## FOSTER-WILLISTON NUPTIALS

Miss Laura Williston Weds  
Mr. A. W. Foster, Wednesday

A wedding of much interest was solemnized here at high noon on Wednesday, June 3rd. when Miss Laura Call Williston, only daughter of Mr. and Mrs. Howard Williston, and one of the most popular young ladies of Newcastle became the bride of Mr. Archibald Walker Foster, of Amherst, N. S.

The bride, who was given in marriage by her father, entered the room to the strains of Lohengrin's Bridal Chorus played by Mrs. Osburn Nicholson, and looked charming in her travelling dress, ensemble, of navy charmeen and sand flat crepe. She wore a hat and fur chocker to correspond and carried a bouquet of Ophelia roses.

The ceremony was performed by Rev. Harry Clarke of Robie Street Methodist Church, Halifax, cousin of the bride. The drawing room was prettily decorated with cut flowers and the bridal couple stood under an arch of flowers from which a wedding bell was hung.

Following this a dainty buffet luncheon was served, Mrs. Osburn Nicholson and Mrs. A. J. Ferguson presiding over the tea cups.

The out of town guests at the wedding were Mrs. Frank Scott, sister of the groom, and Mr. Scott, Mr. and Mrs. A. Leon Moss, Miss Moss and Mr. Vance Hogan, all of Amherst, N. S.

Mr. and Mrs. Foster went as far as Moncton on the Ocean Limited and from there by motor for Port Dufferine, N. S. where their honeymoon will be spent.

A large number of friends were at the station to see them off with showers of good wishes and confetti. The quality and quantity of the gifts received testified to the esteem in which the couple are held.

## FORMER LOCAL BOY MAKES HANDSOME DONATION FOR SPORT

Mr. Fred Dalton is in receipt of a cheque for \$25.00 from Mr. Frank D. Adams, Los Angeles, California, which Mr. Adams has very kindly donated for any athletic activity in Newcastle which most requires it. Mr. Adams is a former Newcastle boy and son of the late Senator Michael Adams, who is well remembered by our older residents. It is gratifying to know that our native sons, who have left our midst and are making good in their adopted domiciles, still take such an interest in our local activities and such recognition as Mr. Adams has given is greatly appreciated by the citizens in general.

## Newcastle Leads In League Series

Locals defeated in Chatham Friday by a 7 to 1 score and won over Loggieville last evening by a score of 10 to 7

The local ball team lost to Chatham 7 to 1 in a Miramichi league fixture played in Chatham on Friday evening. Fans from town were on hand in large numbers and were more or less disappointed with the result, but it is the way of the game and no team can be expected to win every game it plays. The locals were a little off color while Chatham had its best possible line-up, strengthened by Watling at first and Webb at second.

In Chatham's first they scored 3 runs by Jenkins, Webb and Veno. In the 2nd, they were blanked; in the third Veno scored and in the fourth they scored three more runs made by Keoughan, Mills and Jenkins while in the fifth they were retired scoreless.

Newcastle only managed to get one runner, Dutcher, across home plate in the fourth, but at one time in this inning, the locals had three men on bases with two down and it looked like a good chance to score. The fans at this period were keyed up to a high pitch and expected a merry-go-round but Chatham pulled themselves out of the hole and the locals were retired. The score by innings was:

	1	2	3	4	5	6
Newcastle	0	0	1	0	0	0
Chatham	3	0	1	3	0	0

Battery for Newcastle, Harry Graham and McKenzie; for Chatham Keoughan and Jenkins.

Mays umpired balls and strikes. Green, bases.

Nelson won from Loggieville 10-1 at Nelson on Friday evening.

Newcastle again defeated Loggieville at Newcastle last evening by a score of 10-7. Percy Graham started on the mound for Newcastle with Clive Lindon behind home plate. In Loggieville's initial inning they scored two runs off Percy Graham's delivery, when he was retired by Harry Graham. Loggieville's battery was Curry and Harriman. In Newcastle's first they scored 5 runs, the first being a homer by Dutcher. Loggieville was blanked in their second by three men being struck out by Harry Graham. In the second, Newcastle scored three runs making the score 8-2 in their favor. Loggieville started a merry-go-round in their 3rd and through hard hitting on their part with a number of costly errors on the part of the locals, scored 5 runs in this inning making the score 8-7. Fraser relieved Curry for Loggieville and in Newcastle's third one more run was secured bringing the score up to 9-7 in favor of the locals.

Loggieville was retired with no scores in their fourth, two of the put-outs being strike outs by Graham. Newcastle scored one run in their 4th inning, giving them 10 runs, while Loggieville failed to score in their 5th, and the game was called on account of darkness the score standing 10-7 in favor of Newcastle.

The game throughout was disappointing from the fan's standpoint, each team playing loose ball in spots. The local team was somewhat modified in this game, in-as-much as Lindon was substituted for McKenzie as catcher, Dalton for Cecil Murray at 2nd and Somers for Dalton at 1st. Green umpired balls and strikes while Ashford looked after the bases. The attendance was good but the weather was cold and good snappy baseball could hardly be expected.

At Chatham, Nelson was defeated by Chatham 6-4. Briggs was on the mound for Nelson and Veno for Chatham. Up to the last inning the score stood 6-0 in favor of Chatham, but Nelson began to find Veno's deliveries and secured four runs off him in their last inning.

The present standing of the league is as follows:—

	Won	Lost	per cent
Newcastle	4	1	800
Nelson	3	2	600
Chatham	3	2	600
Loggieville	0	4	000

Next Friday night Newcastle plays in Nelson and Chatham goes to Loggieville.

## HERE TO SEEK AID FOR THE DISTRESSED

Mr. Frank Munroe, of Stellarton, N. S. representing the Citizens Central Relief Committee of Stellarton was in town last week, seeking assistance for those in distress because of the miner's strike, which at present is in force in the mining districts of Nova Scotia. Mr. Munroe took the matter up with Rev. L. H. MacLean and steps will be taken to secure funds for the relief of those in need.

In conversation with Mr. Munroe we were informed that conditions at present are in a terrible state and assistance is required immediately. The Stellarton Relief Committee is caring for 635 families in want, totaling 3716 men, women and children. Soup kitchens are being conducted and the great crying need at present is food. The City of Winnipeg has been exceptionally generous and has helped liberally in cash and clothing. It is estimated that \$3.85 will feed a family of 5 for one week, all supplies being purchased at wholesale prices. All contributions will be gratefully accepted and acknowledged in the press.

## CHATHAM ARTISTS IN FINE CONCERT

A most pleasing concert was given over air from the C. N. R. radio studio last Tuesday night. The concert was put on by a party from Chatham, comprising a string orchestra and assisted by Miss Bertha Ferguson, soprano, of Newcastle.

The program consisted of well chosen selections. In addition to the orchestra selections there were delightful vocal solos by Miss Ferguson and Mr. Chubb MacLoon as well as very pleasing violin solos by Rev. Mr. Littlejohn.

Miss Ferguson sang in splendid voice the following selections. "The Crown," "The Young Rose," "God touched the Rose," with violin obligato, "The Last Song," "The Little Coo's Prayer" and "For You Alone." Mr. MacLoon sang splendidly "Duns," "There is a Land," "Having" and "The Tramp," while Rev. Father Littlejohn pleased with Brahms with "A Major," Kreisler's Liebestreu, Valse-Triple by Schubert and Tambourine by Strakosky. The orchestra was composed of

violins, Mrs. M. Searle, Miss Cecelia Babineau, Miss Viola McKendy, Mr. H. B. McDonald, Rev. F. H. Littlejohn, Cellos, Mr. W. Chubb MacLoon, Miss M. Nicol, Bass, Miss Cora P. MacLoon, Mrs. Frances Miller, piano, Mrs. H. B. McDonald.

## Millerton Women's Institute

The Millerton Women's Institute held their regular monthly meeting on Thursday at the home of Mrs. Burton Vanderbeck. The meeting opened with the singing of O Canada, Vice-President Mrs. M. Monahan in the chair; roll call was answered by "Hints on Flowers." Mrs. Monahan was elected the delegate to the thirtieth annual convention at Moncton, June 10th, 11th and 12th, with Mrs. James Lyon alternate.

The subject of discussion was "House Cleaning and Gardening." Some good ideas were given on both the roll call and the subject of the meeting. Four members and one visitor were present. The meeting closed with the singing of the National Anthem, after a delicious luncheon was served by the hostess.

## CONFERENCE OF BOARDS OF TRADE IS POSTPONED

New Date Set is Wednesday,  
July 15—New Date Due to  
Nova Scotia Elections

After having been set for June 24 the conference of Maritime Boards of Trade, to talk over the economic situation in the Maritime Provinces has been postponed to Wednesday, July 15. The meeting place of the conference is Moncton. The postponement has been decided on by the officers of the Maritime Board of Trade on account of the setting of the date for the Nova Scotia general elections for June 25, and word of the change of date of the conference has been sent all over the Maritime Provinces.

The conference was decided on a few weeks ago following a meeting in Moncton of President Higgins of the Maritime Board and Mr. Belmont of St. John when the matter was discussed and the desirability of the conference decided on.

### A Record!

Recently a whole carload of Moirs 5c Bars went forward in a single shipment to Toronto. The size of the shipment is remarkable enough by itself but more astonishing still, it consisted solely of one kind of bar showing how popular this bar must be. Hitherto the name of this bar

could not be mentioned because production could not begin to cope with demand. But by increasing the plant capacity a further 2,000 boxes a day, it is now fairly safe to say that the name of this new winner is Moirs \$1,000 Puzzle Pattie.

Never has a bar met with such instant success, provoked such an avalanche of orders.

## PLANTING OF PACIFIC SALMON NOT APPROVED

Dr. A. P. Knight of Kingston, Ont., chairman of the Biological Board of Canada, was here for several hours Monday and left by C. N. R. last night for Newcastle to take up his summer's work of inspecting the lobster canneries of the Maritime Provinces. He will remain in the Maritimes until September.

Dr. Philip Cox of this city, of the faculty of the University of New Brunswick also a member of the Biological Board, is now in the Magdalen Islands continuing his experimental work in connection with the mackerel. Part of his work will be to investigate the proportion of eggs of the fish which hatch out properly. Similar work in connection with the other fish is being carried on in various parts of the Atlantic Coast.

The Biological Board is the scientific branch of the fisheries Department. Dr. Knight said that confusion existed in the popular mind many think that the Board was to assume control of the fish hatcheries but such was not the case, the hatcheries continuing their valuable work as heretofore.

Dr. Knight was asked by a reporter of The Mail concerning the planting of Pacific Salmon in Atlantic waters. He said he did not approve

of the experiment which seemed to him to be purposeless. A few of the Pacific salmon had been caught in Atlantic waters since planting showing that there were some survivors. Lake Oneida in New York State had been an example of unwise planting of fish from other sections the result being the extermination of many of the native varieties without satisfactory replacement, a result which had not been desired.

Speaking particularly of lobster culture Dr. Knight said that education was producing results. He had been able to notice even in the space of a few years that the fishermen were regarding the saving of the female lobsters in a different light and the magistracy was enforcing the laws with greater severity. The people themselves were beginning to see that unless such steps were taken the lobster would be extinct in a comparatively short time.

Among the valuable work carried on in the Maritime Provinces by the Biological Board is that of Dr. Line at Annapolis, who has been investigating shad for five years. At various places where warm-water areas have been found along the coast the aiding of nature in the hatching of lobsters has been attempted. Hatcheries were not found feasible. Near the mouth of the Magaguadavic River similar experiments with smelt have been carried on.

(Fredericton Mail)

## Says Photography Will Out Typists

Photography will be substituted for typewriting in the office of the Register of New York for the purpose of copying records, it was announced recently by Miss Annie Mathews, Register of New York County, and Chairman of a committee appointed to investigate the practicability of photography for such a purpose.

Miss Mathews said that an application will be made to the Board of Estimate for the purchase of one machine, known as a photostat recorder, with which the Register plans to copy all deeds and records on file in her office. Miss Mathews estimated that the general use of the photostat recorders will effect a saving of \$500,000.

## Here and There

During 1924 the 1,800 bee-keepers of Manitoba marketed 1,302,000 pounds of honey, valued at \$195,000, according to official returns by the Provincial Apiarist.

Prof. J. A. Allen, Provincial Geologist of Alberta, declares in an official statement that sixty-two billion tons of coal, half of which is recoverable, lie beneath the surface of Alberta soil.

Seymour Backus, Vice-President of the Backus-Brooks Company, of Winnipeg, states that the largest producing pulp mill in the world will be in operation at Kenora, Ont., before the end of 1925.

It is estimated that Vancouver will ship approximately 25,000,000 bushels of grain of the 1924 crop. Shipments already total 21,188,000 bushels. Commitments for almost 1,000,000 additional bushels have been made.

The special train operated by the Canadian Pacific Railway and known as The Trans-Canada Limited, which makes the journey across the entire country in eighty-eight hours, recently commenced its season, the seventh since its inception.

According to a bulletin issued by the Bureau of Statistics Alberta's foreign population is in excess of 150,000 with approximately 100,000 American included in the total. About 5,000 Americans reside in Calgary.

When Their Majesties King George and Queen Mary paid their official visit to the British Empire Exhibition at Wembley shortly after the reopening, they boarded the miniature Canadian Pacific train and made a trip around "Treasure Island" and expressed great interest in all they saw.

An effort will be made this year to transplant Swiss mountain roses in the Canadian Rockies. These roses, which were brought from Switzerland by Dr. Huebner, late Swiss Consul at Montreal, are extremely hardy and only thrive above elevations of 3,000 feet. They will be planted in the gardens at Lake Louise and Banff.

The first trip of the Canadian Pacific S.S. Princess Kathleen from Vancouver to Seattle via Victoria was recently made under most successful conditions. The people of Seattle are so enthusiastic over the increased coastwise service that they have tendered an address of thanks to Captain Troup, manager of the Canadian Pacific Coastal service.

There is every possibility that the Provincial Government of British Columbia may this year complete the construction of the scenic highway connecting Golden on the main line of the Canadian Pacific Railway with the summer resorts of Banff and Lake Louise. When this link, much of which was built during the past two seasons, is completed it will make one magnificent triangle through the heart of the Canadian Rockies.

Building permits issued in Canada during the first quarter of 1925 were 10.2% and 1.3% greater than in the first three months of 1924 and 1923, respectively. There were also 5.5% greater than in the first quarter of 1922, 46.5% higher than in 1921 and 4.3% above the 1920 total. The aggregate value of building permits issued for the first quarter of 1925 was \$19,872,637, compared with \$17,544,900 for 1924 and \$19,441,150 for 1923.

## Four Earthquakes Predicted in June

Fgenza, Italy, June 1—"A singular formidable Plutonic underground force, now boiling," will cause a new outbreak of earthquakes in June, according to an exclusive prediction made today, to the United press by Professor Raffaele Benandati. He has hitherto forecast with remarkable accuracy the coming of earthquakes. He said there would be four earthquakes in June. The first would come Tuesday and would be far from Italy; another on Thursday or Friday would be of minor violence in the Mediterranean region; while on the nights of June 6 or 7 a quake would come in the Far East. The fourth he predicted, would be in Central Asia and of a disastrous nature. He set no date for it.

"I wish to point out," he said, that all my predictions for May were confirmed, except the tremor of the ninth in the Pacific, on which there is no news as yet."

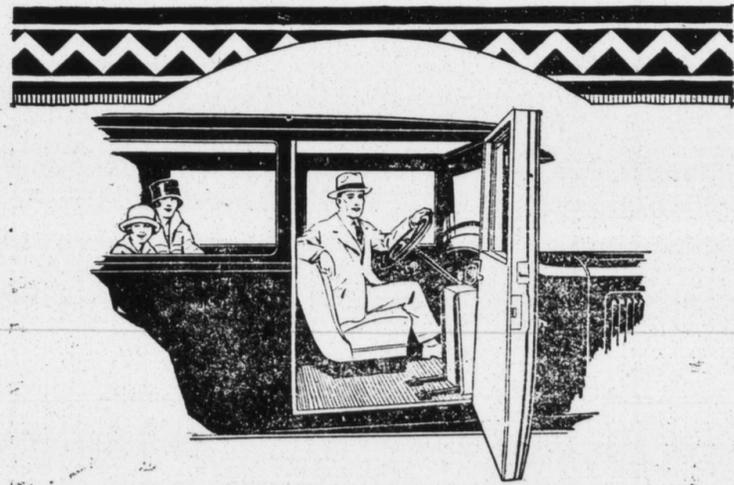

THE "WORLD" SOLD  
R. W. Ferguson of Rockville, Conn. U. S. A. has sold and transferred possession of the Chatham "World" newspaper, business and property, and all accounts as a going concern, to Mr. J. Y. Mersereau, Chatham.

## Take REAL Mustard to Your Summer Home

Be sure to include one or two tins of COLMAN'S MUSTARD in the supplies you take to your Summer Cottage or Camp.

Only real Mustard—freshly mixed—can give you that savory zest and tang in your food that you appreciate so much. And only real mustard—freshly mixed with cold water—furnishes real aid to digestion. Make a note now to "remember Colman's Mustard" when you leave.

## Ample Room for Each of the Five Passengers

THERE is generous space in the new Oldsmobile Coach for both front and rear seat passengers. There is a full 18 inches between front and rear seats and the handsome, Fisher-built body is as large and roomy as the average sedan. So unusual is the Oldsmobile Coach in the completeness of appointments that the price must seem ridiculously low. Only the combined resources of Oldsmobile and General Motors could make such amazing value possible. A ride in this new Coach will prove a revelation to you. Come in and try it for yourself.

ANTI-UNION MEETING WELL ATTENDED

Excellent Address Delivered by Rev. Dr. J. Morrison on Church Union Question

The meeting held in St. James Hall on Tuesday evening, under the auspices of the Presbyterian Church Association was largely attended. The speaker of the evening was Rev. Dr. J. A. Morrison, late of West St. John and his eloquent and interesting address, as an opponent of Union was listened to with marked attention by his large audience, which included a number from other local congregations as well as from Chatham, Nelson and Douglastown.

Mr. Walter J. Sutherland Vice-Pres. of the local Presbyterian Church Ass. presided and after a short devotional service introduced Dr. Morrison. In part, Dr. Morrison stated that the world is wrong in condemning the division of Christendom into different denominations, for it does not appreciate such facts as that sometimes separation leads to peace, that truth is many sided and cannot all be reflected by one surface of the clearest crystal, that theological thunder sometimes clears the air of moderation and indifference, in these words said Dr. Morrison that great leader of Presbyterianism Dr. Hoge of Richmond, Va., defended denominationalism before the Pan-Presbyterian Alliance at their meeting in London England some years ago. Dr. Morrison also quoted the words of the late Principal Mac Vicar of Montreal delivered before a similar gathering held in the city of Philadelphia to the effect that "Far from Christian Unity demanding external uniformity true Catholicity forbids the attempt at forcible fusion of all churches into one viable mass but binds us to seek the union of all the terms revealed in the word of God. The aggregation into one great body under one system of church government of all teachers and disciples of Christ throughout the whole world has hitherto been found impracticable and all attempts to secure uniformity or outward union whether by legislation, by force of arms, etc. have only resulted in disgracing the Christian name, suppressing progress of thought and in crushing human liberty."

Dr. Morrison showed that Christ's prayer as recorded in St. John's Gospel chapter 17 verse 21 "That they all may be one" did not call for organic unity of all his disciples not for outward uniformity but rather for spiritual unity. In this connection Dr. Morrison supported his contention by submitting evidence from many of the greatest scholars of the various Christian churches, such as

those great and honored Scholars of the Anglican church Dean Alford and John DeSoyres, Marcus Dods of the Scottish church and others. "So long as there is diversity of gifts" said Dr. Morrison, "So long will there be diversity of operations; there may be the most perfect agreement of opinion in reference to the facts which lie in the outer region of human life, but in reference to the truths which come within the sweep of the inner, that agreement is an impossibility. The peculiarities of our character, tone and limit all our spiritual perceptions and are reflected in the character of our thought. Men do not think alike nor do they see alike. In that sphere in which our conceptions of God and The Divine truth are colored by our own personality it is impossible to conceive of a unity that would not be utterly destructive of human character and identity. A manufactured unity is only a disguised dissension. This is true of Nations as it is of the church, outward uniformity cannot exist apart from inward unity. National instincts, the peculiar and subtle forces of race again and again break up the artificial attempts that are made at national community. This age has afforded vivid and unmistakable examples of the inherent spirit of different peoples demanding self-determination, nor has the justice of their claim been denied at the bar of public opinion. National life must be founded upon national instincts and sympathies, upon those spiritual feelings which no external power however mighty can create by force and in religious communities the same influences are at work. The inner spirit shatters external uniformity and proclaims that uniformity means stagnation and stagnation spells death. Differences within in the church evidence the vitality of conviction. Death is the only region that is characterized by an unquestioned uniformity. Those who lament the divisions of the church should rather grieve over the lack of charity by which they have too often been marked. They ought to remember that indifference is the terrible alternative to difference. But there cannot be uniformity there may be unity. Though oneness of doctrine, of order or of method cannot be obtained without the sacrifice of power and inspiration, there may be the unity of the spirit and the separated sections of the church may acknowledge their brotherhood in Christ.

Dr. Morrison concluded by asking the people to give all the matters involved thoughtful and sincere consideration and to decide this issue on their conscience. He declared that in his opinion the General Assembly had greatly erred in pressing this merger through at the present time and stated courteously but firmly that for himself he could not enter it. He intimated that of the recorded vote for and against thus far taken more than 109,000 communicants had voted against entering this union making at the present time a majority of the recorded vote against the merger of over 5000 communicants. Dr. Morrison is well known through the Canadian church in which during his ministry of thirty years he had held pastorates in the city of Toronto as well as in St. John. For almost seven years he was minister of the old First Presbyterian Church in the city of Chicago and was well known there as a University preacher. Dr. Morrison is a graduate of McGill University and the Presbyterian College, Montreal with two years post-graduate studies at Edinburgh, Oxford and Berlin.

Healthy Children Are Happy Children

The well child is always a happy child—it is a baby's nature to be happy and contented. Mothers, if your little ones are cross and peevish and cry a great deal they are not well—they are in need of a medicine—something that will set their bowels and stomach in order, for nine-tenths of all childhood ailments arise from a disordered state of the bowels and stomach. Such a medicine is Baby's Own Tablets. They are a mild but thorough lavative which regulate the bowels, sweeten the stomach and thus drive out constipation and indigestion; banish colic; break up colds and simple fevers and make the baby healthy and happy. The Tablets are guaranteed to be absolutely free from opiates or other harmful drugs—they cannot possibly do harm—always good. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

EXAMINATIONS FOR TEACHERS' LICENSE

Four hundred and sixty-seven candidates will write the teacher's license examinations and the examinations for advance of class at the examinations in New Brunswick commencing today. This is one less than the total number of candidates in 1924.

At the Normal School the largest proportion of candidates, drawn largely from the ranks of the graduating classes of 1925 from that institution, will take their examinations.

The total number of applicants who will write is 405, of whom 26 are candidates for grammar school license, and 191 for second class. Forty-seven candidates will write the grammar school license papers altogether throughout the province. The superior 202 first class and 211 second class.

Examinations will be held at Fredericton, St. John, Moncton, Chatham and at St. Basil, Madawaska county, the latter being a new temporary station which has been added this year.

Moose Plentiful In This District

Many travellers using the Miramichi road during the past few weeks have had more or less interesting encounters with moose, of which there seem to be an unusually large number in evidence this year. One local man tells of seeing four of the monarchs of the forest one night recently on his way through Chatham and he reports that the moose were so contemptuous of the proximity of men that they charge straight for the bright lights of the car and no doubt would have damaged it had the driver not shut off the lights. One young man had his car considerably damaged by a big moose when he kept his lights on and the big animal kept on coming.

**Help For Tired Nervous People**

Found in the Use of Dr. Williams' Pink Pills

Are you pale and weak, tired most of the time, out of breath on slight exertion?

Are you nervous, is your sleep disturbed so that rest does not refresh you?

Is your appetite poor, your digestion weak and do you have pains after eating?

If you have any of these symptoms you need the help of such a reliable tonic as Dr. Williams' Pink Pills.

Read what Mr. W. W. Francis, of Calgary, Alta., says of this tonic. "After returning from overseas," writes Mr. Francis, "my whole system was in a badly run down condition. I became nervous, irritable, pale and lost weight. Of course I was given treatment and recommended many tonics, some of which I took, but with no apparent result. At last I could not even sleep. My sister, who is in England, wrote and urged me to give Dr. Williams' Pink Pills a trial, and I can scarcely say how glad I am that I took her advice. My friends were surprised at my complete recovery, but I assured them it was due entirely to Dr. Williams' Pink Pills and I now always keep a box on hand in case of emergency."

If you are ailing give these pills a fair trial and they will not disappoint you.

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Miss Kathleen Armstrong of New York City is spending the summer with her parents Mr. and Mrs. R. H. Armstrong.

Mr. W. J. Sutherland left Saturday for Toronto, to attend the Presbyterian Convention which is in session there this week.

J. L. Creamer has been appointed head bond salesman in the Maritime provinces for the J. C. McIntosh firm, Halifax. Mr. Creamer is a son of Edward Creamer, Newcastle.

Mrs. Samuel Mullin and little daughter, Kathleen left last week for Quebec, from which port they sailed for England on a visit to Mrs. Mullin's former home.

Miss Bertha Ferguson was a visitor to Moncton last week and on Tuesday evening assisted the Chatham Orchestra in their broad-casting program from station C. N. R. A.

Mrs. Follansbee and Miss Muriel Atchison, attended the Meeting of the N. B. and P. E. I Women's Missionary Society held last week in Fredericton.

Miss Alice McEvoy entertained a number of her young friends to a delightful afternoon party at the home of her parents Mr. and Mrs. P. J. McEvoy on Wednesday, the King's Birthday.

Miss Gladys Scribner, who recently underwent an operation for appendicitis in the Lawrence General Hospital, where she is a student nurse, is home for a few month's vacation.

Miss Annie May Ashford, daughter of Mr. and Mrs. John H. Ashford, who has been employed on the general staff of workers in the Methodist National College in Toronto, has accepted a position as secretary in the Young Woman's Christian Association work in that city, for the summer months.

James McIntosh young son of Mr. and Mrs. Robert S. McIntosh of Chatham was drowned in a pond about three o'clock Thursday afternoon. The youngsters had been poling a raft about the pond and in some way lost his balance toppling into the water. The only witness of the accident was another youngster. The latter informed his parents of the accident and a grappling party was organized. The body was recovered about two hours later. The remains were viewed by Coroner Dr. B. A. Marven who decided that an inquest was unnecessary. The child who was eight years of age is survived by his parents, two brothers and one sister. The funeral was held Friday afternoon.

**OBITUARY**

**MRS. FRANK CURRY**

The death of Mrs. Frank Curry, of Chatham Head occurred at the home of her son, John S. Johnstone, Chatham Head, on Sunday morning May 31st. Deceased was born in Neguac and was formerly Helena, daughter of the late Mr. and Mrs. Oliver Thibideau, but has resided for a number of years with her son, John S. Johnstone of Chatham Head. The late Mrs. Curry was ill for 18 days, which she bore with great patience and courage. She is survived by three sons, John S. Curry of Chatham Head, Frank Curry of Niagara Falls, Lawrence Curry of Newcastle and one daughter Mrs. Walter Henderson of St. John. The funeral was held to St. Patrick's Church, Nelson, Tuesday morning. Services were conducted by Rev. E. Macdonald and interment in St. Patrick's cemetery.

**WM. HOWARD WALLS**

The death of William Howard Walls occurred at his residence at Chatham Head on May 20th. Deceased was 66 years of age and was ailing for some time. He leaves to mourn four daughters and two sons.

The funeral services were conducted at the house and grave by the Rev. L. H. McLean, and interment was in St. James' cemetery, Newcastle.

The floral offerings were:

Wreath—From the family.

Spray—Mrs. D. S. Attle of Portsmouth, N. H.

Spray—Miss Flora McDonald.

Wreath—Mrs. Ben DeRoche and family.

Spray—Mr. and Mrs. Walter Thompson.

**Two Day's Racing At Chatham**

The Miramichi Driving and Sporting club are holding a big two day's race meet at Chatham, June 24 and 25. The management have been careful in their selection of classes and have arranged for a splendid card which will suit horse owners from these provinces as the horses can be short shipped from here to the big meet in Moncton on July 1st. The purses for the meet are exceptionally high for such an early meet and will be sure to attract a large field of entries. The new management of the track have had the stables repaired and the track which is recognized as one of the best in Eastern Canada is in perfect condition. The entries for the meet close on June 12th. This meet will be the first put on under the new management and as the executive is composed of well known horsemen and lovers of the racing game it is expected the meet will go big. Dr. W. B. Jones, of Chatham, is the secretary of the club and with his experience and the hearty support of the members of the club the prospects look very favorable for a grand opening of the track's season's activities.

MAGIC BAKING POWDER

CANADA'S POSITION IS STRONGER

(Royal Bank Trade letter, June 1) With Canadian currency at par with annual exports nearly three times as valuable as in 1914 and imports only a third larger than before the war...

Reports indicate that this spring has been favorable to agriculture and that soil, moisture and crop conditions are generally satisfactory in Canada...

Mining operations are in full swing all over the country, and with the exception that there are bad conditions in the coal mines, we may regard the mining situation as quite prosperous.

The lumbering situation is undoubtedly bad. In fact, operators report that prices are so low that most current contracts are carried out at a loss.

Here and There

The popularity of the Nova Scotia apple is rapidly growing in Europe. 1,103,980 barrels and 8,693 boxes were shipped in 1924-25 to ports in England, Scotland and Germany.

Production of sugar beets in Canada during 1923 amounted to 159,200 tons, valued at \$1,922,668, and grown on 17,941 acres, according to the Bureau of Statistics.

Milton Sills, the well-known movie actor, with a company of 32 other screen artists, passed through Montreal recently to take scenes in "The Come Back" in which he is featured.

The 286 passengers on the Canadian Pacific S.S. Empress of France completed their 30,000-mile tour of the world on Saturday, May 23, when the vessel docked at New York.

Another aristocratic rancher recently passed through Montreal on a return visit to the ancestral estates in Transylvania, Hungary.

The Indian Day Celebration at Banff, it is announced, will take place as usual this year on the third Thursday and Friday in July.

Edward G. Taylor, one of the best known game fishermen on the continent is authority for the statement that New Brunswick is losing none of its lure as a fisherman's paradise.

The following story is told of Sir William Van Horne, first president of the Canadian Pacific Railway and a Major Rogers, who was in charge of the supplies for men working along the track.

The Western railways of the United States comprising 67 roads serving Chicago and the West, have petitioned the Inter-State Commerce Commission for permission to advance rates.

HANSON'S HEARING IS SET FOR JULY 14TH.

Fredericton, June 8.—The council of the New Brunswick Barristers' Society met here tonight and considered a variety of business.

The charges of unprofessional conduct preferred by the registrar against R. E. Hanson, K. C. M. P. in connection with the Nevers decree in the Chancery Court were formally presented before the council.

GREAT GAIN IN AUTO TRAVEL

479 Cars Entered New Brunswick Up to May 21.

The following compilation of the number of United States cars entering New Brunswick by various routes up to May 21 with an additional record of cars entering the province by way of St. Stephen has been made by J. Charlton Berrie secretary of the N. B. Automobile Association.

Table showing car entries by location and date. Locations include Debec Jet, Edmundston, Andover, Richmond Road, Centreville, Woodstock, St. Croix, St. Leonards, St. Stephen, and Total/Difference.

Seeing Ourselves As Others See Us

Seek to Know Our Home Town Thoroughly

He was a stranger hereabouts. Even the oldest residents could not remember having seen him before, and why he had come to our town no one knew.

Before his gaze was a scenic picture which the trained eye had discovered. An earlier tourist had discovered a wonderful view and had passed the information along with the result that one more visitor had come to the town.

ANOTHER FOREST LOOK-OUT TOWER

Contracts Awarded for 16th in Chain which Protect the New Brunswick Forests

Hon. Dr. J. E. Hetherington, Acting Minister of Lands and Mines, has announced the award of the contract for the construction of the latest addition to the chain of forest fire look-out towers used by the New Brunswick Forest Service in New Brunswick to James S. Neill & Sons, Ltd. of Fredericton.

The new tower, which will be the sixteenth to be placed in service in the province, will be erected three miles from Chipman near Salmon River, where it will overlook the area extending to the head of Salmon river.

The tower is similar to those recently purchased, by the Department for Martin's Bluff and by Hollingsworth and Whitney at McMannus Hill, Kings County.

The new tower at Chipman will afford the means of triangulation in the accurate location of fires in conjunction with both the Mount Hope and Tood Mountain lookouts.

By Rev. J. D. Cunningham, D. D.

(By Rev. J. D. Cunningham, D. D.)  
Times of disruption are inevitably times of disorganization, and one element of disorganization is the lack of regular and authoritative communication between all those loyal bodies throughout the Dominion of Canada whose supreme desire is to continue the Presbyterian Church. This issue represents an endeavor to establish temporary lines of communication until our own General Assembly gathers together in one great body, the unmerged and unmerged Presbyterianism of the Dominion.  
Surely the first note of any message must be that of thankfulness to God that the days of doubt are over. The people have spoken, and they have spoken with no uncertain voice. They have said: "The Presbyterian Church shall continue. Let the Church which our Fathers gave us be maintained for us and our children and our children's children."  
The voice of them who have spoken is not the voice of a remnant. It is the voice of a great people. Let the theorist theorize as he will about the legality, entity, and the historic continuity of the Presbyterian Church. The unassailable fact is, that it is the Presbyterian spirit that makes the Presbyterian Church. Wherever men are determined to maintain Presbyterian traditions, to honor the great doctrinal standards of the Presbyterian faith, to present the principles of Presbyterian polity and practice there, and there only, abides the Presbyterian Church.  
Surely the second note of a message to the people must be a call to courageous action and patient faith. Out of the dust and debris of a ruined city Nehemiah and Ezra had to rebuild Temple and walls of defence. But the task was completed because the people said: "Let us arise and build," and because "the people had a mind to work." The destruction of a great Church was not our doing, but the restoration of a great Church is our imperative and sacred trust. Let us arise and build with a mind to work. Let us rebuild not bigger but better, not bigger but stronger, no bigger but higher so it be said of us as of the ancient builders—they strengthened their hands for this good work... they made their prayer unto God, and set a watch... everyone with one hand wrought in this work, and with the other held a weapon. So shall the broken walls of our beloved Church rise and stand fast, and the latter glory shall not be less than the former glory thereof.

**ABLE TO DO HOUSEWORK NOW**

**Sick a Year. Got Great Benefit from Lydia E. Pinkham's Vegetable Compound**

Bloomington, N. S.—"I took Lydia E. Pinkham's Vegetable Compound for pains and backache, also for nervousness, sick headaches and sleeplessness. I was troubled in this way for over a year, and a friend told me about the Vegetable Compound and induced me to take it. I must say I have received great benefit from it and am able to do my housework now. I recommend the Vegetable Compound myself and am willing for you to use this letter as a testimonial."—Mrs. WILLIAM MORSE, Bloomington, Annapolis County, N. S.  
Do you know that in a recent canvass among women users of the Vegetable Compound over 220,000 replies were received. To the question, "Have you received benefit by taking this medicine?" 98 per cent. replied "Yes."  
This means that 98 out of every 100 women are in better health because they have given this medicine a fair trial.  
Mrs. Morse is simply another case of a woman receiving "great benefit." Women suffering from the troubles so common to their sex should listen to what other women say who have experienced the same sufferings and found relief. Give this dependable medicine a chance—and at once. It is sold at all drug stores.

**French Noblemen Arrive at Quebec**

**They Will Study Agricultural Methods in Canada.**

Marquis Gaston de Levis and his friend Count de Maleisayod Melun, were passengers on the Canadian Pacific S. S. Minnedosa, which arrived in Montreal last week. The two young French noblemen are in Canada to study Canadian agricultural methods and are going direct to Ottawa, where they will be the guests of George Gonthier, Auditor-General of Canada.  
Marquis de Levis is a direct descendant of the French general, who bore the same name and title, and who had something to do with the making of Canadian

history when he became famous as a result of the battle of Ste-Foye, not far from the plains of Abraham, in 1700.  
The two distinguished travellers are each 21 years of age, but they are already well known to hundreds of Canadian who have visited Paris.  
They own beautiful farms on the outskirts of the French capital and are thus able to take part in any society event taking place there.  
Last week, Count de Maleisayod Melun, gave a dinner at the club in Montreal, at which several prominent Canadians were guests.  
The two young friends intend visiting all the other Canadian Provinces after leaving Ottawa, before returning to France.

**"BUY AT HOME"**

**TWO CONVENTIONS OF LIBERAL PARTY SET FOR THIS WEEK**

FREDERICTON, June 3—The Provincial Government ended its June session here this afternoon. Premier Veniot stated at the close of the meeting that the time this afternoon had been taken up largely with reports on hydro matters and conferences with counsel relative to settling claims connected with the Grand Falls hydro-electric developments. All claims were settled or on way to settlement, the Premier said.  
Premier Veniot announced today that a convention of supporters of the Provincial Government in the County of Westmorland would be held at Dorchester on June 8. A similar convention for Kent county will be held at Rexton on June 9.  
The Bureau of Health of the province is to meet at the Health Centre, St. John, on Thursday and Friday, according to announcement by Hon. F. Roberts, Minister of Health.  
The Board of Education held a meeting this morning and dealt with a number of matters. The Town of Newcastle, which had made application at a previous session to come under the Vocational Education Act, again had its application under consideration and the Board decided to approve it.  
W. M. Burns, principal of the Model School in this city, applied for six months' leave of absence. The leave was granted. Miss Mary [Name obscured], teacher of the teaching staff of [Name obscured] School, resigned her position and the resignation was accepted. Miss Mildred Haines, at present teaching school in Pennfield, was appointed to the position.

**CABINET REQUESTED TO ADOPT QUEBEC SCALE IN PROVINCE**

A delegation of 50 members representative of the New Brunswick Lumbermen's Association, the Board of Trade and the commercial life of the province waited upon the Provincial Government in Fredericton on Tuesday urging the introduction of the Quebec scale and a reduction in stumpage rates on lumber cut upon Crown lands down to figures equal those charged in Quebec.  
The Quebec stumpage rate is about \$2.70 per 1,000 and the New Brunswick rate is \$4. The Quebec system scaling counts 1,000 feet of logs as about equal to about 1,500 feet in New Brunswick, it is stated.  
As Premier Veniot informed the delegation that the Government would give due consideration to the request on these two points only, a third point in the lumbermen's request to the effect that any reduction in the scale determined upon should be made retroactive to include the cut of the season 1924-1925 was not presented in detail.  
Practically the whole of the evening's session was given over to the hearing of the delegation which was fully representative of all the lumbering and milling sections of the province, and also of the Boards of Trade.  
The Boards of Trade were those of the following places, Fredericton, Bathurst, Moncton, Newcastle, St. John, Campbellton, Chatham, Grand Falls and Edmundston. In addition a number of important commercial houses in various parts of the province were represented. The delegation presented a resolution which was passed by the Lumbermen's Association at a meeting held some time ago.

**TRADE BUILDS CITIES**

If merchants and their helpers were not a pretty good natured class of people, whose rough edges have been worn away by much contact with their home folks, they would have reason to get irritated at times.  
There are some people who will send off or go to distant cities and make important purchases of clothing and house furnishings. Then when they find that they want some little trifling article in a hurry, they will rush down to the home store, and demand that it be supplied them instantly, and blame the store if it does not have precisely what they want. They expect these stores to keep stocked up all the time on a wide variety of goods, yet they will not help supply the all around patronage which is the only basis for keeping such a general stock.  
It is a tremendous convenience and advantage to have a fine group of retail stores in a town. Such establishments connect a community with sources of supply that deal all over the world. A good store supplies the comforts and essentials of civilization, and it is a wonderful benefit to have it close by where you can call on its service at any moment, and get its supplies and advice.  
But people cannot expect to have the kind of store that a community is entitled to on the basis of its population and wealth. If they are constantly sending to other places to buy goods. Unless they give their patronage to their home stores, the home stores cannot serve them efficiently.  
It is well to remember that the home stores and the men who own and operate them are a tremendous force working all the time in Newcastle to provide this community with all forms of modern equipment to improve its civic advantages and to advance its prosperity. When you support them, you back up and help your community.

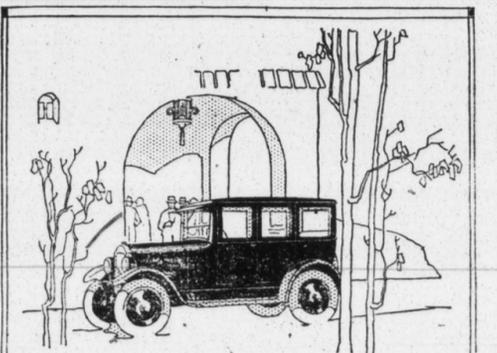

**ASK HALF HOLIDAYS IN CAMPBELLTON**

CAMPBELLTON, June 3—The sport leaders of Campbellton, in order to promote sport, have been agitating a half holiday on Wednesday afternoon of each week. It was learned today that the majority of the business men have agreed to close. This will be of great assistance to the North Shore Baseball League, as all games can be played on that afternoon. The ball diamond is not yet completed and is not expected to be until sometime next week at the earliest.

**PILES**

Do not suffer from PILES. It is a common ailment and can be cured. Consult your doctor or a specialist.

**STEAMER CLEARED**  
The S. S. Sonja, 1038, Neilson, Londonderry via Belfast, cleared from Newcastle last Thursday with lumber for Malcolm McKay Ltd.

**MEETING POSTPONED**  
Owing to a number of meetings of various local organizations the Board of Trade meeting, which was to have been held last night was postponed.

**BAPTIST CHURCH**  
In the absence of the pastor, Rev. F. E. Bishop, there will be no service in the Baptist Church on Sunday morning, June 14th, but in the evening the pulpit will be occupied by the Rev. Thomas Harrison, of Black River.

**MAY CALL FOR TENDERS**  
**THIS MONTH**  
A Fredericton despatch says:—The N. B. Electric Power Commission will probably issue the call for tenders for the first construction work in connection with the development of Grand Falls about June 20.

**WEATHER FORECAST FOR JUNE**  
The following is the weather forecast for the month of June: 1 to 2, unsettled; 3 to 5 damp, cool; 6 to 8 threatening; 9 to 12 cool wave; 13 to 16 stormy, unsettled; 17 to 20 warm; 21 to 24 warm, dry; 25 to 27 showers; 28 to 30, thunder storms, rain and hail.

**FIRE ALARM**  
The Fire Department was called out to a small roof fire last Saturday afternoon at five o'clock, in a building on Ledden Hill owned by Mr. Harry Miller. On Sunday afternoon at 5.30 o'clock the department was called for a fire which was burning a fence owned by Mr. John F. Kingston near the C. N. R. Round House.

**WILL PLANT TOBACCO**  
Through the efforts of the Saint John Board of Trade a trial of the possibilities of growing tobacco in New Brunswick is to be made. The first shipment of plants from the Dominion Experimental Farm will arrive in St. John in the course of a few days. These will be sent to the farm of W. W. Hubbard, Burton, who has agreed to make a thorough test.

**OBJECTED TO NAME**  
Mr. Harrison was in a bad temper and when an acquaintance met him one morning and asked, "Ow is your health today, Mr. Arrison he waxed wrathful. My name is not 'Arrison! he snapped. Well, said the other, if a haitch a hay, two hars, a hi, a hes, a ho an a hen don't spell 'Arrison what do they spell?"

**WATERING CART**  
The Watering Cart made its first appearance of the season on Saturday and did very good work in laying the dust, which was driven rapidly by a strong wind. The citizens are patiently awaiting the oiling of the streets or the calcium chloride process of eliminating the dust nuisance and they sincerely hope that it will not be long before either one or the other process is used.

**A BASEBALL MATCH**  
A game of baseball between the Newcastle league team and a picked team comprising a number of old-time players has been arranged for Wednesday evening on the Soldier Memorial Field diamond. This will be one of the keenest fought games of the season, as the old-timers still think the modern day youngsters have nothing on them in the way of playing baseball. On hand to see this game as it is expected to be a thriller and all the players, young and old are out to win.

**STEAMER IN PORT**  
The Str. "Lake Como" arrived last Friday in port and is loading 800 standards of deal at the Sinclair Lumber Co. Mill.

**IS CONVALESCING**  
The many friends of Mrs. Annie Cool, Y. W. C. A. Travellers Aid Representative, who underwent an operation for appendicitis some weeks ago, will be pleased to learn that she has been able to leave the hospital for her home and is convalescing victoriously.

### TRY NATIONAL GAS IT'S BETTER

**The Originals Formerly Old Dumbells in "Stepping Out"**

Theatregoers all over Canada had the appearance of the ORIGINALS in town every year as a thing of joy and this year the boys are "Stepping Out," in the biggest laugh they have yet given us. Their local engagement promises to be the big event of the season and patrons of the Opera House should lose no time in making their reservations for this popular entertainment which comes to the Newcastle Opera House for one night only, Thursday June 11th.

The Originals have been before the public for a number of years now and it is very evident they have developed with the passing of time, there is the smoothness and finish now to their entertainment which was lacking in their first shows immediately after the war. The show this season is of the kind that pleases even the most critical musical ears and the Comedy is the best and most outstanding part of the performance. Bob Anderson has touched a high spot this year with his easy smooth manner of delivery. He is naturally funny and does not have to strive in order to make his audience laugh. His every appearance on the stage is the occasion for one continuous roar.

With such outstanding favorites as Gene Pearson, the sensational male soprano "Found" last season, whose stinging and magnetic stage appearance is the talk of the public; That marvellous quartette with Bertam Langley, Jerry Brayford, Thomas Dunn, and Gus McKinnon; Alan Murray who appears in entirely new characterizations this season, to the delight of his many admirers; Leonard Young, the "Duchess" and director of the show; Lionel Broadway is the Originals' new juvenile, and he has already become a great favorite with Canadian audiences; Norman Blume and Jimmy MacDonald, both popular newcomers to the Company this season; The Originals now have the best aggregation of talent since their starting out tour with the Original Dumbells in 1919.
