THE AGNES WATSON TRUPEE.—This popular and talented troupe are announced to appear in the Town Hall to-morrow and Friday evenings. The different members of the company are highly spoken of by our exchanges wherever they appear. They are coming from a well characterized first-class. To-morrow night they will give the favourite play of "Cinderella," to be followed by a popular farce. No doubt they will be welcomed by a good house on their first appearance. See advertisement.

THE tea-meeting in the Primitive Methodist Church last (Tuesday) evening was well attended. There was a plentiful supply of "good things," and when these were disposed of, the audience adjourned to the body of the church, when several articles were offered by ministers of the town and others. The choir of the church gave some of their choicest anthems at intervals in their usual good style. We are pleased to learn that the debt of the church has been nearly wiped out by a small amount now remaining unpaid.

ARRESTED FOR LARCENY.—A servant man named James Hurrin, in the employ of Mr. John McFarlane, of Puslinch, was arrested by the chief constable yesterday, charged with stealing \$20 from the coat pocket of his employer on Saturday last. It appears that Mr. McFarlane had placed his coat containing the above amount in \$5 bills in an outbuilding, and on returning for his coat found that the money was gone. Mr. McFarlane at once suspected Hurrin of the theft and communicated to the chief his suspicions. The latter advised him to send the prisoner to town which he did, where he was arrested by the police last (Tuesday) evening. The case was remanded till Thursday morning.

CHALMERS' CHURCH BAZAAR.—Our readers will notice by the advertisement that the bazaar under the auspices of the ladies of Chalmers' Church will be held in the Town Hall on Tuesday and Wednesday next week, when a large assortment of useful and ornamental articles will be offered for sale. Dinner, tea and supper will be provided each day for all comers. As the proceeds are to be applied in aid of the church, we feel sure the Bazaar will be well patronized, both by those belonging to the congregation and to other denominations. Our country readers will not fail to check and cheer the second day of the Bazaar occurs on fair day, when many will have an opportunity of being present who otherwise might not have been in town.

COMPLIMENTARY SUPER.—On Tuesday evening the employees in the Machinery Office met at the Dominion Saloon to congratulate their employer, Mr. James Innes, on his marriage and safe return from the old country.

Mr. and Mrs. Nicholson very kindly entertained the Directors, Judges, Ploughmen and other friends to dinner; and after the day's proceedings were over the Directors, Judges, and a few of the members of the Society adjourned to Miller's Hotel, Teviotdale, where they had supper and spent an agreeable evening.

Mrs. Innes had a very pleasant surprise, being coupled with the hearty good wishes of her countrymen, and it is hoped that she will live a long, prosperous and happy life. Mr. Innes made a suitable response for himself and his wife. He expressed his gratification in receiving this mark of the good-will and esteem of those associated with him in The Machinery Office, as well as the other friends present, and his great satisfaction at finding on his return that the work in the office had been so efficiently carried on during his absence. He felt pleased to be among them again, and trusted that the same good feeling would continue to subsist between employer and employed, and all those connected with the Press in the town. The health of Mr. Davidson, the foreman in The Machinery Office, and the other employees, the representatives of the other papers in town, and a few other toasts were given and responded to. The proceedings were enlivened by some excellent singing, and after spending a very pleasant evening the company broke up at a reasonable hour.

Local and Other Items. A SUNDAY SCHOOL Social will be held in Oupridge on Nov. 6th next.

The Galt annual fair was held on Tuesday. There was a pretty good show of tops of a good quality, but not very many sales were made.

The consecration services in connection with the induction of the new Bishop of Algoma, took place to-day in St. James' Cathedral, Toronto, on Tuesday.

The Galt Reformer is pleased to learn that the manager of the Grand Trunk Railway Company will in a few days place an additional passenger train on the Galt and Berlin branch for the accommodation of the travelling public.

BURGLARY AT NEWMARKET.—On Monday evening, between seven and eight o'clock, burglars entered the house of Mr. A. Campbell, innsmith, on Prospect street, and succeeded, upon opening two trunks, in finding in one of them his cash box, containing over \$600 in money. It appears they opened the Venetian blinds, the windows not being secured, and a family being in the other end of the house, Mr. and Mrs. Campbell being out visiting.

SAD ACCIDENT.—Mr. James Fillman, an old and respected resident of Wellington Square, met with a sad accident on Monday afternoon, while out shooting with his son-in-law, Marshall. While in a skiff the gun got displaced, and Mr. Fillman taking it by the muzzle to replace it, both barrels exploded, shattering his left hand in a fearful manner. Dr. Carter being called in, found it necessary to amputate the hand at the wrist.

FATAL ACCIDENT IN ST. THOMAS.—The Times says that a sad accident, by which one man lost his life, and several others were very severely if not fatally injured, occurred in St. Thomas on Monday. Six men were standing on a scaffold at the top of the new Music Hall, when the poles supporting the scaffold gave way and the whole six fell, some of them falling to the ground a distance of 40 or 50 feet, others catching on the timbers in a lower part of the building. Those who fell to the ground were at once removed, and steps taken toward lowering from their perilous position, those who had not fallen the whole distance. It was found that the scaffold, which had been erected on the site of the old Music Hall, was badly constructed, and was the cause of the accident. The death occurred within an hour after the fall. The other two received only slight injuries.

County Assizes—Crim. Con. Case. BERLIN, Oct. 28.—The Waterloo County Assizes opened here yesterday afternoon, Chief Justice Hagarty presiding. There is little business either civil or criminal, before the Court; a case of rape and one of assault being the only matters on the criminal calendar. Mr. J. S. Sinclair, of Goderich, is the Crown officer.

The greater part of to-day was taken up with the crim. con. case of Peterson v. Trock, which excited intense interest, and was tried in a crowded court room. Plaintiff is County Attorney of Wellington county, his wife a daughter of Sheriff Grange, of that county, and defendant a doctor, practising in Guelph. Defendant was charged with having had an immoral intercourse with plaintiff's wife at Preston and Berlin in the summer of 1872. The criminal acts, themselves, were not proved, but the circumstances of defendant's guilt were so strong that the jury gave a verdict of five thousand dollars damages against him. Defendant called C. C. Harrison, Q. C., and S. B. Freeman, Q. C., for the plaintiff, and Mr. H. C. Decher, Q. C., of London, and J. B. Boyd, for the defendant, who is at present a widower, has families, and the case altogether was of a very painful nature.

The Assizes will likely close to-morrow.

North Wellington Ploughing Match. We are indebted to the Secretary of the North Wellington Agricultural Society, Mr. Robert Mitchell, for the following:—

The Annual Ploughing Match of the North Wellington Agricultural Society was held on Friday, the 24th inst. The day was all that could be desired, and in consequence the number of spectators on the ground was large. Fifteen ploughs started, say 19 men and 3 boys. The ground selected being pretty level and in good order for ploughing some excellent work was performed. About half an acre of land was allotted to each competitor and the whole had finished by half past 9 o'clock. The Judges, Messrs. James Connell (Minto), John Lowly (Pool), and Thomas McLellan (Minto), then went upon the ground and after a due inspection of the work they finally awarded the prizes, as stated below.

Mr. and Mrs. Nicholson very kindly entertained the Directors, Judges, Ploughmen and other friends to dinner; and after the day's proceedings were over the Directors, Judges, and a few of the members of the Society adjourned to Miller's Hotel, Teviotdale, where they had supper and spent an agreeable evening.

Mrs. Innes had a very pleasant surprise, being coupled with the hearty good wishes of her countrymen, and it is hoped that she will live a long, prosperous and happy life. Mr. Innes made a suitable response for himself and his wife. "Thomas" said a father to his son, "don't let that girl make a fool of you. Look sharp. Remember the adage, that love is blind." "Oh, that adage won't wash," said Tom. "Talk about love being blind why, I see ten times as much about it as you do."

In one of the suburban schools a school inspector gave out the word "plaster" to a class for spelling. It was a poser to all till it reached the foot of the class, when a curly-headed little fellow spelled it correctly, but, being asked to define it, he shouted "More Salt."

It is stated that the Government intend to submit the Riel matter to the House as an open question.

Wellington Prohibitory League. The half-yearly meeting of the Wellington Prohibitory League was held in Guelph, in the Good Templars' Hall, last Tuesday, the 28th inst., commencing at 2 p.m. The President, Mr. Farrow of Elora, in the chair. The meeting was opened with devotional exercises. The minutes of the first meeting, held on the 18th March last, were read and confirmed.

PRESIDENT'S ADDRESS. The President, in an address to the meeting, saying that since the formation of the League in March last, very little has been done by it as a body, but he believed it was otherwise with the individuals belonging to it who had been actively working in connection with the various Organizations to which they belong, in bringing about a public feeling necessary to carry prohibition of the liquor traffic in the Dominion. In referring to the Committee of Wellington, Grey, Bruce, Perth, Waterloo, and Huron, he found a growing sentiment in favor of Prohibition, and that petitions would be again circulated for signatures to be sent to the Dominion Parliament, praying for the passage of an Act prohibiting the traffic in intoxicating liquor. He also mentioned the recent action of the G. T. R. R. authorities in connection with this matter. He concluded by hoping that the members would all buckle on their armor for this work until the end of the League is accomplished.

COUNCIL. The old Council were re-elected with the exception of Mr. Shoness, in whose place Mr. Stephen Marshall, of Drayton, was elected.

COURTY INSPECTOR. After considerable discussion on the appointment of a County Tavern and License Inspector, engaged in by a number of the delegates present, it was moved by Mr. J. Ryan, of Guelph, seconded by Mr. Snyder, of Acton, that a memorial be presented to the President of this League, requesting the County Council to appoint an Inspector for the County of Wellington, whose duty it shall be to see that the provisions of the Tavern and Shop Licenses Act of 1868, and 1873 are carried out in this County.—Carried.

LECTURE WORK. Moved by Rev. E. Barker, of Fergus, seconded by Mr. J. Gordon, of Elora, That Executive Committees of five persons each, for the South, Centre and North Ridings of Wellington, be appointed and instructed to procure if possible a Committee of three or more in each municipality in this County, whose special duty it will be to obtain new members for the League, and to attend to the systematic canvassing of the respective municipalities for signatures to the petitions for Prohibition, and to getting up meetings in the different localities where they can be held for the purpose of agitating the subject of Prohibition and to recognize in general such meetings to be addressed by Ministers of the Gospel, or others, whose services may be obtained for the purpose.—Carried.

COMMITTEES. South Riding.—Messrs. Ryan, Groom, Moulton, E. H. Maddock, and Rev. Mr. Howie, of Guelph.

Centre Riding.—Messrs. Connan and Farrow, of Elora; Rev. E. Barker, and Mr. Horton, of Fergus, and Mr. Kitley, of Strickton.

North Riding.—left to be appointed by the President.

ELECTORAL COMMITTEES. A good deal of discussion was indulged in regard to the question of Electoral Leagues.

Moved by Mr. Ryan, seconded by Mr. Moulton, That the Committees appointed in each Riding be Electoral Committees with power to add their number, for their respective Ridings, and that they take down the names of all parties in favor of Prohibition.—Carried.

FINANCE. Moved by Mr. Groom, seconded by Rev. Mr. Barker, that a Finance Committee be appointed in connection with this League, composed of Bro. Moulton, and Farrow.—Carried.

After some preliminary business, the time of next meeting was fixed for the second Tuesday in February, and to be held in Fergus.

G. T. R. AND TEMPERANCE. Moved by Rev. Mr. Barker, of Fergus, seconded by Mr. Ed. Maddock, of Guelph, that in consideration for the safety and comfort of the travelling community, he recognize with very deep satisfaction the steps that have been taken by the authorities of the G. T. R. to close the drinking saloons along that extensive line of travel, and to induce the adoption of temperance principles by the employees on that line.—Carried unanimously.

The Rev. Mr. Barker then closed the meeting with prayer. There was not a very large attendance at the afternoon meeting.

PUBLIC MEETING. A public meeting was held in the same place in the evening, commencing about 8 o'clock. The meeting opened with devotional exercises. The Rev. Mr. Howie, of Guelph, occupied the chair, and after making a short address, called upon Mr. Ed. Farrow, lecturer for the Ontario Temperance and Prohibitory League, who gave a stirring address, showing the advance the temperance cause is making in this and surrounding counties in which he has been lecturing during the past six months. Mr. Ryan, in moving the resolution, which is given above, in reference to the action of the G. T. R., made an excellent speech in support of the motion. Mr. D. Haulton seconded the motion in a few appropriate remarks.

A collection was taken up on behalf of the league. The attendance was very poor, owing to the inclement weather and other public meetings.

DISAPPEARANCE OF A FARMER'S SON.—The family of Mr. Scott, of Delaware, Ont. have been in the most painful state of anxiety since Monday night week, on the disappearance of their only son, the disappearance of Nelson Scott, one of its members, a young man of twenty years of age. On the morning of Monday young Scott left home for the London market, with a load of wheat, and disposed of it there, buying a new suit of clothes with part of the proceeds. In the evening he started for home, and on his way called at "Swartz's" hotel, where he left the team in the stable, and the clothes in the wagon-box, done up in a bundle. Where he went after that nobody knows.

Dominion Parliament. HOUSE OF COMMONS.

Dr. Tupper continued his speech. After a passing allusion at the Ontario Government he proceeded to argue the justification of the voting down of Mr. Huntington's motion. He averred there was no foundation for the charge, and went into discursive argument in defence of the adjournment of the enquiry to the 2nd of July, the further postponement consequent on the disallowance of the Oaths Bill, the prorogation, and many topics only connected in the most incidental manner with the matter under discussion. He then, in order to excuse the appointment of the Commission, attacked the Committee as "partizan" in its character, and abused pretty soundly, amidst the laughter and ironical cheers of the Opposition, the tribunal appointed by the House on the motion of Sir John A. Macdonald. The amount they had received from Sir Hugh Allan was utterly insignificant when divided among several constituencies. He enlarged the character of Sir George E. Cartier, and declared there was no corrupt agreement of any kind between Sir George E. Cartier and Sir Hugh Allan. The charge, he declared, was refused by Sir Hugh Allan, and Sir Hugh was only one out of thirteen selected by the Government who obtained the charter. His contention was that Sir Hugh received no special consideration from the Government, but that the other directors had equal authority and equal votes; therefore, that Sir Hugh's contributions were given merely for the sake of supporting the general policy of the Government. He declared that, when the elections were over, he did not know that a single dollar had been contributed by Sir Hugh, and that none of his contributions reached Nova Scotia. At the same time he did not shrink from sharing the responsibility of all that the Premier had done. He lauded Sir John A.'s pure mind and patriotic conduct in all his actions as one who had saved the country from religious strife and anarchy, and had established civil and religious liberty in this country. After further laudations of the Premier, he proceeded to read a resolution moved by John Young, in Montreal, in 1870, favouring the independence of Canada, and urged that because Mr. Mackenzie congratulated the House upon the election of Mr. Young, there was danger of his independence votes being adopted by the whole party. After declaring his own loyalty, he dwelt at some length upon the fact that Mr. Young had proposed before the Dominion Board of Trade to connect the Canada Pacific Railway with the Northern Pacific. The effort having failed, the charges that the Government had sold the Pacific charter to Americans were brought forward. All these things, he contended, indicated to his mind that there was a fear that if the Opposition obtained power, the interests and prosperity of the Dominion would be sacrificed to the great Republic. He admitted, amid Opposition cheers, that there was advantage in occasional changes of Government, but he declared that the name of patriotism had been used against the interests of Canada being in the keeping of Mr. Mackenzie and his friends. He brought up the old charges of independence and annexation sentiments against gentlemen who now were or have in past time voted, with the leader of the Opposition. The fact that Mr. Mackenzie had in Nova Scotia recently sanctioned such sentiments, he illustrated by quoting Mr. Mackenzie's complaint that the Government had not done what he should have done in England should, by their simple opinion, delivered without hearing of argument, be able, as in the case of the Oaths Bill, to veto the legislation of the Canadian Parliament. Having made some allusions to the conduct of the recent elections, which, he claimed, had shown that public opinion was in favour of the Government, and naming the one to fill the vacancy in the county of Hants, he sought up Mr. Goudge, who denied the Pacific Scandal was the issue then submitted. People were willing to hope no Government was guilty of such offences, but he (Mr. Goudge) had declared that if proved guilty he would vote against them.

Mr. Huntington rebuked the disreputable of the Minister who, at such a moment, could travel through the whole range of conceivable topics from Genesis to Revelations. He proceeded in a sarcastic manner to expose the reckless style of slander and innuendo which Dr. Tupper had indulged in, and told him he need not attempt, as he had promised, to make good his charges. He repudiated the libel that he (Mr. Huntington) had any arrangement with the Northern Pacific Railway promoters, and declared he would submit his whole course of action to any Committee of the House. As a proof, he had used no unworthy means to obtain information nor been actuated by any improper motives. He justified his submission of the documents in his possession to the Governor-General, and read the letter to his Excellency, in which, on the 21st of July, he urged the great importance of Parliament being allowed to take prompt cognizance of the serious matters to which the evidence in his possession referred. He contrasted the outrageous assault made on him by Sir Hugh Allan before the latter knew the Allan letters were in his (Mr. Huntington's) possession with the hypocritical compliments when these letters were shaken to the Premier's face. After reading his original charges, he stated that Sir Francis Hincks had introduced the Americans to Sir Hugh Allan.

Tuesday, 28th. He complained of what he called the personal attack made upon him by Mr. Huntington, both in and out of Parliament. Losing his self command, he charged Mr. Huntington with being the author of the rumour that Sir John A. Macdonald had attempted suicide at River du Loop, an allusion that was received with marked condemnation by the House, with the exception of the little party of Government eloquents. He repeated his denial that he had ever received any pecuniary consideration from Sir Hugh Allan in connection with the Pacific Railway, and protested that the public interest had been the sole object of his conduct. His explanations on all these points did not vary materially from his statement before the Commission. After some further remarks, in the course of which he denied Sir Hugh Allan ever received any advantage from the Government in return for his money, as a matter of personal explanation, Mr. Huntington, in reply to the charge of Sir Francis Hincks, indignantly denied

that he had received any advantage from the Government in return for his money, as a matter of personal explanation, Mr. Huntington, in reply to the charge of Sir Francis Hincks, indignantly denied

originating the rumour of Sir John A. Macdonald's attempt to commit suicide.

Mr. James McDonald began by alluding to Mr. Goudge's political inconsistency, and alleged that some money had been used to assist elections in Nova Scotia.

Mr. Glass, who was cheered on rising, expressed the pain it had given him to sever party ties by the course he felt it his duty to adopt.

Mr. Baker, of Missisquoi, in a tone of solemnity varied by occasional efforts at humour, followed in opposition to the first amendment.

Mr. Young took the floor, and in a very able and logical speech analyzed the evidence adduced before the Commission.

On the motion of Mr. E. B. Wood the debate at 11:30 stood adjourned, and the House rose.

Guelph Evening Mercury

WEDNESDAY EVENING, OCT. 29, 1873

The Question of Veracity.

MERCURY OFFICE, OCT. 29th, 1873. To the Proprietor of the Mercury.

Dear Sir—An article appears in to-day's Herald in which I am referred to by name, although the writer does not give his own.

To commence with, I desire to call attention to the invidious nature of the case. The paragraph which first pointed out the alleged mistake in my report did not purport to come from Mr. Chadwick at all.

My impression was, I confess, that it was an attempt on the part of the Herald to wheedle me out of a correction for some purpose of its own.

The Ottawa Times of Monday has two articles which would seem to indicate the nature of the defence the Government will be forced to adopt.

CHINESE.—A car-load of Chinamen was at the G. T. Station, Brantford, for several hours. They were on their way from San Francisco to Albany.

Auction Sale of Farm Stock and Implements.—Mr. V. S. G. Knowles has been instructed by the Executors of the late Edmund Field Heath, Esq., to sell by Public Auction on the premises, Lot 26th concession, Paslinch, 5 miles from Guelph.

A. O. BUCHAM, Fashionable West End, Dress, Mantle and Millinery Establishment.

most like a gentleman in the news paper sphere—I, or the man who has allowed his newspaper to be made a vehicle of low abuse?

The article proceeds:—"The circumstantial evidence is also against the infallible. Mr. Chadwick, as the Mayor points out, could not consistently urge a proceeding that was calculated to defeat his own object."

This is weak; because Mr. Robert Mitchell, who had the same object in view, is stated to have "urged the proceeding." Everybody knows that the request for the Mayor to leave the chair, whoever made it, was doubtless intended for "chaft."

Says the Herald:—"By such experiences as these Mr. Tyson may come to learn that he cannot with impunity brand men of known character and integrity as deliberate liars."

I suppose not; it is only the Herald that enjoys this privilege, under the sanction of its gentlemanly proprietor. As a comment on this sentence, I may remark that the Herald has charged me with deliberate falsehood no less than nine times since Thursday.

Mr. Chadwick had assured me personally, or over his signature, that he did not make the remark, and I had refused to accept his assurances, he would have had some ground for complaint.

My impression was, I confess, that it was an attempt on the part of the Herald to wheedle me out of a correction for some purpose of its own.

I do not intend to trouble the readers of THE MERCURY further on this matter, and shall not reply to any effusions of the Herald regarding it.

I am, Sir, Yours truly, ROBT. TYSON.

The Ottawa Times of Monday has two articles which would seem to indicate the nature of the defence the Government will be forced to adopt.

A crowded and enthusiastic meeting was held on Friday evening in the Grand Trunk Drill Shed, Brantford, near the depot, under the auspices of the Young Men's Christian Association of the town.

CHINESE.—A car-load of Chinamen was at the G. T. Station, Brantford, for several hours. They were on their way from San Francisco to Albany.

The Rival Clansmen:

A Scottish Vendetta. CHAPTER IV.

HECTOR AND FLORA PRISONERS—THE WITCH OF DEN LAIR—A DARK PROSPECT. Flora was soon seated, and the two men having entered, one of them seized the oars and they were off.

Whenever it grated on the shore, our hero was told to enter. This he did with alacrity, for a strong desire to be near—although he could render no assistance—to Flora filled his breast.

Numbers of water fowl, which had been alarmed at the first arrival of the boat, circled overhead, and uttered loud sharp cries, as the party stepped out amongst the tall, rank weeds and grass which lined the shore, but no sign of human being could be seen or heard.

Cameron at once led the way to the old ruin, a mysterious, weird-looking place, and a strange tremor crept through M'Leod's frame as they passed through a high vaulted archway, and stood in a large square within the ruin.

Cameron at once advanced to a slightly cleared space in the centre of the square, and with the hilt of his claymore gave a flat stone which lay there two sharp knocks.

A hoating sound resembled the cry of an owl was heard.

Cameron answered with a slight knock. Then, to Hector's amazement, the stone fell downwards, revealing a deep dark hole in the ground, down which Cameron motioned him to enter.

A close, damp, sickening smell seemed to arise from the place, and a strong misgiving was in his heart that it might be some trap into which he might be tumbled and left to perish, and he started back with a voluntary cry of horror as the thought crossed his mind.

Public Council.

The Council met on Monday, the 20th of October. Members all present. The Reeve in the chair. The minutes of the last meeting were confirmed. Moved by Mr. Nicoll, seconded by Mr. Mahon, that the petition of Angus McKellar, overseer, for repairing the bridge over the creek on lot con., near Killis, be referred to the committee for the southeast part of the township.—Carried. Moved by Mr. Spreuhun, seconded by Mr. Smith, that the petition of Robert Little be referred to the committee appointed to examine the roads in that part of the township.—Carried. Moved by Mr. Nicoll, seconded by Mr. Spreuhun, that the following parties be paid the following sums for sheep killed by dogs, viz.:—Richard Paddock, \$6.65; Robt. Hammerby, \$3.93; Simon Welsh, \$1.67, and that the Reeve issue his order for the same.—Carried.

Harrison Correspondence.

A slight mishap, which might have been fatal, happened here on Sunday. The switch on the railway was left open and when the train came in, this being unobserved, it ran off. Fortunately there was no great harm done, except damaging the engine to some extent.

The plough which was awarded the first prize at the North Riding ploughing match was one of the Milroy patent, manufactured by the popular firm of Fisher & Irvine, of this place. This, with the number of prizes they carried off at the agricultural shows, speaks well for the excellency of their manufacture.

PETTY THEFTS.—A number of things have mysteriously disappeared round here of late, but the most barefaced case on Monday evening. A shawl belonging to Mrs. Heard was taken from the drug store of Mr. Edward Preston. She had it off while doing some shopping, and when ready to go she missed the shawl. The guilty parties are well known and will be brought to justice sometime.

BREAKFAST.—EPP'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills.

**COMBINATION**  
**STEAM COOKER**  
 Patented June 25th, 1872.

The most complete steam cooking apparatus for general use ever invented, and where introduced supercedes all others. Made all sizes, and can be used over any heat that will boil water, as easy understood and does away entirely with heavy iron pots and kettles, substituting in their place light tin or earthenware. It cooks meats without their coming in contact with the steam, in the manner of the most improved Cookers in use. Will also cook meats by steam directly applied if desired, a combination possessed by no other article of the kind. With meat it will cook at the same time as many as four varieties of vegetables in separate compartments, and also supply in separate compartments, and also supply pure hot water for Coffee and Tea, without interfering with the process of cooking. The principle upon which this apparatus is said to be the best known. The process renders the viands more tender, and retains their nourishing juices which escape in vapor when boiled in the ordinary way. Besides the actual saving in ordinary use, it is over one half, also the perfect arrangement of the article for steaming vegetables, puddings, scalding fruits, steaming oysters, etc., etc., makes it invaluable to every housekeeper.  
 The above is now on view at

**Iron in the Blood**  
**PERUVIAN SYRUP**  
 MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protozoide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by forcing up, Invigorating and vitalizing the system. The enriched and vitalized blood permeates every part of the body, repairing damage, and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhoea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility of a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, increasing strength, vigor, and happy men and women, and invalids cannot reasonably hesitate to give it a trial.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women, and invalids cannot reasonably hesitate to give it a trial.  
 See that each bottle has PERUVIAN SYRUP blown in the glass.
