PROTOPOFF REFUSES TO COMPLAIN

Notorious Former Minister of Interior of Russia Visited in Prison.

MANY FAMOUS MEN WITH HIM

Prisoners in Bastion of Fortress Believed to Be Well Treated.

CAN SMOKE AND READ ALL DAY

May Write and Receive Letters and Have Friends Visit Them.

Petrograd, Monday, Sept. 24.—As the result of a month's negotiations, after which a decision by Premier Kerezhko was finally reached, the Associated Press correspondents who departed today to inspect the notorious "Troitskiy" Bastion, of the fortress of Saint Peter and Saint Paul, the bastion of Petrograd, where during two centuries there have been imprisoned high-born traitors, pretenders to the throne, assassins of emperors, propagandists of nihilism and bomb throwers, and here today the most hated adherents of the banished autocratic regime are awaiting the nation's verdict. In this bastion are now imprisoned eight exalted criminals.

Noted Prisoners.

They are: General Bennigsen, whose record as a military judge in 1906 during the attempted revolution, constituted a "harmless progress" to Serbia, cleared as exalting if not surpassing the infamies of the noted Jeffrey; M. Bielecki, former director of police and accomplice of agents provocateur; the reactionary former minister of the interior, M. Makaroff, who procured the election of a burglar to the Duma to act as a spy; M. Sikrenoff, accused of serious offences as chief of the "Fury" and "Progress" offices; former minister of justice, J. Chicholovsk, whom the late Count Witte characterized as the most clever, most corrupt man in Europe; Prince Alexander Dolgorouki, the cavalry commander seized last week as supporter of General Korniloff; General Protopoff, once classed as a patriotic member of the Duma, next an oppressive minister of the interior, and lastly the ally and slave of the mystic monk, Rasputin.

No Physical Suffering.

From the condition of a vacant cell, the correspondent gained the impression that so long as the jailer behaves consistently, imprisonment in the Troitskiy Bastion involves no physical suffering.

"All the prisoners, who formerly were compelled to wear prison clothing now wear their own," said M. Bielecki, the procurer. "We supply gratis the ration of a soldier, but the prisoners are allowed to purchase an officer's ration, which all of them do except Protopoff, who declares that he is the cause of Russia's misfortunes, persists in getting a private's fare. The prisoners' friends, who may visit them twice weekly, are allowed to bring certain authorized foods. The prisoners are permitted to smoke, but are allowed no alcohol.

"Most of the prisoners," continued the assistant procurer, "among which are three of Russia's most cultivated citizens, read all day under the restrictions except that newspapers are not allowed. They have little notion of the events of the last six months in Russia and the outside world.

They receive letters and may write them three times a week. The letters are examined by the procurer, but after the revolution the prison administration ceased the practice of testing for invisible ink, which had been in vogue continuously since the reign of Peter the Great. While in the chancery the correspondent examined the roll of past captives among whom were the terrorist assassins, Genshau, and the chemist, Nicholas Morozoff, held in the bastion for twenty-five years, under suspicion of complicity in the assassination of Alexander Iud.

In the roll was an entry of a striking character. It reads: "1906, January 25, Protopoff, Alexis, Maximovich. This is the real name of Maxim Gorky." (Continued on page 2.)

The Germans Deliver a Powerful Attack On British Front

Enemy Succeeds in Gaining a Foothold East of Ypres on Narrow Fronts, But in Desperate Hand to Hand Fighting Teutons Are Expelled.

AERO FIGHTING CONTINUED DURING THE MORNING HOURS AND AT MIDDAY

Successful Raid by British Naval Airmen on German Airdromes at Varsenaere, Flanders, Enemy Sustaining Heavy Losses—French Also Successful.

London, Sept. 25.—The Germans delivered a powerful attack against the British east of Ypres today. They succeeded in gaining a foothold in the British lines on narrow fronts. Hand-to-hand fighting ensued and after another strong German attack the British drove them from their newly won positions and re-established their line in its entirety, according to Field Marshal Haig's report tonight.

The text reads: "Under cover of a thick mist the enemy launched a powerful counter-attack this morning against our positions on the ridge east of Ypres between Tower Hamlets and Polygon Wood. On the greater part of this front the enemy was repulsed but at two points, one just north of the Ypres-Menin Road, and the other immediately south of Polygon Wood, he succeeded in penetrating our lines for short distances on narrow fronts.

Aero Fighting. "On Monday morning a bombing raid was made by naval aircraft on the Varsenaere airdrome. A large number of bombs were dropped, most of them falling among the sheds and hangars and also among the airplanes lined up on the airfield. "The same day a fighter patrol met a large formation of Albatross scouts. One enemy machine was destroyed and another driven down completely out of control. All our machines returned safely.

French Statement. Paris, Sept. 25.—The official communication issued by the war office tonight reads: "The artillery action was very spirited in the region of Hurtebise and Craonne and on the right bank of the Meuse, in the sector of the Bois Le Chateau. "Our airplanes have carried out various bombing operations. In the day of Sept. 24, and last night, 10,000 kilos of projectiles were dropped in the course of these expeditions, notably on the railway stations at Cambria, Luxembourg, Lenguyon and Brielville. Several fires broke out in the structures bombarded.

Finlanders in Cork to the convention was held, by John MacNeill and Arthur Griffiths, the Sinn Fein leaders, urged their followers in this city to follow the example of their Dublin compatriots and let the convention alone.

Sir Bertrand C. A. Windle, president of the University College of Cork, was host to Sir Horace Plunkett, chairman of the convention.

THE IRISH ISSUE MAY BE SETTLED

Convention Reassembles Under Promising Conditions in City of William O'Brien.

Cork, Sept. 25.—The Irish convention reassembled here today the members being the guests of the harbor board at luncheon and visiting local factories and places of interest. An many of the southern and western delegates were never in Belfast before, until the convention visited that city, so some of the northern delegates never had been in Cork. The northerners expressed themselves as delighted with the decision to hold some of the sittings of the convention here.

Favorable Outlook. Though no definite arrangements yet has been reached with the Ulstermen, it is said that the speeches of some of their leaders, couched in very eloquent and friendly language, have given good grounds for hope of a peaceable settlement. Some apprehensions of opposition on the part of the Sinn

FAMOUS FRENCH AVIATOR DEAD

Paris, Sept. 24.—Captain George Guynemer, the famous French aviator, is believed to be dead.

Captain Guynemer, who attained world-wide fame by his exploits, was perhaps the bravest aviator of the war. He was cited in the official French announcement of September 10 for having won his fiftieth aerial victory. An unofficial report despatched a few days earlier said he had accounted for fifty-two machines. He was 21 years old.

Only a little more than two years ago Captain Guynemer was a simple soldier. Joining the aviation corps, he rose rapidly in rank until he attained the rank of captain, winning the Cross of the Legion of Honor, the Military Medal, the War Cross, being almost every other honor which his country could bestow.

The feeling of his countrymen for him, was shown, when the young captain, carrying the flag of the aviation group, marched in the parade in Paris at the celebration of the French national holiday last July. He was greeted with wild outbursts of cheering and covered with flowers thrown by women and children.

Captain Guynemer first came into public notice in February of last year by bringing down his fifth enemy, being recognized as "ace" and earning an official citation. Victories followed in rapid succession and the young aviator, who took part in many spectacular fights, had the narrowest escapes on several occasions. In March of last year he was wounded.

One of the most spectacular achievements of Captain Guynemer was the shooting down of three German airplanes in two minutes and thirty seconds in September of last year. On one occasion he was forced to descend between the French and German trenches, but was able to escape. Guynemer was admitted to the French army as a volunteer, after having been rejected five times by medical inspectors. He operated his airplane alone, serving as both pilot and gunner.

Captain Guynemer is thought to have been killed during a reconnaissance flight over Flanders, on which he left Dunkirk on September 11. Nothing had been heard of him since, and it was assumed that he had been lost, but not until tonight did army headquarters issue a confirmatory report.

REMEMBER THE FRENCH PARENTS

Advice Given to Ontario W. C. T. U. by Rev. H. Mugo.

Cornwall, Ont., Sept. 25.—Speakers at the 4th annual convention of the Ontario W. C. T. U., which opened here today, declared that unless women voted independently when they got the franchise they might as well be without it.

In welcoming the delegates, the Rev. H. Mugo, M. A., pastor of St. John's church, referred to the fact that in Cornwall French parents were weeping for loved ones who had been killed at the front, in the same proportion as the English speaking citizens. He hoped the representatives of the western part of the province would bear in mind when thinking of the French-Canadians.

Two More Attacks By German Airmen Near The City of London

No Casualties Reported to Field Marshal French Up to a Late Hour Last Night—Kent and Essex Coast Crossed.

ONE RAIDER PENETRATES AS FAR AS SOUTHEASTERN OUTSKIRTS OF CITY

Fifteen Persons Were Killed and Seventy-Three Injured in Monday Night's Raids—Canadians Stood Near Place Where One Bomb Dropped.

London, Sept. 25.—Another hostile airplane raid on London took place tonight. There were two attacks apparently, for after a forty minute quiet interval, anti-aircraft guns resumed firing in the London district.

In the first attack, after brisk firing by the defensive guns, lasting only ten minutes, the raiders were driven off without succeeding in reaching the city of London.

The firing of the anti-aircraft guns in the second attack was of only brief duration. The raiders were finally driven off and the police gave out the "all clear" signal at 9.30 o'clock.

GETS TWO YEARS FOR SEDITION

Finlander in Toronto Made Remarks Against Military Official.

Toronto, Sept. 25.—Alexander Auer, a Finlander, was today sentenced by Magistrate Denison to two years in penitentiary for making seditious statements contrary to the defence of the realm act. The charge was the result of information given by Bruce Conklin, a citizen of the United States, who related that Auer, on reading the story in the Evening Telegram that the Swedish consul in Argentina had carried cable messages to Germany, said that a bomb should be placed under a paper that printed such a story, and that if any attempt to conscript him were made, he would shoot the highest officer he met.

CORP. GERARD KILLED

It is announced that Corporal Clyde Robertson Gerard has been killed in action. Corp. Gerard was the only son of Capt. William H. Gerard and grandchild of Capt. Andrew Robertson of St. John. He was born in Sackville in 1897. His father sailed a vessel for M. Wood and Sons, Sackville.

23,035 BRITISH CASUALTIES

Over 100 Officers and 4,430 Men Killed in Week.

London, Sept. 25.—Total casualties in all British ranks in all theatres for week ending today are reported officially to have been 23,035. Officers killed or died of wounds, 163. Men killed or died of wounds, 4,430. Officers wounded or missing, 432. Men wounded or missing, 18,070.

For the week ending September 18, British army casualties aggregated 27,164. The report for the present week includes the operations in Flanders last Thursday when the British made a considerable advance, while in the previous week there was no marked infantry activity on any British front.

GRAIN REPORTS. Special to The Standard. Montreal, Sept. 25.—Breadstreet's report of visible grain supplies shows wheat east of Rockies increased 837,000 bushels; west Rockies decreased 117,000 bushels; Canada, increased 5,786,000 bushels; United States and Canada increased 5,538,000 bushels; corn, increased 655,000 bushels; oats, increased 3,786,000 bushels.

MIDDLEMEN GREATEST OBSTACLE

Hon. W. J. Hanna, Food Controller, Talks to Canadian Press, Ltd.

ARE TOO MANY MIDDLEMEN

To Sell Food at Cost Would Disrupt Economic Conditions, He Says.

RADICAL MEASURES NOT ADVISABLE

Food Speculators and Unequal Distribution Some of Evils.

Ottawa, Ont., Sept. 25.—An excessive number of middlemen is the greatest obstacle to the reduction of prices and under present conditions the adoption of a drastic policy of arbitrary price cutting would mean "temporary run" to every city and town in the country," according to a statement tonight by Hon. W. J. Hanna, food controller, in an interview with the Canadian Press Limited. The statement was made following the return of the food controller to Ottawa after a study of the situation extending over a period of several weeks and after a conference with Mr. Hoover at Washington.

Many Misconceptions.

"I find," said Mr. Hanna, "and the gentlemen who so ably, earnestly and disinterestedly are assisting me find, that very grave and mischievous misconceptions of the duties and powers of the food controller exist in the minds of a number of Canadians. This number is not large and I had hoped that with the passage of time most of the misconceptions to which I refer might of themselves have been cleared away. Since however, they persist and appear at times even to be fostered by writers who have perhaps been too busy to give sufficient thought to the problems they discuss, it is my duty to the public to make the following statement:

"Unless the consumers in the cities of Canada consider their willingness to face a complete disruption of all trades, a total breakdown of real estate values and the utter demoralization of labor conditions in the cities, the food controller cannot possibly accede to the demand made in some quarters to 'cut prices down' to 'sell food at cost' or as it is otherwise expressed, to 'do away with the middleman.' Such goals may be partially achieved.

Will Inform Public.

"How much or how little can be done will be made known to the public from time to time as I find necessary. But however great may be the hardship of present food prices, however popular would be the movement to have the government sell fish or any other commodity at cost, however overburdened Canada may be with the class of people known as middlemen—radical measures cannot be promised upon such terms as I have just indicated.

"I must remind those Canadians, who perhaps are unaware of the facts, that seven main factors may be said to govern the present prices of food.

"First—The disproportion between demand and supply, consumption and production. Food cannot be cheap while there is such a growing disparity between the number of producers and the number of consumers.

"Second—Unrestricted competition between great foreign buyers of food stuffs in our markets.

"Third—Unequal distribution of the available supplies, surplus production in one province being unavailable in provinces in which were shortages.

"Fourth—The food speculator.

"Fifth—The greedy middleman.

"Sixth—The superannuated, unscrupulous, and inefficient middleman.

"Seventh—The hoarder.

FURTHER TEUTON SURPRISE ATTACKS CHECKED

FRENCH FORCES REPULSE THE ENEMY ONCE MORE

Paris, Sept. 25.—Liquid fire was used by the Germans in an attack on the French lines in the Beaumont region north of Verdun last night. The French, however, repulsed the assault with heavy losses to the Germans. The war office so announced today.

The bombardment that has been in progress on the east bank of the Meuse, in the neighborhood of Chamme Wood, was kept up by the German guns during the night.

The statement follows: There was active artillery fighting the Alsace front in the sectors of Hurlbala and south of Jaurivcourt. We checked surprise attacks on our small advanced posts east of Teton and north of Hill 204. On the right bank of the Meuse (Verdun front), the enemy continued the bombardment in the region north of Chamme Wood, and renewed his attacks on our trenches near Beaumont. Notwithstanding the intensive employment of liquid flame throwers, he was repulsed with heavy losses without obtaining any advantage.

MONCTON RAIDS THE WET BELT OF SHEDAC

Moncton, Sept. 25.—Armed with eight search warrants a squad of Moncton police, this morning, acting as county constables, took automobiles and went to Shediac, sixteen miles from here, where the Scott Act is supposed to be in operation. They raided all the hotels and restaurants and found liquor in seven of the eight places.

This, valued at \$1,000, was placed in the automobiles and brought back to Moncton for confiscation under the law. Scott Act prosecutions will be entered against all the places affected. The police state that it will require a special train to bring all the liquor stored in Shediac. It is estimated that the present quantity stored there is valued at about \$10,000.

Special to The Standard. Shediac, Sept. 25.—The raid on the liquor sellers of Shediac by the Moncton police was not entirely unexpected. Shediac dealers having occasionally been prosecuted and fined in Moncton, but aside from the temperance question the action of the Moncton authorities is not generally endorsed here and is regarded by many as an attempt by the police of that city and certain others there to dictate to this town.

Shediac is an incorporated town, with mayor and aldermen and has a police department of its own. It is admitted by the officials that the Scott Act has not been entered here, but the liquor traffic has been more or less regulated. The Moncton officials state that a number of Monctonians have been in the habit of getting their liquor supplies here and that today's raid was a well meant effort to cut off the source of supply and was not to override the town officials of Shediac. Under the law anyone in any part of the county can prosecute in any other section. It is regarded here as decidedly doubtful, however, if Moncton can stop the sale of liquor in Shediac under the Canada Temperance Act.

Five Fined \$25. Moncton, Sept. 25.—A squad of Moncton police, headed by Sgts. Bell, Ives and Webb, visited Shediac town today and armed with search warrants raided some eight places where liquor was suspected of being sold. The police returned to Moncton with about a thousand dollars worth of liquor and this afternoon five persons were summoned before Police Magistrate Stevens and fined as follows: Harry Brown, Sheldon House, 659, Phil MeLennan, 205; Paul Burke, 375; Auguste Lezer, 325; Maurice Gallant, 376; total, \$725. The seized liquor is still in possession of Chief Bisset at the city lockup.

The Police Court. The police court yesterday, a sixteen year old girl pleaded not guilty to stealing a valuable pendant from Mrs. F. H. Nave, West St. John. After some evidence had been taken, the prisoner was sent up for trial. James Peters was fined \$20 for assaulting Mrs. Ada Simms. James O'Brien appeared on a charge of conveying liquor, the property of Michael Bernstein, from the latter's office to his rooms. Hearing was postponed until today.

THOUGHT TO BE LOST. Schooner George M. Warner, Capt. Augustus Haycock, which sailed from New York August 2, for Yarmouth, with coal, is thought to have been lost with all hands, as she has never been heard from since. Her owners are Paul L. and L. M. Hatfield of Arcadia, N. S. She was formerly owned in Digby county and was built at Gilbert's Cove twenty-nine years ago. Besides Captain Haycock, who leaves a widow in Yarmouth, the crew were Mate E. P. Allright of Freeport, N. S.; Cook Levi Porter, Arcadia; Albert Suter, Meteghan, and John McCormack of Weymouth.

MARINE NOTES. A serious menace to navigation is reported by the captain of a steamer arriving at Portland on Thursday, he sighting wreckage of a sunken schooner two miles south of the Orleans gas buoy. The captain stated that the two masts from the sunken vessel were sticking out of the water, heel up, one twenty feet and the other nineteen feet. Between the two masts was a mass of wreckage, including deck timbers and a vessel's rib, all held to the wreck by the rigging. The wreck is probably the schooner, Marie Saunders, stone laden, from Sullivan to Providence, which was sunk August 19.

ALLEGED DYNAMITERS HELD. The nine men under arrest at Montreal on charges arising out of the dynamiting of the residence of Lord Atholstan were arraigned before Judge Saint Cyr this morning and pleaded not guilty. Some of the prisoners treated the situation as a subject for laughter, and earned a severe rebuke from the judge. The men were remanded for trial and will come up at the November assizes.

THE N. B. BAPTISTS ARE IN ANNUAL SESSION, MANY DELEGATES PRESENT

Ministers' Conference Yesterday Afternoon - Committees Appointed - Interesting Papers Read - Associated Sermon Preached by Rev. Mr. Wentworth.

The convention of the Association of United Baptists of New Brunswick opened yesterday in the Charlotte street church with a large attendance of delegates and friends. Though the association programme of meetings commenced with the meeting last evening, a ministers' conference composed of the ministers from all over the province, who had arrived for the convention, was held at 10 o'clock in the afternoon when an interesting programme was carried out.

Ministers' Conference.

The meeting opened with the conference president, Rev. T. W. Bell, in the chair. After prayers had been offered by Rev. M. Addison, H. R. Boyer and Dr. J. W. Brown, the president was authorized to appoint a nominating committee of three. The committee consisted of Rev. J. E. Gosline, Dr. D. Hutchinson and Rev. H. R. Boyer. On the motion of Rev. H. R. Boyer the following was appointed: Rev. D. J. MacPherson and Rev. E. A. Kinley. On the motion of Rev. J. G. A. Belyea all persons present who were not members of the association were invited to a seat in the conference.

Rev. N. A. McNeill then read an interesting paper on "Christianity and Present Problems," in which he spoke out against some of the more prominent evils of the day against which the church has to contend. In speaking of the present war he commended reprisals against the Germans, saying, "Do not call for the usual reprisals in kind against the enemy when some one else is expected to execute them. It is better that our boys should die nobly in the field than that they should stoop to the tactics of the enemy."

The paper created a lot of good natured discussion. Rev. W. J. Brown maintained that the church's ideal would be a high one. Rev. J. E. Gosline, in answering the question that it was not Christianity that had failed, but rather civilization, which is the product of Christianity. Other ministers commented on the paper and then a vote of thanks to Mr. McNeill was moved by Rev. D. J. MacPherson. The following names, which were reported by the conference: Rev. J. E. Gosline, president; Rev. T. W. Bell, secretary; Rev. J. G. A. Belyea, secretary; Rev. A. M. McNeill and Rev. J. E. Gosline, members of the executive committee; Rev. J. G. A. Belyea, secretary; Rev. A. M. McNeill and Rev. J. E. Gosline, members of the executive committee.

An interesting paper was then read on "The Strategy of Christianity" by Rev. P. R. Hayward. He dealt on the strategy of Christianity, the axes, and then dealt with the religious education as the most strategic because it seeks to mould life at its most impressionable stage. Religious education was defined and a practical programme of operation for the local church was outlined. A lively discussion followed the reading of the paper. A vote of thanks to Mr. Hayward was then moved by Rev. J. E. Gosline and seconded by Rev. W. J. Brown.

Among the ministers present at the conference were: Dr. J. W. Brown, Rev. T. D. Bell, J. E. Gosline, S. Perry, M. Addison, D. MacPherson, W. E. Scott, P. P. Dennison, D. Patterson, L. W. Stackhouse, J. U. Corey, H. R. Boyer, C. E. Pines, A. McNeill, C. D. McKenzie, J. H. Jenner, C. A. Bell, C. P. Wilson, G. Swin, D. Hutchinson, L. M. Blakemore, A. Percy, V. B. Gossard, B. S. Cross, E. A. Richelley, H. D. Woodin, M. Addison, P. E. Hennes, A. W. Brown, O. U. C. Chapman, B. Green, S. S. Foster, G. S. Wesover, M. Johnson and E. A. Kinley.

Evening Session.

The evening session commenced at 7:30 with Rev. J. G. A. Belyea, moderator, in the chair. The meeting opened auspiciously with a crowded auditorium which seemed a good omen for the future meetings. Rev. T. W. Bell preached the association sermon, taking as his subject, "The Applied Gospel." Mr. Wentworth is an eloquent speaker and he held the undivided interest of his hearers. He showed how the Gospel could be applied in the daily life of the individual. He stated that people as a rule believed in giving according to their mood at the time, and showed how people ought to give freely without allowing personal interest to interfere. He also touched on the educational and social phases of the applied Gospel.

Today's Sessions.

This morning and afternoon business sessions will be held. This evening addresses will be heard from different speakers on the general topic "Home Missions and the Five Year Programme." The U. B. W. M. Aid Society will also hold a public meeting this afternoon at 8 o'clock at the church.

VANDELPIJN RESIGNS.

Washington, Sept. 25.—Frank A. Vandelpijin, who is president of the National City bank of New York, heads the largest national bank in the United States, has severed his connection with that institution and all other organizations with which he is identified for the period of the war, to assist Secretary Garrison, of the United States Treasury in Liberty Loan.

Raise Potatoes On Eight Square Feet

Possibility of Raising All the Potatoes Needed for Average Family by Having Access to Plot of Ground No Larger Than a Flower Bed.

To produce as many potatoes on eight square feet of ground as would grow in a field of one-fourth of an acre, may suggest something uncanny until it is explained that the grower who invented the plan grows many layers, one on top of another, by a novel method. A Kansas City genius is responsible for the system, which has been successfully invoked for three seasons, and he grows more than enough potatoes for family use on the 64 square feet of space, in his "potato pen."

How Would You Like to Receive a Cheque for \$1000?

You can win a good advertisement from a bad one. Perhaps you couldn't write a good advertisement, because you might be at a loss for words, but if some one else had written the words for you and merely had to select the best words and paste them together, you could probably make a pretty good advertisement.

\$2000 IN CASH PRIZES are offered for the best advertisements of The NEW EDISON

composed exclusively of quotations clipped from newspaper articles which the music critics have written about this wonderful new instrument. It costs you nothing to compete. Professional ad writers and all persons connected in any way with the manufacture or sale of phonographs are barred from the competition.

THE PRIZES ARE AS FOLLOWS:

- \$1000 first
500 second
250 third
100 fourth
50 fifth
and \$25 each for ten best advertisements.

ARTHUR M. HILL OF ST. STEPHEN DEAD

Former Deputy Collector of Customs Passes Away.

Special to The Standard. St. Stephen, Sept. 25.—Arthur M. Hill, one of the best known residents of this town and for many years deputy collector of customs, but retired on a pension some years ago, passed away at Chipman Memorial Hospital this afternoon after a protracted illness. He is survived by his wife and one son, Prof. D. Upton Hill of Acadia University, Henry E. and Edgar Hill are surviving brothers. The funeral will probably be held Thursday afternoon.

AUTOMOBILE RACE FOR WET GOODS

Exciting Chase from Maccaan to Amherst.

Special to The Standard. Amherst, N. S., Sept. 25.—In an exciting automobile race from Maccaan and Amherst Inspector James A. Simpson and Officer Andrew McDonald, the officers made a flying leap into the second car, one of them standing beside a woman. The officers found that they were searching for a case of liquor which had been shipped from Montreal to Maccaan for an Amherst man. The liquor was confiscated.

HOSPITAL SHIP AT QUEBEC CITY

Brought Eight Hundred Canadians Suffering From Wounds.

Quebec, Sept. 25.—The first British hospital ship to arrive at this port since the war began, glided alongside a wharf at the breakwater today with eight hundred Canadians, men of all ranks home from overseas suffering from wounds, etc. The vessel had an unusual voyage. Painted a light color, she presented a great contrast to the vessels which have been visiting this port in their war paint during the past three seasons.

BRUTAL HUN HAS SHAMEFUL IDEA

Would Punish Belgians Again for Alleged Ill-Treatment in Africa.

Amsterdam, Sept. 25.—As fully justifiable reprisals for the alleged ill-treatment by Belgians of German non-combatants in German East Africa, Dr. Carl Peters, a German scientist who some years ago made explorations in Africa, makes the suggestion, which the Hamburger Nachrichten prints prominently to this effect: "That double the number of Belgian men, women and children of superior social standing, be compelled to march in winter time, inadequately clad and fed prison fare, from ten to fifteen times between Constanza on the Black Sea and Riga, on the Baltic Coast."

PRAISES NEWFOUNDLAND.

London, Sept. 25, via Reuter's Agency.—The Daily Telegraph editorially takes occasion to applaud the feats of the Newfoundland regiment and the value of Newfoundland to the empire. It says: "It is already certain that when the war is over no community of the British empire will have better cause for pride at the patriotism and valor of its sons than Newfoundland."

Toronto, Ont., Sept. 24.—Returned soldiers who were affected by the order-in-council of January, 1916, cancelling working pay will rejoice to hear that this order has now been repealed, according to official information received here by the G. W. V. A.

ARGUE N. B. RAILWAY VS. KING IN OTTAWA COURT

Expropriation Cases Heard Yesterday by Sir Walter Cassel—Judgment Reserved—Further Evidence Required in Other Cases.

No less than four cases concerning the expropriation of land by the government for the erection of the grain elevator at Reed's Point were heard in the exchequer court yesterday by Sir Walter Cassel presiding. The following cases, arising out of the expropriation of lands were heard and judgment reserved: King vs. Vassie & Company, Ltd.; King vs. Allison; King vs. Prudential Trust Company, Ltd.; and the King vs. Patric Manufacturing Company, Ltd. After the evidence of both parties had been submitted the judge decided to reserve judgment in all cases. In the first named cases F. R. Taylor in company with the law firm of Barnhill, Fwing & Sanford, appeared for the defendants, and D. Mullin acted for the crown.

The case of the New Brunswick Railway vs. the King, brought out two legal points, which furnished sufficient grounds to have the matter further argued before the presiding judge at Ottawa next month. This is a petition of right brought by the applicant to recover damages for injuries and loss to his lumber land along the line of the International Railway. It is claimed that the fire started on the right of way and spread to the land in question resulting in the destruction of a large amount of timber for which heavy damages are claimed.

REFRESHER COURSE TO BE GRANTED RETURNED MEN COMMENCING OCT 1ST

Returned Men to Be Granted Opportunity of Receiving Promotions—All Will Re-enlist as Privates.

The Military authorities have decided to grant a refresher course to all the applicants who are thought competent to act as instructors at the military depots to be established in the Dominion. The course will open at Halifax on Oct. 1st at the Wellington Barracks, and all returned men who have sent in their application will be required to take the courses and providing they pass the standard set by the authorities they will be given a position in the depot, which it is considered they best can fill. There is no guarantee that the men will be granted a certain rank, as this all depends upon a man's ability and the showing made at the course. The returned men will enlist as a private in the Canadian Expeditionary Force, but will not be permitted to go overseas save in exceptional cases. During the course they will be given the rank of acting sergeant and later will be promoted to the rank which it is considered they are best able to hold.

Parties living outside of St. John and who have received advice of the acceptance of their application, can by writing to the G. S. O. of this command secure the amount of their transportation to Halifax. It is not known definitely just how many from this province will afford themselves the opportunity of this course, but a considerable number is anticipated.

P. E. I. Railways only, so it will fall upon the plaintiff to prove that the I. C. R. This evidence will have to be submitted at the next hearing in the case. As the fire was started by a section man, who, it is claimed, built it to keep the fire away, Mr. Mullin has also entered that in his defence, stating that he was not acting within the scope of his duties in so starting the fire.

PROVINCIAL COMMITTEE ON VOCATIONAL EDUCATION

First Meeting Held Last Night in Government Rooms—Session Mostly for Organization—Director of Manual Training to Make Survey.

The first meeting of the Provincial committee on Vocational Education was held last night in the Government rooms, Prince William street. Fred Massey M.L.A. acted as chairman and Premier Foster, Dr. J. Roy Campbell, M.L.A., Rev. Fr. Tessier, St. Joseph's; Fletcher Peacock, director of manual training and A. M. Belding were the other members of the committee present. The meeting was largely an organizational one and the subject under discussion was the obtaining of the necessary information at home and abroad, to enable the committee to submit a report and recommendations to the next session of the legislature, as to what New Brunswick should do as a beginning to introduce vocational training, and to make the whole educational system minister to the actual needs of the pupils.

The chairman and Mr. Peacock told of what had already been done along vocational educational lines in Nova Scotia, Alberta and other provinces and some of the American states notably Indiana. Information will be obtained from these provinces and states and submitted to the committee. It was decided to have Mr. Peacock make a survey of the province with a view to laying out a plan to submit to the committee.

The question of vocational training for returned soldiers in co-operation with the Dominion authorities was also considered. After the committee adjourned on the invitation of Dr. Campbell they were entertained to supper at his home on Elliott Row where a very pleasant hour was spent.

Pains Over Left Kidney

Warned This Captain That The Kidneys Were Responsible For His Pains and Aches—Freed of Pain and Suffering By a Well Known Medicine.

Hereford, Que., Sept. 11.—Captain Peabody is well known all through this section, and his cure by use of Dr. Chase's Kidney-Liver Pills has aroused great interest in this great medicine. The Captain had been suffering for a long time, and could never get any treatment to afford lasting relief until he began using Dr. Chase's Kidney-Liver Pills. Captain A. Peabody, Hereford, Que., writes: "For years I suffered from indigestion, rheumatism and neuralgia. Lightninglike pains would shoot all through my body, and I also had severe pains over my left kidney and through the hips. I doctored for years and tried all kinds of remedies, but the only result was money spent without relief. At last I read in Dr. Chase's Almanac of his Kidney-Liver Pills and decided to try them. One box made such a change that I sent for five more. Before I had finished them the pains in my kidneys and hips had disappeared, and I was clear of those sharp, shooting pains through the body. I still take these Pills occasionally to keep my bowels regular, and would not be without them, as I have them to thank for my cure."

"I can also speak highly of Dr. Chase's Catarrh Powder & Linseed and Turpentine. The former cured me of catarrh in the head, which caused frequent headaches. I am completely cured of this now, and breathe freely as when a boy. The Linseed and Turpentine proved of great benefit for a bad cough which bothered me continually for three winters. Last winter I took one bottle of the Linseed and Turpentine, and have not been bothered with a cough since."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, all dealers or Edmondson, Bates & Co., Limited, Toronto. Don't be talked into accepting anything said to be just as good. Imitations and substitutes only disappoint.

Montreal, Sept. 24.—This city's deficit will be \$2,250,000, according to a report prepared for presentation to the Board of Control. The shortage of funds is to be felt in every branch of the service from sidewalk and street work to police and fire protection.

THIS MEDICINE WOMEN VALUE

Positively Relieved Suffering. More Convincing Proof. When Lydia E. Pinkham's Vegetable Compound was first introduced its curative powers were doubted and had to be proved. But the proof came, and gradually the use of it spread over the whole country. Now that hundreds of thousands of women have experienced the most beneficial effects from its use its value has become generally recognized and it is now the standard medicine for women's ills. The following letter is only one of the thousands on our file. "I cannot tell what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female troubles so I could hardly drag around and do my work. I was very nervous, and had dizzy spells, heat flashes, and headaches until life was a burden. My husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and I soon began to improve. I continued its use and am now free from all pains and aches that made life a burden. You may use this letter in any way you like for I want the world to know what a great medicine Lydia E. Pinkham's Vegetable Compound is."—Mrs. G. O. LOWERY, 911 S. Barrett Ave., Deming, Texas. Write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for free advice.

This Good Old Remedy

isn't just a purgative. Quite the contrary. It makes purgatives unnecessary by keeping the liver lively. Take small doses regularly—a larger dose only if you're sure you need it. That's been the rule of hearty, sprightly, happy folks for 50 years.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

QUEBEC'S REAL ENEMIES.
In Cornwall, Ontario, yesterday, at the opening of the 40th annual convention of the W. C. T. U. of the Province of Ontario, a Cornwall clergyman made a plea for the French-Canadian of Quebec. He said that in Cornwall "French parents were weeping for loved ones killed at the front, in the same proportion as English-speaking citizens."

There is no disposition to underrate the quality of the Quebec men who have gone overseas to do their bit. That is not where the difficulty lies. What anti-Quebec feeling exists in other provinces in Canada is due to the fact that Quebec is the centre of the opposition to participation in the war—an opposition fostered by unscrupulous partisans and treacherous fanatics of their own political ends.

A GOOD SUGGESTION.
The suggestion contained in the letter of "A Life-Long Liberal," published on this page of The Standard this morning, is worthy of more than passing consideration.

THE WAR-TIME FRANCHISE.
A touch of nationality from the hand of Sir Wilfrid Laurier has forced the Canadian people into a war-time election. His will has prevailed against the desire of the majority of the members of the Canadian Parliament, and in defiance of the will of the people.

THE GOAL SITUATION.
The City Council cannot be congratulated on its decision to drop the proposal to insure a supply of coal for citizens of St. John because its first effort to secure that coal has not succeeded.

AMONG OFFICERS TO REACH HALIFAX IS MAJOR HAROLD PERLEY.
Went Overseas with 140th Battalion—Capt. E. E. B. Smith of 140th Also in Party.

ANOTHER NEW INDUSTRY?
It is to be assumed that Mr. J. Fred Belyea, who, yesterday, asked the City Council for certain concessions as a measure of aid in the establishment of a fish curing and canning plant, is prepared to furnish the Council with guarantees of the practicability of the industry, and his ability to proceed with it.

WOMAN'S CANADIAN CLUB TEA AT THE ARMORIES YESTERDAY AFTERNOON

Fine Hospital for Care of Invalid Soldiers Opened to Public Inspection—Full Description of the Building—The Tea Patronized by Many.

Out of a desolate barracks a fine hospital has been made. This is the general opinion of those who visited the Armories yesterday afternoon on the invitation of the Women's Canadian Club. It was rather felt by some that the public came rather inclined to criticize but found little if anything with which to find fault. The sun streamed in the windows and every thing looked clean and bright. Entering the side doors one finds first the Matron's office, next a small surgical dressing room neatly equipped. The important message room comes next, where it is possible for electrical and massage treatment to be given. There are also on the main floor offices reserved at present as headquarters of K unit, the Hospitals Commission. A part of the big main floor is taken up with two fine recreation rooms one a music room, one more in the nature of a reading and writing room. These are very comfortably and suitably furnished in "Mission" furniture, the music room having a piano, card tables, and provision for games of all kinds to be played. A good library is in the other room. All the floors are hardwood or else covered with the best linoleum to be procured. A dispensary in charge of a returned man is also on the ground floor as is a waiting room. Passing through the recreation room and across a corridor an important place is seen. This is the big dining hall with cafeteria equipment. This service is the most efficient and is much desired in all hospitals. Good

walters are not obtainable now and returned soldiers, who are no longer confined to their beds, find it enjoyable to get their own food which is served directly from the steam table. In this way everything is served at once, and the food is in the best condition. The men seem to like the system and it saves both time and labor for the kitchen staff in the hospitals. There is a long counter-like table with huge urns for tea and coffee, and a steam heated part which keeps the food piping hot. The men, like the ancient Britons get their desserts first but as this is usually a cold one the inverted order does not matter. Next come the vegetables, then the meat, next the soup and last, as most difficult to carry the cup of tea. Judging from the meal that was served last evening the menus are most attractive and appetizing.

The large kitchens are down stairs furnished with every modern improvement, an electric dish washing machine appealing particularly to the ladies. Store rooms, all in perfect order, are back of the kitchen. The food is sent upstairs on lifts. Along a corridor is a ward suitable for more serious cases. This is situated near to a special diet kitchen so that meals here may be served by the nursing sisters conveniently, and in the best way for the patients. Next come officers' and sergeants' messrooms with a sitting room for the nurses at the end of the building. The dietitian's office is at the head of the stairway and a large splendidly stocked linen room is near. A cloak room with a check system may be added later. The central floor of the Drill Hall is subdivided into twelve wards, capable of holding from 12 to 30 men. Excellent sanitary arrangements have been provided, and there are plenty of shower baths, and fixed baths. A number of shower baths have been installed in the basement. Upstairs one finds on the South side cheerful sunny rooms set apart for vocational training. There are four of these well equipped including a typewriter, bookkeeping, and other courses are taught here, and in the pleasant surroundings it would not seem difficult to study. It is proposed to change the work shop to the basement as that will give even more room. A building will probably be taken later to start classes in gasoline engines, (auto-mechanics). Back of these rooms is a room reserved for the V.A.D. On the north side, upstairs are a number of small wards semi-private accommodating from four to ten men, the offices and room of the resident medical officer

and a room which will later be filled up as a medical board room. There is accommodation for upward of 200 patients in the Armory. A mascot has been adopted at the Armory which mascot is in the person of a small colored boy. Aged four years, named 'Ernie'. This little lad is a great pet and has learned to salute like a real soldier. He gave a lesson yesterday for the benefit of the ladies of the Women's Canadian Club with splendid collection of new books and periodicals. The staff of the officers includes Major Curran, O. C., Capt. Lunney, Resident Medical Officer, Capt. Macaulay and Capt. Logic, medical staff. Lieut. Roxborough is in charge of administration and discipline. The Tea. Yesterday's afternoon tea was well attended by upwards of three hundred people. The rooms were prettily decorated with garden flowers and ferns. The tea served was very simple, with bread and butter instead of sandwiches as being more in keeping with food conservation ideas. Everything was dainty and attractive, the serving from the cafeteria by the ladies of the Club lending an air of novelty to the occasion. On the reception committee were Mrs. Kurling, Mrs. George McAvity, and Mrs. Leonard Tilley, with Major Osborne, and Major Curran. The general committee was composed of Mrs. H. A. Powell, convenor; Mrs. J. H. Frink, Mrs. Richard O'Brien, Mrs. J. E. Moore, Mrs. P. Harding, Mrs. V. McLellan, Mrs. D. Pidgeon, Miss M. Knowlton, Miss Gertrude Fleming, Miss Nora Doody, Miss R. McAvity, Miss DeSoye, and Miss G. Leavitt. Members of the V. A. D. in uniform, under Miss Parson, assistant commandant, and Miss Alice Morgan, nursing officer, were in attendance to act as guides through the hospital. Dining room committee—Mrs. H. A. Powell, Mrs. George McAvity, Mrs. J. H. Frink, Mrs. Richard O'Brien, Mrs. J. E. Moore, Mrs. P. Harding, Mrs. V. McLellan, Mrs. D. Pidgeon, Miss M. Knowlton, Miss Gertrude Fleming, Miss Nora Doody, Miss R. McAvity, Miss DeSoye, and Miss G. Leavitt. The specially invited guests included Brigadier General McLean, Lieut. Col. and Mrs. A. H. H. Powell, Lieut. Col. and Mrs. J. L. McAvity, Lieut. Col. Walker, Major Osborne, Capt. Thomas, Capt. Blake, Lieut. Roxborough, Sgt. Paddy, Lieut. Governor Ganson, Premier and Mrs. Foster, Mayor and Mrs. Hayes, Lady Tilley, Dr. E. Lunney, Miss Burns, matron of the hospital and Miss Cox, dietitian. Miss Sherwood, organizing dietitian. Ferns for the dining hall were pro-

vided by Miss Marion Moore and Miss Edith Miller. Through a donation received by His Worship Mayor Hayes, the soldiers' library has been furnished by ladies of the Women's Canadian Club with splendid collection of new books and periodicals. WHAT MARGUERITE SEES AND HEARS. That the president of the Canadian National Suffrage Association who protests against the franchise bill has been a most conspicuous peace advocate it is said. That if the women of St. John want a woman censor they are keeping very quiet about it. That packing Christmas boxes and stockings for soldiers has been a very favorite occupation of many St. John women lately. That the deMotts Chapter, I. O. O. F. is getting out another calendar with quotations given by local and famous people. That even animals can help to collect money as Mrs. Freeman's pony "Magie" has done in Halifax and Mrs. Percy Godenrath's dog "Sandy" in Fredericton. That many people are wondering if the person who dislikes dogs so much that he wishes to prohibit anyone from having pets, really gives much to charity. For it is usually the large-hearted person who is fond of animals. That some housekeepers have given up tablecloths during the war, using doilies as coverings. That tomato is the very newest of autumn colorings. Silver tone is another new name. That earrings are large and long. That black velvet neckbands are returning to favor. Some ladies claim they wear them for the warmth; others say they are in vogue because of slim which ideal is impossible for five feet 140 pounds to attain to, but who cares as long as one is healthy and happy? Those wishing to help give Christmas cheer to the boys of No. 6 Siege Battery will please send contributions of socks or money to Mrs. L. T. Allen, Hammond River, N. B. A WOMAN ASSISTANT. Calgary, Alta., Sept. 25—J. M. Carson, registrar for the province of Alberta, under the military service act, has established a precedent by appointing a woman as one of his assistants. The lady in question is Mrs. Mary Nolan, widow of the late P. J. Nolan, K. C., the well known criminal lawyer.

COMFORT ASSOCIATION. Mrs. George McAvity, president of the Soldiers' Comfort Association, has received from His Honor the Lieutenant Governor of the province the sum of fifty dollars to be used in purchasing Christmas boxes for the soldiers overseas. PERSONALS. Robert Goldie of Rexton, who has been visiting his sister, Mrs. W. T. Girvan, at 101 Elliot Row, is leaving this morning for his home in Rexton, he faced in a short time, but just when the announcement would be made he could not say. Information and statistics have been gathered that will result in the prices of these staples being regulated. In some cases the prices cannot be fixed and the public will be informed why this is a difficult thing to regulate. The price of beef in Canada is determined by the price of beef in England.

AUTO KILLS DEER; DEER WRECKS AUTO

Here is the first case on record of an automobile running down a deer. It happened on the road near Newcomb, N. Y. The machine, a runabout, hit the animal while it was crossing the road. The impact killed the deer and knocked the auto into a gully beside the road. It overturned, and was blown to pieces by a gasoline explosion, the occupants escaped with slight injuries.

When Paul Jones swept the Raging Seas IMPERIAL - P. EVENTS - Rolling and Winsome BESSIE BARRISCALE In the Triangle Comedy of "BORROWED PLUMAGE" Synopsis: "Borrowed Plumage" is a romance of the Georgian period, wherein one sees the movement of gallant men and fair women. Throughout the plot, which is understood to be consistently realistic, despite the patches and brocades of the Georgian period, there runs a vein of comedy as sensitive and delicate as that in Louis N. Parker's "Pomander Walk." Miss Barriscale as Nora, or Madcap Nora, as she is more generally known, is first seen as a kitchen slave in Selkirk Hall, an imposing castle on the Isle of St. Mary, off the Scottish coast, and later as a great lady imposing in silk and satin, but withal fascinating and mischievous. Arthur Maule as Harry O'Donovan, third lieutenant under Paul Jones, is said to have been well cast in the part of this dapper Irish lad.

Kansas City, Mo., Sept. 24.—"If I were this minute a member of the United States Senate, I would be ashamed to sit in that body until I found out some method of depriving Senator La Follette of his seat in that chamber which he now disgraces by his presence there." Col. Theodore Roosevelt declared in a talk today at a luncheon given for Major General Leonard Wood and himself as a part of the middle western patriotic campaign of this city.

Catarrah Deafness May Be Overcome

If you have Catarrah Deafness or head noises go to your druggist and get a ounce of Parmit (double strength) and add to it 1/2 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four-times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrah Deafness or head noises should give this prescription a trial.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get Liquid Arvon at any drug store. It is inexpensive and never fails to do the work.

REVOLT AGAINST BISHOP FALLON IS SPREADING

Ten Thousand French Canadians Decline to Permit Him to Confirm Children—Member of Legislature Charges That Bishop Has Lost Control of Diocese.

Windsor, Sept. 25.—It is estimated that ten thousand French-Canadians from Chatham, Wallaceburg, Big Pine, Fairport, Stoney Point, Belle River and the Ford City parish gathered at the meeting held on Sunday and pledged themselves not to permit their children to be confirmed by Bishop Fallon and not to attend any service where he is presiding.

The male members are boycotting Our Lady of the Lake church. A resolution was passed supporting the request of the protesting members of Our Lady of the Lake church demanding investigation by the attorney-general into the rioting when Father Laurendeau took charge.

Sevin Ducharme, M.P.P., one of the speakers, deplored the lack of tact of Bishop Fallon, who he estimated had lost control of his diocese.

PROFITS FROM HOME PRODUCTS

"SHARED BY EVERYONE"

Profits from the sale of home products are shared by every resident of our city. The manufacturer, the retailer, the consumer—all participate. The manufacturer is able to offer steady employment to his workmen at good wages. The dealer can offer better goods, better values, better service. The consumer gets the advantage of all this—and is in addition assisting in contributing to the general prosperity of the entire community.

The theory of reciprocity—which reduced to its simple terms means "you trade with me, and I'll trade with you" is fundamentally the foundation of this Home Products Campaign. This theory is successful in active practice is demonstrated by the growth of our cross roads settlements into prosperous and thriving communities.

The city in which you live is deserving of your undivided support. You can best lend your support by buying and boosting Home Products.

Around the City

MONTHLY SESSION TODAY. The monthly session of the Public Utilities Commission will be held this afternoon.

CELEBRATE YOM KIPPUR.

Today is probably the most solemn of all Jewish church days. It is the day on which they fast from morning until night in atonement for their sins. It will be celebrated in the city by special services in the synagogues.

NOT YET ESTABLISHED.

It was announced in the city yesterday that the medical boards for the examination of men under the Military Service Act in New Brunswick has not yet been completed. It is expected that this work will be finished by the first of the week.

SCARCITY OF OOD.

Fish dealers in the city report a scarcity of ood and haddock this week. They claim it is due to the fact that the demand has been greater for this class of fish this season and owing to the fishermen not taking in many of the species.

NO ANNOUNCEMENT YET.

No announcement as to the names of the members to constitute the local tribunals in the city to act in conjunction with the men appointed by Judge Armstrong has yet been made. The board of selection are at present in Ottawa consulting with the Military Service Council regarding the matter.

FOUR RECRUITS YESTERDAY.

Four recruits were secured in the city yesterday for local units. The 9th Siege Battery secured one of the number, and the 4th Field Ambulance the other three. Major Westmoreland received a fine recruit in the person of the youngest son of ex-Mayor T. H. Bullock, who reported for duty with that unit yesterday.

SPRAINED HER ANKLE.

The ambulance was called out last evening to remove a lady on King St. who fell and sprained her ankle. The lady was picked up in an unconscious condition by the officer doing duty in this section of the city, but upon the arrival of the ambulance she had regained consciousness and was able to limp home.

A UNIQUE DISPLAY.

T. McAvity and Sons, Ltd., have a very pretty and unique display in one of their King street windows. It is a shipping scene and shows every stage in the existence of a ship. A shipyard is shown with a ship in the course of construction, also one in dry dock undergoing repairs. On the right a vessel is seen afloat and one at the wharf discharging her cargo. In the rear is shown a pretty little village containing the cottages of the shipbuilders.

THE PRIZE WINNERS.

The diet for the lottery which was held at the Bishop's picnic, took place yesterday at the rooms of the St. Vincent de Paul's Society, Water Street. The prize winners are as follows: Ticket No. 1002, merchandise; S. McGuire, 10 King street, West; ticket No. 60, a rookery horse; Mrs. Isaac, gold locket; Charles Parlos, 215 Union street; doll, Miss Cogger, 254 Haymarket square; butter cooler, Mrs. T. Collins, 26 Richmond street; bureau cover, Mr. J. Murphy, 18 Hanover street.

SCHOOL BOYS DID WELL.

All of the eighty school boys who spent their holidays at the increased production, have now returned from the farms. The experiment has proved most successful and both the boys and their employers feel highly satisfied with the results obtained. Between thirty and forty cards have been sent in by employers to the committee which supervises the program. The boys, and these speak very favorably of their work. The boys deserve every credit for the patriotic spirit which they displayed and their willingness to help the farmers to increase the supply of produce, that the soldiers may be well supplied this winter.

THEIR FIRST ANNIVERSARY.

A very pleasant ceremony took place at Valcartier Camp yesterday when Mrs. E. Asherton Smith of this city, through whose efforts the instruments for the Klitje Pipe Band were secured, officially presented them to the battalion. Yesterday was the first anniversary of the 226th, the MacLean's of America, and this was thought a good way to celebrate the day. The battalion was drawn in massed formation and Mrs. Smith on behalf of the individual donors, presented to the battalion two score of pipes and drums, and the Klitje now possess the largest pipe band in the British army. In honor of the day General Paves was pleased to grant a half holiday which the men thoroughly enjoyed. In the evening the popular O. C. Leout, Col. Guthrie, was the guest of the officers at the Quebec Citadel.

WILL ADVOCATE FIXING OF A MAXIMUM PRICE.

Commissioner Wigmore left last night for Ottawa to attend a convention called by Food Controller Hanna to consider the milk and milk products situation.

Commissioner Wigmore will advocate the fixing of a maximum price by the government on feeds, for production for the delivered article to the consumer, as he claims this is the only way to settle the question. He contends that the dealer has to sell at a fixed price, then it is only fair the farmer should not be able to ask more than a certain price, and in order for the farmer to be in a position to produce the milk at a fixed price the government must regulate the price of feed.

SEVENTY-FIVE THOUSAND CARS OF COAL NOW GOING TO GREENBORG, ONTARIO

From That City It Will Be Distributed Throughout Canada—Coal Consigned to St. John to Reach Here Middle of October—R. D. Isaacs, Coal Broker, Gives Some Interesting Figures.

"At the present time 24,000 cars of anthracite coal are coming into Greenburg, Ontario, the distributing point for Canada, and from there are being sent throughout Canada. The coal consigned to St. John will begin to reach the city about the middle of October in quantities large enough to supply the demand, but the price the consumer will have to pay will be high," was the statement made to The Standard by R. D. Isaacs, a coal broker of the city when asked concerning the coal situation in St. John during the winter.

Asked why the people of St. John were compelled to pay from \$18 to \$19 a ton for coal, Mr. Isaacs said, "At that had been set by President Wilson on coal from the railroad owned mines were: Broken \$5.00; egg \$4.50; stove, \$3.50; chestnut, \$5.20 and pea, \$4.25. The other producers would charge an advance of 75c. a ton over the above figures for re-shipment. For delivering it at the Great Lakes ports an additional charge of 5c. a ton would be made. The jobbers delivering it at Buffalo and points east will be permitted to get a profit of 20c. a ton. Delivering it west of Buffalo they are allowed a profit of 30c. a ton. This being the case the broker will not route any coal east of Buffalo for 20c. a ton when he can route it west and get 30c. a ton. Hence this is what leaves Canada in her present condition in regard to anthracite coal. Of course railroad rates and shipping bottoms add greatly to the cost."

"Bottoms on Monday from New York to St. John have been quoted at \$6.40 a ton. This combined with 55c. overhead charge for unloading at St. John along with demurrage and jobbers' fees in New York practically makes hard coal landed by water \$14.75 to \$15 a ton. "By rail we can get coal shipped by what is known as the Adirondack route to Rouens Point for \$2.20 a ton. The distance from the Great Lakes to Rouens Point is about one half the distance of Rouens Point to St. John, nevertheless the freightage from Rouens Point to this city is exorbitant and it is a splendid chance for the great."

NEW GRAIN CONVEYOR TO EXTEND ALONG THE FACE OF WHARF 1,500 FT.

Erection Now in Course of Construction—Timber from Mill Street Conveyor Being Used.

The erection of the grain conveyor at the government elevator near Reed's Point, is now in progress. Work of men were busily engaged yesterday in this work, which is to be rushed with all practical speed. It will be remembered that the old conveyor at the L.C.R. was recently dismantled and the timber transported to the ground on which the new elevator is being constructed. The timber for the most part is in good condition, which warrants its being used on the new plant, especially the heavier beams of the superstructure of the Vagles Engineering Company, Ltd., that the conveyor would run along the face of the wharf for a distance of fifteen hundred feet. They are now erecting the stretch which runs at right angles from Prince William St., continuing to the face of the wharf from this point it will run both ways as far as Reed's wharf on the right side and to the end of the city dock on the left side.

It is hardly likely that there will be sufficient lumber from the old structure to complete the new one and it may be necessary to purchase additional lumber. All other branches of the construction are also being rushed along.

SILVER WATCH FOUND HIDDEN UNDER STUMP

Walter Roberts of Holderville Funder—Was Embedded There for Fifty-Seven Years

Walter L. Roberts made a find on his property at Holderville one day last week which recalled an old story. He was cleaning up a portion of the land and in removing an old stump he found under it a silver watch. He took the watch to the house and on polishing it up found the case to be just as good as ever. Whether the watch was any good remains to be found out. According to the story the watch had been under the stump for fifty-seven years, having been buried there by one of the old-time residents of the place when he was called to go to war. The legend is that he buried the watch and some money and on his return was unable to locate them. It was supposed by the owner that some person had found the hidden wealth, when he was unable to locate his watch and money, but the find of Mr. Roberts proves that so far as the watch is concerned he had forgotten the right place.

PERSONALS

Y. Anthony, of Port Lorne, N. S., arrived in the city yesterday and registered at the Dufferin Hotel.

A. E. McLeod, of Fredericton was also registered at the Dufferin.

J. E. Schurman of Moncton was a visitor to the city yesterday.

James Tilley of Yarmouth is registered at the Victoria Hotel.

Among the guests at the Royal Hotel yesterday was Fred Magoo of Port E. N. S., and E. H. Brown of New Glasgow was a visitor in the city yesterday.

Commissioner Wigmore left for Ottawa last night to attend the Ottawa milk conference.

Mrs. J. D. Hasen, who has been in England for some time, arrived at Holderville yesterday, where she was met by Hon. J. D. Hasen. They will arrive in the city this morning.

BOARD'S RECOMMENDATION WILL AUGMENT SALARY OF C. P. R. EMPLOYEES IN CITY

C. P. R. Employees on This Division Likely to Be Granted Substantial Increase—Will Effect Large Number in N. B.

As a result of the recommendation made by the board of conciliation which has just completed an inquiry into the dispute between the C.P.R. and its station agents, operators and train dispatchers, it is contended that within a short time men occupying positions such as the above in St. John and throughout the province will be granted a substantial increase in salary. The board has recommended an increase of not less than eighteen per cent. for station agents, operators and train dispatchers, and an increase of not less than twelve per cent. for men occupying other positions.

Soft Coal Situation.

In speaking on the soft coal situation Mr. Isaacs made it plain that the situation was serious. He said, "There are some 6,800 miners at the front who have left the coal pits in Nova Scotia closed down for the want of assistance. Montreal this year has been practically left dry of soft coal, no bottoms being available to carry it up the St. Lawrence River. The Montreal has been depending on the United States for her supply of soft coal this winter, but owing to President Wilson's embargo on soft coal and his not allowing any to enter Canada, she has been left bare. The Dominion Iron and Coal Company, which has subsidiaries in Upper Canada, and which is at present in the munition business, is not going to go short, so that all the coal in the short provisions is being run by Montreal as fast as possible to fill contracts recently made. Now with railroads some 4,000 cars short to the harvest, and every car being run from the lower provinces as fast as possible, and taking into consideration that when a car goes west it will not be seen again for four or five months it is easy to see that our great shortage will be our car shortage."

THE STEAMER PREMIER FOR GRAND LAKE ROUTE

Will Make First Trip Next Wednesday—To Carry Freight This Fall and Passengers Next Summer.

The people living on Grand Lake will be glad to learn that another week it all goes well, they will have a steamer service once more. Capt. Coy plans to have his steamer, the Premier, ready by next Wednesday and will make his first trip of the season on that date.

The Premier is a new steamer and will only be fitted for freight traffic this season, but during the winter will be fitted up for carrying passengers. She is one hundred feet long, twenty-four feet beam and will have a large freight-carrying capacity. The hull was built at Meteghan two years ago and brought here late in the fall. Nothing was done, however, to fit her until this past summer, when Capt. Coy bought the machinery of the Hampstead, gave it a thorough overhaul and put it in the new boat. He then put another deck on her and hopes to be ready for business next week. The boat is exceptionally roomy for her size and will carry a big load of freight. She will be commanded by Capt. C. W. McLean and Capt. Coy will act as manager.

MISS MARIE MORRISSEY Contralto, To Be Heard Here October 9th, in Famous Tone Test.

It was announced today that Marie Morrissy, the famous contralto with an instrument from the laboratories of W. W. White, 77 Sydney street, will lecture on Medical Jurisprudence for the coming term, replacing the late Dr. T. D. Walker. This matter had been under discussion by the faculty for some time and they are indeed fortunate in securing the services of Dr. T. D. Walker to lecture on the subject. It is not known how long the hours of lecture on this subject, but it is likely that they will be the same as in previous years. The acceptance of J. P. D. Lewin to lecture on sales has also been communicated to the faculty. It is hardly likely that any further changes will be made by the faculty as all the branches of law for the coming term have been placed in the hands of practical legal men.

The school will open for the term of 1917-18 on Tuesday, October 9th. It is worthy of note here that several of the students who graduated last year have enrolled, while others of the graduating class could not pass their examination. The prospects for a large class this year are encouraging, several having already signed their names. W. E. McMonagle and E. P. O'Toole are the only two seniors of the school entering upon the final year.

MEDICAL JURISPRUDENCE WILL BE DR. W. W. WHITE'S SUBJECT AT LAW SCHOOL

To Replace Late Dr. T. D. Walker—J. P. D. Lewin to Lecture on Sales—Encouraging Prospects for Successful Term.

It was announced yesterday that Marie Morrissy, the famous contralto with an instrument from the laboratories of W. W. White, 77 Sydney street, will appear on the programme to be given in a recital on October 9th. This announcement will be held in the Imperial Theatre, a most pleasing one to the music lovers of this city as Miss Morrissy is one of the most noted contraltos in the country, having appeared with remarkable success in every one of the large musical centres of America. Those who appear in being able to secure the fortune of young singer as the greater part of her time is taken up with her, exceptionally numerous concert engagements.

Miss Morrissy is one of the pupils of the noted coach, Duke Buck of New York, and she is one of the very few singers who have received the unanimous and unstinted praise of every one of the metropolitan critics. During the season 1915-1916 she appeared with more than fifty of the leading musical organizations of the country and her every appearance brought her lavish tributes from her audiences and from the press. Her voice is a rare one—warm, rich and full, and she has a remarkable command of vocal technique. Added to this, she has a personality that wins the immediate sympathy of those who hear her and that lends a rare and unusual charm to her singing.

In an ordinary concert or oratorio engagement Miss Morrissy would command a capacity audience in this city and the added interest that attaches to her appearance in one of the famous recitals of the Metropolitan Opera has made the coming recital the dominant topic of discussion in musical circles.

Miss Morrissy is brought here under auspices of delimit Chapter, I. O. O. F. from whose members tickets may be secured.
