## LOCAL HAPPENINGS

The worst of sins in modern business is waste.

Men's Overalls \$1.75 and \$1.95—Swift's.

Tell the merchants you read their advertisements.

Nine out of 15 prizes for Ontario grain at the Chicago fair isn't so bad.

No one is complaining now that we're not having an old-fashioned winter.

Service at Calvary Baptist church next Sunday at 3 p.m., and at Watford at 7 p.m. Subject: "Jesus, the Saviour."

Get your boys a cheap overcoat now at Swift's.

A special attraction at the Lyceum next Thursday will be two reels of the Japanese Disaster taken immediately after the earthquake.

The annual Vestry meeting of Trinity church will be held on Tuesday evening, Jan. 22nd., at 7.30 in the schoolroom.

Miss Sarah Mavity left for Windsor last week enroute for California, accompanied by Mrs. A. K. Wanless, Ypsilanti, Mich., and Mr. Hal. Mavity, Sarnia.

Allan Dawn's superb new production "Lawful Larceny" from the famous stage success with Hope Hampton, Conrad Nagel, Nita Nolda, and Lew Cody will be the attraction at the Lyceum next Thursday, Jan. 24th.

Those heavy fur banded caps at Swift's for \$1.00 and \$1.25.

A public meeting will be held in the Foresters' hall on Monday afternoon, Jan. 21st., at two p.m. for discussing the merits of co-operative marketing of live stock on the graded system. The meeting will be addressed by W.P. Macdonald, B.S.A. of Petrolia.

The "Home Nursing and First Aid Class" under the skillful management of Miss B. E. Bryson, R.N., Toronto, is being well attended. The lectures are very clear and concise and proving both educational and helpful.

Heavy Rancher Coats \$6.75; sheep lined \$9.00; heavy sheep, extra long \$12.50.—Swift's.

The Ontario Gypsum Company Limited of Paris, Ont., attributes the large business coming to them these months to their newspaper advertising of Gyproc. They say "The business we have derived from these large newspaper advertisements has certainly been amazing."

J. F. Elliot received a wire on Tuesday announcing the death of his brother-in-law, Peter H. MacMillan, after a short illness at his home in Hamilton, North Dakota. Mr. MacMillan will be remembered by many of our older residents as a timber buyer while here some forty years ago.

The annual meeting of the Directors of the East Lambton Agricultural Society will be held in the Council Chamber, Watford, on Friday afternoon, January 25th, 1924, to elect officers for the coming year, receive reports and any other business that may come before the meeting.

The Dept. of Horticulture of the Ontario Agricultural College at Guelph is putting on a four weeks' course in horticulture, consisting of lectures and demonstrations by members of the College Staff and a number of prominent horticulturists from outside points. The course is entirely free to those who wish to attend. It commences on January 21st, 1924.

The home paper gives you the reading matter in which you have the greatest interest—the home news. Its every issue proves a welcome visitor to every member of the family. If you are not reading The Guide-Advocate regularly, try it for a year, and see if it is not enjoyed in your home.

Among those from Watford and vicinity who attended the Conservative banquet in honor of Rt. Hon. Arthur Meighen were John McCormick, Richard Williamson, James Sayers, S. B. Chambers, Thos. Kerr, from the 4th line west; J. R. McCormick, Reg P. Brown, Mr. and Mrs. A. G. Brown, Mr. and Mrs. J. B. Cowan, Mr. and Mrs. Ray Morningstar, Mr. and Mrs. Richard Williamson, Mr. and Mrs. Jos. McCormick, Dr. and Mrs. W. G. Siddall, W. H. Harper and Dr. J. McGillicuddy.

Every year is leap year to pedestrians.

Fine warm pullovers, white, \$5.00 each. See them at Swift's.

Some women are busy little bodies and others are little busybodies.

The world is divided among people ambitious to pass another law or another car.

Storage Batteries of best quality 11 plate, \$15.00, 13 plate \$18.50.—R. Morningstar, Wat-Ford Garage, 2t

The most satisfactory job is that of an efficiency expert. The boss can never tell whether he is loafing or thinking.

If you teach a boy that money isn't everything don't blame him if he takes a white collar job instead of laying bricks.

Children's heavy fleeced shirts and drawers 59c each.—Swift's Discount Sale.

The famous "Ziegfeld Follies" star Gilda Gray and her dancers are shown in "Lawful Larceny" at the Lyceum next Thursday, Jan. 24.

He—"Is she progressive or conservative?" She—"I don't know. She wears a last year's hat, drives a this year's car and lives on next year's income."

Swift's Discount Sale—selling out ladies' coats, suits and dresses all must go. See prices in window.

President Falconer of the Toronto University, claims there are no reds in that educational institution. That bevy of red-headed co-eds that we saw down there last fall must have got their hair-dyed.

Examinations at office free to sick people, which will show you the cause of your illness. Dr. Anderson D.C., Watford, Monday, Wednesday and Friday, 9 to 11 a.m., over Mr. Rogers' store. For country calls phone 92w Strathroy.

An increase of two cents a gallon is announced in the retail price of gasoline. The new sales tax is blamed for the increase but some of the dealers declare the oil companies are simply using the tax as a means of bleeding the public.

Miss Isabel Harris returned to her school in Welland on Wednesday; Mr. Orrie Harris left for his home in Calgary on Friday, after attending the funeral of their father, the late Thomas Harris.

An investigation by the Pullman Car Company with a view to reducing waste disclosed the fact that the saving of a cake of soap a week by each of its cleaners would amount to \$12,000 a year.

One of the most effective penalties that could be imposed for speeding on the highways would be the suspension of the driver's license for a period. It would rid the roads of reckless drivers and would be a penalty that would deter a lover of speed more effectively than any that could be devised.

The Forest Free Press, one of Western Ontario's oldest and well-known weekly newspapers celebrated its forty-sixth anniversary last week. Mr. H. J. Pettypiece, the proprietor and a well-known weekly newspaper man, has been at its helm for the past forty-one years and the success that the Free Press enjoys today is due greatly to Mr. Pettypiece's efforts and perseverance. May the Free Press continue to flourish for years to come.

Mr. Merchant:—You will have a traveller call on you in the next few days soliciting orders for counter check books. If he does, here is what he has done in other towns, he will tell you that he is the only one you can buy from, that local agents have been discontinued. Pay no attention to him, but phone your order to the Guide-Advocate. We are still selling check books, and are prepared to give our customers the lowest prices on the market.

The January meeting of Women's Institute was held on Friday at the home of Mrs. Angus Mitchell with Mrs. J. H. Humphries presiding. The Institute hopes to have Mrs. E. Pankhurst of Canadian Social Hygiene Council to deliver an address here in the near future. A very interesting paper on "Canada, West of the Rockies" was given by Mrs. T. G. Mitchell and greatly enjoyed by her hearers. Mrs. Mitchell has taken this trip several times and was thus able to give very clear and entertaining description of many noted places. At close of meeting Mrs. Mitchell, hostess, treated the ladies to delicious home made candy. Twenty-three members answered roll call with "Ancient Events" all of which were very clever and amusing.

In the old days they used leeches to bleed a man. The income tax had not been discovered.

Have you noticed how much longer the days have grown since December 21? Neither do we.

Three thousand German families want to emigrate to Canada. Canada might get worse. It's a safe bet that they wouldn't stand around on the street corners the greater part of the year, dodging work and talking "red," like some of our newcomers are in the habit of doing.

Parties of scientists from all over the world will gather in Western Ontario to witness the total eclipse of the sun on Jan. 25. The sun will begin to be obscured by the moon about 8 in the morning. If the day is clear all Western Ontario will have an excellent opportunity of witnessing this interesting phenomenon.

Farmers and men on salary complain that the things they have to buy cost too much money. If they would have a heart-to-heart talk with some of Watford merchants and learn of the taxation which forces the merchants to ask the present prices, there would result a union of forces which would demand that a cut in Government expenses be put into effect at once.

Early on Friday evening little Bruce Foster, youngest son of Rev. and Mrs. J. L. Foster of Brooke Methodist circuit, was knocked down by an automobile driven by Dr. Jas. Newell of this village, and had his arm broken. The accident occurred on Main street south, immediately in front of the boy's home, the little lad rushed ahead of his brother, right in front of the automobile, giving the driver no chance to avoid hitting him.

## OLD BOYS' REUNION MEETING WEDNESDAY, JANUARY 30th

As will be noticed in the Council minutes on page three, the Reeve and Councillors of the Village of Watford are calling a meeting of the ratepayers in the Library Board room on Wednesday, January 30th to discuss the question of holding a Reunion of our former townsmen this coming summer, at the same time to celebrate the fiftieth anniversary of Watford's incorporation.

## BLYTH C. N. R. AGENT GETS WATFORD STATION

Blythe, Jan. 11.—Geo. E. McTaggart, Canadian National Railway agent, here received word on Thursday afternoon of his appointment as agent of the Watford station, and leaves here on Monday to take over his new duties. Mr. McTaggart came here in May, 1906, and has looked after the welfare of both the company and the patrons in a highly satisfactory manner.

(Blyth Standard)

Mr. Geo. E. McTaggart left on Monday for Watford where he has taken charge of the C.N.R. station as agent. His removal from Blyth, where he has acted in a similar capacity for the past seventeen years, is much regretted by our citizens at large. While we regret his removal, yet we are pleased to know that the new position is considerably more remunerative and sincerely trust that abundant success may be his. In the capacity of C.N.R. agent in Blyth, Mr. McTaggart was courteous and obliging to the travelling public and painstaking and thorough in the work of the company in whose employ he labored. Not only in this will he be missed, but in our social and business life. He is an enthusiastic bowler, a much appreciated member of the Masonic and Oddfellow lodges and an energetic member of Trinity Church in which capacity he has acted as Recording Steward for a number of years. To Mr. McTaggart belongs the honor of acting as president of Blyth Memorial Hall Committee, under whose direction the erection and completion of this splendid memorial to our soldier boys marks a pleasing epoch in the history of our village. Until the end of December 1923 Mr. McTaggart filled the office of secretary-treasurer of our Continuation and Public School Board to the entire satisfaction of the trustees. He was always to the fore in matters pertaining to the welfare of the community as a whole and his assistance in these matters will be much missed.

It is the intention, we believe, for Mrs. McTaggart and family to remain in Blyth until Spring.

## MISSLEBROOK—ROUTLY

A quiet wedding took place at the rectory, Watford, Wednesday, Jan. 16th, at four p.m. when Sybil Kathleen, only daughter of Mr. and Mrs. Sidney Routly, Warwick street, became the bride of Alvin G. Misslebrook, son of George Misslebrook, Abbey, Sask., the Rev. J. H. Hosford M.A., officiating.

The bride was becomingly gowned in brown silk chiffon velvet with suede slippers to match and wearing a rope of pearls, the gift of the groom.

After a dainty wedding supper at the home of the bride's parents, the young couple left on the evening train for Detroit and points west, the bride travelling in a brown marvella coat with coon trimmings and grey hat with side trimming of ostrich plumes. Upon their return they will reside on the 6th sideroad, Brooke.

The bride was the recipient of many beautiful gifts among them being a substantial cheque from her father.

## WATFORD HORTICULTURAL SOCIETY

The annual meeting of the local society was held on Thursday evening, Jan. 10th, at the Public Library. The business of the evening consisted in the presentation of the annual report, election of officers and discussion of plans for increasing the effectiveness of the society for the coming year.

The Society had a successful year and ended with a substantial surplus of approximately one hundred and seventy dollars, so that prospective members may be assured that they will receive their money back with interest this coming season.

The election of officers resulted as follows:

Hon. President—Mr. A. G. Brown  
President—Mr. F. W. Mahony  
1st vice-pres.—Mr. E. D. Swift  
2nd vice-pres.—Mrs. A. G. Brown  
Sec.—Mrs. C. W. Cook  
Directors for two years: Dr. C. W. Sawers, Rev. Mr. Hosford, Dr. G. N. Howden, Mr. R. Stapleford, Mr. W. G. Connolly.

Directors with still a year to serve: Miss M. Reid, Mrs. L. R. Kinnell, Mrs. J. McKecher, Mrs. T. G. Mitchell, Mrs. F. Pritchett.

Auditors—Mr. W. H. Shrapnell, Mr. A. Doolittle.

## PEABODY LODGE I. O. O. F. INSTALLS NEW OFFICERS

On Monday, Jan. 14th, Mr. Alex. Westgate, D.D.G. Master of District No. 6, and suite visited Peabody Lodge No. 99 and installed the officers into their chairs as follows: Jun. P. G.—Bro. H. A. McKenzie N. G.—Bro. J. T. Kersey

John Bradley, fourth veil; Ex-Comp. Jas. Hackett, treasurer; Comp. Thos. Kelly janitor. After the installation the companions sat down to an oyster supper after which Comp. F. H. Gilroy led in community singing. Companions were present from Watford, Strathroy and Inwood.

## BROOKE

Storage Batteries of best quality 11 plate, \$15.00, 13 plate \$18.50.—R. Morningstar, Wat-Ford Garage, 2t  
Miss Newell, R.N., has returned to Toledo, O., after spending a few weeks at her home on the 6th line.

The annual Vestry meetings of St. James' and Christ church, Sutorville, will be held on Monday, Jan. 21st, at 2.30 p.m. in the former and on Tuesday, Jan. 22nd, at the same hour in the latter.

## WARWICK

Storage Batteries of best quality 11 plate, \$15.00, 13 plate \$18.50.—R. Morningstar, Wat-Ford Garage, 2t

Mr. Chas. R. Williams, Main Road returned on Wednesday after spending the Christmas holidays with his daughter, Mrs. Jas. H. Smith in London.

Several foxes are reported as being at large in Warwick township, and local hunters are on their trail. One night recently a fox ran on the road on the town line, in the lights of a motor car.

The Ladies' Aid of Warwick Bethel church met at the home of Mrs. Wm. Vance and elected the following officers for 1924: president, Mrs. W. Vance; vice-president, Mrs. W. Luckham; secretary-treasurer, Miss Mabel Cable. The first meeting will be held at the home of Miss Jennie Vance on Jan. 31st.

On Thursday evening, Jan. 10th, the regular meeting of the Warwick Women's Institute was held at the home of Mrs. Lloyd Cook. The meeting was opened by singing the Institute Ode followed by prayer. The minutes of the last meeting were read and adopted. Mrs. Main read a paper on "Self Control" which was enjoyed by all. Mrs. Cook was presented with some useful gifts by the members of the Institute. A dainty lunch was then served. The next meeting will be on Thursday evening February 14th.

A very pleasing and profitable meeting under the auspices of the D.O.B. Girls, of Kingscourt, was held at the home of Miss Lily Hickson on January 9th, with a good attendance. One visitor was present. The afternoon was spent in sewing pillow cases. The meeting was directed by the president, Miss Alma Morris, and opened by singing "Simply Trusting." Secretary's report was given and roll call was answered by verses from the Bible. This brought the meeting to a close, after which a dainty luncheon was served by the hostess, Miss Pearl Claypole cordially invited the girls club to be held at her home Feb. 13th.

H. Fifield, of Strathroy, has ample reason to feel proud of the record made by his poultry during 1923. A flock of twenty-four hens produced no less than 2,951 eggs, an average of 122 eggs per bird.

## BORN

In Plympton, on Saturday, Jan. 5th, 1924, to Mr. and Mrs. Frank Pascoe, a daughter.  
In Bosanquet, on Friday, Jan. 4th, 1924, to Mr. and Mrs. Wray Porter, a daughter.  
In Plympton, on Jan. 15th, 1924, to Mr. and Mrs. H. D. Cameron, a daughter—Doris Francis.  
In St. Joseph's Hospital, London, on January, 5th, 1924, to Mr. and Mrs. Edward E. Carroll, (nee Gertrude Brown, Brooke) a daughter—Marie Evelyn.

NEW MOTOR TRAFFIC LAWS

MOTORISTS SHOULD KNOW REQUIREMENTS OF NEW ACT

On December 31st, the new Highway Traffic Act came into force throughout Ontario. For some years the traffic laws of the province have been covered by three separate Acts.

During the summer and autumn of 1922, a special committee of the legislature held public sittings at various points in the Province and received the opinions of motorists, truck owners, manufacturers and police officials.

The speed limits are the same as before, viz: 25 miles an hour in the country and 20 miles in cities, towns, and villages, with limits of 10 and 12 1/2 miles an hour in corporations and in the country respectively, past intersections where the view is obscured.

Notwithstanding the speed limits stated above, anyone who drives a motor vehicle recklessly or negligently or in a manner dangerous to the public is liable to a maximum penalty of \$200, shall be liable to imprisonment up to 60 days, and may have the permit for the car cancelled for a period not greater than six months.

Tail lamps shall be of at least four candle power and are required to properly illuminate the number plates.

When cars are standing on the road, one light carried on the left side will be allowed if it is clearly visible for a distance of two hundred feet from the front and rear and shows white in front and red to the rear.

Brakes are subject to inspection by police officials, and if not in good order the police may order the driver to have them properly adjusted.

No flanges or clamps are allowed on wheels, which may in any way injure the road.

Cars must not be bought, sold or wrecked if the manufacturer's serial number is defaced or removed.

No vehicles which with their loads weigh more than ten tons can use the roads without special permits. Such permits may be granted by the authorities having control of the roads such as villages, towns, cities, townships, counties and the Department of Highways.

Up to December 31st, 1925, motor trucks which, with their loads exceed ten tons in weight, and which were previously registered in Ontario may receive special permits to carry a maximum load of five tons.

After January 1st, 1926, motor trucks with their loads must not weigh more than eight tons.

All vehicles with tires less than 6 inches in width must not have a greater load on any wheel than will exert a pressure of 500 pounds for each inch in width.

Broken or defaced tires will not be permitted and all solid tires must have 1 1/4 inches rubber between the rim and the road.

During the months of March and April, motor trucks rated at more than one ton must not carry more than half the rated load outside of cities and towns separated from the counties for municipal purposes.

Motor trucks must not carry a load greater than that for which they are registered.

All vehicles while carrying loads extending over the rear for more than five feet, must carry a red flag by day and a red light at night attached to the rear of the load.

Spotlights will be permitted, provided they are stationary and are attached to the left of the motor vehicle, with the light directed to the right-hand side, striking the road within 75 feet in front of the vehicle.

Probably the most outstanding change in the Act is that providing for the recording of convictions on the permit issued for motor vehicles and for the cancellation of the permits on three convictions for certain offences.

Permit cards will have space provided on them for the recording of convictions and motorists who are summoned will be required to present these in court in order that the magistrates may endorse them.

The amount of the fines, and the cancellation of permits, in many cases, depend on the number of convictions and the above procedure is necessary in order that magistrates may know how many previous convictions have been made. At the same time magistrates report all convictions to the Minister of Highways who may at any time for misconduct or for violations of the provisions of the Act or any regulations thereunder suspend or cancel any permit or license.

A new provision in the Act that motorists will appreciate is the limit of ten days required for the serving of summonses. In the past unnecessary time has elapsed between the offence and the serving of the summonses. The limit of ten days may however be extended by magistrate in cases where it is evident that offenders could not be served or were intentionally avoiding service of summonses.

A limitation has also been placed on the time during which civil action for recovery of damages occasioned by motor vehicles may be taken. In the past action could be brought at any time, long after details of the alleged injury were forgotten and long after witnesses could be obtained.

The new Act provides that no action shall be brought after six months following the damage.

All garages must obtain licenses from the Department of Highways and must keep a record, and must report to the Department all motor vehicles bought, sold, or wrecked by them within six days. They are also required to report all cars or trucks which remain on their premises for more than two weeks without good reason.

While the above is a brief outline of the general features of the Act, it is the duty of owners or drivers of vehicles to study the requirements of the Act and become familiar with them.

All licenses and permits are issued by the Department of Public Highways, in which the administration of the Act is vested. Permits and markers can be obtained direct from the Department at Toronto or from the local agents of the Department of which there is at least one in each county of the province. Chauffeurs' licenses and garage licenses can be secured only from the Department at Toronto.

The new Act has been published in a convenient booklet form and will be mailed on application to the Ontario Department of Public Highways Motor Vehicle Branch, Highway Administration Building, University Avenue, Toronto.

DROWNED IN DITCH ON HIS WAY HOME

Little Essex Lad Had Been to Pay a Visit to His Grandmother

Leamington, Ont., Jan. 13.—Little Donald Smith, aged two years and seven months, was drowned on Sunday afternoon in about two feet of water in a ditch north of here on the tenth concession.

He had gone across to see his grandmother on the adjoining farm to pay her his daily visit. When returning home, his grandmother phoned that he was on his way, but on looking out shortly afterwards his mother could not see him.

LONDON WOMAN IS ELECTROCUTED AS SHE TAKES BATH

Receives Full Current when Reaching to Remove the Electric Heating Stove

London, Ont., Jan. 14.—Mrs. Rowen Williams, 39, wife of David Williams, 25 Grafton street, was electrocuted while bathing at her home Saturday night, shortly after 10 o'clock.

While standing in a bathtub, Mrs. Williams reached over to remove an electric heater, not knowing that it had become charged. As she took hold of it the full current passed through her and a few seconds later she fell unconscious into her husband's arms, and died.

PAPER FOUND BY BOY WAS \$300,000 DRAFT

Young Windsor Lad Makes Valuable Find Near Detroit Post Office

Windsor, Jan. 17.—What Thomas McCarthy, 14-year-old Windsor boy, believed was a worthless piece of paper that he kicked outside the Detroit post office last Friday night developed yesterday to be an envelope containing a draft for \$300,000 on a New York bank.

The boy, thinking that the unstamped envelope was without value, placed it in his pocket, where it remained until Saturday when the draft was discovered.

MY EYES NOW SPARKLE WITH HEALTH

So says Mrs. F. Simms after taking three bottles of Dreo. This grand remedy has built her health and made life worth living.

The lot of Mrs. F. Simms, of 72 Josephine St., London Ont., was a mighty hard one till she discovered Dreo. Her digestive organs were in a pitiable state of weakness. Stomach, kidneys, liver and bowels were all badly out of order, her blood circulation was poor; in fact, she was so badly run-down that life was hardly worth the living.

"I am another woman since taking Dreo," says Mrs. Simms. "I sleep and eat splendidly and life is again a pleasure to me. Meal time can't come quick enough, for my stomach troubles have disappeared and I no longer suffer the agonies of indigestion, dyspepsia, nausea or cramps. My kidneys are stronger and rheumatic pains gone and my liver is active, ending the bilious attacks and dizzy spells that caused me so much suffering."

"My eyes sparkle with health and I do not hesitate to say that it is all due to Dreo. It has made a new woman out of a complete wreck and I cannot say enough to praise it." Dreo corrects and stimulates the kidneys, liver, stomach and bowels and purifies the blood, overcoming all forms of suffering that accompanies a weakened and run down system. It is made from herbs, roots, bark and leaves and contains no mercury, potash or habit forming drug.

Dreo is being specially introduced in Watford by Siddall's Drug Co., and is sold by a good druggist everywhere.

ORANGEMEN TO HOLD NEXT CELEBRATION AT FOREST

Forest, Jan. 10.—It has been decided that the twelfth of July will be celebrated by the Orange Lodges of East and West Lambton in Forest this year. Middlesex, Kent and Michigan Lodges will be invited to accept the hospitality of the local Orangemen.

It is eight years since the last Orange celebration here. The local master, Robert Cope, will appoint his committees at the next meeting.

FORMER EDITOR ILL

Strathroy, January 14.—G. Richardson of Sault Ste Marie, Ont., former editor of The Strathroy Age-Dispatch, suffered a paralytic stroke according to word received here yesterday. A wire was received here today that he was much improved and that it was expected that he would be around again shortly.

NEW INDUSTRY FOR PARKHILL

A communication was received by the Mayor of the town in December from a firm in Kalamazoo, Mich., which manufacturers cement silos, re-opening a Canadian branch in Parkhill. On Monday night a representative of this company met the 1923 Council and discussed the proposition. The company asks for a free site and the plant which they will erect here will be worth about \$10,000. There will be employment for six men. The Council were in favor of providing the site and it is probable that 1924 will see this manufacturing business established in Parkhill.

BOSANQUET DISTRICT L. O. L. ELECTS OFFICERS

The annual meeting and election of officers of the Bosanquet district Orange lodge was held in the Orange Hall, Arkona, with Bro. Alex. Johnston, district master, presiding. The following members were duly elected for the ensuing year, and were afterwards installed by Bro. Wm. Brande, past county master; District master, George A. Smith; Dept. M. R. R. Wilson; chaplain, Lee W. Walker, recording secretary, Chas. Smith; financial secretary, James Gilliland; treasurer, Robt. Hawkins; D. of C., James Gilliard; lecturers, William Cable jr., and George R. Turner.

A Corrector of Pulmonary Troubles

Many testimonials could be presented showing the great efficacy of Dr. Thomas' Electric Oil in correcting disorders of the respiratory processes, but the best testimonial is experience and the oil is recommended to all who suffer from these disorders with the certainty that they will find relief. It will allay inflammation in the bronchial tubes.

SPARTA LOTHARIO ON TIME AT SCHOOL

Spends Night in Teachers' Rest Room After Seeing His Lady Love

St. Thomas, Jan. 14.—Counting a young lady of the city until a late hour at night got Jack Hall, a Sparta youth, into serious trouble today. Hall was located in the Wellington street school, where, according to the report made in Police Court, he went last night or early this morning after leaving the young lady of his heart.

From what Magistrate Maxwell could learn of the matter, it was not the first time Hall had been guilty of such trespassing. He had been in the habit of spending the remainder of the night in the school after calling on his sweetheart, gaining entrance to the building with a special key in his possession.

A comfortable couch in the teachers' rest room on the second floor of the school was used as a bed by Hall. He was remanded to the county jail for a week in order that the Court may have more time to consider his case.

UNITED STATES MANUFACTURERS PLAN TO ESTABLISH IN CANADA

Sarnia, Jan. 14.—T. Mueller, president of Mueller Metals, Limited, Port Huron, Mich., addressing the Sarnia Chamber of Commerce Lunch Club this afternoon expressed the opinion that Canada would see greater influx of manufacturers from the United States within the next ten years than in all previous time. He declared unbounded faith in the natural resources of the country, which, he said, was also held by most of the big men in the Republic.

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Exterminator will protect the children from these distressing afflictions.

BIOGRAPHY OF SIR G. W. ROSS

Margaret Ross, of Strathroy, who is 78 years of age, has become the author of the biography of her illustrious brother, the late Sir George W. Ross, who represented West Middlesex for many years in the Ontario Legislature and rose to be premier of the province. The book was begun some time ago, but the author at that time had no intention of writing for the public. The biography was to be a gift to his grandchildren and was to be printed privately. A year ago, however, friends of the author persuaded her to revise her manuscript, deleting allusions to strictly family affairs, and to put it into the hands of a publisher. This she did, with the result that it now appears in printed form. The book is dedicated to the 12 grandsons of Sir G. W. Ross and contains an interesting introduction by premier W. L. Mackenzie-King, as well as complimentary letters from Dr. Jordan, of Queens University, Kingston, Sir John Gibson, former Lieutenant-Governor of the province; Peter McArthur and others.

WEAK ANAEMIC WOMEN

What They Need to Restore Good Health and Vitality.

The woman who feels tired out, who aches all over when she rises in the morning, who feels depressed most of the time, needs the help that Dr. Williams' Pink Pills can give her. New, rich blood and stronger nerves. The number of disorders caused by poor blood is amazing, and most women are careless about the condition of their blood. Their nerves are quickly affected; they worry over trifles and do not obtain refreshing sleep. There may be stomach troubles and headaches; shortness of breath and a fluttering of the heart. This is a condition that calls for Dr. Williams' Pink Pills, the blood-improving nerve-restoring tonic. Mrs. William Henry, Lovett Street, London, Ont., has proved the value of these pills, and says: "I had a very severe attack of anaemia. I was always tired and the least thing would make me sick at the stomach. I could hardly go about and suffered terrible pains in my legs from cramps. I had no color in my face and was as white as a sheet. The doctor gave me several kinds of medicine, but could not understand why I did not get results from it. Then I went to a hospital and was there for three months, but came home no better than when I went. My friends were worried and feared consumption. While I was still in this condition a friend advised me to try Dr. Williams' Pink Pills. I tried them and after a time felt they were helping me, and I gladly continued their use, and am thankful to say that I am again a well woman, and I firmly believe that had it not been for Dr. Williams' Pink Pills I would have not got better."

The new sales tax will not increase the price of Dr. Williams' Pink Pills, as the company pays the tax. You can still obtain the pills through any medicine dealer at 50 cents a box, or by mail post paid, at this price, from The Dr. Williams' Medicine Co., Brockville, Ont.

### THE ADVANTAGES OF BEEKEEPING.

(Experimental Farms Note). Bees can be kept in town or country, by young or old, rich or poor. For one entering the business on a large scale with more than one apiary the country, of course, is necessary where larger sources of nectar are available. A few colonies can, however, be kept on a small town lot or even on the roof of a house for the bees will fly to a distance of two or three miles for nectar. Bees can be kept in situations which are useless for any other enterprise.

There is scarcely a spot in Canada where a few colonies of bees cannot be kept profitably. An abundance of nectar secreting flowers with a high average of favorable weather for the secretion and gathering of nectar makes Canada an excellent country for beekeeping.

Almost anyone can keep bees, and without investing in land or expensive equipment, a man or woman who has the aptitude can learn to produce an article of food that is unsurpassed for quality and which will keep in good marketable condition even from year to year; it is difficult to state the amount of honey that will be obtained from an apiary, as this will vary in different locations and seasons. Most localities, however, will be covered if it is put at from 50 to 150 pounds per colony in an average season. With proper management one or two colonies will yield enough honey for the average family.

Beekeeping affords a pleasant outdoor occupation during the best season of the year. As a hobby for office men it provides a profitable and interesting recreation. For teachers and students it offers an occupation for summer vacation, which is educational and remunerative. Many students have paid their way through college by keeping bees during the summer. Many are finding it a profitable auxiliary to other lines of work. As an exclusive business, many find it well worth while.

Beekeeping not only gives one a crop of honey and a little wax, but fruit and seed growers are also benefited by having bees in the vicinity of their orchards and fields. Larger crops of fruit and seed are obtained by cross pollination of the blossoms, and honey bees are important agents in this work.

C. B. Gooderham, Dominion Apiarist.

### WINTER HARD ON BABY

The winter season is a hard one on the baby. He is more or less confined to stuffy, badly ventilated rooms. It is so often stormy that the mother does not get him out in the fresh air as often as she should. He catches colds which rack his little system; his stomach and bowels get out of order and he becomes peevish and cross. To guard against this the mother should keep a box of Baby's Own Tablets in the house. They regulate the stomach and bowels, and break up colds. The new sales tax will not increase the price of Baby's Own Tablets, as the company pays the tax. You can still obtain the tablets through any medicine dealer at 25 cents a box, or by mail post paid from The Dr. Williams Medicine Co., Brockville, Ont.

### WESTERN UNION HUMOR

It has been reported that a certain well known young married man of this community burst into the office in the wildest excitement recently and wired his wife's relations as follows: "Twins to-day; more tomorrow."

### FOREST

Brandon Bros., following their successes at the Royal and Guelph shows, are exhibiting ten of their Clydesdale stallions, mares and colts at the Ottawa Winter Fair.

Mr. and Mrs. Howard Fraleigh, Mr. and Mrs. W. A. Dunlop and Mr. Richard Jennings attended the political banquet to Rt. Hon. Arthur Meighen in London on Friday.

A quiet wedding was solemnized at the Presbyterian manse Thursday afternoon by Rev. H. D. Cameron, when Miss Etta Merle Rogers, daughter of Mrs. Lillian Rogers, was married to Mr. Sherrard Moffat, son of Mr. and Mrs. W. J. Moffat, both of Forest. They were unattended and will reside in Forest.

Nelson Caldwell, an employee of the Forest Basket Company slipped into a vat of boiling water and painfully scalded his right foot and leg. Mr. Caldwell is at the home of his parents, Mr. and Mrs. Thomas Caldwell.

Henry O. Lane, janitor at the public school, while at his work, had the middle finger on his left hand, severely jammed between a wheelbarrow and the stone wall. Several stitches were required to close the wound.

### PETROLEA

B. Churchill was in London on Saturday on business.

Miss Cleo McLachlan of Brantford is spending a few days with her parents, owing to sickness among the pupils in the school in which she is teaching.

Young men of the town are putting on a dance in the Oddfellows hall next Thursday evening, Jan. 17.

Marsh and Elmer Kennedy of Sarnia were called to the bedside of their brother Wilfred Kennedy who is seriously ill here in the C. E. E. hospital.

Tom Edwards returned yesterday to Sudbury after visiting with his brothers, F. H. and H. B. Edward.

A. McKenzie of Windsor spent the weekend in town.

Mrs. W. Young of Dorchester, is visiting with her sister Mrs. Wm. Pauling, Princess street.

Mr. C. R. Salts, who held a successful auction sale on Dec. 28th, has sold his farm, 8th con., to Mr. Lewis Miller, of Petrolea. Mr. Salts has purchased Mr. Miller's residence on Robert St. and will move to town on Jan. 15th. The proceeds from the sale and farm amounted to about \$11,000.

James Wilson was fined \$50 and costs of \$12 by Magistrate Woodrow on Tuesday on a charge of consuming liquor in a public place. A charge against George Pierce of selling liquor, was dismissed for want of evidence. It was testified by Chief Ferguson and License Inspector Scott that Wilson had told them he bought liquor from Pierce, but this Wilson denied on the witness stand. The case awakened considerable interest in town.

### ACCOMMODATING

Igg—"So you didn't like Cuba?"  
Tigg—"Naw. I went into a restaurant there to get a glass of milk. The waiter didn't speak any English so I drew a picture of a cow, and the son-of-a-gun went out and bought me a ticket to a bull-fight."  
Igg—"Serves you right for ordering milk in Cuba."

### GET TO WORK

"An' what's your job around here, young feller?" asked the farmer of an official in a big city railroad station.  
"I'm the train caller," answered that dignitary.  
"Well, call me one, then. I'm in a hurry."

### KEEN COMPETITION HERE

A young matron in whom the shopping instinct was strong asked a German butcher the price of a Hamburger steak.  
"Twenty-five cents a pound," he replied.  
"But," she said, "the price at the corner store is only twelve cents."  
"Vel," asked Oto, "vy don't you buy it down there?"  
"They haven't any," she explained.  
"Oh, I see," replied the butcher. "Ven I don't have it I sell it for ten cents."

WARWICK FARMERS' CLUB HOLDS ANNUAL MEETING

The large crowd which almost filled the school house on Saturday afternoon on the occasion of the annual meeting of the Warwick Farmers' Club was ample evidence of the interest taken in the question of co-operative marketing and of appreciation of the services rendered by the Club. The auditors report showed a total turn over of \$70221.37 of which sum \$59631.09 represents the amount of live stock shipped. The books showed 2354 hogs handled during the year, being an increase over last year of 30%, lambs showed an increase of 10%, and calves 50% with a slight decrease in the number of cattle. Owing to lower prices received for all classes of live stock during the year the money value was considerably lower but it was gratifying to the members to know the Club was making steady progress every year, showing a substantial increase. The question of the formation of a joint stock company to take over the business of the Club was discussed and favorably received but action was deferred until another meeting. Mr. W. P. Macdonald, Co. Agricultural Representative, was present and gave a splendid talk on marketing and strongly urged the formation of an incorporated company thereby putting the business on a more substantial basis.

Mr. P. W. McPhedran, who has filled the position of president in a most satisfactory manner for the past three years announced his retirement and thanked the members for the support given. The election of officers for the ensuing year resulted as follows: president, Orville Ramsay; vice-president, Jas. Jackson (re-elected), sec.-treas., Arch. Williamson (re-elected). Directors: Alex. Dawson, Edwin Morris, Al. Thompson, G. A. Dewar, Duncan Ferguson (re-elected) and J. E. Capes.

The fact that more men joined the Club at Saturday's meeting than joined last year promises well for 1924.

Mrs. A. Rouse, Toronto, who has spent the past two weeks in Detroit spent over Sunday with her sister, Mrs. Elma Ramsay.

F. S. Campbell was a Sarnia visitor on Saturday.

Amherstburg Echo: "There is no doubt but what the farmers in general derive considerable benefit through reading the Echo. As an illustration, someone gave the reporter a news item a few weeks ago stating

that by feeding tankage he persuaded his hens to lay as in the summer time. The Harrow Farmers now report many sales of this product and the poultrymen all say it makes them lay. This is no doubt the chief cause of the recent slump in the price of eggs, which was unfortunate, but

far better lots of eggs at lower prices than none at exorbitant prices."

The College News of Forty Years Ago and the College News of Today

### MEDICALS TAKE A NIGHT OFF

(As Reported Forty Years Ago)  
Last night the students of the Medical Faculty took a night off and held their annual parade of the town. Forming up on the campus outside the windows of the dissecting room the "Meds" moved in a compact body down College Avenue. Policeman McKoniker who tried to stop them at

the Nicomachean Ethics of Aristotle Mr. Easy while expressing his regret that he had not had time to prepare a paper on the Nicomachean Ethics of Aristotle, delivered in place of it an excellent rendition about Harte's Heathen Chinese. At the close of the recitation the Chairman announced that the debate which had been announced for the occasion on the topic of *Are Mathematical Judgments Synthetically a Prior*, had been abandoned owing to the fact that the topic involved more preparation than the members of the society were pre-

pared to give it. He suggested instead that the society, after filling its glasses, should invite Mr. Freak of the senior class to give his imitation of two cats quarreling on a roof. The invitation was followed by similar exercises and the meeting was sustained to a late hour, those of the members who went home leaving about two a.m.

PHILOSOPHICAL SOCIETY MEETS (As It Does Today)  
Last night a very pleasing meeting of the Philosophical Society was held in the parlor of the Women's Residence in the Martha Washington Building. Professor Strong in opening the meeting said that she was glad to see amongst the members of the Society, a very creditable number of men, if she might use the phrase. She said no professor could feel that her work was satisfactory unless she could attract a certain number of men students.

### PHILOSOPHICAL SOCIETY MEETS

The professor then read her paper on the *Sociological Elimination of the Delinquent*. As the paper only lasted an hour and a half it was listened to in a luxury of enjoyment. The professor then having thrown the meeting open to questions, and a question having been asked, she very kindly spoke for another hour. At the close of the address a vote was taken on the resolution *That the Humber Classes of Society Ought to be Chloroformed*, and was carried unanimously.

### DISCIPLINE COMMITTEE REPORTS

(As It Reported Forty Years Ago)  
The report is published this morning of the Discipline Committee of the Faculty of the College. This Committee consisting of the senior professors of the Faculty was established, as readers will recall, about two years ago with the object of elevating the moral tone of the student body by expulsion, fines and the application of the criminal law. The Chairman reported that the Committee had every reason to be gratified at the progress made during the period of its existence.

The number of cases of suspension of students from lectures had increased under the operation of the committee forty per cent.; students warned by sixty per cent.; students found guilty of drunkenness by seventy per cent., and students expelled for unbecoming and insubordinate conduct ninety per cent. The report enumerates a new schedule of fines calculating to raise still higher the discipline of the institution and recommends hereafter that every student guilty of striking or kicking a professor be brought before the committee and warned. The committee adds a further recommendation to the effect that measures be taken to let the student body understand that their presence at the University can only be tolerated within reasonable limits.

### STUDENTS CONTROL COMMITTEE REPORTS

(As It Reports Today)  
The report is published this morning of the semi-annual meeting of the Students' Control Committee at the University. This committee, as

readers will recall, was established about two years ago with a view to raising the academic standard of the college. It is empowered not only to institute inquiries as to the capacity of the professors, but to recommend the expulsion of those of them who seem to the students committee to be lacking in personality or deficient in pep.

The opening pages of the report deal with the case of the president of the college. A sub-committee, appointed from among the first year students in Accountancy have been sitting on the case of the president for six weeks. Their report is in the main favorable and their decision is that he may stay. But the sub-committee pass severe strictures on his home life, and recommend that he has too many children for him to be able to give full attention to his college work and suggest a change in future.

The Committee accepts and adopts the recommendation of the second year class in philosophy who report that the professor's lectures are above their capacity and ask for his dismissal. A similar request comes from the third year students in mathematics who report that the professor's lectures are below their capacity.

The committee has received and laid upon the table the report of the fourth year class in commerce to the effect that they have thus far failed to understand all the lectures that were given them, and ask that they be given their degrees and let go. The committee acknowledges in its report the gratifying statement made by the chairman of the Trustees in his annual report to the effect that Student Control marks another milestone on the arduous path that is leading the college to its ultimate end.

### SCHOOL FAIRS ARE MOST POPULAR IN LAMBTON CO.

There are twelve organized school fairs in Lambton county. The school fair movement continues to grow in popularity. There is one school fair in each of eight townships and two in each of the other two townships. The onus of success of the school fair is entirely within the local organization. There are two groups into which the school fairs may be divided. The first group consists of Sarnia township school fair, Euphemia township school fair at Cairo, Dawn township school fair at Rutherford; Enniskillen township school fairs at Oil Springs and Petrolia and the Plympton township school fair at Camlachie.

The second group consists of Bosanquet school fair at Jericho, Uttoxeter school fair, Arkona, Warwick Village and Moore Township fair at the township hall.

The former group, in each case, is under the management of a Trustees and Ratepayers Association. In the case of the second group the Womens Institute at the local point acts as convenors of the school fair. The agricultural representative, in all cases, acts as manager. A bond of co-operation has to exist between the ratepayers, the trustees, teacher, children, the local organization and the agricultural representative to insure real effective work.

School fairs are one of the finest mediums to teach rural children type quality, characteristics, market demands, varieties and breeds of farm animals and general products. A sense of fair play and leadership is developed by the competition in exhibits, contests and public speaking events. The staging of the annual school fair is an event looked forward to by all the rural school children. Primarily, the work of the agricultural people is production. The school fair marks the achievement and advancement relative to school children for the year.

There are 159 schools engaged in school fair work and 3881 children. They were supplied with seeds of the choicest varieties for 6955 plots and 426 dozen of bred to lay Barred Rock eggs. The Lambton Corn Growers' Association also supplied the children requesting same with 505 packages of seed corn, consisting of one peck each. All of the seed submitted is of the best varieties suitable to the locality.

Organized two years ago with a membership of 73 East Kent farmers, the Kent County Potato Growers' Association has concluded its second successful season. Approximately \$20,000 bags of early potatoes were shipped from 350 acres, and the prices realized were on the whole very good ranging from \$3.25 a bag in July to \$1.86 a bag at the end of the season. The lowest price was \$1.34.

### MEDICALS TAKE A NIGHT OFF

(As Reported Today)

Last night the students at the Medical Faculty took a night off from their arduous labors and were the guests of the Ladies Reception Committee at the Y.W.C.A. Building on Third Street. After the singing of a few of the better known medical hymns and after being treated to a harmonium solo in B-flat by the organist of the Insane Asylum the students listened with evident enjoyment to a talk by the Rev. Mr. Weep of the First Street Church on the subject, "Where Is He? Is It Here?"

After the pastor has said everything that could be said on this interesting topic, each student was given a dish of ice cream and a doughnut. The president of the college in thanking the ladies of the Y.W.C.A. for their cordial reception said that he was sure the students would now return to their studies with renewed eagerness after singing "Rock Me to Sleep Mother." The gathering broke up at nine-thirty.

### PHILOSOPHICAL SOCIETY MEETS

(As it Used to Forty Years Ago)  
Last night the Philosophical Society held the third of its bi-weekly beer parties in the supper room of the Men's Residence. After the reading of the Minutes, coupled with the drinking of beer, followed by the usual routine of drinking the health of the outgoing officers of the week and the toast of welcome to the officers of the week following, the Chairman invited the members to fill their glasses and listen, if they cared to, to a paper by Mr. Easy on

The many local readers of the Guide-Advocate regret the death of their faithful editor, Mr. T. Harris.

ALL FROM A WOMAN'S VIEWPOINT

A rather unique story of a fire is told of one which occurred in an English provincial town. No members of his regular staff of reporters being present at the time, the news editor of the local paper sent the newly engaged society editor to investigate and report. The following description was handed in: "A brilliant fire was held yesterday afternoon at the house of Mr and Mrs. Sniff, in Dash street. A large number of persons were present. Mrs. Sniff, who had recently had her hair bobbed, made a charming escape in a pretty silk blouse, a pattern of which appeared in our woman's page last week. The firemen were becomingly garbed in blue, full-cut tunics. The weather was delightful for an affair of this kind. Because of the fire Mrs. Jones of 336 Dash street, opened her home to Mrs. Sniff and her two charming daughters. The expression was heard on all sides that the fire was a most successful event. It must have cost at least £5,000.

HOCKEY

Watford Alerts 2—Forest Juniors 1

The Watford Alerts were the winners of a fast game of hockey in Forest on Tuesday night when they defeated the junior team of Forest. Although the Forest rink is much smaller than the local arena the Alerts adapted themselves to the conditions and played the game hard from start to finish. The first period was scoreless but in the second McIntosh by two spectacular rushes scored twice. In the third period with only one minute to play the Forest team scored their only goal. The Alerts drew two penalties, Cook and Vail, while Roche and Kimball of Forest did similar time for Forest.

Grain Movement Over The Canadian Pacific Railway

Sept. 1 - Dec. 12, 1923

Clickety-click, clickety-click... It is the sound of car wheels passing over the railroad tracks, and you could stand and listen to the same clickety-click for 44 hours on end, if you were to watch that part of the magnificent crop of Canada grown in districts served by the Canadian Pacific railway and moved from the harvest fields by that company.

So much for computation trains. In point of fact however, the longest train which was made up during the season consisted of 125 cars and was approximately 1 mile in length. It was operated from Stoughton to Arcola, Saskatchewan, on October 5th.

Now during the season, there were 88 days on which cars could be loaded, for Sundays are excluded. During those 88 days there were trains operated on an average every 50 minutes day and night, trains carrying nothing but grain mind you, for passenger traffic and other freight business were conducted at the same time, and on uninterrupted schedules too, to be noted. These trains were on an average 45 cars long.

In all, from Sept. 1 to Dec. 12, 1923, there were marketed in districts served by the Canadian Pacific Railway more than 200,000,000 bushels of all grains the largest quantity ever reported since the inception of the road. Taking the cars loaded as more truly representative of the activities of the company in the matter of grain movement, these have been reported at 116,232 for the period, representing 169,931,184 bushels.

new 'river' were able to flow at an average rate for water, say a mile an hour, then he who stood on the bank and had the patience to watch, might pitch his tent and picnic for three and one half days before this stream would be dried up.

A second trip into the land of imagination and one might put mountains in the background, and might make those mountains up of all the grains kernels which had been taken from the freight cars engaged in their transportation. If the grain were heaped up on acre lots of ground, there might well be three mountains, and each one of them would tower 5,000 feet into the heavens.

But after all, what is of little use in imaginary rivers or even mountains, however high or picturesque they may be. Let us consider what would happen if all the wheat were made into flour (leaving coarse grains aside) and kneaded up and baked into bread. If this were done there would be approximately 164,700 miles of regulation size, 16 ounce loaves, if they were placed end to end. This tremendous string of loaves would stretch back and forth across Canada from Montreal to Vancouver 26 times.

A particularly interesting feature of the present season's crop is the increase which has been reported for export. In all, the season's crop represented 8,087,784 bushels, or 10 per cent more than the total exports from the Dominion in 1922, which were 7,340,966 bushels to the United States and 756,818 bushels to other countries. In the same period there were 3,547,019 bushels exported and 4,897,019 bushels exported.

Canada at British Empire Exhibition

1) The Canadian Pavilion with the towers of the Indian building in the background. 2) Entrance to the Canadian Pacific building. 3) Showing the progress made in the building of bridges and lakes with the Malaya Pavilion in the background.

Showing the Canadian Pavilion, at Wembley, under course of construction. As portions of the Canadian space allotment have been given over to the two great railway systems, the building which will house the Government exhibits will be somewhat smaller than those of other Dominions, but a great deal of time and money has been spent on its design and decoration, with the result that it promises to be the gem of the British Empire Exhibition. The photograph shows the progress made up to the end of December.

Inset is shown the entrance to the Canadian Pacific pavilion. This building is grouped with the Canadian Government pavilion with which it has been designed to harmonize. A massive simple entrance, two stories high,

deeply recessed with painted and coffered ceiling, richly colored doors and grilles of Canadian wood, approached by a broad flight of steps flanked on either side by a bronze moose and buffalo, is the centre of a facade enriched with decorated panels and columns. The strong color scheme of this entrance is emphasized at night by a unique lighting effect.

A visitor to the Canadian buildings will find displayed to good advantage examples of all Canadian natural and manufactured products, and agricultural exhibits which cannot but impress him with the magnitude of the resources of this Dominion and the vast opportunities which await the immigrant and settler.

MRS. DAVIS NERVOUS WRECK

Tells Women How She Was Restored to Perfect Health by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—'I cannot speak too highly of what Lydia E. Pinkham's Vegetable Compound has done for me. I was a nervous wreck and I just had to force myself to do my work. Even the sound of my own children playing made me feel as if I must scream if they did not get away from me. I could not even speak right to my husband. The doctor said he could do nothing for me. My husband's mother advised me to take the Vegetable Compound and I started it at once. I was able to do my work once more and it was a pleasure, not a burden. Now I have a fine bouncing baby and am able to nurse her and enjoy doing my work. I cannot help recommending such a medicine, and any one seeing me before I took it, and seeing me now, can see what it does for me. I am only too pleased for you to use my testimonial.'—Mrs. EMILY DAVIS, 721 McGee Street, Winnipeg, Man.

### PRESBYTERIAL OF SARNIA REPORTS SPLENDID WORK

Annual Meeting of Executive at St. Andrews Arranges for Meeting in Petrolea

Plans for the annual meeting of the Sarnia Presbyterial to be held on May 7 and 8 at Petrolea constituted an important part of the deliberations of the Presbyterial executive which met in St. Andrews church Monday afternoon, with Mrs. George Aiken of Centre Road, presiding.

Mrs. R. Stirrett announced that the honor roll of missionaries of the Presbyterial was almost ready for distribution. A report was received of the work at Mathieson hospital, mention being made that the hospital was suffering from a serious lack of surgical instruments. It was decided to donate a sum of \$25 for instruments, subject to the approval of the provincial board.

**Good Work Done**  
Miss N. Geddes, of Strathroy, treasurer, reported a total of \$8,024.51 contributed by the women of the Presbyterial in the past year. The report on strangers' work was read by Mrs. Workman of Watford, and Mrs. Telfer of Sarnia, library secretary, reported that thirteen auxiliaries were providing literature for the camps of Northern Ontario.

Purchase and shipment of an organ to New Liskeard was reported complete.

Mrs. F. Hoden, of Sarnia, reported Y. W. extension at Watford, Cornubia and Burns.

Mrs. Alfred Wheeler of Sarnia reported the dispatch of clothing and many bales to the File Hills School in Saskatchewan.

Mrs. J. McLennan, the press secretary made a request that all branch press secretaries submit reports of interesting matter to her.

**Blyth Standard:**—Miss Tiffin of Goderich, is spending a few weeks visiting her brother at the Methodist parsonage.

### WELL KNOWN RESIDENT OF SOURIS PASSED AWAY TUESDAY

(Souris Plaindealer)  
They died at his residence in Souris on Tuesday, Jan. 8th, John Weedmark, one of the pioneers of Souris.

The deceased was born at Burris Rapids, Ont., in the year 1843, and lived in that community until 1867. In 1866 he served in the militia during the Fenian Raids. For this service he was given a medal. In the year after the Fenian Raids, he married Miss Catherine Cecilia DeLa-bough, who survives, with their daughter, Mrs. Theo Styles of Souris. In 1896 the deceased and his family came from Ontario to Souris, where he worked at his trade as a carpenter until failing health compelled him to retire from his steady occupation. Although failing in health he was active and continued to work according to his strength. About a month ago he suffered a stroke from which he made rapid though only temporary recovery, and about a week ago had a relapse from which his frail body could not rally and he passed peacefully away on Tuesday morning, January 8th.

The deceased was a consistent member of the Methodist church and was always found in his place of worship when it was possible to be there. The bereaved family have the sympathy of their many friends in their sorrow.

### WHO WILL BE WARDEN ?

Chief interest in the inaugural meeting of the Lambton County Council, which meets in Sarnia on Jan. 22nd, rests in the selection of the warden to guide the destinies of the county during the year. From present indications the contest for the highest office in the gift of the county will be a keen one with at least four candidates. These most prominently mentioned are Reeves Leslie Harkness, of Sarnia township; Fred Eastman of Arkona; Charles Stevens of Dawn, and W.G. Connolly of Watford. Fred Jennings of Thedford, had been mentioned late in 1923, but he was not a candidate for re-election and consequently his name is automatically dropped.
