Campbellton Commercial Travellers' Association Formed—Last Week

NEW ORGANIZATION FORMED AT ENTHUSIASTIC MEETING OF TRAVELLERS ON SATURDAY

Large Gathering At Chateau Restigouche Discuss Plans—Officers Elected—Suitable Quarters For New Association Located—Outlook Good—Another General Meeting on Saturday.

At a well attended and representative meeting of local commercial travellers held at the Chateau Restigouche on Saturday afternoon last the proposed travellers' organization was duly formed. This new association will be known as the Campbellton Commercial Travellers' Association. So far thirty commercial men who make Campbellton their headquarters, have enrolled for membership and it is expected that within the next week or so this number will be nearly doubled.

Enthusiastic Gathering
The meeting at the Chateau on Saturday was an enthusiastic gathering and the local interest shown in the undertaking promises well for the success of this new organization. When a chairman and a secretary of the meeting had been appointed, the object of the gathering was taken up with a read and preliminary matters were disposed of without a hitch.

The Officers
Keen interest was taken in the election of the necessary officials and the following officers were elected by ballot: President—F. J. Arnold. Vice President—G. O. Milligan. Sec. Treas.—S. P. McKinnis.

The Directors
The following Board of Directors, which, with the other officials constitute the Executive Committee of the association were also elected by ballot: Messrs. J. B. Leves, A. F. Blason, H. J. Currie, E. J. Collier and A. C. Belle Isle.

The Object
The object of the new association will be:

- To secure the co-operation of its members in furthering and protecting their interests, general welfare and prosperity.
- To guard the interests of its members as may be assailed by Federal, Provincial or Municipal Legislation.
- To visit its members when sick, amusements, reading rooms, and other conveniences as may be deemed advisable, and to promote all other lawful games and exercises.
- To visit its members when sick, and to aid them when necessary.
- To cultivate friendship and goodwill, to promote social and business intercourse and development among its members, to encourage all good fellowship with all true friends of civil and religious liberty.

Meeting Place
The matter of securing suitable quarters for the new association was also discussed and the Executive Committee was authorized to look into this matter and have something definite to report at the next meeting which will be held in the Reed Company's office on Saturday afternoon. This committee was also authorized to go into the matter of the bye-laws of the new association and report to the general meeting on Saturday.

Progress Made
Since then this committee has made very satisfactory progress with the work assigned to it. The spacious flat in the A. E. English building on Water Street has been decided on by the committee as the most suitable premises available. Necessary alterations and improvements will be made and these quarters will provide a spacious meeting room, large enough to accommodate a well attended whist party, a library or reading room and kitchen, bath etc.

From the satisfactory way in which preliminary organization work has been carried out it seems evident that the Campbellton Commercial Travellers' Association is destined to be a real live organization and one that every local traveller will wish to be associated with. The next meeting will be held on Saturday afternoon at the Reed Company's office and all travellers are cordially invited to attend. At this meeting only necessary committee work will be transacted and everything arranged to get the new association on a working basis.

At the close of last Saturday's meeting a heavy vote of thanks was accorded to Mr. J. B. Leves, who had been in place one of the parlor of the hotel at the disposal of the meeting, for some well earned praise when Mr. H. J. Currie referred in glowing terms of appreciation and assured the Travellers' Association that they could depend upon himself and the Chateau during their recent convention here.

HON. DR. PUGSLEY DIES AT TORONTO

Toronto, Ont., March 4.—Hon. William Pugsley, for more than forty years prominent in the political life of Canada, at one time premier of the Province of New Brunswick, of which he was later the lieutenant governor, and Minister of Public Works in the government of Sir Wilfrid Laurier from 1907 to 1911, died here last evening. Dr. Pugsley, as war claims commissioner, was on his way to Vancouver to hear cases there when he was stricken with pneumonia here. Although hopes were held out that he

would recover, and yesterday his condition was reported as favorable, his age told against him and he succumbed. He had been ill only ten days. Mrs. Pugsley and her son John were in Toronto during the illness of Hon. Mr. Pugsley, but the latter, on Friday, believing that his father was out of danger had returned to St. John. He leaves to mourn his wife, formerly Miss Gertrude MacDonald, of St. John, and two sons, John A., of St. John, and William G. of Ottawa.

NIGHT OF SPORTS AT C. C. ROOMS

Picked Bathurst Team Will Meet Local Basket Ball Players—Boxing on Program.

A night of sports, including basketball and boxing, which is scheduled for Friday night at the Club Rooms of the Campbellton Catholic Club will afford local fans something new and interesting in the line of amusement. A game of basketball will be one of the chief attractions on the program. This is a return match with a picked Bathurst team and an exceptionally fine game is expected. The Campbellton Catholic Club has been functioning most satisfactorily in fact, Campbellton has set a new record in its experience in solving the problem of securing sufficient power and much favorable comment has been expressed on all sides in that such unexpected success has attended the efforts of those who were instrumental in separating us from our former difficulties. Judging simply from the past two months service it is evident that the present arrangement by the town council will prove more and more a source of satisfaction as time goes on and unforeseen irregularities are provided for.

The line-up for the coming basketball game will be as follows:
Campbellton—Goal: Burbridge; Centre: Gilbert; Forward: F. Roy; Jameson; Bishop; L. Ray; J. Murray.

BABY CLINIC
The regular weekly Baby Clinic will be held in the Clinic Rooms on Friday afternoon at 2 o'clock. It is hoped that with the cold weather past there will be a large attendance of mothers and their babies.

GUEST IN BURNING HOTEL SUFFOCATED
The Belmont Hotel at Gloucester Mass., Destroyed—\$75,000.

Gloucester, Mass., Feb. 23.—One man was killed and a fireman injured in a fire which destroyed the Belmont Hotel, including the Belmont over today. The fire, which burned for over three hours, was under control at 8 o'clock. The damage was placed at \$75,000. The cause was unknown. Thomas B. Barrett, of Somerville, a guest at the hotel, was suffocated in his room in the third story while firemen were struggling to a ladder through the smoke to rescue him. His body was recovered.

A CAREFUL MOTHER
Mrs. Brown was bathing her baby when a neighbor's little girl came into the room carrying a doll. She watched the process for a few minutes, and then said, "Mrs. Brown how long have you had your baby?"

The little girl stole another glance at her doll, which was very much worse for wear, being minus a leg and an arm. "My, but haven't you kept it nice," she said with an envious sigh.

THE POTATO INQUIRY
Ottawa, March 2.—The inquiry which is being carried on by the combined forces of the Dominion and the provinces investigation act into an alleged combine of potato shippers in New Brunswick will not be finished for six months and will cost the Dominion of Canada not less than \$50,000.

Moncton, N. B. March 4.—Members of the delegation to Ottawa took up with the department the question of the Canadian National Railway. Through the suggestion of Ottawa, Yule and taxation of property owned by the C. N. R. The C. N. R. directors, the railway board several weeks ago authorized the taxation of all homes owned by the railway. Guyer Edgert was on duty at the time, and the directors as well.

At the close of last Saturday's meeting a heavy vote of thanks was accorded to Mr. J. B. Leves, who had been in place one of the parlor of the hotel at the disposal of the meeting, for some well earned praise when Mr. H. J. Currie referred in glowing terms of appreciation and assured the Travellers' Association that they could depend upon himself and the Chateau during their recent convention here.

HYDRO TROUBLES SOON ADJUSTED

Last Week's Storm Caused First Interruption Since Its Installation Here.

As the result of the severe storm which swept the upper Matapedia Valley last week, putting the hydro transmission line out of operation, Campbellton was without electric energy during Friday and Saturday. Despite weather conditions, however, the line was speedily repaired and hydro was again available Saturday evening at 7 o'clock.

This incident marked the first serious interruption with Campbellton's new electric power arrangement. Since hydro was turned on here nearly two months ago everything has been functioning most satisfactorily in fact, Campbellton has set a new record in its experience in solving the problem of securing sufficient power and much favorable comment has been expressed on all sides in that such unexpected success has attended the efforts of those who were instrumental in separating us from our former difficulties. Judging simply from the past two months service it is evident that the present arrangement by the town council will prove more and more a source of satisfaction as time goes on and unforeseen irregularities are provided for.

In this connection, the Captain of the All Black Football Team from New Zealand wrote a very interesting letter in appreciation of a gift of Moirs Chocolates from a friend. He can now get these chocolates in the four leading cities of his homeland.

SEASON'S FIRST CARNIVAL SOON

Date Not Set Yet But Event Planned For Some Time Within Next Few Weeks.

Patrons of the skating rink will be glad to learn that a Carnival is being planned to take place at an early date. The exact date of the event has not yet been definitely set but it is expected that this will be decided within a few days and the carnival set for some time within the next few weeks. In the meantime the announcement will be awaited with interest. A fancy dress carnival always draws a large local patronage and invariably attracts many visitors from north shore points. This winter's event will not differ in this way from those of previous years and the occasion may result in drawing a record crowd. Prizes for original costumes will likely be offered and this will be an incentive for those attending to go to some pains to prepare attractive and original costumes for the coming event.

Owing to the illness of Rev. W. W. McNairn, the Rev. W. S. Godfrey was the speaker at both services and his addresses were listened to with rapt attention both morning and evening.

Special music was rendered by the joint choirs on Sunday evening and was especially much enjoyed by the large congregation. A quartet, specially rendered by Messrs. Leavick, Le Roy, Sunderland and Ramsay was one of the features of the musical program.

HOCKEY CLUB OFFICIALS NOW CONSIDERING MOVE IN BEHALF OF DIFFERENT SPORTS HERE

Local League Hockey Games Arranged For—Will Secure Rink Building For Basket Ball—Future Plans May Result In Establishing All-Round Athletic Association Here.

According to plans now under consideration by officials of the Campbellton Hockey Club, another move will be made before long on behalf of the promotion of athletics in this town. Arrangements have already been made to play off the local hockey league games in which the Bankers, Ramblers and Wanderers will compete for honors. In addition to this, it has been decided to secure the rink building as a place where basket-ball may be played later in the year. It is proposed to organize several basket-ball teams as there is abundant material at hand for the promotion of this sport.

LOCALS PLAYED A BRILLIANT GAME

Won Hard Fought Victory Over Fast New Glasgow Team Here Last Night.

Displaying a brilliant brand of hockey the locals won a 4-2 victory over the fast New Glasgow team here last night in one of the fastest and cleanest hockey matches witnessed in the Campbellton rink in recent years. The visitors are a strong aggregation and exhibited excellent stick-handling and combination play. The game was closely contested throughout and it was a pity that a much larger number of spectators were not on hand for the match. The locals were called on to put their best into last night's game and their steadily improving skill made the contest one that was a pleasure to watch.

At present a match with Amherst is being arranged for and it is expected this will be for Monday or Tuesday night.

HUGE FORGERY IS DISCLOSED

Nearly Half Million In Forged C. P. R. Travellers Checks Cashed in U. S.

Montreal, March 4.—Forged Canadian Pacific Railway travellers checks to the extent of approximately half a million dollars have been cashed recently in the United States, it was learned here today.

Local banking institutions have during the past few days received hundreds of these forged checks, passed on American firms and forwarded here for honoring.

It was pointed out at the headquarters of the Canadian Pacific here that the company does not issue travellers' checks, and never did. All these checks cashed over the border, therefore, must be forgeries officials said.

TALENTED SINGER HERE SUNDAY

Thomas Welsh of Montreal A Baritone Soloist of Exceptional Ability

Those familiar with the exceptional vocal ability of Mr. Thomas Welsh will be pleased to learn that he will be a visitor to town during the coming week-end and will give in one of the local churches. Mr. Welsh was in town last Sunday and sang at both the Anglican and Presbyterian churches. His solo were particularly fine on that occasion and the choirs of both churches were enthusiastic in conveying their thanks to the talented singer.

Mr. Welsh has a baritone voice of exceptional quality. His singing has a deep, rich tone and a suggestion of the grand old masters. In many towns and cities throughout Upper Canada he has been much sought as a soloist for special musical entertainments and is acquiring an enviable reputation which only a vocalist of unusual merit ever enjoys.

In recent months Mr. Welsh has sung at several radio broadcasting entertainments and his many sources here are looking forward to hearing his voice on the program at C. N. R. A. at Moncton in the near future.

CANADIAN ART AT WEMBLEY FAIR

Dominion Government Understood to Have Made All Preparations For Fine Arts Section at British Exhibition.

Ottawa, Mar. 3.—It is announced that the Dominion Government has made all preparations for a new fine arts section at the British Empire Exhibition this year. Works of art intended for the exhibition will be received at the National Gallery here by March 7.

Word has been received here of the purchase for the Leicester public art gallery of F. N. Lovett's picture, "Snow on the Hills." This was one of the pictures in the Canadian section of the Wembley Exhibition last year and is the sixth purchased from the Canadian section. The Canadian section, on the close of the year was specially invited to tour some of the most important of the provincial cities of Great Britain. The tour began at Leicester and then went to Glasgow, and is now at Birmingham. Other important British galleries will be visited by the Canadian section. An announcement from the National Art Gallery states that at the time of the purchase of A. Y. Jackson's picture, "Halifax Harbor," for the British National Collection at the Tate Gallery, "The Trustees of that institution specially desired it to be known in Canada how deeply they appreciated the modern development of Canadian painting, and that lack of funds alone prevented further purchase on behalf of the National Gallery of British art."

TRIP ON REPULSE

Portsmouth, Eng., March 2.—The British ship "Repulse," on which the Prince of Wales will make his voyage to South Africa and South America beginning March 25, arrived here this morning having been detached from the Mediterranean fleet.

The work of preparing the warship for the trip will be undertaken immediately.

That a letter dealing briefly with the question of Restigouche Rights, recently published in this paper has aroused at least a little discussion in some quarters is evident from the comments of several persons made on this subject to our representative. In view of the nature of the matter it is rather surprising that still more interest was not aroused even by a single article. It is apparent that the majority of the citizens of this county have to be prevailed upon to show any interest in a matter which should have the immediate attention of all. And in this fact alone there is a probable solution to the whole question. A chief grievance of Restigouche County is that in numerous ways we are overlooked and seldom given the consideration we deserve as one of the largest and richest municipalities of the province. To confront the plain truth, it is small wonder that we are given so little consideration when as citizens, we manifest so little concern over our own county and the place it is given in any particular phase of provincial life.

Our Own Fault

In explaining his candid opinion on the question of Restigouche Rights, one local business man declared, "There is no denying the fact that we are given little attention by governments and powers and accorded little consideration in the general scheme of things, but as far as I can see, it is simply our own fault. We seem to have grown rather apathetic in regard to our welfare as a county and seem to take it for granted that we must simply take whatever is handed out to us and keep quiet, whether we are satisfied or not. As long as we maintain such an apologetic attitude we will certainly get little or no consideration and, moreover, unless we go after things man-fashion, we deserve nothing. Other counties that are receiving their share of honor, or this or that benefit, have long since abandoned such quibbling and have impressed the government and the province at large with the fact that they must be reckoned with."

Must Shout

There is a wealth of truth in the above quoted remarks of this business man. If the people of Restigouche County ever expect to be awarded their rightful place of importance in this province, if they ever expect to have government positions of trust and honor conferred about their own sons and if they hope to see the day when our requests are not side-tracked with a shrug, then it is necessary that we forever forsake our frail whimpering about injustices done us and stand up and shout for what we know to be our rights.

In the past, when dealing with various issues we have almost invariably resorted to the silly "petition," which is, in most cases, the most miserable excuse for real action ever invented by the feeble mind of man. Temperance questions, those dealing with proposed public works or other similar projects, railway matters of one kind or another and many other important issues have all at one time or another, elicited the whimpering petition as though the powers that be cared to read our "bunk" when there is so much interesting literature on the market which may be perused about the political fireside on a cold evening.

Time For A Change

It is obviously high time for a change in our tactics of approach. Epitaphic methods are out of date and their mere use instantly suggests that we are an "easy" bunch and unworthy of much attention. Considering the resources of Northern New Brunswick and particularly of Restigouche County, we are not forging ahead as we should. In the near future there are many problems which we as a county, will be called upon to dispose of if we are to maintain even the semblance of progress. Now is the time to frame our requirements and arrange a plan of procedure by which to realize them. We not only deserve more consideration but we need it and we will never get it unless we go after it. The only course to pursue is to make specific demands and make them in a tone of voice which will not be mistaken.

Those Educated Tourists.

The sleeper was approaching the Atlantic. Pointing toward the distant sea, a young woman said to one of the ship officers:

"Will you please tell me what it is that makes those mountains appear so white?"

"It is snow, madam."

"Then I knew it was but a gentleman to whom I pointed it out just now and it was Greece."

POTATOE RATES CUT BY RAILWAYS

Reduction is Sufficient to Allow Surplus to Be Moved to West.

Montreal, March 2.—The promised reduction in freight rates upon New Brunswick potatoes in carload shipments to points from Winnipeg to Vancouver has been made and averages about ten cents per hundred pounds.

New Brunswick shippers who have been here and who as a result of their activities at Ottawa last week and here since the week-end, have been successful in getting this special rate put into effect agreed today that prospects are now fairly bright for moving a part of New Brunswick's surplus which was in jeopardy of having to be "dumped" as a result of the ban which the British Ministry of Agriculture placed upon Canadian potatoes, thus shutting off the English market which had been successfully opened up.

The new rates will be effective from the three Maritime Provinces and it is expected large shipments will soon be commenced.

"THE WHITE SIN" with Madge Bellamy

Church, Norton, N. B. It is the joint gift of both.

The window was manufactured by the N. T. Lyon Co., Toronto. The subject is the Life size figure of St. Joseph beautifully done in colors on a silver gray background, the inscription on the bottom reads: "Donated by Mrs. Wm. E. and Mrs. J. McIntyre. It is the only gift window in the church and occupies the space of one of the nine main church windows, they are all alike in size, about eight feet by two feet six inches, all having the half circle top.

This window space was left vacant because of an explosion that occurred near the church some years ago which destroyed the memorial window that had been there since the erection of the church.

In the rear of the church under the choir balcony there is a memorial window to the memory of the late Father Byrne by the same manufacturer, the excellent quality in glass and color has a very harmonizing effect. The donors were anxious to have the gift window agree in style as much as possible with the latter.

Dalhousie, N. B. March 3rd.—Monday Feb. 23rd. was a good day for the Dalhousie Curriers, when they were victorious against the Bathurst Curriers and took from them the Stewart Cup. The success achieved in Bathurst, and Dalhousie, on that occasion, led your correspondent to assert the Graphic of last week, that the Curriers of the Shiretown of Bathurst Co. would no longer be a laughing stock to the Dalhousie Curriers.

The despatches received in Dalhousie on Friday, giving most encouraging news for the friends of the Shiretown Rinks, that one of the Dalhousie Rinks was to play in one of the final games for one of the prizes, caused considerable excitement in town, and till a late hour on Saturday night crowds waited to learn the result. On account of the storm, the wires being out of order, news only reached Dalhousie, on Sunday afternoon, that the Rink consisting of J. B. McKay, Dr. W. W. Fish, John Eric Oakleaf and W. W. Fish, had been beaten by only five points at the Semi-Finals, and each Currier in this Rink was present at the game of one of the most exciting games of the whole Bonspiel, trip to the ancient Capital, where one of the Dalhousie Rinks did honor to New Brunswick in the 12th Quebec Annual Bonspiel.

On Thursday evening Feb. 27th, the Curriers declared a Truce in Bonspiel Battle to attend an Annual Banquet, when the local curriers entertained the visitors at a sumptuous dinner in the Chateau Frontenac.

After the parting of a most sumptuous repast the toast to the King was duly honored, and the Bonspiel President, Mr. Jas. McManamy, extended greetings of the Quebec Curriers to their brothers from east and west.

Mr. W. W. Fish, a member of the Dalhousie Rink, who has been a member of the Dalhousie Rink for two years ago, and President of the Manitoba Curling Association responded to the toast to the Royal Canadian Curling Branch, and requested a few words from Mr. Bruce Stewart, Vice-President of the Branch.

Mr. Stewart stated that there were 1000 curlers connected with the Dalhousie Rink in Canada and the United States though a few were scattered in other parts of the globe.

Mr. Stewart added that his H. R. H. the Prince of Wales would be the next President of the Royal Canadian Curling Club, and that it was expected that over 100 clubs would form the Dalhousie Rink at that time.
