

NOT ONE WORD OF TRUTH IN TELEGRAPH'S ARTICLE

Provincial Secretary Flemming Proves That the Writer Was Guilty of Inexcusable Ignorance, or a Malicious intention to Deceive the Public— Whole Yarn Absolutely Misleading—Mr. Babbitt's Telegram—The Auditor General's Statement—How Mr. Robinson Handled the Finances—Some Statements That Gentleman Will Not Contradict.

The following article, heavily disguised, appeared in yesterday's Telegraph:— "Mr. Flemming says the province had a surplus of \$44,408 at the close of the fiscal year 1908. This he says was a real, not a paper surplus. "In a return laid before the House on March 30, 1909, of the bank balances at the close of each month during the previous fiscal year the cash on hand in current account on October 31, 1908, was \$36,215. "In whose hands was the \$8,194 difference between the surplus claimed and the cash on hand? Mr. Flemming says there are no suspense accounts. It is true who got this \$8,194? "The total balance on hand in favor of the Province, October 31, 1908, is given by the Auditor-General as \$136,956. The bank statement at that time shows only \$118,997 on hand—a difference of \$17,959. "Who has the difference between the money in the banks and the balance shown on the books? "It is up to Hon. J. K. Flemming, who says there are no suspense accounts, to explain these very serious differences between his so-called balances and the actual cash in the banks."

Mr. BABBITT'S LETTER. Fredericton, N. B., July 15th, 1909. Hon. J. K. Flemming, Prov. Secy, St. John, N. B. In Consolidated Accounts shown on page 8 of the Auditor General's report is a statement of all the financial operations of the province during the year. The ordinary revenue of the province makes up part of the statement on the side of receipts and amounted to \$1,086,738.34. The accounts chargeable to ordinary revenue on the expenditure side of the account amounted to \$1,042,196.49, showing a surplus of \$44,541.85 on ordinary revenue account. This surplus is merged in the general balance at credit of the consolidated account shown at the bottom of statement, being \$136,956.61 distributed as follows: Balance at credit of Receiver General at British Bank, \$36,215.20; Bank of Montreal, \$82,782.33; Cash not banked, \$31,000.00. Total, \$136,956.61. W. P. Flewelling overdrawn account with interest was paid 20 August, 1908, amounting to \$8,194.24. (Signed) G. N. BABBITT, Deputy Receiver General. J. K. FLEWELLING, Provincial Secretary.

October 31 is correctly stated by the Auditor General at \$136,956.61. How this amount is made up is shown by a telegram of Mr. G. N. Babbitt, Deputy Receiver General, published hereafter, and must be credited to the revenue of 1908 to which it belongs. How Mr. Robinson Handled It. In the previous year, Mr. Robinson, then Provincial Secretary, KEPT THE REVENUE ACCOUNT OPEN UNTIL IN THE MONTH OF DECEMBER AND RECEIVED MORE THAN \$100,000 WHICH HE PLACED TO THE CREDIT OF THE YEAR ENDING THE LAST DAY OF OCTOBER. It may also be worth mentioning here that he BEGAN TO HIDE AWAY EXPENDITURES in the suspense account AS EARLY AS MAY, OR NEARLY SIX MONTHS BEFORE THE END OF THE FISCAL YEAR. This concealment process of Mr. Robinson was successful TO THE AMOUNT OF NEARLY \$68,000. I am absolutely sure that Mr. Robinson will not contradict one of the above statements.

Absolutely Misleading. This whole article is absolutely misleading, and betrays either inexcusable ignorance on the part of the author, or a malicious intention to deceive. It is an effort to cast a false reflection upon the management of the financing and the keeping of the accounts under my direction and control. The surplus on ordinary account at the close of the last fiscal year, as stated, \$44,541.85, ordinary expenditure being the above amount less than the ordinary revenue and NO MEMBER OF THE OPPOSITION HAS EVER QUESTIONED THE CORRECTNESS OF A SINGLE ITEM IN THESE STATEMENTS OF EXPENDITURE, as it appears on page 8 of the Auditor's report. The return mentioned in the second paragraph of the Telegraph's article IS NOT A STATEMENT OF THE TOTAL BANK BALANCES AT THE DATE MENTIONED, BUT ONLY OF THE BALANCE AT ONE BANK, that of the Bank of B. N. A. There is no point in striking a difference between the amount at the British Bank alone and the surplus for the year. It was Largely Overdrawn. It is worth mentioning that the 'W. P. Flewelling Crown Land Account, AUTHORIZED BY SURVEYOR GENERAL SWEENEY, was overdrawn to the extent of \$8,949.24. This balance, or suspense account, which was a portion of the shortage of the late Mr. Flewelling, WAS PAID ON THE 20TH OF AUGUST, 1908, AND WOULD THUS REDUCE THE BALANCE TO THE CREDIT OF THE PROVINCE IN THE ORDINARY ACCOUNT AT THE BANK. Auditor General's Statement. The total balance to the credit of the Province on consolidated account

Table with financial data: Balance in British Bank, \$36,215.20; Bank of Montreal, \$82,782.33; Not banked, \$17,958.98; Total, \$136,956.51.

BIG DECREASE IN OUTPUT HE SAYS. The steamer Dominion, Capt. Norcott, arrived yesterday from Sydney, C. B., with about 5500 tons of Dominion Coal Company's coal. Talking to The Standard in the afternoon an officer said that, contrary to the general trend of the despatches sent from the scene of the Dominion coal miners' strike, the output of the company had not increased since the strike and that it was nothing to compare with the amount mined before the strike. When the Dominion had sailed on Tuesday, there were three steamers in the harbor of over 5000 tons capacity, waiting to be loaded and it had taken the Dominion a week to load whereas before the strike nothing did to do had left the harbor to try to get other work. One of the officers had heard many people say that they had visited the mines and had found that they were producing half the coal that they were reported to be mining. He said there were only a few men in each mine. The Dominion discharged 1500 tons of coal yesterday. She will unload about the same amount today and take the other three thousand to Halifax.

PLUNDERING GREED OF PRETENDED LIBERALS; LIBERAL SUN MAKES SOME STARTLING CONFESSIONS

In shirking the real issues of the fight, in practically accepting responsibility for things which the people have emphatically condemned and in associating themselves with a predatory and discredited machine for the purpose—the only conceivable purpose—of receiving therefrom a campaign fund, the Opposition forces have accepted a heavy handicap. They have not only lost the support of many Conservatives who are frankly displeased with Hazen's rule, but have forfeited the votes of many Liberals who reserve to themselves the right of personal judgment in provincial affairs and who sternly resent the shame put upon their party by the plundering greed of a few, who in the Liberal name and with Liberal money, have seized control of the local party organization and a section of the party press and are using them boldly and unscrupulously for their personal profit. Even if the popular feeling against the Government, together with the magic of the name Liberal, should win this fight for the Opposition, in spite of the auspices under which the campaign is being conducted, the result will not strengthen the Opposition in the long run and insofar as it may tend to clinch the control of the forces which at present seem to dominate the Liberal party in this constituency, will make for the disruption of the party and the destruction of its supremacy.

WHY MR. TITUS SUPPORTS MR. MOSHER

Mr. E. A. Titus, of the firm of Titus and Son, merchants, St. John, is one of the most prominent members of the Liberal party in that parish, signed the official nomination paper of J. P. Mosher. His Reason. The reason given by Mr. Titus is that the Hazen Government deserves the support of good citizens irrespective of party, and therefore the candidate supporting the Hazen administration had his sympathy. Mr. Mosher also merited support on his own account as a worthy man born and bred in the country, devoted to its interests and well capable of representing the constituency. Will Make Great Gains. Another resident of St. Martin's tells The Standard that Mr. Mosher will make great gains in his own town and parish and that many who never before voted for the present Government party are giving him their support. Some are doing it actively, some quietly, while many who were formerly active the other way are showing no interest. HEILE HAS AN HEIR. Paris, July 15.—A son was born today to the Princess deSagan who was Miss Anna Gould, of New York. Prince Heile de Sagan and Mme. Anna Gould were married July 7, 1908, following her divorce from Count Boni de Castellane. NO DIPHTHERIA THERE. Ottawa, Ont., July 15.—The report of an outbreak of diphtheria and tonsillitis at Petewawa military camp, is officially denied.

THE REAL ISSUE.

(St. John Globe, Liberal, July 15.) The general result of the general election was a complete defeat of the administration of that day. It lost the seals of office. Mr. McKeown has since gone upon the bench, and the old Government can never be restored. Mr. Hazen and his colleagues are administering affairs, and they have been in office a little over a year, not long enough to give them opportunity to show that they are as wicked as their opponents are so violently alleging that they are, not long enough to accomplish all the good that their proceedings so far show that they can accomplish. WHY SHOULD THEY NOT HAVE FAIR AND REASONABLE TREATMENT? An effort of the Opposition today is to prevent this county endorsing the verdict of the city in the general election less than two years ago. BUT THE VERDICT OUGHT TO BE ENDORSED IN THE INTEREST BOTH OF COMMON SENSE AND GOOD GOVERNMENT. Why should the county next week give a decision which will PRACTICALLY DECLARE THAT THE PEOPLE OF NEW BRUNSWICK DID WRONG WHEN THEY DISMISSED THE OLD ADMINISTRATION? Let us suppose that the effect of the election would be what the Opposition desire it to be, such a defeat of the administration as would lead to its downfall. WOULD THE PROVINCE FOR ONE MOMENT THINK OF AGAIN PUTTING IN POWER THE OLD ADMINISTRATION? WHO IS THERE in the gentleman now so active in this country in Opposition they would entrust the seals of office to, saving Mr. Robinson?

STANDARD OF EMPIRE PARTY LEAVES TODAY

Special to The Standard. Montreal, Que., July 15.—Ten of the High School boys who won the Standard of Empire free trip to the Old Country arrived in Montreal today from all parts of the Dominion. They were met by the Canadian manager of that newspaper and shown the sights of Montreal. Sir Edward Clouston received them at the Bank of Montreal and congratulated them on their good fortune. They leave tomorrow for Quebec when they will be joined by the winner in that city. They will be away for five weeks. A fortnight from today they all lunch with Lord Roberts at his English home.

SEVEN KILLED BY COLLAPSING BUILDING

Philadelphia, Pa., July 15.—In one of the busiest streets of the city, and at a time when thousands of pedestrians were passing to and fro, the five-story brick building at the corner of Eleventh and Market streets, which was being re-constructed for the United Gas Improvement Company, collapsed with a terrific roar shortly after one o'clock this afternoon burying or pinning beneath the ruins 32 persons, seven of whom are dead, one is missing, one fatally injured, and 24 more or less seriously injured. DRISCOLL AND MORAN MATCHED. London, July 15.—Jem Driscoll, the champion English featherweight and Owen Moran, the former bantamweight, have signed articles for a fight of 20 rounds, for the featherweight championship, to take place September 13. A purse of \$10,000 already has been offered for the match but the fighters have decided to await other bids. E. H. Eyles of the composing room of the Herald is in the city for a few days.

OPPOSITION FALSEHOODS SHATTERED LAST NIGHT

Chief Commissioner of Public Works and Provincial Secretary Cheered to the Echo As They Drew Striking Contrast Between the Methods of the Hazen Government and the Administration It Succeeded—Mr. Morrissey as a Liberal, Gives His Reason Why Mr. Mosher Should Be Elected—Meeting at Crouchville One of the Best Ever Held in St. John County.

The Wyandotte Club house at Crouchville was packed to the doors and the spacious veranda in front contained an additional number of the electors when Mr. John McDonnell, Jr., last night called to order the meeting in the interests of the local Government. The Hon. John Morrissey, M. P., Chief Commissioner of Public Works and the Hon. J. K. Flemming, Provincial Secretary gave rousing speeches in the interests of Mr. J. P. Mosher. Mr. McDonnell, who had been elected chairman, called upon Mr. Morrissey as the first speaker. Mr. Morrissey was accorded an enthusiastic reception and gave one of the best addresses ever delivered in the Parish of Simonds. The speaker outlined his position in the politics of the province and claimed that although he was a Liberal yet he was a good enough Liberal to support the present local Government. (Applause.) In scathing terms he dealt with Mr. A. B. Copp and said that that grand old man Senator John V. Ellis was fighting the battles of the party when Mr. Copp was calmly sleeping in the cradle. (Applause.) Mr. Morrissey said that Senator Ellis was not a man to violate the independence of parliament and like that grafter, Copp. (Applause.)

Why He Opposed Opposition. The speaker claimed he was opposed to the present Opposition on account of the famous Northumberland deal. (Applause.) Speaking about the stumpage Mr. Morrissey said that there is no opportunity for graft in that field as there was when the Robinson gang controlled the ship of state in this province. (Applause.) The speaker went fully into the overdraft from the Crown Land Department and compared the record of that department to the present method of dealing with the stumpage. His remarks were greeted with applause. Mr. Pugsley's Resolution. In 1903, continued the Chief Commissioner, the Attorney General, now Minister of Public Works, Mr. Pugsley moved a resolution to expel him because HE TOLD THE TRUTH ABOUT THE GREAT LUMBER STEAL OF THE NORTH SHORE. (Applause.) The statements made then by me, said Mr. Morrissey, have since been PROVED TO BE TRUE. The Moncton Convention. Mr. Morrissey declared that at the time of the famous Moncton convention, when the Conservatives declared for party lines, Blair told the speaker that he thought it a great blunder. Mitchell, Emmerson and Tweedie followed in the footsteps of that great man, and yet today Robinson and Copp have been endeavoring to falsify the letters of the Opposition on the great Liberal party. (Applause.) Mr. Morrissey said that the late Dr. Stockton was an honorable man, who had led a coalition party, and Mr. Morrissey continued to follow in the footsteps of that leader. (Prolonged applause.) Issues a Challenge. The speaker said that HE CHALLENGED THE OPPOSITION TO POINT OUT A LIBERAL WHO WAS DISMISSED BY MR. HAZEN BECAUSE HE WAS A LIBERAL. HE would like Robinson-Copp-Tweedie et al to explain to him why they pulled the Liberal party in this campaign. He said that in 1900 Blair, Copp and Robinson supported Conservatives rather than Morrissey, the Liberal candidate. Why did they do it? HE WOULD ASK ROBINSON AND COPP TO EXPLAIN THIS MATTER (Great applause.) Mr. Morrissey challenged the Opposition to detail the conversation he had with Mr. Emmerson in the latter's private car in 1904, when Emmerson said that \$20,000 WOULD BE SENT TO THE NORTH SHORE COUNTY IF LOGGIE GOT THE NOMINATION, BUT NOT ONE CENT IF MORRISSEY WAS THE CANDIDATE. The speaker appealed to the people TO SUPPORT THE GOVERNMENT ON ITS RECORD. The speaker said no wonder his sight dimmed when he found the chaotic state of his department when the present Government came into power. Out of some 4,000 bridges in this Province, when the Hazen party came into power, only 100 were in decent condition. Yet over half a million dollars had been voted that year for repairs of roads and bridges. Last year the present "BAD GOVERNMENT" HAD PAID EVERY BRIDGE PREVIOUS TO MARCH, 3, 1908. (Applause.) Public Money Squandered. Mr. Morrissey charged the old regime with squandering the public domain of this Province. There were absolutely no vouchers to show where this money had gone to. Out of 190 road machines bought by the old government ONLY SIXTY HAD TURNED UP AND IN KENT COUNTY HE HAD TO SEND THE SHERIFF TO FORCIBLY TAKE A ROAD MACHINE FROM ONE, IRVINE, A SUPPORTER OF THAT GANG. (Applause.)

Robinson-Copp crowd wasted the people's money when they were in power. Dealing with the "suspense account" Mr. Morrissey showed how philanthropic the Robinson Government were to their friends. The Highway Act. He compared the old highway Act of the Tweedie-Pugsley-Robinson era to that of the present government and showed that if the highway boards, the majority of whose members are appointed by the municipal councils, would carry out the law, THE ROADS OF THIS PROVINCE WOULD BE IN THE FIRST CLASS CONDITION. (Applause.) Mr. Morrissey's speech was followed closely and he was frequently interrupted as he nailed the falsehoods of the Opposition speakers. Before taking his seat the Chief Commissioner announced that he expected to have every bridge in the Province repaired and without borrowing one cent or saddling the country with debt. This statement was greeted with cheers. Sorry He Spoke. Just as the speaker was about to take his seat a drunken man interrupted and asked the hon. gentleman what Mr. Hazen ever did for the country. Mr. Morrissey's reply was prompt and to the point. He gave the inebriated supporter of the Opposition his quietus when he said: "He didn't steal from the Central Railway." Cheers after cheer greeted the speaker's answer. Skirting the Roads. The speaker said that he had authorized the expenditure of over \$120,000 to skirt the roads of the Province which SHOULD HAVE BEEN DONE EVERY YEAR WHEN THE ROBINSON PARTY WERE IN POWER. (Applause.) HON. J. K. FLEWELLING. Shows Why St. John County Should Elect Supporters of the Government. The Hon. J. K. Flemming, Provincial Secretary, was the next speaker and in an able speech showed the electors why the Government candidate should be elected. Mr. Flemming spoke about the charges in the Daily Telegraph yesterday concerning the condition of the provincial finances, his answer to which appears elsewhere on this page. The old Government, he said, is now on trial more so than the record of the present regime. (Applause.) Amid cheers Mr. Flemming pointed out that the record of the Hazen party during its first period in power HAS KEPT EVERY PRE-ELECTION PLEDGE. (Applause.) In scathing terms he denounced the

writer of the article which appeared in the Telegraph. Dealing with the overdrafts and suspense accounts the Hon. gentleman amid deafening applause informed the audience that under the present system of affairs and under the new audit act the day of plunder was over and will be over for a long time to come. Speaking about the frantic efforts of Copp the blatant orator of the Opposition party to save Mr. Bentley, Mr. Flemming said they were coming to St. John county "clothed in garments of white," to hide their record when they were plundering this province. (Applause.) And they ask the electors NOT TO HOLD THEM RESPONSIBLE FOR THEIR MISDEEDS previous to the landslide of over a year ago. (Applause.) The Opposition candidate stands for the condition of affairs existing when his party was in power. Mr. Mosher stands for THE NEW SYSTEM—A SYSTEM OF HONESTY. "Are you," said Mr. Flemming, "going to vote for Bentley, who represents the old system, or for Mosher, a supporter of the new system?" (Cries of MOSHER, MOSHER.) A Difference. Mr. Flemming then explained how the Pugsley-Tweedie-Robinson people negotiated loans. When Pugsley and Robinson made that famous trip to Montreal to negotiate a short term loan it cost the province \$600 in expenses for the trip. When Hazen and Flemming went to the same city on the SAME MISSION IT ONLY COST \$80 (Cheers.) Saving in School Books. With regard to the school books the Provincial Secretary showed that over forty per cent had been saved the parents of school children in buying school books, and when the shackles which bound this province to Flood & Sons were fully shaken off THE PRICE WOULD BE STILL LOWER (Applause.) Mr. Flemming quoted figures to substantiate his statements. The speaker then took up the Highway Act and explained that with a highway board, which is composed of three members, two of which are appointed by the Municipal Board, which will work in the interests of the county and not try to block the act as was being done in Simonds by the two councillors it worked well. (Applause.) Their Promises Kept. When the present Government were in Opposition they promised:— 1. A new Audit Act. 2. A Highway Act, vesting control of the highways in the municipal councils. 3. Honest collection of Provincial revenues and

MR. ROBINSON'S STATEMENT AS PUBLISHED IN THE TELEGRAPH ABSOLUTELY FALSE, THEY SAY

(St. John Globe, Liberal, July 15.) At the Milford meeting Wednesday evening Mr. Robinson, ex-Premier, spoke of the criminal prosecution of Road Commissioner Stewart in Albert county. He is thus reported in the Telegraph:—"It was Mr. Hazen's duty to prosecute, and he employs 'Mr. Jonah, of the firm of Fowler & Jonah. The conspiracy 'charge was thrown out. Another charge of misappropriation was made and tried before Judge Wedderburn, who 'said he had no jurisdiction and characterized the case as an 'outrage on justice. "I charge Mr. Hazen with using the office of attorney 'general for party purposes. I am informed by the deputy 'sheriff that Mr. Jonah came to him and tried to interfere with 'the warning of the jury in this case." Yesterday Deputy Sheriff Garland, of Albert, who warned this jury, telephoned to The Standard:—"I never spoke to Mr. Robinson in my life about interfering with the jury in the Stewart case. I never told any one 'that Mr. Jonah tried to interfere with the warning of the 'jury and Mr. Jonah never did interfere in that or any other 'case. The statement published by the Telegraph as made 'by Mr. Robinson is absolutely untrue." MR. JONAH'S STATEMENT. W. B. Jonah telephoned from Sussex:—"The statement 'reported in this morning's Telegraph as made by the Oppos- 'ition leader, Mr. Robinson, as to my interference with the 'warning of the jury in the Stewart case, is absolutely untrue. 'It is also absolutely untrue as there stated that Judge Wed- 'derburn characterized the case as an outrage on justice. 'The judge very properly refrained altogether from any ex- 'pression of opinion on the merits of the case.

IMPORTANT SUBJECTS TO BE DISCUSSED

P. and James Fenwick as delegates from the local board of Commerce of the Empire to be held in Sydney, Australia, commencing September 14th. Mr. Hatheway goes via New York and San Francisco and will make a tour of the world before returning, while Mr. Fenwick will leave by steamer sailing from Vancouver.

Weights, Measures and Currency. Telegraphic Communication. Cheap Cable Communication. Validity of English Arbitration Awards. Validity of English Judgments in the Colonies. WORK ON THE CONDUITS PROGRESSING

The New Brunswick Telephone Co. is getting along rapidly with the work of laying its underground conduits. It proposes to install an underground system from the head of Chipman Hill, on Union street, to the corner of Main street and Douglas avenue. In the greater part of this there will be eight ducts. Arrangements have been made with the city whereby one of these ducts will be given over to the city for its use in case they wish to run their fire alarm wires in it.

BROKE FIVE MILE MOTOR CYCLE RECORD

Special to The Standard. London, Ont., July 15.—Harry Thorpe broke the five mile motor cycle record for Canada in the Queen's Park races here today. He covered the distance in 8 minutes 30.5 seconds. This is a minute better than the previous record. In testing his new racing machine intended to make sixty miles an hour, W. G. Tite lost control going round a curve and crashed into the fence. The machine was wrecked and Mr. Tite had a foot broken and was cut and bruised about the head and body.

WAVE PERSONALS

Messrs. A. D. Ganong, W. W. Inches, A. Mungall, and J. W. Graham of St. Stephen came in on last night's Boston express. Mr. H. F. S. Paisley, editor of the Sackville Tribune, and a former member of the republican staff of the St. John Globe, is in the city.

Fredericton, N. B., July 15.—The United Baptist association convened again today at 2 p. m. After devotional exercises and prayer by Rev. G. Swin, of St. John, the discussion of the Home Missions question was continued by Rev. J. H. McDonald, of Fredericton. Because of the non-success of the Home Mission Board he believed it should go to a committee had to now thus laid over for another year, when if the Home Mission Board made good it would receive a vote from him.

Rev. E. M. Miller, of Jemseg, also supported the same proposition. Rev. D. Hutchinson urged the support of the same. Rev. Dr. McIntyre thought it would be wrong to prolong this uncertainty and that some decisive action should be taken now. The work is on the increase. A grip is just being taken of the situation since Union. Let it have put chance to grow under the same conditions. Rev. A. B. Cohee, of St. John, felt no possible good could come from deciding now because of a lack of details in the organization. He favored the amendment to the amendment. Rev. Geo. Howard, of Hampton, hoped the question would be settled today. Rev. R. J. Colpitts urged the advisability of delay in order to have a concrete proposition next year. The amendment to the amendment was carried, 57 to 37 and the question is off for a year. Judge F. W. Emerson from executive reported four meetings, attendance 10. Rev. Dr. McLeod was sent as delegate to the Dominion convention. To the Rev. Dr. Richardson for a representative to meet with them to take into consideration Bible education in the schools. No representative was sent as the executive considered they had no power to do so. The consideration of the association. Routine work was done in regard to aged ministers' relief, and in an advisory to several interests. D. C. Clark, of St. John, brought up the matter of the Ministers' Relief Fund, urging that it be given more attention in the association and churches in order that aged ministers worn in service, should not be left in need.

SUDDEN DEATH OF SENATOR PERLEY AT WOLSELEY, YESTERDAY

A telegram was received by Mr. E. W. Smith, of this city at 7:15 o'clock last evening, announcing the death at his home at Wolseley, Manitoba, at noon yesterday of Senator W. D. Perley. The telegram came from Mr. E. A. Banbury, a son-in-law of Senator Perley. No further word was received. A despatch to The Standard however, stated that death was due to apoplexy. Mr. Perley retired some years ago from the farming business, giving his splendid farm of some 5,000 acres, to his two sons, one of whom has since died. He built a fine block of buildings in the town which were rented for business purposes, a grain elevator and other establishments. Many New Brunswickers travelling through the west have been invited to stop over at Wolseley and drive out to the Perley farm. There would be seen 2,000 to 3,000 acres in crop, yielding some 50,000 bushels of wheat and much coarse grain, 40 to 50 working horses and the most complete farming equipment to be found anywhere near.

NOTHING WILL BE MADE PUBLIC UNTIL MATTER IS BEFORE COURT

The Commissioners appointed to settle the disputes between the International and New Brunswick Railway Companies relative to the amount of the award made by the latter company by the former company for traversing their lands, were in session here all day yesterday. It is understood that they have not yet arrived at a decision, but such a statement cannot be made with certainty as Senator Costigan stated to The Standard last evening that nothing would be made public until the matter came before the court. This, of course, is the only proper way to make public the decision. When asked about the statements made with glaring headlines in the

THINK THEY SAW BANG ON WAVE PASS OVER CITY

If the impressions of two yachtmen connected with the first ship which ever entered New Brunswick passed over the city last evening about 8:30 o'clock. According to the story which the two men told to Officer McFarlane of the North End police force, they observed the blue-air tramp sailing over while they were engaged about their boats at Marble Cove. It was making good time toward the northeast. When it reached a position which they judged to be above Rothesay, the aerodrome seemed to descend rapidly toward the earth. As it fell, they lost sight of it. As described by them, it was larger to the rear end than at the bow. No scheduled air-ship trip to these parts has been heard of, but it is quite possible that one has started from Boston or New York. Ascents at public events are now not uncommon in the United States.

MR. ARTHUR PRIEUR DEAD

Special to The Standard. Montreal, July 15.—Mr. Arthur Prieur, Conservative Organizer during the last two elections for the Montreal district, passed away tonight after being operated upon for kidney trouble. Deceased was a son of one of the men killed from Canada following the rebellion of 1837.

OPPOSITION FALSEHOODS SHATTERED

Continued from page 1. 4. Honest expenditure of public money. ALL OF THESE IT HAS CARRIED OUT TO THE LETTER. (Great applause.) The Provincial Secretary concluded by urging all present to cast their votes FOR MR. MOSHER AND THE CONTINUATION OF HONEST GOVERNMENT. The meeting broke up after eleven o'clock and was given for the King, Premier Hazen, the candidate, and the speakers. Mr. A. P. Stevens, caretaker of the Wyandotte Club house is to be commended for the way in which the hall was decorated for the occasion. The spacious room, which was filled to the doors was tastefully decorated with bunting and spruce.

YESTERDAY'S MARKET WELL SUPPLIED

The market yesterday was fairly well supplied with all kinds of fruits and vegetables. Strawberries brought 8c, while butter and eggs were quoted at 22 cents. The supply of beans was large but sold high at 80 cents a peck, while peas were sold at half as much. Good cucumbers were worth 7 cents a peck, smaller ones being sold at 5 and 6. Onions cost 5 cents a pound and rhubarb 2 cents. Potatoes were sold at 12.25 to 13.50 by the barrel, according to the kind. Lamb was sold at 12c for the forequarter, and 13 cents for the hind. Lamb tongues brought about 5 cents a pound and beef tongue 12 cents a pound. Fish for Friday, however, seemed to be scarce. Salmon, which ought to be plentiful now, are already lessening in quantity. Hardly any shad could be seen. The prices were as follows:— Salmon 16 to 24 cents per lb. Mackerel 18 to 20 cents per lb. Smelt 10 cents. Haddock 15 cents.

CANADIANS WIN WILKINSON CUP AT BISLEY

Montreal, July 15.—The Canadian team made a great beginning at the Bisley meeting today by capturing the Bisley trophy for the first time. One of the greatest exhibitions of rifle shooting on record. This is the eighth time that the cup has been shot for under present conditions and has been taken incidentally by one of the greatest marksmen of the world. The Canadian team has been that made in 1907 by England, 1513. Today Canada won by 1669 thus adding 96 points to the record. Transvaal finished in second place 50 points behind.

Fairville Firemen's Sports.

The Fairville firemen held their sports last evening on their own grounds at Fairville. All the different events were very interesting. The results were as follows:— Ladder Company races—Won by Fred Linton and Chas. Compton. Hose Company races—Won by No. 2 Company. Bicycle race—Won by Chas. Compton. Walking race—Won by Geo. Mason. 220 Yards Dash—Won by Geo. Mason.

THE OFFICIALS WERE AS FOLLOWS:—

Judge—Mr. William Hayes. Timer—Mr. James Mills. Starter—Mr. J. Allingham. One of the sports were over, a short musical programme was carried out, and a very enjoyable evening was spent. Hon. Robt. Maxwell was among the guests.

A SAD HOME-COMING.

Special to The Standard. Ottawa, July 15.—To get home after an absence of two years and learn for the first time that nine of his family are dead, is the sad experience to-day of Joseph St. Amour, belonging to New Brunswick, who returned to his home in April the terrible land-slides at La Salette occurred and of the 33 victims over a dozen have never been recovered. Five of Amour's family were killed and the other four died since. All that remain of the large family of two years ago are his father and son. Amour was working in the bush.

FIFTEEN THOUSAND ELKS ON PARADE.

ST. PETER'S NEED ONE MORE TREATED THE BALL AND WON 5-1

St. Peter's were their batting regulars, feeling Callaghan for nine safe hits. Although they had runs to spare they were not over-favored by fortune, for they had a lot of men left on bases. Jack and Jimmy Did it. A spiffy holding feature marked St. Peter's fifth turn in the field. John Dever at centre field, after he had caught Donnelly out, raced in after Riley's long and low, took a finger-ball grab on it, and batted that by slamming it over to first bag in time to catch Burke, who had miscalculated the fielder's ability. McGowan's one-hoop clasp was a handy thing too, as Dever's throw was, excuseably, not perfect. The big crowd thought it was a good game, and they voiced their sentiments in a way which must have been hard on their lungs.

EVELYN THAW TALKS AGAINST HER HUSBAND

White Plains, N. Y., July 15.—Harry K. Thaw's pretty wife formerly the chorus girl Evelyn Nesbit went on the stand here today and gave damaging testimony against him. It was the strongest point scored for by the state in its fight to keep Thaw in the asylum for the criminal insane at Matteawan. He demands his release through habeas corpus proceedings on the ground that he is a sane man. When today's session was concluded, adjournment was taken until July 26. "Did Harry Thaw threaten to take your life?" Evelyn Thaw was asked direct by Deputy Attorney General Clarke. "Did he at any time say this to you or in this substance: 'I shall have to kill you when I get out of here?'"

THE COURTROOM WAS HUSHED AND EVELYN THAW TURNED APPEALINGLY TO JUSTICE MILLS.

She begged to be allowed not to answer because she said she knew she would incur his everlasting animosity and her attitude indicated she believed he might carry out his alleged threat. She also alleged, with some show of feeling, that she was still Thaw's wife and no matter how he had treated her, she did not want to be separated from him.

THE COURT RULED THAT THE ONLY POSSIBLE GROUND UPON WHICH SHE COULD DESIST TO ANSWER WAS THAT IT WOULD TEND TO INCRIMINATE HER AND ADDED SHE SHOULD ANSWER.

Then Evelyn answered the question. "Yes, he did," she said in a low voice. "What were his exact words?" demanded Mr. Clarke. He said, "When I get out of here I suppose I will have to kill you." "Did he say that?" she asked. "We were discussing his mental condition. I asked him what he meant when he said 'You know I was not crazy on the night that I shot White.' He said 'You know that I missed White by two minutes on the day before.'"

HEAVY THAW ANSWERED THAT HIS WIFE'S TESTIMONY, AS A COURT SAID, WAS NOT SURPRISED AT HER ATTITUDE, BUT HE EMPHATICALLY DENIED THAT HE HAD EVER THREATENED HER LIFE.

"It is very plain to everyone that I did not threaten to kill her. First she says one thing, then another." "Is it true that you made an attempt on White's life on the day before the homicide was committed?" he was asked. "If I had, you would have learned of it before this," replied Thaw. It has been decided to do away with the physical examination of Thaw by the State's alienists and confine the insanity test by the experts to the mental examination of Thaw as a witness.

EVELYN TALKS.

Before leaving White Plains for New York this evening, Evelyn Thaw discussed her testimony today, somewhat at variance to her attitude on the stand. "If the Thaw family had done the right thing by me I would never have taken the witness stand to testify against my husband," she said. "But they wouldn't guarantee me the allowance I asked for when the annulment proceedings were begun. If they had done that I would have been away from here today and get the money I want. I can't go back to the stage. My notoriety would prevent that. The public would say I testified against my husband to make myself

PASTOR FOR FREEDERICKTON

Rev. Neil McLaughlin, pastor of Portland Methodist church yesterday decided to accept the call extended to him by the Methodist church at Fredericton. The transfer will be in a sense be a promotion for Mr. McLaughlin. Although it is smaller than his present charge, it is more influential as it is the only Methodist church at the capital of the province. The salary is larger than at Portland and the parish, now being as large does not necessitate such hard work. He will succeed Rev. J. W. McConnell at Fredericton.

SAINT JOHN, FRIDAY MORNING, JULY 16, 1909.

CONFESSION OF THE LIBERAL SUN.

The St. John Sun is strongly opposed to the Hazen Administration and strongly in favor of ex-Premier Robinson and candidate Bentley. But it laments that Mr. Robinson has not "frankly disassociated himself from a record which the people have condemned and which he had no hand in the making," and has not also "freed himself from burdensome alliance with influences similar to those which destroyed the old Administration." Had Mr. Robinson thus refused to hunt with the business and repudiated the past, the Sun ventures to think that the Government candidate would have been defeated. As it is the Sun hardly looks for Opposition success and it proceeds in this candid way to make this confession of the deplorable state of the party:—

"But in shirking the real issues of the fight, in practically accepting responsibility for this which the people have emphatically condemned, and in associating themselves with a predatory and discredited machine for the purpose—the only conceivable purpose—of receiving therefrom a campaign fund, the Opposition forces have accepted a heavy handicap. They have not only lost the support of many Conservatives who are frankly displeased with Hazen's rule but have forfeited the votes of many Liberals who reserve to themselves the right of personal judgment in Provincial affairs and who sternly resent the shame put upon their party by the plundering greed of a few who in the Liberal name and with Liberal money have seized control of the local party organization and a section of the party press and are using them boldly and unscrupulously for their personal profit. Even if the popular feeling against the Government, together with the magic of the name Liberal, should win this fight for the Opposition, in spite of the auspices under which the campaign is being conducted, the result will not strengthen the Opposition in the long run and insofar as it may tend to clinch the control of the forces which at present seem to dominate the Liberal party in this constituency, will make for the disruption of the party and the destruction of its supremacy."

SENATOR PERLEY.

A great many New Brunswick people will be among those who will be grieved to hear of the sudden death of Senator W. D. Perley. Only a few weeks ago, at the close of the session, he visited his friends in this province. There was then no indication that this was his last journey to his former home and to the friends whom he always remembered and cherished.

Senator Perley was one of the eastern men who found success in the West. He went to the Territories in advance of the railway, took up land, brought more, earned better and more quickly than most pioneers, the laws to be observed in cultivating was to be overcome and iron could be avoided. He acquired a competence by agriculture, so that having some west at forty-five to begin life without means, he was able at sixty to give his farm to his sons, and in this he could have done as well if he had not been a senator.

In politics as in agriculture, Senator Perley found in the West success that he failed to reach in his native province. Had he not just missed election to the Commons in 1878 and 1882, he would probably have remained in the East. The West sent him to the territorial council and then to the Commons. He sat in the senate as a western man, and yet always retained a kindly interest in the province where he was born, and in which his ancestors and family connections had held positions of high trust.

ANOTHER CHARGE THAT FAILED.

Provincial Secretary Fleming promptly meets and thoroughly refutes the last charge made against his innocent statement and the last imputation against his surplus. His statement, found on another page, is clear and final.

Mr. Robinson and his press have made many unfortunate attempts to discredit Mr. Fleming's statement of the Provincial accounts of last year. The ex-Provincial Secretary began by setting forth that the surplus was not genuine because Mr. Fleming did not charge to the year ending last October, expenditure for roads incurred in the following November, and the cost of bridges destroyed in the following January and restored afterward.

Proceeding to other equally ridiculous claims the reader and the organ arrived yesterday at a new and unique invention. The Telegraph in a heavily displayed article, showed that the balance at the credit of the province in the Bank of B. N. A. at the end of October was some eight thousand dollars less than the surplus claimed by the Government.

Having made this subtraction the Telegraph wanted to know who got the money. Now it is a curious feature of the case that the same official statement from which the Telegraph got these figures showed that the Government had money in more than one bank, and therefore the surplus had no particular reason to agree with balance in the British Bank alone. It was all plaitly set forth in the return, but it suited the Telegraph to set the deposit in one bank as all the money the Government had on current account.

In another paragraph the Telegraph took the balance in all the banks at the end of October and found the amount some seventeen thousand dollars less than the balance claimed in the books.

Mr. Fleming shows how it is. The bank closed soon. Money came until the last mail. Other money arrived last was in transmission on the last day

of October. Receipts belonging to the year do not all reach the office on the day the year closes.

This seventeen thousand dollars was not in the bank at noon on Saturday October 31, but arrived almost immediately.

Mr. Robinson kept his revenue account for 1907 open to December, more than a month after the year closed. He gathered in \$100,000 after October and credited it to the year that was past. But while he allowed the revenue account to work five or six weeks overtime, Mr. Robinson began to hide away payments as early as May, some five months before the end of the year. These were kept on suspense accounts until the year closed and then went into the bills of the next year. Had Mr. Fleming followed Mr. Robinson's inclusive method as to collections, and exclusive method as to payments his surplus would have been multiplied by three or four.

One other matter comes out in Mr. Fleming's statement and Mr. Babbitt's despatch. The bank balance at the end of October was reduced by over eight thousand dollars by one payment that did not belong to the current account of the year 1908. This was the sum paid in August toward the overdraft of the late Mr. Fleming. Mr. Sweeney authorized this overdraft.

MR. MORRISSEY.

The Commissioner of Public Works is making friends in St. John county wherever he goes. He is an honest man, a candid speaker, and has already made a reputation as a safe, wise, and just administrator. Mr. Morrissey does not give public money to people who do without earn it. When they do earn it he gives it without a rake-off. This may not be satisfactory to the "buccaneers," "parasites" and "predatory" journals, but it suits the people of this province for a change. Therefore the assaults on Mr. Morrissey do not harm him.

Mr. Morrissey is a Liberal, yet he is singled out for attack by organs and speakers who are appealing for Liberal support. Mr. Copp, who was paid \$25 per day and alleged expenses of some five dollars per day for 36 days investigating Captain Pratt, sneers at Mr. Morrissey for receiving an official salary of \$2,100 a year. The Chief Commissioner has given his whole time to his public duties. His conduct as an administrator has been above reproach. He is not swelling his salary by being above reproach. He is not swelling his salary by Mr. Copp so superior a man that he has a right to sneer at Mr. Morrissey for receiving seven dollars per day? From the Central Railway, Mr. Copp must have received more than a hundred dollars per day, and no one can find that he did anything.

These things are known. Because they are known the sneers at Mr. Morrissey and the attempts of the machine to make it appear that he is not fit to be classed as a Liberal will not do the management and its cause any good. Mr. Morrissey has come to St. John to deal with these traducers on their own-stumping ground. He is found to be all right.

MR. ROBINSON CONTRADICTED.

Mr. Robinson may not be morally responsible for all the iniquity which went on about him, and which he supported by his vote, his candidature and his selection of colleagues from among the chief offenders. But he is morally responsible for the statements he makes on the stump in this campaign. In one of these statements he makes a serious accusation against Mr. W. B. Jonah, barrister, of Sussex. The charge is that Mr. Jonah tried to interfere with the warning of the jury which had to deal with a criminal case in which he was the prosecuting lawyer.

Mr. Robinson says that the deputy sheriff who warned the jury is his authority. Elsewhere will be found the declaration of this officer flatly contradicting the whole statement made by Mr. Robinson. Deputy Sheriff Garland says that there was no interference, and that he did not mention any such thing to Mr. Robinson. Mr. Jonah also sends an emphatic contradiction, not only of this statement of the Opposition, but of another assertion made by Mr. Robinson in that connection.

Mr. Robinson has not been dealt with severely for the deception which kept back the knowledge of the suspense accounts until after the election. But the line must be drawn somewhere.

A SOUND LIBERAL OPINION.

In spite of all that Mr. Sweeney and Mr. Copp may teach and the organ of the "buccaneers" may say, the St. John Globe and Senator Ellis are regarded by this community as sound in the Liberal faith. Mr. Ellis was a Liberal in Opposition when those who now sneer at a Liberal in Opposition when those who now sneer at him were following the Conservative leaders in search of the spoils. He will be a Liberal in Opposition when those who now read him out of the Liberal party, will be swarming back to the triumphant Conservative ranks. More weight goes with the Globe's opinion than with the utterances of a host of mercenararies.

Such expressions as those quoted on another page will be accepted as the wise and sagacious view of a tried and tested veteran in the Liberal ranks. The Globe thinks that St. John county ought to endorse the verdict given last year by the city and by the province. Unless the county electors would like to have the old Provincial regime restored they should vote to keep it out. So the Globe thinks and the opinion is sound.

THE LOCAL TAMMANY.

The Toronto Mail and Empire has been reading the St. John Sun and thus sides up the political situation in this city:—

"The situation indicates that there is a split in the party on this Tammany question. The buccaneering organization is on top. It carries on its operations and furnishes so unworthy a factor in our public life. The opposing force in the party stands for something better, and insists that Tammany be destroyed in order that the party may be saved the disgrace the thing brings. It would be a blessing to Liberalism if the better men in the party would rise in their might and smother the unholy thing against which the protest is made. Nor would the advantage end with the party. For the country as a whole the destruction of a local Tammany would be beneficial, for it would save us much in the way of treasure, and would lead to the consideration of better things."

The Telegraph in its dredging stories makes no mention of the following sums which reached one of the Telegraph owners from dredging expenditure. It represents an unearned increment:—
