CANADIAN LEGATION

No. 653

WASHINGTON, October 5, 1942.

SIR,

I have the honour, on the instructions of my Government, to refer to the exchange of Notes of November 10, 1941, whereby the Government of the United States of America agreed to a temporary raising of the levels of Lake St. Francis during low water periods for the reasons and subject to the conditions and limitations set forth in the Notes.

The circumstances which led the Government of the United States to agree to the temporary raising of the levels of Lake St. Francis have continued and, in view of the importance to both Canada and the United States of America of the conservation of the power supply in this area, the Canadian Government proposes that the arrangements set forth in the exchange of Notes should be continued until October 1, 1943. The arrangements as continued would, of course, be subject to all of the conditions and limitations as contained in the exchange of Notes of November 10, 1941.

Accept, Sir, the renewed assurance of my highest consideration.

LEIGHTON McCARTHY.
