JOHN SAVIDANT INSTANTLY KILLED
Supposed He Fell Off Suburban and Went Under Train—
Funeral

Campbellton was deeply stirred by the tragic fatality which occurred at the Andrew street crossing, Saturday evening, when John Savidant, aged 18, a popular young machinist, was instantly killed by falling under the wheels of the suburban, which leaves here for Newcastle at 6 o'clock.

Workmen returning home along the railway track a few minutes after six o'clock, found the mutilated remains. One of the first on the scene was Division Superintendent Devenish, who immediately sent word to the coroner and police. The boy's father, William Savidant, was also among the early ones at the scene of the accident, and recognized the body as that of his son.

The coroner, A. Martin, M. D., ordered the body removed to Graham's undertaking rooms, where an inquest was held later in the evening.

The jury chosen consisted of David Champoux, Alex. Mowat, Donald Trueman, Charles A. Alexander, Henry Currie, Peter McNicol and James Parker.

From the evidence it appears that young Savidant, who was employed at McLennan's foundry, left his work as usual on Saturday at 6 o'clock, and came out with a number of his mates. Near the station they found the suburban just hauling out and Savidant calling on another workman to "come and ham a ride" ran up and climbed on the iron ladder of the box car next to the engine. That was the last seen of him till his body was found near the track, and it is presumed he attempted to jump off when nearing Andrew street and was thrown back under the train. The body was dreadfully mutilated.

The jury returned a verdict of accidental death attaching no blame to the I. C. R. or to any of its employees.

The sympathy of the entire community goes out to the bereaved family. The mother had hardly recovered from the severe shock of the news of her other son's death and is now in a very critical condition. Almond Savidant was killed recently while fighting for his kind and country.

Besides his parents, a brother and two sisters survive.

The funeral was held Monday afternoon and was very largely attended. "A" company of the 132nd Battalion with their bugle band, with muffled drums, and playing the dead march preceded the funeral cortege. The body was taken to the church of Our Lady of Snows, where an impressive service was conducted, after which it was taken to the Catholic cemetery for interment.

LARGER SHIPMENTS FROM RESTIGOUCHE
Lumber Shipments For 1915 Show Healthy Increase Over 1914

Statistics of the lumber shipments from New Brunswick during 1915 show that there has been a large increase over 1914.

Shipments from North Shore ports have been as follows:—

Year	No. of Deals, etc.	Vessels. Tons. Sup. feet.
1914	20	27,828 87,370,851
1915	34	32,793 42,131,020

Dalhousie.

Year	No. of Deals, etc.	Vessels. Tons. Sup. feet.
1914	36	38,601 12,000,000
1915	46	37,415 17,000,000

Bathurst.

Year	No. of Deals, etc.	Vessels. Tons. Sup. feet.
1914	10	7,172 10,779,943
1915	19	17,667 26,126,424
1915	79	44,277 51,579,879

It will be seen that there has been a large increase from the North Shore ports. A recapitulation of the shipments for New Brunswick in 1915, compared with the last three years, gives the following result:

Year	Spruce Deals, etc. Sup. Feet.
1912	245,806,682
1913	270,963,621
1914	217,966,818
1915	325,890,743

As prices were good, the trans-Atlantic wood business was profitable during the year.

RECRUITING NEEDS A STIMULANT HERE
Only a Few Men Being Signed on—Getting Settled in Barracks

Recruiting matters are very quiet here at present, only ten signing on in the whole county last week.

The recruits signed on since last published are:

D. B. Jones, Pensac Jct., N. B.
James Verette, Campbellton.
Wm. Dedam, St. Anne de Restigouche.
F. A. Firlotte, Jacquet River.
Andrew Julien, St. Anne de Restigouche.
F. Rose, Shelburne, N. S.
Nathan Frost, Glace Bay, N. S.
Jos. Arsenau, Green Point, N. B.
W. S. O'Neil, Grand Caspédia, P. Q.
Albert Revere, Quebec, P. Q.
Jos. Arsenau, P. E. I.
Harry P. Callahan, Maple Green.
James A. Gregoire, Kempt Road, P. Q.

"A" company is moving into barracks today. The delay was occasioned by the non-arrival of kitchen utensils and supplies. These arrived this week.

This afternoon the men were being issued blankets, and having bunks assigned them.

Tomorrow (Friday), they will eat their breakfast in their new quarters.

A large number of the men are suffering from severe colds, and some have been confined to their homes through illness, but none are seriously ill.

Recruiting needs some sort of a stimulant as very few men are offering, and plans should be made for a demonstration of some kind.

Recruits wishing to join should apply at the Barracks or at McDonald's Drug Store.

RECEIVES CALL TO DALHOUSIE

Rev. John Hugh McLean the Unanimous Choice for St. John's Church

At the meeting of the congregation of St. John's Presbyterian Church, Dalhousie, held Monday evening, Rev. F. L. Jobb presiding, a hearty and unanimous call was extended to Rev. John H. McLean, at present supplying the pulpit of St. Andrew's church, Chatham. The stipend promised is \$1100 and a manse, with one month's yearly vacation. Commissioners were appointed to support the call when it will come before Presbytery at the regular meeting to be held in Chatham early in February. Mr. McLean did not preach as a candidate at Dalhousie, but was called on the recommendation of some of the ministers of Miramichi who know him and his work somewhat intimately and in whom the congregation of St. John's church has full confidence.

Fair catches of smelts are being taken during these tides. The price, 7 cents, is unusually high and the fishermen will make some money if the run continues. Last year the fishing was a failure.

SUPPLYING ICE

Mr. Thos. Ellsworth is busy filling the I. C. R. ice houses. This will take considerable time as the contract is a large one.

STOLE TOBACCO BOX

Some one stole the box which was placed at the Post Office for the reception of money with which to buy tobacco for the boys at the front. There was a small amount in the box. Pretty small business to steal from our soldier boys.

NO CHANGE IN DALHOUSIE SERVICE

Night Train Still Off.—Citizens Striving to Get it Back.—Poor Mail Service

Dalhousie is still without a night train service. The last train leaves Dalhousie Jct. about 7 o'clock, if the limited is on time, and does not go out again until about 6.30 next morning. A very unsatisfactory arrangement.

Passengers going to Fredericton have to take a day train to Newcastle and stay over until the next day, go by way of St. John or drive from Dalhousie to the Junction. The same applies to the return journey.

As regards mail, matters are as bad. The post office closing is so near the time of the arrival of the train at Dalhousie that if there is any delay the mails are not sorted until the following morning, and consequently there is a delay of twenty four hours in answering important business correspondence.

It's time for a change, politically and otherwise.

CAMPBELLTON TRACK TO BE ON CIRCUIT

D. A. Stewart, M. P. P. Chosen To Represent Campbellton Horsemen

At a recent meeting of those interested in horse racing held here, it was unanimously agreed to apply for admission to the Maritime 1916 Racing Circuit, and to push the matter, Mr. D. A. Stewart, M. P. P. was chosen to look after Campbellton's interests at the preliminary meeting being held at St. John today.

Campbellton now has a first class track and it is felt that a race meet could be held here this coming season, which would be a success.

PATRIOTIC FUND WELL ADMINISTERED

Report of Fourteen Months Work Shows up Well for Restigouche.—More Needed

For over a year now the Restigouche County Branch of the Canadian Patriotic Fund has been standing behind the pledge of the people to see that the dependents of our soldiers are kept in decent circumstances. This has entailed considerable work and time, which has been given ungrudgingly by the members of the Committee, necessitating meetings almost every week since the organization of the Committee.

The committee is composed of the following: Judge McLatchy, President. J. Harquail, Vice-Pres. J. T. Reid, Secretary. P. F. Matheson, Treasurer. Finance Com.—W. F. Napier, D. E. Richards, W. H. Miller, F. E. Blackhall, E. A. LeGallie, Geo. St. Onge. Relief Com.—J. M. MacLean, A. T. LeBlanc, Dr. A. Martin. Visiting Com.—Mrs. A. A. Andrew, Miss L. Duncan, Miss Gertrude Adams.

In addition the Committee has representatives in every section of the County, who are consulted on matters arising within their respective districts. When applications for relief are received, a regular form is filled in and referred to some one of the Committee for investigation. If the facts stated in the application are verified and the family is found to be in need and deprived of their regular means of support by reason of the soldier's enlistment, the Committee usually grant the application. The schedule fixed by the Committee is that adopted by the Montreal branch. All sources of income are taken into consideration and deducted from the gross amount allowed, so that the fund will be conserved as much as possible.

Up to the end of the year Restigouche has been self-sustaining, that is, it has raised sufficient funds to meet its own requirements. All the money collected has been forwarded to Ottawa and requisition is made on the central fund there for each month's requirements and paid out by the Local Committee. The amount of money raised up to Dec. 31st can be seen from the following:

Dalhousie Town	\$28.50
"Salisbury	\$89.51
Durham	\$67.93
Campbellton	\$5748.40
Dalhousie Parish	\$197.95
Interest Credited	\$23.51
Balmoral	\$18.60
Addington	\$168.00
County Grant	\$3000.00

Total from all sources \$11666.50 It will be seen from the above that Campbellton has raised practically half the whole amount and while some of the parishes have contributed fairly well, others are much below the average. This is a matter that should be seriously considered and in future efforts, the importance of standing behind our pledge to support the families of those who are fighting our battles should be kept to the front on every possible occasion. Those of us who cannot fight must pay.

For information of the public the following statement is given showing the payments by Restigouche Branch up to Dec. 31st, month by month:

Monthly Payments of Restigouche	Families Relief Expen.	Total
1914		
Nov.	2 \$65.00	\$12.00
Dec.	17 717.05	15.00
1915		
Jan.	17 322.50	322.50
Feb.	16 285.00	285.00
March	22 611.85	14.23
April	29 553.45	9.79
May	37 733.85	10.42
June	43 1089.50	28.35
July	51 862.00	18.41
August	52 936.50	7.00
Sept.	65 1125.25	48.45
October	65 1100.00	36.06
Nov.	62 1068.25	30.00
Dec.	98 1725.95	20.95

Totals \$11202.25 \$240.86 \$11442.91 It will be noticed that the amount varies month by month, according to the number of families, particularly with regard to last month when the number of families increased from 62 to 98, a result of the successful recruiting efforts for the 132nd Battalion. Already during the present month there have been passed by the Committee 24 applications, making a total of 122 families dependent upon the fund for January. This will require a total of \$2118.00 to provide for the families of soldiers for the month of January and \$25,416.00 to meet the requirements of the year, without making provision for any increase. The total amount required to provide for an increase of three families per month based upon present average payments per family will be \$28,706.00. An increase of six families per month would require \$32,148.00 for the year. This seems a large amount of money but it must be remembered that recruiting has been unusually brisk in Restigouche, in fact we are looked upon as the banner county in this respect. To meet this requirement nothing should be left undone. It would be a splendid thing if Restigouche could place herself in a position to say when Britain and her

GRAPEX LIMITED.

allies have brought the war to a victorious end that Restigouche has upheld her part in the struggle by furnishing all the men and money within her power. Let us see to it that every man does his share.

Another feature of the Patriotic Fund Committee work is the Trust fund inaugurated for the benefit of the soldier's families. It was suggested by the Ottawa Committee that every effort should be made to induce the soldier's wives to save a portion of their money against the inevitable rainy day. Our Committee took up this matter and last summer visited nearly all the families within reach, with the result that the great majority of them signified their willingness to lay by a portion of their money. Accounts were opened for each one in a local bank and each time payments are made the portion allotted for trust fund is deposited in the bank. In this way many of the families are saving considerable sums, so that when the soldier returns from the front there will be a fund to tide him over during the period he will be without work. If the soldier should not return his family will have the benefit of the full amount placed to its credit, together with interest on same. The President and Secretary of the Committee are Trustees of this fund, and the money cannot be withdrawn unless good cause is shown such as sickness, accident, or some extraordinary and necessary expenditure. It is likely that an effort will be made to induce many more of the soldier's dependents to save their money in this way.

The Committee here have lately received instructions from Ottawa to take over the supervision of Bonaventure County, and a number of cases that have been looked after by the Quebec branch have been transferred to Restigouche. This will entail more work for the local committee, but it is hoped it will make for a more efficient administration of the fund in Bonaventure. The wisdom of the founders of the fund in providing for a central fund for the dominion to be drawn upon according to the need of each particular locality, is thus clearly demonstrated.

The Restigouche Branch can justly feel proud of its administration of the fund, particularly with regard to the expenses incurred. As will be seen from the statement above the total expense since the fund was organized has been the exceptionally low amount of \$240.86, covering postage, war tax, stationery, printing, telegrams and telephone and salaries. This is 2.10% of the total expenditure compared to 2.16% for the Montreal Branch, which is considered the model for the dominion, and which spent over a half million dollars during the first year. Another matter in which Restigouche compares very favorably with Montreal is in regard to the average monthly payments per family which is \$17.82 against \$19.69 for Montreal.

"So that my executors may have ready money."
The following is from the will recently probated of a keen, successful, and as they will prove, thoughtful business man:
"Among the important policies on my life which I wish to be put into effect in my will, I am endeavoring to arrange that these policies shall be made payable to my executors so that my executors may have ready money to meet the needs of my family."
The \$27,643 life insurance provided for in this will, property which would otherwise have been the subject of a long and costly legal proceeding, is now being paid to the executors of the estate.
There is no estate, be it large or small, but should be covered by life insurance. A policy which provides for the payment of the proceeds to your children, could not be withdrawn by anyone, because it is made payable to your executors, especially if placed with

PATRIOTIC FUND
At a meeting of the Patriotic committee held Friday evening, five cases were transferred from the Quebec branch to the local branch. These are all in Bonaventure Co. and it is thought they can be looked after here better than from Quebec. Nine local cases were added to the list here. This includes twenty-four children and increases the monthly payments to \$188.50. The list is steadily growing. The report of the fund on another page.

It is expected that the entertainment taking part in each club usually has a large number of enthusiastic followers who accompany the players to whatever town the Bonspiel is held at. The North Shore trophy is now held by the local club, and volunteers are being asked to proceed to the Newcastle to defend it. The date has been fixed for Feb. 9th and 10th.

YORK CENTRE, GASPE

In less than a month, two of the oldest residents of our little place have been removed. On Dec. 15th, 1915, Mr. Abner Coffin passed away and was buried on the 17th, his 90th birthday and on Jan. 10th, 1916, his wife Emily Coffin, was taken at the age of 86 years and 7 months. They were familiarly known to everybody as "Uncle Abner" and "Aunt Emily" and they were both always willing and glad to go to the assistance of anyone in time of sickness or trouble, until the last year or two, when age and infirmity rendered it impossible for them to do so.

During the month of February, Walter C. Day of Campbellton, (formerly of Newcastle), Graduate Turner and Repairer of Pianos and Organs, will make a business tour of the Gaspé Coast. He is an expert in his line, holding first class diplomas and having had over eight years practical experience. CALL 100 WOMEN

Ask them what they think of Zam-Buk and you will be surprised how many of them will tell you it is the best known healing balm, and that it should be in every home. A contest in "Everywoman's World" recently proved this. Women from coast to coast have proved by actual test that Zam-Buk is unequalled for the skin diseases and injuries of children as well as of adults. They have found Zam-Buk different to ordinary ointments in that it allays the irritation as soon as applied, prevents festering, inflammation, blood poisoning, etc., and permanently heals in a very short time. As a mother and head of a family you owe it to yourself to have Zam-Buk always handy!

If you have not yet tried Zam-Buk, get a box at once. Druggists and stores, 50c.

THAT PATRIOTIC GRANT

The representatives of the people met in Dalhousie, considered the request from the Patriotic Committee for a grant for the fund. In answer to the appeal, an amount equal to \$5,000.00 was granted for six months. The County Council in thus answering the appeal, has not listened to the request nor answered according to the need. They may shelter themselves behind the slight applause of some who have not expected much from Restigouche County. In this low expectation is the answer to the attitude of our Council? Where is the balance of the needed money to come from? Are the people of the County depending upon the Town of Campbellton to do as it did last year—make up the deficiency. The heaviest rate-payers of the County

have expressed themselves in favour of a larger sum and the inefficient Council has by its action, thwarted the intentions of its most patriotic citizens and deprived this County from taking the leading position she was beginning to take in the eyes of Canadian people. \$15,000 as suggested in our columns last week was little enough.

DOMINION PROHIBITION

A movement is being started within the Parliament of Canada to pass legislation to prohibit the manufacture and use of intoxicating liquor through-out the Dominion for the time at least, of the continuation of the war.

Should not our citizens answer promptly to the call and further the effort by some way—every way possible. Resolutions might be sent from Societies and churches. Influential people of every shade of politics might get together and make known their wish and thereby strengthen the hands of those moving in this good work. Surely we can learn our lesson before it is too late. We would not care to be considered more obtuse than Russians. The French too, are learning in the school of adversity and have accepted this advanced reform without a murmur. Are we so deeply devoted to our cups that we cannot lay the drink traffic aside, even when we have the highest authority in Great Britain informing us that it—the "rum business"—is a greater enemy to combat than the Germans.

SAW DUST

The County Council cannot be accused of doing things hurriedly.

Strengthen the controlling Legislature by strong inducement that we mean what we are asking for—prohibition.

Smile and pay up in every case to help out war conditions. Even if you can't go to fight yourself, you can put off the "pay" part for future generations.

Contrast French and British air raids on the one hand with that of the Germans on the other—munition arsenals or women and children. Perhaps the French and British are in league with those shell contracting millionaires.

Is it possible that the House of Commons has adopted the tactics of the Restigouche County Council—the more they talk on shell contract, etc., the more days are put in.

Senator Hoke Smith in the United States Congress seems considerably concerned about the invasion of his country over the restraints put upon the American trade by the British Government.—Money-making is put by some men above the claims of humanity.

The regular meeting of the Women's Christian Temperance Union, held in St. Andrew's Hall on the 25th of January was very largely attended, about 60 persons being present.

It was Mothers Day and the meeting was in charge of Mrs. D. Richards, the energetic superintendent of that department.

The following programme was carried out, after which there was a social half hour. Four members were added to the roll.

Piano duet, Mrs. Lunan and Miss T. Lingley.

Paper, Consider the Lilies, Mrs. D. Richards.

Solo, Mother Machree, Miss Hazel Mowatt.

Paper, Mrs. Bruce.

Chorus, Dominion Rally Song.

CONSIDER THE LILIES

When Christ spoke these words He was enforcing a lesson of trust; but they are also the fittest text for another theme. The lily is the symbol of purity, as it is also in its whiteness, God's pattern for a human soul.

At one time when Frances Willard was holding social purity meetings in New York City, one of the speakers said that the first, the most important, the most efficient work for purity must be done by Christians—in their own hearts.

Nor need that surprise you. Have you sometimes heard from Christian lips—lips that declared themselves Christian—the flippant allusion, the unclean jest when outward restraints were removed.

It is told of Gen. Grant, that once when he was present at a party given for Army officers. One of them remarked that, as there was no ladies present, he had an amusing story to relate. But Grant spoke up quickly: "There are gentlemen present, and every heart applauded the manliness of that reply. The reason against repeating such a story lay not without—in the absence of certain listeners—but within in his own self respect.

The pure in heart (then pure in lips, surely!) shall see God. See Him in all His gifts, therefore for them shall earth be holy ground. No one else shall ever see Him, though they walk through Heaven searching. Only for the reverent is anything holy. Reverence fulfils itself in many ways. There is much in the art of not listening. Do you recall in Tennyson's "Idyls of the King" that line descriptive of Knighthood—Who spoke no slander, nor listened to it. A dinner party was given in a certain city during the trial there of a celebrated divorcee suit, which involved a prominent social leader or public man, well beloved. One of the distinguished guests at the dinner, sure, as he supposed of an entertaining topic, remarked as he unfolded his napkin, that he had spent the afternoon in the court room. But the hostess interposed. "Forgive me," Gen. she said, with genuine distress in her tone, but it is sorrowful enough to know that it is going on, without listening to it. The Gen. begged her pardon and led the talk in another direction. Afterward he spoke of her rebuke with approval. It had deepened his respect for women; but he thought it would help most the young men who were present and heard it.

One may not always be in a position to change the subject; but for ill-chosen themes and thoughtless laughter, one can always keep a grave silence. That may be one's protest. And one may carry the art of not listening even as far as the newspapers. It is needed there. The journalism of the better time coming will not conceive news to be scandals, prying personal gossip and the horrible details of crime. They will give their space to the worth-while things of life.

A famous English artist would never look at an inferior picture, lest he should lower his own ideal. He feared to dim, though ever so slightly, the beautiful dreams which it was his life's ambition to paint.

Our greater task is to work out God's thought of manhood and his thought of womanhood, sweet and stainless and strong. Surely we cannot afford to lower our ideals. Some wise writer has said, He whose sight is accustomed to sin has one approach to his soul open—accustomingness. To be used to evil till it ceases to surprise or pain—can we stay white-souled or keep one's vision of lilies?

"But, some one says, evils are in the world; we cannot ignore them. Yes, evil is in the world. Christ's last tender prayer for his disciples plead, Keep them from the evil that is in the world. How?

When you try to help—help to save some victim, help to change condi-

Gin Pills FOR THE KIDNEYS How They Work

Conditions that make wrong possible, then you may touch evil without a stain. Your soul is so in harmony with God there, aglow with the whiteness of his own feeling toward sin. But we can never touch evil with idle curiosity and remain undefiled. It taints even in thought.

There is a pretty legend of a pale little flower that grew in a lonely cleft in the rocks. All day long it gazed at the beautiful sky above it, and loved the beauty, and at night it saw the stars. After many days the flower was found as blue as the sky's beauty, and in its heart, a star. It had grown like what it looked at—as we all do—and there the blue bell was born.

Growing like what we look at. Thoughts shape character! Therefore the whole philosophy of the Christian life is found in Paul's grand verse:

Whatever things are true, Whatever things are honest, Whatever things are just, Whatever things are pure, Whatever things are lovely, Whatever things are of good report; if there be any virtue, and if there be any praise—(there will be evil and ill speaking) but if there be any virtue and praise—think on these things. Would you be noble, be pure, be lovely! Think on these things. Seek the noble, the pure, in the pages you read, in the people you meet, in the world's living. Create the pure, the lovely, in the words you speak, in the thoughts you think.

Till the soul, grown like the lilies in meekness, gains for its rapturous goal. The smile of the Lord, who for joy in their sweetness, fashioned both lily and soul. For joy in their sweetness.

COLLEGE TALKED OF FOR CAMPBELLTON

Carriquet College Lately Destroyed by Fire. It is Reported that the Government is Considering the Location of a New College at Carriquet.

On Dec. 31st, the late Carriquet College at Carriquet was destroyed by fire. This was one of the best Catholic educational institutions in New Brunswick and it was largely attended by boys from all sections of the North Shore, including Madawaska, N. B. and Bonaventure, Que.

Plans are now being made for the rebuilding of this institution, but it has not definitely been decided to rebuild at Carriquet. Naturally the citizens of Carriquet are very anxious that it should be rebuilt there, but before a start is made, other localities which offer advantages as to location, as well as other advantages, will be looked over.

Hearing of these circumstances, a number of prominent Catholic residents recently held a meeting and it was decided to bring the advantages of Campbellton to the notice of the Fathers who have the undertaking in hand. It is felt that Campbellton would be a most central point and if erected here would very shortly have a large number of pupils from the whole northern New Brunswick and Bonaventure and Gaspé. If it should be decided to rebuild at Carriquet, it might be a good idea to endeavor to have another institution of the same kind erected here. Chatham has a very successful college, why not one for Restigouche.

JOHN V. PAYZANT, President. H. A. AUDITORS' CERTIFICATE
We have examined the books and accounts of the Bank of Nova Scotia for the year ending December 31st, 1915, and find that they are correct and that the balance sheet and the statement of assets and liabilities are true and correct in all respects, as well as at another time during the year, and found the same to be correct.

We have also examined all the information and explanation which the Bank has furnished to us in relation to the transactions of the Bank which have come to our attention during the year ending December 31st, 1915, and find that they are correct and that the same are in accordance with the provisions of the Statute in that behalf made.

Convalesce Means to Get Well Not to Keep Sick

AFTER a severe illness lots of people convalesce so slowly that they run the danger of becoming chronic invalids. The habit of ill-health is an easy one to acquire. Yet it is an entirely unnatural habit and ninety-nine times out of a hundred an easy one to avoid. Severe illness drains the nervous power—destroys the tissues and upsets nearly all of the natural functions of sleep, digestion and excretion. To rebuild nerve-force—replace the wasted tissues—bring back the appetite and digestion and restore the habit of natural sleep requires four simple things. If you omit one you delay or prevent complete recovery. They are fresh air—pure water—good food and the best tonic that is procurable:

ZOE-TIC

Is a new and improved combination of glycer-phosphates fine odorless-rendered Cod Liver Oil containing no greases and the best procurable tonic wine. Your own physician will tell you that glycer-phosphates contain the actual elements of the human body in the most assimilable form, and the value of Cod Liver Oil in rebuilding tissue, and tonic wine in rebuilding nerve-force are too well known to need discussion. Zoe-tic has a delightful taste. This splendid preparation is accomplishing what seem like wonders to those who have suffered, and dragged themselves through the day's work to sleepless nights. But it is no wonder to those who know that health is natural—that headache, indigestion and chronic fatigue are unnatural and unnecessary. Zoe-tic simply restores through proper nerve-food the balance of natural joyous health. Dizziness and fatigue disappear when the liver functions naturally. Indigestion, dyspepsia and coated tongue are no more when the stomach digests naturally. Roxy cheeks, joy and zest of living follow nerve-balance as naturally as light follows day-break.

Don't drug yourself—it is often dangerous—always temporary in relief—and as unnatural as taking a pill when you are hungry. Start taking Zoe-tic today—follow faithfully the directions and in 2 weeks' time you can't report real progress toward natural health, return the unused portion of the bottle of Zoe-tic and we will refund your money without question. (7-23)

Everywhere in Canada at the same price. One Dollar for a Generous Bottle. (There is no substitute for Zoe-tic.) Compound of food and tonic essences, by THE ZOE-TIC COMPANY, Montreal.

COLLEGE TALKED OF FOR CAMPBELLTON

Caracquet College Lately Destroyed May be Induced to Locate—Good Location

On Dec. 31st, the Sacred Heart College at Caracquet was destroyed by fire. This was one of the best Catholic educational institutions in New Brunswick and it was largely attended by boys from all sections of the North Shore, including Madawaska, N. B. and Bonaventure, Que.

Plans are now being made for the rebuilding of this institution, but it has not definitely been decided to rebuild at Caracquet. Naturally the citizens of Caracquet are very anxious that it should be rebuilt there, but before a start is made, other localities which offer advantages as to location, as well as other advantages, will be looked over.

Hearing of these circumstances, a number of prominent Catholic residents recently held a meeting and it was decided to bring the advantages of Campbellton to the notice of the Fathers who have the undertaking in hand. It is felt that Campbellton would be a most central point and if erected here would very shortly have a large number of pupils from the whole northern New Brunswick and Bonaventure and Gaspé. If it should be decided to rebuild at Caracquet, it might be a good idea to endeavor to have another institution of the same kind erected here. Chatham has a very successful college, why not one for Restigouche.

NEW FLOUR MILL HANDLES MUCH GRAIN

Great Accommodation for Farmers All Along River and Railway

The flour mill erected here last fall by Robt. St. Onge has been running steadily since Dec. 1st, and has turned out a large quantity of high grade flour.

A representative of the Graphic called at the mill recently and Mr. St. Onge kindly gave him some idea of the workings of the plant and of the quantity of grain handled.

To date over two thousand five hundred bushels of grain have been ground, and it was all locally grown. It has come from as far east as Bellefleur, and as far west as Val Brilliant, while Restigouche and Bonaventure farmers have brought large quantities. Among this quantity was four hundred bushels of barley, which was ground into flour. A large quantity of buckwheat was also ground.

With hardly an exception the farmers were delighted with the flour given them, and all paid cash for this work, as they found it cheaper, considering the present price of flour, to do this.

Farmers throughout this county should grow more wheat next season, as flour may be dearer next year as the war is bound to make prices advance.

IMPORTANT JUDGMENT BY JUDGE TESSIER

Judgment Given in Case Having Important Bearing on Crown Lands

A most important judgment deciding a new point of law was handed down by Judge Tessier, Judge of the Superior Court at New Carlisle, a few days ago, in a case where one Grenier was plaintiff and Aubut defendant. The point decided is an important one on account of the bearing it will have in connection with improvements on Crown Lands in the future.

The facts are as follows. In the year 1900, Gilbert Aubut, of St. Godfroy, squatted on a piece of Crown property. In 1905, while the property still belonged to the Crown, he made over the same to his son, Joseph Aubut. It had been stipulated in the deed of gift that the son was to maintain the father during his lifetime. Shortly after the deed of gift was made, Gilbert Aubut, not being satisfied with the way the conditions of the deed of gift were being carried out, applied to the Crown and purchased in his own name by a grant from the Crown, the land in question. By his will, he made over the property to his other son, Théodule Aubut.

Although this transaction had taken place, Joseph Aubut was not interfered with in the possession of the land during his lifetime, but after his death, Théodule Aubut having the grant from the Crown in his possession, turned towards the heirs of Joseph Aubut and dispossessed them by forcible means. The widow and the heirs, to wit: three minor children, retained the services of the Honorable John Hall Kelly to protect their rights. He took the stand that while the deed of gift in favor of Joseph Aubut was no good because the property belonged to the Crown, that this did not do away with the rights of Joseph Aubut for his improvements made there on as against the party who made over the property to Joseph Aubut and held the heirs of Gilbert Aubut, to wit: Théodule Aubut responsible accordingly.

Théodule Aubut retained the services of Messrs. Bugeaud & Cote, Attorneys of New Carlisle, and took the stand that as the property had belonged to the Crown, and as the deed of gift was not valid, that their client could not be held responsible for the improvements. This view was rejected by the Court.

The Superior Court, presided over by Judge Tessier, has decided that the party who has made the improvements is entitled to be paid for them, and rendered judgment accordingly with all costs against the defendant. Speaking to a Graphic reporter, Honorable Mr. Kelly said that he was pleased with the judgment rendered, because in the past there had been too much of this kind of work going on, but in most cases the parties who were suffering had not the necessary means to take their case to Court. This judgment, he said, will be a lesson to those who would like to act likewise in the future. They will no longer be able to take the stand that they can rob others of their rights simply because the property belongs to the Crown.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A Little Danderine tonight—now—any time—will surely save your hair.

NEW RICHMOND, P. Q.

Memorial service was held in St. Andrew's church on Sunday evening in memory of the late Leo Dorrige of this place, who died of wounds on the battlefields in France. The service was conducted by our pastor, Rev. E. J. Rattee. A large congregation was present. We extend our deepest sympathy to the grieving mother in her hour of sadness.

The induction of Rev. E. J. Rattee into the pastoral charge of St. Andrew's church, which took place on Tuesday the 11th, was attended by a large congregation. Rev. F. L. Jobb of New Mills, Rev. Hugh Miller of Campbellton, Rev. J. R. Miller of Matapedia and Rev. J. M. Sutherland of New Carlisle were in attendance.

Mrs. E. J. Rattee returned on Saturday to her home in Montreal, after a week's stay in New Richmond.

Miss Mona Henderson, Miss Alta Campbell and Miss Brack have returned to Montreal to take up their studies at McDonald College.

Pte. Claude Caldwell of New Carlisle spent Sunday in New Richmond.

Mr. Watson Robertson has returned from a trip to Campbellton.

Rev. E. J. Rattee has left on a trip to the lumber camps of Montgomery and Son's, Limited.

There died at New Richmond on Jan. 9th, Miss Ann Duthie, a native of the place, 84 1/2 years of age. During her life she had never known a day's illness till a few months ago.

Her mind remained clear, and her faculties were unimpaired till the last. She was buried in New Richmond Roman Catholic Cemetery on Tuesday, Rev. Mr. Michaud officiating.

The many friends of Mrs. Leofred Belanger of Campbellton were pleased to see her during the visit she made to her parents, Mr. and Mrs. Albert Fala. This popular lady is always welcome among the friends, who have known her from childhood. Her husband also made a short visit.

Mr. Horace Willett has returned to Memramcook, having spent the holidays with his parents, Mr. and Mrs. Wm. Willett of New Richmond West.

The Municipal election for councillors resulted in the election of Messrs. Angus Campbell and John LeBlanc.

On Tuesday, January 11th, 1916, at St. Andrew's Church, New Richmond, at two P. M., Rev. E. J. Rattee, B. A. was inducted into the pastoral charge of the Presbyterian congregation of New Richmond.

The Presbytery was convened in the vestry by the Moderator, Rev. J. M. Sutherland, and the opening exercises were under his direction.

Devotional services were conducted by Rev. Hugh Miller of Campbellton, N. B. His sermon from the text, "Watchman, what of the night?" was earnest, thoughtful and impressive. The induction followed the questions by the Moderator and the replies by Mr. Rattee were clearly heard through the church, where a large number of people from all sections of the congregation listened with earnest attention to the services, which were deeply impressive.

After the right hand of fellowship had been given by the members of Presbytery, the address to the minister was given by Rev. Mr. Miller of Matapedia.

His remarks were serious and appropriate, being in line with the words of St. Paul, "For I determined not to know anything among you save Jesus Christ, and Him crucified." He laid special emphasis on Bible study and prayer.

Rev. F. Jobb of New Mills, N. B., addressed the congregation in his usual happy and interesting manner, urging the congregation to co-operation in work and prayer.

At the close Mr. James Montgomery, Elder, introduced Rev. Mr. and Mrs. Rattee to the members present. The services will not soon be forgotten, and we join in wishing the new minister, his wife and family a long, happy and successful pastorate in this interesting field.

On Wednesday afternoon a reception was given to Mrs. Rattee at the home of Mrs. R. L. Montgomery, and on Thursday afternoon at the home of Mrs. J. C. Fair, Black Cape, in order that the ladies of the congregation might have an opportunity of meeting Mrs. Rattee.

The hearts of the people in a large part of Co. Bonaventure have been saddened by the sorrowful tidings that Private Leonard Dorrige of New Richmond had died of wounds received in battle "somewhere in France" on Jan. 4th. Much sympathy is felt for the bereaved mother in her loneliness and sorrow. Although her only stay has been removed, no word of repining passes her lips.

On Sabbath evening (16th inst.) a memorial service was held in St. Andrew's Presbyterian Church for the late Private Leonard Dorrige. The name of the brave soldier is among those on the Honor List in the church, and he has been the first called away from the number who have gone from the Municipality.

Rev. Mr. Rattee's address was exceedingly touching and impressive.

NEW CARLISLE

The Rev. James Heron and Mrs. Heron arrived Thursday the 13th to take up their new charge and are now comfortably settled in the manse. Mr. Heron preached in the Presbyterian church Sabbath evening to a well filled church from the text Rom. 1-7, which was very appropriate to the occasion and was very much appreciated by all. The induction service is to be held on the 20th at 7 p. m. in the church here. The rev. gentleman could not make the trip to Port Daniel last Sabbath on account of having a very bad cold, but expects to be in Port Daniel Sabbath the 22nd in the morning, Hopetown in the afternoon and New Carlisle in the evening. Their many friends are delighted and hope that even the disappointment and the long wait has perhaps turned out all for the best, and that good success will follow.

Recruiting is still progressing and up to the present the 17th, 47 have joined the ranks here.

Their first church parade took place Sunday morning past, the 16th. The Roman Catholics marched to the instructor Murphy and to the Anglican church in charge of Private O. Sherar. They will also parade to the Presbyterian church at a later date.
