction, Mrs. J. B. Cliff, Sisson Ridge, and Mrs. M. R. Stewart of Fort Fairfield, besides many nephews and nieces.

The funeral services were con-

ducted from his late home, by the Rev. J. C. Switzer in a very impressive manner. Solos were beautifully sung by Mrs. O. Pullen. The flowers were very many and beautiful, showing the high esteem in which the deceased was held by his many friends. The pall-bearers were intimate friends of the deceased, all being New Brunswick men.

Interment was made at Mount View Cemetery in the family lot.

Tompkins-McCullough

A very pretty wedding took place on Wednesday afternoon, Sept. 12, at the home of Mrs. M. J. McCullough at Keswick Ridge when her daughter Clara Belle was united in marriage to Ralph Barker Tompkins of Lakeville.

The bride, who was given away by her brother, Sterling McCullough, was becomingly attired in a costume of white silk crepe de chene and taffeta with lace and silk georgette trimmings. She wore a veil with bridal wreath of orange blossoms and carried a

shower bouquet of white bridal roses and maidenhair fern. Miss Eva Jean McCullough acted as bridesmaid and was dressed in pink silk crepe de chene over taffeta with trimmings of lace. She wore a black velvet hat and carried a bouquet of pink sweet peas and maidenhair fern. Owen Graham of Carvell supported the groom.

The ceremony, which was witnessed by a large number of friends, was performed in the open air. Rev. E. J. Thompson officiating. As the bridal party took their places beneath a large floral arch of white phlox Miss Edith Thompson beautifully rendered Wagner's Bridal Chorus from "Lohengrin" and at the close Mendelssohn's Wedding March. After congratulations had been extended a dainty wedding supper was served in a tent on the lawn, the decorations, which consisted of potted plants and flowers, being in the color scheme of green and white.

The bride, who was a graduate of provincial Normal school was the recipient of many handsome presents including cut glass and china with a substantial cheque from the groom's parents. The groom's present to the bride was a mahogany suit. Other presents distributed by the groom were; to the bridesmaid a pearl ring; to the organist a silver brooch set with garnet and pearls; to the best man an engraved gold tie clip.

In the evening Mr. and Mrs. Tompkins left by auto amid a shower of confetti with the best wishes of their friends for Fredricton. The bride's travelling suit was blue serge with white satin hat with trimmings of blue.

Death of Jonas Kearney

Jonas F. Kearney, one of the few remaining pioneers who helped to build up the district known as Beechwood, after a brief illness entered into rest on Sept. 17. Mr. Kearney had reached and passed the 85th milestone on the road of life and was the head of a numerous family. One sister and four brothers remain to mourn his loss. He was the beloved father of nine children. His children's children number twenty-eight. He also had twenty great-grandchildren. Four grandsons acted as pall-bearers. The funeral was from the residence of his son, Eber Kearney, of Bath, with whom Mr. Kearney lived for the last seven years. Interment in the family lot at Upper Kent. The coffin was covered with flowers and wreaths contributed by relations and friends of the deceased as a token of their deep respect and regret for the loss of one who consistently endeavored to "follow the Light". Among the flowers, emblems of the sweetness of a well-spent christian life, was to be seen a sheaf of wheat, typical of the resurrection of the righteous. Rev. G. A. Giberson, was the preacher, assisted by C. O. Howlett, the pastor of the Bath United Baptist church. The text of an impressive sermon was "Shall not the Judge of all the earth do right?" The family desire to express their gratitude and thank all those friends who attended, and those who extended practical sympathy.

Costing More to Raise Spuds

A shift must come in Aroostook farming during the next few years. We are informed that the new prices on fertilizer will be something like these—\$56 a ton for no-potash fertilizer and \$74 for four-per-cent potash fertilizer. With these prices, for ordinary yields, with the prices of farm help that must be paid in Aroostook and also other expenses in the future that will doubtless prevail for years, is the farmer going to be able to get off safely all the time with potatoes raised on such fertilizer? We doubt it very much. The farmers have got to get used to keeping at least a small amount of live stock, so he can raise potatoes well on part of his ground without buying so much high-priced fertilizer, which may not be nearly so good as it ought to be.—Fort Fairfield Review.

Hurrah! How's This?

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lock-jaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called frezone can be obtained at little cost from the drug stores but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of frezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.
