Bad Fire At Arnprior Steam
Laundry - Gasoline
Exploded

Arnprior, June 28.—Mrs. W. P. Armstrong and four children were burned to death in the most disastrous fire in the history of this town, and which took place yesterday morning.

William Armstrong, manager of the Arnprior Steam Laundry, where the fire broke out, who, with his wife and four children was sleeping over the laundry, rushed down to learn of the fire. A gasoline tank exploded, and it was impossible for him to return. The family was cut off from all means of escape and all perished in the flames.

The cause of the fire is not known, but it started in the engine room at the rear of the building, and had worked its way through the entire lower storey before being discovered and cut off all means of escape.

The firemen were soon on the scene, and had several streams of water on the fire in a short time. The laundry was completely destroyed, all the walls falling in.

The other firms occupying the block were R. Charbonneau, butcher shop, and residence upstairs, and the Hamilton & Lewitt Knitting Co.'s factory. The upper storey over the butcher shop was completely gutted, but the lower part suffered only from the water.

The fire worked its way into the attic over the knitting factory, and it could not be got at for some time until it burst through the ceiling, but it was soon subdued there. The machinery in the factory will be considerably damaged by water.

The bodies of the unfortunate victims were recovered from the debris by seven-thirty and removed to the morgue. They were charred beyond recognition. The loss on the building and stock has not been estimated, but is fairly well covered by insurance.

For Dinner—use WINDSOR TABLE SALT. Its fine purity adds a new delicious savour to vegetables, meats and salads. Never bitter.

MITCHELL-NORTON

The Bloor street Presbyterian church was the scene of a very pretty wedding this afternoon, when the marriage took place of Miss Olive Norton, daughter of Mr. and Mrs. W. A. Norton, of Chatham, to Mr. George Mitchell, of Cobalt.

The ceremony was performed by Rev. Dr. Wallace. The church was decorated with roses and palms, and the guest seats were tied with bows of white satin ribbon. During the service Miss Bertha Crawford sang "O Fair, O Sweet, O Holy," and Mr. George Mitchell, of Cobalt.

The bride with her father followed, looking extremely bright and happy in an exquisite bridal attire of white liberty satin with an overdress of Princess and rose point lace. The bridesmaids wore of the same beautiful lace, and high girle of satin with touches of silver introduced. The regulation filmy veil and coronet of orange blossoms were becomingly arranged, and the bride wore a very beautiful necklace and bracelet of pearls, and carried a bouquet of white roses and lilies of the valley, tied with gauze ribbon, the gifts of the groom. The bridesmaid's gown was of pale blue satin brocade. She wore a hat with pale blue plumes, blue shoes and gloves, and carried pink roses. The little flower girls were in fairylike frocks of white mull with blue sashes and white lace poke bonnets with blue chiffon streamers, and carried baskets of sweet peas. Mr. Thomas Azar, of Simcoe, was best man, and the ushers were Mr. Sharpe, Mr. Graham, and Mr. Joffe.

After the ceremony the bridal party and guests drove to 181 College street, where a reception was held by Mrs. Norton, who was wearing grey and white silk over mauve, with touches of lace, and white hat with plumes. Standing under a wedding bell of lovely white blossoms, the bride and groom received congratulations, and later in the afternoon Mr. and Mrs. Mitchell left for New York, en route for England, the bride travelling in a symphony in brown, her gown, hat, parasol, shoes, gloves and purse all being of the same shade. The groom's gift to the bridesmaid was a pearl ring; to the flower girls, signet rings; to the best man and ushers, pearl tie pins.—Toronto Star.

A poor excuse is better than none, provided it works. Many a man who feels big acts rather small.

THE WOES OF MR. THOMPSON

Another Unfortunate Sells
Booze To A Red
Man

A grist of small cases occupied the attention of Judge Houston this morning. None of the cases tried were very important, and some of them were long and monotonous. The Court would do the newspaper men a great kindness if in its wisdom it could be prevailed upon to make the witnesses in some cases speak more loudly and distinctly. From the press table it is many times difficult to catch portions of the evidence, and if those concerned would speak a little louder it would go a great way towards avoiding any errors in reporting evidence given.

Officer John Jefferson Thompson, the colored upholder of peace and good order in the East End, awoke the other morning to find the lawn in front of his domicile on Wellington street covered with old papers and other garbage. The just ire of Officer Thompson was at once aroused. Evidently some unthinking person had taken his lawn for a common dumping ground. Righteous indignation surged in the officer's heart, and forthwith he with the instincts of a Sherlock Holmes, got on the trail of the offender.

The culprit turned out to be Chas. Lucas, and Officer Thompson had a charge of trespass laid against him. The case did not come up for a hearing, as Lucas called and settled for the costs, and now all is once more lovely and tranquil in the East End.

George Zakoor, who runs a fruit store on King street, was summoned to appear in Court this morning, charged with buying strawberries on the market before the hour of ten o'clock, contrary to the by-law. The information was laid by Chief of Police Holmes.

Zakoor pleaded guilty, and was fined \$1 and costs, \$2.50 in all.

On a complaint laid by Joseph Smith, Alfred Clark, of Grey street, appeared before Judge Houston this morning, charged with ill-treating a child. The boy and the defendant were both in Court, but the complainant did not put in an appearance. The case was laid over till Tuesday morning.

A little lad, Edward Lague, along with his mother and a number of other small boys, gave testimony to the effect that a dog belonging to G. O. Scott had bitten the boy Lague on the shoulder, on June 24, as the boys were passing the dog on Queen street. They said that they did not annoy the dog, and that it bit young Lague without provocation.

Mr. Scott, whose case was ably handled by Ward Stanworth, said that the dog had never before bit anyone, and was not by any means a vicious dog. He said that on the occasion when the little boy met with the mishap, the dog was gnawing at a bone, when someone ran into it with a bicycle.

Judge Houston said that the by-law was quite plain on this matter, and he would have to order the dog shot, unless the complainant agreed to withdraw the charge. The case was finally adjourned till Tuesday.

Benjamin Brodie was up charged with violating the transient trader by-law. It is alleged that he has been selling rugs from door to door contrary to the civic statutes. The case was adjourned till Wednesday. City Solicitor O. L. Lewis will prosecute, and Ward Stanworth will defend the case.

Chief of Police Holmes has received the following notice through the mails:

Twenty-five dollars reward is offered for the return of a bay mare, taken from 863 Milwaukee avenue, Detroit, on June 17. Lump under neck and wart on front of back hip, white star on forehead. William Eckert, 863 Milwaukee avenue, Detroit, Mich.

A man, who when he was taken to the Police Court was too heavily intoxicated to tell his name, was arrested this morning by Constable Dennis, at the instigation of License Inspector Massey, for giving liquor to an Indian. The Inspector happened to notice the man handing the liquor to the red skin, and as Mr. Dennis was near at the time, the arrest followed. The case will come up to-morrow, when it is hoped the prisoner will be sober enough to plead to this serious charge.

Mrs. Jas. Bell and daughter Mae will remove to Chatham next week, where they expect in future to reside.—Blenheim News-Tribune.

ARCH. CAMPBELL HURT

Toronto Junction, June 27.—While making a tour of inspection through the new building in connection with the Campbell Milling Company's premises yesterday afternoon, Mr. Arch. Campbell, M. P., Centre York, met with an accident which will confine him to his home on Annette street west for several days. Mr. Campbell stepped upon a brick which was lying on the ground and it suddenly turned over, throwing him down. Mr. Campbell's head received several bruises and the great toe of his right foot was sprained. He was removed to his home and there attended by his medical adviser, Dr. Clendenan.

PETER JOHNSON AHEAD

At the Chatham Police Court on Monday morning, Mrs. Twigg, who was the complainant in the case mentioned in last week's Times, was up before Judge Houston on a charge of calling Peter Johnston by the nickname of "Jockway." She pleaded not guilty, but the magistrate found her guilty and imposed a fine of \$1 and costs, \$36.25 in all, so our old friend Peter comes out of the mix-up with the balance rather in his favor.—Dresden Times.

"Jockway" seems to be a valuable asset for Johnston, as he had a Wallaceburg man up for being so disrespectful as to call him by that name, which his dignity will not stand for, as he has due regard for his high social standing.—Wallaceburg News.

NEWTON-COLWELL

On Wednesday, June 26th, at high noon, at the residence of the bride's parents, Mr. and Mrs. Wm. Colwell, the supreme event in every family in which there are sons and daughters, was consummated, when Bernice J. Newton, son of Mr. and Mrs. John Newton, Chatham Township, was united in wedlock with Miss Jessie Colwell, by Rev. T. W. Cosens, Methodist pastor. Francis Newton, brother of the groom, was the groomsmen, and Miss Addie Husband, bridesmaid. Miss Alice Colwell was the pretty flower girl.

The newly wedded couple took the afternoon car for Niagara, Buffalo and other points of interest, before leaving for leaving for their home in Toronto, where Mr. Newton is business manager of the Macfarlane Publishing and Souvenir Co. in this country.—Wallaceburg News.

SPLENDID PERFORMANCE

The performances given daily at the Wonderland Theatre are attracting large crowds, and the greatest of satisfaction is being given to those who patronize this enterprising amusement house. The proprietor of the house is Robert Ralph, and he is doing his best to provide clean, up-to-date and interesting programs. That his efforts are appreciated is shown by the liberal support he is receiving. Special attention is given to the tastes of ladies and children.

The theatre is open from 2.30 to 5.30 in the afternoon, and from 7 to 11 in the evening. The performance consists of illustrated songs and moving pictures. Only the very best are shown. The pictures are changed twice every week.

PICNIC

The Methodist Church, on 13th Ave., will give a picnic on Monday, July 1, and a cordial invitation is extended to all to attend. Good music, games, and prizes, and a number of speakers will form a splendid program. Special rates on electric cars, which run past the grounds. Tea served from 5 to 7 o'clock. Admission 25 cents.

Stuart French, of Cowan's Shoe Store, leaves to-morrow on an extended trip to Cleveland, Buffalo, Washington, and Jamestown. The world's Exposition is being held in Jamestown this year.

TWO FACTS!

There are just TWO FACTS which we wish to impress indelibly upon the mind of the Clothing Buyer, that is fortunate enough to be reading this article now.

FACT ONE

When we buy our Clothing, Hats and Furnishings, we make it our particular business to secure the best of everything that can be procured.

We stop at nothing—we hunt out the Country's best Manufacturers—Makers who have a reputation for making the very best in their respective lines—and then we purchase or order made for our trade their best productions.

FACT TWO

After we have secured the best, we then place a moderate and conservative price on every article—a live and let live price.

Nothing that smacks of a fancy figure, but a price as low as our high standard of quality will allow, and then we back our quality and our price with a guarantee.

NOW

In view of these facts, may we not have the pleasure of seeing you, when in need of any article in our line.

GREAT NEWS!

"As The News has modestly stated as often as its predictions have proven to have been well founded, it does not wish to exult over its critics, nevertheless it would call the attention of all such to an item that appeared in the press yesterday, to the effect that the authorities in Ottawa have been notified by the Canadian agent in Manchester, Eng., that he has proof that alcohol is being produced for the sum of six cents a gallon."—Banner News.

Oh Joy! This is a life-saver! But surely the Banner man is a little too modest. It is no mean thing to make a true prediction in such an important matter as a reduction in the price of the "precious stuff."

What we would like to know, now, from the Banner man, who is evidently posing as an authority on the matter of booze, is how this reduction will effect the price of our favorite beverage, the gin fizz.

We have always been under the impression that it has come rather too high for habitual indulgence in the past, but maybe when the Banner concludes its public "spirited" investigation things may be different. It is sincerely hoped that the Banner's present announcement is not the result of experimental investigation in the matter.

FILTERED WATER.

London is at present having considerable discussion over their future water supply. It has been suggested there that the water from the Thames be used in a filtered state, and objection has been raised that it would be impossible to secure pure water from the Thames, even though it be most carefully filtered.

Reference in the discussion has been made to Chatham water, which is Thames water, filtered, and the statement has been made by those who are not conversant with the facts, that the Chatham water is not pure. This statement should be corrected, as it implies a wrong and injurious insinuation against the water used in the Maple City.

The London Free Press, in the course of an editorial yesterday, said:

"The question of the purity of filtered water is the only one raised against the Maury proposal. The argument, unfortunately, is based largely upon prejudice, and unthinking opponents of the scheme are too often found making the most of this prejudice. The citizens may confidently adopt filtered water as an auxiliary to the present system is demonstrated not only by the strong endorsement of leading medical men of the city and elsewhere, but by the practical experience of large numbers of municipalities throughout America and Europe. One example is that of Chatham, which uses water from the same source as is proposed in the Maury scheme. Even more to the point is the fact that citizens to-day are consuming ice from the north branch which, of course, has not been subjected to any purifying process. For years this ice has been freely accepted, and no harmful results experienced."

It is a well-known fact here that the Chatham water is absolutely pure and entirely free from disease germs. The results of various tests made by Provincial analysts, and also by Medical Health Officer Dr. Hall, bear out this fact. When people say that the water from the Thames cannot be purified through filtration, they are merely exhibiting their inability to discuss the matter with intelligence.

Unless Mr. A. B. Aylesworth is called in soon, there will be no such thing as public morality in this country. Everybody will feel that he is entitled to cheat the Government wherever he has the chance. The speech delivered by Mr. Aylesworth in Huron was a straight defence of the "hold-up" and the "rake-off." A man is entitled to overcharge, and the Government is justified in submitting to such robbery! The speech just made at Sarnia is even more immoral. It excuses the North Atlantic trading deal, and declares that the secrecy that has been maintained touching the names of the officers and shareholders of this bonded concern is proper. Mr. Aylesworth is contending for a state of affairs under which politicians can assume an alias and rob the Treasury disguised as a company. Once the politicians become a company, they are, according to the Aylesworth doctrine, to be protected from discovery—Mail and Empire.

VILLAGE BADLY GUTTED.

One Side of Main Street Destroyed—Loss \$30,000.

St. Thomas, June 26.—The Village of Springfield, on the M.C.R. sixteen miles east of St. Thomas, suffered serious losses through fire early yesterday morning. One side of the main street was destroyed by the flames.

Chambers' departmental and hardware store, Ferris' barber-shop and residence, Lamb's general store, Postmaster Chandler's store and barn were demolished before the fire burned itself out. Total loss is \$30,000. The origin of the fire is not known. One man was caught under falling timbers and was extricated with an injured leg. The Aylmer fire brigade was called.

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famed "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, kindred derangements was first made, as it ever since has been, without a particle of alcohol in its make-up.

A glance at the list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts. Dr. J. C. Ayer & Co., Lowell, Mass., who recommended them as the best remedies for the diseases for which "Golden Medical Discovery" is advised. A little book of these endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial, throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, lingering, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will not perform miracles. It will not cure consumption in its advanced stages. No medicine will. It will cure the affections that lead up to consumption, if taken in time.

General Store Destroyed.

London, June 27.—W. R. Dawson's store at Inwood was completely destroyed by fire yesterday. The fire originated mysteriously.

Four Persons Killed.

San Francisco, June 27.—Four persons were killed and five badly injured here yesterday by the collapse of a scaffolding at Fourth-Natoma streets.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

Robbed of \$1,000 Wad.

Winnipeg, June 27.—An American named J. Miller was relieved of \$1,000 by pickpockets, in the Bank of Hamilton yesterday.

A lad named W. Plumridge, aged 41-2 years, was instantly killed yesterday by falling beneath the wheels of an asphalt wagon.

WILL MAINTAIN STRIKE

Albert's Attempt to Stop Agitation in Southern France Fails.

Hopes of the Government Blasted—Difficult for the Cabinet—Clemenceau Trying to Weather the Storm—Bill For Abolition of Court Martial In Time of Peace Is Postponed—Discipline Is Lax.

Paris, June 27.—The Government's hope that the return of Marcelin Albert, leader of the wine-growers' movement, to the south, after his interview with Premier Clemenceau would result in a change of attitude on the part of his followers has been blasted. The federated committees have decided to maintain the civic strike and the "redeemer," or "apostle," as he is variously termed, has no alternative but to surrender himself to the authorities in accordance with his promise to M. Clemenceau. Nevertheless the excitement in the disturbed territory continues to subside and the Government believes that, barring some unfortunate incident which may again inflame the people, the latter will gradually come to their senses and realize that a prolongation of the present situation will only increase their misery.

The Government now apparently is quite as much concerned about the insubordinate spirit manifested among troops as the attitude of the wine-growers, for in spite of the efforts to minimize them new incidents showing the lack of discipline in the army are occurring daily. The Government seems to have awakened to the necessity of dealing sternly with the demoralization engendered by the socialistic anti-military propaganda, and the press commends the decisions of the Government to excite the mutineers of the 17th Infantry and to postpone indefinitely the bill providing for the abolition of court-martial in time of peace.

The position of the Cabinet grows increasingly difficult, and M. Clemenceau's sole object seems to be to weather the storm until the summer vacations of Parliament affords a breathing spell. To-day, when the Premier replies to the interpellation on the general policy of the Government is likely to decide whether he will be able to overcome the difficulties in his path or fail in his attempt to do so.

Money Returned to Clemenceau.

Paris, June 27.—M. Albert yesterday gave himself up to the authorities at Mont Pellier. He received a chilly reception from crowds at Narbonne. His comrades of the committee of Argeliers have from their prison issued a statement repudiating him and declaring for a continuation of the civil strike. Later M. Albert sent this letter to M. Clemenceau:—"In two or three days you will have proof that I kept my promise. Enclosed find the 100 francs you loaned me, for which accept my thanks. As agreed, I have surrendered myself to the authorities."

WHOLE BLOCK BURNED OUT.

One Thousand People Are Homeless—Fifty Buildings Destroyed.

Norfolk, Va., June 27.—One whole block of the fine beach section, immediately adjoining the Jamestown Exposition grounds, was swept by fire yesterday.

The big Arcade Hotel, the Berkeley Hotel, Outside Inn, Powhattan Hotel, Caroline Hotel, and several other smaller hotels and a large part of the oceanic warpath was destroyed.

The loss may run up to \$300,000; partly insured.

Between 40 and 50 structures were consumed, and probably 1,000 persons are homeless. It was learned that a negro was burned to death in one of the houses.

Wellman For Thaw.

New York, June 27.—Tuesday was the first anniversary of the killing of Stanford White on the Madison Square Roof Garden. Evelyn Nesbit Thaw and Lawyers Daniel O'Reilly and A. Russell Peabody visited the slayer.

Walking between two other men accused of murder, Thaw laughed and joked over the printed reports of his ill-health.

From trustworthy sources it was learned Tuesday that Francis Wellman, the noted criminal lawyer, will act as chief counsel for Thaw at his next trial.

Wellman, it will be remembered, appeared for the Hynes brothers when they were on trial for murder in Toronto.

Find Company Negligent.

Port Hope, June 27.—The inquest on Harry Wright of Toronto, the C.P.R. lineman who was killed here on Monday, resulted in a verdict that "the C. P. R. knew that the electric light company's wires were on their poles and that they were negligent in not having the current shut off while the men were working."

Grand Trunk Station Burned.

Thamesville, Ont., June 27.—The Grand Trunk Depot, erected here by the Great Western Railway in the early fifties, was burned to the ground. The pump house was also destroyed. This was the third time the depot has been on fire during the past few weeks.

Escape From Police Station.

Niagara Falls, June 27.—Two prisoners made their escape from a cell at police headquarters. They were two boys named Park Stewart and Cash Robinson, who had been picked up on the street as suspicious characters.

Could Starve the West.

Calgary, June 27.—Before the beef commission P. Burns, head of the firm of P. Burns & Co., asserted that if he closed his abattoir and purchasing department for ten days, the west would starve.

CATARRH OF STOMACH RELIEVED BY PE-RU-NA.

MDE. JOSEPH BEAUDOIN.

Mde. Joseph Beaudoin, 50 Rue St. Olivier, Quebec, P. Q., Can., writes:

"Peruna is wonderful for indigestion. I eat whatever I want and no longer feel any oppression."

"Having had dyspepsia for a long time and having tried various other remedies, I decided to try Peruna and with the fourth bottle of it I was perfectly cured."

"For this reason I recommend it to all those who are suffering with that terrible malady, dyspepsia."

"I hope that all who are afflicted in this way will take Peruna as I did." The experience of Mde. Beaudoin ought to be sufficient proof to any one of the value of Peruna in cases of catarrhal dyspepsia. If you suffer from stomach catarrh in any of its various forms, give Peruna a fair trial, avoiding in the meantime all such indiscretions in diet as would tend to retard a cure, and you will soon be rewarded by a normal appetite and healthy digestion."

CANADA NOT FORGOTTEN.

Lord Elgin Says Frontier Question Has Been Faced.

London, June 27.—(C. A. P.)—In the House of Lords Lord Elgin, replying to the criticism of Mr. Haldane's scheme, said it was untrue that elementary facts, such as the Canadian frontier, had not been faced, for the views of Canada and the other colonies had been placed before the Imperial Conference. The principle underlying Mr. Haldane's statement was local autonomy under the guidance of a General Staff recruited from the forces of the empire as a whole.

Longshoremen Unsatisfied.

Montreal, June 27.—Mr. Poliquin, secretary-treasurer of the Longshoremen's Union, complains that the longshoremen were not properly treated by the Department of Labor at Ottawa with regard to the recent arbitration.

The longshoremen answered the board of conciliation without delay and they claim that the announcement of the contents of their letter before the reply of the shipping men had been sent in was unfair to the longshoremen.

The longshoremen say that this practically leaves the master in the hands of the shipping federation. Creeds are but the clothes of religion.

IMMIGRATION INCREASES.

Over Forty-Four Thousand Came Into Canada During April.

Ottawa, June 27.—The total immigration into Canada for the month of April, 1907, was 44,061, as compared with 35,313 for April of last year, an increase of 25 per cent. For the ten months, July 1, 1906, to April 30, 1907, the immigration was 463,718, as compared with 424,031 for the corresponding months of the fiscal period 1906-06, an increase of 44,687 or 10 per cent.

A Safe Investment

What Marshall Field Once Said

Real Estate in a good locality and in a growing village, town or city is the safest investment a poor man or woman can make. It cannot run away, bust up or cheat. My advice to a young man or woman who can spare \$5 or \$10 per month from his or her earnings is to put it into a small piece of mother earth. Even if it is only a small vacant lot. My first start in life was doing just what I now advise others to-day.

The above was the advice given by Marshall Field in an address given to young men and women on **How to Succeed in Life.**

The Elms Sub-Division

At head of King Street opposite St. Joseph's Hospital, presents to you the opportunity of your life. Lots in first block east of our sub-division sells at from \$18 to \$20 per foot. Ours at only \$11 per foot and some at \$7 and \$9 per foot, other lots at \$160 and upwards.

Pay as You Like

You can own a lot in the Elms Sub. by paying \$10 down, \$5 per month, with only 5% interest, or you can pay whole, or any part just as you like. Perfect right, no mortgages or notes asked from purchasers, you get a land contract which you can bring into the Merchants Bank, Chatham and get credit thereon for whatever you want to pay or whenever you want to pay a little or more.

CUT THIS OUT

When you have an hour to spare, take a walk up the Elms Sub-Division of No. 1, there you can select your own lot. As every lot has a white stake in the center of the lot and 22 feet back from the front lot line, which is known as the building line. On this stake you will find a white card, giving the No. of the lot, size and price. All sold lots have a red card marked sold.

Drop me a card to Garner House and I will call on you with full particulars, or you will find my city salesman on the grounds every evening from 6.30 to 9 p.m. Don't miss this opportunity.

A man named Jack Fongar, a truckman, dropped 100 feet down an elevator shaft in the Puritan building, Detroit, yesterday, and was not even hurt. When he landed at the bottom, after his flight down seven floors, he picked himself up and exclaimed, "My, but that was a funny sensation!"

Harry Bistel and Si Adams were out in a canoe on Wednesday when the canoe upset and the two occupants were thrown into the water. Walter Peck and his friend were close by in a row boat and went to the rescue. When the rescue party came near enough the two boys in the water caught hold of the sides of the boat and upset it too. Then the four boys were in the water. Fortunately they all got out safely.

Some party or parties, some time during last night, set fire to natural gas which has been escaping from a leak in an underground main Sts. The flames were burning several inches above the ground all night, and was still blazing this morning.

It is thought that someone ignited the gas in order to stop the odor for which they can hardly be blamed with which the leak has polluted the vicinity. After many attempts the fire was finally extinguished this morning.

KILLED UNDER AUTO.

Yale Student Meets Instant Death—Three Others Hurt.

New Haven, Conn., June 27.—An automobile accident, causing the death of one under-graduate, and injuries more or less serious to two other students, and to a guest, cast gloom over the commencement exercises at Yale University yesterday.

The victim was D. Leet Oliver, of Pittsburg, one of the most prominent socially of the upper classmen. He died from a broken back, received by being crushed under his automobile after it had jumped off a bridge. The machine apparently skidded.

Many Deaths By Drowning.

Charlottetown, P. E. I., June 27.—Clifford Arnold, aged 40 years, a fisherman, was drowned in the surf while going out in a dory to meet his son and another boy.

Moose Jaw, Sask., June 27.—Eva Hall, formerly of Portage la Prairie, with a companion named Evans, was swept over the C. P. R. dam in a boat and drowned.

Reston, Man., June 27.—Walter Hansell, 5 years old, was drowned in an old well.

Arrested on Murder Charge.

New York, June 27.—James Murray, a Bronx contractor, who formerly lived in Little Falls, N. Y., was arrested yesterday in connection with the murder of Julius Rosenheimer of Pelham. Murray denied any knowledge of the crime and declared that his arrest was the result of political ill-feeling against him in Little Falls.

Prof. MacCallum Honored.

New Haven, Conn., June 27.—The award of honorary degrees by Yale University, announced at the commencement exercises yesterday, included doctor of science, Archibald Byron MacCallum, professor of physiology in the University of Toronto.

Sermons might be more interesting if you could talk back.

DENIES ORCHARD STORY

Witnesses Repudiate His Statement in All Particulars.

Davis Swears He Never Led Mob—Was Not a Member of the Union—Heard Orchard Threaten Steunenberg—Remained in Hiding After Mill Was Blown Up and Changed His Name.

Boise, Idaho, June 27.—William F. Davis of Goldfields, Nevada, one of the most important witnesses for the defense of William D. Haywood, accused of the murder of Frank Steunenberg, was called to the stand at noon yesterday, and his cross-examination had not been completed when court adjourned.

Harry Orchard testified that Davis led and commanded the mob that destroyed the Bunker Hill and Sullivan Mine in 1899; inspired, as the agent of Haywood and Moyer, the Vindicator explosion and the train wrecking plot at Cripple Creek, and was an accomplice in the Independence Station crime.

On direct examination by Clarence Darrow, Davis went over the story of his working life and made positive denial of every statement of Orchard that involved him or his associates in any form of crime. Davis testified that he was even a member of the union when the Bunker Hill and Sullivan Mine was blown up.

At the conclusion of his general story, Davis swore that at Cripple Creek during the strike Orchard told him of the Hercules Mine affair and threatened to kill Steunenberg.

The cross-examination of Davis by Senator Borah was severe and searching. It was chiefly devoted, as far as it proceeded, to the Bunker Hill and Sullivan affair and the circumstances under which Orchard made the threat against Steunenberg.

Davis said that he remained in hiding after the mill was blown up because he did not want to be deported or thrown into the "bull-pen," and that he changed his name when he departed from Butte shortly afterwards, because he feared the mine owners' "blacklist," made up from a petition that the employees of the Bunker Hill had sent to Governor Connell protesting against the unsafety of the mine. Borah showed that the petition had been presented six years before and that Butte was a federation camp where the blacklist was ineffective.

On Side of Peers.

The defence is trying to prove that Orchard was not at Water on the day of the explosion. The defence has been allowed to ask questions bringing out the story of the disturbances at Cripple Creek during the great strike of miners there. The state has objected to opening up this wide field, but the defence persisted that it had the right to go deeply into this matter of labor troubles in order that it may show what was done by the military and the provocation that was given to the striking miners.

While the foundation for proof of conspiracy on the part of the mine owners to exterminate the Federation and thus eliminate an element that interfered with the working of the mines under conditions such as the mine owners would dictate, makes a large part of the fabric the defence have built up so far, Orchard is never lost sight of, and witness after witness is called to show that Orchard, through all the years that intervened between his flight from Idaho in 1899 and his return to this state in 1905, carried with him continually a private grudge against Steunenberg.

What Defence Seek.

If a sufficient weight of evidence can be brought to show that the assassination of the former governor was merely the culmination of one man's grudge and not the part of a conspiracy, counsel for the defence say the state's case must fall. Orchard will stand convicted out of his own mouth of this one murder, and if a conspiracy on the part of the mine owners to destroy property or cause riot in order to continue a state of martial law can be shown, it is the opinion of counsel that the jury will abandon the conspiracy idea and their clients will go free.

While the defence is trying to break down Orchard by sheer weight of testimony, the state is pushing each witness as far as possible to show that they are subject to impeachment later. The large number of witnesses to be examined by the defence gives promise of a long period of rebuttal testimony.

The blunt speaker is usually the one who comes to the point. A happy man who doesn't know when he gets the worst of it.
