THE SUFFERING ARMENIANS

Messenger and Visitor.

WEDNESDAY, MARCH 11th, 1863.

THE SUFFERING ARMENIANS

The governments of Europe having decided on a policy of non-interference in Turkey on behalf of the persecuted Armenians have naturally been disposed to minimize the extent and atrocity of the persecutions to which those unhappy people are subjected.

But while the christian people of this country cannot unravel the intricacies of this great problem or settle definitely the duties of the nation in reference thereto, there are some things which they can do.

They can understand that the cruelly persecuted Armenians are in dire need of immediate and generous assistance, to provide them with the necessities of life.

MR. GRANT'S REPLY.

We do not wish to weary the patience of our readers with a matter which may seem to have in it a good deal of the personal element.

We appreciate Mr. Grant saying that he is a good friend of the editor of the MESSENGER AND VISITOR.

But while the christian people of this country cannot unravel the intricacies of this great problem or settle definitely the duties of the nation in reference thereto, there are some things which they can do.

had to hold as accountable for what he cannot remember. It would certainly occupy a great deal more space than we can command to set down here any considerable part of the things which Mr. Grant has forgotten.

While we readily grant that a religious paper should present the positive side of so important questions as political purity and temperance reform, yet the indirect support it gives them is not to be ignored.

Your editorial this week in regard to my note, evidently anticipates a reply. I did not complain of your transferring the Sun's report of my lecture to the columns of the MESSENGER AND VISITOR.

The Pilgrim Fathers of New England. By John Brown, D. D. New York, Chicago and Toronto; Fleming H. Revell Company.

Pilgrim church that was established in Leyden and which has as its pastor John Robinson, a man to whom the Puritan cause owed much.

Thousands of voters are open to bribes, simply because their attention has never been directed to the evil effects on society of such a practice.

It is not that they are ignorant of the fact that the people into right channels, but that it is no reason why we should not demand more of them if they have the opportunity to do more, and it seems to me that few of them are using to the utmost their opportunity in the matter of these public evils.

A Word in Reply.

Your editorial this week in regard to my note, evidently anticipates a reply. I did not complain of your transferring the Sun's report of my lecture to the columns of the MESSENGER AND VISITOR.

You say, "What ground is there for the remarkable statement on my part that the MESSENGER AND VISITOR is disposed to treat lightly such questions as bribery and corruption, etc."

You are mistaken, Mr. Editor, in assuming that I ignore others who are working in the interests of these reforms.

It will not do to reply that these journals are helping the reform in an indirect way, by medical practices.

I freely grant that religious papers are a great power in the land today, and that they are doing much to lead the thought of the people into right channels.

Faith in Christ.

Saving faith is faith in the Lord Jesus Christ. Faith alone never saved any man, and never can.

And I further say, because I believe it true, and believing it true I say it with emphasis and earnestness; that in the modern inquiry room there is enough nonsense talked to confuse, entangle, and bewilder any human soul.

It is not thy tears of repentance or prayers - it is Christ who admits to heaven the saved soul.

In this high latitude, where we hear Christ and Paul challenging us to bear testimony on this side of the water.

I have sometimes thought, faith, in its relation to the soul and its destiny, is aptly illustrated by the reservoir supplying a city with water.

And very fruitful is this saving faith in Jesus Christ. In his apocalyptic vision, John saw by the river of life twelve kinds of fruit.

And I further say, because I believe it true, and believing it true I say it with emphasis and earnestness; that in the modern inquiry room there is enough nonsense talked to confuse, entangle, and bewilder any human soul.

On the whole planet, Earth, it follows through life's wearying struggles in higher guidance than will the deep Heaven.

Not quite six months ago, a lady was asked, "How many of your friends are saved?"

Of her efficiency as a manager of her own work, she gave evidence early in the public an other work.

It was not only that we esteem our associate and friend, but we esteem him as a man of God.

They weary ones And o'er them, and they weary ones Fold softly in thy arms.

Not quite six months ago Miss Elmer Upham, a lady widely known and highly...

Of her efficiency as an instructor and manager of her own department she gave evidence early in the year by giving the public an opportunity to inspect her work.

Interested as she was in her own department her sympathies were nevertheless not those of a mere specialist. Though she was unaccustomed to work in an institution of this kind she early apprehended the essential nature of the situation and adjusted herself and her course of action to it.

It was not only as a competent teacher that we esteemed her, but as an associate and friend, she was one of the few choice spirits that are met in a life time. There was a quiet charm in her presence that attracted everyone to her.

"O Mother Earth! upon thy lap Thy weary ones receiving, And o'er them, silent as a dream, Thy grassy mantle weaving.

"Sing softly, spring-bird, for her sake; And thus no distant sea, Lapse lightly as if Jesus spoke And then wert Galilee."

"For all her quiet life flowed on As a meadow streamlet flows, Where trouble never reveals alone The noisier ways that go."

"She kept her line of conduct With love's unconscious ease; Her kindly instincts understood All gentle courtesies."

"The dear Lord's best interpreters Are humble human souls; The Gospel of a life like hers Is more than books or scrolls."

The Teachers of Adams Seminary, Wolfville, Feb. 29, '94.

Denominational News.

Churches and individuals contributing to the work of the denomination should send their contributions to the Treasurer, W. B. Hinson, in charge of the Treasurer's Office, 100 York Street, Halifax, N. S.

CHARLOTTETOWN.—We had the privilege of visiting the baptismal waters again on Feb. 11th. The candidates were too young sisters—Bessie Soastebury and Gertrude Finlayson. C. W. Conroy.

EAST JEROME.—We visited the baptismal waters again on March 1st, when nine happy believers were baptized in the Lord's appointed way. Others are awaiting the ordinance. L. J. RAUGHNEWHITE.

CANNO.—Three interesting candidates were baptized on Sunday, March 1st, one being a sister and the other two a young husband and wife. The latter is another instance of "household" baptism without infants. Others will come next month. F. H. BRALA.

UNION CORNER.—A strong religious interest is manifest in the church. Meetings are being held in other places with a low conversion. Some deeply moved. But furious storms have broken up the services, and just at present we are doing nothing but praying, hoping and waiting. We hope the future will be for us a good one. "He doeth all things well." CALVIN CURRIE.

ANDOVER, VICTORIA CO., N. B.—On Sabbath, March 1st, I baptized the following candidates: Havelock Kelley, Lizzie Winters, Earl Sloss, Edna Sloss. In the evening a class of fellowship was given to the above. Sister Jane Kelley also came with us, on experience. Others are impressed. The spiritual interest is deepening. Hear from us later. Pray. E. G. JERKINS.

NEW CANADA, LOUISBURG CO.—Please allow me through your columns to acknowledge a donation of ten dollars towards finishing our parsonage at New Canada. The above gift is from an unknown friend per Rev. D. W. Crandall. We require about one hundred dollars to fit up our house for the pastor to live in. If any other brother will send us a donation for the same purpose it will be thankfully received. J. MADON, Ch. Treas.

FIRST CHURCH, HALIFAX.—Three Sunday evenings of late the pastor, Rev. A. C. Shaw, has had the privilege of baptizing. On Lord's day morning, March 1st, the band of fellowship was given to eleven persons, and baptism was administered in the evening of that day. Let the parents residing in other places who have children now attending this church especially remember in their prayers the work here. The first church would like to be a great blessing to other localities, through good deeds to those temporarily worshipping with them.

MURRAY RIVER, P. E. I.—The Murray River Baptist church held its regular call on Feb. 11th. The exercises began by singing, then followed reading of scripture and prayer. After a few interesting remarks by the pastor, Rev. J. E. Fisher, twenty members responded to the call, speaking of their Christian experience and giving expression to their thankfulness for blessings received in the Lord's service, and that the church might receive larger blessings. The Temperance resolutions of last year were again adopted. ROY B. McPHER, Sec'y.

ST. CLAIRS, Wis.—Pastor A. C. Kempson, reports prosperly in the work of the church. During the quarter ending March 1st, seventeen new members were received. There is in connection with the church a Bible Readers' Club. The club has thus far read the Psalms and by April 1st will have completed the New Testament with the exception of Matthew and Mark. The following comparative statement for the Sunday school witness a healthy condition:

Table with 2 columns: Item, Amount. Average attendance 1894 1895, No. Pupils enrolled 429 563, Total receipts \$167.38 \$281.83, Average collection 2.61 3.01.

ANNANDALE, P. E. I.—It was my privilege during the month of February to visit this church. They have been without a pastor for a long time, but I found them keeping up their prayer meetings, H. Y. P. U. and Sabbath school. We at once began special services, and the Lord was with us. Upwards of twenty manifested an interest in the service. I had the pleasure of baptizing thirteen of these. Some were hindered, but no doubt they will come later. The church was greatly strengthened and encouraged. I hope to be able to visit them soon again. These churches, viz: Annandale, Dundas and St. Peter's, need a faithful under-shepherd; and the man who takes charge will find plenty of work to do for the Master. To support a pastor they would need some help from the H. M. B., but with a good staff I believe they would soon become self-sustaining. It is my prayer that some good man will soon be directed here to carry on the Lord's work. Brethren these churches need our prayers. A. C. SHAW, March 7.

ISAAC'S HARBOR, GUYANASO CO., N. B.—Since last reporting the work has been steadily going on, though much hindered by the severe storms. Three have been added to the church by baptism, and the spiritual life has improved. We tested the spiritual state of the church at the opening of the new year and found her pulse in good condition. We had our annual thanksgiving which amounted to \$25.75 more than double the amount of last year, and our decimal national offerings have also nearly doubled, being \$97.32, up to date. I think the people of Isaac's Harbor have found it more blessed to give than to receive. I fear many of us have been robbed of this more blessed blessing by our meanness or the mean way in which we have not given out of love to Christ but because it has been suggested out of us by some church humbug. There is one passage in the New Testament which settles once and forever the way to raise money for the Lord's work. It sets aside all the improved methods of this age. It is found in 1 Cor. 16: 2, that text teach us when to give and how much, it asks no more of the rich

man than it does the poor man, both are to give as "God has prospered them." remembering it's not what we give but what we keep back that God reckons from when he bestows the more blessed blessing upon his people, Mal. 3: 10. A. J. VINCIGY.

ST. MARTIN'S, N. B.—Last Sabbath Mr. Hloppe was received into this church by letter from the Baptist church at Alma. The pastor has returned to us improved in health and has resumed his work with renewed energy. Last evening a number of his church and congregation assembled at the parsonage to welcome him home, and all that were present unite in saying they spent a very enjoyable evening. Amusements of various kinds, social intercourse and singing was the order of the evening until 10 p. m., when the guests were called to order. Mr. Joseph H. Boudreau acted as addresser and presented Mr. Thompson with a purse containing a substantial recognition of the esteem in which both he and Mrs. Thompson are held in the hearts of the members of his church and congregation. The address assured Mr. Thompson of the high regard in which he is held, for his many sterling qualities and especially as a teacher and educator of the youth, expressing the wish that the lives of Mr. and Mrs. Thompson might ever be happy and prosperous. After the presentation, Mr. Thompson replied in a short and feeling address. The ladies with their usual forethought came provided with baskets containing many good things which were brought to the front. About 11 p. m. after exchanging expressions of good wishes and prayer by Mr. Thompson, all returned to their homes. W. H. MORAN.

Letter from Walton, Hants Co., N. S.—The young men and boys of the Baptist congregation have presented their names for the purchase of beautiful Bibles, obtained of the Baptist Book Room, Halifax. "The angel which redeemed us from all evil, bless the lady!" Brother B. J. Moxon, a former deacon of this church, but at present a member of the Baptist church at Foxboro, Mass., has been visiting his many friends in this place. We have been greatly cheered and strengthened by his counsel and prayers, and, beside that, he has presented our church with a handsome set of antique oak chairs for the platform, in memoriam of his children who are laid to rest in Walton. Our valuable communion set, before mentioned in this paper, was presented by Hon. Dr. Parker in memoriam of his parents; and one of our sisters has furnished the linen for the communion table in memory of her little ones, who were taken to be "forever with the Lord." Thus, those who dwell where worship has no need of temples, "for the Lord God dwelleth in the Lamb, and the temple," have their names linked with ours in beautifying and making comfortable, a place for our imperfect worship. Bro. Moxon's visit reminds us that beside other obligations, we have a country pastor, and helped us, we have had, during the last two years, visits from our beloved missionary, Mrs. Churchhill, of Bobbitt, India, Dr. Rogers, whose praise is in all churches, Rev. W. W. Moxon, a country pastor, and a layman patiently doing what the Lord has given to do, or bearing the burden He imposes; they are all unassuming, yet nobly and loyally serving the Christ. With a record for a country church! These good old Stewarthe fathers, with their shrewd common sense, their dislike of all sham, their fearlessness, (for they never were in bondage to any man), their jealousy for the honor of his church, seemed to have the "right of discerning spirits" and joyful members were honored for valuable and noble qualities. Faithful and true they must have been, for in churches as in individuals we "cannot gather grapes of thorns, nor figs of thistles." We, in our little church, take courage from this record. We seem to be gathering water in a basket, but if it at the end, as in the old legend, we shall find the "jewel." "Well done, thou hast been faithful in a little" and what we, apparently, lose, shall have enriched other churches, we shall be content. We are having a measure of success. Some have professed conversion and our numbers, generally, have a clearer view of the joy of the Master's service. The great harmony prevails among the evangelical churches. Our own pastor, Rev. E. F. Roop, is filled with the spirit of "peace on earth, good will to men," and his brother pastors are kindred spirits. B.

ROUSE, AND BE READY! Deadly Foes Surround Us.

TYRANTS' CHAINS ARE CLANKING Will It Be Victory or Death? DO WE DESIRE NEW LIFE OR CONTINUED SUFFERING?

Paine's Celery Compound Fashies All Our Enemies. GLADNESS AND JOY INSTEAD OF MISERY. The Great Compound the Best of All Prescriptions

THE ONLY SPRING MEDICINE THAT TRULY "MAKES PEOPLE WELL." Beware of Substituters.

Now is the time that we should rouse and make ready for battle against the deadly foes that surround us. The tyrant's heavy chains are already clanking and cries of misery and woe are heard on every side.

Will it be victory or death, new life or continued suffering, for those who are now fighting with nervous diseases, impure and poisonous blood, rheumatism, neuralgia, dyspepsia, liver and kidney troubles, and heart disease?

While there is time, we should save ourselves by the use of Paine's Celery Compound, nature's true remedy that speedily banishes every form of disease. This great Compound, the best of all modern prescriptions, possesses marvelous restorative and strengthening powers. Now is the time to rid the system of the vile impurities that have accumulated during the winter season. Paine's Celery Compound does the good work by invigorating and cleansing the blood and toning the nervous system. Paine's Celery Compound is the only medicine that can truly be depended on to "make people well and happy."

Remember well, that disease neglected at this season means continued and increased suffering and certain death. The trial of one bottle will soon convince every doubter that Paine's Celery Compound is a true life-giver.

Beware of the substituter. Refuse all medicines that the dishonest substituter would have you try instead of Paine's Celery Compound. He is looking and working for profit. You are seeking hopefully for health, and nothing but Paine's Celery Compound will perfectly restore you. See that the name "Paine's" and the "mark of celery" is on every bottle and cartouche.

FOR SALE Large Pipe Organ First Baptist Church, Yarmouth.

Double Bank with 21 stops. For further particulars apply to CHAS. L. POWER, 527 Treasurer to Halifax Committee.

WE desire to thank most heartily the people of the Baptist church of Berwick for the gift of an organ to the French Baptist chapel of Plympton; also for a barrel of warm and pure clothing for our poor. Our daily prayer is that the Lord will bless the givers abundantly. C. N. GUNTER, French Missionary, Plympton, N. S., March 5.

I wish gratefully to acknowledge the kindness of my people in making their pastor an annual visit. As a token of their friendship and esteem, a collection was presented with \$92.05. Of this amount Weldon section gave \$31.10, also section \$23.55, and Hillsboro section \$47.40. May the Lord bless these kind friends not only for this expression of good will, but for the many acts of kindness shown to us during the ten years we have been here. W. CAMP, Hillsboro, N. B., March 2.

NOTICES The Charlotte County Baptist Conference will hold its next meeting with the St. George church, on Tuesday, March 24. A good attendance is expected. As

some going by train will have to be present the previous day, a special service will be arranged by pastor Lavers for Monday evening.

The Yarmouth Co. quarterly meeting will convene with the West Yarmouth church on Tuesday, March 24th, at 10 a. m. The morning session will be devoted to business and reports from the churches, and the afternoon to the reading and discussion of papers on very interesting and important subjects. In the evening a sermon will be preached by Rev. T. A. Blackader, and an evangelistic meeting will follow with Rev. F. R. Foster as leader. J. W. THOMPSON, Sec'y.

The Ministerial Conference of Annapolis County will hold its March session with the church at Annapolis on the 23rd and 24th, in connection with Co. S. Convention. The first service will be held on Monday night 23rd, when Rev. James Porter, of Lower Greenville, is expected to preach. An interesting program may be expected. J. W. BROWN, Sec'y. Nictaux, Feb. 28.

On Board

a yacht, sail-boat, or any kind of vessel, there's a great deal of work that can best be done with Pearline. It washes all the paint, wood-work, glass, etc., better than anything else. Most captains have found this out—and Pearline is kept in foreign ports, now, on purpose for them. You can't use soap with salt water, you know; but it doesn't make much difference—salt or fresh, hard or soft, hot or cold—with Pearline.

Beware of cheap imitations. Peddlers and some unscrupulous grocers will tell you, "this is as good as" or "the same as Pearline." IT'S FALSE—Pearline is never peddled. If your grocer sends you an imitation, be honest—and ask for JAMES PYLE, New York.

Write us at once whether you wish to buy now or not.

CLOTHING

This is our first Spring Business, and we have made a point to have the very best Clothing that could be had, and to introduce our Spring and Summer Stock have marked Prices Very Low.

\$4.80 will get a very nice Blue Suit \$6.00 "buy an excellent Tweed"

We have Men's Suits even lower than above figures and also above these prices. If you wish Clothing send us the amount you wish to invest in Clothing, giving description of what you want, and if they are not satisfactory in every way, you can return them and we will refund the money. If you would rather, we will send by express with the privilege of your examining them before paying the expressman for them.

THE LIVING ROOM.

It is a matter of satisfaction that the old-fashioned parlor—shut up the greater portion of the year and protected from the sun and fresh air, and every cheerful element that makes life worth living—is fast disappearing. There is no one family, where once there were ten, who maintained this gloomy state of affairs. The cheerful living-room, where the sunshine is allowed to come in at the window, and where a low fire usually burns on the hearth to ventilate as well as heat the room, has taken its place. There is no fear of the sunshine fading the carpet, for the still, gaudy-patterned Brussels when possible outside were represented as straying the ground with roses of every shade of the rainbow, is not used, but a sensible hardwood floor, finished in wax or oil, takes its place, and the pretty rug on the floor and the hanging at the windows are dyed in indigo or with madder red dyes, which are sunproof. The old-time brass firegrates are polished so bright that they reflect the glow of the open fire, and the blooming plants in the sunny southern window fill the room with fragrance and cheerfulness. There is an ample centre table, covered with books and newspapers, to hold the evening lamp, and around this table the family gathers in the evening for reading or other recreation. The family piano stands in a convenient corner, instead of being shut up in a cold, formal parlor, and is ready to disconcert excellent music under the skilled hand. The books are in low cases around the room, where one can reach them. There are plenty of cushioned chairs and ample lounges, with many pillows, for weary people.

HOW TO SWEEP.

About one woman in twenty sweeps a room intelligently. A room that is thoroughly swept once a week needs no attention that a "brushing up" of incidental rubbish, and mopping, once a day, and if the room is not in general use dusting will be all that is necessary. The first operation of sweeping is to dust the furniture and set pieces that are in the room, and to sweep all large pieces with dust sheets made of sheer unbleached muslin, or any suitable material. There are not often more than two pieces of furniture in a room that are too large to move, and two good dusting brushes are all that is necessary. Shake them well when the sweeping is over and occasionally put them through the wash. After cleaning the room, open the windows, brush down the walls, scatter a little dust on the carpet, and sweep at one corner of the room, taking short strokes and brushing the dust to the fireplace if there is one, or to some stated place. After brushing a few stalks, sweep a square yard of space one way or the other, and sweep over in the opposite way. When the entire carpet has been swept in this way brush the outside blinds if there are any, and wash the windows, if the season is hot, with a little clean water. When the dust has settled down sweep the carpet again with a good carpet-sweeper. Remove the dusting sheets covering the furniture in the room and dust the room thoroughly, including all corners, and sweep the carpet with a dust brush, brush out all edges of the carpet and the corners. Now close the windows. Replace the furniture and the ornaments and bric-a-brac that have been removed and dust again, rubbing any polished articles with a clean cloth or a soft silk duster after it has been set in place.

A WORD TO THE SLEEPLESS.

Insomnia seems to be now a universal affliction. We live wrongly; sit up late and overwork the brain, and then go to bed in an excited condition. No one seems to have a word to say about it. I think I have. People are choleric and the like at their peril, and the fatal consequence not seldom ensues. It is all wrong, for you cannot control the dose required for the exact amount of sleep. You must plan instead; lower the supply of oxygen to the blood, produce a little asphyxia, limit the quantity of air to the lungs, and the heart and circulation booming quicker, the brain loses its stimulant and almost follows you down into yourself "in" for a sleepless night, cover your head with the bedclothes and breathe only the refreshing air. Thus you may reduce the stimulating oxygen that keeps you up. There is no danger. When asleep you are asleep in the covers and get as much fresh air as you require, or, when once drowsiness has been produced, it is easy to go on sleeping, though the air be fresh. What on the bed and do not when they prepare to sleep? They turn around and sleep three times, and lastly bury their noses in some hollow in their hair, and "off" they go. They are in no danger, although it might look as if they were none, unless they sleep with their noses to the ceiling. —Hall's Journal of Health.

TAPPING FOR MAPLE SUGAR.

The flow of maple sap is very largely dependent upon the state of the sapling. The theory that all, or nearly all, the sap comes from the outer wood is erroneous, according to three years' experiments conducted by A. H. Wood, of New Hampshire Experiment Station. The additional injury to the tree by deep tapping is very slight, especially if the hole is small. Where a three eighths inch bit is used, and the bark practically uninjured, the majority of the holes will be grown over again in summer after tapping. —American Agriculturist.

Chocolate Marble Cakes.—Two cups of sugar, one cup of butter, one cup of milk, six eggs, three cups of flour, one teaspoon of vanilla. Take one-half of this mixture and add one-half of a cake of chocolate grated. Put a thin layer of the white in the pan, then alternate spoonfuls of the light and dark mixture; finish with a layer of white.

THE FARM.

THE CARE OF BIRLY CHICKS.

Early hatched chickens seem to have stronger constitutions than those which are hatched after the weather becomes warm. It is surprising how much cold they will endure if they are kept dry. It is possible, I like to have one or two broods out by the first of March. When one has no incubator and must await the pleasure of the hens, this cannot always be done. A slatted coop, which will confine the hen and allow the chickens to run about, placed in a dry shed into which the sun can shine, is a very good place for them for the first four or six weeks. If the presence of rats is suspected they should be tight box coops in which to fasten them at night. In some localities this is absolutely necessary as a protection from minks and weasels. If the hens have as free a range as they have on the greater number of farms, the young chicks may also be allowed to run at large after the first few weeks, but they should be kept in the coops until the middle of the forenoon. It is well to remember that a limp and apparently lifeless chick which has been caught in a sudden shower may often be warmed back to life by bringing it to the fire. It may be necessary to bring them in by the basketful sometimes, and I have seen some surprising results in such cases. A hen running at large will raise her brood with less feeding than when confined in a small lot, but the chances are that she will lose more of them. Not only are they caught by hawks, but the other dangers which beset them. Most provoking of all is to have your neighbor's cat dine off chicken daily while you wonder how Blackie manages to lose one or two chickens every day. By and by you catch the brood-keeping up in the very act of springing upon a chick, and the mystery is solved. It must never be forgotten that the coop as well as the feeding and drinking vessels must be kept clean. Fitch breeds disease always and everywhere. The mites which are so annoying, especially in warm weather, soon infest an unclean coop. For the first four or five weeks of their lives they will need to be kept clean (times daily). "Little and often" is a good rule to follow in feeding. Cornbread made by mixing the meal into a batter with buttermilk, using twice as much meal as the measure of milk, as if for the table, makes one of the best foods for small chicks. This quantity of soda will make the bread crumble readily. Possibly the crust may need soaking. It is not a great deal of trouble to bake once a day enough to last for the next day, and as a food it is certainly an improvement on raw oatmeal mixed with water, which some of us can remember used to be the regulation food for young chicks. If the skin milk is not fed to the calves or pigs it can be used for the chickens to drink; or, better still after it has clabbered, heat until the curd and whey separate. There is nothing better than the curd for young chickens, especially during the first three or four weeks of their lives. As soon as they are old enough to eat wheat, give all they will eat of this grain for the last feed at night. Cracked corn may alternate with the wheat, and at a later period whole corn. To sum up in a single sentence: Feed and water often; keep dry and clean.—S. C.

Let every dairy farmer keep in mind that wise old Swiss proverb: "A cow is like a cupboard. You cannot see out of it anything you did not put into it." Then let him remember to keep the cupboard well supplied with plenty of good, palatable, milk producing food. Next let him bear in mind another truth just as great, and that is to try to get the right kind of a cupboard, one that will take, hold and return your food, thoroughly worked up in milk, butter and cheese, and nothing else. Some cupboards waste food after they get it, others hang it on to you, change into fuel, when you want butter. The cupboard must be constructed for straight dry work if you get the best returns on what you put in.—Hoard's Dairyman.

In his evidence before the Committee on Agriculture and Colonization at Ottawa, Prof. Saunders, Director of the Dominion Experimental Farms, said: Tuberculosis is not essentially a lung disease. One of the seventy four cases of post-mortem examinations which have been made at the Experimental Farms, in seventy-six of them, or more than one-third of the whole, no disease whatever could be detected in the lungs, nor were the functions of the lungs interfered with in any way, the disease in all these cases being confined to some other organ or gland of the body. In the past, before tuberculosis was discovered, the only means of detecting the disease was when it existed in the lungs (unless there was a great enlargement of the glands), and this was usually done by the difficulty of breathing.—Farming.

Though oaks are somewhat difficult to transplant, there are two species which can be transplanted almost as successfully as maples. These are the pine and the spruce. These two make more small roots than the others, which would of itself be much in their favor.

When considering the improvement of roads, the keeping of roads clean of weeds and the planting of trees along them should have some consideration.

"WAS UNABLE TO WALK AROUND." So bad did he become, and so great were the pains that about his hand he held down on his neck. His stomach and bowels were seriously affected and he was indeed in a deplorable condition. About a year ago he lost the use of his left foot and ankle and was unable to walk around his home without great difficulty. At one time Mr. Elwood was possessed of a good horse, but so long was he ill that he spent all his property in the hope of regaining his health. Last fall Mr. Elwood commenced taking Pink Pills and shortly after he began to feel an improvement in his condition. He continued the use of pills until he had taken thirteen boxes when he regained the use of his foot and ankle and thought he was about cured and discontinued their use. So long had he been an sufferer, however, that it was impossible for him to become convalescent in so short a time. An attack of the gripe again brought on the disease,

HEALTH MUST BEGIN IN GOOD DIGESTION. RICH PURE BLOOD, which gives color to the cheek and vigor to the brain and nerves. K.D.C. cure of the indigestion in any form. A test proved the statement. Highest endorsement.

Safe, Soothing, Satisfying

It positively cures croup, colds, coughs, colic, sore lung, kidney troubles, lame back, chaps, chilblains, earache, headache, toothache, cuts, bites, burns, bruises, strains, sprains, stiff joints, core muscles, stings, cramps and pains. It is the best. It is the oldest. It is the original. It is unlike any other. It is superior to all others. It is the great vital and muscle nerve. It is for internal as much as external use. It is used and fully endorsed by all athletes. It is a soothing, healing, penetrating Anodyne. It is what every mother should have in the house. It is loved by suffering children when dropped on sugar. It is used and recommended by many physicians everywhere. It is the Universal Household Remedy from infancy to old age. It is safe to trust that which has satisfied generation after generation. It is made from the favorite prescription of a good old family physician. It is marvellous how many ailments it will quickly relieve, heal and cure.

The Doctor's Signature and directions are on every bottle. If you cannot get it send us. Price 35 cents; six 2.00. Sold by Druggists. Pamphlet from J. S. JOHNSON & CO., 22 Custom House St., Boston, Mass., Sole Proprietors.

JOHNSON'S ANODYNE LINIMENT. Suit you exactly, Sir! I picked him up from a man who knew nothing about a horse. The neighbors said he was "hard to keep." I knew where the trouble was. His hair stood on end like the feathers on a Poland hen. His hide was so tight that the slip of your hand on him sounded like the best of a drum. He was so thin you could see him only when he was broadside on. Yes Sir! Brought him home under a blanket—was ashamed to be seen with him—gave him Dick's Blood Purifier and now after six weeks, just see him. Yes Sir—just six weeks—You can't beat Dick's, it simply puts an animal right. It's worth dollars where it costs cents. You can get it from druggists or at general stores, but if they don't have it, don't let them pain off something else on you—because you can send 50 cents to Dick & Co., P. O. Box 432, Montreal and they will send you a trial package—post paid.

WHY DO THE "THOMAS" AMERICAN ORGANS LEAD ALL OTHERS IN COMPETITION? Because of the Richness of Tone, Ease of Manipulation and Simplicity of Construction, coupled with the fact that they are made by skilled workmen and of the best material. Sold (cheap for Cash. Easy Terms given on the installment plan. JAS. A. GATES & CO. SOLE AGENTS, MIDDLETON, N. S.

HOW A HOME WAS LOST. The Bitter Experience of Mr. Elwood, Sr., of Simcoe. Attacked with Neuralgia of the Limbs he became helpless and suffered intense agony. Had His Home in Peril. With Specialties Without Avail—Dr. Williams' Pink Pills Came to the Rescue when Other Means had Failed. From the Simcoe Reformer.

The many virtues of Dr. Williams' Pink Pills for Pale People have so often been published in the columns of this paper, that they are widely known to the residents of Norfolk County, and it is as widely conceded that they have brought joy into more than one household, and their merits are spoken of only in words of praise. In this instance the facts are brought directly home to the residents of Simcoe, a gentleman who is glad to testify to the benefit he has received from the use of these pills being a resident of this town. Mr. Wm. Elwood, Sr., a resident of Simcoe for about ten years, and for years a resident of Fort Erie, a carpenter by trade, is loud in his praise of the benefits he derived from the use of Pink Pills. In an interview with Mr. Elwood, that gentleman told the reformer that about eight years ago he was attacked with ulcerated catarrh of the head and throat, and was obliged to quit work, and since that time has not been able to resume his calling. The disease shortly after he was taken ill, developed into neuralgia of the lower limbs, from which he suffered terrible agony. During his long illness the services of specialists in both Toronto and Buffalo, as well as those of local physicians in his home town, at Simcoe, were called into requisition, but all failed.

Equity Sale. There will be sold at PUBLIC AUCTION, at Court's Corner (so-called), in Prince William Street, in the City of Saint John, N.S., the City and County of Saint John, and Province of New Brunswick, on WEDNESDAY the 28th day of April next, at the Court of Justice, at Simcoe, pursuant to a Decree of the Supreme Court in Equity, made on the Eighteenth day of February, A. D. 1906, in a certain cause therein pending, wherein The Foreign and Colonial Investment Trust Co., Limited, of the Maritime Provinces are Plaintiffs, and Elwood, William, and John McPherson are Defendants, with the appointment of the undersigned of Her Majesty the Queen, as Receiver and Assignee of the said Plaintiffs, and as follows: All that certain piece or parcel of Land and Premises situate, lying and being in the City of Saint John, in Duke Street, on the East side of Queen Street, and known and distinguished in the original grant by the name of "The Elwood Estate," containing in all about one and one hundred feet in length, and one hundred feet in width, being the lot lately purchased by said Elwood, and certain other lands, together with all the improvements, privileges and appurtenances thereto belonging or in any way appertaining. For terms of sale apply to the Plaintiff's Receiver.

Not by any means so terrible as formerly. Mr. Elwood again commenced taking the pills and in fact regained his former health and feels certain that the Pink Pills will exterminate all traces of disease from his system. He feels so gratified as what the pills have done for him that he gladly gave the information to the Reformer for publication in the hope that his experience may be a benefit to some other sufferer. Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pallid cheeks. Men broken down by overwork, worry or excess, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50, by addressing Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

Highest of all in Leavening Power.—Latest U. S. Gov't Report

# Royal Baking Powder

ABSOLUTELY PURE

### SUMMARY NEWS.

**Manitoba Budget** shows a surplus of \$600,000.

The funeral of Lady Smith took place at Toronto Tuesday. Sir Mackenzie Bowell was present.

The late Mrs. James Hart, of Halifax, bequeathed the sum of \$1,000, apportioned among missions, church funds and charities.

Collin Molise, a tailor, living on the island of Martin, Montserrat, G. E., hanged himself in his barn last week. He was dependent over business troubles.

Commandant Booth and ex-Brigadier De Barret, of Toronto, of the Salvation Army, have decided not to bring their case before the public again, and have settled it.

Hon. J. Starnes, M. S. C., died at Montreal on Tuesday, aged 79. He has held office under Hon. Messrs. Chapin, Jolly and Tallon, and was a well-known public man.

Lord Mount Stephen and Sir Donald A. Smith have donated another \$10,000 apiece for the working expenses of the Royal Victoria hospital, Montreal, built by them two years ago.

The custom officials have confiscated to the Crown the sleighs, horses and goods of several parties in the vicinity of Cornwall, whom they caught in the act of smuggling goods across the St. Lawrence.

The National Women's Council, in the Hamilton City Hall, Tuesday, was attended by the Countess of Aberdeen and Lady Thompson. Details of the annual convention, to be held in Montreal, were arranged.

The Imperial Federation League, at its meeting at Ottawa on Wednesday, changed its name to the British Empire League. Colonel Denison was elected president, and George E. Evans, of Toronto, secretary.

Henry Veger, advocate, of Stamford, Que., died on Sunday, the 1st, at the age of eighty-seven. He was chief translator of the Legislative Assembly of Upper and Lower Canada, which position he resigned in 1861.

Endeavors are under way to have a burial last night in the old Lutheran Church in Arrowsmith Township, Lennox County, Ont., in memory of two hundred United Empire Loyalists buried in the graveyard about the church.

The W. C. T. U. of Fredericton had inaugurated a new movement to raise funds for the relief of the Armenians. They ask each woman and girl in the province to contribute five cents towards a special fund for the female sufferers.

**THE WIDOWS MILLIONS.**—Yarmouth Times: The widows of Yarmouth have nearer the direct line of heirs to the immense estates in Holland (alleged to be worth eighty millions) than any others of the name in this country. Direct cable enquiry from Yarmouth of a responsible bank in Antwerp has elicited the information that there are three estates there, worth three millions, awaiting claimants. There were originally seventeen heirs to the Wetmore estates, but most of them are dead.

**United States.**

The date of the execution of H. H. Holmes, the convicted murderer, has been fixed for May 7.

Between 10,000 and 12,000 people in Lowell, Mass., were idle Monday because of the tremendous rise of the Merrimack river.

Charles W. Mason, of New Haven, Vt., will ship on Wednesday next fifty fine wool sheep to South Africa for his trade in that country, where they will bring a big price in gold.

Charles Carlton Coffin, the well-known author, died suddenly of apoplexy at Brookline, Mass., Monday. While at his desk writing he complained of a pain in the head and soon became unconscious. Within an hour he was dead.

A jury at St. Louis has brought in a verdict in favor of ex-Congressman John H. Glover against the American Casualty Insurance Company, of Baltimore, for \$150,000, the full amount asked. This is the outcome of Mr. Glover's suit against the above company for printing his name in a list of alleged embezzlers.

Mrs. Greenhalgh has decided not to have the body of the late Governor of Massachusetts lay in state either at the State House in Boston or at the Memorial Hall in Lowell. In making this decision she has been influenced not only by her own feelings, but more particularly by the Governor's express objection to such arrangements.

Schooner S. R. Malloy, carrying it in thirty-seven tons of arms and ammunition for the Cuban insurgents, has been seized forty miles from Port Tampa, Fla., by a revenue cutter and taken into Tampa. The schooner is part of the first great Cuban expedition which set out some time ago. General Colman, who was at its head, sailed from Tampa Monday on the steamer Ardel for Cuba.

**British and Foreign.**

At a meeting of the Convocation of Oxford University the proposal to allow women to take a degree was rejected by a vote of 215 to 140.

In the Commons on Tuesday a resolution of sympathy with the Armenians, moved by Samuel Smith, Liberal, was carried without a division.

The committee of the German Reichstag, which was referred the naval estimates, prepared by the government, has voted the amount asked for after a long discussion.

An uprising of Moplah fanatics in the Madras district, India, has assumed serious proportions. The British attached a large party of them on Sunday and are said to have killed one hundred.

At Cannes President Faure asked Mr. Gladstone if he had not found political inaction unwise, to which the President's visitor replied that he always followed closely his country's affairs.

A public meeting in favor of permanent arbitration between Great Britain and the United States was held in London on Tuesday evening. Addresses were made by a number of prominent persons.

An explosion, followed by fire, occurred in the Clapham mine at Katiowite, French Guiana, Wednesday. The bodies of twenty-seven victims were taken out of the pit and eighty men have been rescued. Thirty-three are missing.

### MARRIAGES.

**SCOTT-SMALLMAN.**—At the Baptist parsonage, Lookoutport, March 2, by Rev. Adair B. Brown, Elliott St. Clair Scott, to Maude Smallman, both of Lookoutport.

**ALLEN-WELNER.**—At Scotch Village, Newport, Feb. 19th, at the residence of the officiating minister, Rev. William W. Rees, John Allen, of Mount Unisco, to Sadie E. Welner, of South Rawdon, Hants Co.

**BARFORD-STEVENS.**—At the 1st Hillsboro Baptist church, on the 20th ultimo, by Rev. W. Camp, Edward L. Sanford, of New London, Conn. formerly of Lincoln, Hants Co. N. S. to Sophia Stevens, of Hillsboro, Albert Co., N. B.

### DEATHS.

**LEWIS.**—At New Ross, on the 28th of February, Baby, beloved wife of Henry Lewis, aged thirty-one years. Her sister was a consistent member of the New Ross Baptist church. Her suffering was great but endured with patience. May the good Lord sustain the afflicted husband and children.

**MCDONALD.**—Fell asleep in Jesus at his home, Feb. 14th, in Pinetia, P. E. I., in the 64th year of his age, John McDonald, leaving two sons and six daughters to mourn. Bro. McDonald was baptized by Rev. D. O. McDonald in August, last. Shortly before he died he was repeating the hymn, "Happy Day," but could not finish it and told one of his daughters to repeat the rest of it for him.

**JESSE.**—At Scots Bay, N. B., Feb. 24, Elizabeth, beloved wife of William Jess, aged 66. Death came so suddenly that she was taken to her rest without a moment's warning. She had just finished reading Dr. Gordon's "Ministry of the Spirit," and was preparing to read it when she suddenly fell to her rest and her ministry on earth was ended. Our sister was baptized by the late Rev. David Freeman, nearly twenty-four years ago, and was much esteemed in the community for her Christian character. A husband and five children mourn the loss of a devoted wife and mother.

**ALLEN.**—Death has again entered the home of Mr. John Allen, of Upper North Sydney. This time he claimed as his prey "Jerry," a promising boy who had reached his 16th year a few days before his departure. He took part in our Christmas concert at which time he seemed to be in excellent health, but he contracted a cold which developed into rapid consumption which cut him down suddenly and in his bloom. Concerning his departure we sorrow not like others who have no hope. He died on the 22nd ult.

**ELDRIDGE.**—At Lynn, Mass., Feb. 26th, Priscilla L., wife of James W. Eldridge, aged 48 years, 4 months and 16 days. Deceased was a daughter of Bro. William Lent, formerly of Freeport, N. S. She with her family removed from Nova Scotia to Lynn in 1856, where she united with the East Baptist church and 8. school and became endeared to many friends among young and old. After a year of failing health she passed peacefully away in full hope of a glorious resurrection. Sister E. leaves a bereaved father and mother, two sisters, husband and one daughter. The funeral services were conducted by her pastor, Rev. E. A. Haines.

**MOORE.**—A few facts in connection with the devoted life of our departed sister Moore—the wife of Deacon, Alex. Moore—that were not mentioned in the reference made to her death before will be of interest to her many friends. Sister Moore was baptized by the late Bro. Hugh Ross, at Upper North Sydney, in the autumn of 1847, since which date, and even before, her hospitable and comfortable home has been the resting place of many of her dear friends. Sister Moore was a generous and kind person who she delighted to wait, and to whom she had often given her last dollar. Her sickness was of three months

duration and accompanied by much suffering but borne with marked resignation to the will of God, whose grace wonderfully sustained her. She "fell asleep" on the 4th of February, 1901, was the 76th anniversary of her birth and the 1st of March the 54th anniversary of her marriage. Her departure makes a great blank. Her death was triumphant. Her memory is blessed.—Com.

**Brooks.**—On the 1st inst., the summons of death came to a happy home very recently established in Schenectady, New York State, and broke up the home by the removal of her who greeted it by a beautiful Christian life in the person of Mrs. Wallace Brooks—Georgina Jean—daughter of Deacon Wm. and Mrs. Jefferson of Sydney, North West Arm. When the messenger came she lacked one day of eight months only since they were married. This came to the sorrow and deepens the sympathy for the young husband whose heart is caused to bleed. Mrs. Brooks was born where her parents now reside, on the 25th of Nov. 1825. She always possessed a character of unusual beauty and piety, was converted in early childhood and baptized by Rev. J. W. Banerter when about 16 years of age. She continued an exemplary member of the church, beloved by all who knew her, until a few weeks ago she received a letter of honorable dismission to unite with her husband, who had recently been baptized into the church near his home. Her remains shall be buried tomorrow in Waltham Mass.—the former home of her husband. The afflicted family have the deepest sympathy of the community. Mrs. Brooks died of typhoid fever and pneumonia. She rests from her labors and her works follow her. Her memory is fragrant. Her blessedness is sure.—Com.

### Academy Seminary.

RECEIPTS FOR INTEREST ACCOUNT TO MARCH 1ST.

R. E. Harris, Wolfville, \$5; Friend, Wolfville, \$25; Mrs. A. Rhoads, Amherst, \$6; Zebulon Phinney, Paradise, \$5; Rev. A. W. Sawyer, Wolfville, \$20; R. Prat, Wolfville, \$5; L. W. Elliot, Clarence, \$3; Edwin J. Elliot, Clarence, \$10; J. C. Jones, Wolfville, \$5; H. Crosby, Hants, \$25; Rev. F. O. Weeks, Kentville, \$5; Rev. S. E. Kempton, Dartmouth, \$10; Mrs. Geo. Sanderson, Yarmouth, \$5; J. H. Morse, Halifax, \$5; Robert Marshall, Clarence, \$5; F. Reed, Wolfville, \$5; Hamilton Young, Paradise, \$5; Sam. Freeman, Amherst, \$10; Henry Jackson, Clarence, \$4; C. W. Pich, Wolfville, \$20; "a friend," Halifax, \$10; Mrs. M. P. Freeman, Ellipton, \$10; E. D. Shand, Windsor, \$5; James McArthur, Amherst, \$10; W. H. Duncan, Wolfville, \$5; Reynolds Harrington, Sydney, \$5—\$235.81.

### RECEIPTS FOR PERMISHING ACCOUNT TO MARCH 1ST.

A few ladies of 1st Baptist church, Halifax, held their annual meeting, Seminary Class of 1895, \$40. Total \$48. We wish to call attention to the donation of the Class of 1895. This is the amount required for furnishing a room, and hereafter the room charge by year will be \$100.00. There are other rooms waiting to be named and upwards of \$800 is required to repay the amount expended in furnishing the building. What individual, church, or class will be the next to make a donation to this object?

### Marion Training Fund.

RECEIPTS TO MARCH 1ST.

S. H. Mitchell, per I. B. Oakes, \$5; G. W. Borden, per I. B. Oakes, Wolfville, \$5; Capt. A. Delap, per I. B. Oakes, Grand Ferry, \$10; Wm. Winslow, \$10; G. H. Perry, \$10; J. Shand, Windsor, \$5; J. H. Bigelow, Wolfville, \$5; J. S. Morse, Wolfville, \$5; James Moffat, Amherst, \$10; Enoch C. Bishop, Wolfville, \$1; Rowell & Co., Wolfville, \$5; J. H. Oakes, \$1; W. H. Borden, \$5; M. F. Canning, \$10; Amos Burns, Kingston, \$10; G. W. Munro, Wolfville, \$5; N. A. Rhoads, Amherst, \$14.95; Capt. H. S. Taylor, Wolfville, \$5; E. D. Shand, Windsor, \$10; A. Shand, Windsor, \$5; F. A. Shand, Windsor, \$5; H. B. Sanderson, Elgin, \$2; Prof. D. F. Higgins, Kingston, \$5; Prof. D. F. Higgins, per I. B. O., \$5; W. A. Harris, Windsor Junction, \$5. Total \$162.95.

A. C. Goswold, Treasurer Acadia University, Wolfville, N. S., March 5.

### Deaths.

The church and congregation of Union Corner made a most interesting visit to the parsonage on Wednesday evening, Feb. 6th, bringing useful goods and cash, amounting to twenty-five dollars, which with twenty-five loads of hard wood hauled the same day, made us feel able to entertain a generous number of our far apart, after all the astronomical sayings.

**CALVIN CURRIE.**  
Greenville, Carleton Co., March 5.

**APPRECIATED.**—The fine Moscow lamb coat presented by the dad boys (F) of Middleton, Dec. '95. This was a thoughtful, timely act of genuine kindness the part of our young men, for which "the blessing of him that was ready to perish rests upon them." Not less do I appreciate the gift of a valuable set of harness donated by our B. T. F. U., thus answering in a very practical way the question as to how our young people may help their pastor, at the same time harnessing the pastor more firmly to the society. We appreciate, too, the recent visit of our people to the parsonage. The gift being an unfavorable the company was small, but generosity made up for lack of numbers. We were left richer in cash and valuables by twenty-nine dollars. Nor less do we appreciate the gifts that come not so the generous impulses of the heart, but in many hearts but are the result of noble individual goodness. Of these we have received many and God will bless the donors. "He is not ungrateful that He should forget." Finally we gratefully acknowledge a grand steed that turns out in itself enthusiasm over the "new minister," but grows more pronounced as the years come and go. We have "wintered and summered" together for almost eight years now and our people it is seldom a pastor's privilege to serve in the Gospel. E. E. LOCKE, Middleton, N. B.

**Literary Notes.**

The March number of *The Christian Review* is an extremely practical one for the preacher. In the opening article of the Review Section, Dr. Josiah Strong, Secretary of the American and Foreign Evangelical Alliance—so well known to the author of the widely popular book, "Our Country," discusses "The Church and the Problem of our Foreign Population." Dr. Strong outlines a plan for reaching, Americanizing and purifying this large element of our population, now such a source of danger to society. Under "The Old Preaching and the New," Professor Henry W. Parker, D.D., presents in very discriminating contrast the two styles of preaching, the old and the new, drawing some very valuable lessons from the former for the help of the pulpit of the present day. Rev. S. Fay Mills, D.D., the noted Evangelicalist of "Preparation of the Church for Revival," showing the preacher and pastor how to organize churches, and how to conduct an effective evangelistic work. Published monthly by Funk & Wagnalls Co., 80 Lafayette Place, New York. \$3.00 a year.

Three noteworthy articles on "Armenia" make *The Christian Review* of this month a most valuable number. Dr. Judson Smith of the American Board writes with much force on the "Missionary States in Turkey." His paper is supplemented by an able review of "The Armenians of the Turkish Empire toward Christians," by Dr. J. G. Greeley, and by a historical sketch of "The Armenian Church," by Prof. Philippe Vollmer. The illustrated article of the month is on "Mexico; Her Need and Our Duty," by Robert E. Speer. The article abounds in interesting incidents from personal observations, showing the condition of the country and the need of the people for the Gospel. Mr. W. Henry Grant writes on the "Outlook for Protestant Schools in Mexico." Other articles which will attract attention are Dr. Pierson's account of "The Great Conviction of Student Volunteers at Liverpool," and the description of "The Indian of Central America," by Dr. C. I. Scofield, Secretary of the Central American Mission. The Field of Survey for the month takes up Missions in Mexico, Central America, the West Indies, and our great cities. The other departments are fully up to the high standard which the Review has maintained for so many years. Published monthly by Funk & Wagnalls Co., 80 Lafayette Place, New York. \$2.50 a year.

All the founders of McClure's Magazine are recent graduates of Knox College, Galesburg, Illinois, and the Editor, Mr. McClure, is a trustee of this college. They have undertaken to assist the college in establishing "The Abraham Lincoln School of Science and Practical Arts," as a worthy memorial to Abraham Lincoln. Before Lincoln was even nominated for the presidency, Knox College conferred on him the degree of Doctor of Laws, and at the time of the famous Lincoln and Douglas debate, held in Galesburg, October 7, 1858, the students carried a banner for "Knox for Lincoln." The publishers of McClure's Magazine have established 100 scholarships in this new school. Each scholarship entitles the holder to all the privileges of Knox College, and can be secured by securing 500 subscribers to McClure's Magazine. A scholarship pays the board, room rent and tuition of any young man or woman for a year. The publishers of McClure's Magazine have also undertaken to raise an endowment fund of a quarter of a million dollars for this new department of Knox College. On October 7th, of this year, the college will celebrate the anniversary of the Lincoln and Douglas debate. The college will be visited by the Hon. Chauncey M. Depew, and many men of national fame will be present. Excursions from all over Illinois and adjoining States will bring thousands of Lincoln's old friends together. It is planned to have a much larger concourse of people than attended the debate. There will undoubtedly be thousands present who were present at the debate.

**Direct from Nottingham**

No Middle-man's Profit to Pay.

We've bought these Curtains at the wholesale, direct from the manufacturers, and are able to offer them to you retail, but at wholesale prices. But we've bought so many that you would think we were in the wholesale.

We offer these lace beauties at prices ranging from 37c to \$5 per pair. Goods buys the best curtain ever shown in St. John at the price; and \$1.50 secures a beautiful pair.

In order to give you every advantage in getting these goods we will prepay any of them ordered by you and, if not satisfactory, will take them back.

**DURING MARCH**

Colds and chills are prevalent, and unless the system is strong enough to throw them off, serious illness, often ending in pneumonia and death result.

**THE CAUSE**

Of colds, chills and attendant dangers is found in the blood, poisoned by uric acid, which should be expelled by the kidneys.

**THE EFFECT**

Of this kidney-poisoned blood is far-reaching. Health and strength are impossible while it exists. The system is being continually weakened, leaving it open to the ravages of colds, chills, pneumonia and fevers.

**THE CURE**

For such a diseased condition is found in Warner's Safe Cure, which will restore the kidneys to health and enable them to properly perform their functions. There is no doubt about this. The record of the past is

**PROOF POSITIVE.**

Those who were not fortunate to hear Prof. Steekley's Lectures on Edmund Burke should procure a copy of Burke's Speeches

Published in a neat volume. Mailed to any address on receipt of price, \$1.00.
