James S. Harquail, clerk of the peace, prosecuted, and Arthur T. LeBlanc defended the prisoner.

I don't believe you have a heart, remarked the leap year girl, who had failed to win out.

Og, yes, I have, replied the hardened traveler. My physician tells me I have a tobacco heart.

A flicking or 57 coin can be quickly followed with Dr. Shoop's Cough Remedy. No other, no choice, nothing unwise or harsh. Sold by all dealers.

## LIBERAL ELECTED FOR ST. JOHN CO.

A. F. Bentley Elected By Majority of 50 Over Conservatives.

A WARM FIGHT.

ST. JOHN, July 21.—A. F. Bentley, of St. Martin, is the new member for St. John county, in the provincial legislature. J. P. Mosher, the candidate of the Conservative government, is defeated by a majority of fifty. People read in the election of yesterday more than the defeat of Mosher; they saw in it another striking blow at the Conservative administration which has now suffered its third successive defeat since placed in power in March of last year.

It was a closely fought battle—on campaign trails they had never seen such a contest. The government threw into the lists its full fighting force. The premier himself, every one of his lieutenants except Hon. Dr. Landry, stumped the county, and with them a big array of lesser lights sought to talk the people out of their well-established opinions.

Hazen himself led the election day workers in Lunenburg and at all the polls the government party had strong forces at work. There was no lack of money and it was freely spent in a vain endeavor to turn the tide.

CAMPBELLTON, NEW BRUNSWICK FRIDAY, JULY 23rd, 1909

Already the June brides are getting married about their papers.

James Lord, a delinquent of St. John, has since the holidays begun, several school children from downtown.

Thirteen New York teachers secured marriage licenses on the first day of vacation. Perhaps they felt they must have somebody to take.

A piece of glass has been taken from the back of a Chatham man. He carried it for twenty-two years without feeling a pain.

Now a white girl is suspected of having a hand in slaying a Chinaman. Either way you take it, harm is bound to follow such racial mixings.

The wedding of an American million, also confined in an asylum just because he took a man's life, appeals to Harry Shaw as something exceedingly funny.

Tell you what, those Chicago university professors are progressive. One of them refused to act in a dining room because the conductor insisted on his wearing a coat.

It looks as though the suffragettes had invaded Montreal and surprised the society taken possession of the moving picture shows, so willing are the proprietors to go to jail for breaking the laws.

A surgical operation had to be performed on an Illinois woman who made a practice of swallowing paper wads. This case ought to be a warning to all habitual devourers of eight literatures.

### EDITOR'S MAIL.

Mr. Editor—I have given a rest to our amiable friends of the Board of Health for this issue, on the smallest subject in order to show the public that they are not only lacking in their duty, but that they are also in their right mind. Your correspondence will bring to your readers' recollection that there is a stinking, about four acres or more from the core of the village of Bathurst, a slaughter house, in which our butchers have been, for a number of years, killing cattle, etc. on more than one occasion different persons who reside at the core, and in the village, have made complaints to the Board of Health of the unbearable, stinking and overwhelming stench, that issues from this place; but all complaints were up to the present, of no avail.

Your correspondence could very truly condemn this odor to a cemetery, which the graves were not filled to, the coffin left open, and the decomposed bodies exposed to the sun and dampness of the atmosphere for weeks or years. This commission will give our readers an idea of the strenuous efforts a person would have to make in order to contend against such a stench.

Our readers will bear me out in my statement, (at least those who are living around the vicinity), that when we have something that affects the following residents, Messrs. W. J. Kent, Alex. Stout, and Donald Hachey to such an extent that they have to close all windows and can have no pleasure nor rest on their lands. One gentleman mentioned above, while building a fence lately, had to abandon his work, it being impossible to endure such a sickening odor.

When the wind is south it annoys the travelling public on the Bathurst Road and St. Anne Road, so that often they have to close up their nostrils while passing along the road. Why is this affair not attended to? Why does not the Board of Health persist in having their butchers burn their stench?

Miss Linda McDermott of John River, Kent Co. has accepted a position as book keeper with McKenna & Trueman.

Rev. H. E. Thomas of Charlotte, town, for a number of years of the Methodist church here, is spending a short vacation with friends.

R. M. Hope of the Bank of New Brunswick, is in St. John. Mr. J. A. Young of St. John is visiting in his absence.

Miss Isabel Cameron entertained a few friends very pleasantly on Wednesday evening. Dancing and cards were indulged in.

R. J. Scammon of Sackville, has been engaged at Dimock's Photo Studio. Mr. Scammon has had wide experience in this line and will take a leading part in art. Dimock's studio work.

We will now return to Mr. James Burke and John Doucet. It is not a fact that most of our people have given doubts, as to Mr. Doucet's visit to the States. Since his supposed return, he has not been seen on our streets, or at church, he being a regular church member, but I must say he has been seen in his workshop by several persons, who have all made the same remark, as to his face being marked with red spots, etc. "Perhaps he was having too much at 'Camp Island' which caused a rash. I would advise the gentleman who is prosecuted, to get a medical man and along with the chairman of the Board of Health, should the Board of Health stand aloof and clear themselves entirely, whilst a gentleman, who looked to the interest of his family, and who perhaps has only made a remark, as almost everyone in town has made, that the smallpox was in that house, is prosecuted and brought up before the Court."

It was not my intention, Mr. Editor, to enter into the column of your paper on this subject for the reason that I have found "Anti-Smallpox" possessed of such much and his statements are true and to the point, that he had undertaken, namely, to prove to the public that the Board of Health was not doing its duty, and also that certain individuals, victims of the disease, have tried to keep it under cover thereby, perhaps, being the means of spreading the smallpox throughout our town.

As I have repeated heretofore, Mr. Editor, my hand would not handle a pen to write, if certain developments had not come within the reach of my ears, which are contained in the following:

"It appears that a certain man on St. Andrew street, is going to be prosecuted by a lady by the name of Mrs. James Burke for, as she claims, using the following words: 'Mrs. Burke, meaning the plaintiff is falling apart with the smallpox.' The paper carried the article, and also stated that before such a remark was used in reference to her, she had a lady of good name, standing and separation enjoying the esteem and good opinion of divers persons."

Your correspondent agrees in every word with the above, in reference to this lady, but it seems to me that her attorney, whoever he may be, is getting rather phlegmatic to make the use of such language. I would not wonder if the lady, who used the remark, had been so unlucky as to become a victim to this disease (which is not a disgrace), would her good name be tarnished from the fact of having the smallpox, or her standing or reputation in society be lessened one iota. I cannot believe it. The same lady has been seen in the streets almost every day. It is simply absurd that any person should use such language as has been said, and used by this gentleman, for no person looking at said lady could see such an expression.

This appears, Mr. Editor and readers, to be a melodramatic comedy, with a good many actors on the scene, and it has lasted for too long a time. It is about time to wind down the curtains and have a tableau for the end.

It was reported some time ago that Mr. John Doucet, who was by the way, is this lady's father, and who resides in the same residence with her, had gone away on a visit to the States, a little before that it was reported that Mrs. Burke had the smallpox, and further, a little while after that, it was again reported that the smallpox was at the residence of Mrs. Doucet, a brother in law of this same lady. Notwithstanding that the chairman of the Board of Health visited the Doucet house, and gave them a clear bill of health, nevertheless, within eight days after, he found it necessary to quarantine said house on account of smallpox. This is sufficient for the Doucet house.

Mr. Editor—During the last few weeks, I have taken notice in the columns of your valuable paper, that a writer who signs his pen name "Anti-Smallpox" has written several articles in connection with the smallpox in Bathurst, and has deservedly recommended our Board of Health in their lack of duty in not repressing the disease.

It was not my intention, Mr. Editor, to enter into the column of your paper on this subject for the reason that I have found "Anti-Smallpox" possessed of such much and his statements are true and to the point, that he had undertaken, namely, to prove to the public that the Board of Health was not doing its duty, and also that certain individuals, victims of the disease, have tried to keep it under cover thereby, perhaps, being the means of spreading the smallpox throughout our town.

As I have repeated heretofore, Mr. Editor, my hand would not handle a pen to write, if certain developments had not come within the reach of my ears, which are contained in the following:

"On Tuesday evening Miss Barberie entertained about fifty friends at a most enjoyable dance. Music was furnished by Miss Theberge, and at a late hour the party broke up."

Miss Ethel Malcolm entertained last night at a tennis dance in honor of her guests, Miss Lyster of Ottawa, and Miss Raymond of St. John. A most enjoyable time was spent by all.

Mr. and Mrs. George Cutler of Boston, accompanied by their three sons, and Messrs. Sargeant and Curtis of Athol, left on Sunday morning for a fishing trip down the Gaspe coast.

Miss Elie Fraser, daughter of Mr. and Mrs. Wm. Fraser, who was recently operated on for appendicitis by Mrs. Lunan and Pinault, is reported doing very nicely and expects to be removed to her home about the middle of next week.

Mr. and Mrs. Charles Purdy of Amherst, arrived Thursday morning from Grand Casapedia and are at the Minnie. Mrs. Purdy was formerly Miss Barbara Butler and made many friends during her stay in Campbellton.

## OPERATION HER ONLY CHANCE

Was Cured by Lydia E. Pinkham's Vegetable Compound

Lindsay, Ont.—"I think it is no more than right for me to thank Mrs. Pinkham for what her kind advice and Lydia E. Pinkham's Vegetable Compound has done for me. When I wrote to her some time ago I was a very sick woman, suffering from female troubles. I had inflammation of the female organs, and could not stand or walk any distance. At last I was confined to my bed, and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound, and now after using three bottles of it, I feel like a new woman. I most heartily recommend this medicine to all women who suffer with female troubles. I have also taken Lydia E. Pinkham's Liver Pills and think they are fine."

Mrs. FRANK EMMETT, Lindsay, Ontario.

We cannot understand why women will take chances with an operation or drag out a sickly half-hearted existence, missing three-fourths of the joy of living, without first trying Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for female ills, and has cured thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, indigestion, and nervous prostration.

It was reported some time ago that Mr. John Doucet, who was by the way, is this lady's father, and who resides in the same residence with her, had gone away on a visit to the States, a little before that it was reported that Mrs. Burke had the smallpox, and further, a little while after that, it was again reported that the smallpox was at the residence of Mrs. Doucet, a brother in law of this same lady. Notwithstanding that the chairman of the Board of Health visited the Doucet house, and gave them a clear bill of health, nevertheless, within eight days after, he found it necessary to quarantine said house on account of smallpox. This is sufficient for the Doucet house.

Mr. Editor—During the last few weeks, I have taken notice in the columns of your valuable paper, that a writer who signs his pen name "Anti-Smallpox" has written several articles in connection with the smallpox in Bathurst, and has deservedly recommended our Board of Health in their lack of duty in not repressing the disease.

It was not my intention, Mr. Editor, to enter into the column of your paper on this subject for the reason that I have found "Anti-Smallpox" possessed of such much and his statements are true and to the point, that he had undertaken, namely, to prove to the public that the Board of Health was not doing its duty, and also that certain individuals, victims of the disease, have tried to keep it under cover thereby, perhaps, being the means of spreading the smallpox throughout our town.

As I have repeated heretofore, Mr. Editor, my hand would not handle a pen to write, if certain developments had not come within the reach of my ears, which are contained in the following:

"On Tuesday evening Miss Barberie entertained about fifty friends at a most enjoyable dance. Music was furnished by Miss Theberge, and at a late hour the party broke up."

Miss Ethel Malcolm entertained last night at a tennis dance in honor of her guests, Miss Lyster of Ottawa, and Miss Raymond of St. John. A most enjoyable time was spent by all.
