George Kitchen Passes Away at His Home in Kingsclear

RETIRED CONTRACTOR

Had Share in Great Undertakings in New Brunswick—Succeeded in Business by His Sons About Fifteen Years Ago

(Special to Times)

Fredrickton, N. B., Feb. 10.—The community was greatly shocked this morning to learn that George Kitchen, retired contractor, of Lower Kingsclear, reported to be one of the wealthiest men in New Brunswick, was no more. He was stricken early last evening with a severe attack of heart trouble and died at four o'clock this morning. He was a native of Kingsclear and resided there all his life.

For many years he carried on the business of railway contractor with great success. He assisted in the construction of the European & North American, Canadian Pacific and other railways, and built several bridges in the province, including the steel structure across the St. John river at Woodstock.

He retired from active business about fifteen years ago, and was succeeded by his sons Willard and Hamilton, who are the principal stockholders in the Willard Kitchen Construction Company.

Mr. Kitchen was a Baptist and was a generous contributor to the local church and also to the educational institutions in Woodville. He was a man of robust constitution and all his life led a hardy and active life. He was aged seventy-eight and is survived by his wife, one daughter, Mrs. R. G. Lee—and four sons—Willard, Hamilton G. Cole and Aid. A. B. Kitchen of the city.

Three brothers—William, J. C. and Wesley—and one sister—Mrs. John Lawler, reside here. Two other sisters, Mrs. Nicholson and Mrs. Ingraham, reside in Pennsylvania.

Yesterday was the anniversary of the old Friday of 1861. During the night the thermometer, in commemoration of the event, dropped to twenty-eight below zero. A change of forty-five degrees in temperature was recorded during the day.

It is understood that Dr. J. G. Colwell, president of the York County Association for many years, has resigned as the result of dissatisfaction with the patronage dispensed.

Dr. R. H. McGrath who has been acting as physician to the inmates of St. Mary's received a brief note from Ottawa this morning notifying him of his dismissal. It is understood that Doctor Mullin an active Conservative of St. Mary's will succeed him.

KILLED BY LION
New Orleans, Feb. 10.—Albert Belger, an English animal trainer, who was maulled by a trained lion in an animal show here on Wednesday, is dead in the Charity Hospital. Belger had turned out the cage when he was attacked.

MRS. WILKINS GETS \$950
Moncton, N. B., Feb. 10.—(Special)—The Wilkins land expropriation case was closed today. The arbitrators award to the city council give Mrs. Wilkins \$950. This with the arbitrator's costs of \$298.67 will bring the city's expenses up to \$1248.67. The case arose out of a dispute between the city and Mrs. Wilkins over land required by the city for the new reservoir. The city had offered Mrs. Wilkins \$1500.

JOHNSON MARRIED TO THE FORMER WIFE OF CLARENCE DURYEA

Champion Pugilist Furnishes a Surprise—Bride Was Formerly on Stage

Chicago, Ill., Feb. 10.—Jack Johnson, champion pugilist, last night confessed the report that he had obtained a marriage license in Pittsburgh and said further that he had married Etta H. Duryea in Pittsburgh soon thereafter. Johnson said the marriage was open and legal, and there could be no blame attached. Justice of the peace Pagnano performed the marriage.

Mrs. Johnson, he said, obtained a divorce from Clarence Duryea in Chicago about eighteen months ago. Duryea was served in the suit, but defaulted and the service was sent to his home in Hamstead, I., but would not discuss her former husband.

Hamstead, N. Y., Feb. 10.—Etta Terry was the maiden name of Mrs. Clarence Duryea of this place. She was the daughter of David Terry, a member of an old time Long Island family, who died about three weeks ago. She married Clarence Duryea, about nine years ago. Duryea, the son of John Duryea, a wealthy retired commission merchant, of New York city, was a singer in a cathedral choir in Garden City, and both he and his wife went on the light opera stage, not long after their marriage.

Later, they separated and ultimately were divorced. Friends here were informed, and Duryea, who is said to be a victim of tuberculosis, joined his father-in-law in northern New York, where he now lives.

MR. HAWKES GIVES A TROUNCING TO IMMIGRATION MAN

Canadian Commissioner Brings Fits Into Play in His Work in England

Liverpool, Feb. 10.—Just before sailing yesterday, Commissioner Arthur Hawkes caught a man violating city's employment agent, requiring applicants to purchase one hundred dollar town lots, two miles from the city. The man was fined £100 and the agent was also fined. The matter has been placed in the hands of the police.

A BRIDE FOR MANUEL?
Lithon, Feb. 10.—It is said here that ex-King Manuel will marry the Princess Elizabeth Marie, daughter of Don Miguel.

GUPTILL GOES IN FOR CHARLOTTE CO. BY ACCLAMATION

St. Andrews, N. B., Feb. 10.—(Special)—Scott D. Guptill, of Grand Manan, was the only candidate nominated today. He is a Liberal, but has promised to give his support to the present local administration. The nomination proceedings were very tame.

The nomination has not been very favorably received among the islands, particularly on Grand Manan, where neither side is pleased.

LIFE SAVING CORPS AT NIAGARA FALLS

Niagara Falls, Ont., Feb. 10.—The American authorities, through District Attorney Akerson and President of the Board of Trade Nye, are taking steps to have an organized life-saving corps and station located at Niagara Falls, N. Y., with a full equipment of suitable life-saving devices. The matter has been placed in the hands of Congressmen Simmons and Smith, at Washington.

The idea is certainly a charitable one and some move by the Canadian government should also be made for the protection of the thousands of tourists who visit Niagara Falls annually.

RACE TRACK AND GYMNASIUM ABOARD

New York, Feb. 10.—The date for the sailing of the American Olympic team is tentatively announced as June 15. The committee has chartered the steamship Finland and the boat will be elaborately equipped for the athletes. A track one-eighth of a mile in length will be laid out for the runners, and there will be ample space assigned for jumping pits and arenas for the shot putters and weight men. The steamer has a fine gymnasium and a large swimming tank.

URGE SHEEP INDUSTRY

Toronto, Ont., Feb. 10.—Efforts will be made by the Dominion Sheep Breeders' Association to induce the farmers of Canada to raise more sheep. This was decided at the annual meeting yesterday. The plan adopted was a conference with the department of agriculture by a committee of experienced breeders.

CHURCHILL'S SPEECH AND HALDANE'S VISIT

London Papers Are Linking The Two Together

THE PRESS COMMENTS

Berlin Report That Kaiser Himself Made the Suggestion That Visit From England's War Minister Would do Good

(Canadian Press)

London, Feb. 10.—The morning papers connect Winston Spencer Churchill's speech at Glasgow with the mission of Viscount Haldane to Germany, and consider the address of the first lord of the admiralty and the visit of the war minister to Berlin as a mere coincidence.

The conservative papers are pleased with Mr. Churchill's patriotic line, while the radical organs think that it was ill advised at such a critical moment to flourish Great Britain's naval supremacy.

When the announcement is made it is expected that what activity there has been in the real estate market will be magnified. It is known that the owners of the real estate in the city have been holding their property in King street, waiting for the price to rise.

The interest in real estate in Lancaster is becoming as keen as that which has centered around Grand and upper Canada streets. Some of the latest offers are being taken daily. One of the latest transfers is the purchase by D. F. Pidgeon from Mrs. Betherington of property including about eight acres of land in Fairview, directly opposite the site of the new St. John's hospital.

F. A. Dykeman has purchased from J. A. Burley a piece of land on the Strait Shore, adjoining the three other parcels which he bought from A. P. Barnhill.

Two of the best known properties in the city were put under option on Tuesday afternoon, D. B. Donald setting for a syndicate of St. John and upper Canada street, and the corner of Grand and Princess street, measuring 80 by 100 feet, opposite the Clifton House.

MORE EVIDENCES OF GREAT BOOM

Norton Griffiths Agent Here Securing Supplies—Property Purchase in Fairville, Where Things Are Very Active—Sears Properties Under Option—The Cement Plans

While the increased activity in St. John real estate and the heightened appreciation of its value is not by any means entirely dependent on the Courtney Bay development plan, this is a reason for the immediate rise, and by consequence the announcement that the contract has been signed is being awaited with keen interest.

CANADIANS THIRD AS MEAT EATERS

Australians Lead the World—Englishmen in Fourth Place

Washington, Feb. 10.—Australians and New Zealanders are the greatest meat eaters in the world. Statistics just announced by the U. S. Department of Agriculture show that Australians eat 262.6 pounds of meat a year each and New Zealanders 212.5 pounds; Canada 129 pounds, while the British eat only 106 pounds and Americans consume 183.9 pounds of dressed meat.

DEATH OF MR. COBBERG

A respected and well-known resident of St. John passed away last evening in the person of Thomas Cobberg, a native of Kilmory, County Mayo, Ireland, who was in his 84th year. He came to St. John in 1862 with the first battalion of the famous 15th Regiment, one of the crack imperial regiments. He came to this city at the time of the Trent affair and remained in the service until 1868. He had a wide circle of friends in this city. Mr. Cobberg is survived by one son, Thomas Cobberg, of the St. John Street Railway Co., and two daughters, Miss Mary A. Cobberg, and Miss Mary M. Cobberg, of the Sisters of Charity, St. Vincent's Convent. The funeral is to be held on Monday at half-past eight a.m. from his home, 141 Metcalfe street.

RAILWAY OFFICIALS PROMOTED

The Traffic Record says—Frederick J. Casey, of the I. C. R. staff, has been promoted to fill the vacancy of ticket agent at Deep Water Terminal, lately occupied by R. H. Webster, who has been appointed the Grand Trunk railway travelling freight agent for the maritime provinces, with headquarters at Moncton, D. M. Condon, travelling passenger agent of the I. C. R., has been appointed chief clerk of the passenger department at Moncton. The office held by Mr. Condon is said to have been abolished.

CANADIANS IN THE RANKS OF DIPLOMATS OF BRITISH EMPIRE

Hon. MacKenzie King's Suggestion in Address Before McMaster Literary Society

Toronto, Feb. 10.—Addressing the literary society of McMaster University last evening, Hon. W. L. MacKenzie King expressed the opinion that the time had come when Canadians should have a share in the consular and diplomatic service of the empire.

If Canadians were big enough to share in the government of the empire, he thought they were big enough to share its service in the diplomatic department. The president should train men to pass the prescribed examinations for entrance to the service, and the Canadian government should confer with the British government for the purpose of securing the privilege for those Canadians who could qualify themselves in that respect.

BIG GAIN IN I. C. R. EARNINGS

Three Quarter Millions Increase Predicted by F. P. Bady

Now Show \$600,000

Ocean Limited May Be Kept on Permanently After June 1—Revenue Lost By Landing of Mail at Quebec—The Outlook Good

(Canadian Press)

Montreal, Feb. 10.—The earnings of the Intercolonial Railway will show three quarters of a million increase for the year, and this in the face of the fact that the wages amount of the system has been increased about \$400,000 over what it was up to a year ago in January. This is the declaration of F. P. Bady, chairman of the government roads commission board.

The earnings of the Intercolonial for the beginning of the fiscal year, in April last, up to the present, show an increase of \$900,000 over the same period of the preceding year, and from indications the returns for the remainder of the year will show a proportionate increase.

Mr. Bady expects that the Ocean Limited express will be put on this year, about June 1, and hopes it will not be taken off at all, as he thinks the through traffic now warrants the two trains daily between Montreal and Halifax. He said that the road had lost about \$80,000 by the mail boats bringing the Canadian mails to Quebec and on to Montreal by the C. P. R. trains instead of as before landing them at Rimouski and using I. C. R. trains to this city.

From December 30 to January 30 is generally considered by the freight department of the Intercolonial to be the dull month, but since its expiration business had regained in volume to a great degree and everything pointed to an active spring and summer business all along the line.

GREAT DAMAGE DONE BY FLOOD

Portugal Suffers Severely in Property and Lives—Distress is Acute

MOURNERS ON BANKS OF GANGES

From a picture sketched by the artist of a London illustrated paper, on the banks of the Ganges River in India. This is no ordinary old picture, but was drawn during the visit of the King to India to be crowned last December. It shows Hindu mourners being borne to their friends to their funeral pyre. A unique part of the ceremony is when the oldest son of the deceased steps down to the mourning party and to the accompaniment of a hymn cracks the skull of the departed to permit the soul to take its flight. Dr. Sunder Singh who has been in Canada recently pleading for the free conditions for the Sikhs of British Columbia, insists that the ceremony herewith portrayed is no part of the religion of his people.

BOURASSA WANTS SEPARATE SCHOOLS IN NEW TERRITORY

Quebec, Feb. 10—It is not acting as an intermediary between the Catholic hierarchy and the Ottawa government in the matter of the Keewatin separate schools for the same papers to stir up feeling in the English provinces against the Nationalists to divert our aims. The Keewatin school question is simply a question of applying the law which, if the federal government was true to its former legislation, would remain the same in the new territory even though the Manitoba boundaries were extended.

Railway Extension to Richibucto

Monter Transcript—Although there is some talk in the press about the need of extension of the Moncton & Buctouche Railway from Buctouche to Richibucto, there is at the present moment really no definite decision known. The proposal, however, is coming to a head. E. G. Evans, manager of the Moncton & Buctouche Railway, who was in Moncton this week, is strongly favorable to the extension on the lines of the route proposed by the Moncton Board of Trade.

D. L. Bowen of Litz, Pa., is said to hold the state record for perfect Sunday-school attendance. He has attended every session of the United Evangelical Sunday school at Litz for 35 years.

TWO GREAT SPEECHES

The speeches of Mr. Winston Churchill at Belfast and Glasgow will greatly increase his prestige at home and abroad. The Belfast speech was marked by great firmness, but was also conciliatory in tone, and one can readily believe that it aroused an unbounded enthusiasm.

"We have made friends of our enemies (the Boers). Can we not make friends of our comrades, too?" Mr. Churchill's statement of the whole case for Home Rule was admirable, and must have a powerful influence upon public opinion outside of portions of Ulster.

Mr. Churchill's speech in Glasgow, dealing with the naval situation, was a signal of defiance. It was not a defiance, but was couched in terms calculated to provoke irritation in foreign capitals; but it stated in an unmistakable way the determination of Britain to maintain her naval supremacy, for her own protection.

Mr. Churchill declares emphatically that all rumors to the effect that the British navy is in an unprepared state are without foundation, and he confirms the statement of Mr. Lloyd George the other day that the country was never better prepared to meet any emergency.

The visit of War Secretary Haldane to Berlin at this time, taken in connection with Mr. Churchill's speech, is naturally an event of international as well as local importance. It is suggested that this visit may have some connection with a possible agreement between the two countries to lessen their naval activity.

The revenue of Canada continues to expand, as a result of a wise Liberal policy for fifteen years. That \$1,000,000 for St. John harbor has been voted by the House at Ottawa, but Mr. Haara is still silent about Courtenay Bay.

A Socialist candidate for the presidency of the German Reichstag was defeated by only twenty-one votes, and another Socialist was elected vice-president by a majority of fourteen votes. These votes are significant. The government was greatly weakened by the recent elections.

When Italy declared on Tripoli the little war was regarded as a picnic, but the affair has already cost an enormous sum, and the cost of keeping a large army in that country must be a heavy as well as a constant drain on Italian resources. And as yet there is no evidence that the Turk is weary of the game.

"When asked whether the statement contained in a local contemporary, to the effect that the G. T. R. was going to take Canadian traffic down through the States for export at Rhode Island American terminals, President Hayes declared that this was not the case. "We are going to bring American traffic to Canada," he declared significantly. This paragraph from the Ottawa Free Press is of special interest to St. John people. The Grand Trunk Pacific will build up Canadian ports, and

St. John will be its great Atlantic terminus.

Winter port trade at St. John continues to show a substantial increase over that of last season.

St. John as a place for investment is being advertised in Montreal by a Montreal man. That is a fact worthy of note. St. John is getting out on the front street of Canada.

The Intercolonial Railway shows increased earnings. The government should begin to take over those branch lines and pave the way for greater development of Intercolonial territory.

The following paragraph from the Toronto Globe tells in a terse way an interesting and true story:—"No north and south traffic and no truck with the Yankees," shouted Mr. Borden's followers during the recent campaign. Since then conditions in the western grain trade have materialized just as the Liberals forecast. For a time the Borden cabinet stood paralyzed, and then the great railway concern whose former president, Sir William Van Horne, had declared against north and south traffic began to think and act. The railways have now twice shown the cabinet a way to in some measure alleviate western complaints: First, rates were reduced to Duluth and other United States lake ports, so that shipments could be made to Europe through Uncle Sam's set ports, and now come further concessions by which grain can be got to St. Paul and Minneapolis mills from the Canadian west, to be ground for consumption in the United States. In spite of the fact that this is all against the speeches and policy of Mr. Borden and his party, they are forced, as Liberals prophesied they would be, to bow to necessity.

CARLETON AFTER MODEL FARM AND DIVISIONAL POINT

An Ottawa despatch says that B. F. Smith, E. W. Blair, Dr. Rankin, A. D. Holyoke, W. L. Carr, and W. S. Sutton this week interviewed the members of the government with reference to the proposed model farm and the divisional point of the Valley Railway. The secretary, Mr. Burrell in regard to the Model Farm, then with Mr. Carvell, the department had an interview with Hon. Mr. Cochrane, over the divisional point. Encouraging answers were given in both cases. Unfortunately Mr. Sutton was unable to attend owing to a sudden indisposition.

FREE KINDERGARTEN REPORT

The January reports of the Free Kindergarten bring to attention some of the difficulties of the mid-winter for the kindergartens. The attendance has been rather small and irregular owing to severe weather and sickness. An epidemic of mumps has given some of the kindergartens an opportunity for visiting the homes, only to find little ones with their faces red.

For those who have been able to attend, however, the kindergarten life has been full of brightness and interest. Each session is rich with the fullness of its own thought and food for instruction. To the little ones New Year came as a gift with its cycle of months, each month bringing its own blessing. The months were divided into weeks, days and hours and so a comprehension of time was gained. This study included the Heavens—the sun by day and the moon and stars by night.

With paint and pencil activities and parades were made illustrating the thought of the month, helping develop the artistic nature as well as cultivate the art of expression and skill in hand work. Mrs. Mathew spoke to a mother's meeting in the north-end kindergarten. The subject was "Good rearing for the young."

In spite of cold some friends have visited at the little ones in their garden school while gifts of extra nourishment and warm clothing have been gratefully received.

MANCHESTER DOCK WORKERS STRIKE FOR "CLOSED SHOP"

Manchester, Eng., Feb. 9.—The dock workers here went on strike today because the shipping companies continued to employ non-union labor. A general strike of the transport workers is threatened unless the dispute between the dockers and the employers is settled.

Big Loss of Potatoes By Fire

Three thousand barrels of potatoes, valued at \$8,000, and insured for \$4,000, were lost with the burning of the storeroom of Corey & Co., of Presque Isle, at Crystal Station, Me., last week. They were the property of William Martin of Kingsham. The potato house was valued at \$1,500. Farmers, summoned by telephone, had a hard fight to save two potato houses eight feet distant on each side.

THE LATE MRS. ROSS

At the funeral of Mrs. L. R. Ross yesterday the floral tributes from sympathizing friends of Mr. Ross and family were many and very beautiful. Besides those from a large number of personal friends there were a sheet of wheat from the I. C. R. elevator employes, wreath from the men of Nos. 7 and 8 freight sheds, large basket of flowers from the St. John Lodge of Elks, wreath from the Chisholm Lake Fishing Club, large cross from the Union Depot staff, cressets from the I. C. R. and C. P. R. yard staff, violets from the Girls' Branch of the W. A. St. Paul church.

ST. JOHN PEOPLE ASKED TO HELP THE STARVING MILLIONS IN CHINA

The Central China Famine Relief Committee have sent out an appeal for immediate help, and it is estimated in their letters, which are authentic and urgent, that \$5,000,000 is necessary to relieve the suffering of the poor people, who number 2,500,000.

Various reasons for the famine are given among them being the scarcity of crops for the last five years, the especially severe famine of last year, the great number of people out of work and the revolution which is responsible for a great deal of the suffering.

Canada and the United States are asked to raise the sum of \$1,000,000 to help the unfortunate country, and the pastors of

ACTRESS SECRETLY WEDS

Mrs. Marjorie Rhodes, cousin of George M. Cohan, the comedian, has just announced that she was secretly married to James Troup, of Rochester, N. Y., January 25 last. Her sister, Lila, was also secretly wed last month.

MORNING LOCALS

Miss Ruth Coster last night in the N. H. S. rooms gave a very interesting talk on the scenic beauty of Upper James, Portobello and Little River, where the girls' camp was held last summer. Views taken by the girls were shown on the screen.

J. V. Joyce, secretary of the International "Longshoremen's Association" with headquarters in Buffalo, who has been in the city for some days spoke with great interest of St. John harbor as a shipping port. He knew of only one harbor which might compare favorably and that was the Golden Gate at San Francisco.

The members of the Parvillie fire department last night enjoyed a drive to Brookville and on their return had refreshments and an entertaining programme in their rooms.

A meeting of the St. John Teachers' Association was held last night. Papers were read by Miss Barbara Johnson, Miss Annie E. V. Parks and Miss Brown. Rex Cormier presided.

The young people of Trinity church, to the number of about 200, enjoyed a sleigh drive last evening, and on their return assembled at Knolls, where some hours were enjoyed. Refreshments were served.

Alfred J. Jones addressed the Young People's Alliance of Zion church last evening on the opportunities St. John now offers its young people. John Hargreaves presided.

Captain John H. Pratt, formerly commander of the government steaming cutter, and now chief officer of a large passenger steamer running between New York and southern ports, was married in New York on January 29 to Mrs. Theresa E. Kable.

Richard J. Robinson has been appointed chief representative, officers for New Brunswick. He will continue to make his headquarters in St. John.

Herbert Kane, 10 Elliott Row, last evening was distinguished by the chemical engine before the city.

A special meeting of the Municipal Council will be held on Wednesday next to consider the request of the Parvillie Pulp & Paper Company that their assessment be fixed for the next fifteen years. It is said that if this is done the company will enlarge its plant and double its capacity. It is also said the paper mill project will be deferred for some time. Their assessment is now on \$20,000 and their taxes are \$4,000.

A special committee appointed by the common council met yesterday and after hearing the report of the superintendent of Jersey, regarding the necessity of extending the bridge to Parvillie Island and dredging the channel in front of St. John Island, decided to send Mr. D. Hazen to arrange an interview with him on these matters.

At a meeting of the Builders' Exchange last evening, the proposed changes in the building law were discussed and the members will meet next Friday to continue the discussion and prepare a report for the special committee of the common council. The exchange will probably send a delegate to the convention of the National Builders' Association in Toronto.

The highway board of the parish of St. Martin has appointed the following commissioners of highways for the parish: John Rose, George E. Mosher, William Green, Matthew McGrath, George Casby, Richard Hooper, Samuel C. Osborn, and William L. Patterson.

DEATHS

Mr. Samuel R. Edgett of Ganningsville, Albert county, is dead at the age of sixty-five years.

Miss Gladys, the eighteen year old daughter of Mr. and Mrs. John Snowdon, died yesterday at Chignecto Mines.

James Dalzell, a former resident of Chignecto Mines, died on February 4.

Miss Flora A. Powell, died at the age of sixty-seven years, died on Friday at the home of her sister, Mrs. Ezra Keswick, Mortimore. She was buried on Sunday at New River.

Mrs. Catherine Foster, widow of Silas Foster, of Amherst, died on Wednesday, of blood poisoning. She was 83 years of age, and a daughter of the late Richard Moore, of Sibley, and was a sister of Mrs. George Moore and Mrs. Chas. H. Webb, of Moncton.

The death of Mrs. A. Bland, who received terrible injuries in a fire which destroyed her home at Newburg on Tuesday evening, January 30, occurred in the General Public Hospital last night. She is survived by her husband and two sons, Robert L. Wood of Lawrence, Mass., and Silas Aiden at home.

Thomas Cosgrove, a well known resident of this city passed away last night. He served twenty-one years in the 18th Regiment of East Yorkshire which he joined in 1846. He came to this city in 1851. He did the carting for the military stores department here for several years. He is survived by two daughters and one son, Thomas J. Cosgrove in the employ of the St. John Railway Company.

MORE THAN MILLION AND HALF

The exports from here continue to gain in a most satisfactory manner and have now reached well up to \$1,600,000 of an increase over last season for forty-seven steamers in comparison with a similar number for 1910-11. The exact increase is \$1,293,791.

This fine showing includes a Canadian increase of \$719,943 and a splendid increase in United States exports of \$1,214,750.

PREMIER FLEMING AND THE LIBERAL SUPPORT

Here are Some Reminders for Him From a Harland Newspaper

(Harland Observer)

Over in Northumberland county, where there has been a shadow, or more, of political unrest, Mr. Fleming spoke the other night, and one of the things he said might be a good deal like a joke. But it is said that his face was perfectly straight when he stated that he would accept the support of Liberals and Conservatives alike, asking no questions as to their affiliations with federal politics.

Close to four years ago Mr. Fleming was saying the same thing—an isolated instance of his consistency—and, what was more, he got elected that way. They had straightaway smelted those who lifted him up. If the man were really sincere, or if he really thinks he can rally his former following, he might restore a few official jobs that were dismissed in his constituency. Or, if that be impracticable, he might appoint a Liberal here and there to some little job, or at least, give Liberals a chance to compete for public works if tender.

It's a long way 'round to Newcastle and it is quite likely the premier will have little to say to Carleton county people about his willingness to "accept the support of Liberals." No doubt at all about his willingness to accept a Liberal here and there to some little job, or at least, give Liberals a chance to compete for public works if tender.

MARINE NEWS.
The schooner Mimma German, bound from Weymouth, N. S., to San Juan, loaded with lumber, ran aground on South-eastern Point at the St. Mary's Bay entrance to Grand Passage, near Digby, yesterday, and it is believed, will be a total loss. The schooner is owned by Captain Thomas German of Meteghan.

The systems of pilotage now in vogue in different parts of Canada are to be investigated by a commission of three appointed by the marine and fisheries department.

People who eat Kellogg's
People in all walks of life eat Kellogg's daily. The doctor, because he has a scientific knowledge of its great food value. The millionaire, because money cannot buy a more delicious breakfast cereal. The athlete, because it is a 90 per cent energy food. Most people eat Kellogg's because of its delectable flavor—altogether unlike that of any other cereal food. 10 cents buys a big package.

FABLES IN SLANG

Series of 1912 -- BY GEO. ADE

THE NEW FABLE OF THE GALUMPTIOUS GIRL WHO TRIED TO START SOMETHING AND DID

She Certainly Had Laid the Soubrette's Curse on Home Sweet Home

Once there was a kittenish Senorita con-
templated to dwell in a Piccolo Town out
on a Spaz Division of the Dakaville
Short Line.
It was one of those not-dead-but-sleep-
ing Settlements with a Sheet-Iron Cornice
on every Store Building and the Heck
in which Gen. Sherman once rode still
meeting the Trains.
All the older Residents were sitting back
on their Surplus trying to hatch out 7-
er cent. Anyone suggesting a Public
house Square was led into Court House
quare and publicly Beheaded.
A Girl with real Amante's Gungir count-
through her Arteries did not have a
Look-in so long as she was hung up at
this Whistling Post, where every Meet-
ing of the Research Club was a Poultry
Exhibit and the local Astor played a
Brown Derby in conjunction with the
extreme Scup and Fish.
So the Senorita, by name Madeline, used
to burst into Tears every time she saw
a Train pulling away from the Depot. For
she certainly had laid the Soubrette's
Curse on Home Sweet Home.
She had read those large explosive arti-
cles in the Family Department of the
Sunday Paper telling how the Smart Set
hang by their Toes from Chandeliers and
jump into Public Fountains and she pain-
fully for the will free Life of the Idle Rich.
Now it happened that Madeline had a
married Female Cousin, living at the com-
er of Easy Street and Bjerkman Avenue
in the Big Town where People baked
sight of a Brass Bedstead.
Josiah invited Madeline to come and
her, out of mere Politeness, for she
the Country Lass sized up as a Myrtle
a Boy, whose Limit probably would be
a Earton Holmes Lecture or a rollicking
Afternoon at the Tea Shop.
Madeline saw that she was down in
class B and would have to make an im-
mediate Demonstration of Form and avoid
being permanently Benchled or sent back
to the Bush League.
Consequently, as soon as she found her-
self in the Main Drawing Room among
the Ruperts and Rosalinds, she began to
take Furniture and do Head-Spins on the
cushions. Thereupon she was elected a
Member of the gladsome Bunch known as
the Young Married Set, compared with
them, Mr. Burman, doing a mile in 20
seconds on the Beach at Ormond, is a
cond-rate Snail.
She sent Home for all of her Things
and more Coins and applied for an advanc-
ed Degree in the Grand Lodge of the
nights and Ladies of Insomnia.
In one month she had entirely remod-
eled her Figure and landscaped her Hair-

DOCTORS GAVE ME UP

But "Fruit-a-tives" Cured Me

Moorfield, Ont., March 20th, 1910.
I suffered from severe indigestion and
dyspepsia for nearly two years. I could
not take food without fearful distress.
I could not do any work and became so
run down and weak that I could hardly
walk. I was attended by two experienced
doctors and they both pronounced my case
incurable, and they could do nothing more
for me as they thought my disease was
HEART FAILURE AND INCURABLE.
The doctors gave me up and I looked for-
ward for death in a short time.

At this time my son asked me to try
"FRUIT-A-TIVES", and from the outset
of taking these wonderful tablets I was
better, and gradually this medicine com-
pletely cured me. I took a large number
of boxes, perhaps a dozen, and now I am
entirely cured and I have gained over
thirty pounds in weight.

"Fruit-a-tives" is sold by all dealers
at 50c. box-6 for \$2.50, or trial size, 25c.
— or sent on receipt of price by Fruit-
atives Limited, Ottawa.

ty League were hanging out Signs of Dis-
tress and trying to give Warning Signals,
but Madeline would not permit them to
crab her Little Party. She wanted to
show the world just how these Rochester
Functions are stage-managed in Upper Cir-
cles.

Accordingly they all felt their Way to
the Front Room, where they Found await-
ing them a Bowl of Artillery Punch about
the size of Let's Erie, and no more Harm
in a full Bumper than there is in a Bat-
tle-Snake.

Madeline headed off a Two-Step and
told Friends and Neighbors to sit back
close to the Wall with a Piece of Ice
in each Hand and get Wise to the latest
WIZ Stuff.

Then She and her Friends pinned up
their Garments and put Resin on their
Hands and cut loose. They did the Griz-
zly Bear and the Mountain Goat and the
Turkey Trot and the Bunny Hug and the
Kangaroo Hop and the Duck Waddle and
the Giraffe Jump and the Rhinoceros Roll
and the Walrus Waggle and the Crocodile
Splash and the Apache and the Comanche
and the Bowery Twist and the Hula Hula
Glide, etc., etc.

The First Movement began carrying out
Bodies at 12:30 a.m. Some of the Surviv-
ers were hurrying Home through the Al-

WAR BETWEEN THE SYDNEYS

(North Sydney Herald.)
A whole column of space is devoted to
an editorial article in the Sydney Record
of Friday evening last in censuring The
North Sydney Herald because we spoke
of the splendid condition of the ice in
Sydney harbor. The editor of the Record
seems very much worked up over our little
item of news, and even goes so far as to
class us with the Halifax Herald as a
body that is not to be trusted. We will
not compare us with himself. Strange, too,
that any person or newspaper should wor-
ry about the ice bridge that annually forms
on Sydney harbor, and which gives the au-
tists and horsemen of Sydney such an
opportunity to enjoy themselves. Those
are conditions guided by Nature that
even the Sydney Record cannot remove
for change. Perhaps our reporter was a
little too imaginative when he said there
are miles of ice on Sydney harbor from
five to ten feet in thickness. But there
are miles of ice, just the same, and it is
of sufficient thickness to allow of automobile
racing or horse racing on it. In fact it
is strong enough to carry the entire Cen-
tury outfit, the Record Ananias thrown
in. And it is unwise and foolish for any
newspaper to attempt deceiving the public
into believing that Sydney is not abso-
lutely ice-bound for three or four months.
Of course this does not apply to North
Sydney, because when the steamer Bruce
was on the route, open communication was
kept up regularly all the year round, with
the possible exception of a few trips.

Jury Awarded \$6,000 Damages for
Injury to Child
Montreal, Feb. 10—A jury, after hearing
the evidence in an action against the city
for \$10,000, found that the ten-year-old son
of Mrs. Poirier had been vaccinated by
one of the city's employees, that the par-
alysis of the arm which followed the op-
eration had been caused by the operation,
and that the city or its employee was whol-
ly responsible for the injury. They award-
ed a total sum of \$6,000—\$2,000 to cover
medical expenses and \$4,000 as indemnity
for injury and disability. One jurymen
dissenting, claiming that the award was
excessive. Judgment was rendered by Mr.
Justice Denvers.
The action was brought against the city
on the ground that a short time subse-

QUANTUM CATCH

quant to vaccination the boy's arm be-
came inert, and it was contended by Mrs.
Poirier that the vaccine used for the op-
eration was infected, with the result that
the arm became diseased, resulting in an
attack on the nerves.
Dr. Defontaine, the family physician,
who was the chief witness for the plaintiff,
said that the condition of inertia might
have been brought about by other causes,
but in the present instance all other pos-
sible causes were absent, and thus the
only logical conclusion was that the child's
arm had been infected by the vaccine.

Metropolis Used 223,536,884 Gallons a Day Last Year—Where it Comes From—England Suffers From a Plague of Tramps

(Times Special Correspondence) London, Jan. 28.—"A considerable number of the most efficient citizens who do the work of England are seriously proposing to throw down their tools and cease to do that work until their conditions are altered," says the "Daily Express." This intention is not confined to the men engaged in any one branch of industry; it is almost general. Clearly there is some explanation. It is the business of every one who is concerned with the welfare of his country to discover what that explanation is, and to do what he can to remove it.

(Times Special Correspondence) London, Jan. 28.—"A considerable number of the most efficient citizens who do the work of England are seriously proposing to throw down their tools and cease to do that work until their conditions are altered," says the "Daily Express."

"We may dismiss at once the view of certain well-to-do persons that working people are a set of lazy, discontented scoundrels who never know when they are well off. It is the bulk of the able-bodied people of England who are in a state of revolt. To put it down to their natural blackguardism is to insult our country. So far as the alleged cause or method of any particular strike is concerned, the men may be right or wrong; but to believe that the greater part of the people who carry on the work of England have taken leave of their senses is leading one's head in the sand.

GOOD LOOKS AND GOOD TEMPER

A Chat With Our Lady Readers

Have you ever noticed how miserable and unhappy the little pains and aches make one? A stinging cut, badly chapped hands, a nasty burn, a sore foot, a pointed finger—none of these wounds or ailments ever likely to cause serious trouble but had enough to put an edge on one's temper and give one a "grouch."

Take this advice. When in pain on any of these everyday evils, just use Zambuk. As soon as you put it on to a sore, a burn, or any skin injury, it stops the pain and the smarting and starts up healing. Don't think that because Zambuk is so widely used by medical men, by nurses, and for serious skin diseases and accidents it is only for serious cases. Keep it handy in the kitchen, the workroom, and use it immediately you get some injury or have some sore.

Great Work of Water

London consumed 223,536,884 gallons of water every day last year. This means that each of the seven million odd persons in the metropolis used 31.97 gallons a day, and that at each house 294.24 gallons were disposed of in the same period. The water delivered by the Metropolitan Water Board is derived from the rivers Thames and Lea, from gravel beds in the Thames Valley, from Chadwell Springs in the Chalk, and from wells in the chalk and green-sand formations.

GOSSIP OF THE STAGE IN LONDON

Barrie Bringing Three Hundred Year Old Play up to Date

NICE PROFITS FROM KISMET

Asche Has Cleared \$150,000—Bourchier and Wife Return to the Garrick—Tree's Debut on the Vaudeville Stage

(Times Special Correspondence.) London, Jan. 27.—Sir Hilbert Burdett Tree came off with flying colors at the Palace last Monday. The occasion marked his first plunge into vaudeville. He was admitted to me after the curtain dropped, horribly nervous as to the result. In his position as head of the theatrical profession he could not, obviously, afford to fail. Fortunately his success was instantaneous and emphatic.

On the conclusion of the performance I went up with him to his dressing room. He was as pleased and excited as a school boy who had won his first cricket match. Kipling's "The Man Who Was" had been selected for his debut and the little piece went from beginning to end on wheels. Doubtless he will not change the bill during his four weeks' engagement. He has more than enough to do getting some new attraction ready for His Majesty's, where "Othello in the Underground" is doing just indifferently well. As to what will follow Offenbach's opera, Tree is still uncertain. As I told you some weeks ago, he had fixed upon "Prophet Percival," a Hungarian drama adapted by James B. Pagan. But the more he considers it, the less he likes it, and I rather fancy the manuscript will be returned to the adaptor for alterations.

A revival of "Othello" has also been discussed, but here again Tree is confronted by the difficulty of finding an adequate stage. H. B. Irving is about the only man he can think of, and H. B. will not return from Australia until the autumn. Finally there is a new piece by J. M. Barrie. When I say a "new piece" I do not precisely speak by the card, for in this case Barrie has selected a well known comedy, 30 years old, and has worked it up from an altogether fresh standpoint. I must not say more at the moment on the subject as both Tree and Barrie are exceedingly anxious that their secret should not leak out.

The first week's business at Covent Garden with "Othello" was fair, but not too good. The receipts for nine performances amounted to just upon \$15,000, whereas the expenses were estimated at \$20,000. Business, however, has since shown an appreciable improvement. Maxie Harvey has managed to go on for another week, thus making his engagement extend over three altogether. He never concealed his belief that he would lose over the transaction. I am bound to say, on the other hand, that the experiment has served to enhance his reputation materially.

Profits \$150,000.

Tonight Oscar Asche and Lily Brayton will bring their season to a close at the Garrick and a most prosperous season, thanks to "Kismet." It has been Asche himself told me that by the end of the season he will have cleared \$150,000. By the time he returns to London eighteen months hence, he ought to have a pretty snug sum laid by, seeing that Australian playgoers are waiting eagerly for him and his wife. At the Garrick, Arthur Bourchier and his wife, Violet Vanbrugh, will take up the running next Wednesday week. As I have already intimated, Alfred Sutro supplies them with their opening play, called "The Perplexed Husband," although the latter has preceded it in order of production. "The Perplexed Husband" was originally intended for Ethel Irving, who, when she came to read it, was not altogether impressed by its merits. This proved a decided blow to Sutro, who lost all heart for work and spent some time in a picture gallery. Then Bourchier offered to read the piece, discovered that it would suit him and his wife, and without any further delay fixed up a contract. The theme handled by Sutro in this instance may be crystallized into one sentence. It is, "In what circumstances is a man justified in giving a woman away?"

Fisher White plays the part of the husband, a visionary, a dreamer, with little or no knowledge of the world, whose wife, moth-like, has come within an ace of scorching her wings at the flame of passion. Kate Cutler is the indirect friend, responsible for the stirring up of the mud by water, and Bourchier himself, the "Firegreen," which stands between the woman and disaster. The story, apparently, has no great claims to originality, but Sutro's work rarely fails to be of an interesting and amusing character.

I am glad to have good news of two of our most popular actors who have both been suffering recently from serious illness. Fred Terry has made such marked progress that the doctor has sent him off to Brighton, where there is every hope he will rapidly pick up much of his old strength. It must not be imagined, however, that even now he is fairly out of the wood. He will have to go very cautiously for a considerable time to come. Henry Ainley, also, is just back from Las Palmas, where he has been enjoying a rest cure. Two months ago he fairly broke down—nerves shattered and body a wreck—but I am delighted to say that, when he called two days ago, he was looking as robust and healthy as ever. He will start work again in about a week's time, but only in the suburbs. I trust, however, we shall soon see him on the West End stage.

There has been the usual trouble about the new Gaiety piece. Paul Robens started it originally. Finding, however, that the writing of both book and score was too much for him, he agreed to George Edwards' suggestion to take in Cecil Raleigh as collaborator in the former. The result was by no means satisfactory—from Edwards' point of view, at any rate—and as Raleigh could not see his way to do what was required of him, his libretto has, in turn, been handed over to Edward Saxe, Edwards' brother-in-law. Saxe is a writing of occasional jeux d'esprit and topical ditties has done nothing of the way of authorship. But I have great faith in him and should not be surprised if his book proved to be as good as any produced at the Gaiety of late years.

Weak Men, Wake Up!

Why Do You Wait!

Are you satisfied to turn the grindstone for the fellow all your life? Are you content to be a plodder all your days? There's nothing in it, and you know it. Then why not brace up and be a man. Electricity as I apply it is working wonders in the world. I am making hustling, energetic men out of wrecks every day. In every walk of life you'll find these men—men whom I have saved from lives of wretchedness and despair—men who are making their mark in the world—who are shouting the praises of my Dr. McLaughlin Belt—men who will tell you that they began the use of my great Electric Appliances—the only absolutely safe and sure remedy for a weak man—a broken down man.

My remedy is an honest remedy, a logical remedy, a time-tried remedy. You have seen my advertisements for over twenty years. If you have been on earth that long, and if you'll write to or consult some of the men and women who have used my appliance or are using it, they'll tell you that it does all that I claim for it and even more. Then why do you wait? What's the use of bewailing your fate? You know you are not the man you ought to be. I can help you with Electricity as applied according to my method more than all the Doctors and Drugs in Christendom. It's fresh strength and energy you want, VIM and VIGOR, that's what I can give you, and you'll be a long time getting anything like that out of drugs.

If your stomach don't work; refuses to digest your food; if your Kidneys are weak; if your Liver is sluggish; if your Blood Circulation is poor and your body is full of pains and aches; if you suffer from Headaches, Debilitating Losses, Urinal Disorders, Irritability, Despondency, Sleeplessness, or any other sign of Nervousness or Physical Breakdown, stop and THINK! Don't depend upon Drugs to build you up; they'll never do it. Don't you know that all such symptoms are crying out the fact as loudly as they can that the nerve cells of your body are robbed of their power—their vitality? Don't you know that the basis of nerve-power is Electricity? Don't you know that Electricity is Life? If you don't, then you should get my book and read it. It will teach you facts you ought to know.

Let me treat your case in my own way. Let me apply a steady current of Galvanic Electricity to your weakened system with my Dr. McLaughlin Electric Belt. Wear this appliance, night after night for a few weeks and it will drive out all those pains and aches; it will restore energy and equilibrium to your nervous system; it will fill your body with fresh strength and energy; it will give you back the powers of Manhood, and make you a Man among Men. Again I place before you more PROOFS.

Dear Sir—Just one of your Belts some time ago for a sore back, which was very painful, and prevented me from stopping so at times I could hardly tie my shoes. Your Belt strengthened my back and took the pain and soreness away entirely. I would not take \$100 for it, and if I could not get another, I would not part with it at any price. I can recommend your Belt as a complete cure to all afflicted with this trouble.

Yours very truly,
W. McNEILL,
Colborne, Ont.

Pick out the men who have worn my Belt. See them, with head erect, chest expanded, the glow of health in their cheeks, courage in their hearts, and a clasp of the hand that tells you: "I am a man."

To those who are tired of paying without results, and to those who doubt if anything will help them, I make this offer: If you will secure me you can

PAY WHEN YOU ARE CURED

I will let you have my Belt without paying me one cent in advance.

The Folly of Paring Corns
Here's a typical corn. Paring takes off just the top layers. It merely relieves the pressure for a little time. The root remains, and the whole corn soon returns. And that paring is exceedingly dangerous. A slip of the blade means infection, and blood poison often results.

A Genuine Rupture Cure
Sent On Trial To Prove It
Don't Wear a Truss Any Longer

After Thirty Years' Experience I Have Produced An Appliance for Men, Women and Children That Actually Cures Rupture

Ten Reasons Why You Should Send for Brooks' Rupture Appliance
1. It is absolutely the only Appliance of the kind on the market today, and it is embodied the principles that inventors have sought after for years.
2. The Appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body, yet never blisters or causes irritation.
4. Unlike the ordinary so-called pads used in other trusses, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands holding the Appliance do not give one the unpleasant sensation of wearing a harness.
7. There is nothing about it to get foul, and when it becomes soiled it can be washed without injuring it in the least.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All of the materials of which the Appliance are made is of the very best that money can buy, making it a durable and safe Appliance to wear.
10. My reputation for honesty and fair dealing is so thoroughly established by an experience of over thirty years of dealing with the public, and my prices are so reasonable, my terms so fair, that there certainly should be no hesitancy in sending free coupon today.

The above is C. E. Brooks, the inventor of Marshall, Mich., who has been curing rupture for over 30 years. It ruptured him today.

Cured at the Age of 76
Mr. C. E. Brooks, Marshall, Mich.
Dear Sir—
I began using your Appliance for the cure of rupture (I had a pretty bad case) in May, 1905. On November 30, 1909, I quit using it. Since that time I have not needed or used it. I am well of my health and my spirits are high, and I feel that your Appliance has done more for me than any other medicine I ever used. I am well of my health and my spirits are high, and I feel that your Appliance has done more for me than any other medicine I ever used.

Remember
I send my Appliance on trial to prove what I say is true. You are to be the judge. For free coupon below and mail today.

ASKED HER DRUGGIST TO GIVE HER SOMETHING.

She Had a Bad Cold, So He Recommended Dr. Wood's Norway Pine Syrup.
Mrs. James Warren, Edmonton, Alta., writes—"Just a few words in praise of your Dr. Wood's Norway Pine Syrup. A short time ago I contracted a bad cold, and tried several remedies, but had no good results. I asked my druggist to give me some good cough medicine he could recommend, so he told me to try your Dr. Wood's Norway Pine Syrup, and I can safely say I have never tried anything like it. The first dose gave me relief, and I was completely cured of my cough before I had finished one bottle. It is the best cough remedy I have ever tried, and I can recommend it to everyone."

Jack (Kid) Gleason, who has been made assistant manager of the Chicago White Sox, is one of the greatest chess actors the game has produced in the last two decades.

When in good humor, Gleason was the soul of good nature, but when he was not feeling right he was a bad man to fool with. Though Gleason's unimpaired career furnishes a novel chapter in the history of baseball the Kid never was known to impose on a fellow player, neither was he ever a bully.

OVERFATNESS CONDEMNED

Fat, or even fattish, women readers who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly.

That means off with the fat. It has become a duty. Many are trying exercise or dieting, but it is certain they will find these methods too slow, and undesirable.

HAD ERECTED SOME OF FINE BUILDINGS ST. JOHN BOASTS

English Papers Bring Word of the Death of Edward Midton, Formerly of This City

Late English papers announce the death of Edward Midton, who was well known here twenty-five years ago as a carpenter and builder. In partnership with Mr. Bond, under the firm name of Bond & Midton, he built many fine residences and public buildings here and in Fredericton.

Among the buildings which he erected in this city were the exhibition building, Customary church, Centennial school, the F. C. R. freight and train sheds, residence of Lady Tilley, and the six houses to the corner of Duke street and the residence of Joseph Bullock and Trinaime Gard and the interiors of St. Luke's and Queen Square churches. In Fredericton he erected the Sharkey block, the Baptist church, and did much of the woodwork of the Parliament Buildings.

YOUTH IS FINED FOR THROWING SNOWBALLS

A Timely Address From Bench in Police Court—Trouble Over Clothesline

In the police court this morning Magistrate Ritchie gave a sound lecture to several small boys who were before the court charged with throwing snowballs in the public streets and at laughing parties. "Why such things are unheard of," he said. "Hardly a single laughing party that is snowballed at some street corner by a crowd of small boys. It is an outrage. For every snowball that you throw in the streets you are liable to a fine of \$3 and if you strike anybody you are liable to a fine of \$20 or two months in jail." John Cooby, aged eighteen, was charged with throwing snowballs in St. George street. He pleaded guilty and was fined \$8.

ROY MILNE, James Milne, Chipman Bealey, and Daniel Edgar Berryman McDonald were charged with throwing snowballs in Wright street. The first three pleaded guilty, but young McDonald pleaded not guilty and was allowed to go. The other three were given a talking to and were sent home.

Joseph Gallagher, reported for trespassing in the Union Depot, pleaded not guilty. Policeman Scott Smith said that the boy was continually hanging around the depot and had been warned several times to keep away. The young fellow said he had been employed on several occasions by newspapers on the tramway on the C. N. suburban train every day. His Honor told him that he had no more to do with the depot during the day time. He was sent home.

In the regular session of the court, three prisoners charged with drunkenness, were each fined \$8 on a month in jail. Howard MacDonald, reported for drunkenness, was fined \$10 on a month in jail. W. H. Whitaker pleaded guilty. It appears that the whole matter arose over the cutting down of a clothes line, 20 two parties and neighbors residing in Charlotte street. MacDonald contended that Whitaker cut down his line and in the argument that followed struck the complainant. The matter was allowed to stand over until next week.

Of course there's not that number now, but assortments are wonderfully complete, and there's not a man or young man who can't find something to his liking in his size. We want to especially emphasize the excellence of the materials. Those used in the lowest-priced trousers are of a very serviceable grade, while those in the higher-priced trousers are the kind used by high-class merchant tailors. The workmanship in every pair is unexcelled. All are the product of our own factory. We should be pleased to have any of the citizens of Saint John call at our factory at 198 Union street and see for themselves the work going on there. We are turning out at the present time more than 500 pairs of trousers per week. Coming to you direct from the manufacturers our regular prices are at least 25 per cent. less than other stores' prices and now at the reduced prices they are bargains that other stores cannot begin to offer you.
