OFFICIAL TABS ON THE CROPS

Saskatchewan in Best Condition in the West—Some Low Averages Reported.

OTTAWA, July 13.—(Special.)—Census and statistics office to-day reports on the condition of field crops and the number and condition of farm animals of the Dominion on June 30. For the three years from 1908 to 1910, the field crops range in condition from 82.16 for spring wheat to 91.42 for hay and clover this year, to 80 for spring wheat and 82 for rye and peas in 1908. The wheat is 84 of this year, compared with 77.23 in 1909, and 89 in 1908. Oats were 90 in 1908, and 93.81 in 1909, and this year they are 85.23. Peas are 83.94 this year, last year they were 84.40, and in the previous year 82. The condition of mixed grains is nearly the same, being 85.3 this year, 85.68 last year, and 84 in 1908.

Hay and clover are better this year than in either of the previous years, being 91.42 compared with 79 in 1909 and 87 in 1908. The condition of alfalfa has been recorded this year for the first time, and its average is 83.94. Pasture has a condition of 89.02 this year, compared with 99 in 1908, and 87.74 last year. The conditions of all field crops are good in Ontario, the highest being 94.29 for fall wheat, and the lowest, 84.79 for spring wheat. Quebec crops range from 74.8 for mixed grains to 109.59 for hay and clover. Peas are 84.42 and their condition is the next above mixed grains. In Prince Edward Island and Nova Scotia all field crops are reported for a condition above 80, except alfalfa, which is 83.33 in the island. Hay and clover are 104.31 in the island and 105.79 in Nova Scotia. Wheat, oats, mixed grains and alfalfa are reported in a condition above 90 in New Brunswick and all other crops between 88 and 89, except alfalfa, which is 97. Hay and clover are reported at 108.68.

Western Crops.
Manitoba, Saskatchewan and Alberta have low averages throughout, owing to a light rain fall in June. The general condition of crops in Manitoba is much below the average. The lowest average is nearly every district report no rains, only a few light showers and hot dry winds that absorbed the moisture and withered the crops. The lowest average condition is reported from around Brandon and Morden, and the highest from Marquette, where the crops are a standard. In Saskatchewan the crops do not appear to have suffered from climatic conditions to the same extent as in either Manitoba or Alberta. There have been many local showers. The reports from Lloydminster, Battleford, Indian Head and Qu'Appelle are very favorable. The wheat is in the best condition in 100 and over. The prevailing condition of crops in the west of Alberta is towards the north. No. 20 is below the average in consequence of drought and hot winds. In the Edmonton district, the grains, although rather some, are in better condition. The best reports come from the Strathcona district, and those from Athabasca Landing and Saddle Lake districts are also particularly favorable. The field crops of British Columbia are all good.

Flax and Clover.
The areas of late cereals, buckwheat, flax, corn for husking, beans, potatoes, turnips and other roots, sugar beets and corn for fodder, have increased this year to 2,150,362 acres, which is 275,526 acres more than last year, and 247,869 acres more than in 1908. But the increase in its extent is not so large, which, owing to the high price offered for seed, has come into favor with the farmers of the northwest. The only farm animals which show a noticeable increase since 1907 are horses, while sheep and swine have declined. The conditions of all these animals over the Dominion exceeds 89.

GUEST AT KING EDWARD ASSAULTED BY BURGLAR

Young Virginian, on Roberby Bent, Slugged Chicagoan in His Own Room—Quickly Captured.

When William E. Page of Chicago, a guest at the King Edward Hotel, went to his room at 11.30 last night, he found that the lights had been turned off at the bulbs and would not light from the button. He turned them on at the bulbs and began to prepare for bed. He stepped into the bathroom en suite with his apartment and was stunned by a heavy blow on the head, which struck his scalp inches. Another blow inflicted an inch cut on his forehead.

The noise of his fall attracted House Detective Smith, who found Whit Bynum, 21 years old, of Richmond, Va., also a guest in the house, who admitted to the crime. He was charged with robbery as motive, and that he had dealt the blows with a piece of pipe, which he had torn from the bathroom of his own apartment, for the purpose of making a getaway, if he had to commit murder to accomplish his purpose. He got no money. A fair amount was found in the bathroom where he had been hiding.

Detective Newton placed Bynum under arrest, upon a charge of felonious wounding. Dr. J. E. Elliott was summoned and dressed Mr. Page's wounds, which are not serious.

BOTH LAID RECEIVED

Speech, Outlining Political Program, a Magnificent Imperial Utterance. (Canadian Associated Press Cable.)

JOHANNESBURG, July 13.—Premier Botha, speaking in English, outlined his political program at Wanderers' Hall in the presence of a vast audience, mainly British. The utterance was a very favorable impression. It was a triumph of the personality of the man, who met a reception at the same time as enthusiasm and sincere, genuine approval. He cleared in a manner that proves that racialism is almost dead among the mass of the people and would not survive for one week if not employed for political ends.

In respect to education he was heckled somewhat on Herzogism, but reasonable people are satisfied with his statements. The general view is that the Free State on this matter will fall in line with the provincial council is elected.

QUEBEC BATTLEFIELDS PARK.

QUEBEC, July 13.—All of the property required for the Quebec Battlefields scheme will be acquired this year, and work on the park will be started next year. This was the pith of the reply of Sir George Garneau, president of the Quebec Battlefields Commission, when questioned to-day as to the position of affairs at present.

NEW FORESTRY SCHOOL.

QUEBEC, July 13.—The new forestry school established by the government of the Province of Quebec will be its sessions the coming autumn. The school will be affiliated with Laval University, and will have four professors, namely, two in forestry, one in mathematics and one in forest law. M. G. Piche, M. A., is the director.

Spends \$60,000 For Fresh Eggs

One of Pittsburgh's Millionaires Buys a Big Farm to Ensure Pure Food at His Future Breakfasts.

PITTSBURGH, July 13.—Because he got an egg for breakfast a few weeks ago that had evidently seen cold storage days, Alexander R. Peacock, multi-millionaire and former protégé of Andrew Carnegie, has started to build a chicken-house 200 feet long and 30 feet wide on a \$60,000 farm he has purchased in Plum Township for the purpose. His agents are collecting fine fowls with which to stock the farm. The chicken-house will have steam heat, electric lights, the flooring and electric incubators. All feeding for the birds will be raised on the farm. After the bad egg had slipped by the Peacock chef, Mr. Peacock became judgmental. While he relieved his feelings he got an idea, and, hurrying to his office, called up a real estate dealer.

"I want a farm," he said; "a farm that is big enough to raise a lot of chickens. It appears the only way one can get a fresh egg in Pittsburgh is to have his own chicken farm."

Two days later the real estate man had the farm. It is expected that within three weeks eggs will be regularly shipped to the Peacock home.

THERE'LL BE NO STRIKE OF THE RAILWAY UNIONS

C. P. R. Will Likely Reach Agreement With Men by Sunday—G.T.R. Has a Conference.

MONTREAL, July 13.—(Special.)—It is semi-officially announced this evening that the agreement between the C. P. R. and their trainmen is being rapidly hatched into shape and that a final settlement or contract may be signed before Sunday. The vice-president of the G. T. R., Mr. Fitzhugh, had a lengthy interview this evening with Vice-President Murdoch of the trainmen's union and with Berry of the conductors. Although the result is withheld for the time being, it may be taken for granted that the strike, if it comes, will not go to allow the men to strike.

A flutter among local railwaymen is likely to be created by advertisements appearing elsewhere calling for experienced railway trainmen and conductors to take the places of men who have been laid off. Applicants are required to call at 6 Agnes-street, which last night was a vacant store.

INDIAN FELL OVER BANK

Picked Up Below the Cliff at Niagara Falls, Ont.

NIAGARA FALLS, Ont., July 13.—The body of an Indian was found over the cliff at the foot of Eastwood-avenue this afternoon about 3 o'clock, by an Italian concrete workman. The police were notified and the body was raised to the top of the bank by ropes. It was found to be that of an Indian, about 40 years of age.

The man's boots were broken, and there was a hole in the left side of the head, which penetrator into the brain, evidently caused by the sharp point of the rocks he fell on. It is thought that the man was a follower of an Indian band that accompanied the Orangemen here yesterday from Caledonia, and who got too much firewater and rolled over the bank some time last afternoon. There was a remnant of a broken whiskey bottle near where the man was found.

EXAMINING CHAUFFEURS

New York Will Make Sure of Safety of All Concerned.

ALBANY, July 13.—Secretary of State Koenig, accompanied by Assemblyman Albert S. Callan, author of the new automobile law, left for New York to-day, where to-morrow they will witness the first examination of chauffeurs. There are 26,000 chauffeurs in New York City, and Mr. Koenig estimates that it will take at least a fortnight to complete an examination of them.

"Applicants for licenses as chauffeurs will not be asked puzzle questions nor confronted with trick propositions," said Secretary Koenig before leaving. "But they will be required to answer questions that will have to do with their every-day work. Their character and habits will be looked into if occasion requires it, as well as their reputation for reckless driving and intemperance. I propose that every man who operates a motor vehicle in the streets and highways shall be fully qualified and competent to do so with safety to everyone concerned."

An "Altogether" Pilgrimage WINNIPEG, July 13.—A despatch received to-day from Winnipeg, near Yorkton, Sask., says: "A band of about 30 Doukhobors cut loose from the community to-day, burned their clothing and cash, and started to march in a nude condition."

FOR 31 YEARS HE LAY UNDER DUMB

Long Voluntary Silence Makes Effort to Speak to Devoted Sister Vain as Strange Man's Life Ends.

SOMERVILLE, N. J., July 13.—Silas Hoffman, the strange man of Bedminster, who kept his bed while apparently in perfect health and refused to speak for 31 years, is dead. He passed away last night without breaking the silence which he had preserved for so long a time, but just before he died he made an effort to speak to his devoted sister, Mrs. Margaret Lane, who cared for him in his lonely habitation through his eccentric career. It was too late, however; the years of silence had deprived him of the power of articulation.

Hoffman's strange conduct had made him a subject of comment among the country people of Bedminster Township for so many years that he had ceased to be an object of curiosity to his neighbors, who were inclined to shield him from the public gaze, and even now are attempting to keep his death a secret, out of fear that it would cause a curious crowd to gather there from all the countryside.

His funeral will be held on Thursday from the house where he died. He was 67 years old. Whether he was insane was never determined, although he had been examined by a score of physicians, with a view to ascertaining his mental condition. His eternal silence and his blank smile baffled all alienists and physicians often said he could not be declared insane, as his condition was apparently normal.

Fortune Overcame Him.
Hoffman was one of five sons of a prosperous farmer of Bedminster Township. The other four are living and are prominent in the agricultural and business life of Somerset County.

Hoffman spent his early life, like his brothers, on his father's farm. At the age of 30 he possessed a farm and was the owner of a spanking team of grey horses, of which he was very proud. He was fond of society and was known all around as a gay young man. His fortune broke his ardor. After that death a secret, out of fear that it would cause a curious crowd to gather there from all the countryside.

His funeral will be held on Thursday from the house where he died. He was 67 years old. Whether he was insane was never determined, although he had been examined by a score of physicians, with a view to ascertaining his mental condition. His eternal silence and his blank smile baffled all alienists and physicians often said he could not be declared insane, as his condition was apparently normal.

Sister Cared for Him.
In all these years he was cared for like an infant by his widow sister, Mrs. Margaret Lane, out of her scanty income and \$3 a week which she received for his maintenance from Bedminster Township.

Physicians have been expecting Hoffman to die every year for the last decade of his life. His vitality was due to a number of accidents. At one time he fell from a tree and his right foot badly crushed at the ankle. Both men were hurried to the hospital, where Looby is in a serious condition from shock. Cameron is standing the ordeal much better.

The hospital trust let the contract to-night for the new wing, which is to cost about \$30,000. It will be most modern in construction.

GENERAL STRIKE THREATENS

Garment Workers All Over the United States May Go Out.

NEW YORK, July 13.—It was announced to-day by the general strike committee of the 60,000 striking cloak-makers that there was a possibility of a general strike of the cloak-makers throughout the country. Representatives of the unions in their various cities are ready to call a strike at a moment's notice.

BOMBARDED PIRATES

They Retorted by Storming and Capturing Portuguese Post.

HONGKONG, July 13.—A Portuguese gunboat, co-operating with troops, today bombarded the pirate settlement on the island of Colowan, destroying the houses and killing many natives. The Chinese retaliated by storming and capturing the Portuguese military post. Portuguese reinforcements were sent to the scene from Macao.

The island of Colowan is near Macao, and its ownership is a matter of dispute between the Chinese and Portuguese. A party of Chinese students had been captured by the pirates, and the governor of Macao sent an expedition to effect their rescue. The pirates resisted and were reinforced by Chinese from the interior. The latter were armed with modern weapons and smokeless powder.

In all 2000 persons were engaged in the fighting. Many of the Chinese were killed, while the Portuguese lost a corporal killed and a large number wounded. Subsequently the Portuguese gunboat and a force of artillery were sent to bombard the island. The attack upon the Portuguese troops by Chinese inspired most likely by their enemy toward the Portuguese generally, rather than by sympathy with the pirates.

VICTIM OF SHOOTING DEAD.

SWAN LAKE, Man., July 13.—Rockely, one of the victims of the shooting fray here election night, died shortly before midnight, and a charge of murder will be preferred against Fred Bowlerwell.

DELESSEPS MAKING HIS CITY FLIGHT as seen from the roof of The World building and with the upper stories of the I. O. F. Temple in the background.

FIVE TON MASS INJURES 2 MEN

Concrete Cover for Filter Bed Collapses at Owen Sound—Man May Die.

OWEN SOUND, Ont., July 13.—(Special.)—Louis Looby of Dublin, Ont., contractor for the construction of the concrete filter beds for the extensive addition to the waterworks system, and Walter Cameron, son of Dr. Allan Cameron of this town, were seriously injured this afternoon at the works by the caving-in of one of the heavy concrete covers for the beds. The cover, which was a mass weighing five tons, was poured into the moulds on Saturday and should have had seven days to set. In hurrying the work the supports were being removed too soon, and the entire mass fell to the floor, a distance of 12 feet, in three pieces.

Cameron's right foot was completely severed above the ankle, and he pulled himself free. Looby was struck by the falling pillar and his right foot badly crushed at the ankle. Both men were hurried to the hospital, where Looby is in a serious condition from shock. Cameron is standing the ordeal much better.

EARL GREY AND QUEBEC BOURASSA TELLS TALES

Declares His Excellency Was Much Annoyed at Opposition to Navy, But Hoped in Laurier.

MONTREAL, July 13.—(Special.)—Henri Bourassa is beginning to speak out in meeting, giving this evening, in Le Devol, what he alleges is the drift of a statement made in March last at Rideau Hall by Earl Grey, when his excellency expressed the greatest disappointment at the attitude of the French-Canadians.

Mr. Bourassa says that, at first, the Governor-General took the silence of the French-Canadians to mean consent, but when the opposition to the navy bill became so outspoken, his excellency expressed himself very bitterly against the clergy and the pillage and stoniness of Quebec generally.

He added, however, according to Mr. Bourassa, the following: "It will, however, make no difference, we will have Laurier ten more years in power, and he will lead the province and the French-Canadians along the proper path, to where they should go."

LEROI TO CLOSE DOWN

Famous Rossland Mine is in a Bad Way.

NELSON, B. C., July 13.—(Special.)—The famous Le Roi mine at Rossland is about to close down. In March last year the mine closed and remained inactive till October. A. J. McMillan, managing director, raised additional funds and development work was recommenced. Shipments of ore have been made, but it is said that no great success was obtained, and the management has decided to close down again.

NO ROUTE INTO BOSTON

General Manager Hays Says G.T.R. is Not Planning One.

MONTREAL, July 13.—(Special.)—"Please state as coming from me," said Mr. Hays to-day, "that the Grand Trunk has no intention of building into Boston, as our agreement with the Boston and Maine is eminently satisfactory."

THE CIVIC DEBT.

City Treasurer Coady has handed out the following statement in rebuttal of statements concerning the city debt made in The Financial Post:

| |
|--|
| The per capita on assessed valuation, 1909, \$270,000,000, population 400,000, is \$675. |
| In American cities the local improvement works are paid for within a year after completion, instead of being extended over a term of five or ten years as in Toronto. |
| The City of Toronto derives a substantial revenue from a portion of its debt expended on water works, esplanade, exhibition buildings and street railway pavement loans. Under these circumstances the following analysis of our debt would be fair as a comparison: |
| Gross bonded debt of the city, December 31, 1909, \$35,972,988 |
| Less the following revenue-producing debts, etc.: |
| Water Works |
| Esplanade Loan |
| Exhibition Permanent Buildings |
| Street Railway Loans |
| Local Improvement Loans (special) |
| \$15,923,567 |
| Balance, a charge on revenue and taxation |
| Less sinking fund applicable to this debt |
| Net debt |

Per capita debt on above amount, \$40.00.
Population has increased from 167,000 in 1890 to 400,000 in 1910.

UNKNOWN ENEMY TRIED TO WRECK ORANGE TRAIN

Horseshoes Fastened to the Rails For a Distance of Thirty Feet.

OTTAWA, July 13.—(Special.)—Orangemen who had been celebrating the 12th of Cantie, Que., just escaped disaster at the hands of an unknown enemy.

Five hundred of them and their friends were on the Gatineau train, and had it not been that there was an hour's delay at Blue Sea Lake, owing to a piston rod of the engine breaking, the train would probably have been wrecked at Kirk's Ferry, a dangerous point. Fortunately a hand car was thus enabled to precede the train by about five minutes. It struck an obstruction, was derailed and thrown into a ditch.

An inspection of the track showed that horseshoes had been slung on the rails, and cleated to the ties, with the very evident intention of wrecking the train. The track had been doctored in the same manner for a distance of 20 feet, and it took some time to remove the obstruction. The spot chosen by the wreckers was a rock cut, into which not enough light penetrated to reveal the danger to the engineer.

PATROLMAN AS A PRIEST

Exercises That Prerogative in Case of Necessity.

HARTFORD, Conn., July 13.—While Mrs. Guiseppe Tellegino of No. 225 Market-street, sat in the doorway of her home late this afternoon, her infant son in her arms, eagerly waiting for the arrival of a priest to bless the child, who was dying with convulsions, a Catholic policeman exercised the prerogative of a Catholic layman by assuming the function of a priest and administered the sacrament.

The mother refused to send the baby to the hospital until this right had been performed. After the policeman had performed the rite of baptism on the little one the mother allowed the child to be taken to the hospital, where it died shortly afterward.

PANAMA HAT SALE.

The Dineen Company have a special sale of Panamas on to-day and to-morrow. There are some really good examples in these hats, which we doubt can be secured elsewhere at the price. The sale includes all the superior or better Panamas at great reductions, starting at five dollars.

Standard Bank Building, corner King and Jordan Streets. Apply H. H. WILLIAMS, CO., 28 Victoria Street - Toronto.

DELESSEPS MADE A GREAT FLIGHT OVER CITY

At More Than 3000 Feet Above Earth, Daring Aviator Takes Half-hour's Sail from Weston East to Spadina Ave., Despite Bothersome Wind. —Brookens Here To-day.

Delesseps's Great Flight.
From Weston, down Humber over harbor east to Spadina Avenue, circling northwest in returning.
Time—26 minutes.
Altitude—3500 feet.
Landing glide—1656 feet.

In his beloved La Scarabee, the 50 horsepower, 7 cylinder Bleriot monoplane in which he crossed the English channel some months ago, Count de Lesseps last evening added to his well established fame as a navigator of the ether aviations, when he flew from the Weston aviation camp to Toronto and return, executing the journey in almost thirty minutes, and attaining a height of 3500 feet at least. Including the time occupied in preliminary circlings of the field, he was a stranger to terra firma for 38 minutes.

The start and return were witnessed by three thousand persons, the largest gathering of the meet outside of last Saturday's throng, and the demonstration which hailed the reappearance of La Scarabee and its intrepid rider was one of the greatest enthusiasms. It seemed to the great majority of the beholders an incredibly short time for the voyage, the fact that the power motor can propel it thru the air at close to a mile a minute, being overlooked in the computation. The power motor can propel it thru the air at close to a mile a minute, being overlooked in the computation. The power motor can propel it thru the air at close to a mile a minute, being overlooked in the computation.

"The wind nearly broke my face," he sang out gaily as he alighted in the centre of the field, where his flight doesn't know. It is said to be fifteen miles from Weston to Toronto and return as the crow flies, but the aerial craft has some lessons to learn from that sagacious bird as to direction. It is estimated that the count flew at least 20 miles, and some calculators say 25, and even 30. The count himself doesn't know. It is said to be fifteen miles from Weston to Toronto and return as the crow flies, but the aerial craft has some lessons to learn from that sagacious bird as to direction.

He was borne on their shoulders across the field to the south side, where the Baden Powell Boy Scouts, about 400 strong, were drawn up under Capt. J. K. Keefler. The lads cheered him to the echo, and the other spectators joined in the spontaneous tribute. The count was manifestly pleased and bowed his acknowledgements. Then, surrounded by his countrymen, all bubbling over with enthusiasm, he proceeded to his tent.

The count, in reply to the consul's questions, said he had not been able to locate the city hall tower, "because the wind was too bad," but that he had traveled far over the city—a statement readily confirmed by citizens who witnessed the aeroplane's circuit. The count was much pleased with the manner in which Le Scarabee had acted under the adverse conditions, for while the wind, which blew at Montreal when the judge day, dropped at sundown, it was still far from ideal for aeroplaning.

Had Wagered He'd Do It.
While the count de Lesseps will not be officially credited with more than 3000 feet altitude, his sister, Countess Be-gassiers, said that to her it appeared that he was much higher in the air than at Montreal when the judge day gave him credit for 3000 feet. His own barometer registered 3500 feet, while before his downward glide he was 1656 feet up.

While it was announced several days ago that the count would pay the city a friendly call in his airship during the meet, no definite time was set until yesterday afternoon, when the daring aviator said he would do so before night. During the morning he, with Count de Lesseps and two French aviators, went to the top of the city hall tower, where Count de Lesseps carefully studied the surrounding country thru a pair of field glasses.

After lunch he stated that he would make part of the trip out over the lake and bay, thereby reducing to some extent the element of danger, his plane being equipped with a rubber cushion filled with gas, making good sufficient buoyancy to keep the craft above water in the event of a fall. He started out with the plan of following

HAMILTON HAPPENINGS

CYCLIST HAD HIS NOSE BROKEN IN A COLLISION

Hamilton to Have a New Automobile Industry—Plov Works to Cost \$2,000,000.

HAMILTON, July 13.—(Special).—J. Granger, son of Fred Granger, the well-known expressman, had his nose broken in a collision with another cyclist, while riding his wheel on King-street near John to-night.

An automobile industry is about to be started in this city by Wray & Nicholls, who yesterday took out a permit for the erection of a concrete building on Popular-avenue.

The members of B company 51st Highlanders, in camp at Oaklands, are having the time of their lives. They have a two weeks' vacation with swimming and all other sports.

Plans for the new Plov Works are being prepared and the plans will be ready in a few days. The building will be a one-story steel, brick and concrete building, 51x100 feet.

Rev. Thomas McLaughlin also appeared to answer to the same charge and paid the same fine. His dog had been playing with children, who had been feeding it cherries, and it managed to make its escape.

LONDON, July 13.—Sir Edward Sassoon's bill, making compulsory the equipment of all passenger vessels with wireless, passed the first reading in the house of commons today.

New Strike on Tretwey. COBALT, July 13.—(Special).—Another new strike was made on Tretwey to-day of a two-inch vein, consisting of small and large pieces.

Died on Train. Toronto, Charles E. Hoffman, a button manufacturer of Berlin, died in his berth, and was found by the porter on arriving at the Union Station yesterday.

—Fourth Floor.

Friday is Summer Rug Day

Indian Mooji Rugs, made from a heavy twisted prairie grass, will wear well. They are made bold in designs and strong in color combinations of red, tan and black and red, green and tan. As we have only a few of the large sizes left and they are slightly damaged on edge, have marked them very special, 9 x 12 feet. Regularly \$12.00. Friday bargain \$7.49.

9 x 10 1/2. Regularly \$10.50, Friday bargain \$5.89.

China Damask Rugs, made in elaborate brocaded patterns, from a heavy twisted fibre, make a strong and durable rug that is heavy enough to lay well. The colors are mostly in green, blue, red and brown. Just the rug for Summer use—

4 1/2 x 12 feet. Regularly \$3.00, Friday bargain \$2.38.

6 x 9 feet. Regularly \$3.25, Friday bargain \$2.48.

7 1/2 x 9 feet. Regularly \$3.75, Friday bargain \$2.98.

9 x 12 feet. Regularly \$7.25, Friday bargain \$5.69.

English Axminster, Wiltons and Brussels Carpets, we have a number of these patterns that must be cleared before stock-taking, enough in each design to cover one or more rooms. Some have border to match. They represent the season's best selling patterns, showing self colors and fawn in chintz, Oriental, and floral scroll. Regularly 90c to \$1.50, Friday bargain, per yard 67c.

Wool and Fibre Mats, as the name implies, are a mixture of wool and fibre, making a very strong and durable mat. We have only a few of these left and marked them for quick selling on Friday. The colors include blue, white, brown and white and maroon and white. Dainty serviceable rugs for Summer home or bedroom, where a small mat is required, size 15 x 30. Regularly 27c, Friday bargain 17c.

Heavy China and Japanese Matting, 36 inches wide, is made from good clean, live straw, all this season's crop, and makes a nice cool floor covering for Summer home or bedroom. Some nice fancy stripes, elaborate Japanese effect, inlaid and plain natural straw. Regularly 25c, Friday bargain 19c.

Remnants of China and Japanese Matting

To clear out a lot of these short ends, from 1 1/2 yards up to 8 yards long, we have marked them very low for quick selling Friday. They include ends of Japanese and China matting worth from 12 1/2c to 25c, Friday bargain 9c.

Axminster and Wilton Carpets, a number of patterns for a final clearance on Friday, enough of some designs to cover one or more rooms, some with borders to match. The colorings are self greens, Oriental, floral, scroll and green chintz. Regularly \$1.35 to \$1.75, Friday bargain \$1.18.

—Third Floor.

Hammocks for Baby

A cute, cosy kind, in which baby may sleep in solid comfort. Hung on a self-supporting, strong wood frame. Regularly \$2.95. Friday bargain \$1.99.

A Clearance of Hammocks

This a line of real good wearing Hammocks, good weave, wide and roomy, nice bright colors, pillow and valance, will stand much wear, splendid Hammock opportunity. Regularly \$1.69, Friday bargain \$1.19.

Children's Garden Sets

Baseball Montreal 11-5 Toronto 10-2 Bowling London Rinks Left in Final Trotting Results at Port Huron

Note and Comment

Next Saturday should prove a red-letter day in the annals of Canadian lacrosse. Every one of the seven L. U. teams will be playing. Montreal will have their Minto Cup match against New Westminster; the local fixture will be Tecumseh and Toronto, who are tied for third place, at Scarborough; Cornwall v. Shamrocks at Montreal and Nationals at Capitals. The Minto Cup controversy will be decided by the majority of goals in two games on succeeding Saturdays.

The three junior eights of the Argonaut Rowing Club are improving beyond the most sanguine expectations of the coaches. If they keep up the good work they will earn a trip to the national regatta at Washington as well as to St. Catharines.

The Hamilton Rowing Club has received its new four-oared shell from England. The boat will make its first appearance at the Royal Canadian Henley, and the new 140-lb. junior crew declare that its debut will see its first victory.

The Royals went to Toronto to make a record for themselves. Their Eastern League season, viz., four victories in four games, landing the same with Manager Ed. Barron in the hospital. Perhaps the illness of President McCaffery had some evil effect on the team. Nevertheless, the team that someone in a misguided moment dubbed the Speed Boys are home to-day for a long season of 22 games, none of which is, unfortunately, with the Pea Soups, and thus there is no rapid opportunity for sweet revenge.

There was a mild sort of stampede at the North Bendall Racetrack in Cleveland when C. G. Billings drove his Binzer, No. 2, to a light wagon, a mile in 2:02 3/4, and thereby robbed Max Deimar of the world's record of 2:02 3/4. Deimar made seven years ago. It was a wonderful performance, especially when the season of the year is considered. Now there are few who will doubt that the conqueror of the Binzer is truly a 2:01 1/4, is the coming trotter that will set a mile before the season closes in two minutes.

It is pleasing for those of us who live in Ontario and are fond of art to note that the moving picture men who photographed the Johnson-Fries fight declare that they are the finest films ever taken of a big event.

Orleans Still Hitting Homers. BALTIMORE, July 13.—The Skeeters again fell victims to the Orioles' batting streak to-day. Manager, who did the pitching for the visitors, was hard hit and his support was not of the best. Glancy and Bean made home runs, making seven home runs made by the Orioles since Saturday.

WE REGRET TO REPORT THE LOSS OF TWO GAMES

Rochester Takes Two, Baltimore and Newark Win—Buffalo Here To-day.

MONTREAL, July 13.—(Special.)—Montreal was a double-header from Toronto to-day, making four victories in three days from the Maple Leafs, the opener going twelve innings. The teams began playing at 3 o'clock and finished at 1:15, but the prospect of a double-barreled winning rally for Montreal, and the crowd who came for the opener to their seats till the last man was out.

Montreal's six-run rally in the ninth inning of the first game was the sensational feature of the afternoon's sport. They were six runs behind when they went to the bat, and they made them before Toronto could get the side out. This tied the score, and the battle continued till the twelfth, when Krichell's double and Jube's single won the game. His hit, with Krichell on second and two out, in the twelfth inning, won the first game for Montreal.

Holly's batting was the feature. He made three two-base hits and a home run during the twelve-inning battle. His home run in the ninth tied the score and sent Rudolph to the clubhouse. In the field, Demmitt, Holly, Yeager, Jones, Nattress, Cockill and Krichell performed some great stunts. Demmitt's catch when he ran to the fence and captured Vaughn's drive over his head, was one of the finest plays seen on these grounds in a long time. Jube, the outfielder, who is guarding right field for the Royals, swatted timely in both games. His hit, which should have scored, sent Cockill's foul fly after a hard run, which sent him hard against the ropes near the grandstand.

When the Royals went to bat in the ninth the score stood: Toronto 10, Montreal 9. Winter led off with a hit and Stearns followed with a home run. The bases were full, and the Royals scored and the bases were all crowded. Demmitt followed with a drive past Stearns, hit which should have scored. Holly, hit which should have scored. Holly, hit which should have scored. Holly, hit which should have scored.

It was a mild sort of stampede at the North Bendall Racetrack in Cleveland when C. G. Billings drove his Binzer, No. 2, to a light wagon, a mile in 2:02 3/4, and thereby robbed Max Deimar of the world's record of 2:02 3/4. Deimar made seven years ago. Two London Rinks Will Battle To-day For O.B.A. Trophy

The third day's play in the Ontario Bowling tourney at Niagara-on-the-Lake saw the semi-finals in the trophy played and the final round in the consolation and fourth round in the association.

The winners of the semi-finals in the trophy were the two London rinks, which were skipped by A. M. Heaman and C. Abbott, the former defeating E. A. Brown 11 to 10, and the latter A. H. Longhead 10 to 7.

The other game was all one-sided, the score being 10 to 1 in London's favor. London got three ones in the first three, while New Beach got nothing. The next end was easy for London, getting five, making the score at the fourth end 5 to 0.

The fourth round of the trophy, Heaman put away Waddell to the tune of 11 to 10, the Londoner having things all his own way in the latter stages of the game.

Seven come eleven was what happened to Heaman's bunch. In the fifth end the London aggregation pulled down seven as a result of a series of brilliant shots. That Heaman's rival knew the game was clearly demonstrated in this game and in the semi-finals.

Farrow's Ottawa in the fourth; R. F. after a hard-fought game, J. H. Longhead, who had been put away in the previous four, headed by Kearns, by the score of 15 to 8.

Consolation—First Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

Consolation—Second Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

Consolation—Third Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

Consolation—Fourth Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

Consolation—Fifth Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

Consolation—Sixth Round—St. Simons—Niagara: W. G. Parsons, 21; A. Ward, 16; Dr. McCarty (Buffalo), won by default from A. C. Chisholm (Granites).

The Filler is Pure Havana from the Vuelta Abajo. The Wrapper is the famous Connecticut Broad Leaf. The blend is the most successful. The result the most satisfactory. We know there IS a difference.

Smokers agree that there IS a difference. 10 cents straight at leading tobacconists.

H. SIMON & SONS, Limited MONTREAL

LACROSSE NEWS AND GOSSIP Tom O'Connell and Johnny Brennan the Officials for Saturday.

Tom O'Connell and Johnny Brennan will be the men in charge of the Toronto-Tecumseh lacrosse game at Scarborough Beach on Saturday, Vice-President Peter Murphy of the N.L.U. appointing these two yesterday. Both keep the game from A to Z and will keep the players doing the right thing Saturday.

There was some talk yesterday if Ernie Menary not playing for the Torontonians on Saturday against Tecumseh, as he is said to have stated after the game in Cornwall last Saturday that he was thru with lacrosse. However, Ernie will likely be on deck Saturday against Tecumseh for Ernie, you know, would next to winning a championship, sooner beat the Indians than any other team in the league.

St. Mary's defeated Mitchell at St. Mary's yesterday in an intermediate C. L. A. game by score of 13 to 8. Revere Klinger of Preston gave entire satisfaction.

Montreal have arrived at New Westminster, where they will play a practice to-day before their cup game with the cupholders on Saturday.

Tecumseh juniors will hold a meeting at the island to-night, when a full turnout is requested.

Both the Torontos and Tecumseh will hold their final workout to-day Saturday on Saturday at Scarborough Beach. Tom Hayes will practice at 3:30 and the Indians after the ball game.

Tommy Gorman of the Caps will not be able to play against the Nationals Saturday, owing to an injured wrist sustained in the game last Saturday at Montreal.

Woodgreens will practice to-night at 6:15. A full turnout is requested. After the practice the team will practice at Scarborough on Saturday.

DETROIT, July 13.—Horses by the score are arriving daily at the Windsor track to participate in the running meeting, which begins on Saturday and continues for seven days. There arrived yesterday the largest shipment of horses from Detroit that ever was conveyed from Detroit to a Canadian race course. Five calves were used to bring the animals here, former owner of the marvelous track to-day, Mr. Wadsworth, has a P. J. Pons, owner of the Jacksonville, Fla. track, who has been performing on the eastern and southern tracks the last three months. R. E. Wadsworth, who has been a familiar color on the Windsor track for many years, the Fort Erie shipment has been heavy for several days, fully 500 thoroughbreds coming from that track to Windsor.

The riding talent at the approaching meeting includes the best from Ontario and the Canadian circuit, with several of the good eastern riders. The Fort Erie shipment has been heavy for several days, fully 500 thoroughbreds coming from that track to Windsor.

Seized United States Stamps. MONTREAL, July 13.—United States postage stamps valued at \$40,000 were this morning seized by representatives of the federal government here on a suspicion that they are for sale. The stamps are in twenty-five fifty-cent and one-dollar denominations, and were found in possession of a pawnbroker, who was offering them for sale.

GOT WORK ELSEWHERE. MONTREAL, July 13.—The striking bricklayers and masons claim that only 287 men out of the 1500 who went on strike are now drawing strike pay. Over 900 are at work again, their employers having signed the union agreement, and work outside the city. One hundred and thirty contractors have signed the agreement demanded by the men.

A good sauce for stewed fruit is made by boiling one-half ounce of very fine sage in one pint of milk till so tender that the grains almost disappear.

DR. CHASE'S OINTMENT. Dr. Chase's Ointment is a certain and guaranteed cure for such diseases as rheumatism, neuralgia, sciatica, lumbago, sprains, bruises, cuts, burns, scalds, and all other skin diseases. It is sold by all druggists and is the only one that is guaranteed to cure.

THURSDAY MORNING, JULY 14, 1910

TORONTO'S REAL INDEBTEDNESS

The Financial Post of Canada is as deaf as the ordinary post of any country to truth and fact when the defence of a corporation or the embarrassment of a municipality is concerned.

The object of an article which appears in the current issue on "Toronto's Heavy Indebtedness" is evidently to hurt the credit of the city, and, if possible, to drive the city into making an arrangement advantageous to the Toronto Electric Light Company.

"A carefully prepared article," says The Post, "suggests the conclusion that if the city proceed with its needless expenditure of several million dollars, what may seem the popular course to-day may, before very long, be seen even by the not far-sighted, to have been a most egregious blunder."

The Post does not recommend the Toronto Electric Light Company to sell out to the city at a price to be arbitrated. The Post only wants the city to accept the terms which the Electric Light Company chooses now to offer, as modified from previous offers pressed upon the city by The Post.

Toronto owes \$100 a head of the population, says The Post; Chicago only \$10, New York \$156 and Boston \$113. The Post states that the bonded debt of Toronto is close upon \$36,000,000.

According to a statement issued by the city treasurer's department, the assessed valuation per capita is \$675, with an assessment of \$270,000,000, and a population of 400,000.

The case is being tried here by Justice Jetties, who is inclined to think that their entire value consists in the paper and the actual time spent in producing them.

THE POPULATION OF TORONTO HAS INCREASED from 167,000 in 1890 to 400,000 in 1910, and much of the debt has been contracted in taking care of the future, or, in other words, in paying the rent in advance.

THOMAS LAWLESS. Thomas Lawless was a man all of his own kind. There was not another like him. He was a proofer in Hamilton as a young man, and then an accountant in job printing and newspaper work.

was this side of his life that made him a fraternalist, as it did Oronhyatekha. First they organized for temperance, and then linked up together in the wider field of the Foresters.

IN THE STATES AND CANADA. In the United States the Inter-State Commerce Commission, and in the State of New York the Public Service Commission, are both being enforced by the attorney-general of the United States, and by special and regular counsel appointed for the purpose, and by the greatest activity on the part of the members of the commissions.

The Railway Commission at Ottawa and the Railway and Municipal Board at Toronto are showing nothing like the energy of the American boards. The World commends to the public an article in The Outlook for July 9, by Lyman Beecher Stowe, showing what has been done in New York State.

Public service companies should be conducted for the service of the public. They should be conducted for the purpose for which they exist, and for no other purpose.

Mr. Stowe then goes on to enumerate some of the many great improvements that have been effected in New York.

FLAVELLE'S THE MAN. Editor World: Why do you not nominate J. W. Flavells as minister of agriculture for Ontario?

Tuckett's

A Positive Delight for the Discriminating Smoker

In a package of Tuckett's "Club" Cigarettes, you will find ten of the most fragrant and satisfying smokes that you ever tasted.

There's an intangible something about Tuckett's "Club" which seems to make you say—"My! that's a delicious smoke!"

Insist upon "Tuckett's" next time you are purchasing—your insistence will surely lead to a continued smoking of these cigarettes in preference to all others. A trial of Tuckett's is too important a matter to postpone—do it to-day.

15c. a Package of Ten.

DIRIGIBLE BURST AND 5 MET HORRIBLE DEATH

Accident Believed to Have Been Caused by Heat Expanding the Gas.

LEICHLINGEN, Rhenish Prussia, July 13.—Oscar Erbsohn, the German aeronaut, who won the International balloon race at St. Louis in 1907, and four companions were killed to-day when the dirigible balloon Erbsohn burst at a height of several hundred feet and dropped to the earth in a crumpled mass.

The craft was of the non-rigid type, 178 feet in length and 33 feet in diameter. The motors were of 15 horse-power and drove the airship at a speed of 23 1/2 miles an hour. The war department recently purchased one of Erbsohn's balloons.

The cause of the accident is a matter of conjecture, but it is believed that the bursting of the bag was due to the expansion of gas by the warm sunshine.

The Erbsohn rose gracefully, pushing its way through the fog to a height estimated at several hundred yards. At this altitude a series of evolutions was begun. The onlookers made the airship appear to obey her helm perfectly. Suddenly there was a loud report, and at the moment the fore part of the vessel crumpled up and the dirigible was twisted about until it appeared as the standing on one end.

As the gas escaped from the forward compartment, the prow arched downward. For a flash the airship fluttered like a wounded bird, and then fell swiftly to the earth.

Erbsohn and his companions were killed the second that they struck the ground. Their heads were battered in and every limb broken. The wreckage fell so heavily that the dirigible was broken to bits and the motor was buried in the ground.

Oscar Erbsohn had made many daring and successful balloon flights. In the St. Louis aerial race, when he took from the United States to Germany the International Cup, which had been won the year before by Lieut. Frank P. Lahm at Paris. He covered a distance of 875 miles in the balloon Pommer, landing at Ashbury Park, N. J., two miles further from the point of ascent at St. Louis than his nearest competitor, M. Lablanche of France, who came down at Herbertsville, N. J.

In February, 1909, Erbsohn made a remarkable balloon trip across the Alps. His balloon was the Berlin, and it remained in the air for 30 hours, reaching a maximum altitude of about 2000 feet.

SIR TEMPLARS AT CHICAGO

Million Persons, It is Expected, Will See Grand Parade.

CHICAGO, July 13.—One of the largest and most impressive parades in Chicago's history, witnessed by more than 1,000,000 persons—this will be the culminating public feature of the 31st triennial convocation of the Knights Templars of the United States, August 8 to 13, as announced to-day by the committee in charge of the arrangements. The grand parade date is Tuesday, August 9.

Preparations are being made for the entertainment of at least 100,000 knights, and it is expected that 200,000 other visitors will be in the city during the convocation.

The largest reviewing stand will be four blocks long with a seating capacity of 50,000. This will be reserved for the grand commander and other high officials of the order, and wives, friends and relatives of the knights.

Never has Chicago undertaken such elaborate decoration and illumination schemes as those in honor of the knights. In Grant Park, opposite the headquarters for the grand commander, will be erected a tower with 6000 incandescent electric lights.

The "Templar Way" in State-street from Randolph to Van Buren-street will be lined with massive white columns with festoons connecting. An immense entrance arch will be erected in the form of a city with towers and turrets in Michigan-avenue near Hubbard-place.

Summer Amusements

Next week at the Royal Alexandra, the Percy Harwell players will devote themselves to the "Lighter" form of amusement, when they will present the rollicking farce, "A Night Out." This is one of those amusing pieces which are known as the "Lighter" farces, and were produced at Daly's Theatre, New York. It is chock full of amusing situations. Miss Harwell was for some time a member of the Daily Company, when these farces were produced. The sale of seats opens to-day.

The musical event of the summer is taking place at Hanlan's Point this week when Antares and his famous novel entertainers will perform afternoon and evening. In addition to the band, there is Vanandia, the hero of Niagara gorge, the only man who ever crossed this awful chasm on a slender wire hanging by his teeth. He gives his thrilling exhibitions every afternoon on a cable three hundred and fifty feet long descending from the top of the main entrance of the stadium to the band stand. Another new attraction is the beautiful "girls," a number of comely young women, present a series of Mexican, Italian, Spanish and other foreign dances. A really novel entertainment is furnished by the fat baby boy. He is now five years of age, weighs 160 pounds, and is a clever conversationalist. The leap the dip is purchased for 25c. It is the newest and most sensational five cent aerial ride ever constructed.

KING'S PRIZE SHOOTING

Morris is Second in the First Stage With 103.

(Canadian Associated Press Cable.) BIRLEY CAMP, July 13.—Major Hutchinson, who is shooting in color, Seagant Greet's place, who is ill with fever, is adjutant of the Canadian team. It has been announced officially that all scores of 96 are out of the King's Prize, and that 71 scores of 97 will shoot off for 63 places for the second stage of the match.

The following totals were made in the first stage: One with 104, 3 with 103, 18 with 102, 24 with 101, 27 with 100, 72 with 99, 83 with 98, 67 with 97. Capt. Campbell won the bronze medal for highest score, 104 out of 105. Sergt. Morris, Bowmanville, Ont., was second with 103. There are 23 Canadians in the second stage.

Scores at 600 yards range, first stage, were: Bibby 30, Crowe 33, Clifford 30, Drysdale 31, Eastwood 32, Forrest 31, Freeborn 31, Hutcheson 31, Letimer 30, McInnes 31, McHarg 31, McKie 30, Morris 35, Mitchell 32, Russell 35, Rowe 33, Steele 34, Stock 34, Sharpe 31, Whitehorn 32, Bayles 32, Bowen 28, King 31, Mortimer 31, Richardson 31, Stuart 32.

In the all-comers' aggregate the Canadian team scored as follows: Follows Steele in 8th place, Richardson 8th, Crowe 11th, Mortimer 22nd, Freeborn 23rd, Mitchell 25th, Bayles 26th, each winning a bronze medal and 25; Letimer was 1st at Stock 31st, Sharpe 67th, each winning 2.

The Canadians won the following places and prizes in the 2nd stage: 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, 38th, 39th, 40th, 41st, 42nd, 43rd, 44th, 45th, 46th, 47th, 48th, 49th, 50th, 51st, 52nd, 53rd, 54th, 55th, 56th, 57th, 58th, 59th, 60th, 61st, 62nd, 63rd, 64th, 65th, 66th, 67th, 68th, 69th, 70th, 71st, 72nd, 73rd, 74th, 75th, 76th, 77th, 78th, 79th, 80th, 81st, 82nd, 83rd, 84th, 85th, 86th, 87th, 88th, 89th, 90th, 91st, 92nd, 93rd, 94th, 95th, 96th, 97th, 98th, 99th, 100th, 101st, 102nd, 103rd, 104th, 105th, 106th, 107th, 108th, 109th, 110th, 111th, 112th, 113th, 114th, 115th, 116th, 117th, 118th, 119th, 120th, 121st, 122nd, 123rd, 124th, 125th, 126th, 127th, 128th, 129th, 130th, 131st, 132nd, 133rd, 134th, 135th, 136th, 137th, 138th, 139th, 140th, 141st, 142nd, 143rd, 144th, 145th, 146th, 147th, 148th, 149th, 150th, 151st, 152nd, 153rd, 154th, 155th, 156th, 157th, 158th, 159th, 160th, 161st, 162nd, 163rd, 164th, 165th, 166th, 167th, 168th, 169th, 170th, 171st, 172nd, 173rd, 174th, 175th, 176th, 177th, 178th, 179th, 180th, 181st, 182nd, 183rd, 184th, 185th, 186th, 187th, 188th, 189th, 190th, 191st, 192nd, 193rd, 194th, 195th, 196th, 197th, 198th, 199th, 200th.

MOVING PICTURES BLAMED

Bandit Confessed They Had Inspired to Street Car Hold Up.

PITTSBURGH, July 13.—Moving pictures, depicting train robberies, safe-cracking and other crimes, are being shown hereafter in Pittsburgh. The recent hold-up of street cars is attributed to the influence of the pictures. In one of a few days ago the bandits confessed that they were inspired to hold up a street car by pictures of a train robbery they had seen a few hours previously in their attempt, in which they shot a police lieutenant.

SYPHON UNDER THE DON

Work for Its Construction is Now Under Way.

Work has begun on the construction of the siphon under the Don to connect the eastern and western branches of the big trunk sewer. The siphon will be laid twenty feet under the river bed. Two pipes will be laid, one three feet six inches and the other seven feet six inches to connect with the eight foot nine-inch pipe on each side of the river. The contractors intend to pump out the water, so that they will work on the dry bottom of the river. A space on one side will be left for water to flow thru. When the work is completed air far as this, the flume will be transferred to the other side.

Engineer A. C. Blanchard, who is in charge of the trunk sewer construction, and who was laid up for several weeks, is again back on the job. One-third of the work has been completed. More progress will be made this year, as there will now be seven contractors engaged as against two last year.

RESIGNATION IS DENIED

Any Difference of Opinion Strictly Between Members of Bridge Board.

OTTAWA, July 13.—(Special)—The report from Montreal that the effect that Messrs. Modjeska and Fitzmaurice of the Quebec Bridge Commission have handed in their resignations to the board of the order-in-council under which the bridge is being built, is denied here. It is understood, however, that owing to differences of opinion which have existed on the board they would be quite willing to drop out. Under the terms of the order-in-council under which the bridge is being built, the board provides that each of the three engineers who constitute the board will be paid at the rate of \$1000 per month. It is provided that for responsibility for the construction of the bridge shall rest with the board.

Hon. George P. Graham, it is stated, has been notified of the resignation of the order-in-council, and has in no way interfered with the plans of the members, so that any differences of opinion which exist are between the members of the board, and not between the board and the government.

Even if the two engineers were to drop out, the construction would not be delayed, as the plans have been completed.

Mr. Fitzmaurice recently tendered to the department a cheque for \$6000, with the statement that he had not earned that money, as he was on the continent.

It is understood that in the differences of opinion which occurred, Mr. Valette, the chairman of the commission, has usually been in the minority.

SUBURBAN HOUSE FOR SALE

Brand new—solid brick—six rooms—furnace—electric light—large lot with fruit trees, at Islington, close to station—PRICE \$1300. GOULDING & HAMILTON, 106 Victoria Street, 46
