Peace Terms Given To Austria

PARIS, July 20. — Full peace conditions of the allied and associated powers are now in the hands of the Austrians. The first sections of the terms were presented to the Austrian delegates at St. Germain on June 2, the final sections were delivered to them at the same place on Saturday without ceremony by M. Dutasta, secretary general of the peace conference.

The terms comprise the whole treaty which Austria is asked to sign, including the reparation, financial, military and certain other minor clauses, which were not ready for presentation when the official ceremony took place. In an accompanying memorandum, the Austrians are granted fifteen days in which to make their final observance, although they have already submitted a large number of notes on the terms previously submitted to them.

Reparation Payments
In addition to the published summary of the terms of June 2, the new clause provide for reparation arrangements similar to those of the treaty with Germany, including the establishment of an Austrian subsection to the reparations clause, the payment of a reasonable sum in cash, the issuing of bonds and the delivery of livestock and certain historical and art documents.

The financial terms provide that the Austrian pre-war debt shall be apportioned among the various former parts of Austria and that the Austrian coinage and war bonds circulating in the separate territory shall be taken up by the new governments and redeemed as they see fit.

Volunteer Army Only.
Paragraph five, relating to the military, says that the Austrian army shall not exceed thirty thousand men, including officers and depot troops. Within three months the Austrian military forces shall be reduced to this number, and universal military service abolished and voluntary enlistment substituted as part of the plan to "render possible the initiation of a general limitation of armaments of nations." The army shall be used exclusively for the maintenance of order.

Non-commissioned officers and privates must enlist for not less than 12 consecutive years, including at least six years with the colors. Within three months the armament of the Austrian army must be reduced according to detailed schedules, and all supplies surrendered. The manufacture of war material shall be confined to one single factory under the control of the state and other such establishments shall be closed down or converted. Importation or exportation of arms, munitions and war materials of all kinds is forbidden.

Manitoba Crops Are Very Good
WINNIPEG, Man. — Hon. Valentine Winkler, minister of agriculture, has issued a very optimistic crop report which states that Manitoba farmers will soon be cutting a splendid crop of wheat, other grains and hay. Practically all sections of Manitoba will have an excellent crop. In the Red River valley the rains of the past month have drowned a small portion of the potatoes, and have flooded a small percentage of the lowlands.

No place outside the Red River valley has received too much rain and prospects are that some wheat cutting will start the latter part of July and a general movement during the first week in August.

A little rust appears here and there, but not enough to cause anxiety. The amount of hail damage is small.

Hay prospects were never better and the abundant pasturage is ideal for dairying and livestock raising.

Important Changes Regarding Crown Lands
REGINA, Sask. — As the result of representations made to the minister of interior by E. G. Hingley and W. J. Jaekman, secretaries of the Saskatchewan and Alberta union of municipal associations, important changes are being made at once involving immediate action by the department as follows:

Nothing but all occupants of crown lands held under homestead entry for five years or more that if patent is not applied for within a specified time the entry will be cancelled.

More rigidly enforcing the regulations of the department regarding homestead and pre-emption so that the occupant will be compelled to complete his duties within the specified time or lose his land. Investigation of all school land contracts and if it is found that the payments are in arrears the contract will be cancelled unless payment forthwith.

Peace Treaty Ratified by British House of Commons

LONDON, July 21. — The house of commons tonight unanimously passed the second reading of the peace treaty.

The peace treaty bill passed the committee of the whole without amendment. When the third reading was moved, Joseph Devlin, Nationalist, demanded its rejection as a protest against the premier's reference to Ireland.

Lloyd George, replying, ridiculed the suggestion that his attitude toward Ireland had changed. He said he adhered to his position announced in the general election and was prepared to carry it into effect. The home rulers, he added, could have home rule for themselves if they wished it, but they could not force it on Ulster.

The house then rejected Mr. Devlin's motion by a vote of 163 to 4, and the bill passed the third reading.

Racial Riots Break Out Again in United States

WASHINGTON, July 21. — Rioting between negroes and whites broke out late tonight in the national capital in retaliation for recent attacks by blacks on white women.

Police stations late tonight were swamped with reports of clashes between mobs of whites, largely made up of soldiers, sailors and marines and negroes, in many different sections of the city. At midnight tonight the known casualties totalled ten, including two deaths, and two men probably fatally wounded, while unconfirmed police reports placed the number at a much greater figure. Of the dead, one was a city detective, shot through the breast by a negro woman who was firing indiscriminately from the upper story of her house.

The probable death list in the night's fighting later was increased to four by the death of a second detective who succumbed to wounds received earlier in the night in the fight which resulted in the instant death of his fellow detective.

NORFOLK, July 21. — Serious riots broke out in the negro section of the city tonight. Four persons, including a detective, were shot but no one was killed. All police reserves and a detachment of armed sailors from the naval base were called out to quell the disturbance. Tonight marked the opening of a week of festivities to celebrate the homecoming of negro troops.

Dirigible Exploded Over Chicago
Three Passengers and Seven Employees of Bank Dead

CHICAGO, July 21. — After cruising back and forth across Chicago's loop districts for hours, a dirigible balloon, bearing five persons, exploded late this afternoon, the blazing wreckage crashing through the skylight of the Illinois Trust and Savings Bank in the centre of the financial district. Tonight the police fixed the list of dead as the result of the accident at ten. More than a score were injured. Three of the dead were passengers on board the dirigible. The others were employees of the bank. The accident occurred at 4.50.

Thousands of people saw the smoke and flames that enveloped the balloon, followed by three parachutes which dropped. Two of the parachutes opened and the third dropped to the street. The dirigible exploded and dropped on the roof of the bank building and the gas tank and parts of the steel frame of the dirigible crashed through the skylight into the bank room, where the tank exploded. The fire which followed the explosion was extinguished, revealing seven bodies, believed to be employees of the bank.

UNDESIRABLES ARE DEPORTED DAILY
WINNIPEG, July 21. — Immigration officers are daily deporting undesirable aliens from the country and prosecuting offences committed against the Immigration act, it was officially stated at the immigration offices today.

A new amendment to the immigration laws, it was pointed out, now provides for a fine of \$200 or three months' imprisonment for supplying false information to the immigration officers at the port of entry into Canada.

MUNITION DUMP BLOWN UP
PARIS. — A number of persons were killed or injured when a large munition dump was blown up at Lebourget, seven miles northeast of Paris.

Several buildings were destroyed by the concussion and a shed on the aviation field collapsed and took fire, causing injury to a number of soldiers and civilian employees.

Debate Over Peace Treaty in U.S. Senate

WASHINGTON. — Shantung stands out as the first big objective in the senate offensive to the peace treaty. Through Shantung, it now becomes evident that the opponents desire to strike at the covenant of the League of Nations. So far as the United States is concerned, the granting of the German concessions in this Chinese province to Japan is the most unpopular act of the solomons who sat at Paris.

It strengthens Japan, the dark cloud on the horizon of foreign relations. It weakens China, in whom the United States has of late years taken a rather paternal interest—an interest that is largely a direct corollary of the Nipponese bugaboo. A reservation to the treaty on the Shantung clause would be the cleaving of a breach in the administration defense. There is a deep seated inclination not confined to the proponents of the act to have the treaty ratified as soon as possible. But if one reservation should be appended, they argue, others would not increase the delay greatly, and thus in attacking in full force the disposition of German rights, privileges and property in China they hope to win through the covenant which also forms a portion of the treaty.

Senator Norris, of Nebraska, put across the barrage in the second set speech of the debate, stating that he was a firm believer in the principle of a league to prevent war. He criticized the covenant as lacking the essentials required to preserve peace, especially as it did not provide sufficiently for disarmament. He gave the impression that he would almost support the covenant were "it not that the peace treaty contained 'the germs of wickedness and injustice that violate at the beginning the principle that must control if we are to have a permanent peace.'"

In this phrase he described the Shantung agreement which he interpreted as giving Japan control over the Chinese nation, turning over to her 36,000,000 Chinese, with railroads, mines, cables, and the privilege of exploiting this rich province with no stipulation as to period of occupation. This was Japan's price for driving Germany out of Kia-Chow.

Peace Celebration in London Greatest Since "Jubilee"

LONDON, July 20. — Land, sea and air forces of the British empire and her allies marched on Saturday in the triumphal victory parade to mark the return of peace. Several million persons watched the gorgeous spectacle, the reception growing as each new excitement stirred their emotion. When British contingents came in sight, the applause became a steady roar. The patriotic fervor had its climax in the great demonstration along Pall Mall and about the pavilion before Buckingham palace, where King George, Queen Mary, Premier Lloyd George, the cabinet ministers and diplomats reviewed the parade. London has not witnessed such a celebration since the late Queen Victoria's diamond jubilee in 1897.

Buckingham palace was decorated on its exterior for the first time in history. Huge flags of the allies floated from the upper windows and a wide streamer of purple and gold stretched across the facade. The royal pavilion, erected close to the beautiful Victoria memorial monument, added color to the striking scene. King George, from his seat on the scarlet dais, had a clear view through a colonnade of ornate white pillars, reaching for more than half a block from the Admiralty arch.

Nineteen thousand allied soldiers—picked men from famous combat divisions, the names of which are written in the pages of history—marched in the procession. The line of parade was more than six miles long and required over an hour to pass a given place. Marshal Foch, leading the French forces, was given a hearty reception. So also were Gen. Pershing and the United States troops and other allied leaders and their contingents. The tremendous cheering that greeted each national force was virtually continuous.

Field Marshal Sir Douglas Haig was taken ill and had to be removed to his home in Kingston in a motor car after the victory parade. Many had noticed that Marshal Haig looked ill while riding at the head of his men.

Moroccan Bandits Raid Spaniards

MADRID. — Raisuli, the Moroccan bandit, according to an official communication issued, again has attacked the Spanish position at El Arish, but was repulsed after a long and bitter fight. The bandit, realizing that the Spanish forces had cut off communication between his camp and Tangier, decided to attack, and the communication said it was carried on furiously.

Raisuli suffered heavy losses, leaving many dead or wounded on the field. The communication adds that the Spaniards also lost heavily, but that they are pursuing Raisuli, who is fleeing into the mountainous country.

Violent Storm Played Havoc in Old Quebec
QUEBEC, July 20. — One of the most violent electric storms that ever visited this district swept over the city Friday night, causing wholesale damage to property and tying up public services for a considerable time.

The heaviest damage reported was caused at Beauport asylum, just outside the limits of the city. A large chimney, 150 feet in height, was struck by lightning and swayed by the terrific force of the wind. It crashed down through the building occupied by female inmates and cleaved it almost in two. The inmates at the time were in another part of the building, but Sister St. Prudence, who happened to be in the building when the crash occurred was instantly killed.

As a result of the collapse the part of the building which was used for dormitories and the chapel, as well as the grounds, suffered heavily and the damage is estimated at many thousands of dollars. Not a half mile distant from the asylum another large chimney connected with the Borne leather factory was also struck and collapsed, while a barn nearby was overturned by the wind.

At Loretteville the lightning struck the church, destroying the organ and causing damage estimated at about \$10,000. The Kent House at Montmorency Falls was also struck and damaged.

Valparaiso Hurricane Destroys Five Vessels
VALPARAISO. — Five small vessels were destroyed or blown ashore and heavy damage was caused by a hurricane which blew over this port Saturday and Sunday. All but one of the crew of the German steamer Sais were drowned. The Sais was washed ashore and destroyed. The German ship Pelikan of 1,933 net tonnage, sank at its moorings in the harbor. Two repair ships, Maipu and Chiloe and the government steamer Collico were pounded to pieces against the breakwater. The German steamer Westphalen was badly damaged and three other German steamers are in dangerous conditions.

No estimate of the damage is available, but many small craft were damaged and much merchandise was lost.

The three other German vessels Steamer Tanis, of 6,000 tons and the sailing vessels Betschilla, of 2,072 tons and the John, of 1,974 tons, were reported swept ashore and broken up, in a Valparaiso despatch received Sunday.

AUSTRIA STANDS ALONE
PARIS. — The Austrian government has given up, at least for the time being, the idea of a union with Germany. Provincial Exhibition PROGRAMME:

Monday, July 28, Regina Citizens' Day

Regina citizens will get the exhibition away to a good start by having their weekly half-holiday on Monday.

Tuesday, July 29, Americans' Day

Former American citizens hold their annual reunion at the Regina Exhibition when thousands of them gather from all parts of the province. Sousa's Band will be the big attraction this year as it is the most famous American Band. No one knows how to play "The Stars and Stripes" like John Philip Sousa. He will include many other dearly loved American pieces in his programme specially for Americans' Day.

Wednesday, July 30, Moose Jaw Day

Three special trains will come from Moose Jaw on Wednesday to carry the crowds from our sister city to the Provincial Exhibition. The business houses of Moose Jaw will close at noon on Wednesday so everybody can come.

Thursday, July 31, Farmers' Day

No one appreciates the Regina Exhibition so much as does the farmer. His day can always be counted on for a big crowd. From the time of entering the grounds at the great implement display to the last live stock barn the farmer gets the keenest enjoyment out of what he sees.

Friday, August 1, Veterans' Day

The provincial executive of the Great War Veterans' Association has decided to have the first great annual reunion of Veterans in connection with the coming exhibition at Regina, and Friday, August 1, is the day. It is not intended to make this a reminder of what was experienced in the war but rather a celebration of the return of peace and to provide an occasion for the getting together of the heroic men who gallantly took part in the victorious fight.

Saturday, August 2, Labor and Travellers' Day

This will be one of the best days of the whole week. All industrial exhibits will be kept in place and

every attraction will be seen. The great feature will be the thrilling automobile races in the afternoon. After the Saturday evening concert by Sousa's Band the Midway will be the centre of attraction. Shortly before midnight on Saturday there will be a brilliant display of fireworks to mark the close of the greatest exhibition ever held in Saskatchewan.

Admission Fees

In these days nearly everything soaring in price, but the charges for admission to the Exhibition and Grand Stand will remain as usual. This is being done in spite of the fact that there will be more than twice as many exhibits as last year and four times as much money is being spent on attractions. The admission fee at main gate will be 50c up to 6 p.m. and 25c during each evening. At the Grand Stand the admission fee will be 50c each afternoon and evening. Children in arms will be admitted free, while older children up to 14 years of age will be charged 15c at the main gate and 25c at the Grand Stand.

Special Railway Rates.

Reduced tickets for the round trip for the Regina Exhibition will be issued by the different railways. These tickets will be on sale from all stations in Saskatchewan and east to Hartney, Harte and Brandon, in Manitoba, and west to Medicine Hat, Alberta. The fare will be lowest one way first class fare and one-third for the round trip, minimum 25c. The tickets will be on sale from July 26 to August 2 inclusive, and will be good for the return trip on any day up to and including August 4.

WAR TROPHICS AMONGST EXHIBITS

The Great War Veterans' local branch, will have a splendid exhibit of war relics at the provincial exhibition, according to announcement made yesterday. The exhibit will be in a large marquee, under the direction of veterans who have fought at Vimy Ridge and Fresnoy, for among the collection will be the original maps used at these battles and which the soldiers will explain in every detail.

In the exhibit will be pistols of all descriptions, rifles, bayonets, bombs, bullets, gas masks, shrapnel, barb wire, flares, shells, shell cases, sabers, short knives, loaded

billys, skull sticks, in fact practically everything used by the infantry during the war. It is quite possible that a German machine gun will be among the exhibits, but this is not certain.

VALUABLE PRIZES ARE OFFERED FOR SHORTHORNS AT FAIR

The prize list for shorthorns at the Regina provincial exhibition, July 28, to August 2, has been announced, an increase in the money prizes having been made on account of the donation of \$600 made by the American Shorthorn Breeders' Association this week. Shorthorns are now placed on an equal footing with Herefords and it is expected that the animals in both classes will be a specially large exhibit.

PEACE CELEBRATION IN REGINA SPLENDIDLY OBSERVED

The Angel of Peace has no doubts left as to the warmth of her welcome to Regina. Never was such celebration since the Pile O' Bones was first sighted. A beautiful pretence of going home at midnight on Saturday was made but it was really after one o'clock before the out-of-door dancing hall began to look forsaken.

Twelve thousand and more spent the afternoon together at the exhibition ground, and nearly half that many went out in the morning to see the ball game while at night the commuters just gave up trying to count the crowds.

In every city in the Dominion Fete de Peace was fittingly observed.

PAID PENALTY FOR RUTHLESS CRIME

Shortly before seven o'clock Thursday morning John Wovk, the murderer of Elko Trestak at Rama, Sask., December 31, 1918, stepped on the gallows at Regina jail, Hangman Ellis adjusted the noose, and as Fathers MacDonald and Bosche came to the words of the Lord's prayer "deliver us from all evil" the trap was sprung and the condemned man paid the penalty of the law, giving his life for that which he had taken.

Throughout the previous night Father Bosche, his spiritual adviser, had been with the condemned man reciting prayers and preparing him for the moment when he would be sent into eternity.

Wovk maintained his composure right up to the time the trap door fell from under him. As he left the death cell he turned to the jail guards and murmured a "thank you" for the kindness they had shown him during his period of confinement in the jail.

Wovk is the first man to be hanged in Regina jail since the structure was erected seven years ago. He leaves a wife and family in Austria. His body was buried in the potter's field, Regina cemetery.

BEEF DECLINES 3 TO 4 CENTS A LB.

Beef has declined in price from 3 to 4 cents per lb. within the past week or two, according to local retailers. Veal has also dropped in price, while pork remains firm. No immediate changes in prices of meat are anticipated in spite of the fact that meat prices have jumped elsewhere.

From Winnipeg it is learned that pork reached the record price on Friday last of \$23.50 per 100 live weight. All cuts of beef went up one cent wholesale, and it is reported that the demand for dressed beef and cattle on the hoof in the East is heavy.

POOR APPETITE. "During all of last winter I did not feel well," writes Mr. Jake Goetz of Tule Lake, Ore. "my appetite was very poor and the action of my bowels irregular. The Mill on the Floss

BY GEORGE ELIOT

(43. Instalment.)

But it was over at last—that time of importunate certainty and eye-straining suspense. The sharp sound of a voice, almost as metallic as the rap that followed it, had ceased; the tramping of footsteps on the gravel had died out. Mrs. Tulliver's blonde face seemed aged ten years by the last thirty hours: the poor woman's mind had been busy divining when her favourite things were being knocked down by the terrible hammer; her heart had been fluttering at the thought that first one thing and then another had gone to be identified as hers in the hateful publicity of the Golden Lion; and all the while she had to sit and make no sign of this inward agitation. Such things bring lines in well-rounded faces, and broaden the streaks of white among the hairs that once looked as if they had been dipped in pure sunshine. Already, at three o'clock, Kezia, the good-hearted, bad-tempered housemaid, who regarded all people that came to the sale as her personal enemies, the dirt on whose feet was of a peculiarly vile quality, had begun to scrub and scowl with an energy much assisted by a continual low muttering against "folks as came to buy up other folks' things," and made light of "scratching" the tops of mahogany tables over which better folks than themselves had had to—suffer a waste of tissue through evaporation. She was not scrubbing indiscriminately, for there would be further dirt of the same atrocious kind made by people who had still to fetch away their purchases; but she was bent on bringing the parlour, where that "pipe-smoking pig," the butler, had sat, to such an appearance of scant comfort as could be given to it by cleanliness, and the few articles of furniture brought in for the family. Her mistress and the young folks should have their tea in it that night, Kezia was determined.

It was between five and six o'clock, near the usual tea-time, when she came upstairs and said that Master Tom was wanted. The person who wanted him was in the kitchen, and in the first moments, by the imperfect fire and candle-light, Tom had not even the indefinite sense of any acquaintance with the rather broad-set but active figure, perhaps two years older than himself, that looked at him with a pair of blue eyes set in a disc of freckles, and pulled some curly red locks with a strong intention of respect. A low-crowned oilskin-covered hat, and a certain shiny deposit of dirt on the rest of the costume, as of a table prepared for writing upon, suggested a calling that had to do with boots; but this did not help Tom's memory.

ARE YOUR EYES TO BLAME?

Don't try to stop pain until you have found the cause. Get at the root of the trouble first, and remember pain is only nature's message that something has gone wrong. Take headache for instance; do you suppose for a minute that the tablet or powder you take to relieve it is in any sense a remedy? You merely drug the nerves so that they no longer give their warning. 90% of all headaches are from defective eyes, and it is our pleasure as well as our business to provide you with glasses that stop the suffering once and for all, by correcting the cause.

"Where Valley and Height Fills Your Soul With Delight"

Such is the general opinion of patrons of the Canadian National Railways travelling to the Pacific Coast through beautiful Jasper National Park and in full view of majestic Mount Robson, Mt. Edith Cavell, Mt. Warren and other wonderful sights. The Railway traverses an entirely new section of the Rockies and is replete with magnificent scenery the whole 600 miles through the Mountains. Advantageous features of this route are absence of grades, the highest point reached being only 3600 feet, the lowest altitude crossing the Rockies anywhere on the Continent and of immense benefit to people who are affected by high climbing; then again there is little curvature and a splendid roadbed, which with electric lighted Standard and Tourist Sleepers, Dining Car and Observation Car makes for a most comfortable journey. Summer Tourist fares are now effective to all points on the Pacific Coast from Vancouver, B.C., to San Diego, Cal., and North to Alaska.

Any C.N.R. Agent or District Passenger Agent, C.N.R., Saskatoon, will consider it a pleasure to give information on the trip and describe to you how "Nature glows in grandest glory—along the National's Territory".

DEAD HUNGARIAN FOUND IN SHACK

PRINCE ALBERT. — The body of Jim Kasi, a Hungarian laborer at the Prince Albert Lumber company's mill was found Saturday night in a shack on Eighth street east, where he had been living. The door of the place was wide open and it appeared from the advanced state of decomposition that the body had lain on the bed where it was found, for some time.

There were no superficial marks of violence, but a post-mortem examination was ordered by the coroner.

It was in this man's shack, that John Agoston, the chief witness for the crown, against Mrs. Annie Boldis, recently acquitted of the Bala Nagy murder, at Wakaw, committed suicide, on May 1, while he was in the city awaiting to give evidence at the trial.

AUSTRIAN GETS THREE YEARS ON WHITE SLAVERY CHARGE

MOOSE JAW. — Mike Bagyaack, an Austrian and a returned soldier, was sentenced to three years, in the Prince Albert penitentiary on a charge of white slavery, of which he was convicted last week. His counsel, O. R. Regan, applied for and was granted a "stated case" on five points, which include an objection that the indictment was drawn by an acting agent of the attorney general, not an agent, that evidence was not suffi-

ciently corroborated, and that improper evidence was admitted. The woman whom Bagyaack was convicted of exercising control was Sadie Kulbab, a 17-year old Winnipeg waitress. A similar charge mentioning his wife was not pressed against Bagyaack.

HUDSON'S BAY COMPANY MUST PAY TAXES ON IT'S VACANT LANDS

According to the decision of the Privy Council, the Hudson's Bay Company is now liable for the surtax for the years 1914, 1915, 1916 and 1917 and for the Wild Lands tax for the years 1918 and 1919, on all its vacant lands. The amount involved has been estimated at over \$500,000 and the proceeds of the surtax go to the rural municipalities and of the Wild Lands tax to the provincial Government.

The Hudson's Bay Company, the appellants, based their argument on three points: that the surtax was ultra vires or beyond the power of the government; that it was not validly imposed; that if it was validly imposed it was not validly imposed against the company because it contravened clause 11 of the deed surrendering Rupert's Land to the Crown. This clause provided that the company would not be subject to exceptional taxation, and it was argued that the surtax was an exceptional tax. The decision of the Saskatchewan courts, where the case was most ably presented by Honourable W. F. A. Turgeon, Attorney General, and of the Privy Council, was against the company on all three points.

The rural municipalities, on the advice of the Department of Municipal Affairs, have been assessing the company each year on these lands, but not taking action to collect the taxes. They will now receive all the back taxes for the six years, and in addition all penalties, which amount to a considerable sum.

PRISONER CUTS THROAT

WINNIPEG, MAN. — Alexander Husar, a prisoner at the provincial jail, committed suicide by cutting his throat, with a large kitchen knife a few days ago.

The deceased was an Austrian, and was described by the jail officials as a man of quiet, inoffensive disposition, indeed so exemplary had been his conduct that he had been "promoted" to the position of assistant to the cook, and it was while he was in the kitchen preparing for the prisoners' morning meal, that the act was committed. Another prisoner, who had been working with him had momentarily left the room, and when he returned he found the unfortunate man lying in a pool of blood.

HOSPITAL ORDERLY KILLS FELLOW WORKMAN IN ROW
NANAIMO, B.C. — As a result of

a quarrel over money matters, Matthew Doherty, an orderly of the Qualicum military hospital, was shot and killed on Sunday, it is alleged by J. G. Duggan, another orderly. The body of the dead man was brought here and an inquest has been ordered.

Both men are said to have been drinking. The shooting occurred in the hallway of the annex at 8:30 o'clock Sunday morning. Duggan fired point blank at close range. The charge entered Doherty's right eye and blew off the top of his head.

GERMAN PRISONER KILLED

VERNON, B.C. — Leo Mueller, a German interned at the Vernon camp, died of injuries sustained in a brawl with Carl Wagner, a fellow prisoner, earlier in the week. He will then remain here for a few days to assist the new minister in taking up the duties of the office. FOUR VICTIMS OF AUTO SPEED

TRENTON, ONT. — Four unknown men met death here, when a big touring car, speeding 40 miles an hour, was hurled over a precipice known as "The Mountain". It is said the car was driven by a chauffeur who left Toronto Sunday night.

After leaving the road the machine turned over several times, and just as it crashed at the foot of the cliff, the gasoline tank burst and hurled the hood 50 yards.

All four men, including the chauffeur, were flung out and their broken bodies were found at the bottom of the ravine.

CHURCH USED AS HAUNT FOR SECRET DRINKERS

WOODSTOCK, ONT. — A novel resort of the thirsty ones of this city has been discovered. It is not in some secluded valley, some deserted shack or a lone and desolate cave. In fact, it is in the Congregational church, right in the heart of the city, and but a stone's throw from Dundas street.

The discovery was made of a loose stone slab in the side of the church, which when removed, disclosed a crevice containing a couple of bottles of "hooch". The church has lately been deserted and those who chose this hiding place for their precious liquor apparently used it for a long time, since the one end of the cellar was found thickly strewn with bottles which once contained the "elixir."

OUR ORGANISED GRAIN GROWERS

SOLVING THE FOREIGN PROBLEM

One of the great problems facing Canada to-day is that of its foreign population. Much unnecessary difficulty has been created in its solution, owing to the failure of politicians and others to rightly appreciate the situation. Instead of the helping hand and a manifestation of the brotherhood spirit, there has been political and commercial exploitation to such an extent, that many of them, who might otherwise have been won over, have been antagonized.

It is all the more pleasing, therefore, to place on record the fact that there is not only a better way, but that it has been tested and found to produce results. This was demonstrated recently in the Percival district; when a deputation of about a hundred Swedish residents of that district visited the home of A. G. Hawkes, vice-president of the Saskatchewan Grain Growers' Association, and presented him with a handsome gold watch and a sum of money to Mrs. Hawkes, in recognition of their sympathy and service to the settlers of that district, which is largely composed of residents of the Scandinavian race.

PREPARING FOR THE FRAY

Locals in the Plato district recently were addressed by W. T. Hall of Surbiton and Mrs. H. P. Taylor, Dinsmore, directors for District No. 16; who discussed in detail the Farmers' Platform.

At the conclusion of the addresses the following resolutions were adopted:

"Resolved that this united meeting of locals of Tyner, Plato, Richlea, Opol, Red Rock, Aird and Biek-leigh Grain Growers Associations, hereby approve of the platform of the Canadian Council of Agriculture and we demand the Dominion Government to enact legislation according thereto and pledge ourselves to support any such candidates as will persistently uphold this platform."

People Rightly Used

The presentation, which took place on Monday evening, July 7, was made by Eric Strandland, of Percival; who feelingly referred to the kind treatment which he, as a boy on coming to Canada twenty or more years ago, at the hands of Mr. and Mrs. Hawkes, had received and who also had extended the same kind consideration to other members of his people, who had followed him to that district. In recognition of this sympathy and help, he presented to Mr. Hawkes the gold watch, and to Mrs. Hawkes a purse of money, with which she was asked to purchase something of her own choice, as their recognition of sincere appreciation.

Campaign Funds

A third resolution was introduced as follows: "Resolved, that candidates for parliament should not be allowed to use one dollar of private funds for campaign purposes;" which was amended and adopted as follows: "That expenses of campaign should be spent out of money of association, as far as possible."

TIRED NERVOUS MOTHERS

Should Profit by the Experience of These Two Women

Buffalo, N.Y. — "I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework." — Mrs. B. B. ZELINSKA, 202 Weiss Street, Buffalo, N.Y.

Portland, Ind. — "I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit." — Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.
