MR. WEAVER HOLDS HIS JOB

Parks Committee Settled the Matter at the Meeting Held Last Evening.

BOARD OF GOVERNORS FOR PARKS

Was Discussed, But Laid Over - Meeting of Methodists - Death of J. H. Park - General News.

Hamilton, Sept. 27. (Special.) - At the Parks Committee meeting this afternoon the appointment of a caretaker for Dundurn Park came up.

Major Decker brought up the proposal to place all the city parks under a Board of Governors. Aid. Birkholder and Aid. Teneyck expressed themselves in favor of the plan.

Aid. Board set his face against it as not being as good as the old committee system. The question was left over for further consideration.

Engineer Wingate reported that the place of land at the west end of Victoria Park was worth, by the city, \$150,000.

The committee laid over the requisition of the Wentworth Historical Society and Hamilton Association for the use of a portion of Dundurn Castle.

The House of Refuge Committee, which this evening fixed a new rate for county inmates in the institution. At present the rate is \$1.50 per week.

PAN-PRESBYTERIAN COUNCIL

Representatives of Twenty-Five Millions of People Gathered Now in the City of Washington.

MEETINGS IN LINCOLN'S CHURCH

Opening Session Was Devotional in Character-Regular Work Began in the Afternoon.

Washington, Sept. 27.-Delegates representing 25,000,000 Presbyterians throughout the world assembled to-day in the New York-avenue Presbyterian Church, to attend the first session of the Pan-Presbyterian Alliance. The church auditorium is one of the most commodious in the city, and has been beautifully decorated for the occasion. The New York-avenue Church, in which the sessions of the alliance will be held, is one of the most notable in the capital. It is the church which Lincoln attended when he was President, and the pew which he and his family occupied was an object of particular interest to the delegates when they assembled.

Half the Delegates Present. When the first session of the alliance convened to-day about 125 delegates had reported their arrival to the Rev. Dr. G. Matthews, general secretary. It is expected that by to-morrow 250 delegates will have reported. The sessions will continue ten days. The body is purely deliberative, and not in any sense legislative. Its capacity is entirely advisory.

The session to-day was devoted in character, the services being in charge of the Rev. Dr. Wallace Hadcliffe, pastor of the church in which the sessions are held. The opening sermon was preached by the Rev. John Bell, D.D., professor of church history at Princeton Theological Seminary, his subject being "The Attitude of the Reformed Churches Towards the Bible." The first business session of the alliance was held at 2 p.m.

The Roll Call. The roll call disclosed the presence of 104 delegates representing churches here in whom their associates have a peculiar interest are Dr. James Stewart of Loveland, South Carolina, and H. S. Howland of Toronto. The former is strongly pro-British in his sympathies in the pres-

ent crisis in the Transvaal, while the latter is just as strongly upholds the Boers. Dr. Stewart was a personal friend of Dr. Livingston, the famous African explorer.

The President's Address.

The feature of the afternoon was the address of the president, Rev. Dr. T. Marshall Lang, pastor of the famous Barony Church, of Glasgow, Scotland. His address commanded the interested attention of his auditors, although it was quite evident that his comments upon "higher criticism" and the position of the church since then later in the minds of the delegates. Referring to the position of the church upon this question, Lang said: "The churches which this council represents only in the measure in which, without ideals, they recognize and make room for its habits and thought and the expansion and completion of life. We are not worshipping the past. But it is false liberalism which insists that the mould into which cast shall remain fixed and rigid for all further periods."

Word Which Endureth Forever.

"In Christian theology there is the word which endureth forever," Christendom, formed, stands on the great verities ascribed in the apostles' and Nicene creed. These verities are the context of the faith once for all delivered to the saints, and in the end of the first, the church faces the present day; the protest; if any man preach any other gospel unto you than that which ye have received let him be anathema. But what the means is the same yesterday and to-day and forever, and the growth to the greatest extent, but of change of the faith."

Welcome and Greeting.

Rev. Dr. Wallace Hadcliffe of the New York-avenue Presbyterian Church, in which the sessions are held, welcomed the delegates, and then the council directed and greeting to a telegram of fellowship from the Rev. Dr. J. H. McMane, president of the alliance, was read. An effort was made to so amend the motion as to include the appointment of joint committees of the two councils looking to a consideration of the matter, but a great opposition, as it was deemed to be a matter for hasty consideration.

Cumbersome and means are "forbid den fruit" to many the means is followed by those persons are not aware that they incur liability to their heart's content if they have on hand a box of Dr. J. C. Kellogg's Dysentery Cordial, a medicine that will give a cure, and is a sure cure for the worst cases.

WHO IS JOHN SHAW, MAYOR?

The Aldermen Are Now Up in Arms Against Him Because He Ignored Their Orders

REGARDING THE W. G. T. U. REQUEST

For a Convention Room in the New City Hall - Public Fire Alarms Out of Date.

Indignation is rife among the aldermen at the new City Hall. The trouble is over the action of Mayor Shaw, who has deliberately set at defiance all authority and in the name of the chief magistrate has formally commanded the City Commissioner to prepare one of the large chambers for the W.G.T.U. Convention, which will be held today. As a result of this arbitrary step on the part of his Worship, a good big row is being made, and the opinion expressed by some of the aldermen the Mayor will come out second best.

When Ald. Dunn, chairman of the Property Committee, what had been done, he immediately gave orders that the hall was not to be opened on any account. He was perfectly justified in doing so, as a resolution, passed almost unanimously in Council last evening, the committee of which he is chairman was given full power to give such orders, yet he has assumed the authority of the chief magistrate and set the opinion of Council at naught. In the meantime the work of putting the chamber in readiness is going on and even chairs for the place are being brought down a considerable expense from the Exhibition grounds.

Fire and Light Committee.

At a meeting of the Fire and Light Committee yesterday afternoon Mr. Ewan Macdonald, representing the Fire and Light Company, asked for permission to place a one-story wooden building, with gabled roof, within the fire limits. His request was referred to Controller and the City Commissioner to be dealt with.

Chief Graham, in his usual report, stated that he had visited the site and examined the workings of the aerial trucks used there. He was largely of the opinion that their usefulness and accordingly recommended that a Hayes 60-foot truck be purchased at a cost of \$200.

The committee thought it would be a good thing, too, to purchase the chief fire truck specifications to the Board of Control and that tenders be advertised for.

Collard's Case.

The case of J. Collard, a fireman, who was dismissed for drunkenness and neglect of duty was discussed at some length by the committee. Chairman Frankland said Collard had called on the committee at the time and stated that he was sick at the time and therefore, not able to do his work.

Chief Graham was asked for an account of the defence the dismissed man made, but he was largely of the opinion that the man on the word of the foreman in charge of the station and had not held an investigation.

Ald. Sheppard: You have not done your duty in this case. You should have held a strict enquiry.

Chief Graham's defence was that he was perfectly satisfied with the evidence and did not, therefore, think it was necessary to hold an enquiry.

Public Fire Alarms.

A communication was received from Charles Currier, suggesting that fire alarms be done away with. His reason was that when the alarm ring everyone is made aware of the place where the fire is and the consequence is there is a rush of people to the scene and firemen are thus hampered in their work.

The suggestion was looked upon favorably and was referred to Ald. Sheppard and Davies and Chief Graham to report upon.

Who Should Pay It?

The next question up for discussion was a bill from the G.T.R. for freight on the Watrous engine which was sent to the factory for repairs. Several members of the committee, the interested attention of which was called to the fact that the damage to the engine was caused by a day in the manufacture of the engine, which will be paid under protest and the matter will be looked into.

An account for \$200 was received from the G. N. W. for use of 10 miles of their poles for six days in 1898. It was referred to the City Solicitor.

Dead Heads!

The offer of a Toronto firm to supply sufficient cloth for two suits of women's clothing was accepted. The object of the firm in making the offer is that if the goods, which are of Canadian manufacture, are satisfactory then they should be allowed to compete with the Irish serge which the contract calls for.

Notes.

The Mayor received a letter yesterday from Mr. W. J. Brown, Indian-road, who complains against the Municipal Council of the roadway into High Park by way of Cherry-avenue. He threatens action against the city unless the road is widened.

The Mayor of Halifax has written to Ald. Sheppard suggesting that the convention of the Saunders Association, which meets here next month.

The Trades and Labor Council has issued a circular which is being sent to the various labor organizations in the city.

The next annual meeting of the Board of Health will be held in the City Hall on the 10th of October. A number of them going to New York and C. H. Hartwick, F. H. Patterson, and C. H. Hartwick.

HERE'S TROUBLE FOR THE RICH.

These Who Wear Sealskins Must Prove That the Skins Were Not Taken by Poachers.

Detroit, Sept. 27.-A Washington special says a new ruling has been made by the Treasury Department concerning the importation of seal garments. After Oct. 1 sealskins and coats of ordinary baggage will be exempt from duty to the extent of \$100. In excess of \$100 a duty of 35 per cent. ad valorem will be levied upon the amount in excess, unless there should be other foreign-made seal garments in the passenger's baggage, in which case he or she will be permitted to elect the articles to be included in the \$100 exemption. He will also be compelled to satisfy the collector that the seal skins and seal garments are composed of seal taken in the North Pacific Ocean by poachers. Nearly all the sealskins made up in Canada are taken on the Pribilof Islands, and means to provide certificates to accompany imported garments.

GANG OF GIRL SHOPLIFTERS.

Kingston Police Officer Ran Them Down and They Had a Lot of Stolen Goods.

Kingston, Ont., Sept. 27.-Police Officer Eschbacher ran down a quartette of girls under 12 years of age, who were charged with shoplifting. Mary McGee confessed when arrested, and at her home a great quantity of goods were secured, including furs, shoes, prints, dress goods, and various other articles. The girls recognized goods as belonging to them, begging boxes, and one wearing a cap "swiped" the goods.

A BELL BOY IN TROUBLE.

His Name is Duncan and He is Charged With Robbing Guests.

Quebec, Sept. 27.-One of the bell boys from the Chateau Frontenac, named Duncan, was brought before the judge of Sessions to-day, charged with theft. He was charged with having stolen a watch and a ring from a guest in the hotel. He was released on \$1000 bail.

OUT INTO THE DARKNESS.

What mother would turn her young daughter out alone unprotected into the stormy night? Yet many loving mothers do so, and their daughters, who are just coming into the time of womanhood, are proceeding without proper care and advice all unprotected and alone into the perils of this critical period.

Young women at this time often suffer from irregularity and weakness which may afterwards develop into dangerous disease and which will fill their whole lives with wretchedness.

It is a mother's duty not to pass over such matters in silence, but to promote her daughter's womanly health and regularity by every possible means.

These delicate ailments are easily overcome in their early stages by judicious self-treatment without any need of the physician's aid. The "Favorite Prescription" is uniformly insisted upon. Dr. Pierce's Favorite Prescription is a positive specific for all diseases of the feminine organism.

It restores perfect health and regularity to the special functions, and vital vigor to the nerve-centers. It is the only medicine of its kind devised for this one purpose by an educated, experienced physician.

During nearly 30 years as chief consulting physician of the Invalids' Hotel and Surgical Institute, of New York, N. Y., Dr. Pierce has acquired an enviable reputation. His medicines are everywhere recognized as standard remedies. His "Golden Medical Discovery" alternated with the "Favorite Prescription" in the treatment of a thorough and scientific course of treatment for weak and impoverished constitutions.

In a letter to Dr. R. V. Pierce, Mr. C. A. McDonald, of No. 123 N. Chestnut Street, Lancaster, Pa., says: "I have been suffering from the Oregon and California R. I. became acquainted with W. C. Lee, M. D., an eminent physician, who is a college classmate of yours, but that you went to Europe to the best hospitals, while he went to the best hospitals for 30 years you were considered one of the leading physicians in N. Y. State, and he considered your recommendation in his practice. On the 10th of the month I tried your 'Favorite Prescription' and it acted like magic in cases of irregular and painful monthly periods, a few doctors had been necessary to restore the natural function. The 'Pellets' have proven an infallible cure for sick and bilious blood."

"For a number of years I suffered with a complication of female troubles," writes Mrs. J. C. Ferguson, of Edgemoor, Chester Co., S. C. "I tried various remedies from any permanent good. It seemed that my back would almost kill me. I had also another doctor, but nothing seemed to do me any good. My physician said it was indigestion. I have been taking Dr. Pierce's Favorite Prescription, and for some time, and think these remedies the best in the world. I was also troubled with constipation; took five or six bottles of Dr. Pierce's Pleasant Pellets and was entirely cured."

Three years ago I was troubled with female weakness and what my physician called catarrh of the womb," writes Miss E. A. Biddle, of Edgemoor, Chester Co., Pa. "I doctored for it and did not seem to get much better. At last I left off doctoring, and when I had taken four or five bottles of Dr. Pierce's Favorite Prescription, I got better right along. I doctored for it and did not seem to get much better. At last I left off doctoring, and when I had taken four or five bottles of Dr. Pierce's Favorite Prescription, I got better right along. I doctored for it and did not seem to get much better. At last I left off doctoring, and when I had taken four or five bottles of Dr. Pierce's Favorite Prescription, I got better right along."

The newly-wedded wife, above all other women, needs a good medical book. Dr. Pierce's Common Sense Medical Adviser fills this want. It contains over 1000 pages and 300 illustrations. Several chapters are devoted to the physiology of the organs of the female system. Send 31 one-cent stamps, to cover cost of custom and mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a free copy, paper-covered. If cloth binding is wanted, send 50 stamps.

SUBSCRIPTIONS ARE INVITED FOR

\$250,000 6 p.c. 30-Year Gold Bonds at par, and \$250,000 Common Stock at 25 cents

THE SISSIBOO

PULP AND PAPER COMPANY, LIMITED Incorporated under the Laws of the Province of Nova Scotia.

CAPITAL STOCK - \$550,000 DIVIDED INTO 5,500 SHARES OF \$100 EACH.

BOND ISSUE - \$250,000 In Denominations of \$500, bearing interest at the rate of 6 p.c. per annum, payable half yearly on 1st April and 1st October, and having 30 years to run. Principal and interest payable in Gold at the Merchants Bank of Canada, Montreal.

The following gentlemen have consented to act as Directors of the Company: A. F. GAULT (Director Bank of Montreal), Montreal. ROBERT MACKAY (Chairman Board of Harbor Commissioners, and Director of the Merchants of Bank Canada, Montreal).

JAMES CRATHERN (Director Canadian Bank of Commerce). R. WILSON-SMITH (Ex-Mayor), Montreal. CHARLES BURRILL (Merchant), Weymouth, N.S. S. FAHS SMITH (Manufacturer), York, Pa. G. E. FAULKNER (General Agent), Halifax, N.S.

BANKERS: THE MERCHANTS BANK OF CANADA. TRUSTEES FOR BONDHOLDERS: THE NATIONAL TRUST COMPANY, Montreal. Mills and Properties - Weymouth, N.S.

Messrs. R. WILSON-SMITH, MELDRUM & CO., offer for public subscription: \$250,000 6 per cent. 30-Year Gold Bonds at par and \$250,000 Common Stock at 25 cents.

The bonds will be secured by a mortgage upon all the lands, water powers, mills, buildings and other fixed assets and franchises now owned or to be owned by the Company, said mortgage to be executed in favor of the National Trust Company, Limited, of Ontario, who will act as Trustee for the bondholders. A sufficient amount will be set aside from the profits yearly, commencing with 1902, to form a sinking fund for the redemption of the bonds at maturity.

The Company reserves the right to redeem the bonds at any time after 1st October, 1904, on payment of a premium of 10 p.c. and interest. The Company confidently expects to earn a dividend at the rate of 6% per annum on the par value of the stock, as will be seen from the estimates given below. This would be equal to 24% per annum on the stock at the price at which it is now offered, viz.: 25c.

CHARTER. The Sissiboo Pulp & Paper Company, Limited, was incorporated by Special Act of the Legislature of the Province of Nova Scotia, for the purpose of manufacturing and selling ground wood and pulp, and also for the manufacture and sale of paper, etc.

MILL PROPERTIES. The Company will acquire all the Capital Stock, good-will, plant and property of the Sissiboo Falls Pulp Company, Limited, situated on the Sissiboo River, seven miles from Weymouth in Digby County, Nova Scotia. The mill of the last named Company is now in operation, and is in good condition, and it is proposed to provide machinery capable of increasing its output to about 5,000 tons of dry pulp per annum. Another mill of greater capacity will be erected at Weymouth Falls, about four miles below the present mill and at the head of tide-water. This latter mill will be capable of producing about 7,000 tons of dry pulp per annum, and the combined output of the two mills will be about 12,000 tons per annum.

WOOD LANDS. The Company has an option on upward of 17,000 acres of wood land, well timbered with spruce of the best quality for making pulp, which it will acquire. This tract of land, together with pulp wood purchaseable, will afford an inexhaustible supply of raw material adequate for all the business of the Company.

WATER POWERS. The water-powers, which will be controlled by the Company, are amongst the most valuable in the Province. SHIPPING FACILITIES. As the property and water-powers referred to are practically at the seaboard, the Company's shipping facilities will be unsurpassed, and the expense of a long railway haul removed. The only available wharf property on the Sissiboo River at Weymouth Bridge is under option, and will also be acquired. This property has a navigable water front on one side and a railway terminus on the other, so that the Company will be peculiarly well situated for carrying on a profitable export business.

WORKING CAPITAL. After the purchase of the above mentioned properties, the Company will still have in its Treasury the sum of \$55,000.00 for working capital.

PULP TRADE. The annual consumption of pulp is increasing at a very rapid rate, and foreign markets are now turning their attention to the Canadian forests for supply. In fact, English and American paper manufacturers are constantly on the lookout for desirable tracts of Canadian pulp lands. The London firm which has been buying from the old Sissiboo Company is desirous of contracting a year in advance for the whole output of 12,000 tons, so that the Company has an assured market for its product.

ESTIMATES OF BUSINESS. The cost of production per ton of dry pulp has been established to be between \$6.75 and \$7.75 according to location of limits and transportation of product to shipping points, but from The Sissiboo Company's advantages it is considered that \$7.50 per ton will be the maximum cost. The following estimate on the basis of a market price of \$12.00 per ton is believed to be conservative and well within the mark.

Table with 2 columns: Description and Amount. 15,000 tons per annum at \$12.00 per ton = \$180,000. Cost of producing same = 12,000 tons at \$7.50 per ton = 90,000. SHOWING GROSS PROFIT OF = \$90,000. 6 p.c. on \$250,000 of Bonds = 15,000. Sinking Fund for Bonds, to commence with 1902, 5,400. NET PROFIT AVAILABLE FOR DIVIDENDS = \$89,600. Being at the rate of 6.66 p.c. on the Common Stock.

Since the above estimate was made pulp has enhanced considerably in value, some mills receiving as high as \$15.00 per ton. Application will be made in due course to have the stock of the Company listed on the Montreal and Toronto Stock Exchanges.

Subscription books will be opened at the office of the undersigned, and also at all the offices of the MERCHANTS BANK OF CANADA, at 10 o'clock on Thursday, 28th September, 1899, and close at 3 p.m. on the following day.

As the Bonds are in denominations of \$500 each, application must necessarily be for this amount or multiples thereof, and it is requisite that Bonds and Stock shall accompany each other in equal amounts, that is a \$500 Bond must carry \$500 of Stock and vice versa.

Subscriptions will be payable as follows: 50 p.c. on application, 25 p.c. on 1st November and 25 p.c. on 1st December.

Subscription forms may be obtained on application from any of the branches of the MERCHANTS BANK OF CANADA, or from

THE T. EATON CO. LIMITED 190 YONGE STREET, TORONTO.

McCoy Beat MacCormick. New York, Sept. 27.—Charles (Kid) McCoy clearly proved to some 4000 persons tonight that Jack MacCormick of Philadelphia won by a duke a few weeks ago in Chicago when he knocked McCoy out. They met at catch weights in the Lenox A.C. simply smothered the big wrestler and made him look like a novice. MacCormick fought being grossly a couple of times and tried to catch McCoy off his guard so that he could swing his right over. McCoy was not to be fooled by these wiles and he kept on the alert all the time. He won a round but MacCormick to sleep had the big left hand and fought like a man. The spectators became disgusted with MacCormick's actions and so did referee Charlie White, who sent him to his corner in the eighth round on account of his drooping and declared McCoy the winner. There was very little betting done on the big bout. McCoy was the favorite, as much as 100 to 30 being offered on him with only a few takers. Even money was wagered that the bout would not last six rounds.

THE TORONTO WORLD. ONE CENT MORNING PAPER.

Published by The Toronto World Printing Co., Ltd., 100 King Street West, Toronto, Ont. Daily World, 100 King Street West, Toronto, Ont. Sunday World, in advance, \$2 per year.

IN THE GOLD BRICK BUSINESS. While The World is and always has been a strong upholder of the expediency of legislation to have sawlogs cut in Canada, we do not think that any Government with a proper sense of honor should put upon the records of a court such a pleading as that published in the Toronto World and bought on the part of the purchasers of the Crown saws these limits to purchasers, and standing there end, although the purchaser who may have put up hundreds of thousands of dollars for his limit only gets a few dollars more than he is entitled to.

of its sewage. The Times of that city thinks the system works all right, and it recommends a similar system for this city. "Toronto's situation with regard to the sewage question," says The Times, "is nearly the same as that of Hamilton was before the erection of the interception works at the mouth of the river to carry off the sewage, such as Ottawa and Detroit are blessed with. Neither of them can turn the sewage current in another direction, and dilute it with the ample water supply of a great lake, as Chicago does."

HEATING THE CARS. Now that the Street Car Company is put on closed cars, the question of heating becomes a live issue. It has been customary in the past to postpone the heating of the cars till the middle of December. With the introduction of electric heaters in the cars, a reason no longer exists for fixing a specific date for installing the heaters and turning on the heat. The cars should be heated every day when the weather is such as to make artificial heat desirable. Heat should be turned on in the cars when it is required, just as readily as light is furnished when it is dark.

A VICIOUS PRINCIPLE. The Women's Christian Temperance Union is no doubt engaged in a laudable mission, and it is because it is doing a good work that we would like to see it keep on the straight and narrow path. We think the Union is making a mistake in asking for the use of a room in the City Hall for the holding of its convention. The Mayor is making a bigger mistake in acceding to the request. There is no objection to the use of the City Hall for the holding of the convention, and any of them can be had for a small rental. If the W.C.T.U. is granted the use of a room in the City Hall, we do not see how the same privilege can be refused to the Hoteliers' Protective Association, and yet we think the good ladies of the W.C.T.U. would raise a howl if the same chamber were to be used for the furtherance of the liquor traffic.

Editor World: Your timely hint to put in a telephone strikes a sympathetic chord with me. We receive an average of 12 to 15 enquiries during every 24 hours. Previous to receiving your notice, I imagined that the manager of the Street Railway had instructed the Telephone Company to connect all enquiries with our office, promising them that the information would be cheerfully given here. Not only the public but the officials and employees of the road seem to consider this their especial property.

Editor World: Now that the cool autumn days have come, and the recent rains have laid the dust on our rural thoroughfares, nothing could be more enjoyable than to drive along the beautiful Lakeshore road and see the macadam only a little smoother and the surface properly turpined. It is a pity that the city and county authorities do not unite in converting this naturally favored roadway into a first-class drive, more particularly as we have nothing equal to it anywhere near Toronto for scenic interest. No doubt the promoters of the off-spring of bridge matter, the Lakeshore road would soon become the fashionable road and drive and saddle route connecting with all the picturesque rural scenery in this beautiful district.

Claims for More Money. An appeal is before the Court of Appeal at Osgoode Hall from the judgment of Chief Justice Meredith, dissenting from the judgment of Eickard & Co. against the Insurance Company for \$1700. The plaintiffs claim this is a balance due to them for the General Hospital.

From the Soo. The sheriff of Sault Ste. Marie passed through the city yesterday with three convicts, Mackie, Brown and Hoot, who have been sentenced to five, five and three years respectively for shopbreaking.

HOMESUITING. Homespun Scotch Plain Camel's Hair Plaid, Striped, Checked, Venetian, Scotch Tweed, Serge Suiting.

OLD RESIDENT OF GUELPH GONE. Mr. Robert Martin Passed Away at the Age of 91 Years. Guelph, Sept. 27.—(Special.)—The death took place here to-day of Robert Martin, one of the oldest residents of the Royal City. He contracted a cold only on Sunday last, which rapidly developed into pneumonia.

YANKEES ROBBING THE IRISH. London, Sept. 27.—The Times to-day prints a despatch from Cork, which says there is much indignation among the fishermen and exporters on the south and west coasts of Ireland at the appearance of American fishing boats, "which compete unfairly with local men."

Seeking Facts re Cancer. Dr. Arthur C. Duffy of London, England, is in Toronto collecting data concerning the cancer disease. He interviewed several prominent physicians yesterday, among others Dr. H. H. Bryce. Dr. Duffy says the disease is not especially fatal to smokers. Vegetarians were not infected so much as were other classes, though the annual death rate was 41 per 1000.

Smith, Shirts, Socks. Predict Detective Harrison last night arrested George Smith of 82 Elizabeth street on a charge of stealing some shirts and socks from a merchant store. The merchant William Bell of York and Queen streets.

DR. PIERCE'S FAVORITE PRESCRIPTION

Makes Weak Women Strong, And Sick Women Well. It is made from a formula of Dr. R. V. Pierce, the celebrated specialist in diseases of women at Buffalo, N. Y. It is a strictly temperance medicine, containing neither alcohol, opium or other narcotic poison. Its protracted use does not create a craving for intoxicating stimulants or deadly narcotics. It cures irregularities, displacements, drains, ulcerations, inflammation, headache, backache and nervousness. It prepares the way for almost painless parturition, and insures robustness to the newborn. It cures women who are pale, and does away with obvious questioning and local examinations. Some medicine dealers offer substitutes when you ask for Dr. Pierce's Favorite Prescription. They imitate this medicine in appearance as nearly as the law will allow, but they cannot imitate its record of thirty years of cures.
