GIRL GUIDES RETURN FROM CAMP

Had a Most Enjoyable Outing at Sunken Lake

On the eighteenth of August, the Wolfville Girl Guides went into their annual camp at Sunken Lake. About forty girls were in the camp of whom six were from Port Williams, under the direction of Mrs. Donald Chase.

The camp was divided into three groups; the Cherry Chums, under the direction of Ena Rupp; the Minewee (great pals), under the direction of Melba Rupp; and the Ever Readies, under the direction of Mrs. Chase. The camp was for the term of ten days and broke up today. The weather on the whole has been very favorable, there being only three rainy days throughout the entire time.

The tents proved to be waterproof and no discomfort was felt whatsoever from the rainy weather. The time has been spent in swimming, boating, hikes, and playing of games. Three hikes were taken, one around the lake, one to Little River Lake, and one to Little River Falls. These hikes were greatly enjoyed by the girls and are a great help to those who are working for the Naturalist's Badge.

On Sunday the regular church parade was held at the Black River church; all the girls marched there and back. The regular visitors day was on the afternoon of the twentieth, and several parties from Wolfville and Port Williams were there. They were very enthusiastic over the camp and its surroundings. Other parties dropped in practically every day, so the camp has not lacked in visitors, and this has also increased the pleasure of the girls there.

Tuesday night was stung night and many and various original stunts were put on by the girls. The biggest stunt of all was the heavy wind and rain storm which prevailed at that time, but in spite of the storm a most enjoyable and original evening was spent. The camp has been under the direction of Miss Pauline Parry, commander-in-chief; with Mrs. Chase second in command; Miss Harry, chief of the medical department and inspector of the nursing stations; Mrs. Nowlan, the chief of commissaries; Mr. Charles Patriquin, adjutant; and the Misses Rupp, aides de camp.

The only regret has been that Miss Haley was unable to be present at the camp because of her trip to England; however, the Guides are glad to know that she is on the water and will soon be back with them.

On the whole, the girls have voted this the most enjoyable camp that they have ever had. The improved boating and bathing facilities and the general improvements around the camp combined with the weather, has made this ten days an exceptional period. However, all good things come to an end and our girls returned today prepared for another year's work of study.

GOLDEN WEDDING CELEBRATED

Amid sunshine and golden autumn flowers a social gathering of much interest took place at the home of Mr. and Mrs. J. A. Miner, The Ridge, Wednesday of last week, the party being in honor of the 50th wedding anniversary of Mr. and Mrs. Miner.

The bride and groom of fifty years sat on their lawn at the head of a long, prettily decorated table, which was arched by foliage and spread with a bounteous wedding supper. Their children, grand children and other near relatives were the guests. Games and a social evening followed the supper, and a beautiful wedding cake, the gift of one of the daughters, was cut by the bride and served. The company dispersed with many congratulations and good wishes to the loved host and hostess. Among the gifts received were a handsomely engraved wedding ring and other pieces of gold.

Mr. and Mrs. Miner were married at Gaspereau in 1874 by the late Rev. Mr. Stevens of that place. Since then they have lived on their farm at the Ridge. Of their six children three daughters live in Wolfville—Mrs. P. W. Porter, Mrs. Jack Calkin and Mrs. W. Duncanson; one son, Mr. John Miner, is at home, and the eldest son, Mr. Joseph Miner, is living in Buffalo, N. Y. The latter with his family motored to Wolfville for the holidays and attended the wedding celebrations.

An only brother, Mr. Fred Miner, of Billtown, with Mrs. Miner, were present on Wednesday, the latter couple having celebrated their golden anniversary in June.

DEATH OF DR. A. deW. BARSS

Passing of Long Time Honored Citizen

The death of Andrew deWolfe Barss, M.D., one of Wolfville's oldest and most highly esteemed residents, occurred at eight o'clock last Friday morning, at his home on Acadia street. For many years past a prominent figure in the activities of this community, for some time back, owing to the infirmities of age, he has been practically confined to his home, yet the news of his demise was learned with sincere sorrow.

His wife, who was a daughter of the late Dr. Crossley, of this town, predeceased him about a year ago, but he is survived by his son, Dr. J. Edmund Barss, of Windsor, Conn., two sisters, Miss Margaret Barss and Mrs. William A. Chipman, of Wolfville; and two brothers, Alfred K. Barss, at the Masonic Home at Windsor, and Rev. J. Howard Barss, of Wolfville.

Dr. Barss was the oldest son of the late John W. Barss, for many years a prominent resident of Wolfville. He was born at Halifax eighty-two years ago, but spent practically his whole long life in this town, where he graduated from Acadia University in the class of 1869, and was at the time of his death the oldest alumnus of that institution. He studied medicine at the University of Edinburgh, where he received his M.D. degree in 1864. Returning to Wolfville he began the practice of his profession, which was continued until a few years ago.

He was for some time manager of the agency of the People's Bank of Halifax here, and for many years secretary of the Board of Trustees of the Wolfville public school. Before the incorporation of this town he represented Ward 8 in the Municipal Council and later held a seat in the town Council in 1893-94. A loyal member of the Wolfville Baptist church he was active in denominational work, and for some time filled the position of treasurer of Acadia University and was a member of its senate. Genial in his personality he was popular with all classes.

The funeral was held on Sunday afternoon, the service being at the Baptist church, Rev. Dr. Marshall, the pastor, presided. There was a large attendance, many of whom came from a distance to pay a last tribute to one who was generally regarded as a friend. Rev. Dr. Hemme, of the United Church, read the scripture, and President Patterson offered an appropriate prayer, while Rev. Dr. MacDonald in appreciative terms spoke of the life and work of the departed. Miss Ruth B. MacDonald sang sweetly and feelingly "Let Not Your Heart be Troubled." Many beautiful floral tributes included a beautiful wreath from the members of St. George's Lodge, A.F. & A.M., of which order the deceased was for many years a member.

Interment was in the family lot at Willow Bank Cemetery, which beautiful property was presented to the community many years ago by Dr. Barss's father. The pall-bearers were: Dr. H. T. DeWolfe, Messrs. Edson Graham, J. E. Hales, C. B. Godfrey, John A. Caldwell and C. S. Barss.

ARE RETURNING

Pronounced Movement of Canadians Back from United States

OTTAWA, Aug. 26.—A pronounced return movement of Canadians from the United States is indicated in immigration figures made public today. During the four months of April, May, June and July of the present year a total of 18,870 Canadians returned to Canada from the United States. Of this total, 16,166 were Canadian-born citizens, 1,546 were British subjects who had acquired Canadian domicile, and 1,658 were classed generally as Canadian citizens. In July alone the total number of admissions of returning Canadians recorded at the international boundary line was 5,127.

While in each of the four months more than four thousand admissions were recorded, immigration figures for the four months show an increase of 17 per cent. over the same period last year.

The total number of immigrants entering Canada from all countries during April, May, June and July was 94,022, as compared with 54,912 during the same months of 1923. Of this total 33,248 came from the British Isles, 7,005 from the United States, and 23,770 from other countries. For July alone there was a decrease in total immigration from 13,960 in 1923 to 10,778 in July, 1924. Immigration from Great Britain dropped from 7,040 in July, 1923, to 4,789 last month.

ONTARIO'S PREMIER VISITS WOLFVILLE

Party was Taken for Motor Drive and Much Enjoyed our Beautiful Scenery

The private car of the premier of the province of Ontario paid a visit to Wolfville this week. Included in the occupants were Premier and Mrs. Ferguson, Dr. Cumming, of Buckingham, Quebec, who is Mrs. Ferguson's brother, and Mr. Hill, the private secretary of the premier. The party arrived on Tuesday afternoon in the midst of the severe storm which then prevailed.

On Wednesday morning a self-appointed delegation of citizens made up of Mayor Chambers, Dr. Wheelock and a representative of THE ACADIAN called upon the visitors to offer them the hospitality of the town, with any attention that might be acceptable. They were cordially welcomed by Premier and Mrs. Ferguson, who made their call most agreeable.

As Mr. Graham, of the D.A.R., had arranged to provide a motor drive to the hotel, they inspected the top of the visitors' attractive points in this vicinity during the afternoon. Dr. Wheelock and Professor Sutherland kindly offered their cars for the purpose and the whole party was driven around town and to the "ridge" where they expressed themselves as charmed with the view. Returning to the college grounds they inspected the various buildings and climbed to the top of the tower of the new building and admired the view which is one of the finest in this part of the country. A drive through the Gaspereau Valley, returning by the Deep Hollow Road, was much enjoyed by the visitors, who expressed themselves as much pleased with all that they had seen as well as with the manner in which they had been entertained.

In compliance with the kind invitation of Mr. and Mrs. Ferguson a representative of THE ACADIAN spent a most enjoyable evening with the visitors, who proved to be very charming people. We had the pleasure of thoroughly inspecting the car which is most elaborately fitted up, commodious and comfortable in all its appointments. Premier Ferguson impressed us as being an exceedingly broad minded and well informed gentleman, a thorough Canadian of upper province regarding the future of this country. From him we learned much of what the government of Ontario is attempting in the interests of the people of that province.

All the visitors stated that they were highly pleased with Nova Scotia and their belief that a very large number of upper province people might be easily induced to spend their summer vacation in this province, if its attractions were properly presented by a generous and well directed publicity. This morning the visitors proceeded to Halifax en route for Toronto where they expected to arrive on Monday.

VALLEY CRICKET CLUB FORMED

In a cricket match played at Bridgetown on Saturday a team from Kentville and district defeated a team from Bridgetown and district by 44 runs, with a loss of only six wickets.

During the match a new club was formed for the encouragement and advancement of cricket in the Valley. An informal meeting was held on the grounds, at which the Rev. Morris Taylor acted as chairman. It was decided to call the club the "Nondescripts", and to have an annual subscription of one dollar. The idea is to obtain members from Windsor to Yarmouth, and besides the usual friendly district games, to get together an eleven strong enough to play some of the older organized clubs in Nova Scotia.

F. A. K. Walker, of Kentville, was elected Captain for the remainder of the season, and Dr. F. E. Rice, of Sandy Cove, Digby County, was elected Secretary-Treasurer. It is proposed to hold a general meeting at some later date, to outline plans, etc.

CANADIAN CLUBS TO VISIT N. S.

TORONTO, Aug. 24.—A tour of Eastern Canada is being planned by the Canadian Clubs of Toronto and Hamilton this year. A tour of Western Canada was enjoyed by a large number of members last year and the present project promises to be equally interesting and informative. The tour includes a visit to the Land of Evan-geline, Prince Edward Island, the Met-ropia Valley, Quebec, St. Anne de Beaupre, Shawinigan Falls and Ottawa.

Mrs. F. A. Goldwell, who has been a summer visitor at the home of her sister, Mrs. Leslie Eaton, returned by motor to her home in Washington, D. C. She was accompanied by her son and daughter.

BAPTIST CONVENTION OPENED TODAY

Ministerial Institute Held Sessions Yesterday—Interesting Papers Presented.

The United Baptist Convention of the Maritime Provinces opened its annual sessions here today, with an attendance of nearly three hundred. The meetings are being held at the Baptist church, the dormitories and dining halls of the University being turned over to the convention for the accommodation of the delegates. The officers of the convention are Rev. A. N. MacNeil, President; J. Fred Fraser, Vice-president; Rev. N. A. Whitman, Vice-president; Rev. S. S. Poole, Secretary.

The Ministerial Institute held its sessions in the Baptist church yesterday. The first sitting began at 10 o'clock with the President, Rev. F. H. Eaton, of Bridgewater, N. S., in the chair. After the devotional exercises and the appointment of committees, Rev. C. T. Clark, M.A., B.D., read an interesting and instructive paper on "The Place of the Ministry in a Period of Theological Transition and Reconstruction." The speaker divided his theme into two parts: 1st. The theological transition and reconstruction of the present day; and 2nd. The work of the ministry in this connection. He pleaded for freedom of investigation whether scientific, philosophical or theological. He said, "It is a poor policy for the church to warn off its own competent investigators".

This paper was followed by about fifteen minutes of interesting discussion in which the members of the Institute took part. The second paper on "How Far May We as Baptists Co-operate with Other Religious Bodies?" was read by Rev. J. A. Huntley, D.D. He believed there was a mission for the Baptists in the world today as in the past, in the pursuit of which it was necessary to maintain their Baptist solidarity; but outlined a broad field in which co-operation and unity of spirit ought to be maintained. This paper was also followed by interesting discussion.

The second sitting opened at 2:00 p.m. with the report of the nominating committee. Following this Rev. H. R. Boyer, Executive Secretary, led the Institute in an open discussion on "Denominational Problems".

The session was given to the discussion of practical pastoral problems. L. S. Ackland, pastor of the pastor's responsibility for church character which was followed by an animated discussion. Rev. Henry R. Boyer, introduced the matter of denominational finance. The discussion urged the pastor as the man in the situation. Rev. T. D. Bell introduced the matter of responsibility regarding temperance matters. The discussion revealed a growing sentiment against the lack of enforcement of prohibitory legislation.

The last subject discussed was "denominationalism." The speaker, Rev. H. R. Boyer, introduced the matter of denominationalism. The discussion revealed a growing sentiment against the lack of enforcement of prohibitory legislation.

THE AGE OF DESIRE

At the Orpheum next Monday and Tuesday

If you have ever stopped to analyze the reason why certain photodramas have appealed to you more strongly than others, you no doubt have come to the conclusion that it was because they contained a strong theme.

And you were right. No picture drama can be a complete success, regardless of the strength of its cast or the genius of its director, unless it possesses that potent ingredient—theme with a universal appeal. Plot alone is not sufficient; there must be a plausible motivation threading the story. There must be a "purpose" dominating the characters and making them life-like.

"The Age of Desire", which we are proud to announce as next week's feature, contains a theme as old as life itself, and one that will strike home to everybody. It is the craving for happiness, and in this instance the happiness consisted of the recovery of her boy by a woman who had sacrificed him on the altar of selfishness, believing that thereby she would find the coveted peace of mind.

"The Age of Desire" was produced by Frank Borzage, the director of "Humoresque" and is being released by First National. Few pictures have reached the screen which stir the emotions as does this one and we therefore urge you to see it. The cast is a remarkable one.

HISTORY TEXT BOOKS

The Editor of THE ACADIAN.

Dear Sir,—I noticed in your last issue a short but valuable and interesting editorial on the subject "One Text Book For All". In this connection I should like to point out that the greatest of all necessities for uniformity lies in the field of Canadian history. One does not have to discover two different features which must be done away before the slogans "Canada for Canadians" and "Patriotism in the Home" may become actualities.

In the first place unless there are more or less uniform text books on Canadian history in our schools, we shall continue, as we are now doing, to preserve sectional differences in our Dominion. He who professes to have any national patriotism at all will acknowledge that this is a serious matter which requires immediate adjustment.

Unfortunately we have no good, first-class text book on Canadian history. It remains for some historian to make a contribution to Canadian historical literature which will be acceptable, not only to a Dominion Educational Committee, if one should be appointed at any time for the purpose of standardizing text books, but to the scholars as well. The histories of Canada used in our public schools at the present day are what our boys and girls consider rather dry and uninteresting reading. Let an adult read a portion of one for himself and see if he derives any particular pleasure from it. My contention is that what is needed is not so much what we have now, that is the story of the political and constitutional development of our country, but rather the story of the lives of our great men and women and their work, the romance of the economic development of Canada, its expansion westward, and the origin and growth of many of the more important peculiarly Canadian institutions of the present day. Of course there are many other lesser factors to be taken into consideration. The prime necessity facing us today is to get a text book which will be thoroughly entertaining, instructive, and of service to teacher and pupil alike throughout the Dominion.

Mr. Grace McLeod Rogers of Amherst, is at present engaged in writing a book of this nature. The chief objective of this publication will be to increase the love for things Canadian among the children in the public schools of Canada.

The second point which I should like to stress is this. Up to the present all our text books on Canadian history have dealt almost exclusively with that period of our history which lies back of the date of Confederation. What has already been written, as I have attempted to point out, is not suitable to awakening an interest in Canadian national affairs. If then we take little consideration of our country of our history which deals with the period of our greatest expansion, if we neglect to take into account the political, economic, social, racial, and religious aspects of the last fifty-seven years, we are depriving ourselves and the children in our public schools of a great deal of the material which aids in the making of good patriotic citizens. Frequent recapitulation of the efforts and achievements of Canadians, like glorying in the accomplishments of Britishers and Great Britain, will assuredly bring about a greater and more substantial Canadian nationalism, together with a tendency towards a unification of the Dominion of Canada such as we have never known before.

WE MUST THINK IN TERMS CANADIAN. Let us take pride in the Canada and Canadians of today. Increased interest in Canadian history will lay a foundation on which to begin to build the edifice of an intense Canadian national spirit; a sympathetic and loyal appreciation of present day Canada and Canadian problems will further the establishment of it.

Very truly yours,
A. B. COREY.

THREE SQUADRONS IN CAMP AT ALDERSHOT

The 14th Mounted Rifles, K.C.H.F., went into camp at Aldershot Tuesday for eight days' training, under the command of Lt. Col. T. A. Lydiard. The camp this year, which is considerably smaller than that of former years, is composed of three squadrons—"A", from Canning, "B", from Kentville; and "C", from Middleton.

Following are the officers of the camp: Lt. Col. T. A. Lydiard, O.C.; Lt. Col. R. Innes, Adjutant; Capt. G. Bowser, Q.M.; Capt. A. S. Burns, M.O.; Capt. Arnold, Paymaster; Capt. Hotchkiss, V.S.

"A" Squadron—Capt. Bowser, Lieut. Borden, Lieut. Green, Lieut. F. Northrop. "B" Squadron—Major J. P. Knowlton, Capt. Ruffee. "C" Squadron—Capt. Nelly, Lieut. Miller.

PRICE OF WALES OUTWITS WAITING CROWD

LONDON.—The Prince of Wales, who sailed for America on the Berengaria on Saturday, outwitted those intending to give him a ceremonial send-off by slipping quietly aboard the vessel early in the morning. The Prince, who intends visiting his ranch in Alberta, will witness the International Polo matches at Meadowbrook, Long Island, and pay a visit to President Coolidge at Washington before going to Canada.

TOWN MANAGER FOR KENTVILLE

Our sister town of Kentville has adopted the plan of conducting its affairs through the agency of a town manager. Unlike Wolfville, however, the citizens of that place have wisely decided to combine the position of town clerk and town manager under one official, a policy that was advocated by THE ACADIAN when the town manager system was adopted here. This, in our opinion then as now, is at once the most economical as well as the most efficient method of carrying on the affairs of a small town.

When the town manager idea was being discussed in Wolfville the office of town clerk was vacant, and the selection of a competent man to fill the two positions appeared to us as the logical course to follow. Other counsel prevailed, however, and thus we have in this town the two positions filled by different men. We shall follow with interest the experience of the shiretown in this matter.

The man selected for the position at Kentville—Mr. E. H. Munro—is the mechanical manager at the Provincial Sanatorium and has had considerable experience in town affairs which should very well qualify him for his new duties. He has been a member of the town council for some time and previously filled a similar post at Windsor.

BETTER STREET LIGHTING NEEDED

One direction in which Wolfville has not made the progress that it should have done in recent years is in the matter of street lighting. We pay a considerable amount for this service, but the result is far from satisfactory to citizens. Now that the season is advancing and short, dark days will of necessity be soon at hand action should be taken to better prevailing conditions. A few years ago when the practice was to keep business places open during the evening the window-lights in the stores contributed considerably towards the lighting of the streets and made them present a more attractive appearance. It might not be a bad idea to bonus the stores to the extent of the lowest possible rate in order to induce them to continue this service, which would be of unquestioned advantage to themselves as well as to the town.

In any event it is full time that the bettering of our system should be under consideration by those responsible for public affairs. The cost of current is so much less now than formerly that it should be possible to provide satisfactory street lights in every part of the town without increasing to any great extent the cost of the very inadequate service with which we have been obliged to put up with.

THE VALUE OF OUR SCHOOLS

Vacation time for the school children of Nova Scotia is practically at an end for the present season. In some of the rural sections school work has already been resumed, while in the towns and some of the more important sections next week will see school activity in full progress. We make mention of this fact not so much as an item of news but in order that the significance of the occasion may be more fully appreciated.

The education of the young life of any community is the most important undertaking of its people, notwithstanding the fact that the salary of the chief liquor vendor of the province is twice that paid to our Superintendent of Education. Good and adequately equipped school-houses with competent and well trained teachers should be the first requirement in every locality. The endeavour to keep down expenditures at the expense of efficiency is always a mistake. It is worth remembering that good schools always make for good citizenship—the real wealth of any community.

TO ESTABLISH CONFIDENCE

If Canada is to maintain her position in the British markets our fruit-growers and exporters must adopt a proper system of grading their apples. This, at least, is according to British opinion, which is well worth while taking into consideration.

New Zealand exports of meat and dairy produce have for some time been required to pass government inspection and are sold under that guarantee. The system has proved so beneficial that the fruit-growers of that country are planning to adopt the same method and have endorsed the movement for the national control of fruit exports on the strictest basis regarding quality, grading and packing.

Anything that can be done at the present time to increase the confidence of the British market in Canadian apples should most assuredly be encouraged and should have the hearty support especially of the growers of the Annapolis Valley.

I AM YOUR TOWN

Make of me what you will—I shall reflect you as clearly as a mirror throws back a candle beam.

If I am pleasing to the eye of the stranger within my gates; if I am such a sight as, having seen me, he will remember me all his days as a thing of beauty, credit is yours.

Ambition and opportunity call some of my sons and daughters to high tasks and mighty privileges, to my greater honor and to my good repute in far places, but it is not chiefly these who are my strength. My strength is in those who remain, who are content with what I can offer them, and with what they can offer me. It was the greatest of all Romans who said: "Better to be first in a little Iberian village than to be second in Rome".

I am more than wood and brick and stone—more even than flesh and blood—I am the composite soul of all who call me Home. I am your town.

FOR BETTER CONDITIONS

Early in September a joint effort will be made by Canadian transportation, banking, manufacturing, packing and labor interests to solve the problem of agricultural depression which Canada is experiencing. These interests have been called into conference for this purpose by the agricultural industries committee of the Ontario legislature.

Judging from the advance announcements an effort will be made to meet the complaints of the farmers that the prices of their necessities are too high. Railway charges particularly will occupy a prominent place on the agenda. All the main interests concerned will have representatives in attendance.

CIVIC WELFARE

In this issue THE ACADIAN begins the publication of a series of twelve full-page articles which will be presented during the coming year and which, we feel confident, will be of interest and profit to our readers. In well defined terms and in an effective manner they bear a message from foremost business and professional men regarding community well being that should not be disregarded. The object is to promote a better understanding of the obligations which citizens owe to one another and the community at large.

This concerted effort on the part of patriotic residents of the town to advance the interests of all is most commendable, and is sure to bear fruit. Read the articles carefully and digest their contents. Every one, as they appear, will be found to teach a lesson well worth learning.

WHAT IS A RETAILER?

Here is a good definition from the report of the U. S. Joint Congressional Commission: "The retailer's true function is that of serving as a purchasing agent for his community; as such, he selects and carries a reserve supply of merchandise to meet the requirements of the individual customer."

"When the retailer enters business he assumes the responsibility of performing a public function—that of providing commodities and services to his community economically and conveniently, and of maintaining such environment as is necessary and desirable to the customers who support him. If he fails in his responsibility, he ceases to be an economic factor in the community which he serves."

STORES HAVE MUCH GOOD NEWS

"To increase business is one of the essential purposes of advertising. To keep alive the public's interest in the store or the concern is quite as valuable an end and result of advertising as to increase public demand for the store's or the concern's wares and products."

"There is no store or business worth advertising at all, but which possesses many relative facts that would be "good news" to tell the public through advertising space in the newspapers, whether more business is desired or not."

Maybe the immigrants think they have a right to this country because it was discovered by an immigrant.

Every minute wasted "knocking" a competitor can be better spent "boosting" your own store.

NOVA SCOTIA AS SEEN BY A VISITOR

(From the Versailles, Ky., Sun.)

My trip, July 15 to 31, took me, and my party, into new fields. From Quebec we journeyed through New Brunswick to Nova Scotia, stopping 24 hours in Halifax, going thence to Wolfville, in the heart of the "Land of Evangeline," for a stay of two days. All of us fell in love with Nova Scotia. In the 20 summers I have been travelling over the United States and Canada I have never had more interesting and delightful experiences, have seldom met with such charming courtesy, such cordial hospitality as was shown us in Nova Scotia. No part of North America has greater wealth of historical romance, and Nova Scotia's scenic attractions are unexcelled.

Halifax, capital of the province, was founded in 1749 by Lord Cornwallis, six years before the Acadians were expelled and 10 years before Quebec finally passed to the British crown and with it the continent of America. I haven't space to enumerate the historic points visited in Halifax, but the two places most interesting to me were the Province (Parliament) building, over 100 years old, and old St. Paul's church, built in 1749. The walls of the Province building are hung with rare old paintings, life-size, of English kings and queens, statesmen, and soldiers. The Provincial library contains some wonderful books and documents of great historic worth. St. Paul's church (Anglican), a royal foundation of King George II, is known as "the Westminster Abbey of Canada". Many men of note are buried in vaults beneath the floor. Heraldic shields of great beauty adorn the walls. The church has had only seven rectors in 175 years. The present rector has served 27 years. The Public Gardens of Halifax, said to be the finest on the continent, are a delight to lovers of flowers. They contain the most beautiful roses I have ever seen, possibly excepting those in Portland, Oregon.

We were in Halifax at the time the U. S. cruiser, Milwaukee, was in the harbor, enroute to Labrador to meet the U. S. army aviators returning from

their round-the-world flight. Through the kindness of our charming host, Edward L. MacDonald, manager of the Halifax Hotel, who entertained our party with a motor boat outing over Halifax harbor, we enjoyed the unique experience of going aboard one of our own warships in a foreign port. By a happy co-incident, we were received on the Milwaukee and looked after by Ensign L. L. Roe, from Louisville. H. M. S. Constance, of the British navy, was at anchor in the harbor and while we were inspecting the Milwaukee the British naval officers came aboard to pay their respects to the American officers and we witnessed these formalities.

Like all visitors to Halifax we wanted to have pointed out the place where the great explosion occurred (Dec. 6, 1917), which killed 1,600 persons, injuring several thousand and destroying a large number of buildings. It will be recalled that a ship in the harbor collided with another ship loaded with high explosives. Much of the devastated section has been rebuilt, but there is still a great deal of evidence of the havoc wrought by the explosion. A huge anchor from one of the ships was blown 3 1/2 miles. On a motor trip we saw this anchor, embedded deeply in the earth. A most graphic account of the explosion was given us by Horatio Crowell, of the editorial staff of the Halifax Chronicle, a delightful man, who called at the hotel to see us.

Our trip from Halifax to Wolfville, via the Dominion Atlantic Railway, was full of interest. Ken L. Chipman, a representative of the D.A.R., accompanied us and he and Conductor W. W. Clarke devoted much time to pointing out places of interest. Part of the route was through a thickly wooded country, abounding in moose and deer.

At Windsor, 46 miles from Halifax, Mr. H. C. Burchell was at the station to greet us, he having seen in the Halifax Chronicle that our party would be on the D.A.R. train. Mr. Burchell's daughter, Miss Louise Burchell, formerly taught at Margaret Hall. She was away from home when we passed through Windsor, Margaret Hall has had two Nova Scotians on its faculty, Miss Burchell and Miss Isabel Kerr, the latter of Fox River, N. S.

We found Wolfville altogether charming and were delighted with our homelike stopping place, the Acadia Villa Hotel. Its proprietor, F. P. Rockwell, did much for our pleasure. We spent an entire day motoring through the surrounding country. First we visited the village of Grand Pre, which Longfellow's story of Evangeline has made forever famous wherever the English tongue is spoken. The visitor feels the "perpetual haunting charm of the Minas landscape". Little remains of the ancient French village but the old well,

the willows and the cross marking the old burying ground of the Acadians. In a public park is a memorial chapel designed after the original church and a bronze statue of Evangeline. A statue of Longfellow is to be erected. Near the village is the mouth of the Gasperagu, where the unhappy Acadian calves embarked on their mournful voyages. We took the Gasperagu valley drive and visited Evangeline Beach. In the afternoon we made a 50-mile trip to The Look-Off and to Cape Blomidon and return. Hundreds of feet below The Look-Off, stretching for miles to east and west, is a valley whose equal for pastoral beauty is not to be found elsewhere on the continent.

The Annapolis-Cornwallis valley (the Land of Evangeline), between two ranges of high hills or mountains, seven or eight miles in width and extending about 75 miles, from Annapolis basin to the Basin of Minas, is the home of the famous Nova Scotia apples. Mile after mile of the most perfectly cared (Continued on Page 7.)

is extended to you. The business and professional interests of Wolfville want you to grasp it. Feel the strength of its Sincerity and Eagerness to satisfy.. Learn of its actions in moulding this--our town --- into a greater and more enterprising community.

It's that hand of Fellowship, of Welcome, of Ambition and Determination which has done so much in contributing to the welfare of our community.

Just think of the civic development that has been ours--thanks to the loyalty and broadmindedness of our local commercial interests.

What motive prompted it? Certainly not conceit or selfishness. Just one noble purpose was in back of it all -- that of contributing to YOUR happiness, YOUR welfare!

Then--think of the Spirit that has built these many improvements. How unhesitatingly the business and professional men of this town have come forward with financial aid--often when they could least afford it. Yet, they did it with a generous heart and a cheerful smile. That's the spirit that made Wolfville so progressive.

All those interests ask in return is your CO-OPERATION in building an even BRIGHTER FUTURE for this community.

There is a difference between just good tea and very good tea; it is a difference in the little thing called flavor. HOUSE'S SELECTED ORANGE PEEL TEA is a very good tea, and the very best second you taste it you are sure to say to yourself: "Yes, it has the flavor that distinguishes it from just ordinary tea."

The first shipment of apples from Nova Scotia this season was made yesterday, it being the earliest shipment of the valley fruit for several years. Last year the first shipment of Nova Scotia apples for the English market was made on Sept. 7th, when 19 crates were shipped. Yesterday's shipment consisted of 4000 barrels.

The heaviest rain-storm of the season occurred on Tuesday. Rain began to fall in the early morning and continued with increasing violence throughout the day and following night. The storm was accompanied during the evening and night by severe gales which did much damage. Trees were broken down and stripped of their fruit and the loss to growers will be severe in consequence.

A very interesting letter regarding the recent revolution in Brazil appears in the columns of THE ACADIAN this week. It is from the pen of a former businessman, Prof. E. O. Temple Piers, of the faculty of MacKenzie College, Paulo, who has been a resident of that country for some years and is well acquainted with conditions there. Many old Wolfville friends will be very glad to learn of his safety and interest in his account of the stirring scenes which the people of the republic have participated during recent months.

SEWING CIRCLE GOSSIP

There was some discussion at the Sewing Circle this week about the delights of camping out. The wife of the new Bank Manager, who had just returned from a week in the wild woods, said that the most enjoyable thing about it was the cup of LUXOR COFFEE which her husband made for her every morning at 7 o'clock. "I thought that LUXOR COFFEE tasted pretty good at home," said she, "but it was even better at that early hour in the woods."

Mr. and Mrs. Percy Turner, of New Minas, spent the week end with Mr. and Mrs. A. H. Westcott.

Miss Emma Schofield, of Wolfville, spent the past week with her brother, Mr. Otis Schofield.

THE I. O. D. E. FAIR

For two years the Sir Robert Borden chapter of the I.O.D.E. has raised funds toward the maintenance of its work by means of a bazaar or fair. These have been very successful owing to the kindness of the Wolfville citizens in liberally donating articles for sale and in patronizing the booths and the amusements.

The money realized in this way is practically spent in the town. Five hundred dollars went last year toward the salary of the V.O.N. nurse. The hospital emergency fund was helped and contributions made to the Children's Aid Society. Prizes were awarded in the public school and a flag presented to Grade VII. In the county the Morine Mountain school received financial aid and Christmas cheer was freely given to the patients of the N. S. Sanatorium.

Preparations are now under way for a grander and better Fete than ever before. The members of this chapter recall with gratitude the timely assistance of the past and solicit anew your interest and help in building up this enterprise and bringing it to a successful finish. The dates selected are Thursday and Friday, Oct. 9 and 10.

Chinese maiden, Taou Yuen, played by Letatrice Joy. Gerrit returns from Shanghai with his Chinese wife to find Nettie Vollar (Jacqueline Logan) ready to marry him. Nettie suffers an injury, and Gerrit leaves Taou to go to her. Edward Dunsack (Raymond Hatton), a rival of Gerrit's and an opium smoker, tells Taou Yen that her husband and Nettie Vollar are in love. The young wife orders him from the house and goes to Nettie's home herself.

She arrives just after her husband has left and goes to the sick room. Edward, now a raving maniac, follows her and a dramatic finale, filled with thrills, is reached.

SMALLER LOSSES FROM FOREST FIRES

Despite the Long Dry Spell in Nova Scotia This Summer

Losses from forest fires, despite the long period of dry weather this season, are much less than those of the same period last year, according to a statement issued by J. A. Knight, K.C., Chief Commissioner of Forest and Game. Reports of Forest Rangers for the

season of 1924 up to July 31, filed in the office of the Commissioner of Forests and Game, show a total of 72 forest fires as occurring up to that date. The total estimated damage amounts to \$19,463. The most serious fire occurred at Killag Mines, in the County of Halifax, and burned over an area of 2000 acres, causing damage estimated at \$8,000. Fewer fires occurred in the season of 1923, but the loss was much greater. The total estimated damage suffered up to July 31 of that year was \$47,651.

Seven Rules for Making Better Coffee.

KEEP YOUR COFFEE FRESH It loses strength and aroma when exposed to the air. Keep it in a tight container.

MEASURE CAREFULLY Measure the water as well as the Coffee. Use plenty of Coffee—at least two ounces to a quart of water. Guessing usually means a poor cup of Coffee.

USE GROUNDS ONLY ONCE Don't waste fresh Coffee by adding it to old grounds. Used Coffee grounds are of no more value in making Coffee than ashes in building a fire.

BOIL THE WATER Be sure it is boiling. Then pour over the Coffee. This makes the kind of Coffee which scientists have found to be the best.

SERVE AT ONCE Many a pot of perfect Coffee has been ruined by letting it cool. If you must delay serving, keep the Coffee piping hot until served, but don't boil. Re-cooking injures the flavor.

SCOUR THE COFFEE-POT It is not enough to give the pot a hurried rinse and set it away to dry. Clean carefully and let it dry each time it is used.

DOWN KASHA BUTTONS TAKE THE TAN KASHA FROCK

Kasha remains at the height of its popularity. This material is so soft and attractive and wears so well that many women are favoring it for their one-piece Fall and Winter frocks.

The model above owes its smartness to its lovely material and to the simplicity of its style. The color is a delightful tan, and the frock is made with an inset of kasha across the front. Buttons covered with brown kasha extend down the front and reappear in smaller versions on the cuffs.

NOVA SCOTIA AS SEEN BY A VISITOR (Continued from Page 2.) Orchards are seen. In blossom time, June, the country is described as a "fair land". Nova Scotia's apple averages more than 2,000,000 barrels annually, 80 per cent. of which is shipped to England. Nova Scotia orchards contain apple trees known to be 150 to 170 years old, and still bearing. The average life of apple trees in the province is said to be well over 100 years. The average age of bearing orchards in the United States is under 50 to 60 years. The value of Nova Scotia's apple crop in 1920 was \$11,000,000. Orchard land sells for \$300 to \$400 an acre. The marketing is done through successful co-operative associations. Apple storage houses in the Annapolis valley have capacity for over 1,000,000 barrels. Nova Scotia farms also produce hay, fine wheat, and a variety of fruit. The strawberry season was still on when we were at Wolfville (July 22-24). Fine ones were abundant at 3 and 4 cents a quart.

CONDITIONS IN BRAZIL

Sao Paulo, Aug. 3, 1924. Dear Acadian: I am not well acquainted with American affairs, but I have read nothing peculiar in the outbreak of a revolution in Sao Paulo, but on the 4th of July last, any resident would have told you that such a thing had never happened and never could happen and would have gone on to show just why it never could. However, it did. On the morning of the 5th there was a rumour that the police had revolted and that the army was trying to put the trouble down, but later on the more correct version came that a mixed force of police and soldiers had revolted and were attacking the palace of the President of the State. No one knew why the row had started, or who was in command, but it was guessed that it might be caused by army officers who it started just two years to the day after an abortive revolt in Rio de Janeiro by the Military Club and directed by the President of Brazil. This was the case and an interesting light on the subject is shed by stories of people asking soldiers what the trouble was about, and being told that they knew nothing about it, that they were only obeying orders. There was considerable street fighting around the President's palace, the army headquarters and barracks, and the center of the city, with a good deal of danger to the civilians than to the troops engaged. A special interest was added to the occasion by the use of 75 millimeter and 150 mm. guns by the rebels. From our house we could see the whine of the shells as they passed over our heads. These guns were too hot for the Government, and on the morning of the 9th they evacuated the city. It was learned later that the rebels had been on the point of giving up the fight as they had not secured the help they expected and would probably have retired if the Government had not done so first. On the retirement of the government forces, the rebels immediately hailed a great victory, and sent word to all the posts in the State that all the units of the army had revolted and that that particular unit was the only one to come in. A number of these units joined them and they occupied the city in force. In the meantime the legal forces had been receiving reinforcements and fighting in the suburbs of the city became intense. Shells began to fall in many places and the casualties mounted rapidly, especially among the civil population. As many as 40 to 50 dead passed through the morgue of the principal hospital in some days. The trains to the north and west were loaded with refugees, as many as 10,000 a day and a number who left by automobile is unknown. Between 200,000 and 300,000 people were estimated to have gone

into the interior and thousands of others left their homes for less dangerous parts of the city. Campinas with 45,000 inhabitants was estimated to have 75,000 fugitives and the other towns in proportion.

Shelters were opened in various places—chemas, schools, churches, etc., and the people were fed by the "Liga Nacionalista", a splendid patriotic society. Here at Mackenzie College we opened one of our buildings and had as many as 420 refugees. One pom-pom shell struck this building and exploded and another came very near but did not explode. These were the only visitors we had except bullets from rifles and machine guns, which came principally when the rebels were firing on the government air planes. The nearest big shells came about 300 yards from the school grounds, and the nearest that caused any casualties about three blocks away.

Lives went on about as usual during the day except that the children were made to play on the sheltered side of the house, but at night we slept in a basement of one of the buildings which was down in a hollow. The good fortune we had was not shared by the other parts of the city. The vegetable peddler, who always serves us, spent four days with his family in his basement, two days without food. They finally got out and came up to our part of the city.

Each night the firing grew fiercer, but the papers (under the censor) published nothing but rebel victories. The city government was not interfered with and it tried to mediate between the two sides to save the city from bombardment and the consequent loss of life and property. They were not able to do anything as the government refused to give up the right to use guns.

On Sunday, the 28th, government air planes dropped notices telling the people to leave the city as the bombardment would be intensified shortly. Numbers of people left, but 500,000 people cannot get out of a city at a moment's notice and it wasn't exactly cheerful. We were in doubt what to do but had about decided to risk being blown up by a shell rather than take our chance with disbanded troops in the country, and Monday morning dawned on a rather blue lot of people. Very shortly, however, an incredible rumor began to circulate that the rebels had gone. It was too good to be true. We had two tame revolutionaries in the college grounds who had been put to guard a private radio set and forgotten. I went down to see if they had gone, but they were still on the job, so my hopes sank. But it soon became clear that the rebels really had gone and that for the time at least the row was over. They left in six or eight trains, taking their guns and most of their baggage, also all the government money they could lay hands on.

In a very short time the population began to flow through the streets; fam-

ilies with their bundles returning to their homes, and people from the more fortunate districts to see the places where the fighting had been fiercest. As far as is known none of the British or American people were killed or hurt, but a number had heavy property losses.

Two lady friends of ours had three shells in their house, and the mess was frightful. A private school, run by an English gentleman, had over 12 shells, and is terribly knocked about. I understand that over 30 claims have been put in to the British consul, and I suppose that includes "The Light and Power", Telephone, and "Gas" companies, which are Canadian, and the Sao Paulo Railway Co., which is English.

Shortly before leaving the city, it is said that the revolutionaries enlisted 1200 Germans and 400 Hungarians, who were in the Immigration sheds. Their consuls disowned them and said that the men would lose their citizenship if they took any part in the trouble. A number were captured during the fighting and it is said that among them were two women. Things are getting normal, and today (Aug. 4th) we opened school. In my department (Engineering Course) I had over 50, or about 40% of the students, and about ten out of twenty instructors. One of the latter, a Lieutenant of the army, who taught military engineering, did not show up, and as I have heard nothing about him I am wondering which side he was on.

We are hoping that things will quiet down now so that we can get to work. Sao Paulo is noted for being hard working and not having time for revolutions or such diversions, and everybody is highly disgusted at having people from the other States come in and mess up our beautiful city.

Kentville people will be glad to know that the Derrons are safe and well. Very truly yours, E. O. Temple Piers.

REUNION IS HELD ON PIONEER HOMESTEAD

BERWICK, Aug. 21.—At the home of Mr. and Mrs. John B. Power, West Berwick, yesterday afternoon, Mrs. Power's three brothers—Delaney Borden, Mr. Ambrose Palmer and daughter, Alice, Mr. and Mrs. John N. Chute, Mr. and Mrs. B. Borden, Mrs. J. D. Gardner, Miss McKittrick, Miss Grace Boyd, Miss Marjorie Boyd. After a pleasant social afternoon, together the company sat down to supper in the home of Mr. and Mrs. Powers. The Misses Grace and Marjorie Boyd at-

—WAITING THE CALL! Ramsay (to Angel of Number): "I hope we shall be calling you in almost directly!" —News of the World.

Miss Alice Palmer furnished music for the occasion.

The home of Mr. and Mrs. Powers, where the gathering took place, is the old Rainsforth homestead, where Mrs. Power's mother, who bore her marriage was Annie Rainsforth, one of the early settlers of Kings county, cleared away the forest, built a log house, and began the work of reclaiming a home and farm from the wilderness. The section in which he began his pioneer work is now a community of prosperous farmers, with not a few of his descendants owning fine residences and producing orchards.

The Borden family, Christopher Rainsforth's grandchildren, was quite a large one, and its members in course of time became widely scattered. Three of them, Mrs. McConnell, Delaney Borden and Freeman Borden, have lived for a good many years in the United States. Freeman is in California, and Mrs. McConnell is in Colorado. Delaney, whose home is in Colorado, had not visited his native Province for many years till this summer.

USE OF WATER-POWER IN CANADA

In the central electric station industry, on which every city and town in Canada is dependent for light, heat, power, street railways and in many cases water supply, 97 per cent. of the total output is obtained from water-power. In addition to this many industrial plants from coast to coast possess their own water-power plants. Both in use of electric energy per capita and in the proportion of electrically lighted abodes Canada exceeds the United States.

PORT WILLIAMS AND VICINITY

Miss Pearl Lingley returned on Saturday from an enjoyable trip with friends in Boston and vicinity.

Mr. Roy Vaughan and bride, of Winnipeg, who have been visiting relatives in Kings, spent last week the guest of his brother, Mr. Fred Vaughan.

Mr. Vaughan holds the responsible position of Director of Technical Education for Manitoba.

Mrs. Paul Mosher and son, who have spent the summer here, returned to their home in Dartmouth last week.

Mr. Connell, who is relieving R. S. Hockin in the Royal Bank, spent the week at his home in Bridgetown.

Mrs. O. G. Cogswell went to St. John on Tuesday as delegate to the U.B.W.M.U. convention now in session. Paul Cogswell spent two days last week with friends in Windsor.

Mr. Curtis Newcombe spent the week end with his parents here, returning to his work in Lunenburg on Monday.

Mr. Elias Curry, of Wolfville, spent the week end visiting friends here.

The many friends of Mr. Bedford Chase regret to learn that he is confined to his bed through illness. Dr. Elliott, of Wolfville, is in attendance.

Mr. Wm. Henderson and Mr. L. Parker, of Somerville, Mass., motored here last week, guests of their relatives, the Misses Lingley.

Rev. Mr. Tedford occupied the pulpit of the Baptist church on Sunday evening, giving an inspiring missionary address from the words, "The King's business requireth haste."

The Bible School picnic, which had to be postponed on Thursday on account of rain, took place on Friday at Evangeline Beach. An enjoyable day was spent with bathing, games, swimming contests, races, etc. The winners received prizes which added much to their good time.

Mrs. Lila Chisholm, who has been the guest of her sister, Mrs. Bedford Chase, for the summer, with her little grandson Robert Atwood, returned to their home in Bridgewater, Mass., on Wednesday.

Mrs. Frank Balcom, Jr., and two children are visiting her parents at Pleasant Lake, Yarmouth county.

Sunday evening after church, Lewis Gates narrowly escaped a serious injury. When passing between two cars to cross the street he fell and a Ford car passed over his body. Dr. Elliott was called and found no bones broken. A few bruises and a general nervous shock kept him in bed a few days. Another narrow escape occurred next day when Todd Thompson, while driving a pair of horses belonging to G. H. Gates, was run into by an American car. He escaped with some cuts and bruises and the team was also injured. The car made no stop to see the extent of damage.

Miss Laura Mapplebeck, of Aylesford, is the guest of her friend, Miss Lucy Cogswell, for a few days.

Mr. and Mrs. John Donaldson took a trip to Parrsboro and Advocate last week.

Miss Muriel Lantz, who is spending her vacation with her mother in New Ross, is now the guest of her brother, B. G. Lantz.

Mrs. Cox, of Canard, with her daughters Miss Cox and Mrs. Hayward, were guests of Mrs. S. Kidston this week.

Mrs. Hayward, of Calgary, will be remembered when before her marriage she taught the Advanced Department of the school here.

Mr. and Mrs. Robert Wright and son, of Sydney, and Mrs. Wright and Mrs. Black, of Halifax, motored to Town Plot to visit Mr. and Mrs. Durell Suttin, at "Seaview".

Mr. Frederick Pulsifer, wife, and family, of Ocean Bluff Beach, Mass., have been visiting his father, Mr. Judson Pulsifer, and brother, Mr. Howe Pulsifer. Mr. F. Pulsifer has not been home to N. S. for several years and sees many changes and improvements.

Mr. and Mrs. Dexter Forsythe and two children, accompanied by the latter's mother, Mrs. R. Porter, of Upper Pearsau, arrived home last Wednesday from a three weeks enjoyable motor trip through the provinces of Upper Canada and on into the States, stopping at many places, enjoying it all thoroughly and meeting with no accident or delay.

Mr. and Mrs. George L. Bishop, accompanied by Mrs. Davis, sister of the former, who is their guest, motored through to Chester on Friday, returning home Saturday.

Dorothy Fraser, Scott's Bay, has been visiting for a week at the home of her grandparents, Mr. and Mrs. G. I. Fraser.

Mr. and Mrs. Harris Forsythe and baby motored to Woodville, Hants county, on Saturday, to visit at the home of the latter. They returned on Sunday.

Mrs. T. A. Pearson left Saturday morning on the 10:15 train for Bear River station, to visit for a time with her daughter, Mrs. Brenton L. Merry.

Mr. and Mrs. Arthur Leslie, of Dartmouth, paid a short visit here on Sunday at the home of their friend, Mrs. Lilla Forsythe, making the return trip by automobile with friends.

Miss Molly Dodge, of Kingston, who had been visiting her friend, Miss Esther Pearson, returned to her home on Sunday by car.

Miss Joyce Harvey, one of our girls who is trying the profession of school teaching, is now in charge of the schools over at Glenmont. We wish her every success there.

Our school opened for the new term on Monday with Mrs. MacKay, who comes highly recommended, in charge. We welcome Mrs. MacKay and wish her good success as the teacher of our large school.

On Monday morning an accident, which narrowly escaped being a very serious one occurred at the Neary Hotel on our Main street, when Todd Thompson of Port Williams, who is in the employ of Mr. George Gates of the same place and was driving a pair of Mr. Gates horses on the road sweeper, was run into by a large American car and thrown from his seat, being severely bruised. One of the horses was badly injured also. Careless and reckless driving of cars on this main and very public street is becoming far too common and should be prevented in some way.

THE LIBERAL-CONSERVATIVE PICNIC

On behalf of the committee appointed to arrange and manage the Liberal-Conservative Picnic held at Starr's Point, Aug. 20, I wish to thank all those who contributed so freely and generously in every way, that made the picnic one of the most enjoyable, successful and largest gatherings ever held in the Province. Without the hearty cooperation of all, this could not have been the huge success that it was. There are those who made great sacrifice in both time and expense in order to make the program what it was, and we feel as though special mention should be made of those who were most prominent.

The ladies of the Canning churches are to be congratulated upon the splendid dinner and supper served by them, which was greatly appreciated by the many hundreds of hungry people, who spoke from personal experience, also the Women's Institute of Port Williams, who supplied the ice-cream and other supplies. It required a great amount of courage on the part of the ladies to furnish the enormous quantity of food they did, when they fully realized that there was so much uncertainty about how much would be required, but were delighted to know that they had nothing to carry home but empty baskets, and the satisfaction of knowing that their services were greatly appreciated.

Canning is, and should be, proud of their band, which is capable of giving such splendid music as they did during the afternoon. The male quartette consisting of the Clarke Bros. Cross and McGowan was a special feature which received great applause. Many expressions were heard from those

who were qualified to judge that there was nothing finer in Canada, and the committee is especially grateful to them for their kind assistance which was so much appreciated by the vast audience.

The perfect order throughout the day was ideal. The police handled the traffic so well that there was not the slightest accident, notwithstanding there were some 700 cars parked on the grounds, to say nothing about the hundreds of teams.

Special thanks are due to Mr. Percy Starr for donating the grounds free of charge, also spending several days in fitting them up; also to D. D. Sutton, Geo. Starr and Harold Norton, who very kindly gave the right of way over their land. Mr. Sutton let the committee have the use of his field for parking cars for which we feel very grateful, as without that it would have been impossible to handle the great number of cars, buses and trucks.

We will not say very much about the speakers, anyone than we are very grateful to them all.

L. Davidson, ex-M.P., has the reputation of being one of Canada's ablest debaters and an orator of high class. He certainly did not lower his standard on this occasion. R. T. Caldwell showed himself to be a keen business man and made a very favourable impression.

After hearing Dr. O. B. Keddy we can easily understand why he is a great favourite wherever known. Kings Co. was very favourably impressed with his honour and sincerity. We do not wonder that Hants Co. is proud of Dr. Keddy.

Dr. W. N. Rehfuss has a wonderful grasp of all public questions, and his oratory held the audience spell bound.

G. C. Nowlan's subject was one of vital importance to all the voters of Kings Co., and the manner in which he handled it proved that he is one of the ablest young men in Canada. He received a tremendous ovation at the close of his address.

W. L. Hall, leader of the Liberal-Conservative party in Nova Scotia, was in great form and never did better in his life, and the great audience showed most emphatically that they were proud of their leader.

A. DeWitt Foster, the last speaker, won the hearts of the ladies by giving up part of the time allotted to him so that the hungry might be fed, thereby turning what looked like a deficit for the ladies into a large surplus. He also showed that his fame as a public speaker was well merited.

I feel very grateful for the hearty cooperation of the members of our committee—John Magee, John Ross, H. G. Harris, G. R. Nichols, T. P. Calkin, Everett Palmer and W. L. Nichols—who were willing to make any sacrifice in order to make the picnic a grand success.

C. R. Bill, Chairman, Billtown, Kings Co. Aug. 25, 1924.

GREENWICH

On Tuesday, 19th, when the machine for putting the tarvia on our Main street, attached to the heavy steam roller, commenced its work all rejoiced, and "no dust now" was the general exclamation. So it was Muriel Forsythe, of Cambridge, who had been visiting relatives and friends here, also at Canard, left here last Wednesday morning to return home, accompanied by her grandmother, Mrs. Roach, and her cousin, Olive Bishop.

Mr. George L. Bishop, Councillor, as President of the Conservative Association was chairman of the large Rally at Starr's Point last Wednesday afternoon. A good many from here attended and enjoyed it all and voted the location a good one for such gatherings.

The Newspaper Has the Greatest Advertising Influence

The Women's Advertising Club of Los Angeles, working through the Women's Clubs of that city, conducted a questionnaire on advertising media and their influence, which should be very interesting to the retail advertiser. The computation was made that 90 per cent. of the buying is done by women and that millions of dollars are squandered every year in an effort to gain their attention. All walks of life were covered and the results figured on the basis of one thousand returns.

"Which of the advertising media influence you most?" was the question. The answer was announced as follows:

ATTACKED TREATMENT OF T.B. PATIENTS

The administration of the provincial sanatorium at Kentville and, in fact, the entire method of caring for the tubercular poor in Nova Scotia, came under the searchlight at Tuesday afternoon's session of the Council of Nova Scotia Municipalities, at Kentville. Dr. Forrest, medical officer for Halifax county, was the leader of the attack, submitting a lengthy paper entitled "The Municipalities and Public Health", in which he denounced the whole of the present system of treatment for tubercular patients by the provincial government of a mission to investigate and report that the people could "see what are getting for their money spent maintaining the sanatorium at Kentville". Dr. Forrest declared that whole treatment of tubercular patients in England and Germany the treatment now carried out at Kentville was abandoned, he said. The United States was also largely specializing in the new treatment which provided T. B. colonies, instead of a sanatorium. There was no place worse for tubercular patients than a sanatorium, he declared.

The man who brags about his ability is usually about as convincing as the girl who says this is the first she has been kissed.

Our school opened for the new term on Monday with Mrs. MacKay, who comes highly recommended, in charge. We welcome Mrs. MacKay and wish her good success as the teacher of our large school.

On Monday morning an accident, which narrowly escaped being a very serious one occurred at the Neary Hotel on our Main street, when Todd Thompson of Port Williams, who is in the employ of Mr. George Gates of the same place and was driving a pair of Mr. Gates horses on the road sweeper, was run into by a large American car and thrown from his seat, being severely bruised. One of the horses was badly injured also. Careless and reckless driving of cars on this main and very public street is becoming far too common and should be prevented in some way.

The ladies of the Canning churches are to be congratulated upon the splendid dinner and supper served by them, which was greatly appreciated by the many hundreds of hungry people, who spoke from personal experience, also the Women's Institute of Port Williams, who supplied the ice-cream and other supplies. It required a great amount of courage on the part of the ladies to furnish the enormous quantity of food they did, when they fully realized that there was so much uncertainty about how much would be required, but were delighted to know that they had nothing to carry home but empty baskets, and the satisfaction of knowing that their services were greatly appreciated.

Canning is, and should be, proud of their band, which is capable of giving such splendid music as they did during the afternoon. The male quartette consisting of the Clarke Bros. Cross and McGowan was a special feature which received great applause. Many expressions were heard from those

EDITORIAL

The undertaking recently set on foot to provide up-to-date and adequate school accommodation for this town is most commendable and highly creditable to the enterprise and public spiritedness of the people of Hantsport. That it will receive the hearty support of everybody goes without saying. The Hantsport Acadian will gladly do all in its power to promote such a worthy activity, in which young and old alike are given an opportunity to participate. This town has always been noted for its good schools, and among those now scattered to various portions of the globe, who gratefully acknowledge the instruction given in the schools of the home town, are undoubtedly many who will be glad to assist the home people in this laudable endeavour. We congratulate the leaders in this movement on the successful launching of such a worth community undertaking which richly deserves success.

AT THE CHURCHES

Rev. N. E. Whitman, of Bedouque, P.E.I., supplied the pulpit of the Baptist church on Sunday. At the evening service Mr. R. G. Burns rendered effectively the beautiful solo, "The Nazarene", by Joseph Adams. Mr. Burns is gifted with a voice of remarkable power, rich quality, and perfect enunciation. Mrs. M. Oulton, of Stellation, was the soloist at the Methodist church in the evening, rendering in her usual artistic style the solo, "In My Father's House are many Mansions", by Ward Stevens. Mrs. Oulton also delighted the congregation of the Presbyterian church on Sunday morning by the rendition of "There is a Beautiful Land on High", by A. H. Taylor. She was also heard to great advantage in the soprano and tenor duet, "Nailed to the Cross", with R. G. Burns, the voices blending most harmoniously.

MINSTREL SHOW IN AID OF TENNIS CLUB

A capacity house greeted the Hantsport Minstrels at the Empire Theatre on Tuesday evening, August 19th. The show, which was under the auspices of the Hantsport Tennis Club, was a decided success from every point of view. The program consisted of old-time melodies, solos, quartettes, choruses and readings, and every number received a future of applause. The jokes, though somewhat of a personal nature, were exceedingly witty and kept the audience convulsed with laughter. The comical costumes were well gotten up and gave a brilliant touch.

Those taking part were Mrs. W. A. Comstock, Mrs. M. Oulton, Mrs. S. Fisher, Mrs. H. Wollaver, Miss M. Lawrence, Miss J. Burgess, F. Lake, H. Mitchener, W. Pulsifer, I. Pulsifer, F. Kennedy, H. Rolph, R. Boehner, J. Folker, N. Forsyth, G. Smith. Mrs. Comstock, as "Popsy", made a great hit in her song and dance, as did also Mrs. Oulton in her solo.

Two numbers deserving special mention were a male quartette—H. Mitchener, F. Lake, W. Pulsifer and J. Folker; and a trio by Messrs. R. Boehner, N. Forsyth and H. Rolph, with ukulele accompaniment played by Mr. Boehner. A. L. G. Phillips gave a Scottish song and dance at the close. Mrs. Pope and Miss Pearl Dickson were the accompanists for the evening. The proceeds amounted to over \$120, which will be used to meet the debt on the courts.

GOOD HOUSEKEEPERS IN HANTSPORT

To "The Acadian".

Dear Editor, I wish to thank you for the above named paper.

I will certainly enjoy reading the Hantsport news this coming winter when shut in, due to little travel in the rainy season, though our precipitation was very light the past season. I'm glad you enclosed sub. blank, which enabled me to know the price of paper to U. S. A.

You may hear from me occasionally, when I think of anything that may prove interesting to "the old folks at home". My brother Ben informs me that he could not have been better pleased with his Hantsport bride, Mrs. Masters, if he had gone back and picked her out, and while I've never met her I'm constrained to believe that my old home town can beat the world for good housekeeping women. Will you kindly tell them so for me?

Yours very sincerely,

G. A. Frost.

DIARY OF MARGARET D. MICHENER

(Continued from last issue)

Oct. 12th, 1849. This has been a lovely afternoon, the wind has come to the welcome point of West, to bring the wanderers home. Ann and I sewed on the trousers today and this evening she has gone to Olivia's.

I hear the cold breeze blowing
And I am snug at home,
But where is Simeon going,
This night where does he roam?
Across the Atlantic Ocean
I hope he'll safely steer;
And now I have a notion
He'll go no more this year.

13th. This has been a beautiful day. I have been very busy. I finished Father's trousers and sent Ezra home with them at dark; as he was afraid to come home alone Ann came with him. Abigail Holmes came in for the evening. The noisy children are asleep at last. I hope our scuffling friends are as comfortable as we are at present.

14th. Sunday evening. I am again seated at my table surrounded with books. The children are asleep. This morning I went over to see Lucy Davidson; she was sitting up in bed looking bad enough. She told me she was in constant pain from a tumor in her side. She sees no prospect of ever being better. When she looks upon her children and thinks of leaving them, it seems hard indeed. I then went over to see Hannah Faulkner. She has a fine boy a week old. She looks quite motherly.

This afternoon just as my scholars had gone home, brother Robert came and stayed till meeting time. The chief thing I will be glad of when Mary gets home will be that I will then be at liberty to attend all the meetings. I feel it a loss to stay away.

15th. This morning I took the children and went up to Mother's. We arrived at nine o'clock and found them all employed at their work. We enjoyed the visit very much. After tea we had a sing, which gave great pleasure to the children. We returned at eight o'clock, accompanied by the boys and Ann. Robert is to stay all night.

16th. I washed this morning, and have been busy all the afternoon. Just dark the mail passed by, so Ezra and Michael went to the office; they soon came back each with a letter. I opened mine and found it was from Hibbard and Mary. They sent some money and the welcome news that they were ready to leave for home. Just as I had read it Abigail came in so I read it to her, and then we went to Emily Ann's to exchange the news. Her letter was from George and Mercy Holmes; they were all well and were coming to Halifax. As I started back home I met Mrs. Manson, then Father too came along and we stopped to talk over the news. Mrs. Huntly called at Emily Ann's to see if the letter was from Asa. Mrs. Manson and William came in and spent the evening with me. I hope to hear from Simeon by next mail.

17th. This evening Mr. and Mrs. Hines and Miss Marchant have been here. Abraham has been telling about the reptiles in Virginia and other stories of his adventures. The prayer meetings have begun. I have been writing to Mary and Hibbard to St.

John. The "Orient", "Orbit", and Catherine" came in today, the last named has hailed up.

18th. This is a windy, squally day. I took my letter this morning over to Mr. Faulkner to send to Windsor for him. Coming back I met Mrs. Kendal with some strawberry plants Mr. Michener had got out of Mr. Hacker's garden. Rob, John, Ann, and David Huntly have been here this evening. Many were made glad today by the return of husbands and friends. The "America" and "Wanderer" came in. Mrs. Beckwith sent me a cluster of grapes—Capt. Beckwith having brought some home. Ann got some that Joe brought. I hailed Sam Marsters as I was passing. He just returned from Boston, having been out in the "Clarence" to Glasgow.

SUDDEN DEATH OF S. M. BROOKFIELD

S. M. Brookfield, president of S. M. Brookfield, Limited, and one of the oldest and best known business men in the Maritime Provinces, died at his home at Halifax early Saturday morning. Mr. Brookfield's death followed a short illness with which he was stricken while visiting his only son, J. W. Brookfield, at Seabright, on Monday. He was brought to the city and immediately placed under medical care, but despite all efforts of the attending physicians, his condition grew steadily worse until death occurred.

S. M. Brookfield was president of the Canada Savings and Loan Company, and president of the Maritime Telegraph and Telephone Company. He was a director of the Eastern Trust Company, and a director of the Canadian Northern Power Company.

Mr. Brookfield was born in Yorkshire, England, November 29, 1847, and was a son of John Brookfield, C.E., and Mary (Storrs) Brookfield. He came to Canada in 1852.

TRANSPLANTING OF SHINBONE TO SPINE PROVED SUCCESS

TORONTO, Aug. 23.—With an inch of shinbone transplanted to his spine, Normal Bell, professional golfer, formerly with the Thornhill Golf and Country Club, is walking about the streets, seemingly in perfect health, and is giving golf lessons to friends who are seeking his instructions. The operation which Mr. Bell underwent in the Toronto General Hospital last winter, was performed by Dr. W. E. Gallie and is similar to the operation at John Hopkins Hospital, Baltimore, described recently as a most remarkable piece of surgery.

Mr. Bell was taken ill in the spring of 1923 and was compelled to take to his bed. His condition was diagnosed as a serious spinal condition and it was said it was doubtful if he would recover.

He underwent the operation early in January, remaining in the hospital for six weeks and then returning to his home.

Recently Mr. Bell was permitted to follow his profession.

DAVIS CONDEMNS KU KLUX

The Democratic Candidate for the Presidency Makes Explicit Declaration

SEAGIRT, N. J., Aug. 23.—The Ku Klux Klan was denounced by name here yesterday by John W. Davis, the Democratic presidential candidate, in a fighting address to the Democracy of New Jersey Mr. Davis condemned that or any other organization raising the standard of racial and religious prejudice. Then he called upon President Coolidge, as the standard bearer of the Republican party, to join him by "some explicit declaration" in entirely removing this topic "from the field of political debate".

Apparently few in the audience looked for such a declaration. When the nominee, with out-thrust jaw and vigorous gesture, first named the Klan there was a hush. But it was only for an instant. Cheers broke from the thousands gathered on the Camp Silver parade grounds, and hats, handkerchiefs, and pennants were waved enthusiastically.

"Whenever any organization," said Mr. Davis, "no matter what it chooses to be called, whether Ku Klux Klan or by any other name, raises the standard of racial and religious belief as a test of fitness for public office, it does violence to the spirit of American institutions and must be condemned by all who believe as I do in American ideals."

CANADIAN CHEESE AND FRUIT AT THE WEMBLEY SHOW

LONDON, Aug. 23.—It is learned here that a Canadian dry milk dealer at the Empire Exhibition at Wembley sold his output for the next five years to a British firm. The output is valued at \$800,000.

Canadian cheese found a splendid market throughout the exhibition. Eight thousand pounds of cheese was bought weekly by the caterers at Wembley, who also introduce it at all their London cafes.

The Canadian fruit display brought orders for more than a million boxes of assorted fruit. Eighty per cent of the Canadian exhibitors are delighted that they came to Wembley.

There were two Browns in the village, both fishermen. One lost his wife and the other lost his boat about the same time.

The vicar's wife called, as she supposed, on the widower, but really upon the Brown whose boat had gone down.

"I am sorry to hear of your great loss," she said.

"Oh, it ain't much matter," was the reply. "She wasn't up to much."

"Indeed!" said the surprised lady.

"Yes," continued Brown, "she was a rickety old thing. I offered her to my mate but he wouldn't have her. I've had my eye on another for some time."

And then the outraged woman fled.—Edinburgh Scotsman.
