

GREATER HAMILTON'S MOST RELIABLE NEWSPAPER

OPENING OF CONVENTION.

Twelve Thousand Seats in the Republican Meeting Hall.

All Conveniences Including An Emergency Hospital.

Woman Delegate to Convention From State of Utah.

Chicago, June 16.—Chicago put forth her best in the way of weather conditions—which is saving a great deal—for the opening of the Republican National convention to-day. A strong breeze off the lake all day yesterday cleared the air of the humidity which has characterized the past few days of the low lying cloud of smoke, which to most transient visitors, is the synonym for Chicago, and a marked coolness and dryness of atmosphere all the afternoon and night refreshed the crowd of delegates and visitors and awakened them this morning eager for the momentous gathering at noon in the great coliseum on Wabash avenue.

The addition of Flag Day yesterday to the more than ordinarily spontaneous co-operation of Chicago people regardless of party, in display of decorations for the convention, augmented an already generous display of national colors and the sun rose out of the great blue lake it seemed upon a scene of fluttering bunting and early gathering of good natured crowds upon the streets. It seemed as if nature herself had determined to join in the perfection of physical arrangement for an auspicious beginning of a presidential campaign.

Early in the day the crowds began to move toward the Coliseum, although chairman's gavel was not to fall until noon.

California led a parade from the auditorium to the convention hall this morning followed by Colorado, Nevada, Washington, Idaho and Hawaii. Marching clubs playing bands and steadily increasing crowds made a gay and picturesque scene as the day wore on and the hour of meeting approached.

Those who gained early admission to the convention hall found the interior a scene of simple beauty and order. A more fitting or more completely equipped place of meeting could hardly be imagined. Twelve thousands seats in sections fill every available inch of space save for sufficient aisles and entrances, yet there is no appearance of crowding and none of that suggestion of temporary makeshift unsafety that so often marks the place of great conventions. The aisles and platform were carpeted with strong matting of plain and tasteful colors and the steps and rail dividing off the reservation for delegates, alternates, press representatives and spectators gave the impression of permanence and safety.

There is just decoration enough to beautify without interfering with ample light and ventilation. Broad bands of color, red, white and blue, veil the front of the galleries, which extend round the hall, loops up at intervals with red roses midway between the steel girders, which arch across the hall supporting the roof, and above the gallery a similar strip is draped upon large gilt five-pointed stars. At the ends of each arch are groups of big flags. At either end of the hall an imp...

NORTH END WORK WANTED AT ONCE.

SOCIETY OPPOSED TO WAITING UNTIL NEXT JANUARY.

To Submit a By-law for Extension of Sewers and Filling Behind Revestment Wall.

Last evening the North End Improvement Society held its regular monthly meeting at its quarters, corner of Mary and Macaulay streets, with the President, Mr. Edward Porter, in the chair.

The special subjects for the evening's discussion were the North End Park, the sewers and the revestment wall and also the proposition for a new hall for the society. The matter of the Parks board's deputation to the North End Park, it was reported on by Mr. G. W. Long and others present. The society was pleased to know that the Board concurred with it in their deliberations that it was a case where money could be well spent. But in commenting on the Board's view of the deputation question, that at the end of the year a motion by-law be passed to front a loan of \$10,000 for the extension of this sewer through the revestment wall and \$10,000 more appropriation for the filling in, it was considered imperative that the society should agitate the question and bring it before the Sewers Committee now and not wait until January. It was however resolved that the society request the Sewers Committee to ask the council to pass a deputation by-law for money to put the sewer through, and fill in behind the wall, and bring the same before the ratemakers at the time the Hydro-Electric by-law is voted on.

A complaint was handed in that the filling in at the foot of Catharine street has not been done and the residents want to know why the nuisance has not been abated.

In regard to the hall it was decided that the matter be left in the hands of the Standing Committee to look out a proper site and report at its next meeting.

SAFETY DEPOSIT BOXES

To rent at \$2 a year and upwards, for the storing of deeds, bonds, stocks, wills, silver and other valuables.

TRADERS BANK OF CANADA.

TO GRAND LODGE.

Canadian Oddfellows Meeting in London This Week.

The Grand Lodge of the Canadian Order of Oddfellows opened its annual session in London to-day. The meeting will be a very important one. Never before in the history of the order has the financial standing shown as satisfactory progress as this year, and the numerical statistics are also most gratifying. Among the chief matters to be discussed are optional insurance and the rates of the older members. There will be a complete revision of the constitution also.

Among those who will attend from Hamilton are Messrs. James Dixon, P. G. M.; Lyman Lee, Grand Solicitor; C. H. Bamford and C. W. Bradford, members of Grand Lodge committees; Harold Hahnau, D. G. M.; R. Powell, Geo. Venator, W. A. Ross and Wm. Trotman.

FOOLED THE POLICE.

Man Wanted From Chicago May Have to be Extradited.

Dufferin Rifles Displeased—Leak in Brantford Water Main.

(Special Despatch to the Times.)

Brantford, Ont., June 16.—Hustler Ward, the strike breaker, arrested in Chicago at the instance of the local police for feloniously wounding George Battey, a union man, here some weeks ago, gave Sergeant Wallace a jaunty return, Ward at first stated he would return, waiving extradition proceedings. When the officer got there he refused to come back, and was turned loose. He is badly wanted here, and will be brought back finally, as the authorities think it is a case for extradition.

Magistrate Livingston made an announcement this morning that adjournment at the Police Court in future would be discontinued unless absolutely necessary. Yesterday nine out of eleven cases were laid over. The lawyers and the Crown Attorney are blamed for the trouble, which has developed into a nuisance and considerably lessened the dignity of the court.

The officers of the Dufferin Rifles are disappointed over the orders of the Militia Department to the effect that only one company from the Dufferins will go to Quebec. The 38th men believe they have the right of London beaten in every way. The Fusiliers go as a regiment. An effort is being made to get another company for the tercentenary.

The 2nd Dragoons, numbering 426, from Paris, Burford and Brantford, engaged the Fusiliers this morning with Major M. F. Muir in command. They will camp from June 16 to 27.

A big leak in a water main at the Massey-Harris shop last night nearly put Brantford dry to-day. A number of men covered the entire city in an effort to discover the trouble, which was found at 4 a. m. A gang of Massey-Harris men had been making extensions yesterday, but failed to complete the same properly.

The Crescent Lacross Club of New York defeated the visiting Brantford team on Saturday last by a score of 10 to 2.

Two Hungarians, for attempting to steal some coal from the Grand Trunk yards, were allowed to go at the Police Court this morning with a warning.

Frost is reported to have done some damage here last night in the low-lying districts.

The Board of Works will recommend the building of a new bridge at the foot of Alfred street over the canal, to cost \$3,000.

CUT IN HALF.

Mountain Theatre Gets Reduction of License Fee.

Barton Township Council met yesterday, all the members being present, and Reeve Gage in the chair. After the members had been sworn in by the clerk, the business of the Court of Revision was gone on with. The appeals of Messrs. W. L. Cook, Hildreth, Minnett and Robinson, that they had got rid of their dogs, were not allowed, none of them being present. Messrs. Blaxandell and Mitchell appealed because they had been assessed for buildings, when they had none, and \$400 was struck off. Chas. Raymond's claim to being assessed too high was not allowed. John Blackburn was added to the roll in place of Godfrey Brummer, who has moved to the city. F. S. Morris' appeal to have the lot changed from the Dominion Natural Gas Co. to Springer Avenue Methodist Church was not allowed. Those Appeals on the appeal against business tax was not allowed. The council would not change W. L. Land's assessment as public school supporter to a separate school supporter. John Durrand's statute labor was struck off. A by-law respecting the Barton & Binbrook Telephone Co., Limited, was introduced, passed, signed and sealed; also a by-law for Metrose subdivision for cement sidewalk. Messrs. G. H. Summers and Geo. Webb were present to try and persuade the council to reconsider their decision to impose a \$100 license fee on the East End Mountain Theatre, because of the short season. A resolution was passed fixing the fee at \$50 for the season of 1908. Mr. Summers thanked the council for their generosity, and stated that he would take out licenses in a few days. A large number of accounts were passed and routine business gone on with. The council then adjourned to meet at Town Hall on Monday, August 3, 1908, at 1.30 p. m.

Turbina's Moonlight, Thursday June 18th.

Spend Thursday evening on moonlight excursion on steamer Turbina. Kilties' orchestra on board. Boat leaves at 8 p. m. Fare 25c.

Moonlight Excursion.

Take steamer Turbina at 8 p. m. on Thursday, June 18, for moonlight sail. Kilties' orchestra on board. Fare 25c.

GOVERNMENT OWNERSHIP.

Graham Prefers Private Ownership With Government Control.

Judge Cassel's Investigation Into the Marine Department.

Liberal Members Ready to Go to the Country.

(Special Despatch to the Times.)

Ottawa, Ont., June 16.—Before the orders of the day were called Mr. Smith (Nanaimo), asked what had caused the accident on the Transcontinental Railway, near Kenora.

Hon. Mr. Graham said the engineer had been instructed to make a full report as to the circumstances. He was informed that the man in charge of the work at the time of the accident was one of the most experienced engaged on the undertaking.

On the motion for the second reading of the Hon. Mr. Graham's bill to amend the Railway Act by bringing telegraphs and telephones within the jurisdiction of the Board of Railway Commissioners, Mr. Lennox spoke in favor of Government ownership, control and operation of telephones and telegraphs and a system of free rural mail delivery.

Hon. Mr. Graham understood his hon. friend to approve of the steps taken by three of the western provinces to secure control and operation of the telephone systems. It was expected that the hon. gentleman would approve of the Ontario Government doing the same thing and would no doubt use his influence to have them do so. However, there were disadvantages as well as advantages in Government ownership. There was some doubt as to whether it was cheaper than the present system, if depreciation was taken into account. However, the Government had come to the conclusion that private ownership and operation, with Government control of business and rates, was more suited to the needs of Canada to-day.

Government ownership might come when Canada was more thickly populated, just as free delivery was probably would. To-day both would entail too great an expense for the return from them. The Government was now introducing this bill to give the Railway Commission still greater power in the control of private owned and operated telephone businesses, believing this system the most satisfactory. They expected that through the bill being put into force by the Railway Commission the people would get a good service at fair rates and for the present that was what the country required.

The investigation before Judge Cassel of the general charges made in the Civil Service Commission's report against the staff of the Government examining counsel, Mr. George Watson, K. C., taking up the dealings of the Canadian Fog Sign Company with the Department, John P. Northey, of Toronto, one of the three members of the company, told of sales of diaphanous to the Department since 1902. Probably about 40 of these had been supplied, and the profit on each would be about \$4,000. There had been a loss, however, on plant supplied in connection with the diaphanous. The total profits, said Mr. Northey, on what was sold to the Government were about 29 per cent. He said he might have received \$150,000 in profits from the company within the last five years, the Government being the main customer. The company was now making about \$70,000 per profit. The witness explained that they were selling a patented apparatus to the Government and naturally got the most they could for it. Col. Anderson, Chief Engineer of the Department, had asked the company to sell the signals to the Department, and no official or any employee of the Department, said the witness, had ever received a single cent from himself or from the company by way of bribe, commission or in any other way in connection with the business done.

Mr. Northey said he had taken a couple of trips to New York and Chicago with B. H. Fraser, assistant to Col. Anderson, but Mr. Fraser had always paid his own expenses. "A cigar, perhaps, was all any official ever got from me," he said. "I have no knowledge of any dishonesty or unfaithful service on (Continued on page 5.)"

WHERE ARE THEY?

Two Valises Containing Clothing Found Near a Pool.

Guelph, June 16.—What became of William and George Freeman, whose valises were found in a bush on Saturday on the ninth line of Puslinch township; the discovery of the grips was made by two men, Eustace and Burns, who found them near a pond in a position which they had evidently occupied for some time, to judge from their condition. They contained clothes, and there were besides a couple of parcels and an overcoat. It is known that on June 2, about 2 o'clock in the afternoon, the two Freemans left the Cassin farm, in Puslinch, where they had been working, and so far as can be learned they have not been seen since. The close proximity of a pond would indicate that an accident might have happened, but the pond has since been dragged, and there has been nothing discovered to bear out this theory. It may have been that they grew tired of carrying the luggage and threw it away; or, again, that the bags were taken by some thief and carried to this place in the bush.

The local police have not been asked to look out for these men and know nothing of the case more than what they read in the papers.

ESSEX FUSILIERS.

Windsor, Ont., June 16.—Official word has been received that the Essex Fusiliers will go full strength to take part in the Tercentenary celebration there next month. Colonel Bartlett, the present commanding officer, will retire from active connection with the regiment before that time, and will be succeeded by Major Lang.

The directors of the Hamilton Horticultural Society met last evening and appointed Mr. F. H. Lamb president in place of the late John Cape. Mr. John O. McCulloch was elected a director to fill the vacancy on the board.

ARCHBISHOP McEVAY.

INSTALLATION OF ARCHBISHOP.

Imposing Ceremony Will Take Place To-morrow Morning.

Bishop Dowling of This City Will Officiate.

About 20 Will be Present From Hamilton.

Right Rev. F. P. McEvay, D. D., will be installed as Bishop of Toronto to-morrow morning in St. Michael's Cathedral with impressive ceremony. Bishop Dowling of Hamilton, the senior Bishop of Ontario, will conduct the induction ceremony, which will begin shortly after 10 o'clock, and Pontifical High Mass will be said by his Excellency Most Rev. Donatus Sbarretti, D. D., Archbishop of Ephesus and Apostolic Delegate to Canada. An address of welcome from the clergy will be read. Mr. Justice Anglin will read an address of welcome on behalf of the Catholic people of the diocese.

In addition to His Lordship, Hamilton will be represented by Rev. Dean Mahoney and Rev. Fathers Coty and Brady. The number of tickets available for any one place is necessarily limited, but there will be about 15 to 20 Hamilton people present, in addition to the priests named.

A feature of the services will be a welcome to the Papal Delegate by Very Rev. J. J. McCann, on behalf of the clergy and people. A number of prominent ecclesiastics and about two hundred priests will be in attendance. Admission to the cathedral will be by tickets. The centre of the church will be reserved for the clergy, members of Parliament, City Council and the Reception Committee of the Catholic people. The ceremonies will begin with a procession from the palace on Church street, going by way of Slater and Bond streets to the cathedral.

His Grace Archbishop McEvay will arrive in Toronto from London this evening, accompanied by a large number of the clergy of London. He will be escorted from the station to St. John's Grace, Sherbourne street, which he will make his residence. Most Rev. Donatus Sbarretti, accompanied by his Secretary, Very Rev. T. Sinnott, will arrive this evening from Ottawa, and during his sojourn in Toronto he will reside at St. Michael's Palace. Rev. Dr. Thomas Kidd, of Penetanguishene, will be Secretary to the reception camp. Dr. Kidd was born in Athens, Ont., and received his education in Toronto.

ORDER TO DEPORT THE FOREIGNERS.

EIGHTY-FIVE ARRIVED AT BEAMSVILLE YESTERDAY.

Got Away From Niagara Falls Before the Order for Deportation Arrived From Ottawa.

Beamsville, June 16.—(Special)—Eighty-five Poles, destined for the Beamsville Preserving Co., coming from Buffalo yesterday morning, were held up by the Canadian Customs authorities at Niagara Falls as to what should be done with them. They arrived, however, bag and baggage, on the 6 o'clock accommodation last evening. Just after the train left Niagara Falls, the Ottawa authorities instructed the officials at the Falls to deport them, but the telegram came too late. Further developments are expected.

HAD A BAD FALL.

Alfred Riley, 231 West avenue north, employed at the Steel Plant, was badly shaken up last night about 11 o'clock by a fall into the steel pit. He was taken to the City Hospital in the ambulance suffering from shock and numerous cuts and bruises. His injuries are, not considered serious, and he will probably be about in a few days.

ROAD TO PUSLINCH.

Talk of Extending the Berlin, Galt, Freston & Hespeler Line.

(Special despatch to the Times.)

Guelph, June 16.—There is talk of extending the Berlin, Galt, Preston & Hespeler Electric Railway system out to Puslinch Lake from Hespeler. Just north of the Hespeler shed that does service as a waiting room for passengers, a building has been torn down, on which it is said a new station is to be built. The track will then be in line with the lane between the rear of the stores on the main street and the old Brodie woolen mills, which the Guelph engineer looked upon as a suitable right of way, when he surveyed it a few years ago, with a view to the extension of the system to Puslinch Lake and Hespeler. It is said the matter is in such a shape that the Preston-Hespeler system, which is really the C. P. R., controls it. It is stated too that surveys are being made out to the lake from which the road may come to Guelph.

FOR QUENCHING THE THIRST.

Betger's lime juice cordial, in 25 and 35 cent bottles, West India lime juice in 15 and 25 cent bottles. English fruit salts 40c a pound. Sherbet and citrate of magnesia 30 cents a pound. Lemonade powder, 15 cent packages, very handy and delicious.—Parke & Parke, druggist.

MAYOR STILL IS OPPOSED

To Acceptance of the Cataract Company's Offer.

Engineer Sothman Is Expected Here This Afternoon.

Police to Make a Crusade Against Dogs.

The Cataract Power Company has arranged a new scale of rate for users of power for long hours, which is expected to appeal especially to hotels, restaurants, cigar stores and others who burn lights for many hours at a time. There was considerable objection from this class of customers when the company abolished the old flat rates last December and it is believed that the new scale will leave no room for complaint.

Mayor Stewart declared to-day that the Cataract contract, which has been submitted to the aldermen, has not changed his opinion any as to the advisability of the city closing with the Hydro-Electric commission. While the company has granted the concession of meeting the Hydro terms on the twenty months maximum charge for the month instead of the year, he says that among the objectionable features of the offer is the fact that the company stipulates the power is for civic purposes only and that the price is ten per cent. lower than in Toronto or cities or towns west of Hamilton instead of ten per cent. lower than the commission would supply the power here. Under the Hydro offer, he says, the city would get power at ten per cent. less than the other places.

The company in its original offer guaranteed that the price would be ten per cent. lower than Hydro power at Hamilton, but according to the Mayor's interpretation of the contract this is not stated in the proposed agreement that was submitted to the aldermen. The Mayor, Solicitor Lobb, of the Hydro-Commission, called up City Solicitor Waddell this morning to find out what action the Council had taken. He said Engineer Sothman would be in the city to-day.

So many complaints have been received about the nuisance created by dogs allowed to run at large that the police will be asked to see that the law is more rigorously enforced. The city officials wish to draw the attention of dog owners to the by-law which reads as follows:

"No person shall permit his dog to run at large in any public street, lane, square, or other public place in the city, between the hours of 8 o'clock in the evening and 8 o'clock in the morning, between the first day of May and the first day of November, in any year, unless such dog is held by a leash, cord or chain, which shall be sufficient to keep it under control."

On complaint made to the Police Magistrate, or any Justice of the Peace having jurisdiction, that any dog within the city has become a common nuisance by barking, biting or howling, or chasing and barking at any horse or vehicle on the public streets, the Police Magistrate or Justice shall cause the owner or person keeping such dog to appear and show why such dog should not be destroyed or the nuisance abated, and if it appears that there was just cause for complaint the owner or keeper of such dog shall be subject to the penalties contained in by-law No. 68 of revised by-laws of the said municipality.

Building permits were issued to-day as follows: H. J. Bush, brick house on Mountain avenue, south of Aberdeen avenue, \$1,700.

Rastick & Son, brick driving shed, corner of Jackson and Hughson streets, for William Lees & Son, \$1,300. J. T. Hill, frame house, corner of Huron and Sanford avenue, \$500.

Ingersoll Council last night, by a vote of six to three, authorized the Mayor to sign the contract with the Hydro Commission for 500 horse power.

Relief Officer McMenamy was notified to-day that an order had been issued for the deportation of Hian Cumia, his wife and two children. They will be sent back to Roumania. The woman is in the last stages of consumption.

This afternoon City Engineer Barrow, Engineer Hedges, Solicitor Waddell and Chairman Quinn of the Board of Health, went to the site of the new smallpox hospital to inspect the ground and see what work is required there.

THE MAN IN OVERALLS

This is the drowning season, next.

Judge Mulock believes in Italy's disarmament.

There should be no difficulty in raising that money for St. Joseph's Hospital.

Perhaps there would be less danger if the automobiles carried sleigh-bells.

A noiseless lawn mower is another thing we are all waiting for.

A good wet rain would put the farmer's in good humor.

People who say we do not need street railway extensions should tell us what they think about having to go round by James street to get from Sherman avenue north to Sherman avenue south.

The Cataract-Hydro-electric power offers would puzzle a Philadelphia lawyer.

The Sunday School picnic should be having in sight pretty soon.

It's hard to please some. A lump of the Tory papers are just as grumpy now as they were before the elections.

Sometimes the city water looks too much like coffee to tempt me. Anybody swimming in the reservoir?

I'm quite serious about that catery. Some provision should be made for the homeless felines, even if it were only to secure them speedy, painless death, and decent burial.

Now that the prospects are good for fine harvests, the factories might risk giving a few more of the unemployed employment.

There should be lots of work as soon as the street railway by-law is passed.

It's taking a long time to reorganize the City Engineer's department. They now say that Mr. Barrow will "win out," whatever that means.

Anybody thinking about building that trolley line over and along the mountain? There's money in that scheme.

I fear me for the workman's cottage when this power business gets eating up the taxes.

What's the matter with the fishing club this year? I don't hear of any big catches. Water too cold yet?

It wouldn't be a bad idea if the Parks Board would serve a light lunch daily about 4 p. m. in the Gore Park. It would greatly refresh the benchers.

Now, what kind of a square deal is Whitney going to give Hamilton?

Have you got the hamcock bait?

Muskoka will soon be filling up.

So far this has been a poor June for marriages. What's the matter with the young fellows, anyway? Rents are no higher this year than they were last.

How far is it from earth to heaven? Only a cable's length.—H. T. Miller.

NEW INDUSTRY.

Hamilton Tube Company Will Establish in East End.

The incorporators of the Hamilton Tube Company, which has just been granted a Provincial charter, are James Louis Sharkey, manufacturer, Adolph Monac-Lesser, physician, and Rush Sydney Harry, railroad official, all of New York city; George Allen Martin, manufacturer, of Pittsburgh, and E. H. Ambrose, barrister, of this city. The company is authorized to manufacture, purchase, sell and deal in brazed, butt joint, welded and structural tubing, and all other articles connected therewith. The share capital is \$50,000, in \$100 shares.

Mr. J. L. Sharkey, one of the promoters of this enterprise, has opened an office in the Bank of Hamilton building. The company has obtained options on several pieces of property in the eastern annex, and is pushing forward its arrangements with a view of beginning operations at an early date. It will manufacture all sorts of tubing and expects to build up a very large business here. It will be an entirely new industry for Hamilton.

THEY ARE SORRY.

Stadholve Supporters Would Welcome Court Proceedings.

Among the supporters of Mr. Allan Stadholve in the recent provincial election the decision of the Conservative party in East Hamilton not to ask for a recount is not accepted with pleasure. Not a few of them would welcome a recount in the hope that it would bring about proceedings which would enable them to show up Tory methods in the election. The Labor men worked in a quiet but effective way on June 8. They had few rigs, but plenty of workers, and their men, in many cases, posed as Scott men or McClemon men, and used the rigs of their opponents freely. They claim to have evidence of such a mass of Tory crookedness that they would like to have a chance to tell what they know in court.

Getting Cheaper. Strawberries are getting cheaper. We have arranged for a daily supply from the best growers and are in a position to supply fancy stock at reasonable prices, special price by the crate. We sell only Redpath's extra standard granulated sugar; all sizes fruit jars at reasonable prices; daily Beach delivery. We close Wednesday at one o'clock.—Bain & Adams.

LEGLESS MAN DEFENDANT

In a Non-Support Case in Police Court.

Wife Said He Had Dealings With Other Women.

Eddie Burke Gets Three Months Imprisonment.

There was a sad case at the Police Court this morning of non-support, "John Goodwin," called Sergt. Knox, and a strong-looking man, who was sitting in the court started to move in his seat. Magistrate Jelfs may have had visions of this apparently strong man neglecting a delicate wife, but they were speedily dispelled when Goodwin had to climb down from his seat on the benches and feel for the floor with the stumps of his two legs, which are about six inches long. Four years ago this month Goodwin lost both legs on the railway near the Jockey Club, and since then he has not been able to work, but has had to sell shoe laces and shoe polish and he is a familiar figure, standing near The Right House, while the afternoon bargain hunters are on the go. Mrs. Goodwin said that her husband kicked her out of the house two years ago, in the middle of the night, and had not helped her since. She was working to support him at the time. Since then she claims to have discovered another Mrs. John Goodwin, with a baby in her arms, who was being supported by her husband. That was why she asked for an order for so much per week.

Goodwin, being sworn, said that two years ago he and his wife had a spat and the feminine wail of "I'll go home to mother" was handed to him. He told his wife to go and never come back, if she wanted to—and she went. He said he was not making enough to support his wife, as some days no one bought anything from him, and on other days he made a mere pittance. He also said he had kept up the house he and his wife lived in, and that she was welcome to it, whatever that means.

Wife snorted with indignation, and said she would not live with the man who had dealings with two other women she knew of, but John denied this. She next taxed him with being a deserter from the American Navy, and this he did not deny.

The Magistrate, however, said the case seemed to be one of the eternal feminine—the wife was satisfied with the way things were running till she thought her husband had another woman to love, and then she wanted to soak him. He dismissed the case.

The case of William Kennedy, 38 Strachan street west, charged with assaulting Daniel McLaren, was that latter gentleman's Waterloo. After getting his neckbone kicked, and being knocked out by a blow on the head, he was dismissed and that he (McLaren) was assessed \$1 costs; this also in the face of the fact that he had employed a lawyer and the defendant had not. W. A. Logie appeared for McLaren. For two years Kennedy has lived at 26 Strachan street west, according to the complainant, which house belongs to McLaren. Last month he did not pay his rent as soon as it was due, and was told to leave forthwith. Saturday he started to pay this month's rent, which falls due on June 21st, after serving the notice to leave. There was trouble between the two men and Kennedy swore that

(Continued on page 5.)

FELL AND LOST HIS RIGHT LEG.

SAD ACCIDENT TO LITTLE BRUCE HENDERSON YESTERDAY.

Tried to Pull Himself Out of Danger and Succeeded in Getting His Body Clear.

A sad accident took place between 5 and 7 o'clock yesterday evening at the corner of Little William and Barton streets, when little nine-year-old Bruce Henderson, living on Leeming street, was run over by a street car, and lost his right leg above the knee. The little fellow was playing on the north side of the street, and a car was coming from the Jockey Club with a load of people on board. Seeing a friend across the street, the lad ran across in front of the car, and fell just as he was going over the tracks. He managed to pull his body clear by a great effort, and also to swing one leg around, but had to use his right leg as a pivot to do this. He had no time to move his right leg, and it was run over and crushed. Motorman Campbell, who was in charge of the car, tried hard to stop it, but the heavy load gave it a momentum

MARGUERITE'S SECRET

"That is fancy, my dear; Plover's Point is fifteen miles up the river." As the air was calm and the water smooth, with the promise of continuing so for the night at least, and as there was a full moon, Mrs. Houston felt safe in remaining on the boat.

at her word, and soon brought his wife to visit her. And, excepting the family at Buzzard's Bluff, this amiable pair were the only acquaintances Mrs. Helmsstedt possessed in the neighborhood.

among the wild scenes of nature, and lose herself amid the pathless woods, or to spring upon her favorite steed and fly over hill and vale, miles and miles away; or jump into a boat propelled by her own single hand, and explore the coast, with its frequent points and headlands, creeks and inlets, felt most severely and bitterly this constraint upon her notions.

"This is a conflict between our wills, Marguerite," he said, "and one in which you should at once, as you must sooner or later, yield."

"I will when I can, Philip." "You must, for you are very weary of this island."

"I have not said so." "You are very obstinate, Mrs. Helmsstedt."

"I am very unhappy in offending you—that is a greater sorrow to me than my restraint." (To be continued.) Burns and Scalds From Steam. Relieves pain instantly, heals quickly without any scar.

AT R. McKAY & CO'S, WEDNESDAY, JUNE 17, 1908. A Great Woman's Suit Event. Beginning to-morrow morning terrific sacrifice in prices divided into two lots as follows: Heretofore sold up to \$19.50 Sale price \$ 8.75 Formerly sold up to \$30.00 Sale price \$ 15.00

Wednesday Sale of Cream Serges and Panamas Reg. 85c Values for 55c. To-morrow morning we place on sale Cream Serges and Panamas for pretty summer suits or separate skirts, at prices that will bring you to this store to-morrow for your summer supply in wanted and pretty cream materials; two of our very best selling cream materials very greatly reduced for Wednesday's selling only, worth regular 85c, sale price 55c yard.

Clews' Report.
New York, June 13.—Recent developments have been of a generally favorable character. The week preceding a national convention, which expects to perform such important duties as nominating the next President and issuing a party platform, is not usually a period of much activity in the stock market.

Failures Last Week.
June 13.—Commercial failures this week in the United States, as reported by R. G. Dun & Co., are 285 against 295 last week, 277 the preceding week and 187 the corresponding week last year. Failures in Canada number 24 against 44 last week, 18 the preceding week and 20 last year. Of failures this week in the United States, 100 were in the East, 88 South, 53 West, and 34 in the Pacific States.

Pittsburg, June 16.—Oil opened at \$1.78.

TORONTO MARKETS. Live Stock. Receipts of live stock at the Union Stock Yards were 64 car loads, composed of 1,300 cattle, 12 hogs, 63 sheep, 73 calves.

The quality of fat cattle was better than for several markets, that is, there were more of the better class of stalled animals.

Trade was good for the better classes, with prices firm at quotations given below.

Exporters—Export steers sold at \$6 to \$6.50; export bulls, at \$4.75 to \$5.25 per cwt.

Butchers—Prime picked lots of butchers' sold at \$5.80 to \$6; loads of good, \$5.60 to \$5.80; medium, \$5.30 to \$5.50; common, \$4.85 to \$5.20; cows, \$4.65 to \$4.80 for good; canners and common cows, \$1.50 to \$4.40 per cwt.

Milkers and springers—A few milkers and springers, about 10, sold at \$35 to \$48 each.

Veal Calves—Seventy-three veal calves sold at \$3.50 to \$5.50 per cwt. for the bulk, and a few choice calves went to \$6.25 per cwt.

Sheep and Lambs—Export ewes \$4.25 to \$4.60 per cwt.; rams, \$3.50 to \$4 per cwt.; spring lambs, \$3 to \$5.50 each.

Hogs—The Gunns, Limited, reported selects on a fed and watered basis, at \$6.15 per cwt., and \$5.90 f.o.b., cars, at country points.

Butchers—Prime picked lots of butchers' sold at \$5.80 to \$6; loads of good, \$5.60 to \$5.80; medium, \$5.30 to \$5.50; common, \$4.85 to \$5.20; cows, \$4.65 to \$4.80 for good; canners and common cows, \$1.50 to \$4.40 per cwt.

THE HAMILTON TIMES

TUESDAY, JUNE 16, 1908.

POWER OFFER POINTS.

It would hardly have been wise or reasonable to expect the City Council to undertake to interpret with the necessary care and deal with the Catactrac Power Company's offer of electric service to the city last night, when the document had been only a few hours in the possession of the city clerk, and had hardly time to be more than read over by the aldermen.

The offer made gives the city three options: (1) Power at \$16 per horse-power, which may be at any time, on the city's motion, changed by readjustment to (2) such a figure as shall be 10 per cent. less than the Hydro-Electric Commission's charge to municipalities west of Hamilton or to Toronto, sinking fund payments not included in such charges, the Hydro-Electric Commission or Ontario Railway Board being arbiter; (3) the city to have the right to install a watt-hour meter and take readings, and, if preferred, pay the company one-half cent per horse-power, guaranteeing the company a minimum of 75 cents per horse-power per month (\$9 a year) of the capacity of the transformers installed for the city's supply of current.

The first proposal is intended to provide a working basis, and guarantees that the city's power supply will not cost more than \$16, even if the Hydro current should cost \$25. If the city finds it to its advantage it may change to the basis of 10 per cent. cheaper than the Hydro price at any time.

In the second option the offer is for 10 per cent. less than Hydro power, and the terms generally closely follow the wording of the Hydro offer. In some respects it gives the city advantages. Last night the Herald said the company's offer provided for measurement by the yearly peak load, while the Commission's was by the monthly peak load. That, however, is not the fact, as a perusal of the offer clearly shows. Indeed, in case of the city exceeding its contract supply for any twenty minutes because of "emergent or abnormal demand caused by purely exceptional circumstances or conditions" it is provided that such use of power shall be specially dealt with as occasion may arise.

Continuity in the service is to be secured by duplicate machinery and two transmission lines; and in certain other parts of the proposed contract economy is suggested by utilizing the company's property and the service of its employees.

Section 14, providing for exceeding the 1,500 horse-power limit without notice to the company, is one that while probably capable of being interpreted without difficulty by legal minds is, it seems to us, one that could be stated or explained in a more satisfactory manner. Its meaning we take to be that if the city exceeds the first 1,500 horse-power, unless as an emergency matter in exceptional circumstances, it shall be understood that it is entering on a second 1,500 horse-power extension of the contract upon the same conditions. Now, could not that be more simply stated? And do we wish to agree to that? Why not make the extensions of the contract in blocks of 500 or 1,000 horse-power? It might be well for the aldermen to consider that.

Looking at the general terms of the offer it appears to offer many and great advantages over the Hydro scheme, while it involves no onerous debt, liability, monopoly fetters or risk. But, as we have said, it is a matter in which there is no need for hurry, and it should have the best consideration of the aldermen and people.

WHY NOT TRUST THE JUDGES?

When Sir Wilfrid Laurier in the House in discussing the effect of the Aylesworth Bill on the Manitoba lists said that there can be no "suspicion on the part of anybody if the lists are prepared entirely under judicial authority," he stated the case in a way that will appeal to everybody who seeks only fairness. That is not the way the Roblin law provides. Formerly the preparation of the Manitoba lists was much less partisan. The law placed in the hands of the judges the appointment of the registration clerks. For reasons of its own the Roblin Government took that power from the judges some years ago, and took the matter into its own hands. These officials are now chosen by the party and appointed by the ministers as a matter of patronage, and their business is to see that they are as favorable as possible to the Conservatives. In the statute their duties are defined, but safe in the protection of the Roblin Government, they disregard the regulations at will when there is party advantage to be gained.

It is important to note that even when the Judge acts under the Roblin law his powers are narrowly restricted. The Winnipeg Free Press points out that under the Roblin Government's system, not only are the registration clerks appointed by the Government, and not by the judges, but the judges' powers in the making of the lists are rigidly defined by the Manitoba Election Act.

The judges do not appoint the registration clerks. They do not fix the time and place for the registration of voters. They do not determine the time and place of the Courts of Revision.

They do not even fix the hours which the Courts of Revision sit. At the Courts of Revision—excepting

in the four city constituencies, where their powers are purely advisory—the judges can put on the lists the names of electors who apply personally. This is the extent to which they make the lists.

Plainly, the judges are made so many automata, and are made subordinate and subject to the partisan Registration Clerk. The Free Press thus illustrates:

If a dishonest registration clerk, not watched as sharply as he should be by the Liberals, puts on fifty bogus names and at the Court of Revision it transpires that these fifty names have been fraudulently registered, the judge has not "plenary power," as pretended by Mr. Rogers, to strike them off. This has been proved in actual practice. If a name appears on the list of the registration clerks, whether placed there regularly or not, it goes on the list of electors, unless it is appealed against, and the formalities of an appeal regarded. The Liberals have thus to watch the registration clerks; scrutinize the lists; file notices of protests, and produce evidence before the judge establishing the qualification of the persons proceeded against. In many constituencies no adequate time is afforded for a scrutiny of the list preparatory to making appeals.

A judge may know, of his own personal knowledge, that names are on the list that should be struck off; but he is powerless to do so. The Liberals must protest the name; go through a certain procedure; and produce the evidence—then the judge can deal with the matter. Thus, the Manitoba judges do not make the lists at all. The Manitoba lists are made by registration clerks, appointed by the Roblin Government, and, therefore, almost invariably strong partisans. As they make the list it stands, subject to the ability of the Liberals to clear it at much expense of time and money.

As showing how the Registration Clerks, appointed by the Roblin Government are placed by the law in a position to pad the lists, the following extracts are presented, from the Act itself:

All the names for which applications have been made to the registration clerk to be registered as electors, and appearing in the registration register, shall be added to the said lists by the revising judge or barrister, without investigation as to qualifications, except the names of persons complained against, on the ground of disqualification, in the manner hereinafter provided, in which event the revising judge or barrister shall first hear and determine such applications, according to the principles, but subject to the same restrictions, as provided in cases of applications to strike off names from said list.

Sub-section 9 contains this important proviso: No complaints or appeals shall be heard by a revising officer to strike names off the list of electors, unless applications therefor have been filed with the registration clerk as hereinbefore by this Act provided.

The reader will observe that the terms of the Act require the judges to confirm, absolutely without any investigation—no option, or right of judgment is left to them—all the names added to the lists by these Registration Clerks appointed by the Roblin Government, save in cases where the shortness of the time allowed renders revision impossible.

In view of this section of the Act which ties the Judges' hands and compels them to put on the lists all the names which the Registration Clerks present, it is not somewhat remarkable to hear Mr. Rogers stating at Ottawa: "Let it be clearly understood there is not one name on the Manitoba lists today, nor can one name be placed on the lists at the coming revision, that has not, or will not, be placed there by the county court judges of the Province. No appointee of the Manitoba Government has power to add or strike off one single, solitary name. The only individuals that have power to do this, under our law, are the county court judges." Further evidence is not lacking of an increased desire to utilize the system for party advantage. In 1906, 448 booths were provided with a total of 10,772 hours for revision; this year, 393 booths, with a total of 3,393 hours for revision. This means that the power of the Registration Clerks will be increased, and there will be more opportunity for padding by the Registration Clerks, and less opportunity for purification by the judges.

Sir Wilfrid Laurier's proposal was to make the judges the real revisers of the lists. If Mr. Roblin is willing to trust the judges, why should he object to the measure? Why the obstruction, to the disorganization of the country's business, which is being conducted at Ottawa? Is it not abundantly clear that Roblin's friends at Ottawa appreciate that the infamous Manitoba franchise act gives the Manitoba Ministry the control of the voters' lists, and they wish to retain that control for partisan ends? The country is not fooled.

DETROIT RIVER TUNNEL.

A great work, of which comparatively little is heard, is the building of the Detroit River tunnel, which is now being pushed forward. The subsequent section of the tunnel consists of two parallel steel tubes, 23 ft. 4 in. in diameter, lined with concrete, and enclosed in a mass of concrete, making each of the ten sections of a little over 262 feet long a mass measuring 56 feet wide and 31 feet high, which is to be deposited in a dredged trench in the bottom of the river. A study of the figures will give some idea of the character of the work to be done. The shore work is done by a special adaptation of shield tunnelling.

The first section of the great double tube, about 262 feet long, was sunk on October 1st, 1907. It was built on shore, launched, towed to its position, and lowered into the trench under perfect control, by an ingenious system of air chambers, and connected in its position by divers. The handling of these sections, weighing over 800 tons each, required the exercise of great skill. The second tube was sunk on November 29th, 1907, and the connection with the one was made without difficulty, one diver doing the work in two days. The

coming of winter prevented further work on the tunnel. Two more sections of the tube have been launched, and are almost ready for sinking, and a fifth section is nearly ready to launch, and the work will be prosecuted with vigor.

The undertaking is one of great magnitude, and would hardly have been conceived possible by the engineers of a generation ago. It will prove a great advantage to the railways, and, unlike a bridge, will offer no obstacle or annoyance to shipping in that one of the greatest paths of the world's marine commerce.

IT IS CONFESSION.

The action of the Manitoba Government, taken at the request of Mr. Borden, leader of the Ottawa Opposition, in extending the time for hearing appeals against the Manitoba voters' lists so as to afford opportunity for their better revision, will doubtless have a good effect in helping toward a settlement of the deadlock at Ottawa. Mr. Borden's action is a recognition of the fact that a gross injustice is done by the Manitoba system of revision, and that it urgently requires amendment. Had the Manitoba Government come forward with offers of amendment which assured to the electors a fair list, much of the difficulty encountered might have been avoided. That it did not do so, but clung to the much-abused and partisan system which it adopted, and put up the Opposition at Ottawa to block business with the object of resisting voters' list reform until even Mr. Borden was constrained to ask it to act so as to give the Opposition a colorable excuse for its course of obstruction, is overwhelming evidence that the provisions of the new Dominion Elections Act were much needed to protect the Manitoba electors' right to the franchise.

EDITORIAL NOTES.

There will be no finer corps at the tercentenary than our own 13th and 91st. Make no mistake about that.

"Blessed is the peacemaker," but sometimes he requires to be big and burly to enjoy the blessing with safety to his person.

Possibly "Big Bill Taft" might get into Roosevelt's shoes, but it would puzzle him to stretch Teddy's waistcoat to button on him.

Where did the Waterworks Department officials get all the mud that they used to mix with the water they gave the householders yesterday?

"Liberal"—Laurier was first elected for Drummond and Arthabasca to the Quebec Assembly in 1871. He resigned in Jan., 1874, and was elected to the Commons. He has sat in every Parliament since.

France has a brand new revolt on her hands, a regular edition de luxe, respectable-sounding affair. Sultan Adu El Aziz and 4,000 of his tribesmen have seized a French commander, and now they are sizzling at Tangier.

Winnipeg's assessment, just completed, amounts to \$103,051,500, of which \$62,351,200 is on land, and the remainder on buildings. The property exempt from taxation amounts to \$21,490,500. The population is returned as 118,252, an increase of 6,232 over last year.

Winnipeg's \$7,500,000 municipal loan is not snatched up with the avidity expected by the municipal ownership and operation enthusiasts. Municipal socialistic plumbing is doing much to damage municipal credit and burden the rate-payers.

Prescott may elect a Liberal after all. The Liberal is only 6 votes behind, and there is a large number of rejected ballots. The deputy-returning officers appointed by the machine were not likely to give Mr. Labrosse the best of it in rejecting ballots.

Wise readers will not think it necessary to go out of town to look for bargains until they have inspected the stocks of the home merchants who address them through the columns of the Times. If there are good things offering, that is where they are to be found.

In any comparison of railway rates of fare the population from which earnings are to be drawn must be taken into consideration. Statistics show that the United Kingdom has 1,821 population to every mile of railway, France 1,590, New South Wales 686, India 10,119, New Zealand 358, Canada 289. While the United Kingdom has 5.20 square miles of territory for each mile of railway, Canada has 161.80.

In December, 1906, Premier Roblin, of Manitoba, in pushing through his Provincial telephone scheme, called the House to witness: "We will more than cut the Bell telephone rates in two." The scheme was carried out at a cost of about \$3,500,000, and large additional appropriations have been since made. The only result noted, thus far, has been a decline in the character of the service, and a vast increase in rates to a large number of the subscribers.

We expected it; and our only wonder is that it has been so long in coming. The Galt Reporter asserts that it has an offer to produce Ontario school books on the basis of present prices of our Readers. Our contemporary lauds the Yankee product as "immeasurably superior in quality" to the Ontario one. Now here is a way out for Whiskey. But if he has the Reporter to furnish with school books for our children, sending the money of their parents across the line to enjoy Yankee workmen, it might be well for him to pro-

vide that the eagle, and the Stars and Stripes be not used as decorations on the title page and front cover.

Mr. MacKay thinks that a Provincial Liberal Convention will be held shortly—perhaps within a year. Some one suggests that the question of taking up prohibition be considered. Great idea! If all the Prohibition-before-Party men who fumed against Whitney a month ago, and then marched shoulder to shoulder, with the liquor men to the polls to vote for continuing him in power, should attend that convention, we should have to roof in Toronto to accommodate them.

There is an appearance of collapse in the United States Government's campaign for pure foods and drugs. President Roosevelt and his Administration, in their desire to accommodate themselves to the business methods which have grown up in recent years, are occasioning solicitude among the friends of purity in foods, and from stringent enforcement of the act, there is now danger that the pendulum will swing too far in the other direction. The spasm of virtue was too irrefragant to last.

Our Exchanges

Makes Criminals. (Woodstock Sentinel Review.) Rev. Frank Vipond, rector of St. Barnabas' Church, Toronto, speaking from an experience of three years as chaplain at Toronto jail, says that place can scarcely be regarded as such an institution for reforming criminals as for making them.

Two Talkers. (Kingston Whig.) The Toronto News has jacked Allan Studholme, M. P. P., under its wing, and wishes him to talk less. Allan will be inclined to retort, "Talk less yourself," and he will say that which will find favor with a good many people.

Close at Ten. (Montreal Gazette.) By the new Saskatchewan license law, bar rooms must close daily at 10 o'clock p. m., and on public holidays must be closed all day; club licenses are not allowed, and a majority may carry and put into force a local option by-law.

The New Welland. (Kingston Whig.) The enlargement of the Welland canal—or rather the new Welland, deeper and with fewer locks between Fort Colborne and Port Dalhousie—would mean the development of the St. Lawrence route. Suppose the work did cost \$25,000,000. That would be about a fifth of the cost of the Georgian Bay canal.

Life Insurance. (Montreal Gazette.) The current issue of the Insurance Press contains a biennial review of the life insurance distributed during 1907 in the United States and Canada. The total reaches the immense sum of \$351,000,000, of which Canada's share was \$19,500,000. This is a very respectable sum, but half as much more was paid to beneficiaries residing in the city of New York alone, while Philadelphia and Chicago between them divided as much as all Canada received. Montreal ranks twelfth in the list of cities, having received \$2,315,586, following Buffalo and San Francisco, and leading and far ahead of Toronto, which is in nineteenth place, with \$1,455,000. A table is given showing 200 cities in which more than \$100,000 was paid last year; the Canadian representatives in the list and their standing being:

Table with 2 columns: City and Amount. Montreal: \$2,315,586; Toronto: \$1,455,000; Ottawa: \$661,456; St. John, N. B.: \$457,077; Quebec: \$416,250; Halifax: \$295,595; Winnipeg: \$161,837.

Hamilton almost reached the list, the total paid in that city being \$98,976, while London drew \$71,000.

A PRESS GALLERY LAUREATE At a gathering of the press gallery at the House of Commons in Ottawa, the other night, when the members of the gallery presented Mr. William Mackenzie, secretary of imperial and foreign correspondence, with a small memento of his thirty years' association with that body, the following verses were sung by Mr. J. Sydney Roe, of the Montreal Gazette. The verses are from Mr. Roe's own facile pen, and they hit off in racy style several of Mr. Mackenzie's characteristics, which his intimates were quick to recognize. They were sung to the familiar air of "Mr. Dooley."

"BILL MACKENZIE." There is a man who's known to all, a man of great renown, A man whose name is on the lips of everyone in town, 'Twas off in Bonnie Scotland that he first put foot on earth, And now we're pleased Sir Wilfrid has just recognized his worth.

'Tis Bill Mackenzie, Bill Mackenzie, The greatest Grit the country ever knew. So democratic And diplomatic Is Bill Mackenzie—enzie—enzie—oo.

Jacques Cartier came over here in 1542, And founded our great nation (that is if reports are true); 'Twas far down the St. Lawrence that he first caught sight of land, Who was it stood upon the dock and grasped him by the hand? Why, Bill Mackenzie, Bill Mackenzie! Said Bill: "It's you I want to interview, I'll put your capers in all the papers."

Who had a string of papers stretching far from sea to sea? Who never cast a Tory vote so strong a Grit was he? Who when it came to playing bridge took everything on reach, Who at the "gallery" meetings never made a speech? Why, Bill Mackenzie! Bill Mackenzie! And now he's gone we don't know what to do.

So democratic, So diplomatic, Was Bill Mackenzie—enzie—enzie—oo! [Mr. Mackenzie will be recognized by Times' readers as the clever correspondent at Ottawa who for many years kept them so well informed on matters political.]

47 and 49 King Street East SHEA'S 8 and 10 Hughson Street North Our Summer Clearing Sale Store Closed All Day To-day and All Day Wednesday This immense sale will open sharp at 9 o'clock Thursday morning with a Hundred Thousand Dollars' Worth of Up-to-date Merchandise, on sale at a third to a half less than regular prices. Be prepared for bargains, for a Shea sale means a "sale to clear."

WILCOCKS CONGRATULATED

BY THE VICEROY OF INDIA AND LORD KITCHENER. Peace on the Frontier—British Officer Killed in the Last Fight.

The Viceroy has telegraphed to General Sir James Willcocks, heartily congratulating him upon the success of the campaign against the Mohmands which has been brought so rapidly to an end. He specially mentions Major D. B. Blake, political officer of the Northwest Frontier Province, and conveys to the troops his warm appreciation of their splendid success.

Lord Kitchener has also telegraphed to General Willcocks expressing his warm appreciation of his services and of the splendid behaviour of the troops. The casualties in the last fight of the campaign were one officer killed and thirteen rank and file wounded. The dead officer is Lieutenant W. Young, of the 67th Punjab, attached to the 34th Sikhs. He was fatally wounded in the abdomen. Nine of the rank and file were wounded, five of the 34th Sikhs and four of the Guides.

A Famous Family. Few families have done more solid and enduring work for the Empire than the famous Willcocks brothers, one of whom, as recorded above, has just brought to so successful a conclusion the operations which he has been directing on the Indian frontier.

All have served the British Government, and all have won distinction. One is a soldier, two are engineers, another is a doctor, and another is in the Church. Every one of them is remarkable in his field, and all are very much alike in face, figure, and temperaments. The best known is, of course, Major-General Sir James Willcocks, and it is an odd thing that in his youth he was regarded as the least promising of them all.

As a boy he ran away to sea. He failed twice for the first examination for the army, and then he wandered about in tramp steamers and had a rough and bitter experience. When at length he returned to Britain he landed at Newhaven with only sevenpence in his pocket. His father persuaded him to try again for the army. This time he managed to enter Sandhurst, and on passing out creditably he was gazetted to the Leinster Regiment.

Very soon afterwards he saw service in the Afghan war, and he really seems to have been fighting ever since—on the Indian frontier, in Egypt, in West Africa, and at the Cape. Wherever a British force has taken the field, there Sir James Willcocks has almost invariably been found. His relief of Kumasi was only one stirring episode in a life full of adventures. His breast is covered with medals, and he is still in the prime of life.

A Soldier of Fortune. Those who say that influence is the only thing that counts in the army should consider the career of Sir James Willcocks. He had no money and no help and no powerful friends. He fought his way to the front by his own sterling qualities and his unquenchable zeal and persistence; and at forty-four he was receiving the freedom of the city of London and a grant of honor. He has been a veritable soldier of fortune in the truest and most honorable sense of the term, with nothing but his sword to aid him.

Another brother, Sir William Willcocks, K. C. M. G., is the famous irrigation engineer, who has done so much to help forward the prosperity of Egypt. His share in conceiving and creating the great dam at Assuan is a matter of history. When he was up at Assuan working out his scheme, it literally possessed his mind. That is the Willcocks way. Now he is studying the question of providing enough water for the permanent irrigation of the whole of Egypt. To that end he has made a thorough inspection of the Nile to its source. He dreams of restoring the vast Babylonian irrigation works in the Euphrates valley, of making Chaldea once more one of the granaries of the world. When he went to Mesopotamia he refused to look at a single ruined temple or buried city. He would not suffer his mind to be diverted from the mighty scheme he had conceived. When he has irrigated Chaldea his last great task will have been accomplished; and though there are diplomatic difficulties he will probably do it. That also is the Willcocks way.

As Builders of Railroads. Yet another brother, John Willcocks, is in the Indian Public Works Department. The Government of India thought they would like to have a special architect, and sent him to South Kensington to be trained. On his return he built the Anjanam-Islam at Bombay, still recognized as the most beautiful building in that city of palaces. Then, after the fashion of the Government of India, having proved himself a brilliant architect, he was naturally set to build railway embankments. But even at that task he

found an opportunity for distinction, for he has just built the longest railway line ever constructed by a single engineer in India. Now he has been placed in control of the railways of Burma. Another brother has done admirable work in the Indian Medical Service.

But the most remarkable member of the family is really the one who entered the Church, who is least known to the world. For twenty years he served as a Government chaplain in India, and incidentally became famous as a big game shot. Now he has taken his pension, and has actually turned engineer, and is building railways through the heart of the Indian forests from sheer love of the work.

THE THIRD RAIL.

Chicago Man Stepped on It and Met Instant Death.

Chicago, June 16.—John Kleibe, 38 years old, 940 Wolfram street, was killed instantly at 1 o'clock in the morning when he stepped on the third rail of the eastbound track of the Ravenswood branch of the Northwestern Elevated Railway, where the cars run on the surface between Maplewood avenue and Rockwell street.

He just had started on a fishing trip with two companions, Frank Sabanske, 1,053 Marianna street, and Bartholin Draky, 1,249 North Ashland avenue. They tried to pull him from the rail, but, suffering a shock, became frightened, and ran away.

A train passing a few minutes later threw the body to one side, where it lay until 5 o'clock in the morning, when it was discovered by the night watchman, H. Murphy, 48 North Campbell avenue, a switchman, and Carl Wolquist, 889 South Park avenue, a car coupler, found it and notified the police. The body was removed to the undertaking rooms of Fred Burkhard, 1,360 Lincoln avenue.

Late in the afternoon Sabanske and Dranky identified the body as that of their friend.

Dranky told the police that Kleibe, Sabanske and he were walking along beside the rails and were about half way between Rockwell and Maple wood avenue, when Kleibe stumbled and fell on the third rail.

ROCKED BOAT.

Three Men Meet Death Using Craft For Dance Hall.

Arnold, Pa., June 16.—Jumping and dancing about in a boat in midstream in the Allegheny River opposite here, three Italians were drowned last evening, one of them had a narrow escape and was only rescued after difficulty, while the ferryman swam ashore.

Yesterday morning Samuel Slettr, Frank Parise, Giovanni Uzzell and Nicholas Kline, all of this place and employed in the mine of the Somers Coal Company in Edgelliff, crossed the river to Glassmere, where they spent the day visiting friends. Last evening, wishing to return, they hailed the ferryman on the side of the river, and his boat, in charge of Friedrie Frey, aged 14, of Freeport and McCutcheon streets, Parnassus, went after them.

Getting into the boat, the men discovered there was a muddly seat in the bow, and as Kline was the first one aboard, it seemed up to him to sit there. This he did not relish, and as the boat started across Kline rose and began to dance. Joseph M. Hoke, owner of the boat, who was on the shore, called to him to sit down. Kline subsided for a moment, and then again got up. This time he was so excited that he took up the oars, and then again got up. It upon them selves to rock the boat, with the result that Kline was pitched out and the boat upset.

Seeing what had happened, Hoke secured a boat and put out from this side, but by the time he reached the capsized boat, it seemed up to him to sit there. This he did not relish, and as the boat started across Kline rose and began to dance. Joseph M. Hoke, owner of the boat, who was on the shore, called to him to sit down. Kline subsided for a moment, and then again got up. This time he was so excited that he took up the oars, and then again got up. It upon them selves to rock the boat, with the result that Kline was pitched out and the boat upset.

KELVIN

Quite a number attended the ice-cream social on Friday evening last. Rev. C. and Mrs. Cookman are preparing for their long journey.

Mr. M. Halliday, of Scotland, was delivering binder twine in this vicinity last week. A few from here attended the garden party at Harley on Thursday evening.

The lawn party held here on Tuesday evening last was largely attended, and a nice sum of money was realized. The Bookton band furnished the music. Prof. Stuart was also present and entertained the company with moving pictures, which were much enjoyed by all.

A number of friends spent Friday at Mr. John Munn's, of this place. Mr. and Mrs. W. Thompson spent Sunday with friends, near Vanessa. Mr. H. Robertson, of Toronto, is spending a few weeks here with his parents.

Mrs. Braybrook, of Brantford, is at present visiting her daughter in this neighborhood. Mr. and Mrs. Fiddling were guests of their son one day last week. A good show of rain is very much needed in this locality.

JERSEYVILLE

Mr. and Mrs. H. L. Smith have returned from New York State. They report prospects there most hopeful. Miss Nora Vansickle, of Tranquillity, is visiting relatives.

Mrs. Sexton and Miss Stone, of Hamilton, visited with Mrs. W. D. Wait during the week. Mr. Wm. Bishop, who has been confined to his bed during the past six weeks, is improving.

Messrs. Lloyd Dodman and D. Wilson, Brantford, are visiting under the parental roof. Mrs. F. W. Swartz, of Toronto, spent Sunday with her parents, Mr. and Mrs. J. G. Cochrane.

Mr. G. Bonney is in the employ of ex-Warden Vansickle. Division No. 5 gave its usual Liberal majority of 86. Three pioneer Liberals whose combined ages were 263 years cast their votes as usual.

Mr. and Mrs. George Wait, St. George, are visiting relatives in the village. Sunday, June 21, is to be flower Sunday in the Methodist Church. Addresses: Mr. and Mrs. S. Drake, Baptist Settlement, spent Sunday with Mr. S. Wilson.

Mrs. George Knowles, of Brantford, spent Sunday with friends in this vicinity. Mr. and Mrs. Noah Dymont and family, and Mr. Milton Dymont, spent Sunday with friends in Hamilton.

Auto Dusters The regulation kind—long and loose, buttoned to the throat. Grey, drab and tan shades. All sizes. \$1.95, \$2.50, \$3.50 \$5.00 Oak Hall 10 and 12 James N.

DUNDAS PAYS \$5.55 FOR COAL FOR THE SCHOOLS OF THE TOWN, UNDER CONTRACT.

Teachers From Hamilton Must Leave on the 7:15 Car to be There in Time.

Dundas, June 16.—The June meeting of the Board of Education was held last evening. The members present were J. J. Steele (Chairman), D. W. Nelson, H. J. Smith, Henry Tyson, John Douglas, W. A. Davidson, Thos. Reid, J. Thompson, F. C. Minty, M. J. Sullivan.

The High School report for May showed 97 pupils enrolled, and an average attendance of 93, an increase of eight in attendance over the same month last year. Fees collected, \$88. Supplies were asked for for the entrance examination, which begins on the 24th inst., and was granted.

The Public School report showed 507 pupils on its registers and an average attendance of 456—six more than the same month last year. Fees collected, \$11,100. The accounts for expenses amounted to \$1,500, which was ordered paid.

A communication enclosing a marked cheque for \$10 was received from Rev. E. A. Irving, the money to be awarded for the best essay by a public school pupil on the "Climate of Canada." The gift was accepted, Mr. Irving heartily thanked for the same and a committee, composed of Chairman Steele, W. A. Davidson and D. W. Nelson, appointed to conduct the contest and award the prize.

The Property Committee reported that a fire escape had been purchased, at a cost of \$85, and the contract for supplying the coal awarded to Cowper & Co.

The secretary reported that Mr. McKinnon had refused to sign the usual agreement with the board, objecting to the clause requiring two months' notice to be given in case of a teacher wishing to leave. The chairman was instructed to wait upon Mr. McKinnon, and in case he persisted in his refusal to sign the agreement it was decided to advertise for another teacher at once.

Chairman Steele reported re-acceptance to the Experimental Farm in which there were obstacles in the way of carrying out the proposal at present, and it was decided to leave the matter over.

Mr. McMahon's resignation was read, and the secretary instructed to notify the council of the same.

LAIID AT REST. Funeral of the Late Mr. Harry Gayfer Yesterday.

A large concourse of people paid their last respects to the late Mr. Harry Gayfer yesterday afternoon, the funeral taking place from the family residence, Wellington street south, at 3 o'clock.

The funeral of Simon Springstead took place yesterday afternoon at 3 o'clock, from his late residence, 17 Francis street, to Hamilton cemetery. Rev. J. S. Wilkins, D. D., of Trinity Church, Toronto, sent a message expressing his regret at being unable to attend.

Christie Becker passed away early this morning, at his home, in Saltfleet, aged 72 years. The funeral will take place on Wednesday at 8:30 o'clock to St. Ann's Church, thence to Holy Sepulchre cemetery for interment.

McLaren struck him first. As it was shown McLaren was excited and using bad language at the time, the Magistrate dismissed the action, with \$1 costs against McLaren.

Richard Gracey, 164 Charlton avenue east, was plainly and undeniably drunk and disorderly when Constable R. Dunlop arrested him, and he admitted it with a shamefaced look this morning.

Isaac Burnett, Buffalo, an ex-jockey, was charged with being drunk and disorderly at the race track. He was remanded till Monday. This will keep him in the coop till after the races here, and that is what the police want.

Mr. McMahon, ex-M. P., is visiting old friends in town. He is looking particularly well.

The Dundas company of the 77th made a particularly fine appearance this morning when it turned out for camp.

OPENING OF THE CONVENTION.

The 4th Field Battery and the Army Medical Corps left this morning for Niagara camp, where they will spend the next two weeks. The Army Medical Corps paraded in full strength this morning at headquarters at 8:30 and at 9:45 marched to the T. H. & B. station, where they were entrained for Niagara.

There is also an emergency hospital, fully equipped, with two wards, four beds, an operating table, invalid chairs, two women and four men nurses, and a staff of 48 physicians.

Chicago, June 16.—The only woman who will have a seat on the floor of the republican convention as a regular delegate came to Chicago yesterday.

McLaren struck him first. As it was shown McLaren was excited and using bad language at the time, the Magistrate dismissed the action, with \$1 costs against McLaren.

Richard Gracey, 164 Charlton avenue east, was plainly and undeniably drunk and disorderly when Constable R. Dunlop arrested him, and he admitted it with a shamefaced look this morning.

Isaac Burnett, Buffalo, an ex-jockey, was charged with being drunk and disorderly at the race track. He was remanded till Monday. This will keep him in the coop till after the races here, and that is what the police want.

Mr. McMahon, ex-M. P., is visiting old friends in town. He is looking particularly well.

The Dundas company of the 77th made a particularly fine appearance this morning when it turned out for camp.

OFF FOR CAMP. Halton Regiment Had Sail Down on the Turbina.

The 4th Field Battery and the Army Medical Corps left this morning for Niagara camp, where they will spend the next two weeks. The Army Medical Corps paraded in full strength this morning at headquarters at 8:30 and at 9:45 marched to the T. H. & B. station, where they were entrained for Niagara.

There is also an emergency hospital, fully equipped, with two wards, four beds, an operating table, invalid chairs, two women and four men nurses, and a staff of 48 physicians.

Chicago, June 16.—The only woman who will have a seat on the floor of the republican convention as a regular delegate came to Chicago yesterday.

McLaren struck him first. As it was shown McLaren was excited and using bad language at the time, the Magistrate dismissed the action, with \$1 costs against McLaren.

Richard Gracey, 164 Charlton avenue east, was plainly and undeniably drunk and disorderly when Constable R. Dunlop arrested him, and he admitted it with a shamefaced look this morning.

A SAD CASE. Woman Attempts to Commit Suicide in London.

(Special Despatch to the Times.) London, Ont., June 16.—Alleged to have been cruelly betrayed by a Thamesford man, who had promised to marry her, Miss Ada Baker, a young woman of about 20, this morning attempted to take her own life and that of her two-year-old baby boy by laudanum and gas at the C. P. R. Hotel here.

There is also an emergency hospital, fully equipped, with two wards, four beds, an operating table, invalid chairs, two women and four men nurses, and a staff of 48 physicians.

Saving News From the Staple Section

Supply all your summer needs now at these low prices. Low prices in Sheetings and Cottons beckon you to this sale. SHEETINGS—Best English manufacture in a soft finish, free from dressing, half bleached and in heavy qualities for wear.

An English Bishop's Confessions. Some of the English bishops, with all their dignity, are not above indulging at times in harmless pleasantries. The Bishop of Norwich, for example, has been making some interesting confessions at a parochial gathering.

You have never tasted real Corn Flakes if you never ate HORN-KINKS. The food that is all food. Made of the choicest white corn. Steam cooked, malted, flaked and toasted.

BANQUET TO SHAUGHNESSY.

C. P. R. President Honored by Toronto Board of Trade.

He Tells of the Men Who Were Behind the C. P. R.

Proposes Trade Commission—How to Join East and West.

Toronto, June 16.—With enthusiasm two hundred representative commercial men of the city, members of the Board of Trade and invited guests, gave honor last night at a banquet at the King Edward to a great captain of industry, Sir Thos. G. Shaughnessy, president of the Canadian Pacific Railway.

The banquet was tendered by the Board of Trade, and was intended to mark the occasion of the opening of the new line to Sudbury, which provides a shorter route to Winnipeg and the west, and places Toronto practically on the main line of the C. P. R.

The president, in proposing the health of Sir Thomas Shaughnessy, said that their guest usually avoided functions of that kind, but he, like them, recognized that the opening of the Toronto to Sudbury line was an event in the history of this portion of Ontario. It was a significant feature of the construction of that line that it had been carried out without any subsidy from the Dominion Government, but every dollar had been paid by the company. The fact that it was to be operated by the Canadian Pacific Railway was a sufficient guarantee that it would be operated in a manner to satisfy the people. Those who doubted that had only to travel from coast to coast, and even to China and Japan, to be convinced.

A Master Mind.

They were apt not to give credit where credit was due, and to think that, like Topsy, the road had "just grown," but behind it had been master minds. For the last twenty years the master mind had been that of Sir Thomas Shaughnessy. He had been the guiding spirit, and there was not one of the 70,000 employees of the road who knew him that would not be willing to accept his arbitration in any dispute. "We desire," said the chairman, "to voice our appreciation of you for the service you have rendered to the Canadian people in your life work of building up the C. P. R. I venture to say that when the history of the makers of Canada is written no name will stand higher than that of Sir Thomas Shaughnessy." (Cheers.)

Speech of Sir Thomas Shaughnessy.

Sir Thomas, on rising to reply, was greeted with a veritable ovation, the audience rising again and again to cheer the C. P. R. President.

"As the subject has been raised, I think it is fitting that I should say to-night what are the facts with regard to the original construction of the C. P. R., because I do not believe that to-day the actual circumstances are understood even by Canadians. The original syndicate was composed of George Stephen, Donald A. Smith, Joseph J. Hill, Duncan McIntyre, R. B. Angus, with John H. Kennedy associated with them; Messrs. Stephen, Smith and, in a smaller way, R. B. Angus, have made their fortunes with the rehabilitation of the old St. Paul & Pacific, afterwards the St. Paul, Minneapolis & Duluth Railway, and from that they have realized fortunes which even to-day are considered vast. By reason of this they were in a position in 1881 to form the syndicate which afterwards became the Canadian Pacific Railway. That is where the money came from. The work was carried on, the company was organized, and the President had just stated that it had been an honest enterprise. He had never made a statement to his directors and shareholders with greater satisfaction than when, at their last annual meeting, he had told them that every dollar of outstanding securities of any sort, excepting the original capital stock, had been sold at not less than its face value.

"And," said Sir Thomas, "I have this proud boast to make, that in the 26 years that have been in operation, notwithstanding the hundreds of millions of dollars which have been handled by many thousands of employees, the sum total of defalcations which have occurred would not amount to one hundred thousand dollars." (Applause.)

The completion of this Toronto-Sudbury line marks an important epoch in the history of Toronto, because it not only practically places this city on the main line of the Canadian Pacific, but it brings it in closer touch with the nickel districts of Sudbury, with the industrial activities at the Soo, with Winnipeg and all that vast empire of the west upon which we rely so much for our future greatness; but besides this it opens up by no means unimportant section of Ontario hitherto served by no transportation line. It has been a hard and almost heartbreaking job. We intended from the first to make it a high-class line and made liberal estimates, but owing to engineering difficulties, but these have been largely exceeded, but you will agree with me that nothing is too good for Toronto. (Lasting applause.)

"We are all too apt to think only of the prairie country in connection with agriculture, but in British Columbia the fruit industry means a great deal for Canada. This year alone, I am informed, that no less than 17,000 acres of orchards have become productive, and this

new yield will bring a return of no less than \$5,000,000. (Applause.) This will mean a gain, an important addition to the purchasing powers of the farmers of the prairie country, while the mines and lumber industry will be given increased activity, and will come to you for their supplies; so that from every side you receive advantage from the growth of that western territory.

"With a good harvest, as I hope we shall have this year, we are sure to forget this financial stringency which has so much troubled my friend Mr. Wilkie and others. (Laughter.) We must establish such relations between the merchants and manufacturers of the east and the merchants and consumers of western Canada as will make the trend of traffic and social intercourse in Canada east and west. If we succeed in doing that we shall not only make these strangers, these colonists who have come here to build up homes for themselves and their families, good Canadian citizens, but shall be able to make them strong advocates of every policy calculated to advance the material interests of the country and bring the various Provinces into closer connection and thus more firmly establish the original idea and intention of confederation.

"But besides this transportation policy we should have a wise, prudent, and statesmanlike tariff policy; not, with a view of enriching the manufacturer or making the goods more expensive to the consumer. That, I think, can be regulated. I do not see any reason why there should not be a trade commission as well as a railway commission. But the work should be done so as to definitely and beyond any question fix the channels of Canadian trade eastward and westward. (Applause.)

"There is a tradition, an unwritten law, that a man in my position should not talk politics. I have great respect for traditions and would not wish to be misunderstood or construed as saying anything of a political character. To my mind, neither the transportation policy nor the trade policy of this country involves one single element of partisanship. On the contrary, every loyal citizen of Canada from New Brunswick to the Pacific, every British subject who wishes to see this country occupy the place she should in this fabric of empire, approximating the position of Great Britain herself, must agree with me that these subjects cannot receive too serious and impartial consideration. (Applause.)

LADIES' ONE-PIECE CORSET-COVER.

No. 1533—All seams allowed—A dainty little undergarment is here portrayed, developed in sheer nansook. The fronts are gathered at the top of the square neck and at the waistline; the former being finished with ribbon-run bending and an edging of Valenciennes lace, and the latter finished with a narrow waist-band of the material. The armholes and center-front plait are trimmed with an edging, and the pelium may be omitted if desired. The pattern is in 6 sizes—32 to 42 inches, bust measure. For 36 bust the corset-cover requires: 1-2 yard of material 36 inches wide; as illustrated, 5 1/4 yards of edging, 2 1/2 yards of beading and 2 1/2 yards of ribbon to trim.

Price of pattern, 10 cents. Address, "Pattern Department," Times Office, Hamilton.

MORSE-WOOSTER.

A pretty home wedding was solemnized on Friday evening at the residence of Mr. and Mrs. Thomas Wooster, Sydney street, Aylmer, when their youngest daughter, E. Bessie, was married to Mr. E. Fred Morse, Hamilton, J. Phillips, pastor of the Methodist Church, officiated. The groom was ably assisted by Mr. Chas. R. Brown, of Hamilton, and the bride by Miss Ada Wilson, of St. Thomas.

After a short wedding trip to Detroit, Cleveland and other American cities, Mr. and Mrs. Morse will reside in Hagersville, where the groom is a successful merchant.

Is the Danger Realized?

Now few people realize the vast amount of ill-health that arises from absorption of Catarrhal poisons into the system. Languor, sleeplessness, loss of appetite and indigestion are frequently caused by Catarrh, which, if unchecked, paves a certain road to tuberculosis. Better inhale into the lungs, nose and air passages the purifying, healing vapor of Asthmozone. This simple treatment permanently stops Catarrh, gives ease to Asthma, Bronchial Irritation and Chest Colds. Head and throat are cleared of stiffness in two minutes, bad breath and ringing ears are stopped, every case of catarrhal cold is cured once and for all. Be advised: use Asthmozone; clear all catarrhs and congestions from your nose, throat and lungs. All dealers sell Asthmozone; 25c, 50c and \$1.00 sizes, the latter being guaranteed.

Japanese Army Foot Powder.

A positive relief for aching or tender feet. It is cooling, soothing, antiseptic, checks excessive perspiration and destroys offensive odors. It is much superior to the foot powder usually sold. Price 25c tin. At Gerrie's drug store, 32 James street north.

Natural Gas for Woodstock.

Woodstock, June 15.—Considerable interest is being manifested at the prospect of natural gas for both cooking and heating at from 25 to 35c per thousand, resulting from the success that is attending the boring operations at Inverkip, seven miles distant.

MONEY FOR EXHIBITIONS.

Opposition Members Cannot See the Use of Them.

Chinese Immigration and Patent Medicines Act.

Increased Penalties for Violating Fruit Marks Act.

Ottawa, June 15.—During the morning and afternoon sittings of the House considerable progress was made, several Government bills being read a third time and passed, and others being advanced a stage. When the Minister of Agriculture's estimates were taken up at to-night's sitting a long discussion took place on an item of \$175,000 for exhibitions. Some members of the Opposition professed to be unable to see any use in voting money for such purposes, and dragged into the discussion many extraneous matters. Mr. George Taylor, chief Conservative whip, thought the item should be cut out altogether. Finally the item and a vote of \$6,000 for the Imperial Institute, London, passed.

Hon. Mr. Oliver then moved the second reading of the bill to amend the Yukon act. The principal provisions of his measure are for an elective council of members of the Yukon territory, five and four elected members, as now, Mr. Oliver, said, for legislation, and the responsibility for the administration would be upon the commissions of the Yukon appointed by the Government.

Dr. Sproule thought that giving the Yukon council the functions of a Provincial Government they would have regard for the future. Hon. Mr. Oliver did not see that the future need affect the question of making the Council effective, which was the question before the House. He was not enlarging the powers of taxation, nor were they increasing the number of councillors or officials. The bill was reported and passed.

Chinese Immigration.

Hon. Mr. Oliver moved the second reading of a bill intended to remedy one or two defects in the Chinese immigration act. He proposed that the term minor, as it had been found that Chinamen not entitled to it, were securing exemption from the head tax. Another amendment provided for the punishment and deportation of Chinese who came into the country by paying the head tax. The bill was reported.

Hon. Wm. Templeman, in moving the second reading of the act respecting proprietary and patent medicines, said that there was no doubt of the public agitation in favor of some legislation. As a result of consideration by a special committee a somewhat drastic and far-reaching measure had been introduced last session. The bill had not, however, been considered, owing to the adjournment being earlier than was expected. The present measure was not so drastic, and as a result of conferences with manufacturers and retailers of the medicines mentioned he believed it would be fairly satisfactory to them. If some amendments they had proposed were accepted it would be absolutely satisfactory. He proposed that the bill should be read a second time and then referred to a small committee, before whom the interests involved would be heard. The bill, he stated, among other things, proposed the absolute suppression of opium and prohibited the use of alcohol. It also provided that where a manufacturer put on the label the formula of the medicine it would not come under the act, and also that if any noxious poisons, mentioned in a schedule to the bill, were used they would have to be named on the label. The bill was read a second time and referred to a committee consisting of Hon. Mr. Templeman, Mr. McIntyre (Perth), Dr. Sproule, Bland and Chisholm (Huron).

CONGREGATIONALISTS DECIDE TO CONTINUE COMMITTEE.

Montreal, June 15.—A most important meeting of the Congregationalists was held to-day in Emmanuel Church, when Church union was again under discussion. Several ministers and lay delegates spoke on that matter, a number of whom did not believe that organic union was possible at the moment, and advocated federation, instead, believing, however, that organic union would eventually come.

WHEN WE RECOMMEND THE CONTINUATION OF THE COMMITTEE TO CARRY ON THE WORK OF NEGOTIATION, AND THAT THIS COMMITTEE BE INSTRUCTED TO BRING THE WHOLE MATTER BEFORE THE CHURCHES AND ASSOCIATIONS AT AS EARLY A DATE AS POSSIBLE, WITH THE REQUEST THAT THE SUGGESTIONS AND RECOMMENDATIONS BE SENT TO THE COMMITTEE BEFORE THE NEXT ANNUAL MEETING OF THE UNION.

The side-walk committee held a meeting on Friday evening last and it was decided to let the building of the new cement sidewalks out by tender. The funeral of the infant daughter of Mr. and Mrs. F. C. Braithwaite, who passed away at their home here, took place on Wednesday at the Methodist Cemetery. Rev. Mr. Hawkins conducted the service at the house and grave. The bereaved parents have the sympathy of a large circle of friends in the loss of their only daughter.

FIND BABY'S BODY.

Toronto, June 16.—The body of a girl baby, apparently about one month old, was found buried in a manure pile in the rear of Moses Hemmingsway's stable at Unionville yesterday morning. It had been there about two or three weeks, and it was impossible to determine if before the child's death and burial by Coroner J. A. Macdonald whether there has been any foul play.

BRAKEMAN SENTENCED.

North Bay, June 15.—A C. P. R. brakeman named Fielding, who broke into a bonded car and stole two cases of whiskey, was sentenced to two years in the penitentiary.

UNKIN.

Poet—Have you read my last poem? Friend—I trust that I have—Judge.

commercial arrangements and instanced Japan.

Hon. Mr. Fisher pointed out that the exhibition in Japan had been followed by a commercial treaty with that country, and the exhibition at Liege by a new commercial treaty with France.

Mr. Monk made half a dozen speeches, in the course of which he digressed into criticism of the French treaty and other matters irrelevant to the item under discussion and made a number of assertions nearly all of which were contradicted by Mr. Fisher, Mr. Fielding and Sir Wilfrid Laurier.

Dr. Sproule doubted whether the results of the exhibitions justified the expense.

Mr. Armstrong again raised his favorite question of trade with Germany, claiming the Government was to blame for having denounced the treaty with that country. The British preference had not been a benefit to Canada. Conservatives had stood in the past and now stood for a mutual preference. Hon. W. S. Fielding said that the hon. gentleman stated that under the preference British goods were being brought in to undermine Canadian industries. He now proposed to bring in other foreign goods to undermine Canadian industries still more.

Mr. Armstrong said this could be regulated by a proper tariff.

Hon. Mr. Fielding asked if the hon. gentleman could understand that no treaty could be made with Germany unless Canada was prepared to give a preference to that country. If Canada wanted to get goods into Germany she would have to make concessions. The hon. gentleman seemed to overlook that. Mr. Taylor thought the £200,000 for exhibitions, ought to be cut in two. It was an outrage to be spending so much money on exhibitions.

After further discussion the exhibitions vote passed.

The Imperial Institute item also carried.

The House adjourned at 12:15.

GREY AND RACES.

Conference Thinks He Should Not Attend Woodbine.

Toronto, June 16.—"We regret that the demoralizing institution at the Woodbine is opened semi-annually under the patronage of His Majesty's representative, the Governor-General. While conceding to him the right to regulate his own private conduct, yet we feel that one who occupies such a position should not lend his influence to aid in enterprises so vicious in their tendencies. We are in a righteous indignation at the enforcement of the laws against gambling everywhere, and such amendment to the Criminal Code as will facilitate the prevention and prosecution of all betting, especially in connection with horse racing, either on race tracks, or in any other place, public or private, whether the parties are standing, sitting or walking about, and that a copy of this recommendation be sent to the Dominion Parliament, Minister of Justice, and leader of the Opposition." Such was the resolution recommended by the committee on Temperance, Prohibition and Moral Reform, and carried by the Toronto Conference, at their afternoon session, yesterday. Other resolutions passed referred to parents' duty of enlightening the young on the evils of the liquor traffic, and of local proper duties of citizenship. The conference will memorialize the Dominion Government to have the sale and use of liquor banished from military camps, officers' mess, and drill hall. They recommend that no Methodist young men should join in any way until the conditions were improved. The abolition of the bar was strongly supported. They were opposed to any compromise with the liquor traffic in such matters as public ownership as a substitute for the license system. The committee approved of local option by-law, with national prohibition as the ultimate goal, with abolition of manufacture, importation, and sale of intoxicants as beverage. The report was presented by John Coburn.

TAPLETTOWN.

Mr. and Mrs. Wm. Lee, of Paris, are the guests of Mr. and Mrs. Geo. Hildreth this week.

RENFORTH.

Mr. and Mrs. Hugh Hossack and Miss Jennie Hossack were the guests of Mr. and Mrs. F. Durr, of Trinity, on Sunday. Mr. James B. Smith visited Mr. A. Teeple on Sunday.

HARRISBURG.

Mr. Frank Hazell, who has secured a situation with Johnston & Son, contractors, left on Saturday for Nova Scotia where they have three years' contract.

WEDDING BY WHICH TWISTED ABOUT FELL INTO SWING WHICH ACCEIDENT.

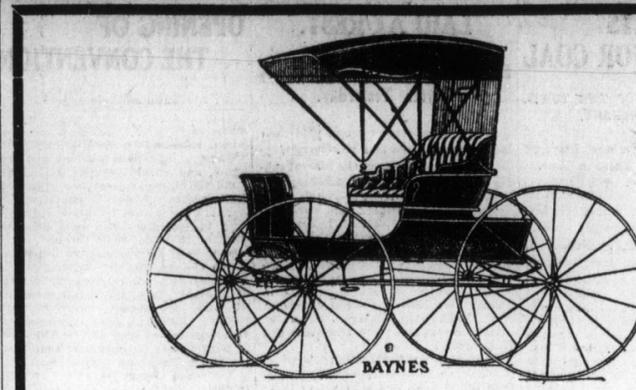

Port Huron, Mich., June 15.—Frank Anderson, living on Fifteenth street, went to the rear door of his house for some purpose and either stumbled from the steps or was overcome by an attack of dizziness, and fell headlong to the ground. His breast struck the seat of a swing, which he had put up Saturday for his children, knocking the board off and twisting the rope about his neck in such a way that he was strangled. There were evidences of a struggle to release himself, but without avail.

DO YOU HAVE RHEUMATISM?

If so, try the following prescription: Fluid Extract Dandelion, one ounce. Compound Salsolone, one ounce. Compound Syrup Sarsaparilla, four ounces. Mix, shake well, and take teaspoonful doses after meals and at bedtime. This mixture, the doctor says, assists the kidneys to filter from the blood all uric acid and poisonous waste matter, which, if not eliminated, settles in and around the joints and muscles, causing great agony. Your druggist can supply you with the ingredients at very little cost, and it can be mixed at home, being composed of purely vegetable and harmless extracts.

BLANCHFORD & SON, Funeral Directors.

FIDDLER'S GREEN.

The White Brick Sunday school intend holding flower service on June 21. Special music is being prepared by the school. Mr. Collins, of Oaklands, Mr. Ellison, of Carleton, and Mrs. Geo. Jones, of Hamilton, will address the congregation. The officers of the school for this year are: Mr. Geo. A. Book, Superintendent; Mr. Roy Smith, Assistant Superintendent; Mr. Edgar Robinson, Secretary; Mr. J. E. Smith, Treasurer.

COW TESTING ASSOCIATIONS.

Some recent results of monthly tests in associations organized by the staff of the dairy and cold storage commissioner are:

May 10, Victoria, B. C., 43 cows, averaged 708 lb. milk, 4.2 test, 30.2 lb. fat.

May 12, Milton, Ont., 97 cows averaged 548 lb. milk, 3.8 test, 19.9 lb. fat.

May 15, Dixville, Que., 40 cows, averaged 451 lb. milk, 4.2 test, 19.2 lb. fat.

One of the best individual yields yet to hand throws these "average yields" very much in the shade. A 7-year-old cow in the association at Inverkip, Ont., that calved 25th March, gave in the 30 days of April no less than 1,910 lbs. milk, testing 3.2, or 63 lb. of butter fat.

If only one cow has to be housed, fed and milked, in place of three, there is an immense saving of labor and material. Look to the individual, not the average yield. The work of these cow testing associations is, helping farmers to detect the poor cows; it is also proving useful in securing better treatment for good cows, so that more milk from fewer animals can be obtained. There are now over 70 associations in Canada.

Ottawa, 10 June, 1908.

HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO.

Tenders will be received until TUESDAY, 2ND JUNE, 1908, inclusive, for the construction of (A) STEEL TRANSMISSION TOWERS; (B) TRANSMISSION LINE CABLE; (C) ERECTION, COMPLETE, OF TRANSMISSION SYSTEM, according to plans and specifications to be seen at the Commission's office, Continental Life Building, Toronto.

Tenders will not be considered unless on form supplied. An accepted cheque on a chartered bank for 5 per cent. of the Commission's estimate of the cost of the work in each tender must accompany the tender. The cheque will be forfeited if the tenderer declines the contract. The lowest or any tender not necessarily accepted.

Tenders must be sealed and addressed: Hon. Adam Beck, Chairman Hydro-Electric Power Commission, Toronto, Ont.

HOMESTEAD REGULATIONS.

ANY EVEN-NUMBERED SECTION OF Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 20, not reserved, may be homesteaded by any person who is sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less. Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-agency for the district in which the land is situated. Entry by proxy may, however, be made at any agency on certain conditions by the father, mother, son, daughter, brother or sister of a homesteader.

DUTIES—(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may, if he so desires, perform the required residence duties by living on farming land owned solely by him, not less than eight (8) acres in extent, in the vicinity of his homestead. He may also do so by living with father or mother, or certain conditions. Joint ownership of land will not meet with this requirement.

(3) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the agent for the district of such intention.

W. W. COREY,
Deputy of the Minister of the Interior.

ALL REJOICE WITH CENTRAL.

Other Denominations Present Their Congratulations At a Platform Meeting in the New Church.

Proud of the Past and Hopeful for the Future.

The platform meeting in Central Church last evening was well attended, the members and adherents turning out in large numbers. Rev. Dr. Lyle was the chairman.

The devotional exercises were conducted by Rev. W. H. Sedgewick, with prayer by Rev. S. B. Russell, of Erskine Church. Mr. Sedgewick then read a letter of regret from Mayor Stewart, who was unable to be present owing to the meeting of the City Council.

Dr. Lyle then introduced to the congregation Mr. George Hope, the chairman of the Building Committee, who with efficient work in connection with that important committee has proved a great boon and help to the congregation.

Mr. Hope felt that he had done only his small share in connection with the erection of the present edifice. He then gave a statement of the work that had been accomplished by the Building Committee. He laid particular stress on the work of the architect, Mr. John M. Lyle, and thought it was a matter of congratulation to the pastor and his wife that they should have such a talented son.

He thanked the committee and the congregation for the liberal manner in which they had supported the committee during all its trials and adventures.

Mr. J. M. Eastwood, Chairman of the Board of Managers, took a similar view to that of Mr. Gibson. He held that the success of the Board of Management was due to the co-operation of every member on the Board. He reviewed what had been accomplished in the fifty years of the congregation's life in the old church.

The Daily Fashion Hint.

A flowered taffeta coat to be worn over thin summer gowns.

An added responsibility as the result of the Sunday school in connection with the new church, because it would mean a largely increased membership.

Rev. J. C. Spence, pastor of First Methodist Church, said it gave him great pleasure to bring the hearty greetings of the denomination to which he belonged to the congregation on the opening of Central Church.

Dr. Lyle then introduced to the congregation Mr. George Hope, the chairman of the Building Committee, who with efficient work in connection with that important committee has proved a great boon and help to the congregation.

Mr. J. M. Eastwood, Chairman of the Board of Managers, took a similar view to that of Mr. Gibson. He held that the success of the Board of Management was due to the co-operation of every member on the Board.

Mr. J. J. Evel, Superintendent of the Sunday school, referred to the good work of the Building Committee, and felt that the building of the church would tend to make them better men.

A TIP FOR FAT WOMEN

In a few years that excess fat of yours will become a bad habit—impossible to break. Better take time by the forelock and reduce now in a natural way if you would keep intact the youthful symmetry of 20 through the trying years of middle age.

This mixture makes firm fleshed, well-formed women out of flabby, shapeless ones. It animates their stomachs to burn up the food fats instead of allowing them to gather at the waist line.

The Parks Board last night instructed City Solicitor Waddell to draft a by-law regulating the speed of automobiles in all city parks to six miles an hour and in front of the Dundurn Zoo to three miles an hour.

TO CHECK SPEED OF AUTOMOBILES.

MUST TRAVEL SLOWLY IN THE CITY PARKS. Especially in Front of Dundurn Zoo—Work in Parks is Well Advanced.

The entire staff under this committee has been engaged in rushing along the work of planting the flower-beds of the various parks of the city and the work is now about complete.

TO BE SETTLED ON MONDAY NIGHT.

COUNCIL WILL DEAL WITH TWO BIG QUESTIONS. Will Decide Question of Whether Power Contracts and Street Railway By-law Are to be Submitted to the People.

"That the draft contract submitted by the Hamilton Contract Power, Light & Traction Company be printed and distributed to the members of this Council, and that the company be asked to fill in the price for supplying arc lights, the whole matter to be considered by the Council on Monday evening next."

The Power Committee had a session early in the evening, and decided to delay action until Monday night. Ald. Nicholson and Jatten objected to what they termed the constant delay.

THOMAS C. WATKINS HAMILTON ONTARIO. MEXICAN CONGRESS. BLOWS BRAINS OUT. KILLS HIMSELF BEFORE PICTURE OF ABSENT WIFE.

HARRY COLLINS HAS WITHDRAWN.

WILL NOT BE CANDIDATE AGAINST MR. STEVENSON. Suit Against Geo. W. Fowler, M. P., Will Take the Supreme Chief Ranger Away From Convention.

Toronto, June 16.—Mr. Harry A. Collins has withdrawn from the contest for the office of Supreme Chief Ranger of the Independent Order of Foresters.

The High Court will probably reach the real business this afternoon. The election of officers will take place on Wednesday afternoon at 2 o'clock.

The Rates Committee have made no attempt to settle the much discussed problem as to what the rates are to be. Three proposals are to be submitted to the Supreme Court.

After the death of the late John McAllister, his oldest son, Harmon J., brought an action against the executors claiming \$7,880.50 for balance of wages alleged to be due him under an agreement between him and his father.

SHERMAN CHURCH.

Corner Stone Will be Laid Tomorrow Afternoon. To-morrow, Wednesday at 4 p. m., Rev. Dr. Lyle will lay the corner stone of the new Sherman Avenue Presbyterian Church.

The church will be quite an imposing one, fully feet wide, and the interior will be finished in ash. It will seat 500 and will prove to be a much more attractive building in every way than the present little frame church on Sherman avenue.

UNDER THE OAK.

Man Dead Who Fomed U.S. Republican Party. Chicago, June 16.—A dispatch to the Tribune from Jackson, Mich., says: Eugene Pringle, the eldest member and President of the Jackson county bar, and for more than half a century prominent in Michigan politics, died at his home in this city last night of apoplexy.

RESCUED FROM DROWNING.

Andrew Murray, seven years of age, a newboy, who lives at 129 King street east, Toronto, while playing at the wharf of the Hamilton Steamboat Company yesterday at noon, fell into the water. He had sunk twice, when Mr. Joseph Allen of this city, fireman on the steamer Modjeska, succeeded in securing a hold of him and saved him from drowning.

BLIND TOM DEAD; A FAMED PIANIST.

PLAYED IN HAMILTON AND CREATED A FURORE HERE.

Was a Musician From Childhood; Mentally Weak, But Thrilled Immense Audiences All Over World.

New York, June 16.—Blind Tom, the famous negro musician, marvellous of three generations of playgoers, died in Hoboken, N.J., where he had been living for years in retirement and subsisting on charity. He was born a slave, near Columbus, Georgia, on May 25, 1849.

Of late years he had relapsed into a state of almost complete mental torpor. While he was always known as "Blind Tom," Thomas Wiggins was never totally blind, and could always distinguish between light and dark.

Mentally, he was never much better than an imbecile, and those who saw him on his first concert tours, nearly a half century ago, will remember that he would always stand up from the piano and clap his hands with the audience, which was applauding his remarkable skill.

This was a trick which he retained as long as he appeared in public. Three weeks ago, as he sat before his piano, in this home of Mrs. Eliza B. Lerche, the widow of his old master, at No. 60 Twelfth street, Hoboken, he had thrilled great audiences before the civil war, he suddenly stopped and fell paralyzed.

But Tom couldn't understand that he was different, and soon went back to his piano. When he found that his right hand could not strike the keys he said, with his voice quivering, "Tom's fingers won't play."

Again and again he tried. Finally, when he realized it was useless his big blind eyes filled with tears and he wept like a child. Each day he returned to the piano and with his left hand started some favorite piece.

Last Saturday night Tom went to his piano again and began softly his old lullaby, "Down on the Swanee River," but his voice broke. Sobbing, he rose and said: "I'm done; all gone, missus."

The next she heard was a faint cry and a thump near the bathroom door. He had dropped dead from a second shock. Back in the slave days, when he was but two years old and clothed only in an old shirt, he sat beneath the window of his first master, Gen. James Bethune, a Georgia planter, and heard the sound of a piano.

Thrilled, he crawled trembling up the steps into the parlor where the music was. Gen. Bethune saw how apt the child was, and said, "The child is music-crazy. Poor little thing." Then he placed him before the piano and let him strike the keys. To his utter astonishment the child, after hitting the keys, clumsily for a few minutes, began to play slowly with one finger the air he had just heard.

Gen. Bethune immediately began to educate him, and from that day until the time of his first stroke he had played eight hours nearly every day. In 1856 when he was eight, his master toured the country with him and later went to Europe. Over \$200,000 was realized on his tour.

Young Bethune then took him and with his earnings, it is said, established a valuable racing stable. Upon his death his widow, who later married Albert T. Lerche, a lawyer, managed his concerns.

Blind Tom made several Canadian tours and played in the old Mechanics' Institute Hall here a number of times in the early 70's. He created a furore here on his first visit.

STAMPS RUIN HER VOICE.

Norfolk, Conn.—The case of Miss Myra Silvernale, assistant to the postmaster of Norfolk, is interesting to the physicians of St. Luke's Hospital.

When she attempts to stamp letters, her tongue and lips swell, her throat becomes ulcerated, and she loses her voice. Specialists say it is a case of poisoning.

Many people unconsciously poison themselves. The bowels, kidneys and skin should rid the system of waste matter. If one of these organs is weak, this waste stays in the body and poisons the blood.

"Fruit-a-lives" are sold by all dealers—50c a box—6 for \$2.50.

MAKE FOR PEACE.

Pan-Anglican Conference Listens to British Premier.

London, June 15.—The Pan-Anglican Conference, arrangements for the holding of which have been in progress six years, opened to-day with services in Westminster Abbey.

There was an immense congregation, including clergymen from all parts of the world and many women. The Pilgrim Society to-night gave a dinner in honor of the members of the conference at the Savoy Hotel.

Lord Curzon jointly toasted the King and President Roosevelt. Prime Minister Asquith, who was a guest, humorously declared that he meant to seize the opportunity of preaching to preachers, delivered a sermon upon the text: "What are the churches doing to help fulfil their prayers for the bestowal upon the nations of amity, peace and concord?"

He said it almost seemed that the only specific against war on which the Anglican nations of the world were all agreed was the incessant multiplicity of instruments of destruction. Nevertheless, he thought he could discern beneath this disheartening spectacle a silent movement of pacifying forces, which did not refer merely to an increase of treaties and ententes, but to a growing disposition of the peoples to know and understand one another better.

Patriotism used to be based upon reciprocal ignorance and contempt. His own conception of Americans when he was a boy was largely based on "Martin Chuzzlewit," and "Uncle Tom's Cabin." No elementary schoolboy now had such a perverted image of the Americans. Similar changes in views had taken place in regard to other nations, but the work was still incomplete and it ought to be done strongly by the Pan-Anglican Congress.

It was the mission of the Church not only to set men free, but to bind them together, and he strongly urged her to make efforts to diminish the greatest scourge threatening the unity and progress of mankind.

ATE STYRCHNINE PILLS. Tragic Fate of Three-Year-Old Child Near Brooklyn.

Whitby, Ont., June 15.—The three-year-old daughter of Mr. and Mrs. Frank Batty, who reside on a farm near Brooklyn, last evening left the room where her parents were, found a box of stychnine pills, ate several of them, returned to her parents, and fell to the floor. She was hurried to a doctor at Brooklyn, but expired a few minutes after reaching his office.

LIGHTNING BURNED HER HAIR. Lindsay Woman Has Remarkable Escape From Death.

Lindsay, Ont., June 15.—Mrs. Alex. McCarty, a resident of the East Ward, had a miraculous escape from instant death yesterday. During a severe thunder storm, which passed over the town shortly after five o'clock in the afternoon, lightning struck the house. Mrs. McCarty had just opened the door to call her two children, when the bolt shattered the gable end of the house.

Mrs. McCarty was struck and her hair was burned off. She was rendered unconscious and it was two hours before she recovered her senses. She is expected to recover. The building did not catch fire.

The Dangerous Time of Life. Is between the years of fifty-seven and sixty-two. Nature's power slows down, vitality becomes less, and the process of decay sets in.

Fun for Times Readers

A Wonderful Man. "Shakespeare wrote for all time." "For instance?" "Take his expression: 'Tis not so deep as a well, nor so wide as a barn door, yet 'twill serve.' How well that describes a 1908 spring hat!"—Washington Herald.

Horns of a Dilemma. Presidential Possibility (proudly)—I would rather be right than be president. Sagacious Friend (quietly, suggestively)—That's all right; but wouldn't you rather be president than be left?—Baltimore American.

Her Foolish Question. "Tommy," his mother cried, "how many times have I told you not to do that?" "Gee," he replied, "I don't know. I ain't no addin' machine."—Chicago Record-Herald.

Behind the Curtain. New Page (to the housemaid of a poet)—Do tell me why he is always standing before the mirror. Housemaid—Hush! He is thinking how he will look when they raise a statue to him.—Fliegende Blatter.

Lots of Climate. "Gracious!" exclaimed the sweeter tourist, "is this the kind of weather you have all summer?" "Certainly not," replied the native. "Why, we have half a dozen different kinds every day."—Philadelphia Press.

While the Sun Shines. "Paw, what do they feed the republican elephant?" "Hay, my son; they are making it at the hotels."—

As Expensive as Liberty. Teacher—Eternal vigilance is the price of what? New Boy (recently from Kentucky)—Tobacker crops, ma'am.

Formal Indeed. "Was it a formal dinner?" "I should say so. There were so many knives, forks and spoons that everybody had his eye glued on the hostess to see which to pick up next."—Washington Star.

Makes Talk. Miss Gaddie—When it comes to gossip conversation she's very interesting. Miss Ascum—Why, she's not an interesting talker at all. Miss Gaddie—Oh, I mean as a subject.—Philadelphia Press.

Taking No Chances. Edyth—"Mr. Wisewell seems to be a cautious young man." "Maybe—" You bet he is. They say he never kisses a girl without first obtaining her written consent."

Quite Easy. Dr. Jolly—"Good morning. And did the patient spend a good night?" Nurse—"Not very. He seemed to worry incessantly about money." Dr. Jolly—"Did, eh? Well, I'll soon relieve him entirely of that."

Not Even That. "Dod rot it!" angrily exclaimed the unrepentant contributor. "I don't s'pose there's anything I could write that you'd accept." "I guess not," replied the country editor. "I don't suppose you could write a cheque for a year's subscription, could you?"—Philadelphia Press.

Holocaust. "Millions killed in the twinkling of an eye!" "Good heavens, man! What are you talking about?" "Germans. I've just fumigated a five-dollar bill."—Birmingham Age-Herald.

His Peculiarity. Mazie—Dick wants me to marry him next week. Grazella—Then you'd better let him have his way, my dear. He always changes his mind in about ten days.

Despite Her Inexperience. Mrs. Highsome (at the wedding)—How calm and self-possessed the bride is. Mrs. Jones-Smith-Brown-Thompson-Mayhew-Skiles—It's remarkable. Why, think! This is the first time she ever was married!

CANNIBALISM.

ANOTHER BODY FOUND, THIS TIME NEAR COBALT.

Montreal, June 15.—Chief K. P. McCaskill, of the Quebec Provincial police, to-day gave out what meagre details are to hand of what he believes to be another murder, and in which cannibalism was present. Late in the month of May it was reported to the department that an Indian had found the body of a guide named Lemieux, back in the northern country. Its appearance indicated that a murder had been committed, for the body was hacked up as if with an axe, while the kidneys and liver had been removed, and the fleshy part of the legs cut away.

In September last, Lemieux, with two Frenchmen or Belgians, named Gousett and Bernard, started out from Lake St. John on a hunting trip, but up to the time of the report of the finding of Lemieux's body nothing had been heard from them. Immediately upon the receipt of this news, McCaskill started men back into the northern wilds to ferret out what they could about the case, but up to the present no further details have come to light.

On Saturday a report came from Cobalt that the body of a Belgian had been found cut in pieces in that district. To-day Mr. McCaskill said that there might be some connection between the two cases, and that he had despatched a man to Cobalt to work back from there. He figures that the two men who were with Lemieux could have crossed the country towards Cobalt, as it was well watered all the way. As regards a motive for the murder of Lemieux, Chief McCaskill says that it looks as if they had run out of provisions and were starving, and that Gousett and Bernard had taken this means of sustaining life. The department had been endeavoring to find these men, and had kept the case under cover, but now that it had become the talk of the Lake St. John district, it had been decided to publish what was known.

BOY PREVENTED SUICIDE.

Knocked Bottle From Desperate Man's Hand. Toronto, June 16.—Richard McLean, of 265 St. Clair avenue, West Toronto, took laudanum to the extent of two ounces last night, and the only reason that he is alive is that the poison was taken in close proximity to Dr. Macnamara's house and that McLean was seen to take it by a boy, who, with rare presence of mind, sprang to McLean's side and knocked the bottle out of his hand. This action would not have saved McLean, but the boy promptly called assistance, and the man, struggling, was taken to Dr. Macnamara's office, where a stomach pump was used with good effect. He was afterwards removed to his home, and is now entirely out of danger.

McLean, shortly after 8 o'clock, walked of Devonport road and Queen street, and asked to see Mr. Padgett. The latter was out and McLean left the store and walked along Queen street until he came to the rear of Mr. Padgett's premises. Here he produced the bottle of laudanum and had swallowed almost all of the contents when the boy interfered.

To the police McLean gave as his reason that he was driven almost out of his mind by rheumatism. It had become unbearable and he thought death was the easiest way out of it.

FED ELEPHANT A BOMB. Stranger's Malicious Trick in the Bronx Zoo. New York, June 15.—An unknown man caused great excitement among the crowds that thronged the Bronx Zoo yesterday by feeding a bomb to Sultana, the big elephant.

Sultana is very fond of sweets, and will throw away peanuts to make a quick dash for candy or cake. Some man whose identity was not discovered concealed in a piece of cake a small box of parlor matches, the kind that crackle when lighted. Then he held out the "bomb" for Sultana.

She made a joyful reach for it with her trunk, put it in her mouth and presently her teeth crunched down on it. Instantly her wild cries alarmed the visitors for a radius of a half mile. Five or six men ran from her mouth, and she began to toss her trunk and squeal in pain and fright.

Close by were two keepers, Edward Bayreuther and Walter Thuman. Bayreuther snatched up a hose and shot its stream into the elephant's mouth, giving her instant relief and allaying her fright. Thuman, realizing from a former occurrence of like nature what had happened, made a dash for the man who had caused the trouble, but the culprit escaped in the crowd.

PASTOR JUMPS HIS JOB. Resigns and Walks From Pulpit, While Part of Choir Goes With Him. Chatham, June 15.—Last evening Rev. G. A. Sellar, pastor of St. Luke's Methodist Church, announced at sermon time that as his opposition to the liquor traffic and liquor men did not meet with the approval of part of the congregation, he would cease to be their pastor, and would resign forthwith. He then left the pulpit and walked out of the church. Part of the choir and congregation followed him.

POWER OF LEGISLATURE. Can Do Anything It Likes Within Its Jurisdiction. Toronto, June 16.—In dismissing the action of the Florence Mining Co. against the Cobalt Lake Mining Co. yesterday, Justice Riddell said: "The legislature, within its jurisdiction, can do everything that is not naturally impossible and is restrained by no rule, human or divine. If it be that the plaintiffs acquired any right, which I am far from finding, the legislature had the power to take them away. The prohibition, 'Thou shalt not steal,' has no legal force upon the sovereign body. And there would be no necessity for compensation to be given."

New York Excursion. From Suspension Bridge, via Lehigh Valley Railroad, June 20th, \$10 round trip. Particulars 54 King street east, Toronto.

American window glass is sent all over the world.

Wake Up and Look Around. Do not get in a rut with your clothing purchases. We know that there are no men's suits sold at \$16 which have the quality features which we are showing.

TEA TABLE GOSSIP. —Mr. F. E. Dalley and wife left for England yesterday. They will be away about two months.

—Mr. Michael Malone has been appointed chairman and Bay Hill secretary of the committee in charge of the Drummers' Snack at Alton.

—Broadway Tabernacle Sunday school, Toronto, held its annual picnic at Dundurn Park to-day. The Macassa brought up about 450 this morning.

—Complaints have been made about boys who did a lot of damage to flower beds on returned home from garden, stealing green fruit from gardens.

—Miss Helen Haas, who is training for nurse in the Avondale Hospital, Cincinnati, Ohio, is spending her vacation with her parents, 41 Erie avenue.

—James Jury will likely be tried at Kingston on the charge of desertion from the regular troops there. He was taken back there by two of his former comrades, who identified him.

—The annual meeting of the Germania Club was again adjourned, last night, until next Wednesday, as nearly all the members were attending the Evangelical Lutheran Synod at St. Paul's Lutheran Church.

—Mr. J. M. Curtis, of New York city, and Mr. Geo. A. Bain, of Cleveland, Ohio, are visiting Mr. Bain's parents at West avenue north for a few days, before leaving for an extended visit to Mr. Curtis' summer home on Long Island.

—Rev. James Supple and Rev. Michael Supple of Boston, Mass., old friends of His Lordship Bishop Dowling, are visiting at St. Mary's Presbytery. They are on their way to Toronto, to be present at the installation of Archbishop Eby.

—His Lordship Bishop Dowling, who has been north on his annual visit to the Indian reservation at Cape Crocker, to administer the sacrament of confirmation, returned home to-day. He was accompanied by Rev. Father Coty, rector of St. Patrick's Church.

—Michael Golden, Catharine street north, an employee of the waterworks department, was rather severely burned yesterday by an explosion of gas in a manhole at the corner of King and Caroline streets. He lit a match while taking off the cover, when the gas, which was leaking from a pipe close to the manhole, exploded.

—Messrs. David Reid and Allan Henry Marshall, moulders, and Mrs. Jeanie Moncur Reid, all of this city, have been granted a Provincial charter for the Reid Foundry and Machine Company, limited, to manufacture the Reid and do a general iron and brass foundry business, in Ingersoll.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Heat, and Appliances, Army Hospital, Ont." will be received at this office until 4.30 p.m. on Friday, June 19, 1908, for the construction of a steam heating apparatus at the Army Hospital, Hamilton, Ont.

Plans and specifications can be seen and form of tender obtained at this Department and on application to Messrs. Stewart & Witkop, Architects, Hamilton, Ont. Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and stamped with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fails to comply with the conditions of the tender. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or best Offer. FRED. GELINAS, Secretary. Department of Public Works, Ottawa, June 12, 1908.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.
