REJOICE IN
IRELAND AS
PRISONERS FREE

Happy Diplomatic Stroke in
'Amnesty Proclamation.

Demonstrations in Dublin, Cork and Limerick—British Official Arrives for Government Transfer—Sinn Fein Convention for February 7th.

(Canadian Press Cable)
Dublin, Jan. 13.—Materialization of the amnesty of political prisoners in Ireland has elicited more outward enthusiasm here than any other development in the peace activities. It may be remarked that the act of amnesty is not an act of oblivion, but rather an act of clemency in the official sense, and is recognized as a happy diplomatic stroke, the significance of which was not misapprehended.

Dublin's citizens indulged in lively demonstrations last night, a large crowd of Irishmen gathered in front of the Mount Joy prison, welcoming the successive batches of liberated prisoners with loud cheers, while a happy atmosphere pervaded the streets. Similar scenes were enacted in Cork and Limerick, where others were released.

It is understood that some men freed from prisons in England will arrive today, when further demonstrations are certain. Popular demands regarding the prisoners, however, will not be wholly satisfied until the amnesty is extended to those arrested in England for illegal acts.

An editorial in today's Irish Independent is typical of this feeling. It says—'Hundreds of Irishmen have been sent to prison for political activities in England—activities which resulted from the same motives as those which inspired their countrymen at home. These must be released immediately.'

Meanwhile preparations for the transfer of administrative authority to the new Irish government under Arthur Griffith continue. Sir Ernest Brehaut, secretary for Ireland in the British government, arrived here last night, it is believed in connection with the transfer of authority to a new ministry to be formed.

Mr. Millard and Mr. Poincare, in the course of a conversation last night, decided that, if the latter were successful in forming a ministry, the conference would be resumed by the new premier after an understanding had been reached between the heads of the governments of the allied powers.

Mr. Poincare also discussed finance with the president, according to the report of the Parisian agencies. He is intended to entrust the finance portfolio to Charles De Lasteyrie, a former high official in the ministry of treasury.

Among others whom he is likely to choose are: Gaston Doumergue, a former premier; Edouard Herriot, a member of the chamber; Albert Sarraut, minister of colonies, who is now in London; Andre Maginot, minister of pensions; Y. Le Troquer, minister of public works; Leon Berard, senator and former minister of instruction. It was said that Louis Loucheur, Brizard's minister of liberated regions, might also be asked to remain.

Confere with Lloyd George.
Premier Lloyd George, when he passes through Paris, on his homeward journey from Cannes, probably on Sunday, will be asked to confer with Mr. Poincare and President Millerand, according to the Echo de Paris, so that the two governments may keep in close touch.

If successful in forming a ministry, Mr. Poincare is expected at an early date to make a declaration in the chamber and senate outlining the policy he intends to follow and asking for a vote of confidence giving him the full authority requisite to his attendance upon a resumed conference.

It is generally expected that his policy will involve modifications in what has been arranged at Cannes.

Press Comment.
Paris, Jan. 13.—Premier Brizard's resignation seems to have caused regret among the general public and in many political circles. The attitude of the majority of the press is fairly accurately reflected in the following excerpt from the Le Journal.—

'This decision is doubly regrettable, first because it deprives the country in the midst of the negotiations, of a skillful advocate whose supple mind and economic orientation which in many climes and secondly, because Brizard's declarations having never been debated nor voted upon, no clear indication as to the views of parliament on the points discussed at Cannes has been given his successor.'

The newspapers of a nationalist tendency, such as the Figaro and the Echo de Paris, on the other hand do not conceal their joy at the resignation.

Berlin.
Berlin, Jan. 13.—Following news of the Brizard ministry's resignation, official operations here for the moment have again been thrown into confusion through the obsolescence of the new line of political and economic orientation which the Cannes conference promised to develop.

Paris, Jan. 13.—Raymond Poincare made rapid progress in his work of forming a cabinet today, to succeed that of Premier Brizard, which resigned yesterday. It was expected at noon that he would be in a position to present a full list of ministers to President Millerand for approval early this afternoon.

Paris, Jan. 13.—Raymond Poincare this morning endeavoring to form a cabinet to succeed that of Aristide Briand, which resigned yesterday. The prevailing impression in Paris was that he would be successful, and would submit his list of ministers to President Millerand for approval early this afternoon.

On the other hand, it was recognized that he would find many difficulties in his path, and that these might prove formidable enough to force him to relinquish the task. The manner of Mr. Brizard's dramatic exit while on the apparent verge of an overwhelming vote of confidence in the chamber of deputies has caused a certain revision of feeling in his favor, and, besides, M. Poincare has a strong opposition in parliament. Neither the former Premier's dramatic exit while on the verge of an overwhelming vote of confidence in the chamber of deputies, nor the manner of Mr. Brizard's resignation, however, will not be wholly satisfied until the amnesty is extended to those arrested in England for illegal acts.

IN FINE FETTLE

London Battle, Say Experts, Demonstrated It—Late News of Sport.

(Canadian Press)
London, Jan. 13.—Georges Carpentier's decisive victory over George Cook, Australian heavy-weight, in Albert Hall last night is looked on in sporting circles as a definite disposing of recent reports that the European champion was in poor physical condition. Cook put up a good fight for three rounds, but the superior craft of the Frenchman, combined with his carefully trained condition, soon told, and the Australian went down for the count in the fourth. A felled Cook, who was on one knee at the count of ten, but unable to rise and continue the battle.

Carpentier entered the ring at 170 pounds, nineteen pounds lighter than his opponent, but a five to two favorite in the betting. Ringside observers declared he has never appeared in better fettle. A stoppage at the end of the second round, however, was a technical knockout over Frank Farmer, veteran Tacoma boxer, when Farmer was knocked out in the fourth round of a scheduled six-round bout last night after their man had been boxed six times.

New York, Jan. 12.—Bob Shawkey, veteran pitcher of the New York American, today, to the Detroit club in exchange for a pitcher from the Detroit club. The Yankees announced the release to the Reading Club of the International League outfielder Joseph Kelly, a local product.

Havana, Jan. 13.—Issued recently by Mayor Villaverde of Havana has scattered the large colony of United States boxers who had made this city headquarters for the last six months.

Boston, Jan. 13.—The Dalhousie University hockey team of Halifax will play tonight at the Massachusetts Institute of Technology team. Tomorrow night they will play Harvard.

As Hiram Sees It

They say, said Mr. Hiram Horrocks in the Times reporter, that a man can't be in more than one place at a time.

Now you take a fellow settin' at a desk in this office gittin' the news hot off the wire. One munit he's in Paris hearin' Premier Briand handin' out straight talk to them Frenchmen, and the next, without gittin' up out of his chair, he's in Dublin listenin' to that there Valera spinnin' another yarn. He takes his next breath over in Cannes or Berlin or Washington or London—so on all day. He's everywhere—without gittin' out of his chair. I kin understand how he feels when some feller comes in to say he has a wart on his elbow—or something like that. Don't it beat all how small the world's gittin' to be? An' yit the's a lot of people that don't know what's goin' on a mile outside of the town. Mister—if ever you'd spend about an hour a day with a newspaper an' a juggler—an' read up a little more out of old spells—they'd git a lot more out of life. Yes, sir, they would so—By Hen!

NAVAL TREATY
LIKELY TO BE IN
SHAPE BY MONDAY

Question of the Use of Some
Ships by Conversion.

Washington, Jan. 13.—Although the arms delegates had given up hope of putting the naval treaty in final shape for announcement at a plenary session this week, it appeared probable when the 'Big Five' resumed their discussion today that a virtually completed treaty would be ready for action by the full naval committee tomorrow of Monday.

Discussions over methods of scrapping prescribed warships have aroused unusual interest among the naval experts of the conference. Each of the powers is permitted to build a specified number of such craft under the ratio agreement, and if conversion into other types, such as aircraft carriers, etc., were allowed, it is argued, much of the money already spent on hulls could be saved.

Secretary Hughes is understood to have taken the position in the 'Big Five' meetings, however, that to permit the use of discarded battleships in any way would not be in accord with the animating purpose of the Washington conference.

While the French quarters the disposition to minimize the possible effect on the conference negotiations of the resignation of Premier Briand is being continued today, among U. S. conference officials there was some appreciation that on the naval limitation programme the sisters fear that the death of one would bring the immediate death of the other. The examination will be by the X-ray. It was informally agreed some days ago that fortifications in the Pacific region should not be increased by the terms of the naval treaty. An exception, that Senator Pierce, of Australia, raised the point that this would prevent his country from fortifying.

President Millerand of France has directed M. Sarraut, head of the French delegation, to continue in that capacity until the end of the Washington conference.

MUCH RELIEF WORK BY FUNDY CHAPTER

The Fundy Chapter of the Imperial Order of the Daughters of the Empire heard reports last evening of much relief given to the needy and made plans for a "Canadian evening" which will present this month. The meeting was held in the G. W. V. A. rooms with the vice-regent, Miss Charlotte Dodge, presiding. Forty-two members responded to the roll call.

Among the correspondence read was a letter from the General Public Hospital thanking the chapter for a hot plate; also a letter acknowledging a contribution to the empty stocking fund and letters from Miss Madeline de Soyres and Miss Beatrice Fenerty, honorary members of the chapter, who wrote to thank the members for I. O. D. E. pins received by them at Christmas as the gifts of the chapter.

Reports on assistance given needy families occupied some time and showed that the chapter had been able to give of relief work were the Misses Ross, Sheldon and Killen. The sum of \$10 was voted to Miss Killen to provide further help for one of the families of whose needs she had spoken.

COMMENDATION FOR POSTAL OFFICIALS

F. E. Ketchum and W. E. Hale, of the St. John post office staff, who were active in the present investigation into post office affairs here have received high praise from the general superintendent, Col. George Ross.

Yesterday each received the following communication from Col. Ross on behalf of the Post Office Department, Postal Service Branch, Ottawa, dated Jan. 10, 1922.

Dear Sir:—I am to convey to you the hearty thanks of the department for your zeal and devotion to duty. The department is fully aware that it is only by the constant watchfulness and care of all its employees that an efficient and reliable service can be rendered to the public. I can assure you that your good services are appreciated by myself and all members of the Department."

Beauty-Hint For To-day

Before going out cleanse the skin with Liska cleansing cream, then apply dermo and you will have a complexion as beautiful as a rose. This combination beautifies when everything else fails. Over 500,000 discriminating girls and women use nothing else. Try it today. If you don't like it, take it back and get your money. At toilet counters everywhere.

A special entertainment for the residents of the Old Ladies' Home was given last evening under the auspices of the ladies of St. David's church. The programme was under the direction of Mrs. George Shaw and Mrs. Douglas Malcolm. The entertainment was as follows: Songs, Mrs. John Hutchinson; Miss Gladys Tweed; Mrs. Fredrick Punter; vocal duet, Mrs. Alex under Corbet and Mrs. John McKay piano duet, Mrs. Douglas Malcolm and Miss L. Malcolm; recitation, Fredrick Punter; reading, Mrs. William Bingham

Many Women Need Better Blood

They Lack Vitality and Color.

It is a fact proved by thousands of grateful letters that Hood's Sarsaparilla is remarkably beneficial to women whose most common ailments drain and weaken the system, and sometimes result in anemia, nervousness, general breakdown.

Women overworked by family duties or overtaken socially, find their nerves all unstrung, faces pale, appetite poor, sleep unrefreshing.

Hood's Sarsaparilla gives the blood more vitality and better color, makes stronger nerves, and contributes to the enjoyment of life.

It embodies a long-tried and found true formula for relief of the pale, weak, nervous and dyspeptic.

MUSIC SHOULD BE IN SCHOOL CURRICULUM

Declares D. Thomas E. Finegan, State Superintendent of Public Instruction for Pennsylvania.

In a recent address before a gathering of educationists, Dr. Thomas E. Finegan, State Superintendent of Public Instruction for Pennsylvania, said in part: "I regard music as one of the most important subjects to be considered in the curriculum. For years I have had the feeling that I should like to be in a position where I could have some part in putting into effect a plan which would accord this subject the consideration in the school program to which it is entitled. The subject of music has had very little consideration in school programmes, and often when it

has been considered, it has been placed in the hands of incompetent teachers. I do not know of a subject which can be made a greater power in the development of the moral and intellectual faculties of a child than the subject of music. I believe music can also be made a great power in the development of proper discipline in a school. "I have no sympathy whatever with the statement so often made that many pupils cannot be taught to sing. There seems to be a general opinion that the ability to sing depends upon some natural power with which pupils generally are not endowed. I believe that all children are endowed with this power and that it is possible to teach any child to sing. If children do not sing, there is a reason for it, and the reason generally is, they have not been required to sing. I speak in this matter because of a personal experience. I entertained the notion that it could not be done whereof I speak in this matter when I try to sing tell me that it was no consideration in the school program to which it is entitled. The subject of music has had very little consideration in school programmes, and often when it

be graduated from an institution until I could sing the scale, I learned to sing it. I have every reason to believe that if I could be taught to sing any child can be taught to do so. "We are a great singing people, but we should develop much greater ability along this line. The reason that we have not done this is due to the fact that the education of the children in the subject of music has been neglected. When music is given the same consideration in all the elementary schools of the country as the subjects of arithmetic, English, etc., we shall have a great nation of singers. "I propose to incorporate in the elementary syllabus for the schools of the commonwealth of Pennsylvania a proper course in music which shall require time in the curriculum. It shall be taught as regularly and as scientifically as any other subject; it shall be begun in the kindergarten and shall extend through the eight years of the elementary course and the four years of the high school course. "We hear much these days about an overcrowded curriculum, and there is

some foundation for an accusation of this kind. However, the inclusion of music in the public school course will not overcrowd it. It may, on the other hand, be made a means of putting life and spirit into all the school work. It may be made an instrument by which nearly every child in school will go happily and enthusiastically to his other tasks because of the joy in his spirit developed through music. No additional burdens will be placed upon the children through its inclusion in the regular daily instruction, but on the other hand, its incorporation in the public school course will lighten the burdens of every child in school. "I have said that we fail to appreciate the power and influence of music. A great writer has said: "I love music because of the things which it makes me forget, and because of the things which it makes me remember."

Further consideration of the estimates of county institutions was given by the finance committee of the municipal council at a meeting held yesterday afternoon in the office of the county secretary.

It was decided to charge the salaries of the parish clerks against the parishes, thus enabling each parish to pay its clerk what it thought proper.

The committee decided to recommend to the council that W. H. Allingham be requested to make returns as a clerk of the peace to the county secretary, and on his failure to make proper returns for him to be removed from office.

The commissioners of the General Public Hospital went over their estimates again yesterday morning. The commissioners returned the estimates to the committee with a letter to the effect that they had again carefully re-considered every item of the estimates and, while they appreciated the efforts of the committee in trying to keep taxes down, out of consideration of the interests of the patients and the charge entrusted on the board, they could not revise the estimates.

The committee decided to recommend

that the amount paid by the hospital to interns, that is, the young doctors in residence in the hospital, be reduced from \$50 to \$20 a month. There are now four interns at the hospital.

THE MCINTYRE CASE

A report was given of the sewing classes for school girls which have been organized with Mrs. M. D. Coll and Miss Alice Dever as convener. The instructresses for the classes were named as follows: Mrs. J. D. Maher, Miss Hortense Maher, Mrs. P. Fitzgerald, Miss Annie Carlyn, Mrs. Regina Kierlin and Miss Alice Dever.

The spiritual director, Rev. George Coffin, S. S. R., in a brief address complimented the league on the work which it had accomplished in the year just closed.

"I am instructed to say by the trustees that they have not the slightest criticism of Peter McIntyre's honesty of purpose. Captain McIntyre has given the trustees every possible assistance and there was not anything that had been brought to the trustees' notice that in any way affected Captain McIntyre's personal integrity," declared Dr. E. R. Taylor, K. C., counsel for the trustees, the Canadian Credit Men's Trust Association, at the final hearing in the bankrupt court yesterday afternoon before Chief Justice McKeown into the affairs of Peter McIntyre. The afternoon was occupied by addresses by W. H. Harrison, counsel for Peter McIntyre and Allan McIntyre, and by Dr. Taylor and a short address in rebuttal by J. L.

CATHOLIC WOMEN'S LEAGUE, NORTH END

The St. Peter's sub-division of the Catholic Women's League, at its regular meeting in St. Peter's hall last night, heard most encouraging reports of its successful undertakings. Miss M. H. McCloskey, the president, was in the chair and there was a large attendance. Miss Sarah Lynch as treasurer, in her report showed the finances to be in a flourishing condition. The parity and the league's most recent effort, had been a financial success. Miss Ida Keigan reported as secretary and the vice-president, Mrs. M. D. Coll, convener of the membership committee, reported that the membership was increasing steadily. Mrs. Coll pointed out the advisability of encouraging the younger members to take an active interest in the league.

LAST SHOW BY THE JIMMIE EVANS REVUE COMPANY

"Chuckles of 1922" is the title of the bill Jimmie Evans is presenting at the Queen square theatre for his farewell bill, and both comedy and musical numbers appeared exceptionally pleasing to the large audience yesterday.

Billy Loker in "Wonderful Mother" was greatly appreciated. Kitten France, the pleasing soubrette, who has been the biggest kind of a favorite, sang "Mandy and Me" which received much applause. Irene Finley and chorus scolded with "Stop Me." Mary Clark and chorus in "When There Ain't No Jazz" presented an outstanding feature of the programme. A saxophone trio by Will Loker, Agnes and Mary Clark, also were greatly applauded. Joe Devine in his snappy manner, sang "Gee Gee." Agnes Clark and chorus in "Peggy O'Neill" were heartily applauded. Jimmy Evans and Joe Devine sang "I Miss the Old Folks" which brought forth rounds of applause.

The chorus of girls always are an attractive feature of the shows, and Jimmy Evans keeps the girls costumed with a change in variety and novelty of design that must increase the cost of producing his revue. Tonight and tomorrow is the last chance to see this popular company.

Does a woman love her husband less when children come?

WHICH comes first, a woman's love for her husband or her love for her babies? Which do you think should have the preference? Can a man become jealous of his own children? What would you do if your husband treated you as Duncan McKail treated Chaddie?

One of the most stupendous of all marriage problems is handled in a fascinating manner in "The Prairie Child," by Arthur Stringer, (author of "The Prairie Mother") beginning in Pictorial Review for February. "The Prairie Mother" created a sensation last year in Pictorial Review and when it was running we received hundreds of letters from our readers saying they didn't believe that any man could have such an insight into the soul of a woman. They will say the same thing about "The Prairie Child." It is almost unbelievable that a man could have written it. Don't miss it for anything.

By the favorite Canadian novelist, Arthur Stringer

Why has America one divorce in every nine marriages?
Should divorce be abolished altogether? Should it be made easier? Should marriage be made more difficult? Every woman in America should see Pictorial Review for February for the answers.

COLLISION.
A collision occurred this morning on Main street between a West St. John car, No. 59, and a double team engaged in hauling snow. The occupants of the sled were hurled into the street and the horses were thrown up on the sidewalk. The sled and horses are said to belong to a man named McKinney.

WATER PIPE REPAIRS.
Members of the water and sewerage department in West St. John were at work today making repairs to the twelve inch main at the corner of Watson and Rodney streets, where a leak started last night as a result of a split in the pipe. The men expected to have the broken pipe removed and a new joint in this afternoon.

LIQUOR SEIZURE.
Yesterday afternoon a quantity of liquor was loaded in a car in the railway yards of this city. It was addressed to Ottawa, but improperly addressed. The local inspectors decided to detain the car, but were about twenty minutes in reaching the scene and the car had departed for Moncton on the first stage of its journey. Inspector Crawford then despatched Inspectors Journey and Henderson to the railway city on the night train to Moncton. He received word this afternoon from the officers that they had located and seized the shipment.

MARKING ACT IS SUSPENDED

C. B. Lockhart, collector of customs for the port of St. John, this morning received the following telegram from R. R. Farrow, of Ottawa, Commissioner of Customs: "The enforcement of the provisions of the marking act, and regulations thereunto, has been suspended by order-in-council, until after the close of the next session of parliament." The announcement of this step will be received with great interest by merchants and others who have protested against the measure.

THE STEAMSHIPS

The Canadian Pacific Steamships, Ltd. liner Metagama will sail for Liverpool via Halifax this evening. She will have nearly 700 passengers and mails in addition to a fair sized general cargo. Among the cabin passengers will be Sir Augustus Nanton, Lady Nanton, the family of Winnipeg, Lt. Col. W. G. Beaman and Mrs. Beaman of Ottawa, Dr. J. B. Hanley of Toronto, Dr. S. J. YEAR OF SUCCESS IN CHURCH WORK

Annual Report of Victoria Street Baptist Matters—Property of Some \$62,000 Value.

The last twelve months have been a successful period for the congregation of the Victoria street Baptist church. The year opened with the new church about half completed and the success of the project in doubt. By steady and persistent efforts by pastor and members, they have, and the joy of seeing their plans in that particular undertaking brought to fruition. On December 4 the highest attendance being 350. Almost every Sunday since the church has been filled to capacity. The total value of the property is now about \$62,000.

Although the economic situation in St. John has been pinched during the last year it was the church's best year financially. The income, apart from the new church funds, was \$4,834.25, or \$218.75. The pastor's plan of increasing the present pastor took charge. A canvass of the members recently carried on has resulted in a hundred per cent. increase in envelope subscribers. Thirty-six members were added to the church roll during the year.

The Sunday school is reported in excellent condition. There is an enrollment, including cradle roll, of 608. During the year 11,825 attended classes, an average of 228 for fifty-two weeks, the highest attendance being 350. The total offerings in the Sunday school were \$546.10. The school gave to missions \$218.75. The pastor's plan of telling a Bible story about the boys and girls of the Bible and requiring an essay to retain the story, which was followed by a has been an impetus to Bible study, as many as fifty-five essays having been passed in on one Sunday.

PLAN SEND-OFF FOR THE GENERAL

Presentation One of Final Acts as New Senator Leaves for Toronto.

It was expected that all the commanding officers attached to the staff of military headquarters here, other officers and non-commissioned officers and the Boy Scouts would be present at the station this afternoon at 4:15 o'clock to bid their final farewell to General Macdonell.

Major N. P. McLeod, Captain W. V. Winter and Staff-Sergeant A. W. Watson planned to present a fine sterling silver cigar and cigarette box to the general as a token of their respect and their best wishes for his future success. The box is engraved with the general's crest and bears the following inscription:—

"Presented to Major-General the Honorable Senator A. H. Macdonell, C. M. G., D. S. O., by the officers, warrant officers, non-commissioned officers and men of the St. John Garrison, Military District No. 7, January 13, 1922."

General Macdonell will leave on this train for Toronto, where he expects to make his home.

POLICE COURT

The preliminary hearing of the case against William Parry, charged with attempting to murder Nathan I. Jacobson, was continued this morning, when Detective Donahue gave evidence. He said that on Wednesday, January 4, he went to several second hand stores and in one of them he got from Joseph Gilbert the revolver which was in court. He knew that the defendant had worked in the Military hospital at West St. John as a fireman. He saw Parry's name in the books of the shop where he got the revolver. The case was postponed until this afternoon at 2:30 o'clock for further evidence.

One man, charged with being drunk, pleaded guilty and was remanded after being warned that he was liable to a fine of \$208. He made a tirade against the forces of justice and the way the law was being carried out. He was in the police court, he said, because he was a poor man. The poor man had to sneak drinks while the rich could get all the liquor they wanted. He got his drink from a Sinn Fein friend and thought that this country would be better if there were more Sinn Feiners here to straighten things out. The drinking took place in a loft on the outskirts of the city and the reason for this could be expressed in the words, "Safety First."

Sergeant safety first, take care below." Albert Henderson, charged with lying and lurking about a C. N. R. coach house and not giving a satisfactory account of himself, said he was out of work and had no place to sleep. The magistrate promised to look into his case.

Edward O'Toole was before the magistrate again this morning on the charge of the theft of a coat from Max Lamport's second hand store in Dock street. Detective Biddecombe told of going to the shop of Maurice Lamport in Main street, and finding the raincoat which was in court. He took it to Max Lamport and he identified it as his. The case was postponed until this afternoon as the prisoner wished to cross-examine Mrs. Maurice Lamport.

GREAT LOSS IN CHICAGO OPERA

Deficit Last Year About \$800,000; Met by Wealthy Pair.

Chicago, Jan. 13.—High cost of producing grand opera will result in a deficit of more than \$800,000 in the financial affairs of the Chicago Grand Opera Co. this season, so it is estimated by members of the newly formed association which will handle the company's business next season.

This deficit, said to be the largest ever contracted by an opera company in a single season, will be met by Harold McCormick and Edith Rockefeller McCormick, recently divorced from him. The McCormicks agreed five years ago to cover the annual deficit until May 1922, but Mr. McCormick has announced that after that time he no longer will be responsible for the losses. Mrs. McCormick, however, was said to have agreed to stand at least part of the losses next season.

Mary Garden, director this year, has been given a contract for 1922-23, but the business affairs will be under management, Samuel Insull, heading an association through which it is planned to have a large number of guarantors instead of just Mr. and Mrs. McCormick.

IN MEMORIAM
SWEET—In sad but loving memory of our dear daughter and sister, Annie May, wife of Charles Sweet, daughter of Mrs. Sarah MacLeod, who departed this life January 13, 1921.

A little all the pain at times she'd smile,
A smile of heavenly mirth,
And when the Angels called her home
She smiled farewell to earth.

Leaves refreshment now our treasure,
Earth the lonely casket keeps,
And the sunbeams long to linger
Where our darling Annie sleeps.

MOTHER, BROTHER
AND SISTERS.

ANNISTERS—In loving memory of mother, Mrs. Elizabeth Annister, departed this life on Jan. 13, 1916.

PREMIER FOSTER SAYS HYDRO NOT POLITICAL MATTER

Premier Foster, when asked this morning if he had any statement to make in connection with the distribution of light, heat and power from the Musquash development, stated very briefly:

"I regret that there are some people discussing this matter, who apparently wish to introduce politics. So far as the government of New Brunswick is concerned, there is no politics in this most important question. The aim of the government in developing the water power at Musquash was to give the people electricity at the lowest possible cost. The government is prepared to do this now and it is a matter for the City of Saint John to arrange for its distribution in such a manner as will give the citizens of Saint John full advantage of the government enterprise. That is all I have to say upon the subject."

FURTHER STEPS IN PROHIBITION LIBEL ACTION

An echo of a suit which created attention at the time of the discussion on the introduction of prohibition in New Brunswick, namely the case of William H. Knox against F. G. Spencer et al, in which the plaintiff was awarded \$12,000 damages for libel, was heard before Chief Justice McKeown in Chambers.

The case has been at issue for some time and came up this morning upon a notice served by counsel for the defence to have certain questions of law raised in defence determined.

The present case is that of the infants of William H. Knox, by him as their next friend, against Fred G. Spencer and is a claim of \$20,000 for alleged libel. The question now to be determined is as to whether the defence is right in its contention upon the following points:

1. That it was the father who was particularly referred to in the newspaper articles complained of.

2. So far as the present plaintiffs are concerned the extracts set out do not constitute libel.

3. That no special damage is shown.

The plaintiff's reply is that the children were libeled even more so than the father in being called the children of a drunken father; that they are not dependent upon the libel of the father, and that as a result of what had been alleged it was asserted that they had had to be placed in a charitable institution.

A SKATER FROM SARANAC LAKE

Entry of Orrie Green in the Junior Events on Lily Lake —Ice Good Again.

Another post entry was received this morning for the Canadian Skating Championships, which are to be held on Lily Lake next Wednesday and Thursday, namely that of Orrie Green, of Saranac Lake who will enter in the eighteen year old class and under.

This morning Ernest Stirling, physical director of the Y. M. C. A., went to Lily Lake and laid down the blocks so as to enable any skater so desiring to have a workout during the day. He reports the ice in good condition.

Included in the display in W. H. Thorne's window in King street, are a large number of beautiful trophies and medals won by Frank Garnett, provincial champion, who is entered in all of the senior events in the coming championships. One of the most attractive is a large silver trophy, put up for competition last winter by Eastons of Moncton and won by Frank Garnett during a meet held in that city.

Carlton returning from Fredericton where they participated in the Blair trophy tournament say that from all indications a large number of skating enthusiasts in the capital will come here, to witness the Canadian skating championship events. Some of the Fredericton curlers intend to come and have asked the Carlton "knights of the broom" if they can arrange for games during the two days.

WARE CHECK, EVEN IF ACCEPTANCE STAMPED ON IT

Montreal, Jan. 13.—The alarming number of swindles caused by unsuspecting firms being victimized through the use of checks bearing forged acceptance stamps has attracted the attention of the Bankers' Association, who now have the matter under advisement, and are endeavoring to decide upon methods which might be adopted to combat this dangerous practice.

"It is not difficult to obtain these counterfeit stamps," said one official this morning, "and no firm should accept any check from a person they do not know, even though it appears to be perfectly genuine."

USE The Want Ad Way

A DOCTOR'S DAUGHTER & ZAM-BUK

Well-known Salvationist Tells of Mother & Son Saved from Blood-Poison & Disablement.

"One cannot speak too highly of this wonderful Zam-Buk," says Mrs. Jane E. Zealley, an ex-Major of the Salvation Army and daughter of the late Dr. Bevan, of St. David's, South Wales.

Called upon at home, 8, Bushness Avenue, Toronto, Mrs. Zealley said: "Eight years ago my boy Alfred scratched his leg with the brass tag of a shoe lace and blood-poisoning set in. I had used various ointments on the sore, without doing good, when, bearing splendid reports about Zam-Buk I decided to give it a trial. You can imagine my relief, when, after a few applications of Zam-Buk, I saw that healing had already started. Continued treatment quickly removed every trace of the obstinate sore. It made me realize what pain and suffering I might have saved the boy, had I got Zam-Buk at first.

"When I fell over a seat fender and injured my knee badly, I again used Zam-Buk. My daughter, who was a nurse, thought an operation would be necessary to remove the mass of inflammation and pus, but I had forgotten my previous experience with Zam-Buk. Again regular applications of the balm took out all pain and swelling and healed the wound in a few days. The knee has never given further trouble. I should mention that the balm is sold in 5c. boxes, all dealers.

FREE BOXES!

Send 1 cent for a box of Zam-Buk, in paper and tin, with full directions. Five Trial Samples. Unqualified for ailments: ringworm, warts, piles, etc.

WILL FIGHT FOR CIVIC OWNERSHIP

At a meeting of representative citizens, held last evening in the Board of Trade rooms, under the auspices of the Hardware Clerks' Association, the Municipal Association was formed, the object of which is to impress upon the city council the necessity for taking over the hydro-electric power available from the Musquash development and of distributing it. Officers and a strong executive were named and the policy of municipal ownership of the power will be strongly supported by the new association. M. E. Agar occupied the chair last evening and an instructive address on hydro-electric matters was given by Herbert Phillips, civil engineer and contractor.

An Important Question

Mr. Agar, on taking the chair, said that the question was one of great importance to St. John and should receive the careful attention of the taxpayers. Unless the city had cheap power it would be a difficult matter to develop industries to their full capacity. He commended the hardware clerks on their public spirit and hoped that their efforts would prove profitable to the whole community.

Need For Cheaper Power

The chairman then called on Mr. Phillips, who said that the importance of cheap light and power to the community could not be over-estimated. Cheap power meant the greatest material comfort and benefit, as well as an advance in the industrial life of the community. Using up of natural resources which were lost forever when used. The using of water power meant that they were not using any of the natural resources. Even at the same price, it was better to use power from water than that from coal.

The Kenist Report

Speaking of H. E. M. Kenist's report, the speaker said that the scope of that report was limited. Mr. Kenist had been asked to find out what it cost the New Brunswick Power Company to make electricity from coal and to find out what benefits would accrue to the citizens should the company distribute the hydro power. He had not been asked to what was the best thing to do to produce electricity from steam.

Will Distribute Phamlets

The speaker said that the various figures quoted would be printed in pamphlet form and he asked those present to go over them carefully when they received copies.

Cost of Distribution System

In reply to the opinion that the company would not sell out and the question as to what it would cost to build a system, Mr. Phillips said that various estimates had been made as to the cost. Mr. Foss had made a rough estimate of \$750,000, and it was to be remembered that with a new and modern plant the city would make a much better showing.

Mother goes out so seldom

Quite an event when Mother leaves the farm home in winter. To church perhaps once a week, to sew in circle or to Women's Institute. The cool, night air is penetrating and, if there is a bottle of Hawker's Tolu and Cherry Balsam in the house her health can be guarded.

Hawker's Tolu and Cherry Balsam

Mrs. White, a Kings county woman, writes as follows: "I caught a bad cold while driving in the sleet one evening and sitting in church in my wet clothes. The cold persisted for some months and my husband, fearing that it might lead to something more serious, induced me to try a bottle of your Hawker's Tolu and Cherry Balsam. I am glad to say the cold was completely cured."

to \$360,000. But with the new power there might be 1,000 new customers and that would bring the cost up to \$450,000. It was certain that the company would not sell its system for what it was worth unless convinced that the city was going to build a system.

John N. Flood said that nothing had yet been done about the city taking over the power. The city, he thought, should take over the power and then find a market for it.

H. D. Sullivan said that the real idea of the meeting was to convince the city council that the hardware clerks had brought the matter to this point and they now wanted a larger body to take it up.

Mr. Agar said that the matter should not be allowed to rest on the hardware clerks. Those present should make a fight for the citizens' interests and should go ahead and act.

Mr. Flood said that what was needed was publicity. The commission offered the power in Fairville at \$118,000. If the company distributed it, it would cost \$800,000 additional to get the power into the home.

G. Fred Fisher expressed appreciation of the way in which Mr. Phillips had presented the subject and also congratulated the hardware clerks on what they had accomplished so far. The meeting would pass a resolution urging the city council to take the power and distribute it.

Time Something Was Done

Mr. Phillips said that it was time that something was done. The facts had been presented at city hall, but nothing had been done by the city officials so far. They were now awaiting a report from Mr. Ross, but Mr. Phillips declared that this was not an engineer's question. He said that, on the bare statement of facts, it was costing the company too much to distribute power. He said that the proper thing to do was for the city to take the power and prepare to distribute it.

Mr. Flood said that the government was willing to give the city a year to find a market for the power. He said that the government would hardly do this, as the interest would have to be paid on the cost.

Peter Sharkey said that a motion should be passed by the meeting. There was no reason why the company should be given consideration. The meeting should form itself into an association. It was a mistake to expect city hall to treat the question fairly or above-board, as it had put the Union Bus Company out of business.

Mr. Sullivan moved, seconded by Alexander Corbet, that the meeting resolve itself into a municipal association, the object of which would be to impress on the city council the necessity of taking over the power to be developed at Musquash and to distribute it.

At this stage, Mr. Agar, as chairman, thanked Mr. Phillips for his splendid address.

Mr. Phillips said that he was anxious to see the organization formed. The facts should be known to the public. They needed a strong executive to make the facts generally known. He said that when the facts were recast public opinion would make itself felt.

H. D. Sullivan moved that Mr. Phillips be named as secretary. The following were named as executive, with power to add: W. E. Knoll, John N. Flood, Fred Anderson, Alexander Corbet, W. Donahue, G. Fred Fisher, P. D. McAvity, M. Bohan, K. D. Spear, W. O. Bagnall and Peter Sharkey.

The Worlds' Steeplechase Champion

Mr. Percy Hodge, says:—"As the 'World's Steeplechase Champion,' I can quite easily maintain my supremacy by including a regular course of Phosferine throughout the training periods and also for a short time after the races in which I compete. I am sure that the 'fit and fresh' feeling, and the sense of physical energy which enabled me to cover 1 mile, including 33 jumps, under 5 minutes was really THAT 'FIT AND FRESH' FEELING promoted by the Phosferine I took immediately before the race. There is always a risk of 'nerviness' upsetting the best form or condition, and in all my experience there is nothing to surpass Phosferine to enable an athlete to cope with any such disadvantage."—Park Lodge, Park Rd., Twickenham, London, England.

DYKEMAN'S

Complete Satisfaction

Saturday Bargains
JANUARY CLEARANCE SALE
Nine Day Sale

All reductions have been made with just one object in view—to clear all Winter lines. Saturday offers the greatest collection of high grade merchandise at the greatest saving that it has been the good fortune of this institution to offer St. John people and the community at large. Be an early Saturday Shopper.

A COAT SATURDAY

We are offering our ENTIRE STOCK of fine high grade coats at the bottom price for final clearance.

IF YOU WANT A COAT DON'T MISS THIS OPPORTUNITY

COATS AT \$19.90
 Velours with fur collars, and just a little better all round than the ordinary \$35.00 coat, lining considered. All this season's styles, else we would not be able to offer this value. Our policy: They will go the season they come—\$19.90 each.

COATS AT \$10.00
 Tweeds and Checks, few plain cloths as well. Made of fine quality tweeds. These coats were regular up to \$35.00. They have got to go Saturday. We will not carry any over—\$10.00 each.

COATS AT \$39.90
 Takes in nearly all the better numbers, with the exception of a few Model Coats of real exceptional style. Fur trimmed; no better value for the money and no such value for less—\$39.90

COATS AT \$15.00
 Materials are warm and as comfortable as the most expensive coats, and should find ready sale Saturday. Half and full-lined in misses' and women's sizes—\$15.00 each.

COATS AT \$29.90
 Better grade, of course, than the ones before. Velours, Normandy, Bolivia, only the best grades. All fur or plain trimmed. Silk and satin lined. Real values, we'll say. See them—\$29.90 ea.

EVENING AND PARTY DRESSES FOR THE MISS
 We have arranged a generous rack of Dresses that will carry a price reduction of from \$10.00 to \$25.00 clear saving. Worth looking over.

SILK CANTON CREPE DRESSES
 Just a few special late numbers we purchased the other day. Should be priced at \$40 to \$65. Saturday all one price, \$29.90—mostly black, navy and brown.

SKIRTS
 Balance of all sale Skirts, \$5. About 10 Skirts left at \$8.95, which were formerly up to \$15. All other Skirts half price.

Then all our special numbers on display in our window are marked at sensationally low prices.

past its action of last spring by requesting the State Department to instruct its consuls in Europe to refuse a bill of health to vessels sailing without adequate cleansing measures and by instructing its own quarantine officers to detain immigrants on arrival here and to detain them, in case of suspicion, for 2 days thereafter. It was this action alone that caused some steamship companies to go to the expense of installing disinfecting plants aboard.

Failure to cleanse properly on the other side, adds the Public Health Service, enormously increases the trouble and expense on this side. The necessity of holding a shipload of immigrants for 12 days after detouring is in every way objectionable, both to the Government, the steamship owners, and the immigrants. But it seems that it will remain for protecting the country against vermin carriers and disease carriers if the bars are down and the food becomes great enough to swamp the cleansing facilities at foreign and home ports.

IMMIGRANTS AND DISEASE

United States Public Health Service Takes Precautions to Protect the Public.

Although, says the U. S. Public Health Service, when typhus and plague subsided in Europe (as they must eventually) the menace of the vermin-bearing immigrant will practically disappear, still the Public Health Service will continue to insist that immigrants to this country must be reasonably clean when they embark, regardless of any infection to which they are known to have been exposed.

The issue is, of course, quite as common in some quarters of the larger American cities as it is in the European slums; and it is dangerous only when it has become infected with the vermin, by hitting an infected person and absorbing his germ-laden blood. If all the typhus patients, for instance, who communicate the disease and it will speedily die out, this explains why even the 34 cases of typhus that occurred in New York City in 1911 did not cause an epidemic in spite of the verminous condition of many of the New York slum districts.

Nevertheless, insists the Public Health Service, greater personal cleanliness should, as a matter of ordinary decency and healthfulness, be required from immigrants; and no return should be allowed to the conditions that prevailed for many years before the war, when so many immigrants from central Europe arrived in an incessantly dirty condition, many of them infected with vermin. Even though in those days they did not bring epidemic diseases, they did bring minor ailments, created in immigration, and flooded parts of many cities with vermin.

At present, with which the reduction in immigration brought about by the existing law restricting their numbers and with the disinfecting and delousing facilities that the steamship companies have installed, some of them practically under compulsion, at European ports, the Public Health Service believes that the verminous conditions are reasonably satisfactory. The verminous conditions, however, not for long, only, unless it is renewed or in some way replaced the tidal wave of immigrants, now waiting in Europe for the letting down of the bars, will rush for this country and the resulting pressure will test every timber in the health barricade.

It is believed that the steamship companies have taken warning by their experience of last winter and spring and will keep in operation adequate facilities for bathing and disinfecting their prospective passengers. The Public Health Service cannot directly compel them to do this; nor can it do it itself, since it is not in their power to force some European countries to object, on the ground that in setting up the necessary facilities the U. S. Government would be exercising extra-territorial powers and thereby encroaching on their sovereignty.

Under these circumstances all the Public Health Service can do to re-

If Ruptured Try This Free

Apply it to Any Rupture, Old or Recent. Large or Small and You Are on the Road That Has Convicted Thousands.

Sent Free to Prove This

Anyone ruptured, man, woman or child, should write at once to W. S. Rice, 402 A. Main street, Adams (N. Y.), for a free trial of his wonderful stimulating application. Just put on the rupture and the muscles begin to tighten; they begin to bind together so that the opening closes naturally and the support or truss is then done away with. Don't neglect to send for this free trial. Even if you rupture doesn't bother you, what is the use of wearing supports all your life? Why suffer this nuisance? Why run the risk of gangrene and such dangers from a small and innocent little rupture, the kind that has thrown thousands and thousands of men and women are ruptured such risk just because their ruptures do not hurt nor prevent them from getting around. Write at once for this free trial, as it is certainly a wonderful thing that has side in the cure of ruptures that were as big as a man's two fists. Try and write at once, using the coupon below.

A REVIEW OF THE BANKING YEAR

Sir John Aird, General Manager of The Canadian Bank of Commerce, addresses the Shareholders at the Annual Meeting of the Bank.

The contraction in business, to which I referred when addressing you a year ago, has continued unabated down to the present time; indeed it increased in severity throughout the greater part of the year just closed. It has been a time of testing for the financial policies of banks, and particularly for those of banks, searching out the weak spots and revealing the true outcome of plans adopted under much brighter auspices. It has been a source of much gratification to us to find that our policies, which were based on a view to warding off the evil effects of a severe depression as we had hoped, enabling us to view the present with equanimity and to look forward to the future with confidence.

A Satisfactory Showing.
The net profits of the Bank during the year amounted to \$3,116,136, or about \$190,000 less than a year ago. Consistent with our policy, the situation has been better, and the steady shrinkage in the volume of all business, resulting in our case in a smaller amount of loans on which to earn a profit, we venture to think that you will regard this as a satisfactory showing. We have made to provide out of it the regular dividend of twelve per cent, and a bonus of one per cent, for the year. We have set aside \$325,000 for the very heavy burden of taxation levied by the various Governments, and \$500,000 for Bank Premises Account, \$1,780,000 for the Old Pension Fund, and finally carry forward into next year's accounts at the credit of Profit and Loss, a balance of \$1,946,745, or \$162,766 more than a year ago. The writing off of \$500,000 from Bank Premises Account is in pursuance of our expressed policy of carrying out promises on our books at approximately 80 per cent of their cost. We referred last year to having been able to acquire premises for several of our branches in the West Indies and South America on favorable terms, and the purchase price of these is reflected in this year's statement, accounting for the principal part of the increase in the Item of Bank Premises in our balance sheet.

Influence of Lower Prices.
The decrease of somewhat over seven million dollars in notes of the Bank in circulation, which now amount to \$23,472,754, of course, the direct result of lower prices for commodities and of the contraction in the volume of general business. Owing to lower prices a much smaller amount of money is required to handle a given quantity of goods than a year ago. The same influence has had their effect on deposits, which now stand at \$333,155,200, of which about 234 millions bear interest. This is a natural result of the decrease in the Bank's loans, which is a natural consequence of the decrease in deposits and circulation. The item of Bills Payable shows an increase, standing now at \$2,768,129, or somewhat more than double the figure of a year ago. This reflects the return of more normal conditions in the principal money centres abroad, and is also in a measure a tribute to the standing of this Bank in the

VIENNA UNIVERSITY MAY CLOSE DOORS
Vienna, Jan. 13.—The Vienna University probably will be forced to close its doors in the immediate future because of the lack of funds. At the present value of the Austrian crown, a family of three cannot live in Vienna for less than 80,000 crowns a month, or 1,000,000 crowns a year.
Thirty crowns is the fare on a street car; a shirt costs 5,000 crowns, and a suit of clothes 100,000 crowns. As the average income of a native student who lives at home is, it was stated, much under 100,000 crowns, he must either go naked or spend his entire income for a year for one suit.

"Soldier" (Horace) Jones, the Canadian heavyweight boxing champion of Toronto, and his manager, "Pat" Hoey, of Newmarket (Ont.), arrived in the city yesterday and will sail on board the steamer Metagama today for England for a match with "Joe" Beckett. "Soldier" Jones is a husky lad of twenty-four years. In his fighting career, covering some four or five years, he has engaged in about 60 battles and has secured a record of 40 victories and 16 defeats. In his last fight, he was defeated by Beckett, who has since then been fighting in the United States. Jones is expected to arrive in London on the 17th inst. "Alex" Goodman, trainer of Ted Lewis, has assured the "Soldier" and his manager of a bout with Beckett. They hope also to be able to arrange a match with Georges Carpentier, the winner of the Cooke-Carpenter bout in London last evening. "Soldier" Jones is a French-Canadian. He was born at Gaspe in Quebec. His latest engagement was staged at Toronto on Jan. 2 when he knocked out Gallagher, the Scottish champion, in the second round. "Soldier" Jones has an impressive list of victories chalked up to his credit. He has twice fought Battling Levinsky, the light heavyweight champion of the world, and on both occasions has secured a draw. Both battles took place in Quebec, the first about two years ago and the last about three months ago. Jones is also credited with a knockout in the first round in his bout with Battling McCreary, a colored boxer, who succeeded in staying five rounds with Fred Fulton, who lost his only fight to Jack Dempsey. Another colored boxer who was not to sleep by "Soldier" Jones was Hawkins, the Canadian Wolf, from whom Jones won the heavy weight belt when he knocked him out in Quebec about two and a half years ago in five rounds.

Braves' Spring Card Out. Boston, Jan. 13.—A series of thirteen exhibition games against the Washington Americans has been arranged for the spring training trip of the Boston Nationals, Manager Mitchell has announced. The six opening games of the series will alternate between St. Petersburg, Fla., training quarters of the Braves, and Tampa, the spring conditioning grounds of the Senators. The teams will leave for the north on April 2. On the following day, at either Charleston or Jacksonville, they will play the first of the games en route. The pitching and catching staffs of the Braves will arrive at St. Petersburg on March 5, Mitchell said. The rest of the team is due a week later. Some of the older players, including Dick Rudolph, star pitcher of the 1914 world's series, will go to Hot Springs for two weeks prior to reporting with the rest of the club. The schedule of games en route: April 3, Jackson vs. Charleston; 4, Columbia, S. C.; 5, Lynchburg or Roanoke, Va.; 6, Norfolk; 7, Richmond; 8, Washington; 9, Washington. Amherst, Jan. 12.—The Halifax Crescents won from the Amherst Athletic Association team by a score of three to two in the opening number of the Nova Scotia Amateur Hockey League tonight.

English Soccer. London, Jan. 12.—Following are the results of English soccer leagues played today: Southport 0, Blackburn 2. Notts County 3, Grimsby 0. Norwich 1, Barnstey 2.

Semi-ready Semi-ready Semi-ready Semi-ready Factory Sale 100 Men's All-Wool Overcoats At \$18.50 \$23.50 \$28.50 \$33.50 Double-Breasted Ulsters and Ulsterettes with muff and patch pockets, convertible collars and half belts, of good, heavy all-wool coatings. Feel the material. Turn the coats inside out. Look at the way the seams are finished, the good quarter lining; try the buttons, see how they are sewn on; inspect the coats inside and out. They'll stand it. Warm winter coats for regular men. The best of it is that these overcoats are all good. They will be good next year, and the next, because they are conservative of cut. All the sound value is right in the material and the tailoring—no outlay on what a tailor calls "freaks." In dark tones of brown, grey, olive and green in all regular sizes up to 42. The actual money saving is so apparent to any observing man that it is foolish to remind him of it. Semi-ready Store, 87 Charlotte St.
