31ST YEAR

ALDERMEN POUR VOLLEYS INTO WORKS DEPARTMENT

Charges Made That Management of Waterworks Has Been Long Record of Costly Blunders—Council to Approve Experts Named—Choose Roadway Plan at Sunnyside.

What City Council Did.

By a vote of 12 to 7 decided that hereafter council meetings commence at 2 p.m. instead of 3 p.m. By 16 to 7 decided in favor of an 80-foot northern roadway at Sunnyside with a subway at Keele-street.

The board of control was instructed to nominate three experts on the water question for appointment by council.

A motion by Ald. McMurrich favoring placing \$500,000 of the city's street railway revenue annually to the credit of a sinking fund for the purchase of the street railway at the expiration of the franchise was referred to the board of control.

A motion by Ald. McMurrich to have the city engineer investigate the securing of an additional supply of water by an artesian well system or by drawing it from Lake Simcoe was referred to the board of control to be dealt with by the experts it is proposed to secure.

A motion from the board of education to have the city council bring the matter of the charges made against Chairman L. S. Levee before the county judge was referred to the board of control.

That portion of the report of the city engineer referring to the laying of a duplicate intake was struck out. The report of the special committee on tubes was sent back for further consideration.

The foregoing was in substance the business transacted by the city council at yesterday's session, which was prolonged until shortly after 10 o'clock with a short intermission for lunch.

The water situation came in for considerable discussion and the works department was subjected to some sharp criticism. The subject was introduced by the motion from the board of control for power to engage a board of three experts to make a report on the present and future supply.

Ald. McCarthy declared the history of the waterworks system from its inception to be a history of unfortunate blunders which had called for great expenditures and a toll of lives. He criticized the action of the government in making the new western cut, which he held responsible for the drifting of sand and sewage to the entrance of the intake. What was wanted was not so much a board of experts as some honest work and careful thought by the council.

He was opposed to the proposition of Ald. McMurrich to take the water of Lake Simcoe to the city, as the water there had been found by experts to be less pure than that coming from the present source.

This brought a contradiction from Ald. McMurrich, and Ald. McCarthy retorted that he had the report of an expert that the water in Lake Simcoe was at one time last summer more impure than the present supply.

Long Story of Neglect. Controller Church also scored the waterworks department for alleged negligence, referring to the fact that the reservoir had been left so many years without cleaning as an example. He also expressed the opinion that the intake had not been examined in 25 years.

"There has been an annual inspection of the intake," said the mayor. "I don't believe there has been an inspection of the intake in 25 years," repeated the controller. "I think it was neglected like the reservoir. It is absurd to recommend the laying of a duplicate intake which will be subject to practically the same conditions as the present one. I am in favor of getting experts and think we can get competent men without going out of Canada for them."

Ald. Maguire said the indignation which the people had felt against the Toronto Railway Company would not be a circumstance to their feelings if the water supply was not soon made more satisfactory. He took it that the resolution was intended as a vote of censure on the waterworks department. If so it should result in further action. He thought it an evidence that the department big enough to deal with the question. The experts, if appointed, should be selected entirely independent of the engineering department. They should have a competent department and not be obliged to look for experts when confronted with difficulties.

Incompetent Assistants. Ald. Dunn favored the resolution, and so also did Ald. Yeomans. The latter, however, took occasion to criticize the delay in getting the work of extending the intake completed.

Controller Hocken took exception to the conduct of the department. He did not think the trouble lay with Engineer Rust, but thought he had an incompetent man in his department. He thought that the trouble with Mr. Rust was that he was slow to recognize the

WRECK ON INTERCOLONIAL

Whole Train of Fifteen Cars Left the Track.

PICTOU, N.S., Feb. 20.—The afternoon Intercolonial Railway train from Pictou to Oxford Junction met with a serious mishap to-day. Near Munro's Slings, two and a half miles this side of River John, something caused the whole train of fifteen cars to leave the track, the engine alone remaining on the rails. Fifteen of the cars were freight, and there were two passenger coaches. One was hurt, although the passenger cars are in rather bad shape. The freight cars are badly wrecked, many of them being laden with perishable food products from Prince Edward Island. The mishap will not be cleared for a day or two.

DAUGHTER MAY DIE ALSO.

CHATHAM, Feb. 20.—The second fatality as a result of escaping gas fumes in the residence of D. A. Hutchison came this morning, when Mrs. Hutchison passed away in the hospital. She never regained consciousness after being found in the back of the hand by a chicken. Her husband was previously reported as dead when found in the house. The daughter is still unconscious and cannot be aroused. It is thought that she will die.

WINDSOR ONT. FROM A CHICKEN.

WINDSOR, Ont., Feb. 20.—Jackson, a Grand Trunk freight conductor, was perched in the back of the hand by a chicken a few days ago and blood poisoning set in. It was feared that lockjaw would result, but this has been averted.

NO RECIPROACITY FOR MANITOBA

Provincial Government Comes Out Strongly Against Agreement—Bartering Away Our National Liberty.

WINNIPEG, Feb. 20.—The Manitoba Government came out flatfooted against the reciprocity treaty in the legislature to-night and advocated in its place imperial preference and the free extension of trade within the empire.

Hon. Robert Rogers moved the amendment to the resolution of the opposition leader, T. C. Norris, favoring the present agreement, and asking for its immediate adoption, and the minister of public works went on record in uncompromising hostility to it, with apparently the solid support of the government bench behind him.

Mr. Norris claimed that there was no need to be frightened at the idea of free trade. The Canadian railroads could compete with the Great Northern and if to do this they had to reduce their rates, so much the better for the farmer. As for annexation, it was more logical to think that Canada would annex the United States.

Mr. Rogers, in moving the government amendment, declared that the bonds of empire should be strengthened. They should follow along the lines of development of the past forty years, and build up inter-provincial trade.

"We are bartering away our national liberty and financial freedom," he said. Before the adjournment of the debate, Premier Roblin was drawn into the discussion. "We stand," he declared, "for a greater Canada and we resist the encroachment of President Taft. The Liberals want to destroy what has taken 45 years to build up."

OPPOSITION FROM MICHIGAN.

DETROIT, Mich., Feb. 20.—A petition opposing the resolution said to have been signed by 50,000 farmers and business men through Michigan, was forwarded to Washington to-day by G. H. Stocum, publisher of The Gleason, a fraternal newspaper. It is asserted that the signatures on the petition were secured by a 24-hour canvass of the state.

Aldrich Lined Up.

WASHINGTON, Feb. 20.—Senator Aldrich, chairman of the finance committee of the senate, has written to President Taft that he favors the confirmation of the Canadian reciprocity agreement. Whether the senate will resist the encroachment of President Taft, the Rhode Island senator will do all he can to aid the president in carrying his program to success.

To Avoid General Revision.

PHILADELPHIA, Feb. 20.—The passage of the Canadian reciprocity bill by the U. S. Senate is favored in a resolution adopted by the board of trade here to-day. In order, the resolution states, "to avert any broader or more general revision of the tariff."

HON. MR. PATERSON SERENE

He Doesn't See Why Anybody Should Oppose Reciprocity.

"I presume the reciprocity question will not be made an election matter. The next general election may not take place for two years."

This statement was made by Hon. William Paterson in an interview with The World last night.

Mr. Paterson arrived in Toronto yesterday from Brantford, where he attended a private business meeting, and will leave this morning for Ottawa. The minister of customs appeared reticent and expressed the most utter ignorance of the grounds upon which so many have placed themselves on record as opposed to the measure.

"I heard something of a big meeting here in Toronto the other night, where they didn't seem to entirely agree with the new tariff arrangement," he remarked. "What was their objection?" "What do you think of Champ Clark's speech, in which he predicted annexation?"

This brought the reply: "I remember seeing something about that, but I didn't read the speech."

When the question of a probable impairment to the British preference was introduced, however, Mr. Paterson felt free to give an opinion.

"Reciprocity would in no way interfere with our British trade, but should stimulate it with a British, an American and a home market. Three markets are more advantageous to trade than two."

Mr. Paterson hinted that if reciprocity was not a benefit to Canada, "nothing will prevent us from making another arrangement."

MURRAY'S DEATH ACCIDENTAL.

Accidental death was the verdict returned by the jury enquiring into the death of Dennis Murray, a fireman in the Gurney Foundry Co.'s engine room, who lost his life on Feb. 17 by getting entangled in a fly wheel. Some protection around fly wheels was recommended.

Blind Deaf From a Chicken.

WINDSOR, Ont., Feb. 20.—Jackson, a Grand Trunk freight conductor, was perched in the back of the hand by a chicken a few days ago and blood poisoning set in. It was feared that lockjaw would result, but this has been averted.

Little Willie Gets Caught Out in the Wet.

TAKES THE QUESTION OUT OF CITY'S HANDS

Bill Before Quebec House Permits Utilities Commission To Make Bargain With Mont. Ry.

QUEBEC, Feb. 20.—(Special.)—A surprise was presented to the legislature to-day when a bill was introduced providing for the amalgamation of the Montreal Street Railway and three suburban lines the company now controls.

This, however, is the least important feature of the bill. The Montreal Street Railway has been negotiating with the city lately for an extension of its franchise, but up to the present very little progress has been made.

To avoid the possibility of failure to reach an agreement the bill provides that if at the end of a limited time, which is placed at four or five weeks, the city and company have been unable to come to an agreement, the entire matter of a new franchise for the city and its suburbs is to be placed in the hands of the Quebec Public Utilities Commission, with power to make a contract with the company in the city's behalf. The decision of the commission on all matters pertaining to the contract is to be final.

In bringing about the amalgamation of the four companies it is provided in the bill that the public utilities commission shall have the right to fix the terms, so as to prevent the watering of stock. Furthermore, two of the suburban companies are under federal charters, and it is provided that these shall be given up and the companies placed under control of the commission.

The Montreal Street Railway Co. was recently acquired by new interests, and these are desirous of securing a long-term franchise for the four companies concerned and placing the stock on the British market. To this end they are prepared to give up the contracts already existing, some of which have forty years yet to run. The feature of the bill taking the matter out of the hands of the city council is apt to lead to a hot fight.

It was learned last night that the C.P.R. operators intend holding a special meeting to consider pleading sympathy both in sympathy and financial aid.

Rumor also has it that nearly all the men in Montreal have been reinstated, and that Assistant General Manager Michael is now in that city concerning the matter.

DECINES TO INQUIRE

Asquith Will Not Ask Ambassador to Verify Report of Clark's Speech.

(Canadian Associated Press Cable.) LONDON, Feb. 20.—In the house of commons to-day, J. F. Remnant, M.P., asked Premier Asquith if he would give the ambassador at Washington instructions to enquire whether Champ Clark stated that the British government would willingly and joyfully assent to Canada becoming part of the republic.

Mr. Asquith replied: "I do not consider it necessary to give fictitious importance to the statement by sending an official report to the United States Congress."

"Does the premier consider the statement made by the leader of a great party a fictitious statement?"

Mr. Remnant: "What I said was: 'I did not consider it necessary to give fictitious importance to the statement.' The premier said it was an alleged statement."

Mr. Asquith: "I am quite ready to believe it, but have no official knowledge of it."

The speaker: "I think we have had enough of this." (Ministerial cheer.)

"THE GIRL IN THE TRAIN."

A mammoth musical production with a hundred people in the cast and with the inimitable comedian, Frank Daniels as the star, is "The Girl in the Train," which will be the attraction at the Princess the last three nights of this week, with a Saturday matinee. This musical play is one of the season's big successes.

"SOAKED" HIS SUGAR

Little Willie Gets Caught Out in the Wet.

A Step Down.

An Ohio subscriber, an old Canadian, writes: "I am very glad to see your paper fighting the Canadian hand-out called reciprocity. Already the millers in this state are talking about grinding Canadian wheat and selling the flour in Canada. This so-called reciprocity looks to me like a decided step-down for Canada on the rise of her national recognition before all the world."

G. N. W. MEN IN EARNEST

Will Fight Issue to Last Ditch—C.P.R. Operators Sympathetic.

A committee composed of Jos. Manning, Montreal; M. J. O'Neill, Ottawa, and C. A. Godwin, Toronto, representing the discharged operators, will hear the cases of dissatisfied G.N.W. employees to-day. President S. J. Koenigkamp of the International Telegraph Operators' Union, in speaking to The World last night, said:

"It is our intention to see this thing thru, and that the claims of the men are given some consideration. If it is a good number in the States, that all the support necessary will be forthcoming."

It was learned last night that the C.P.R. operators intend holding a special meeting to consider pleading sympathy both in sympathy and financial aid.

Rumor also has it that nearly all the men in Montreal have been reinstated, and that Assistant General Manager Michael is now in that city concerning the matter.

WOULD PRAY FOR AVIATORS

Movement to Have Church of England Litany Altered.

LONDON, Feb. 20.—(Special.)—There is a serious movement on foot to alter the words "by air" to the prayer in the Church of England Litany: "That it may please Thee to preserve all that travel by land or water."

The suggestion originated with the Rev. Charles de Havilland, a Hampshire rectar and father of Mr. de Havilland's aviator, and now the matter has been taken up by Archdeacon Sinclair.

"I think," said the archdeacon, "that in view of the great advances in aviation and the risks run by those engaged therein, it would undoubtedly be an excellent thing if opportunity were afforded in the litany to offer prayers for the safety of flying men."

Men's Hats.

To buy a good hat is to purchase one with the name of a big maker on the inside band. That is your guarantee that the style is right and that the quality is the best that can be secured. The Dinesen Company is sole Canadian agents for Henry Heath of London, England, and Dunlap of New York. These are the two largest makers of hats in the world.

HUGHES CHARLES MAY GIVE EVIDENCE TO-DAY

J. R. Stratton, M. P., Issues the Explanatory Statement—Authorities Confer With Travers.

J. R. Stratton, M.P., who is to appear with J. J. Warren, the provisional directors of the bank, and others, upon a charge of conspiracy to obtain the certificate of the treasury board when Travers resumes his evidence upon the stand this morning, has issued a statement, which was also printed in the Peterboro papers of yesterday. It contains an outline of the probable evidence of Hughes Charles of Montreal, who is expected to be a witness, and a charge of conspiracy to obtain the certificate of the treasury board when Travers resumes his evidence upon the stand this morning, has issued a statement, which was also printed in the Peterboro papers of yesterday. It contains an outline of the probable evidence of Hughes Charles of Montreal, who is expected to be a witness, and a charge of conspiracy to obtain the certificate of the treasury board when Travers resumes his evidence upon the stand this morning, has issued a statement, which was also printed in the Peterboro papers of yesterday. YORK COUNTY MET LAST NIGHT

Talked Over Many Matters of Interest—Recommend on the Sewage Bylaw. NORTH TORONTO, Feb. 20.—(Special.)—A meeting of the parallel roads and finance committee was held here to-night.

Another question the committee talked about before they adjourned was the suggested changes in the legislation with regard to changing of the dates of municipal elections to an early date in December. Nearly all the committee, with the exception of Councillor Lawrence, opposed this innovation as unbecoming for Mr. Lawrence thought the movement would be a good one, as practically every thing would be cleared up before the Christmas rush came on.

CHIEF OF POLICE. The chief of police, Mr. J. G. Newson, was present at the meeting and reported on the progress of the parallel roads and finance committee.

WEST TORONTO. The West Toronto Citizens' Band had a fine practice in the town hall to-night. The funeral of the late Mr. Sewell took place this afternoon.

ROAD COMMISSIONER. The Road Commissioner, Mr. W. A. Clarke, is expected to return to Toronto from his recent visit to the United States.

WEST TORONTO. The West Toronto Citizens' Band had a fine practice in the town hall to-night. The funeral of the late Mr. Sewell took place this afternoon.

ROAD COMMISSIONER. The Road Commissioner, Mr. W. A. Clarke, is expected to return to Toronto from his recent visit to the United States.

WEST TORONTO. The West Toronto Citizens' Band had a fine practice in the town hall to-night. The funeral of the late Mr. Sewell took place this afternoon.

HYDRO TO RETAIN CONTROL

Continued From Page 1. The bill to stand, pending consultation with the hydro engineers. His action of yesterday in absolutely withdrawing the bill, indicates that the proposed change was not a popular one.

NEW VETERINARY COLLEGE

An item of \$25,000 towards land and building of a new Ontario Veterinary College was challenged and Hon. James Duff, minister of agriculture, explained that the present building on Temperance-street had been rented from the late Andrew Smith.

EDDY'S MATCHES

visit the premises would come away perfectly satisfied. Valentine Stick (Liberal, S. South) agreed that it was a very pretty site, but too small, and he thought a better location could have been found in the northern part of Queen's Park.

WEST TORONTO. The West Toronto Citizens' Band had a fine practice in the town hall to-night. The funeral of the late Mr. Sewell took place this afternoon.

U. S. NAVAL ESTIMATES. The U. S. Navy estimates for the fiscal year 1911-12 are expected to be published in the near future.

CONSERVING THE OTTAWA. The dam at the foot of Lake Timiskaming has already been completed, and will control 27,878,400,000 cubic feet of water, and the dam at Kippewa is now under construction.

Hockey C.C. Orillia 9

Note and Comment

As William Hendrie pointed out at the Sportsmen's dinner in New York...

The principal racing meetings this season across the line will be held at Belmont Park and Saratoga.

While the entries for the Metropolitan Handicap, the first of the valuable winter races of the year, have not been written, men in close touch with the racing world say that the race will be open for nominations.

It is known that as a result of the sportsmen's dinner, which was held last week, many men are working to secure a fund which may be used by any association which shows the same purpose.

It is officially announced that the Ontario Lacrosse Association has been organized in opposition to the C.L.A.

According to Hugh D. McIntosh, the Australian night promoter, British money will be used to help the London to-night promoter.

The revised American College football rules have met with the approval of President A. Lawrence Lowell of Harvard University.

Hamilton Rugby Receipts \$12,810 Balance Only \$500

HAMILTON, Feb. 20.—The annual meeting of the football section of the Hamilton Amateur Athletic Association...

PRESTON WINS THE ROUND. PRESTON, Feb. 20.—Preston defeated Stratford in the first of the home-and-home games in the Junior O.H.A. round ends 15 to 5 in Preston's favor.

TONY EVANS, the star center man of the Ontario Parkdale O.H.A. team, will not be able to play against Argonauts on Wednesday night.

THE MET'S NEXT BOUT. Unless the dope goes wrong, the three bouts for the Met's next show will be held on Friday night.

TORONTO CRIBbage League. Sons of England A team defeated Toronto Argonauts by 25 to 15 in a Toronto Cribbage game last night.

DUNFIELD & CO. Furnishings for Men 102-104 Yonge St.—22 King St. W.

T.O.C. DEFEAT ORILLIA BUT LOSE THE ROUND

One of the Best Junior Games of the Season on Good Ice Before a Fairly Large Crowd.

Toronto Canoe Club defeated Orillia Juniors last night at Mutual-street by 9 to 5, but lost the third round in the Junior O.H.A. by 15 to 12.

The game was a score of those really classy junior contests that have been played this year.

The game was on hand, and the ice was in grand shape. It was early seen that the 10-4-3 score made in Orillia was a record for the season.

Orillia scored the first goal of the game last night almost from the break and it was not until after 15 minutes of the hardest kind of battling that the puckers were able to score.

C.C. had the puck constantly around the visitors' goal, but could not find the net.

Both teams present a very classy aggregation of junior hockey players, who put up a grand old game.

Orillia (5)—Goal, Corbould; point, Cook; cover, McNamee; rover, McGee; left, George; right, Stewart.

Waterloo (3)—Goal, Jones; point, McNamee; cover, Howard; rover, Deane; left, George; right, Stewart.

STIRLING, Feb. 20.—Marmor and Stirling played the first of the home series to break a tie in the Trent Hills League at this town to-night.

STIRLING (4)—Goal, Gair; point, Gair; cover, Gair; rover, Gair; left, Gair; right, Gair.

BRANTFORD (3)—Goal, Cross; point, Chariton; cover, Handford; rover, Deloraine; left, Dumas; right, McDonald; left, Stalker.

STIRLING (4)—Goal, Inkster; point, Gladney; cover, Dafores; rover, Gien; left, Jones; right, McWilliams; right, Naylor.

Parkdale Gun Club. At the Saturday shoot of the Parkdale Gun Club, Pickering captured the handsome bronze dog with 49 out of 50.

Hotel Krusenmann, King and Church Sts. Lunches and German port with music, open till 12 p.m. Imported German Beers on draught.

Hockey RESULTS

New Lacrosse League To Be Formed, How Long Will It Last?

The formation of the new Ontario Amateur Lacrosse Association, composed of dissatisfied members of the C.L.A., has been the topic of discussion among lacrosse followers.

These gentlemen are calling a meeting of lacrosse club, as they feel the new association and they all have grievances.

Brantford protested Owen Sound and London at the Young Toronto meeting, which was held at the Mann Cup episode.

T. J. Mackle of Brantford moved the following motion re Mann Cup, seconded by J. J. Kelly of Brantford.

COBOURG BONSIP TO-DAY. COBOURG, Feb. 20.—The Cobourg Bonsip opens to-morrow at 3 p.m. with six sheets of excellent ice available.

ERIE MENARY, the main man of the Toronto N.G.L. team, who last year so successfully coached the University, has again been asked to look after the team.

GOING TO LANG-WILDFONG FIGHT. Over 500 Torontonians are expected to journey to Hamilton next Monday night to see the Lang and Wildfong round fight.

EMMETT TWO-MAN LEAGUE. In the Emmett Two-Man League, at the T. B. C. yesterday afternoon, the Lucky Dogs won the odd game from Picklers.

CITY TWO-MAN LEAGUE. The College pair won three from the Dominions in a City Two-Man League game yesterday on the latter's drive.

ROSEDALE TWO-MAN LEAGUE. In the Rosedale I.O.O.F. Two-Man League, yesterday afternoon, the Yellow Roses won three from Red Roses.

UNITED STATES CURLERS BEAT MONTREAL 49-137

BOSTON, Feb. 20.—The international curling championship and the Gordon Mead were won by the United States to-day, when the Canadian team was defeated by the total score of 49 to 137.

HILLIARD LANG vs WILDFONG OF BERLIN

Monday, Feb. 27. Reserved seats \$1.00 and \$1.50. Can be obtained at Toronto Bowling Club, 11 Temperance Street.

Excursion Train will leave Union Station 6.30 p.m., returning after the fight. Reserve plan now open.

QUEEN CITY BEATEN AT BRANTFORD. The Queen City team, who were yesterday afternoon to Brantford for a friendly match, were defeated by the Excelsiors by five shots.

COBOURG BONSIP TO-DAY. COBOURG, Feb. 20.—The Cobourg Bonsip opens to-morrow at 3 p.m. with six sheets of excellent ice available.

T. B. C. TWO-MAN LEAGUE. In the T. B. C. Two-Man League yesterday afternoon, the Bankers won four out of five games from the Advertisers.

EMMETT TWO-MAN LEAGUE. In the Emmett Two-Man League, at the T. B. C. yesterday afternoon, the Lucky Dogs won the odd game from Picklers.

T. R. C. THREE-MAN LEAGUE. The Dominions and the Nationals split it up in the Rowing Club Three-Man League last night, winning two games each. The scores: Dominions—138 168 180 142—667; Nationals—129 112 112 214—667.

WILDFONG OF BERLIN. The Wildfong of Berlin is expected to arrive in Toronto on Monday night for the fight with Hilliard Lang.

ATHEANEUM TWO-MAN LEAGUE. In the Atheneum Two-Man League yesterday afternoon, the Ramblers won three from the Ramblers, while in a postponed game from the second series, the Ramblers won five straight games from the Atheneums.

BUSINESS MEN'S LEAGUE. At the Toronto Bowling Club last night, the Business Men's League series, after dropping the first game, was won by the Business Men's League.

PASTIME CLUB. The Pastime Club's weekly tournament resulted in the Tilley and Gallows winning one game each, while the winners of the night on edge, putting up one of the best Easterns of the season.

AMATEUR BOWLING. The executive committee of the Atheneum provincial tournament met yesterday afternoon at the Atheneum Club. Many good suggestions as to the best way of interesting all the bowlers were discussed.

Bowling Games To-Night

A.O.U.W.—Crystal v. Trinity II, Athenaeum A—Atkins' Colts v. Midnight Sons, Central—Grip Ltd. v. Centrals, etc.

ABERDEENS WIN 3 GAMES IN ATHENAEUM A LEAGUE

College Are the Victims—Scores in the Various Bowling Leagues—Sidelights.

The Aberdeens, without their leader, Billy McMillan, won all three games from the College team in the Atheneum A League last night.

THE CONSOLIDATED OPTICAL CO. won the bunch from the Photo Eng. Limited. Losses were high men, with 522.

THE DUCHESSES and Baldwin's clashed in the Apple League at the Toronto Bowling Club last night, with the latter getting the decision by winning the odd game.

TUESDAY MORNING, FEB. 21, 1911.

OUR WATER SYSTEM.

Citizens who can afford it will probably follow the example of a downtown firm and sink an artesian well on their own premises. To rely on the waterworks seems scarcely prudent, and yet that is what must be done. At least there is no danger of a water famine. The supply from the lagoon is ample, and with chlorination and boiling there need be no danger to the health of prudent citizens.

We do not look for a remedy in the same direction as our amiable contemporary which has made the water situation its own by force of assertion if not by authority of fact. We have no fault to find with The Telegram for its earnestness, and if it does assume infallibility the differences among the doctors almost warrant such a bid for popular recognition.

Probably if the only plan to stick to the present method of obtaining water from the lake The Telegram has much to justify its confidence. In an interesting little sketch of the history of the water system The Telegram recalls the time in 1843 when private enterprise established a plant at the foot of Peter-street. The water was then drawn from the sparkling waters of Toronto Bay. When the bay ceased to sparkle the pipe was extended to Blockhouse Bay and finally to the lake. It was almost an accident therefore that the intake rests where it does. We are not concerned to defend the accident.

In 1842 there was a good deal of opinion in favor of drawing the water supply from Scarborough Heights. Had that plan been adopted we would not now be troubled with impure water, extended intake and filtration problems, nor any of the other water difficulties we are now facing. If there be anything about the lake more certain than another it is the existence of an east to west current in the lake in Toronto waters and vicinity. A lake tragedy of twenty years ago at Port Union proved this when one of the bodies was found at Balmly Beach and another in Humber Bay. The efflux of our new sewage plant will be carried down to the present intake. The flow from Dufferin-street and Garrison Creek sewer goes westward, and the waters of the Humber and Credit in flood are found flowing west.

If any more intake building is to be done we believe that the present site should be omitted from the calculations. Experts can be had who will recommend anything the local authorities want to have recommended. But this will not help matters.

If we followed old country practice we would adopt a gravitation system, going thirty or fifty miles if necessary for pure water.

It is idle to point to Toledo or Cleveland, for Lake Erie is an entirely different body of water from Lake Ontario. Nor is Chicago a parallel with the sewage flowing out of the lake instead of into it.

We still believe that big enough men, free from the influences of local politics, could give us a proper system, but this means some form of business-like administration such as no Toronto newspaper but The World desires.

Meanwhile let us be thankful that the tunnel is not quite full of sand yet.

PUBLIC SENTIMENT AGAINST RECIPROCITY.

The World has been the recipient of sheaves of letters on the reciprocity situation from correspondents in all parts of the province, and practically unanimous against the proposed agreement. It is impossible to give space to all these, and they necessarily repeat in large measure the arguments and protests we have already published.

If correspondents would direct their letters, giving their names and addresses, to Sir Wilfrid Laurier at Ottawa, it would assist him to realize what the feeling of the country is.

TAFT AND RECIPROCITY.

President Taft is pursuing the precise policy with which he was credited by The World. He has intimated thru Congressman McCall, who in this is acting as his side-deck, that unless the senate reaches a vote on reciprocity during the remaining days of the present session, he will at once call an extra session of the new congress. This warning is accompanied by a hint that the Republicans will best consult the party interest by completing the agreement with Canada, rather than allow the Democratic majority the opportunity of raising the larger issue of general tariff reduction and broadening the measure accordingly. Along

with the warning comes the broad hint that if the president's wishes are met, he will be prepared to interpose his veto between the protectionist policy and its opponents. All which from a Republican point of view is good party business.

But what figure does the Canadian Government cut in this political manoeuvring? Unless Sir Wilfrid Laurier finds it convenient to assume otherwise, he cannot fail to see that his minister of finance and minister of customs have been inveigled into actively assisting President Taft to dish the Democrats by supplying him with a plausible excuse to veto a measure of tariff reduction carried thru congress in the interest of the people of the United States. The Dominion Government ought not to have been bumbled into this position, nor lent itself to Republican strategy. The Toronto Star imagines it makes a point by reducing the argument against reciprocity to the danger consequent upon a reduction in the United States tariff. But that is a transparent fallacy. The true point is that Canada had no need to abandon the policy that has proved so greatly to her advantage, merely to provide the Republican president of the United States with a reason for refusing assent to a tariff reduction which the Democrats are pledged to procure.

JAMMING IT THRU.

President Taft is bound to jam the reciprocity deal thru—because he made it.

Sir Wilfrid Laurier the same. Is it a crime that either Canadians or Americans should seek for time to consider it?

These two autocrats say, Yes. Well, is that government by the people for the people? Hardly.

AUTOMATICALLY FAIR TAX ASSESSMENTS.

Cleveland is represented to be the only city in the State of Ohio that in accordance with the state constitution assesses property at its full market value in money. The system which has enabled this to be accomplished originated with the passing of a law in 1869 providing for the quadrennial appraisal of real estate and superseding the old district appraisals by five official valuers. It also required that every proprietor be served, not only with a notice of his own appraisal, but also with that of his neighbors. The Cleveland board decided to carry out the constitutional law, and employed Mr. Somers, who has been connected with the New York board of commissioners, of Texas and gave him a chief engineer and an architect as assistants. An instructive account of the method of valuation then put in operation has been recently explained by Mr. Frederic C. Howe, a member of the board of assessors of real property for Cleveland.

The first step taken, he says, was to map out enough block lines in the central part of the business district. A notice was then sent to all property owners in the district to come before the board, and the first point considered was—where is the most valuable spot in the City of Cleveland? This was easily settled, and census takers were then appointed to count the men and women who passed by during certain hours as a method of confirming common opinion. By the aid of leases taken from the records, sales of property and the testimony of real estate men, the board finally fixed the point of highest values in Cleveland for land, without the improvements, at \$5500 a front foot, 100 feet deep, and this area being fixed as the unit of measurement and value. Other assessments on the other parts of the block were then made, and from this block the value radiated out to all the other districts of Cleveland.

Mr. Howe states the Somers system to be one under which all valuations are matters of relations and the relative values are supplied by the community, not by the assessors. They were fixed by the conflict of testimony, and the operation attracted general attention, followed closely as it was by the newspapers, by improvement associations, by groups of men and by individual citizens. One notable advantage claimed for the unit system is that it practically prevents fraud or favoritism in assessing since the unit values are determined without the knowledge of lot lines which were not printed on the maps used. The unit values were applied to individual lots by clerks secured from the Case School of Applied Science, Western Reserve University, and fixed rules and formulas were laid down in the case of irregular lots and lots of less or greater depth than 100 feet. Corner lots were dealt with on a ratio basis dependent on the unit values of the front and side streets. Mr. Howe states that the result of this scientific appraisal of Cleveland property has reduced the number of complaints to only one per cent., as against from 2 to 25 per cent. in other Ohio cities.

CHINESE FAMINE FUND.

The treasurer of the fund for the relief of the famine and flood sufferers in China, reports the following contributions received from the 16th to the 20th inst.:

Table listing names and contribution amounts for the famine fund, including entries like 'Provisionally acknowledged \$5722.18', 'E. Cameron, Toronto 1.00', 'M. J. Cayuga 2.00', etc.

ROYAL BAKING POWDER. Absolutely Pure. Makes Home Baking Easy. ROYAL COOK BOOK—800 RECIPES—FREE. Send Name and Address. ROYAL BAKING POWDER CO., NEW YORK.

CONSERVATIVE MEETINGS.

Candidate for North Wellington in the Federal House to Be Chosen Mar. 23. The annual banquet of the Liberal-Conservative Club of Cooksville, in the County of Peel, will be held on Friday evening, Feb. 24. Richard Blain, M.P., and Samuel Charters, M.L.A., and other speakers will be present. The annual meeting of the Liberal-Conservative Association for the north riding of Wellington, for the nomination of a federal candidate, which was postponed on Wednesday, Feb. 16, owing to the heavy snowstorm, will be held on Tuesday, March 28, at Arthur, Speaker, J. S. Carstairs. The medical health of the Liberal-Conservative Association of the County of Frontenac, will be held at the court house, Kingston, on Saturday, Feb. 25. Speakers: J. W. Thompson, J. S. Gallagher, M.L.A., W. J. Paul, M.L.A., and J. S. Carstairs. The St. Thomas street railway system. A member of the Ontario Government was asked by The World last night regarding the appointment of the St. Thomas despatch. He stated that he had not heard of the appointment.

PRICE OF POTATOES.

T. H. Cleghorn, commission merchant, 11 West Market-st., says that in his published remarks on the price of potatoes, there was an error. He was quoted as saying that he obtained from 20 cents to 25 cents per bushel for the potatoes, whereas this is the price he is paying for potatoes on the farm, to which is to be added freight and dealer's profit.

CHANCES OF SAFETY.

What are your chances of safety if you are five or six stories up, surrounded by smoke and flames, and no fire escape nearby? You are a dead one sure; but if you had a Davy Automatic Fire Escape attached to the window, you could lower yourself safely to the ground. The Davy lowers five persons per minute from a three-storey window. Gormley, Tilt & Co., 32 Adelaide-street east, agents for Canada.

WOULD ANNUL MARRIAGE.

Woman in Asylum and Husband in Central Prison. A morbid study of fallen humanity is being untangled in the non-jury courts before Justice Clute, where James J. Cairns, a notorious lumber merchant, is trying to annul the marriage of his daughter Annie, who is an inmate of the Queen's street asylum, to Max Birman, a Russian, who is confined in the Central Prison. The evidence of the father brought out the fact that the girl had been peckish as a child, often running away from home. Twice confined in the Industrial School for Girls, she escaped both times, and was always difficult to manage. Her marriage to the Russian took place on Oct. 31 last. The girl was in court in charge of an asylum attendant, and was without counsel. The case will proceed to-day.

GAS ENQUIRY ASSURED.

Company Informs Mayor of Willingness to Employ Probe. Mayor Geary attended a meeting of the board of directors of the Consumers' Gas Company yesterday and brought back information that the company is willing to have the investigation into the complaints of excessive bills proceeded with. This will be done as soon as Corporation Council Drayton has arranged with the federal government for an inspector to assist in the enquiry. The intention is to have representation by counsel of the city and gas company, the corporation and the representative of the complainants and the city.

BURGLARS UNSUCCESSFUL.

BROCKVILLE, Feb. 20.—(Special.)—Bold attempts were made to enter three places of business on Brockville's leading thoroughfares. The guilty party was aware of the movements of the night constable, who passed along the street examining doors less than five minutes before. After he had made the nightly examination of the doors the would-be intruder attempted to force them open with a jimmy or chisel. The efforts were unsuccessful.

MORTGAGE CORPORATION.

Every man and every woman has an individual idea of what constitutes beauty. Is beauty skin deep or does it depend on the glow which health alone can give? Is it due to regularity of feature or to the gracefulness and elasticity which accompany health and vigor? To win beauty you must first gain health. Rich, red blood is the secret. Dr. Chase's Nerve Food is successful and popular because it forms rich, red blood, and in this way gives gracefulness to every movement and a beautiful, natural glow to the complexion. Thin blood and weak nerves soon give one a tired, worn-out appearance. Worry and anxiety show themselves in wrinkles and care lines. Dr. Chase's Nerve Food enriches the blood, restores vigor to the nerves and drives away headaches and bodily pains. By filling the arteries with new, red blood Dr. Chase's Nerve Food restores the form to beautiful proportions, makes the muscles and tissues firm and strong, and gives vivacity to mind and body. Dr. A. Chase's Nerve Food, 20 cents a box. Sold for \$2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

MORE SIGNS INDICATE BREAK IN INTAKE PIPE.

Mouth Clear But Sand Keeps the Pumps Busy—Engineer Keating's Proposal.

That there has been a serious break in the intake pipe as intimated in The World yesterday, is now pretty generally believed by the city waterworks department, the mayor and others who have had the weight of the recent water trouble resting on their shoulders. There is too much ice around where the pipe is laid at present to make a thorough examination, but a diver has explored the region around the mouth of the intake and found everything all right. As soon as the ice clears away, a diver will be sent over the whole length of the pipe, and all probably will be known until then.

From the fact that the mouth of the intake is clear and that an 8-foot length of log has been taken from the pipe it is pointed out that there must be a break somewhere between the entrance and the point where it reaches the shore. The theory of Engineer Randall is that the huge hummocks of ice which have been forced down upon the pipe by the storm have either crushed it or that there has been a stone or some other sharp hard substance imbedded in the ice which has caused the damage. The fact that the sand is still pouring out of the centrifugal pumps while the entrance to the intake is clear is taken to justify the explanation of the cause of the trouble.

SUGGESTS WATER TOWER.

Deputy Engineer Fellows and Engineer Randall have been warmly commended for their untiring efforts to relieve the situation by E. H. Keating, former city engineer. He also suggests the erection of a water tower possibly at a point nearer the shore than the end of the intake so that water could be turned in there in case of emergency. The point at which it would have to be erected would have to be determined by a survey. He considers the crisis due to the elements and not to contingencies which have never existed before, and deprecates the action of some members of the council in trying to hold the department responsible for contingencies which could not be foreseen.

The tower which Mr. Keating suggests could be used as a lighthouse, to explode mines, and it would have to be strongly built. It could be provided with gates at different heights at which the water could be let in.

The medical health department is well pleased with the condition of the water as shown by tests made by Dr. Naasmit, city bacteriologist. The bacterial count per cubic centimetre does not exceed 10, and in some instances runs as low as 7.

STILL USING LAGOON.

Lagoon water is still being used, as the pumps taking the sand out of the intake are lifting a considerable volume of water as well, and the only way the city supply can be kept up is by using that coming from the lagoon. It is all treated with the chlorination process, and is more susceptible to the chlorine than that coming from the intake. The advice to boil the water before using still holds good, however.

ABUSE OF PATRONAGE.

OTTAWA, Feb. 20.—(Special.)—Members of parliament are considerably aroused over what is claimed to be a shameful abuse of patronage in connection with the selection of the officers for the Canadian coronation contingent. About thirty officers are to be chosen, and in Toronto and other places the local patronage committees are dealing with the matter and passing their recommendations on to the minister of militia. It is stated: "Instead of a fine body of men, chosen to represent Canada on their merits, being sent to the coronation, faithful friends of the government will be among the elect. Officers of inferior service and seniority will be placed, are being ignored."

MINISTER SILENCE.

LONDON, Feb. 20.—(C. A. P. Cable.)—The Sheffield Telegraph says: "The program of the coming conference is a warning to us. Canada's silence is most significant and sinister, and seems to point out that she is slipping away from us."

In Search of Beauty.

You Must First Win Health by Getting the Blood Rich and Red. DR. CHASE'S NERVE FOOD.

NERVE FOOD.

Every man and every woman has an individual idea of what constitutes beauty. Is beauty skin deep or does it depend on the glow which health alone can give? Is it due to regularity of feature or to the gracefulness and elasticity which accompany health and vigor? To win beauty you must first gain health. Rich, red blood is the secret. Dr. Chase's Nerve Food is successful and popular because it forms rich, red blood, and in this way gives gracefulness to every movement and a beautiful, natural glow to the complexion. Thin blood and weak nerves soon give one a tired, worn-out appearance. Worry and anxiety show themselves in wrinkles and care lines. Dr. Chase's Nerve Food enriches the blood, restores vigor to the nerves and drives away headaches and bodily pains. By filling the arteries with new, red blood Dr. Chase's Nerve Food restores the form to beautiful proportions, makes the muscles and tissues firm and strong, and gives vivacity to mind and body. Dr. A. Chase's Nerve Food, 20 cents a box. Sold for \$2.50, at all dealers, or Edmanson, Bates & Co., Toronto.

AT OSGOOD HALL ANNOUNCEMENTS.

Feb. 20, 1911. Judge's chambers will be held on Tuesday, 21st inst., at 10 a.m. Peremptory list for divisional court on Tuesday, 21st inst., at 11 a.m. 1. Doolittle v. Orilla. (to be continued). 2. Pierce v. Waldman. Geller v. Loughran. 4. Hall v. Shiel.

Master's Chambers. Before Cartwright, K.C. Master. London Loan and Savings Co. v. Josh.—J. G. Smith, for defendant. F. Aylesworth for plaintiff. Motion by defendant for an order for a commission to take evidence at Suez in Egypt. Reserved.

Ku Ash v. Timiskaming Mining Co. and Sentmak v. Timiskaming Mining Co.—G. H. Sedgewick for defendants. A. G. Slight (Halifax) for plaintiff. Motion by defendants in each case for particulars of negligence alleged in paragraphs 2 to 10, both inclusive of statements of claim or 19 state out same particulars having been given since motion launched and certain amendments agreed to, motions dismissed with costs to defendants in the cause.

Shuttleworth v. Worth.—A. T. Davidson for plaintiff. An ex parte motion by plaintiff for an order amending style of cause. Order made. Clark v. Bartram.—W. H. Walbridge for plaintiff. Motion by plaintiff for leave to issue a subpoena writ for service in Alberta. Order made. Re Manufacturers Insurance Co. and Short.—Mr. J. Goodenough for the company. Motion by the company for leave to pay \$238.70, being the shares of four infants, into court, and to be paid out to them in equal shares on or after attaining 21 years. Order made for payment in less company's costs fixed at \$20.

Judge's Chambers. Before Riddell, J. Molnar v. Queen.—R. T. Harding (Stratford) for defendant. F. Aylesworth for plaintiff. An appeal by defendant from the ruling of the senior taxing officer that defendant's costs of appeal be taxed in court, which he failed should be taxed to plaintiff on scale of high court and not on scale of divisional court, which would scale his costs of action being taxed. Reserved.

Critchley v. Moore.—R. T. Harding (Stratford) for plaintiff. M. C. Cameron for Foley Brothers, Larsen Co. An appeal by plaintiff from the order of the deputy judge at Stratford that plaintiff had not complied with the order that he give security for costs of action by pleading \$2000 of certain stock. Appeal dismissed with costs.

Single Court. Before Riddell, J. Benth v. Canadian Maladole.—E. G. Long for plaintiff. E. C. Wood for defendant. Motion by plaintiff for order continuing injunction. By consent of solicitors, charges for one week. Injunction continued meantime.

Horlick v. Eschweiler.—C. M. Harvey for plaintiff. Motion by plaintiff for judgment on a patent of an invention of certain new and useful improvements in suspenders, and from further use, manufacture or sale of the subject matter of said patent. By consent of counsel on defendant undertaking to keep an account motion enlarged to trial. Costs in cause unless trial judge otherwise orders.

Lovinsky v. Greenberg.—E. E. Wallace for plaintiff. Hy Gordon for defendant. Motion by plaintiff for an order authorizing receiver to sell lands of the subject of the motion. Order made.

Gordon, Mackay & Co.—Re Baldwin estate.—O. H. King, for Gordon, Mackay & Co. J. T. Small, K.C., for Baldwin estate. Motion by Gordon, Mackay & Co., assignees of lessee, for an order appointing an arbitrator to fix rent on premises owned by Baldwin, and to determine the amount of the rent. It is appearing that the Baldwin estate has appointed their arbitrator, motion enlarged sine die.

Re Solicitor—F. McCarthy for client. Re McKay, K.C., for solicitor. Motion by client for an order for attachment of solicitor for contempt in not complying with order for delivery of bill. At request of solicitor enlarged until March 2 next.

Smith v. Ransom.—T. Hislop for defendant. F. W. McCarthy for plaintiff. Motion by defendant for judgment on his counter claim for the sum of \$50 and to have same declared a charge on plaintiff's interest in land, and on payment by plaintiff of the costs of this motion and of noting the pleadings against plaintiff within three days after the date of this motion, motion dismissed and plaintiff let in to plead. In default of plaintiff, judgment on the counter claim for the sum of \$50. Re Weltz and Leitch.—B. Lang for purchaser. G. H. Kilmer, K.C. for vendor. Motion by purchaser, under the Vendors' and Purchasers' Act, for an order declaring the purchase of the subject of the motion, motion enlarged until 22nd inst.

Before Sutherland, J. Re National Trust Co. and Ewing v. Scammerville for vendor. C. Ross for vendee. An application by vendors for an order declaring that the objections made by the purchaser to the title are not valid objections and that vendors have a good marketable title. The objections were that the rear 23 feet of the lots had been sold for taxes by the Town of Toronto. Judgment: It seems to me that so long as said tax deeds remain on record and appear to affect the rear 23 feet of lot 5, as they do at present, they will continue to be, as I think and hold them to be, clouds on the title. I do not think a purchaser should be called upon to accept the title unless they are removed. I think it is the duty of the vendor to remove them. A purchaser who is not satisfied with the possession of all satisfactory documents, adequate. As I understand the parties have agreed to share the costs, there will be no order as to costs.

Divisional Court. Before Falconbridge, C.J. Britton, J., Latchford, J. Medora School Board v. Township of Medora.—W. N. Tilley for school board. W. C. Chisholm for township. An appeal by the united townships of Medora and Wood from the order of Middleton, J., in chambers of Jan. 14, 1911. Counsel speak to this appeal by

reason of material received since the argument of the appeal since Jan. 20. Labadd v. Maloof; Maloof v. Labadd.—W. D. McPherson, K.C., for Maloof (Stratford) for plaintiff. F. Aylesworth for Labadd in each case. An appeal by Labadd in each case from the judgments of the district court of appealing of Dec. 12, 1910, which was an action by Maloof to recover \$375, claimed to be balance due by Labadd on purchase of a mining claim, and an action by Labadd for return of \$475 paid by him for said mining claim, and to set aside the agreement for sale on account of false and fraudulent representations made to him. At the trial Maloof's action was dismissed and judgment given Labadd for \$475 and costs. Both appeals argued. Judgment reserved.

Haran v. McMahon.—L. W. McBrady, K.C., for plaintiff. W. D. McPherson, K.C., for defendant. An appeal by plaintiff from the judgment of Riddell, J., of Oct. 10, 1910. An action by plaintiff against the defendant, the owner of the adjacent land and who, it is alleged, has moved the boundary fence between said farms, for return of timber taken from the disputed land, an injunction to restrain further trespass for a declaration of the true boundary line and for damages. Defendant counter claimed for damages occasioned by an injunction preventing his removal of timber cut by him. At the trial the action was dismissed with costs and the counter claim allowed with costs and a reference directed to J. A. C. Cameron, O.R., to ascertain the amount of appeal argued and judgment reserved.

Doolittle v. Orilla.—W. A. Lamport for plaintiff. E. F. B. Johnston, K.C., and D. T. Grant for defendant. An appeal by plaintiff from the judgment of Middleton, J., of April 23, 1910. An action by plaintiff for \$6000 damages for flooding his lands, alleged to have been caused by the erection by defendants of a dam at the Ragged Rapids, on the River Severn, for the purpose of supplying and transmitting electric power for lighting and other purposes in the town. At the trial the action was dismissed with costs. Appeal partially argued, but not concluded.

Continued From Page 1.  
The street yesterday was a call for the circumstances surrounding the re-organization of the Farmers' Bank, and the placing of the responsibility.  
Governor Chambers denies that any threats were made to Travers by any of the guards in the jail, but Travers repeats his statement that he was told that he had better be careful as to what he should say, or he would be taken and proceeded further, and possibly sentenced to an additional term of 20 years.

**MR. STRATTON DENIES**

Had Nothing to Do, He Says, With Obtaining Farmers' Bank License.

PETERBORO, Feb. 20.—(Special.)—The Peterboro Examiner contains the following statement:

"To clear the air so far as Peterboro citizens are concerned and dispose of many rumors, it is felt desirable that Mr. Stratton should make a statement in regard to his relation to the case of Travers and the Farmers' Bank, with which his name has been so prominently associated, owing to his connection in the capacity of president of the Trusts and Guarantee Co.

"In this connection Mr. Stratton makes the following statement: 'I am in no manner, shape or form, direct or indirect, had I anything to do, nor did I assist in doing, anything in any way in the promotion of the organization of the Farmers' Bank.'"

"In no manner, shape or form, had I any conversation with any of the provisional or subsequent directors of the Farmers' Bank."

"I never, directly or indirectly, at any time, from the commencement of the organization proceedings of the Farmers' Bank until the present moment, had any communication, direct or indirect, verbal or in writing, with the Hon. Mr. Fleming, finance minister, or with any member of the Dominion Government, or with any official or clerk of the finance department, or any other department, in the matter of the obtaining of a license for the Farmers' Bank."

"I wish to most emphatically declare that the insinuations that are being circulated to the effect that I received a sum of money of any kind or

**BIRTHS.**

COUNSELL—To Mr. and Mrs. J. L. Hamilton, Ont., a son, 20, 1911.  
WALLIS—At the Cottage Hospital on King-street, 1911, to Mr. and Mrs. Bertram H. Wallis, a son.

**MARRIAGES.**

HOPE—GREENING—At St. Thomas' Church, Hamilton, on Saturday, Feb. 18, 1911, by Rev. E. J. Eberhart, Mr. Florence L. Greening to George Hope, both of Hamilton.

**DEATHS.**

HARDINGE—Suicidal. Amelia Jane, widow of George A. Hardinge, 127 Cumberland street, Saturday, Feb. 18, 1911, aged 48 years 11 months and 15 days, at 1:30 p.m., from her late residence to Humboldt Cemetery, Ontario, Tuesday, Feb. 21, 1911.

ODONOGHUE—On Monday, Feb. 20, 1911, at 95 D'Arcy-street, Mollie O'Donoghue, aged 70 years, daughter of the late J. O'Donoghue.  
Funeral from St. Patrick's Church Wednesday, Feb. 22, at 9 a.m. Ottawa papers please copy.

amount, or anything equivalent to a sum of money, in connection with the organization of the Farmers' Bank, or anything of the kind, true and absolutely unfeigned."

No reservation.

"Mr. Stratton adds: 'I desire these statements to be understood as the absolute truth in the widest possible sense, without qualification or reservation of any kind whatever, and no matter what gossip or statements may be made to the contrary by anybody, they are untrue and as incapable of proof, as the statements I make to the contrary are incapable of disproof. No one should know this better than Mr. Travers, the general manager of the Farmers' Bank, who, on Friday, in answer to the pointed question by Crown Attorney Corley, 'Had he paid any money to Mr. Stratton in connection with the promotion of the Farmers' Bank?' swore that he had not done so, and the books of the bank bear out the correctness of Mr. Travers' evidence on this point.'"

"The only direct or indirect connection that Mr. Stratton can be said to have had with the organization of the Farmers' Bank was the purely technical connection arising from the circumstances of his being president of the Trusts and Guarantee Co., which company made Mr. Travers a loan in the regular way of business, and thru the usual channels of the company, who owe duty it is to act in such matters."

Mr. Hughes Charles' Letter.  
Regarding the Hughes Charles affair he says: "I understand that Mr. Hughes Charles wrote a letter about five years ago that at a Sunday afternoon 5 o'clock tea at Mr. McAllister's, Peterboro, he had a conversation with me, and that he understood from this conversation that I had advanced \$80,000 to the Farmers' Bank at the time of its organization, upon which I received a substantial commission, and I am informed that Mr. Charles' evidence is wanted in court in regard to the statements contained in the letter, and I am entirely at a loss to understand what conversation could have taken place that would lead Mr. Charles to make such statements as the letter is said to contain. I feel sure from the double fact that no such transaction as the commission referred to took place, as I had done nothing to earn such a commission, and it would seem to me to be folly to thus boast of an improper advantage I had not received. Another reason why Mr. Charles was manifestly mistaken was because the loan in question was not made by myself, but by the Trusts company officers, and the company itself received the full advantage for whatever commission was paid."

"This whole matter is not giving me very much worry, further than the fact that the wild and unfounded rumors being spread in certain quarters may affect my relations with the varied interests with which I am identified."

Mr. Stratton's To-day.  
Mr. Stratton is expected to appear in court today in connection with the Farmers' Bank case.

**FOR MALICIOUS PROSECUTION**  
News Agent Got Damages From the Canadian Pacific Railway.

MONTREAL, Feb. 20.—George Waller, who had been employed as a news agent by the Canadian Pacific Railway, was today awarded by Mr. Justice Greenhills, \$300 damages for wrongful dismissal and malicious prosecution.

Suspected of being concerned with the loss of a pocketbook containing \$120, while traveling on the Sault train, Waller was arrested, put in jail for three days and acquitted. Since his discharge from the company he had been unable to obtain his license from the city authorities to carry on the business of a second-hand dealer.

Use Gibbons' Toothache Gum.  
Price 10c.

**Schubert Choir and Nordica**

Every season the Schubert Choir for some years has been depended upon to furnish two excellent concerts, and last night Mr. Fletcher rose again with the pleasant program he had yet presented. There was variety in profusion, to suit all tastes, and plenty of it, and the audience, which filled Massey Hall, was most appreciative and demanded more all the time. With an almost too lavish generosity they received it, and encouored were the order of the evening.

The program included soprano soloist, bass soloist, orchestra, choir and orchestra, choir a capella, male voices a capella, and female voices a capella. The soprano was Madam Nordica, the bass Myron G. Whitney, and Mr. Weisman's Symphony Orchestra provided the instrumental fare.

Madam Nordica has been long before the public and gave in favor. She was in excellent voice last night and the audience could not have enough of her. She responded again and again to the applause with a good nature which Patti herself never excelled, and the famous diva used to a record encore artist. But even Patti only sang simple well-known ballads, and Nordica drew a new and extensive repertoire last night in the most charming way. Her first appearance was the signal for a most cordial welcome. She came to sing Edward Elgar's plaintive lyric, "Will You Come Homeward," and the exquisite art and pathos of the performance won hearers at once. The Omaha Indian Tribal Melody which followed was delivered with an artless freshness and beauty as delicate as a window-flower. The applause was imperative and she sang it again.

"Damon," by Mrs. Stange, was colored with trills and shakes brilliantly sweet in execution, and for an encore she sang Mrs. Beach's setting of Browning's "The Barn of the Spring." This spirited lyric was also encored and Nevin's pretty lullaby "Mighty Like a Rose," thrilled the audience to still another demonstration. Later Madam Nordica sang the aria "One Fine Day," from Puccini's "Madam Butterfly," with dramatic feeling. As an encore she sang the brilliant "Mattinata" by Leoncavallo, and when that was encored, Rogers' "The Song of the Flower That Blows," Madam Nordica's next suite included Claude Debussy's "Mandoline," the music of which is as tricky as a butterfly's flight. The technical resources of the singer seemed inexhaustible and she repeated the number on demand. Then followed the pure music of Handel's great air, "Angels Ever Bright and Fair," which she sang with a divine and tender purity. Another contrast brought the dramatic intensity of Schumann's "Waldesgesprach," a companion piece of diabolism to the "Erl King," which she sang to-night. Another encore brought Liza Lehmann's charming version of "I Know a Bank," which she sang to the city audience. Madam Nordica also took the heavy solo work in Rossini's "Inflammatus." To-night she will sing by request in addition to the published program, "The Valkyrie Call."

Mr. Whitney sang Hugo Wolfe's great "Nerobornmut," and Turnbull's setting of Bourdieu's "The Night of a Thousand Eres." This caught the fancy of the audience, sung as it was, with tender strength. Mr. Whitney responded with the old favorite, "To Anthea," sung with great spirit, and winning another encore, for which he sang a French ballad song.

The chorus is a decided improvement on Mr. Fletcher's best, tho' the singing was not equal thruout the evening. It was not till in "My Bonnie Lass" that the full self-confident chime of the mated parts rang out together and after that all signs of unsteady nerves disappeared. The same time Bantock's arrangement of the "Cruisken Lavn" was rendered with fine spirit and a true sense of the old Irish melody that joins love and life to the harmonies of the unseen. The tenors and basses did fine work in the interwoven scoring, and the pianissimo at the close was delicately held. In Spickler's "Serenade" for male voices a slight hesitation in the repetition of the last line, but one in each stanza, marred otherwise was perfect rendering, and in the encore this weakness disappeared entirely. Following "My Bonnie Lass" and "Les Cantas d'Hoffman," its enticing cadences and seductive rhythm were given with excellent effect and clarity. The vocal parts were excellently done. The chorus had three sacred selections also. Of these Technical "O Praesens Deus," called for most delicacy and skill, and the result was highly satisfactory, tho' with some sense of effort. The second oratorio effect was "Ladok the Priest" were splendidly given, and there was a decidedly effective opening to the vocal program. Rossini's "Inflammatus" was captured, sung, with depth and richness of tone and flexible power.

The orchestra was in splendid form, and one is inclined to think never played better, if so well. Schubert's "Rosamunde" overture is exquisitely melodious and the delicacy of the wood wind and the strings was refined and true. In the Peer Gynt suites the same qualities were in evidence, and the brasses seem to have been released with a sprightly gaiety and the delectable vivacity in the strings, while the grotesque spirit of the "Hall of the Mountain King" enlisted the whole orchestra.

Mr. Fletcher is to be congratulated on his successful season, which tonight's concert was certainly assured. The desire to hear Madam Nordica will leave late comers on the A. E. S. S.

**ALD. HEYD'S PERIL REAL**

Woman Who Threatened His Life Is Pronounced Dangerous Lunatic.

Pronounced violently insane by Dr. T. Owen Perry, the jail physician, Miss Appeline Belland, who sent threatening letters to Ald. Norman G. Heyd, was yesterday placed in the Toronto Asylum for the Insane, where she will be closely watched by physicians and nurses and she is subject to wild hallucinations and is in every way a dangerous woman.

Miss Belland was a native of Montreal, and first came to this city as a maid in the employ of the household of Hon. S. H. Blake. She afterwards worked in a departmental store, but of late years has been making her living as a model. Her threat on the alderman's life was by no means an idle one," declared Dr. Perry, "for she was very much deranged, and would not forget a fancied wrong."

Garrison Sergeants at the Theatre.

## Montreal Live Stock.

MONTREAL, Feb. 20.—At the Montreal Stock Yards West End Market, the receipts of live stock for the week ending Feb. 18 were 200 cattle, 275 sheep and lambs, 200 hogs and 30 calves. The offerings on the market this morning were 100 cattle, 200 sheep and lambs, 150 hogs and 10 calves.

The supply of cattle was a little larger than a week ago, but this fact seemed to have no depression on the market as values were firmly maintained. The week-end was decidedly good, which tended to curtail the demand somewhat. The attendance of buyers was of a large and usual order, and the market was fairly active. There was a noticeable fair trade in sheep, good at 6 to 6 1/2, fair good at 5 1/2 to 6, and fair at 5 to 5 1/2, and the lower grades at 4 1/2 to 5. The market for hogs was steady at 10 to 11, and the market for calves was steady at 12 to 13.

The quality of the stock coming forward is all that could be desired by butchers, they being in most cases well finished, but the drovers state that farmers throughout the country are very firm in their views and that it is difficult to buy good to choice stock at a reasonable price. There is no change in prices here for good, good at 6 to 6 1/2, fair good at 5 1/2 to 6, and fair at 5 to 5 1/2, and the lower grades at 4 1/2 to 5. The market for hogs was steady at 10 to 11, and the market for calves was steady at 12 to 13.

## Stocks Move Slowly Upward In a Dull, Dragging Market

Wall Street Awaiting Decisions on Freight Rate Cases—Domestic Issues Quiet in Toronto—Flurry in Montreal Ralls.

World Office, Monday Evening, Feb. 20.—The Toronto stock market was inactive to-day. Any outside buying seemed to come from investors and as these were very limited it necessarily followed that most of the transactions were between floor traders. Montreal had another spasm of bullishness to-day. Montreal Railway, Richelleu and Toronto Ralls were taken in hand and advanced.

Montreal Railway was put up ten points in short order and as quickly lost half the rise. Richelleu and Toronto Ralls were handled more modestly. The former advanced four points to 105, and Toronto Ralls reached 128 in Montreal.

As nothing of importance was announced on either of these issues it was announced that the movements were manipulated in that the good news has not yet been disclosed. Among the usually local active specialties there was no excitement. Rio, Mackay and Toronto City dragged, but dealt at fractional advances or declines.

Northern Navigation sold higher at 122 1/4, but there did not appear to be any wide scramble for the shares. Bank stocks were unusually quiet, but the regulation bids were maintained about unchanged. The prevailing impression among traders is that the market is simmering down, and that for a short time the turns will be too small for outside dealers to profit by.

Wall Street Pointers. American stocks in London heavy. Standard Oil and American Tobacco decisions not expected. Decision on freight rate advance cases expected at any time. London—Copper—Close: Spot, 55 5/8; futures, 55 1/8 to 56, both unchanged. Demands of Canadian Pacific for more immigration may break up Atlantic steamship combination.

Washington: In the Reading decisions in the supreme court to-day all of the justices have been heard from excepting Chief Justice White. Corn Products will show fair margin of surplus after payment of 5 per cent. on preferred. Corn Products is now operating to full capacity, grinding at rate of 110,000 bushels per day.

Chicago, Burlington and Quincy has sold to a New York banking syndicate, headed by First National Bank, a block of \$8,000,000 general mortgage 4 per cent. bonds, to be used for general development purposes. Boston: The bollmakers employed on the Boston and Albany Railroad struck this morning in sympathy with the men who are out in Ohio. The strike here affects about 70 men. The road declared the strike would not affect its service.

Chicago: In a number of instances traffic men of the western railroads report business as lighter than in January, but in most cases they say that tonnage is equal to the same week in February last year. All officials say that current business is normal and that the outlook is bright for a good tonnage.

Chicago: Hageman committee report on People's Gas will recommend 70-cent gas, divided as follows: Manufacturing cost, 25c; delivery cost, 17 1/2c; profit, 2 1/2c. People's Gas valuation without franchise is given as follows: Street mains, \$25,000,000; gas plants, with about 60,000,000 cubic feet daily capacity, \$20,000,000; stores and meters, \$6,000,000; services, street lamps and arc street lamps, \$4,000,000; other property, \$5,000,000. Total, \$60,000,000.

Will Pay Quarterly. Hudson & Erie Loan and Savings Co. will pay dividends quarterly, beginning on April 1. Dividends Declared. Laclede Electric declared regular quarterly dividend of 1 1/2 c. Railway Steel Springs preferred declared regular quarterly dividend of 1 1/2 c.

Gold Bullion in London. NEW YORK, Feb. 20.—Of the \$500,000 South African gold available in the open market to-day, \$400,000 was obtained by the Bank of England and \$100,000 was secured for India. Increased the Dividend. NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

London Market Steady. LONDON, Feb. 20.—Money and discount rates were firmer to-day. India and the Bank of England shared the \$500,000 new gold available. The nearness of the settlement checked business on the stock exchange, but the market shaded at noon.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

NEW YORK, Feb. 20.—The International Harvester Co. has declared a quarterly dividend of 1 1/2 c. per share. This is an increase of 1/4 of 1 per cent. over the previous dividend, which was made on Jan. 14 last, and places the issue on a 5 per cent. per annum basis.

## THE DOMINION BANK

Capital \$4,000,000 Reserve Fund \$5,000,000 Total Assets, \$92,000,000

L. B. GILLES, M.P., Pres. W. D. MAITHEWS, Vice-Pres. CLARENCE A. BOGERT, Gen. Manager. Every description of banking business undertaken. Savings Department at each Branch of the Bank.

## MONTREAL IS STILL BULLISH.

World Office, Monday Evening, Feb. 20. Montrealers were entirely responsible for any advances made in Canadian securities to-day. Operators on the eastern exchange have taken the bull side of the market again, and to-day Richelleu and Toronto Ralls were accorded a preference. Generally speaking, the Toronto list was steady at Saturday's prices. It is again noticed in this market that securities are in light supply, and at the same time that speculative buying does not constitute a large portion of the dealings. Investment absorption such as is now going on will gradually pave the way for higher prices and a more active market.

Western Union Awarded Claim. BOSTON, Feb. 20.—Judge C. of U. S. Circuit Court, to-day affirmed report of E. W. Burde, as master in the suit of the Western Union Telegraph against the American Bell Telephone Co. The master awarded the W. U. \$2,579,164.44 in dividends and interest, with 20,877 shares of stock, which have been received by the Bell Company as rentals, etc. Western Union claimed \$3,573,224.40 on 33,185 shares, while the Bell Co. contended that the Western Union was entitled to nothing.

ON WALL-STREET. Erickson Perkins & Co. had the following: Dealings in stocks to-day were very moderate, with outside interest at a low ebb, pending the reconvening of the supreme court at Washington. As the justices read their decisions without the great trust cases being announced, traders began to work for a rally and were quite successful in the last hour. Scattered profit-taking brought about a fractional reaction near the end. Trading was largely our motive and floor professionals seem to be accepting small turns pending a distinct trend. The latter is, however, unlikely to appear until the rate matters at least shall have been decided by the interstate commission. We advise continuing a trading attitude, buying only on the sharp declines and accepting moderate profits on any time and so make the circuit court action in the U.P.-S.P. case, and the Minnesota rate case. All three will have immediate and important effect on the market in its present temper. There is no change among the influential people, who are long on this market and expect to hold their ground. The general situation is bullish and that the stock market will continue to oscillate under the condition of affairs. Chas. Head & Co. to R. R. Bondard: There was no feature to London prices and the changes were infinitesimal. Our market opened dull, with a dragging speculation. Business for the day totaled only 393,000 shares, and closing while firm to strong, was dull and without interest. The market is professional, awaiting the decisions and rate adjustment and will probably continue to back and fill until these matters are out of the way. In the meantime, we advocate buying on all moderate breaks for earnings.

PORCUPINE GOLD CAMP

DIAMOND DRILLING
IN NORTHERN DELORE

Standard Mining Company, on Tisdale Line, Will Go Down 700 to 1000 Feet.

PORCUPINE CITY, Feb. 20.—(From Our Man Up North.)—Diamond drilling on the main vein of the Standard Mining Company's property to prove up that section of the district where good showings have appeared in the bottom of a 20-foot shaft in the property, is to start just as soon as a drill can be shipped.

Engineer L. P. Silver has returned from Montreal and before he left for the camp, outlined a policy of progression which the company will follow during the balance of the winter and spring.

He shall sink anywhere from 700 to 1000 feet just as soon as the machinery can be placed on the property. Showings are so good on the surface so far as our prospecting has been done, that we want to know what the depth carries," said he to The World.

The property where the work is to be done lies one-half mile south of the Foster, and borders on the south boundary line of Tisdale.

Running almost straight east and west is a vein in the property that varies from 10 to 20 feet in width and extends over a stretch of a mile so far as it has been continuously traced.

Several properties over in Shaw, to the west of the Imperial Mines' holdings are supposed to be in the same vein cutting thru dikes. Showings which are supposed to be in the same vein again appear on the Vineberg, two miles to the west.

Mine men will watch the work of the drill in this section with interest, for the section is one which has held forth great promise, but has never been thoroughly tested.

Only last week sensational finds were reported on the Vineberg, and from the east of the Standard, and from every indication the free gold finds run in this same dike that is now to be tested by a drill.

From the practical miner's point of view, showings of wild and reckless speculation are becoming a thing of the past, and an excellent prospecting territory.

Chas. Fox.

Not until the diamond drill and the shaft prospecting are finished will there be any announcement of the results.

Now the drill is working in another place quite off the vein to catch up whatever may lie in another section.

Not until the diamond drill and the shaft prospecting are finished will there be any announcement of the results.

FREE GOLD SHOWINGS
AT TISDALE MINING CO.

Bonanza Ore on Claims Adjoining Scottish Ontario—Diamond Drill Working.

PORCUPINE CITY, Feb. 18.—(From Our Man Up North.)—Like diamonds in the rough are the free gold sprinklings, scattered over a 20 foot vein on the Tisdale Mining Company's property, generally known as the Armstrong-McGibbon syndicate, to the west of the Scottish Ontario, and running thru the seams, like seeds in a pod, are the yellow sparklers, with here and there the seam widening into a splash, the size of a small soup

The showings are spectacular, and Supt. Chas. Watson thoughtfully, when the drilling was done, ordered canvas laid over a portion of the showings, that deep snows could not hide all the beautiful nuggets.

This depth, "The only deep actively worked since last fall, and Supt. Watson had only one chance to see the bare ground before snow fell. The depth claims comprise the holdings in this locality which the company have several claims near the centre of Tisdale, recently taken over, which were known as the Armstrong-Booth syndicate.

The one vein that attracts, and from the present indications may become the bonanza of the camp, is what is generally supposed to be the west end of the lead that comes off the Scottish Ontario, but several pieces of scrip offered for inspection held showings of free gold, and in one instance the chunk was the size of a pea. The walls were in places a slight distance from the surface snow on the surface.

Down at the 46-foot level in the shaft very handsome chunks of quartz carrying free gold are being brought up, and the heavy mays of gold on the surface carry at the least down to 60 feet. This quartz has a decidedly rich appearance, and shows quite freely of the sulphides.

Not alone does the gold appear in the quartz, but several pieces of scrip offered for inspection held showings of free gold, and in one instance the chunk was the size of a pea. The walls were in places a slight distance from the surface snow on the surface.

It was on this vein that the diamond drill did such splendid work under the direction of Messrs. Travers and Smith, who have punched two holes thru the surface crust and down to a depth quite satisfactory to the company. Now the drill is working in another place quite off the vein to catch up whatever may lie in another section.

Not until the diamond drill and the shaft prospecting are finished will there be any announcement of the results.

Now the drill is working in another place quite off the vein to catch up whatever may lie in another section.

COBALT MINING STOCKS

Firm Undertone to Cobalts
Prices Steady With Last Week

Mining Securities Move Within Narrow Range and Market Merely Holds Its Own—McKinley Sells Higher.

World Exchange, Monday Evening, Feb. 20. Trading was not quite so active at the opening session of the week on the mining exchanges, and the market did little beyond holding its own as a result of the transactions which were put thru.

The general list of securities held comparatively unchanged at last week's figures. Beaver sold between 39 1/2 and 40, and while in good demand, was not in sufficient call to warrant any improvement in price.

Little Nipissing was slightly easier, the shares losing a small fraction at 3 5/8 under realizing sales from holders who were appearing about the proposed financing arrangements.

On the afternoon board a rally of a point was made, and at the close the shares were bid at 4 1/4.

Fluctuating was not favorably influenced by the annual report, which came out on Saturday and the stock was offered down by profit-taking brokers. This was sufficient to depress the shares to 89 1/2, which figure was bid at the close.

The dividend paying issues were generally firm, McKinley-Darrah gained three points at 17 3/8, and Nipissing sold at high as 11 1/2.

The market throat displayed a generally firm undertone, and while the movement was not up to the standard established last week, there was a responsible buying demand for most of the active stocks both the morning and afternoon boards.

GOULD COMMENCES WORK
River Connections Made and Aggressive Mining Will Be Carried on.

Depatches from Cobalt yesterday reported that the engineers on the Gould property had made connections with the power company lines and that work had commenced on the claim. The company completed financial arrangements some weeks ago whereby sufficient funds were placed in the treasury to permit of the development work, but for a time this was held back on account of the fact that power was not available.

The Gould company has a lease on about 25 acres of Peterson Lake property at Cart Lake, adjoining the McKinley-Darrah on the south, the Peterson Lake, and Nipissing on the north. The shafts have already been sunk on the claim, and several veins and stringers were exposed. Workings here were suspended a few weeks ago by Engineer Seymour of the Cobalt Lake, who stated that there were several well-defined veins and stringers on the property, which were equal in surface appearance to any of the veins in the district.

A modern and progressive system of mining has been introduced and aggressive development work will be carried on now that real mining has been commenced. The adjoining properties have been proven to possess rich ore bodies, and the present outlook for Gould is confident that only work is required to show up valuable mineral deposits on their own holdings.

INCREASING CAPITAL
Rochester Shareholders Will Be Asked to Ratify Bylaw to That Effect.

A special meeting of the Rochester Cobalt Mines, Limited, has been called for Friday, the 24th inst., when the directors will ask the shareholders to ratify a bylaw to increase the capital of the company to \$1,000,000. Of this one-half will be put in the treasury and the remainder offered to shareholders at 5 cents a share.

The shareholders will also be asked to elect two new directors, to succeed N. Stone Scott of Cleveland and Howard Williams of Toronto, who have resigned.

SHOWINGS IN DELORE
Encouraging Results From Test Pits Sunk—Inspection Going on.

PORCUPINE CITY, Feb. 20.—(From Our Man Up North.)—In middle Delore there are showings that attract, and this week E. C. West left in company of Mr. Rogart to view the work now being done on the property. Mr. Rogart is taking them over if the terms and price are suitable.

Running thru the property is a schist dike carrying quartz lead that shows up very promising results with the work now done. Men are stripping and sinking with a view to getting better results before inspection takes place.

Encouraging results have come from sinking test pits here and there, and those who were recently attracted to that section, want to see some depth before departing to spend time and money in looking at other sections.

Cobalt and Porcupine

Porcupine Talks

We are entering on an era of the biggest mining boom that Canada has ever seen. The Cobalt market is strengthening every day, and no stock should be more attractive to investors or speculators than BEAVER. The workings are now down 400 feet, and continuous shipments of high-grade ore will be kept up. Shareholders are entitled to, and will receive, good dividends.

From an investment standpoint, we regard BEAVER as one of the cheapest issues on the market. Porcupine, from the information we receive, will be as spectacular in gold production as Cobalt has been in silver. Two companies give exceedingly great promise of large returns—HOLLINGER and PRESTON EAST DOME. We say, with confidence, to buy these now.

GOLD and SILVER Shares In Demand
Public interest and activity in PORCUPINE increases daily with HOLLINGER, PRESTON and EAST DOME and BEAVER LAKE in good demand.

COBALT correspondents advise us that at the BEAVER MINE on the 300-foot level the vein has been again encountered and is the most spectacular yet seen in the district. This company starts with \$150,000.00 in the treasury, and will be one of the large gold producers of the new camp.

Gold Consolidated
We have reassured our clients regarding the above stock by securing a report on the property from F. Seymour, engineer of the Cobalt Lake Mining Company, who advises us that Gold has all the earmarks of becoming a big producer. It is surrounded by three of the richest mines in the camp. Only 50 feet more of sinking need be done before drifting will be commenced, when it is expected three good veins will be met. Work started on the property on Saturday last. We believe Gold will see a sharp advance in price, and shall be pleased to execute your order for this or any other Cobalt or Porcupine stock.

GOLD—SILVER
PORCUPINE COBALT
Cobalt market gives evidence of much further improvement and we recommend the purchase of BEAVER and COBALT LAKE. BEAVER will become a dividend payer when this occurs the shares will be worth much more money. In the PORCUPINE stocks HOLLINGER is an exceptionally good buy. Full particulars are now available of the Preston East Dome Co. for prospectus and other information. This company starts with \$150,000.00 in the treasury, and will be one of the large gold producers of the new camp.

Silver Bar Mining Co.
LIMITED
All Shareholders of the above Company holding stock not transferred to their own name, kindly communicate with H. H. LANG OF COBALT immediately regarding the reorganization of the Company.

REORGANIZE SILVER BAR
An attempt is being made to reorganize the Silver Bar Mining Co., which it will be remembered, passed into the hands of the Trusts and Guarantee Co. company, before the year, and the fact that the Indian group of speculators are still very large holders of the stock, prevents the market being a healthy one even at 1 1/2.

The exports to the Orient are given as follows:
India, China, Straits, 1868, 1869, 1870, 1871, 1872, 1873, 1874, 1875, 1876, 1877, 1878, 1879, 1880, 1881, 1882, 1883, 1884, 1885, 1886, 1887, 1888, 1889, 1890, 1891, 1892, 1893, 1894, 1895, 1896, 1897, 1898, 1899, 1900, 1901, 1902, 1903, 1904, 1905, 1906, 1907, 1908, 1909, 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, ### Last Week of the Hosiery Sale

Hosiery has been very much in evidence lately; couldn't be otherwise with our streets so many inches deep in slush, and so many disturbances on the sidewalks. There is a great satisfaction in being able to feel confident that every item of one's dress, whether exposed to public view or not, is immaculate. Hosiery that will be a credit to you is on sale during the month at prices that are a credit to us.

## DECIDE

The time has come when you must decide on what you are going to wear this spring. The Simpson Store offers such an array of the newest and most fashionable goods that it may be somewhat difficult to make an off-hand selection.

If you buy here you may rest assured that you have obtained the best that the markets offered for 1911.

Thousands of Toronto women have already enthused over our display. If you have not seen it, let us remind you that our departments are ready for your visit, with a seasonable showing, which has never been excelled in Canada.

### Restful Furniture from the 5th Floor

There is just another week of our February Sale, so get in on the Fifth Floor as soon as possible. Here are six examples of furniture, about which your first remark will be: "That looks comfortable"; your second: "That is comfortable"; your third: "How reasonable!"

Davenport, upholstered all over, covering of green denim, plain spring seat, with tufted back. February Sale.....**\$56.00**

Davenport, mahogany show-wood frame, with hand carved feet, covering of denim, with high tufted back. February Sale.....**\$49.50**

Bedroom Sofa Couches, plain or tufted,

spring seats, covering of green denim, made durable and comfortable. February Sale.....**\$40.00**

Mission Settees, frames made of selected quarter-cut oak, finished, fumed or early English, loose cushion, solid leather seat. February Sale.....**\$28.00**

Mission Couches, in early English finish, solid quartered oak frames, with genuine Spanish leather upholstery. February Sale.....**\$45.00**

### Spring Dresses, Coats and Skirts

#### Worth Seeing and Worth Buying

One of the best styles of Women's One-piece Dresses is of an extra fine quality French serge; waist is exceedingly smart, and is neatly trimmed front and back with narrow silk pipings, and has dainty yoke of gold or silver tinsel, full length sleeve, trimmed with pipings to match waist; the skirt has the fashionable side panel front, with narrow inverted side gores, edged with pipings; colors are olive, navy and light tan. Price \$17.50.

Women's Smart Spring Coats of imported tweeds, in grey and black check, with overcheck effects; mannish collar, with long revers, faced with black satin; strictly tailored sleeves, trimmed with self covered buttons; neat patch pockets, with flap buttoned down; coat is single breasted, and fastens down front with fancy grey buttons. Price is \$16.50.

#### Women's Separate Skirts

A Couple of Smart Up-to-date Styles at \$5.00.

One is of a fine quality Panama, in navy and black; is made in the fashionable gored style, with stitched-on gores; fastens to left side front, and has habit back. The other is of all-wool cheviot serge, in black and navy; is also a plain gored style, with panel effect front and back; fastens to left side of back panel. You can have choice of either of these styles Wednesday at \$5.00.

### Blouse Dept.

#### NINON, CHIFFON and MARQUINETTE BLOUSES

We show on Wednesday morning 51 model blouses in the above materials; there are no two alike, so choice is infinite; black, ivory, and really all the popular colors are represented. These are all from a maker who supplies the highest class West End London houses, and are true types of prevailing fashion. Special prices for Wednesday, \$10.00 and \$12.50.

### Long Suede Gloves Will be Worn this Year

Women's Long Undressed Suede Finished French Kid Gloves; a clearing lot from a large manufacturer; there are black, tan, brown, grey, mode, from 12 to 20 button lengths, mousquetaire opening at wrist; all sizes. Regular \$2, \$2.50. On sale Wednesday, pair 89c.

### Buy Wash Goods Now and Make them Up

Rosebud Batiste—A fine quality, with lovely printed designs of figures, sprays and flowers, in pink, sky, mauve, etc.; also in polka dots, 12½c.

Iroquois Batiste, 29 inches wide, a very fine quality, with very dainty designs; all the leading color combinations, 15c.

Ramony Batiste—Another favorite quality for spring and summer dresses, a hundred different designs to choose from; pink, sky, mauve, yellow and other combinations of colors, with or without borders, 20c.

Superior Batiste—The richest and daintiest designing ever shown, from the small pink "tippet" daisy to the bold and handsome "four de lils" and the richest of color combinations. Special, 29c.

### Groceries

### Here are Some of the New Dress Goods and Silks

It is a shame to try and describe these goods in print. They absolutely demand your personal inspection.

- Silk Striped Voiles
- Silk Striped Taffeta
- "Permo" Suitings
- Panama Suitings
- 42 in. to 54 in. wide.
- All Wool Voiles
- Silk Warp Henriettas
- San Toys and Poplins
- Novelty Fabrics
- 50c to \$2.00 per yard.

### New Ivory Silks

- New Ivory Satin de Chine, 40 inches.....**\$1.25**
- Ivory Satin Paillettes, 40 inches.....**\$1.25**
- Ivory Dresden Mousse, line, 40 in. wide, \$1.50.
- Ivory Mandoline Silk, 40 in. wide, \$2.00.
- Ivory Mousseline Duchesse, 40 in. wide, \$2.50 to \$4.

### Sale of Lace Robes Coats and Paris Garniture at 1-3 and 1-4 Regular Prices—Main Floor, Wednesday

These goods are all perfectly new, having all been purchased in Paris and London during January, the reason of the extraordinary price being the fact that they are mostly sample garments, which the manufacturer has now finished with for the season. 100 garments all at \$9.50 each.

The goods are too varied to describe fully, but they consist principally of exquisite lace robes, in white, ivory and black; some choice examples of colored sequin robes, renaissance and heavy silk embroidered coats and mantillas, also garnitures in colored and black beads. Regular prices \$22.50, \$25, \$27.50, \$30, \$35 and \$39.50. Your choice Wednesday \$9.50. See examples in window on Tuesday.

### Millinery---230 Sample Spring Hats

This seems a peculiar time to talk about cutting prices of spring goods, but here is a genuine cut, hence a big bargain. When we are making up our catalogues for spring the manufacturers in Europe and New York send us samples of new goods to guide us in our illustrations. Naturally every hat is in good style. We have finished with them now, and you may get them on Wednesday at 20 per cent. off marked prices.
