Casualty Lists Indicate That Boys From the Dominion Are Engaged in the Great Push.

[Special to The Advertiser.] Ottawa, Sept. 11.—Canadian troops recently drafted to the Somme district are again in the thick of the fight. Though detailed particulars are not yet available, the casualty lists for the week-end indicate conclusively that our forces have been engaged in the big offensive, losses which are in the neighborhood of but considerably under a thousand, have been sustained. The normal proportion of killed to wounded is maintained.

EDUCATIONAL EXHIBITS

A large number of exhibits have come direct from the National Exhibition in Toronto to London, hence some delay, owing to the close connections.

GRIDER RIPPED

The pontoons were removed from under the span, which was proceeding upwards on its journey. Everything pointed to a most successful enterprise, when suddenly, with a ripping noise from one of the girders holding the span at its northern corner, the span dropped into the stream at one end. The remaining jacks held the mass of steel for a few seconds while frantic efforts were made to get a chain rope around the tottering beam.

SUPPORTS SNAPPED

With reports like shells exploding, the remaining supports snapped and the span disappeared with a mighty splash in the river. Men working on the span itself were seen to jump into the stream. Boats were at once rushed to the spot and several were picked up. It was estimated there were 90 men on the span.

MAY BLOCK CHANNEL

Arrangements were at once made to send down divers to see if the ship channel had been blocked and to see if it would be possible to raise the span. The engineers who saw the collapse expressed doubts as to whether it would be practical to get the span up again.

CORNER GAVE WAY

The engineers in charge of the elevation thought that once the span was lifted from the pontoons the jacks would have held it until it reached the roof of the bridge above. An on-looker engineering said that, apparently, one corner gave way and the strain on the span itself was too great, because it appeared to break in the centre as well.

FELL INTO RIVER

The collapse happened just at a moment when steamers were hoisting loudly, acclaiming the progress being made. Several men on the extreme height of the bridge, pines compared with the giant structure, were seen to be bowing acknowledgment. Some onlookers claimed two of these men overbalanced when the break occurred and fell into the river.

WOMEN FAINTED

Dozens of women on ships and on shore shrieked and a number fainted when the break came. Since the adventure began this morning the onlookers were kept up to the highest pitch of excitement by the obvious danger of the enterprise. First reports of survivors gave the number of dead at sixteen to twenty.

ST. LAWRENCE BRIDGE COMPANY

The St. Lawrence Bridge Company, which was constructing the bridge, through its officials promised a statement of the number killed as soon as it could obtain one by a roll call of the men on the span.

RECRUITERS WILL BE BUSY DURING FAIR WEEK HERE

Board Grants Banner Privileges at Meeting Today.

SPEEDY EXAMINATION

Recruiting Offices Have Been Moved to Ground to Expedite Work.

At a meeting of the board of fair directors today it was decided to allow the military units of the city and district all privileges in securing men at the grounds during the week.

Nearly every unit authorized to accept recruits from this district will have representatives at the park, but it is stated that the campaigns will be quiet ones.

Major H. A. Kingsmill and Capt. Henry Irvine, who have been in charge of the recruiting office at the armories, will be in charge of the general recruiting office at the exhibition grounds throughout the week.

The 241st Kilted Battalion will have a squad of twenty men or more on the job and will accept recruits at the armories as well. The party arrived in the city on Sunday in automobiles from Windsor and commenced its campaign early today.

The Cycle Corps which has been authorized for this district, with Lieut. J. W. McVean in command, will endeavor to secure thirty recruits. The nine already obtained will represent the corps at the fair grounds and throughout the city.

CITY BREVITIES

MEETING THIS AFTERNOON.—The board of control will meet this afternoon. There is little business to be disposed of.

FURNISHED MUSIC.—The Elgar Ladies' Quartet of London furnished the music Sunday at the anniversary services of the Bethel Methodist Church, Appla.

THE DAMAGE WAS SLIGHT.—A small fire took place at Kettler's coal and wood yard at 12:30 Sunday morning. The fire started from a spark from a locomotive into the coal sheds, causing a damage of \$50.

INVESTIGATING COMPLAINTS.—Complaints have been made to the Advertiser that the comfort station on the market square was closed on Saturday between 12 and 1 o'clock. The complaints have been sent to City Engineer Brazier, who will conduct an investigation.

IS SEEKING HER BROTHER.—Mrs. McIsaac of Hamilton has written to police headquarters stating that she is very anxious to locate her brother, John Campbell, who is in London. There are many people of that name in the city and district, but the police are endeavoring to locate Mrs. McIsaac's brother.

BRIDE WAS SHOWERED.—On Thursday evening last about 35 girl friends of Mrs. M. A. Russell, formerly Miss Gladys Curtis, tendered her a shower at the home of Miss Lola McCleish. They presented her with a handsome table mirror and a handsome case of silverware. A most enjoyable evening was spent and lunch was served by the hostess.

DEATHS AND FUNERALS

DIED AT MOUNT BRYDGES.—Mrs. Annie Cobbold, aged 24, wife of William Cobbold, died unexpectedly at her home in Mount Brydges on Sunday. She was a daughter of Mr. and Mrs. George Fisher of the Burwell road. Besides her husband and parents she is survived by seven sisters and three brothers.

PERSONAL

Mrs. Niven and daughter have returned from Minnoganashone.

Dr. D. C. Tennant and wife of Toronto, are spending their holidays with Dr. and Mrs. J. H. Tennant, at 273 King street.

Rev. A. C. Calder and family of Wallaceburg are spending a month's vacation in London and Lucan. During his absence the services will be taken by Rev. J. Edmonds of London, and Rev. E. N. Harding of Windsor, formerly of London.

Mr. and Mrs. Thomas Thalen of 344 Elias street, city, announce the engagement of their daughter, Alice, to Harry Kreve of Los Angeles, formerly of Chicago. The marriage to take place the latter part of September in Los Angeles.

SARNIA, Sept. 10.—J. J. Parrott was charged with sending letters containing obscene matter through the mails to his wife, Sophia Parrott. The couple have not lived together for some time and Parrott admitted writing and posting the letters, but pleaded abatement.

PROMOTION GIVEN SENIOR MAJOR OF WELLINGTON UNIT

Appointed Lieut.-Colonel and Transferred to Headquarters

PROMOTION DATED BACK

Runs From Relieving of Lieut.-Col. Craig to Appointment of Lieut.-Col. Pritchard.

Major Kelly Evans, who was senior officer at the time Lieut.-Col. Craig was relieved of the command of the 153rd Battalion and who brought the Regiment into camp at London, has been appointed lieutenant-colonel in command of the regiment from the date of its arrival at Hill Crest Camp and has also been transferred to the headquarters staff of this division to date from the appointment of Lieut.-Col. Pritchard as commanding officer. Lieut.-Col. Evans' connection with the 153rd Battalion is thereby now terminated.

Graduate of R. M. C. Evans is evidently in recognition by the department of the efficient services of this officer while in command, it is said. It is generally understood he was recommended by divisional headquarters to command the regiment shortly after its arrival in London.

Lieut.-Col. Evans is a graduate of the Royal Military College and was born in Toronto, and while he lived in Guelph for some time he was not generally looked upon as a County of Wellington man. A considerable section of the people of the county outside of Guelph were most insistent that a county man should be appointed to the command, and there is no reflection whatever on Lieut.-Col. Evans' military qualifications to command in the selection of Lieut.-Col. Pritchard as commanding officer.

It has been felt that with a county man at the head of the regiment, the habits would be facilitated, and it is certainly to be hoped this view will prove correct and that the regiment soon will be filled up to strength.

Retirement Was Expected. The retirement of Lieut.-Col. Evans from the 153rd is a more or less expected development of the situation in connection with the Wellington County unit. Trouble started with the appointment of Lieut.-Col. J. J. Craig to the command of the battalion when authorized. As a county man, he did not meet with the approval of all classes, especially in the city of Guelph. His personal habits were also brought into question, with the result that when the unit moved to London for the summer camp he was relieved of his command, and the battalion was brought here by Major Evans.

Although Major Kelly Evans was considered to be a capable officer, and was recommended for the post of commanding officer, nothing was done by Ottawa authorities in that direction, and conditions went from bad to worse until it was decided to split the unit up and five platoons were actually ordered to be transferred to the 111th Battalion. Instant opposition arose to this from Wellington County people, with the result that the order was cancelled.

LONDON OFFICERS POISONED BY FISH

Lieut.-Col. Graham Reported To Have Been Critically Ill.

According to information given The Advertiser, Lieut.-Col. C. M. R. Graham, commander of "London's Own" Battalion, had a close call for his life at Camp Borden last week when he and some of the other officers were poisoned by fish they had eaten.

HOPE TO SEE END OF PLAGUE BEFORE MANY MORE WEEKS

Infantile Paralysis Gradually Dying Out.

NO NEW CASES LOCALLY

Reopening of Schools Has Not Been Attended by Any Increase in Disease.

Infantile paralysis, that dreaded disease of early childhood, which has long been an incubus over the heads of the children of America this summer, is gradually dying out, and a few more weeks it is hoped will see its complete extermination for this year at least.

The approach of the cooler weather has reduced the epidemic to such an extent that in a short time no new cases are expected to develop. Scientific study has shown that the disease is particularly active during hot, humid weather similar to conditions of the last three months.

The reopening of the city schools, it is thought, would have a tendency to increase the case, but on the contrary not one single case has been reported from the schools.

The teachers of all the city schools are co-operating with our department in a wonderful manner, and are deserving of the greatest praise in their efforts to guard against any appearance of the disease in the schools.

Only two cases are present in the city, both in the strictest quarantine, and the disease is well guarded against.

PARTNERSHIP LEGAL TANGLE IS SETTLED

Judgment Given in Toronto Over Stirtion-Dyer Case.

At Osgoode Hall, Toronto, on Saturday, judgment was handed down by Justice Middleton in the weekly court action of Stirtion vs. Dyer, a sequel to the dissolution of partnership in the Stirtion-Dyer Cigar Company of this city, now conducted by Aid. J. J. Dyer.

The judgment, in full follows: Stirtion vs. Dyer.—R. G. Fisher (London), plaintiff, moved for judgment on report, G. C. Gibbons, K.C., for defendant Cole, E. C. Cattanech for defendant Dyer.

Judgment: Having regard to the nature of the action and the result of the litigation on the issues, I do not think I should make a general award of costs in plaintiff's favor, or that I should direct contribution. Any principle of apportionment by the taxing officer would be difficult to work out, so I cut the knot by directing judgment for amount agreed on in plaintiff's favor as against Dyer, with costs fixed at \$350. If, as said in affidavit filed, Dyer has any assets payable to him under any inter-judicial order such costs will be deducted from amount fixed, or may be credited on judgment when they are paid. So far as Cole is concerned, misadventure as a trustee in refusing to accept before action has been found by the master, and I think he should not receive costs, nor should costs be awarded against him. Had he accounted before action he could have paid the money in his hands into court and he need not have been a party to the controversy between Stirtion and Dyer.

GOOD SONG SERVICE

Choir of Memorial Methodist Church Pleases With Work.

The choir of the Memorial Methodist Church rendered a pleasing song service last evening. A solo by Mrs. Simpson was much appreciated. The sermon by the pastor, Rev. A. C. Telford, entitled "A Unique Preaching Service," received favorable comment.

The choir is preparing a series of song services for the coming months. Continuing the speaker dwelt upon the two elements that went into the making of man, "Just," created by God and "the breath of life" not created, but "breathed."

Denial of Darwin's Theory. "Subtract," said Dr. Dougall, "the divine element in any man, and there would remain the highest kind of an animal. All the age-long history of the world would be involved in that bit of animal dust, physical part of a human being. But it would not be human being. Man never ascended from a monkey more than a monkey descended from a man. No animal ever became a man. Man was born when God took the noblest, highest of physical beings and breathed into its nostrils the breath of life. It was this mysterious, incomprehensible addition

SYMPATHY STRIKE MAY TIE UP MANY NEW YORK TRADES

'Longshoremen and Engineers May Be Next To Go Out.

WOULD HELP THE CARMEN

Effort to Call Out All Union Workers of New York and Vicinity.

New York, Sept. 11.—All members of trade unions in New York, Yonkers, Mount Vernon and New Rochelle found themselves today active factors in the dispute between the Interborough Rapid Transit Company and its employees. The various individual labor organizations in these cities served by the interborough and its subsidiary companies, received the appeal drafted by the central labor bodies last night, requesting a sympathetic strike of all organized wage-earners in their jurisdiction "in support of the contention of the street railway men for the right to organize."

Central Committee Formed. Since the response to this appeal must be decided by vote of members several days must elapse before the result will be known. A central labor committee has been organized, however, and daily meetings will be held to direct a sympathetic general strike in case it is called. Labor leaders declared that strikes might be called without delay in trades directly affecting the operation of street cars, such as the longshoremen, who handle coal barges and the engineers who work in the powerhouses.

Strike Has Spread. While the elevated and subway lines continued running today without apparent interruption, the strike on the surface lines has spread rapidly. Union officials assert that 11,000 men are on strike. Not a carwheel turned all day Sunday in Yonkers, Mount Vernon and New Rochelle, and every surface car stopped running last night in Manhattan and the Bronx. Also, after these two boroughs had received an extremely limited service during the day. The seriousness of the situation has caused citizens to turn for relief to the municipal government. It is expected that the public service commission which has been investigating the strike will make a report some time today, placing responsibility for the situation, and throwing its official influence into the balance to aid the side whose contention is upheld.

How Typos Stand. James Doherty, president of the Typographical Union in this city, asserted, after he had been informed of the action of the union delegates at their meeting that members of the Typographical Union have been invited to join with the American Newspaper Publishers' Association that no declaration of a strike can be made by the local officers of the union independently. The order, he said, would have to be issued by the international officers, who are located at Indianapolis, Ind. It would be necessary, he added, to give the publishers 48 hours' notice before a strike was declared.

ST. JOSEPH MAN FINED FOR VIOLATION OF C. T. A.

May Be An Appeal—What Constitutes "Personal Use"

[Special to The Advertiser.] CLINTON, Sept. 10.—The adjourned case in which M. Cantin of St. Joseph was charged with having brought liquor into the C. T. A. county of Huron for other than his personal use came up for argument Saturday before Police Magistrate Andrews and a fine of \$50 and costs was registered against him. The case has aroused considerable interest throughout the county and brought up the question as to what constituted the meaning of "personal" or "family" use, as mentioned in clause 117 of the Canada temperance act.

Crown-Attorney Seeger, who conducted the case for Inspector Torrance, brought out in the evidence of the constables who made the seizure and also from Mr. Cantin himself, that during the last three months from \$300 to \$500 of liquor had been brought in by the defendant, also that a wedding took place in his home recently where a number of guests had been served, and that for the last twenty-four hours he had entertained friends and guests at his home and used liquor on his table in the same manner as tea and coffee.

Mr. McEvoy of London claimed that Mr. Cantin was quite within his rights; when a guest cared to accept of the hospitality of his host, Cantin could legally give him the best he had. The magistrate in summing up the case said that it was quite evident from the evidence submitted that Mr. Cantin had ordered the liquor and had it brought in for the purpose for which it had been used, and that this was a violation of the C. T. A.

Mr. McEvoy on behalf of Cantin asked for ten days to consider whether he would put in an appeal or not.

RED CROSS FIELD DAY A SUCCESS IN BLYTH

[Special to The Advertiser.] BLYTH, Sept. 10.—The Red Cross Society held a successful field day on the agricultural grounds. The committee is to be congratulated on the success, which is more commendable considering that in London arrangements were made during the week. There was a splendid crowd in to see the games. The races were all for children, and were keenly contested. The most interesting event of the day was a baseball match between the young ladies of Harrook and Blyth, which resulted in favor of the latter. There were some good plays made on both sides.

The receipts amounted to about \$75. The Blyth band furnished some splendid selections of music, and in the evening held a concert in Industry Hall, which was well attended. This closed one of the most successful day's sports that Blyth has had for many a year.

BRITISH CAPTURE GINCHY AFTER FURIOUS FIGHTING; OPENS WAY TO COMBLES

Throw Germans Back Between Thiepval and Pozieres—All Ground Held Despite Enemy's Counter-Attacks—Marked Advance Made in Week.

London, Sept. 10.—By an attack made yesterday on a front of about three and a half miles, in which there was severe fighting, British captured the whole of Ginchy and the territory between that village and Leuze wood (lying between Ginchy and Combles), and advanced 400 yards on a front of 500 yards east of Highwood, which is about two miles northwest of Ginchy.

In addition to this 600 yards of German trenches were captured northeast of Pozieres, extending the British wedge between Pozieres and Thiepval. The fight of the past week, as stated in an official statement, had advanced from 200 yards to 3,000 yards. All the ground captured has been held notwithstanding German counter-attacks.

The capture of Ginchy places the German base at Combles in a trap, with the French closing in from the south and the British from the north.

The official communication issued this afternoon said: "All the ground gained yesterday has been held, and our gains were further extended last night and this morning."

"Prisoners are still coming in and the full number taken cannot yet be stated. A counter-attack northeast of Pozieres during the night was easily beaten off.

Week's Important Fighting. "As a result of heavy fighting during the past week our line has been advanced on a front of 6,000 yards to a depth varying from 300 yards to 3,000 yards. Severe defeat and heavy losses have been inflicted on the enemy and the important and strongly defended localities of Palemont farm, Leuze wood, Guillemont and Ginchy have been wrested from him, despite his utmost efforts to retain them. The spirit and dash of our troops during this period of severe fighting in the face of frequent and determined counter-attacks and constant and intense artillery fire has been magnificent."

"The fine work of Irish troops from Connaught, Leitrim and Munster, already mentioned in connection with the capture of Guillemont, was carried on yesterday by the same troops in the

ITALIANS ADVANCE LINES FURTHER IN SOUTHERN ALBANIA

Occupy Several Positions Without Opposition.

ROME, Sept. 10, via London.—The Italian forces in Southern Albania advanced their lines, occupying several positions without opposition, the war office announced today. On the northern front, in the Tolmino sector, an Austrian attempt to break through the Italian lines was defeated. The announcement follows: "On the Trentino front the activity of the artillery was more pronounced. We repulsed unimportant attacks on our positions on Malga sugna, in the 'Bianca' area, on the Asiago plateau, and on Monte Carli and Aviove."

"At Dolje, in the Tolmino sector, after preparation with hand grenades, the enemy attempted to break through our line, but was driven back immediately.

On the Isouzo. "On the lower Isouzo there was considerable artillery activity. We used trench mortars and bombs with good effect. A few of the enemy's shells fell on Gorizia, Romans and Montalone without causing damage."

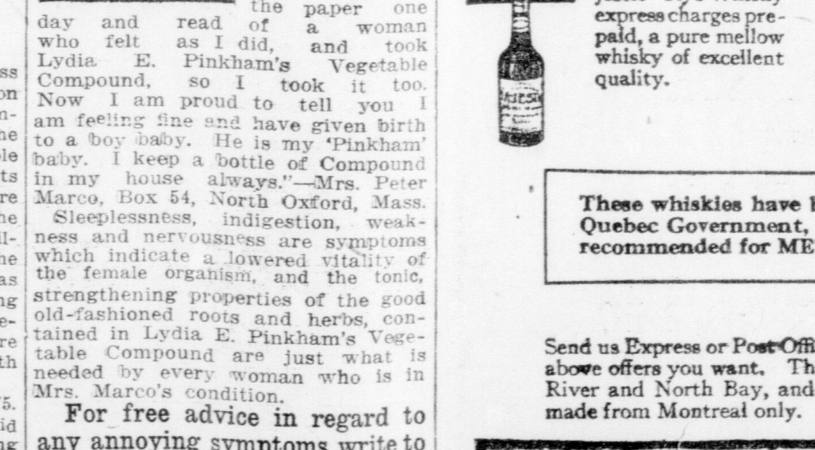

"In order to protect our southern front, in Albania (Albania), our troops yesterday occupied, without opposition, the heights between Porto Palermo and the village of Subaso, on the river Zrinovs Yovusa."

WOMAN SO WEAK COULD NOT SLEEP

Made Well by Lydia E. Pinkham's Vegetable Compound.

North Oxford, Mass.—"I had lost three children and I was all run down and was so weak and nervous I could not sleep at night. My eyesight would leave in the morning and everything I ate upset my stomach. I was very nervous and if I would start to sleep I would have to stop and lie down before I could finish. I was looking over the paper one day and read of Lydia E. Pinkham's Vegetable Compound, so I took it this morning. Now I am proud to have given birth to a boy baby. He is my 'Pinkham' baby. I keep a bottle of Compound in my house always. Mrs. Peter Marco, Box 64, North Oxford, Mass. Sleeplessness, indigestion, weakness and nervousness are symptoms which indicate a lowered vitality of the female organism, and the tonic strengthening properties of the good old-fashioned roots and herbs, contained in Lydia E. Pinkham's Vegetable Compound are just what is needed by every woman who is in Mrs. Marco's condition.

For free advice in regard to any annoying symptoms write to Lydia E. Pinkham Medicine Company (confidential), Lynn, Mass.

These whiskeys have been examined by Dr. Milton Hersey, consulting chemist to the Quebec Government, and found to be pure and of excellent flavor. They are highly recommended for MEDICINAL PURPOSES.

DANGER OF STRIKE OF RAILWAYMEN IS SERIOUS IN BRITAIN

South Wales Meeting Indorses Ultimatum.

GIVE ONLY UNTIL 16TH On That Date Must Have Favorable Reply or Railway Work Will Stop.

LONDON, Sept. 10.—The situation in the railway world arising out of the demands of the men for an increase in wages of ten shillings a week has become increasingly serious. At a meeting of 3,000 railway workers at Cardiff today a resolution was adopted providing that unless the demand for the increase is conceded by Sept. 16 all railway work will be stopped in South Wales at midnight the 17th. The resolution also stated that the advance in wages should date from July 1 and that the government should give a definite guarantee that in the future it will control the supply of food and regulate prices. The resolution was carried without a dissenting vote.

Judging from the government's attitude hitherto regarding the question of the control of food, its distribution and prices there is little likelihood that it will yield to such a demand, and should the railway workers in the other parts of the country endorse the action of the South Wales men there is danger of a general railway strike.

James Henry Thomas, Labor member of Parliament, and secretary of the Amalgamated Society of Railway Servants speaking at a meeting in London today, said he was able to announce that a meeting between the railway companies and the leaders of the men had been arranged for the coming week.

Mr. Bellamy, president of the National Railwaymen's Union, speaking at Dor-

chester tonight, expressed the willingness of the men to withdraw their demand for an increase of wages if the Government would see that provisions were reduced to something like their prices before the war.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Look at Tongue! If Feverish, Bilious, Constipated, Take No Chances.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with your waste. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs" and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Try It Before You Buy It!

Offer No. 1

In order to give you an opportunity of examining our famous "Special Selected" Rye Whisky free of charge, we will send on all introductory orders, express charges prepaid, a large bottle as well as a trial bottle. The latter is 2 ounce capacity, the same size as shown in this advertisement, containing exactly the same quality of whiskey. When you get these two bottles, try the smaller one first. If you don't find it the smoothest, mellowest and finest whiskey you ever drank, or if for any reason you are not satisfied with it, send the large bottle back, charges collect, and we will ask no questions whatsoever. We will send these bottles to you upon receipt of \$1.50 and return the money if you return the large bottle. This is the fairest way we know of giving you a chance to try this—the Quality Whisky of Canada—free of charge.

"CHICK" EVANS WINS GOLF CHAMPIONSHIP

Defeats Robert Gardner for National Amateur Title.

PHILADELPHIA, Sept. 10.—The greatest honor in the history of modern golf fell to Charles Evans junior, of the Edgewater Club, Chicago, when he defeated his fellow-townsman, Robert A. Gardner, of the Hinsdale Club, 4 up and 3 to play, in the final round of the national amateur golf championship tournament at the Merion Cricket Club course here yesterday.

Already the holder of the open championship, which he won at Minneapolis in June, he is the first player in either America or England to capture both national titles in the same year. Harold Hilton and John Ball, English amateurs, won both titles, but both in different seasons, while in this country Francis Ouimet and Jerome Travers won double honors, but at different times.

Crown-Attorney Seeger, who conducted the case for Inspector Torrance, brought out in the evidence of the constables who made the seizure and also from Mr. Cantin himself, that during the last three months from \$300 to \$500 of liquor had been brought in by the defendant, also that a wedding took place in his home recently where a number of guests had been served, and that for the last twenty-four hours he had entertained friends and guests at his home and used liquor on his table in the same manner as tea and coffee.

Mr. McEvoy of London claimed that Mr. Cantin was quite within his rights; when a guest cared to accept of the hospitality of his host, Cantin could legally give him the best he had. The magistrate in summing up the case said that it was quite evident from the evidence submitted that Mr. Cantin had ordered the liquor and had it brought in for the purpose for which it had been used, and that this was a violation of the C. T. A.

Mr. McEvoy on behalf of Cantin asked for ten days to consider whether he would put in an appeal or not.

FINANCIAL AND COMMERCIAL

THE LOCAL MARKET

The local market this morning was not a large one, owing to the fact that the majority of buyers secured a large stock of produce on Saturday in preparation for rather small markets throughout Fair week.

It is stated that there will be practically no demand for hay at all on Thursday and Friday of this week, as these will be the days that straw is scarce at \$8 to \$8.50 a ton.

Oats, both new and old, were scarce as only one or two loads have been brought in for some time. The old variety is selling at \$1.25 a cwt. The new were sold at \$1.60 to \$1.68 a cwt. and 55c to 70c a bushel.

Potatoes were plentiful, but not of good quality, the price remaining steady at \$1.60 to \$2.25 a bushel. Tomatoes were sold at 30c to 40c a bushel. Corn was steady at 10c to 15c a dozen.

The supply was plentiful, and is likely to last until the frost sets in. Sales of apples were made at 50c to 55c a bushel, and plum receipts 20c to 25c a basket.

Pears were a little cheaper at \$1 to \$1.30 a bushel. Peaches were slightly higher, originating from 60c to 85c a basket. Cantaloupes, too, were higher at \$1 to \$2.50 a dozen.

Grapes were slightly cheaper at 25c to 40c a basket. Creamery butter brought as high as 40c a pound, and dairy 35c. Eggs were scarce as was honey. Poultry prices remained firm.

Fluctuations in hog prices, either way, are expected during the week, as a large shipment of hogs is likely to arrive. Today they sold for \$11.25 a cwt. Dressed hogs were steady at \$15 to \$15.50. Hides and wool were steady.

Grain, Per Cwt. Oats, per cwt..... \$1.60 to \$1.68 Barley, per cwt..... 1.35 to 1.38 Wheat, per cwt..... 2.00 to 2.00

WALL STREET. New York, Sept. 11.—Wall Street, 10:30 a.m.—Bread was the only striking exception to the rising tendency on the resumption of trading today, other stocks and speculative favorites mounting above last week's final quotations.

Reading was the only issue that grew up and ran down, however, while copper, independent steels, equipment and other issues registered gains extending from fractions to 3 points.

United States Steel opened at 10.00, shared in the general advance in a fraction of its maximum, attained last Saturday. Shipping shares were supported by Marine preferred and Atlantic, Gulf and West Indies, the latter also at a new record.

Non-American iron ore trading, which exceeded 700,000 shares the feature of the forenoon was the absence of relative heaviness of rails. Reading was the only issue that grew up and ran down, however, while copper, independent steels, equipment and other issues registered gains extending from fractions to 3 points.

London, Sept. 11.—The stock market opened the week cheerful and bright on the new news, the week-end brought the usual accumulation of orders, principally in shipping securities, and shipping and industrial shares at steady prices.

L. L. McFAUL DEAD Well-Known and Influential Citizen of Seaford. [Canadian Press.] Seaford, Sept. 11.—L. L. McFaul, one of Seaford's most esteemed citizens, died at his residence on Goderich street, last night, at the age of 73 years. For 28 years he had been principal of the public school here, and put the stamp of his rare personality on many far and near who were taught by him. In the comparative retirement of the last twelve years he was ever a busy man until handicapped by recent illness. Mr. McFaul was a much-valued member of the Presbyterian Church, and served for many years as clerk of session. He is survived by his widow, his son, Dr. John McFaul, of Toronto, his daughter, Mrs. J. G. Mullen, of British Columbia, and his brother, Edward McFaul, retired merchant, of Seaford. The funeral will be held on Wednesday from the First Presbyterian Church.

PENGUIN, BLUBBER AND LIMPETS FARE OF MAROONED CREW

Shackleton's Men on Elephant Island Had Monotonous Diet. [Canadian Press.] London, Sept. 11.—Life on Elephant Island in the Antarctic, as it was experienced by the marooned men of Lieut. Sir Ernest Shackleton's South Polar expedition, who were recently rescued and taken to Chile, is described in a message received from Punta Arenas and published in the Daily Chronicle today.

"The day began," says the description, "with breakfast, which consisted merely of penguin, fried in blubber, with a drink of water. The morning's duties consisted of clearing away snowdrifts and catching penguin. Lunch was served at 1 o'clock, consisting of a biscuit with raw blubber. The afternoon was occupied with regular exercise over a track 100 yards in length.

"At 5 o'clock, when darkness had come down, consisting of penguin grease and beef tea. The men put padding in their boots and pipes were carved from birds' bones. The members of the party took turns in reading aloud from the only available books, namely, the Bible, an encyclopedia, Browning, Bacon's Essays and Carle's French Revolution. Saturday evening was always marked by a concert, the feature of which was harp-playing. A harp was the only musical instrument in the camp.

"On one occasion there was a welcome addition to the diet when several undressed fish were found in the stomach of a seal and greatly enjoyed. These were the only fish caught during our stay. In August there was a change in diet, when limpets were gathered and seaweed was available as a vegetable. "We were in the midst of one of these limpet and seaweed lunches when the rescue boat was sighted.

"When was the war over?" was the first question he asked.

KILLED BY DYNAMITE VANCOUVER, Sept. 10.—Mrs. A. H. Gravener was blown to pieces and her husband badly injured in an explosion which destroyed their residence on Cobble Hill, Vancouver Island, Saturday evening. Gravener had stored sixty cases of dynamite at his home. The building caught fire and before the couple realized the danger the powder blew up. The noise of the explosion was heard for miles around the country. Mrs. Gravener was an English woman 40 years old and had lived at Cobble Hill ten years.

LIVELY SESSION FOR UTILITIES COMMISSION

There will be a meeting of the utilities commission this afternoon to discuss the water problem. It promises to be a lively session. Questions will be asked as to why the drilling outfit is to sink wells at Horner street and not on the Macgregor property.

THE INDEPENDENT ORDER OF FORESTERS IS NO LONGER AN ASSESSMENT ORGANIZATION.

One of the most popular resorts on the Toronto Fair grounds, and a place much sought after, was the tent of the Independent Order of Foresters. Thousands of visitors availed themselves of the opportunity to visit this tent, seeking rest, and many times seeking information regarding the benefits of the order, and each and every visitor was dealt with in the most courteous manner.

In interviewing Mr. Fellman and Mr. Lloyd, it was most gratifying to hear their enthusiastic remarks regarding the stability of their institution. Lloyd gave their praises for the members who some three years ago were opposed to the readjustment of rates, but who have now returned to headquarters and are thankful for such a man as Elliott C. Stevenson, their supreme chief ranger, who so courageously faced the unpopular problem.

It was most interesting to hear them speak in regard to the great work they are looking forward to doing during the next ten years. They predict that their membership by that time will be five hundred thousand, and with such an army, they can more energetically go into the work they are doing among the orphaned at the present time.

OVERSEAS NURSES LEAVING LONDON

ON TUESDAY NIGHT ON WEDNESDAY

Will Join Ontario Party at Toronto on Wednesday. SEND-OFF BY DIVISION

Nursing Sisters of No. 4 Division to Farewell Members Who Are Going.

The three nursing sisters of No. 4 Nursing Division, St. John Ambulance Brigade, who are going overseas as part of the Canadian party of 60 nurses in the St. John hospital to England, will leave London on Tuesday evening at 7:45 via C. P. R.

The fact that three out of the 60 Canadian nurses were selected from London is regarded as a tribute to the efficiency of the local nursing division and has been an outstanding feature in the selection of the Canadians. Half a score and more of the nursing sisters here volunteered to go, although those selected have to pay their own passage to England and return and have but a small allowance while serving in the British hospitals.

REAR-END COLLISION [Canadian Press.] Montreal, N. B., Sept. 10.—A rear-end collision on the Canadian Government railway occurred early today, when a freight train eastbound, crashed into another eastbound freight which had been stopped to have the fire in the engine cleaned.

Majority in the Presbyterian Assembly To the Editor of The Advertiser: I shall be obliged to you to afford space in your columns for the following remarks for the information of your Presbyterian readers. It is held fundamental that as there is nothing in the terms of agreement, the constitution of the Presbyterian Church in Canada, providing for any change in that constitution, it was beyond the power of the late General Assembly to pass the resolution to unite with the Congregational and Methodist churches, and, therefore, that resolution was null and void, however large the number voting for it was.

Without yielding these points, let a careful examination of the vote in the last assembly be held, and the constitution of the church be amended by the majority in favor of the union resolution is a reason for the stoutest resistance, on the part of the members of the church, rather than for acquiescence in it.
