39TH YEAR—ISSUE NO. 14,241 TWO CENTS

Senate Opposition to G.T.R. Deal Collapses—Bill Finally Passes Soldiers' Gratuities Report Approved in Commons by 65 Majority

EIGHT-HOUR DAY DROPPED AT ONCE SAYS S. R. PARSONS

Would Not Have Enough Men
to Work Farm, and Imple-
ments Would Cost More.

Washington, Nov. 7.—S. R. Parsons, Canadian employers' delegate, has frankly stated the case of Canadian employers on the eight-hour day.

Unless the United States first assented to any such international convention—so Mr. Parsons informed the international labor conference this afternoon—it would be suicidal for Canada to assent.

"We have in Canada," Mr. Parsons said, "eight or nine million of population. Our industries are young. We are lacking capital. We are struggling. We are alongside a magnificent country of one hundred and ten millions of population, with great industries and great wealth. Until the United States has spoken, Canada must keep silent."

Mr. Parsons did not object to the eight-hour day per se. He objected on the ground of present worldwide conditions and the necessity for production.

"We cannot," he went on, "bring forward in any country of the world today any regulations which are not based on a proper economic footing and do with them what we call social justice. The thing cannot be done. The two things do not work together."

Farmer Would Suffer.

Mr. Parsons argued that shorter hours would draw workers from the farms to the cities. The farmer would be hit in two ways: First, he would not have men to work his farm; secondly, because all the farmer used in manufactured articles would be greatly increased in price.

Moreover, in Canada there were great seasonal occupations as lumbering for instance. There were in the Dominion great differences of climatic conditions under the proposed convention. There would, therefore, be so many industries and workers excepted on account of climatic and seasonal conditions that the workers who were excepted would become utterly discontented and again production would be reduced.

"Those having to work over eight hours in a day would be discontented and again production would be reduced. In his opinion, too, an attempt to limit the hours of work would result in a death blow to smaller industries and would prevent the establishment of new industries."

Subsequently Mr. Joubaux, secretary of the French Confederation of Labor, and Tom Shaw, of the Weavers' Association of Great Britain, presented amendments from the labor group providing a normal maximum working day of eight hours and a normal maximum working week of 48 hours. Furthermore, the amendments proposed to bring commercial works as well as industrial establishments within the scope of the convention.

Would Limit Overtime.

In season undertakings, the labor group propose overtime may not be worked for more than 74 hours per year, subject to the condition that overtime pay shall be higher than pay for ordinary working hours. Under the labor group's scheme, the amendments would go into effect on July 1, 1920, two months earlier than proposed by the organizing committee of the conference. In regard to the labor group, the mercantile marine, the labor group propose that the international labor office convene a special meeting of each of these trades, with as little delay as possible, that if possible, some arrangement may be made to put agricultural men and seamen on the same level as industrial and commercial workers. The labor group further recommended the Saturday half holiday and limitation of the working week to 44 hours.

VICTORY LOAN SUMMARY UP TO MIDNIGHT, FRIDAY, NOV. 7th, 1919.

Totals of applications officially reported to W. S. Hodgson, chairman, Dominion Business Committee, are as follows:

LIBERALS STOPPED OF ALL DECISIONS REGARDING OFFER

No Portfolios to Be Given to
Members of Crit
Party.

With the completion of the U.F.O.-Labor cabinet by E. D. Drury, also remains to wait for the announcement. The cabinet has a six-day interval on its hands, broken by a cabinet meeting on Friday at his house. Next week he will have no respite, because resolute and unyielding demands and depredations of people who possess resources for supplying the work ahead of him will beset his path. They will not be denied, and they have heard it by the report that Mr. Drury is a good-natured man.

One cabinet minister, perhaps two, have been sought outside the ranks of the U.F.O.-Labor champions. Last month's cabinet had no such appointments. The returned soldier is not the benefit of legal eloquence on its platform; but after the field had been won, laymen alone cannot face the responsibility of making and amending laws. The returned soldier will also be represented in the council of the coalition by a worthy veteran, who will have cabinet rank. All doubt appears to have been set at rest respecting the rumors that Mr. Drury would invite a Liberal member-elect to cross the floor. This does not appear to have been contemplated at any time, and yesterday morning could be heard suggesting the possibility of a Liberal member-elect.

The minister of education may be established instinctively.

It is significant that one of the most experienced Ontario premiers in Ontario, who has for more than a generation been connected with educational affairs, said to The World that Mr. Drury had established himself in the confidence of our people. But there is no need to establish confidence in U.F.O. government. It establishes itself instinctively.

The U.F.O. leaders are also laying claim to the credit of the coalition.

BOLSHEVIK TERMS FOR MAKING PEACE ARE MADE PUBLIC

Propose an Armistice on All
Fronts and a Peace Confer-
ence in Neutral State.

London, Nov. 7.—The Daily Herald, the Labor organ, today prints the full draft of the conditions upon which the leaders of the Soviet government in Russia are willing to discuss peace terms with the allied and associated powers, which were brought to London by Lieut.-Col. Leites, a Maline Liberal member of parliament, who recently returned from a visit to Russia.

The Soviet government, according to the draft, proposes a peace conference in a neutral country after an agreement on an armistice for all fronts, including the border states, and of the de facto governments meantime to remain in control.

The blockade would be removed, and the Soviet government and the nationals of the associated and allied governments would have free rights of transit over all the railways and at ports of the former Russian empire, including the border states and Finland, and free trade communication in and out of the country.

The conditions provide that the Soviet government would be entitled to send representatives to all allied countries; for amnesty for all Russian military and political prisoners; for the withdrawal of all allied troops from Russian territory; and the cessation of allied military help to the Russian forces. The Soviet government also promises to recognize all foreign debt obligations of the former Russian empire.

Williness expressed by the Soviet government for a conference on this basis, provided the allied powers proposed before November 15. The Soviet government is "anxious to have a semi-official guarantee from the British and American governments that they will do their utmost to ensure that France gives up to the conditions of an armistice."

The draft concludes by saying that the Soviet government "hopes it will be necessary to transfer this offer with necessary modifications to the central powers."

PARLIAMENT ADOPTS REPORT ON SOLDIERS

On Division, Original Recomm-
mendations of Committee
on Re-establishment Appro-
ved by Sixty-Five Major-
ity—Prohibition Bills to Be
Considered Today.

Special to The Toronto World.
Ottawa, Nov. 7.—The govern-
ment is making an effort to secure prorogation tomorrow. All that remains before parliament are supplementary estimates and the temperance bill. The latter will be taken up tomorrow morning and sent to the senate if possible for the afternoon session. Official prorogation may be deferred until Monday, but the business will be concluded tomorrow, if possible. Almost the entire order paper in the commons has been cleared up tonight.

Canad. Press Despatch.
Ottawa, Nov. 7.—The report of the special committee on soldiers' re-establishment, embodying amendments to the act, was adopted by the house today, and the bill based thereon put thru all its stages and made ready for the senate. An amendment by Hon. W. L. Mackenzie King, to refer the report back to the committee, was defeated by 100 to 85, a government majority of 65. Major Andrew of Centre Winnipeg had previously withdrawn his amendment to send the report back to the committee, with instructions to accept the G.W.V.A. plan of re-establishment, and this withdrawal removed any chance of a close or adverse vote on the motion of Hon. J. A. Calder for the adoption of the report.

Dear Mr. Bolder.

Sr. George Foster this morning reiterated Mr. Calder's view of yesterday. That if the house wanted to grant any general plan of cash gratuities there must be some other government to carry out those plans. Hon. J. A. Calder, speaking later in the day, said that the attitude of the government, it did not mean that the door would be locked against any general plan of cash gratuities with the G.W.V.A. officials to try and solve the problems of the returned men. It was in view of this statement by Mr. Calder that Major Andrew said he would withdraw his amendment.

When the vote on the King amendment was taken, all the government supporters with the exception of Col. John A. Currie and William Smith, voted against it.

Parliamentary Railway Act.
A bill to amend the Canadian railway act, which provides for the repeal of a section which placed certain tramways under the control of the government, was introduced and given first reading.

A resolution respecting commercial relations with France, providing for their termination upon three days' notice by either side, was adopted, and the bill given first reading.

In the debate on the report from the special committee on soldiers' re-establishment, Sr. George Foster, acting premier, this morning said Canada had done well for her soldiers of all classes. The other two speakers this morning, Major D. L. Redman, of Calgary, and Horatio Hocken, of Toronto, were both of the opinion that the report was not sufficiently generous.

Necessity of Resigning.
Col. Hugh Clark, parliamentary secretary for the department of civil re-establishment, opened by referring to the position the government would be in should Major Andrew's amendment be adopted. He said that Hon. Andrew had stated that the government had already arrived at a definite policy, and it would of necessity, have to resign if defeated in the house on this motion. This would be a fact, he said, even if it had not been stated by the minister.

Gov. Lark Raps Rynn.
Colonel Clark's remarks intimated that Canadian-born soldiers were not generally demanding a gratuity, Major Andrew asked him for an explanation of this remark. Colonel Clark replied that he had not heard of Canadian-born soldiers were claiming additional gratuities.

What other course but British-born soldiers? queried Major Andrew. Colonel Clark denied that he meant British-born. We have had, he said, more than 100,000 men from the United States, who wanted one bill, while the government on the other hand would have received sixty dollars, instead of the more generous Canadian gratuity.

Mr. S. Jacob bill to amend the house of commons act, and second reading. It stands for third reading tomorrow. In the absence of Mr. Jacobs, Mr. A. R. McMaster has the bill. Mr. McMaster said he followed the issue of by-election with the issue of the clerk of the crown in the treasury, and the speaker's announcement of the vacancy. Col. Currie objected to the bill being given first reading tomorrow.

Prohibition Bills Today.
Among some of the matters tonight there was a feeling that the business of the house might be wound up tomorrow night. The opposition whip, J. A. Robb, however, said he thought they would not finish before Monday or Tuesday. Just before adjournment Mr. McMaster would take up the prohibition bill, and then there were some bills which had been given first reading today, and which he hoped would be cleared away tomorrow. The Grand Trunk legislation with senate amendments, would also be before the commons. "So we are really going on with these temperance bills," asked Mr. McKenna. "We are always intended that we should be," replied Mr. Doherty with a smile.

FIRST CALL OFF STRIKE THEN RESTRAINING ORDER WILL BE DROPPED AT ONCE

Final Reply of Government to Eleventh-Hour Efforts of
Gompers to Settle Coal Strike—Miners May Apply
for Postponement of Hearing Today.

Washington, Nov. 7.—Eleventh-hour efforts by Samuel Gompers to settle the coal strike were met tonight by an emphatic declaration from the government, that injunction proceedings would be dismissed the instant the strike order was withdrawn—and not before.

This final decision was given to Mr. Gompers, heading a delegation of high labor officials at the close of the third conference of the day with Attorney-General Palmer, and after Mr. Gompers had talked over the telephone with John L. Lewis, secretary of the United Mine Workers of America at Indianapolis.

Mr. Palmer wishes me to say that he will have no statement tonight, other than that he made as before the cabinet meeting," his secretary announced.

The injunction proceedings against the coal miners' leaders will be dismissed the instant the strike order is recalled," the attorney-general said, and his utterance stood tonight as the final word from the government on the eve of what may prove the beginning tomorrow of the greatest labor union litigation in the history of the country.

Thru the day, altho it was on the tip of all official Washington that the government did not intend to consider new plans for ending the struggle without further resort to law, the feeling grew that hearing on the restraining order, set for tomorrow morning in the federal court before Judge Anderson at Indianapolis, would be postponed "without prejudice to either side."

The department of justice will not ask for a postponement, but whether it might oppose the request if it were asked for more time, not an unusual proceeding, officials declined to say.

WILL ASK ORDER BE MODIFIED.
Indianapolis, Nov. 7.—There was no indication here tonight that an effort would be made to have injunction proceedings against the striking coal miners set for hearing tomorrow in federal court, postponed, and attorneys for the government declared they were prepared to carry out their program.

Attorneys for the miners stated they would make no effort to secure a continuance of the hearing, but that if their efforts failed to secure dismissal of the case, they would ask for a modification of the injunction to allow use of the strike benefit fund.

EXECUTE MEMBERS OF CO-OPERATIVE BODIES

Omaha, Nov. 8.—According to Bolshevik newspapers received here, 190 members of co-operative organizations have been executed in Moscow and more than 100 others imprisoned. The newspapers assert that members of the co-operative organizations also are being persecuted in other cities of Bolshevik Russia. Many of them have been shot.

Under the provisions of a recent Bolshevik decree all the co-operative organizations are nationalized, and it is announced that all members of the organization who during the past month do not enter the Bolshevik party, will be dismissed from their positions.

GRAND TRUNK LINE PASSED BY SENATE

Opposition to Measure Col-
lapses—Put Limit on
Dividends.

Canadian Press Despatch.
Ottawa, Nov. 7.—The fight in the senate on the bill providing for the acquisition of the Grand Trunk Railway came to a close tonight when the bill was reported from committee and given third reading without division. Apparently the opponents of the measure, after the adoption of the second reading last night, decided that there was no object in keeping up the discussion.

At the morning sitting Sir James Lougheed gave notice of an amendment providing for the arbitration of all the stocks to be acquired on the Grand Trunk Railway, for the average dividend to be treated as dividend not yield a dividend in excess of one million dollars.

Change Amendment.
At the afternoon sitting this amendment was changed because the agreement with the Grand Trunk Railway that the four per cent preference shares are to be treated as preference stock, the government becoming responsible for the interest amounting to about \$2,000,000 to be paid upon them. By this change it is provided that the dividends on these shares must not exceed five millions.

An amendment by Senator Lynch-Staunton providing that the award should not exceed \$2,225,000, the average dividend paid on the stocks for ten years preceding 1914, was rejected.

An amendment was accepted from Senator Stoughton providing that the award should not exceed \$2,225,000, the average dividend paid on the stocks for ten years preceding 1914, was rejected.

Immense Strike of Oil In Western Ontario Field

Chatam, Ont., Nov. 7.—(Special).—Number one well of the Petrol Oil and Gas Company, Toronto, at the farm of Charles Bagnall, Dover township, was shot this evening at 7 o'clock as a result of which the countryside for three-quarters of a mile was drenched with oil. Several experts were present and witnessed the operation and declared it was the most successful shoot ever made in Canada.

NATION-WIDE RAID ON ANARCHISTS

Two Hundred Radicals Ar-
rested in New York and
Many in Other Cities.

New York, Nov. 7.—A nation-wide raid on anarchists began here tonight. Agents of the department of justice, led by William J. Flynn, arrested more than 200 radicals assembled in the headquarters of the Russian Soviet Republic and after they had been taken to the headquarters of the department of justice and cross-examined, 60 were held for deportation as undesirable aliens.

Eight women were taken in the raid, of whom two were held for deportation.

While the men were being examined reports were received of other raids which were made on radicals at Philadelphia, Detroit, Newark, Jackson, Mich., Waterbury and Ansonia, Conn., and St. Louis.

The raids, taking place on the eve of widely advertised celebrations of the centenary anniversary of the establishment of the Soviet government in Russia, were said to have nipped in the bud a country-wide plot openly to defy governmental authority.

DEMOUNTABLE SHIPS FOR BRITISH EMPIRE

British Firm at Seattle Will Ship
Fifty Million Feet of
Douglas Fir.

Seattle, Wn., Nov. 7.—Announcement was made here today that the Furber Lumber Company, a New York concern controlled by British capital, will ship 50,000,000 feet of Douglas fir from Seattle to points in the British Empire in the form of demountable ships.

About 500,000 feet of timber will be used in the hulls of the ships. When they reach their destinations these hulls will be dismantled and delivered as lumber. The hulls and cargo of each ship will represent about 5,000,000 feet, it was said.

Arthur Robert R. Peary's famous Arctic expedition, the Roosevelt, now owned here, will tow the first of the demountable ships to Australia.

LET SERBIA SETTLE TROUBLES WITH ITALY

Vienna, Nov. 7.—Advice received here from Agram, Jugo-Slavia, report that the Serbians are being held in a protest against a possible war with Italy. The general tenor of the speeches and the resolutions adopted by the assembly during the night were "out involving either Croatia or Slavonia."

ELDER CARRIAGE WORKS ON FIRE

Robert Eder Carriage Works suffered damage to the extent of \$2000 for a small fire which broke out in the basement of the wagon shop together with a possible war between White'aw, seeing smoke level, put in an alarm, which was promptly responded to before the fire could make any headway.

WILL CONTINUE LOCKOUT.

Barcelona, Nov. 7.—The newspaper proprietors at a conference have decided to continue the lockout in force against them and also to expel all employees who have joined the syndicalists.

VICTORY LOAN PROGRAM

The route for the Victory Loan parade today will be as follows: University avenue to Queen, to Bly, to King, to Yonge, to College, to University.
Theater-going cars and horse-drawn vehicles assemble at 2 p.m. on University avenue, west side, and start for the parade at preliminary judging. Final judging on return of parade.
Two prizes for each section—\$100 Bond—\$50 Bond.

MAKING ADVERTISING PAY

Does advertising pay?
Why certainly it pays. Here is an instance that proves it. Go into Dineen's any time through the day and see all hands on the main floor busy up to 6 o'clock, selling Meis hats, and the Overcoat Department is also a busy place, but perhaps the busiest place of all at this season of the year is the Ladies' Fur Department. If you would just take time to walk through the Dineen store at 140 Yonge street you will be convinced that advertising pays, and it will also pay any person who will call into Dineen's to buy. See display advertisement on page 4 of this paper.

NO ARMISTICE HOLIDAY.

Ottawa, Nov. 7.—No public holiday will be proclaimed by the government on Armistice Day, November 11, according to the secretary of state department.

OPPOSITION GAINS IN NEWFOUNDLAND

St. John's, Nfld., Nov. 7.—The opposition party in the Newfoundland legislature makes steady gains, securing four more seats today. Bona Vista district electing Coaker, president of the Fishermen's Union, and his colleagues, Abbott and Windsor, by about two thousand majority over Minister of Justice Moore and two other government nominees, while Foggo, next constituency, overcomes the head of opposition over Oake, government, by about twelve hundred majority.

THE CITY OF THE OPEN GATES

The New Waterland Adds Sixty Per Cent to Toronto's Industrial, Commercial and Warehouse Area; Practically Adds a New City to the Old. Three Hundred Thousand People, and Throws the Whole Transportation Problem into a New Perspective, in Which Steam and Electric Railways Must Co-operatively Serve the Public.

SIXTH ARTICLE.

HOW would you describe Toronto's existing, built-up industrial, commercial and warehouse area? If you were managing director of the city, as a going concern, what would you pay to increase it by sixty per cent?

That increase is being made under conditions that are quite as romantic as, and infinitely more solid than many speculative foundations on a distant mine or a domestic invention. And the new area, because it enters the city as a road, and city wider, more open, less costly gated-in, is a supreme example of Great Britain's unimagined city council cannot limit its superhuman lunacy captures the intellect of half a million people.

Creation and ten per cent? Go down Bay street, cross the railroad tracks, plot on each side of you a grass plot, and the road is a shipping shed. In the southeast end of the open space is a handsome square building of the symbol of city's salvation.

First Building in Ferry Yards.

Commission, and therefore a possession of the humblest toiler in the city's industrial, commercial and warehouse area. Some of it is occupied by the commission, as a whole, is paying ten per cent on its corner stone.

The date on its corner stone is 1919. It seems hardly possible, but it is true, that this is the first building of the new water front for two decades. The two freight sheds, which were passed on the way that they were vacant for years, the Lake Ontario, and they were, therefore, as far as transportation facilities go, no longer there. That they should have been disused during the period of Toronto's most rapid growth is one of those facts which made us veterans from other ports say that the Torontonians had a city but knew it not.

Adds 60 Per Cent. to Trade Area.
These empty warehouses were in the business center of Toronto. From the present waterfront northward, between the railroad tracks and Queen street, and roughly from Riverdale Station on the east to Parkdale Station on the west, with projections to Gerrard, between

CANNOT SPARE PEARSE.

In regard to the nomination of City Architect Pearse to a post under the school board, the mayor said yesterday the city was not anxious for him to leave as he was one of the best men the city had at present. Mr. Pearse will have to give six months notice of his intention to leave the city, and before that time it is hoped something may be fixed up. The city will have to give six months notice to Mr. Pearse on Monday to discuss the matter.

CONSTABLE STILL CLINGS TO LIFE

Hope Given That Policeman Milton May Survive Bullet Wounds.

Policeman William Milton, shot twice early yesterday morning in a shed in the rear of 383 Yonge street, is still struggling for his life in St. Michael's Hospital. At 8 o'clock in the morning an ante-mortem statement was made by Milton, who signed his will and handed it over to Inspector Bond. He then lapsed into unconsciousness and attending doctors did not think he would live more than one hour. Later on in the morning Milton regained consciousness and chatted with his nurses. His wife and brother visited Milton and he spoke with them for a short time. Attending physicians state that there is a chance that Milton may live, the one of his lungs was shattered by a bullet, and the feared septic poisoning will set in. During the afternoon Milton's three small children were allowed to visit him for a short time.

Six Suspects. All of the detective force worked on the case yesterday and followed up information that took them to the east end and proved after many hours of searching that the man who shot the burglar was in the vicinity of the shooting at one o'clock in the morning. She was unable to assert that these were the men she saw, and the police were satisfied to release them. A reward of \$500 has been offered for the miscreant's apprehension.

Milton made further reference to the shooting. He said that after he pulled the box 383 he did not go in the lane in which the shooting occurred, but walked the beat south on Yonge street to Dundas. At Dundas he heard a noise that led him to go north again to Walton street. Going to the lane in the rear he saw the broken window, and proceeded to attempt to effect the arrest.

HOT WATER FOR SICK HEADACHES

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headaches are caused by auto-intoxication, which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, excite the heart, which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing violent, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromide, which temporarily relieve, but do not rid the blood of the irritating toxins.

A glass of hot water with a teaspoonful of phosphate in it, drunk before breakfast, will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal. Ask your pharmacist for a quarter pound of phosphate. It is inexpensive, harmless as sugar. If you aren't feeling your best, if your tongue is coated or you wake up with bad taste, foul breath, or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

VICTORY LOAN

ONTARIO EMPLOYEES COMMITTEE

HONOR BANNER COMPETITION

100% VICTORY LOAN 1919

One of the most interesting features in connection with the Victory Loan is the campaign among employees in establishments throughout the Province. The campaign has to do with subscriptions of employees only, and a Prince of Wales Honor Banner is awarded to each establishment reaching its objective. This objective is based on two things, viz.: That 75 per cent. of the employees subscribe, and their subscriptions aggregate an amount equal to at least 10% of the concern's annual pay roll. In addition a crest that may be attached to the banner is awarded to each concern securing subscriptions from 90% of its employees, and a second crest in the event of 100% of the employees buying bonds, also one crest is awarded for each increase of 25% over the amount of the original objective.

There is keen competition among establishments to see which will win the greatest number of crests. The following list shows the establishments in Ontario, excluding Toronto, that have already been awarded the Banner, together with the number of crests won by each. The list will be published in this paper daily:

The Provincial Committee take this opportunity of suggesting to every large employer who has not already organized that he do so immediately, and for this purpose every assistance will be given by local Victory Loan officials. Talk it over with them.

last night were inclined to think that had Milton been equipped with a flash light it would have placed him in the darkness to the gunman, but would have enabled the constable to have full view of his man. Milton said he did not have a light, but struck a match to look in the broken window. A number of the men carry flash lights, which they purchased themselves. Deputy Chief Dickson stated yesterday that the flash lights to be issued to all men on night duty were at present tied up in the customs. He said that the department was experiencing difficulty in getting equipment for the men. Last July an order for the lights was placed with a firm in the west end. They were unable, he said, owing to scarcity of material and labor, to fill the order, and sent to the United States. Word was forwarded that they had arrived in the west end. It is likely that they will be distributed in the divisions early next week. It is the intention of the deputy to have the inspector of each police station see that every man going out on the night patrols has a light when he is overcast with the relief.

LABOR NEWS

HAMILTON TO VOTE ON A HYDRO BYLAW

To Guarantee Bonds for a Beck Radial to Elmira.

Hamilton, Ont., Nov. 7.—Champions of "public ownership" will soon be given the opportunity to vote on another Hydro radial bylaw. Hamilton will be one of the 17 municipalities that will be called upon to guarantee bonds for an electric line that will connect up the Ambitious City with Elmira. While no definite statement has been made, it is expected that this city's share will be in the neighborhood of \$600,000.

LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe, and Nobody Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmothers' time. She used it to keep her hair beautifully dark, glossy and attractive.

But brewing at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

URGES TEACHERS TO STRESS THREE R'S

Canadian History Reinstated for the Junior High School Entrance.

"I desire to take advantage of this opportunity to impress upon the teachers of the province the importance of laying stress upon the fundamentals of reading, writing, practical arithmetic and spelling," states Hon. Dr. Cody, minister of education, in sending out a circular covering the courses to be adopted for the junior high school entrance examination.

History has been reinstated as the subject of one of the papers set for the examination, and an interesting course of study provided. The children will be specially instructed in Canadian historical matters. The first step deals with the Indians, their various tribes, and where they were situated. This is followed by the discovery of the country, on to Canada under the French kings, Champlain and the founding of Quebec and the British conquest, migration of the Loyalists, the war of 1812, its causes and the attitude of Canada, how the Dominion came to be formed and its development, and Canada in the Boer war and the recent conflict in Europe.

Courses in geography, grammar and arithmetic are set forth in the circular. "The home work assigned to pupils," it is stated, "is sometimes too great in amount and too difficult in character. There must be time for rest and recreation. Supervised work in the class room may well be substituted for many of the exercises which are at present required to do at home."

SMALLPOX THROUGHT PROVINCE.

Dr. McCullough, provincial health officer, stated yesterday that the smallpox epidemic in Ontario appeared to be the worst at Woodstock, Stratford, St. Catharines, Woodbridge and Mount Dennis, although the widespread demand for vaccine clearly indicated that the disease was fairly general. A large number of civil servants were vaccinated at parliament buildings yesterday.

SENTENCED FOR LIFE.

Michael O'Hara, who had been found guilty of a serious charge, appeared before Justice Kelly in the fall assizes yesterday. His lordship recounted the gravity of the offence and sentenced the man to life imprisonment.

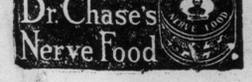

"I Wonder Would It Help Me?"

THIS question has been answered by many thousands of women who have found health and happiness in the use of Dr. Chase's Nerve Food.

Sleeplessness, irritability, nervousness, gloomy forebodings of the future, depression and discouragement—these are some of the symptoms which tell of exhausted nerves.

In order to avoid nervous prostration or some form of paralysis it is well to get the building up process established at once by use of Dr. Chase's Nerve Food.

SMALLPOX TOTAL NINETY-EIGHT

Forty-Two New Cases Reported Yesterday—No Deaths.

There were 42 new cases of smallpox reported at the city hall yesterday, making the total number of known cases 98. There was one admission to the Isolation Hospital, the remainder of the stricken people being quarantined in their homes. Up to last night there were 17 persons in the hospital and 81 quarantined at home. There are 62 houses in which the disease has broken out, whilst houses from which patients have been removed number 12. Some 225 persons are under quarantine as having been exposed to the disease thru contact with the actual cases.

All the vaccination stations yesterday were crowded, and the M.O.H. estimates that over 1000 children are being treated at the city hall, daily. The home of the adherents was yesterday more like a school treat ground than anything else. The youngsters just played around and sang until their turn came to see the doctor. The M.O.H. warns the public, however, that if they cannot be operated upon at the first application to come again. It seems the vaccine cannot keep pace with the demand. In addition to the free vaccination stations already announced, the General Hospital is now receiving patients from 2 to 5 every afternoon.

All the hospitals in the city have been notified by the M.O.H. that under the vaccination act they will be required to supply the necessary accommodations. The Howard School have been notified that they will not be admitted on Monday unless they are vaccinated.

Committee of Works Decide To Extend Teraulay Street

The committee of works yesterday decided to go on at once with the Teraulay street extension scheme, which has been held up during the war and when it is to be widened. The city already possesses \$200,000 of property on Teraulay street, but more will have to be purchased.

On the proposition of Alderman Ramsden it was decided to adopt the scheme of 1886 under a new bylaw. The architect was instructed to prepare a report to the board of control and applications for building permits on the west side and south of College street.

MAYOR ISSUES PROCLAMATION.

The mayor today issues a proclamation calling upon all the citizens to refrain on Tuesday next at 11 o'clock for the space of ten minutes from all labor, whether domestic or otherwise, as a thanksgiving for armistice day. He also asks the schools and colleges to celebrate the day, and requests all citizens to display flags. He further requests that all churches on Sunday next have services of general thanksgiving.

REDUCING THE QUESTIONS.

There are already some fifteen questions to be put to the electors in January, and the mayor, with the assistance of City Clerk Littlejohn, is trying to reduce them down to two or three relating to the establishment of a transportation commission for the city.

The mayor will call an informal meeting of the city council to discuss his transportation proposals, as he feels the board of control and the council should show a united front on all points connected with it.

NAVY LEAGUE ATTRACTIONS.

The Navy League of Canada is offering a donated prize of \$25 to the school pupil who writes the best essay on the life of Lord Nelson, elaborating upon his naval achievements.

Two special matinees of the film life of Lord Nelson will be held in Massey Hall on Armistice Day, Tuesday, for fourth grade history students, and another on Saturday morning for all children below fifth grade.

GOOD ROADS VITAL.

Yesterday at the Electric Club lunch, W. A. McLean, M.E.F.C., provincial deputy minister of good roads, gave an address on the importance of roads in the national fabric. He said that good laws, a fertile soil and easy means of transportation were the prime necessities of national success.

ELECT ENTOMOLOGIST.

Ottawa, Nov. 7.—Arthur Gibson, chief assistant entomology branch, department of agriculture, was elected president of the Entomological Society of Ontario at a meeting held today. C. A. Morris, of Peterboro, was appointed vice-president; A. W. Baker, Ottawa, is the secretary-treasurer, and A. F. Spencer, Ottawa, is curator.

MURRAY KAY COMPANY, LIMITED

HOME FOR INCURABLE CHILDREN

Interesting reports were read at the Home for Incurable Children, 152 East Bloor street, yesterday afternoon. The secretary's report, prepared by Mrs. George Tower Ferguson, was read by Mrs. Donald. Many "treats" given to the little inmates by friends were mentioned, special interest being shown by the introduction of an elevator, due to the efforts of H. D. Gamble, and the kindness of Walter Pickett, the barber of the King Edward Hotel, who cuts the locks of the children.

The treasurer's report stated that although the income was larger than that of last year the expenses exceeded the amount received. Receipts were \$13,415, overdraft \$1,231.19. The medical report stated that during the year there were 24 children, 11 boys and 17 girls, in the home. There had been two deaths and six were sent to Orillia.

Mr. Edwin Dickie made a pointed address in which he stated that 12 of the 24 children were from outside municipalities and advocated an appeal to the new Government for an increase in the government allowance, which at present is but \$207.

The officers for the year are: Hon. president, Mrs. H. Hough; president, Mrs. Dewar; vice-presidents, Miss Rogers, Mrs. McLay; treasurer, Miss Maria Buchan, Miss Winnifred Freeland; secretaries, Mrs. Donald, Mrs. Oiler; superintendent, Miss C. Fleming.

THANKED BY PRINCE

The secretary to the Prince of Wales has written Miss Florence M. Benjamin of Toronto, thanking her for copies of the songs, "Little Butterfly," "Hurrah for Peace and Liberty" and "France, Our Sweetheart of the World," which were written and composed by this popular song writer and have made a distinct hit locally.

SATURDAY MORNING, NOV. 8.

Hydro Radials Assured.

Thursday's meeting at Galt will help to crystallize for many people the conception of the Hydro radial system for the province that has been more or less vaguely before their minds for some years.

The nationalization of the Grand Trunk Railway will harmonize with this plan, and the Hydro Commission will be able to co-ordinate many of the G.T.R. branch lines and save duplication.

Rapid transit from rural districts to city markets is what the country and the farmers and their customers in the cities need beyond anything.

There is little doubt that the new government will be entirely favorable to the radial plans, and unquestionably the radial policy will be as great an anchor hold for the Drury administration as the Hydro-Electric was for St. James Whitney's.

Seven Murderers at Large.

There are said to be seven murderers at large after crimes committed or attempted in the city recently. This is not a satisfactory record for a city like Toronto.

Discretion and Good Times.

With the unlimited resources of an unscrupulous imagination, The Telegram is easily able to outdistance its contemporaries in the presentation of any case that appeals to it.

PREPARED FOR SHORTAGE

Deputy Fuel Commissioner Says Toronto Thoroughly Alive to Coal Situation.

That Toronto is better prepared than even in normal times in its fuel supply was the agreeable statement made to a reporter for The World by H. A. Harrington, the new deputy provincial fuel commissioner, yesterday.

There were many industries in Ontario, however, said Mr. Harrington, who had lulled themselves with a false security, and he stated that in the exercise of his authority he might have to come to their relief thru the wondrous the United States would do.

Mr. Harrington thought that the coal troubles in the United States would result in an advance in bituminous coal. Should the United States government take over the bituminous fields at a minimum price of one cent per ton the taking over would involve the issuance of government bonds to interest sinking fund for hundreds of years.

"Here," said Mr. Harrington, "is Canada's opportunity to develop her coal fields. There are coal fields enough in western Canada, he said, to supply our national bituminous demand for hundreds of years.

The widening of Teroulart street is a case in point. This improvement must be carried out. It cannot be escaped. There is no more imperative necessary item on the city program.

It will cost vastly more than it would have cost some years ago. It would even have been better to go ahead with it during the war than to wait for the higher costs that will now be incurred.

The Telegram accuses us of prophesying hard times. The Telegram will have some difficulty in producing any corroboration of its statement. There is no better way, we have said, to avoid hard times than to face the possibility and take the steps requisite to obviate such conditions.

Every student of economics is aware that cycles of depression and elation in business succeed each other. To obviate this, steps must be taken to meet the cycle of depression with special activity, and in new directions. Those who rely on the old and expiring impetus inevitably come to the wall, as the Hearst government did. After the

stagnation of the war, we should naturally have, allowing for certain extraneous factors in the situation, a period of great activity and liveliness in production. It only requires a little wisdom and business foresight to guide this renewal of activity into the most useful and lucrative channels. If The Telegram is able to read pessimism and despondency into this view, it is welcome to do so.

Perhaps after the defeat of the Hearst government it is unable to be otherwise than doleful, and fancies its neighbors must share its dolor. Great care should be taken in spelling this word.

Ontario, and Toronto in particular, has no reason to fear hard times, if its rulers, governors and advisers act with the most ordinary modicum of common-sense and discretion. No where in the world is in a better position to face the future, and if The Telegram and its advisers do not endeavor to coop up the destiny of the city in the area encircled by the Belt Line, and will try and understand that activity, production and success are not possible without general growth and expansion, all will be well.

The Telegram insists on practicing municipal sabotage, however, merely because it can't have everything it wants. It wants it, we may experience another series of blunders such as the Telegram has too frequently engineered before.

Indeed, in this work lay a certain relief. Louise could not have expressed exactly what she felt. The idea was still for various in her mind. She merely knew that she no longer took pleasure in standing in the doorway watching Harry go down the road to the station. She found herself wishing he would hurry and make the turn, where he always stopped and waved back. And, once he had waved, instead of lingering as a first, Louise now rushed back to her work and hurrying thru in order to get at the painting.

THE BUBBLE BURSTS.

CHAPTER 30.

The weeks ran on again, and the heat of August gave way to the cool of September. Louise wondered why she was not happy. She had found a congenial occupation, and she discovered that she had a decided talent for the stily piece by piece, she was converting the out-of-date furnishings she brought from her old home into

For stily piece by piece, she was converting the out-of-date furnishings she brought from her old home into upholstery she had recovered with her "elvis evening cape, she had now enameled in a harmonizing tone. The no reason had ever existed, she either signed when she was ready to decorate. The gigantic wardrobe whose bulk and hideousness had once annoyed her living room had once become a piece of green that matched exactly the dullest of the wall itself.

It was not the dream of antique elegance Louise had wanted once. She wanted something more unusual, a mixture of the ultra-modern and the quaint that was really delightful.

Indeed, in this work lay a certain relief. Louise could not have expressed exactly what she felt. The idea was still for various in her mind. She merely knew that she no longer took pleasure in standing in the doorway watching Harry go down the road to the station. She found herself wishing he would hurry and make the turn, where he always stopped and waved back. THE CITY OF OPEN GATES

(Continued From Page 1.)

tween the Don and Parliament, and between Jarvis and University, so as to take in the departmental store country, the business centre includes thousands of dwelling houses.

The created area—the new city that pays as it enters the old—will be entirely a business workshop, so that, in effect, it will increase the main business area more than sixty per cent. It is over 640 acres, or equal in extent to the whole of the City of London, and not all the essentially waterfront population. They need clothes and food, and houses and churches. Sixty thousand industrial workers mean a city of at least three hundred thousand souls.

Don Becomes Deep Dock.

Don't you, when you contemplate the going out and the coming in of an exceeding great multitude which will, in a very real sense be located on the new front. The waterfront has put an entirely new perspective. It is working the morning and taken home at night. The railroad business, steam as well as electric—along the waterfront will be revolutionized.

The present of getting over the rail, north was comparatively negligible, as the condition which saw not a considerable new building constructed in houses to be hove only for bats and rats. How is the fast developing situation to be met here?

To get on and off the harbor terminal district—Ashbridge's Bay, that was—two roads are already in use. A street railway transfer from King and Broadview at the eastern end of the Don bridge

long been used as a sporting park, and on which they will erect the biggest mall order building on the continent. A few years hence, on the present dis- torable rate of progression, sixty thousand people will be earning their daily bread. What does that mean, in civic assets? The fundamental civic asset is the manufacturing wage-earner is two the waterfront means a hundred and eighty thousand people. And there are not all the essentially waterfront population. They need clothes and food, and houses and churches. Sixty thousand industrial workers mean a city of at least three hundred thousand souls.

Queen's Quay is Coming.

But, the terminal district has road and street car access to the eastern and westward on Commissioners' street, to the new boundary of Toronto Bay, nearly straight south of Cherry street. The noble Don turns westward instead of going straight into the former Ashbridge's Bay, and for seven hundred yards will be a dock for deep-draught steamers. Cherry street comes down to its almost extreme western end. Here a bascule bridge has been built for access to the new industrial district, at a cost of about \$250,000, which lifts by concrete balance to let the shipping thru.

WHIP MUST APOLOGIZE.

Returned soldier-students at the Central Technical school have passed a resolution demanding that Chief Whip A. L. Davidson be required to apologize to J. H. Flynn for a statement he is alleged to have made that there were as good Austro-Germans as there were Flying.

THIEVES CRASH INTO CARS.

Three men speeding west on Queen street in a car stolen from Donald McKinnon, 7 Deer Park avenue, crashed into two different cars at the corner of Queen and Beatty avenue. Without stopping to see how many persons had been injured, the thieves leaped from the stolen machine and have not been seen by the police.

Not Strangers, But Friends.

Queen's Quay will be 150 feet wide and have half a dozen electric railway tracks in the middle. Over them all the radial traffic will travel at street traffic speed, with the terminal docks to the Union Station. You perceive, then, that the main bulk of the city's traffic must necessarily be east and west, and that, the east end must be east and west may be west, the

whin must meet at the time-honored centre of the city's transportation. Hitherto, it has been assumed that, like the Jews and the Samaritans, the public-owned radials and the privately-governed steam roads could have no dealings one with the other. But the admission of the senate to public ownership makes the Queen's Quay and the Canadian National Railway parts of the same whole.

Henceforth, it is the public business to see that they are not strangers, but friends. There may not be unity, but there must be co-operation, or the open gates of the city will creak as they swing on their mighty hinges.

CHARGE AGAINST INSPECTOR

J. E. Lawson, in the police court yesterday, moved before Col. Denison to lay a charge against Inspector Miller for refusing to hand over four bottles of liquor seized by the police in the home of a man whose case was dismissed. His worship allowed the barrister permission to lay the charge.

McBride Accuses Controllers Of Toadying to Capital

At a meeting of the board of works yesterday Controller McBride came out as the upholder of the small business man and his rights. A photographer, F. B. Whitton, 728 Logan avenue, applied for permission to place a case of photographs outside his premises, but as it would encroach on the pavement, his request was turned down. The next item for consideration was a request by The Star newspaper to construct an overhead trolley track in a lane at 18 West King street. This was granted. Controller McBride complained that a small tradesman who did not know how to approach the committee, was turned down. When a big newspaper came along the committee got up in the air and gave them all they wanted. The Star had plenty of money, said the controller. The photographer was only getting a living, and if he got behind in his taxes the city would put in a judgment. It was not right to treat one man to the detriment of another.

LOCAL FIRM SHOWS O'CONNOR MISTAKEN

Plenty of Expert Cost Accountants in Canada, Says J. Thorne.

W. F. O'Connor, vice-chairman of the board of commerce, has either forgotten there are some brains in Canada, or he is trying to depreciate them.

A reflection such as the above could hardly go unnoticed by Canadian accountants, so The World yesterday inquired of Mr. Thorne, of Thorne, Mutholland, Howson & McPherson.

Mr. Thorne declared, a practical factory man—have gone thru the mill in addition to being an accountant.

Mr. Thorne himself is an authority on boots, and at the invitation of the shoe manufacturers' convention read a paper on "Factory Costs" before them in London last July.

Mr. Thorne's firm are dealing with local packers' costs every day of their business existence, and, as the head of the firm said, they could almost tell how much the eye of the hog was worth, or how much each bean in a tin of beans and pork cost as from grower to consumer.

Mr. Thorne concluded by saying that Mr. O'Connor can find just as good men in Canada as he can in the States.

Mr. Thorne, besides, have the great advantage of knowing Canadian wants and Canadian ways of manufacturing.

THE TIGERS' VICTORY OVER ARGOS STANDS

Winner in Hamilton Today Will Be Champions of Interprovincial League.

The Big Four executive last night decided to throw out the Argos' protest against Hamilton on account of the interference of spectators. Argonauts came to the meeting in possession of sworn and legally attested affidavits from players of the team and also from Touchline Judge Kennedy. The affidavits of players Bradford, westman, Pocock and Munro were read and were explained by Secretary Ferguson of Argos. Their tenor was that when McKeelvey carried the ball towards the Argos line there were spectators on the field of play between the ball carrier and the second defence line of the Argos, and that these spectators prevented the Argonaut halves from seeing the approaching player in time to effect a tackle. The latter of Hamilton furnished no affidavits, but brought players and club members to testify to their side of the case, which was that McKeelvey, who carried the ball, ran along the side of the playing field within bounds, etc. The meeting then decided, according to the report of the officials, in which both Biddle and Quilly stated that their knowledge of the ball was carried through a clear field to the scoring point, but that the crowd surged onto the field after the play had been made. Each official declared the behavior of the Hamilton crowd, and urged league action in the matter of forcing home clubs to keep spectators away from the field of play.

Thus the game today at Hamilton will decide the interprovincial championship, while the game at the Stadium will settle whether Ottawa or Argos will take tall and honors.

The winner here and the loser at Hamilton will tie for second position.

The M.A.A. players will arrive in Toronto this morning and proceed on to Hamilton. The Big Four officials and I. M. Roberts of the Argos, who came ahead for the meeting, state that the players are in fine trim and fully confident of the result. The half-backs are especially going strong, and that's where they will have the edge on the Argos.

The following Ottawa players left last night for Toronto: Doc Davies, Eddie Emerson, Elmer Tubman, Walter Gill, Hooley, Billy Craig, Kenny Cassella, Art Murphy, Gordon Willis, Doug Stalker, Jimmy Ingram, Cummings, Fitzsimon, Dave Gill, Ray Tubman and Jesse Kottum.

The Argos team for today: Flying wing, Flynn; halves, Pocock, Batstone, Munro; quarter, Cochran; scrum, Bradford, Folson, Sinclair; insides, Foster, Sullivan; middles, Cassella, Westman; outsides, Knight, Lang.

The Montreal team to play Tigers: Flying wing, Horecovich; halves, Brophy, Jacques, Barwick; quarter, McKeelvey; scrum, Rowlands, Roberts, Lewis; insides, Baker, Abinovich; middles, Findlay, Potlarchy; outsides, Sharp, Corbett.

Ridley will be champions again if they win at U. C. C. this morning, kick-off at 11. The second teams play in the afternoon starting at 2:30.

signed players of Parkdale "A" are requested to be on hand early.

The Todmorden Rangers play Linfield Rovers at Frankland School grounds at 4.

Dunlops will have as visitors today the new organized Swift Canadian team in the second round of the Bridgen Cup. The latter are an unknown quantity as

far as soccer is concerned, but Manager Wash claims he has rounded together a good team and they go so far as to say they will beat the Rubbermen. The latter are taking no chances and have selected a strong team to represent them. A good crowd should be on hand to see this game.

All Parkview players please be on hand at McKensie Park (Avenue road) for game with Beavers "A" at 2:30 o'clock this afternoon.

Scottish and Ulster meet at Broadview Field in the semi-final of the Dunlop Shield. This game promises to be a keen and interesting one. The Irishmen have never yet been beaten by the Scottish, and are out to maintain their unbeaten record, while, on the other hand, the "Scots" say that they will register their first win against the Irishmen today. It may be depended on that Ulster will put up a hard battle to retain this handsome trophy of which they are the proud possessors. Granted favorable weather, a record crowd should be on hand. The game is called for 2 p.m. and W. S. Murchie will handle the whistle.

A hard game should be the outcome of the undecided Bridgen Cup fixture, between Baracas A and Parkviews, at McKensie Park, Avenue road, Saturday, 8th inst. Baracas A players: Kimsay, Hiam, Russell, Roberts, Hardacre, Buchanan, Logan, Oswald, Delehanty, Simpson, and Jefferson. Baracas A: Aiken, Balfour, Revington, are asked to report on time for a prompt kick-off at 2 p.m.

At Frankland School grounds there will be two good games, the first at 2:15 between Linfield and Beavers in the replay of the semi-final of the Dunlop Cup. At 4 p.m. there is a juvenile game between Linfield Rovers and Todmorden Rangers. The Linfield Rovers will rely on the following players: Williamson (capt.), Woolcott, Heitzman, Trapp, Tilly, DeLo, Waggood, Prescott, Johnson, Bullock, Harrison, Clarke and Birch.

Beavers will play Parkdale Rangers a league game today, at Queen Alexandra School ground, kick-off at 2:15. The following Beaver players are requested to be on hand not later than 2 o'clock: Merkle, Landrean, Hayhurst, Waddell, Findlay, Newell, Giesd, Gould, Tisert, Bonoboro, Munro, Spagnola, Letcher and Saunders.

HARVARD PLAYS PRINCETON TODAY

New York, Nov. 7.—Football approaches the climax of the season tomorrow with the playing of one of the classic contests of the year, and several games which will weigh heavily in the final alignment of the eleven. The principal contests are: Harvard at Princeton, Notre Dame at West Point, Brown at Yale, Penna and Dartmouth at New York, Carnegie Tech. at Cornell, Washington and Jefferson at Pittsburg, Rutgers at Boston College, Georgetown at Annapolis, Rochester at Colgate, Lehigh at Penn State, Bucknell at Syracuse, Wesley at Amherst.

WEST END INDUSTRIAL MEET.

The industrial department of the West End Y. M. C. A. is putting on a big industrial athletic meet this afternoon in the gymnasium at the corner of Dovercourt and Colborne streets. The program, consisting of ten interesting events and swimming, has been mapped out in such a way that everyone will be kept busy from 2 o'clock on. Entries have been received from fifteen industrial plants in the western section that are sending teams down to compete in this meet and try for the team trophy. This meet is only one of a series that will be held throughout the year, and will wind up at the end of the season with one big meet.

LEAFS STILL IN MINORS. After you wade thru a lot of stuff contained in a New York despatch you find that Toronto is named for a new alleged major baseball league circuit that may be launched by Ben Johnson's adversaries if Ben fails to take to the woods.

A HOCKEY PLAYER knows Good SKATES

You can rely on a Hockey player's judgment.

Watch him with his STARR skates swing off down the ice.

See him swoop down on the puck, stop with a jerk—he's off with it, running down on his toes—he swerves, he dips, he flashes in front of the goal. Zip!—he's scored. STARR skates deserve part of the credit.

He has perfect confidence in STARR SKATES; he chose them because they are exceptionally light, made of finely tempered and tested steel and need very little sharpening.

He knows that no matter to what strain he puts them, STARR skates won't break.

His STARR hockey skates are extra strong because of the STARR secret process of tempering and quality of steel used in the runners, which consequently hold their cutting edge longer.

It does not matter whether it's natural or artificial ice, STARR SKATES are best.

Best for hockey—Best for fun. Ask your dealer to show you STARR SKATES. Write to-day for our 1919 Illustrated Catalogue.

half-century the home of famous race-horses and blue-blooded stock. The farm was bequeathed to Mrs. Livingstone by the late Pierre Lorillard, the only American turfman to win the Epsom Derby with an American-bred horse, Iroquois carrying his colors to victory in that world-famous race in 1881. The report is that Mrs. Livingstone has sold the farm, located eighteen miles south of that city, which has been for about a

THE PORTER BENEFIT RACE MEET IN GALT TODAY.

Galt, Nov. 7.—If the weather behaves a large turnout will take in the Ben Porter benefit meet here today. Three splendid harness races are down for decision, and some of the best horses in Canada are here. Many prominent horsemen already have arrived to assist in making the day a big success.

SIR BARTON WON SECOND SERIAL

The Porter Second and Billy Kelly Third in Pimlico Feature.

Pimlico, Nov. 7.—No. 2 of the Pimlico special weight-for-age races, consisting of three events, one at six furlongs, another at one mile and the third at 1 1/4 miles, was decided today. Under the conditions, the horse winning two out of the three races receives \$1000 additional. Billy Kelly had accounted for No. 1, and was a starter today, but the best he could do was third to his stable-mate, Sir Barton. Sir Barton led, with the rest close up to the stretch, where the Porter made his bid, but Sir Barton drew away at the end, winning by three lengths from the Porter. Lucillite was last, far back. The \$1000 bonus is still to be awarded. The last leg of the serial is set for next Tuesday.

THE HOCKEY MOGULS ARE CLEANING HOUSE

Several Players Ruled Out, and Only Regular Clubs to Be Admitted.

At the first meeting of the Ontario Hockey Association executive for the season, held last night in the Fairbank building, drastic action was taken to remove control of clubs from the irresponsible and temporary direction which had brought about undesirable conditions, especially in senior hockey. It was laid down that the policy of the O.H.A. was to grant franchises only to clubs representing permanent and responsible organizations. The sub-committee was instructed to prepare a list of membership under the new conditions in Toronto, Hamilton, Kitchener and Mississauga.

Toronto, senior—University of Toronto, Dental Alumni Association of Toronto, Canoe Club, Aura Lee Athletic Club, Argonauts, Howie's Club, Don Rowing Club, Parkdale Club, Grants Club, Toronto, intermediate—Playgrounds Athletic Association, Inter-Church Athletic Association, Toronto (teachers) Hockey League.

Toronto, junior—High Schools Athletic Association, Beaches Athletic Y.M.C.A., West End Y.M.C.A., Broadview Y.M.C.A., University Schools, York Canada College, St. Andrew's College, St. Michael's College, De la Salle College, and any of the senior organizations.
Hamilton, senior—Hamilton Athletic Association.
Kitchener, senior, intermediate and junior—Kitchener Amateur Athletic Association.

Before franchises are granted, the responsible officers of these associations will be required to guarantee to the O.H.A. the satisfactory conduct and management of their respective hockey teams. Complete financial statements must be presented to the O.H.A. by each association, and when called for during the season, a further step in the direction of the scrutiny of players was taken in the adoption of a list, which is likely to be added to before the new certificates are issued for the coming season, of holders of certificates, which will not be renewed this winter. Toronto and Hamilton must compose the list, so far, the names being: D. M. Eren, Cecil Dye, J. P. Hefferman, G. G. Eary, Glenn Smith and A. J. McCaffery of Toronto; D. M. Roach and T. E. McCarthy of Hamilton. It was also provided that O.H.A. players cannot take part in any games, exhibition or otherwise, in which players who are denied certificates compete.

The resignation of Mr. Frank Hyde of Woodstock, who has been a member of executive for many years, was accepted.
Northern Ontario hockey looks like coming into a sound and well-organized existence. Affiliation with the O.H.A. was granted, and the Northern winners in this sense will play out with O.H.A. intermediate and junior winners. It will have two series, called senior and junior, but corresponding to the O.H.A. intermediate and junior. As at present constituted, the Northern Ontario Hockey League consists of these groups: Northern—Timmins, Schumacher, Iroquois Falls, Central—Cobalt, Haliburton, New Liskeard, Southern—North Bay, Sudbury, Copper Cliff.

Dealing with applications from the Canadian and American Societies, the O.H.A. will suggest to the Northern that it take the Canadian Soci.

J. MARSH LANDS THE CHAMPIONSHIP

Wycliffe College Hold Annual Track Meet in Bad Weather.

Before a rather small crowd, assembled at Varsity Stadium yesterday, due possibly to the inclement weather, Wycliffe College held their annual outdoor track meet. The track was heavy, and due to a high wind no records were broken.

RESULTS:
100 yards, final—W. J. Morgan.
Putting shot—H. Marsh.
220 yards, final—W. J. Morgan.
Running broad jump—A. Blackwell.
440 yards, final—W. J. Morgan.
Running high jump—H. Marsh.
One-half mile—H. Marsh.
One mile—G. F. Leigh.
Hurdles—H. Marsh.

Three miles—G. F. Leigh.
The individual championship was won by H. Marsh, who secured 24 points. Second place was accorded to W. J. Morgan.

The most consistent performer was W. J. Morgan, who showed exceptional ability in the sprints, capturing the three events quite handsly. He has good form and with proper coaching should easily catch a place on the Varsity track team.

WEST END ATHLETICS AND BASKETBALL.
The senior business boys at the West End Y.M.C.A. had a very active night between their athletic and basketball programs. Thirty boys took part in the standing broad jump and some splendid jumps were made. C. Garland won the event with a jump of 7 ft. C. Bennett was second with 8 ft. 5 in. and B. Bennett and B. Greenway tied for third place at 7 ft. 11 in.

Two fast games of basketball were played by the coming stars. The following scores resulted: Team No. 1, 12 points; team No. 1, 4 points; Team No. 2, 9 points; team No. 4, 7 points.

THREE-CORNERED TIE POSSIBLE IN EAST

Yesterday's high school games resulted as follows:
—Senior—
North Toronto, \$32 Parkdale, \$22
Humberstone, \$9 Oakwood, \$1.29
Malvern, \$9 Harbord, \$9.85
—Junior—
Humberstone, \$7 Oakwood, \$5
Malvern, \$6 Harbord, \$8
Technical, \$1 Jarvis, \$8
Commerce, \$6 Parkdale, \$8
It looks as if the high school rugby football will not be staged Friday, as scheduled. The reason for the delay is the mix-up that has developed in the eastern senior group.

Harbord stepped in and handed Malvern an 8 to 2 beating yesterday, and made Harbord and Riverdale tied for the leadership.

Malvern have to replay a game with Technical on Tuesday, and if Malvern should win, as the dope says, a three-cornered tie will result. It would then be impossible to play two more games and have a team ready to meet Oakwood in the final next Friday.

The juniors are ready for the fray at any time. Jarvis won the eastern section by defeating Technical, 11 to 1, yesterday. The scores were all single points, and Cotton was the man that did all the booting for the winners.

Parkdale defeated Commerce by one point a week ago yesterday in the game for the group honors, but considerable "licking" arose and the teams agreed to play another game to decide it. The contest was staged yesterday, and Commerce won the game and group by 5 to 3.

Commerce got their five points in the second quarter by grabbing a muffed ball and going. Parkdale's three points were the result of forcing Tougas.

Commerce and Jarvis will meet for the junior high school honors, and Oakwood won the western senior

BOULTS AT WOODSTOCK.
Woodstock, Nov. 7.—A big crowd turned out to the Arena tonight and were treated to a good exhibition of boxing. Fern Bull, the Canadian welter-weight champion, staged a three-round fixture with Sam Baird of the Toronto Juniors at 145 pounds. Referee Garnett Marsh announced the result a draw, but the Toronto Juniors made a good showing against Myers of the Toronto Classics, at 115 pounds, and Myers of Toronto had the best of Courtney, his shorter opponent, in a three round tussle. Courtney was kept covering.

The principal bout was between Gunner Mike Smith of Woodstock and Fern Bull. It was Smith's first appearance in his home town, and he made a fine showing.

AUCTION SALE, WEDNESDAY NEXT, NOV. 12th

SEVERAL IMPORTANT CONSIGNMENTS will be disposed of without reserve, including a number of city-broken horses that have been in constant use by large construction companies and wholesale houses, as well as several carloads of sound, young Heavy Draft, General Purpose Horses and Delivery Horses.

Plays, Pictures and Music

"The Woman in Room 13." The Royal Alexandra will have an unusually fine attraction for the week of Nov. 17, when A. H. Woods will present the successful melodrama, "The Woman in Room 13," which enjoyed a run of eight months at the Republic Theatre, New York, last season. It has a cast that has rarely been equaled in one play on the American stage. At the head of it are Robert Edeson, Catherine Tower, Kenneth Hill, Charles Waldron, Mary Newcomb, Dewitt C. Jennings and a supporting company of equal merit. Seats will be placed on sale next Thursday morning at the theatre box office.

Gallo English Opera Company. One of the most notable troupes booked for the Royal Alexandra Theatre for the present season is the Gallo English Opera Company, fresh from its metropolitan run at Shubert Theatre, New York, where it has been acclaimed as the logical successor of the Gilbert and Sullivan Opera Company of a few years past. Fortune Gallo, who has won a unique place among the impresarios of America with his Gallo and Sullivan Opera Company, which, without outside financial backing and with no subscription list, he placed in a few years in the first rank of the grand opera companies of this country, has organized a splendid coterie of comic opera artists to which he has given his name, and with which he purposes presenting a series of the better-known English and French opera comedies, such as were given by the Bostonians and the McCull Opera Company of a couple of decades ago. Naturally in making revivals of this character, Mr. Gallo has turned to his first offerings to the works of William S. Gilbert and Sir Arthur Sullivan. For many years the Gilbert and Sullivan operas have served as the standard of the light opera world, and their humor is as fresh and their musical scores as melodious today as when they were in their youth. For the week here, which opens on Monday, Nov. 10, the offerings for Monday, Tuesday and Saturday nights and at the Wednesday matinee will be "The Mikado," unquestionably the Gilbert and Sullivan masterpiece. On Tuesday and Friday evenings, Robert Planquette's great romantic opera, "The Chimes of Normandy," is to be the offering, while on Wednesday night and at the Saturday matinee, Gilbert and Sullivan will be returned to with their immortal "H.M.S. Pinafore."

"Fio-Fio" is Coming. John Cort will offer his musical comedy of lingerie display and bride shop revelations, "Fio-Fio," with management at the new Princess the week of Nov. 17. The featured players in the cast are Handers and Millie, the two eccentric dancers, who were so favorably seen in this vehicle last season. The book is by Fred de Greslan, and the music by Silvio Hein. Manager Cort promises a bright production and a big cast of favorites with Katharine Stout, Al Egan, Venia, Fumara, and Stella, Harry Short, Henry Sherwood, Laura Bennett, Bert Gardner, and an announced as "perfect sixes."

"The Rainbow Girl." Klaw and Erlanger's "The Rainbow Girl" is announced for an engagement at the Princess Theatre for the week of Nov. 17, starting Monday night. "The Rainbow Girl" is billed as the most perfect musical comedy of the past five seasons. It is said to be so because of the careful attention which has been given to detail; while there are twenty odd members who appear in principal character parts—the chorus is said to be the finest vocally and physically that has ever been assembled. Thus assisted by an ensemble that

GENERAL DEBILITY FOLLOWING INFLUENZA

Strength Can Only Be Regained by Enriching the Blood. Following a widespread epidemic of influenza, general debility is on the increase, and its effects may be noticed in the worn, listless appearance of so many of the men and women you meet. Influenza always leaves behind it impaired vitality, and with the modern conditions of life that use up nerve force so rapidly, general debility becomes one of the most common maladies. The symptoms of debility vary, but weakness is always present. There is poor digestion, languor, weak, aching back, wakefulness at night often distressing headaches and a feeling of fatigue. These symptoms indicate impure and impoverished blood. It is significant of nearly every attack of influenza that it is followed by anaemia and debility. For all such rundown conditions, new blood is the most reliable cure. Sufferers should at once begin to make their blood rich and red with Dr. Williams' Pink Pills for Pale People. This medicine will realize more and more the health-restoring and blood-enriching effects of good food, and how this medicine brings a feeling of new strength and increased vitality. Proof is given in the case of Mrs. Robertson, Windsor, Ont., who says: "I had Spanish influenza spread over our town I happened to be one of the first attacked, and the attack was a very severe one, and, worse still, the effects of the trouble left me in continuous misery. I had severe pains on my side, felt low-spirited and with no ambition whatever. My head ached almost continually, my eyes felt heavy, and pimples broke out on my face. I was advised to try Dr. Williams' Pink Pills; and after taking them for a time I felt like my old self, able to do my household and feeling well and strong. I can strongly recommend Dr. Williams' Pink Pills for Pale People as after-effects of influenza, as I am sure they will restore all sufferers to good health. You can get these pills through any dealer in medicine or by mail, post-paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medical Co., Brockville, Ont."

A Woman's Trouble

Stratford, Ont.—"I do think Dr. Pierce's Favorite Prescription one of the best medicines I had for quite a long time. It has done me more good than any other medicine I have ever known for the ailments of women. I had for quite a long time been having woman's troubles which caused me to become all run-down, weak and nervous. A doctor told me nothing would do me any good but to begin taking 'Favorite Prescription.' This medicine gave me such wonderful relief that I am glad to recommend it to others."—MRS. A. GODWIN, 60 Brant St.

NERVOUS AND RUN-DOWN. Brampton, Ont.—"A few years ago I was in a nervous and run-down condition and felt greatly in need of a tonic. A friend who was helped by Dr. Pierce's Golden Medical Discovery advised me to try it, too. It helped me from the very start and eventually restored me to perfect health. I feel in a position to praise the 'Golden Medical Discovery' very highly and take pleasure in recommending it to all those who are at all nervous, weak, run-down, etc."—MRS. ESTHER PEATSON.

Dr. Pierce's medicines are made of vegetable growths that nature surely intended for backache, headache, pains, irregularities, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root, Oregon grape root and Viburnum. Women who take this standard remedy know that Dr. Pierce's Favorite Prescription they are getting a medicine that is as good as druggists everywhere sell it in liquid or tablet form. It is without alcohol.

can sing and dance, Harry Delf, Lenora Novasio, Mabel House and Edna Hettler execute terpsichorean manoeuvres which are a joy. With it all there is a strict conservation of their costumes so that nature's alluring charms are not hidden under a bushel basket. This chorus also contributes to the superior work of Grace Walsh, who sings the prima donna role, and Harry Benham, who sings the juvenile lead. Maurice Tourneur's latest greatest, "The White Heather," is the leading production. This is the chorus in this case, severally and collectively, becomes an important factor.

"Mutt and Jeff's Dream." Gus Hill's latest hit, "Mutt and Jeff's Dream" will be the attraction at the Grand Opera House next week. In this piece the famous cartoon characters, who have set the whole world laughing, will figure in new adventures and escapades sure to increase their already enviable popularity. This time their adventures will be in the "Land of Dreams." Prior to the denouement, two humorous situations in plenty of lively situations which increase with laugh-compelling velocity until the final curtain reaches them. There are many surprises, dances, tilting scenes, features, original bits, complications, screams and other ingredients destined to amuse the grouchy person on earth. Those who have seen the show declare it to be the best of the Mutt and Jeff series, which is something to be proud of in view of the many successful vehicles the two have appeared in since they became real stage personalities. The company includes a cast of clever entertainers, including a real singing and dancing chorus of pretty girls.

Barney Gilmore Coming. Barney Gilmore, the talented Irish comedian, will visit Toronto after an absence of several years, presenting popular Irish comedy drama, "The Rocky Road to Dublin." The engagement will be at the Grand Opera House week Nov. 17, and the sale of seats opens Monday next.

"Marie's Next Week." "Marie," featuring Alice Brady at Loew's Yonge Street Theatre and Winter Garden next week, is an absorbing story of metropolitan life, which centres in the neighborhood of New York. An interesting love story, with the star portraying the role of a salesgirl, an unscrupulous business method resorted to by the girl's mother, make up the plot of this interesting picture. After an absence of several months, Roscoe "Fatty" Arbuckle returns in his latest comedy release "Back Stage." In this screaming burlesque comedy, he plays the role of a stage carpenter in a small town "copy house," where the traveling vaudeville givers their shows. McConnell and Simons play the hilarious comedy playlet, "At Home," headlined in the vaudeville, which will also embrace the "La Vars," whirlwind terpsichorean waltzes, introducing some new and exclusive steps; Chase and Landon, in melody and mirth; Fred Ferdinand, who does "A Little Bit of Everything," and Ed and Edna Fenton, acrobatic artists supreme. Loew's British-Canadian Weekly, and "Mutt and Jeff" animated cartoons will also be shown.

Great Regent Presentation. On Monday at 11.15 a.m. the first performance of the tremendous production "Broken Blossoms" will be given at the Regent Theatre. This picture is said to be the most pretentious ever offered at this popular rendezvous. "Broken Blossoms" has popularity of the first rank, and it will leave their impress upon the minds of all who witness them. The part of the girl is taken by Lilian Gish. In no former picture of her career has Miss Gish been brought so prominently nor has she ever won such laurels as have been hers since the initial performance in New York. Others in the cast are Donald Crisp, Richard Barthelmess, Edward G. Robinson, Selby and George Bergeron. "Broken Blossoms" is adapted from "The Child and the Child," a novel by Thomas Burke. It begins amid the quiet of a Chinese garden and ends in the slums of London. The story is told in a play in view of the popularity of the picture, it is requested by the management that as many as possible view it during the early performance. Special music will be rendered by the famous Regent orchestra and Farnum Barton and company will give a pantomimic epilogue to Thomas, Chinese tenor, will be the soloist.

"Broken Blossoms" at Regent. Of extraordinary interest, not only to lovers of the motion picture, but likewise to all who appreciate the highest in art in its various manifestations, is the announcement of the Regent Theatre that it has secured David Wark Griffith's superb screen creation, "Broken Blossoms," to be shown next week. Never has a motion picture been accorded a reception comparable to the triumph that has followed the showing of this production. Newspapers have devoted column after column to its beauties and wonders. Everywhere its success has been instantaneous and it is safe to say that in bringing "Broken Blossoms" to our city, the management of the Regent has to its credit the biggest accomplishment in artistic entertainment that we have yet enjoyed. Mr. Griffith will be remembered, together with Mary Pickford, Charlie Chaplin and Douglas Fairbanks, early in 1919 organized United Artists Corporation—popularly known as "The Big Four"—for the making and marketing of their own productions. It is thru this organization that "Broken Blossoms" is being placed in the theatres of the country. Coming to Star. King of burlesque, Charles Robinson will play at the Star Theatre commencing Monday matinee. Always a good show is the motto that has gained fame and fortune for this excellent company this season. Manager and Comedian Robinson has an entirely new crop of up-to-date material, and no doubt will create no end of praise for his numerous friends. Standing room should be at a premium during his engagement here. A big cast of star players and a chorus of favorites will be the main feature to dominate during the speedy, peppery performance. Matinee daily. "The Roseland Girls" at Gayety. "The Roseland Girls" show that may always be relied upon to furnish the sort of entertainment that the patrons of the Gayety Theatre like and will be enjoyed by all classes of theatregoers. The company is headed by Harry Coleman, Bert Lahr, Kitty Mitchell, the comic singer and dancer, Esther De Laur, the well-known prima donna, Stella Wood, the vivacious soprano, Matie De Lae, Beatrice Barlow and California Trio, harmony singers. The large chorus is especially good. Some very popular songs have been written especially for Miss Estelle Hodgins and the melodies by Hal Dyson are said to be the best he has ever turned out. The Strand Theatre has an announcement of great importance to make to Toronto motion picture patrons. The Strand secured rights to the Paramount-Arctur special productions has enabled this theatre to book Maurice Tourneur's latest greatest, "The White Heather," for the whole of next week. Every follower of the silent drama knows Tourneur since his big triumph. Next week at the Strand, there will be a red letter week. Today will conclude the engagement of Irene Castle in "The Fling Line," at the Strand. Hayakawa at Madison. For the first half of next week the eminent Japanese actor, Seisue Hayakawa, will be seen at the Madison Theatre in "The White Heather." This is a photodrama of romance, mystery and Oriental intrigue.

JASCHA HEIFETZ COMING. Jascha Heifetz, the wonderful violinist, will give a recital in Massey Hall next Thursday evening. Since his advent in America he has given almost three hundred concerts in the United States, and each season sees greater and more emphatic success than the previous one. He will give one recital only in Toronto this year, which will be on Thursday. The sale of seats begins on Monday morning at Massey Hall box office.

TO HELP NORTH TORONTO. Next Thursday morning at eleven o'clock there will be a meeting at the city hall in connection with the Metropolitan Railway, and the affairs of North Toronto and Mount Pleasant will be generally discussed. Sir Adam Beck's assistance, to get the Metropolitan affair cleared up, as he feels North Toronto has been neglected.

HILLCROFT HOME ELECTS OFFICERS. Hillcroft Convalescent Home, 1275 Bathurst street, held its 32nd annual meeting yesterday, when it was reported that 151 patients were admitted during the year. No deaths. The work of the superintendent, Miss Watson, received words of high commendation, and Dr. Helan MacMurchy gave an address. The election of officers resulted as follows: President, Mrs. Geo. H. Gooderham; vice-presidents, Mrs. Kenneth McIlwraith, Mrs. R. Brown; treasurer, Mrs. S. G. Parker; secretary, Mrs. A. W. MacLachlan.

WORLD'S DAILY BRAIN TESTS. By SAM LOYD. Fifteen Minutes to Answer This. No. 33. The early English monks have left in their works many evidences of their keen interest in puzzles and kindred subjects. The sketch is reproduced from a large memorial window in an old English cathedral and much admired as a fine specimen of workmanship in colored glass. To some tourists, even more interesting is the fact that the design embodies a clever puzzle. It is in the old-style rebus form, and you are successful in deciphering it if you will recognize the originator left us a fitting message.

Answer to No. 32. The Chinaman's prices were 2 cents for collars and 7 cents for cuffs. (Copyright, 1919, by Sam Loyd.)

REV. DR. W. F. WILSON. A tablet in memory of the late Rev. Dr. W. F. Wilson will be unveiled in Elm Street Methodist Church tomorrow (Sunday) evening. Rev. R. Newton Powell, Rev. R. N. Burns, D.D., and Rev. G. M. Brown, together with the members of the church, Rev. E. P. Church, B.A., will take part in the service, which will begin at 7 o'clock. Dr. Wilson died in the eighth year of his ministry in this church. His many friends are cordially invited to join in this service.

MARTINELLI SINGS. Toronto Music Lovers Once More Delighted by Renowned Tenor. Once more music-lovers of Toronto were honored in hearing the world-renowned tenor, Giovanni Martinelli. It will be remembered that he sang on three former occasions with Lazar, Alda and De Luca, and won golden opinions and made a lasting impression by the beauty and rarity of his voice. From the nature of the reception tendered him last night by the large Massey Hall audience, his Toronto reputation was made secure, and his return to the city will be looked forward to with pleasure by all who are lovers of the finer things in art. His rendition of "Celeste Aida" was a joy, and was heartily applauded. The group of Italian songs, so like beautiful music, were exquisitely interpreted, as were also "M'Apparti," "Martha," and a second group of English songs. Signor Martinelli was very generous with his encores, the last one, "La Donna e Mobile," being characterized by that wonderful abandon characteristic of the great artist that he is. Miss Nina Morgana, one of our younger singers of the Metropolitan Opera, New York, very ably assisted Signor Martinelli. Miss Morgana's voice of rare purity, and was particularly happy in the aria "Canto Nome," and the shadow song from "Dinorah." Enrico Bonas accompanied with exquisite taste and sympathy.

SOCIETY

Conducted by Mrs. Edmund Phillips. Sir Robert Falconer, president of the University, is giving a large dinner next week after convocation, when His Excellency the Duke of Devonshire will be in town from Ottawa, and will honor the president with his presence. A very large audience greeted Martinelli last night at Massey Hall, and Miss Nina Morgana wore a very becoming white chiffon frock brocaded with silver, trimmed with pearls. The well-known people in the audience were: Rev. T. and Mrs. Crawford Brown, Mr. and Mrs. MacAndrew, Mr. and Mrs. Frank Sloan, Mr. Jamison (U.S.), Mr. Arthur Qua, Mrs. Atkinson, Mrs. A. S. Gooderham, Mrs. Burke, Dr. and Mrs. Towell, Mrs. Knox, Mrs. Ames, Miss Ames, Miss Jean Graham, the Messrs. Hagarty, Major Eric Armour, Mrs. Dryman, Mr. and Mrs. Arthur Fairbairn, Miss Kathleen Samuel, Mrs. Louis Samuel, Mr. and Mrs. Birmingham, Mr. Allen, Mrs. Wragge, Mrs. C. L. Shaw, Mrs. Fred Shaw (Walkerston), Mrs. Gannon, Mrs. Wilson, Mr. and Mrs. H. Oiler, Mr. E. W. Schuch, Mrs. Magann, Mrs. Parkyn Murray, Miss Missie Jackson, Mrs. S. Martin, Mrs. A. A. Lembe, Mr. Lembe, Mrs. Stewart Houston, Mr. and Mrs. Farmer, Miss Mary West, Mr. and Mrs. Holloway and Miss Aileen Richardson, who have spent the summer on the coast, have returned to town before leaving for the south later on. Mrs. C. W. Pennington and her three little sons have returned to Lunenburg after a visit to the former's mother, Mrs. Chipman.

John and Lady Eaton are opening their greenhouses at Aradwood this afternoon to the lower societies, when the patronesses will be on exhibition. Coynewood was a gay sight last night, when Mrs. Frank Hodgins invited in the late Estelle Hodgins' young friends to dance all over the ground floor of the house, even the verandah being requisitioned and closed in. Bronze and pink chrysanthemums were used in profusion for decoration, and a buffet supper was served at midnight, an orchestra discoursing all the latest and most entrancing music. Mrs. Hodgins received in the drawing-room wearing black and silver, with pearls and an armful of Russian-made roses and panicles. Mrs. Washington wore a bouquet of Marthas. Pope, who is a guest in the house, wore a becoming frock of dark blue velvet, with overdress of blue tulle and a corsage bouquet of sweetheart roses. Mrs. Beverley MacIntosh looked extremely well in white chiffon embroidered with gold and diamond ornaments. Mr. Beverley MacIntosh, Mr. Justice Hodgins was also present, adding his welcome to the young people. Many of the young men wore dinner coats and black ties, which is one of the undesirable things introduced since the war. Among those present were: Mrs. Sylvia MacIntosh, Mrs. E. J. Clifford, Mrs. Miss Helen Byrnes, Miss Kathleen Gooderham, black tulle with white and crystal; Major Satterthwaite, rose satin; Miss Kathleen McIlwraith, black satin and pale blue; Miss Margaret Irving, beautiful in rose velvet and silver sash; Captain Rheault; Miss Isabel Burton, lovely in rose satin; Miss Leah McCarthy, blue velvet and silver; Miss Hearst, orchid satin and tulle; Miss Beryl Bell, orchid velvet; Mrs. Boyd, pale blue; Miss Clarke, white and gold; Mr. Gordon Ince, Mrs. Egan, blue tulle and silver in corsage; Elizabeth Jones, very pretty in pink; Miss Mary Henderson in blue satin and roses; Miss Mary Kirkpatrick, black with blue sash, silver handkerchiefs and turquoise necktie; Mrs. Eunice Smith, blue and silver brocade; Mrs. Anglin, white satin and rose chiffon.

Mrs. Ponton Armour, formerly Miss Babe Magann, held her first reception since her marriage yesterday afternoon with Mrs. Armour, at 103 Avenue Road, when she was wearing turquoise blue and white with gold and silver, and carried pink roses. Mrs. Armour was wearing midnight blue satin, heavily embroidered with gold, and carried pink roses. Mrs. Plunkett Magann, who also assisted, wore a black velvet gown. Mrs. Lloyd Harris gave a dinner at the York Club last night.

It is many moons since so much excitement was evident in Adelaide street as was seen yesterday afternoon when the members of the Retail Florists' Association expressed their sympathy for the soldier patients in the hospitals in very practical fashion, by massing together \$500 worth of flowers, chrysanthemums, roses, carnations, narcissus and ferns. The association called upon Mrs. Dunlop and her small army of workers to make these up into bunches, one for each man. They were at work from 10 a.m. until 2.30, and were greeted by Geraghty, Dunlop's manager, for supplying them with delicious cups of tea. The procession of 40 motors was headed by a military band, each motor displaying a red cross on a white cloth background, every head being crowned at the unusual sight as they wound thru the town en route to the military hospitals, the florists themselves experiencing as much pleasure in their splendid giving as well as the recipients.

A HOME-MADE GRAY HAIR REMEDY. You Can Make a Better Gray Hair Remedy Than You Can Buy. Gray, streaked or faded hair is not only unbecoming, but unnecessary. Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Orlex Compound and 1-4 ounce of glycerine. These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the scalp, is not sticky or greasy and does not rub off.

LIBERALS STRIPPED OF ALL ILLUSIONS

(Continued From Page 1.) The scourge of class legislation, J. J. Morrison, who is the spirit and prophet of the agricultural movement, has issued a circular to the farmers of the province, 40,000 of which have already gone out, calling attention to the attractive features of the Victory Loan and its essential patriotism. He recommends it in the strongest possible way to the farmers of Ontario, finishing his appeal with the slogan: "Yours for the Victory Loan, 1919, and prosperity."

GUARD THE CHILDREN FROM AUTUMN COLDS

The fall is the most severe season of the year for colds—one day is warm, the next is wet and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent colds or if it does come on suddenly the prompt use of the Tablets will quickly relieve it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

THE DAY AT OTTAWA

BY TOM KING

Ottawa, Nov. 7.—The discussion on the report of the soldiers' civil re-establishment has considerably cleared the issue. The government would not consent to further gratuities, but is pledged to sympathetic consideration and action on other suggestions for the return of the soldiers to civil life. The report was carried by 100 to 35, giving the government a huge majority. Col. Currie and William Smith, South Ontario, voted against the government, but the government received the solid support of the centre party, including Mr. P. Kennedy, U.F.O. member for Gienary-Sturmont. His support of the government brought generous applause from the government and centre benches. Macdonald King was again deserted by many of his English-speaking supporters. Fred Pardee, W. C. Kennedy, North Essex; A. B. Cook, Westmorland; Major C. J. Powers, Quebec; and Fred Kay, Mississippi, left the house refusing to support their leader in de-

laying the adoption of the report. The result was a personal triumph for Hon. J. A. Calder. While the government won, yet the strong appeals made by such members as W. P. Maclean, South York; H. C. Hocken, West Toronto; Col. Currie and others forced a plea for reconsideration that must benefit the soldiers. Parliament will prorogue by Tuesday. There are only the estimates and the temperance legislation left.

Col. Currie, M.P., today introduced to Mr. Balfour and the Hon. Mr. Robertson a deputation from the town of Collingwood, with reference to shipbuilding. The deputation consisted of Mayor Arthur and Ald. Teskey, representing the council; Mr. Quilty, representing the labor unions, and Messrs. Trott and Zimmerman, the chamber of commerce. The deputation discussed with the minister the shipbuilding program for the coming year.

PROCLAMATION ARMISTICE DAY Tuesday, November 11th, 1919 Thos. L. Church, Esq., Mayor of the City of Toronto Whereas His Majesty the King has asked that an opportunity be provided for the people of every part of the British Empire on the first anniversary of the armistice, which stayed the world-wide carnage of the four preceding years and marked the victory of right, justice and freedom, to perpetuate the memory of that great deliverance and of those who laid down their lives to achieve it. His Majesty, therefore, requests that there may be on Armistice Day (Tuesday, the 11th instant), for the brief space of two minutes, a complete suspension of all normal activities, so that in perfect stillness the prayers and thoughts of everyone may be concentrated on reverent remembrance of the glorious dead and of the victory by God's grace vouchsafed to the Empire and His devoted Allies. It is therefore, in compliance with the wishes of His Majesty the King, do request that, at the hour of 11 o'clock a.m., on Tuesday, the 11th instant, all business and domestic activities of every description should cease for a period of two minutes. I further request that on Armistice Day patriotic and thanksgiving services be conducted in the schools and colleges. I further request, in response to the expressed wishes of prominent clergy and leaders of patriotic bodies throughout the city, that SUNDAY, THE 9th INSTANT, be observed as a day of general thanksgiving to Almighty God, who has given to us the victory, and I most respectfully ask the citizens to attend the churches of their respective denominations for the purpose of giving thanks for the victory which terminated the great war and has assured an enduring peace to the nations of the world. It is further specially desired that flags be flown on Armistice Day, by citizens, on their places of business and residences. In witness whereof I have hereunto set my hand and caused this proclamation to be made public. T. L. CHURCH, Mayor. Mayor's Office, Toronto, November 8th, 1919. GOD SAVE THE KING.

PROBE REVEALS PADDING OF CREDIT

Colonel Dinick Takes Stand At Standard Reliance Investigation.

Illegal distribution of dividends, payments of thousands of dollars to the directors of absorbed companies and padding of the credit side of the profit and loss account by writing up assets, were some of the transactions laid bare at the resumed investigation yesterday before Judge J. A. Cameron in the wrecking of the Standard Reliance Mortgage Corporation.

George H. Kimer, K.C., counsel for the liquidator, Mr. G. T. Clarkson, again examined Col. Dinick yesterday. At the close of the afternoon session, Mr. Kimer announced that he desired to give the colonel an opportunity to refresh his memory, and suggested an adjournment. The hearing was therefore adjourned until 10 a.m. today.

J. M. Pike, K.C., of Chatham, counsel for the depositors and debenture holders of the defunct concern, appeared on the scene yesterday, and will probably take a hand in the enquiry when the hearing is resumed.

Mr. J. R. L. Starr, K.C., counsel for Col. Dinick, announced that he and his client had decided to waive the objection to the enquiry going back beyond 1913.

Opening the hearing, Col. Dinick was asked to recall the early history of the Standard Loan Company. The witness said the Standard was formerly the Orangeville Building & Loan Co. of Orangeville, which had been organized in 1878. In 1898 Hon. J. R. Hart and other directors had the company moved to Toronto and reorganized as the Standard Loan Company.

Mr. Kimer, reading from the records, found that up to Dec. 31, 1900, about \$142,000 had been received, according to the books, and \$32,000 paid out as expenses. The witness confirmed this. The books further revealed that dividends were paid on Standard Loan stock, which, as Mr. Kimer pointed out, the company had done no business in 1899.

"Where did the money for dividends come from?" asked Mr. Kimer. "We had deposited the \$142,000 with the Trust & Guarantee and got 5 per cent," was the answer. Mr. Kimer: "But you did not have \$142,000 in 1899."

Reading on, Mr. Kimer revealed that only \$4,055.76 was earned up to the end of 1899 on money deposited with the Trust & Guarantee, while the expenses had been \$32,252.01, including \$3,564.24 set aside as dividends.

Loan & Savings Company with the Standard Loan Company in June, 1902.

Mr. Dinick had arranged this amalgamation with the directors individually. At the amalgamation the assets of the Ontario Industrial Company were placed at \$904,337.00. The Industrial Loan had \$317,700 of stock outstanding, and this was taken over at 35 cents on the dollar and paid for by the issue of ten-year, four per cent Standard Loan debentures. The Standard Loan immediately wrote up these assets in their own books, placing the real estate at \$66,740, an increase of \$60,000, and the mortgages at an increase of about \$4,000. The result was that for that year the Standard Loan Company reported a profit of \$39,000 and over \$60,000 of this "profit" was the padding on the Industrial Loan assets.

The hearing will probably occupy many days because of the work of going through dozens of books to get the information. With the aid of Mr. G. T. Clarkson, Mr. Kimer turns up the various entries and questions Col. Dinick usually insists upon seeing the entries before answering. The hearing will be resumed on the 16th inst.

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to Flush Kidneys if Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to "expel" it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or neck, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often become sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Kid Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

PRINCE OF WALES VISITS COMMONS

After Shaking Hands With Members, Says Au Revoir. Not Good-Bye.

Canadian Press Despatch. Ottawa, Nov. 7.—The Prince of Wales visited the house shortly before the noon recess, and all the members of the commons were present to him. At the conclusion of the ceremony in the commons chamber, his royal highness expressed the desire to meet the members of the press gallery, who were presented by President W. A. Watlis and Secretary H. E. M. Chisholm. His royal highness was made a life member of the gallery.

On his arrival in the chamber, his royal highness was conducted by the sergeant-at-arms to the foot of the Speaker's throne, where he stood at attention while the members, led by R. L. Richardson, Springfield, sang the National Anthem. Afterwards the members filed past and were presented to the prince by the Speaker, Hon. E. N. Rhodes.

Prince Meets Members. Evidently still suffering from "the Canadian grip," the prince extended his left hand in each case, and many of the members, as they stepped forward did the same. Following the presentation of the members, his royal highness spoke briefly, thanking the members for the cordial invitation and welcome, and assuring them that he could not have left Canada without visiting the house of commons. When he returned to Canada, which time, he said, he hoped would not be very long.

OUR LARGE four-story building is just about filled with cars we have taken in this fall. Everyone seems to want open cars in spring and closed cars in fall. We can hardly supply the demand for closed cars at present, and yet the public would not consider them during spring and summer.

WE HAVE a large, carefully selected stock of open cars on hand at present, which we bought at right prices this fall and have been put in good mechanical condition. We are pleased to sell them at this time of the year on a very small margin of profit.

YOU CAN use an open car with side curtains above all the year and you certainly can buy at a saving of 25 to 50 per cent from the spring price. The money saved by securing your car now will buy you a good supply of tires and gas for the coming year.

WE HAVE some good Sedans and Coupes for touring with winter tops. As there is a scarcity of closed cars you will be wise to get yours at once.

WE HAVE a large assortment of all the standard makes of high grade cars to choose from. A large number of 1919 models and some 1918. Have a K45 McLaughlin touring only driven 400 miles; also good stock of light and heavy trucks.

The Boy Went Whistling Down the Street---

THE other day a woman came from her kitchen to answer a knock at her front door. A boy gave her a telegram. The telegram told her her son was dead. He died as a result of wounds received more than two years ago.

The boy went whistling down the street.

The woman went back to her work and --- grief.

This incident is told to remind you that, for many people, the war is not yet ended. Don't you go whistling down the street. The war is not ended for you, until war-incurred costs are paid. It is your duty to buy Victory Bonds to the limit of your resources.

FRESH GAINS MADE BY MINING STOCKS

Hollinger, McIntyre, Wasapika and Peterson Lake Are Conspicuously Strong.

Bullish sentiment prevailed in the mining market yesterday, with a number of stocks selling up to the highest point, not only of the present year, but of several years, while in one or two instances record-breaking prices were reached. Brokers report that a considerable number of orders are coming from the United States, and as New York funds are at a premium of four per cent, the advantages gained by such purchases are obvious. Hollinger, McIntyre and Wasapika featured the sold stocks, while Peterson Lake was again the leader of the silver group. While an official high-level of the day was \$7.50, from which there was a reaction to \$7.40, a curious coincidence that Hollinger's high record mark of \$7.50 established in 1916, was equaled early in the present year, and was touched again yesterday. McIntyre was in heavy demand, and advanced five points, to \$2.00. It is reported that in putting in the order for the stock of this premier West Shining Tree property, Keora rose 1/2 to 1 1/2% to \$1.95, and was unchanged. Peterson Lake was consistently strong, selling up to 1 1/2% the highest point in years, and closing at 1 1/2%, a gain of half a point. Crown Reserve rose three points to 38, and Trethewey 2 1/2 to 34 1/2. Kerr Lake was in unusual demand, 800 shares being dealt in, and the price was firm at \$4.

DEPRESSED MOOD IN WALL STREET

Lack of Pool Support is Seen in Number of Specialties.

New York, Nov. 7.—Trading in stocks today was marked by an absence of the feverish conditions which accompanied the dealings of the two preceding sessions. The undertone continued feverish, however, many leaders closing at declines of 1 to 3 points. So far as the market showed any stability at all, the improvement was mainly due to easier money. Call loans opened at 1 1/2 per cent, receded in the last hour to 1 1/4, and closed at the opening quotation. Anomalous factors which contributed to the more orderly trend was the strength of rails. The usual favorites in the steel, equipment, motor and oil groups were inclined to throw off their recent heaviness at times, but fell away towards the end when fresh pressure developed. Shipping, Tobacco, Leather, Rubber and unclassified specialties which had led in the advance of the previous month also were reactionary, probably as a result of lack of pool support. Sales amounted to 1,250,000 shares. Liberty issues without exception were lower on larger offerings. The general bond list also evinced irregular tendencies. Dominion of Canada's 5 1/2 per cent declining two points. Postal sales (par value) aggregated \$15,675,000.

BRAZILIAN STRONG

Montreal, Nov. 7.—Brazilian and Ames-Holden preferred were the most active stocks in today's stock exchange dealings. Brazilian sold up 2 1/2 points to 12 1/2. Ames-Holden preferred sold at 12 1/2 in the morning and 11 3/4 points in the afternoon. The common sold up to 11 1/2, a new high record. Prompton sold up to 6 1/2 and closed at 6 1/2, a net gain of one point. Atlantic Sugar sold up to 7 1/4 and closed at 7 1/4. The preferred moved up to 12 1/2, a net gain of one point. Abitibi jumped thirteen points to a new high of 17 1/2. Riordon rose two points to 15 1/2. Wasapika 2 1/2 points to 8 1/2. Spanish River netted 3 1/2 points to 7 1/2. Brothers rose 10 points to 24 1/2. Total dealings were: Listed stock, 14,473; unlisted, 255; bonds, \$373,700.

SHAREHOLDERS RATIFY TRETHEWEY PROGRAM

At a special meeting of shareholders of the Trethewey Cobalt Mining Company yesterday, the program proposed by the directors for the drawing up of a new plan, the purchasing of the lease of the property of the Major Mining Company, and the purchase of the lease of the ground underlying Miller Lake, was unanimously approved. The Trethewey management is now empowered to exchange 500,000 treasury shares of Trethewey for 1,000,000 shares of the Cobalt; 400,000 shares of Trethewey for the adjoining Major property, and the option now held is exercised, in addition to a payment of \$75,000, and 100,000 shares of Trethewey for the lease of the ground underlying Miller Lake.

BIG DROP IS SHOWN IN NICKEL EARNINGS

New York, Nov. 7.—The International Nickel Co. by its months ended September 30 earned 30 cents a share on common stock, against 2.04 in the corresponding period of 1918. PRICE OF SILVER. New York, Nov. 7.—Bar silver, unchanged at 1.23 5/8. London, Nov. 7.—Bar silver, unchanged at 66 3/4 per ounce. MORE RATES RAISED. BRAZILIAN SHARES IN BRISK DEMAND

Steel Stocks Less Active, But Prices Hold Well in a Rather Irregular Market.

Stocks moved rather uncertainly in the Toronto market yesterday, with gains and losses intermixed, the hesitancy in New York naturally exercising some influence. One of the new iron veins was Brazilian, for which a suitably buying demand sprang up, the turnover in this issue in the Montreal market being particularly heavy yesterday. Locally Brazilian, although its turnover was limited to 500 shares, was the most active stock of the day, the price advancing 1 1/2 points to 52 and closing at the high level. The advance was less in favor than had been the rule for several days, but held up well. Dominion Iron closing 1/2 up to 2 1/2. There were numerous transactions in stocks did trading reach the hundred share mark. Canadian preferred edged up 1/4 to 70 1/2, and Canadian Car 1/4 to 50 1/4. N. S. Car preferred at 26 was up three points, but was later offered at 25 with no bids. Canadian Locomotive at 100 was up two points. There was another big transaction in the Victory Loan of 1917, a single block of \$140,000 changing hands at 10 1/4. The day's transactions: Shares, 1753; bonds, \$266,800.

RESULTS ON WASAPIKA GIVE VALUE TO MILLAR-ADAIR Property Which Lies Immediately South of and Adjoining the Wasapika is Also Crossed by the Great Ribble Vein. Recent favorable developments on the West Shining Tree gold mine at West Shining Tree, Ontario, have been reported by the Millar-Adair. This property contains 100 acres, and lies immediately south of the Wasapika. The Great Ribble vein, also crosses the property. In addition, according to the report of John C. Rogers, E.M., of Copper Cliff, Ont., dated the 3rd June, 1919, this vein has a total length of 2 1/2 miles. He considers this a good indication of great depth. Rogers' report says that the countermine in the vicinity of the Ribble vein, wherever exposed, is ferro-dolomitic. This, as well as the quartziferous nature of the ore, is in general compressed so that rolls or folds occur. The same folding may be seen on the Wasapika and on the Hill-Loise properties. He then says that in general this type of vein is considered most favorable as a gold-bearing. I have also had access to a report on the Millar-Adair made by L. H. Goodwin, E.M., of Rogers, May & Bell, 42 Broadway, N.Y., on the 29th day of June last. A very remarkable feature of this report, as well as of that made by Mr. Rogers, is that gold was found in even assays. The same result was obtained in the early sampling of the Ribble vein on the Wasapika gold mine. It is questionable whether any similar result has ever been found in Ontario. Apart from the Ribble there is other very good looking ground on the Millar-Adair, but even if the property depended on the Ribble alone, we would regard it as a worthy successor of the Wasapika, and it may be an even greater property. The topographic expression of the Ribble is not so conspicuous on the Millar-Adair as on the Wasapika. This is due to the greater erosion and the lower ground. But these differences may be, and probably are, in favor of the Millar-Adair. It must be regarded as a prospect which greatly encourages the investment of capital. S. R. Clarke. Victory Loan 1919

On the success of the Victory Loan, 1919, depends the future success of thousands of Canada's returned soldiers and the comfort and happiness of their wives and families. When in multitudes they gave up comfort and ease to play the game in Europe, we, verbally, if not officially, pledged ourselves to see that their losses, financial and otherwise, resulting from their enlistment, were reduced to the minimum.

Help to Re-establish the Soldier

Today, their work well done, they have returned. Many have not as yet found their place in civilian life. It is in order to give these a fair opportunity of learning and taking up a useful occupation that money is so urgently needed. Here is the opportunity to redeem your pledge. Subscribe today!

The government is asking for \$300,000,000, bearing interest at 5½% from November 1. Every facility has been provided to assist you in investing, with the least amount of trouble to yourself.

Canada's Resources Your Security

You will earn a higher rate of interest than if the money were left in the bank. The safety of your investment is absolutely assured—backed as it is by Canada's guarantee that she will repay the full amount stated on the face of the bond. Her vast resources are pledged as security.

The bonds are readily saleable, thus removing the fear of a shortage of ready money at an inopportune time. Again, there is every probability that in a short time these bonds will sell above par. If for no other reason than as a safe and profitable investment, you should not miss this opportunity.
