A Call For Service From Brig.-Gen. Logie

Speaking with authoritative knowledge of the immediate need for men, I make this appeal to the County of Brant. Brant's quota required to complete its Battalions now authorized is 900 men. This County has never in its history failed to rise to its full responsibility. Surely the women, the Churches, the Boards of Trade, the Canadian Clubs, and other Patriotic and Fraternal Societies, and the business interests will, by one last united effort, give the men so urgently needed,

AT FIRST BAPTIST.

The pastor Rev. Llewellyn Brown treached Sunday evening to a full church on "Home Making and Home breaking." He outlined some of the factors that go to make a happy home and emphasized some that go to break a home. "The home," said the speaker "is the most important product in our national life." The home shappy home and beautiful in sacrifice. The absence of these factors will break a home the absence of love, religion and sacrifice. The music was extra good. The choir sang, "Sun of My Soul" (Turner); Mrs. Secord sang, "In the Garden," and Mrs. (Do.) Nichol, "Melodies of Home."

Lecturer of Seventh Day Adventists Exhorts Hearers to be Ready.

A theme of special interest was elivered last evening by Elder F. Johnston of Ottawa, at the openmeeting of the Seventh Day Aditists convention, now being held the camp ground near Rawdon t. on Colborne St. East. Taking his text Daniel 2:29, he outlined prophecy foretelling the rise and four great universal monachbeginning with Babylon and folwed by Medo-Persia, Greece and ne, the latter one of which was divided in ten parts coresponding the specifications of the proecy. Mr. Johnston showed that the st of these kingdoms which dividup Rome were still in existence -day, among them being England rance and Italy, Germany, Portuand Spain, etc. When coming to at kingdom is there that is specid in prophecy that is yet to bear le over all the earth re the present European condict looked forward with anxious nticipation when she would bear adisputed domination. But alas, her pes are gone. No longer does she pe to realize her dreams. And vhy is such a prospect altogether Because, as Mr. Johnon said, the prophecy is against There is but one kingdom, and hat is yet to come that will bear ule over all the earth. That kingom, he said, is the Kingdom of God. He described this future kingm from various Scripture state ments, and showed that such would not be set up till all earthly rule is stroyed. That time, however, so he said, was very near. Christ's second oming brings the final end of all. He exhorted all to be ready for that time. A goodly number of delegates were present from various parts of he province, together with many others of this city. The people of Brantford are given a hearty . welome to attend.

ANNUAL MEETING

Enthusiastic Gathering Last Night at Dufferin Club.

An enthusiastic gathering of owlers assembled at the Dufferin Club last night to elect officers for the year and make arrangements for the Seventh Annual Brant County Tourney, which begins on Saturday Dominion Day, at 9 a.m. Previous to the meeting, rinks from Paris Mount Pleasant, Echo Place and the city clubs enjoyed a friendly game. President, Mr. Jas. Smiley, called

the meeting to order, and after the winding up of the past year's business, was succeeded by the new President, Mr. W. H. Biggar, Mt Pleasant.

That keen interest will be taken by the various clubs is assurred from the fact that both trophies are almost won already. That is, if the Lloyd Harris cup is won by the Heather Club once more, they own The same applies to the Telephone City trophy-Paris having won it in 1914 and 1915. But howling is like many other games, uncertain, and the newer clubs will make a serious attempt to carry off the silverware, which has to be won three times by any club before they

can own it. The officers elected are: Hon. Presidents, W. F. Cockshutt, M.P. Lloyd Harris; President, W. H. Biggar; Vice-Presidents, J. G. Cohoe F. Corey; Secretary-Treasurer, R. C. Burns; Executive, Messrs. J. A. Ogilvie, E. C. Tench, A. A. Lister A. Gardiner, D. Adams, Geo. E. Watt, Smoke, G. R. Inksater, G. W Hall, W. N. Lewis, W. J. McNeilley, McLaren, A. McEwen, F. S. BRILLIANT PITCHING DUEL

Brooklyn, June 20 .- Luderus' nome run over the right field wall in the seventh inning, scoring Whitted ahead of him, gave the Phillies a 3 to 2 victory over the Brooklyn league leaders yesterday. Steady showers spoiled a fine pitching duel between Alexander and Pfeffer, and forced the postponement of the second game of the scheduled doubleneader because of wet grounds.

The Dodgers tried valiantly to tie things up in their half of the eighth, Meyers' double and Pfeffer's single scoring a run. Two hits in the ninth failed to help the Robins. Score:

SERB SOLDIERS

General Allied Offensive on All Fronts This Summer.

WERE SICK

Saloniki, May 28 (correspondence of the Associated Press)—The allied offensive in Macedonia, originally onensive in Macedonia, originally scheduled for mid-May and postponed on account of the condition of the Serbian army on its arrival in Corfu, is now confidently anticipated towards the end of June, or, at the latest, early in July.

Bulgars Are Active.

The activities of the Bulgarians east of the Struma the past week and a gradually increasing extension of a gradually increasing extension or artillery operations have led to the assumption from line to time that General Sarrail's plans might be hastened and the allied attack be-gun at once. This is possible; but the general opinion is that the act-ivities of the Bulgarians are merely in the nature of taking up the slack in their line and they will not prein their line and they will not pre-

cipitate an attack. Cholera Among Serbs the Serbs on their arrival on Corfu proved a great disadvantage. It made their transport to Saloniki in time to participate in an offensive reduced their numbers very materially; a great many more Serbe died than will ever be known, not simply of cholera, but from enterograstritis, malnutrition and sheer ex-

haustion. The Serbian army was, in far worse shape after its retreat through Albania, than had been supposed. The entire force needed full requipment, and the recruits from Serbia and the volunteers from America, required drilling Marshal Put-nik was no longer physically able to command, and many of the leading officers were dead or too worn by their late hardships to continue active service and a new set of officers had to be chosen. All of this demanded time. The idea of any offensive from Saloniki in May was, therefore given an and the work of features. fore given up and the work of remaking the Serbian army was pushed as rapidly as possible.

will all Strike Together.

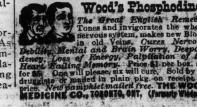

This decision, however, entailed an alteration in the general plans of the allies. Instead of striking a first blow in the Balkans to draw off the German reserves from the west front, while a decisive action was being planned in France, it was was being planned in France, it was decided to make a Macedonian of-fensive of the allies coincide with instead of precede the general alfied offensive on all fronts generally sup-posed to be scheduled for mid-sum-

CALLED OUT THE CHANCELLOR

Bitter, Wordy Warfare Between High German Officials.

Berlin, via London, June 20.-Dr. Wolfgang Kapp, who was criticized severely by the Imperial Chancellor, Dr. Von Bethmann-Hollweg, in a speech in the Reichstag on June 5, as among "the pirates of public opinion," owing to a pamphlet by Dr. Kapp, sharply attacking the chancel-lor's policy, now publishes a card showing that he tried to call Dr. Von Bethmann-Hollweg to account.

Dr. Kapp sent an agent to negotiate with an agent of Dr. Von Bethmann-Hollewg. The Chancellor's agent declares in the chancellor's behalf that he declined "to make the subject of personal explanations and subject of personal explanations an action imposed by the duties of his office." The agent of Dr. Kapp thereupon declared that "Dr. Kapp Imperial Highness, and I should be glad to have them again. Medical Association Endorses The Hospital By-Law

At the regular meeting of the Brant County Medical Association, held on Thursday, June 15th, it was moved by Dr. Robinson, seconded by Dr. Wiley,

"That this Society hereby expresses its desire to go on record as entirely approving the action of the Board of Governors of the Brantford General Hospital, in proceeding with the construction and equipment of the additional wings and operating rooms at the Hospital, and to express the wish that the ratepayers of the city may see their way clear to pass by an unanimous vote the money by-law to be placed before them for their approval on the 26th inst., and thus relieve the institution of its large outstanding debt.

"The work of draughting the plans and supervising the construction was carried out by a special Building Committee, of which our representative on the Board, Dr. Bell, was a very active member, and we feel that the present high state of efficiency and usefulness of the institution is, in no small measure, directly the result of his energy, foresight and enthusiasm while on that committee. We know that the necessary expenditures were large, but we feel that good value was received for every dollar of outlay, and are confident that it was the part of wisdom to properly equip the institution for the work it had to do, thereby enabling us as a profession to thoroughly and efficiently carry out our duties in the care of the sick and attention to the injured of the community.

"The Hospital, as it stands to-day, is a public building of which every citizen can be justly proud, and to which he can turn, should the necessity arise, secure in the knowledge that within its walls he or his will be cared for by as competent a staff of nurses, and in as commodious and well-equipped surroundings as may be found in any similar building in the Dominion."

The above resolution was carried unanimously, and constitutes still another reason for hearty support of the by-law by citizens.

BARROW DISCOVERS THE FAMOUS WAGNER

Develops Him in the Old Atlantic Association Nearly Thirty Years Ago.

Wandering through the pages baseball history, one comes upon the statistics that the Atlantic Associa-tion was launched January 29, 1889, just twenty-seven years ago at a neeting of representatives of clubs in Newark, Jersey City and other municipalities which thirsted after haseball glory. The name is reminiscent of many things. Since 1870, when the Brooklyn Atlantics walloped the Cincinnati Red Stockings, and reduced the swelling of the domes of Redland fans, the name of the well-known ocean has figured prominently in diamond annals. There have been several Atlantic leagues, the last effort in that direction havwith a full line of Fixtures. Come and ing been made in 1914, although the circuit didn't even start last year It is said that the name was never very popular with the old-time players, as being too suggestive of water tut in spite of that prejudice it is a name associated with many glorious traditions of the great American

astime. Greatest of the glories of the old Atlantic league, and most enduring of its traditions, is the fact that it was from that circuit that Hans Wagner started out on his conquer 129 Oils, Varnishes, Colors, Alabastine, Garden Tools, Mowers, etc. Galvanized Iron Work our specialty Taterson club in the Atlantic League, but he had gained little in laurels or money up to that time, and it

Edward G. Barrow, now head of the International League, was the manager of the Paterson Atlantic League club in 1896. Honus and his brother Al. had become the property of the Pittsburg club, but Honus wasn't needed by the Pirates, Barrow made a proposition to Kerr of the Pittsburg club for Wagner, Work but Kerr thinking he meant Al. turned down the offer. When Kerr was informed that it was Hans that was wanted in Paterson he promptly told Barrow that he could have the
