CHINESE PIRATES ROASTED TO DEATH Military Force Runs Down Murderers and Destroys Their Stronghold Refusing Offer of Immunity for Women and Children, Thirty One are Incarcerated

VICTORIA, B. C. July 6.—News comes by the Empress of Japan of the capture of the Chinese pirate ship, the 'Kang Hsiang', and the massacre of eight members of its crew of Singapore six weeks ago. The pirates of this amazing outrage landed on the coast of Sumatra, and their escape by hiding in the fastnesses of Sumatra. Their further pursuit and punishment was undertaken by the Dutch authorities, to whose government the island belongs. A military force sent against them located the pirates strongly entrenched in a cave. They refused to surrender when called upon, and the promise that the women and children would be given immunity brought a fusillade of missiles from a party of these supposed to be non-combatants. The Dutch lieutenant who wormed himself into the cave to reason with the pirates at bay was cast out so severely wounded with many spears that he died soon after. Stern measures were then decided upon by the Dutch commander ordering that a fire be lighted at the mouth of the cavern, a strong wind blowing from seaward. When this fire was allowed to die down and volunteers from the Dutch soldiers entered the cave, they found that the pirates had been roasted to death. The Dutch lieutenant who wormed himself into the cave to reason with the pirates at bay was cast out so severely wounded with many spears that he died soon after. It is believed that the victims of the holocaust were responsible for most of the atrocious crimes committed in this district during the last few months.

THE COAL STRIKE STARTED IN EARNEST THIS MORNING; IS QUIETLY CONDUCTED U. M. W. A. Men are Trying to Make the Tie-Up Complete, But Are Not Resorting to Any Extreme Measures—Two of the Mines are Still Running on Full Time.

GLACE BAY, N. S., July 6.—The coal strike in the Dominion today is being conducted in a quiet and orderly manner. At the meetings of the U. M. W. A. at the collieries of the Dominion today, large numbers of men who had not previously joined the unions became members of the local unions. The officials of the U. M. W. A. are very active in the arrangements of the strike and issuing instructions to the members of their lodges as to their conduct during the strike. Serious trouble is not anticipated unless the strikers employ force against those who desire to go to work. The locals of various unions are holding meetings at the halls here today. PAID PENALTY FOR KILLING DETECTIVE Murderer Was Electrocuted at Auburn This Morning He Shot the Officers Who Had Arrested His Employer for Selling Liquor—Execution Most Successful.

CHATHAM, N. B., July 6.—The proclamation of the law today during the trial of Joseph Dardano, an Italian detective at Belfast, Albany county, on the morning of Dec. 21, 1907, was put to death in the electric chair in Auburn Penitentiary at 10 o'clock this morning. The execution was one of the most successful in the history of the prison and was remarkable for the ease with which it was carried out. Two shocks were used to kill, one lasting for three seconds over a minute and the second being of less than ten seconds duration. The voltage was 1850 and it ranged from eight and one-half to nine amperes. Dardano's crime was committed in the broad light of day and in the presence of forty or fifty people. It was a sequel to the arrest of his employer Michael Deelyo, on a charge of violation of the liquor law, the evidence of which was secured by Dardano and Albert J. Maltica, private detectives of Albany. The arrest was made the day before the shooting and the detectives after Deelyo was held on the charge waited until the following morning before starting for Albany. They were just boarding the train when four shots were fired. Maltica was wounded in the head but recovered. Dardano was shot twice, one bullet striking him under the right shoulder and proving fatal. The fourth shot struck through a mail bag. After the shooting Dardano escaped on a hand car but a posse of 40 or 50 residents captured him within 3 hours. He was tried and convicted and on April 2, 1908 was sentenced to die in the electric chair. An appeal from the court of appeals resulted in an affirmation of the judgment of death on May 15, 1909.

NEWSBOY ATTACKED BY DOGS THIS MORNING A carrier boy delivering the daily papers, was this morning savagely attacked by two ferocious dogs on Murray street, and might have fared badly had it not been for the assistance of two men who happened to be passing. The name of the boy is unknown, but without molesting the dogs, he was set upon and bitten quite badly about the legs and shoulders. James A. Mullaney, on his way to work, saw the boy's plight and with another man hurried to the rescue. Even they had some difficulty in driving off the savage brutes. The boy at the time was lying on the ground, and the dogs snapping at his limbs.

N. H. S. FIELD MEETING. Tomorrow, (Wednesday) weather permitting, the Natural History Society will meet at the summer residence of Dr. Geo. P. Mathew, Gonda Point. The party will leave Inverpool by steamer Hampton at 9 a. m., returning about 6 p. m. The sail up the beautiful Kennebec, and the many interesting features of the locality, should make this one of the most attractive outings of the season. Should the weather be favorable tomorrow, the meeting would be a very enjoyable one.

INCORRECT REPORT OF WOODLAND FATALITY A despatch from St. Stephen last Saturday stated that Mr. Arthur Graham, an employee in the pulp mill, having become intoxicated had inadvertently accosted some young girls, and later through fear of exposure had suddenly drowned himself. The Star is informed by a son of Mr. Graham that this story was in no way correct. The deceased had not been drinking on the day mentioned and had not been in the habit of taking liquor, nor was there any truth in the story of his conduct towards the girls. He was at work as usual in the pulp mill on Saturday and when his wife took his lunch to him at noon, he told her he would be home at seven o'clock, after the mill closed. It is not definitely known at just what hour he left the mill, but during the afternoon or early evening he was drowned in the mill pond, the body being recovered on the following Saturday. The cause of drowning is not known by members of the family, but is ascribed to accident. Mr. Graham was fifty years of age, leaves a wife and four children, six was a member of the Knights of Pythias and was engaged at Woodland, Maine, and was a member of the local lodge.

DR. CURREY FAILED TO MAKE PAYMENT OF ALLOWANCE TO HIS WIFE Ordered by Judge Gregory Execution Against Him Will Issue Unless the Money, \$300, is Handled Over by Friday—Case Up Today.

FREDERICTON, N. B., July 6.—The regular July sitting of the New Brunswick divorce court opened this morning. Mr. Justice McKewen presiding. The docket consists of five cases. Lawyers interested in the suits outside of the Currey one, urged strongly upon His Honor to take their cases first. The Currey lawyers as strongly objected. His Honor said that the Currey case had precedence and he could not allow any other case to come first unless those engaged in the Currey case consented. As the latter would not agree the Currey suit was taken up and the others set down for next week. Mr. A. H. Hanington, K. C., on behalf of Mrs. Currey, moved an order for execution for \$300 against the goods and chattels of Lemuel A. Currey for alimony under an order made by Mr. Justice Gregory on the 9th day of February last granting Mrs. Currey \$75 per month, payable on the 15th of each month, the \$300 being for the \$75 due March, April, May and June. This morning was taken up with the reading of affidavits for and against the motion. Mr. Skinner, K. C., opposed the motion, and read an affidavit of Mrs. Currey. The latter claimed that no proper order was made in February, that Judge Gregory was not in sufficient health to sign any order and if he did sign an order it was not done in the presence of defendants. Mr. Currey repeated many statements made in the libel that during the past winter Mrs. Currey had not conducted herself properly, that the children were not looked after, but were neglected, that she still broke into the house and carried things away, and that she still charged goods against him. Mr. Hanington, K. C., came back with a long affidavit of Mrs. Currey denying in toto the charges made by Dr. Currey. Mr. Skinner contended that he should be given time to procure affidavits in reply. This led to quite a heated argument between counsel. His Honor said that he could not see how he could go back of the order made by Mr. Justice Gregory, even granted that everything Mr. Currey said was true. About the granting of the order in February it was said that he had been right, but it was made and he would have to uphold it. The order of court would be that the motion be granted and an order made that execution will issue if the money is not paid by Friday next, that costs of the affidavits made on application be paid by defendant, but that no costs be allowed for an exceptionally large circle of friends. The esteem in which she is held was expressed in the large and beautiful array of wedding gifts. For three years she has been a valued member of the St. John's C. O. of the Rev. J. M. McLean, of St. John's Church, accompanied by the church choir, surprised Mr. and Mrs. E. S. Peacock by an impromptu call last evening at their residence. Mr. Peacock has been director of the choir for some time and after a short address Mr. McLean presented Mr. Peacock with a music cabinet and Mrs. Peacock with a set of dishes, as gifts from the choir.

THEIR HORSE, SOBER, TOOK IN ALL THE CITY SIGHTS But the Man From Nauvauwauk Were Asleep—Some Free Advice to a Bunch of Drunks.

SEVEN of you going on the down grade" was the jarring salute that Magistrate Ritchie made to a bunch of drunks after he had fined them and gave them some advice. It was so because the prisoners were going down two flights of stairs to the cells, but on account of rum and a 21 year drunk who was fined four dollars, was told to look around at the bunch in jail and see what he was fast becoming. Another drunk who was allowed out of jail last week on the plea that he was going to Toronto was remanded and told that if he got six months without a fine he would have no person to blame but himself. John Marr and Richard Walters hail from Nauvauwauk and imbibed too freely on the way from the country. When they reached the Marsh bridge, where they intended to stop, they found the team had leaped the loop long enough, so they locked the two men up and placed the horse in Short's stable. The men paid fines of four dollars each and were allowed to depart.

THINK LEON BOARDED A GERMAN STEAMER Probably Shipped as Cook on the Helen Rickners Which Sailed from Philadelphia June 12th—Vessel Will be Searched on Reaching Port

NEW YORK, July 6.—In the hope of capturing Leon Ling, the accused slayer of Elsie Sigel, the police have just called to several cities on the Mediterranean Coast and to points through the Suez Canal and Indian Ocean to hold up the German steamer Helene Rickners and search it for the fugitive. Information is almost conclusive, the police say, that Ling shipped from Philadelphia between June 10 and 12. The murder was committed June 9. Further information has just come to the police saying that the ship on which the Chinaman took passage was bound for the Orient. In looking up the records detectives found that the Helene Rickners left Philadelphia on June 11, bound for Iosaki, Japan, and that before sailing her commander, Capt. Oetting, had shipped several Chinamen as part of the crew. Among these Chinamen who were engaged only a short time before sailing, was one who dressed like a cook and spoke good English and who professed to be an efficient cook. Leon Ling wore good clothes, spoke English fluently and was a master cook. The Helene Rickners was the only vessel which left Philadelphia at about that time for the Orient. The vessel is now believed to be either approaching or just out of the Suez Canal. It was last reported at Zarike, a seaport town of Spain, 15 miles southwest from Gibraltar, on June 28. Central office detectives would not discuss how the information came to them, but advise from Philadelphia says that the agents for the steamer observed the report of Capt. Oetting concerning the listing of a Chinese cook and they compared their list with the description of Leon Ling and notified the authorities. Capt. Carr, of the Home Office Bureau, was surprised when he heard this information was let out, but said it was the best clue he had as to the escape of the much wanted man.

149 DIED WHEN STEAMER BURNED Entire Crew of the Nihonkai-Maru and Scores of Passengers Victims Many Drowned Themselves—Small Boats Unswayorthy or Swept Away Through Mishandling in Far East Horror

VICTORIA, B. C., July 6.—When the Japanese steamer Nihonkai-Maru was burned to the water's edge six miles off Amori, on the Chinese coast, 149 lives, including those of the entire crew of sixteen, were lost. Advice received here today show it to have been one of the most pathetic tragedies of recent years of the Asian seas. The vessel, which had been trading along the China coast from Japan to Hong Kong, via ports, had made her call at Amori and was some six miles off shore, when fire was discovered in the coal bunkers. The fire soon became unmanageable. The steamer had on board eighteen of fishermen and their wives returning to their homes, and panic quickly prevailed. The boats were found to be unswayorthy and all were either broken or carried away by mishandling in the moment of need. The fire gained rapid headway, and to add to the horrors of the spectacle done for prevailed, which hid the doomed vessel and her human cargo from the shore and aid. Many sprang overboard, preferring death by drowning to being burned alive, while others went mad and cast themselves into the sea, dragging others with them. The glare in the heavens eventually was seen from Notochi, and assuming something to be amiss, the town authorities dispatched a rescue vessel, which, however, arrived too late. This way with difficulty through the fog, eventually plucking up the Nihonkai-Maru, burned almost to the water's edge. But twenty-seven miserable human beings remained alive aboard her, many of these so badly burned that their lives still are in jeopardy. Most of them were clinging to the rigging and could have held on but a short time longer. At last reports, brought today by the Empress of Japan, the bulk of the ill-fated steamer was floating semi-submerged, only her masts appearing above water. A government vessel will be sent to destroy the wreck as a menace to coastwise navigation.

AMERICANS REGAIN POLO CHAMPIONSHIP

By Winning the Second Game at London. Six Thousand People Watched the Match - Victors Congratulated by Prince and Princess of Wales.

LONDON, July 6.—The Meadowbrook polo team, composed of Laurence "Pat" Kirby, J. M. Waterbury, F. H. P. Whitney and Devereux Albion, won the second match played here today for the American polo championship. The first game was won by the Americans, June 28, and as the cup was to go to the side winning two of three matches, the victors, by their victory today, have secured the trophy for America. The crowd, which numbered close to 6,000, and was composed largely of prominent members of society, witnessed the game throughout with great interest and heartily cheered the Americans when the final result was proclaimed, and again when the quartette of players who have carried every thing before them since they arrived in England, went up to the royal stand to receive the cup, which has been in England's possession for so many years. During the match, however, there was little enthusiasm, because from the start it was plain that the visitors were far superior to the defenders. The Meadowbrooks scored early in the first half and a routine cheer went up when England evaded matters by securing a goal with a penalty hit. From that on, the English team never had a chance, three more goals going to the Meadowbrooks in quick succession before the half ended. Three more were added soon after play was resumed in the second half, while England got her only other score just before the interval. This was followed by still another goal for the victors. The Prince and Princess of Wales heartily congratulated them on their victory. On leaving the royal stand, the Americans were surrounded by enthusiastic competitors who cheered them as they proceeded around the grounds to their dressing rooms. Many American ladies were present, among them being the Duchess of Marlborough, who was the first to offer congratulations. Mr. Whitney and his fellow players were naturally very highly elated at their success. Kirby declared that it was one of the best games ever played, and while the score was uneven, it was far from a walk-over.

PAT DREEN WINS BURLINGTON MARATHON

Hares Second, Crooks Third and Black Hawk, a Canadian Indian, Fourth. BURLINGTON, Vt., July 6.—Pat Dreen, the Boston baker, won a full distance Marathon race held at Centennial Field here today, in conjunction with the Champlain celebration. Johnny Hayes, of New York, the Shepherd's Bush Olympic winner of a year ago, was second, nearly a mile behind. Teddy Crooks, of Fall River, was third, and Black Hawk, Canadian Indian, was fourth. Dreen's time was three hours flat. When Dreen had finished the allotted 26 miles, 385 yards, Hayes just passed his 25th mile. Crooks was in his 22nd mile and Black Hawk finished his 22nd mile. Swapping pace, Hayes and Black Hawk led during the first half of the race, after which the latter began to fall behind. During the time Dreen was lapped once, Hayes maintained the lead up to the twentieth mile, when his feet weakened and Dreen set out after his lost ground. He recovered his distance in the 22nd mile and then gained persistently, having nearly a mile advantage at the finish. The magnificent weather enabled the managers of the different features to run off the events according to the programme with the exception of the balloon ascension, which was postponed because of a high wind.

FREDERICTON VS. ST. MARY'S

ST. MARY'S, N. B., July 6.—The baseball game here tonight between the Victorias of Fredericton, and the St. Mary's Stars resulted in a victory for the Stars to the tune of 4-0. McKinnon and Dolan were the battery for the Victorias, while Boone and Brown were the battery for St. Mary's. A feature of the game was a home run by Boone and two batters by Boone and Brown. The Stars had some very excellent batters, but their fielding was heavy. Jas. Roberts was umpire. In the pole vault for height, Sheridan distinguished himself by clearing the bar at 19 feet, 9 inches. Matsukes did not take part in this event. E. L. Parcel, of Boston, was one of the four entrants for the national honors, but he failed to show up. Emery Payne, of the Mohawk A. C., the Bronx, arrived on the grounds half an hour late and was barred from competition. This left the contest between Sheridan and Matsukes.

"Parson" Davis, Famous Ring Figure With Odd Career, is Nearing the End. CHICAGO, July 4.—"Parson" Davis who is said to be in his last illness at the home of his sister here, while his old partner, Pat Sheedy, is seriously ill in New York, was formerly one of the best known figures of the squared circle. John L. Sullivan, Jake Kilrain, Peter Burke, Ivan Lewis, and "Jim" Hall were all managed at some time or other by "Parson" Davis and the time when they were managed by him was the time they achieved fame. To be under Davis meant to get to the top if there was the least ability to warrant such a rising. The "Parson" was one of the first men to recognize the ability of "Jim" Jeffries. It was before the big white man became champion that Davis in an interview remarked: "Getties the greatest fighting machine that the world has ever known or ever will know."

DAN KELLY'S SPRINTS END

TACOMA, July 5.—It is feared that Dan Kelly's meteoric career is ended. Such is the opinion of Bill Hayward, the famous University of Oregon trainer, who will handle the athletes for the meet at the stadium of the Alaska-Yukon-Pacific exposition this summer. Kelly is laid up with a badly sprained ankle and it is feared that he will lose the wonderful spring which made him the greatest road jumper in America and enabled him to spring over the 100-yard course in Spokane two years ago in the world's record time of 28.2 seconds (on a down-hill course).

LYNCH AND DUFRESNE

MONTREAL, July 5.—A. M. Lynch, of Quebec, and K. Dufresne, of Lewiston, Me., who met a couple of months ago in a fifteen-round bout at Somher Park, when Dufresne got the decision, are matched to meet again next Thursday night at the Redwoods, where they will fight ten rounds and if both are on their feet at the end, the referee can order them to go five rounds more by the deed of gift and that the club has no right to alter them. The N. Y. Yacht Club insisting that the rule of measurement which permits the greatest spread of canvas on a given water line without regard to displacement should prevail.

SHRUB'S BEST AMERICAN RACE

What is considered by good judges of running as Alfred Shrub's greatest recent performance was when he lowered the world's 12-mile record at Toronto. Shrub announced a schedule of time by which he hoped to cover the distance in 1:03.12 and he got only six seconds less but crossed the tape in 1:03.11.5. New American records were set up for all distances from three miles up. The five mile was done in 25:18, the ten miles in 52:31, and the full distance in 1:03:11.3.

JOHNSON STARTS TO TRAIN

CHICAGO, July 3.—Jack Johnson returned to the city yesterday and will begin next week for Cedar Lake, Indiana, where he will train for his battle with the middleweight champion, Stanley Kovod, to be held in Champs, Calif., in October. Johnson has rented a cottage at Cedar Lake and intends to do considerable road work and rowing on the lake. He believes this will tend to reduce his weight so that when he goes west about a month before the fight he will not have to do much hard training.

MARATHONS WIN

The Marathons won their sixth game in the series last night when they managed to shut out the Clippers. Costly errors, to the number of six on the Clippers part and their inability to hit Nabeot, along with good fielding and hitting by the Greks, was the cause of the score being seven to nothing. The Greks got two runs in the first inning, a base on balls, a stolen base and a single, gave the first run, but Nabeot's failure to hold one from Bradbury gave the second run.

PAT AND H. AND B. SCORE BIG AT NICKEL.

Little Pat Harrington has been selected the "greatest ever" by the children of St. John, who flocked to the

VAUTEVILLE AT H. H. H. TODAY.

Today the H. H. H. will present a great show. Two splendid vaudeville acts arrive today from New York. They are the Cardonville Sisters, international dancers, and Marvonne, the eccentric and juggler. Both these acts are to sail for London, Eng., where they appear at the Casino Theatre next month. Full particulars are given in the big ad., page two this paper, and it's worth reading yesterday's issue made a big hit. Today's will be a bigger one. Yesterday Miss Berlin sang by request. The Last Rose of Summer and responded to an encore, singing Forget It, a very catchy number from the musical comedy Marcella, and Signor Berial sang Mia Spessa, he, too, receiving an encore. Today Miss Berlin will sing the same selections as yesterday, but Signor Berial will sing Celeste Aida, from the opera Aida, and one of the greatest musical numbers ever written. Their dust number will be from first act of Carmen, making the grand quartet, treat ever heard at such a low price. The pictures are good, "The Accusing Doubt," a drama, with scenes laid in Monte Carlo; A Strong Diet, a comedy, and The Race Course, showing horse and oxen races in Dutch, Eng. and

A DECIDED HIT.

It is seldom the people of St. John are afforded the opportunity of seeing such an excellent vaudeville programme as the one offered at the Princess Theatre this week. The big feature act is "Cooper," the world's only colored ventriloquist. Last night he made a tremendous hit. He has the most life-like figures ever seen here. Rollins and Carmen are next on the bill. Any one ever tells you that the people of St. John are not musical don't believe it, for you have seen the hit of the plaudite given to Rollins and Carmen, those excellent ham players, to know that they are appreciated. Jordan and Gervaise, who made such a hit last week, will make even a bigger one this week if last night's applause counts for anything. J. and G. will render the following: Diet, Somebody Loves You, Dear (Hawley), Solo, Stride la Vama, from Il Trovatore (Verdi); solo, Heart of My Heart (A. Von Tilzer); duet (By request), Ecclesiastica (Tacchini) Regular programme of first class pictures and catchy music.

GREAT COLORED SINGING TRIO GO BIG AT THE BIJOU.

The Bijou turned out hundreds of the most pleased people that ever left a motion picture house last night and the reason was the singing of the Bizzards, the popular colored trio, who sang some of those delightful songs that they are well noted for. Annie, William and John in their interpretation of "Just a Friend of the Family," fairly brought down the house, and at every performance encores were the order. It certainly was great, great both in expression and harmony and was acknowledged by all to be the best kind of music heard for many a day. Mr. John in his song "Somebody Lied," had the audience going for fair and was obliged to respond to repeated calls for more. The picture end of the programme was all that could be desired, the comedy and transformation pictures being greatly praised. Some songs and pictures at both afternoon and evening shows today, and after the talk of last night there are bound to be packed houses today, so secure your seat early.

FORCE OF HABIT.

"The new singer in the choir photos all his music so high."

TOURIST TRAVEL BEGINS WITH A RUSH

Calvin Agstin This Morning Brought Five Hundred and Sixty Passengers

Passenger traffic from the United States has increased greatly since the first of July. The incoming trains are bringing large numbers of Americans to the city. The Eastern Steamship Company is also reaping the harvest of the heavy travel. The Calvin Agstin, which reached port at 9 o'clock this morning brought five hundred and sixty passengers, establishing a record for the season. She also carried a heavy freight. There being special reasons shown why probate should issue without the lapse of fourteen days from the death of deceased, probate is granted and the executors named in the will are duly sworn in as such. BRIDGES THE CHASM

Blackberry pie bridges the chasm between the millionaire and the pauper. It is found on the mahogany table of the haughty society leader and the oilcloth covered pine table of the lowly washerwoman. It is on the "I" of fare of the grandest hotel and fed to the inmates of the poorhouse. The rich man who rides in his gasolene buggy and the poor tramp who rides the rods under the freight car or steps from cross tie to cross tie in the blistering sun meet on a common level at the lunch counter, and both order blackberry pie. In a word, blackberry pie is the one article of diet which makes the whole world kin.

In a short time the streets in the school district will be much improved.

GREAT MANY STUDENTS TAKING EXAMINATIONS

Considerably More Than a Thousand are at Work Today—Big Class in Prospect N. Normal School.

The High School building was a scene of activity this morning at the opening of the departmental examinations. There were about one hundred and fifty pupils writing the tests, which are being conducted by William McLean. The Normal School entrance, matriculation and leaving examinations are being held and there was a large number of applicants for each. The graduating classes of the St. John High School and the St. Vincent's High School are strongly represented among the candidates.

The applicants were assigned to their respective seats at 9 o'clock. At the local High School there are 24 pupils writing the matriculation, 371 Normal School entrance class I, 4 Normal School entrance class II, 7 Normal School entrance class III, and 1 superior.

It is learned that in the province there are over 1,000 young men and women writing the papers. The examinations are being conducted at fourteen stations under the direction of the district inspector.

In all 589 candidates are writing the Normal School entrance papers. There are 273 for class I, 495 for class II, 43 for class III, and 59 for superior class.

The total to write the university matriculation examinations is 132, while eleven candidates are writing the High School leaving set.

The examinations will be continued until Friday. Announcement of the results will probably be made within a month.

REV. S. HOWARD LEAVES FOR NEW CHARGE ON THURSDAY

Goes to St. Stephen—Rev. T. J. Dienstadt to Redro and Live in St. John—Rev. I. N. Parker May Supply at Springfield.

As the result of the changes in the station sheet made at the annual conference of the Methodist church, held at Woodstock, St. John will lose Rev. S. Howard this week. Mr. Howard is under appointment to the Methodist church in St. Stephen. He preached his farewell sermon to the congregation of Exmouth street church on Sunday evening and has since been busy preparing to move. He will leave for his new charge on Thursday and his family, who will spend a few days at Westfield, will follow him next Monday.

Mr. Howard has been in charge of Exmouth street church for the past three years, and for the previous four years was the pastor of Portland street Methodist church.

During his stay in the city he has taken a prominent part in all religious and philanthropic movements and has won the respect and esteem of the entire community. He will be greatly missed.

Another local pastor who is to make a change is Rev. T. J. Dienstadt, of the Fairville Methodist church. Mr. Dienstadt was appointed to the church at Springfield, but he has instead decided to go on the supernumerary list, a step which he has been contemplating for some years. It is understood that he has remained in active work as long as he has only because of the scarcity of ministers. He has taken a house on Hazen street and will remain in St. John.

So far no arrangements have been made to fill the vacancy at Springfield, but it is possible that Rev. I. N. Parker, of Westford, who is now on the supernumerary list, will take charge of the congregation pending permanent arrangements.

MUST DECIDE ON SITE FOR THE CHAMPLAIN MOVEMENT

Committee Summoned to Consider Question as Sculptor Wants to Go Ahead With the Pedestal.

A meeting of the Champlain monument committee will be held in the City Hall tomorrow morning at eleven o'clock. The chief business before the committee will be the problem of selecting a site for the statue. This question is likely to give rise to considerable discussion, as several different sites have all ardent supporters. The chief dispute is liable to be between Queen and King squares, as these two seem to be the most popular places mentioned.

The matter was brought to a head by a letter from Mr. Hamilton McCarthy, the sculptor, who wished to know where the site is to be chosen in order that he might proceed with the design for an appropriate base.

The coroner and jury viewed the remains of Mr. Snider this morning and then examined the winch which caused the cause of his death. They then adjourned until tomorrow evening at eight o'clock when they will meet at the West End City Hall to take evidence.

Permission was given this morning to have the body buried.

ALDERMEN WILL MEET MR. COSTE THIS AFTERNOON

To Discuss the Transfer of Harbor Properties as Outlined in Meeting With Dr. Pugsley—Anxious to Rush Dredging

Mr. Louis Coste, of the Public Works Department of Canada, is in the city for the purpose of ascertaining what progress the city has made with its arrangement for the transfer of the harbor lots to the government in consideration of the C. P. R. yielding up the 1,600 foot strip for wharf extensions. The government is anxious to proceed with the work of dredging on this strip, but do not wish to do so until the details of the transfer are arranged. A special meeting of the aldermen has been called to meet Mr. Coste this afternoon and discuss the matter with him.

Unfortunately Recorder Skinner is absent from the city, and as the council has been depending on him for the details in connection with the plans of the transfer the meeting this afternoon is not expected to get very much farther ahead.
