MEETING OF TOWN COUNCIL

Routine Business Transaction at Tuesday Night's Meeting—By-Laws.

A meeting of the Town Council was held Tuesday evening. His Worship Mayor Andrew Gaudin, Councillors Quinn, McBeath, Harquail, Alexander, Evans and Miller were present.

The minutes of the previous meeting were approved.

The Clerk read a communication from the Dominion Association of Fire Chiefs calling attention to the fact that waste material about buildings was one of the chief causes of fire and suggested that some annual clean-up days be established. Communication was laid on the table.

Another communication from the same source stated that the Association was preparing building and fire by-laws and suggested that the Town send a copy of such by-law for guidance. Laid on table.

The following communication from the Graphic was read:—
Campbellton, N. B. Sept. 18th, 1917.
To His Worship the Mayor and Councillors of the Town of Campbellton.

Gentlemen:

We were surprised, surprised last Wednesday to receive a copy of a resolution passed at the last meeting of the Town Council as follows:

That letter of Mr. O. S. O. Crockett be filed and that the Town Clerk notify H. B. Adams that payment of Rates and Assessments of the Village is not acceptable, with the condition that that notice be not accepted.

Thursday we called at the Town Clerk's office to see Mr. Crockett's letter and upon reading same were surprised to find that it was not a letter at all but a copy of a resolution of the Council.

We were surprised that the Town Council, knowing Mr. Crockett's past record, would, without hearing both sides of the story pass such a resolution and as the Graphic's side of the questions will need to be gone full into we would suggest that the matter be placed in the hands of a committee to go fully into and report.

We are only asking justice in this matter.

Yours truly,
THE GRAPHIC LIMITED.

This was laid on the table to be taken up later.

A communication from the Navy League setting forth the claims of the sailors of the navy and asking for a grant was read. Referred to Finance Committee.

Policeman Adams presented a bill of \$24.50 for conveying a patient to the Provincial Hospital. Referred to Police and License Committee.

On recommendation of Chairman of Fire Committee, John Goss was appointed a member of the Fire Brigade in place of Wm. O'Connell who has been transferred to the Fire Police.

His Worship stated that Jack Clements had asked permission to put on a boxing exhibition here.

In order to bring the matter before Council, Coun. McBeath moved that Clements be granted a license. This was not seconded.

Coun. Miller moved giving a license. Money which went for such a license could be used better elsewhere.

Coun. Evans was of the same opinion and moved that no license be granted. This was promptly seconded and carried.

Mr. Miller of N. B. State asked permission to say a few words. He said that party service in the streets

JOHN GUITE EX-M.P. DIED TUESDAY

Former Bonaventure Representative Has Passed Away—Successful Merchant.

The news of the death of John Guite Esq. Ex-M. P. for Bonaventure Co. P. Q. which occurred suddenly at his home in Marie, on Tuesday morning, was a great surprise. The late Mr. Guite began life as a teacher. After attending the Normal School in Quebec, he took charge of the Model School, in his native parish conducting at the same time a small store, which soon became one of the largest and most successful business establishments in the county. He was elected to the House of Commons; but only served a short time, his growing business demanding his whole attention. Besides his wife, he is survived by three sons, Ernest, New Richmond, Charles and Alphonse at home, five daughters, Mrs. Alphonse Bernard, Carleton, Lea, Cecile and Flora who entered the convent and Eva at home. These fill her a general feeling of sympathy for the family in their sudden and unexpected loss.

CAMPBELLTON BOYS WIN MEDALS

Sergt. Fred Kaine and Lance Sergt. Keith Recognized for Bravery.

Among the Canadians recently decorated with the Distinguished Service Medal is Sergt. Fred Kaine of this town. Sergt. Kaine gets his medal because, when his platoon commander and sergeant became casualties, he took over and reorganized the platoon, led mopping up parties, captured many of the enemy and their consolidated positions and won and maintained it against many strong counter-attacks during the next two days. He is especially praised for displaying the greatest coolness and good judgment.

Sergt. Kaine enlisted in Campbellton with the 5th Battalion he was a brother of the late Pte. Benjamin E. Kaine killed in action on June 9th and also of Pte. J. A. Kaine who

LANCE SERGT. MERLE E. KEITH.

died in England last December. A brother-in-law Albert Lloyd is now on active service in France.

Sapper Bagrie of the signal service, who, during five days of heavy fighting, held out against a continuous bombardment under fire, has been awarded the military medal and Lance Sergt. Merle Benjamin Keith and Corporal Joseph Irvin Dugan distinguished Conduct Medals for great bravery at the battle of Lens. Of Sergt. Keith it is said that his platoon after inflicting at least 110 casualties on the enemy and withstanding three attacks in a position which proved untenable was withdrawn after half of his force had become casualties and when his machine gun ammunition was exhausted, and no one had more than five rounds of rifle ammunition. That the platoon got back at all was the result of Keith's wonderful qualities of leadership.

Lance Sergt. Keith is a former Campbellton boy and a brother of Mr. Arthur Keith. His father was the late Wilnot Keith and he is a nephew of Messrs. Thos. and Richard Ellsworth of this town.

this could be prepared.

In reference to the one re By-law, the Clerk was instructed to write and state that the Town was in the act of preparing such a by-law and asked for a copy of any work such the Association might prepare.

The communication from the Graphic was referred to the Finance Committee.

The matter of D. A. Stewart's application for exemption was again taken up.

Coun. McBeath stated that Coun. Champoux has asked him to state that there were several things in connection with this he would like to look into and requested that the matter stand until next meeting. Agreed to.

Coun. Harquail moved that a special meeting be held next Tuesday evening to consider Building by-laws only. Carried.

Council then adjourned.

OPTICIAN AT DALHOUSIE AND CAMPBELLTON.

TRIBUNALS NAMED FOR BONAVENTURE

Hon. Chas. Marcell Has Named Two Additional Tribunals for County.

(Special to Graphic.)
Ottawa, Sept. 17.—The officials entrusted with the selection of places where the Local Tribunals are to sit in Bonaventure County to hear applications for exemption under the Military Service Act had fixed upon Matapedia, New Richmond, New Carlisle and Port Daniel East. Owing to the size of the county and so as to give the people greater facilities, Hon. Charles Marcell, M. P., applied for a tribunal in each Municipality but this was refused. He succeeded however in having two additional places added to the list and these besides the four mentioned above are Carleton and Bonaventure. This will make six in all. One of the judges in each of the tribunals is to be appointed under the law by Mr. Justice Tassier of the Superior Court and the other member is to be named by the Board of Selection appointed by the Senate and Commons.

All those wishing to claim exemption in the upper part of the county from and including St. Alexis, St. Andre, Millstream, Assametsquaham, Matapedia, Restigouche East, Townships of Mann and Escuminac will have to go to Matapedia.

From and including Nouvelle down to and including Maria, applicants will be heard at Carleton.

The tribunal at New Richmond will hear applications from that township; the one at Bonaventure will hear applicants from Bonaventure, St. Simon, St. Charles de Caplin and St. Alphonse de Caplin.

The tribunal at New Carlisle will hear applications from New Carlisle, Paspobiac and the townships of Hope, From St. Godfrey and Shigawake down to Gascons the applications will be taken up at Port Daniel East.

The following information is valuable for the class called out that is to say unmarried men and widowers without children from 20 to 34 years of age:

Exemption from service, under the Military Service Act may be claimed on eight separate grounds. The forms of application, which will be available at post offices throughout the Dominion in the course of a few days, make this clear. The grounds are:

1. Importance of continuing employment in habitual occupation.
2. Importance of continuing employment for which he is specially qualified.
3. Importance of continuing education or training.
4. Serious hardship owing to exceptional financial obligations.
5. Serious hardship owing to exceptional business obligations.
6. Serious hardship owing to exceptional domestic position.
7. Ill-health or infirmity.
8. Adherence to religious demonstration of which the articles of faith forbid combatant service.

The form is drafted much after the style of a ballot paper. The applicant for exemption is required to place a cross opposite the ground on which the claim is made. His case will then go to the local tribunal to which proof in support will be submitted.

Application for exemption may be made not only by the man himself, but by his employer or a near relative. In Great Britain claims for exemption on the ground of a man being indispensable in his civil occupation are generally made by the employer, who appeals to the tribunal. It is felt that such a claim can best be made by the employer. In any event, a man claiming essential occupation would have the support of his employer to his claim.

The form of military report is equally simple. There will be need by men who do not wish to claim exemption. They avoid the necessity of reporting in person until such time as a recruit is called upon for service. The declaration reads:

I hereby report myself for military service. I will appear before the military tribunal when called upon by notice mail.

OAK BAY MAN KILLED AT HALIFAX

Fell Off Oil Tank and Received Fractured Skull—Funeral Sunday.

A very sad and tragic death occurred in Halifax N. S. Sept. 12th in the person of John Edwin Geraghty son of Mr. and Mrs. Matthew Geraghty of Oak Bay, Que. The deceased was employed as an inspector with the Imperial Oil Co. of Halifax, and fell from one of the Oil Tanks in course of construction there, receiving a compound fracture of the skull.

The patient was admitted to the Victoria General Hospital at 4.55 p.m. in an unconscious condition, a message was received by his brother to hasten at once, in the meantime an operation had been performed with a view of saving his life, but in the effort and purpose they were unsuccessful, and before the arrival of the evening train, another message reached his home, that he had passed away never regaining consciousness.

Deceased was thirty three years of age, a general favorite with all employees, his cheerful disposition, his manly and straight forward ways, had won for him a wide circle of friends, who unite in offering the grief stricken family their heartfelt sympathy in their hour of sorrow.

He leaves to mourn the loss of a dutiful son and brother, a bereaved father and mother four sisters and two brothers, Mrs. Edward Kepple and Laura of Keene, N. H. Frank of Winnipeg, Man. Alice Elizabeth and Vincent at home.

The funeral was held from his home on Sunday afternoon, Sept. 16th Rev. Father Pacifico officiated. The Solemn Requiem High Mass was sung on Monday at 9 a.m. both services were largely attended.

The pall bearers were: John Geraghty, Burton O'Shea, James Murphy, Augustine Geraghty William Walsh and Gordon Harper.

SEASON OPENS FOR BIG GAME

Large Number of Licenses Sold, but Game is very Scarce.

The big game season opened Saturday and as the weather was fine a large number of hunters went to the woods.

The local vendor sold a large number of big game licenses to residents but so far as the Graphic can learn the moose and deer have kept to the tall timber.

Partridge, are very scarce. In fact there are hardly any young birds as the past spring was not favorable for hatching.

QUEBEC BRIDGE.

As we were going to press the report was received that the final span of the Quebec bridge had been successfully raised.

CARD OF THANKS.

Mr. and Mrs. Matthew Geraghty and family of Oak Bay, Que. wish to thank their many friends for kindness extended to them in their sad bereavement, also for spiritual and floral offerings.

Blank follow for the name and address of the recruit, his status whether a bachelor or a widower, his present occupation and the name and address of his employer.

Both classes of forms are now in the hands of the printer and will be distributed immediately they are available.

In two months or thereabouts the names of the judges appointed will be made known as well as the place in which they are to sit to hear applications. As soon as an intending applicant can procure a blank at any post office he can fill it up and mail it as directed.

AMENDED TIMBER REGULATIONS AND STUMPAGE RATES

Increases Decided Upon by the Government as Announced in Royal Gazette Extra—Means Big Difference in Revenue of the Province—The Figures.

Fredericton, Sept. 19.—An extra of the Royal Gazette today contains the amended timber regulations and stumping rates.

The government has increased the stumpage rate one dollar per thousand making spruce stumpage two dollars and a half per thousand instead of a dollar and a half.

Increases on other kinds of lumber are proportionate.

Some time ago, during the summer, the price of lumber, the prospects for tonnage, and decrease in cost of supplies were all so favorable that the government decided to ask for \$3.00 per thousand stumpage in some sections of the province, and \$4.00 per thousand in others. Invitations were sent to all parties interested who objected to give their reasons, and many lumbermen submitted statements to show the present cost of operating.

After hearing these representations the government did not wish to make too radical a change in the stumpage rates with conditions as they exist today, and so the decision was reached to make the increase one dollar.

The rate upon the Blue Bell tract is however \$5.00 per thousand for spruce as against \$1.50 to which the rate was reduced by order-in-council by the old government just before the elections. The stumpage rate in New Brunswick was only seventy five cents per thousand, nearly thirty years ago. Mr. Blair increased it to \$1.00 per thousand, and there was a further increase later to \$1.25 per thousand. In 1918 the rate was made \$1.50, but since then the price of lumber has increased enormously.

CAREFULLY CONSIDERED.

Premier Foster and his government realize that New Brunswick must have more revenue, and they have given the subject consideration from every view-point. The increase in stumpage will meet with general approval and the disposition to meet the operators fairly must be commended.

The cut in 1917-18 may not be so large under all the circumstances as in previous years, but what the province will lose in revenue it will gain in standing and growing timber available to yield stumpage in the future.

Operators say the prospects at present are that the cut will be small, but if it equals that of former years the revenues should increase more than \$300,000.

The new rates of stumpage are announced in the following sections: The stumpage payable on all logs, timber or other lumber cut or made upon crown lands under license, shall be as follows: For spruce, pine and hemlock saw logs per thousand

superficial feet, \$2.50; hardwood timber up to an average of fourteen inches square, per ton, \$1.10; additional per inch per ton 0.10; hardwood logs per thousand superficial feet, \$1.25; pine timber up to fourteen square per ton \$2.00; pine timber additional per inch per ton 0.50; hemlock timber per ton, \$1.00; spruce timber per ton, \$1.50; cedar logs per thousand \$2.50; railway ties eight feet length each 0.12; hemlock logs per thousand superficial feet including bark \$2.00; white birch for spool wood per cord 0.65; white birch logs for spool wood, per thousand superficial feet, \$1.25; fir logs per thousand superficial feet, \$2.00; poplar logs per thousand superficial feet \$2.00; and for all other descriptions of lumber not specified above fifteen per cent of the market value thereof at the mill, place of shipment or place of consumption in the province.

Permits issued by the authority of the minister of lands and mines to enable licensees to cut under-sized lumber on barren lands or thickets will pay the same rate of stumpage as stated above, with the addition of twenty-five cents per thousand being the cost of supervision. The distinction made before in regard to lumber cut on the St. John and its tributaries and streams draining into the Bay of Fundy and lumber cut elsewhere on the crown lands of the province has been removed.

THE BLUE BELL TRACT.

The amended regulation regarding stumpage on the Blue Bell Tract in the county of Victoria are as follows: For spruce, pine or hemlock saw logs per thousand superficial feet \$3.00; hardwood timber up to an average of fourteen inches square per ton \$2.00; hardwood logs per thousand superficial feet \$2.00; pine timber up to fourteen square per ton \$2.00; pine timber additional per inch per ton 0.50; hemlock timber per ton \$1.00; spruce timber per ton \$1.50; cedar logs per thousand \$2.50; railway ties eight feet in length, each 0.12; hemlock logs per thousand superficial feet, including bark, \$2.50; white birch for spool wood per cord, \$1.25; white birch logs for spool wood per thousand superficial feet, \$2.00; fir logs per thousand superficial feet, \$2.50; poplar logs per thousand superficial feet \$2.50; and all other descriptions of lumber not specified above, fifteen per cent of the market value thereof at the mill, place of shipment or place of consumption in the province.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

Ottawa, Ont., Nov. 26th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I have good appetite, sleep everything I eat, and the headaches are gone entirely. I recommend this pleasant fruit-medicine to all my friends."

WILL ISSUE BADGES TO DISCHARGED MEN

Veterans and Those Rejected by Medical Boards are Eligible.

Ottawa, Sept. 13.—An order-in-council providing for the issue of war badges to the Canadian Expeditionary Forces who have been honorably retired or honorably discharged, or who have been rejected as medically unfit, was tabled in the Commons today.

Heretofore there has been no provision for a special distinction badge to be given exclusively to men who have seen active service overseas. Badges for this purpose have been issued by the voluntary efforts of the Canadian Patriotic Fund and the St. John Ambulance Association to a large number of returned men. The order-in-council states that great value is attached to these badges by the holders and that it is desirable for the government to take over and control their issue.

The men who are entitled to receive badges are divided into four classes. The first class consists of members of the C. E. F. who have seen active service at the front, and in case of officers have been honorably retired, or in the case of N. C. O.'s and men have been honorably discharged or who have been retired on account of wounds or sickness which would render them permanently unfit for further military service. The third class consists of members of the C. E. F. not included in the preceding classes, who have been honorably retired on account of old age, wounds or sickness.

Class Four consists of those who prior to August 10th offered themselves for active service and were rejected as, and still are, medically unfit.

FIGHT FOR YOUR FALL TRADE

Business Hoisting Necessary—Get Out After New Prospects.

There will be plenty of money this fall. The farmers are gathering the greatest crop and will be paid the highest prices that have ever been known in Canada. This applies to everything produced. All doubt as to this is now removed.

The cities are enjoying a prosperity that has sent wages up from twenty-five to fifty per cent. Money is pouring into the country, not only for munitions, but for other supplies necessary to maintain starving and naked Europe. Canadian foreign trade has reached a state where one can almost use exclamation points.

The people at present are at a point where they are hesitating as to how much of this deluge of money they should spend. The thoughtless are letting it loose on amusements, clothes and luxuries that appeal to the ordinary instincts and senses. Sensible people are asking how long this period of plenty is to last, and are looking askance at the steadily upward trend of living costs. They are beginning to realize that a dollar does not pinch a little more than they did a year or two ago.

The appeals of the government to the people to economize, and invitations to invest in war loans are encouraging the thrifty to "salt down" some of their surplus cash for a possible "rainy day." There is no doubt that many are to-day saving who never gave a thought formerly to putting aside a margin of their earnings for the future.

It is going to be harder to sell furniture this fall for all these reasons. People look on it as something that may be done without at will and as a rule they are ready to use any excuse for making the furnishings they have serve the purpose. They will be inclined just now to limit their purchases of household furniture more than ever and will think they are wise in doing so.

There is no business to-day that takes so meekly what the public is willing to give it as the furniture trade. About ninety-five per cent, perhaps more, of the men handling furniture in a retail way are content to put in a very modest stock and wait for customers to call and purchase what they are able to offer. They rely too much on the underbidding and of their business for results and make furniture selling a side show.

People buy what appeals to them the most insistently. Make furniture attractive to them and they will invest in a parlor suite as readily as they will in a barrel of flour or a suit of clothes. The other fellow gets in ahead of the furniture man because he hammers away at the claims of his line to consideration.

You can sell anything if you make up your mind to do it, and it is not a matter of price so much as making the buyer think he needs or wants the article you have to sell. The reason more furniture is not bought these days is that people are allowed to think they can get along without it. Get after the farmer, the artisan, the merchant, the professional man, and above all the women buyers, with attractive descriptions and arguments with regard to your goods, and you will have no complaints during the next three or four months as to the furniture being side-tracked. It is up to YOU.

SUGGEST CHANGE IN NAME OF PROVINCE.

Manitoba Favors Adopting "New Windsor" in Preference to New Brunswick But Why Not "London"?

Ottawa, Sept. 1.—Representations have been made to the Dominion government that the Province of New Brunswick should change its name to that of New Windsor. This suggestion was made by a member of the House of Commons, Mr. J. H. Brown, who is a resident of New Windsor, N.S. He stated that the name "New Windsor" is a more appropriate name for the province, as it is a more significant name than "New Brunswick." He also stated that the name "New Windsor" is a more significant name than "New Brunswick." He also stated that the name "New Windsor" is a more significant name than "New Brunswick."

FIRST CALL FOR RECRUITS SOON.

Every Tribunal Must be Appointed By September 30.

Ottawa, Sept. 18.—Every Tribunal under the terms of the military service act must be appointed by Sept. 30. An order-in-council to this effect has been passed. If the appointments are not made by the date mentioned, the minister of justice is empowered to fill the vacancies. The passing of the order-in-council is indication that the first call for recruits will be issued with brief delay.

Men coming within the first class are again urged by the military service board to submit themselves for examination to the medical board which will be established in all the leading centres of population.

A MAN AND HIS POCKET.

There is certain to be widespread vociferous and prolonged protest against the proposal of clothing designers to eliminate pockets from men's apparel. The searching of his pockets by the average man consumes a long time, besides frequently exhausting the patience of wives, railroad conductors and theatre doorkeepers, but he has at least thirteen to go through before he finds, or fails to find, what he is looking for. Just how he could carry about with him the many unnecessary things he insists on carrying if deprived of pockets, is a problem. He might, of course, shoulder a bag, wear a satchel or push a cart but he might forget any of these in his morning rush, and the consequent expense of telephoning, messenger messenger service, special delivery mail and expressage would more than wipe out any saving made in taxes by the reduction of his pocket capacity.—Ex.

THE ROADS OF NEW BRUNSWICK

What is Being Done, What Has Been Planned, and What Cannot Be Done Before Next Year—Some Considerations to Be Kept in Mind by Those Who Are Demanding That Eight Years of Neglect Be Counteracted in Six or Nine Months.

The work of improving the highways under the direction not only of the road supervisors but of special crews under the supervision of the road engineers of the provincial public works department, has been seriously handicapped by the great scarcity of men. The farmers are short of help everywhere, and many of those who have usually given a portion of their time to work upon the highways have been unable to even perform their usual days of staid labor, preferring to pay the money rather than lose the time which would otherwise be lost to production.

It was the hope of the public works department, Hon. Mr. Veniot stated a few days ago, that crews of men could be employed upon those sections of the main highways which most seriously needed repairing. But, unfortunately, a situation arose which was not contemplated, for many of the bridges in every county were found to be in such a dangerous condition that the structural superintendents have had to engage every person available to make them safe for ordinary traffic. This more necessary work has absorbed much of the labor available, and in consequence much of the road work contemplated particularly in the southern and western portion of the province has not been done as rapidly as was expected.

The road between St. John and St. Stephen is receiving excellent attention between St. Stephen and the border town, and provincial road engineer Hill when in this city a short time ago inspected that very narrow highway extending about four or five miles below Spruce Lake. His hope then was that the public works department could also proceed with permanent work there this fall, but so far it has not been possible to find time to make the surveys necessary in order to let the work out by contract.

Yesterday morning there were four road trucks as well as a number of teams working on the Marsh Road. Three of the trucks have been in the shipment of ten small trucks ordered by the former minister of public works, Hon. B. F. Smith, from the White Motor Company of the United States. These trucks are not as satisfactory for the purpose of hauling

much attention as that between Moncton and Memramcook, although after hearing from Shediac subordinates the seventeen miles between Moncton and this sea resort has first claims upon the minister and his engineers. Queens county people say that their roads have been neglected so long every possible attention must be paid them at once. Sunbury county on one side of the river says that their roads have been unprotected, that the river freshets have washed them away, and demands permanent stone walls to insure them safety, while on the other side of the St. John river the people claim that their main highway is part of the direct route between Fredericton and St. John and should have first claim.

This is the story all over the province. Oftentimes the minister and his associates are well high discouraged at the demands made upon them, and again they have found so many people praising the work that has been done that they go forward with renewed confidence as to the final results of their efforts.

But one fact must stand out in the minds of all those who want better roads and bridges and have complained about them, that the present conditions are not to be blamed on the government which has only been in power six months.

NEW CARLISLE.

New Carlisle, (N. B. Sept. 17).—Private William Demareq Sherar of this town was killed in action somewhere in France on August 5th, 191 at the age of 27. He was the eldest son of Mr. and Mrs. J. O. Sherar.

He enlisted in August 1916 with the 224th Battalion, Kitchener's Own, which drilled in Montreal last winter and went overseas about the end of March. Since enlisting and on active service Will's letters to his parents and many friends were always cheery and his death was a sad blow to all.

He spent most of his life on the farm with his father, having taken a course in MacDonald Agricultural College. The year previous to enlisting he worked in the Railway Office. He was a popular young man always ready with a kind word and pleasant smile, always in his place at church, Sunday School and the Temperance Society.

He leaves to mourn his loss, his father and mother one sister Florence, two brothers, Otavious and Dan, besides a circle of relatives and friends. A memorial service will be conducted in his home church on Sunday, Sept. 23rd by the Rev. George Anderson, who is at present in New Carlisle and a friend of the bereaved Sherar family.

MARRIED.

At the home of the bride's parents Glenlivet, Sept. 12th by Rev. James R. McKay, David Ambrose Noble to Mary Isabel Christina Smith, second daughter of Mr. and Mrs. Hugh Smith.

What is Crushed Coffee?

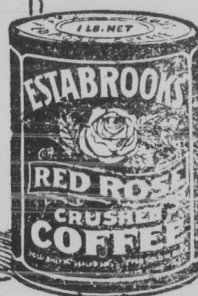

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction—

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffee.

Sold only in double-sealed air-tight cans to keep it good.

The same price as it was three years ago.

NO PERSON UNDER 18

MAY DRIVE A CAR

Attention is Called to Law on Subject.

Fredericton, Sept. 13.—The motor-vehicles branch of the provincial department of public works has issued a circular letter to all chiefs of police and others concerned in the enforcement of the law, calling attention to the fact that the section of the Motor Vehicles Act prohibiting any person, under the age of eighteen, from driving a motor vehicle, is not being observed. Mention is made of the fact that a most regrettable accident at Sussex, recently, resulted in the loss of the life of a valued citizen, the motor car causing the accident being driven by a boy aged 15 years. The life lost was that of C. W. MacDougall, provincial dairyman superintendent. The circular further states that many persons have an erroneous impression to the effect that a person under the age of eighteen may drive, if accompanied by a licensed chauffeur. The law states, without qualification, that no person under that age may drive a car. Strict enforcement of this provision of the act is requested.

Mr. F. B. Carvell declares that there are 176 officers on the staff of the Military District of the Maritime Province, only 13 or 14 whom have been to the front. Here is a plan where conscription should operate first of all.

EARL GREYS NOTABLE CAREER.

The Westminster Gazette says: One of the actions which endeared Earl Grey to the Americans was his return to them after more than a century of the portrait of Benjamin Franklin. This had been taken from Philadelphia during the war of the Revolution, and was brought to Hockley by Sir Charles Grey, afterwards first Earl. When an American visitor Howick and saw the picture hanging on one of the reception-rooms Lord Grey asked him casually whether he thought the Philadelphians would like to have it back again, but he gave no indication of his intention to return it. That was rather his way; he did not talk much of his intentions, but he had an intuitive faculty for doing the right thing in a gracious manner. By the way, the two kinsmen—Earl and Viscount met in their common appreciation of and by Theodore Roosevelt. Even in our history few families have maintained for so long a period so great a place in affairs of State as the Greys, the more remarkable because there was little promise of statecraft in their long history before Charles Grey began to electrify Parliament with his speeches. From that time the succession has been maintained. The reform Earl was succeeded by his son, one of the great figures of the Whig connection, even if a difficult temper and a lack of handiness in dealing with his fellow somewhat spoiled his career. The next son was Charles Grey, who became the greatest of Palace private Secretaries, and the "true-hearted man" to whom Gladstone paid a splendid tribute. He was father of Earl Grey, a younger brother of the Reform Earl was father of George Grey, Home Secretary, and grandfather of Viscount Grey of Fallodon. It is a proud record.

SLAPERS HELD HERE
A man thirty-five years of age and a young girl under fifteen were arrested at a local hotel last evening and escorted to the central police station by Detectives Duncan and Briggs, of the local police department. The pair had been in Campbellton and the police here had instructions from the police of this town to arrest and detain them if they should arrive in St. John. They left Campbellton more than a week ago, and have been stopping at various places along the road since that time. When arrested they were registered at the hotel as husband and wife. The man in the case is unmarried. The Campbellton police have been notified and will be in St. John on Thursday to take the pair back. The young girl is feeling her position keenly.—Telegraph.

BILLY MOTT WOUNDED

Official word from Ottawa was received Saturday evening by Mrs. G. C. McKenna that her son Despatch Rider Wm. G. Mott was wounded Sept. 7th, by gas shell. Sunday a cablegram was received from Driver Mott that he had been slightly gassed but was again on duty. Driver Mott has lately been in hospital with trench fever and had just returned to duty when gassed. His many friends here will be glad to hear of his fortunate escape.

GASOLINE PUMPS

The Imperial Oil Co. has just installed at its Campbellton plant two power pumps for pumping gasoline and coal oil from tank cars to the large storage tanks. These pumps have a capacity of nearly three thousand gallons an hour. The motive power is a two horse power gasoline engine. In the past all the pumping was done by hand, a long and tiresome way. The new machine will empty a large tank car in a few hours whereas by hand it required about two days.

FURNISHINGS NEEDED

The Great War Veterans Association are endeavoring to get their club room set to rights. They have not had as ready a response to their appeal for furnishings as anticipated. The boys need a desk, curtains and poles for the window, a few more chairs and anything to make the room homelike. They acknowledge and return thanks for two down chairs and three tables from the Women's Institute, electric fixtures from Mayor Andrew, a table from Mrs. Gaudet of the Queen Hotel of Dalhousie. The best we have is none too good for these boys who have gone to the front and have done their bit. Just as soon as the rooms are fitted up Mr. Gaudet of the Central Book Store has agreed to supply books and magazines. All donations will be acknowledged through the local papers.

DALHOUSIE.

Dalhousie, Sept. 18.—On Sept. 12th a very enjoyable auto party was given by Mr. W. A. Gallop in honor of his sister Mrs. W. H. Morrel of Fredericton, who motored to Dalhousie about two weeks ago with her father Chas. Gallop. The party left Dalhousie about 8 p. m. in three autos, went to Campbellton, where they attended the performance in Dimock's Opera House, returning about eleven o'clock. A dinner was served at twelve o'clock at the home of Mr. and Mrs. W. A. Gallop. The dining room being beautifully decorated with flowers for the occasion. After supper music and dancing were indulged in. The party broke up about 2.30 p. m. Each member was presented with a very fine flash light post card of the group by Mr. L. S. Clifford, our popular photographer and druggist. The guests were Mrs. Morrel, Mr. and Mrs. H. A. Trudelle, Mr. and Mrs. A. C. Gallop, Mr. and Mrs. L. T. Clifford, Misses. Blanche Mercier, Margaret Wright, Nan Daley, Greta Jamieson, Jennie Forbes, Bernetta Hayes, Etta Coleman, Messrs. McGregor McKenney, Murray McKay, Clinton Miller, Brenton McKay, Allan Fraser, Fred Gallop.

Our citizen Mr. E. Rene Richard will have the sympathy of all in the great loss he has sustained by the death of his father the late Hon. A. D. Richard. Mr. LaBillette who sat in the Legislature and Executive Council with him stated to your correspondent that he was a very clever man, fluent speaker in both languages and as a citizen he had a credit to the Acadian race.

Mr. Geo. McNeill of the Royal Bank staff of Amherst, N. S. is spending his holidays with his parents Mr. and Mrs. Havelock McNeill.

Mrs. Angus McLean, Bathurst, is visiting her daughter Mrs. W. A. R. Cragg.

Mr. Harry Hubert the popular traveller for Messrs. J. & A. McMillan, St. John, spent Sunday at his home here.

The funeral of the late Miss Mary McKinnon was held to-day from the home of her brother Mr. John McKinnon, Shannon Vale, and was largely attended. Service at the home was conducted by Rev. H. J. McLean and at the grave by Rev. H. J. McLean and Rev. Peter McIntyre. Interment was made in St. John's Presbyterian cemetery. The late Miss McKinnon was very highly respected. She was always admired for her faithful and industrious habits. She belonged to a pioneer family of Dundee.

Miss Kate Bateman received a despatch yesterday announcing the death of her brother Ed. Bateman by accident. He was working at the harvest in Ontario, and fell from a load of grain. He was a brother of Sergeant Chipman Bateman, of the 182nd, now in England. He was about forty years of age. He survived by his wife and one daughter. It is not yet known whether the remains will be brought here for burial, or to his late home in Nova Scotia.

A Toronto paper published the following recently "Sergeant Robert Joseph MacNeill has been wounded, according to the casualty lists. He enlisted in an Ottawa battalion and has been at the front for two years during which time he was raised to the rank of sergeant. He is 24 years of age, and was born in Fort William. He was employed by the C.P.R. in Toronto, as machinist before he enlisted for two years. His brother who enlisted in the artillery, was honorably discharged on account of a fall from a horse." It is interesting to know that his great grand father was a surgeon

in Napoleon's army." The mother of the young hero referred to was formerly Miss Opal LaBillette, of Dalhousie. She went to Fort William, from here with her late parents, in 1884. She is a niece of Mr. Alex. LaBillette, Maguasha, P.Q.

Mr. and Mrs. Henry Currie, Campbellton, were guests on Monday of Mr. Currie's sister, Mrs. Clarence Cool. Mr. and Mrs. John Harquail, Campbellton, spent Sunday here with friends.

Mrs. W. T. Walsh formerly Miss K. Harquail, will receive for the first time since her marriage on Thursday Sept. 27th.

Professor Taylor held a show last week in the C. M. B. A. Hall, which proved quite an attraction. Ventrologism, and magic as well as some very good pictures constituted the programme. The war pictures were especially good and thoroughly enjoyed.

It is reported an Exemption Bureau will be situated here in connection with the Conscription Bill, which passed recently. It is to be hoped it

would be used to too great an extent.

A meeting of the Women's Institute was held on Monday evening last at the home of Mrs. E. Ellis and a large number of ladies were in attendance. The Roll Call was answered by a favorite quotation. Business was then carried on, after which a debate was entered into concerning whether married or single women could do most good in the world.

Mrs. John Culligan read the negative paper while Miss Annie Uttica read the affirmative. Next on the programme was an old fashioned spelling match conducted by Miss Hettie M. Dempsey which caused great interest. Mrs. Paul Doyle was the winner, with Mrs. John Culligan a close second.

A most edifying paper on "Autumn" was read by Mrs. Dr. Ellis which received very favorable comments. A selection from "Dream Days" was read by Miss Hettie Dempsey. After which the meeting adjourned with the singing of the National Anthem. Refreshments were then served. Four new members were added to the Roll, as follows: Mrs. Mathew McDonald, Mrs. Thos. Casey, Miss Hettie Dempsey, Miss Winnifred Dempsey. The answer to the roll call next month will be "I given a dollar, how would you spend it to enjoy yourself most," and is expected to elicit some interesting responses.

TIDE HEAD.

On Tuesday, Sept. 18th, Mr. Harry Olsen and Miss Martha Jane Noble motored from Campbellton to the Manse here and had the nuptial knot tied by Rev. J. R. McKay. The bridegroom is well and favorably known in Tide Head for he was previous to his going to Campbellton where he at present resides an employee of the Harwood Planing Company at one time doing business here. The bride is a daughter of William Noble, Gaspe, and to the happy couple we extend our best wishes for a bright and prosperous future.

Miss Miller who has been for several weeks the guest of her sister Mrs. Thomas Adams left here on Saturday for her home in St. John, N. B.

Mrs. Fraser of Stellarton, N. S. daughter of Mr. and Mrs. Harvey Gillis, is at present holidaying with us, on Saturday she was joined by her husband. On the completion of their holiday Mr. and Mrs. Fraser will return to their home in Nova Scotia.

Miss Jean Gillis left last week to resume her studies at Mt. Allison College. She will be missed in the church choir and Sabbath School, especially in the latter where she gained the confidence and appreciation of her pupils to a remarkable degree.

The Restigouche Presbyterian Congregation has been assisted by Rev. W. H. Spencer, Convent of the Augustinians, Fund Committee of the Eastern Section of the Presbyterian Church. As a result of his visit the givings of the congregation have been increased, and the congregation will withdraw its application for a grant from the fund and become a self-supporting charge paying in full the regular minimum stipend of \$1,000 to the recently inducted pastor Rev. J. R. McKay. We congratulate the congregation and Pastor on this happy result.

Mrs. Fred Adams and Mrs. Busted of Kempt Head were here on Friday last and several homes had the pleasure of a short visit from them.

Rev. M. Wetmore of Bathurst accompanied by Mrs. (Rev.) Lewis King motored from Bathurst on Friday last and spent a short time at the Manse where they were the guests of Mr. and Mrs. McKay.

PASPEBIAC.

Mr. Henry Knight of the Olivier Police force Minn. who has been spending a few weeks with his mother at Paspebiac left on Saturday for Montreal where he intends remaining for a few days with his brother and sisters before leaving for his home in Ely, Minnesota, U. S. A.

FLIGHT OF 2,000 MILES.

(St. Louis Post-Despatch.) The Government Biological Survey calls the attention to the fact that the human fier is still far behind the bird in point of mechanical efficiency.

Thus, for instance, the golden plover flies all the way from its breeding grounds in Alaska to Hawaii a distance of 2,000 miles, without alighting or pausing to rest—the speed at which it travels being estimated at fifty miles an hour, so that about forty hours, flying day and night, must be required to accomplish the trip.

The bird, considered as a piece of mechanism, is far superior to the best flying machine yet made. It remains in the air several times as long as the longest endurance test of an airplane, and the difference in efficiency is enormous. Less than two ounces of fuel in the form of body fat suffices to carry the plover at high speed over that 2,000 miles course. A flying machine, to be equally economical, should be able to fly twenty miles with a single pint of gasoline, instead of the gallon now used by the latest models.

Nature is the best machine maker. The human body is a far better machine than any that man has ever constructed. It will outlast five locomotives, or ten of the most improved high-power motor cars.

They were burying the German dead, when one Tommy called over to his mate.

"Bill, this bloke's a moron. What shall I do?"

"Shove him in," growled Bill.

"But," went on his mate, "he says he ain't dead."

"That doesn't matter," answered Bill, "you can't believe a word the bloomin' Germans say. Shove him in!"

WHO IS THE BIGGEST
MAN IN CAMPBELLTON?

He is the man who believes in Campbellton, boosts Campbellton.

The man who spends his money in his home town knows that every cent spent in the town is going to help local stores, local manufacturing enterprises, the local doctor, the local lawyer, the wage earners, reduce taxation and benefit the town all around.

BUY AT HOME and see your money go into building up a real shopping district in your own town. Give your merchants half a chance. Instead of criticizing their stores, spend your money there. Then watch the stores grow. Watch the merchants make a contact with the carpenters, and the plumbers and the painters and the roofers to extend their establishment. The home town store is just what the customers make it.

BUY AT HOME and see factories grow up in the home town. Factory promoters are watching, eagerly watching, for the town that believes in itself and is willing to support the goods made in the home town. Spread abroad the buy-at-home slogan and see workmen come to your town and build up the community. We have every natural advantage in New Brunswick for thousands of factories, coal, iron, cheap transportation, proximity to the markets. Buying at home will save us money we need to promote new industries.

BUY AT HOME and see everyone prosper, the doctor, the lawyer, the baker, the candlestick maker. Every cent spent in our town means greater prosperity for everyone. That has been proven over and over again. By actual experiment, marked dollar bills have been traced through the stores of this and that citizen, back to the stores again, and then out among the citizens again. It is the oil that makes the community go. It is the life blood of the community.

BUY AT HOME and see the taxes go down. Buying abroad means that there are that many less factories in this province, and that much less stock and so on carried by the local merchants. Buying abroad means that the value of property in the home town goes down in value. But the expenses of road building and so on remain the same. The taxes have got to take care of the expense. So taxes go up.

BUY AT HOME and keep the young people of New Brunswick at home. Buying abroad has meant that there were opportunities created abroad and none at home. That has meant an exodus of the young men and women of the province to the large centres of the Dominion and of the United States. No one can estimate the loss to the community of thousands of its cleverest brains, best brains, and greatest enthusiasm.

BUY AT HOME and see the home town grow all around. Money makes the mare go and money makes the town go. Without it commercial and industrial success and prosperity are impossible.

BUY AT HOME and keep the home fires burning. BUY AT HOME and get another chance at the same old dollar.

BUY AT HOME and score the greatest saving in the end because you will be able to use that dollar over and over again.

BUY AT HOME and boost the home town.

BUY AND BOOST. Swing into one of the biggest movements in Canada today.

Get right with your home town. This is the great BUY AT HOME Campaign.

Many friends of Captain F. A. O'Leary who has been in the Third General Hospital, London since July, shall be shocked and grieved, is able to be around again. He and three others were buried by the bursting of a shell and when found his companions were dead.

Enormous quantities of food are thrown out daily by stores dealing in perishable goods. Dealers have to allow for this loss by including the value of waste in their margin of profit. It is suggested that women's organizations in the various cities and towns arrange to have food which may otherwise be wasted, collected from the stores each day and distributed where it will be most appreciated, or sold at cheap sale for the benefit of one of the war funds.

ARE YOU ECONOMIZING?
Do you save all your string? Do you ever throw away rubber rings? Do you ask shopmen not to waste unnecessary paper on your purchases? Do you use your pencils down to the unusable stump? Have you cut down your smoking? Have you ever told a shopman that he was overcharging you? Have you ever sat upon the impulse to visit the movies? Are you taking greater care of your clothes? Are you reducing your lighting-bill to a minimum? Are you shaving and shampooing yourself at home?

Miss Jane Dewar of Montreal is visiting at her home here.

Mrs. David Maines of Moncton is visiting Mr. and Mrs. W. Ferguson.

Mrs. A. H. Ingram is attending the W. C. T. U. Convention being held in St. Stephen this week.

BIG MUSICAL TREAT FOR CAMPBELLTON

The Filipino singing and Players will appear in the Campbellton Opera House next Wednesday Sept. 26th, one night only. This will be one of the biggest musical treats that has ever appeared in this town. The members of this quintet are cultured Philippine islanders, native born musicians with genius and ambition calculated to place their country on the musical map of the world. Their melody is the kind that moves the heart and has now the approval of the eminent critics of Europe where they were appearing at the out-break of the war. Following Dewey's victories in Manila Bay the dawn of a new opportunity and encouragement opened to the natives of these islands of mystic romance and they have been developing qualities of intellect and natural gifts which are puzzling the world. Don't forget the date, Sept. 26th, one night only. Price, Reserved Seats, \$1.00. Rush, 75 cents. Children, 50 cents. Reserved seat sale will open at ten o'clock, Monday Sept. 24th at the box office.

GENERAL CURRIE CONDEMNS BORDEN

Says Canada is About to be Divided as Never Before By Present Legislation.

Ottawa, Sept. 17.—"It seems to me that our country is about to be divided as never before," writes Lieut. General Arthur Currie, commanding the Canadians in France, to Captain J. H. Burham, M. P. in reply to a letter of congratulation on his promotion. After thanking him for his congratulations, General Currie says: "I know you will rejoice with me over the recent success of our corps. The fighting for Hill 70 was the hardest and most successful in which we have ever been engaged. Besides gaining ground of tactical value, we inflicted losses on the enemy which I am confident were at least three times those suffered by ourselves. I have never known the Boche to fight so hard or so determinedly before. He counter-attacked us no less than 35 times, throwing against us the very best troops in the German army, but all to no avail. "I am glad to note that you are exerting all your influence to keep the corps at full strength. From here I cannot make head or tail of the political situation in Canada. It seems to me that our country is about to be divided as never before. Such a thing is very deplorable, and THOSE WHO ARE ENCOURAGING THE BREACH ARE ASSUMING VERY GRAVE RESPONSIBILITIES. Surely wiser counsels will prevail and such action taken as will insure that our country plays its part until the end."

WAR LEVY ON ODDFELLOWS.
Grand Sire Goudy Proposes \$1 a Year While Conflict Goes on.

Louisville, Ky., Sept. 7.—Nearly 10,000 Oddfellows from all parts of the United States and Canada were in St. Louisville for the opening of the ninety-third session of the sovereign grand lodge of their order. The session began with a public meeting at which the visitors were welcomed to the state and city by Governor Stanley and Mayor Buchananyer.

Among the matters to come before the session are several proposals for legislation of the war which Grand Sire Frank C. Goudy, of Denver, has announced he will put forward. Chief of these is a proposal to ask the sovereign grand lodge to authorize the grand lodges in each state jurisdiction and in the provinces of Canada to levy a special yearly assessment of \$1. to be continued so long as the war may last the proceeds to be expended through the channels of the Red Cross for the relief of Canadians in military service. If this proposal is approved it will provide a steady fund of about \$1,000,000.

Grand Sire Goudy will also ask that the grand lodges and their subordinate bodies be authorized to contribute to the Red Cross in the amount of one dollar per capita for each member of the order.
